

NOVEMBER 2014 OFFICER TRANSFER-REDESIGNATION BOARD

1. The board convenes on **17 November 2014**. Applications and waiver requests must be received by **15 September 2014**.
2. The purpose of this board is to screen applicants and select the best qualified officers to transfer from their current community to a community they requested.
 - a. Submit both, application and waiver request (as required), to:

Navy Personnel Command
Customer Service Center
November 2014 Transfer/Redesignation Board (Board ID #40)
5720 Integrity Drive
Millington, TN 38055-0000
-OR-
For Express Mail ONLY (to include commercial carriers i.e. FEDEX, UPS, and DHL) to:
Navy Personnel Command Customer Service Center
November 2014 Transfer/Redesignation Board (Board ID #40)
5640 Ticonderoga Loop Bldg. 768 Rm. E302
Millington, TN 38055-6300
 - b. Additional application requirements (Add this information to the bottom of your application):

Contact Information: LT Ima Sailor
Comm: (xxx) xxx-xxxx Ext: xxxx
DSN: xxx-xxxx Ext: xxx
Email: ima.sailor@navy.mil
 - c. Members who do not meet eligibility requirements detailed in OPNAVINST 1210.5 and MILPERSMAN 1212-010 or 1212-030 (such as Time-in-Grade (TIG), Years-of-Commissioned Service (YCS), or Time-In-Service (TIS)) must submit a waiver request, in addition to their Lateral Transfer/Redesignation application.
 - d. Waiver requests must include member's waiver request and commanding officer's endorsement. This endorsement is separate from any/all endorsements contained in the member's lateral transfer/redesignation application and must specifically address the eligibility requirement that requires a waiver.
 - e. Applicants are encouraged to apply for one but no more than two communities listing them in order of preference.
 - f. Applicants must include a statement indicating their desire to be considered/not considered for Lateral Transfer/Redesignation by communities not listed as one of their primary choices.
 - g. Applicants are encouraged to check their records and ensure there are no FITREP gaps of greater than 90 days.

h. Applications and waivers must be RECEIVED NO LATER THAN 15 September 2014. Every effort should be made to ensure original packages are received by the due date, however, PDF or fax copies will be accepted for those individuals who have exhausted all other means of delivery. Applications received after 15 September 2014 will be held for the June 2015 board.

Note: REGULAR MAIL is the preferred method to submit applications, ensuring resolution quality of the documents being submitted. If time constraints mandate emailing your application (i.e.; deployed, stationed OCONUS), you can send it to CSCSELBOARD@navy.mil. (this mailbox has encryption capabilities). To ensure more efficient processing and for internal tracking purposes insert "Board Package: Board No. XXX" (XXX represents the actual board number) in the subject line of your email.

i. To confirm receipt of your package you may call the NPC Customer Service Center at 1-866-U ASK NPC (1-866-827-5672) or DSN 882-5672. You may also contact the Customer Service Center online at www.npc.navy.mil; click on the Customer Service Center link to check the status of your package.

j. College transcripts should be included in the package if no Academic Profile Code (APC) is on file. To get your Academic Profile Code (APC), an online application can be found at: <http://www.nps.edu/Academics/Admissions/FAQ.html>. To expedite the APC determination process, the NPS Admissions Office recommends annotating "November Lateral Transfer Board" in the "Additional Comments" section of your application. Questions regarding the APC can be emailed to grad-ed@nps.edu or made by phone: (831) 656-3093, DSN prefix: 756. For a description of the APC, go to <http://www.nps.edu/Academics/GeneralCatalog/206.htm#o208>.

k. For any questions, contact board support personnel in Millington at (901) 874-3171/DSN 882, or POC in DC at (703) 604-5013/DSN 664.

3. Officers applying for transfer to another community should read OPNAVINST 1210.5 and MILPERSMAN 1212-010 in their entirety. LDOs should also read MILPERSMAN 1212-030. Applicants must meet the general requirements contained therein to include:

a. Physical standards.

b. Age criteria.

c. Officers associated with the Surface (111X), Submarine (112X), Special Warfare (113X), Explosive Ordnance Disposal (114X), Aviation (13XX) and IDC (18XX) communities shall have achieved warfare qualification and completed a minimum of 2 years of active commissioned service before applying. Officers in designators exempted from participation in warfare qualification programs must complete a minimum of 2 years of active commissioned service before applying. Previously warfare qualified officers do not require a waiver. (For example – 130X currently wearing aviator wings).

d. Applicants must be within six months of completion of training obligation.

NOTE: Aviation (131X and 132X) officers will be allowed to apply for lateral transfer when the officer is within 12 months of completing active duty service obligation (ADSO) from winging or any obligated service as a result of aviation career continuation pay (ACCP). Aviation officers (1310 and 1320) shall not be permitted to redesignate until completion of ADSO and/or expiration of ACCP contract. Aviation officers (1310 and 1320) in operational flying billets (billet designator XXX1 or XXX2) will not normally be permitted to redesignate until planned rotation date (PRD). PERS-43 is the final approval authority on the above constraints.

e. For Submarine officers and nuclear trained Surface Warfare Officers (SWO):

1) Submarine officers must have completed a tour as department head or be senior to those so assigned. Waivers may be considered on a case-by-case basis.

2) SWOs must have completed a tour in a LCDR-grade nuclear billet aboard a nuclear-powered ship or be senior to those so assigned, except for nuclear trained SWOs applying to become nuclear trained Engineering Duty Officers (EDO(N)). Waivers may be considered on a case-by-case basis. Only nuclear trained SWOs are eligible to be considered for lateral transfer to EDO(N).

3) Nuclear trained SWOs or submarine officers receiving nuclear officer career continuation pay or SSIP (submarine officers only) are not eligible for lateral transfer or redesignation until within one year of completion of obligation.

f. SWOs who have accepted Surface Warfare Officer Continuation Pay (SWOCP) or Revised Junior CSRB (RJCSRB) contract are not eligible for transfer until completion of the bonus obligation. SWOs serving under an agreement for any of the SWO bonus programs are eligible to apply to the board when the board application due date is within one year of satisfying the full bonus obligation. SWOs under SWOCP may apply for lateral transfer from the SWO community when within 12 months of PRD from their final required Department Head tour and, if selected by the Lateral Transfer Board, are only eligible for redesignation into their new community on completion of their final required Department Head tour. SWOs under RJCSRB may apply for lateral transfer from the SWO community when the application due date is within 12 months of the YCS-11 anniversary and, if selected by the Lateral Transfer Board, are only eligible for redesignation into their new community on completion of their final required Department Head tour. Although it is a matter of practice for the SWO community to forward all eligible applicants to the board for consideration, please be mindful that "quotas out" may be relatively conservative for officers with less than six years of commissioned service depending on the status of DH contract goals for any given Year Group.

g. Intelligence Officers who have been approved for, or are in receipt of the Intelligence Officer CSRB, are not eligible for redesignation until their five year obligation is complete.

h. Reserve Officers (XXX7 and XXX5) ARE NOT ELIGIBLE to apply for change of designator via this board.

- i. Officers must possess at least a Baccalaureate degree. Limited Duty Officers (LDO) who desire to redesignate and are within six months of completing their baccalaureate degree may apply for lateral transfer. Packages MUST include an official letter from an accredited university or college stating they are in good standing AND also contain their expected degree and graduation date (month/year).
- j. Officers with an approved resignation, retirement request, or have been notified they are being processed for administrative separation are not eligible to apply to this board.
- k. Civil Engineer Corps Officers under CEC critical skills retention bonus (CSRB) contract are eligible to apply to the board if the board application due date is within one year of satisfaction of the full bonus obligation.

4. The following is a brief description of communities, designators, minimum qualifications for each, and a community point of contact (POC). It is highly encouraged that lateral transfer candidates contact officers from their desired gaining community for mentoring, leadership, and letters of recommendation prior to submitting a package to the board.

a. SURFACE WARFARE OFFICER (SWO) – 1110/1160.

1) General Guidance: SWOs are Navy officers whose training and primary duties focus on the operation of Navy ships at sea and the management of various shipboard systems. SWOs are professionally developed to prepare them for command of a Navy warship.

2) Source Communities: Applicants will be considered from any URL, RL, or Staff designator. Officers who have earned a SWO qualification as a LDO or previously as a SWO are eligible to apply for lateral transfer. Officers selected for lateral transfer and are already qualified SWOs will be designated 111X and can expect orders to division officer afloat assignments or to department head school, depending upon the duration of their previous division officer service.

Note: A SWO must serve a minimum of 39 months in division officer billets, and be screened for department head in an annual screening board, in order to be eligible for department head school.

3) Degree/Requirements: No specific degree requirements.

4) Warfare Qualifications: Not required.

Note: There is a limited opportunity for Officers without previous surface warfare experience to lateral transfer into the SWO community based upon: available quotas, and the ability to complete at least 39 months of division officer service, screen for DH, and attend department head school by 7.5 years of commissioned service. It is critical for any applicants to contact the OCM to discuss career timing.

5) Clearance Requirements: Secret.

6) POC: SWO OCM, (901)-874-3173/DSN: 882.

b. SPECIAL WARFARE (SPECWAR) OFFICER – 1130/1180.

1) General Guidance: Naval Special Warfare is a diverse and exciting field for officers who seek opportunities for combat leadership in the Special Operations Forces (SOF). SEAL officers plan and lead combat missions in support of Overseas Contingency Operations (OCO) in all areas of the world. They often work with joint and interagency units and personnel.

2) Source Communities: Applicants will be considered from any RL or staff designator.

Note: URL applicants submit their applications directly to the SEAL OCM. URL transfers and selection to Naval Special Warfare is conducted via a separate selection process. URL applications will not be considered by this board.

3) Degree/Requirements: Though there are no specific degree requirements. Officers desiring opportunities in Naval Special Warfare must complete all requirements of this instruction and MILPERSMAN 1210-220 related to NSW, specifically passing a Physical Screening Test (PST) IAW MILPERSMAN 1220-410. Requirements are also listed on the <http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Unrestricted/nsw/Pages/Lateral%20TransferURL.aspx>. Applicants permanently promoted to LT (O-3) are not eligible. Must have a current physical stamped “PQ for Special Operations and diving duty” to be considered.

4) Warfare Qualifications: Not required.

5) Clearance Requirements: TS/SCI eligible.

6) POC: NSW OCM, (703) 604-5005/DSN 664.

c. EXPLOSIVE ORDNANCE DISPOSAL (EOD) OFFICER – 1140/1190.

1) Explosive Ordnance Disposal officers render safe conventional and unconventional, improvised, chemical, biological, and nuclear ordnance items to include Improvised Explosive Devices (IEDs) and Weapons of Mass Destruction (WMD). The EOD community seeks junior officers with superior leadership skills, superior mental capacity, and physical abilities.

2) Source Communities: Applicants will be considered from any URL, RL or Staff designator.

3) Degree/Requirements: No specific degree requirements. Those applying for lateral transfer into the EOD community should include all documentation required per MILPERSMAN 1210-230 and 1220-410 (PST standards and procedures) in the application. Applicants must have a current physical stamped “Physically Qualified (PQ) for Special Operations and Diving Duty” by an Undersea Medical Officer (UMO) or BUMED. Manual of Medical Department (MANMED), Chapter 15, Articles 15-102 and 15-105 and as detailed in DoD Directive 6130.3 refer.

4) Warfare Qualifications: Not required.

5) Clearance Requirements: TS/SCI eligible.

6) POC: EOD OCM, (901) 874-4991/DSN 882.

d. HUMAN RESOURCES (HR) OFFICER - 1200.

1) General Guidance: The HR Community is one of the Department of the Navy's most strategic and critical assets in the provision of manpower, personnel, training, and education (MPTE) expertise in support of DoN mission accomplishment. It has been charged with delivering HR expertise to define, recruit, develop, assign, and retain a highly-skilled workforce in support of the Navy's mission.

2) Source Communities: Applicants will be considered from any URL, RL or Staff designator, as well as qualified LDOs.

3) Degree/Requirements: Human Resources officers specialize in manpower and personnel management, requirements determination, training and education management, accession management, HR econometric analysis, and joint force formation and sustainment. Education in operations research/analysis, manpower systems analysis, education/training management, financial management, business administration, and human resources management is desired. Human resources experience (e.g., collateral duty Personnel or Training Officer, civilian HR management, recruiting, etc.) in the Navy or outside agencies is also desirable.

4) Warfare Qualifications: Though not a requirement, warfare qualifications and the ability to be world-wide assignable and sea duty deployable greatly enhance the likelihood of selection. HR certification is also desirable, though not required.

5) Clearance Requirements: All applicants must be ELIGIBLE to obtain a Secret clearance.

6) POC: HR OCM, (901) 874-4049/DSN 882.

e. AVIATION – 1310/1390, 1320/1370.

1) General Guidance: Naval Aviation employs pilots and Naval Flight Officers (NFOs) to fill seats in a wide variety of aircraft that deploy around the world. Lateral transfer opportunities into aviation are limited and, therefore, extremely competitive.

2) Source Communities: Applicants will be considered from any URL, RL or Staff designator.

3) Degree/Requirements: No specific degree requirements. All candidates must have a NOMI official score letter showing an ASTB score of 4 or better in AQR and 5 or better in Pilot/NFO FAR and have not passed their 27th birthday (waiverable to 29 for pilot and 31 for NFO for military service prior to 27th birthday). Applicants must complete an Aviation Candidate Physical and receive an approval letter from NOMI stating which program (Pilot, NFO, or both) the applicant is physically qualified to enter. Applicants

must not have been previously separated from any flight training program in the Army, Navy, or Air Force.

4) Warfare Qualifications: Not required.

5) Clearance Requirements: Secret

6) Reference: MILPERSMAN 1542-010 for more information on Aviation Lateral Transfers.

7) POC: AVN OCM, (901) 874-3353/DSN 882.

f. ENGINEERING DUTY OFFICER (EDO) - 1460.

1) General Guidance: Navy technical leaders for ships, submarines, and integrated warfare systems. Specialists in applying practical engineering experience, technical knowledge, and program management expertise to integrate science, technology and design into affordable ships and systems.

2) Source Communities: Any URL designator or RL designator.

3) Degree/Requirements: Undergraduate degree with at least a B minus average, or enrollment in a program leading to an MS degree in engineering or the physical sciences is required.

4) Warfare Qualifications: A warfare qualification is required. Officers without warfare qualification may be considered, with the expectation they will gain qualification via the ED Dolphin Program. Only nuclear trained Surface Warfare Officers are eligible for lateral transfer to the EDO(N) community.

5) Clearance Requirements: Secret.

6) POC: EDO OCM, (901) 874-3473/2386 DSN 882.

g. AEROSPACE ENGINEERING DUTY OFFICER (AEDO) - 1510.

1) General Guidance: The AEDO community concentrates on providing cradle-to-grave life cycle support of aerospace systems via program management, test and evaluation, and fleet support with the goal of improved current and future readiness for the Naval Aviation Enterprise. AEDOs work with government and industry experts to plan and design future aerospace systems, field improvements to current systems, and monitor production, modification, and depot level maintenance of aerospace systems at government and contractor facilities.

2) Source Communities: Applicants will be considered from the URL aviation designator (13XX).

3) Degree/Requirements: Selection is not based upon degree alone; however, technical undergraduate degrees are preferred. Technical, Systems Engineering, Technical Management, and Business graduate degrees are highly desired.

4) Warfare Qualifications: Applicants must be aviation warfare qualified officers (pilot or NFO). A minimum of 48 months of fleet sea duty experience is preferred.

5) Clearance Requirements: Secret

6) Additional requirements: To be eligible to apply for lateral transfer from the aviation community, applicants must be within 12 months of completing the Minimum Service Requirement (MSR) from obtaining their wings or any obligated service as a result of an Aviation Career Continuation Pay (ACCP) contract when the board convenes.

7) 1xFOS applicants will not be considered for lateral transfer into the AEDO community.

8) POC: AEDO Community Manager, (301) 757-8480/DSN 757.

h. AEROSPACE MAINTENANCE DUTY OFFICER (AMDO) - 1520.

1) General Guidance: AMDOs are maintenance, logistics and acquisition professionals with formal technical and/or managerial educations. They provide full-time professional management of organizational (squadron), intermediate (repair facility) and depot level (industrial facility) aviation maintenance organizations. AMDOs use extensive Fleet experience to provide leadership at all levels of the integrated logistics chain to reconcile long-range readiness objectives with projected resource levels, and to establish Naval Aviation Maintenance Policy for ensuring objectives are met. Additionally, AMDOs work with government civilians, contractors and experts in other military services to influence emerging aviation weapon system designs in an effort to reduce, simplify, and/or eliminate requirements for maintenance actions. Billets are available worldwide at all levels.

2) Source Communities: Qualified applicants will be considered from all URL, RL or Staff Corps designators and from the Aviation Maintenance LDO (633X) designator.

3) Degree/Requirements: Technical, Business, Engineering, Math and/or Physical Science degrees are strongly desired. Only superior academic achievement in other fields of study will be considered.

4) Warfare Qualifications: Aviation Maintenance LDO (633X) LCDR and LCDR(select) applicants must be a designated Professional Aviation Maintenance Officer (PAMO), or must be in a qualifying billet awaiting requisite time on station to earn the designation. All other applicants must be able to complete the PAMO qualification process before promoting to LCDR.

5) Clearance Requirements: Secret.

6) Additional requirements: Candidates must be worldwide assignable. Strong consideration is given for educational achievements and for experience in naval aviation maintenance. Formal training/certification in the Defense Acquisition Workforce fields of production, quality and manufacturing (PQM), life cycle logistics (LCL) and/or program management (PM) is viewed favorably since Defense Acquisition Corps membership is expected for promotion to CDR. All current and future applicants are strongly encouraged to contact the AMDO Community Manager for early career advice that will make them more competitive for lateral transfer/redesignation and for future promotion as AMDOs.

7) POC: AMDO Community Manager, (301) 757-8481/DSN 757.

i. PUBLIC AFFAIRS OFFICER (PAO) - 1650.

1) General Guidance: Applicants are encouraged to develop a track record of collateral duty PAO experience and should seek endorsements from designated PAOs. Civilian PA experience may also be considered. Applicants must be sea duty and world-wide assignable.

2) Source communities: Applicants may be considered from any URL, RL and staff designators.

3) Degree/Requirements: Public relations, communication, journalism, English, social sciences, international studies, and foreign language are highly desired but not required.

4) Warfare Qualifications: Though not a requirement, officer and enlisted warfare qualifications greatly enhance the likelihood of selection.

5) Clearance requirements: Secret.

6) POC: PAO OCM, (901)-874-3098/2386 DSN 882.

j. FOREIGN AREA OFFICER (FAO) – 1710.

1) General Guidance: Navy FAOs are the Navy's political-military and regional engagement professionals. In addition to being members of country teams abroad, they support the fleet/component/combatant commander/joint staffs and interagency. Their skills and regional focus enhances the Navy's mission of evolving and establishing international relationships to achieve common maritime interests, specifically in the areas of theater security cooperation, improved capacity in fostering cooperative relationships, and maritime domain awareness.

2) Source Communities: Open to qualified active component officers from all designators with a minimum of eight Years of Commissioned Service (YCS). YCS requirement may be waived on a limited, case-by-case basis. Officers with warfare qualification, fleet experience, overseas exposure, strong language abilities and a record of sustained superior performance are desired. LCDR applicants with more than 2 years time in grade must contact the FAO OCM before applying.

3) Degree/Language Requirements: All applicants without a regionally-focused postgraduate degree must be academically qualified for admission to the Naval Postgraduate School with a minimum academic profile code (APC) of 265 or minimum of 2.62 undergraduate GPA. Candidates with 12 or more years of commissioned service should hold a regionally-focused masters degree or a closely associated POL-MIL field of study (including US or foreign war colleges). Officers who have the above attributes and current (taken within 3 years) Defense Language Proficiency Test (DLPT) score(s) of 2/2 or Oral Proficiency Interview (OPI) of 2 or higher in one or more foreign language(s) are desired. All officers must have a current (within three years of application deadline) DLAB score of 95 or higher. The FAO community desires applicants with a DLAB score of 120 or higher. Please contact the POC for additional guidance if you do not meet academic requirements.

4) Security Clearance: Redesignation and final acceptance into the FAO community is contingent on an officer receiving favorable adjudication for Top Secret/Sensitive Compartmented Information (TS/SCI) clearance. All applicants must be eligible for access to TS/SCI based on a single-scope background investigation (SSBI) completed not more than five years before the year the application is made. If selected, applicants not possessing the requisite clearance shall execute a personnel security questionnaire (SF-86) (SSBI) per SECNAVINST 5510.3A. For applicants without a current TS/SCI clearance and who have non-U.S. citizen immediate family members, please contact the FAO OCM before submitting an application.

5) Worldwide Assignable: All applicants (to include family members) must be worldwide assignable, as verified and documented via successful overseas screening (NAVPERS 1300/16 Parts I and II) to NAVCENT standards (i.e. Bahrain). Applicants should submit their completed overseas screening paperwork (including family) as an enclosure in their application package. Packages without a completed overseas screening will not be considered.

6) POC: FAO OCM, (901) 874-3694/DSN 882. FAO specific application requirements can be found at <http://www.public.navy.mil/bupers-npc/officer/communitymanagers/restricted/Pages/ForeignAreaOfficer.aspx>

k. OCEANOGRAPHY OFFICER - 1800.

1) General Guidance: Specialists in physical oceanography, meteorology, hydrographic survey, geospatial information and systems.

2) Source Communities: Applicants will be considered from any URL, RL or Staff designator, as well as qualified 6460 Officers. 3) Degree/Requirements: Undergraduate or graduate degrees in physical oceanography, meteorology, physics, engineering, mathematics, or other science-related field preferred. Applicants must have a minimum Academic Profile Code (APC) of 323 waiverable to 334 (minimum 2.2 GPA, C+ in calculus series, C+ in calculus-based physics series). Request APC waiver in application. Applicants should request to have APC calculated by Naval Postgraduate School prior to board convening date and include college transcripts with application.

3) Warfare Qualifications: Though not a requirement, warfare qualifications and the ability to be world-wide assignable greatly enhance the likelihood of selection. Prior experience in anti-submarine warfare, mine warfare, Naval Special Warfare, or navigation is highly desirable.

4) Security Requirements: Secret

5) POC: OCEANO OCM, (901) 874-2461/DSN 882.

1. INFORMATION WARFARE (IW) OFFICER – 1810.

1). General Guidance: IW officers serve in challenging billets of increasing scope and responsibility afloat and ashore. The IW officer career path is designed to develop Cyber, Electronic Warfare, and Signals Intelligence competencies by mixing sea, shore, and educational tours. IW officers are assigned to PCS billets on surface combatants (DDG, CVN, LHD and LHA), direct support to tactical units (air, surface, subsurface), and Navy Special Warfare commands. IW officers also serve as members of strike group and combatant commanders' staffs. Shore tours include NSA cryptologic centers and Navy Information Operations Commands (NIOC) that deliver capabilities at every level of war. Additionally, there are IW billets on major Navy and Joint staffs as well as command opportunities around the globe for Captains and Commanders. Officers who are either above or in-zone for FY-16 promotion to LCDR or CDR will not be considered for lateral transfer into the IW community. Those applying for transfer into the IW community are also encouraged to consider applying for at least one of the other communities that make up the Information Dominance Corps (IDC) (IP – 1820, Intelligence – 1830, or Oceanography - 1800).

2) Source Communities: Applicants will be considered from any URL, RL or staff designator, as well as qualified LDOs.

3) Degree/Requirements: Major fields of study directly related to Science, Technology, Engineering, and Mathematics (STEM) are most strongly preferred but not required. An undergraduate cumulative grade point average (GPA) of 2.2 or greater is required. Completion of calculus sequence (Calculus I and Calculus II) and calculus-based physics sequence with a C average or better is preferred but not required. Additional consideration will be given to technical experience gained outside of formal educational institutions.

4) Warfare Qualifications: URL applicants must be warfare qualified in their original community and be world-wide assignable.

5) Clearance Requirements: Applicants must be eligible for TS/SCI, have a single scope background investigation (SSBI) completed within the past five years, or upon selection submit a personnel security questionnaire (SF-86) (SSBI) per SECNAVINST 5510.30B. Applicants that do not hold or are not currently eligible for TS/SCI must complete an SCI eligibility pre-screening interview prior to application. Those officers must contact the Fleet Cyber Command Security Directorate Field Office (CMCL: 850-452-6868) and provide results in application for lateral transfer.

6) POC: IW OCM, (901) 874-3123/DSN 882.

m. INFORMATION PROFESSIONAL (IP) OFFICER - 1820.

1) General Guidance: IP officers serve in diverse and challenging billets of increasing scope and responsibility both afloat and ashore. The IP officer career path is designed to develop expertise in Cyber, Communications (RF/Satellite), Net-Centric operations and Space by mixing sea, shore and educational tours. IP officers serve globally at sea in surface combatants (CVN, LHA/LHD, LPD), as well as at Navy Special Warfare/Special Operations Commands. IP officers also serve on strike group, numbered fleet and combatant commands. Ashore IP officers serve at Naval Computer and Master Telecommunications Station (NCTAMS)/Naval Computer Telecommunications Stations (NCTS) that deliver C4I at every level of war. Additionally, there are IP officer billets major Navy and Joint staffs as well as command opportunities around the globe for Captains and Commanders. Officers who are either in-zone or above the zone for FY-15 promotion to LCDR or CDR will not be considered for lateral transfer into the IP community. Those applying for IP should also consider applying for one of the other communities that make up the Information Dominance Corps (IDC) (Intel-1830, IW-1810, and Oceanography-1800).

2) Source Communities: Applicants will be considered from any URL, RL, or Staff designator as well as qualified LDOs. In view of ongoing LDO on-ramp to IP initiatives, preference should be given to Information Professional (IP) LDO applicants in YG 07 and senior. IP LDOs must be within six months of completing their undergraduate degree to be considered and a letter from the college/university stating the applicant in good standing with the school with expected graduation date included in the letter. The degree field of study is irrelevant; it is the operational experience of the officer that matters. Officer warfare qualification is highly desired, however, due to recent changes in Surface Warfare qualification requirements, and removing IDC LDOs from qualifying as Surface Warfare Officers, it should not be considered negative for officers that do not have the SWO qualification. However, IDWO qualification is required.

3) Degree requirements: Major fields of study directly related to Science, Technology, Engineering, and Mathematics (STEM) are most strongly preferred but not required. An undergraduate cumulative grade point average (GPA) of 2.2 or greater is required. Completion of calculus sequence (Calculus I and Calculus II) and calculus-based physics sequence with a C average or better is preferred but not required. Additional consideration will be given to technical experience gained outside of formal educational institutions.

4) Warfare Qualifications: URL applicants must have attained warfare qualification from their original community, and be world-wide assignable.

5) Before appointment, all applicants must be eligible for a Sensitive Compartmented Information (SCI) clearance based on a background investigation completed not more than four years before the year of application. Applicants not possessing the requisite access authority and clearance shall execute a Personnel Security Questionnaire (SF-86) (BI/SSBI) per SECNAVINST 5510.30A.

6) Point of contact: IP OCM: (901) 874-2846 DSN: 882.

n. INTELLIGENCE OFFICER- 1830.

1) General Guidance: Naval Intelligence Officers provide tactical, operational, and strategic intelligence support to US naval forces, joint and multi-national military forces, and executive-level decision-makers in our national government. Officers who are either above or in-zone for FY-16 promotion to LCDR or CDR will not be considered for lateral transfer into the INTEL community. Those applying for transfer into the INTEL community are also encouraged to consider applying for at least one of the other communities that make up the Information Dominance Corps (IDC) (Oceanography – 1800, Information Warfare – 1810, IP – 1820).

2) Source communities: Applicants will be considered from any URL, RL or Staff designator. The Intel LDO community (645x) is specifically being considered at lateral transfer boards. LDOs must possess at least a baccalaureate degree, or be within six months of completion upon acceptance into the 1830 community.

3) Degree/Requirements: Major fields of study directly related to Science, Technology, Engineering, and Mathematics (STEM) are strongly preferred but not required. An undergraduate cumulative grade point average (GPA) of 2.2 or greater is required. Completion of calculus sequence (Calculus I and Calculus II) and calculus-based physics sequence with a C average or better is preferred but not required.

4) Clearance Requirements: Applicants must have a single scope background investigation (SSBI) completed within the past five years, submit a personnel security questionnaire (SF-86) (SSBI) with their lateral transfer application or have a letter from a Special Security Officer (SSO) indicating successful completion of an SCI pre-nomination interview.

5) POC: INTEL OCM, (901) 874-3426/DSN 882.

o. MEDICAL SERVICE CORPS (MSC) OFFICER- 2300.

1) General Guidance: For this board, the MSC is only considering , , Aerospace Physiologist (1836), Industrial Hygiene (1861) and Radiation Health (1825) applicants. Applicants must be world-wide assignable.

2) Source Communities: Applicants will be considered from any URL, RL or staff designator.

3) Degree/Requirements:

a) Radiation Health Officers, applicants must have a Baccalaureate Degree with a major in radiation health, radiobiology, physics, chemistry, mathematics, engineering, nuclear engineering, or biology. Transcripts must include course work in physics and calculus with a grade of B or better. Officers with Navy Nuclear experience are preferred, but not required.

b) Aerospace Physiology officers, applicants with significant military aviation experience (Naval aviator, Naval flight Officer, etc.) who have completed a Bachelors degree or Masters degree in a biological science (human or animal physiology, biology, zoology, kinesiology, biomedical engineering, other biological-based sciences or a degree with a heavy concentration in “pure” sciences as appropriate) will be considered. Core courses should include: Chemistry, a second-level Chemistry course (i.e. biochemistry or inorganic), college mathematics (algebra, pre-calculus or above), Physics, and Statistics. Applicants must have a GPA of 3.0 or higher on a 4.0 scale for each degree earned. Instructor/teaching experience is highly desirable. Applicants must meet Class II aviation physical standards (flight physical).

c) Industrial Hygiene Officers, applicants preferably should have a Bachelor’s or Masters of Science in Industrial Hygiene, Occupational Health or engineering degree aligned with industrial hygiene. A Bachelor’s or Master’s degree in public health, environmental sciences, chemistry, chemical engineering, industrial engineering or industrial safety is also acceptable. An applicant with any degree will be considered if they can show successful completion of calculus, biology, two academic years of chemistry (including inorganic and organic chemistry with labs), and a total of at least 40 hours of coursework in the “pure” sciences.

4) Warfare Qualifications: Although not a requirement, warfare qualification is a factor in assessing an officer’s suitability as a MSC officer.

5) Officers looking to laterally transfer into the Medical Service Corps should be aware that they will lose rank if selected for transfer and refer to OPNAV 1210.5 series and OPNAV 1120.8 series for further information.

6) Clearance Requirements: Secret level clearance required.

7) Officers interested in applying are strongly encouraged to contact the MSC OCM for amplifying guidance and information prior to submitting their package.

8) POC: MSC OCM, (901) 874-2370/DSN 882.

p. NURSE CORPS OFFICER– 2900.

1) General Guidance: Nurse Corps officers function as healthcare professionals in a variety of nursing specialties, including critical care, perioperative nursing, medical/surgery, and emergency trauma.

2) Source Communities: Applicants meeting educational and Registered Nurse licensure requirements will be considered from any URL, RL or staff designator.

3) Degree/Requirements: Individuals are required to have a bachelor of science or advanced degree in nursing from a National League for Nursing Accrediting Commission (NLNAC)/ Accreditation Commission for Education in Nursing (ACEN) or the Commission on Collegiate Nursing Education (CCNE) accredited institution. Individuals must possess a valid/current, unrestricted Registered Nurse license and be in good standing as a registered professional nurse in a state, territory, or commonwealth of the

United States or the District of Columbia based on licensure examination provided by the National Council Licensure Examination-Registered Nurse (NCLEX-RN) and administered by one of its member boards of nursing.

4) Warfare Qualifications: Although not required, warfare qualification is a consideration in assessing an officer's suitability as a NC officer. Applicants must be world-wide assignable.

5) Officers looking to laterally transfer into the Nurse Corps should be aware that they will lose rank if selected for transfer and refer to OPNAV 1210.5 series and OPNAV 1120.7 series for further information.

6) Clearance Requirements: Secret

7) Officers interested in applying are strongly encouraged to contact the NC OCM for amplifying guidance and information prior to submitting their package.

8) POC: NC OCM, (901) 874-2818/DSN 882.

q. SUPPLY CORPS OFFICER- 3100.

1) General Guidance: Supply Corps officers specialize in business and logistics management, including supply acquisition, distribution management, supply chain management, acquisition and contract management, financial management, operational analysis, joint operational logistics, and petroleum management.

2) Source Communities: Applicants will only be considered from LDO Supply Community (651X) IAW LDO Off-Ramp Initiative. The most desirable mix of qualifications for transition into the Supply Corps includes strong performance records and logistics experience.

3) Degree/Requirements: Bachelors degree. Degrees in business or Science, Technology, Engineering and Mathematics (STEM) concentrations are preferred, but not required..

4) Warfare Qualifications: Warfare qualification and the ability to be sea duty and world-wide assignable are required.

5) Clearance Requirements: Secret level clearance required.

6) POC: SC OCM, (901) 874-3189/DSN 882.

r. CIVIL ENGINEER CORPS (CEC) OFFICER - 5100.

1) General Guidance: CEC officers (engineers and architects) specialize in engineering, management, planning, construction, and maintenance of the Navy's shore facilities world-wide and support current efforts in Kuwait, Iraq, Afghanistan, and Djibouti. CEC officers serve in three types of billets: construction contract management, public works, and construction battalions (Seabees). Officers serving in contract management jobs will be responsible for executing multi-million dollar construction projects performed by

civilian construction and engineering firms. Public works officers operate and maintain complex facility and utility systems at shore activities by managing a large and diverse work force of civilian and military personnel. Officers in Seabee billets maintain the Navy's Mobile Construction capabilities and support the Fleet Marine Force (FMF) in amphibious operations.

2) Source Communities: Applicants will be considered from any URL, RL, staff, or LDO designator.

3) Degree/Requirements: Applicants must have an Accreditation Board for Engineering and Technology (ABET) accredited engineering degree (civil, mechanical, or electrical engineering degrees preferred; other ABET accredited degrees will be considered on a case-by-case basis) or a National Architectural Accrediting Board (NAAB) accredited architecture degree. Applicants holding degrees in engineering technology will only be considered if they have a current Engineer in Training license. Applicants must also be worldwide deployable.

4) Warfare Qualifications: Applicants must be warfare qualified on their primary war fighting platform.

5) Clearance Requirements: Secret level clearance required.

6) POC: CEC OCM, (901) 874-4034/DSN 882.
