

NAVAL MILITARY PERSONNEL MANUAL

NAVPER 15560D

PREFACE

1. **MANUAL TITLE**. Reference to this manual shall be by its title, **Naval Military Personnel Manual**, or by its short title, **MILPERSMAN**.

2. **ARTICLE NUMBERING SYSTEM**. References to articles in this manual shall be by use of their 7-digit identification number, consisting of the Standard Subject Identification Code (SSIC) and a 3-digit extension number, e.g., **5712-010**. The article numbering system permits complete identification. The first four digits identify the SSIC and the last three digits identify the article placement within the section. The article number should be spoken as though it is two separate groups of numbers, broken at the dash. Major subject groups and sections are not titled except in the Table of Contents. If an article is deleted, the article number will not be used again.

3. **REFERRING TO MILPERSMAN AND ARTICLES**. A combined reference to this manual and an article herein shall be by one of the following examples:

Naval Military Personnel Manual, Article 5712-010
MILPERSMAN 5712-010
Article 5712-010 of the Naval Military Personnel Manual

4. **NAVY DIRECTIVES SYSTEM**. Users of this manual are cautioned that proper use of the Navy Directives System is expected and essential. Information not found in this manual may be found in regulatory manuals, regulations, directives, instructions, notices, etc.

5. **EDITORIAL POLICIES**. Editorial policies used for this manual and procedures for submitting changes to it are contained in **MILPERSMAN 5215-010** herein.

6. **DISTRIBUTION**. The basic reissue of the MILPERSMAN and future changes to it will be distributed on the BUPERS Publications/Directives CD-ROM that is published quarterly and scheduled for distribution during the first month of each quarter. The current issue of the MILPERSMAN, article changes approved for the next issue of the MILPERSMAN, and distribution request information are accessible on the NPC web site listed below:

PERS-013
22 Aug 2002

This reissue of the Naval Military Personnel Manual replaces the 1991 edition and its changes (CH-1 through CH-36). No article changes were completed between CH-36 and this reissue.

NAVPERS 15560D, Naval Military Personnel Manual is issued under Navy Regulations, 1990, Article 0105, for direction and guidance, and contains policy, rules, and practices for administration of military personnel within Navy. Changes shall be effective upon the date specified on individual articles published on the BUPERS CD-ROM and posted on the BUPERS CD-ROM web site. The provisions in this manual which relate to entitlements have been transferred without change from NAVPERS 15560C, Naval Military Personnel Manual that it supersedes and, accordingly, the entitlement portion of these instructions were approved by Department of Defense Military Pay and Allowance Committee under procedures prescribed by Secretary of Defense following 37 U.S.C. 1001.

G. L. HOEWING
Rear Admiral, U.S. Navy
Deputy Chief of Naval Personnel

Approved. Changes and distribution shall be authorized and published by Deputy Chief of Naval Personnel with approval of Chief of Naval Personnel.

1. **Policy**. The personnel support detachment (PERSUPP DET) and customer service desk (CSD) relationship is established under reference (a).
2. **Purpose**. To define responsibility of maintaining pay and electronic service records (ESRs).
3. **Records Responsibilities**. The assignment of pay and personnel accounting responsibilities for all Navy commands is as follows:
 - a. Active duty commands with authorized disbursing and personnel support billets maintain their own pay and ESRs.
 - b. PERSUPP DETs and CSDs maintain
 - (1) **pay and ESRs** for active duty commands without personnel and or disbursing billets.
 - (2) **ESRs (only)** for Selected Reserve (SELRES) assigned to units collocated with a PERSUPP DET or CSD, and without assigned personnel support billets.
 - c. Navy Reserve activities maintain all pay records for assigned SELRES and the ESRs for SELRES not collocated with a PERSUPP DET or CSD.

d. Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) maintains ESRs for pre-trained individual manpower (PIM) not in a drill status (i.e., Individual Ready Reserve, retired, and retired Reserve personnel).

e. Defense Finance and Accounting Service (DFAS), Cleveland, OH maintains pay records for PIM not in a drill status.

4. **Recall and Mobilization Responsibilities**

a. Upon recall or mobilization, pay and ESRs of Navy Reservists will be maintained by the same activity that provides personnel and disbursing support to the active duty command the member is assigned to.

b. If a PERSUPP DET or CSD has not been designated, the active duty command or activated unit shall submit a request

(1) to NAVPERSCOM, Pay, Personnel Procedures and Systems Integration Branch (PERS-2); and

(2) **copy to** NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013)

requesting the activity be designated responsibility for pay and personnel support.

5. **Assignment Responsibility.** NAVPERSCOM (PERS-2) is responsible for assignment of pay and personnel responsibilities. Requests for deviations from the above will be submitted to NAVPERSCOM (PERS-2) for review and approval.

-------------------	---

1. **Purpose.** To supplement reference (a) and define minimum requirements for the appointment of a command Personnel Administrative Support System (PASS) coordinator (CPC), as well as basic responsibilities of supported commands, supporting Personnel Support Detachments (PERSUPPDETs), customer service desks (CSDs), and designated CPCs.

2. **Background.** The CPC serves as the critical link between an individual Sailor, his or her command, and the supporting personnel support organization. It is the responsibility of the CPC to ensure that all documents and information required to provide Sailor personnel or pay support are relayed to the appropriate supporting organization via the current authorized process and per applicable policies governing timeliness standards.

a. Per reference (a), the responsibility of the PASS Program is to provide Sailors and commands with personnel, pay, passenger transportation, educational services, and other related support. Designation of the CPC supports the PASS Program in providing required and expected levels of personnel and pay support for all Navy personnel.

b. Reference (a) specifically requires all Navy commands supported by the PASS Program through a PERSUPPDET or CSD, including those units supported for pay only, to designate (in writing) a responsible individual as their CPC.

3. **Requirements**. The CPC will have routine access to personnel information belonging to command personnel (officer, enlisted, and at times, civilian) that is protected by reference (b). The unauthorized disclosure of personnel data and personally identifiable information (PII) can result in civil, criminal, or administrative penalties. Therefore, the CPC shall meet the following requirements:

a. Be an individual selected by the commanding officer (CO) or officer in charge (OIC) deemed capable of performing in a position of trust.

Note: Priority consideration for assignment should be given to PS, YN, or NC.

b. Be designated in writing using Exhibit 1;

c. Be completely familiar with the PERSUPPDET or CSD before assignment as a CPC to ensure duties and responsibilities, methods of communication available, and overall CPC expectations are clearly defined and explained. For those Sailors assigned while deployed, familiarization should be completed as soon as possible upon return to homeport; and

d. Complete the training requirements specified in paragraph 4c of this article.

4. **Supporting Resources**. In addition to reference (a), the following resources will assist the CPC in the performance of duties:

a. The Navy Personnel Command CPC resources Web page (a repository with a wide range of links to authoritative guidance, information and user aids) is available at:

<http://www.public.navy.mil/BUPERS-NPC/SUPPORT/PAYPERS/CPCRESOURCES/Pages/default2.aspx>

b. The CPC Handbook (prepared by the Navy Pay And Personnel Support Center) is a task-based user aid with links to policy, guidance, and supporting resources. The current version may be downloaded from the CPC resources Web page.

c. **Navy e-Learning**. Enroll in courses via NKO (<https://www.nko.navy.mil>).

(1) The following Navy e-Learning courses must be completed prior to assuming CPC duties:

- a. Privacy and PII; and
- b. Records Management in the DON: Everyone's Responsibility.

(2) The following Navy e-Learning courses are recommended to enhance CPC general knowledge.

- a. Department of the Navy (DON) Records Management: Advanced Topics; and
- b. General Forms Management, General Forms User Training.

(3) Navy Standard Integrated Personnel System (NSIPS) users' information is available on Navy Knowledge Online (NKO) NKO>ORGANIZATION & COMMUNITIES>NSIPS

5. **Responsibilities**

a. The CO of PASS supported commands shall:

(1) Take into consideration the size and complexity of the command when determining the number of CPCs assigned. While reference (a) only requires assignment of a primary and secondary CPC, additional CPCs may be designated to meet individual unit needs;

(2) Designate (in writing) qualified personnel to serve as CPC using the format provided in Exhibit 1. Provide a copy of the notification letter, in Exhibit 2, to the supporting PERSUPPDET or CSD.

(3) Personally counsel newly designated CPCs, stressing the importance of their assignment, and the lawful requirement to protect PII at all times;

(4) Ensure prerequisites outlined in paragraph 4c are completed prior to designation;

(5) Routinely meet with the CPC(s) to reemphasize the importance of CPC duties, to verify PII protection, and to

address possible issues or barriers found internal to the command and or with the supporting PERSUPPDET or CSD; and

(6) Ensure mandatory attendance of all designated CPCs at PERSUPPDET- or CSD-sponsored training events.

(7) Ensure the supporting PERSUPP DET or CSD is notified (in writing) upon termination of appointment and submit an updated notification letter (Exhibit 2).

b. The PERSUPPDET or CSD OIC or director shall:

(1) Ensure newly designated CPCs are provided training and indoctrination when first appointed. At a minimum, training will include:

(a) PERSUPPDET or CSD organization and points of contact;

(b) Services provided and interface procedures;

(c) Access to and use of the online systems required to perform personnel or pay support (i.e., NSIPS and the official military personnel file (OMPF));

(d) Access to and use of any online systems required to perform document handling or customer relations management (i.e., Transaction Online Processing System (TOPS)); and

(e) Location or organization of authoritative policy guidance, information, training materials, and resources.

(2) Ensure CPCs selected by supported commands have completed all prerequisites (see paragraph 4c) as evidenced by course completion certificates;

(3) Provide regularly scheduled CPC training by those means necessary to ensure all CPCs, including those servicing geographically separated units, have an opportunity to participate. Training can include classroom, video teleconference, Defense Connect Online, phone conference, or any other means that supports the customer commands;

(4) Inform CPCs of all changes in policy or procedure that impact personnel, pay, and transportation entitlements; and

(5) Provide feedback to CO on CPC training attendance and performance.

c. CPCs shall:

(1) Prior to appointment, complete prerequisites outlined in paragraph 4c and submit certificates of completion to the CO;

(2) Maintain familiarization with reference (a) and the additional training materials listed in this article;

(3) Serve as the initial customer service link between command members and the supporting PERSUPP DET or CSD;

(4) Attend all scheduled CPC training. If unable to attend, arrange to receive information provided via alternate means;

(5) Obtain and maintain access to the systems and software (i.e., TOPS, NSIPS electronic service record, OMPF, etc.) necessary to complete CPC duties;

(6) Carefully review documents and information routed between the PERSUPPDET or CSD and the supported Sailors to ensure:

(a) All forms are properly completed and signed;

(b) All of the required supporting documentation and attachments are included; and

(c) All of the information provided is sufficient to resolve the transaction in a timely manner;

(7) Promptly transmit documents (at least daily) to ensure compliance with the timeliness policy established by MILPERSMAN 1000-025; and

(8) **Protect PII in every action.** If at any time it is suspected that PII has been compromised, report the incident immediately to the unit CO and OIC or Director of the servicing PERSUPPDET, or chief petty officer in charge of the servicing customer service desk.

1. You are hereby designated as Command PASS Coordinator (CPC) for **COMMAND NAME** (UIC **XXXXXX**). You shall familiarize yourself with references (a) and (b) to prepare you for your duties.

2. You are being placed in a position of trust, with access to the personnel records, data, and documents pertaining to command personnel. In this assignment, you are accountable for compliance with privacy protection requirements associated with the collection, use, dissemination, and maintenance of personally identifiable information (PII). At all times, you must protect PII and prevent unauthorized access or loss.

3. Specific duties and responsibilities include:

a. Completion of **annual PII training** and familiarity with the practices and procedures required by the DON Privacy Program.

b. Service as the initial customer service link between command personnel and the PERSUPPDET or CSD, including receipt, examination, and timely transmission of documents and information between command members and the PERSUPPDET or CSD.

c. Immediate escalation of issues to appropriate leadership levels of the command and or PERSUPPDET or CSD if problems occur that you cannot resolve.

4. Remember, this position of trust requires your active and vigilant protection of personal information. If, for any reason, you are unable to perform your assigned CPC duties, you are required to immediately inform your chain of command.

1. **General Policy.** Department of Defense (DoD) policy is to achieve a 97 percent timeliness rate for associated pay transactions. While the personnel management community has a major role and responsibility in the timely submission of personnel transactions, personnel administration is ultimately a command responsibility. Timeliness associated with personnel transactions (officer and enlisted), specifically

- gains and losses (activity and strength),
- reenlistments,
- extensions,
- unauthorized absences (UAs), and
- nonjudicial punishments (NJPs);

impact operational planning, personnel accounting, and mission success. Every unit commanding officer (CO)/commander (CDR) is responsible for prompt and accurate submission of personnel transactions to reflect timely accuracy of the command's Officer Distribution Control Report (ODCR)/Enlisted Distribution Verification Report (EDVR).

2. **Specific Policy.** To be consistent with DoD pay policy, Navy policy is to achieve a 97 percent timeliness rate for all personnel transactions within 4 working days of the effective date of the transaction. The goal is to be in full compliance with this policy by the end of fiscal year (FY) 2010.

a. To reach the FY 2010 goal, the following intermediate standards are hereby implemented:

FY 2007	85 percent within 4 working days
FY 2008	90 percent within 4 working days
FY 2009	95 percent within 4 working days
FY 2010	97 percent within 4 working days

b. Unit COs and Personnel Support Detachments (PERSUPP DETs) have shared cooperative responsibility and accountability to ensure these goals are met. COs will make documents and personnel available to PERSUPP DETs so that timely action can be taken.

c. PERSUPP DETs and personnel/administrative offices afloat will take professional and timely action upon receipt of source documents.

3. Action

a. Commander, Navy Personnel Command (COMNAVPERSCOM) will monitor and report status of personnel and pay timeliness and accuracy to Chief of Naval Personnel (CHNAVPERS).

(1) COMNAVPERSCOM will pursue and intervene on behalf of field and fleet activities regarding pay and personnel policy and procedures to facilitate most efficient business process.

(2) COMNAVPERSCOM, with Naval Supply Systems Command (NAVSUP), will continue to liaison with appropriate program management offices to continue technological and software developments to improve timeliness and accuracy.

b. Commander, Navy Installations Command (CNIC) will resource and manage the execution of the Pay/Personnel Administration Support System (PASS) program in pursuit of the 97 percent timeliness rate within the 4 working days standard.

1. **Definition of ADSD.** The active duty service date (ADSD) is the actual or adjusted date from which the amount of active military service performed is calculated. The ADSD reflects all periods of active federal military service in commissioned officer, warrant officer, or enlisted status.

2. **How to Calculate the ADSD.** The following is provided to determine the ADSD for enlisted personnel:

a. **Members who have performed no prior active military service.** The date of entry on current tour of active duty.

b. **Members who have performed prior active military service.** Subtract the total of the prior periods of active service from the date of entry on current tour of active duty. If there is lost time (see MILPERSMAN 1600-100 for definition of lost time), advance date by number of days of lost time.

(1) **Example:**

95 01 03 Beginning date of current tour.
-03 06 02 Subtract total of all prior active service (in this example, 3 years, 6 Months, 2 days), including active duty for training.

91 07 02 New adjusted ADSD.
15 (Time Lost) - Advance date by number of days.
 91 07 17 New adjusted ADSD.

(2) **Remember:** Lost time during current period of active duty. Advance the ADSD by the number of days of lost time.

(3) **Rules:**

(a) **All periods of lost time and periods of active duty or active duty for training of 30 days or less.** Count on a day-for-day basis.

(b) **Tours in excess of 30 days.** Subtract the first day of the tour from the last day of the tour and add 1 day to the remainder.

-------------------	--

1. **Background.** Fingerprints are the most positive means of identifying individuals. The ridges on the skin of the palmar surfaces of the hands and the planar surfaces of the feet are commonly referred to as papillary or friction ridges. These ridges form on the fetus before birth and remain unchanged throughout life and even after death, until decomposition of skin destroys them. Damage to the skin during a person's life may either be temporary or permanent. Abrasions and slight cuts that do not permanently affect the skin are corrected in time by nature, and the ridges reappear as they existed before the damage occurred. Deep cuts and injuries affecting the innermost sections of the skin will result in permanent scars but the general pattern will continue to exist.

(see next page)

2. **When to Fingerprint.** Fingerprints will be recorded under the following circumstances:

For members who are	prepare	at time
first term enlistees into the Navy or Naval Reserve who require an Entrance National Agency Check (ENTNAC) background investigation,	DD 2280, Armed Forces Fingerprint Card	and place of enlistment.

1. **Preparation.** Follow the below steps in preparation of fingerprinting an individual.

Step	Action
1	Gather the following items: <ul style="list-style-type: none"> • Fingerprint or printer's ink. • Ink slab. • Appropriate fingerprint card or form (see MILPERSMAN 1000-040). • Rag cleaning solution.
2	Have the individual being fingerprinted wash their hands with soap and cold water so that they are free of dirt, grease and perspiration.
3	Have the individual being fingerprinted sign fingerprint card or form.
4	Apply a few small dabs of ink on the ink slab.
5	Thoroughly roll the ink back and forth on the slab until a thin, even film covers the surface. <p>Caution: If too much ink is used, it will result in the obliteration of ridges. If too little ink is used, it will result in ridge impressions too light and too faint for tracing or counting.</p>

(see next page)

2. **Rolled Impressions**. A rolled impression is made to show the entire friction surface of the finger or thumb, from the tip to 1/4 inch below the first joint. The large area provides all necessary ridge characteristics for correct classification. Follow the steps below to take a rolled impression.

Step	Action
1	Have the individual being fingerprinted relax and refrain from trying to help by exerting any pressure on the ink slab or fingerprint card or form.
2	Starting with the index finger on one hand, roll lightly from the left edge of the finger to the right edge of the finger on the ink slab.
3	Roll the finger on the fingerprint card or form from the right edge to the left edge, exerting only light pressure to provide a clear impression. Note: The roll is a single movement.
4	Repeat steps 1 through 3 for the rest of the fingers on both hands.
5	Roll thumb on one hand lightly from the right edge to the left edge on the ink slab.
6	Roll thumb on fingerprint card or form from left edge to the right edge, exerting only light pressure to provide a clear impression. Note: The roll is a single movement.
7	Repeat steps 5 and 6 for the other thumb.

Rule: A finger should be noted missing if any portion of it beyond the flexure of the first joint remains. The end of a mutilated finger, in all cases, should be inked and recorded as in the case of a perfect digit.

(see next page)

3. **Plain Impressions.** A plain impression is obtained by pressing the bulb of the finger, on the ink slab and then on paper in the same manner. The purpose is to verify the order of the rolled impressions and to show certain characteristics that are sometimes distorted in the rolled prints. Follow the steps below to take a plain impression.

Step	Action
1	Have the individual being fingerprinted hold their fingers straight and stiff and the hand level with the wrist.
2	Press all the fingers on one hand lightly on the ink slab, pressing the four fingers on it at a slight angle. Note: They should be showing the tips to 1/4 inch below the first joint.
3	The person taking the prints should grasp the wrist with one hand and press the fingers on the card with the other hand.
4	Repeat steps 1 through 3 for the other hand.
5	Press the thumb on one hand lightly on the ink slab.
6	Press thumb on the block next to the plain finger impressions.
7	Repeat steps 5 and 6 for the other thumb.
8	Clean hands thoroughly with cloth and cleaning solution.

Rule: A finger should be noted missing if any portion of it beyond the flexure of the first joint remains. The end of a mutilated finger, in all cases, should be inked and recorded as in the case of a perfect digit.

Reference(s)	(a) DOD Instruction 1000.30 of 1 Aug 2012 (b) 5 U.S.C. §552a Privacy Act of 1974
---------------------	---

1. **Policy:**

a. The Social Security number (SSN) will be the sole military personnel unique identifier for Navy personnel, per references (a) and (b), until such time that an alternate identifier is used - department of defense identification (DODID).

b. Change of the military SSN in the official record is made only after an administrative examination of the evidence and approval by Commander, Navy Personnel Command (COMNAVPERSCOM).

c. Since the SSN is essential for personnel identification in the Navy, an applicant must have an SSN prior to being accepted for enlistment or commission in any Navy component.

d. To facilitate pay and personnel record maintenance, the SSN recorded on DD 4 Enlistment/Reenlistment Document Armed Forces of the United States or NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office must be validated and will be used on all reports, forms, documents, correspondence, and official records concerning a member of the Navy per reference (a).

2. **Command's Responsibility.** Prior to submission of request for military SSN change, the command shall provide the Service Member with a Privacy Act Statement, per reference (b), as follows:

"The authority to request this information is derived from 5 U.S.C. §301 Departmental Regulations. The purpose is to affect a correction of a military personnel social security number (SSN). It will become a permanent part of the Navy Personnel Records System. Disclosure of the information requested is voluntary; however, failure to provide the information may result in disapproval of the request for change of military SSN."

3. **Member's Responsibility.** The member must submit a written request to the Navy Standard Integrated Personnel System Help Desk, via the commanding officer, with a copy of the Social Security card.

4. **How to Send Documents.** Forward member's letter request, command endorsement, and documentary evidence to the following address listed:

SPAWAR ITC NSIPS/CDM
NAS JRB
1330 Military Parkway, RM 104
Fort Worth, TX 76127

5. **Effective Date.** For Navy record purposes, an SSN change is effective from the date of COMNAVPERSCOM authorization as indicated in block 1 on DD 1343 Notification of Change in Service Member's Official Records.

NOTE: Changes to the Service Member's SSN will reflect in all corporate data systems, including the electronic service record. Copies of the DD 1343 may be obtained via OMPF "View", OMPF "My Record", or by written request.

1. **Purpose.** Identification (ID) tags are used to assist in ID of servicemembers in the case of injury or death.
2. **When Issued.** Two complete ID tags shall be issued to each member as soon as possible after reporting for active duty.
3. **Who Can Issue.** ID tags may be obtained from any activity possessing graphotype machines suitable for embossing the tags. Commands not possessing facilities for embossing ID tags may request them by mail from the nearest naval activity possessing embossing equipment. Requests should include a list of the personnel for whom tags are required, the appropriate number of blank tags, and the necessary data for preparation of the individual tags.
4. **Where Stocked.** Blank tags and necklaces are standard stock items available through the Navy supply system and are identified as cognizance "D" material.
5. **When Worn.** ID tags shall be worn by each member as follows:

Active Duty	When prescribed by competent authority. At the time of release from active duty, the member shall retain the ID tags for use in case of mobilization.
Inactive Duty	When required by Commander, Navy Reserve Force (COMNAVRESFOR).

6. ID Tag Specifications

a. ID tags are:

Monel or other adopted metal
Approximately 2 inches long by 1-1/8 inches wide
About 0.025 inch thick
Finished with rounded corners and smooth edges

b. A necklace consisting of a **25-inch** non-corrosive, non-toxic, and heat resistant material with a **2-1/2 inch extension** of the same material shall be issued with the tags.

c. Completed tags shall be made up with one tag suspended by passing the necklace through the hole in the tag and the second tag suspended by passing the necklace extension through the hole in the tag and securing the extension to the necklace.

7. ID Tag Content. Each tag has a capacity for **five lines** of type, **18 spaces to the line**, and shall be embossed by a machine provided for that purpose. The following are the contents of each line:

a. **First Line:** Record the name of the member (last name, first name, and middle initial; e.g., DOE, John R). When the space in the **first line** is insufficient, the **first line** shall contain the last name only. The first name and middle initial are placed on the **second line**.

b. **Third Line:** Record the military personnel ID number (social security number). At the **10th space**, record the letters "USN" regardless of whether Regular or Reservist. At the **14th space**, record the blood type and RH factor.

c. **Fifth Line:**

(1) Record the religious preference of the member. Show any religion or faith group designated by the member. If possible, spell out the preference. For example:

Assembly of God
Baptist
House of David
Orthodox Jew
Protestant
Roman Catholic

(2) Otherwise, use the following meaningful abbreviations. The following examples are picked at random for guidance only and may be adapted to fit the preference expressed:

RELIGION OR FAITH GROUP	ABBREVIATION

1. **Procedure**. When entries regarding race and ethnicity are required on personnel forms, records, surveys, reports, or for online reporting, the race categories and standard data item codes listed in the next paragraph must be used (references (a) and (b) refer).

2. **Race Category Definition**. The definition used for race category is a division of mankind that possesses traits that are transmissible by descent and that are sufficient to characterize as a distinctive human type. The correct race categories and standard data item codes to use are:

Race Category	Standard Data Item Code	Definition
American Indian or Alaska Native	A	A person having origins in any of the original peoples of North and South America (including Central America).
Asian	B	A person having origins in any of the original peoples of the Far East, Southeast Asia, or Indian subcontinent. This area includes Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
Black or African American	C	A person having origins in any of the original peoples of Africa.
Native Hawaiian or Other Pacific Islander	D	A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
White	E	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.
Decline to Respond	F	Decline to Respond is a choice that will be available to members when they choose not to indicate a race preference on any Navy form or online systems. It will not be used in combination with any other code.
Identification Pending	G	Identification Pending will not be an available option to members. It will be used in mortuary affairs and graves registration. This option will be a valid value in all Navy personnel systems. It will not be used in combination with any other code.

3. **Multiple Race Category Selection.** Members may select more than one of the race categories above except for the "Decline to Respond" and "Identification Pending" category. The following matrix is provided to describe race categories and accompanying standard data item codes for members selecting more than one race category.

Race Category	Standard Data Item Code
A, B American Indian or Alaska Native (A), and Asian (B)	H
A, B, C American Indian or Alaska Native (A), and Asian (B), and Black or African American (C)	J
A, B, C, D American Indian or Alaska Native (A), and Asian (B), and Black or African American (C), and Native Hawaiian or Other Pacific Islander (D)	K

C, E Black or African American (C), and White (E)	8
D, E Native Hawaiian or Other Pacific Islander (D), and White (E)	9

4. **Ethnic Group Definition.** The definition for the ethnic group category is a segment of the population that possesses common characteristics and a cultural heritage significantly different from that of the general United States population and closely identifies with that cultural heritage. The acceptable codes to use are:

Ethnic Group	Standard Data Item Codes
Other Hispanic descent	1
United States/Canadian Indian Tribes	2
Other Asian descent	3
Puerto Rican	4
Filipino	5
Mexican	6
Eskimo	7
Aleut	8
Cuban	9
Indian	D
Melanesian	E
Chinese	G
Guamanian	H
Japanese	J
Korean	K
Polynesian	L
Other Pacific Island descent	Q
Latin American with Hispanic descent	S
Vietnamese	V
Micronesian	W
Other - A person whose choice of an ethnic group is not listed above and chooses not to be associated with any of those ethnic groups.	X
None - A person choosing not be associated with any particular ethnic group.	Y
Unknown - Not an ethnic group choice. Used to indicate an error or omission that requires correction to include the individual in one of the recognized general classifications. Persons who do not know their ethnic group should choose one of the recognized ethnic groups or use "Other" or "None."	Z

5. **Review or Update of Race Categories or Ethnic Group.**

Effective 6 January 2003, members may review or update their race categories or ethnic group on file with the Navy by going to www.bol.navy.mil. This self-service method will be the permanent and preferred method for members to review or update their race categories or ethnic group. Members who cannot access www.bol.navy.mil may request assistance from their personnel office if the personnel office has access to the Navy Standard Integrated Personnel System (NSIPS). If members are not serviced by the local Personnel Support Activity Detachment (PERSUPPACT DET), they must locate an alternate location for access to www.bol.navy.mil, such as libraries, Internet cafes, and Single Sailor Centers. PERSUPPACT DETs may only access NSIPS records of members that are permanently assigned or serviced to their pay and personnel unit identification code (UIC). Self-identification will be the appropriate method of identifying and recording member's race and ethnicity.

References	(a) NAVSO P-6034, Joint Travel Regulations (JTR) (b) 60 Comp.Gen. 142 (1980)
-------------------	---

1. Policy

a. Per reference (a), the home of record (HOR) and or place from which called or ordered to active duty (PLEAD) are used to determine a member's entitlement to travel and transportation allowances or other compensations provided by law. To support these entitlements, these places will be documented (as prescribed below) and must not be changed, except as authorized.

2. HOR

a. The place recorded as the Service member's home when commissioned, appointed, enlisted, inducted, or ordered into a tour of active duty.

b. The place recorded as the Service member's home when reinstated, reappointed, or reenlisted remains the same as that recorded when commissioned, appointed, enlisted, inducted, or ordered into the tour of active duty, unless there is a break in service of more than 1 full day.

Note: Only if a break in service exceeds 1 full day (more than 24 hours) may the member change the HOR.

c. Use the following table to determine the HOR:

Occasion	HOR
An individual commissioned, appointed, enlisted, inducted, or ordered into a tour of active duty.	The place recorded as the Service member's home.
An officer appointed from active enlisted status.	Remains the same as that recorded on DD 4 Enlistment/Reenlistment Document-Armed Forces of the United States in effect at the time of appointment.
An enlisted member immediately reenlisted with no break in active service.	Remains the same as that recorded on the DD 4 in effect at the time of reenlistment.
An enlisted member reenlisted after a break in active service that exceeds 1 day (more than 24 hours)	The place recorded as the Service member's home at the time of reenlistment into the new period of active duty. The new HOR must be recorded on the new DD 4.
An officer or enlisted member recalled to active duty from an inactive status, after a break in active service that exceeds 1 day (more than 24 hours)	The place recorded as the Service member's home when ordered into a tour of active duty. If different from the HOR currently recorded in the electronic service record (ESR), the new HOR (for officer and enlisted members) must be recorded on NAVPERS 1070/74 Report of Home of Record and Place From Which Ordered to Active Duty.

d. The HOR may not be changed during a period of continuous active duty, regardless of changes in the member's home address during the tour of active duty or enlistment. The HOR may be changed upon reenlistment or reentry into the Service, provided there is no overlap in reenlistment contracts and a break in service of more than 1 day has occurred (e.g., member's current enlistment expires on the 12th of the month and the member reenlists on the 14th of the month.)

e. Where to record the HOR:

(1) The initial HOR for officers must be recorded on NAVPERS 1070/74.

(2) The initial HOR for enlisted members must be recorded on DD 4.

(3) Changes to the HOR, authorized as a result of a break in service, must be recorded per paragraph 2c above.

3. **PLEAD.** The place of acceptance in current enlistment, commission, or appointment of an active Service member, or of a member of the Reserve Component (RC) when enlisted, commissioned, or appointed for immediate active duty.

a. For an inductee, it is the location of the local Selective Service Board to which the individual first reported for delivery to the induction station.

b. Effective 1 January 1983: In the case of a non-prior service midshipman or cadet at a Service academy, or a civilian college or university, the place where the member attains a military status or where the member enters the Service. Generally this is the academic institution and not the member's HOR (reference (b)).

c. In the case of an RC member who is not enlisted, commissioned, or appointed for immediate active duty, the place to which an order to active duty is addressed.

d. Where to record the PLEAD:

(1) The initial PLEAD for officers must be recorded on NAVPERS 1070/74.

(2) The initial PLEAD for enlisted members must be recorded on DD 4.

(3) The PLEAD for a reservist ordered to active duty will be recorded on the member's orders to active duty and in the ESR.

Note: The PLEAD changes only if there is a break in service exceeding 1 full day, in which case it is the place of entry into the new period of service.

4. **Distribution of NAVPERS 1070/74**

a. **For newly commissioned officers:**

(1) Original: Attach to NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office and forward to Navy Personnel Command (NAVPERSCOM), Officer Accession and Promotions Branch (PERS-806) along with the other documents required to create the new officer permanent personnel record.

(2) Duplicate: To newly commissioned officers for retention in their personal files.

b. **For changes authorized as a result of a break in service:**

(1) Original: Forward to NAVPERSCOM, Records Analysis Branch (PERS-312).

(2) Duplicate: Deliver to the member for retention in their personal files.

5. **Corrections**

a. A correction to the HOR (for officer and enlisted) may be authorized in those instances when, through a bona fide error, the place originally named at time of current entry into the Service was not in fact the actual home. Any such correction must be fully justified and the home, as corrected, must be the actual home of the member upon entering the Service, and not a different place selected for the member's convenience.

b. Approval by NAVPERSCOM (PERS-312) is required to correct an erroneous HOR. Requests must be submitted, via the chain of command, to NAVPERSCOM (PERS-312) for approval and must include sufficient documentary evidence to support the member's claim.

-------------------	-------------------------

1. **Policy.** A correction of the date of birth to official records of a member is made only after an administrative examination has shown that evidence presented is indisputable and authority has been granted by Commander, Navy Personnel Command (COMNAVPERSCOM).

2. **Command's Responsibility.** Prior to submitting the request for change of the date of birth, the command shall advise the Service member of the Privacy Act Statement per reference (a), as follows:

"The authority to request this information is derived from 5 U.S.C. 301 Departmental Regulations. The purpose is to effect a correction of the date of birth. It will become a permanent part of the Navy Personnel Records System. Disclosure of information is voluntary; however, failure to provide the information will result in disapproval of the request for a change of the date of birth."

3. **Member's responsibility:**

a. **Request.** The member must forward the date of birth change letter request to the Navy Standard Integrated Personnel System Help Desk via the commanding officer (CO). The request must include the following:

(1)	Social Security number and complete mailing address.
(2)	A statement of the reason for the erroneous recording.
(3)	A copy of the Birth Certificate or other documentary evidence of the correct date of birth. When the evidence submitted is not identified as a public record, a statement by the responsible public official that no public record of birth exists shall be included.
(4)	An affidavit that the applicant is the person referred to in the documentary evidence submitted.

b. **Documentary Evidence.** The request shall be accompanied by appropriate documentary evidence verifying the change in date of birth. Examples of such suitable evidence for establishing the correct date of birth are listed below in order of preference:

Preference	Examples
(1) Most preferred:	<ul style="list-style-type: none"> • A copy of the Birth Certificate provided it is officially certified by competent civilian authority. • A copy of the Baptismal Certificate by an ecclesiastical official, provided the baptism date is prior to first entry into the naval service. • A copy of the Hospital Record of Birth certified by the official having custody of the records. • A certified statement of the attending physician as to the date and place of birth shown in the records.
(2) Family records or other records made subsequent to the time of birth of the member may be accepted when substantiated by another such record. When none of the evidence listed above is available, two of these documents in the form specified is acceptable:	<ul style="list-style-type: none"> • Photographic copy of an entry in the family Bible certified by a notary or other public official generally authorized to administer oaths. The certification must state the original has been sighted, that the particular entry appears to have been made contemporaneously with the birth of the member concerned and that no conditions exist tending to discount its authenticity. • Corrected Birth Certificate bearing the raised seal of the clerk having custody of the records together with supporting evidence showing the basis for correction. • Delayed Birth Certificate showing the birth recorded on a report of the attending physician or midwife and bearing the raised seal of the clerk having custody of the records. • Certified extract from the census enumerations of any two of the following periods: 1920, 1930, 1940, 1950, or 1960. • Certified copy of a school document or record.
(3) Affidavits of relatives, friends, or disinterested parties who knew the applicant from time of birth may be accepted when the evidence above is not available. Two affidavits containing the following information are required:	<ul style="list-style-type: none"> • Full identification of the affiants and their respective ages. • Name, date, and place of birth of the applicant. • Source of knowledge of the above information.

4. **How to send Documents.** Service member will forward letter request via the CO and a copy of the documentary evidence to the following address or facsimile (FAX) number:

-------------------	--

1. **Applicability.** This article applies to all members not on active duty of the Navy Reserve and all retired members of the Navy or Navy Reserve, including the Fleet Reserve and the Temporary Disability Retired List (TDRL).

2. **Definition.** Mailing address is the address at which a member can be reached at any time by first class mail. Rural route numbers with a post office box number are acceptable. However, United States Post Office boxes and addresses such as banking institutions, which some members have designated as the place to receive pay checks, are not acceptable mailing addresses.

3. **Recording of Current Address.** Current address will be recorded in the Inactive Manpower and Personnel Management Information System (IMAPMIS) database and the member's service record.

4. **Change in Mailing Address**

a. Selected Reservists or Voluntary Training Unit members (both officer and enlisted) will change their current address via the Navy Standard Integrated Personnel System (NSIPS).

Changes will be made by the activity responsible for updating the members' NSIPS data and service record. Members may also update their address utilizing NSIPS' self-service functionality.

b. Individual Ready Reservists (IRR) (both officer and enlisted) shall submit a change of address directly to Commander, Navy Personnel Command, IRR Mobilization and Force Management Division (PERS-93), 5720 Integrity Drive, Millington, TN 38055 . Address changes can also be submitted via email to irr_counselor@navy.mil.

c. Fleet Reservists and Retired Reservists shall submit a change of address directly to Commander, Navy Personnel Command, Reserve Personnel Service Branch (PERS 912), 5720 Integrity Drive, Millington, TN 38055.

5. **Mail Classified as "Undeliverable."** When a member's mail is classified as "undeliverable", the Commanding Officer of the Navy Reserve activity and Commander, Navy Personnel Command, as applicable, shall attempt to locate the member by inquiries to any of the following:

a. The member "via certified mail return receipt requested" at the last known address.

b. Email addresses listed in any available database (NSIPS, IMAPMIS, etc.).

c. The postmaster of the last known address regarding a forwarding address.

d. Next of kin or other relatives.

e. Employer.

f. Defense Finance and Accounting Service (DFAS) Cleveland Center, if the member is receiving retired or retainer pay; and

g. Web based, commercially-available locator.

6. **Reservists Listed as "Unlocatable."** Per references (a) through (c), Ready Reservists are required to keep the Navy informed of their current mailing address. When reasonable attempts fail to obtain a member's correct address, the member

shall be considered "unlocatable" and may be subject to the following:

a. Officers may be transferred to the Standby Reserve-Inactive (USNR-S2 status) or separated in accordance with the procedures contained per reference (c).

b. Enlisted members may be transferred to the Standby Reserve-Inactive (USNR-S2 status) or processed for administrative separation per references (d) and (e).

-------------------	---

1. **Purpose**. The Board for Corrections of Naval Records (BCNR) was established per reference (a) to provide a method for correction of error or removal of injustice from naval records without the necessity for private legislation. BCNR is not a part of Navy Personnel Command (NAVPERSCOM). It is a separate shore activity under the direction and supervision of the Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN(M&RA)). Upon presentation of satisfactory evidence by the member concerned, the BCNR may recommend to Secretary of the Navy (SECNAV) that the record be changed.

2. **Who may Submit Applications**. BCNR applications may be submitted by

- a. the petitioner,
- b. the petitioner's heir, or
- c. the petitioner's legal representative.

3. **Application Requirements**

a. Applications for review to the BCNR may be submitted, per reference (b), only after having exhausted all available administrative remedies afforded by law, unless waived by BCNR.

b. Additionally, prior to petitioning the BCNR regarding a **discharge**, the case must be reviewed, and a "no change" decision is made, by the Naval Discharge Review Board (NDRB). (See MILPERSMAN 1000-160 regarding final discharges that NDRB does not review.)

c. Applicants or applications must

(1) be submitted within 3 years after the claimant discovers the error or injustice. Petitions submitted later than 3 years after the petitioner discovers the error or injustice may be considered if BCNR finds it to be in the interest of justice. Petitions submitted late should include an explanation for late submission and why consideration of the late submission is in the interest of justice.

(2) identify the specific error or injustice.

(3) contain sufficient information to permit the BCNR to determine whether relief is warranted.

(4) include any other relevant information (i.e., corroborating evidence such as affidavits or other written statements from individuals with personal knowledge of the relevant facts and specific reasons, if any, why expeditious processing is warranted).

Note regarding selection boards: If the petition is to be considered and resolved prior to the convening of a selection board, the petition should be received by BCNR at least 4 months before the selection board convenes.

4. Where to Obtain an Application

a. Applications must be submitted on DD 149 (Rev. 5-05), Application for Correction of Military Record Under the Provisions of 10 U.S.C. 1552.

b. Applications and general information can be obtained from

(1) Naval Legal Service Offices (NAVLEGSVCOFFs),

(2) Personnel Support Activity Detachments (PERSUPP DETs),

(3) Department of Veterans Affairs (DVA), or by
writing to:

-------------------	--------------------

1. **Policy**. The Naval Discharge Review Board (NDRB) was established to review whether the type and nature of discharge issued a petitioner should be changed, corrected, or modified; and if so, what actions should be made.
2. **Scope**. The NDRB may review all final discharges except those
 - a. awarded more than 15 years before an application for review was submitted,
 - b. resulting from a general court-martial, or
 - c. due to physical disability.
3. **Authority**. The NDRB has no authority to
 - a. revoke any discharge;
 - b. reinstate a person in the military service;
 - c. recall a person to active duty;
 - d. waive discharge/change reenlistment (RE) code to permit enlistment in the naval or other Armed Forces;

- e. cancel enlistment contracts;
- f. change, correct, or modify any document other than the discharge document;
- g. change the reason for discharge from, or to, physical disability; or
- h. determine eligibility for veteran's benefits.

4. **Requirements.** To permit relief, an error must have been found to have existed during the period of enlistment in question. The member's good conduct after discharge, in and of itself, is not sufficient to warrant changing an unfavorable discharge. There is no entitlement to a discharge upgrade, there is no automatic review of a discharge by NDRB, and there is no automatic upgrade of discharge 6 months after discharge. Individuals must submit an application (DD 293 (Rev. 03-04), Application for the Review of Discharge or Dismissal from the Armed Forces of the United States) for a review of the discharge.

5. **Applications**

			FAX	882-2640

References	(a) OPNAVINST 1000.23C
-------------------	------------------------

1. **Policy**. Upon sailing, all ships and deployable units, squadrons, and staffs getting underway will submit a **Sailing Diary** each time they leave port (any port), regardless of time in port. Each member of the ship's company who will not be on board at time of sailing must be reported as **Absent on Sailing**. Upon arriving at a port, a **Sailing Termination Diary** must be submitted to delete the previous Absent on Sailing. The term "**ships company**" refers to all personnel who are attached to an activity in a duty or temporary duty (TDY) status.
2. **Purpose**. In the unfortunate event that a unit may experience some form of disaster on board, it is absolutely imperative that leadership and personnel accounting systems have the most up-to-date personnel information/data possible from that unit. The Sailing Diary provides that vehicle in which this is accomplished.
3. **Responsibilities**
 - a. See reference (a) on Sailing Diary policy/procedures for **submarines**.
 - b. **All ships** with components for which they are responsible will report Sailing and Termination Diaries using the **Navy Standard Integrated Personnel System (NSIPS)**. A component is an activity permanently assigned to the ship, but has a different activity title and its own unique unit identification code (UIC).
4. **NSIPS Procedures**. Strict adherence to these requirements is essential in order for Commander, Navy Personnel Command (COMNAVPERSCOM) to provide the status of an activity and personnel in the event of a disaster at sea. The **Active Readiness Information System (ARIS)**, permits the personnel

managers to quickly determine passengers embarked, survivors embarked, personnel on board to temporary additional duty (TAD), and personnel absent when the ship or mobile unit gets underway.

a. **Prior to getting underway:** A diary will be created in **NSIPS**.

b. **Upon sailing:** Release the Sailing Diary in **NSIPS** for all ship's company and embarked personnel.

c. **While underway:**

(1) **Personnel Arrivals.** If personnel arrive while underway, determine the reason they are reporting. See the below table:

PERSONNEL ARRIVALS			
IF:	TRANSACTION:	SUBMITTED BY:	METHOD:
Reporting for duty	Gain	Ships attached to Personnel Support Activity Detachment (PERSUPP DET) Afloat	Submit documentation to PERSUPP DET Afloat
		Ships not attached to PERSUPP DET Afloat	In NSIPS
Reporting for TAD to augment normal manning or embarking as passengers or as survivors	Embarked Passenger	All Ships	In NSIPS

(See next page.)

(2) **Personnel Departures.** If personnel depart while underway, determine the reason they are leaving. See the below table:

PERSONNEL DEPARTURES			
IF:	TRANSACTION:	SUBMITTED BY:	METHOD:
Ship's company member is being transferred to a new duty station	Loss	Ships attached to PERSUPP DET Afloat	Submit documentation to PERSUPP DET Afloat
		Ships not attached to PERSUPP DET Afloat	In NSIPS
On board for TAD to augment normal manning and are now departing	Debarked Passenger	All Ships	In NSIPS
Ship's company member departing on leave or TAD	Debarked Passenger	All Ships	In NSIPS
An embarked unit, squadron, or staff debarks underway	Unit/Staff Debark	All Ships	In NSIPS
Armed landing party or VBSS team departure or return	Armed Landing Party	All Ships	In NSIPS

(See next page.)

5. **NSIPS Navigation**. The remainder of this article contains information on navigating through the NSIPS diary application panels and their uses.

a. From the **NSIPS Home Screen**, click on **Diary>**, **Sailing Admin>**, **Use>**, **Sailing Admin - Create**.

b. **Sailing Admin - Create** panel will appear. At the bottom of the screen the **UIC** and the **Name of the Ship** under the **Department Description** will be reflected.

c. Click on the **Ship** and a panel with four tabs across the top of the screen will appear. Note what each tab is for; **Sailing Info**, **Absent on Sailing**, **Embark/Debark Passengers**, and **Armed Landing Party**.

(a) **Sailing Info Tab**: Used for information such as sailing beginning/ending dates, sailed from/return to Port, and to report when a unit, squadron, or staff has embarked/debarked with the ship.

(b) **Absent on Sailing Tab**: Used to add or delete personnel absent on sailing or ship's company personnel who depart/return after getting underway.

(c) **Embark/Debark Passengers Tab**: Used to add or delete embarked/debarked United States (U.S.) military officer and enlisted passengers, foreign military passengers, and civilian passengers.

(d) **Armed Landing Party**: Used to add or delete an armed landing party, or personnel when a VBSS team is landed in a foreign territory or vessel for purposes other than training, shore patrol, or parades.

------------------------------------	------------------	-----------------

References	(a) 10 U.S.C., Chapter 1209, §12310 (b) SECNAVINST 1920.6C
-------------------	---

1. **Background.** The Full Time Support (FTS) of the Navy Reserve officer program was authorized by reference (a) in order to have Reserve officers on active duty "... **to perform duties in connection with organizing, administering, recruiting, instructing, or training Reserve components**" and is open to both active duty officers on the Active Duty List (ADL) as well as Ready Reserve officers on the Reserve Active Status List (RASL).

2. **Mission**

a. The mission of the FTS officer program is to

(1) provide full-time training and management of the Navy Reserve,

(2) optimize effectiveness of Navy total force through mobilization and augmentation planning,

(3) optimize readiness of the Navy Reserve for mobilization or peacetime support of active forces, and

(4) facilitate Navy access to Navy Reserve assets.

b. FTS officers provide essential active duty support to the Navy Reserve in the areas of manpower management, personnel administration, mobilization training, logistics support, financial management, and facilities management.

3. **Career Path.** The FTS officer program offers a full active duty career for Reserve officers through captain, with limited opportunity to compete for flag rank. Retention and attrition criteria for FTS officers is defined in reference (b).

a. **Recognize Proficiency.** Recognizing operational proficiency enhances the FTS officer's effectiveness in training and management of the Navy Reserve, the typical FTS officer career path includes a balance of operational and Reserve management assignments.

b. **Maintain Experience.** To maintain a high level of operational experience in the program, FTS Unrestricted Line (URL) officers in all grades follow a sea/shore rotation comparable to their active duty contemporaries. The shore duty assignments that FTS URL officers perform include Reserve management tours based on career progression requirements and billet availability.

c. **Sea/Shore Location.** Reserve management tours may be at field activities throughout the United States (U.S.), as well as on major staffs afloat and ashore.

4. **FTS Designators.** FTS officers are distinguished from their peers by assignment of 7 as the last digit of their designator. The following designators comprise the FTS officer program:

Designator Codes	Titles
1117	Surface Warfare
1127	Submarine Warfare
1137	Special Warfare
1147	Explosive Ordnance Disposal
1167	Surface Warfare Officer Trainee
1207	Human Resources
1317	Naval Aviator
1327	Naval Flight Officer
1527	Aerospace Maintenance Duty Officer
3107	Supply Corps

5. **Promotion.** FTS officers are considered for promotion by Reserve promotion boards, and compete for promotion against other FTS officers. Promotion zones and flow points are commensurate with Regular officers.

6. Program Eligibility

a. **Accession Methods and Time in Grade**

(1) **Regular active duty officers** are accessed into the FTS officer program through **transfer and redesignation** from the ADL.

(2) **Ready Reserve officers** (to include Selected Reserve (SELRES), Voluntary Training Unit (VTU), Reserve Canvassing Recruiters (CANREC), and Selected Reserve officers currently serving on active duty Recall Orders) are accessed into the FTS officer program through **recall** to active duty from the Ready Reserve.

(3) In general, officers must be **junior to a lieutenant commander (LCDR) with 3 years in grade.**

b. **Break in Service Time. Ready Reserve officers** applying for recall to active duty in the FTS officer program should have less than a 4-year break in extended active duty service in order to be provided the opportunity to complete 20 years of qualifying active duty service within 24 years of commissioned service.

c. **Fit for Full Duty. Regular active duty and Ready Reserve officers** applying for the FTS program must be Fit for Full Duty in their medical and dental status and must be cleared for detailing to active duty assignments.

d. **Canvasser Recruiter Requirements. Canvasser Recruiters** are eligible to apply for redesignation into the **1207** community, but must complete an initial 2 years of recruiting duty before being detailed to their initial Reserve management assignment.

e. **Failed of Selection (FOS) Consideration.**

(1) **Regular officers** on the ADL with one or more FOS are considered on a case-by-case basis based on manning needs, policy and statutory limitations, and future promotability.

(2) **Reserve officers** on the RASL with one FOS are considered on a case-by-case basis based on manning needs, policy and statutory limitations, and future promotability. Reserve officers with two or more FOS are not eligible for the FTS officer program.

f. **Inter-Service Transfers.** Applicants must be affiliated with either the Navy or Navy Reserve; inter-service transfers will not be considered.

g. **Degree.** Applicants must possess a 4-year undergraduate degree to be eligible for the FTS officer program.

h. **Eligibility Requirements Adjustments and Release.** Eligibility requirements for both the **FTS officer program** and for each **FTS officer community** are adjusted prior to each FTS Transfer/Redesignation selection board based on manning levels and the needs of both the FTS and Regular active duty officer communities. These requirements will be released prior to each FTS selection board through the semi-annual NAVADMIN message and will also be posted on the applicable Navy Personnel Command (NAVPERSCOM) FTS-related Web sites.

7. **FTS Transfer and Redesignation Boards.** FTS Transfer and Redesignation Boards are conducted **semi-annually** with detailed **eligibility requirements, application deadlines, and board convening dates** announced by NAVADMIN message, as well as additional eligibility and application information being posted on applicable NAVPERSCOM FTS officer program websites. FTS Transfer and Redesignation Boards are also the mechanism for existing FTS officers to request redesignation into another FTS officer community.

8. **Application Procedures**

a. **Addressees and Endorsements.** Officers may apply for FTS officer program by letter

- **to** NAVPERSCOM, Reserve Personnel Management Division (PERS-9),
- **via** their active duty commanding officer (CO) for **Regular** active duty applicants, **or**
- **via** their Reserve unit CO, **or** Reserve unit officer in charge (OIC) for **Ready Reserve** applicants.

Command endorsements are required from all applicants.

b. **Application Content.** Applications must reference this article and should include

- all applicable personal and contact information,
- present command information,
- a brief resume of military duties including
 - qualifications attained,
 - advanced education,
 - aircraft flown,
 - flight hours,
- the FTS officer communities interested in being considered for.

c. **Application Information.** Detailed applications procedures and sample application will be posted on applicable NAVPERSCOM FTS officer program Web sites to assist in the application process for each **FTS Transfer and Redesignation Board**. Both **Regular** active duty and **Ready Reserve** applicants are considered for release by their respective officer community prior to the given FTS board taking place.

9. Service Obligation

a. **Regular active duty officers** accepting FTS redesignation must agree to serve a minimum of 2 years as an FTS officer. The 2 year obligated service (OBLISERV) period will run concurrent with military service obligation (MSO) and all other service obligations incurred by the officer.

b. **Redesignated officers** can expect to be reassigned by the FTS detailer within 1 year of their selection to FTS, or at their projected rotation date (PRD), whichever occurs earlier.

c. **Ready Reserve officers** accepting FTS recall must agree to serve on active duty for a minimum of 3 years as an FTS officer.

1. **Policy.** Agreements by reservists to remain on active duty must be within the term of their enlistment, or enlistment as extended. If reservists accept recall to active duty beyond the terms of their current enlistment, or enlistment as extended, such obligation may be incurred by NAVPERS 1070/621 (Rev 01-00), Agreement to Extend Enlistment, provided such agreement does not exceed a total aggregate of 48 months when combined with previous extensions on a single enlistment contract. If a recalllee's total extensions will exceed 48 months, the member must reenlist USNR on the date of recall, for a period that equals or exceeds the active duty obligation.

2. Procedures

a. Reservists accepted for voluntary recall to active duty, for a period of 30 days or more including the Active Duty for Special Work (ADSW) and Training and Administration of Reserve (TAR) programs (less Active Duty for Training (ACDUTRA)), are required to complete NAVPERS 1070/622 (Rev. 01-00), Agreement to Recall or Extend Active Duty, sections 1 and 2, for the entire period of obligated service indicated on the recall authorization. Reference (a), parts 8 and 9, provides guidance on preparation.

b. A NAVPERS 1070/622 must be prepared for the entire amount of obligated service. Reservists in the Active Mariner and SAM programs are not required to complete a NAVPERS 1070/622 to cover the initial period of active duty.

1. **Policy and Procedures**. Navy reservists who are students or graduates of medical or theological schools have limitations placed on their participation in the Navy Reserve per reference (a), sections 12317 and 12682, and reference (b).

2. **Limitations on Medical Students**. Medical student Navy Reserve participation limitations are as follows:

a. Reserve officers with **19X5** designators who are in an accredited medical, osteopathic, or dental program of study located in the United States or the Commonwealth of Puerto Rico are assigned to the Individual Ready Reserve (IRR). Upon completion of their program, they are required to seek reappointment in the appropriate Staff Corps per references (c) and (d).

b. Reserve officers who are participating in the Navy Active Duty Delay for Specialist (NADDS) Physician Program are not authorized Selected Reserve (SELRES) assignments. NADDS physicians remain in an active status and may be assigned to the IRR either as a drilling member in a voluntary training unit or non-drilling member. They are encouraged to participate non-pay and to perform Annual Training so they will have "Observed" fitness reports submitted by Bureau of Medicine and Surgery (BUMED-513). Fitness reports and Navy Reserve Qualification Questionnaires become the primary sources of information for

promotion consideration. (Refer to reference (e) for additional details.)

c. Reserve officers, with designators other than **19XX**, **2105**, or **2205**, and enlisted reservists who are medical, dental, or nursing students may remain in the Ready Reserve; however, per reference (b), upon mobilization, they either may be deferred or shall be mobilized as a student, intern, resident, or fellow status until qualified in the applicable medical specialty, as prescribed by Secretary of the Navy (SECNAV). Order-issuing authorities should be cognizant of the member's student status and be aware of their restricted mobilization. SELRES assignments should be limited to medical units where their skills can be used upon mobilization.

3. **Credentials Attainment**. Upon attaining the prerequisite medical credentials, members will be required to seek reappointment in the appropriate Staff Corps per references (c) and (d).

4. **Religious Studies and Vocations**. Reservists who are pursuing religious studies or working in religious vocations will notify Navy Personnel Command (NAVPERSCOM), Reserve Officer Status Section (PERS-4911) by letter of their educational and vocational intent. They will be assigned as follows:

a. Navy reservists attending recognized theological or divinity schools, or their equivalent, in preparing for religious ministry are ineligible for assignment to the Ready Reserve and will be transferred to USNR-S1, USNR-S2, or Retired Reserve, as appropriate, unless they are accepted into the Chaplain Candidate Program per reference (f). (By statute, they may not be required to serve on active duty or participate in inactive duty training.)

b. Chaplain Candidate Program officers, designated **1945**, are assigned to the IRR. They are encouraged to perform non-pay drills and may perform Active Duty for Training (ADT) with or without pay as authorized by their program manager. They must apply for and accept, if offered, a superseding appointment in the Chaplain Corps within 1 year of meeting Navy and faith group eligibility requirements and comply with other provisions of reference (f).

5. **Ordained Ministers**. Navy reservists who are or become civilian clergy or ministers of religion must apply for appointment in the Chaplain Corps (**4105**) or request a waiver from NAVPERSCOM (PERS-4911) to remain in the Ready Reserve with another designator or rating.

6. **Waivers**. Reservists may send a request to NAVPERSCOM (PERS-4911) for a waiver to retain their present designator if Navy has need for the member to be reappointed as a **4105** or if there would be a significant rank disparity as a result of their appointment in the Staff Corps. A waiver in itself will not authorize retention in the Ready Reserve, AT with pay, or assignment in a pay billet, but rather allows members to continue their careers in their present designator.

7. **Screening Guidance**. Procedures for reporting members in any of the above categories are identified in the screening guidance provided in reference (g).

1. **Policy.** Reserve officers will be eligible for release from active duty after completing their minimum required obligated active service, and any additional required obligated active service incurred by them.
2. **Minimum Required Active Service**
 - a. Minimum required active duty service is specified in the directive which describes the program through which the officer obtained a commission or is specified in the service agreement executed by the officer.
 - b. Reserve officers **involuntarily** called to active duty will not be eligible for release until completion of the period of active duty for which called.
3. **Additional Required Active Service**
 - a. Additional required active duty service is required of officers who participate in certain undergraduate, postgraduate, and special instructional programs; or who voluntarily execute orders which contain a requirement for the officer to extend active duty service.
 - b. This additional required service will be as specified in the directive which describes the program, as stipulated upon in the officer's application, or by the officer's acceptance of official Navy orders directing the officer to the program.

-------------------	--

1. **Background.** Per the provisions of references (a) through (i), this article defines the status and categories of the Navy Reserve, minimum participation requirements, and provides promotion and attrition policy for members on the Reserve Active Status List (RASL). A status chart and category chart are provided in exhibits 1 and 2 at the end of this article.

2. **Status in the Reserves.** Each member of the Navy Reserve is in an active, inactive, or retired status as defined below.

a. **Active Status.** Reserve members assigned to the Ready Reserve (USNR-R) and Standby Ready Reserve (USNR-S1) are in an active status. Officers in an active status are also listed on the RASL. Active status members are eligible to participate as outlined in exhibit 1.

b. **Inactive Status.** Reserve members assigned to the Standby Reserve-Inactive (USNR-S2) are in an inactive status and are on the Reserve Inactive Status List (ISL). Per exhibit 1, they are subject to recall per reference (a), but may not otherwise participate in any form for pay or non-pay.

c. **Retired Status.** Members in the Retired Reserve (USNR-Retired) are in a retired status. Unless recalled to active duty, they may not receive retirement point credit. They may not be advanced or promoted.

3. **Reserve Categories.** Information pertaining to each of the categories follows:

a. **Ready Reserve (USNR-R)**

(1) Members of the USNR-R are in an active status.

(2) The USNR-R is composed of the Selected Reserve (SELRES) and the Individual Ready Reserve (IRR). Members who drill for pay are identified as SELRES. Members in the IRR are not in a pay status and may drill in a voluntary training unit (VTU) or be assigned to the non-drilling active status pool (ASP).

(3) All individuals obligated to serve in the Navy Reserve shall be assigned to the USNR-R upon original appointment or enlistment and will normally remain in the USNR-R for the remainder of their military service obligation (MSO). Upon completion of their MSO, enlisted members may voluntarily elect to remain in the USNR-R by signing a statement of enlistment, reenlistment, or extension. Officers must request resignation or discharge.

(4) Per reference (a), members of the USNR-R are eligible for involuntary recall to active duty in time of national emergency or when authorized by law.

b. **Standby Reserve Active (USNR-S1).** Navy reservists are transferred to the USNR-S1 by Navy Personnel Command (NAVPERSCOM), Reserve Personnel Administrative Division (PERS-91) per references (d) and (i). They are in an active status and are eligible to participate in a Navy Reserve program without pay for retirement point credit only. They may not receive pay, allowances, or travel allowances for any duty performed. All officers continue to be eligible for promotion consideration. Enlisted members in this category are not eligible for advancement unless they are drilling in a VTU and are not subject to high year tenure (HYT) policies per MILPERSMAN 1160-120. Members are subject to involuntary recall

to active duty only in time of war or national emergency per reference (a). Reservists eligible for USNR-S1 are transferred to that category by NAVPERSCOM (PERS-91) for any of the following reasons:

(1) Reservists who have temporary mobilization restrictions as identified through the mobilization screening process or for other reasons approved by NAVPERSCOM (PERS-91) and intend to return to the USNR-R.

(2) Reservists who are declared to be key employees in either the Federal or non-federal workforce per reference (d).

(3) Reservists who do not possess designator 1945 and who are preparing for religious ministry by attending recognized theological or divinity schools.

(4) Reservists, other than designated medical department officers (19X5 designator), who enroll in an accredited medical, osteopathic, or dental program.

(5) Reservists whose retention in an active status for reasons other than those specified above is considered by the Secretary of the Navy (SECNAV) to be in the best interest of the Navy.

c. Standby Reserve Inactive (USNR-S2)

(1) Members transferred to the USNR-S2 by NAVPERSCOM, Reserve Personnel Management Department (PERS-9) are in an inactive status. They may not participate for retirement points or for pay, and may not be assigned to a Navy Reserve organization other than USNR-S2. They may not be considered for advancement or promotion. If they have been selected for advancement or promotion, but have not advanced or been appointed to the higher rank or rating at the time of their transfer to the USNR-S2, that promotion or advancement will not take effect. They are subject to recall as authorized by law. Enlisted members (USNR-S2) may be returned to USNR-R status if qualified and requested, or retired (if eligible), or discharged at end of the contract. Officers not eligible for transfer to USNR-Retired may normally remain in the USNR-S2 for 1 year. After that time, officers will be screened and considered for discharge, unless they:

(a) Execute NAVPERS 1200/1 Ready Reserve Transfer Request Service Agreement (if eligible);

(b) Request transfer to the IRR (if eligible);

(c) Are approved to remain on the ISL for an additional period of time; or

(d) Are members receiving annual voluntary separation incentive payments.

(2) Reservists who have completed their MSO may be transferred to USNR-S2 by NAVPERSCOM (PERS-9) for any of the following reasons:

(a) Failure to become active in the Navy Reserve after receiving notice of MSO completion (officers only).

(b) Failure to satisfy minimum participation requirements (see paragraph 4 below).

(c) Submission of a personal request that is approved by NAVPERSCOM (PERS-9).

(d) Selective early removal from the RASL per reference (a), §14704.

(e) Members eligible for retired pay under reference (a), chapter 1223 with a disability rating of less than 30 percent and assigned to the USNR-S2 instead of being separated for that disability.

(f) Interim status while completing separation processing per reference (e).

(g) When otherwise authorized or directed by law, regulation or policy; or when judged to be in the best interest of the Navy.

(h) As authorized in reference (i), interim status while processing non-regular retirement requests for members being discharged from the Active Component who qualify for the Reserve non-regular retirement. This status will be used after the member has been made eligible by being scrolled and sworn into the Reserve Component per reference (a). This status is to

be used until the official day of retirement can be recorded, at which time the member is to be transferred to the Retired List.

(i) As authorized in reference (i), members who have failed to maintain required security clearance qualification, are experiencing medical issues, indicate legal issues on annual screening, or are subject to any disciplinary or adverse administrative action.

d. **Retired Reserve (USNR-Retired).** Reservists in the USNR-R, USNR-S1, and USNR-S2 are transferred to USNR-Retired upon request, or as directed per references (e) and (f). Members of the USNR-Retired are subject to recall to active duty in time of war, national emergency declared by Congress, or when otherwise authorized by law per reference (g). Except for authorized active duty, retired reservists may not receive retirement point credit for the performance of any duty after the effective date of their transfer to retired status. Prior to transfer to USNR-Retired, reservists must:

(1) Meet eligibility requirements per reference (a);

(2) Submit a request to transfer to the USNR-Retired to NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) or be directed for transfer to the USNR-Retired by NAVPERSCOM (PERS-91); and

(3) Be transferred to the USNR-Retired by NAVPERSCOM (PERS-912).

e. **Former Members.** Members of the Navy Reserve who become eligible for non-regular retired pay by meeting the service requirements, per reference (a), §12731, and who are subsequently discharged are referred to as "**former members.**" Having been discharged, these individuals are no longer members of the Navy Reserve, therefore are not found in one of the status categories discussed in this article; nevertheless, former members are still entitled to receive retired pay and benefits provided for under reference (a), chapter 54. However, computation of retired pay will be adjusted to account for their earlier separation from military service.

4. **Minimum Participation Requirements to Remain in an Active Status in the Navy Reserve.** SELRES and VTU personnel are continually screened by the Navy Reserve activity (NRA) to ensure that assigned members are participating at a level

consistent with their active status. Similarly, personnel assigned to the non-drilling IRR ASP or USNR-S1 are continually screened by NAVPERSCOM (PERS-9) to ensure that assigned members are participating at a level consistent with their status. NAVPERSCOM (PERS-9) may transfer ASP and USNR-S1 members who have completed their initial MSO, and who are not earning sufficient retirement point credit to the USNR-S2. Officers transferred may request reinstatement to the USNR-R by meeting the requirements specified in this article and completing NAVPERS 1200/1. Enlisted members may agree to remain in the USNR-R by signing an enlistment or reenlistment contract or an extension instrument. The member must take appropriate steps to meet minimum participation requirements. Minimum participation requirements are as follows:

a. **Minimum Points Below 20 Years.** Officers with fewer than 20 years of qualifying service must earn at least 27 points, including membership points, each anniversary year to remain in an active status. There are no minimum participation requirements for enlisted members with fewer than 20 years of qualifying service to remain in an active status. Failure to earn 50 points in an anniversary year will result in a non-qualifying year towards non-regular retirement.

b. **Minimum Points Above 20 Years.** Officers and enlisted members with 20 years or more of qualifying service must earn at least 50 points, including membership points, each anniversary year.

5. Officer Promotion and Attrition while in an Active Status

a. **Promotion of Navy Reserve Officers.** Promotions to chief warrant officer CWO (CWO3, CWO4, or CWO5) and to all ranks above lieutenant result from recommendations made by selection boards. Prior to being considered for promotion by a selection board, officers must meet the following requirements:

(1) Per reference (a), possess a date of rank and precedence number within or above the approved promotion zone for their competitive category and rank; and

(2) Serve continuously on the RASL or ADL during the 1-year period ending on the date of the convening of the promotion board, per reference (a) § 14301. Officers returning to an active status from a period of inactive or broken service (USNR-S2, USNR-Retired, or discharge) are eligible for consideration

for promotion only after continuously serving in an active status for 1 full year prior to the board's convening date per reference (a).

b. **Years of Commissioned Service.** As defined in reference (a) §14706, a Navy Reserve officer's years of commissioned service include all service as a commissioned officer of any uniformed Service, other than constructive service and initial commissioned student service as a 19XX designated officer or service as a warrant officer. By law, years of commissioned service exist as an indicator for identifying officers in the rank of lieutenant commander or above who become subject to attrition under reference (a) and as specified in reference (e).

c. **Attrition from an Active Status Due to Failure of Selection/Years of Service.** Criteria for attrition from an active status (USNR-R or USNR-S1) is specified in references (a) and (e). The general policy is for NAVPERSCOM (PERS-911) to notify active status Navy Reserve officers who meet the attrition criteria and inform them that they must retire (if eligible), be retained or continued (if eligible and elected by the member), or be discharged.

(1) **Exceptions**

(a) Officers approved by NAVPERSCOM (PERS-9) for retention or continuation as permitted by the current SECNAV-approved Navy Reserve Officer Retention and Continuation Plan.

(b) Officers in the ranks of captain and below, who meet the provisions addressed above, and who have between 18 and 20 years of qualifying service for retirement purposes at the time of required attrition, are offered a one-time exemption for a specified time, per reference (a), allowing them the opportunity to attain 20 years of qualifying service.

(c) Female officers and Navy Nurse Corps officers who were serving in the Navy Reserve on active duty, or on the RASL on 30 September 1996 are subject to attrition from an active status under conditions of law in effect before 1 October 1996. They may be involuntarily removed from the RASL for reasons of failure for selection or years of service only by a special board convened by SECNAV.

(d) Per reference (a) §14703, officers in the ranks of captain and commander appointed in the Navy Medical Corps,

Dental Corps, Nurse Corps, Chaplain Corps, or Medical Service Corps (designated to perform as a veterinarian, optometrist, podiatrist, health officer, or biomedical sciences officer) may be retained in an active status.

(2) **Permanent Warrant Officers Who Have:**

(a) Twice failed of selection for promotion to the next higher permanent warrant officer rank are subject to the attrition provisions of reference (e). Officers with 20 years or more of qualifying service will be notified by NAVPERSCOM (PERS-911) and be retired. Officers with at least 18, but fewer than 20 years of qualifying service may be extended to permit them to attain 20 years of qualifying service. Officers with fewer than 18 years of qualifying service may be afforded an opportunity to reenlist in their former enlisted grade or be discharged from the Navy Reserve.

(b) Attained 30 or more years of qualifying service are subject to attrition from an active status in the Navy Reserve per reference (e). Warrant officers approaching 30 years of qualifying service will be advised by letter from NAVPERSCOM (PERS-911) that they will be removed from an active status, unless selectively retained. Generally, the SECNAV-approved Navy Reserve Officer Retention and Continuation Plan will address specific warrant officer retention policies, (such as CW05 retention, based on community promotion plans. If not offered retention, members will be retired.

d. **Age Restrictions.** Per reference (a), chapter 1407, officers who reach the age limits set forth below are not eligible for retention in the SELRES, IRR, or Standby Reserve. When officers approach the age limits listed below, they will be notified by NAVPERSCOM (PERS-911) and advised of their options. Possible options include retirement, if eligible and requested; honorable discharge, if appropriate; or retention, if requested and authorized. The following maximum age limits apply as provided in reference (a) chapter 1407, and as modified by reference (h):

07 and below - - - - - 62 years
08 - - - - - 64 years

Periodically, SECNAV will authorize the retention of certain categories of officers via the Navy Reserve Officer Retention and Continuation Plan as authorized by reference (a), §14703 and

§14701. NAVPERSCOM (PERS-911) will notify these officers of their eligibility for retention. The affected officers must consent to be retained. If retained, NAVPERSCOM (PERS-911) will inform them of the specific period of authorized retention.

e. **Selective Early Removal from the RASL.** Reference (a) restricts the number and composition of Navy Reserve officers authorized to serve in an active status. When a category of officers is projected to reach the maximum number allowed by law or by approved strength plans, NAVPERSCOM (PERS-9) will convene a board to remove certain officers in that category from the RASL under reference (a), §14704. Members being considered for removal are normally notified in advance so that they may communicate with the board. Those not selected for continuation will be notified of their separation date.

6. **Enlisted Participation in an Active Status: Age and Years of Service Restrictions**

a. **Age Restrictions.** Normally, enlisted members of the Navy Reserve are not eligible for retention in an active status (i.e., USNR-R, USNR-S1) after attaining 60 years of age.

b. **Notification.** Supporting NRA COs will ensure that affected enlisted members are notified at least 12 months prior to their 60th birthday and required counseling is conducted. Enter the following as a service record entry on NAVPERS 1070/613 Administrative Remarks:

(Date) I will reach my 60th birthday on _____. In order for me to continue in a pay status from that date forward, I must request and receive an approved age 60 waiver from NAVPERSCOM (PERS-913) before my 60th birthday. If my request to remain in a pay status is not approved, I may be transferred into a non-pay status where I may continue to accrue qualifying service through non-pay drills or the completion of correspondence courses until I become retirement eligible or age 63, whichever occurs first. Additionally, if it is subsequently determined that I will not be able to attain 20 qualifying years of service prior to reaching age 63, I will be transferred to the USNR-S2 where I will not be allowed to reenlist or extend upon expiration of my current enlistment, and I will not be recommended for reenlistment.

c. Waiver Policy

(1) If otherwise qualified, enlisted members may request a waiver to be retained in an active status after attaining age 60 under the following circumstances:

(a) SELRES or VTU members who originally enlisted prior to 15 April 1987 and are unable to complete 20 years of qualifying service prior to attaining age 60, but who can complete 20 years of qualifying service prior to age 63 may apply for an age waiver no later than 9 months prior to their 60th birthday. Authority to grant such waivers has been delegated to NAVPERSCOM (PERS-913).

(b) IRR members attached to the ASP who are unable to complete 20 years of qualifying service prior to attaining age 60, but who can complete 20 years of qualifying service prior to age 63, may apply for an age waiver. Authority to grant this waiver is delegated to NAVPERSCOM (PERS-913).

(2) If the age waiver is approved, members will be authorized by NAVPERSCOM (PERS-913) to continue in an active status in either a pay or non-pay capacity until eligible for retired pay, but in no instance past their 63rd birthday.

(3) Supporting NRA will remove from a pay status those Reservists who have reached age 60 and are not in receipt of an age waiver.

(4) Members who cannot reach retirement eligibility by their 63rd birthday will not be retained in an active status and will be transferred to the USNR-S2 by NAVPERSCOM (PERS-913). Such members will not be reenlisted, extended upon expiration of current enlistment, or recommended for reenlistment.

(5) Members who receive a waiver to participate beyond age 60 and subsequently become unable to achieve retirement eligibility will be processed for discharge under the appropriate MILPERSMAN 1910 articles.

d. Waiver Submission Procedures

(1) Enlisted members desiring an age 60 waiver to serve in an active status shall submit a written request to NAVPERSCOM

(PERS-913) via their Navy Reserve unit commanding officer and the supporting NRA.

(2) At a minimum, the Reserve unit CO's endorsement should include a statement concerning the impact that the loss of the member would have on the unit along with any other pertinent information supporting the member's request.

e. **High Year Tenure (HYT)**. Enlisted personnel desiring to serve in the SELRES past HYT gates must request a waiver per MILPERSMAN 1160-120.

7. Sanctuary Provisions

a. **Reserve Sanctuary**. As a general rule, if members become subject to any of the foregoing attrition actions at a time when they have accumulated between 18 and 20 years of qualifying service, NAVPERSCOM (PERS-911 and or PERS-913) will notify the members and offer an extension in an active status, allowing them the opportunity to complete 20 years of qualifying service. For officer personnel, reference (a), §12646, applies, which excludes sanctuary in cases of separation due to age, physical disability, or cause. For enlisted personnel, reference (a), §1176, applies, which excludes sanctuary in cases of separation due to physical disability or cause.

b. **Active Duty Sanctuary**. Per reference (a), §12686, members who have accumulated 18 or more years of active service who are serving on active duty (other than for training) may not be involuntarily released from active duty until eligible for an active duty retirement, unless release is approved by SECNAV. Members serving on active duty for special work (ADSW) or active duty orders who have accumulated at least 18 years of active service (all active duty for training (ADT), annual training (AT), ADSW, or other active service counts) are included in the sanctuary per reference (f). ADT and AT orders for members with more than 18 years of active service do not trigger the sanctuary provision.

----------------------	--

1. **Background.** Participation requirements for members of the drilling Reserve (Selected Reserve (SELRES) or voluntary training unit (VTU)) are based upon the member's assigned Navy Reserve training and retirement category (TRC). Per references (a) through (f) and MILPERSMAN 1910-158, requirements for participating in the Navy Reserve are set forth below. A description of participation within each TRC is listed in exhibit 1 at the end of this article.

2. **Criteria for Satisfactory Participation.** Unit commanding officers (CO) and Navy Reserve activities (NRA) are responsible for monitoring the participation of their assigned members. Criteria for satisfactory participation in the drilling Reserve follows:

a. Members will be designated as unsatisfactory participants when 9 or more inactive duty training (IDT) periods in a running 12-month period are declared unsatisfactory or are unexcused absences.

b. Members must perform a minimum of 12-14 days annual training (AT) or equivalent active duty for training (ADT) each fiscal year as stipulated by reference (g).

Note: Members are responsible for ensuring that they accrue at least 50 points each anniversary year to obtain a qualifying year toward non-regular (Reserve) retirement. Anniversary years are calculated from a date unique to each Service member and often will not coincide with fiscal or calendar years.

c. Members must report as directed for physical and dental examinations, and provide medical documentation as requested to determine physical qualifications for retention in the Navy Reserve.

d. Members must keep their NRA CO informed of:

(1) Current address;

(2) Work and home telephone numbers;

(3) Changes in physical status;

(4) Dependency changes;

(5) Current employment status; and

(6) Other factors that could affect mobilization potential.

e. Members must respond to all official correspondence.

f. Members must comply with involuntary recall to active duty.

3. **Acknowledgement of Procedures**. All drilling reservists will acknowledge their understanding of the Navy's policy concerning satisfactory participation, notification of absences, and procedures to be taken in the event of a missed IDT period by signing NAVRERS 1570/2 Satisfactory Participation Requirements/Record of Unexcused Absences. Reference (d) outlines requirements for excused/missed IDT periods. Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) may modify satisfactory participation requirements for VTU members while ensuring that the member obtains a 50-point qualifying year for retirement.

4. **Authorized Absences (AA)**. AAs are assigned when valid training or mission support opportunities for rescheduling the drill do not exist, and the unit CO determines that there is no requirement to make up the missed IDT period. Each assigned AA reduces by one the number of regular IDT periods that may be performed per fiscal year. However, assigned AAs do not change the requirement that an anniversary year must have 50 points to qualify as a year toward non-regular retirement. Refer to reference (e) for guidance on the assignment of AAs.

5. **Declaring an IDT or AT Period Unsatisfactory or Unexcused**

a. Declaring an IDT period unsatisfactory does not affect the individual's pay for the IDT period. A member may be awarded forfeiture of pay only as a result of reference (h) action per the table of maximum punishment prescribed in reference (i).

b. A determination as to whether an individual's performance on AT has been satisfactory will be made by the CO of the command to which ordered.

c. Unit CO or NRA CO, in coordination with the unit CO, may declare IDT periods as unsatisfactory for administrative purposes only.

d. An IDT or AT period may be declared unsatisfactory under either of the following circumstances:

(1) Member fails to meet the minimum standards required to maintain the proficiency of the unit and the skill of the individual; or

(2) Disciplinary action has been taken under reference (h).

e. If the member fails to perform a scheduled IDT period and has not notified the unit CO or NRA by the end of the IDT period(s) in order to reschedule or request AAs, the IDT period is declared as an unexcused absence (UA), and the member forfeits the right to earn pay and or points for the IDT period(s) in question. The NRA will record IDT periods declared as UA on the NAVRES 1570/2 and in the Navy Standard Integrated Personnel System (NSIPS).

f. Should an IDT period be declared unsatisfactory, the NRA will record the unsatisfactory IDT period on the NAVRES 1570/2 and in NSIPS. Should an AT period be declared unsatisfactory, the member's NRA will submit NAVPERS 1070/613 Administrative Remarks entry documenting the unsatisfactory AT period.

6. **Actions To Be Taken for Unsatisfactory Participation.** When members fail to meet satisfactory participation requirements, they will no longer be eligible for incentive bonuses, the Montgomery GI Bill-Selected Reserve (MGIB-SR) entitlement and transferability of the Post-9/11 GI Bill, or a recommendation for advancement or promotion. Additionally, one of the following administrative actions will be taken:

a. Enlisted personnel, upon recommendation of the unit CO, may be:

(1) Placed on probation for 6 months; or

(2) Transferred to the administrative processing unit for administrative separation processing per MILPERSMAN 1910-158.

b. Officers will have their drill assignment cancelled, and NRAs will prepare transfer orders to the active status pool. Unsatisfactory participation will be identified as the reason for transfer on the detaching orders and should be reflected in fitness reports. Further unit assignment is not authorized without approval. Additionally, officers may be recommended for separation for cause per reference (f).

7. **Probationary Period for Enlisted Personnel**

a. Enlisted personnel may be placed on a 6-month probationary period for unsatisfactory participation, if the unit CO believes the circumstances that caused the member to be an unsatisfactory participant have been resolved.

b. If during the 6-month probationary period the member accrues one UA or fails to meet any other participation requirement, the member's drill assignment will be cancelled.

Note 1: When individual AT is performed at activities which operate on a normal weekday schedule, completion of 12 days (first working day of first week through last working day of the last week) is considered sufficient to satisfy the annual requirement.

Note 2: Non-prior service personnel who have not satisfied the training requirements prescribed by 10 U.S.C., section 671 may be recalled or mobilized; however, they may not be deployed outside the United States (e.g., direct commission officers who have no prior service).

Note 3: Members of the IRR are not required to perform AT; however, generally they may be authorized to perform up to 29 days ADT each year. Per 10 U.S.C., section 12319(a), they must participate in 1 day of muster duty annually for screening, if ordered. Retirement points are not authorized for the IRR screening.

Note 4: Members in USNR-S1 status can earn retirement points. Members in appropriate training and retirement categories who are participating in the VTU program must maintain IDT participation requirements.

------------------	---

1. **Definition of Leave.** Leave, as defined by reference (a), is the authorized absence of a Service member from a place of duty, chargeable against such member, per reference (b), as amended.

2. **Types of Leave.** The following is a classification of leave types in terms of leave accrued, chargeable, non-chargeable, and subject to checkage:

TYPES OF LEAVE	
TABLE 1-1	
TYPE OF LEAVE	DEFINITION
a. Earned (Accrued) Leave:	<p>Earned leave is the term used to describe leave accrued to a Service member's credit as of any given date.</p> <p>(1) Minus Leave Credit. Earned leave may indicate a minus leave credit, but such amount of minus leave credit must not exceed the amount of leave that would normally be earned during the remaining period of obligated Active Duty (ACDU).</p> <p>(2) Excess Leave. A minus leave credit on date of discharge, effective date of first extension of an enlistment, or separation from ACDU is excess leave and is subject to checkage.</p>

TYPE OF LEAVE	DEFINITION
<p>Earned (Accrued) Leave (cont):</p>	<p>(3) Ordinary Accrual Limit. The account balance of ordinary earned or accrued leave must be reduced to 60 days at the end of the fiscal year (FY), except in the case of special accrual. However, effective 1 October 2008 through 30 September 2015, a Service member's earned or accrued leave must be reduced to 75 days at the end of the FY.</p> <p>(4) Special Accrual Limit. Personnel are authorized special leave accrual up to 120 days while assigned to duty under special circumstances as defined in MILPERSMAN 1050-070.</p>
<p>b. Chargeable Leave:</p>	<p>(1) Annual (Ordinary) Leave - Leave granted in execution of a command's leave program, chargeable to the Service member's leave account.</p> <p>(2) Emergency Leave - Leave granted for a personal or family emergency involving members of their household, immediate family, or a sole surviving relative which requires the Service member's presence whenever the circumstances warrant and the military situation permits. It is chargeable to the Service member's leave account.</p> <p>(3) Advance Leave - Leave granted to a Service member with limited or no accrued leave prior to its accrual to the Service member's leave account, based on a reasonable expectation that it will be earned by the Service member during the remaining period of obligated ACDU. This leave may be granted to resolve urgent, personal, or emergency situations. See MILPERSMAN 1050-130.</p> <p>(4) Reenlistment Leave - Leave granted to a Service member incident to reenlistment. Up to 90 days may be authorized to Service members, and this leave should begin immediately upon reenlistment. It is chargeable to the Service member's leave account.</p> <p>(5) Leave in Conjunction with Permanent Change of Station (PCS) - Leave authorized in conjunction with PCS movement for no less than 30 days delay en route, whenever feasible. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-150.</p> <p>(6) Consecutive Overseas Tour Leave - Leave authorized for Service members stationed outside the continental United States (OCONUS) who are ordered to a consecutive overseas tour at the same duty station or who are reassigned PCS to another OCONUS duty station. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-410.</p>

<p>Chargeable Leave (cont):</p>	<p>(7) Terminal Leave - Leave authorized for Service members at the time of retirement, separation, or release from ACDU. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-120.</p> <p>(8) Environmental Morale Leave - Leave granted to a Service member assigned to an overseas duty location that includes extraordinarily difficult living conditions or adverse environmental conditions that would offset the full benefits of annual leave programs. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-210.</p> <p>(9) Rest and Recuperation (R&R) Leave - Leave granted (to include Government-funded transportation) to Service members who qualify under conditions designated by the Principal Deputy Under Secretary of Defense (PSUSD) for personnel and readiness (P&R). It is chargeable to the Service member's leave account. The associated leave program, Non-Chargeable R&R Program, is not chargeable to a Service member's leave account. See MILPERSMAN 1050-200 for qualifying criteria.</p> <p>(10) Court Determination and or Child Support Leave - Leave granted when a Service member requests leave on the basis of need to attend hearings to determine biological relationship (paternity or maternity) to a child or to determine an obligation to provide child support. Leave shall be granted unless the Service member is serving in or with a unit deployed in a contingency operation, or exigencies of military service require a denial of such a request. It is chargeable to a Service member's leave account.</p>
<p>c. Non-Chargeable Leave:</p>	<p>(1) Convalescent Leave - A period of authorized absence granted to persons while under medical care which is part of the care and treatment prescribed for a Service member's recuperation or convalescence (to include maternity leave). The Service member's commanding officer (CO) or the hospital commander may grant convalescent leave to patients not yet fit for duty per MILPERSMAN 1050-180. Convalescent leave is not chargeable to a Service member's leave account.</p> <p>(2) Graduation Leave - A period of authorized absence granted as a delay in reporting to the first duty station in the case of graduates of the U.S. Naval Academy who are appointed commissioned officers in the Armed Forces. Graduation leave is not chargeable to a Service member's leave account and must be used within 3 months of the officer's graduation and before the officer reports to the first duty location or port of embarkation (for permanent duty or with deployed units).</p>

TYPE OF LEAVE	DEFINITION
<p>Non Chargeable Leave (cont):</p>	<p>(3) Adoption Leave - A period of authorized absence up to 21 days granted to a Service member who adopts a child under a qualifying adoption. Adoption leave is not chargeable to a Service member's leave account. See MILPERSMAN 1050-420.</p> <p>(4) Paternity Leave - A period of authorized absence up to 10 days granted to a married Service member whose wife gives birth to a child and is subsequently used in connection with this birth. Paternity leave is not chargeable to a Service member's leave account. See MILPERSMAN 1050-430.</p> <p>(5) Recruiting Assistance Leave - A period of authorized absence up to 14 days to Service members who provide assistance to recruiting. Recruiting assistance leave is not chargeable to a Service member's leave account. See MILPERSMAN 1050-220.</p> <p>(6) Emergency Leave of Absence - Non-chargeable leave period of up to 14 days for a qualifying emergency. An emergency leave of absence may only be granted by the Secretary of the Navy and is only authorized once during a career. Emergency leave of absence is not chargeable to a Service member's leave account. Emergency leave of absence is subject to the limitations outlined in reference (b).</p> <p>(7) Rest and Recuperation Leave - Leave granted (to include Government-funded transportation) to Service members who qualify under conditions designated by PSUSD (P&R). Non-chargeable R&R is not chargeable to a Service member's leave account. See MILPERSMAN 1050-200 for qualifying criteria.</p>
<p>d. Leave Subject to Checkage - Excess Leave</p>	<p>Excess Leave is the term used to describe leave granted in excess of earned leave and advance leave, and a period during which the Service member is not entitled to pay and allowances.</p> <p>(1) A minus leave balance at the time of discharge, first extension of an enlistment, separation from ACDU, desertion, or death shall be considered as excess leave without regard to the authority under which the minus leave balance was granted.</p> <p>(2) The pay and allowances received while on excess leave shall be checked upon the Service member's return from such leave.</p>

3. **Entitlement to Leave.** Each member serving in the Navy on ACDU shall be entitled to accrue leave at the rate of 2-½ calendar days for each month of ACDU service, except for periods listed in paragraph 4 below.

4. **Exceptions.** Periods of

- a. ACDU of less than 30 consecutive days;
- b. ACDU for training with pay of less than 30 consecutive days;
- c. Absence from duty without leave;
- d. Absence over leave;
- e. Unauthorized absence;
- e. Confinement as the result of a sentence of a court martial;
- f. Lost time per reference (c) and MILPERSMAN 1600-100;
- g. Appellate leave; and
- h. Excess leave or other periods where member is in a non-pay status.

5. **Forfeiture of Accrued Leave.** Any Service member who is discharged under other than honorable conditions shall forfeit all accrued leave to his or her credit at the time of discharge per reference (d), section 501(e)(1). Additionally, per reference (d), section 501(e)(2), Service members who are discharged before completing 6 months of ACDU service because of a failure to serve satisfactorily are subject to the forfeiture of all accrued leave. This provision applies to all Service members, including those with prior military service (breaks in military service of more than 90 or more consecutive days) who are separated for:

- a. **Enlisted Separation Reasons:**
 - (1) Defective enlistments and inductions (minority and fraudulent entry only);
 - (2) Entry-level performance and conduct;

- (3) Unsatisfactory performance;
- (4) Drug and or alcohol abuse rehabilitation failure;
- (5) Misconduct (moral and or professional dereliction);
- (6) Separation in lieu of trial by court-martial; or
- (7) Security (unless the Service member receives an honorable discharge).

b. Officer Separation Reasons:

- (1) Separation for cause (e.g., officers separated for substandard performance of duty);
- (2) Dropped from the rolls;
- (3) Misconduct (moral and or professional dereliction);
- (4) Separation in lieu of trial by court-martial; or
- (5) Security (unless the Service member receives an honorable discharge).

6. Earned Leave Limits

a. Limits on earned leave are defined in references (a) and (b). Earned leave may exceed 60 days during a fiscal year (FY), but any earned leave balance exceeding 60 days shall be reduced to 60 days as of the first day of the new FY. During the period beginning on 1 October 2008 through 30 September 2015, earned leave up to 75 days may be retained as of the first day of the new FY.

b. Leave not to exceed 120 days may be accumulated as defined in MILPERSMAN 1050-070. Except for leave accumulated from 1 October 2008 until 30 September 2015, leave in excess of 60 days that has been accrued, per MILPERSMAN 1050-070, shall be lost unless it is used before the end of the third FY after the FY in which it was earned. Special leave accrual earned from 1 October 2008 until 30 September 2015 may be retained until the fourth FY after the FY in which it was earned.

c. Unused leave accumulated in excess of the above stipulated limitations is irrevocably lost and may not be

compensated for with cash. As this policy is based on public law, no waiver authority exists.

d. A Reserve Component (RC) member who accumulates leave during a period of active service may carry over any leave accumulated subject to the limitations in references (a) and (b).

7. **Limits when Separating, Enlisting, Reenlisting, or Extending**. Use the rules specified in the table below to determine earned leave limits during separation, enlistment, reenlistment, or extension:

RULES TO DETERMINE EARNED LEAVE LIMITS TABLE 1-2		
WHEN ...	AND ...	THEN ...
any person is discharged under other than honorable conditions (OTH),		that person shall forfeit all earned leave at time of discharge.
commands desire to maintain the highest standards of conduct and performance,		the commands may authorize Service members in a pay status leave with pay and allowances not to exceed the amount of leave accumulated to date plus any leave the members will earn while in a pay status.
enlisted members on ACDU who signify their intention to enlist or reenlist in the Regular Navy or Navy Reserve on a date immediately following the date of discharge and remain on ACDU,	members who first extend an enlistment, and who are entitled to lump-sum leave payments for unused leave standing to their credit,	the members may elect to sell a portion of the accrued leave and carry forward the remainder to the new or extended enlistment.
personnel are not entitled to a cash settlement,		they shall have unused leave carried over into a new enlistment or an extension of enlistment. This carryover may exceed 60 days.
a minus leave credit balance exists,		that balance shall not be carried over into a new enlistment or first extension of an enlistment, but shall be considered as excess leave and checked accordingly, except as provided in the article concerning checkage of pay for excess leave.

8. **Authority to Grant Leave**. Subject to such supplementary regulations as may be issued by higher authority:

a. COs or officers-in-charge may grant leave and liberty to officers and enlisted personnel under their command or in their charge, subject to such limitations as are set forth in this article and pursuant to regulations prescribed by the Chief of Naval Operations.

b. The chief or commander of a bureau, command, or office of the Navy department is authorized to grant leave and liberty to Service members on duty in their respective bureau, command, or office, pursuant to regulations.

9. **Aggressive Leave Program Rationale**. Experience has shown that vacations and short periods of rest from duty provide benefits to morale and motivation which are essential to maintaining maximum command effectiveness and morale. The lack of such respite from the work environment adversely affects Service member's health, availability, and performance. It also intensifies the separation from home and family that is a normal result of military duties and operational deployments. Thus, it adversely affects the attitudes of the family and influences the morale and performance of the Service member. Promoting periodic annual use of leave is a major consideration in the effort to increase efficiency while reducing manpower and to reduce costs. Persuasive pursuit of these policies at all levels will make a positive contribution to cost savings, morale, and performance.

10. **Annual Leave Program**

a. Officers authorized to grant leave shall establish and regulate schedules to provide for maximum use of earned leave consistent with:

(1) Operational and training requirements; and

(2) The desires of the individual Service members.

b. All personnel shall be provided an opportunity to take leave annually in these programs.

c. COs must include positive programs to encourage the use of leave as it is earned as respite from the work environment.

d. COs shall ensure that Service members do not bear the responsibility of locating and arranging for necessary leave reliefs or any other type of duty standby for periods of leave of 4 days or more which have been requested and granted prior to the publication of any conflicting duty list or watch bill.

11. **Frequency and Length.** When possible, COs should provide the opportunity to take frequent periods of leave, including an opportunity to take one annual leave period of at least 14 consecutive days, to obtain maximum benefit from the objectives of the command's annual leave program.

12. **Using Leave as Accrued.** Officers in command shall encourage and assist all Service members to use, on the average, their 30 days of accrued leave each year.

a. Congress has provided the authority for Service members to carry over 60 days of leave annually (75 days during the period of 1 October 2008 to 30 September 2015) due to the arduous nature of military duties and the understanding that operational schedules at time do not allow Service members to take their full 30 days of earned leave annually.

b. Congress has provided compensation for Service members who, upon separation, were not able to use their leave because military requirements had prevented it. Service members should not be required to expend leave immediately prior to separation simply for the purpose of reducing leave balances.

c. Using the leave system as a source of additional pay through leave sell-back programs, either as a method of compensation or as a career continuation incentive, defeats the intent of Congress to provide for the health and welfare of service personnel.

d. It is specifically intended that large leave balances shall not be accrued expressly for settlement upon separation or release from ACDU.

13. **Refusal to Take Leave.** Personnel who refuse to take leave when the opportunity is afforded by the command, shall be counseled regarding the benefits of taking leave and the rationale of the leave program. Members should further be cautioned that such refusal may result in the loss of earned leave at a later date.

14. **Circumstances for Special Emphasis to Grant Leave.** In pursuing maximum use of leave, particular emphasis shall be placed on granting leave in the following circumstances:

- a. Upon PCS;
- b. After periods of particularly arduous duty, protracted periods of deployment from homeport, or when there is evidence of deteriorating health or morale;
- c. Within the constraints of the command's unit manning document and operational requirements, emergency leave may be authorized when members or their families have been personally affected by natural disasters (i.e. floods, hurricanes, etc.);
- d. During the traditional national holiday periods of Thanksgiving and Christmas;
- e. For attendance at spiritual retreats or for other religious observances for which liberty is inadequate;
- f. Upon reenlistment and augmentation from Reserve component to ACDU;
- g. During the pre-processing period incident to release from ACDU to the extent of unused leave; and
- h. Immediately preceding retirement, when requested, and to the extent of unused leave.

15. **Successive Leave.** Except under emergency or other unusual circumstances, personnel should not be granted two or more successive periods of leave without performing duty between the termination of one leave and the commencement of the other. This policy is applicable to both regular and holiday weekends.

Example: If a Service member has an approved leave period which terminates on a Friday and has requested another period of leave to commence the following Monday, then the two leave periods shall be combined into one, or the second period of leave disapproved, unless the Service member performs duty on the Saturday or Sunday between the two leave periods.

16. **Granting Emergency Leave.** When responding to emergency leave requests, COs may judiciously authorize up to 30 days of emergency leave. Requests for leave in excess of 30 days must

be authorized by the Secretary of the Navy via the Office of the Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130). See MILPERSMAN 1050-030 for additional guidance concerning emergency leave.

GRANTING LEAVE IN AN EMERGENCY TABLE 1-3		
WHEN ...	THEN ...	AND ...
the aggregate of all leave granted (earned plus advance) does not exceed 30 days,	COs may grant leave in emergencies.	
in the CO's judgment, emergency leave exceeding 30 days is warranted,	emergency leave in excess of 30 days must be authorized by the Secretary of the Navy via OPNAV (N130).	
the Service member has expended all accrued and advance leave,	the Secretary of the Navy may grant a Service member a non-chargeable emergency leave of absence for a qualifying emergency,	this leave is only authorized once in a Service member's career.
emergencies require an absence from duty in excess of 60 days,	the Service member will be considered for humanitarian reassignment of a permanent or temporary nature.	
the emergency is considered appropriate by the CO,	officers serving their initial term of obligated service, or enlisted personnel with less than 8 years of service, may be considered for hardship discharges. See reference (e)(officers) and MILPERSMAN 1910-110 (enlisted).	

17. **Granting Advance Leave**. Advance leave is a means whereby Service members with limited leave accrued may be granted leave to resolve emergency or urgent personal or morale problems. When advance leave has been taken and not fully earned back, an additional advance leave period may be granted, but only in such an amount as will ensure that the total unearned leave does not exceed 30 days.

ADVANCE LEAVE TABLE 1-4	
WHEN ...	THEN ...
advance leave is authorized,	such advance leave shall normally be limited to the lesser of: <ul style="list-style-type: none"> • 30 days; • leave that will be earned during the remaining period of ACDU (current enlistment, not including extensions, for enlisted members); or • the amount of leave that will be accrued prior to date of separation while serving an extension.
advance leave in excess of 30 days is considered necessary,	such advance leave must be authorized by the Secretary of the Navy via OPNAV (N130).
a Service member is separated more than 3 months before expiration of their enlistment, including those who reenlist within 24 hours,	advance leave will be treated as excess leave upon separation.
excess leave is authorized in conjunction with advance leave,	care must be taken that leave is not calculated to accrue during the period of excess leave involved. Accrued leave shall be expended prior to advance leave.

NOTE: Advance leave may not be authorized in conjunction with excess leave authorized for a professional degree or an officer procurement program, or for Service members involved in an administrative, disability, or punitive discharge process.

18. **Granting PCS Leave**. See table below for granting PCS related leave and exceptions thereto:

PCS LEAVE TABLE 1-5	
WHEN ...	THEN ...
a Service member has been issued PCS orders to a new duty station,	30 days of leave will be authorized, consisting of earned and advance leave only, no excess leave will be allowed.

<p>the following situations occur:</p> <ul style="list-style-type: none"> • immediate availabilities from hospitals, or alcohol or drug rehabilitation centers; • decommissioning; • separation orders; • a second PCS move within a 12 month period; • a need to meet key deployment; • to or from an SSBN; or • such unusual circumstances as death, illness, or detachment for cause, 	<p>exceptions to the 30 day authorized leave may be made.</p>
<p>personnel are returning from overseas isolated duty stations or, in certain instances, upon a Service member's request,</p>	<p>leave up to 60 days may be granted.</p>

19. **Proceed and Travel Time Concurrent with Leave.** Proceed and travel time should only be granted concurrent with leave when in conjunction with an authorized PCS movement.

20. **Granting Graduation Leave.** Use the rules in the table below when granting graduation leave to midshipmen graduates of the U.S. Naval Academy:

GRADUATION LEAVE TABLE 1-6		
WHEN ...	THEN ...	AND ...
<p>midshipmen are commissioned as officers after graduation from the U.S. Naval Academy,</p>	<p>graduation leave may be granted not to exceed 60 days, to the extent consistent with service requirements and other exigencies,</p>	<p>this leave is not chargeable to the officer's leave account, but must be used within 3 months of the officer's graduation and before the officer reports to the first duty location or port of embarkation (for permanent duty OCONUS or with deployed units).</p>
<p>extensions of this graduation leave period are necessary,</p>	<p>the extensions will be charged to the officer's leave account.</p>	
<p>assigning the former midshipmen to their first duty station,</p>	<p>the number of days for graduation leave will be stipulated in the orders, issued by the department concerned.</p>	

midshipmen are assigned to temporary duty at the U.S. Naval Academy immediately upon graduation,	graduation leave may be granted by the Superintendent, U.S. Naval Academy commencing on the date determined by the superintendent.	
--	--	--

Note: The Department of the Navy currently limits graduation leave to 30 days. Graduation leave may not be carried forward as credit.

21. **Granting Officer Candidate Leave.** Upon graduation of officer candidate training, newly commissioned officers may be authorized 30 days leave, in advance (if necessary) en route to their first permanent duty station.

22. **Granting Reenlistment Leave.** Reenlistment leave applies to enlistments or reenlistments within 24 hours after discharge. Reenlistment leave will be for one period only and shall not exceed either the Service member's earned leave plus 30 days of advance leave, or a maximum of 90 days.

REENLISTMENT LEAVE TABLE 1-7		
WHEN ...	AND ...	THEN ...
ACDU or RC Sailors enlist or reenlist in the Navy or Navy Reserves within 24 hours of discharge,	are retained on ACDU upon enlistment or reenlistment,	leave may be granted as reenlistment leave.
reenlistment leave is requested to commence immediately upon reenlistment,		leave may be granted as reenlistment leave.
a course of instruction begins within 30 days of reenlistment,		reenlistment leave may be delayed to commence upon completion of the course of instruction.
incident to enlistment,		reenlistment leave may be delayed to commence upon transfer from an overseas station.
duty requirements do not permit reenlistment leave,		reenlistment leave may be delayed to commence at the earliest practical date thereafter.
a member requests his first leave period after reenlistment (with the exception of emergency leave),		that leave is considered reenlistment leave.

23. **Leave Program Administration.** Submit leave request forms via NSIPS ESR e-leave or the command leave administrator (CLA) as a "by direction" request. The NAVCOMPT 3065 Leave Request/Authorization will only be used by commands without a current operating version of NSIPS e-Leave and is available at:
https://navalforms.daps.dla.mil/formsDir/_NAVCOMPT_3065_2901.pdf

a. NSIPS ESR e-Leave and NAVCOMPT 3065 forms **will be** used to grant all types of leave (see note) and record the necessary data for service record and pay record entries.

Note: NSIPS ESR e-Leave and NAVCOMPT 3065 forms **will not** be used to grant leave in connection with transfer orders or to grant liberty.

b. When leave has been requested and approved, the procedures outlined in reference (f) shall be followed.

1. **Rules.** Use the rules given in the table below when dealing with members who are hospitalized or placed in "sick-in-quarters (SIQ)" status while on leave:

WHEN...	THEN...
personnel are hospitalized or placed on SIQ status by a civilian physician while on leave,	these personnel shall not be charged leave for the period of hospitalization or SIQ status insofar as leave accounting is concerned.
admitted to a non-naval medical facility or SIQ status,	such personnel shall advise their commanding officer (CO) as soon as practical and request instructions.
personnel are admitted to naval medical facilities,	CO of that facility shall notify the member's CO of the member's hospitalization, ensuring that such notification will arrive prior to the expiration of leave (if practical).
member is hospitalized or SIQ,	chargeable leave will terminate the day preceding and recommence the day following such status.
a member dies while on leave,	member's account will not be charged for leave on the day death occurs.

2. **Safeguards to Prevent Abuse**. Appropriate safeguards may be established to ensure against abuse of hospitalization SIQ while in leave status, provided they are consistent with acceptance of certification from civilian authorities in:
 - a. Emergency leave validation;
 - b. Compassionate assignments; and
 - c. Hardship discharge procedures.

-------------------	--

1. **Applicability**. The provisions of this article are applicable to all active duty Navy members per reference (a).
2. **Policy**. It is Navy policy to authorize members to accrue up to 120 days earned leave when assigned to duty under any of the circumstances specified under the "Eligibility Criteria" table.
3. **Eligibility Criteria**. Use the rules in the table below to determine member eligibility for special leave accrual:

ELIGIBILITY CRITERIA FOR SPECIAL LEAVE ACCRUAL (Page 1 of 2)		
WHEN members are ...	AND ...	THEN ...
on active duty for a continuous period of at least 120 days in an area in which they are continuously entitled to hostile fire or imminent danger pay,		members are authorized to accrue up to 120 days earned leave.
serving in a deployable ship, mobile unit, or similar duty,	<p>which, because of operational mission requirements, deploys or operates away from its designated home port or home base for a continuous period of:</p> <ul style="list-style-type: none"> • at least 60 days, thus preventing normal use of earned leave before it is lost at the end of the fiscal year (FY), • less than 60 days, 	<p>members are eligible for special leave accrual.</p> <p>members are not eligible for special leave accrual.</p>
Serving in a deployable ship, mobile unit, or similar duty, permanently home ported or home based outside of the 50 United States, which is required to maintain a higher than normal condition of readiness in port or at home base,	<ul style="list-style-type: none"> • have deployed or operated away from home port or home base more than 50 percent of the time, thus preventing normal use of earned leave before it is lost at the end of the FY, • personnel have been assigned to a ship or unit for less than 6 months of the FY, 	<p>members are eligible for special leave accrual.</p> <p>members are not eligible for special leave accrual.</p>

ELIGIBILILTY CRITERIA FOR SPECIAL LEAVE ACCRUAL (Page 2 of 2)		
WHEN members are ...	AND ...	THEN ...
<p>serving on other prescribed duty, normally for a continuous period of 60 days or more during the FY,</p>	<p>the situation that is preventing members assigned to such duty from using leave must have been caused by unscheduled operational commitment, national emergency or crisis or operations in defense of national security. Furthermore, the duty should preclude members from taking leave to reduce their leave balance to 60 days before the end of the FY, or 75 days from 1 October 2008 through 30 September 2013,</p>	<p>members are authorized the special leave accrual.</p>
<p>serving on unit, headquarters, and supporting staffs are prohibited from taking leave because of their involvement to support a designated contingency operation,</p>		<p>the provisions of the above authority may be extended to these members.</p>
<p>serving in Joint organizations,</p>		<p>determination of eligibility shall be made by the Joint organization in which the member is serving, as authorized by reference (b).</p>
<p>not losing leave at the end of the FY in which the qualifying period terminates,</p>		<p>these members are not affected by this entitlement regardless of the number of days they served on a qualifying assignment.</p>

4. Verification Process

a. **Declaring Eligibility:** Personnel, who believe they are eligible for the special leave accrual, should declare their eligibility to their commanding officer (CO)/officer in charge (OIC).

b. **CO/OIC Responsibilities:**

(1) Ensuring personnel under their command are informed of this entitlement.

(2) Ensuring an appropriate service record entry is made for unit deployment dates of departure and arrival for qualifying assignments as described in "Eligibility Criteria" table.

(3) Verifying member's eligibility by service record review. In the absence of adequate documentation, an individual's signed sworn statement based on the "Eligibility Criteria" table is acceptable.

5. Limitations

a. Special leave accrual shall not be used to authorize accumulation of leave in excess of 60 days (or 75 days during the period beginning on 1 October 2008 through 30 September 2013) for personnel who do not manage their leave properly.

(1) Members are expected to take advantage of authorized leave periods and use leave authorized incident to permanent changes of duty.

(2) Leave balances that would have been lost at the end of the FY, regardless of whether the member was assigned to prescribed duty, will not be carried over.

b. The rules in table below specifies when special leave accruals are creditable and when they will be lost, with cross-reference to the "Eligibility Criteria" table:

WHEN SPECIAL LEAVE ACCRUAL IS CREDITABLE AND WHEN LOST	
WHEN ...	THEN ...
special leave accrual is under "Hostile Fire/ Imminent Danger," "Deployable Ship/Mobile Unit," or "Other Duty" criterion,	accrual is creditable in the FY in which the required continuous period of duty is reached, but the qualifying duty need not have commenced in that FY.
members are assigned to units permanently home ported or home based outside of the 50 United States as described by the "Deployable Ship/Mobile Unit Overseas" criterion,	special leave accrual is creditable only in a FY during which the member was assigned for at least 6 months.
leave is accrued in excess of 60 days, or 75 days during the period beginning on 1 October 2008 through 30 September 2013,	it is lost if not used before the end of the third FY following the FY in which the qualifying duty, i.e., deployment, is terminated; however, if the leave in this instance is accrued from 1 October 2008 until 30 September 2013, the carryover period would terminate on the fourth FY after the FY in which the qualifying duty terminated.
personnel are assigned to a deployable ship or mobile unit,	they may qualify for special leave accrual in the FY prior to the FY the ship or mobile unit returns to home port or home base. In this case, the carryover period terminates at the end of the third FY after the FY in which the ship or mobile unit returns from a qualifying deployment; however, if the leave in this instance is accrued from 1 October 2008 until 30 September 2013, the carryover period would terminate on the fourth FY after the FY in which the ship or mobile unit returns from a qualifying deployment.
members detach prior to the end of a deployment,	the date of detachment from the deployed unit is the date that normal leave-taking opportunities are considered once again available.

c. **Example 1:**

- (1) Member qualifies for FY 2005 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base prior to 1 October 2005,
- (3) leave accrued in excess of authorized carryover days at the end of FY 2005 must be used by 30 September 2008, or
- (4) it will be deducted from the member's account.

d. **Example 2:**

- (1) Member qualifies for FY 2005 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base on or after 1 October 2005,
- (3) leave accrued in excess of authorized carryover days at the end of FY 2005 must be used by 30 September 2009, or
- (4) it will be deducted from the member's account.

e. **Example 3:**

- (1) Member qualifies for FY 2009 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base prior to 1 October 2009
- (3) leave accrued in excess of authorized carryover days at the end of FY 2009 must be used by 30 September 2013, or
- (4) it will be deducted from the member's account.

f. **Example 4:**

- (1) Member qualifies for FY 2009 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base on or after 1 October 2009
- (3) leave accrued in excess of authorized carryover days at the end of FY 2009 must be used by 30 September 2014, or

(4) it will be deducted from the member's account.

6. **Duty in support of Contingency Operations.** Active duty members who have been recalled from or not authorized annual leave as a consequence of duty assignments in support of a contingency operation are authorized to carryover annual leave in excess of days normally prescribed for carryover per this article. These servicemembers are authorized to retain such leave until the end of the second FY after the FY which such service on active duty is terminated.

7. **Other Special Limits**

a. Reference (c) provides special leave accrual because of reduced leave taking opportunity caused by operational commitment. Consequently, special leave accrual does not apply to individual cases of leave lost due to

(1) hospitalization, or

(2) permanent change of station (PCS) order modifications.

b. Separation payments for unused accrued leave are limited to 60 days during a military career by reference (d).

8. **Administration**

a. Disbursing and administrative procedures are contained in reference (e).

b. Requests for special leave accrual should be submitted via the chain of command (COC) to the approving authority no earlier than the end of the FY, and no later than the end of the first quarter of the following FY.

Example: A request for FY 2008 special leave accrual should be submitted after 30 September 2008, but not later than 31 December 2008.

9. **Request Format.** Requests for special leave accrual, under the "Other Duty" criterion, should provide the following information for all personnel included in the request:

a. Full name, rank/rate, and SSN (XXX-XX-1234, last four digits).

b. Deployments:

(1) Dates, including any deployment period, which started in the previous FY and ended in the FY for which special leave accrual is being requested.

(2) Ship or unit with which deployed.

(3) Hostile fire or imminent danger area.

(4) Contingency operations (unclassified), deployed in support of.

c. Factors preventing use of earned leave while not deployed.

d. Number of days lost at FY end.

e. Narrative explaining any special circumstances to be considered by the approving authority.

f. CO endorsement.

10. Approving Authority

a. COs are delegated authority to grant special leave accrual to members eligible under the following criteria given in the "Eligibility Criteria" table:

Hostile Fire/Imminent Danger
Deployable Ship/Mobile Unit
Deployable Ship/Mobile Unit Overseas

b. Navy Echelon II Commanders, e.g.,

Commander, U.S. Fleet Forces Command (COMUSFLTFORCOM),
Commander, U.S. Pacific Fleet (COMPACFLT),
Commander, U.S. Naval Forces Europe (COMUSNAVEUR), and
Commander, U.S. Naval Forces Central Command (COMUSNAVCENT)

have approval authority for special leave accrual under the "Other Duty" criterion.

-----------------------------	--

1. Instructions

a. The primary responsibility for leave accounting is under the cognizance of the DFAS Cleveland Center.

b. Instructions in this article are intended to provide a general understanding of the method of computing leave.

c. Specific instructions concerning leave accounting are contained in the DJMS PTG.

2. Computing Leave. Leave is credited at the rate of 2 ½ days for each full month on active service.

3. When is Leave Not Creditable

a. Leave is not creditable for any period when the member is in

- (1) a lost time,
- (2) excess leave, or
- (3) other non-pay status.

b. Leave earnings will be reduced for each non-creditable period using the foregoing table.

4. **Computing for Cash Settlement.** Use the rules in table below when making a cash settlement at the end of a period of active service:

WHEN ...	AND ...	THEN ...
leave is computed at the end of a period of active service for the purpose of making cash settlement,	the final leave balance includes a half day total,	the total shall not be advanced to the next higher full day: <ul style="list-style-type: none">• the amount to be paid shall be computed by crediting the member with one-half of a day's entitlement.• the total amount shall be rounded to the nearest penny.
a minus leave balance includes a half-day total,		the minus balance shall be increased to the next highest full day.

5. **Determining Leave Between Permanent Change of Stations (PCS's)**

a. In determining leave between PCS's, work backwards to compute the number of days travel, proceed, and leave, according to MILPERSMAN 1320-090, 1320-100, and 1050-150.

b. If both travel in and out of the continental United States (CONUS) are involved, the allowable travel time IN CONUS and OUT CONUS will be added.

c. The number of days remaining, after deducting the proceed and travel time from the elapsed time, is chargeable as leave.

Example 9

This example deals with a situation where unaccounted for time has been generated by a member. A determination of how the member's time is to be charged has to be made, resulting in one of the following three outcomes:

Unauthorized absence (UA),
Allowable travel time, or
Leave.

On 18 November a member detached for permanent change of station (PCS) transfer from Tulsa, OK, to shore duty in San Francisco, CA, with 12 days delay in reporting to count as leave, no proceed time and 6 days travel time, to report NLT 2400 on 6 December.

Governing Directives	DOD Directive 1327.5 of 24 Sept 85 DJMS Procedures Training Guide (DJMS PTG), Part 1, Chapter 3.
-----------------------------	--

1. **Policy**. Leave granting authorities may authorize the commencement of leave at any time on a day of duty. Special liberty shall not be granted for the purpose of extending leave. Per DoD Directive 1327.5, Leave and Special Liberty shall **not** be combined.

2. **Leave Accounting**. The DJMS PTG, Part 1, Chapter 3, details specific leave accounting procedures.

3. Determining Day of Duty or Day of Leave. Use the rules in table below to determine whether a day of departure or return is to be counted as a day of duty or a day of leave:

WHEN ...	THEN ...
leave commences prior to the expiration of the member's normal working hours,	the day of departure is counted as a day of leave.
leave commences after the expiration of the member's normal working hours,	the day of departure from the duty station is a day of duty not charged as leave.
no duties are scheduled for that day, e.g., regular day off,	leave may commence anytime during the day.
a return is made at or before the commencement of the member's normal working hours,	the day of return from leave shall be counted as a day of duty.
a return is made after the commencement of the member's normal working hours,	the day of return from leave shall be counted as a day of leave.
leave commences and terminates on non-duty days,	one of the days shall be charged as leave.

4. **Examples.** The following examples are set forth in the table below to aid in determining the commencement of leave. In each instance the member works Monday through Friday, 0800 to 1630.

Example #	WHEN ...	THEN ...	AND ...
1	a member wants to commence leave at 1630 on Thursday,	Friday is the first day of chargeable leave,	Thursday is a day of duty.
2	member wants to commence leave at 1200 on Tuesday,	Tuesday will be charged as a day of leave,	special liberty may not be granted at 1200, allowing member to combine special liberty and leave.
	leave is authorized at 1630 on Tuesday,	Tuesday is a day of duty, since member worked until 1630.	
	leave is authorized at 1630 on Monday,	Tuesday is the first day of leave.	
3	member wants to commence leave at 0001 Sunday,	Monday is the first day of leave,	Sunday is counted as a day of duty.
	telephone check-out is authorized,	member must be in the immediate geographic area of their duty station (as defined by the local command).	
	leave period also ends on a non-work day, i.e., weekend or holiday,	one of the days will be charged as a day of leave, regardless of time of departure or return.

-------------------	---

1. Policy

a. Per reference (a), Service members must check out on leave and check in upon return to their commands.

b. Per reference (b), the Navy Standard Integrated Personnel System (NSIPS) Electronic Service Record (ESR) Electronic Leave (e-Leave) Program contains an automatic check-out and check-in system that charges leave based on the approved dates within the system. A self-service function exists that allows Service members to manually check-in and check-out on leave.

c. The self-service function allows members to adjust their leave dates in cases where Service members check out late from approved leave start date or check in early from approved return date. This gives Service members the ability to correct their own leave without the support of the command leave administrator (CLA).

2. Processing Leave Authorization

a. Service member requests leave in NSIPS ESR e-Leave. Once approved, no further action is necessary unless the Service member must adjust the leave dates or cancel the leave request prior to the approved leave dates.

b. Service member prints an approved copy of his or her leave paper 3 days prior to leave commencement from the ESR self-service account in NSIPS.

c. NSIPS ESR e-Leave will automatically charge leave based on the approved dates within the system. If a Service member checks out later or returns earlier than approved, the Service member can use NSIPS ESR e-Leave to adjust the dates of leave without CLA intervention. In all other cases, corrections can be made by the CLA.

d. NSIPS ESR e-Leave will process transactions to Defense Finance and Accounting Service (DFAS) 24 hours after the first day of chargeable leave.

4. **Commanding Officer Responsibility and Authority**

a. The commanding officer is responsible for proper compliance with leave policies and regulations. Commanding officers must

(1) designate each CLA in writing and each CLA letter must contain unit identification codes (UICs) to which the CLA will need access.

(2) ensure each CLA submits OPNAV 5239/14 System Authorization Access Request Navy (SAAR-N) to the personnel support detachment/customer service desk (PERSUPP DET/CSD) NSIPS access manager (NAM) with the signed Letter of Designation to authorize administrative access to NSIPS ESR e-Leave. Afloat NSIPS capable ships will submit OPNAV 5239/14 via NSIPS Web afloat to ship access manager for CLA access approval.

(3) Send a copy of the CLA Letter of Designation to the servicing PERSUPP DET/CSD NAM.

(4) Ensure the command's administration office maintains a copy of the CLA Letter of Designation on file and verifies system access annually.

(5) Establish command specific leave and liberty policies and include specific information for checking out on leave and checking in off leave.

(6) Use the reports that exist within the NSIPS ESR e-Leave Program to monitor compliance with leave policies. Commanding officers can track CLA and individual Sailor actions, as well as any changes made to leave requests, for accountability purposes. Any changes to individual leave requests should be justified in comments section of the e-Leave request.

5. Non-e-Leave commands refer to reference (c) for guidance on implementing e-Leave. Commands not on e-Leave will continue to process leave requests per their command's leave and liberty policy until e-Leave implementation is complete.

-----------------------------	--

1. Rules for Determining and Charging AOL

a. Rules for determining whether absence is unavoidable are contained in Table 1-3-3 of the DODFMR.

b. Use the rules in table below to determine when absences over leave or liberty are chargeable as leave or as lost time:

WHEN absence is over	AND the hour of return is	AND absence is determined to be	THEN it shall be considered as	AND charged as
authorized leave,		unavoidable,	leave	leave.
		avoidable,	absence without leave	lost time.
regular liberty in excess of 24 hours,	at or before 0900,	unavoidable,	leave	leave, starting the day regular liberty status expired through day prior to the day of return.
	After 0900,	unavoidable,	leave	leave, starting the day regular liberty status expired through the day of return.
special liberty in excess of 24 hours, or	at or before 0900,	unavoidable	leave, including the liberty period	leave, starting the day special liberty status commenced through day prior to the day of return.
	After 0900,	unavoidable,	leave, including the liberty period	leave starting the day special liberty status commenced through the day of return.
special liberty and the period of liberty plus absence in excess of 72 hours,	after 0900,	avoidable,	absence without leave	lost time.
	at or before 0900,	unavoidable,	leave, including the liberty period	leave starting the day special liberty status commenced through day prior to the day of return.
	after 0900,	unavoidable,	leave, including the liberty period	leave, starting the day special liberty status commenced through the day of return.

2. Dealing With Special AOL Situations

a. Absences over leave or liberty caused by

(1) mental incapacity,

(2) detention by civilian authorities, or

(3) early departure of a mobile unit due to operational commitments,

whether determined to be avoidable or excused as unavoidable, shall not be charged as leave, regardless of duration.

b. Use the rules in the table below to determine whether a particular special case is to be charged as time served or as lost time:

When absence is due to	AND	THEN
mental incapacity,	is excused as unavoidable,	shall be considered as time served.
	is not excused as unavoidable,	shall be considered as lost time.
detention by civilian authorities,	is not excused as unavoidable,	shall be considered as lost time.
early departure of a mobile unit because of operational commitments,	provided member reports to a naval command,	shall be considered as time served.
certain other unusual circumstances, resulting in a member being absent from the member's duty station,	an exception is considered appropriate by the commanding officer,	details of such cases should be forwarded to Chief of Naval Personnel (N13) for determination.

3. Computing Leave for Unavoidable AOL. Periods of absence over regular liberty and special liberty, excused as unavoidable and charged as leave, shall be computed using examples in the table below:

WHEN member departs on	AND member returns at	THEN member is charged
Absence in Excess of 24 Hours Over Regular Liberty		
regular liberty on Friday at 1630, 13 September, to expire on board Monday at 0730, 16 September.	1000, 18 September, with unauthorized absence excused as unavoidable,	3 days leave for period 16-18 September. Comment: day regular liberty expired through day of return, since return was after 0900.
special liberty on Tuesday at 1000, 10 September, to expire on board Wednesday at 0830, 11 September,	1500, 12 September, with unauthorized absence excused as unavoidable,	3 days leave for period 10-12 September. Comment: day special liberty commenced through day of return since period of unauthorized absence exceeded 24 hours. Note: Had the period of unauthorized absence been less than 24 hours, no leave would have been charged.
Total Absence Exceeds 72 Hours		
special liberty on Monday at 1000, 9 September, to expire on board Thursday at 0830, 12 September,	0600, 13 September, with unauthorized absence excused as unavoidable,	4 days leave for period 9-12 September. Comment: day special liberty commenced through day prior to day of return, since member returned prior to 0900, 13 September. Note: The period of unauthorized absence was less than 24 hours, but the period of special liberty plus unauthorized absence exceeded 72 hours.

Governing Directive	DFAS-DJMS, Procedures Training Guide (DFAS-PTG)
----------------------------	---

1. Policy

a. When consistent with military requirements, a member may be granted leave which expires,

(1) if active duty, on the day of separation without the necessity of returning to the separation site.

(2) if reserve, prior to the effective date of separation in order that allowable travel time can be completed on the separation date.

b. Separation leave is granted by the member's commanding officer according to the command's leave program.

c. Since a member is not required to report to a naval activity for final processing at the expiration of leave, it is imperative that the separating activity accomplish all pre-separation counseling and administrative processing prior to the member's departure for leave.

d. When separation processing has been completed and the member has departed on leave, such leave may be voluntarily terminated only if the member returns to the command or the separation activity maintaining the member's records.

e. Travel to the member's command or the separation activity will be at the member's own expense.

2. **Policy for Deployed Afloat Units and Overseas Activities**

a. Commanding officers of deployed afloat units and overseas activities may authorize separation leave in the member's orders, which direct transfer to a separation activity in the 48 contiguous United States or District of Columbia (D.C.).

b. Use the rules in the table below to determine actions involved in granting separation leave:

WHEN ...	AND ...	THEN ...	AND ...
members are assigned to deployed afloat units or to overseas activities,	desire separation in one of the 48 contiguous United States or D.C.,	members shall be transferred to the separation activity nearest the port of debarkation in one of the contiguous United States or D.C. for separation processing	subsequent granting of separation leave, that is authorized in the member's transfer orders.
For the purpose of separation leave, a member assigned to an overseas activity,	transferred to a separation activity in one of the 48 contiguous United States or D.C.,	member is considered to have fulfilled the prescribed area tour	a request for exception to the prescribed tour is not required.
member is being separated at current duty station outside the 48 contiguous United States or D.C. according to the article on place of separation contained elsewhere in this Manual (see MILPERSMAN 1910-812),		commanding officers of deployed afloat units and overseas commands may grant separation leave to separating members provided <ul style="list-style-type: none"> • enlisted member has signed NAVPERS 1070/613, Administrative Remarks entry, and • officer has signed a letter approved by commanding officer, 	member has acknowledged the statement below:

"I hereby request to be granted (number) days separation leave by (name of command).

I understand that in the event I desire to terminate this leave to reenlist or to continue on active duty I must return to (name and location of command).

I also understand that such return travel is at my own expense and that I have no entitlement to or claim for reimbursement.

I also understand that if I and/or my family members travel at Government expense prior to the effective date of separation to reenlist or to continue on active duty, I will be checked for the amount of Government transportation provided to me and/or my family members."

3. **Policy for Deployable CONUS-Based Units and CONUS Activities.** Use the rules in the table below when granting separation leave to members of CONUS units and activities:

WHEN ...	AND ...	THEN ...
CONUS activities and CONUS-based deployable units (ships, VP, VA, NMCB, etc.,) based in any of the 48 contiguous United states or D.C., are not scheduled to deploy during the period of separation leave,		commanding officers may authorize such leave.
a unit is scheduled to deploy, leave 48 contiguous United States or D.C.	call at a port outside this area, during the period of separation leave,	members desiring separation leave shall be transferred to the nearest separating activity for separation processing.

4. **Prohibited Actions**. The following actions related to the separation leave are prohibited:

a. Separation leave of active duty members shall not delay separation. At the expiration of the leave period the member will be considered separated.

b. Excess leave shall not be granted as part of separation leave.

c. Separation leave shall not be granted for members who are being administratively discharged.

5. **Separation Leave Composition and Limitations**. Separation leave is ordinary leave and shall consist of accrued and advance leave, not to exceed the amount of leave to be earned by actual day of separation.

a. The commanding officer granting separation leave has the authority to authorize the amount of leave the member will accrue to the date of separation, including an amount exceeding 60 days.

b. A member may be granted all or a portion of accrued and advance leave as separation leave, dependent upon military requirements and the desires of the member.

c. Payment, for unused accrued leave at the time of separation, is limited to payment for a maximum of 60 days per career after 9 February 1976, and will be included in the member's final check.

6. Officer Resignation or Release. Use the rules in table below when granting separation leave to officers resigning or requesting release:

WHEN ...	AND ...	THEN ...
officer is resigning or requesting release from active duty (RAD),	is submitting resignation/RAD requests to Navy Personnel Command (NAVPERSCOM) (PERS-813/resignations) NAVPERSCOM (PERS-4/RAD),	officer should include a statement concerning the number of days of separation leave approved by their command with command endorsement.
Separation leave cannot be approved at that time (see the rule above),		officer should forward to the appropriate office in the NAVPERSCOM a command endorsed statement of the amount of separation leave authorized, will in advance of receipt of separation order, to ensure separation leave can be completed on the effective date contained in the orders, except as addressed in the General Policy block. Failure to do so may require order modification.

7. **Permissive Actions**. Following is a list of permissive actions relating to separation leave and leave en route, early release, and frequency of use during a career:

a. Separation leave may be granted in conjunction with an early release program.

b. Separation leave may be utilized more than once per career.

8. **Gapping Billets**

a. The granting of separation leave may cause some billets to be necessarily gapped, since the needs of the Navy may preclude providing an early relief for a member who is being separated.

b. Commanding officers authorizing separation leave will do so only when the efficiency and readiness of the command will not be unduly impaired during the period of time when the billet will not be filled.

9. **References**

a. Administrative and disbursing officer procedures are contained in DFAS PPM.

b. Retirement leave is discussed in the article on accrued leave creditable upon retirement (MILPERSMAN 1050-400).

EMERGENCY LEAVE

Responsible Office	CNO (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

Governing Directives	OPNAVINST 4650.15 Joint Federal Travel Regulations (JFTR), Volume 1, Chapter 7 DOD Directive 1327.5 of 24 Sept 85
-----------------------------	--

1. **Policy.** Emergency leave should be granted whenever the circumstances warrant, based on the judgment of the commanding officer and the desire of the member. The determination of which eligible dependents, if any, will travel on funded emergency leave shall be the member's (as defined in OPNAVINST 4650.15 and JFTR, Volume I, Chapter 7). Funding availability is not criteria for making a determination. Since most family emergencies are highly time-dependent, swift and sensitive action on emergency leave requests is essential.

2. **Alternatives to Extended Emergency Leave.** Prior to granting extended emergency leave involving excess leave, consideration shall be given to the possibility of a request for either

- a. a humanitarian duty assignment, or
 - b. a hardship discharge.
-

3. **Verifying that Emergency Exists.** Navy policy does not require the use of the American Red Cross to verify all emergency leave situations; however, when the leave-granting authority is uncertain of the validity of an emergency situation, verification assistance should be requested.

4. Whom to Contact for Assistance

a. The commanding officer or the member concerned should request the assistance of the

(1) home port contact officer for deployed members;

(2) the military installation nearest the location of the emergency; or, if necessary,

(3) the American Red Cross

to obtain additional information desired concerning the urgency or necessity of the member's presence.

b. Dependents should be encouraged to request assistance in emergency situations from the

(1) American Red Cross,

(2) member's home port contact officer, or

(3) the nearest Navy or other military activity.

5. Conditions for Granting Emergency Leave. Emergency leave is authorized in the circumstances set forth below and normally will be granted provided the military situation permits as determined by the fleet, force, or area commander concerned when the existence of an emergency has been determined by letter, telegram, or telephone call from the

family member,
minister,
attending physician, or
other interested party

to the member's command or to the member concerned.

6. **Definition of Emergency Circumstances.** The emergency circumstances needed for granting emergency leave are defined as follows:

a. **Contribution to Welfare of a Dying Member.** When the return of the service member will contribute to the welfare of a dying member of the service member's or spouse's **immediate family**.

(1) **Definition of "Immediate Family."** The Service-member's or spouse's "immediate family" is defined to consist of the following members:

father,
mother,
person standing in loco parentis ,
spouse,
children,
brother,
sister, or
only living relative.

(2) **Definition of "In Loco Parentis."** "In loco parentis" is defined by DOD Directive 1327.5 as a person who stood in place of a parent to the service member 24 hours a day for a period of at least 5 years before the service member became 21 years old or entered military service.

b. **Death.** Upon the death of a member of the service member's or spouse's immediate family.

c. **Accident or Serious Illness.** When an accident to, or serious illness of, a member of a service member's or spouse's immediate family results in a serious family problem and imposes important responsibilities on the member which must be met immediately, and which cannot be accomplished from the member's duty station or by any other individual or means.

d. **Severe and Unusual Hardship.** When failure of the service member to return home would create a severe and unusual hardship on either the member or the member's family.

7. Members with Infectious or Contagious Disease. Personnel undergoing treatment for an infectious or contagious disease shall only be granted leave for emergency reasons and then only when supported by a statement from a medical officer that the leave will not jeopardize the public health.

		member on emergency leave to visit a place outside CONUS shall be considered as returned to a duty status upon reporting at a port (or aerial port) of embarkation in the area of the emergency, for return to duty,	the day of reporting at the port (or aerial port) of embarkation, in the area of the emergency, shall be accounted for as a day of duty.	
outside CONUS,	authorized emergency leave to visit a location outside CONUS,	government-funded travel (in accordance with JFTR, par. U7205) that requires routing within CONUS, shall not be charged as leave,	travel within CONUS not authorized at government expense shall be charged as leave.	

3. **Illustrative Examples**. The following four emergency leave examples are provided to illustrate likely scenarios. They assume government-funded transportation is authorized, in accordance with JFTR, par. U7205.

Example 1: Out CONUS PCS - In CONUS Leave. Member assigned PCS outside CONUS and is on emergency leave in CONUS:

Event	Location	Date	Remarks
departs	Germany	1 July	duty station in Germany
arrives	Philadelphia PA	2 July	aerial port of debarkation
departs	Philadelphia PA	2 July	
arrives	San Francisco CA	2 July	area of emergency
departs	San Francisco CA	8 August	the period 3 July to 8 August inclusive chargeable as leave
arrives	Philadelphia PA	9 August	aerial port of embarkation; await government-funded transportation - the day 9 August not chargeable as leave
departs	Philadelphia PA	10 August	
arrives	Germany	11 August	duty station in Germany

Example 2: Out CONUS PCS - Out CONUS Leave. Member assigned PCS outside CONUS and is on emergency leave at different location outside CONUS:

Event	Location	Date	Remarks
departs	Germany	1 July	duty station in Germany
arrives	McGuire AFB NJ	2 July	
departs	McGuire AFB NJ	2 July	
arrives	Travis AFB CA	4 July	
departs	Travis AFB CA	5 July	
arrives	Hickam AFB HI	6 July	aerial port of debarkation
departs	Hickam AFB HI	6 July	emergency leave in Hawaii
arrives	Hickam AFB HI	8 August	the period 7 July to 7 August inclusive chargeable as leave; aerial port of embarkation - awaiting transportation for return to duty
departs	Hickam AFB HI	12 August	the days 8 to 11 August inclusive not chargeable as leave - member awaiting government-funded transportation
arrives	Travis AFB CA	13 August	
departs	Travis AFB CA	13 August	
arrives	McGuire AFB NJ	16 August	
departs	McGuire AFB NJ	18 August	
arrives	Germany	19 August	duty station in Germany

Example 3: In CONUS PCS - Out CONUS Leave. Member assigned PCS in CONUS and is on emergency leave outside CONUS:

Event	Location	Date	Remarks
departs	Norfolk VA	1 July	departs duty station after normal work hours
arrives	Los Angeles International Airport CA	3 July	travels at own expense aerial port of embarkation
departs	Los Angeles International Airport CA	4 July	on government-funded flight
arrives	Manila International Airport PI	6 July	aerial port of debarkation
departs	Manila International Airport PI	6 July	departs on emergency leave in Philippines; the period 7 July to 6 August inclusive chargeable as leave
arrives	Manila International Airport PI	7 August	aerial port of embarkation; awaiting government-funded transportation for return to duty;
departs	Manila International Airport PI	8 August	the days 3 July and 7 August not chargeable as leave - member awaiting government-funded transportation
arrives	Los Angeles International Airport CA	9 August	aerial port of debarkation
departs	Los Angeles International Airport CA	9 August	at own expense
arrives	Norfolk VA	11 August	arrives at duty station after normal working hours; the days 2 July and 10 and 11 August charged as leave - days of travel within CONUS, not authorized at government expense

Example 4: In CONUS PCS - In CONUS Leave. Member is assigned PCS in CONUS and is on emergency leave in CONUS. Member is assigned to a ship homeported in Norfolk VA; member's ship is conducting a port visit in New Orleans LA.

Event	Location	Date	Remarks
departs	New Orleans LA	1 July	departs ship via government-funded transportation
arrives	Norfolk VA	2 July	
departs	Norfolk VA	2 July	commences emergency leave; the period 3 July to 1 August inclusive chargeable as leave
arrives	Norfolk VA	2 August	the days 2 and 3 August not chargeable as leave - member awaiting government-funded transportation
departs	Norfolk VA	4 August	
arrives	Pensacola FL	5 August	arrives aboard ship

4. **Actual Period to be charged as Leave**

a. The actual period to be charged as emergency leave shall be determined by "in" and "out" endorsements on leave authorization or travel orders.

b. When this is impossible or impractical to obtain, the member shall furnish a complete itinerary, including

- (1) dates,
- (2) hours, and
- (3) places of all departures and arrivals.

c. This itinerary shall be used to compute the leave period.

Governing Directives	DOD Directive 1327.5 of 24 Sept 85
-----------------------------	------------------------------------

1. **General Policy**. Any delay authorized in orders directing a permanent change of station (PCS) in excess of allowed proceed time or travel time is chargeable to leave.

2. **Specific Policy**

a. Authorized delay granted in PCS orders may be expressed

(1) in the form of number of days, or

(2) as a specific DELREP date, and may include excess leave in those instances considered necessary by the commanding officer.

b. When the orders direct the reporting at one or more places for Temporary Duty (TEM DU), Temporary Duty Under Instruction (TEM DUINS), Temporary Duty Involving Flight Operations (TEM DIFOPS), or TEM DIFINSOPS, en route to a new ultimate permanent or temporary duty station, the orders may stipulate a "not earlier than" and/or "not later than" date to report at one or more of such places.

(1) The total number of days delay authorized in orders may be exceeded provided neither the detaching month nor the report-no-later-than date is affected.

(2) Any travel time in excess of constructive travel time allowed by the direct route shall be charged as leave.

(3) Any cost of travel in excess of that allowed over the direct route shall be borne by the member.

3. **When May Delay be Taken.** Unless otherwise precluded by the terms of the orders and without being specifically stated in the orders, any portion of delay authorized in PCS orders, including those directing consecutive tours of overseas duty, may, at the discretion of the member and as appropriate according to the location of old and new duty stations, be taken prior to or after

a. arrival in the 48 contiguous United States or District of Columbia,

b. reporting to TEMDU station(s) en route, or

c. departure from the contiguous 48 United States or District of Columbia.

NOTE: Delay to be used in visiting foreign countries requires compliance with the article on visits to foreign countries.

4. **Rule for Use of Authorized Delays for Officers at POE's**

a. **When** PCS orders for officers authorize delay in reporting for a specific number of days or until a specific date at the port of entry (POE) for transportation to a new destination,

b. **then** such orders preclude the use of the authorized delay after departure from the POE,

c. **and** the date of reporting at the POE must be met unless the orders are modified to the contrary.

5. **Address Changes.** Keep old and new duty stations advised of address.

6. **Charging Leave, Proceed, and Travel Time**. Proceed time, travel time, and leave are charged in that order. Only that portion of the period between stations which is not authorized as proceed or travel time is chargeable as leave, except that travel time authorized in the orders but in excess of the time properly allowable will be charged as leave. Use the rules in the table below to charge leave or proceed/travel time for given special circumstances:

WHEN ...	THEN ...
the member reports for duty at the new duty station before the stipulated reporting date,	the member shall not be charged with leave equal to the full amount authorized in the orders, but with only so much of it as is actually used after proceed and/or travel time have been deducted.
only proceed and travel time are involved, i.e., leave is not authorized or the member uses a period of time less than the properly allowable combined total of proceed and travel time,	proceed time shall be reduced to the time remaining, if any, after the allowable travel time has been deducted.

7. **Examples**. The following examples are set forth in the table following to aid in determining reporting dates, inclusive leave dates, and amount of leave used. The examples are given in the context of two situations, where the orders authorize

- a. proceed, travel, and leave time.
- b. only leave time.

IF orders authorized	AND if the member	THEN
4 days proceed, 3 days travel, 10 days leave, and departure date is 1 August,	used the maximum time allotted,	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - date detached (day of duty). • 1 to 10 August, inclusive - period of leave. • 11 to 14 August, inclusive - proceed time. • 15 to 17 August, inclusive - travel time. • 18 August, day reported is day of duty.
	reports on 15 August,	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - detached • 1 to 7 August, inclusive - period of leave (7 days). • 8 to 11 August, inclusive - proceed time. • 12 to 14 August, inclusive - travel time. • 15 August - date reported is day of duty.
	reports on 7 August	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - date detached. • 1 to 3 August, inclusive - proceed time. • 4 to 6 August, inclusive - travel time. • 7 August - Report date (day of duty).
10 days leave, no proceed time, no travel time, and date of detachment is 1 August,	used the maximum time allotted,	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - date detached. • 1 to 10 August - leave period. • 12 August - reporting date (day of duty).

----------------------------	------------------------------------

1. Rules for Leave During Temporary Duty or Temporary Additional Duty. Use the rules in table below when granting leave during temporary duty (TDY) or temporary additional duty (TAD) or when ordering to TDY/TAD from leave status:

WHEN ...	AND ...	THEN ...	AND ...	AND ...
leave is granted at a TAD station,	the member's pay record is not in the custody of the TAD station,	the original Leave Request/Authorization form, NAVCOMPT 3065, will be forwarded to the PDS upon the member's return from leave for recording the leave taken.		
personnel, ordered to TDY or TAD while on leave and when ordered to resume leave status upon completion of such duty, enter into a duty status upon departing from their leave address in compliance with such orders,		upon completion of such TDY or TAD, personnel so ordered shall, unless otherwise directed in the orders, revert to leave status upon arrival at their leave address for the unexpired portion of the leave previously granted,	a charge against leave shall not be made for the period of such duty, including the time required to travel to and from the leave address in the execution of such duty via the mode of transportation authorized in the orders,	personnel so ordered shall endorse on their orders the date and hour of departure from and return to their leave address.
member is on authorized leave,	it becomes necessary to recall the member to duty for reasons of military necessity,	the period of absence shall not be charged to the leave account when the period between departure on leave and the member's receipt of the recall is 72 hours or less,	the remaining time of absences is to be considered travel time, unless it is clearly excessive, in the circumstances, then the entire absence will be charged as leave. Also see note below.	

NOTE: In circumstances where the member will be entitled to travel reimbursement, orders authorizing travel should be issued.

Governing Directive	DOD Directive 1327.5 of 24 Sept 85
----------------------------	------------------------------------

1. **Policy.** Leave shall be granted with temporary additional duty (TAD) whenever requested and operationally feasible.

a. This is a particularly useful way to increase the use of leave in mobile units.

b. The amount of leave to be granted with TAD, however, shall not exceed 30 days, unless the leave is emergency leave.

2. **Avoiding Negatives of Concurrent Leave and TAD**

a. Government agencies have been criticized in the past for permitting officer and enlisted personnel to take leave with TAD, where it could be construed that the TAD was arranged both as to time and place in order to provide transportation for leave at government expense.

b. In planning TAD, both the fact and the appearance of TAD arranged to serve the leave desires of the individual shall be scrupulously avoided.

3. **Is TAD Essential?.** Great care must be taken to ensure that when leave is granted with TAD

a. it is clear the TAD is essential, and

b. no additional cost to the government is involved.

4. **Travel by Privately Owned Conveyance.** Travel by privately owned conveyance (POC) should not be authorized except "For Convenience of the Member" in TAD orders, which authorizes leave except when POC will be less costly than anticipated

- a. per diem,
 - b. taxi fares, and
 - c. gratuities.
-

5. **Payment of Per Diem**

a. Payment of per diem incident to reporting for TAD earlier than the date specified in the orders is not authorized.

b. To prevent penalty to the service member it is, therefore, incumbent upon the officer authorizing the TAD and leave

(1) to ascertain the member's leave desires, and

(2) to ensure that the orders are written to suit the travel time and desired leave involved.

6. **Issuing Leave Form.** NAVCOMPT 3065, Leave Request/ Authorization, with Leave Control Number (LCN), shall be issued for personnel who are approved for leave with TAD. Approved leave period and LCN shall be annotated on the TAD orders.

			FAX	(703) 695-3311

Governing Directives	DOD Directive 1327.5 of 24 Sept 85 DFAS-DJMS, Procedures Training Guide (DFAS PTG)
-----------------------------	--

1. **Authority to Grant Convalescent Leave.** Unless otherwise indicated, convalescent leave shall be granted only when recommended by Chief, Bureau of Medicine and Surgery, through action taken upon the report by a medical board or the recommended findings of a physical evaluation board, or higher authority.

2. **Who May Grant Convalescent Leave.** The following individuals in positions of authority may grant convalescent leave to active duty Navy patients subject to a set of conditions:

a. a member's commanding officer (upon advice of attending physician);

b. commanders of Navy, Army, or Air Force medical facilities, for personnel hospitalized therein; or

c. the commanding officer of the nearest naval hospital for personnel hospitalized in U.S. Public Health Service hospitals or civilian hospitals; and

d. managers of Veterans Administration hospitals within the 50 United States or in Puerto Rico, may grant convalescent leave to active duty Navy patients, with or without reference to a medical board, a physical evaluation board, or higher authority provided that the conditions stated below are met.

3. **Conditions for Granting Convalescent Leave.** All of the following conditions must be met before convalescent leave may be granted:

a. The convalescent leave is being granted subsequent to and because of a period of hospitalization. Hospitalization is defined as formal admission to a medical treatment facility.

b. The member is not awaiting disciplinary action or separation from the service for medical or administrative reasons.

c. The medical officer in charge of the case considers the convalescent leave to be beneficial to the patient's health.

d. The medical officer in charge of the case certifies

- (1) the patient is not fit for duty,
- (2) the patient will not need hospital treatment during the convalescent leave period contemplated, and
- (3) such leave will not delay final disposition of the case.

4. **Providing Recovery After Birth.** To provide an appropriate recovery period for servicemembers who give birth, convalescent leave will normally be granted for 42 days following any uncomplicated delivery. Servicemembers on such convalescent leave may, with their physician's concurrence, terminate their leave status sooner.

5. **Maximum Allowable Leave Rate**

a. When considered necessary by the attending physician convalescent leave may be granted to members on active duty by the member's commanding officer or the hospital's commanding officer for a period of up to 30 days per period of hospitalization.

b. In instances where care is not provided by a federal military hospital, up to 30 days convalescent leave

may be granted by the member's commanding officer upon the recommendation of the attending physician.

6. **Exercising Care in Granting Leave**

a. Care shall be exercised in granting convalescent leave to limit the duration of such leave to that which is essential in relation to

- (1) diagnosis,
- (2) prognosis,
- (3) estimated duration of treatment, and
- (4) probable final disposition of the patient.

b. Care should be exercised to keep convalescent leave to the minimum amounts required to enable recuperation. The medical treatment facility commanding officer may extend convalescent leave beyond the above time frames if the member's parent command concurs.

c. If considered necessary, the member's commanding officer may require patients receiving care at a facility other than a federal military hospital to be examined by a military medical treatment facility prior to the authorization of additional convalescent leave.

d. Convalescent leave should not delay processing of medical boards or administrative disposition of the member. Members awaiting physical evaluation board (PEB) action may be placed on convalescent leave, but must remain in the local area. Only the PEB may grant exceptions to this policy.

7. **Granting Leave to POW's**. Chief of Naval Operations (N130) may grant convalescent leave to repatriated prisoners of war upon their transfer or detachment to the United States with or without action by a medical board or physical evaluation board.

-------------------	--

1. Rest and Recuperation (R&R):

a. Per reference (a), the Rest and Recuperation (R&R) Leave Program provides Government-funded transportation from the R&R duty location to the designated R&R destination. The R&R Leave Program areas must meet **all** of the following criteria:

(1) Be in an area that is dependent-restricted;

(2) Be in an area designated for imminent danger or hostile fire pay (HFP), as authorized by section 310 of reference (b);

(3) Be in an area in which entry of Service members on official or unofficial travel is controlled (see reference c); and

(4) Be in an area where ordinary annual leave programs have been restricted for military necessity.

b. Regular leave granted in connection with authorized R&R programs is chargeable to the member's leave account. The R&R Program provides Government funded transportation only.

2. **R&R Establishment**. Recommendations to designate a specific duty location as an R&R location shall be made based on the applicable combatant commander's recommendation, through the Joint Staff Personnel Directorate, Manpower and Personnel (J-1) to the Principal Deputy Under Secretary of Defense for Personnel and Readiness (PDUSD(P&R)).

a. The PDUSD(P&R) shall designate authorized R&R locations and destinations. Authorized R&R locations and destinations are contained in Appendix U of reference (d).

b. Authorized R&R locations shall be recertified every 2 years by the PDUSD(P&R). Recertification requests shall follow the same procedures as initial requests.

3. **R&R Administration**. In addition to the above criteria, the following restrictions apply:

a. Travel under the R&R Leave Program may not be combined with liberty, administrative absences, temporary duty, or travel for other purposes. The combatant commanders are authorized to approve the combination of R&R travel with other authorized travel upon Service member request, providing the combination of travel is in the best interest of the department. This authority may not be delegated below the general or flag officer, (G/FO) or Senior Executive Service (SES) equivalent level. The Department of the Army, DoD Executive Agent for the United States (U.S.) Central Command (USCENTCOM) R&R Leave Program is authorized to approve the combination of R&R travel with other authorized travel for Service members in the USCENTCOM area of responsibility (see reference (e)). This authority may not be delegated below the G/FO or SES equivalent level.

b. Transportation to and from R&R areas shall be provided on a space-required basis, unless otherwise authorized by the PDUSD(P&R), and travel time shall not be charged to the Service member's leave account.

c. Combatant commanders are authorized to approve the combination of a paternity leave of absence with R&R, upon Service member request, providing the combination is in the best

interests of the Navy. The actual leave period at the R&R destination shall be charged to the Service member's leave account, except for the 10-day paternity leave of absence.

d. Transportation shall be to another location outside the U.S. having different social, climatic, or environmental conditions than those at the duty station at which the Service member is serving; or to a location in the U.S.

e. R&R leave periods shall be limited to one per 12-month period assigned to, or one per deployment to, an approved R&R duty location (including extensions). Service members assigned or deployed to an approved R&R location for 18 months or more are authorized one additional R&R leave period after the 18-month point.

f. The applicable combatant commander shall terminate the R&R Leave Program immediately when a location no longer meets the criteria contained in paragraph 1 of this article.

4. **Non-Chargeable Rest and Recuperation (NCR&R) Leave Program:**

a. The NCR&R Leave Program codified in section 705a of reference (f), provides the Secretary of each Service with the authority to grant Service members serving in designated authorized R&R locations with a non-chargeable administrative absence of up to 15 days to be used in conjunction with the benefits provided under the R&R Leave Program. Authorized NCR&R locations are subject to the R&R Leave Program policy established by PDUSD(P&R).

b. Authorized NCR&R leave programs must meet **all** the following criteria:

(1) Be an authorized R&R Leave Program area, or location meeting the criteria contained in paragraph 1 of this article;

(2) Be an area designated as a combat zone by Presidential Executive Order;

(3) Be an area where hardship duty pay is authorized to be paid under section 305 of reference (b), or be an area where Service members are subject to extremely arduous conditions, above and beyond those associated with other deployments or assignments; and

(4) Be an area where U.S. forces have been engaged in combat operations against a hostile force within the last 6 months and where combat operations are expected to continue for the next 6 to 12 months (e.g., where Service members receive HFP).

5. **NCR&R Establishment**. The PDUSD(P&R) shall designate authorized NCR&R duty locations and destinations. Recommendations to designate a specific duty location as an NCR&R location shall be made based on the applicable combatant commander's recommendation, through J-1 to the PDUSD(P&R).

6. **NCR&R Administration**. In addition to the above criteria, the following restrictions apply:

a. NCR&R shall be limited to one per 270-day period assigned to, or one per 270-day deployment to, an approved R&R duty location (including extensions). Service members are limited to either one NCR&R administrative absence of up to 15 days or one R&R leave per 12-month period;

b. Combatant commanders are authorized to approve the combination of a paternity leave of absence with NCR&R, upon Service member request, providing the combination is in the best interests of the Navy; and

c. The applicable combatant commander shall terminate the NCR&R Leave Program immediately upon a location no longer meeting the criteria contained in 4b above.

ENVIRONMENTAL AND MORALE LEAVE (EML)

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directives	OPNAVINST 4630.25C DOD 4515.13-R.5 DOD Directive 1327.5 of 24 Sept 85
-----------------------------	---

1. What Is EML?

a. EML programs are established at overseas installations, where adverse environmental conditions require specific arrangements for leave in more desirable places at periodic intervals.

b. EML programs involve space-available travel privileges according to OPNAVINST 4630.25C and DOD 4515.13-R.5.

c. The leave taken under the EML program is ordinary leave chargeable to the member's account.

2. Limitations

a. Members, regardless of their accompanied status, and/or their family members may be provided space available air transportation from EML destination site. The member's family must be command sponsored to participate.

b. In addition, participants may take no more than **two** EML trips per year.

c. Except those servicemembers assigned to dependent-restricted areas, EML trips for the servicemember may not be taken within 6 months of the beginning or end of the member's tour of duty at the eligible location.

3. **Unified Command Programs**. Unified commanders may establish EML programs in their geographical areas of responsibility, where adverse environmental conditions exist which would offset the full benefit of annual leave programs. Environmental leave programs are intended to supplement in-country leave schedules established in execution of basic leave policy. These programs must include criteria and restraints identified below.

4. **Installation Selection Criteria**.

a. Installations selected to participate must be limited to those which have one or more of the following deficiencies:

(1) Extraordinary **difficult living conditions**, including

- (a) geographic isolation,
- (b) inadequate commercial transportation, and
- (c) lack of adequate cultural and recreational opportunities.

(2) Notably **unhealthful conditions**, including

- (a) lack of public sanitation,
- (b) inadequate health control measures, and
- (c) a high incidence of diseases and epidemics.

(3) Excessive **physical hardship** from

- (a) climate,
- (b) altitude, or
- (c) dangerous conditions affecting life physical well being or mental health.

b. Installations selected to participate must have prescribed tour lengths for accompanied personnel which are shorter than 36 months, the standard overseas tour length for accompanied personnel.

c. Installations selected to participate must be specifically designated as EML origination sites.

5. Other Criteria and Limitations

a. Places to which EML program personnel may go must be designated for each origination site. Selection should be based on

(1) proximity,

(2) adequacy of cultural and recreational opportunities,
and

(3) availability of space-available travel resources.

b. Environmental and morale leave origination sites should not be specified as EML destination sites.

c. Since air transportation regulations basically provide for only one trip per year under EML authorizations, the maximum amount of leave feasible in the command annual leave schedule should be authorized. In-country leave should also be scheduled.

d. The entire authorized absence, including time spent in a travel status, is charged to the member's leave account.

e. Great care must be exercised in the execution of leave authorizations in conjunction with

(1) temporary additional duty, or

(2) temporary duty.

1. What Is the Recruiting Assistance Leave Program?

a. Members on regular leave between or after "A" or "C" School or apprenticeship training, and prior to reporting to their first permanent duty station, may participate in a program of 5 consecutive days of assistance to recruiting.

b. This assistance includes, but is not limited to, the following items:

- (1) Regularly scheduled school canvassing visits;
- (2) Speaking at recruiting functions and civic activities;
- (3) Follow-up of PRO-Navy-Recruit Training Command referrals; and
- (4) Accompanying recruiters on home visits.

2. How to Document Participation

a. After completion of recruiting assistance, members must obtain documentation of participation by endorsement from the Navy recruiting district.

b. Upon reporting to next duty station, such documentation will constitute the authority for personnel officers and personnel support detachments to credit member with up to 5 days of non-chargeable leave per reference (a), enclosure (2), paragraphs 1k and 1k(3).

1. Leave for Midshipmen

a. Superintendent, United States Naval Academy, may grant leave to midshipmen

(1) under such policies and procedures as the Superintendent may prescribe, and

(2) in such amounts as are not inconsistent with the objectives of the academic and practical curricula.

b. Such leave as may be granted will be granted as a privilege and midshipmen will not be considered to "earn" leave as an accessory to their duty.

2. Policy for Naval Reserve Midshipmen

a. Midshipmen, Naval Reserve, under instruction at civilian institutions, are on inactive duty and neither earn nor use leave in a military sense.

b. Commanding officers, to whom midshipmen report for training duty, may grant short periods of leave for recreation in such amounts as are not inconsistent with the training program.

1. **Article Purpose.** This article pertains to leave granted to midshipmen candidates between graduation from Naval Academy Preparatory School (NAPS) and entrance into the Naval Academy.

2. **Authority to Grant Leave**

a. Commanding Officer, Naval Academy Preparatory School, is authorized to place in a leave without pay (LWOP) status, with their consent, those midshipmen candidates who have graduated from NAPS.

b. Accrued leave shall be expended prior to placing a midshipman candidate in a LWOP status.

3. **Rights While in LWOP Status.** While in a LWOP status, midshipmen candidates

- a. are not entitled to pay and allowances;
- b. are subject to court-martial jurisdiction;
- c. are entitled to Navy hospitalization, if injured; and
- d. do not earn leave.

4. **What LWOP Periods are Creditable For.** Periods of LWOP, as a midshipmen candidate, are creditable for

- a. basic pay computation purposes,
- b. computing retired pay based on years of service, and
- c. determining eligibility for voluntary retirement.

1. **Policy.** As stated in reference (a), Navy personnel may visit any place outside the United States (U.S.) without obtaining permission from Navy Personnel Command (NAVPERSCOM). The responsibility for obtaining travel information and for complying with the laws of the countries and/or places to be visited rests with the prospective traveler. Members planning to travel with family members should be aware that the requirements for civilians are not necessarily the same as those for military personnel.

2. **Foreign Leave Travel Authorization.** Unless prohibited by competent authority, commanding officers (COs) may, under this article, authorize foreign leave travel. All countries for which foreign leave is anticipated or authorized, as well as those through which travel is required, must be specifically listed in the detaching endorsement on permanent change of station (PCS) orders or in the leave authorization. Policy for members wishing foreign leave **travel authorization** in connection with PCS orders is contained in reference (b). Information regarding **travel requirements** by personnel taking leave in any foreign country may be obtained by accessing the below:

a. Department of Defense Foreign Clearance Guide (DOD FCG) Web site (reference (c)).

b. Travel advisories to foreign countries that are available on the State Department Web site (reference (d)).

Commands shall review both the DOD FCG (reference (c)) and U.S. State Department travel advisories (on reference (d)) prior to granting leave or travel to foreign countries. When the State Department travel advisory recommends travel to a foreign country be deferred, leave to the country should not be authorized.

NOTE: Foreign leave shall not be granted to a member who is in a disciplinary status, is under investigation for a criminal charge or security violation, or is considered not to be a creditable representative of the Navy.

3. Alien Members/Dual National Members

a. Alien members of the Naval Service who return to their country of origin may be subject to certain impositions or controls by the laws of that country which could result in considerable inconvenience or hardship. In some cases alien members have been drafted into the armed forces of their native country or prosecuted for draft evasion. Similar problems may also be encountered by dual national members of the Naval Service who visit their non-U.S. country of nationality. Generally, such dual nationality may arise in the following cases:

(1) Member born in foreign territory to parents at least one of whom is a U.S. citizen.

(2) Member born in the U.S. to parents at least one of whom is a citizen of another country.

(3) Member born with one parent who is a U.S. citizen and one parent who is a citizen of another country regardless of place of birth.

(4) Member born in foreign territory to non-U.S. citizen parents and member eventually becomes a naturalized U.S. citizen.

b. In some cases, the problems of dual nationals are resolved by an international protocol relating to military obligation of dual nationals. The inconveniences and/or legal difficulties of alien or dual national members are minimized to some extent by agreements concerning the status of U.S. forces; however, such agreements have not been concluded with all countries and usually apply only when the member is on official duty assignment in the country concerned. In order to reduce the potential for such problems, members taking leave to a country of

which they are a citizen (except in the case of the Philippines covered in MILPERSMAN 1050-260, Leave/Emergency Leave in the Republic of the Philippines, which requires members requesting leave to submit a country clearance request) should verify that no problem with the other country's draft laws is anticipated prior to commencing travel to such country. In this regard, assistance may be obtained from the following:

**Office of the Judge Advocate General
International and Operational Law
Code 10
Pentagon Room 5E793
Arlington, VA 22202**

**COM (703) 697-9161
DSN 221-9161**

4. Passports and Visas

a. Requirements for passports vary in each country. It is strongly recommended that members and their families apply for a tourist passport if there is any doubt as to whether one will be needed.

b. Military personnel are not required to obtain visas for many countries provided they present proper military identification. **DD 2 (7-74), Armed Forces of the United States-Geneva Conventions Identification Card (Active)**, is the minimum requirement. Temporary identification cards are not acceptable in most countries. Visas may be obtained in the principal cities of the world from the embassy or a consulate of the country to be visited. The addresses of foreign diplomatic representatives and foreign counselor offices in the U.S. are listed in the Congressional Directory (reference (e)) which is readily available in naval general libraries and most public libraries in the U.S.

5. North Atlantic Treaty Organization (NATO) Countries.

Military personnel performing leave travel in or through NATO countries shall carry, in addition to PCS orders or leave authorization, NATO Travel Orders in compliance with Status of Forces Agreement (set forth in reference (f)), as required by the DOD FCG (reference (c)). See reference (g) for guidance on completion of NATO Travel Orders. Family members are required to hold a valid passport in which they are described as accompanying a member of a force. The NATO countries are as follows:

Belgium	Lithuania
Bulgaria	Luxembourg
Canada	Norway
Czech Republic	Poland
Denmark	Portugal
Estonia	Romania
France	Slovakia
Germany	Slovenia
Greece	Spain
Hungary	The Netherlands
Iceland	Turkey
Italy	United Kingdom
Latvia	United States

6. **Immunization Requirements.** Navy personnel and their family members shall follow the immunization requirements for foreign leave travel per reference (h).

7. **MAC Transportation**

a. **Travel Arrangements.** The member who is performing the travel is responsible for making transportation arrangements. "Space available" accommodations for leave travel via the Air Mobility Command (AMC) can be expected to be very difficult to obtain and may be available only to intermediate or adjacent destinations. It is imperative that personnel attempting to travel on a space-available basis have sufficient funds to defray travel expenses via commercial means and to cover the cost of hotel accommodations when delayed or when passage by AMC is unobtainable.

b. **Travel Uniform.** Navy personnel on leave or liberty will be in an appropriate uniform when traveling on DOD-owned or controlled aircraft unless civilian attire is authorized due to local extenuating circumstances for political or personal safety reasons or as required by reference (c).

c. **Obtaining Information.** Information regarding travel requirements by personnel taking leave in any foreign country may be obtained by accessing the reference (c) DOD FCG Web site. Travel advisories to foreign countries are available on the reference (d) State Department Web site.

d. **Command Responsibility.** Commands shall review both the DOD FCG (reference (c)) and U.S. State Department travel advisories (on reference (d)) prior to granting leave or travel to foreign countries. This policy applies to personnel traveling

on military and AMC-contracted (Category B) civil aircraft departing from military airfields and commercial gateways.

e. **Clothing Restrictions in Other Countries.** Refer to the current issue of the DOD FCG (reference (c)) regarding an individual country's uniform and civilian clothing restrictions. In compliance with regulations governing AMC transportation, all countries through which travel is ordered may be required shall be specifically listed on the leave authorization or in the detaching endorsement on PCS orders.

Governing Directives	DOD Foreign Clearance Guide BUPERSINST 1050.11G
-------------------------	--

1. General Requirements

a. Members, requesting leave in Republic of the Philippines, are required to submit a country clearance request.

b. In the case of emergency leave, travel may commence immediately after the clearance request message has been sent; however, a clearance message must be sent.

c. Consult the DOD Foreign Clearance Guide and BUPERSINST 1050.11G for information concerning

(1) travel requirements, and

(2) specific format and content of the clearance request.

d. The DOD Foreign Clearance Guide also lists requirements for Filipino servicemembers and their families who are non-immigrant residents of the U.S.

2. Status Of Forces Agreement (SOFA) No Longer Exists.

Following withdrawal of U.S. Military Forces, there is no longer a Status Of Forces Agreement (SOFA) with the Philippines. Therefore, the situation and conditions for travel to and within the Philippines have changed significantly for U.S. personnel. See the description of the situation below.

3. **Passports and Visas**. The requirements are as follows:

- a. To enter the Philippines, passports are required; and
- b. to stay longer than 21 days by non-Filipino citizens, visas are required.

4. **Financial Situation**

a. The financial situation within country is as follows:

(1) U.S. disbursing and check cashing facilities are not available.

(2) Sufficient funds and/or travelers checks should be brought to the Philippines to defray expenses incurred.

(3) Personal checks are not considered acceptable tender by local merchants or hotels.

(4) A limited check cashing facility is available, but is restricted to individuals

(a) assigned temporary duty/temporary additional duty to metro Manila, or

(b) on emergency leave.

b. Contact U.S. Defense Attaché Officer (USDAO) Manila for further instructions.

5. **Travel Arrangements**. The situation for making travel arrangements is as follows:

a. Travelers will pay travel tax on tickets purchased in the Philippines.

b. There are no U.S. travel agencies, i.e., personnel transportation offices, available.

c. It is highly recommended that all travelers have return tickets in hand prior to entering the Philippines.

6. **Other Conditions**. Other significant existing conditions and requirements are as follows:

a. Personnel are not exempt from payment of import and export taxes and customs duties.

b. Personnel are subject to Philippine civil and criminal law and procedure.

c. Visitors may be required to pay immigration and alien registration fees.

d. The U.S. Embassy will only provide those services provided in any other foreign countries.

e. All personnel should ensure complete preparations are made prior to travel to the Philippines.

References	(a) DoDI 1327.06 of 13 Aug 2013 (b) SECNAV memo of 2 Nov 2007
-------------------	--

1. **Definition.** Administrative absence is a period of authorized absence not chargeable as leave to attend or participate in activities of an official nature that benefit the Department of the Navy (DON) or Department of Defense (DoD).

2. **Policy**

a. Care must be taken to ensure that any planned absence clearly falls within the criteria provided; if it does not, the absence must be handled under normal leave or liberty procedures. The criteria are to be narrowly construed.

b. Administrative absence in excess of 30 days must be authorized by Commander, Navy Personnel Command (COMNAVPERSCOM) (PERS-4).

c. Administrative absences may include "permissive travel" to attend or participate in activities of an official nature that benefit the mission of the Department of the Navy or DoD.

3. **General Purposes for Which Authorized.** Administrative absence may be authorized for the following general purposes:

a. **Attendance at Meetings.** Attendance at meetings sponsored by non-federal

- (1) technical;
- (2) scientific;
- (3) professional medical;
- (4) professional legal; or
- (5) professional ecclesiastical societies and organizations

when the meetings bear direct relationship to the member's professional background or primary military duties, and clearly enhance the member's value to the Service.

b. **Attendance at DoD Credit Union Meetings.** Attendance of a member of the board of directors of a DoD credit union at meetings of

- (1) associations;
- (2) leagues; or
- (3) councils formed by DoD credit unions, the purpose of which is directly related to the DoD Credit Union Program.

c. **Attendance as a Witness.** Attendance in response to a subpoena, summons, or request in lieu of process as a witness at a state criminal investigative proceeding, or criminal prosecution involving substantial public interest such as major crimes in which the member would be an essential witness.

d. **Participation in Other Navy Programs.** Participation in other official programs of the Navy, to include programs by organizations with which the Navy has an agreement to enhance the professional development of Service members where temporary duty (TDY) is not appropriate. Program must enhance the member's

- (1) value to the Navy; or
- (2) understanding of the Navy; and
- (3) their relationship to it.

e. **Participation in an Official Military Retirement Ceremony as the Presiding Official.** Members requesting administrative absence to participate in an official military retirement ceremony as the presiding official are limited to 3 days of permissive absence. If two presiding officials will be present, only one may receive permissive absence to attend.

f. **Participation in and Support of Sports.** Participation in competitive sports events and or as essential support of participants in competitive sports events, to include Navy or DoD-sponsored sporting events, and amateur sports activities with regional and or national recruiting and public benefit to the Navy or DoD.

(1) Members accepted to compete on an **all Navy sports team**, the Navy Marksmanship Team, or any other Navy or DoD administered or sponsored sports team will be authorized administrative absence upon acceptance.

(2) A member requesting administrative absence to participate in amateur sports activities, other than those listed in paragraph 3f(1), with potential recruiting or public affairs benefit to the Navy or DoD, must request permission from the Chief of Naval Operations via member's commanding officer, COMNAVPERSCOM (PERS-4), Chief of Naval Personnel (CNP), and Vice Chief of Naval Operations (VCNO).

(3) Contents of Letter of Request. The proper format for the letter of request for administrative absence to participate in sports activities with potential recruiting or public affairs benefit to the Navy is in exhibit 1.

(4) CO's Endorsement

(a) COs must forward requests for administrative absences to participate in activities with potential recruiting or public affairs benefit to the Navy while on active duty by endorsement within 30 days and must certify information provided in the member's letter is correct.

(b) The CO's endorsement shall contain comments on the individual's professional performance to date, the strength of the individual's public affairs or recruiting proposal, and the likelihood that the individual's accomplishments will be sufficiently noteworthy to generate the desired positive benefit for the DON. The CO should also provide a recommended disposition of the request.

g. **Other Administrative Absences or TDY.** Refer to the following MILPERSMAN articles for the topics listed:

- Post-deployment mobilization respite absence for active duty personnel - MILPERSMAN 1050-271
- Post-mobilization respite absence for mobilized Reserve Component personnel - MILPERSMAN 1050-272
- Temporary duty travel entitlement policy - MILPERSMAN 1320-200
- Permissive TDY authorization for residence hunting - MILPERSMAN 1320-210
- Permissive TDY authorization for job and house hunting - MILPERSMAN 1320-220
- TDY travel orders - MILPERSMAN 1320-314

4. **Issuance of TDY Orders.** Policy pertaining to the issuance of TDY authorization orders for administrative absences is contained in MILPERSMAN 1320-314.

[amateur sport activity with potential recruiting or public
affairs benefit to the Navy] WHILE SERVING ON ACTIVE DUTY IN
THE UNITED STATES NAVY

Ref: (a) MILPERSMAN 1050-270

Encl: (1) Reason for submission of request. [Specific proposal(s)
describing how the requesting member's talents will be used
to benefit the Navy's national public relations and
recruiting efforts]
(2) Copy of applicable contract [or similar binding commitment
that guarantees the requesting member an opportunity to
pursue an activity providing potential positive public
affairs or recruiting benefit]

1. I hereby submit my request for administrative absence to participate in [fill in amateur sport activity]. I believe my participation in this sporting activity has potential recruiting or public affairs benefit to the Navy while on active duty as described in enclosures (1) and (2). My active duty service obligation will expire in [month/year].

2. I fully understand that approval of my request is contingent upon the credibility of my proposal to utilize my talents to benefit the Navy's national recruiting or public affairs efforts. I also realize that in evaluating such a request, the chain of command and ultimately Chief of Naval Operations will consider the current needs of the Navy, the quality of my professional performance to date, the strength of my public affairs or recruiting proposal, and the likelihood that my accomplishments will be sufficiently noteworthy to generate the desired benefit for the Department of the Navy. Furthermore, I acknowledge that the decision to approve or disapprove my request will be made on a case-by-case basis and that the United States Navy is under no legal or implied obligation to honor my request.

References	(a) Secretary of Defense Policy Memorandum of 19 Jan 2007 (b) Under Secretary of Defense (Personnel and Readiness) (USD (P&R)) Policy Directive of 18 Apr 2007
-------------------	---

1. **General Policy.** This policy is established to recognize members who are required to deploy with a frequency beyond rotation policy goals identified within reference (a) and implemented by reference (b). For active duty members this threshold is established as a ratio of 1 year deployed to 2 years at home station (1:2). Members who exceed 12 months (1 year) "boots on the ground" in a creditable deployment location on or after 19 January 2004 will accrue Post-Deployment Mobilization Respite Absence beginning with the 1st day of the 13th month or within the 1st month of a subsequent deployment to a creditable deployment location with less than 24 months at their home station. Deployment time to creditable deployment locations is cumulative on a month-to-month basis. The 1:2 year ratio for active duty members is retroactive for calculation purposes to 19 January 2004. Actual accrual of administrative absence days, however, is restricted to those members deployed to a qualifying location on or after 19 January 2007. Active duty members who exceed the established threshold may be eligible to receive Post-Deployment Mobilization Respite Absence, a form of administrative absence.

2. **Creditable Deployment Locations.** In order to meet the requirements to qualify for Post-Deployment Mobilization Respite Absence, personnel must be deployed in Afghanistan, Iraq, or with units that routinely conduct operations, or support units that conduct operations in Iraq but are not based in Iraq (Kuwait). Personnel deployed to any other location, including the Horn of Africa and the Arabian Gulf, are not deployed in a creditable location for which accrual of Post-Deployment Mobilization Respite Absence is authorized.

3. **Creditable Time.** Creditable time begins on the day the member arrives at a creditable location through the member's departure (i.e., while the member is boots-on-ground in one of the creditable deployment locations identified above). The 1 year deployed to 2 years at home station ratio is effective for computation purposes as of 19 January 2004, or the date that is 36 months prior to the member's deployment, whichever is most recent. **Note:** Post-Deployment Mobilization Respite Absence days do not accrue for deployment periods exceeding the 1:2 year rotation policy goals prior to **19 January 2007, the effective date of this program.** Deployment to creditable locations on or after 19 January 2004 and prior to 19 January 2007 determines the rate of accrual during subsequent deployment to creditable locations as specified in the following table:

Deployment beyond the number of creditable months during the most recent 36 months of Active Duty:		
12	18	24
Generates for each month or fraction thereof the following number of days for administrative absence		
1	2	4

4. **Authorization.** Members who meet the qualifying criteria should submit a request, including documentation to their respective commanding officers (COs) for validation and approval of administrative absence.

a. Appropriate forms of documentation for use in establishing an entitlement to Post-Deployment Mobilization Respite Absence include, but are not limited to, travel claims, TDY orders, Combat Zone Tax Exemption or Imminent Danger/Hazardous Duty pay data (including country code) provided by the servicing Personnel Support Activity Detachment (PERSUPP DET), concurrent FITREPS/evals, deployment awards, etc. Due to the variety of assignment types in Iraq and Afghanistan, COs are authorized discretion in determining the type and validity of available documentation necessary to establish an entitlement to Post-Deployment Mobilization Respite Absence.

b. Active duty members who qualify for administrative absence have 1 year following the completion of deployment to use their Post-Deployment Mobilization Respite Absence. Members who return from deployment due to injury or are deemed to be "not fit for duty" will have 1 year to use their Post-Deployment Mobilization Respite Absence from the day that they are determined to be "fit for duty." Members who are not found to be "fit for duty" and are separated from the Navy may combine this authorized administrative absence with terminal leave.

c. Members may combine administrative absence and chargeable annual leave, but COs should use discretion in allowing the combination of Post-Deployment Mobilization Respite Absence with Special Liberty, as both are types of administrative absence that may serve similar purposes. Members may not sell back administrative absence at any time, and failure to use approved Post-Deployment Mobilization Respite Absence days within the designated time frame will result in loss of the benefit (i.e., Post-Deployment Mobilization Respite Absence days are a "use or lose" entitlement).

5. **Court-Martial or Other Adverse Administrative Action.** In the event that a court-martial or other adverse administrative action has been initiated against a deployed member, the accrual of creditable time is suspended, beginning with the day that charges are preferred, or, adverse administrative action is initiated, pending final resolution of the matter. COs must document suspension date of creditable time and notify Chief of Naval Operations (CNO) (N130), which will make final determination of Post-Deployment Mobilization Respite Absence eligibility, pending final resolution.

6. **Documentation**

a. Once the CO has validated a member's entitlement to a specific number of days of administrative absence, an appropriate NAVPERS 1070/613 (7-06), Administrative Remarks, service record entry should be made to document the entitlement and when the entitlement will expire if an unused balance of days remains, as well as entries to document when the administrative absence is used and when the balance reaches zero or expires.

b. Members taking administrative absence should be provided with no-cost permissive temporary duty orders to reflect line of duty status and authorized absence during the period of Post-Deployment Mobilization Respite Absence. These orders do not provide entitlement to any government reimbursement for travel, lodging, meals or other incidental expenses while on administrative absence. Chargeable leave and/or special liberty authorized in conjunction with Post-Deployment Mobilization Respite Absence should be documented on

- NAVCOMPT 3065 (Rev. 2-83), Leave Request/ Authorization, for annual leave; and
- NAVPERS 1336/3 (Rev. 8-05), Special Request/ Authorization, for Special Liberty.

7. **Examples**

a. **Scenario:** Member serves 13 months deployed in Iraq from 1 January 2005 to 30 January 2006 (prior to the 19 January 2007 program implementation date). Member is assigned to home station until redeployed for 12 months to Afghanistan beginning in February 2007.

Calculation: Member has already exceeded the 12-month deployment point and begins to accrue administrative absence at a rate of 1 day per month upon arrival in a creditable deployment location for months 1 through 5 of the second assignment. After month 5 the member will have completed 18 months of creditable deployment time and will accrue administrative absence days at a rate of 2 days per month for the next 6 months. The final month of this deployment will exceed the 24-month threshold and the member will accrue administrative absence days at a rate of 4 days per month. Member is entitled to 21 days of Post-Deployment Mobilization Respite Absence upon completion of the second deployment to Afghanistan
(5 days + 12 days + 4 days = 21 days administrative absence).

b. **Scenario:** A Hospital Corpsman (HM) serves a 7-month deployment in Iraq from 15 February 2006 to 10 September 2006 and returns to home station. Member is scheduled for second deployment to Iraq for 7 months beginning in May 2007.

Calculation: Member is credited for 7 months of deployment time for initial assignment, and will exceed the 12-month deployment point following the 5th month of the second assignment. For months 6 and 7, the member will accrue administrative absence days at the rate of 1 day per month, for the cumulative deployment time in excess of 12 months. Member is entitled to 2 days of Post-Deployment Mobilization Respite Absence upon completion of the second deployment.

c. **Scenario:** Member serves 15 months in Qatar from 1 February 2005 to 10 April 2006, followed by an immediate 12-month deployment to Afghanistan.

Calculation: Assignment to Qatar is not a creditable deployment location under current guidelines, and, therefore, does not entitle the member to any creditable time.

d. **Scenario:** Member deployed to Iraq for a 12-month period from 1 August 2004 to 31 July 2005 and returned to home station. Member is then redeployed for a 12-month period in Afghanistan from 1 April 2006 to 31 March 2007, but is extended in Afghanistan until 15 June 2007.

Calculation: For first deployment, member is credited for 12 months deployment time, but accrues no Post-Deployment Mobilization Respite Absence days because deployment occurred prior to 19 January 2007. Member is credited with another 9 months of deployment time with no administrative absence days accrued for the period of 1 April 2006 through 31 December 2006. As of 31 December 2006, member is credited with a total of 21 months of deployment. Because member is still deployed as of 19 January 2007 the member will begin to accrue administrative absence days as of that date at the rate of 2 days per month for the months of January and February. As of 1 March 2007 (the 24th month of creditable deployment), member accrues absence days at the rate of 4 days per month for the months of March, April, and May, and for the partial month of June 2007 (4 days + 16 days = 20 days of administrative absence).

-------------------	--

1. Old Policy - Program Guidance for Qualifying Mobilizations on or After 19 January 2007, but Before 1 October 2011.

Reference (a) establishes this policy to recognize Reserve Component (RC) members who are required to mobilize with frequency beyond the established rotation policy goals. Policy is implemented by reference (b). For RC members, this mobilization threshold is considered to be a mobilization in excess of 12 months during the most recent 72-month period. Members who exceed the 12 months mobilization, on or after 7 October 2001, will accrue creditable mobilization time for post-deployment/mobilization respite absence (PDMRA) calculation beginning with the first day of a subsequent mobilization with less than 60 months of demobilized time. Creditable time is cumulative within the 72-month window and the frequency threshold is retroactive for calculation purposes to 7 October 2001. However, actual accrual of administrative absence days is restricted to those members mobilized on or after 19 January 2007. Creditable time is based on duration and type of mobilization orders and is not related to the location of the mobilization. Members do not earn PDMRA days during the first 12 months of qualifying mobilization orders. Once a member reaches the 13th month of cumulative mobilization time, the member earns 1 day of PDMRA per month, or partial month, through

month 18. Upon reaching month 19, the member begins earning 2 days of PDMRA per month, or partial month. Once the member enters the 25th month of cumulative qualifying mobilization, the member begins earning 4 days of PDMRA per month.

a. **Applicable Types of Mobilization.** Reference (c) defines mobilizations. Mobilizations for PDMRA purposes are orders to active duty under reference (d) §12301(a), §12302, and §12304.

(1) RC members must be mobilized under reference (d) §12301(a), §12302, or §12304 and exceed the mobilization frequency threshold, as defined in paragraph 1, in order to be eligible to receive PDMRA.

(2) **Time spent on active duty under any other section of reference (d), including §12301(d), is not considered a mobilization and does not count for PDMRA calculations.**

b. **Creditable Time.** For the purpose of calculating creditable time, mobilization includes the day the member is mobilized through the date the mobilization is terminated. Computation of creditable time commences 7 October 2001, or the date that is 72 months prior to the member's mobilization, whichever date is most recent. Partial months will be credited as whole months for the purposes of calculation of respite absence, provided the RC member has already met PDMRA eligibility criteria for at least 30 consecutive days. Each mobilization order is considered a separate mobilization, unless the member receives an extension order under which the member remains mobilized pursuant to the same section of reference (d) as the previous mobilization order. PDMRA periods should be calculated following the termination of each set of orders to allow RC members to utilize PDMRA. Earned PDMRA days must be used in conjunction with a qualifying mobilization.

(1) Accrual of PDMRA days begins on **19 January 2007, the effective date of the PDMRA Program.** If the mobilization frequency threshold limits of a mobilization in excess of 12 months during the most recent 72-month period were exceeded before 19 January 2007, no days will accrue for that period.

(2) RC members can be ordered to active duty, extended on active duty, or mobilized under multiple sets of orders, but not all time on active duty will count for PDMRA purposes. Mobilization is defined as the time from which an RC member

reports to active duty under a qualifying section of reference (d) until the time the member is no longer on active duty under the qualifying section. Example, member is mobilized under reference (d) §12302 for 12 months. Member receives an extension under reference (d) §12302 for an additional 12 months. This is considered a mobilization with an extension, and PDMRA days should be calculated as if the member did a 24 month mobilization. If the member's extension was under reference (d) §12301(d), the extension is considered a new set of orders and PDMRA should be calculated as such. The extension is considered a new set of orders because the authority under which the orders are written has changed.

c. **PDMRA Accrual Rates.** The following table provides a general overview of accrual rates under the old PDMRA Program. If there are any questions regarding calculations, please contact your local personnel support detachment (PERSUPP DET) for assistance.

PDMRA Days Earned Per Month

	(Effective 19 Jan 2007 to 30 Sep 2011)		
Total mobilization months under reference (d) §12301(a), §12302, and §12304 orders (during the past 72 months)	13-18 months	19-24 months	25+ months
In the 50 United States	1	2	4
Outside of the United States (including U.S. possessions and territories)	1	2	4
In Iraq or Afghanistan	1	2	4
1-day combat zone tax exclusion (CZTE) area (must be designated by the Secretary of the Navy (SECNAV))	n/a	n/a	n/a
2-day CZTE area (must be designated by SECNAV)	n/a	n/a	n/a

Note: SECNAV will promulgate separate guidance on CZTE areas qualified to receive PDMRA days. There are none as of the date of this article.

d. **Examples**

(1) **Scenario 1.** RC member was mobilized, pursuant to reference (d) §12302, on 1 January 2004 and demobilized on 31 December 2004. Member mobilized, pursuant to reference (d)

§12302, a second time on 1 October 2006 for a 12-month period expiring 30 September 2007.

Calculation - First mobilization accrued 12 months of creditable time since it occurred within 72 months of the member's current mobilization. From 1 October 2006 to 18 January 2007, the member accrued 4 months of creditable time, but earned no absences due to the program effective date. From 19 January 2007 to 31 March 2007, the member accrued 1 day of PDMRA per month (or partial month) of the current mobilization. In April, the member exceeded 18 months of creditable time and began accruing 2 days of PDMRA per month from April to September. Total PDMRA days accrued is 15.

	Prior	Oct06	Nov	Dec	Jan07	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
Cumulative Mobilization Months	12	13	14	15	16	17	18	19	20	21	22	23	24
Absences Accrued					1	1	1	2	2	2	2	2	2

(2) **Scenario 2.** RC member mobilized, pursuant to reference (d) §12302, on 15 October 2001 for 15 months, member mobilized a second time, pursuant to reference (d) §12302, on 1 October 2005 for a 12-month period expiring 30 September 2006.

Calculation - Since both mobilizations occurred prior to the 19 January 2007 implementation date of this program, no PDMRA days were accrued. However, had the member involuntarily mobilized again before 1 November 2007, the 27 months of mobilization would be creditable. After 31 October 2007, the creditable months would begin to fall outside the 72-month window.

(3) **Scenario 3.** RC member mobilized, under reference (d) §12302, on 1 October 2002 for a 9-month period and remobilized, under reference (d) §12302, on 1 August 2006 for a second 9-month period with active duty time extended to 15 months due to injury placing him in a medical hold (MEDHOLD) status during the 7th month of mobilization.

Calculation - The 9-month mobilization period was creditable time since it occurred after 7 October 2001. Member would meet the 12-month threshold during the 3rd month of the second mobilization (October 2006), but would not accrue PDMRA days until 19 January 2007. Due to the injury, the member's mobilization status would be converted to voluntary active duty

under reference (d) §12301(h) effective during the 7th month of the second mobilization. Member would accrue only 2 days of post-mobilization respite absence and would be eligible to use these days prior to demobilization.

	Prior	Aug06	Sep	Oct	Nov	Dec	Jan07	Feb	Mar	Apr	May	Jun	Jul
Cumulative Mobilization Months	9	10	11	12	13	14	15	16	16	16	16	16	16
Absences Accrued							1	1					

(4) **Scenario 4.** RC member mobilized, under reference (d) §12302, on 1 January 2005 and was extended on the mobilization into a second year. Member then volunteered to continue on active duty for a 3rd year pursuant to orders, under reference (d) §12301(d), on 1 January 2007.

Calculation - Since the entire period of mobilization under reference (d) §12302 orders occurred before implementation of the PDMRA policy (effective 19 January 2007), no PDMRA days were earned. Active duty orders under reference (d) §12301(d) are excluded from creditable months. Had the member mobilized again under reference (d) §12301(a), §12302, or §12304 orders prior to 1 January 2012, PDMRA days for the qualifying mobilization would have accrued based on the previous mobilization history.

2. New Policy - Program guidance for Qualifying Mobilizations that Occur on or After 1 October 2011. RC members mobilized pursuant to reference (d) §12301(a), §12302, or §12304 who have deployed in excess of 12 months out of the previous 72 months on the first day of their current mobilization, and who meet the other eligibility criteria contained in this section, qualify for PDMRA days. Mobilization time to creditable mobilization locations is cumulative on a month-to-month basis.

a. Applicable Types of Mobilization. The definition of mobilization remains the same for the new PDMRA policy and is stated in paragraph 1a. Member must be on orders pursuant to reference (d) §12301(a), §12302, or §12304 to earn creditable time and to accrue PDMRA days. Location of the mobilization must be taken into account when determining the eligibility of a mobilization. **Time spent on active duty under any other section of reference (d), including §12301(d), is not considered a mobilization and does not count for PDMRA calculations.**

b. **Creditable Time.** For the purpose of calculating creditable time, mobilization includes the day the member is mobilized through the date the mobilization is terminated. Computation of creditable time commences 7 October 2001, or the date that is 72 months prior to the first day of the member's current mobilization, whichever date is most recent. Partial months will be credited as whole months for the purposes of calculation of respite absence, provided the RC member has already met PDMRA eligibility criteria for at least 30 consecutive days. Each mobilization order is considered a separate mobilization, unless the member receives an extension order under which the member remains mobilized pursuant to the same section of reference (d) as the previous mobilization order. PDMRA periods should be calculated following the termination of each set of orders to allow RC members to utilize PDMRA. Earned PDMRA days must be used in conjunction with a qualifying mobilization.

(1) RC members can be ordered to active duty, extended on active duty, or mobilized under multiple sets of orders, but not all time on active duty will count for PDMRA purposes. Mobilization is defined as the time from which an RC member reports to active duty under a qualifying section of reference (d), until the time the member is no longer on active duty under the qualifying section.

(2) Example - Member is mobilized under reference (d) §12302 for 12 months. Member receives an extension under reference (d) §12302 for an additional 12 months. This is considered a mobilization with an extension and PDMRA days should be calculated as if the member did a 24 month mobilization. If the member's extension was under reference (d) §12301(d), the extension is considered a new set of orders and PDMRA should be calculated as such. The extension is considered a new set of orders because the authority under which the orders are written has changed.

c. **PDMRA Accrual Rates**

(1) **Two Administrative Days per Month.** RC members accrue 2 administrative absence days per month when the mobilization threshold established in paragraph 2 of this article is exceeded and the RC Service member is in Iraq or Afghanistan pursuant to reference (d) §12301(a), §12302, or §12304.

(2) **One Administrative Day per Month.** RC members accrue 1 administrative absence day per month when the mobilization threshold established in paragraph 2 is exceeded, and the RC Service member is outside of the United States pursuant to reference (d) §12301(a), §12302, or §12304.

d. Examples

(1) **Scenario 1.** An RC member was mobilized under reference (d) §12302 on 1 January 2009 and demobilized on 10 January 2010. Member mobilized a second time under reference (d) §12302 on 1 October 2011 for a 12-month period, expiring 30 September 2012, with a period of 10 months in Afghanistan (30 December 2011 - 15 September 2012).

Calculation - The first mobilization accrued 13 months of creditable time since it occurred within 72 months of the first day of the member's current mobilization. From 1 October 2011 to 30 November 2011, the member accrued 2 more months of creditable time, but earned no PDMRA days due to the location of mobilization for these 2 months. From 30 December 2011 to 15 September 2012, the member accrued 2 days of PDMRA per month for the time the member was in a qualifying area. The total number of days authorized for this mobilization was 20 days.

3. **Bridge Policy - Program Guidance for Qualifying Mobilizations that Commence Prior to 1 October 2011 and Continue on or After 1 October 2011.** Per reference (e), RC members whose mobilization commenced prior to 1 October 2011 and continued on or after 1 October 2011 may qualify under the PDMRA accrual guidance contained in paragraph 1 of this article.

a. In order to qualify under the old policy, the RC member must have been deployed under reference (d) §12301(a), §12302, or §12304 orders. This mobilization must have commenced prior to 1 October 2011 and continued on or after 1 October 2011. RC members who began mobilization orders on or after 1 October 2011 do not qualify under this provision.

b. The member must have met all other qualifying criteria outlined in paragraphs 1, 2, 3, and 4 upon demobilization.

c. Current and former RC members qualifying under reference (e) must apply for benefits prior to 1 October 2014 via their demobilizing PERSUPP DET.

d. RC members may request benefits under this provision for each PDMRA day that the individual would have qualified, had the 1 October 2011 PDMRA changes contained in reference (b) not taken effect.

(1) PDMRA days will be calculated based on both the old and new policy. Members will be awarded days based on the most advantageous calculation. Members who would have earned more under the old policy will be grandfathered until the completion of the qualifying mobilization.

(2) Additionally, if the member would have earned more days under the old policy, the difference in days between the old and new policy will be considered "PL 112-120 PDMRA days." These are the only PDMRA days eligible for consideration for monetary compensation.

(3) Members currently on active duty may elect to receive monetary compensation of \$200 for each of the "PL 112-120 PDMRA days" or may use the days earned upon demobilization. If member elects to use their PDMRA days, they cannot be traded for monetary compensation at a later date.

(4) RC members who are no longer in a qualifying mobilized status may elect to receive monetary compensation of \$200 for each of the "PL 112-120 PDRMA days" or may bank their days earned during their qualifying bridging mobilization. Members are cautioned that if they elect to bank PDMRA days rather than monetary compensation, the banked days cannot be used until the next qualifying period of service. Qualifying periods of service are only those mobilizations under reference (d) §12301(a), §12302, and §12304. Banked days will be lost if the member is separated from the military prior to being able to use the PDMRA days. Once the election to bank is made, members cannot trade their PDRMA days for monetary compensation to avoid losing them.

(5) Former RC members who have separated from the military will be awarded monetary compensation for each "PL 112-120 PDMRA days" at a rate of \$200 per day.

(6) Members who elect payment of PDMRA days will be paid using the line of accounting designated for payment of pay and allowances found on their orders. This election will be made using NAVPERS 1070/613 Administrative Remarks which will be submitted into the member's OMPF. The election will also be indicated on the member's DD 214. NAVPERS 1070/613 may be accessed by using the following link:

[http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201070-613%20\(Rev.%2008-2012\) RE.pdf](http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201070-613%20(Rev.%2008-2012) RE.pdf).

e. Examples

(1) **Scenario 1.** RC member mobilized on orders pursuant to reference (d) §12302 on 1 January 2009 and demobilized on 20 January 2010. The member mobilized a second time on orders pursuant to reference (d) §12302 on 1 September 2011 for a 13-month period expiring 30 September 2012 with 10 months of the time in Kuwait (30 December 2011 - 15 September 2012).

Calculation (new policy) - The first mobilization accrued 13 months of creditable time since it occurred within 72 months of the member's current mobilization. From 1 September 2011 to 30 November 2011, the member accrued 3 more months of creditable time, but earned only 1 PDMRA day for the month of September because it was prior to 1 October 2011. After implementation of the new PDMRA policy on 1 October 2011, the member earned no

PDMRA days for the months of October and November because he was not stationed outside the United States. From 30 December 2011 to 15 September 2012, the member accrued 1 day per month for the time that the member was outside the United States (Kuwait). The total number of days authorized for this mobilization under the new policy is 11.

Calculation (old policy) - The first mobilization accrued 12 months of creditable time since it occurred within 72 months of the member's current mobilization, plus one month of PDMRA accrual (January 2010). The member began accruing PDMRA days in January 2010 as it was the 13th month on a qualifying mobilization. Member used the one day of accrued PDMRA at mobilization, as there is no authority to bank days. From September 2011 to January 2012 (14-18 cumulative months) the member earned 1 day of PDMRA per month. February through July 2012 the member began to accumulate 2 days per month (19-24 cumulative months). In August and September of 2012, the member earned 4 days of PDMRA per month. The member accumulated a total of 25 days of PDMRA. Unfortunately, the DoD policy change effective 1 October 2011, disadvantaged the member by awarding 14 days less than the member would have earned had the policy change not taken effect. However, per reference (d), the qualifying member will not lose the 14 days the member would have earned if not for the policy change. Therefore, the member has the option to elect to take the additional 14 days at the end of the current mobilization period or be paid \$200 per day for each of the 14 days. If the member was still mobilized, election would be made through the PERSUPP DET. If the member was no longer mobilized, an application to the demobilizing PERSUPP DET electing monetary compensation or carryover to a future qualifying mobilization should have been submitted for the additional 14 days.

	Prior	Sep 11	Oct	Nov	Dec	Jan12	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	
Cumulative Mob Months	13	14	15	16	17	18	19	20	21	22	23	24	25	26	Total
Absences Accrued Under New Policy	0	1	0	0	1	1	1	1	1	1	1	1	1	1	New: 11 days
Absences Accrued Under the Old Policy	0	1	1	1	1	1	2	2	2	2	2	2	4	4	Old: 25 days

Note: Member was disadvantaged by the new policy implementation, earning only 11 days. Under the old policy, the member would have earned 25 days, therefore; the member qualified for 14 additional PDMRA days or monetary compensation for the additional 14 days.

(2) **Scenario 2.** An RC member was mobilized under reference (d) §12302 to a unit in Norfolk, VA for 2 consecutive sets of 12-month orders. The first mobilization was from 1 January 2010 to 31 December 2010, the second mobilization was from 1 January 2011 to 31 December 2011, and the member volunteered for an additional set of orders pursuant to reference (d) §12301(d) from 1 January 2012 to 31 December 2012.

Calculation (new policy): From 1 January 2010 to 30 September 2011, calculations for PDMRA will be based on the old policy. On 1 October 2011, PDMRA accrual will be calculated under the new policy. The member's 12-month qualifying period was from 1 January 2010 to 31 December 2011. Starting 1 January 2011 and through to June 2011 (13-18 cumulative months), the member earned 1 day per month. On 1 July 2011, the member began accumulating 2 days per month (19-24 cumulative months). On 1 October 2011, the new policy took effect and PDMRA days were not be creditable for orders under reference (d) §12302 within the United States, nor were any PDMRA days creditable for orders under reference (d) §12301(d). Under the new policy, the member accumulated 12 days of PDMRA.

Calculation (old policy) - The 12-month qualifying mobilization was 1 January 2010 to 31 December 2010. The member began accumulating PDMRA days as of the 1st day of the second mobilization, 1 January 2011. From January 2011 to June 2011 (13-18 cumulative months), the member earned 1 day per month. As of 1 July 2011, the member began accumulating 2 days per month (19-24 cumulative months). The member would accumulate 18 days of PDMRA. In this case, the DoD policy change, effective 1 October 2011, would disadvantage the member by awarding 6 days less than the member would have earned had the policy change not taken effect. The member had the option to elect to take the additional 6 days at the end of the current mobilization period, or be paid \$200 per day for the 6 days. If the member was still mobilized, election should have been made through the PERSUPP DET. If the member was no longer mobilized, an application via the demobilizing PERSUPPACT DET electing monetary compensation or carryover to a future qualifying mobilization should have been submitted for the additional 6 days.

	Prior	Jan11	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	
Cumulative Mob Months	12	13	14	15	16	17	18	19	20	21	22	23	24	Total

Absences Accrued Under the Old Policy		1	1	1	1	1	1	2	2	2	2	2	2	Old: 18 days

Note: Member was disadvantaged by the new policy implementation, earning only 12 days. Under the old policy, the member would have earned 18 days, therefore; the member qualified for 6 additional PDMRA days to be awarded or monetary compensation for the additional 6 days.

(3) **Scenario 3.** An RC member was mobilized under reference (d) §12302 for 12 months in 2009. The member was mobilized under reference (d) §12302 from 1 July 2011 to 30 June 2012. The orders included 3 months of training in the United States and 9 months in Afghanistan.

Calculation (new policy) - Calculations for PDMRA based on the old policy would be made up until 30 September 2011. The first mobilization accrued 12 months of creditable time since it occurred within 72 months of the member's current mobilization. The member would begin accumulating PDMRA days as of the 1st day of current mobilization, 1 July 2011. From 1 July 2011 to 30 September 2011 (13-18 cumulative months), the member earned 1 day per month based on the old policy for a total of 3 PDMRA days. As of 1 October 2011, the member began earning PDMRA days under the new policy and, because he had arrived in Afghanistan, accrued at a rate of 2 days per month. The total number of days authorized for this mobilization was 21 days.

Calculation (old policy) - There was a 12-month qualifying mobilization completed in 2009 and the member began accumulating PDMRA days as of the 1st day of the second mobilization, 1 July 2011. From July 2011 to December 2011 (13-18 cumulative months), the member earned 1 day per month. As of January 2012, the member began accumulating 2 days per month (19-24 cumulative months). The member would have accumulated 18 days of PDMRA. In this case, the DoD policy change, effective 1 October 2011, provided the member with 3 additional days. The member should have been awarded 21 days, and no additional action should have been taken.

Absences Accrued Under the Old Policy		1	1	1	1	1	1	2	2	2	2	2	2	Old: 18 days

Note: Member was not disadvantaged by the new policy implementation.

(4) **Scenario 4.** An RC Member was mobilized under reference (d) §12302 for 24 months from 15 December 2008 to 30 November 2010. The member was extended on active duty under reference (d) §12301(d) from 1 December 2010 to 31 December 2011. Member was mobilized again under reference (d) §12302 for

24 months from 1 January 2012 to 31 December 2013. All mobilizations and active duty time are in the United States.

Calculation (combination of old and new policies) - PDMRA days would be calculated under the old policy until 30 September 2011. The first 12 months of the first mobilization qualified the member to accrue PDMRA days under the old policy. The member began accumulating PDMRA days as of the 13th month of the first mobilization. From December 2009 to May 2010, member accrues 1 PDRMA day per month. From June 2010 through 30 November 2010, member accrues 2 days. Member accrues 18 days of PDMRA. Member does not qualify for PDMRA accrual while on active duty under reference (d) 12301(d) orders, 1 December 2010 to 31 December 2011. Members current mobilization under reference (d) §12302 is pursuant to the new policy as the member was not mobilized under a qualifying section of reference (d) at the time of policy change, 1 October 2011. The member's initial 24-month (reference (d) §12302) mobilization, from December 2008 to November 2010, is considered the qualifying mobilization under the new policy as it occurred within 72 months of the first day of the member's current mobilization. As member is mobilized in the United States from January 2012 to December 2013, the member does not qualify for PDMRA accrual. Member earns no PDMRA days for current mobilization. Member is awarded 18 days of PDMRA for his 2008-2010 mobilization.

4. **Authorization.** Members undergoing demobilization processing at Navy mobilization processing sites (NMPS) shall be screened for PDMRA eligibility by the supporting PERSUPP DET. Members should provide documentation (as needed) or PERSUPP DETs may

access Navy-Marine Corps Mobilization Processing System data to assist in validation and computation of accrued PDMRA time. Appropriate forms of documentation for use in establishing an entitlement for PDMRA include, but are not limited to, previous mobilization orders, travel claims, temporary duty orders, fitness reports and evaluations listing mobilization dates, deployment awards, personal summary record, and officer data card updates. Due to the variety of sources, officers-in-charge of PERSUPP DETs and NMPS sites are authorized discretion in determining the validity of mobilization documents. Members with periods of involuntary mobilization in another armed service will be required to provide supporting documentation.

5. Additional Guidance

a. Current practices allow members who have been on consecutive sets of mobilization orders to bank their PDMRA days until the member leaves active duty. Many of these members have been on active duty for multiple years under varying sections of reference (d). Except for members who meet requirements contained in paragraph 3, there is no authority to authorize members to bank PDMRA days. Any members who start a qualifying mobilization after the publication date of this MILPERSMAN article must use any accrued PDMRA days at the end of their active mobilization, even if member receives follow-on non-mobilization (reference (d) §12301(d)) orders. Members who receive extensions that are issued under the same section of reference (d) as the initial mobilization are to use any accrued PDMRA days at the end of the extension.

b. Members will be afforded the opportunity to use their PDMRA days prior to completion of their demobilization and deactivation processing and termination of orders. RC members may be extended on their current mobilization orders, provided the period of mobilization does not exceed designated limits in law applicable to the authority under which the member was mobilized.

(1) In unusual cases where members are not afforded the opportunity to use their PDMRA days, an exception may be made to the "banking" policy and members may take all earned PDMRA days at the end of their final demobilization. All possible actions should be taken to afford members the ability to take their PDMRA days at the end of the mobilization in which the member earned the PDMRA days.

(2) Under the new policy, RC members do not accrue PDMRA days during the time that mobilization orders are extended for the purpose of utilizing PDMRA days.

c. RC members who are Federal, State, or local civilian Government employees may be precluded by law from being paid by two Government entities for simultaneously serving in a RC status and in their civilian Government jobs. This provision would prevent them from returning to civilian Government employment during the period of PDMRA use. RC members who are Federal, State, or local civilian Government employees may elect, at the beginning of mobilization, to receive monetary compensation in lieu of PDMRA days. For this purpose, monetary compensation would be valued at a rate of \$200 for each day of PDMRA that would have been authorized. Additionally, an RC member who is a Federal, State, or local civilian Government employee may elect, before days are earned, to receive monetary compensation in lieu of a portion of PDMRA days earned and receive administrative absence for the remainder of the PDMRA days earned.

d. All RC members who are Federal, State, and local civilian Government employees will be issued, by NMPS and PERSUPP DETs upon initial mobilization processing, a standard NAVPERS 1070/613 as part of the personnel and pay gains processing prior to training and deployment as a means of documenting the member's choice of PDMRA days, monetary compensation, or a combination of both. The document will be retained by NMPS and PERSUPP DET for use during demobilization processing and a copy will be provided to the member. NAVPERS 1070/613 should contain the following statement:

I, _____ (name) _____ (rank), acknowledge that RC Service members who are also Federal, State, or local Governmental civilian employees are not permitted to receive their civilian pay while on active duty utilizing accrued post deployment/mobilization respite absence (PDMRA). In the event that PDMRA days are earned as a result of this mobilization, I elect to receive:

_____ PDMRA days

_____ Monetary compensation at the rate of \$200/day

_____ A combination of PDMRA days and monetary compensation, as explained below: _____

I acknowledge that the election to receive monetary compensation in lieu of administrative absence days must be made in advance of earning PDMRA days. Days earned may not be cashed in for monetary compensation after the fact.

Signature and Date

RC members who have already completed initial mobilization processing and are currently mobilized may elect to receive monetary compensation in lieu of PDMRA days, but must state that intention in writing and provide written documentation to the mobilizing NMPS and PERSUPP DET. In the absence of advance notice, monetary compensation cannot be awarded in lieu of PDMRA days. The date of election must be provided on any document submitted to NMPS and PERSUPP DET, otherwise monetary compensation will not be awarded. There is no authorization to back date any documents associated with monetary compensation.

e. RC members may combine PDMRA days and chargeable pre-separation leave following their demobilization and deactivation processing prior to termination of their mobilization orders. Failure to use approved PDMRA days prior to expiration of mobilization orders will result in loss of the benefit. Only those on mobilizations bridging the policy change may bank their PDMRA days.

f. Under the new policy, RC members who are placed in a MEDHOLD status pending resolution of medical issues related to

their mobilization duty will be converted to a voluntary active duty status under the authority of reference (d) §12301(h). That conversion will terminate accrual of PDMRA days as the orders are no longer qualifying orders. PDMRA days accrued prior to MEDHOLD status may be used prior to separation using criteria established in paragraph 5b(1) above.

6. **Court-Martial or Other Adverse Administrative Action.** In the event that a court-martial or other adverse administrative action has been initiated against a mobilized RC member, the accrual of creditable time is suspended, beginning with the day that charges are preferred or adverse administrative action is initiated pending final resolution of the matter. Commanding officers must document the suspension date of creditable time and notify the Office of the Chief of Naval Operations (OPNAV), Pay and Compensation (N130) who will make final determination of PDMRA eligibility pending final resolution. PDMRA days will not be awarded to RC members separated from mobilization under other than honorable conditions.

7. **Loss of PDMRA Days Due to Government Error.** If RC members believe they have lost PDMRA days due to Government error (i.e., miscalculation of days upon return from mobilization), the member may apply to the Board of Corrections for Naval Records for payment of \$200 per day for each day lost. RC members may apply for payment for any period beginning with the inception of the PDMRA program in 2007. Former members, as well as legal representatives of deceased RC members, may apply to the Board of Corrections for Naval Records if it is believed that they or the member represented, are eligible for payment of lost PDMRA days due to Government error. All applications must include documentation showing positive proof of Government error. For more information on the application process go to:

			FAX	(703) 695-3311

Governing Directive	DOD Directive 1327.5 of 24 Sept 85
----------------------------	------------------------------------

1. **Definition: Regular Liberty.** Regular liberty is a routinely authorized absence, at the end of which the member is actually on board or in the location from which the member regularly commutes to work, which lasts from the end of normal working hours on one day to the beginning of normal working hours the next workday.
2. **Definition: Weekend Liberty.** For members whose duty hours follow a traditional American work week, weekend liberty will be from the end of working hours Friday afternoon until the beginning of normal working hours on the following Monday.
3. **Definition: Equivalent Weekend Liberty.** For members who work other schedules, commanding officers will ensure an equivalent weekend liberty, though days of the week may vary.
4. **Maximum Length of Liberty Period.** Except for public holiday weekends or public holiday periods specifically extended by the President, regular liberty periods will not exceed 3 days in length.
5. **Definition: Special Liberty**
 - a. Special liberty is liberty granted outside of regular liberty periods for unusual reasons, such as
 - (1) emergencies,
 - (2) to exercise voting responsibilities of citizenship,
 - (3) for observance of major religious events, requiring the individual to be continuously absent from work or duty, or

(4) for special recognition.

b. Special liberty will normally not exceed 3 days; under certain circumstances, 4 days special liberty may be authorized.

c. Special liberty periods of 3 to 4 days are intended as compensation for

(1) unusually long working hours,

(2) members on-board ship in overhaul away from home port, or

(3) as recognition's for exceptional performance.

6. **Definition: 3-Day Special Liberty.** 3-day special liberty is a liberty period designed to give a servicemember 3 full days absence from work or duty, usually beginning at the end of normal working hours on a given day and expiring with the start of normal working hours on the 4th day, e.g., from Monday evening until Friday morning.

NOTE: When a 3-day liberty embraces only regular liberty time, such as a Saturday and Sunday with a Monday or Friday national holiday, when scheduled work hours are not included, the time off is treated as regular liberty.

7. **Definition: 4-Day Special Liberty.** 4-day special liberty is a liberty period designed to give a servicemember 4 full days absence from work or duty, usually beginning at the end of normal working hours on a given day and expiring with the start of normal working hours on the 5th day, and including at least 2 consecutive non-work days, e.g., from Wednesday evening until Monday morning.

8. **Restrictions on Combining Liberty and Other Absences.** DOD Directive 1327.5 places specific restrictions on combining regular liberty with special liberty and special liberty with leave. Refer to MILPERSMAN 1050-290.

References	(a) DoD Instruction 1327.06 of 13 August 2013 (b) Manual for Courts-Martial United States (2012 Edition)
-------------------	---

1. Definition of Liberty

a. **Regular Liberty.** Shall not exceed 3 days and shall normally be authorized from the end of normal duty hours on the first day to the beginning of normal duty hours on the following work day (i.e., weekend and federal holiday).

(1) On 2-day weekends, regular liberty shall extend from the end of normal duty hours on Friday until the beginning of normal duty hours on the following Monday.

(2) On 3-day weekends, regular liberty shall include Saturday, Sunday, and the Federal holiday (Monday or Friday).

(3) Only the President may authorize a 4-day weekend in conjunction with a Federal holiday.

b. **Special Liberty.** Liberty granted by a unit's commanding officer (CO) outside of regular liberty periods for special occasions or circumstances. Special liberty may not exceed 4 days, including weekends and holidays.

2. Policy

a. COs shall establish a leave and liberty policy that meets organizational readiness requirements.

(1) Policy shall include a liberty recall policy.

b. COs may grant special liberty for any period of 4 days or less. As an instrument of command management, special liberty is normally granted to persons **not** required

(1) to be physically present to complete unfinished work assignments;

(2) for additional essential work; or

(3) to maintain a level of operational readiness.

3. **Circumstances for Granting Special Liberty.** COs may grant special liberty for

a. compensation for significant periods of unusually extensive working hours;

b. long or arduous deployments or for Service members onboard ships in overhaul away from homeport;

c. duty in an isolated location where normal liberty is inappropriate;

d. special recognition for exceptional performance;

e. compassionate reasons, such as allowing a member to attend a funeral of a family member, or assist a family member(s) with a serious illness/injury; or

f. any other special occasion or special circumstance, as determined by a CO.

4. **Prohibitions, Limitations, and Exceptions to Granting Liberty.** Before granting liberty to a member, COs should follow these prohibitions, limitations, and exceptions:

a. **Restrictions on Combining Periods of Liberty and or Leave:**

(1) Special liberty may not be used in combination with normal liberty, holidays, or other off-duty periods in which the combined period of continuous absence would exceed 4 days.

(2) When special liberty or regular liberty is combined with leave, the member must be physically present at the home station or port when departing and returning from leave. If the member wishes to leave the home station or port and not return

prior to checking out on leave, then the entire period of leave and special liberty will be charged as leave.

b. Restrictions on Combining Periods of Liberty with Temporary Duty (TDY) or Temporary Additional Duty (TAD).

(1) Special liberty may not be authorized at the beginning or end of a period of TDY or TAD for the purpose of extending the period of TDY or TAD per reference (a). This prohibition does not include regular liberty periods which do not result in an extension of the period of TDY or TAD.

(2) Members who would ordinarily be in a regular liberty status may elect to remain at the TDY or TAD site in a liberty status through the end of the regular liberty period.

(3) Similarly, members may elect to travel to the TDY or TAD site prior to the commencement of the period of TDY or TAD in order to be in a liberty status at the TDY or TAD site before commencing the TDY or TAD.

c. Members with Diseases

(1) Do not grant liberty to members under treatment for infectious or contagious diseases while in an infectious stage, except in cases of urgent personal matters.

(2) Before granting liberty to a member with an infectious or contagious disease, the CO should first consult with the member's physician to ensure safety of the public.

5. **Extending Liberty Period.** When a member requests an extension of an authorized liberty period and the time (liberty and extension) exceeds 4 days, that portion exceeding the regular liberty shall be charged to the member's leave account.

6. **When a Public Holiday Falls on Weekend.** Use the rules in the table below to consider Friday or Monday as a holiday when a public holiday falls on a weekend:

WHEN public holiday falls...	THEN ...
on Saturday,	the preceding Friday also will be considered a holiday.
on Sunday,	the following Monday also will be considered a holiday.
within authorized dates of leave,	the holiday is charged as leave.

Note: Personnel not on duty are in a regular liberty status on holidays.

7. **Liberty for In-Port Duty on Holidays.** When possible, grant members liberty following in-port duty on public holidays using the rules in the table below:

WHEN ...	AND ...	THEN ...
this liberty is granted,		it should fall on the first workday following the holiday.
the holiday is a Saturday,	the member has duty on Friday (the federally observed day),	give Monday off as liberty.
the holiday is a Sunday,	the member has duty on Monday (the federally observed day),	give Tuesday off as liberty.

8. **Public Holidays and Dates.** Public holidays are governed by law and will be observed, except when military operations prevent. The following table lists public holidays and the dates they are to be observed:

HOLIDAY	DATE OBSERVED
New Year's Day	1 January
Martin Luther King	the third Monday in January
Presidents Day	the third Monday in February
Memorial Day	the last Monday in May
Independence Day	4 July
Labor Day	the first Monday in September
Columbus Day	the second Monday in October
Veterans Day	11 November
Thanksgiving Day	the fourth Thursday in November
Christmas Day	25 December
Other	when directed by proper authority under law

9. **Depriving Liberty**

a. Subject to reference (b), restriction awarded by courts-martial or at captain's mast (nonjudicial punishment (NJP)) can result in deprivation of liberty.

b. Assignment of extra duties awarded by NJP can result in deprivation of liberty during the hours when the extra duties are performed. Upon completion of the assigned daily extra duties, the member should be granted normal liberty if otherwise entitled to it.

c. Completion of normal daily duties should not be construed as depriving liberty.

1. Policy

a. A member who has been sentenced by court-martial to dismissal or an unsuspended punitive discharge and who has completed all awarded confinement, may be placed on appellate leave pending completion of appellate review. A member may **request appellate leave** or be placed on **mandatory appellate leave**. Both types of leave require approval of the officer exercising general court-martial (GCM) or special court-martial (SPCM) jurisdiction over the member.

b. Prior to being placed on voluntary appellate leave a member must be transferred to the appropriate Transient Personnel Unit (TPU), Naval Station or Naval Air Station, for tracking and appellate leave processing.

-------------------	--

1. **Scope**. Members sentenced by court-martial to dismissal or an unsuspended punitive discharge, but whose sentence has not yet been approved, may request appellate leave provided all confinement (if any) has been completed. The request may be approved at the discretion of the commander exercising court-martial convening authority, if in the commander's opinion the best interest of the naval service would be served by granting the member's request. Appellate leave removes such Sailors from the physical presence of the command, thus promoting readiness and good order and discipline.

2. **Checklist**. Follow the steps below if the member's appellate leave request has been approved. A member may not be placed on appellate leave until deoxyribonucleic acid (DNA) is obtained, forwarded, and accepted by the United States Army Criminal Investigation Laboratory (USACIL).

Step	Action
1	If convicted of a qualifying military offense, any offense under reference (a), punishable by a sentence with confinement of more than 1 year (regardless of sentence imposed), ensure DNA sample is collected, forwarded to, and accepted by USACIL per reference (b).
2	Arrange for separation physical (including HIV test) to be completed prior to commencement of appellate leave. See MILPERSMAN 1900-808 and reference (c).
3	<p>Offer member formal inpatient treatment prior to separation, if diagnosed as drug and or alcohol dependent (see MILPERSMAN 1910-800).</p> <p>NOTE: If member accepts treatment, appellate leave may not commence until treatment is completed or terminated. Ensure member's acceptance or nonacceptance is documented in the service record.</p>
4	Ensure member understands that transportation to selected leave address will be at member's own expense.
5	<p>Counsel member on right to petition the naval clemency and parole board using NAVSO 5815/4 Waiver of Clemency Review or NAVSO 5815/2 Request for Restoration/Clemency. NAVSO 5815/2 and NAVSO 5815/4 can be obtained by using the following link:</p> <p>https://navalforms.documentservices.dla.mil/web/public/forms?p_p_id=eFormsPublicSearchPortlet_WAR_eformsportlets&p_p_action=1&p_p_state=normal&p_p_mode=view&p_p_col_id=column-1&p_p_col_count=2&_eFormsPublicSearchPortlet_WAR_eformsportlets_action=search. A copy of the document must be filed in the service record.</p> <p>NOTE: NAVSO 5815/4 is not required for personnel with sentence adjudged on or after 5 November 1993 if approved confinement is less than 12 months.</p>
6	<p>Counsel member regarding shipment of personal property and or household goods (HHG). Eligible members must submit a written request to the general court-martial convening authority or special court-martial convening authority for approval per reference (d). Property should not be transferred to a Navy storage facility.</p> <p>For members stationed in continental United States (CONUS) without family members, HHG shipment is not authorized per reference (d), paragraph U5317.</p>

	<p>For members with family members stationed in CONUS, travel and HHG shipment may be authorized at the discretion of the convening authority (CA) if deemed in the best interest of the member or member's family and the United States per reference (d), paragraph U5370-H.</p> <p>For members stationed outside CONUS, family members' travel and HHG shipment will be authorized or approved to the home of record when the general court-martial (GCM) convening authority determines such to be in the best interest of the Government per reference (d), paragraph U5370-B2.</p>
7	Revoke member's security clearance per reference (e).
8	Revoke member's private vehicle base decal.
9	Confiscate all property of the Government, except one overcoat (if needed) as provided in reference (f), paragraph 25940.
10	Confiscate identification (ID) card(s) of member and dependents.
11	Issue new ID to member and dependents, with an expiration date of 6 months from the date of issue. Successive cards may be reissued for up to 3 months until discharge is affected. Contact Navy and Marine Corps Appellate Leave Activity (NAMALA) for authorization per reference (g).
12	Have member read, initial, and sign NAVPERS 1050/3 Appellate Leave Statement of Understanding. NAVPERS 1050/3 can be accessed by using the following link: http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx . File original in service record and provide a copy to the member.
13	Verify service record pages for completeness and accuracy to include verification of DD 93 Record of Emergency Data and witnessed Servicemembers' Group Life Insurance (SLGI) updates (if necessary). Make appropriate entry to document action.
14	Provide member with copy of NAVCOMPT 3065 Leave Request/Authorization. File a copy in the service record.
15	Per reference (a), ensure appropriate reduction in rank entries are entered in Navy Integrated Personnel System (NSIPS). If member is awarded reduction in rank to E-1 at court-martial, utilize reference (a), section 857, article 57. If member is not awarded reduction in rank

	at court-martial, or is reduced, but to a rank higher than that of E-1, utilize reference (a), section 858a, article 58(1).
16	<p>Update NSIPS transient tracking on member (as applicable). This may include:</p> <ul style="list-style-type: none"> • Transient - General (account category code (ACC), ACC effective date, transient tracking code, etc.); • Legal Information (disciplinary action, confinement, appellate leave information); and • Remarks (as appropriate).
17	<p>Change ACC to 393.</p> <p>NSIPS activities use transient tracking to change ACC to 393.</p>
18	<p>To change duty status code (DSC) to 136, submit NSIPS leave transaction.</p> <p>NSIPS activities use "Leave," "Leave Create," "Absence Type R (Start Appellate Leave)," with days granted 300, per reference (h), paragraph 10255. If the member requests to be paid for all accrued leave, terminate all pay and allowances (including selected reenlistment payments), refer to reference (h), paragraph 10255.</p>
19	<p>Drop member from strength. All personnel placed on appellate leave (mandatory or voluntary) will be administratively dropped from Navy strength at the time appellate leave is executed without regard to status of the CA's action.</p> <p>NSIPS activities use "Losses", "Admin Loss", "Use", "Admin Loss - Create"; after this is released, DSC will change from 136 to 143 (active duty, admin punitive discharge, drop from strength).</p>
20	<p>Go to MILPERSMAN 1050-330.</p> <p>NOTE: If CA action is not received within 120 days of court-martial sentence, initiate tracer action via message to the CA, with follow-up tracer every 30 days thereafter. Include immediate superior in command, Office of the Judge Advocate General, and NAMALA on second and subsequent tracer actions.</p>

1. What to do when the Convening Authority (CA) acts. Take the following actions once the convening authority (CA) acts:

IF the CA ...	and ...	then ...
disapproves/ remits/ suspends the punitive discharge/ dismissal,	the member's expiration of active obligated service (EAOS) has occurred,	separate the member by reason of EAOS (see MILPERSMAN 1910-104). If high year tenure applies, refer to MILPERSMAN 1160-120. If sanctuary applies, refer to Navy Personnel Command (NAVPERSCOM), Conduct and Separations Division (PERS-83).
	the member's EAOS has not occurred,	recall the member (if on request appellate leave) to active duty and/or process for administrative separation per MILPERSMAN 1910-100. If high year tenure applies, refer to MILPERSMAN 1160-120. If sanctuary applies, refer to Navy Personnel Command (NAVPERSCOM), Conduct and Separations Division (PERS-83).

IF the CA ...	and ...	then ...

-------------------	--

1. **Discussion.** Once the convening authority (CA) has approved an unsuspended punitive discharge or dismissal and all confinement (if any) has been completed, the member may be placed on mandatory appellate leave by the officer exercising court-martial jurisdiction over the member. In a majority of circumstances, appellate leave is appropriate; however, the following factors should be considered prior to directing mandatory appellate leave:

- a. The quality of the member's service record;
- b. The type and severity of offense(s);
- c. The commanding officer's recommendation (if applicable);
- d. The staff judge advocate's and legal officer's recommendations;

e. Whether the member has demonstrated a likelihood of productive and beneficial service to the Navy by remaining on active duty pending appellate review;

f. Any hardship or other adverse consequences which the member may experience, if required to take mandatory appellate leave;

g. Any other pertinent information that the member considers appropriate; and

h. The best interest of the service.

2. **Procedures**. Follow the steps below if mandatory appellate leave is directed:

Step	Action
1	A member may not be placed on appellate leave until deoxyribonucleic acid (DNA) is obtained, forwarded, and accepted by U.S. Army Criminal Investigation Laboratory (USACIL). If convicted of a qualifying military offense or any offense under reference (a) punishable by a sentence with confinement of more than 1 year (regardless of sentence imposed), ensure a DNA sample is collected, forwarded to, and accepted by USACIL per reference (b).
2	Complete separation physical (including human immunodeficiency virus (HIV) test) prior to commencement of appellate leave. See MILPERSMAN 1900-808 and reference (c).
3	Offer member formal inpatient treatment prior to separation if diagnosed as drug and or alcohol dependent. See MILPERSMAN 1910-800. NOTE: If member accepts treatment, appellate leave cannot commence until treatment is completed or terminated. Ensure member's acceptance or nonacceptance is documented in the service record.

Step	Action
4	<p>Counsel member on right to petition the Naval Clemency and Parole Board using NAVSO 5815/4 Waiver of Clemency Review or NAVSO 5815/2 Request for Restoration/Clemency. NAVSO 5815/4 and NAVSO 5815/2 can be accessed via the following link: https://navalforms.documentservices.dla.mil/web/public/forms?p_p_id=eFormsPublicSearchPortlet_WAR_eformsportlets&p_p_action=1&p_p_state=normal&p_p_mode=view&p_p_col_id=column_1&p_p_col_count=2&eFormsPublicSearchPortlet_WAR_eformsportlets_action=search. A copy of the document must be filed in the service record.</p> <p>NOTE: NAVSO 5815/4 is not required for personnel with sentence adjudged on or after 5 November 1993 if approved confinement is less than 12 months.</p>
5	<p>Counsel member regarding shipment of personal property and or household goods (HHG). Eligible members must submit a written request to the general court martial convening authority (GCMA) or special court martial convening authority (SCMA) for approval per reference (d). Property should not be transferred to a Navy storage facility.</p> <p>For members stationed in continental United States (CONUS) without family members, HHG shipment is not authorized under reference (d), paragraph U5317.</p> <p>For members with family members stationed in CONUS, travel and HHG shipment may be authorized at the discretion of the CA if deemed in the best interest of the member, or the member's family, and the United States. See reference (d), paragraph U5370-H.</p> <p>For members stationed outside CONUS, family members' travel and HHG shipment will be authorized or approved to the home of record when the GCMA determines such to be in the best interest of the Government (see reference (d), paragraphs U5370-B2 and U5240-F).</p>
6	<p>Revoke member's security clearance per reference (e).</p>
7	<p>Revoke member's private vehicle base decal.</p>

Step	Action
8	Confiscate all Government-issued clothing (uniform or civilian) and all property of the Government, except one overcoat (if needed) as provided in reference (f), paragraph 25940.
9	Confiscate identification (ID) card(s) of member and dependents.
10	Issue new ID cards to member and dependents with an expiration date of 6 months from date of issue. Successive cards may be reissued for up to 3 months until discharge is affected. Contact Navy and Marine Corps Appellate Leave Activity (NAMALA) per reference (g).
11	Have member read, initial, and sign NAVPERS 1050/3 Appellate Leave Statement of Understanding. NAVPERS 1050/3 can be accessed via the following link: http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx . File original in service record and provide a copy to the member.
12	Verify service record pages for completeness and accuracy to include verification of DD 93 Record of Emergency Data and witnessed Servicemembers' Group Life Insurance (SGLI) updates (if necessary). Enter appropriate entry to document action.
13	Provide member with copy of NAVCOMPT 3065 Leave Request Authorization. File a copy in the service record.
14	Per reference (a), ensure that appropriate reduction in rank entries are entered in Navy Standard Integrated Personnel System (NSIPS). If member is awarded reduction in rank to E-1 at court-martial, utilize reference (a), article 57. If member is not awarded reduction in rank at court-martial or is reduced, but to a rank higher than that of E-1, utilize reference (a), article 58(a).
15	Update NSIPS transient tracking on member (as applicable). This may include: <ul style="list-style-type: none"> • Transient - General (accounting category code (ACC), ACC effective date, transient tracking code, etc.); • Legal Information (disciplinary action, confinement, appellate leave information); and • Remarks (as appropriate).

Step	Action
16	<p>Change ACC to 393.</p> <p>NSIPS activities use transient tracking to change ACC to 393.</p>
17	<p>Change duty status code (DSC) to 136, submit NSIPS leave transaction.</p> <p>NSIPS activities use "Leave," "Leave Create," "Absence Type R (Start Appellate Leave)," with days granted 300, as per reference (h), paragraph 10255. If the member requests to be paid for all accrued leave, terminate all pay and allowances including selected reenlistment payments. Refer to reference (h), paragraph 10255.</p>
18	<p>Drop member from strength. All personnel placed on appellate leave (mandatory or voluntary) will be administratively dropped from Navy strength at the time appellate leave is executed without regard to status CA's action.</p> <p>NSIPS activities use "Losses," "Admin Loss," "Use," "Admin Loss - Create." After this is released, DSC will change from 136 to 143 (active duty, admin punitive discharge, drop from strength).</p>

-------------------	--

1. Policy

a. Accrued leave, creditable at the time of retirement, is compensable in a lump-sum payment not to exceed 60 days of basic pay. References (a), (b), and MILPERSMAN 7220-340 state that no member can sell back more than 60 days during a military career at the rate in effect the day prior to the date of retirement.

b. If the member is continued on Active Duty upon retirement, the lump-sum payment of accrued leave shall be made upon subsequent release from Active Duty at the rate in effect on the last day of Active Duty.

c. Payment for leave accrued prior to 1 September 1976, which is referred to as saved leave, will include basic pay, basic allowance for quarters, and basic allowance for subsistence. Payment for leave accrued on or after 1 September 1976 will include basic pay only.

2. Absence on Leave at the Time of Retirement

a. Per MILPERSMAN 1050-120, absence on leave at the time of retirement, or transfer to the Fleet Reserve without the necessity of return to the separation site (if desired) should normally be granted when requested to preclude the loss of leave and to minimize accrued leave.

b. If leave without return to the separation site is desired, the member must actually have retirement or transfer to the Fleet Reserve orders in possession and have completed separation processing prior to departure on leave. The retirement or transfer to the Fleet Reserve date must occur following completion of the authorized leave period.

-------------------	--

1. **Policy Reference.** Consecutive overseas tours (COT) leave travel is described in reference (a), para. U7200.
2. **Relationship to Overseas Tour Extension Incentives.**
 A servicemember who receives COT leave travel shall not receive any incentive under the Overseas Tour Extension Incentive Program (OTEIP) for the same overseas tour.
3. **Criteria.** The table below lists criteria that entitles a member to COT leave travel.

WHEN ...	AND is ordered to ...	THEN ...
a servicemember is stationed outside the continental United States (OCONUS),	a COT at the same permanent duty station (PDS) involving two full Department of Defense (DoD) area tours, or make a permanent change of station (PCS) from one PDS OCONUS to another PDS OCONUS, involving two full DoD area tours, or Secretary of the Navy (SECNAV) tours.	is entitled to receive COT leave travel.

4. **COT Leave Travel Execution.** Unless COT travel is deferred by Navy Personnel Command (NAVPERSCOM),

- a. Enlisted Distribution Division (PERS-40CC) for enlisted personnel, and
- b. cognizant detailee for officers,

the following rules will apply to execution of COT leave travel:

WHEN home of record (HOR) is in continental United States (CONUS) ...	THEN COT leave shall be taken in conjunction with ...
PCS order, with no temporary duty (TEM DU) provision, requires servicemember to traverse CONUS,	CONUS crossing.
there is TEM DU in CONUS as part of PCS,	TEM DU in CONUS.

WHEN HOR is OCONUS ...	THEN COT leave shall be taken in conjunction with ...
	travel between duty stations, or may be deferred by member.

5. **Deferment of COT Leave Travel**

a. Deferment of COT leave travel, relating to the table above, will only be approved by NAVPERSCOM when unusual circumstances preclude member or dependents from taking COT leave while in CONUS.

b. Requests must be submitted to NAVPERSCOM, and authorization received, prior to member's transfer.

c. Requests for deferred leave travel, when the servicemember is required to traverse CONUS to complete PCS, should be forwarded to NAVPERSCOM

- (1) PERS-40CC for enlisted personnel, and
- (2) cognizant detailee for officers.

6. Re-Tour without Change in PDS. In connection with a re-tour not involving a change of PDS,

a. full DoD area tour must be completed before leave travel entitlement accrues; and

b. leave travel may be taken between the end of first complete area tour and start of second complete area tour, unless servicemember elects to defer performing COT leave travel until after reporting for the second tour. Unless deferred due to duty in connection with a contingency operation, COT leave travel must be performed prior to the end of the new tour, otherwise the entitlement expires.

7. Deferment when not Traversing CONUS

a. A servicemember or dependents who are

(1) not required to traverse CONUS to complete PCS, or

(2) authorized or approved by NAVPERSCOM to defer COT leave travel in connection with travel covered by the table above,

may elect to defer performing COT leave travel until after servicemember reports to new PDS OCONUS.

b. COT leave travel must be performed prior to the end of the new tour, unless member is assigned to a contingency operation as designated by Secretary of Defense.

8. Dependent COT Leave Travel. Rules for COT leave travel are given in the table below:

WHEN ...	THEN ...
dependents are entitled to COT leave travel,	they may travel with servicemember at the time servicemember is granted COT leave travel, or travel independently of servicemember. NOTE: COT leave travel must be performed prior to the end of the new tour which servicemember begins consecutive tour of duty at the same PDS or reports to another PDS OCONUS.
COT leave travel is deferred,	dependent PCS travel entitlement will be limited to direct travel between old and new PDSs.
dependents leave travel on a re-tour is deferred,	cost limit of leave travel, when taken, is described in reference (a), para. U7200-C.

9. Cost Limits of COT Leave Travel. Dependents are able to begin PCS travel anytime after receipt of PCS orders by servicemember. Cost limits for dependent travel will be as specified in the table below:

WHEN ...	AND ...	THEN ...	AND ...
PCS travel is begun by dependents,	a COT leave travel entitlement on their behalf is used,	cost limit of travel entitlement is described in reference (a), para. U7200-C.	
there is no PCS, but rather a re-tour at the same PDS, with or without a change of activity or unit identification code,		COT leave travel entitlement for dependents shall not begin until servicemember completes first prescribed accompanied-by-dependents area tour,	must be performed prior to the end of the new tour which servicemember begins consecutive tour of duty at same PDS, cost to be limited to round trip cost to appropriate leave travel point.

10. Travel Exceeding HOR Distance

a. Requests for COT leave travel to any place farther distant than to HOR should be forwarded to Chief of Naval Operations (OPNAV (N130E)), Travel and Transportation Branch Chief, for action.

b. Authorization by OPNAV (N130E) may be granted for unusual circumstances, i.e.,

(1) member's old and new PDS and HOR in same geographic location; or

(2) travel to HOR in conjunction with travel via designated location of dependents (reference (a), para. U5120-G) when both HOR and designated location of dependents are in same country.

c. Requests must be submitted, and authorization received, prior to member's transfer.

a. Adoption leave may be granted in conjunction with ordinary leave.

b. Only one member of a dual military couple is eligible for adoption leave.

2. **Qualification for Adoption Leave.** A member who is eligible for reimbursement of qualified adoption expenses is eligible for adoption leave.

3. **Definition of a Qualifying Adoption.** Per references (c) and (d), a child under 18 years of age is an adoption when arranged by the following:

a. A State or local government agency which has responsibility under State or local law for child placement through adoption.

b. A nonprofit, voluntary adoption agency which is authorized by State or local law to place children for adoption.

c. Any other source authorized by a State to provide adoption placement if the adoption is supervised by a court under State or local law.

d. A foreign government or an agency authorized by a foreign government to place children for adoption, in any case which

(1) the adopted child is entitled to automatic citizenship per reference (e); or

(2) a certificate of citizenship has been issued for such child as defined in reference (f).

4. **Reinstatement of Leave.** Members who have used earned leave to adopt a child, on or after 1 Jan 06, should contact their local Personnel Support Activity Detachment (PERSUPP DET) to have their leave reinstated.

1. **General Policy.** Per reference (a) and in accordance with policies governing authority to grant leave in reference (b), commanding officers (COs) will grant 10 days of non-chargeable leave of absence to a married member of the Navy on active duty, whose wife gives birth to a child, in connection with the birth of the child.

a. Paternity leave may be granted in conjunction with ordinary leave.

b. COs will grant leave on an individual basis dependent on the unit's mission, specific operational circumstances, and servicemember's billet.

c. Paternity leave must be taken within 365 days of the birth of the child. Waivers to this policy must be submitted to Office of Chief of Naval Operations (OPNAV), Military Compensation Branch (N130) for approval, with an explanation of circumstances that prevented use of paternity leave.

d. The full 10 days of paternity leave need not be taken in a single block; however, periods of non-chargeable leave may not be taken consecutively in conjunction with liberty or special liberty. For example, 5 days of paternity leave, followed by a weekend, and a second period of paternity leave would not be allowable.

e. The 10-day entitlement remains the same for multiple births (twins, triplets, etc.).

2. **Effective Date**. Per reference (a), this policy is effective as of **14 October 2008**, and applies only with respect to children born on or after that date.

3. **Reinstatement of Leave**. Members who have used earned leave in connection with the birth of a child on or after 14 October 2008 should contact their supporting Personnel Support Detachment (PERSUPP DET) to have up to 10 days of leave reinstated.

--------------------	--

1. **General Policy.** Per reference (a) and policies governing authority to grant administrative absences in reference (b), as clarified in reference (c), commanding officers may grant up to 10 days of administrative absence to obtain a legal marriage to Service Members who are part of a couple that desires to get married, but are assigned to duty stations located more than 100 miles from a U.S. state, the District of Columbia, or any other jurisdiction that allows the couple to be married.

a. Eligible Service Members assigned within the Continental United States (INCONUS) may be granted a maximum of 7 days of administrative absence.

b. Eligible Service Members assigned outside CONUS (OCONUS) may be granted a maximum of 10 days of administrative absence.

c. When both members of a couple are Service Members, each member may be granted the applicable number of days based on his or her individual assignment location.

d. Extension requests of this administrative absence period shall be considered by commands on a case-by-case basis. Absence taken beyond the authorized benefit will be charged to the member's leave account.

e. Administrative absence for marriage may be granted in conjunction with ordinary leave.

2. **Granting Administrative Absence for Marriage.** Commanding officers will determine the appropriate number of days to grant for administrative absence based on travel days, the waiting period associated with state marriage requirements, and command operational requirements.

a. **Travel**

(1) Two travel days will be authorized to members stationed INCONUS and will count towards the 7-day maximum.

(a) Members are authorized to travel to a location of their choice. The number of administrative days authorized will be based on travel and the waiting period for the closest state or jurisdiction that allows the member to be legally married.

(b) Members who live in or within 100 miles of a state or jurisdiction that allows the member to legally marry are not authorized administrative absence under this policy.

(2) Up to 5 travel days will be authorized to members stationed OCONUS and will count towards the 10-day maximum.

(a) For members OCONUS, the number of days authorized, to include travel days, will be at the commanding officer's discretion and based on the member's marriage plans, vicinity to a jurisdiction or country that allows the member to legally marry, and the administrative and legal marriage requirements of that jurisdiction or country.

(b) Commanding officers should use their best judgment to limit the number of travel days where possible (e.g., members stationed in a country that borders a country that allows the member to legally marry, may only need 2 travel days).

(c) Members stationed overseas in a location that allows the member to legally marry, or within 100 miles of such a location, will not be authorized administrative absence under this policy.

b. **State-Mandated Waiting Period**

(1) The waiting period refers to the legally required wait time to obtain a marriage license and or the required wait

time after the marriage license is obtained, but before the marriage may be performed.

(2) The appropriate number of administrative absence days will be granted to meet state- or jurisdiction-mandated waiting period requirements, capping at the 7-day INCONUS or 10-day OCONUS limitation.

(3) Eligible members will complete the state administrative requirements for marriage online or by mail, (where possible) in advance of the administrative absence travel to avoid and or accomplish the state-mandated waiting periods that occur when applying in person.

(4) Commanding officers have the authority to authorize only the appropriate number of days for which the member is required to be present in the state or jurisdiction in which the member is marrying.

(5) Commanding officers will consider unit mission, specific operational circumstances, and Service Member's duties.

3. **Program Administration.** Administrative absence for marriage may be granted only once during the career of a Service Member, regardless of the number of administrative absence days used.

a. Service Members must submit a special request chit (NAVPERS 1336/3 Special Request Authorization) until such time as Navy Standard Integrated Personnel System (NSIPS) e-Leave is updated to facilitate this type of administrative absence. Accompanying the special request chit, members will submit the administrative requirements for the state or jurisdiction in which they are authorized and intending to marry.

b. Administrative absence will be documented in an eligible Service Member's record with a permanent NAVPERS 1070/613 Administrative Remarks (page 13) entry. The signed NAVPERS 1070/613 must be entered into the member's official military personnel file (OMPF). The required language for NAVPERS 1070/613 can be found on the Don't Ask Don't Tell (DADT) Post Repeal Navy Personnel Command Web page at:

http://www.public.navy.mil/bupers-npc/support/21st_Century_Sailor/dadt/Pages/default.aspx

c. Upon return from administrative absence, members are required to provide proof of the new marriage to their command, or the period of absence will be charged as annual leave.

d. If an eligible member elects to go to a state other than the closest state, the member will be authorized the appropriate number of administrative absence days to the closest state, and must take ordinary leave in conjunction to make up the difference in requested days.

e. Eligible members who wish to marry during a permanent change of station (PCS) must request administrative absence from their gaining command prior to executing their orders.

(1) Members executing a PCS to a duty station that allows the member to legally marry, are not eligible for administrative absence under this policy.

(2) Members executing a PCS from a duty station in a state, country, or jurisdiction that does not allow the member to legally marry to a new duty station in a state, country, or jurisdiction that also does not allow the member to legally marry, can be authorized administrative absence enroute. The number of days authorized shall be calculated by the gaining command as if the member was already stationed in the location of the gaining command. For members executing a PCS from an INCONUS duty station that does not allow the member to legally marry to an OCONUS duty station that also does not allow the member to legally marry, or vice versa, the 7-day INCONUS limitation will apply.

-------------------	--

1. **Policy.** The officer official military personnel file (OMPF) is maintained per references (a) and (b), and contains documents which reflect on the character, performance, professional qualifications, and fitness of the member. For members who are serving or have served in a dual officer - enlisted status, the officer OMPF may contain both officer and enlisted documents as deemed necessary by Commander, Navy Personnel Command. The OMPF is maintained in the Electronic Military Personnel Records System at Navy Personnel Command (NAVPERSCOM).

2. **Record Categories.** Documents filed in the officer OMPF are placed in 1 of 21 categories based on type of information in the document. Each category is assigned a unique field code which allows us to group or control access to documents by type. The following outlines categories of documents filed in the officer OMPF. For specific documents refer to reference (b).

Field Codes	Categories
01	Assignment Officer Code (currently not used).
02	Photograph (most recent one).
03	Fitness Reports (including supplementary materials, letters of explanation, and officer statements).
04	Decorations, Medals, and Awards (award citations, unit awards, campaign medals, service medals, and marksmanship qualifications).
05	Training and Education (tuition assistance forms, college transcripts, diplomas, language proficiency, military service schools, and correspondence course completion certificates).
06	Qualifications (initial designator or designator change, licenses and or certifications, and Navy Reserve qualification questionnaires).
07	Appointments and Promotions (appointment acceptance and oath of office, appointment to Navy or Navy Reserve, delivery of temporary or permanent appointment, and correction of appointment).
08	Reserve Status (key employee determination, transfer to Standby Reserve, United States Navy Reserve (USNR) termination letters, and miscellaneous USNR correspondence).
09	Service Determinations, Separation, and Retirement (statements of service, procurement waivers, separation documents, Reserve retirement credit reports, notification of eligibility letter, record of service, and request for conditional release).
10	Miscellaneous Professional History (service agreements, Navy Reserve Officers Training Corps disenrollment and or termination, history of assignments, and administrative remarks).
11	Security (clearances, classified information nondisclosure agreements, personnel reliability screening, and security termination statements).
12	Emergency Data (record of emergency data, Servicemembers' Group Life Insurance (SGLI) election, SGLI family coverage election, and Reserve Component survivor benefit plan election certificates).
13	Record Changes.
14	Personal Background Data (evidence of citizenship, home of record, and casualty reports).
15	Miscellaneous Personal Data (birth certificates,

	dependency determination letters, medical reports, and physical examinations).
16	Orders (orders to officer candidate school, active duty, first duty station, inactive duty, active duty for training, recall to active duty, and separation).
17	Privileged Information (correspondence which is adverse or derogatory in nature (including non-judicial punishment, administrative and or punitive letters, or detachment for cause), Family Advocacy Program documents, prisoner of war data, various board decisions (including field boards, medical boards, and physical evaluation boards), etc.).
18	Enlisted Record for Officer with Prior Enlisted Service.
19	Record Requests and or Disclosures.
91	Sexual Offense Accountability Documents.
99	Miscellaneous Correspondence.

3. **Updating the OMPF**

a. Personnel offices and or personnel support detachments must prepare and forward documents to update the officer OMPF as required by the document's governing directive and in compliance with reference (b).

b. Unless otherwise provided in a document's governing directive or the MILPERSMAN, submit documents on a daily basis or as soon as possible thereafter using the e-Submission application in BUPERS Online (BOL). For documents that cannot be submitted via the e-Submission application, or if the e-Submission application is not available for an extended period, documents may be mailed per reference (b). Do not include letters of transmittal or explanation.

c. Documents only must contain personal information pertaining to the Service member of record. Unless required by the document's governing directive or otherwise considered essential by the office of primary responsibility, third-party personal information (most often social security number, home address, phone number, and date and or place of birth) must be redacted (blacked-out) from all documents prior to forwarding to NAVPERSCOM.

d. Do not submit "nice to have" or "nonessential supporting documentation." Documents submitted that do not meet retention guidelines of reference (b) will be destroyed.

4. Record Corrections and or Changes

a. An official document submitted to NAVPERSCOM for filing in the OMPF becomes property of Department of Navy (DON). Except for administrative or clerical errors, documents filed in a permanent personnel record may not be removed or changed, except by authorization of the Secretary of Navy.

b. Submit OMPF change requests directly to NAVPERSCOM, Records Management Policy Branch (PERS-313) if the request meets one of the following scenarios:

(1) The document was filed erroneously (i.e., a document is filed in the wrong record, the document was not signed, or a regulation precludes the document from being filed in the OMPF).

(2) The correction is mandated by regulation.

(3) It is apparent on its face of the document that a clerical error was made (e.g., member received authority to reenlist for 6 years and the reenlistment contract indicates 6 years, but the dates provided indicate only a 5-year reenlistment).

(4) If a document found in the OMPF is not legible, it may be replaced by attaching a clean readable document to the OMPF change request (this document must be an exact duplicate of the document that it will replace).

c. OMPF change requests submitted to NAVPERSCOM (PERS 313) must:

(1) contain Last name, first name, and SSN of the Sailor's record to be corrected; document to be corrected, to include the digital document identification number for the specific document(s) in question (obtained through OMPF Command View); a detailed summary of the requested correction; justification for the correction; and copies of available documentary evidence that supports the request.

(2) demonstrate the existence of specific evidence establishing the "factual" or historical inaccuracy." The burden of proof rests with the submitter. General allegations of error are inadequate.

d. When a document is corrected in the OMPF, corresponding data must be corrected in the Navy Standard Integrated Personnel System (NSIPS) and or electronic service record (ESR) (if applicable). NAVPERSCOM (PERS-313) will coordinate this corrective action between NSIPS Helpdesk and the initiating command submitting the request.

e. Other requests for correction or removal of documents must be submitted to Board for Correction of Naval Records per MILPERSMAN 1000-150.

f. A document may be amended or supplemented by correspondence forwarded via official channels.

5. Record Access and or Review

a. Access to a record is normally limited to:

- (1) The officer concerned;
- (2) An agent or representative authorized in writing by the officer;
- (3) Chief of Naval Personnel (CHNAVPERS);
- (4) NAVPERSCOM;
- (5) Personnel who are required to review military service records in performance of their official duties;
- (6) Duly convened boards of DON;
- (7) Courts-martial; and or
- (8) As directed by a court order signed by a judge.

b. The detailing function is strictly the responsibility of NAVPERSCOM. Offices or activities must not review records of those officers nominated for assignments or in connection with the detailing process, unless specifically approved by CHNAVPERS; Commander, Navy Personnel Command (COMNAVPERSCOM); or Assistant COMNAVPERSCOM, Career Management Department (PERS-4).

6. Documents for Selection Board Review

a. Documents in the following categories are provided to selection boards:

(1) Active duty officers (field codes 01 through 10 and (if it exists) 17); or

(2) USNR inactive duty and Full Time Support officers (field codes 01 through 10, 16, and (if it exists) 17).

b. If requested, field code 15 may be provided to boards for determination of medical status.

1. Policy

a. The activity that delivers the officer appointment will forward documents listed below to Navy Personnel Command (NAVPERSCOM) (PERS-854) with the "original" NAVPERS 1000/4 (02-04), Officer Appointment Acceptance and Oath of Office (or an equivalent certificate) after it is signed and witnessed. After receiving and validating NAVPERS 1000/4, NAVPERSCOM (PERS-854) will forward the documents to NAVPERSCOM (PERS-313C1) to create the officer permanent personnel record.

b. A copy of each document will be provided to newly commissioned officers. They will be advised to maintain copies of service record documents in their personal files, and to hand-carry them to their first duty station in case there are problems establishing new accounts.

c. An officer record will not be created for an officer candidate or Naval Academy/Naval Reserve Officer Training Corps (NROTC) midshipman who is disenrolled from training and not commissioned. Refer to MILPERSMAN 1070-090, 1070-100, 1070-120, and 1070-130 for information on creating and/or disposition of enlisted records.

2. Documents Used to Create Record. The following original or first copy documents, as applicable, are used to create the permanent personnel record:

Title	Form Number
Officer Appointment Acceptance and Oath of Office (Original)	NAVPERS 1000/4
College transcripts	No Form No.
Program Service Agreements (OCS, AOC, NUCPOC, NFOC, OSAM, JAGC, Nurse Corps, etc.) (Original)	Various Form Nos.
NROTC Scholarship/Non-Scholarship Service Agreements (Original)	CNET 1533/38, 1533/83, or 1110/3
Enlistment/Reenlistment Document - Armed Forces of the United States and Annex(es) (Original)	DD 4
Administrative Remarks (Originals)	NAVPERS 1070/613
Certificate of Release or Discharge from Active Duty (Copy No. 2)	DD 214
Montgomery GI Bill Act of 1984 (Original)	DD 2366
Notice of Basic Eligibility (NOBE) (Original)	DD 2384-1
Statement of Understanding Selected Reserve Educational Assistance Program (Original)	OPNAV 1780/1
Drug and Alcohol Abuse Statement of Understanding (Original)	OPNAV 5350/1 or equivalent NAVCRUIT form
Record of Emergency Data (Original) (Used for new accessions by Military Entrance Processing Station or recruiting service in lieu of NAVPERS 1070/602. Must be replaced by NAVPERS 1070/602 when required by MILPERSMAN 1070-270.)	DD 93
Dependency Application/Record of Emergency Data (Part II) (Original)	NAVPERS 1070/602
Department of the Navy Central Adjudication Facility (DON CAF) Security Determinations	No Form No.
Classified Information Nondisclosure Agreement (Original)	SF 312
NROTC Education Cost Record (Original)	CNET 1533/50
Officer's Report of Home of Record and Place from which Ordered to a Tour of Active Duty (Original)	NAVPERS 1070/74
Report of Medical Examination (Copy)	DD 2808 (Replaced SF 88)
Report of Medical History (Copy)	DD 2807-1 (Replaced SF 93)

NOTE: All documents listed may not apply to all officers. For officers receiving permanent appointments, ensure the enlisted service record is closed and transferred per MILPERSMAN 1070-130.

3. **Where to Send Documents**. Mail documents to:

NAVY PERSONNEL COMMAND (PERS-854)
5720 INTEGRITY DRIVE
MILLINGTON, TN 38055-8540

4. **How to Send Documents**

a. Securely fasten documents in a single complete group for each officer with NAVPERS 1000/4 on top. Documents for several officers may be sent in a single mailing envelope or container.

b. Mark the mailing envelope "OFFICER APPOINTMENT - DO NOT OPEN IN MAIL ROOM."

5. **Interservice Transfer**. In the case of interservice transfers, Assistant Commander Navy Personnel Command (ACNPC) for Personnel Progression, Performance and Security (NAVPERSCOM (PERS-8)) and ACNPC for Naval Reserve Personnel Management (NAVPERSCOM (PERS-9)) may provide additional documents from the losing service's officer record. These documents include performance, awards, educational, special qualifications, and military service information for inclusion in the officer permanent personnel record.

-------------------	---

1. **Policy**. The enlisted official military personnel file (OMPF) is maintained per references (a) and (b), and contains documents which reflect on the character, performance, professional qualifications, and fitness of the member. For members who are serving or have served in a dual officer - enlisted status; the enlisted OMPF may contain both enlisted and officer documents as deemed necessary by Commander, Navy Personnel Command (COMNAVPERSCOM). The OMPF is maintained in the Electronic Military Personnel Records System (EMPRS) at Navy Personnel Command (NAVPERSCOM).

2. **Record Categories**. Documents filed in the enlisted OMPF are placed in 1 of 18 categories based on the type of information in the document. Each category is assigned a unique field code which allows us to group or control access to documents by type. The following outlines the categories of documents filed in the enlisted OMPF.

Field Codes	Categories
30	Procurement - contracts, enlistment, and reenlistment documents (e.g., service agreements and statements of understanding).
31	Classification and Assignment - history of assignments (miscellaneous correspondence on classification and assignment).

32	Administrative Remarks (entries required for permanent retention).
33	Separation and Retirement (e.g., DD-214 Certificate of Release or Discharge from Active Duty, DD-215 Correction to DD-214 Certificate of Release or Discharge from Active Duty, statements of service, separation orders, reserve retirement point credit reports, Reserve Component survivor benefit plan election, casualty reports, miscellaneous separation, and retirement correspondence).
34	Miscellaneous Professional Service History - (e.g., DD-1966 Record of Military Processing - Armed Forces of the United States, OPNAV 5350/1 Drug and Alcohol Abuse Statement of Understanding, key employee determination, miscellaneous correspondence concerning professional service history).
35	Enlisted Performance Documents - performance evaluations (e.g., fitness reports, Service member rebuttal, letters of explanation, performance evaluation correspondence).
36	Training and Education (e.g., NAVPERS 1070/604 Enlisted Qualifications History, NAVPERS 1070/881 Training, Education, and Qualification History, language proficiency test, college transcript and diploma, completion certificates for courses not documented on NAVPERS 1070/604 or NAVPERS 1070/881).
37	Decorations, Medals, and Awards - personal award citations (e.g., NAVPERS 1070/880 Awards History, entitlement letters, weapon qualification letters).
38	Adverse Information (e.g., unauthorized absence, in hands of civil authorities, court memorandum, punitive letters, drug and alcohol abuse report, civil conviction/probation report, and adverse case files).
39	Emergency Data/Beneficiary Slips (e.g., Servicemembers' Group Life Insurance documents).
40	Record Changes.
41	Security clearances, termination statement, revocations, and classified information nondisclosure agreement.
42	Security Miscellaneous.
43	Medical Documents (e.g., entry and separation medical examinations, medical history reports, medical board bindings, physical evaluation board hearing, and limited duty assignments).
44	Record request, disclosures, out of service inquiries, and responses.
45	Personal Information (e.g., thrift savings plan election and USN illicit behavior screening).
91	Sexual offense accountability documents.
99	Miscellaneous and temporary information.

3. Updating the OMPF

a. Personnel offices and or personnel support activity detachments must prepare and forward documents to update the enlisted OMPF as required by the document's governing directive and in compliance with reference (b).

b. Unless otherwise provided in a document's governing directive or the MILPERSMAN, submit documents on a daily basis or as soon as possible thereafter using the e-Submission application in BUPERS Online. For documents that cannot be submitted via the e-Submission application or if the e-Submission application is not available for an extended period, documents may be mailed per reference (b). Do not include letters of transmittal or explanation.

c. For dual-status members, officer documents submitted to NAVPERSCOM, per MILPERSMAN 1611-010 or 1611-020, must be filed in the enlisted OMPF if directed by COMNAVPERSCOM. These documents must be finish filed to the OMPF by the NAVPERSCOM office of primary responsibility (OPR). To ensure the documents are entered into the appropriate field code the OPR must stamp the documents "Finish File," per reference (c), and annotated "in officer OMPF" or "in enlisted OMPF."

d. Documents should only contain personal information pertaining to the Service member of record. Unless required by the document's governing directive, or otherwise considered essential by the OPR, third-party personal information (most often social security numbers (SSN), home addresses, phone numbers, and dates and places of birth) must be redacted (blacked-out) from documents before forwarding to NAVPERSCOM.

e. Do not submit "nice to have" or "nonessential supporting documentation." Documents submitted, which do not meet retention guidelines of reference (b), will be destroyed.

4. Record Corrections and or Changes

a. An official document submitted to NAVPERSCOM for filing in the OMPF becomes the property of the Department of Navy (DON). Except for administrative or clerical errors, documents filed in the OMPF may not be removed or changed, except by authorization of the Secretary of the Navy.

b. Submit OMPF change requests directly to NAVPERSCOM, Records Management Policy Branch (PERS-313) if the request meets one of the following scenarios:

(1) The document was filed erroneously (i.e., a document is filed in the wrong record, the document was not signed, or a regulation precludes the document from being filed in the OMPF).

(2) The correction is mandated by regulation.

(3) It is apparent on its face of the document that a clerical error was made (e.g., member received authority to reenlist for 6 years, the reenlistment contract indicates 6 years, but dates provided indicate only a 5-year reenlistment).

(4) If a document found in the OMPF is not legible, it may be replaced by attaching a clean readable document to the OMPF change request (this document must be an exact duplicate of the document that it will replace).

c. OMPF change request submitted to NAVPERSCOM (PERS-313) must contain the following information:

(1) Last name, first name, and SSN of the Sailor's record to be corrected;

(2) Document to be corrected (to include the digital document identification number for the specific document(s) in question (obtained through OMPF Command View));

(3) Detailed summary of the requested correction; and

(4) Justification for the correction and copies of available documentary evidence that supports the request.

Note: The burden of proof rests with the submitter. The request must demonstrate the existence of specific evidence establishing the "factual" or "historical inaccuracy;" general allegations of error are inadequate.

d. When a document is corrected in the OMPF, corresponding data must be corrected in the Navy Standard Integrated Personnel System (NSIPS) and or electronic service record (if applicable). NAVPERSCOM (PERS-313) will coordinate this corrective action

between NSIPS helpdesk and the initiating command submitting the request.

e. Other requests for correction or removal of documents must be submitted to the Board for Correction of Naval Records per MILPERSMAN 1000-150.

f. A document may be amended or supplemented by correspondence forwarded via official channels.

5. **Record Review/Access**

- a. Access to the record is normally limited to
- (1) the member concerned;
 - (2) an agent or representative authorized in writing by the member;
 - (3) Chief of Naval Personnel (CHNAVPERS);
 - (4) NAVPERSCOM;
 - (5) personnel who are required to review military service records in the performance of their official duties;
 - (6) duly convened boards of DON;
 - (7) courts-martial; and or
 - (8) as directed by a court order signed by a judge.

b. The detailing function is strictly the responsibility of NAVPERSCOM. Offices or activities must not review records of those members nominated for assignments or in connection with the detailing process, unless specifically approved by CHNAVPERS, NAVPERSCOM, or the Assistant Commander NAVPERSCOM, Career Management Department (PERS-4).

6. **Documents for Selection Board Review.** Documents in field codes 30 through 38 are provided to selection boards.

SUBMISSION OF NAVY STANDARD INTEGRATED PERSONNEL SYSTEM (NSIPS) AND ELECTRONIC SERVICE RECORD (ESR) DOCUMENTS TO THE OFFICIAL MILITARY PERSONNEL FILE (OMPF)

1. **Background.** Navy Standard Integrated Personnel System (NSIPS) is the Navy's primary point of entry for pay and personnel transactions at the field level, and the Navy's single field level data entry point for military service record maintenance. The electronic service record (ESR) was implemented within NSIPS to automate service record documents not already created by NSIPS, providing flexible and expandable capabilities for service record maintenance which made it possible for the Navy to eliminate the paper-based field service records maintained by servicing personnel offices. NSIPS/ESR provides servicing personnel offices and customer commands the ability to electronically update and or view human resource data on all members assigned to their unit identification codes, captures military human resource data from other corporate data systems, creates electronic service record documents to be submitted to the official military personnel file (OMPF), and provides individual sailors (officer and enlisted) the ability to view their own military human resource data and perform various self service functions.

2. **Policy**

a. Service record entries are event driven, and individual governing regulations must be reviewed to determine the specific requirements for the event.

b. The reference requires commands to use all available ESR functionality. To achieve this, commands and or activities responsible for service record entries are required to submit these transactions to the servicing personnel office for input into NSIPS/ESR and subsequent submission to the OMPF. To ensure compliance, required service record documents listed in paragraph 3 below will no longer be accepted to the OMPF except as indicated below.

(1) The document was generated and printed within NSIPS/ESR (use of the NSIPS/ESR generated document provides assurance that the information was entered into corporate systems and contains verified data).

(a) The servicing personnel office will produce the appropriate NSIPS/ESR document, obtain required signatures, and submit the document to the OMPF using the e-Submission application.

(b) Commands and or activities responsible for verifying NSIPS/ESR transactions shall ensure all transactions are verified prior to creating documents for submission to the OMPF.

(2) When the issuing command does not have NSIPS/ESR access and the transaction must be completed outside of the system, approved NAVPERS forms may be downloaded from the Navy Personnel Command Web site at <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx> and completed manually. If created manually, the signed NAVPERS form must be submitted to the servicing personnel office in order for the transaction to be transcribed into the ESR and verified prior to submission to the OMPF. Each manually created document must contain the following statement or stamp: **"ENTERED AND VERIFIED IN ESR" followed by the "rank or grade, title, date signed, and signature of the ESR verifying official."**

3. NSIPS/ESR Documents

a. The following NSIPS/ESR documents shall be printed, signed, and e-submitted to the OMPF immediately upon completion of the event:

(1) NAVPERS 1070/601 Immediate Reenlistment Contract

- (2) NAVPERS 1070/621 Agreement to Extend Enlistment
- (3) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty
- (4) NAVPERS 1070/602 Dependency Application/Record of Emergency Data (See note below)
- (5) DD 93 Record of Emergency Data (See note below)
- (6) NAVPERS 1070/606 Record of Unauthorized Absence
- (7) NAVPERS 1070/607 Court Memorandum
- (8) NAVPERS 1070/613 Administrative Remarks, permanent remarks only

Note: The requirement to print, sign, and submit these documents manually only applies to activities that cannot use the record of emergency data/dependency application (RED/DA) self-service function within NSIPS.

b. The following is a list of NSIPS/ESR documents that shall be printed and e-submitted to the OMPF upon reenlistment or separation:

- (1) NAVPERS 1070/605 History of Assignments
- (2) NAVPERS 1070/880 Awards Record (generated using the NSIPS/ESR close-out process)
- (3) NAVPERS 1070/881 Training, Education and Qualification History (generated using the NSIPS/ESR close-out process)
- (4) NAVPERS 1070/886 Member Data Summary
- (5) NAVPERS 1070/613 Administrative Remarks (various permanent transactions created at time of reenlistment)

4. **Best Practice**

a. To ensure NSIPS/ESR data is accurate and up-to-date when generating documents for submission to OMPF, the following information should be verified by commands and or activities

responsible for service record entries before members detach from the old duty station and upon reporting to the new duty station:

- (1) Training
- (2) Personnel Qualification Standards (PQS)
- (3) Education
- (4) Certificates and Qualifications
- (5) Honors and Awards
- (6) History of Assignments
- (7) TAD/AT History of Assignments
- (8) Promotion History
- (9) Administrative Remarks (NAVPERS 1070/613)

b. When NSIPS/ESR data is missing or in error, commands and servicing personnel support offices shall assist the individual member's effort to resolve the issue as soon as possible.

-------------------	--

1. Policy

a. Permanent personnel records are protected under the Privacy Act of 1974, and access shall be in compliance with reference (a). Copies of the permanent personnel record may be requested per this article during the period they are maintained at Navy Personnel Command (NAVPERSCOM).

b. A paper copy will be produced for seal and signature requests, and when only a few specific documents are requested. Copies will be printed on compact disk (CD) for all other official Navy requests.

c. Requests for records must be in writing, in a format approved for the type of request listed below. Telephone requests cannot be accepted.

d. On-line requests may be submitted by Active Duty and Training and Administration of Reserve (TAR) members using the established request procedures offered by the secure web site <https://www.bupersaccess.navy.mil>.

e. Routine E-Mail requests will not be approved, because they are not private and can easily be forwarded and modified beyond the control of the requestor.

2. Seal and Signature Requests

a. Judge advocates may request a seal and signature copy of the complete permanent personnel record to meet official legal requirements.

b. The request must be an official naval letter or naval message. The letter must

(1) state full name and social security number (SSN) of member whose record is required;

(2) state reason for the request; and

(3) be signed by the commanding officer (CO), officer in charge (OIC), or person granted "By direction" authority.

c. Send request to:

**Navy Personnel Command
PERS-313D
5720 Integrity Drive
Millington, TN 38055-3130**

3. Command Requests

a. **Officer Records.** A command may request documents from an officer's record when there is a need for the documents in order to discharge official duties. **Officer Fitness Reports and privileged information will not be provided.**

b. **Enlisted Records.** A command may request documents that are missing in the field service record (FSR), or a copy of the permanent record to replace a lost/destroyed FSR.

c. **Multi-member requests.** A command without access to field service records may request copies of their members' permanent personnel records on CDs to provide local commanders access to personnel information for making daily administrative and personnel decisions. **Officer Fitness Reports and privileged information will not be provided on multi-member requests.**

d. The request must be an official naval letter or naval message. The letter must

(1) state full name and SSN of member(s) whose record is required;

(2) state the reason for the request (justification for a multi-member request must include the location of field service records, and circumstances preventing their use);

(3) specify either entire record or specific documents needed; and

(4) be signed by the CO, OIC, or person granted "By direction" authority.

e. Send request to:

**Navy Personnel Command
PERS-313
5720 Integrity Drive
Millington, TN 38055-3130**

NOTE: Do not request special handling (e.g., FedEx, overnight service), as these requests cannot be accommodated.

4. Member's Request

a. Members may request a copy of their own permanent personnel record using NAVPERS 1070/882 (Rev. 9-03), Official Military Personnel File (OMPF) Record Request. If NAVPERS 1070/882 is not available, a written request may be made. The request must include

(1) member's full name,

(2) rank or rate,

(3) SSN,

(4) military or civilian address to which the record is to be sent, and

(5) member's signature.

b. Send request to:

**Navy Personnel Command
PERS-313
5720 Integrity Drive
Millington, TN 38055-3130**

c. Active Duty/TAR personnel may also request their records on-line through BUPERS ACCESS if the mailing address listed therein is correct. Changes to the on-line address must be made through the Personnel Office/Personnel Support Detachment (PERSUPP DET).

NOTE. Do not request special handling (e.g., FedEx, overnight service), as these requests cannot be accommodated.

5. **Facsimile Requests.** Requests in the formats provided above may be faxed to NAVPERSCOM, Systems Operations Branch (PERS-313). The CD(s), or documents from the permanent personnel record, will be mailed.

6. **Mail-Out Request Processing.** Requests are handled on a first-in, first-served basis. Turn-around averages 10-15 days, which varies based on the number of requests received.

7. **NAVPERSCOM On-Site Pickup**

a. **Pickup by Member.** Members may obtain a copy of their own record in person at NAVPERSCOM. The record review room is located in

**Wood Hall, Building 769
Room 109
Naval Support Activity Mid-South
Millington, TN**

and is open between the hours of 0800 and 1600. Members must present proper identification.

b. **Pickup by Third Party.** Members may authorize a third party to pick up their record for them. Third party requests will be honored only if the third party has a signed

authorization from the member whose record is requested, and proper identification. The request must include

- (1) member's full name,
- (2) rank or rate,
- (3) SSN,
- (4) statement that member authorizes "_____"
(third party's full name and SSN) to be the member's agent, and
- (5) member's signature.

NOTE: The signed authorization will be honored on a one-time basis. Separate requests must be submitted each time a third party is authorized to receive a record.

8. **Other Requests**. Direct all other requests for copies of the permanent personnel record to NAVPERSCOM (PERS-313D), or call 1-(866)-U-ASK-NPC (DSN: 882-5672) for information.

-------------------	---

1. **Policy**. Photographs are required for all officers of the Navy and the Navy Reserve, regardless of status, within 3 months after acceptance of each promotion.
2. **Ownership of Photographs**. Photographs submitted become the property of the United States Navy and are generally releasable under references (a) and (b).
3. **Uniform Requirements**. Per reference (c), the preferred uniform shall be Service Khaki, uncovered. When Service Khaki is unavailable, any regulation uniform is acceptable.
4. **Photograph Requirements**. The photograph shall
 - a. be in color;
 - b. display a full-length, three-quarter view of the member, left shoulder forward;
 - c. have a plain, flat background to provide sufficient contrast to highlight details of the uniform; and
 - d. be 4 inches in width and 6 inches in height.
5. **Title Board Specifications**. A menu or hand-lettered title board shall be placed at or near the member's left foot so it is clearly readable in the finished photograph. The title board shall contain the following identifying data in 2-inch high letters:

- a. Member's last name, first name, and middle initial(s).
- b. Grade, last four digits of the social security number, and designator.
- c. Date photograph was taken (day, month, year).

Example: APILOT, IRA M.
LCDR/1234/1310
17 APR 07

6. **Photo Services**. Naval activities with an established photographic facility are authorized to produce photographs for this purpose. Additionally, commercial sources are authorized. When Navy or DOD photographic facilities or suitable commercial sources are unavailable, any photograph which complies with the requirements will be accepted. Commands are authorized to reimburse officers that use commercial sources to produce photographs.

7. **Command Reimbursement**. Commands are authorized to reimburse officers for the cost of the official photograph. Officers will complete **SF 1164 (Rev. 11-77), Claim for Reimbursement for Expenditures on Official Business**, or similar reimbursement document and submit the form with official documentary evidence (e.g., receipts, affidavits, or other statement as to the unavailability of government photo facilities) to their commanding officer (or designated representative) for approval and reimbursement.

8. **Distribution**

a. Complete **NAVPERS 1070/884 (04-07), Officer Photograph**, and attach the unaltered photograph. The preferred method of attachment is to print the photograph directly on the form. Taping or stapling the photograph to the form is acceptable should printing directly on the form not be available. Ensure this form contains the member's complete social security number for Official Military Personnel File (OMPF) identification purposes. The member must sign the form. Carefully secure against damage in the mail and forward to Navy Personnel Command (NAVPERSCOM) (PERS-312C) for inclusion in the OMPF. Mail to:

NAVY PERSONNEL COMMAND
PERS-312C

NAVPERS 1070/622	Agreement to Recall or Extend Active Duty (Rev. 9-87)

5. **Trial by Civil Authorities**

a. The FSR will not contain any information concerning a trial by civil authorities which resulted in acquittal either at the trial or appellate level. Upon notification of acquittal, service record pages and correspondence concerning the trial will be removed from the FSR and destroyed.

b. If the service record pages contain other retainable information, new pages will be prepared with the retainable information only.

c. If copies of the service record pages or correspondence had been forwarded to Navy Personnel Command (NAVPERSCOM), notification of this action shall be sent to NAVPERSCOM (PERS-83) by official naval letter with copies of supporting documentation.

6. **DD 214, Certificate of Release or Discharge from Active Duty (Rev. 11-88)**. After DD 214 has been issued and distributed, correction of erroneous entries are made following BUPERSINST 1900.8.

7. Other Errors

a. When an error is discovered at the command where it was made and copies of the service record page have not been distributed, or the error is on a service record page (a copy) which is not immediately sent to NAVPERSCOM (i.e., NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualifications History and NAVPERS 1070/605 (Rev. 10-89), History of Assignments):

(1)	Draw a line in black or blue-black ink through the erroneous entry.
(2)	Authorized individual, per MILPERSMAN 1070-190, initial alongside the lined-out error.
(3)	Make correct entry.
(4)	Authorized individual, initial or sign correct entry.

b. When the error is discovered at the command where it was made and the service record page has been distributed (i.e., NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks):

(1)	Remove the erroneous service record entry from the service record and destroy it.
(2)	Make a corrected service record page and conspicuously label it "Corrected Copy."
(3)	File corrected copy in FSR.
(4)	Forward a corrected copy to NAVPERSCOM (PERS-313D2) by official naval letter which explains briefly the reason for the correction.

c. For corrections to NAVPERS 1070/609 (canceled) directed by Secretary of the Navy as a result of a Board of Correction of Naval Records decision only:

(1)	Tape out the entry being corrected.
(2)	Date and type in the authority for making the correction, "Authority for Correction - MILPERSMAN 1070-210."
(3)	Make a copy of the corrected NAVPERS 1070/609.
(4)	Certify the copy by an entry on the next line and file it in the service record.
(5)	Send the original NAVPERS 1070/609 to NAVPERSCOM (PERS-322).

NOTE: All other corrections to NAVPERS 1070/609 will be made as outlined above for errors discovered at the command where made.

d. When the error is discovered **at a command other than where the error was made and the error is not correctable under the instructions contained above**, the discrepancy will be reported by official naval letter to NAVPERSCOM (PERS-313) via the command at which the error occurred. The command at which the error occurred will endorse the letter to NAVPERSCOM giving full details, recommend corrective action, and attach substantiating documents as appropriate.

-------------------	--

1. Policy

a. NAVPERS 1070/602 Dependency Application/Record of Emergency Data is used for both officer and enlisted members and serves as an application for dependency allowances and an up-to-date record of emergency data. Members may access or print their NAVPERS 1070/602 via their electronic service record (ESR) in the Navy Standard Integrated Personnel System (NSIPS) by clicking on dependency data. The official signature copy can also be obtained from the official military personnel file (OMPF) via their BUPERS online (BOL) access.

b. When printed and signed, NAVPERS 1070/602 is the official record of dependency the Navy uses to determine the relationship and dependency of individuals for entitlement of authorized allowances. A signed NAVPERS 1070/602 also serves as the official source document in the event a Service member becomes a casualty to determine the following:

(1) Person(s) to be notified in case of emergency or death;

(2) Person(s) to receive the death gratuity;

(3) Person(s) to receive any unpaid pay and allowances (arrears of pay) including money accrued during a missing or

captured status, unused leave, travel, per diem, transportation of family members, transportation of household goods, and funds deposited in the savings deposits program per reference (a), chapter 51;

(4) Dependents of member to receive allotment of pay if member is missing or unable to transmit funds;

(5) Commercial insurance companies to be notified in case of death;

(6) Person authorized to direct disposition of remains per reference (b), paragraph 7260;

(7) Person(s) eligible for transportation to attend burial ceremonies per reference (b), paragraph 7260;

(8) Person(s) eligible for transportation to attend dignified transfer at Dover Air Force Base;

(9) Person(s) eligible for transportation to attend memorial services per reference (b) paragraph 7260; and

(10) Designated individual(s) eligible for transportation to the bedside of a wounded, ill, or injured Service member per reference (b), paragraph 7315.

2. **When to Prepare.** Per reference (c), prepare NAVPERS 1070/602 when

a. a member enters or re-enters the Navy or Navy Reserve following a break in service; or

b. there is a change in

(1) dependent status or number of dependents;

(2) name or address of a dependent;

(3) next of kin other than a dependent;

(4) name or address of a beneficiary, allottee, or insurer;

Note: Refer to MILPERSMAN 1770-280 if a married member designates a person other than his or her spouse to receive all or a portion of death gratuity.

(5) person(s) to be notified in case of emergency or death;

(6) person(s) authorized to direct disposition of remains;

(7) life insurance data or location of will or other valuable papers;

(8) citizenship of spouse;

(9) religion;

(10) addition of remarks on NAVPERS 1070/602; or

(11) when one of the following re-certifications are required:

(a) Annually for all secondary dependents (mother, father, stepmother, stepfather, mother-in-law, father-in-law, loco-parentis, and ward);

(b) Annually for students 21 and 22 years of age;

(c) Annually for incapacitated children over 21 years of age; or

(d) Every 3 years for all Reserve members.

3. Preparation and Distribution

a. NAVPERS 1070/602 will be created and updated in NSIPS.

b. To assist Navy Personnel Command (NAVPERSCOM), Navy Casualty Assistance Branch (PERS-13) in providing funeral and or memorial service travel, as authorized in MILPERSMAN 1770-270 and 1770-271, Service members should include the name(s), address(es), and phone number(s) of siblings in the remarks block of NAVPERS 1070/602.

c. MILPERSMAN 1770-230 lists those conditions when bedside travel may be authorized to support a wounded, ill, or injured Service member. To assist NAVPERSCOM (PERS-13), up to three individuals may be designated by the Service member. If a designation is desired, enter "Bedside Travel Authorization Requested for (name(s))" in the remarks block of NAVPERS 1070/602. If not previously identified on the NAVPERS 1070/602, include address(es) and phone number(s).

d. If a situation arises in which a new NAVPERS 1070-602 must be executed expeditiously and NSIPS is not available, DD 93 Record of Emergency Data must be used. Detailed instructions on the preparation of the paper version of the DD 93 are contained on the reverse side of the form. This document serves as the record of emergency data only, and does not replace NAVPERS 1070/602, nor does information provided on DD 93 post to the required Navy databases; therefore, the electronic NAVPERS 1070/602 contained within NSIPS shall be completed when the system becomes available.

e. When completed and signed, distribute as follows:

(1) The supporting personnel support detachment (PSD) or personnel officer (PERSOFF) will submit the original NAVPERS 1070/602 or DD 93 to Navy Personnel Command (NAVPERSCOM) using the e-submission application on BUPERS Online for filling in the OMPF. The supporting PSD or personnel office will maintain a copy until e-submission receipt/acceptance by NAVPERSCOM is verified.

(2) Provide one copy to the Service member.

(3) Provide one copy to the supported customer command. The command must retain a signed NAVPERS 1070/602 on file for each assigned Service member.

4. **Verification**

a. The individual Service member is solely responsible for the accuracy of the information recorded on his or her NAVPERS 1070/602.

b. All Service members must verify the accuracy of data on the newest NAVPERS 1070/602 in their OMPF, and the data contained on both the emergency contact and dependency data

panels within their ESR. For Service members who do not have access to their ESR, but require temporary verification offline of a previously issued NAVPERS 1070/602, the verification must be witnessed and signed by the appropriate local authority. Offline verifications cannot indicate changes to the NAVPERS 1070/602. Pen and ink changes (to include one line and initials) to NAVPERS 1070/602 are not valid updates.

(1) At a minimum, commands must ensure that Service members perform this verification annually; however, additional verifications are also required under the following conditions:

(a) Upon reporting to a new duty station, permanent change of station;

(b) Prior to departure on permanent change of duty station;

(c) Prior to deployment, regardless of length;

(d) When ordered to periods of temporary duty in excess of 30 days;

(e) On each occasion when an inactive duty member comes on active duty, including active duty training;

(f) Member applies for Government housing;

(g) Member claims reimbursement for dependents' travel; or

(h) At least 30 days prior to requesting a dependent related travel, transportation, pay, benefit or allowances (e.g., advanced/delayed dependent travel, dependent travel advances, early return of dependents, etc.).

(2) In addition, Selected Reserve members must verify this information within the 180-day period immediately prior to reporting for annual training/active duty training.

c. If correct, members will acknowledge this verification by selecting the "Yes" box on the dependency data panel in ESR after the statement "Is Dependency Data Correct?"

d. If incorrect, members will immediately contact their supporting PSD, personnel office, or command pay and personnel administrative support system coordinator to prepare a new NAVPERS 1070/602.

5. **Other Change Reporting Requirements**

a. Service members will be directed to update Defense Enrollment Eligibility Reporting System (DEERS) whenever there is a change of dependent status, addition of new dependent, and or change of address of a dependent. Rules for determining relationship and dependency are provided in reference (a), chapter 26, and amplifying guidance is provided in reference (d).

b. Service members with a military spouse will be counseled on their obligation to enroll their spouse in DEERS and to make an appropriate Family Service Member's Group Life Insurance (FSGLI) election for their military spouse. Failure by the member to comply will result in automatic FSGLI coverage and a potential indebtedness to the Government for premiums due since the date of the marriage.

1. Policy

a. Both the electronic service record (ESR) Administrative Remarks section and the NAVPERS 1070/613 Administrative Remarks filed in the official military personnel file (OMPF) are used to provide a chronological record of significant miscellaneous entries which are not provided for elsewhere, or to provide more detailed information required to clarify entries in other military human resource documents. NAVPERS 1070/613 can be accessed using the following link:

<http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

b. **Adverse Administrative Remarks**

(1) Except as indicated below, adverse entries shall not be made, unless the member concerned is first afforded an opportunity to submit a written statement regarding the adverse material. Should the member not desire to make a statement, the member shall state so in writing. Should the member refuse to acknowledge this right, or refuse to make a written statement documenting the decision not to make a statement, the commanding officer shall document the refusal in writing.

(2) The following types of entries may be made without a written statement or declination from the member:

(a) Nonjudicial Punishment (NJP);

(b) Civil conviction;

(c) Unauthorized absence; or

(d) Any other matters to which the member concerned previously had an opportunity to respond by submitting a statement in rebuttal.

c. Administrative Remarks entries are classified as either "temporary" or "permanent," which determines the disposition and retention of an individual entry.

d. Administrative Remarks entries shall be made in the ESR and verified. If the issuing command does not have ESR access, NAVPERS 1070/613 may be created manually and submitted to the servicing personnel office in order for the remarks to be transcribed into the ESR, verified, and distributed. An Administrative Remarks entry is not considered valid in the ESR until verified.

Note: Administrative Remarks entries created by a Navy recruiting activity as part of the accession process for Navy applicants are not required to be entered into the ESR.

2. Creating Administrative Remarks

a. **Using NAVPERS 1070/613 to document Administrative Remarks entries outside the ESR (Manually).**

Block	Entry
SHIP OR STATION	Enter the complete name and designation of the ship or station at which the member is serving.
SUBJECT	Enter a subject that best describes the purpose of this entry (e.g., code of conduct counseling).

PERMANENT OR TEMPORARY	Enter an "X" in the appropriate box to identify the required retention period for this remark. If "permanent" is selected, enter the regulation or policy that requires the remark to be retained permanently (e.g., MILPERSMAN 1070-310, CNPC 301822Z DEC 10, etc). See subparagraph 2c below for additional information.
REMARKS	Enter the date of the transaction followed by the entry. Below the transaction, enter the following information for required signatures: For member's signature, when required, enter "Member's Signature" followed by a solid line for the signature and date signed. For approving official's and or witness' signature, when required, enter name and title of the person authorized to sign this remark and date signed. One entry per page except for entries that require an acknowledgment or additional statement required by regulation. Use single spacing.
"ENTERED AND VERIFIED IN ESR"	For NAVPERS 1070/613 entries created manually, the rank or grade, title, date signed, and signature of the ESR verifying official must be entered, certifying the transaction has been entered in the ESR.

NAME, SSN, BRANCH AND CLASS	Enter the member's full name, social security number, and branch and class of service.
------------------------------------	--

b. Documenting Administrative Remarks Using the ESR to Create NAVPERS 1070/613.

(1) Data will be entered into ESR following the procedures outlined in the Navy Standard Integrated Personnel System (NSIPS) ESR Quick Reference Guide for Personnel Specialists. This guide is located under "User Documents" on the Navy Knowledge Online (NKO), NSIPS home page, <https://www.nko.navy.mil/portal/nsips/home>.

(2) In addition to the fields listed in paragraph 2a above, the following fields are required in the ESR:

Field	Entry
PERMANENT AND AUTHORITY (IF PERMANENT)	<p>Enter an "X" in the "permanent" box to identify the remarks that require permanent retention. If "permanent" is selected, enter the authority, regulation, or policy that requires the remark to be retained permanently (e.g., MILPERSMAN 1070-310, CNPC 301822Z DEC 10, etc). See subparagraph 2c below for additional information.</p> <p>NOTE: Leave blank for temporary Administrative Remarks entries.</p>
REMOVAL DATE	For "temporary" Administrative Remarks entries, this date is the date the document should be purged from ESR (normally corresponds with transfer or expiration of active service).

REMOVAL REASON	Select the reason the "temporary" Administrative Remarks entry will be purged from ESR.
SUBJECT CODE	Selecting a predefined subject code shortens the pick list of actual subjects.
REMARKS	ESR allows you to make the Administrative Remarks entry or select a preformatted remark by selecting the "Select Remarks Template."
APPROVING OFFICER'S SIGNATURE/WITNESS SIGNATURE	Enter the name and title of the person authorized to sign this entry and the date signed. This same information is required for a witness, if the remark requires a person to witness the Service Member's signature.
MEMBER'S SIGNATURE	If this entry requires the member to sign or acknowledge, the system automatically adds the member's name to printed documents when the date is selected in the "Member's Signature" block.
ACKNOWLEDGEMENT	Enter any acknowledgement or statement the member is required to sign in this section.

c. Making Entries

(1) **Temporary Administrative Remarks Entries.** This designation is used for entries that only apply at the current command, acknowledgements that only apply to the current enlistment or reenlistment, or those that have a defined expiration date. Examples of these entries are as follows:

- (a) Volunteered for special duty;

(b) Member has read and understands regulations;

(c) Member has attended or been briefed on Navy's policies (e.g., sexual harassment, security, hazing, indoctrination, liberty etc.); and

(d) Other temporary entries routinely entered by a personnel office (e.g., basic allowance for housing (BAH), selective reenlistment bonus (SRB) payments; special duty assignment pay (SDAP), responsibilities while on limited duty (LIMDU), permanent change of station (PCS) screenings etc.).

(2) **Permanent Administrative Remarks Entries.** This designation applies to entries mandated by regulation or correspondence from higher headquarters to be filed in the OMPF (older regulations may still use the term "permanent service record"). These entries include, but are not limited to, the following:

(a) Enlisted disciplinary action;

(b) NJP (also referred to as captain's mast) where pay is not affected;

(c) Civil conviction;

(d) Unauthorized absence;

(e) Entries required as a result of adverse performance evaluation reports, and for members that refuse to sign performance evaluation reports;

(f) Enlisted physical fitness assessment failures;

(g) Retain in service;

(h) Performance or conduct deficiencies;

(i) Sea duty counter or credit; and

(k) Time-in-rate date change.

(3) **Civil Conviction and NJP**

(a) The following "permanent" entries are required even if an appeal has been filed:

Entry for...	shall include...
Civil conviction or action taken by civil authorities which is tantamount to a conviction, whether it is a misdemeanor or felony, which comes to the command's attention.	<ul style="list-style-type: none"> • date of conviction or action • final charge and specific action for which member was found guilty • court in which convicted • sentence of the court
NJP when pay is not affected	<ul style="list-style-type: none"> • date of offense • nature of offense, cite article from reference (a). • date of NJP • punishment awarded

(b) In the event the civil conviction is overturned or the NJP appeal is granted, a request for correction to the member's OMPF and ESR shall be made by official naval letter with copies of supporting documentation to Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) copy to NAVPERSCOM, Personal Performance, Security, Separation Division (PERS-83).

(4) All entries in the ESR shall be verified by a personnel supervisor authorized in writing to sign service record documents.

(5) Entries requiring a member's signature shall be dated and signed by the member. Should the member refuse, the commanding officer shall document the refusal in writing. All signatures shall be in black or blue black ink.

3. Disposition

a. Temporary Administrative Remarks entries are retained in the ESR until purged from the system on the removal date **that was entered at the time the entry was made**. Paper copies maintained by the command will be destroyed after the member transfers or is separated.

b. Permanent Administrative Remarks entries shall be printed, signed, and submitted to the NAVPERSCOM (PERS-313) for filing in the OMPF at the time they are created.

(1) The supporting personnel office will submit

documents to the OMPF using the e-submission application on BUPERS Online. The supporting personnel office will provide a copy to the member and maintain a copy on file until OMPF receipt and acceptance is verified.

(2) Electronically signed documents will not be accepted until the OMPF is capable to accept them and specific approval has been provided regarding submission procedures.

4. Corrections

a. Unverified ESR transactions are considered "pending" and may be corrected or deleted by the servicing personnel office at any time prior to verification.

b. Temporary Administrative Remarks entries may be deleted or corrected by the servicing personnel office, if created in error, or if it is readily apparent on the face of the document that a clerical error was made.

c. Permanent Administrative Remarks entries shall not be corrected without approval of NAVPERSCOM (PERS-313) or the Board of Corrections for Naval Records (as applicable).

(1) For obvious clerical errors, create a new corrected remark in the ESR, with the words "**CORRECTED COPY**" typed at the end of the subject line. Save, print, and sign the corrected document, but do not verify the document in ESR. Submit the corrected copy along with a copy of the original to NAVPERSCOM (PERS-313) under cover letter explaining the error, and requesting the original entry be replaced by the corrected entry. NAVPERSCOM (PERS-313) approval will be the authority for the NSIPS help desk to delete the original entry and verify the corrected copy.

(2) If the change requested creates a retroactive entitlement to pay and allowances, is a material change, or involves a matter of opinion, judgment or the exercise of discretion, submit the request to the Board for Correction of Naval Records per MILPERSMAN 1000-150.

-------------------	--

1. Purpose

a. NAVPERS 1070/887 Sex Offense Accountability Record is a form to be used to document sex-related offenses in a Service member's official military personnel file (OMPF) per reference (a). The purpose of including disposition information in the OMPF is to alert commanders, commanding officers (COs), and officers in charge (OICs) of members in their command who received a court-martial conviction or nonjudicial punishment (NJP) for these offenses to reduce the likelihood that repeat offenses will escape the notice of commanders, COs, and OICs.

b. Sex-related offenses include reference (b), articles 120 (rape, sexual assault, aggravated sexual contact, and abusive sexual contact), 120a (stalking), 120b (rape of a child, sexual assault of a child, and sexual abuse of a child), 120c (indecent

viewing, visual recording/broadcasting, forcible pandering and indecent exposure), 125 (forcible sodomy and bestiality), and 80 (attempt to commit one of the offenses listed above).

2. Procedures

a. NAVPERS 1070/887 will be used to annotate the OMPF of any Service member who is convicted at court-martial or awarded NJP for sex-related offense(s), as listed in paragraph 1b above, regardless of recommendation for retention or separation from naval service.

b. The NAVPERS 1070/887 will be submitted within 5 business days of

(1) action being determined/adjudication of NJP, or when the appeal process has been completed; or

(2) adjudication of court-martial. Commands will use the e-Submission (e-Sub) application on BUPERS Online (BOL) for form submission. Commands without e-sub access will mail NAVPERS 1070/887 to:

Navy Personnel Command PERS-313 5720 Integrity Drive Millington, TN 38055-3130

c. NAVPERS 1070/887 will be uploaded to the Service member's OMPF and assigned field code 91 (FC 91). Once the OMPF is updated, the NAVPERS 1070/887 will be available for commanders, COs, and OICs to review using the OMPF command view application on BOL.

d. Commanders, COs, and OICs are required to review all documents in FC 91 for all newly reporting personnel within 30 days of reporting onboard. In order to identify these documents in a member's record, the OMPF can be sorted by NAVPERS 1070/887 or by FC 91. Commanders, COs, and OICs may delegate the record review to trusted agents (i.e., executive officer, administrative officer, administrative clerks); however, it is recommended that the number of trusted agents be kept to a minimum considering the sensitive nature of the subject.

e. NAVPERS 1070/887 requirements do not supersede any requirements for reporting or processing NJP or court-martial actions, or requirements for reporting incidents of sexual assault stipulated in references (c) through (e).

f. NAVPERS 1070/887 is a fillable form and available online at the following Web address located on the Navy Personnel Command Web site: www.public.navy.mil/bupers-npc/reference/forms/Pages/default.aspx.

3. Record Corrections

a. An official document submitted to NAVPERSCOM for filing in the OMPF becomes the property of the Department of Navy. Documents filed in the OMPF may not be removed or changed, except as listed below.

(1) Request for correction of obvious clerical errors must be submitted to Navy Personnel Command (NAVPERSCOM), Records Policy Management Branch (PERS-313). A detailed summary of the requested correction and justification for the correction, to include all supporting documents to substantiate the request, is required. Obvious clerical errors are those that are readily apparent on the face of the document to include, but not limited to, misspelled name, incorrect social security number, or a document misfiled to a member's record.

(2) When a court-martial conviction is overturned as a result of the appeal process or NJP is set aside per reference (f), a member's CO must submit a letter to NAVPERSCOM, Personnel Information Management Department (PERS-3) with the supporting documents (i.e., Memorandum for Appealing Authority) requesting the removal of the NAVPERS 1070/887 from the member's record.

(3) All other requests for correction or removal of documents should be submitted to the Board for Correction of Naval Records per MILPERSMAN 1000-150.

b. A document may be amended or supplemented by correspondence forwarded via official channels.

NAVPERS 18068F, MANUAL OF NAVY ENLISTED MANPOWER AND PERSONNEL CLASSIFICATIONS AND OCCUPATIONAL STANDARDS

-------------------	---

1. Contents - Volume I

a. Reference (a) contains the occupational standards which express the Navy's requirements for enlisted skills as determined by manpower management. They form the basis upon which personnel are trained, advanced, and distributed. Thus, these requirements are a fundamental underpinning of the Navy Enlisted Occupational Classification System (NEOCS). These requirements are categorized as follows:

(1) **Naval Standards** - express the minimum skills required of enlisted personnel which are not specifically rating-oriented. They include areas and subjects which personnel should have knowledge of, in addition to, required rating skills. They are universal to all rates and ratings except as noted.

(2) **Occupational Standards** - define the enlisted tasks required of specified occupational entities (rates and ratings). They are minimum standards which represent the lowest level of skill required to fulfill Navy needs at a given level of responsibility.

b. Reference (a) also provides

- special physical requirements for specified ratings;
- the normal path of progression to Warrant Officer (WO) and Limited Duty Officer (LDO), and to Senior Chief Petty Officer (SCPO) and Master Chief Petty Officer (MCPO);
- performance test instructions;
- a description of the Navy Occupational Classification System;
- a list of the Primary and Technical Advisors for each rating; and
- guidance for proposing changes to the Navy Enlisted Rating Structure and the Occupational Standards.

2. **Contents - Volume II.** Reference (b) contains each authorized Navy Enlisted Classification (NEC) code. The NEC structure supplements the enlisted rating structure by identifying a non-rating-wide skill, knowledge, aptitude, qualification that must be documented to identify both people and billets for management purposes. Navy Personnel Command (NAVPERSCOM) formulates and implements the NEC Coding System and controls the use of NECs in identifying personnel and billets, and in distribution and detailing.

			FAX	882-6475

Reference	(a) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications, Volume I, Major Code Structures, Volume II, The Officer Data Card
------------------	--

1. Definition

a. Reference (a) provides a single source document which contains officer occupational classification codes, other structures, and abbreviations required for interpreting the coded entries in such personnel reports and manpower documents as the following:

- OPNAV 1000/2 (Rev. 9-82), Manpower Authorization
- Officer Distribution Control Report (ODCR)
- NMPC Report 4080-1020-3, Reserve Unit Assignment Document (RUAD)

b. Navy Personnel Command (NAVPERSCOM) maintains an automated record of essential information for each naval officer. This record constitutes a central data bank from which management extracts information for use in personnel procurement, training, distribution, planning, career management, and mobilization. Chief of Naval Operations (CNO) identifies qualitative requirements of billets in manpower authorizations by officer occupational classification codes and other codes. Secretary of Defense (SECDEF) utilizes these officer occupational classification codes for manpower management and policy studies and for relating manpower resources in the Armed Forces.

Responsible Office	COMNAVCRUITCOM (Code 13)	Phone:	DSN	226-4085
			COM	(703) 696-4085
			FAX	226-6938

1. **Introduction.** Commanding officers (COs), officers in charge (OICs), and other designated "Appointing Officers" shall be governed by the following policies and procedures when delivering original appointments (permanent or temporary) in the United States Navy (USN) or United States Navy Reserve (USNR).

2. **Restrictions on the Appointment Documents**

a. The official administering the oath of office must ensure that all restrictions appended to the appointment documents are met prior to the time a candidate is administered the oath. If there is any question regarding the restrictions involved, the administration of the oath shall be delayed until all questions have been resolved.

b. Alterations of names, designators, grades, or dates of rank, shall not be made on appointment papers before or after execution. Pen and ink changes of birth dates and social security numbers (SSNs) may be made upon receipt of authority from Commander, Navy Recruiting Command (COMNAVCRUITCOM). Appointment papers will be reissued by COMNAVCRUITCOM (13) upon notification of an error.

3. **Appointees on Active Duty Concurrently with Appointment.**

Appointees who are on active duty or are issued orders to active duty concurrently with appointment shall be reexamined by a naval medical officer if

a. more than 18 months have elapsed since the examination given at the time of application for appointment to commissioned grade.

b. the appointee's physical condition appears to have changed significantly since the examination given at the time of

application for appointment, or information is available to indicate that such a change might have occurred.

c. the appointee states that their physical condition has changed significantly since the examination. When such a reexamination is conducted,

- SF 88 (Rev. 10-94), Report of Medical Examination; and
- SF 93 (Rev. 6-96), Report of Medical History,

shall be forwarded to Chief, Bureau of Medicine and Surgery (BUMED). Appointees who remain on active duty are not required to be reexamined prior to issuance of appointment, unless one of the conditions described above exists.

4. **Restrictions on Delivery of Original Commissions.** Original commissions shall not be delivered if

a. the appointee is under disciplinary action or awaiting such action.

b. the appointee is

(1) on the sick list.

(2) on sick leave.

(3) assigned limited duty (LIMDU) following the approved recommendation of a Board of Medical Survey.

(4) awaiting action upon a report of a Board of Medical Survey or Physical Evaluation Board (PEB).

c. the appointee's physical condition upon reexamination has materially deteriorated since they were examined for appointment. In questionable cases where a definite finding may not be made at the time of physical examination, the report of the naval medical officer should be sent to Chief, BUMED. In such cases, the appointment shall be withheld pending receipt of further instructions from COMNAVCRUITCOM.

5. **Withholding of Appointment for Other Reasons**

a. If the appointment is withheld for any reason other than those enumerated in the preceding paragraph, COMNAVCRUITCOM (13)

shall be advised immediately. Justification for such action should be submitted at that time.

b. The appointment shall be retained pending further instructions from Navy Personnel Command (NAVPERSCOM) or COMNAVCRUITCOM.

6. Acceptance of Appointment

a. An appointee who is found physically qualified shall execute the acceptance and oath of office for appointment. Unless otherwise stated, the appointment is effective from the date of acceptance.

b. The commission which is enclosed with the appointing documents is evidence of the appointment.

(1) Present commissions of Navy Reserve and temporary commissioned Navy officers, as well as appointments as warrant officers, will be considered as terminated on the date preceding the acceptance of permanent appointment in the Navy.

(2) For other than appointees noted below, COs shall report to COMNAVCRUITCOM the circumstances and name of any appointee under their command whose appointment is not effected.

(3) Any appointee who does not desire to accept the appointment tendered shall submit a statement to that effect to COMNAVCRUITCOM, via their CO.

7. Discharge from Enlisted Status

a. Appointees serving in enlisted status and appointees serving in temporary commissioned or warrant grade whose permanent status is enlisted shall be honorably discharged from their enlisted status by reason of selected changes in service obligation to accept permanent appointment to officer grade per MILPERSMAN 1910-102. The Appointing Officer shall effect such discharges for selected changes in service obligation as of the day immediately preceding the date of acceptance of the permanent appointment as appropriate.

b. If the Appointing Officer is not the custodian of the enlisted service record, they will notify the service record custodian regarding the type of appointment accepted and the date it was accepted, requesting that the member's enlisted

status be terminated as of the day immediately preceding the date of acceptance of the permanent appointment.

c. DD 214 (Rev. 2-00), Certificate of Release or Discharge From Active Duty, shall be prepared and the enlisted service record closed for members discharged while on active duty. An appropriate entry on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, shall be made and the enlisted service record closed for members discharged while on inactive duty.

8. **Receipt of Orders.** Upon acceptance of appointment each officer on active duty will report to their CO for duty until such time as orders are received from NAVPERSCOM. If present orders are to duty in a flying status involving operational or training flights, such orders are automatically continued except in the case of warrant officers. Officers on active duty will receive further orders from NAVPERSCOM.

9. **Mileage/Travel Allowances.** Upon acceptance of appointment, members on active duty do not accrue entitlement to mileage allowance or any other travel allowance by reason of termination of their former officer or enlisted status.

1. **Background.** The Limited Duty Officer (LDO) and the Chief Warrant Officer (CWO) Programs are the premier enlisted-to-officer programs sponsored by the Navy which do not require a college education (although it is highly desired). It has been demonstrated that the Navy has a need for warrant officers who serve and develop as officer technical specialists and for limited duty officers who serve and develop as officer technical managers.

2. **Applicant Preparation.** Competition for acceptance in both the LDO and CWO Programs is intense. People interested in applying to either program should begin preparation as early as possible in their career. All potential candidates are encouraged to gain occupational experience and/or specialized training through school and correspondence courses to better prepare for officer status.

3. **Eligibility.** The LDO and CWO Programs are open to

a. Enlisted personnel of the Regular Navy and Naval Reserve on active duty (including the Training and Administration of the Reserves (TAR) Program) who may seek appointment to chief warrant officer status via the Active Duty Chief Warrant Officer Program or commissioned officer status via the Active Duty Limited Duty Officer Program.

b. Chief warrant officers of the Regular Navy and Naval Reserve on active duty may seek appointment to commissioned officer status via the Active Duty Limited Duty Officer Program.

c. Enlisted personnel of the Naval Reserve on inactive duty who are assigned to a drilling unit may seek appointment to the chief warrant officer status via the Inactive Duty Chief Warrant Officer Program or commissioned officer status via the Inactive Duty Limited Duty Officer Program.

d. Chief warrant officers of the Naval Reserve on inactive duty who are assigned to a drilling unit may seek appointment to commissioned officer status via the Inactive Duty Limited Duty Officer Program.

e. Naval Reservists on Active Duty for Special Work (ADSW) and Naval Reservists assigned duties as Canvasser Recruiters may seek appointment to chief warrant officer status via the Inactive Duty Chief Warrant Officer Program or commissioned status via the Inactive Duty Limited Duty Officer Program.

4. **For Further Information.** Enlisted personnel who want more information about these programs should review OPNAVINST 1420.1 for required submission dates, detailed eligibility requirements, obligation, and other pertinent information.

1. **Request Procedures.** An officer appointed for temporary service under reference (a), whose permanent status is **chief warrant officer (CWO) or enlisted** may request voluntary termination of their temporary officer appointment and reversion to their permanent grade. Requests for reversion are submitted to Navy Personnel Command (NAVPERSCOM), Officer Retirement Section (PERS-4822) via their commanding officer (CO) (or immediate superior in command (ISIC) as appropriate), and will normally receive favorable consideration provided the obligated service (OBLISERV) requirements described below have been fulfilled.

2. **Guidelines for Submission.** Applications for reversion may be submitted under the following guidelines:

a. If the requested reversion date coincides with the projected rotation date (PRD), then submit the request in time to reach NAVPERSCOM (PERS-4822) **6 to 9 months in advance** of the desired reversion date.

b. If the requested reversion date does not coincide with the PRD, then the request should reach (PERS-4822) **9 to 12 months in advance** to allow ample time to identify a relief.

c. COs may favorably endorse a reversion for **less than 6 months advance** notice if they are willing to accept a gap in the billet. The command endorsement should also indicate if a relief is required.

d. If the request is for reversion to the member's permanent CWO grade and the member will remain on active duty at the same command, then the request should reach NAVPERSCOM (PERS-4822) a **minimum of 3 months in advance**.

e. If the request is for reversion to the member's permanent enlisted grade and transfer to the Fleet Reserve, or discharge, then the requested **reversion date should reflect the first of the month and Fleet Reserve or discharge the end of the same month** (i.e., reversion 1 Aug and Fleet Reserve 31 Aug). This will allow time for the officer personnel and pay accounts to be closed out, create enlisted accounts, and affect the discharge or Fleet Reserve.

f. Unless in response to service needs, or Commander, Navy Personnel Command (COMNAVPERSCOM) directs otherwise, requests for reversion may be disapproved if an officer is notified by any means (E-mail, message, telephone, or personal visit) that permanent change of station (PCS) orders will be issued, and the officer is **within 6 months** of the normal PRD.

g. Requests for reasons of hardship will be considered from members who do not meet the criteria described in para. 7; however, documentation for the basis of the hardship must be provided.

DD 214, Certificate of Release or Discharge from Active Duty.

Adjustment to Officer Master Files, Promotion History Files, and pay record will be coordinated by NAVPERSCOM (PERS-4822) and NAVPERSCOM, Officer Career Progression Branch (PERS-480).

5. **Requests for Termination of Temporary Appointment, Reversion to Permanent Enlisted Status, and Transfer to Fleet Reserve.**

Provided the member has completed **20 or more years of active service** per reference (b), temporary officers whose permanent status is enlisted may request reversion and transfer to Fleet Reserve. Upon approval of the member's request by COMNAVPERSCOM, reversion orders will be issued by NAVPERSCOM (PERS-4822) and include the date and paygrade authorized for transfer to the Fleet Reserve.

6. **Requests for Termination of Temporary Appointment and Discharge.** Temporary officers whose permanent status is enlisted may request termination of their temporary appointment and discharge by reason of expiration of enlistment. Upon approval of the member's request by COMNAVPERSCOM, reversion orders will be issued by NAVPERSCOM (PERS-4822). Separation will be effected in member's permanent enlisted grade, as described in MILPERSMAN 1910-104.

7. **Obligated Service Requirements.** A temporary officer shall satisfy the following requirements:

a. Retainability requirements incurred as the result of a cost PCS move as described in MILPERSMAN 1301-108.

b. The initial agreement to remain on active duty for a period of **4 years** subsequent to acceptance of the temporary appointment as described in reference (c).

8. **Requesting Withdrawal or Cancellation.** A request for withdrawal or cancellation along with the command's endorsement may be submitted to NAVPERSCOM (PERS-4822) using the same chain of command as the original request for termination of temporary appointment. Provide justification for requesting cancellation or withdrawal. Each request will be considered on a case-by-case basis.

9. **Expungement.** An officer whose request for withdrawal of **request for termination of temporary appointment** has been approved by COMNAVPERSCOM, may, upon written request to NAVPERSCOM (PERS-4822), have termination of temporary appointment related material expunged from their record. Fitness reports will not be expunged.

-----------------------------	---

1. Recommendation and Authority to Appoint

a. Persons shall be considered and recommended for initial appointment in the Regular Navy or Naval Reserve by board action as authorized by Chief of Naval Personnel (CHNAVPERS) or higher competent authority. No person shall be initially appointed as a commissioned officer in the Naval Reserve in a grade above lieutenant commander except upon recommendation of a board of officers convened by the Secretary of the Navy.

b. No person shall receive an original appointment as a regular commissioned officer unless they have completed 1 year as a commissioned officer on the Active Duty List (other than as a warrant officer).

c. Reappointment of formerly commissioned officers of an armed force will be administratively determined by CHNAVPERS.

d. Members initially appointed to commissioned grade are appointed by the President, except Reserve commissioned warrant officers are appointed by the Secretary of the Navy. Permanently commissioned officers in the Regular Navy and Naval Reserve officers above the grade of lieutenant commander are appointed by and with the advice and consent of the Senate. When the Senate is not in session, *ad interim* appointments are made, subject to confirmation by the Senate during the next session.

2. Requirements

a. Except for Naval Reserve appointment in the Medical Corps, no person shall be appointed to commissioned grade in the Regular Navy or Naval Reserve who is not a citizen of the United States.

b. All members appointed in the Regular Navy or Naval Reserve shall be physically qualified under NAVMED P-117. Waivers of the physical standards recommended by Chief, Bureau of Medicine and Surgery, may be granted upon approval by CHNAVPERS.

c. Appointment in the Regular Navy is limited by statute to persons able to complete 20 years active commissioned service before age 55 (exceptions are physicians, dentists, chaplains, limited duty officers, and commissioned warrant officers).

d. Notwithstanding initial entry grades listed below, prospective appointees for any officer program, Regular or Reserve, with prior commissioned service on active duty or in an active status, shall be granted entry grade credit under statutes and regulations. Policy governing appointments in Medical Corps, Dental Corps, Medical Service Corps, Nurse Corps, Judge Advocate General Corps, and Chaplain Corps are addressed in applicable SECNAV instructions referenced in "Initial Entry Grades and Limiting Ages," below. Prospective appointees to the line, Supply Corps, and Civil Engineer Corps may be granted 1 day of entry grade credit for each day of prior commissioned service on active duty or in an active status under DOD Directive 1312.3. Entry grade credit shall be used to determine a prospective appointee's entry grade and date of rank. Dates of rank in all cases are as determined by CHNAVPERS under statutes, regulations, or lineal/promotional policies, as applicable.

e. Except where specifically prohibited, Chief of Naval Operations (CNO) (N13) will consider waivers to limiting ages addressed in "Initial Entry Grades and Limiting Ages," below, for applicants for active duty with prior commissioned service on active duty, and for applicants for inactive duty with prior commissioned service on active duty or in an active status.

f. Members initially appointed in the Regular Navy or Naval Reserve shall meet the mental, moral, and professional qualifications prescribed.

3. **Application Instructions.** Application for initial appointment as a commissioned officer shall be made under instructions contained in COMNAVCRUITCOMINST 1131.2B and procurement directives.

4. **Initial Entry Grades and Limiting Ages.** Except as authorized in "Requirements," above, or except as otherwise approved by CNO (N1), initial entry grade and limiting ages for an original appointment in the Naval Reserve are as follows:

Initial Entry Grade	Limiting Ages
Conventional Surface Warfare (1165), Engineering Duty Option entering via conventional surface warfare training pipeline (1165), Special Warfare (1185), Special Operations (1195): Initial entry grade ENS	At least 19 but under 29; maximum age limit may be adjusted upward for prior active service on a month-for-month basis up to 24 months. CNO (N13) will consider waivers for active duty personnel in particularly meritorious cases provided they can be commissioned prior to their 31st birthday.
Nuclear Power School Instructor (1105I), Duty at Naval Reactors (1105NR): Initial entry grade ENS	At least 19 but under 29 at time of interview with Deputy Assistant Secretary for Naval Reactors; no waivers unless specifically authorized by Naval Reactors.
Nuclear Power Surface Warfare (1165), Nuclear Power Submarine Warfare (1175), Engineering Duty Option entering via nuclear power training pipeline (1165/1175): Initial entry grade ENS	At least 19 but under 26 ½; waivers may be considered on a case by case basis by Naval Reactors for those who would not exceed 29 ½ at commissioning.
Naval Aviator (1395): Initial entry grade ENS	At least 19 but under 27; month for month waivers up to 24 months will be considered for in-service applicants who possess particularly exceptional qualifications.

Initial Entry Grade	Limiting Ages
Naval Flight Officer (1375), Aviation Maintenance Duty Officer (1525): Initial entry grade ENS	At least 19 but under 27; maximum age limit may be adjusted upward for civilians with prior active service on a month-for-month basis up to 24 months; maximum age limit may be adjusted upward for in-service applicants on a month-for-month basis up to 48 months for continuous active military service.
Engineering Duty (1465): Initial entry grade ENS	At least 19 but under 29; maximum age limit may be adjusted upward for prior active service on a month-for-month basis up to 24 months. Month- for-month waivers beyond 24 months will be considered only for active duty enlisted personnel who possess particularly exceptional qualifications, provided they can be commissioned prior to their 31st birthday.
Cryptology (1615), Merchant Marine Reserve (1625, 1665, 1675, 1695), Intelligence (1635), Public Affairs (1655), Oceanography (1805), Supply Corps (3105), Civil Engineer Corps (5105): Initial entry grade ENS	At least 19 but under 35.
Medical Service Corps (2305): Initial entry grade determined under SECNAVINST 1120.8B	Age determined under SECNAVINST 1120.8B.
Nurse Corps (2905): Initial entry grade determined under SECNAVINST 1120.6B	Age determined under SECNAVINST 1120.6B.
Judge Advocate General Corps (2505): Initial entry grade determined under SECNAVINST 1120.5A	At least 21 but under 35.

Initial Entry Grade	Limiting Ages

1. **Policy.** Active Component (AC) officers separating from active duty and former officers considered qualified by Navy Personnel Command (NAVPERSCOM) may be appointed in the Navy Reserve as specified below.

2. **AC Officers Being Processed for Honorable Separation**

a. AC officers who request separation from the Navy and have satisfied their military service obligation (MSO) may request appointment in the Navy Reserve before separation. AC officers who submit a voluntary resignation and who have not satisfied their MSO will be automatically considered for appointment in the Navy Reserve.

b. Favorable action on resignation requests from officers who have not satisfied their MSO will normally be contingent upon their acceptance of a Navy Reserve appointment (if tendered).

c. Separation orders will specify whether the member has or has not been approved for a Navy Reserve appointment, and whether separation is contingent upon acceptance of a Navy Reserve appointment.

d. The appointment will be forwarded to the member by NAVPERSCOM, Officer Programs Branch (PERS-831) and is to be effected the day after separation.

e. The Navy Reserve appointment shall be in the same grade, with the same date of rank, and normally in the same designator category as that held in the AC.

3. **Former Officers Requesting Reappointment within 3 Years**

a. Former AC and Navy Reserve officers who were honorably separated and did not retain an appointment may request a Navy Reserve appointment from NAVPERSCOM, Reserve Personnel Administrative Branch (PERS-91) within 3 years following the date of their separation.

b. The Navy Reserve appointment will normally be in the same grade and designator category as previously held. NAVPERSCOM (PERS-91) will adjust the member's pay entry base date. If the period of separation is in excess of 6 months, NAVPERSCOM (PERS-831) will adjust the member's date of rank.

c. Member must request a Navy Reserve appointment in writing. E-mail requests must be encrypted and forwarded to NAVPERSCOM (PERS-91) via a Navy Reserve officer recruiter (facsimile request will not be accepted). Request must be endorsed by the recruiter and must include:

(1) Name, designator at time of separation, address, and phone number;

(2) Statement of the reason for not requesting, receiving, or retaining a Navy Reserve commission at the time of separation;

(3) Declaration of intent to affiliate with the Selected Reserves upon reappointment;

(4) Copy of the member's DD-214, Certificate of Release or Discharge from active duty;

(5) Copy of the member's separation orders (if separated from active duty);

(6) Copy of an updated SF 86 Questionnaire for National Security Positions, if period of separation is more than 1 year; and

(7) Copy of DD 2807-1 Report of Medical History and DD 2808 Report of Medical Examination completed within 2 years, with a copy of the DD 2807 completed within last 90 days. DD 2807-1 and DD 2808 may be accessed by using the following link <http://www.dtic.mil/whs/directives/infomgt/forms/dd/ddforms2500-2999.htm>.

4. **Former Officers Requesting Reappointment after 3 Years.**

After 3 years from the date of separation, former Navy Staff Corps officers who held designators 210X, 220X, 230X, and 410X may request appointment in the Navy Reserve via an authorized direct commissioning program. Applicants must meet all of the eligibility requirements of the direct commissioning program.

a. Officers who held designators other than those listed above may request a waiver from the 3-year policy. Each case will be evaluated based on the officer's service record and needs of the Navy at the time of application. Applicants must meet all eligibility requirements of the Direct Commissioning Program. NAVPERSCOM, Reserve Officer Status Branch (PERS-911) will convene a professional review panel for final approval or disapproval of all re-appointment requests requiring a waiver.

b. Applicants must request the waiver in writing to NAVPERSCOM (PERS-911) via a Navy Reserve officer recruiter. All re-appointment requests from former Navy officers separated over more than 3 years must contain the same enclosures as those within 3 years, and also include a current dated and signed resume.

1. **Purpose.** The Medical Enlisted Commissioning Program (MECP) gives active duty enlisted personnel, including Full-Time Support (FTS), an opportunity to complete the requirements for a baccalaureate degree in nursing and earn a commission as a Nurse Corps officer.
2. **Applications.** Due annually by 1 October. Eligibility criteria and application procedures for MECP are found in reference (a).
3. **Pay.** MECP selectees will receive full pay and allowances for their enlisted paygrades and will be eligible for advancement while attending college on a full-time basis. Tuition, fees, books, and other expenses must be paid by the MECP candidate.
4. **Obligation**
 - a. Upon graduation, candidates will be commissioned as **Ensign, Nurse Corps, United States Navy** and incur a commissioned obligation of 8 years, 4 of which must be served on active duty.
 - b. Candidates will be commissioned upon completion of MECP and must successfully complete Officer Indoctrination School.
5. **License Requirements**
 - a. Nurse Corps officers must obtain and maintain a license to practice as a registered professional nurse from a state,

territory, or the District of Columbia based on a licensing examination provided by the National Council of State Boards of Nursing and administered by one of its member boards of nursing.

b. Obtaining and maintaining a license to practice is the responsibility of the officer. Officers failing to become licensed may be appointed in a different category to complete any incurred active duty obligation, or separated for cause under the guidance of references (b) and (c).

1. Policy

a. Officers of the Navy Reserve may volunteer for recall to fill specific advertised Reserve program billets in Full Time Support (FTS) of the Navy Reserve. The recall shall be for a specified period not to exceed 3 years.

b. Temporary recall of Reserve officers is not designed as a career active duty program. It is intended to be a constructive part of an officer's Selected Reserve career. Officers recalled will not be placed on the active duty list and may not serve under a temporary recall for more than 3 continuous years. The opportunity for Navy Reserve officers to serve on active duty shall be maximized by limiting additional tours by officers previously recalled under this article. Additional recall tours may be permitted only for senior officers (O-5 and above) whose previous tour was served as a junior officer (O-4 and below).

2. Billet Vacancies. Activities with Navy Reserve program billets to be filled under this article shall notify Navy Personnel Command (NAVPERSCOM), FTS/Ready Reserve OCM Section (PERS-492) of the billet requirements not later than 6 months prior to the desired fill date to allow adequate time for advertisement and selection.

3. Eligibility. Officers applying for recall must

a. be able to serve on active duty for the period of time advertised.

b. not be in a failed of selection for promotion status (not applicable for O-6 applicants).

c. be in, selected to, or below the grade advertised for the billet. If in the grade advertised, must not have more than 3 years in grade.

d. be a satisfactory drilling Ready Reservist. Applicants being considered for billets responsible for developing policy affecting the Reserve component shall have a minimum of 3 years Selected Reserve experience immediately preceding recall.

e. meet physical requirements for recall to active duty.

f. have less than 13 years of total active duty service.

4. **Application**. Interested officers shall apply by letter to NAVPERSCOM (PERS-492) via their Reserve unit commanding officer (CO). Applications should include the following information:

a. Rank/name/SSN/designator.

b. Desired billet.

c. Date available for recall.

d. Mailing address/phone number.

e. Summary of military and civilian experience relevant to the billet.

f. Any other information requested in the billet advertisement.

5. **Selection**

a. Criteria for selection are professional performance, experience, and suitability for the billet advertised.

b. The selection board will be chaired by

- NAVPERSCOM, Director, Navy Reserve Personnel Management Division (PERS-49); or
- a designated representative.

Additional board membership will be provided from

- NAVPERSCOM (PERS-492);

- NAVPERSCOM, Career Management Department (PERS-4);
- Chief of Naval Operations (CNO) (N095); and
- the gaining activity.

c. The billet advertisement will provide the selection board convening date. Selectees will be notified by telephone to negotiate recall orders. Non-selectees will be notified by letter.

6. **Fitness Reporting**. Officers recalled under this article are compared only with other temporary recall officers in the same grade and competitive category.

-----------------------------	--

1. Authority

a. Chief of Naval Personnel (CHNAVPERS) issues instructions to the Navy Recruiting Command and to the Naval Reserve Force that set forth the terms of enlistment in the Regular Navy and Naval Reserve for which applicants are to be accepted, the rates and ratings in which first enlistments may be made, and other specific qualifications applicable to first enlistments.

b. Commanding Officer, Naval Reserve Personnel Center, shall maintain adequate and current information on members of the Individual Ready Reserve who have a remaining obligation, including accurate mailing addresses, military qualifications, physical qualifications, and such other information as deemed appropriate under the regulations of 10 U.S.C. 10204.

2. Enlistment Location

a. Unless modified by other instructions for CHNAVPERS, first enlistments in the Regular Navy or Naval Reserve are authorized to be made only by Navy Recruiting Command or Naval Reserve Force.

b. Reserve personnel enlisting in the Regular Navy while on active duty may be enlisted at their present duty station.

c. Commands and activities involved in accession of individuals into the Navy shall make sure the individual understands the Military Service Obligation (MSO).

3. Age Requirements

a. The minimum age for which men and women are accepted for enlistment in the Regular Navy or the Naval Reserve is 17 years with written parental consent or 18 years without parental consent. The maximum age for enlistment in the Regular Navy is 35 years. The maximum age for enlistment of prior service is determined by adding the individual's years of prior service to 35.

b. The maximum calendar age of an enlisted member of the Naval Reserve shall not exceed 62 years (not beyond their 63rd birthday). The maximum computed age for enlistment or reenlistment in the Naval Reserve shall not exceed 39 years. The computed age of an applicant for enlistment in the Naval Reserve is determined by subtracting member's prior qualifying years of military service for retirement purposes (active duty and inactive duty) from member's calendar age.

c. Enlisted members shall not exceed the age that will allow them to complete 20 years of qualifying service for retirement by their 60th birthday.

4. Personnel Required to Serve 6 or 8 Years

a. Personnel in the categories listed below are required to serve a total of 6 or 8 years, as the case may be, from date of induction, appointment, or enlistment. This service may be either active duty or inactive duty, or a combination of both. The terms "inducted" and "enlisted" as used in this article refer to initial entry of personnel into any of the Armed Forces including a reserve component thereof.

b. Each person who entered initial military service on or after 1 June 1984 shall serve a total period of 8 years from the date of enlistment, appointment, or, when authorized by law, induction. Any portion of the MSO that is not active duty or active duty for training shall be performed in a reserve component as defined in 10 U.S.C. 10101, 10142, 10143, 10145, and 10146; any combination of active duty for Ready Reserve service, as prescribed in the application DOD and Navy regulations may be used to fulfill the MSO.

c. Each male who, on or after 9 November 1979, and each female who, on or after 1 February 1978, became a member of the Regular Navy or Naval Reserve shall serve in the Regular Navy and/or Naval Reserve for a total of 6 years, unless discharged sooner. Any part of such service that is not active duty or active duty for training shall be performed as a member of the Naval Reserve on inactive duty.

d. Males without prior military service between the ages of 17 and 18 1/2 who, prior to 1 August 1963, enlisted directly into the Ready Reserve of the Naval Reserve with a requirement to perform initial active duty for training of 3 to 6 months, acquired an 8-year military service obligation.

e. Each male who, on or after 9 August 1955, became a member of the Regular Navy or Naval Reserve before his 26th birthday and is not in the category above, shall serve in the Regular Navy and/or Naval Reserve for a total of 6 years, unless discharged sooner. Any part of such service that is not active duty or active duty training shall be performed as a member of the Naval Reserve on inactive duty.

5. **Procedures for Discharge or Separation.** The MSO is considered terminated when a member is discharged, except the MSO is not terminated upon discharge or other type of separation for the purpose of immediate entry or reentry in the same or any other component of the military services, or for the purpose the entry into an officer's training program in which the person remains a member of a military service. Service performed before and after such a discharge or other type of separation shall be counted toward fulfillment of such obligation.

6. **Procedures for Discharge Prior to Completion of MSO**

a. Generally, discharge of a member prior to fulfilling a MSO shall be permitted only when it has been determined that the member has no potential for service under conditions of full mobilization, except as follows:

"Delayed entry" is an enlistment in which a Servicemember's entry on active duty or initial active duty for training is postponed under regulations prescribed by the Secretary of the Navy. Members in a delayed entry status incur an MSO.

b. Persons who enlist in the Ready Reserve under 10 U.S.C. 12103 for the express purpose of agreeing to a

subsequent enlistment in a regular component of the military services are in the "Active Component Delayed Enlistment Program" (DEP). DEP members who fail to enlist in a regular component of the Armed Forces may be ordered to involuntary initial active duty for training and to complete the remainder of the MSO in a reserve component.

c. Clarification of the relationship of DEP to MSO and the Pay Entry Base Date (PEBD) is as follows:

(1) **01 October 1979 to 31 May 1984:** DEP does not count toward MSO, but does to PEBD.

(2) **01 June 1984 to 31 December 1984:** DEP counts toward both MSO and PEBD.

(3) **01 January 1985 to present:** DEP counts toward MSO, but not to PEBD.

d. Persons who enlisted in the Ready Reserve under 10 U.S.C. 12103 for service in a reserve component and whose initial active duty for training or active duty is postponed are in the "Reserve Component Delayed Entry into Training" (DET). DET members who fail to report for initial active duty for training or active duty may be ordered to involuntary initial active duty for training or to active duty to complete the remainder of the MSO in a reserve component.

e. DEP/DET members may also be discharged for any of the reasons specified in the discharge regulations. Individuals discharged from the DEP/DET will not be credited for service in fulfillment of the MSO incurred, and any future enlistment or appointment of such persons shall be treated as an original entry into military service.

7. **Discharge for Underage Entry.** A Servicemember whose enlistment or appointment is declared void because the Servicemember is underage and who is released as the result of such action may not be considered to have acquired an MSO; however, service rendered under a void underage enlistment, when characterized as honorable, shall be creditable toward fulfilling any subsequent MSO acquired by the Servicemember. Such credit would not alter the terms of any subsequent enlistment for specific periods of active component or reserve component service. If such service was performed only in a

delayed entry status, it will not be credited to fulfillment of the MSO.

8. **Discharge for Clergy Members**. Upon written application, a Servicemember may be discharged from a reserve component of a military service if the Servicemember has become a member of the clergy and satisfactorily establishes that

- a. the ministry is their main and primary vocation.
- b. their religion faith group is organized exclusively or substantially for religious purposes.
- c. their standing in the faith group is recognized as that of a minister or leader.
- d. they are certified by an appropriate official of the faith group to be a fully qualified member of the clergy in good standing.

9. **Service Academy and ROTC**. An enlisted Servicemember who accepts appointment to a service academy as a cadet or midshipman under 10 U.S.C. 403, 603, or 903, or as an ROTC cadet or midshipman under Section 2107, retains enlisted status in spite of such appointment. If an appointment is terminated before graduation, or if a cadet or midshipman refuses to accept a commission offered following graduation, the period of concurrent enlisted service shall be counted toward fulfillment of the MSO, resulting from the enlistment being served at the time of the appointment. Credit described above does not alter the authority for ordering disenrolled cadets or midshipman to active duty.

a. **ROTC Advanced Training (College Program)**. An officer appointed under 10 U.S.C. 2104 shall have a MSO of 8 years from the date of appointment minus any prior enlisted service prior to entry into advanced training under regulations of DOD Directive 1215.8 of 25 March 1994.

b. **ROTC Scholarship Recipients**. An officer appointed under 10 U.S.C. 2107 shall have a MSO of 8 years from the date of appointment.

c. **Military Junior Colleges Scholarship Recipients**. An officer appointed under 10 U.S.C. 2107a shall have a MSO of 8 years from the date of appointment.

d. **Failure to Complete Training or to Accept Appointment.** The MSO shall be equivalent to the period for which the member is ordered to serve on active duty in a Reserve Component under 10 U.S.C. 2105, 2107, or 2107a.

10. **Credit for Direct Appointments as a Cadet or Midshipman**

a. **Commissioned Officers.** Enlisted service performed concurrently while serving as a cadet or midshipman does not count towards fulfillment of the MSO incurred as a result of commissioning.

b. **Service Academy Appointments.** An officer appointed under 10 U.S.C. 403, 603, or 903 shall incur a MSO of 8 years from the date of appointment. If an appointment is terminated before graduation or if a cadet or midshipman refuses to accept a commission offered following graduation, the MSO shall be equivalent to the period for which the member is ordered to serve on active duty or in the Reserve components under 10 U.S.C. 4348, 6959, or 9348, and according to DOD Directive 1332.23.

11. **Unsatisfactory Participation in the Ready Reserve.**

A person who incurs a MSO and who subsequently fails to perform satisfactorily any required reserve training may not be discharged, except as outlined in "Procedures for Discharge Prior to Completion of MSO," above.

12. **Interservice and Intercomponent Transfers.** Transfer of Servicemembers who have a remaining MSO between military services or components of a military service shall be accomplished under MILPERSMAN 1910-102 for enlisted personnel and SECNAVINST 1000.7D for officer members. Obligated military service performed before and after an authorized transfer shall be counted toward fulfillment of the MSO.

13. **Induction.** In time of war or national emergency, or when otherwise authorized by law, a person who is inducted under 10 U.S.C., and who completes the required period of active training and service, shall continue to hold their appointment or enlistment contract to serve as a reservist and shall be required to fulfill the term of obligation unless discharged by the Secretary of the Navy.

2. **Eligibility Requirements**. Specific eligibility requirements for first term programs may be found in

a. COMNAVCRUITCOMINST 1130.8F, Enlisted Recruiting Manual;
and

b. COMNAVCRUITCOMINST 1133.1, Naval Reserve Recruiting Manual

for enlistment of personnel with prior naval service or prior service with other branches.

3. **Former USN Members**. Members of the regular Navy released from active duty are assigned to the Individual Ready Reserve (IRR) to complete the remainder of their military service obligation (MSO). As members of the IRR they are obligated to

- a. advise Commanding Officer, Naval Reserve Personnel Center, New Orleans, LA 70149-7800, of their current address;
- b. promptly respond to all official correspondence; and
- c. report for a 1-day annual muster when directed by official notification.

4. **Inter-Service Transfer**. Under 10 U.S.C. 512, members of another component who are approved by that service for enlistment in the Naval Reserve must enlist for a period sufficient to complete the training requirements and service obligation incurred under their original contract.

5. **MSO Completion**. Members who have fulfilled their MSO may enlist or reenlist in the Naval Reserve per COMNAVRESCUITCOMINST 1133.8A, or may extend their enlistment within the provisions of MILPERSMAN 1160-070. Enlistment, reenlistment, or extension shall be in the Ready Reserve.

6. **Non-Prior Service**. Non-prior service personnel incur an 8-year MSO, 6 of which must be served in the Selected Reserve (SELRES). The remainder of their enlistment may be either in the SELRES or the Individual Ready Reserve (IRR).

7. **APG and OSVET Programs**. Individuals enlisting in the Naval Reserve Advanced Pay Grade (APG) and Other Service Veteran (OSVET) programs at a temporary pay grade shall complete the requirements for permanent advancement to that pay grade prescribed in COMNAVRESCUITCOMINST 1133.8A.

NOTE: Requests for transfer to the IRR prior to completing the 6-year drilling obligation will be submitted, via the chain of command, to

Commander, Naval Surface Reserve Force (Code 3111D); or

Commander, Naval Air Reserve Force (Code 502B).

1. **Purpose**. This program provides for first enlistment in the Naval Reserve of male and female applicants for a period of 8 years under authority of 10 U.S.C. 12102 and 12103.
2. **Process**. See following table:

Step	Action
1	Applicants in this program are enlisted for 2 years of active duty in either the Seaman or Fireman apprenticeships.
2	At the completion of their initial obligation, they may request reenlistment for a minimum of 48 months via the ENCORE Program.
3	If authorized reenlistment, they will be guaranteed a Class "A" school for which they are mentally, morally, and physically qualified if vacancies exist.

3. **Advancement to E-4**

a. Applicants who have either enlisted into the program or are on active duty prior to 1 May 1993 are authorized an accelerated advancement to paygrade E-4 after successfully completing Class "A" school.

b. Applicants enlisting into the 2-Year Enlistment Program after 1 May 1993, are not authorized accelerated advancement to paygrade E-4.

4. **Montgomery GI Bill (MGIB)**. Applicants in this program may elect to participate in the MGIB by having \$100 per month reduced from their pay during the first 12 full months of active duty.

NOTE: This \$1200 is non-refundable.

5. **Obligated Service**. All members of this program have a continuous active duty obligation of 24 months followed by 72 months in the Individual Ready Reserve (IRR).

PRIOR SERVICE (PRISE) III PROGRAM

Responsible Office	CNO (N13)	Phone:	DSN	225-0888
			COM	(703) 695-0888
			FAX	224-6502

Governing Directives	OPNAVINST 1160.6A COMNAVCRUITCOMINST 1130.8F BUPERSINST 1430.16E
-----------------------------	--

1. Background

a. The PRISE III Program offers reenlistment opportunities and rating conversion to Navy Veterans (NAVETs) who reenlist after a 24-hour break in service who are not eligible to reenlist in their previously held ratings per COMNAVCRUITCOMINST 1130.8F.

b. For personnel effecting continuous service conversion and reenlistment refer to MILPERSMAN 1160-090.

2. Eligibility Requirements. Specific PRISE III eligibility requirements are set forth below:

a. Have been discharged in an undesignated status or designated in a rating which per COMNAVCRUITCOMINST 1130.8F is not open to NAVETs.

b. Have at least 180 consecutive days of prior naval service, but no more than 6 years prior naval service.

c. Meet COMNAVCRUITCOMINST 1130.8F basic enlistment eligibility requirements, including broken service and time-in-service eligibility requirements for NAVETs.

d. Have been recommended for reenlistment on date of discharge.

e. Must be able to obligate service for the 4/5/6 year obligor rating/program they are being guaranteed without exceeding high year tenure for the paygrade in which they are

reenlisting. COMNAVCRUITCOM approval must be obtained for obligated service of less than 4 years.

f. Meet physical, moral and mental requirements for a PRISE III-eligible rating, as specified in COMNAVCRUITCOMINST 1130.8F. Current (less than 2 years old) Armed Forces Vocational Aptitude Battery (ASVAB) line scores must be used to determine rating eligibility.

3. Reenlistment Provisions

a. When approved for conversion via "A" school, applicants will be reenlisted in the U.S. Navy for a period of 2 years and concurrently sign a reenlistment agreement to obligate an additional 24 months or more upon satisfactory completion of the required Class "A" school conversion training. Any person who fails to execute their extension agreement with the Navy will be discharged at EAOS, or when directed by N13. An RE-4 reenlistment code will be assigned.

(1) The maximum paygrade for accessions via the PRISE III program is E-3, except for NAVETs guaranteed Advanced Electronics Computer Field (AECF), Cryptologic Technician Interpretive (Native Speaker) (CTI(N)) or the Nuclear Field (NF). The maximum accession paygrade for NAVETs reenlisting for AECF, CTI(N) or NF is E-4. No waivers to enlist at a higher paygrade are authorized. NAVETs reenlisting via the PRISE III program in paygrade E-3 and below will enlist in the source apprenticeship (SN, AN, or FN) of their guaranteed rating/program. NAVETs guaranteed AECF, CTI(N) or NF will be enlisted in the SN apprenticeship if reenlisting in paygrade E-3 and below or in their old rating if reenlisting in paygrade E-4.

(2) The PRISE III/Paygrade Reduction Annex contained in COMNAVCRUITCOMINST 1130.8F will be used for all NAVETs who reenlist via the PRISE III Program.

(3) NAVETs reenlisting via PRISE III for the SEAL Challenge Program must meet all MILPERSMAN 1220-100 - 1220-330 eligibility criteria. They will be accessed as GENDETs in paygrade E-3 and below with a guarantee for BUDS, EOD or Diver training, and be ordered to TPU Great Lakes (UIC 32458). The following NAVPERS 1070/613, Administrative Remarks must be placed in the service record:

"Member is being ordered to Transient Personnel Unit (TPU) Great Lakes for in-processing. Upon reporting to TPU Great Lakes, members shall be screened by the Dive Motivator at Recruit Training Command Great Lakes to ensure member meets physical readiness test requirements for the SEAL Challenge Program."

(4) The PRISE III program is not a reenlistment incentive program. PRISE III reenlistees may be eligible for SRB, however, recruiting personnel shall make no verbal or written promises or guarantees regarding SRB eligibility. If guaranteed a PRISE III "A" school that is SRB-eligible, they must sign the following NAVPERS 1070/613:

"I understand I have been approved to enlist in the _____ rating for 2 years for the sole purpose of conversion to the _____ rating after "A" school. I understand the rating to which I am converting is listed on the current SRB Award Level NAVADMIN; however, SRB eligibility must be verified through BUPERS (PERS-811/815). I understand I may only be eligible for the SRB award level in effect, if any, on the date of my next reenlistment after "A" school. No guarantees of SRB eligibility or SRB payment have been offered to me as an enlistment guarantee."

b. A member may qualify for Selective Reenlistment Bonus (SRB) or, if member has never previously received an Enlistment Bonus (EB) from any service, may qualify for EB if otherwise eligible per OPNAVINST 1160.6A. Payment of EB for enlistment executed under this article is not guaranteed.

4. Failure to Complete School Required for Conversion

a. NAVETs enlisting via the PRISE III Program who do not complete "A" school will be subject to reclassification (PERS-4010S), forced conversion into another rating based on the needs of the Navy, Navy Personnel Command (NAVPERSCOM) (PERS-815) or retained in a non-designated status.

b. If for some reason the "A" school guaranteed at enlistment is not available once on active duty, another "A" school will be assigned as determined by NAVPERSCOM (PERS-4010).

5. **Effecting Rating Conversion.** Rating conversion will be effected upon satisfactory completion of Class "A" school, or basic A-1 phase (of those schools having advanced phases) as prescribed in BUPERSINST 1430.16E.

-------------------	---

1. **Purpose.** This article along with references (a) through (g) provides policy and implements guidance for the management of the Prior Service Reenlistment Eligibility - Reserve (PRISE-R) program.

2. **Background.** The PRISE-R program is a Reserve affiliation program that allows Navy Veterans (NAVETs) and Other Service Veterans (OSVETs) to affiliate with the Selected Reserve (SELRES) into Career Reenlistment Objectives (CREO) 1 and 2 ratings as listed in the Career Opportunity Matrix. PRISE-R is formerly known as Reserve Selected Conversion for Reenlistment (RESCORE) program.

a. Members will be accessed into the Navy Reserve by Navy Recruiting Command (NAVCRUITCOM) in coordination with the Bureau of Naval Personnel (BUPERS), Enlisted Community Management Branch (BUPERS-32), Enlisted Community Manager (ECM) and counted against Reserve component end-Strength. This program is funded under Reserve Personnel, Navy (RPN).

b. For the purpose of this instruction, the "Permanent" rate is defined as the rate the members currently hold as reflected in Navy Personnel Systems. The "Temporary" rate is defined as the rate to which the members are requesting to convert.

c. Navy personnel who desire to transition from Active Component to Reserve Component and are within the End of Active Obligated Service (EAOS) window as designated per MILPERSMAN 1440-060, must utilize Perform to Serve (PTS) with SELRES option.

3. **Program Requirements.** Applicants must meet basic enlistment eligibility requirements as listed in reference (a) in addition to meeting the following requirements:

a. Must be in pay grades E3 through E6 in CREO 2 and 3 ratings, and within the following Time in Service (TIS) criteria as calculated from their Pay Entry Base Date (PEBD) upon enlistment:

Pay grade	TIS from PEBD
Designated E3	Fewer than 8 years
E4	Fewer than 10 years
E5 & E6	Fewer than 16 years

b. Assigned to one of the following categories:

(1) Individual Ready Reserve (IRR).

(2) NAVETs or OSVETs as defined in reference (f).

c. Not currently receiving any type of Reserve bonus.

d. Not have any Non-Judicial Punishment (NJP) or convictions in civilian or military courts within the past 48 months.

e. Break in service cannot exceed 10 years.

f. Hold a current rating listed in the Career Opportunity Matrix as Category 2 or 3. Members with a CREO Category 1 rating, or assigned a Navy Enlisted Classification (NEC) code in the Critical Skills NEC's listing, are not eligible for PRISE-R, unless the members are no longer qualified to serve in their current rating (vision impairment, loss of security clearance, etc.). Conversions are authorized from CREO category "3" to "1", "3" to "2", or "2" to "1" only.

g. Must not have previously enlisted under the RESCORE, CB RESCORE or CB-VET program, and failed to make rate permanent.

h. Must have served a minimum of 24 months in their present rating.

i. Must meet minimum Armed Services Vocational Aptitude Battery (ASVAB) scores for specific rating which member is applying as prescribed in MILPERSMAN 1306-618.

4. **Program Obligation.** All members must obligate in the SELRES (drill pay status) for a minimum of 4 years (or up to High Year Tenure if less) from the date of enlistment or affiliation. Members requiring "A" school for conversion must be able to obligate for a minimum of 4 years. If members choose to accept an authorized bonus for the requested conversion rate, they must obligate in the SELRES (drill pay status) for a minimum of 6 years from the date of enlistment or affiliation. Any time remaining on the member's enlistment after the OBLISERV commitment may be served in the SELRES or the Individual Ready Reserve (IRR).

5. **Training Requirements.** Training requirements for members under the PRISE-R program will be outlined on NAVPERS 1070/613(Rev.7-06), Administrative Remarks contract Annexes. Members will be required to complete an "A" or "C" school, or participate in the Navy-wide advancement examination and have a Standard Score (SS) of 37 to make the new rate permanent.

a. Service School Requirements

(1) For ratings that require service school training, PRISE-R accessions will receive Active Duty for Training (ADT) for "A" and/or "C" schools per contract Annexes.

(2) Sailors guaranteed an "A" or "C" school must report to the required school within 365 days from the date of affiliation. Prudent planning and preparation is required by the Sailor, the Navy Reserve Activity (NRA) and the quota management process to ensure sufficient "A" or "C" school seats are available to meet the demand and to ensure the Sailor is actively pursuing PRISE-R program requirements.

(3) "A" School Extensions

(a) An extension may be granted by Commander, Navy Reserve Forces Command (COMNAVRESFORCOM), Training Division (N7) on a case by case basis if a Sailor is not able to report to the required "A" or "C" school within 365 days of affiliation. NRA Commanding Officers must submit requests for extensions at least 60 days prior to the 365th day.

(b) Extension request package: Extension requests must contain a copy of the original PRISE-R conversion package NAVPERS 1070/613 and a completed NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request signed by the NRA Commanding Officer with supporting justification.

(4) Meritorious Advancement at "A" or "C" school. MILPERSMAN article 1430-010 applies.

(5) Failure to Complete Pipeline Training

(a) Sailors who fail to attend "A" or "C" school within the prescribed 365 days or fail to complete "A" or "C" school for academic reasons will revert to their permanent rate. NRAs will transfer members to the Individual Ready Reserve (IRR) "not recommended for re-affiliation" within 30 days of failure.

(b) Sailors who fail to complete "A" or "C" school for disciplinary reasons may be processed for administrative separation per MILPERSMAN 1910 articles. Sailors not administratively discharged will revert to their permanent rate and be transferred to the IRR "not recommended for re-affiliation" within 30 days of failure notification.

(c) Sailors failing to complete "A" or "C" school due to an injury, illness, or disease will follow guidelines established in reference (g) and NAVADMIN 056/08 for requesting Medical Hold (MEDHOLD) orders or Line of Duty (LOD) benefits. The members will immediately notify the Medical Department Representative (MDR) of the attached command while on orders or the supporting NRA to initiate the process. Commander, Navy Personnel Command (CNPC), Line of Duty/Medical Hold/Medical Retention Review Division (PERS-95) will determine whether the members will receive medical care while on active duty under MEDHOLD orders or be released from orders and receive care under

the LOD program. Future PRISE-R status will depend upon final medical determination.

(d) PRISE-R Sailors who successfully complete "A" school, but **fail to complete a required follow-on "C" school** may lose their original bonus eligibility if the bonus was contingent upon successful completion of "C" school.

b. Non-Service School Requirements

(1) Personnel accepted into a rating that does not require "A" or "C" school must complete lateral conversion prerequisites within 18 months from date of enlistment or affiliation unless modified by waiver from COMNAVRESFORCOM, Manpower and Personnel(N1).

(2) PRISE-R personnel who do not require "A" or "C" school have two Navy-Wide advancement examination cycles within their first 18 months of affiliation to make their rate permanent by achieving a Standard Score (SS) of 37. Participants who fail to achieve a SS of 37 by the end of the second exam cycle must transfer to the IRR in their permanent rate. Only designated strikers are authorized concurrent advancement through successful examination participation (e.g., Boatswain's Mate Seaman (BMSN) to Logistics Specialist Third Class (LS3)). All other personnel under the PRISE-R program are not eligible for advancement until their rate is made permanent.

(3) Failure to complete any of the program requirements within the required timeframe or prior to reaching HYT, whichever is earlier, shall result in member's termination from the PRISE-R program. NRAs will transfer members to the IRR "not recommended for re-affiliation" within 30 days of failure.

6. **Reversion Requests.** Personnel that fail to make their rate permanent for any of the reasons listed and desire to remain in a pay status shall notify the NRA of their intention to request reversion within 30 days of failure to convert and must submit a reversion request to BUPERS, Enlisted Military Community Management (BUPERS-32) within 60 days of failure to convert. Requests must contain at a minimum the NAVPERS 1306/7, supporting documentation including the original enlistment/affiliation documentation and Command endorsement. Disapproval from BUPERS-32 will require members to be transferred to the IRR "not recommended for re-affiliation"

within 30 days of BUPERS-32 disapproval notification. Members may remain in a pay status pending BUPERS-32 adjudication of request.

7. **Selected Reserve Participation.** The NRA will annotate the 4 or 6 year drill obligation in Navy Standard Integrated Personnel System-Reserve Component (NSIPS-RC) with the appropriate Mandatory Drill Code (MDC) of "4" and Military Obligation Designator (MOD) of "6." Per reference (e), Sailors who fail to comply with SELRES participation requirements are subject to administrative separation processing and prorated recoupment of the PRISE-R bonus if discharged. For Unsatisfactory (UNSAT) participants, see MILPERSMAN 1910-158 for guidance.

8. **Incentives.**

a. PRISE-R personnel may be entitled to an enlistment bonus if enlisting for a period of 6 years. Bonus eligible ratings, amounts, and payment types are promulgated via separate NAVADMIN.

b. PRISE-R Sailors who fail to complete their contracted service obligation shall refund to the United States Government the amount that bears the same ratio to the amount of the bonus as the uncompleted part such service bears to the total period of the service obligation. Waivers, in whole or in part, for such payment require Secretary of the Navy (SECNAV) approval and will be based upon determination that such recovery would be against equity and good conscience, or would be contrary to the best interests of the United States. Waivers of recoupment, in whole or in part, shall be submitted to SECNAV via COMNAVRESFORCOM, Pay and Personnel Systems (N11) for adjudication.

c. Incentive Processing

(1) Upon accession the NRA shall submit the Written Agreement for the Navy Reserve Affiliation Bonus (NAVRES Incentive Agreement 1-2), a copy of the enlistment contract, and all PRISE-R NAVPERS 1070/613's to COMNAVRESFORCOM (N11) for bonus funding obligation and for PRISE-R program monitoring.

(2) Once members successfully complete the requirements to make their rate permanent, the NRA shall notify COMNAVRESFORCOM (N11) by providing documentation of "A" or "C"

school completion or passing of the Navy-Wide rating exam (whichever is required) to effect processing of the initial bonus payment.

9. **Mobilization Assignments.** Once a rate has been made permanent, PRISE-R personnel (identified by the Mobilization Assignment Status (MAS) code of "TRP") may be mobilized to a billet requiring their new permanent rate. However, until the new rate is permanent, members may be mobilized only to "general" mobilization assignments. Members who have deferments for involuntary mobilization under other Navy policies will continue to be exempt under the guidelines of those policies.

10. **Tracking and Reporting of PRISE-R WITH "A" School Enlistments.** "A" school seats are allocated in the Training Requirements Module (TRM) application by BUPERS-32 in coordination with Office of the Chief of Navy Reserve (OCNR) and CNRFC N7. Other vacancies are limited in quantity and availability. It is, therefore, critical that COMNAVRESFORCOM, Production Management Office (PMO), individual NRAs, and the individual Sailor coordinate scheduling and reservation efforts to ensure that "A" school requirements are identified as early as possible and all available seats are scheduled and used. This ensures the Sailors get the required training and minimizes missed training opportunities and extension requests.

11. **Program Management.** COMNAVRESFORCOM (N11) will monitor PRISE-R program personnel from initial enlistment through completion of SELRES obligation. Minimum tracking requirements include:

- a. All PRISE-R Sailors categorized by assignment of Mandatory Drill Code (MDC) "4," Military Obligation Designator (MOD) "6," and MAS code "TRP";
- b. Navy Enlistment Classification (NEC) Rate/Rating;
- c. Date of Accession;
- d. OBLISERV;
- e. 365-day Window for Beginning "A" School;
- f. Date Reservation Made for "A" School;

- g. "A" or "C" School Class Convening Date;
- h. "A" or "C" School Completion Date;
- i. Retention Data; and
- j. 18-month Window for Successful Advancement Exam Completion

12. **Roles and Responsibilities.**

- a. NAVCRUITCOM shall:
 - (1) Closely coordinate PRISE-R accession planning with BUPERS-32 ECM;
 - (2) Identify and process qualified applicants for enlistment into the PRISE-R program per this article;
 - (3) Document the following requirements of the PRISE-R program in the enlistment document or affiliation orders:
 - (a) Assignment of a temporary pay-grade in the designated conversion rating (NAVET personnel with their permanent rating and subsequent (temporary) rating, e.g., MMFN (ITSN), MM3 (IT3)). OSVET personnel will be with a permanent rate of Seaman E-3, and a subsequent (temporary) rating, e.g., SN (IT3).
 - (b) Service obligation
 - (c) Enlistment/Affiliation bonus (if applicable)
 - (d) Conditions for payment and recoupment
 - (e) Specification of PRISE-R as accession program
 - (f) "A" and/or "C" school guarantee
 - (g) "A" school requirements or "A" school waiver provisions (if applicable).
 - (4) Document PRISE-R Sailors' acquisition codes. Navy Recruiting Command will identify PRISE-R applicants in the Commander, Navy Recruiting Command (COMNAVCRUITCOM), Integrated

Recruiting Information Management System (CIRIMS) using unique identifier fields and codes to differentiate PRISE-R applicants. For tracking purposes, CIRIMS will indicate the conditions of the enlistment contract as Guaranteed "A" or "C" school, "A" or "C" school not required, or "A" or "C" school waived by the ECM and

(5) Ensure a monthly report of all PRISE-R accessions is submitted to BUPERS-32 SELRES ECM and COMNAVRESFORCOM (N11) for program management.

b. BUPERS-32 shall:

(1) Input PRISE-R "A" or "C" school quotas in the Training Requirements Module (TRM) based on the projected accession goals through the FYDP. Closely coordinate PRISE-R accession planning with COMNAVCRUITCOM, Operations Department (N3);

(2) Ensure PRISE-R NECs are assigned to members as they are accessed;

(3) Adjudicate reversion requests within 10 working days of receipt. Decisions will be based solely on the needs of the Navy and

(4) Ensure removal of conversion NECs upon successful conversion or failure to complete all requirements.

c. The PMO shall:

(1) Establish "A" or "C" school quotas for PRISE-R applicants based on the TRM inputs and as necessary, assist in obtaining additional quotas from unused AC and FTS seats, providing this information to CNRFC N7 and BUPERS-32 and

(2) Load seats in accordance with a Student Input Plan (SIP) provided by CNRFC N7 and assign PRISE-R quotas accordingly. Seat usage will continue to be tracked and reported as required.

d. CNRFC N7/N1 shall:

(1) Collect ADT-school requirements (N7);

(2) Coordinate "A" school assignments for PRISE-R Sailors guaranteed "A" school with PMO, Training Department (N7);

(3) Provide PMO the SIP with quotas required by month, rating and gender no later than 15th of each month;

(4) Assign PRISE-R Sailors to a billet in the rating the members are converting to per current assignment policy. Assignment Branch (N12) will submit via Career Management System Interactive Detailing (CMS/ID);

(5) Initiate bonus recoupment upon receipt of bonus termination letter from NRA, COMNAVRESFORCOM (N11);

(6) Initiate bonus payment, if eligible, upon notification from the NRA, COMNAVRESFORCOM (N11);

(7) Process NRA waivers and extension requests as required (COMNAVRESFORCOM (N7/N11));

(8) Ensure the NRA assigns the MAS code of TRP (COMNAVRESFORCOM (N11)); and

(9) Expedite communicating PMO PRISE-R guidance to the NRAs.

e. The gaining NRA shall:

(1) Ensure the NRA training department explains the scheduling process for completing "A" or "C" school during the first drill weekend. Because of the inherent constraints in availability and scheduling of "A" or "C" school seats, PRISE-R applicants with guaranteed "A" or "C" school must be informed during their first drill weekend of their obligation to schedule their "A" or "C" school by signing a NAVPERS 1070/613 stating their understanding of the requirement;

(2) Gain NAVETs using their rate and grade held at discharge. Contact the NSIPS Helpdesk to verify the member's current rating held in the Navy personnel systems. Once the gain is processed and is reflected in NSIPS as Strength Code "1," the NRA will make a personnel data entry in NSIPS, changing the permanent rating to the PRISE-R rating. **Do not change the effective date of rate** from the date of rate used when initially

gained (e.g. Member was a YN3 at discharge; and upon affiliation is converting to a IT; gain member as a YN3, then change to IT3 once gain is reflected in NSIPS as Strength Code "1");

(3) Gain OSVETs as SN, AN, or FN. The NSIPS Helpdesk can be contacted for assistance with gains. Once the gain is reflected in NSIPS as Strength Code "1," the NRA will make a personnel data entry in NSIPS changing the permanent rating to the PRISE-R rating. The effective date of rate for OSVETs is their accession date;

(4) Ensure electronic service record entries for NAVET personnel are entered with their permanent rating and subsequent (temporary) rating, e.g., MMFN (ITSN), MM3 (IT3). OSVET personnel will be enlisted with a permanent rate of Seaman E-3, with a subsequent (temporary) rating, e.g., SN (IT3);

(5) Assign PRISE-R affiliations the Mandatory Drill Code (MDC) "4," Military Obligation Designator (MOD) "6," and MAS code "TRP";

(6) Submit a request for "A" or "C" school to CNRFC N7 within 30 days following the member's first drill weekend for PRISE-R members with guaranteed "A" school. Refer to CANTRAC for required prerequisites and documentation. The request shall include the following:

(a) Signed NAVPERS 1306/7

(b) Current PRIMS data if available

(c) Confirmation of a final secret clearance through the Joint Personnel Adjudication System (JPAS) for personnel converting to ratings that require a clearance (e.g., Intelligence Specialist (IS), Information Technology (IT) and NAVPERS 1306/7 with annotation.

(7) Submit Active Duty for Training orders to "A" or "C" school via Navy Reserve Order Writing System;

(8) Conduct a Career Development Board (CDB) for PRISE-R Sailors within 60 days of affiliation and again at six months after affiliation;

(a) Address "A" or "C" school scheduling with individuals guaranteed "A" or "C" school. Nine months after affiliation, the NRA and/or Unit CO shall provide written counseling with Sailors who have not attended "A" or "C" school, and begin "A" or "C" school waiver submission (if applicable).

(b) Conduct a CDB for any Sailor not guaranteed an "A" or "C" school who has not scored a standard score of 37 on the Navy-Wide Advancement Examination after each exam cycle results are published.

(9) Track NEC removal requests. Submit NAVPERS 1221/6 (6-06), Navy Enlisted Classification (NEC) Request with supporting documentation including enlistment/affiliation documentation, "A" school completion certificates, NAVPERS 1070/604(Rev. 3-05), Enlisted Qualifications History entry, or Navy-Wide Exam Profile sheet to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013), info copy to COMNAVRESFORCOM (N11) and BUPERS-32, requesting removal of conversion NECs upon successful conversion or failure to complete all requirements; and

(10) Notify COMNAVRESFORCOM (N11) after successful completion of all PRISE-R requirements.

13. **Adjudication Authority.** The table below summarizes adjudication authorities:

Overall Policy	Navy Total Force Plans and Policies, OPNAV (N13)
Approval authority for all PRISE-R applicants	NAVCRUITCOM

----------------------	---

1. **Purpose**. This article sets forth policy and implements guidance for management of the Active Component (AC) and Full Time Support (FTS) to Selected Reserve (SELRES) Delayed Affiliation Program (DAP).

2. **Background**

a. DAP allows AC and FTS enlisted Sailors to delay in-rate affiliation with the SELRES for up to 6 months after expiration of active obligated service (EAOS), as extended. Eligible Sailors who choose to delay their affiliation due to transitional civilian obligations, or who cannot affiliate due

to an absence of SELRES in-rate Career Waypoint-Reenlistment quotas effective at EAOS, may request future quotas via a reservation system managed by the SELRES enlisted community manager (ECM). In return for a quota reservation, Sailors must satisfactorily participate in a voluntary training unit (VTU) of the Individual Ready Reserve (IRR) until their SELRES affiliation. Upon completion of their affiliation delay, they will be accessed into the SELRES by their local Navy recruiter.

b. DAP enables the continuum of service by providing Navy veterans a flexible affiliation option, helps solidify SELRES affiliation decisions by providing Sailors with a predictable start date, and optimizes the Navy's return on investment by retaining trained and experienced Sailors.

3. Policy

a. AC and FTS Sailors who desire delayed SELRES affiliation may request a future SELRES quota from up to 90 days prior to EAOS. Sailors must request delayed SELRES affiliation from the Bureau of Naval Personnel (BUPERS), SELRES ECM (BUPERS-328) via their chain of command. Sailors may request DAP only in their current rating. Sailors must indicate their requested affiliation date, desired Navy Reserve Activity (NRA), and IRR service option in the request.

b. AC and FTS Sailors who desire active duty to SELRES transition with no affiliation delay must obtain a SELRES quota using Career Waypoint-Reenlistment.

c. DAP requests will be approved by the SELRES ECM on a case-by-case basis. If approved, the SELRES ECM will reserve a future quota and designate the Sailor's affiliation month. The maximum allowable delay between AC and FTS separation and SELRES affiliation is 6 months. The SELRES ECM will notify the Sailor; Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) (N1); Navy Recruiting Command (NAVCRUITCOM), National Enlisted Programs Officer (NEPO); and Navy Personnel Command (NAVPERSCOM), Career Transition Office (CTO) (PERS-97) of all DAP approvals.

d. The number and phasing of SELRES quotas available for DAP will be determined by the SELRES ECM in collaboration with NAVCRUITCOM NEPO.

e. CTO will provide transition assistance to members approved for DAP and coordinate with COMNAVRESFORCOM, Assignment Branch (N12) to ensure proper generation of IRR assignment orders to the member's NRA, and VTU.

f. DAP Sailors will report to their NRA and conduct their first drill or muster with their assigned VTU, per their IRR assignment orders, no later than 60 days following their EAOS, or their SELRES quota reservation will be canceled. During this 60-day period, the NRA will adjudicate any missed inactive duty for training (IDT) periods as authorized absences for personnel assigned to the VTU. Any missed IDT periods beyond 60 days following a Sailor's EAOS will be adjudicated as unexcused absences.

g. Failure to meet the satisfactory VTU participation requirements may result in transfer to the active status pool of the IRR, or other administrative action per reference (a).

h. Upon successful completion of their service in the IRR VTU, DAP members will be accessed into the SELRES by NAVCRUITCOM in coordination with the SELRES ECM, and counted against Reserve Component (RC) end strength.

i. The member's NRA shall provide the recruiter a Reserve unit identification code (RUIC), unit name, and billet for the best fit unit. After the member is affiliated with the SELRES, (not while in VTU) the NRA shall assist the member in applying for a billet via Career Management System/Interactive Detailing (CMS/ID), if a billet was not previously identified with the recruiter. Following their SELRES affiliation, Sailors will conduct their first drill as a SELRES during the next scheduled drill weekend.

j. Failure to comply with the requirements and timelines outlined in this article may result in revocation of a Sailor's SELRES quota. Unexecuted DAP quotas will be returned to the SELRES ECM for reallocation.

4. Eligibility

a. All separating AC and FTS enlisted Sailors are eligible for DAP, provided they have no restrictions disqualifying them from SELRES affiliation per references (a) and (b). Sailors may request delayed affiliation, provided they have not reached

maximum age limit per reference (a), or 30 years of combined active and reserve military service.

b. Members who have reached SELRES high year tenure (HYT), per MILPERSMAN 1160-120, are not eligible for SELRES affiliation and may not request a DAP quota. Per reference (b), Sailors must be eligible to serve 2 years from date of actual SELRES affiliation, not AC and FTS separation, before reaching SELRES HYT.

c. Sailors must meet requirements as set forth in MILPERSMAN 1160-030 to establish reenlistment eligibility under continuous service conditions.

d. Sailors must meet physical qualifications for affiliation and retention in the RC as set forth in reference (c).

e. Sailors must comply with physical readiness standards, provided in reference (d), which are separate and distinct from physical qualifications.

5. **Application**

a. **Timeline and Sequence of Events**

(1) Sailor requests in-rate DAP affiliation from SELRES ECM 90 days prior to EAOS using NAVPERS 1306/7 Enlisted Personnel Action Request and NAVPERS 1306/97 Reserve Affiliation Screening Checklist and Contact Information sheet. Both forms must be fully completed and e-mailed to SELRES_ECM@navy.mil for consideration. NAVPERS 1306/7 and NAVPERS 1306/97 may be accessed via the following link:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(2) Sailors receive approval or disapproval from SELRES ECM via e-mail reply.

(3) If approved, Sailors contact CTO, per paragraph 8 of this article, for further guidance.

b. Sailors must include their desired NRA and requested affiliation month on NAVPERS 1306/7. The following is an example of a NAVPERS 1306/7 reason for submission statement:

"Request DAP to VTU, and SELRES affiliation effective October 2013 (no later than 90 days prior to EAOS) with Navy Operational Support Center (NOSC) Green Bay, WI."

c. When selecting their desired NRA, Sailors must be familiar with authorized travel and transportation allowances, as well as unit assignment limitations, based on reasonable commuting distance. A member who separates from active duty is authorized travel and transportation allowances per reference (e) chapter 5, part B, section 8.

d. A SELRES member who permanently changes his or her residence may not be assigned to a unit beyond a reasonable commuting distance without the member's consent per reference (f). Reasonable commuting distance is the maximum distance an obligated member of a RC may be required to travel involuntarily between residence and IDT site. Commuting distances are defined in reference (f) as either 50 or 100 miles. Sailors requesting an NRA beyond a reasonable commuting distance shall sign a permanent NAVPERS 1070/613 Administrative Remarks waving their rights to reasonable commuting distance per reference (f). NAVPERS 1070/613 may be accessed via the following link:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

e. Sailors with approved SELRES Career Waypoint-Reenlistment quotas may request delayed SELRES affiliation. If subsequently approved for DAP, the member's SELRES Career Waypoint-Reenlistment quota will be reallocated. Sailors approved for the Early Career Transition Program (ECTP) are not eligible for DAP. ECTP Sailors may request modification of transition date (if necessary).

6. **Approval**. The SELRES ECM will approve or disapprove DAP requests case-by-case, based on quota availability, demand signal, and shall determine the affiliation month for all approved Sailors.

7. **Notification**. The SELRES ECM will provide approval notification to the Sailor's command; COMNAVRESFORCOM, Manpower and Personnel (N1); NAVCRUITCOM; and CTO. The SELRES ECM will provide disapproval notification to the Sailor's command.

8. **AC and FTS to Individual Ready Reserve Processing**. Sailors involuntarily separated from active duty and subsequently

approved for DAP must comply with the requirements set forth in MILPERSMAN 1910-050 as a condition of eligibility for involuntary separation pay.

a. Sailors approved for DAP shall agree in writing to serve in the VTU until their SELRES affiliation by signing a permanent NAVPERS 1070/613 service record entry prior to separation from active duty. With their signature, Sailors acknowledge their understanding of an agreement to meet satisfactory participation requirements in the VTU in return for a SELRES quota reservation. A Sailor who enters into this written agreement and who is qualified for the Ready Reserve shall, upon such Sailor's separation from active duty, be enlisted as a reserve member.

b. DAP Sailors will be processed from the AC or FTS into the VTU via the CTO. Prior to a Sailor's discharge or release from active duty, the Sailor's command will forward the signed original NAVPERS 1070/613 (delayed affiliation agreement) to the supporting personnel office or personnel support detachment (PERSUPP DET) for completion of DD 214 Certificate of Release or Discharge from Active Duty and electronic submission of NAVPERS 1070/613 into the official military personnel file (OMPF).

c. The supporting personnel office or PERSUPP DET will forward the completed DD 214 to the Sailor's command for verification and accuracy by the member. Upon completion of the DD 214 verification, the Sailor's command will forward a signed copy of NAVPERS 1070/613 (delayed affiliation agreement) and DD 214 (verified worksheet) to CTO. If the Sailor is not qualified for the IRR VTU based on the verified DD 214, the command will resubmit NAVPERS 1306/97 to the CTO indicating final recommendation.

d. CTO will prepare an enlistment contract for the member's signature.

(1) **Member Present at Separating Command.** CTO will prepare an enlistment contract for the member's signature and forward to the Sailor's command. Once the enlistment contract has been signed by the member and the reenlisting officer, the Sailor's command will immediately forward the original signed copy to the personnel office or PERSUPP DET for electronic submission to the OMPF, and a signed copy to CTO.

(2) **Member not Present at Separating Command.** Special accommodations will be required for Sailors not present at their separating command (e.g., separation leave) to reenlist and sign the enlistment contract. CTO will prepare an enlistment contract under letter of explanation and forward to the member's NRA selected per paragraph 5 of this article. Once the enlistment contract has been signed by the Sailor and the reenlisting officer, the NRA will immediately submit the original signed contract to the OMPF and a signed copy to CTO.

e. Once DD 214 is complete, the supporting personnel office or PERSUPP DET will coordinate arrangement for Sailor's signature. If the Sailor is unavailable to sign, the supporting personnel office or PERSUPP DET will annotate "member not available for signature" and forward respective copies per reference (g).

f. Upon gaining the Sailor into the VTU, the CTO will assign a manpower availability status code of DAP in Navy Standard Integrated Personnel System (NSIPS), draft VTU orders in the IDT order writing system, and coordinate with COMNAVRESFORCOM (N12) for approval.

g. COMNAVRESFORCOM (N12) will forward approved VTU orders to the NRA and CTO, directing the Sailor (through CTO coordination) to report to the NRA within 60 days for duty with his or her VTU. These orders will also direct the Sailor to report to his or her local recruiter for SELRES affiliation processing no later than the 10th day of the month specified by the SELRES ECM in the DAP approval notification.

9. IRR VTU Participation Requirements

a. Unit assignment and participation requirements in the VTU are set forth in references (a), (h), and article 1300-030 of reference (i). Members participating in the VTU Program must maintain IDT participation requirements outlined in reference (a). Drill periods in the VTU are performed without pay; however, members receive retirement point credit and credit towards a qualifying retirement year for each drill period performed.

b. Members agreeing to serve in the VTU shall:

(1) Maintain assignment eligibility requirements per reference (a) to include medical, dental, and mobilization

readiness. NRA and VTU COs shall track individual readiness to ensure members maintain SELRES eligibility through their affiliation date.

(2) Maintain satisfactory participation per references (a), (h), and article 1300-030 of reference (i).

c. DAP members in the VTU may request ADT or active duty for special work (ADSW) orders, if funding and appropriate training and or operational support opportunities exist. If a member is approved for ADT or ADSW orders and projected to execute those orders beyond his or her SELRES affiliation month as specified by the SELRES ECM,

(1) the member must submit a complete recruiting package, per paragraph 11 of this article, to his or her local recruiter prior to execution of ADT and ADSW orders;

(2) the member's NRA will coordinate with COMNAVRESFORCOM (N12) to complete the SELRES gain in NSIPS during the specified affiliation month and update the member's manpower availability status code;

(3) COMNAVRESFORCOM (N12) will place the member in an "in assignment processing" (IAP) status and assign them to the local operational support unit; and

(4) upon the member's return from ADT or ADSW, the NRA shall assist the member in applying for a billet via CMS/ID.

d. DAP personnel in the VTU are eligible to take an advancement exam and advance to the next higher pay grade, provided they are satisfactory participants and have not reached SELRES HYT.

e. **Performance Evaluations.** VTU COs shall complete evaluation reports for DAP participants per reference (j).

10. IRR Benefits

a. VTU members are eligible for IRR benefits and entitlements per reference (a), chapters 15-20. Examples of benefits include: Servicemembers' Group Life Insurance eligibility; access to the commissary, Navy Exchange, and Morale, Welfare, and Recreation (revenue generating) facilities; a common access card (CAC) and CAC reader; a Navy and Marine

Corps intranet account; access to the Navy Reserve Homeport Web site; and an annual medical assessment to include vaccinations.

b. Montgomery GI Bill-Selected Reserve (MGIB-SR) and Bonuses. VTU service time will not count toward MGIB-SR or SELRES bonus eligibility. Upon transitioning to SELRES, Sailors may be eligible for affiliation or enlistment bonuses, provided they meet all requirements published in the current bonus naval administrative message (NAVADMIN). Reference (i) provides minimum SELRES service obligation required for a prior service enlistment or affiliation bonus. Sailors in ratings or NECs who may be eligible for a bonus must have sufficient obligated service remaining at the time of their SELRES affiliation to qualify.

c. Transitional Assistance Management Program (TAMP). Per reference (k), TAMP provides 180 days of transitional healthcare benefits to help certain uniformed Service members and their families transition to civilian life. Defense Enrollment Eligibility Reporting System (DEERS) is the official system of record for benefits eligibility. Additional transitional healthcare benefits information can be found at www.tricare.mil/tamp.

(1) Per reference (k), paragraph (a)(2)(A), Sailors involuntarily separated from active duty may be eligible for transitional health care benefits.

(2) DAP Sailors who voluntarily separate do not meet transitional healthcare benefits eligibility criteria under reference (k), paragraph (a)(2)(F). Per reference (l), members who voluntarily separate from active duty must affiliate with SELRES the day after separation in order to qualify for transitional healthcare benefits, unless they are otherwise eligible under reference (k) paragraph (a)(2).

(3) Sailors who affiliate with SELRES without delay to qualify for transitional healthcare benefits after voluntary active duty separation, and who later experience a temporary work conflict or personal hardship that precludes satisfactory SELRES participation, may request up to 6 months of authorized absences from their SELRES unit CO per reference (i), article 1570-010.

11. SELRES

a. After satisfactory participation in the VTU, per this article, Sailors shall report to their local Navy recruiting office for SELRES accession processing no later than the 10th day of the month in which the member is approved to affiliate. Through regular communication, the Sailor's NRA and the local recruiter will maintain awareness of the member's affiliation month and ensure the Sailor reports to the recruiter on schedule with the required documentation. The Sailor is required to provide a complete recruiting package to the local recruiter upon arrival. A complete recruiting package is defined in reference (b).

b. It is highly recommended that Sailors obtain copies of the following additional documentation prior to separation and present to the local recruiter for accession processing, as these copies are difficult to obtain after separation:

(1) Training records from NSIPS electronic service record;

(2) Last three evaluation reports (ensure accurate performance mark average if advancement eligible); and

(3) Physical Readiness Information Management Systems record.

c. With local recruiter assistance, the member will update the Joint Personnel Adjudication System to verify security clearance level and status, and complete all affiliation paperwork.

d. Immediately after SELRES accession, the local recruiter shall mail the original accession package to NAVPERSCOM, Records Management Policy Branch (PERS-313) for inclusion in the member's OMPF.

e. The member's NRA shall provide the recruiter a reserve unit identification code, unit name, and billet for the best fit unit. The recruiter will return the completed draft SELRES orders to the NRA. After coordination with the RC command, the NRA will forward the draft SELRES orders to COMNAVRESFORCOM, (N12) for approval. Upon COMNAVRESFORCOM (N12) approval, the member's NRA will forward the approved orders to the member and to the local recruiter.

f. Following SELRES affiliation, Sailors will conduct their first drill during the next scheduled drill weekend. The NRA shall assist the Sailor in applying for a billet via CMS/ID after he or she have been gained, if a billet was not previously identified with the recruiter. The NRA shall update the Sailor's manpower availability status code as required.

g. Once affiliated, Sailors may be authorized to receive a temporary deferment from involuntary mobilization. Mobilization deferment policy is outlined in current NAVADMIN located on Navy Personnel Command (NPC) Web site.

12. **Adjudication Authority.** The table below summarizes adjudication authorities:

FULFILLMENT OF THE 8-YEAR OBLIGATION

Responsible Office	NAVPERSCOM (PERS-4832)	Phone:	DSN COM	882-2303 (901) 874-2303
---------------------------	---------------------------	---------------	------------	----------------------------

1. Policy

a. An 8-year obligor will be considered as having fulfilled their obligation when discharged

(1) administratively as authorized by Chief of Naval Personnel (CHNAVPERS) for the purpose of complete separation from military status;

(2) by sentence of a court-martial; or

(3) when obligor has served for a period of 8 years from the date of initial enlistment or induction as a member of the Armed Forces, Regular or Reserve, on active duty, or a combination of such duty.

b. In computing service for this purpose, all periods of lost time from active service due to unauthorized absence, confinement, nonperformance of duty (civil arrest), and sickness misconduct as defined in this article or in this manual relating to making up lost time shall be deducted. Upon completion of the period of service, the member shall, if otherwise eligible therefore, be discharged by reason of expiration of enlistment or fulfillment of service obligation, as appropriate.

2. Exception. The 8-year obligation is not considered terminated upon discharge or other type of separation for the purpose of immediate entry or re-entry in the same or any other component of the Armed Forces in the same or any status or for the purpose of entry into an officer training program in which the member has a military status. Additional service shall be counted toward fulfillment of the obligation.

3. Further Exception. Eight-year obligors shall not be discharged upon entry into an officer-training program in which they would not have military status.

--------------	--

1. **Purpose.** This article provides policy and guidance for the management of the New Accession Training (NAT) Program, formerly known as Non-Prior Service Basic.

2. **Background.** The NAT Program is a Reserve accession program for non-prior service enlistees who are placed in an active duty (ACDU) status in approved ratings to attend full recruit

training, "A" School, and in some cases, follow-on "C" School before serving in the Reserve Component (RC). After completion of appropriate training levels, Sailors will be transferred to the Navy Reserve Activity (NRA) closest to their home of record for release from ACDU and assignment into a reserve unit.

3. **Policy**. NAT participants will be managed per

- this article;
- references (a) through (i);
- MILPERSMAN 1430-010, 1510-030, 1900-808, and 1910-154; and
- future NAVADMIN messages.

This program is funded under Reserve Personnel, Navy. Candidates will be accessed as United States Navy Reserve (USNR) recruits (Branch and Class of Service Code 32), and count against RC strength.

4. **Eligibility**. In order to be eligible, recruits must meet the following criteria:

a. Must not have been a prior member of any component of the Armed Forces of the United States.

b. High School Diploma Graduates (Education Tier I) are desirable; however, High School Graduates (Education Tier II) and Non-High School Graduates (Education Tier III) who qualify per reference (a) are also eligible.

c. Meet minimum Armed Services Vocational Aptitude Battery Test (ASVAB) requirements for specific ratings of enlistment per reference (b).

5. **Service Obligation**. NAT Program enlistees incur an 8-year military service obligation (MSO). This MSO will consist of the following:

a. Initial Active Duty for Training (IADT) (Recruit Training, Apprenticeship Training, "A" School and "C" School if applicable), **followed by:**

b. Six years in the Selected Reserve (SELRES) (which begins when the Sailor reports for IADT), **followed by:**

c. Remainder of MSO in either the SELRES, the Individual Ready Reserve (IRR), or if approved, recall to ACDU.

6. **Enlistment Contract.** Navy Recruiting Command (NAVCRUITCOM) will identify and process qualified applicants for enlistment into the NAT Program and ensure the wording of the initial recruit contract reflects the unique requirements of the NAT Program.

a. **Initial Contract.** The initial recruit enlistment contract will be written with an adjustable 6-month end of active obligated service (EAOS). The Personnel Support Activity Detachment (PERSUPPDET) supporting the specific school to which the NAT Sailor is assigned will be the designated authority to adjust the EAOS to ensure the member has adequate time remaining on ACDU for completion of all required training, travel to the NRA, and out-processing.

(1) **ASVAB/Physical/Qualifications Review/Documentation/System Entries.** Military Entrance Processing Stations (MEPS) will administer the ASVAB, conduct a physical examination, and ensure the applicant is qualified for enlistment. The Navy Recruiting District classifier will ensure the applicant is qualified for the NAT program and meets qualifications for the rating assigned. Reservations will be made utilizing the Personalized Recruiting for Immediate and Delayed Enlistment (PRIDE) system. Classifiers will also ensure all enlistment guarantees are documented and the applicant signs the most current version of the following:

- NAVCRUIT 1110/112 (Rev. 1-08), New Accession Training Program Statement of Understanding.
- NAVCRUIT 1133/52 (Rev. 5-08), New Accession Training (NAT) Program Enlistment Guarantee.
- NAVRES 1570/2 (Rev. 1-98), Satisfactory Participation Requirements/Record of Unexcused Absences.
- NAVRES Incentive Agreement 1-4 (6-06), New Accession Training (NAT) Enlistment Bonus Written Agreement for the Navy Reserve Incentives Program. (Current versions of the NAVRES Incentive Agreement 1-4 can be found at <http://navyreserve.navy.mil> under "Enlisted Bonuses").

Classifiers will refer to reference (a), Volume III for information necessary to document the proper acquisition and program enlisted codes to be entered on page 1 of

DD 1966/1 (3-07), Record of Military Processing - Armed Forces of the United States. MEPS personnel shall enter these codes into the Military Entry Processing Command Interactive Resource System (MIRS) which interfaces with the Navy Enlisted System (NES). This will create an Enlisted Master File, identifying NAT Sailors with a **Special Program Indicator (SPI) "3"** for tracking purposes in corporate Navy personnel information technology systems.

(2) **Delayed Entry.** Per reference (f), NAT personnel enlisting, but not reporting immediately for IADT are placed in a Delayed Entry Training (DET) Program status. NAT enlistees do not receive Pay Entry Base Date credit for time spent in DET.

(3) **Coordinator/Advisor.** The Navy Recruiter will make every effort to introduce NAT enlistees in the DET to the affiliating NRA NAT Coordinator and/or the Senior Enlisted Advisor (SEA). This process ensures a smooth transition to the NRA upon completion of IADT. Questions concerning the enlistee's RC status and obligations can be answered at this time.

(4) **Special Assignments.** NAT accessions are eligible for assignment to special recruit companies and may be assigned when circumstances permit. Assignment to a special company must not interfere with programmed training, future "A/C" School assignments, or mandatory release dates. IADT orders will not be extended to facilitate continued attendance in special companies unless such extensions are consistent with Navy Reserve training requirements.

(5) **Submit Gain/Establish Pay Record/Tracking Codes.** Upon reporting to Navy Recruit Training Command (NAVCRUITRACOM), Personnel Activity Support System (PASS) organizations will submit a Navy Standard Integrated Personnel System (NSIPS) strength gain establishing a pay record in the Defense Joint Military Pay System - Active (DJMS-AC). Unique personnel accounting codes assigned for tracking NAT personnel are as follows:

- SPI Code "3"
- Term of Enlistment "8"
- Branch/Class "32"
- Program Enlisted for "ARBXX (2 letter rating)"
- Acquisition Code "10" for males and "50" for females

b. **Accelerated Advancement.** NAT Sailors graduating recruit training may be eligible for accelerated advancement per MILPERSMAN 1430-010 and 1510-030. NAT Sailors in certain ratings may attend an advanced electronics or technical training pipeline. NAT Sailors that graduate from these pipelines (e.g., IS and CTN) are eligible for advancement to E-4 in the same manner as their Active Component (AC) counterparts.

c. **Volunteers for Special Programs.** Participants who volunteer and are accepted to one of the following programs will be disenrolled from the NAT program and reclassified to support the requirements of the new program:

- (1) Special Operator (SO).
- (2) Explosive Ordnance Disposal (EOD).
- (3) Special Warfare Combatant Crewman (SWCC).

(4) Fleet Marine Force Reconnaissance Corpsman (HM 8427). Request for reclassification of NAT participants must have prior approval of Office of Chief of Naval Operations (OPNAV), Military Personnel Plans and Policy Division (N13). Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-00C2) will provide reclassification guidance.

d. Order Writing

ACTIVITY	ORDERS TO
NAVCRUITCOM	Orders to recruit training are issued by NAVCRUITCOM via the enlistment contract.
Navy Recruit Training Command (NAVCRUITRACOM)	NAVCRUITRACOM is responsible for issuing orders to "A" School via the servicing PERSUPPDET.
"A" School	Each "A" School shall submit an availability for orders to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40).
NAVPERSCOM (PERS-40)	NAVPERSCOM (PERS-40) will issue orders directing members to their ultimate duty activity (the NRA guaranteed on their enlistment contract).
NOTE: If unforeseen circumstances arise that require a change in ultimate duty activity, NAVCRUITRACOM or "A/C" School support staff shall coordinate with the NAT Regional Representative/ Assistant listed in paragraph 10.	

7. Incentives

a. NAT personnel may be entitled to an enlistment bonus as identified in their enlistment contract. NAT Sailors will receive their bonus after successful completion of IADT and affiliation at their designated NRA. If they are reclassified into another NAT rating, they may be eligible for the bonus associated with that NAT rating/NEC upon successful completion of that training pipeline and affiliation at their designated NRA.

b. NAT participants who **fail** to satisfactorily complete their 6-year drill obligation, or voluntarily recall to ACDU in a Regular Component prior to the completion of their 6-year drill obligation, shall refund to the United States Government a prorated amount of their total bonus, equal to the period of service not performed. Waivers of recoupment, in whole or in part, require Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) (N1C21) approval.

8. Failure to Complete Pipeline Training

a. Sailors who **fail to complete recruit training** will be processed for entry level separation (ELS) per MILPERSMAN 1910-154.

b. Sailors who **fail to complete "A/C" School for academic reasons** will be reclassified into another NAT rating for which they are qualified and a vacancy exists. Reclassification must be completed prior to transferring the NAT Sailor to the assigned NRA. If the member does not qualify for reclassification into another NAT rating, the member will be transferred to the NRA listed on their orders as a non-designated seaman and will forfeit the NAT bonus.

c. Sailors who **fail to complete "A/C" School for disciplinary reasons** may be discharged from Naval Service if administrative separation is warranted per MILPERSMAN 1910 articles and not allowed to affiliate with the Navy Reserve without NAVPERSCOM, Reserve Personnel Management Department (PERS-9) approval.

d. For **medical failures**, medical separation procedures must be performed at the member's current activity.

e. NAT participants who successfully complete "A" School, but **fail to complete a required follow-on "C" School** will be ordered to the NRA as a rated Sailor (based on the completed "A" School), without the associated "C" School NEC and will lose their original bonus eligibility. Members may be eligible for an adjusted bonus dependent on the current incentive NAVADMIN.

9. **GI Bill Benefits**

a. **Montgomery GI Bill Selected Reserve (MGIB-SR) Program Eligibility.** NAT participants are eligible for the MGIB-SR Program and must be made eligible upon affiliation at their NRA.

b. **Active Component MGIB.** NAT participants are not eligible for the Active Component MGIB and will be automatically disenrolled from the program when accessed into IADT. NAVCRUITCOM shall include verbiage and a space for initials/signature of the recruit in the initial enlistment contract to ensure members are aware of their ineligibility. NAVCRUITRACOM shall ensure members do **not** sign a DD 2366 (Rev. 6-02), Montgomery GI Bill Act of 1984 (MGIB).

c. **Post 9-11 GI Bill.** NAT Sailors are not initially eligible for the Post 9-11 GI Bill. They may become eligible after completion of IADT and upon meeting the aggregate qualifying period of ACDU service per reference (i).

10. **Transition from IADT to Drill Status.** NAVCRUITRACOM, "A/C" School support staff, NAT Regional Representatives/ Assistants, and NRA NAT Coordinators must be proactively involved to ensure transition is as seamless as possible for these Sailors.

a. **Assistance/Sponsorship.** NAT Regional Representatives/ Assistants have been assigned to the following locations to assist/sponsor NAT Sailors from the date of reporting to their assigned "A/C" school through reporting to their assigned NRA:

Location	Area of Responsibility
NAVOPSPTCEN BALTIMORE MD	MC
NAVOPSPTCEN CORPUS CHRISTI TX	MN
NAVOPSPTCEN FORT WORTH TX	CE, UT (SHEPPARD AFB)
NAVOPSPTCEN GULFPORT MS	BU, SW, AG (KEESLER AFB)
NAVOPSPTCEN MERIDIAN MS	AZ, PS, RP, SH, SK, YN
NAVOPSPTCEN NORFOLK VA	IS, MA

NAVOPSPTCEN PENSACOLA FL	AD, AME, AM, AO, AS, PRAC, AE, AT, AV, CTT, CTM, CTN, CTR, IT
NAVOPSPTCEN PORT HUENEME CA	CM
RTC GREAT LAKES IL	HM, AECF, BM, CS, DC, EM, EN, GM, GSE, GSM, HT, MM, MMS, QM
NAVOPSTCEN SAN ANTONIO TX	MA (LACKLAND AFB)
NAVOPSTCEN SAN DIEGO CA	8404 (CAMP PENDELTON)
NAVOPSTCEN SPRINGFIELD MA	EA, EO (FORT LEONARDWOOD MO)
NAVOPSTCEN WILMINGTON NC	8404 (CAMP LEJEUNE NC)

b. **Transition Actions.** The following actions will be used to transition Sailors to the Drilling Reserve:

(1) **Liaison on Issues/Status.** NAT Regional Representatives/assistants will liaison with the

"A/C" School;

NRA;

NAVPERSCOM, Full Time Support Division (PERS-4012); and
Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) (N11);

concerning issues that may arise with the Sailor's current status. They will also work closely with the "A/C" Schools coordinating the care of those Sailors who have been dropped from school due to academic, medical, or disciplinary reasons.

(2) **Designation/NEC System Entries.** NAT Regional Representatives/Assistants will coordinate with the "A/C" School and respective PERSUPPDET to ensure NAT Sailors that have graduated from "A/C" school have their rate designations/NECs entered into NSIPS/Standard Training Activity Support System (STASS) prior to departing for their assigned NRA.

(3) **Medical.** Provided the NAT enlistee has a valid physical examination and the accumulated IADT does not exceed 24 months from date of enlistment, no additional medical screening or physical examination for the purposes of release from ACDU and subsequent affiliation is required for transfer to the NRA. If total IADT time exceeds 24 months, or the Sailor is discharged prior to transfer to the NRA, the separating command shall ensure the member completes a physical screening prior to transfer/separation per MILPERSMAN 1900-808.

(4) **Travel and Leave.** Upon receipt of orders, members are authorized travel and leave entitlements per references (f) and (g). **Leave is not authorized en route to the NRA.** Sailors

will report directly to their designated NRA for release from ACDU and affiliation processing. Upon completion of NRA processing, member shall be placed on separation leave. If the member does not have enough leave to cover the entire processing period, the NRA has the authority to muster the member physically or via telephone until the active component loss transaction posts. Unused leave shall be sold back upon release from ACDU.

(5) **Welcome Aboard/Sponsorship.** Upon notification of the NAT Sailor's arrival, the NRA Sponsor Coordinator will provide the inbound Sailor with a welcome aboard package and sponsorship information.

(6) **Documentation and Processing Requirements.** The NRA shall submit all documentation required for release from ACDU to the servicing PERSUPPDET within 2 working days of the Sailor's arrival at the NRA. The member's service record shall **not** be forwarded to the PERSUPPDET. All required documentation shall be submitted via e-mail or via TOPS (Transaction on-line Processing System), if available, to PERSUPPDET. NRAs are authorized to **provide contract berthing for up to 2 days** for members living outside the local geographic area to complete separation processing.

(7) **ACDU Release/Gain Processing.** Within 10 working days of receipt of required documentation from the NRA, PERSUPPDET must process the Sailor's ACDU gain to the NRA (ACC 380) and the release from ACDU, even if the EAOS is beyond that time frame.

(8) **NSIPS-RC Entries.** The NRA will enter the 6-year SELRES drill obligation in NSIPS-RC with the **Mandatory Drill Code (MDC) 1** and **Military Obligation Designator (MOD) 5**.

11. **SELRES Participation.** Per reference (c), failure to meet satisfactory SELRES participation requirements will result in Administrative Separation processing. Sailors who fail to maintain satisfactory participation are subject to

- prorated recoupment of NAT incentive,
- punishment under the Uniform Code of Military Justice (UCMJ),
- administrative separation, and/or
- involuntary recall.

Administrative separation requests shall be forwarded to NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) for adjudication.

12. **ACDU Assignments**. Per reference (c), NAT enlistees may request voluntary recall to Navy Active Component after affiliation with a drilling unit. Requests will be considered subject to the needs of the Navy. All DD 368 (11-94), Request for Conditional Release, shall be submitted to NAVPERSCOM (PERS-913) for adjudication. If approved, NAT incentive eligibility will be terminated and any unearned portion of the incentive will be subject to recoupment.

13. **Tracking and Reporting of NAT Enlistments**. COMNAVRESFORCOM (N11) shall track NAT program personnel ensuring accountability by individual from IADT through completion of SELRES obligation. Tracking shall include training pipeline completion, affiliation, and retention.

14. **Adjudication Authority**. This article provides policy, defines process, and assigns accountability for the implementation of the Navy's NAT Program. The table below assigns adjudication authority to make determinations on matters as follows:

1. **Policy.** Enlisted personnel on active duty or inactive duty being considered for indefinite recall

a. who will not complete sufficient service creditable for transfer to the Fleet Reserve prior to their 55th birthday; or

b. who will not complete sufficient service for 30-year retirement on or prior to their 65th birthday

may not acquire active obligated service without specific authorization by Navy Personnel Command (NAVPERSCOM), except as indicated in this article.

2. **Members with Insufficient Service Prior to 55th Birthday.**

Members who will not complete sufficient service creditable for transfer to the Fleet Reserve prior to reaching their 55th birthday may not enlist, reenlist, extend and or agree to remain on active duty without prior approval by NAVPERSCOM except for the following:

a. Members approaching, attaining, or exceeding 55 years of age who have 16 or more years of active service creditable for transfer to the Fleet Reserve upon the expiration of present enlistment as extended may reenlist, extend, and or agree to remain on active duty under appropriate articles in this manual.

b. Members will not be allowed to acquire active obligated service beyond their 55th birthday, unless they will not be eligible for transfer to the Fleet Reserve until after that

date. Commanding officers (COs) will limit members terms of active obligated service so that they expire upon completion of sufficient service for transfer to the Fleet Reserve and will advise such members to submit their Fleet Reserve request per MILPERSMAN 1830-040.

3. Members with Insufficient Service for 30-Year Retirement Prior to 65th Birthday

a. Members who have not attained 65 years of age, and who require active obligated service beyond that age to qualify for retirement at 30 years of active service may not reenlist, extend, and or agree to remain on active duty without prior approval of NAVPERSCOM.

b. Exceptions may be granted for members approaching, attaining, or exceeding 65 years of age who have 28 years of active service for retirement upon the expiration of their present enlistment as extended. If approved, members may reenlist, extend, and or agree to remain on active duty for that period of time required to complete 30 years of service.

c. Requests for continuation on active duty beyond 30 years will not be entertained. Such members will be advised of the provisions of MILPERSMAN 1300-600 regarding reassignment to duty of choice for the last 2 years prior to completing 30 years of active service and to submit their request for retirement per MILPERSMAN 1800-020.

4. CO's Responsibility for Requests for Continuation on Active Duty.

a. Requests for continuation on active duty from personnel in the above categories will be submitted to NAVPERSCOM, Personnel Performance and Transition Division (PERS-83) using NAVPERS 1306/7 Enlisted Personnel Action Request, specifying the term of service desired. COs will take the following action:

(1) Order the member to be examined, per reference (a), to determine physical fitness for assignment to sea duty.

(2) Complete individual's official data section of NAVPERS 1306/7 and include in the CO's comments and recommendations section a recommendation concerning reenlistment.

(3) Report the results of the physical examination, making appropriate recommendations with regard to any defect that would become aggravated by assignment to sea duty.

b. COs are cautioned to carefully evaluate the member's performance and ability to continue to perform during the period of continuation on active duty. Those cases wherein the CO feels that the member should not be continued on active duty may be referred to NAVPERSCOM, Active Enlisted Programs (PERS-811) for final determination.

5. **Processing Requests**. Members in the above categories who request continuation on active duty will have their requests reviewed by NAVPERSCOM (PERS-811) and the enlisted community managers. Selection will be determined by the member's performance, qualifications, and the needs and best interests of the Navy. Members will be notified of the final determination made on their request.

------------------	----------------------

1. **Background**. For centuries service men and women have answered the call of duty in national defense. Nothing so solemnly affirms one's commitment to that duty better than the enlistment oath of office. Raising one's right hand, swearing/affirming personal devotion to defending the Constitution of the United States, pledging faith and allegiance to that same document, taking on this incredible burden by sacrificing one's livelihood and potentially one's life freely, without mental reservation or purpose of evasion, and promising to perform one's duties to the best of one's abilities with one's moral conscience as a guide while under the watchful eye of the deity, means much more than just signing a job employment application. During a reenlistment ceremony, the reenlisting Sailor makes a personal commitment in a public forum to wear the cloth of the nation with honor, courage, and commitment.

2. **Policy**

a. Reenlistment is a significant event in the career of an enlisted member. As such, it should be accorded a meaningful ceremony to recognize the member's high-quality performance, as indicated by the recommendation for reenlistment. Therefore, reenlistment ceremonies are to be conducted in a dignified manner that appropriately reflects the importance of the oath that the Sailor is taking. This includes the participants wearing the proper uniform and conducting themselves in an appropriate manner.

b. The commanding officer (CO) or, in his/her absence, the executive officer (XO) should preside.

c. Per reference (a), the President, the Vice-President, the Secretary of Defense, any commissioned officer, and any

other person designated under regulations prescribed by the Secretary of Defense may administer the reenlistment oath.

3. **Responsibility**. All hands, superiors and subordinates, should ensure reenlistment ceremonies are conducted in a meaningful and professionally appropriate manner. Each reenlistment shall be performed in uniform and should be memorable with the right tone and venue to reflect pride, professionalism, respect, and dignity for the oath and the United States Navy. The CO should follow the additional procedures listed below, as appropriate.

Step	Action
1	Consider the member's desires concerning a. the time and location of the ceremony. b. the family members, special guests, and shipmates to be invited.
2	Arrange for photographic coverage of the ceremony, with copies of the prints to be presented to the member. Forward press releases to the member's ship or station, hometown, and local newspapers.
3	Organize a brief social gathering for members and their guests, to follow the ceremony.
4	Provide transportation within the naval installation to and from the ceremony for the member's guests.
5	Grant special liberty and/or reenlistment leave (MILPERSMAN 1050-040) as soon as possible following the reenlistment.
6	Personalize the occasion with other recognition, as appropriate.
7	Since all payments are processed electronically, present, if desired, a ceremonial reenlistment bonus (dummy) check, if one is due.

-------------------	---

1. **Definitions.** "Continuous service" is defined as service in the Regular Navy or Navy Reserve that is continued by **reenlistment** under the following conditions:

a. **Reenlistment within 3 months** following discharge or release from active duty. A member who is reenlisted on the same day of the month, 3 calendar months from date of discharge or released from active duty, is reenlisted "within 3 months."

Example: A member discharged or released from active duty on 7 December may be reenlisted on any day up to, and including, 7 March and retain continuous service.

b. **Reenlistment within 6 months** following discharge or release from active duty, provided the member is classified RE-R1. A member who is reenlisted on the same day of the month, 6 calendar months from date of discharge or release from active duty, is reenlisted "within 6 months." For conditions and entitlement to bonuses refer to reference (a).

c. If a member has previously served an enlistment in the **Regular Navy** (not including service as an inductee) or **Navy Reserve**, member's enlistment therein will be a "**reenlistment.**"

d. "**Enlistment (under continuous service conditions)**" is applicable to the enlistment of a member of the **Regular Navy** who enlists in the **Navy Reserve**, or a member of the **Navy Reserve** who enlists in the **Regular Navy** within the time frame defined above for "continuous service" after expiration of obligated service (OBLISERV), or at any time prior to the expiration of OBLISERV.

e. **Enlistment or reenlistment in the Navy Reserve** following discharge from the Regular Navy does not prejudice a member's right to reenlist under continuous service conditions in the Regular Navy.

2. Term of Reenlistment

a. Members on **active duty** reenlisting in the **Regular Navy** or the **Navy Reserve** may reenlist on board for a term of **2, 3, 4, 5, or 6 years** per reference (b). The term of the enlistment contract must equal or exceed the period of service for which already obligated. **In all cases**, members reenlisting 3 months or less prior to the normal expiration of enlistment, or enlistment as extended, will be considered as having completed their initial contract. Members on active duty are precluded from serving beyond their high year tenure (HYT) date, as outlined in MILPERSMAN 1160-120 or other management control directives, and will be authorized to reenlist for terms as reflected in the appropriate directive. The term of reenlistment will be dependent upon the member's length of service and the member's HYT (i.e., 8 years for E-4 U.S. Navy personnel). Full time support (FTS) personnel must have a 24-month minimum Reserve active duty obligation (RADO) for reenlistment. RADO of less than 24 months must meet conditional extension criteria in MILPERSMAN 1160-040.

b. The term of enlistment or reenlistment in the Navy Reserve for personnel on **inactive duty** shall be for **2, 3, 4, 5, or 6 years** per reference (b). Members initially enlisted Regular Navy who are completing their statutory military service obligation (MSO) in a Navy Reserve capacity may enlist in the Navy Reserve for a term of **2, 3, 4, 5, or 6 years**, provided such enlistment is effected under continuous service conditions.

3. Policy and Eligibility Requirements

a. This article contains the general provisions governing certain enlistments and reenlistments in the Regular Navy or Navy Reserve under continuous service conditions. Members reenlisting in the Regular Navy or Navy Reserve must be:

(1) U.S. citizens;

(2) Noncitizen nationals; or

(3) Immigrant alien members who have been lawfully admitted into the U.S. under an immigrant alien visa for permanent residence.

b. To be eligible for reenlistment in the Regular Navy, a member must be eligible for, or have been separated from the most recent Regular Navy or Navy Reserve service by reason of expiration of enlistment or active OBLISERV, fulfillment of service obligation, or convenience of the Government. Additionally, the member must:

(1) Be medically qualified;

(2) Meet the eligibility standards prescribed, including HYT, as set forth in MILPERSMAN 1160-120;

(3) Have been recommended by the member's commanding officer (CO) for reenlistment; and

(4) Meet quality control standards as outlined in this article.

c. Navy reservists on active duty (general assignment or recall) may not reenlist U.S. Navy (USN) or continue on active duty without authority from Navy Personnel Command (NAVPERSCOM), NEAS/Reserve Enlisted Programs Branch (PERS-812).

d. FTS personnel may not reenlist in the Regular Navy, likewise Regular Navy into the FTS community, without approval from NAVPERSCOM, Reserve Personnel Admin Division (PERS-91).

e. A member must meet the following **professional growth criteria** to establish reenlistment eligibility:

(1) Serving as a petty officer;

(2) Serving in pay grade E-3 having passed the Navy-wide advancement examination, but not advanced (passed but not advanced (PNA)), or formerly been a petty officer in current enlistment and be currently recommended for advancement to pay grade E-4.

(3) Personnel that fall under the Perform to Serve (PTS) Program must have approval prior to reenlistment.

f. Additionally, the member must be promotable and recommended for advancement and retention, as outlined in reference (c), on the last two graded evaluations (not observed evaluations are not considered graded). Not meeting one or both criteria indicates a failure to meet the professional growth criteria and will result in denial of further extensions or reenlistment.

g. Additional service performed under a reenlistment that immediately follows discharge is counted toward fulfillment of statutory MSO in the case of members who incurred such obligation under the provisions of the **Military Selective Service Act**, as amended.

h. To determine reenlistment eligibility for members not in compliance with physical fitness assessment (PFA) refer to reference (d).

i. The physical standards for reenlistment are prescribed in Chapter 15 of reference (e), which directs use of the periodic health assessment to determine suitability for continued service. Qualification for continued service should be based on the ability of members to perform the functions of their rate, rank, or occupational specialty without physical or medical limitations at sea, shore, or isolated duty.

(1) Waivers of physical defects may be recommended per reference (e). Members who are classified as physically qualified for limited duty only shall be given a physical examination and a report shall be forwarded with appropriate recommendation to NAVPERSCOM, Disability/Retirements/Limited Duty Branch (PERS-82), via Chief, Bureau of Medicine and Surgery (BUMED), in sufficient time to permit a final determination prior to normal separation date.

(2) The CO of a U.S. naval hospital is authorized to reenlist a member who is eligible and otherwise qualified, who so desires and whose enlistment expires while in a patient status, provided it is anticipated that the member will be physically and otherwise qualified for full duty immediately upon discharge from hospitalization. Certification shall be made on the report of physical examination for reenlistment that the member is in a patient status and that the defect or condition for which the member is under treatment would be unlikely to hinder the member's performance upon return to full duty status immediately upon discharge from hospitalization, and that it may reasonably be anticipated that the member will be physically qualified for reenlistment per regulations. The military treatment facility and servicing Personnel Support Detachment (PERSUPP DET) shall ensure the operational screening is completed prior to availability report submission, see MILPERSMAN 1300-800.

(3) Per reference (g), a member who has been found fit for continued naval service by a physical evaluation board (PEB) may not be denied reenlistment for the physical condition for which the member was reviewed and found fit by the PEB. Members must remain compliant with all other eligibility criteria identified in this article.

4. Criteria for Preferred Reenlistment (RE-R1)

a. Use the table below for criteria for preferred reenlistment (RE-R1). (If RE-R1 is not applicable, use the RE-1 or as service record warrants.)

Reenlistment Point	Pay grades	Qualifying Criteria
8 years of service	E-3 and below	RE-R1 not authorized.
	E-4	Pass E-5 advancement exam. Have overall trait average 2.5 or above.
	E-5 and above	Overall trait average of 3.0 or above. No performance mark below 2.0 in any trait.
8 to 20 years of service	E-4 and below	RE-R1 not authorized.
	E-5	RE-R1 not authorized for E-5 being separated due to HYT (14 years if active duty service date is 01 July 1995 or later).

	E-5 and E-6	Overall trait average of 3.0 or above. No performance mark below 2.0 in any trait.
8 to 20 years	E-7 and above	Overall trait average of 3.0 or above. No performance below 2.0 in any trait.
Beyond 20 years	E-6 and below	RE-R1 not authorized.
	E-7 and above	No performance mark below 2.0 in any trait during 48 months immediately preceding reenlistment or expiration of active obligated service (EAOS).

b. Regular Navy members who are within 2 years of qualifying for transfer to the Fleet Reserve and Reserve members who are entitled to be credited with at least 18, but not more than 20 years of service may not be separated or denied reenlistment under the provisions of this instruction, unless separated under any other provision of law and as set forth in MILPERSMAN 1910.

5. **Criteria for Reenlistment (RE-4).** Use the below table for criteria for reenlistment (RE-4) determination:

Pay Grades	Qualifying Criteria
All pay grades	<p>Have had one general or special courts-martial conviction or two summary courts-martial convictions, or a combination of more than two non-judicial punishments or summary courts-martial convictions in the year preceding EAOS or desired reenlistment date;</p> <p>U.S. Navy Reserve (active) who fail to fully comply with orders after the initial recall to active duty;</p> <p>Have been administratively reduced in rate, detached for cause, or issued a letter of substandard service by the petty officer quality review board; or</p> <p>Are not recommended for reenlistment by the CO.</p>
E1 and E2	All receive RE-4 for failure to meet professional growth criteria (except in special 2-year obligation programs).
E-3	All who fail to meet professional growth

	criteria described in "Criteria for Preferred Reenlistment" block.
E-4 and below	Average of less than 2.0 in any trait during current enlistment on enlisted performance evaluations.
E-5 and above	Received two or more marks of 2.0 or below in same trait on enlisted performance evaluations during past 36 months; Received any mark of 1.0 or below (in any trait) within 1 year prior to EAOS or reenlistment request; or Less than 2.5 average in any trait during current enlistment.
PTS	Personnel separated due to reenlistment denial, via the PTS Program, shall receive a reentry code per current PTS directives.

6. Not Eligible for Reenlistment

a. Members who do not meet all the aforementioned requirements may not be enlisted or reenlisted without the consent of NAVPERSCOM, Enlisted Unfavorable Separations (PERS-832).

b. Members who were recalled to active duty as USNR (active) through general assignment or recall, may not be continued on active duty or reenlist without the consent of NAVPERSCOM (PERS-812).

7. Time Frames for Reenlistment. Members who meet all the eligibility requirements, if physically qualified, may be discharged and reenlisted at the following time:

a. The Defense Joint Military Pay System recommends personnel to reenlist at least 30 days prior to EAOS to avoid possible pay stoppage or discrepancies.

b. Prior approval from NAVPERSCOM, Active Enlisted Programs (PERS-811) is not required when reenlistment is within 1 year of EAOS.

c. Members should be counseled concerning possible loss of monetary benefits when reenlisting early. Consult reference (a) and this article for additional guidance.

8. **Early Reenlistments**. Requests for early reenlistment (outside the 1-year window) must be forwarded to NAVPERSCOM (PERS-811) for consideration. An example of an early reenlistment request would be to accommodate a reenlistment ceremony by a dignitary to administer the oath of enlistment.

9. **Conditional Reenlistments**. Conditional reenlistments require NAVPERSCOM (PERS-811 for active and NAVPERSCOM (PERS-812) for reserve) approval as follows:

a. If a member has an aggregate total of 48 months operative extensions on current enlistment, eligible for reenlistment; and

(1) (Regular Navy and FTS personnel) who require additional active OBLISERV to enable transfer to the Fleet Reserve on a specific date prior to submission of such application.

Note: (Exception): After receipt of the message of intent, the PERSUPP DET or the administrative office is the approval authority for personnel who require additional active OBLISERV to enable transfer to the Fleet Reserve on a specific date.

(2) When a member has an approved application for transfer to special duty.

(3) To attend a service school or to complete a tour of duty for which additional active OBLISERV is required.

b. Members who have been recalled to active duty as USNR (active) or U.S. Naval Fleet Reserve (USNFR) (active) through the General Assignment and Recall Program may not continue on active duty or reenlist USN without further approval from NAVPERSCOM (PERS-812).

c. Consideration will be given for a member's early discharge for the purpose of immediate reenlistment when:

(1) Member is ineligible for early discharge and reenlistment per the above; or

(2) Not eligible to extend enlistment; or

(3) Eligible period to reenlist would not fulfill the required active OBLISERV.

(4) Member has an approved PFA progress or readiness waiver for administrative separation (ADSEP) processing per reference (d). In these cases, reenlistments must be for one 2-year term only. If member fails next official PFA while on conditional reenlistment, consideration will be given to process member for ADSEP within 45 days of PFA failure.

d. Member with a combat-incurred injury, illness, disease, or defect with more than 6 years, but less than 10 years of service, may request to reenlist for a term of 4 years. This will render member eligible to transfer Post-9/11 Montgomery GI Bill benefits to member's dependents. The request must be submitted to NAVPERSCOM (PERS-812) for forwarding with Chief of Naval Personnel recommendation to the secretarial level. Reenlistment request must be approved prior to member being retired or separated due to disability or other reason.

10. Time Frames for Reenlistment for Navy Reservists or Inductees

a. If otherwise qualified, Navy reservists on inactive duty may be discharged at any time for the purpose of enlisting in the Regular Navy.

b. Navy reservists on inactive duty may be discharged and reenlisted at any time for the purpose of incurring a 6-year Selected Reserve (SELRES) obligation to gain entitlement to the SELRES Montgomery GI Bill (MGIB). Members must be counseled and sign a Permanent NAVPERS 1070/613 Administrative Remarks stating they understand that reenlistment is exclusively for establishing SELRES MGIB eligibility and does not imply retention in a pay status beyond forced attrition due to total forces management decisions or circumvent eligibility requirements for the SELRES selective reenlistment bonus (SRB).

c. The following individuals may enlist in the Regular Navy at any time, provided total active OBLISERV is for a minimum of 4 years:

- (1) Inductees and Navy reservists on active duty;
- (2) Extended recall for less than 3 years;

(3) Recruiter-canvassers on active duty;

(4) USNR (active) and USNFR (active) under the General Assignment Recall Program; or

(5) FTS personnel.

Example: A reservist on active duty who has completed 18 months of active duty shall be required to enlist in the Regular Navy for a minimum period of 3 years. The terms of enlistment shall be in yearly increments. They need not meet the continuous service requirement of being within 1 year of EAOS. They shall meet all current eligibility requirements for first term reenlistments, including age limitations prescribed elsewhere in this manual.

d. A reservist accepted for voluntary recall to active duty (including the FTS Program) that requires:

(1) OBLISERV in excess of the time remaining in their enlistment;

(2) Enlistment as extended by an operative extension; or

(3) Service obligation under the military statutory service obligation may be discharged and reenlisted in the Navy Reserve on the same date of recall to active duty. Agreements by reservists to remain on active duty must be within the term of their current enlistment.

e. Navy reservists, for whom a request for a waiver of any nature must be submitted, shall not be considered to be in the category of those who may be reenlisted immediately. Such cases are submitted for consideration to NAVPERSCOM (PERS-812) and shall be processed per reference (f).

f. Applicants for immediate reenlistment shall be questioned regarding any civil offenses since the date of their previous enlistment. If an applicant indicates an earlier arrest for any reason, the applicant shall be processed per reference (f).

g. Members on inactive duty who are participating in a Navy Reserve Program and who are eligible for reenlistment, shall be notified at least 3 months prior to the expiration of their enlistment or service obligation concerning such

expiration and the procedures set up for reenlistment processing.

11. Criteria for Discharge from Fleet Reserve for Enlistment or Reenlistment

a. A member may be discharged from the Fleet Reserve status for purpose of immediate enlistment or reenlistment in the Regular Navy provided the following criteria are met and NAVPERSCOM (PERS-83) authority is obtained:

(1) Such enlistment or reenlistment is restricted to critical or non-critical ratings with critical Navy enlisted classifications, and member must meet all requirements of the rating.

(2) Shall not have been released from active duty status for more than 4 years and have a reenlistment code indicating suitability.

(3) Enlistment or reenlistment must be for a term of not less than 2 years, not to exceed HYT standards, as set forth in MILPERSMAN 1160-120.

(4) A signed acknowledgment by the member that participation in the Survivor Benefit Plan automatically ceases upon enlistment or reenlistment, and such benefits become those applicable to Regular Navy personnel. This acknowledgment is to be annotated on member's Permanent NAVPERS 1070/613 Administrative Remarks.

b. Individuals who are discharged from the Navy Reserve for reasons of expiration of enlistment, fulfillment of service obligation, or convenience of the Government and who are recommended for reenlistment, may be immediately reenlisted in the Navy Reserve provided they are physically and otherwise qualified, not to exceed quality control standards set forth in MILPERSMAN 1160-130.

12. Members Who May Not Be Discharged for Reenlistment. The following members on active duty may not be discharged prior to normal expiration of enlistment and reenlisted:

a. Members in transit following permanent change of station orders where the member would thereby become entitled to mileage payments in excess of those the member would otherwise be

entitled if discharged and reenlisted at the member's last permanent duty station. (COs may discharge and reenlist members where excess mileage payments are not involved and was recommended for reenlistment by the member's former CO.) As used in this paragraph, "in transit" does not include members in the following status:

- (1) Temporary duty;
- (2) Temporary duty under instruction); or
- (3) Temporary additional duty under instruction.

b. Members who have submitted an application for, or who are in receipt of authorization for transfer to the Fleet Reserve, if member has enough OBLISERV for such transfer. See paragraph 9 of this article for conditional reenlistment.

c. Members who have been selected for warrant or commissioned grade in any of the Armed Forces, whose expiration of enlistment (including extensions) is subsequent to date of appointment or commissioning.

d. Members who are pursuing a course of instruction leading to a commission, except as specifically provided in other instructions issued by NAVPERSCOM or Commander, Naval Education and Training Command (CNETC).

e. Members temporarily assigned to a ship or station for humanitarian reasons must be approved by NAVPERSCOM, HUMMS Reassign/Early Returns Coordinator (PERS-40HH).

f. Members undergoing investigation for alleged offenses, awaiting non-judicial punishment or trial by courts-martial, undergoing non-judicial punishment, or serving sentence by courts-martial, including probation with respect to a suspended punitive discharge or confinement.

g. Members who have rendered themselves ineligible per reference (d).

13. Immigrant Aliens

a. An immigrant alien who is presently serving satisfactorily on active duty is eligible for reenlistment in the Navy without being required to apply for U.S. citizenship.

b. An immigrant alien who has been in the U.S. for a period of 4 years beyond the age of majority, who has been lawfully admitted, and who holds an I-151 alien registration receipt card is eligible for enlistment or reenlistment in the Navy without being required to apply for U.S. citizenship.

14. Discharge After Executing Agreement. Members who have executed agreements to extend their enlistments may be discharged 1 year or less **prior to the date the extension would become operative** and reenlisted per this article, provided the term for which they reenlist is **equal to or greater than the total obligation, including the extension being canceled.** Attention is invited to the OBLISERV requirements for SRB and recoupment procedures.

15. Procedures for Ready Reserve. Members of the Ready Reserve on inactive duty whose records are held by NAVPERSCOM, Full Time Support Assignments Branch (PERS-4012) may be reenlisted by mail. In lieu of a physical examination, the member must submit a signed statement that, to the best of the member's knowledge and belief, member's physical condition is substantially the same as when the member was last physically examined by the Navy. The **Oath of Allegiance**, which is mandatory, shall be administered by a commissioned officer of any component of the Navy, Marine Corps, Army, Air Force, or Coast Guard (active, inactive, or retired).

16. Payment for Unused Leave, Recoupment of Reenlistment Bonus, and Other Monetary Entitlements

a. Information on reenlistment bonus, mileage, or lump-sum payment for unused leave pertaining to reenlistment is contained in pay directives and joint travel regulations. Personnel shall be fully and properly apprised of monetary entitlements. Recoupment of reenlistment bonus is not required in the case of early discharges, not more than 3 months prior to expiration of enlistment.

b. A member serving on a Navy Reserve enlistment contract on active duty (including FTS Canvasser Recruiter), and

desiring discharge and reenlistment, may have a recoupment of reenlistment bonus (if paid) for the unexpired portion of an enlistment or reenlistment contract, reference (a) refers.

17. **Location of Reenlistment.** Reenlistment under continuous service conditions may be effected:

a. On board the activity from which discharged within 24 hours following discharge. Reenlistment may be effected on board ship while at sea provided the necessary pre-reenlistment checklist, including physical exam (if required), has been met. A member transferred to an activity for discharge purposes may be reenlisted (if fully qualified), including PTS approved (if applicable) within 24 hours on board the last activity to which permanently attached prior to discharge. Upon being reenlisted on board the activity to which permanently attached, such member will be retained on board for duty. Persons reenlisting at the activity to which transferred for discharge shall be made available for orders per MILPERSMAN 1306-1700.

b. After more than 24 hours following discharge, reenlistment shall be effected only at a regular recruiting station, unless otherwise authorized by specific instructions of NAVPERSCOM. Reenlistment may be effected for the terms specified in recruiting instructions, but must be effected within the time period prescribed in paragraph 1 of this article. For conditions and entitlement to any bonuses, consult appropriate directives.

18. **Enlisted Personnel with 30 Years Active Service.** Active service obligation beyond 30 years normally will be considered for personnel serving in pay grade E-9 only. However in any case, active service obligation beyond 30 years is not authorized without prior HYT approval of NAVPERSCOM (PERS-82).

19. **Official Military Personnel File (OMPF) updated upon Reenlistment.** Servicing Personnel Offices will ensure the Electronic Service Record (ESR) reenlistment closeout function is executed when a member reenlists and the following ESR documents are submitted to the member's OMPF along with the reenlistment contract:

- a. Awards History (NAVPERS 1070/880);
- b. Training, Education, and Qualifications History (NAVPERS 1070/881);
- c. Member Data Summary (NAVPERS 1070/886);
- d. History of Assignments (NAVPERS 1070/605; and
- e. Permanent Administrative Remarks (NAVPERS 1070/613) created at time of reenlistment.

1. Required Explanations

a. References (a) and (b) require that certain articles of the Code be carefully explained to each enlisted member:

(1) At the time of enlistment;

(2) After the member has completed 6 months of active duty, or, in the case of a member of a Reserve component, after the member has completed basic or recruit training; and

(3) At the time the member reenlists.

b. It also requires that the text of the Code and the regulations prescribed by the President under such Code, be made available upon request for the member's personal examination.

2. NAVPERS 1070/613 Administrative Remarks Entry

a. At reenlistment, and following compliance with the provisions of reference (b), each Service member will have the following NAVPERS 1070/613 entry made in the permanent service record:

"On (date), per UCMJ, article 137; member advised of the required provisions of the UCMJ."

1. Definitions

a. **"Agreement to Extend Enlistment"** refers to the official form of agreement, NAVPERS 1070/621(Rev 1-00), Agreement to Extend Enlistment (MILPERSMAN 1070-250). Agreements on other than the official form are of an informal, unofficial nature, and could be repudiated or withdrawn by the member. Clerical instructions for preparation of the agreement are contained in reference (a).

b. **"Agreement to Extend Active Duty"** refers to the official form of agreement, NAVPERS 1070/622 (Rev 8-07), Agreement to Recall or Extend Active Duty (MILPERSMAN 1070-260). For the United States Naval Reserve members, NAVPERS 1070/622 is used to extend the Reserve Active Duty Obligation (RADO) and NAVPERS 1070/621 to extend the Enlisted Reserve Enlistment (EREN), if required. Clerical instructions for preparation of this document are contained in reference (a).

c. **"Execution of the Agreement to Extend Enlistment"** or **"execution of extension date"** refers to the signature of an agreement by the member concerned.

d. **"Extension becomes operative"** or **"operative date"** refers to the date the extension begins to run, that is, the date after expiration of enlistment, or as extended, or as adjusted for the

purpose of making up time not served. Valid extension agreements may not be canceled after the operative date.

e. **"Retention eligible member"** is defined as a member that meets minimum eligibility criteria outlined per MILPERSMAN 1160-030. These criteria are the minimum and do not supplant eligibility criteria provided for in other guidance (e.g., must have Perform to Serve (PTS) approval as required per MPM 1440-060 or most current PTS guidance). Use this definition throughout this article.

2. Navy Personnel Command (NAVPERSCOM) Office Codes Referenced in this Article

a. **Enlisted Active Programs (PERS-811)** manages extensions for active duty USN and Full Time Support Sailors. PERS-812 manages Selected Reserve Component. The latest information and points of contact are available at http://www.npc.navy.mil/CareerInfo/EnlistedCareerProgression/Re-enlistments_Extensions/default.htm; Email - PERS-81@navy.mil.

b. **Enlisted Performance and Separations Branch (PERS-832)** manages performance and separation matters. <http://www.npc.navy.mil/CareerInfo/PersonnelConductandSeparations/EnlistedSeparations/>

c. **Enlisted Retirement Branch (PERS-823)** manages Fleet Reserve, retirement and High Year Tenure (HYT) matters for Active duty USN, and PERS-91 manages SELRES. Additional information is available at <http://www.npc.navy.mil/CareerInfo/Retirement/EnlistedRetirements/>

3. **Extension Increments.** Reference (b) allows the term of enlistment to be extended up to 48 months. However, effective Oct 2009, it is Navy policy that all extension agreements are conditional for a specified reason. Extensions shall be executed in monthly increments of 1 to 23 months.

a. The enlistment contract cannot be extended for more than 24 aggregate months.

b. Extensions greater than 23 months are not authorized.

c. A maximum of two extension agreements per enlistment contract are authorized. Extension agreements authorized during initial recruit enlistment contracts for 6 Year Obligation (YO)

enlistment programs (e.g., Nuclear Power, or Advanced Training programs) do not count against the two extensions authorized per enlistment contract.

d. NAVPERSCOM, Enlisted Career Progression Division (PERS-81) authorization is required for exceptions to policy.

e. Refer to MILPERSMAN 1160-030 for early reenlistment authority when a member cannot meet service obligation by extension due to two or more extensions or 24 total aggregate extension months on a current enlistment.

f. Refer to MILPERSMAN 1160-030 for conditional reenlistment authority when a member cannot meet service obligation of a period less than two years by extension due to two or more extensions or 24 total aggregate extension months on current enlistment.

4. **Circumstances Which Make a Sailor Ineligible to Execute an Extension.** The following are conditions for ineligibility. PERS-81 authorization is required for exceptions to this policy.

a. **Sailors in an overmanned rating (by zone).** A list of overmanned ratings by zone is updated quarterly and posted at http://www.npc.navy.mil/CareerInfo/EnlistedCareerProgression/Reenlistments_Extensions/default.htm.

b. **Sailors who are not retention eligible or fail to meet the minimum requirements of their rating.**

c. **Sailors whose enlistment has already expired.** For conditional reenlistments, see MILPERSMAN 1160-030.

d. **Sailors transferred to a separation activity.**

e. **Sailors in the Individual Ready Reserve (IRR), not in the Active Status pool.** Members in the Active Status pool must meet all requirements of a member of the Selected Reserve.

f. **Sailors currently on Limited Duty (LIMDU) or found not physically qualified for duty at the expiration of enlistment.** If member is retention eligible as defined in this article and MPM 1306-1200, members can voluntarily agree to remain on active duty beyond the expiration of enlistment. Documentation will be made on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks per MILPERSMAN 1306-1200 and 1160-050. The Personnel Office will do

a Retain in Service Navy Standard Integrated Personnel System (NSIPS) event. Retention eligibility must be maintained to qualify for LIMDU beyond expiration of enlistment. Upon completion of LIMDU and return to full duty (ACC 100), if the member is on an expired EAOS the member must either reenlist or separate. Further extension of the current enlistment is not an option, since the enlistment (or extended enlistment) had expired. If conditional reenlistment is warranted (i.e., HYT), refer to MILPERSMAN 1160-030 or refer the case to (PERS-81).

5. **Extension Reasons.** Extensions may be executed with Commanding Officer (CO) or Officer-In-Charge approval (as long as they meet criteria of paragraphs 3 and 4) for the following reasons:

a. **Match Projected Rotation Date (PRD).** Adjust the EAOS date of a member serving on any tour of duty to coincide with the established PRD. Extension for deployment IS NOT an authorized reason. A PRD adjustment to complete deployment may be made, and the extension reason will be "To extend to PRD." For Sailors whose PRD is beyond completion of deployment, PRD adjustments should only be requested when the Sailor intends to separate after deployment.

b. **To obtain maternity care benefits.** For retention eligible Sailors who intend to separate after receiving maternity care. Sailors must meet conditions of paragraphs 3 and 4 of this article. Personnel that fall under the Perform to Serve (PTS) program must have PTS approval. PRD adjustment needs to be requested.

(1) **For a Sailor's wife.** Provided the member's services can be used effectively during the period of extension. A member whose normal EAOS falls within the wife's pregnancy may execute an extension not to exceed 2 months beyond spouse's estimated delivery date.

(2) **For a pregnant Sailor.** Provided the member's performance has been satisfactory, may execute an extension not to exceed 2 months beyond estimated delivery date.

c. **To obtain OBLISERV required to execute Permanent Change of Station (PCS) orders or Selected Reserve mobilization/recall orders.** Refer to MILPERSMAN 1306-106 for information about OBLISERV in connection with a PCS transfer. Refer to reference (c) and the most recent Selective Reenlistment Bonus (SRB)

NAVADMIN message for information on Obligated Service to Train (OTT) program.

d. **To acquire necessary OBLISERV as authorized in Navy directives, NAVADMIN, and this manual (e.g., to HYT or FLTRES/RET date).** Agreements to extend an enlistment to qualify or apply for a specific program are not authorized unless authorized in respective directive.

(1) Members in receipt of an authorization for transfer to the Fleet Reserve may **not** extend their enlistment **more than 29 days beyond** approved Fleet Reserve date without specific approval from PERS-823.

(2) Members may not extend their enlistment **more than 29 days beyond** their High Year Tenure (HYT) date without specific approval from PERS-823. Sailors without an HYT waiver who are extended beyond HYT are to be separated at HYT vice EAOS as extended (see MILPERSMAN 1160-120). Extensions within 29 days of HYT do not require an HYT waiver. If NSIPS HYT flag prevents release of extension, Personnel Offices are to contact PERS-823.

6. Procedure for Executing Extension

a. To execute an extension, use NAVPERS 1070/621 (or automated equivalent), which shall be completed and signed, or prior to the date of expiration of enlistment **by the member and an official authorized per MILPERSMAN 1070-190** to accept the agreement on behalf of the Navy. Agreements entered into subsequent to the date of expiration of enlistment are without legal force and effect.

b. The following **information must be entered in the narrative section** of NAVPERS 1070/621 or NAVPERS 1070/622.

(1) **The reason** for the extension (e.g., "To extend to PRD").

(2) **The number** of extension of current enlistment/reenlistment (i.e., "This is my second extension").

(3) The following **terms of the extension**.

"I understand that this extension becomes binding upon execution and may not thereafter be canceled except as provided in MILPERSMAN 1160-040."

(4) **Acknowledgement of potential loss** of monetary benefits and the provisions of the SRB program per reference (d).

"I have been informed of the provisions of the SRB program (OPNAVINST 1160.8) and how the execution of this extension of enlistment may affect my entitlement to monetary benefits for a subsequent reenlistment."

7. **Physical Examination.** Qualification for continued service, either on Active Duty or in the Selected Reserve, should be based on the ability of a Service member to perform the functions of his or her rate, rank, or occupational specialty without physical or medical limitations. Per chapter 15 of reference (d), routine periodic physical examinations are no longer required for active duty personnel. Instead, the use of the Periodic Health Assessment, with guidance provided in reference (e), should be used to meet this goal.

8. **Canceling an Extension Agreement**

a. **An extension agreement is canceled by the Personnel Office** completing the cancellation section of NAVPERS 1070/621 or 622 and processing the corresponding NSIPS event.

b. **A valid extension of enlistment that has become operative is normally not canceled.** When an inappropriate extension becomes operative (i.e., the second extension is made operative before the first extension), refer the case to PERS-81.

c. **When a member reenlists, extensions are automatically canceled. The Personnel Office shall not take any action** on inoperative extensions upon reenlistment, including SRB and Critical Skill Retention Bonus (CSRB) reenlistments. Sailors must reenlist beyond the total aggregate months of all inoperative extensions.

d. **COs shall cancel agreements to extend enlistment, prior to operative date, for reasons listed below:**

(1) When a member, through no fault of their own, has **not received any of the benefits** (i.e., school, accelerated advancement, did not execute PCS orders, or enlistment bonus) for which the extension was executed by the day preceding the

operative date of the extension. Members whose extensions are canceled for this reason who desire to continue on active duty may simultaneously execute a new extension or reenlist per appropriate articles in this manual.

(2) **When the member is no longer recommended or eligible for reenlistment;** either because of failure to meet the minimum reenlistment or rating standards (to include loss of security clearance) or unsatisfactory performance of duty or conduct; and in the opinion of the CO, or the OIC; the member lacks career potential. A full statement of the facts shall be included in the NAVPERS 1070/613 service record entry with notation that member is not recommended or eligible for reenlistment. **Under this paragraph, the CO cannot cancel an extension that gained a significant benefit (e.g., enlistment bonus, accelerated advancement, 5/6-year obligator program (5YO/6YO), technical school, accompanied overseas tour) or has an approved Physical Fitness Assessment Separation Waiver without authority from PERS-81 (see paragraph 8e.)**

(3) **When a member attending school on Temporary Additionally Duty (TAD) orders, through no fault of their own, is disenrolled.** Cancellation and adjustment explained in paragraph 8f., or 8g. as applicable.

e. **When cancellation of an inoperative extension appears meritorious but the reason is not authorized in paragraphs 8d(1) or 8d(2) (i.e. , significant benefit resulted from the extension) forward with following documentation to PERS-81 for determination:**

- Related NAVPERS 1070/604(Rev. 3-05), Enlisted Qualifications History;
- Related NAVPERS 1070/613, Administrative Remarks;
- Related NAVPERS 1070/621, Agreement to Extend Enlistment;
- Related NAVCRUIT 1133/52, Enlistment Guarantees

f. **OBLISERV of Six-year Obligor (6YO) Program disenrollees.** Refer to MILPESMAN 1510-030 and paragraph 8j.

g. **Cancellation or Adjustments of Extensions for school (other than 6YO).** COs of recruit training centers and service school commands are authorized to cancel or adjust extensions executed for school/5YO/scholastic program listed in the remarks section of the agreement to extend enlistment as follows:

(1) Students who, through no fault of their own, are disenrolled **prior to class convening date** shall have their extension canceled provided the extension did not qualify them for another benefit/bonus.

(2) Students who, through no fault of their own, are disenrolled **after class convening date** shall have their extension adjusted using the OBLISERV for schools chart in MILPERSMAN 1306-604, provided the extension did not qualify them for another benefit/bonus. Such adjustment hereafter will be referred to as payback. 5/6YO Sailors will have their extension adjusted using table in paragraph 8j.

(3) PERS-81 authorization is required for extension cancellation or adjustment for students who, through no fault of their own, on PCS funded orders, are disenrolled before or after class convening date, and do not have extension(s) cancelled or adjusted prior to transferring from schoolhouse.

h. Definition of Instruction Received:

(1) For regular students, it is a number of weeks of training actually completed.

(2) For accelerated students, it is the number of weeks of classroom seat time actually used at the time of disenrollment.

(3) For repeat, held-over, or temporarily disenrolled students, it is the number of syllabus weeks actually completed in the course.

(4) Partial weeks are not counted as weeks of instruction received.

i. Payback Computation Table. For non-5/6-year obligor members disenrolled, through no fault of their own, from single "A" or "C" service schools, or consecutive service schools, payback will be determined by using the OBLISERV for schools chart in MILPERSMAN 1306-604.

j. Payback Computation Table (5/6YO Training Program Disenrollees). This table is only to be used for 5/6YO students disenrolled from training for months of service obligation to be

incurred (payback) in return for training. If the table shows a requirement to serve a greater number of months than the original extension, then the original extension remains in effect. The member will execute a new Agreement to Extend Enlistment and/or Active Duty for a period that will provide the payback required for the number of weeks of received training in return for cancellation of the previous extension executed for training.

k. **Administrative Procedures.** COs or Officers In Charge (OIC) will ensure that the new extension agreement is executed, the old extension agreement canceled, NAVPERS 1070/621 and/or NAVPERS 1070/622 page, and the following NAVPERS 1070/613 entry submitted per reference (a):

"My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1160-040. I understand that my active duty obligation has been set up as (EAOS date).

(Member's signature)

(Witnessing officer's signature)"

9. Circumstances in which COs do not have the authority to cancel a valid extension

a. COs will not cancel an agreement to extend enlistment under the following conditions:

(1) Member is found not physically qualified and/or LIMDU is anticipated.

(2) A member is currently on LIMDU (ACC 105), provided member is physically qualified in all respects with exception of the diagnosis in the basic medical board report.

(3) A member is to be referred to a Physical Evaluation Board (PEB) for disability proceedings.

(4) Extension qualified the member for significant benefits as explained in paragraph 8.e.

(5) Extensions executed prior to a PTS disapproval. Members are to serve to their EAOS as extended, except when reasons in paragraph 8 apply.

(6) Extensions may not be canceled for failure to pay an enlistment bonus in a timely manner. When the oversight or delay of payment is identified, personnel officers are to promptly make the bonus payment, as extension cancellation is not an option.

b. When COs do not have authority to cancel extensions of enlistment and early release warrants consideration (e.g., within force shaping initiatives), the member may consider requesting early release from PERS-832.

1. **Policy**. Under certain conditions members may legally be retained beyond the date of expiration of enlistment or other period of obligated service (OBLISERV), either voluntarily or involuntarily until discharged, released to inactive duty, or transferred to the Navy Reserve and released to inactive duty. When a member is retained in service beyond expiration of enlistment, or other period of OBLISERV, entry as to reason and authority for retention shall be made on the appropriate page of member's service record and signed per this manual.

2. **Voluntary Extension**. Enlisted members may volunteer to be held beyond expiration of their enlistment or active duty obligation, or other period of OBLISERV. Refer to MILPERSMAN 1160-040.

3. **Extension of Members Serving Aboard Ship in Foreign Waters**

a. The normal date of expiration of enlistment or extension of enlistment of a member serving aboard a ship in foreign waters may be extended until return of the ship to a continental port of the United States (U.S.) or until transfer of member concerned to the separation activity nearest port of debarkation. Retention for return to the U.S. may be effected by the senior officer present afloat if, in their opinion, retention is essential to public interests. Members so retained shall be separated not later than 30 days after arrival in the U.S. In order to be entitled to the increase of 25 percent in basic pay for the period of retention, per article 5540 of

reference (a), member shall have been retained after expiration of enlistment or extension of enlistment because their services were considered essential to public interests as differentiated from desirability of continuance of their services or some measure of benefit to be derived therefrom.

b. Specifically excluded from this provision are enlisted members who are retained beyond terms of their enlistments at shore stations, on ships on duty in waters in or around possessions and territories of the U.S., or on ships on duty in ports or waters within the sovereign jurisdiction of the U.S. Also excluded are members of the Navy Reserve who are retained on active service as distinguished from the normal date of expiration of enlistment.

c. Entry should be made on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks of member's service record, concerning whether retention was essential to public interests and location of the ship at the time of expiration of their term of enlistment.

d. For a normal deployment, it is imperative that it will be a part of pre-deployment preparations that members with expiring enlistments be identified and appropriate planning is executed, either extending or leaving them behind for separation/further transfer.

4. **Extension Pending Receipt of Records.** Members whose records and accounts are not received by the activity to which transferred for separation may be retained in service, with their consent, pending receipt of their records and accounts. Commanding officers (COs) shall take immediate steps to obtain records and accounts by communicating with the ship or station from and via which member was transferred for separation. A duplicate service record may be requested from Navy Personnel Command (NAVPERSCOM), NAVPERSCOM Records Unit (PERS-312) in order to expedite separation.

5. **Extension for Temporary Officer Appointment.** Enlistments are extended automatically in the case of members whose normal date of expiration of enlistment occurs while they are serving in a temporary officer appointment.

6. **Extension for Medical Care.** Members in the Regular Navy, Navy Reserve, and Fleet Reserve on active duty other than training duty of less than 30 days, who are in need of medical

care or hospitalization as a result of disease or injury incident to service and not due to their own misconduct, may be retained with their consent beyond the date of their normal expiration of active OBLISERV. Such consent shall be entered on NAVPERS 1070/613, and signed by member concerned. Tacit consent to retention may be assumed in cases of mental incompetency or physical incapacity where member is unable affirmatively to indicate member's desires, pending notification of and authorization for retention from member's next of kin. Members retained for medical care or hospitalization under this article may be retained until they have recovered to the extent that would enable them to meet physical requirements for discharge and reenlistment, or until it shall have been ascertained the disease or injury is of a character that recovery to that extent is impossible. Members for whom tacit consent to retention is assumed ordinarily will not be retained in excess of 6 months beyond the date of their normal expiration of active obligated service (EAOS). Further retention may be authorized in meritorious cases upon proper recommendation accompanied by the supporting facts.

7. **Member Refusal of Extension for Medical Care.** If members persist in their desire to be separated, effect their separation provided they sign the following entry on NAVPERS 1070/613 of their service record and on DD-2808 (Rev. 10-05), Report of Medical Examination, witnessed by an officer, at the time examined for separation:

"I, (fill in name), desire to be separated from Naval Service on my normal expiration of active obligated service date. I understand that I will not be eligible for further follow-up studies or treatment at an Armed Forces medical facility, that I will be ineligible for disability benefits under law administered by Navy, and that any further treatment and/or benefits will be under jurisdiction of Department of Veterans' Affairs."

(Signature of member)

(Signature of witnessing officer)
(Grade, name, title)"

8. Extension to Accommodate Physical Evaluation Board (PEB) Proceeding

a. Members being processed before a PEB shall not be released from active duty or discharged until the Secretary of the Navy (SECNAV) has completed the final action on their cases and instructions received from NAVPERSCOM, Retirements Branch, (PERS-482). Untimely separation of a member who is the subject of a PEB proceeding may prejudice their case since the law requires SECNAV make necessary physical disability determinations while the member is entitled to receive basic pay, except in cases of Reservists on training duty of 30 days or less. This should be explained to any member whose enlistment or term of active service is about to expire and who requests discharge or release from active duty prior to the time such determinations are made. Any request for separation that is not withdrawn following such explanation shall be entered on NAVPERS 1070/613 of the service record as follows:

"I, (fill in name), desire to be separated from Naval Service notwithstanding the fact such separation may prejudice any rights or benefits to which I may be entitled as a result of physical evaluation board hearings under 10 U.S.C., Chapter 61. I have been fully advised of my rights in this matter and request I be discharged from Naval Service as soon as possible without further hearing and without disability retirement pay or severance pay or any compensation whatsoever. I understand I am not required, and am under no obligation, to give this certificate and I hereby certify I give this certificate voluntarily."

(Signature of member)

(Signature of witnessing officer)
(Grade, name, title)"

b. The foregoing statement shall be signed by member and witnessed by an officer. In all cases where the above statement is executed, notify NAVPERSCOM (PERS-482) by message with information copy to Physical Review Council and convening authority of PEB. Procedures for members on inactive duty are found in MILPERSMAN 1910-168.

9. **Policy for Disability Incurred not in the Line of Duty**

a. Records and accounts of members in the following categories shall not be closed until discharge is effected. Member's service record shall bear appropriate entry regarding member's status.

b. The term of service of a member undergoing hospitalization for injury, sickness, or disease, incurred not in line of duty or due to their own misconduct, will not be extended under provisions of "Extension to Accommodate Physical Evaluation Board Proceeding," above. Unless the term of service is extended by some other provision of this article, a member in this status should be brought before a medical board at a time that will permit action to be taken on a recommendation for disposition prior to expiration of term of service. If proceeding per law and regulations result in determination the member is not physically fit for service or reenlistment and is to be discharged, discharge normally will be effected because of disability rather than expiration of enlistment or fulfillment of service obligation.

c. The term of service of a member undergoing hospitalization for injury, sickness, or disease, which is the result of their own misconduct, is extended by such lost time. If there is reasonable belief such member will be unable to return to full duty, full circumstances of the case as then known, including prognosis, shall be forwarded to NAVPERSCOM (PERS-482) for advice. Members in this status should be brought before a medical board at a time that will permit action to be taken prior to date the term of service normally would expire if member were not in a misconduct status. If it is determined per law and regulations the member is not physically fit for service or reenlistment, and proper authority approves recommendation for discharge, member shall be awarded the type and character of discharge considered proper based on their medical and military records.

10. **Notification Procedure for Disability Extension.** If a member is hospitalized because of injuries or disease under all conditions listed below, COs of the medical facility concerned shall forward all known facts concerning member's injuries or disease to the Judge Advocate General (JAG) for final determination of member's status, and a copy to NAVPERSCOM

(PERS-482). Such notification shall, if at all possible, occur prior to member's expiration of term of service when

a. it appears the injury or disease might have been incurred not in the line of duty and as a result of member's own misconduct.

b. there is a reasonable possibility member will not return to full duty prior to expiration of their term of service.

c. it is not reasonably possible to conduct an investigation prior to expiration of member's term of service to determine whether the injury or disease was incurred in the line of duty and not as a result of member's own misconduct.

11. **Extension for War or National Emergency.** Enlistments and periods of OBLISERV of enlisted personnel in Naval Service are extended, or may be extended, in time of war or national emergency per articles 506, 12103, 671, and 671b of reference (a).

12. **Involuntary Extension due to Criminal Proceedings.** Members may be extended involuntarily beyond their EAOS as a result of apprehension, arrest, confinement, investigation, or filing of charges that may result in a trial by court-martial, and execution of any sentence thereof. If such action is initiated with a view to trial because of an offense under reference (b) committed by a member prior to their official discharge or separation, even though the term of enlistment or OBLISERV may have expired, they may be retained in service for trial and punishment after their period of service would otherwise have expired.

13. **Extension for Disposition of Criminal Proceedings by a Foreign Jurisdiction.** Members of Naval Service awaiting disposition of criminal proceedings by a foreign jurisdiction are afforded statutory and regulatory protection and benefits attendant to their status as members of the Armed Forces. Policy of Navy is to insure both the member is afforded the fullest possible protection, and Navy meets its international obligations. In implementing this policy the following procedures will be applied in all cases where foreign criminal jurisdiction is being, or may be, exercised over a member of Naval Service by action such as apprehension, arrest, investigation, or a filing of charges that may result in trial, and where foreign criminal proceedings are not likely to be

completed prior to date of member's release from service because of expiration of their term of service:

a. At least 1 month before EAOS, member will be offered opportunity to extend member's enlistment voluntarily for the duration of legal proceedings and any subsequent punishment. Member will be informed of protection and benefits member will receive as a member of Navy during the foreign criminal proceedings. For example: counsel may be provided at Navy expense, court costs (but not fines) paid, and an interpreter made available; and in most countries, member will remain in U.S., vice foreign, custody at least during trial proceedings. Member will also be informed that member will remain subject to reference (b) and may be subject to processing for administrative discharge. In some situations, advice of Article 27b of reference (b), counsel will be provided when exposure to military criminal charges is possible. Additionally, member will be advised that an election not to extend voluntarily member's enlistment shall result in the following:

(1) Foreign authorities will be advised of the impending EAOS and inability of Navy to guarantee member's presence after discharge;

(2) Foreign authorities will be offered custody of member immediately prior to EAOS; and

(3) Assuming custody is accepted by foreign authorities, member will be discharged from Naval Service as soon thereafter as is practicable, thereby terminating any special considerations member would be entitled to were they still a member of the Armed Forces.

b. If member elects to extend voluntarily his/her enlistment, then such request will be honored, and an appropriate NAVPERS 1070/613 entry will be made in member's service record and acknowledged by member.

14. Procedure for Member not Electing to Extend while Awaiting Disposition of Criminal Proceedings by a Foreign Jurisdiction

a. Should member elect not to extend voluntarily, foreign authorities will be notified of the inability of Navy to guarantee presence of member after discharge due to member's impending EAOS. The foreign authorities will then be afforded

opportunity to take custody of member at a mutually agreed upon time immediately prior to EAOS. If the foreign authorities desire custody, member will be transferred to the foreign authorities at the agreed upon time. After such transfer of custody, member's CO will, at EAOS, discharge member and so notify Navy JAG, NAVPERSCOM, Conduct and Separations Branch (PERS-483), and the U.S. Embassy or Consul.

b. Should the foreign authorities, upon being notified of member's impending EAOS and inability of Navy to maintain custody after discharge, state member need not be present within the jurisdiction and is not required nor desired to be available for any further criminal proceedings, member should be returned to the continental United States (CONUS) for separation or discharge. In such case, foreign authorities have in effect released Navy from any obligation to keep member within the foreign jurisdiction or to make member available for foreign criminal proceedings. This communication from appropriate foreign authorities should be in writing, if possible; if not, a memorandum for the record should be made to memorialize the agreement.

c. The foregoing policy does not apply to a member who has been in custody or confinement of foreign authorities as a result of apprehension by foreign authorities. In such a situation, provisions of Chapter 3 of reference (b) would continue to apply, and, except under extraordinary circumstances approved by Secretary of the Navy (SECNAV), member would not be discharged while in custody or confinement of the foreign authorities.

15. Extension for Completion of U.S. Civilian Criminal Proceedings.

a. Members of Naval Service who are not in confinement and those in confinement **as a result of delivery by military officials**, and

b. those members in confinement **as a result of apprehension by civil authorities**,

shall not be extended involuntarily beyond EAOS solely for purpose of completion of civilian criminal proceedings in Federal, State, and local courts of the U.S., its territories, commonwealths, and possessions **without NAVPERSCOM (PERS-483) approval**. Requests to involuntarily extend members beyond EAOS

must include whether member was delivered by military officials or apprehended by civil authorities, date of delivery or apprehension, pending charges, anticipated date of trial, and member's EAOS.

16. **Extension to Await Appellate Review of Court-Martial.**

Except as otherwise provided in this paragraph, an enlisted member sentenced to punitive discharge shall be retained in service to await completion of appellate review of their court-martial case, even though the period of confinement, if any, adjudged under the sentence has been served and member's enlistment or other period of active OBLISERV has expired. Unless member is confined, service record entry prepared to reflect such retention beyond expiration of enlistment or other obligated active service should state the nature of duties performed by member and average number of hours daily member's services are utilized while being so retained. Nothing stated in this paragraph is to be construed as precluding administrative separation of member when directed by NAVPERSCOM (PERS-483) or granting of leave to member awaiting completion of appellate review of member's case.

17. **Extension for Indebtedness.** A member who is otherwise eligible for separation will not be retained beyond normal expiration of obligated service date to satisfy an indebtedness to the Government or an individual, or for the purpose of obtaining remission of indebtedness.

-----------------------------	--

1. Policy for Naval Reservists

a. Members of the Naval Reserve on active duty, with the exception of members authorized 24/36 months General Assignment/Recall or Active Duty for Special Work (ADSW), who desire to continue on active duty beyond their expiration of active obligated service (EAOS) dates and who are qualified in all respects for reenlistment may be permitted to extend their active duty agreements subject to approval by their Commanding Officer (CO), within the terms of their enlistment contract and/or the period of their Military Selective Service (MSS) obligation, except that extensions of active duty for less than 24 months shall be subject to the same restrictions as for extension of enlistment for less than 24 months.

b. The extended period of active duty shall be within the term of an enlistment contract and/or the period of the MSS obligation. In order to acquire service to cover the period of active duty obligation, qualified and recommended Naval Reserve personnel may reenlist on board or extend their enlistments under instructions contained in the appropriate article in this manual and OPNAVINST 1160.5C. In any case, the eligibility standards prescribed in the appropriate articles regarding performance, age limitations, physical standards, dependency

criteria, and the release from active duty of Reserve and retired enlisted personnel are applicable.

c. Enlisted members of the Naval Reserve, who have been authorized General Assignment/Recall for 24 to 36 months may not reenlist, obligate for orders, or continue on active duty without prior approval from Navy Personnel Command (NAVPERSCOM) (PERS-811H). These individuals are authorized 24 to 36 months active duty as USNR (Active).

d. USNR Training and Administration of Reserves (TAR) personnel are authorized General Assignment/Recall through NAVPERSCOM (PERS-913) with final authority granted through NAVPERSCOM (PERS-811H). Selected Reserve personnel may apply for recall to the TAR program with final authority granted through NAVPERSCOM (PERS-913).

2. Policy for Fleet Reservists

a. Members of the Fleet Reserve on active duty who desire to continue on active duty beyond their EAOS dates may enter into active duty agreements only upon the approval of the NAVPERSCOM. A request shall be submitted to the NAVPERSCOM with the CO's recommendation. Requests shall be submitted in sufficient time to permit action prior to current EAOS date. Approval of such requests will be based upon the needs of the service, the rating involved, and other pertinent circumstances. Such extensions, when authorized, will be in yearly increments or a number of whole months less than a year. (Reenlistment or extension subsequent to transfer to the Fleet Reserve is not authorized, except as specified in MILPERSMAN 1160-030.)

b. Enlisted members of the Fleet Reserve, who have been authorized General Assignment/Recall for 24 to 36 months may not reenlist, obligate for orders, or continue on active duty without prior approval from NAVPERSCOM (PERS-811H). These individuals are authorized 24 to 36 months active duty as USNR (Active).

3. Policy for Inductees

a. An inducted member may be permitted to extend their active duty beyond the period of induction within the period of their MSS obligation, subject to approval of their CO, provided

they are otherwise qualified in all respects. Such extension of active duty for less than 24 months shall be subject to the same restrictions as extensions of enlistments for less than 24 months. A qualified inductee may enlist or reenlist on board as provided in the article of this manual governing reenlistments.

b. Reservists on General Assignment/Recall will not extend or obligate without NAVPERSCOM (PERS-811H) authorization.

4. ADSW Personnel

a. ADSW personnel may not exceed a total of 16 years active duty and may not exceed 5 years, 6 months continuous active duty. A 31-day break is required for ADSW individuals, who have been on active duty for 5 years, 6 months.

b. Enlisted ADSW personnel who desire to remain on active duty must receive either an order modification or new orders.

c. ADSW personnel paid through RPN funding receive approval from NAVPERSCOM (PERS-9D).

d. ADSW personnel paid through MPN funding receive approval from NAVPERSCOM (PERS-80C).

5. Clerical Procedures

a. An agreement to remain on active duty or cancellation of such agreement shall be made on the NAVPERS 1070/622, parts 1 and 3, following the clerical procedures set forth in PAYPERSMAN. The agreement shall be signed by the member and the CO, or a designated representative of the CO. (Agreements for less than 24 months will be in numbers of whole months.)

b. Additional entries shall be made for inductees on the NAVPERS 1070/613, of the service record. General Assignment/Recall personnel will be given a Special Program Indicator (SPI) code of "G".

6. Authorization to Cancel. CO's are authorized to cancel active duty agreements under the same conditions as provided for cancellation of extensions of enlistment.

1. **Policy.** Navy Reservists on inactive duty who meet qualifications for reenlistment may extend their enlistment in increments of 1 or more months, provided such extension together with any other extension does not exceed an aggregate of 48 months. Extensions of fewer than 24 months are considered **conditional extensions** and shall normally be executed only for specific reasons listed in MILPERSMAN 1160-040.

a. Members of the Individual Ready Reserve (IRR), who are **disqualified for reenlistment by body composition requirements**, may extend their enlistment one time for 6 months to conform to standards.

b. Personnel **not eligible for reenlistment** may not extend their enlistment without prior approval of Navy Personnel Command (NAVPERSCOM), IRR Force Management Section (PERS-4933).

2. Definitions

a. "Agreement to Extend Enlistment," or "enlistment as extended," refers to the legal document, **NAVPERS 1070/621 (Rev. 01-00), Agreement to Extend Enlistment** (page 1A of the service record), and not an unofficial agreement or personal assurance of intention to extend. Agreements on other than NAVPERS 1070/621 are of an informal and unofficial nature and could be repudiated or withdrawn by member.

b. "Execution of the Agreement to Extend Enlistment," or "execution of extension," refers to NAVPERS 1070/621 signed by

the member and an official authorized to accept the agreement on behalf of Navy.

c. "**Extension becomes operative**," or "**operative date**," refers to the effective date of the extension, normally

- the day following the expiration of enlistment, or
- the day of expiration of enlistment as voluntarily extended, or
- as extended for the purpose of making up time not served.

Extension agreements may not be canceled after the operative date. In cases where it appears that the extension should have been canceled, the second portion of NAVPERS 1070/621 shall be completed and the case referred to NAVPERSCOM (PERS-4933).

d. "**Extension becomes binding**" refers to the date on which the extension is executed (signed), after which it may not be canceled except per the provisions of this manual in effect at the time the agreement is signed.

3. General Requirements for Reenlistment

a. Members of the IRR may be reenlisted in person or by mail. To reenlist, such members must furnish evidence of

(1) a satisfactory physical examination completed within the preceding 12 months at a Navy Reserve activity,

(2) evidence of a satisfactory body composition assessment (BCA) completed within the preceding 3 months by a command fitness leader (CFL), and

(3) a signed statement affirming, to the best of the member's knowledge and belief, the member's physical condition is substantially the same as found in the reported physical examination.

b. The **Oath of Allegiance**, which is mandatory, shall be administered by any active, inactive, or retired commissioned officer of any component of the Navy, Marine Corps, Army, Air Force, or Coast Guard.

4. **Not Eligible for Reenlistment**. Personnel not eligible for reenlistment may not extend their enlistment without prior approval of NAVPERSCOM (PERS-4933).

5. **Extension of Enlistment After Release From Active Duty**.

Members who enlisted in the Regular Navy, and were subsequently released from active duty and transferred to the IRR to complete their military service obligation under reference (a), are not required to reenlist at expiration of obligated service to continue service in the Navy Reserve. Such members, if authorized by NAVPERSCOM (PERS-4933), may extend their Ready Reserve obligation by using NAVPERS 1070/621 with the following modifications:

a. Disregard the preprinted statement of agreement/understanding.

b. Include the following statement below the preprinted statement of agreement/understanding:

"I agree to remain a member of the Ready Reserve for the period of this extension, unless properly relieved by competent authority. Having been transferred to the U.S. Navy Reserve on (day after date of release from active duty (RELACDU)), I voluntarily agree to extend my Ready Reserve obligation for a period of _____ months. I understand the provisions of this agreement and I acknowledge that no promises of any kind have been made to me."

6. **Procedure for Agreement to Extend Enlistment**

a. Extensions shall be prepared on the latest revision of NAVPERS 1070/621 and, except as noted below, shall be witnessed and accepted on behalf of Navy by an official having custody of the member's service record, and authorized per the provisions of this manual to sign service record pages. When it is inconvenient or impracticable for the member to appear for the purpose of executing the extension of enlistment at the activity having custody of the member's service record, the extension form may be mailed to the member for execution and return. See paragraphs below for further information regarding requirements of extensions executed by mail. To be valid, NAVPERS 1070/621 shall be executed by the member concerned before, or on the date of, expiration of enlistment. Mail NAVPERS 1070/621 in

sufficient time to ensure receipt and execution is completed, not later than the member's expiration of enlistment.

b. A member normally should not be permitted to extend an enlistment for more than 3 months before the end of the enlistment, unless agreement to extend is required to acquire sufficient obligated service (OBLISERV) for recall to active duty, or eligibility for Montgomery GI Bill (see reference (b)). In all cases, enter appropriate reason on NAVPERS 1070/621, citing the directive, as appropriate, for the OBLISERV; otherwise, enter reason as follows:

"To continue career. I understand that this extension becomes binding upon execution and may not thereafter be canceled, except as provided in MILPERSMAN 1160-070."

c. The provisions of this manual and the procedures in reference (c) will be followed for completion of NAVPERS 1070/621. Special instructions for completion and return of the form to the originating activity will accompany each extension mailed to a member for execution. Prior to mailing, the originating activity shall fill in the upper portion of the extension form. In the case of a member executing an extension agreement by mail, an official authorized to sign service record pages may witness the member's signature and accept the extension agreement on behalf of Navy. If such official is not available, a commissioned officer of any component of Navy, Marine Corps, Army, Air Force, or Coast Guard; or a notary public may act as witness by signing immediately below the member's signature. The member will then return the extension to the activity having custody of the member's service record, and the authorized official accepting on behalf of Navy will modify the form by deleting the words "**witnesses and**" prior to signature.

7. Criteria for Canceling Agreements to Extend Enlistment.
NAVPERSCOM (PERS-4933) will cancel NAVPERS 1070/621s of IRR members, prior to effective dates, in the following cases:

a. When the member, upon being physically examined for the extension, is found to be **not physically qualified** for retention in the service.

b. When the member is **not considered qualified** for retention in the service.

c. When the member, through no fault of the member's own, **has not received any of the benefits** for which the extension was executed by the day preceding the operative date of the extension.

d. When the member **reenlists or agrees to extend enlistment**, provided the reenlistment or extension is for an authorized period not less than the term of the extension agreement(s) being canceled. The extension agreement(s) shall then be canceled as of the date of reenlistment or execution of new extension.

8. **Procedure for Canceling Agreement to Extend Enlistment**. In all cases of cancellation of an agreement to extend enlistment, the lower portion of NAVPERS 1070/621 shall be completed, per instructions in reference (b). A statement concerning whether the member is recommended for reenlistment will be made on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks of the service record. If the member is not recommended for reenlistment, a full statement of the reasons shall be entered.

-------------------	---

1. **Purpose**. The STAR program offers career designation to first term enlisted members who enlist or reenlist and thereby become eligible for the following career incentives:

a. Guaranteed assignment to an appropriate Class "A" or "C" School (but not both).

b. Possible advancement from petty officer third class (PO3) to petty officer second class (PO2) upon completion of a Class "C" School or a Class "C" School package, which is listed in the Career Schools Listing (CSL), MILPERSMAN 1510-020, and the latest NAVADMIN in effect on date of reenlistment, if otherwise eligible.

c. Advancement to PO3 upon completion of Phase I of an Advanced Electronics Field (AEF) Class "A" School under automatic advancement procedures for the AEF program.

d. Selective Reenlistment Bonus (SRB), if eligible (not guaranteed).

2. **STAR Eligibility Requirements**

a. Each applicant will

(1) be recommended by member's commanding officer (CO) for career designation, have demonstrated above average career potential, and meet considerably higher standards for reenlistment than the minimum standards prescribed in MILPERSMAN 1160-030.

(2) be a PO2 or PO3 on a first enlistment or designated E-3, and be eligible in all respects for reenlistment per reference (a). Non-AEF E-3 personnel at time of STAR reenlistment will not be eligible for automatic advancement benefits of the STAR program. Refer to MILPERSMAN 1160-120 in regards to high year tenure (HYT) and STAR program.

(3) agree to reenlist or enlist in the Regular Navy for a period of 4 to 6 years (as required). The reenlistment or entitlement will not be executed until approval has been received from Navy Personnel Command (NAVPERSCOM), Active Enlisted Advancement/Conversions/Incentive Section (PERS-4811). The duration of required reenlistment is contingent on the requirements of MILPERSMAN 1160-040 (5-year obligation) and MILPERSMAN 1510-030 (AEF/ATF/NUC). Reenlistments in ratings not requiring 5 or 6-year obligations must be for a minimum of 4 years. For example, Electronics Technician (ET) rating requires a 6-year reenlistment, Builder (BU) rating a 5-year reenlistment, and Culinary Specialist (CS) rating a 4-year reenlistment.

(4) meet the minimum Armed Services Vocational Aptitude Battery (ASVAB) score requirements for entrance into the proper Class "A" or "C" school prescribed in reference (b) or MILPERSMAN 1306-618. When fully documented by the CO, a waiver of minimum test scores may be requested from NAVPERSCOM (PERS-4811).

(5) have no record of conviction by courts-martial, civil conviction, or nonjudicial punishment (NJP) for 18 months preceding date of application.

(6) have no alcohol incidents or documented drug abuse for 18 months preceding date of application.

(7) have an evaluation with no grade below 3.0 for 2 years prior to request for STAR reenlistment.

(8) not have been accepted for any programs leading to a commission.

b. Non-nuclear personnel must have at least 17 months, but not more than 6 years, of continuous active Naval Service and not more than 8 years of active military service for other service veterans. Non-nuclear personnel will sign the following

entry on NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks of the service record:

"I understand that by reenlisting prior to my expiration of active obligated service (EAOS) under the provisions of MILPERSMAN 1160-100 (STAR program), the unexecuted portion of my enlistment contract or extensions of enlistment will be deducted in selective reenlistment bonus (SRB) calculations."

3. **Eligibility Requirements for Nuclear Personnel**. Nuclear personnel must have at least 21 months, but not more than 6 years, of continuous active Naval Service on their date of reenlistment. Nuclear personnel reenlisting prior to EAOS will sign the following entry on NAVPERS 1070/613 of the service record:

"I understand that by reenlisting prior to my EAOS under the provisions of MILPERSMAN 1160-100 (STAR program), the unexecuted portion of my enlistment contract will be deducted from associated SRB calculations. Extensions of enlistment executed will not be deducted in SRB calculations, provided I reenlist for at least 2 years beyond my soft EAOS."

4. **Guidelines for Submitting Applications**

a. STAR program applications will be sent to NAVPERSCOM (PERS-4811). STAR requests should be submitted at least 60 days in advance of the desired enlistment or reenlistment date. When STAR approval is received, send SRB request in precertification format and reference the STAR approval message in remarks section.

b. All STAR requests must be approved by NAVPERSCOM (PERS-4811). STAR request could be disapproved due to current rating E-5 manning posture constraints.

5. **Administrative Procedures Following Approval**. Members approved for STAR reenlistment must obtain NAVPERSCOM (PERS-4811) approval for continuation in program if there is any decline in performance, NJP, court-martial action, or adverse involvement with civilian authority. The CO's recommendation is

required before a STAR continuation will be made by NAVPERSCOM (PERS-4811). Command must notify NAVPERSCOM (PERS-4811) to cancel STAR approval.

6. **Reenlistment for the STAR Program**

a. Members will be required to effect reenlistment within 6 months of the date of STAR authorization, and prior to attending "A" or "C" School, with the exception of those members attending or who have completed a CSL "C" School. For those members who are currently attending a CSL "C" School, STAR requests may be submitted during the course of instruction, but prior to effecting reenlistment. For those who have completed a CSL "C" School, a STAR request must be submitted prior to reenlistment for the completed school. Members whose EAOS is within 6 months of the approval date will be required to reenlist no later than their normal EAOS. Failure to reenlist prior to the expiration of these limiting dates will void STAR approval and require the member to obtain a new authorization.

b. In many cases, a STAR reenlistment may not be in the member's best interest. The career counselor should explore all alternatives before recommending STAR. A non-AEF E-3 reenlisting under STAR will not be eligible for automatic advancement. A person who is requesting a "C" School under STAR, which will earn an SRB eligible Navy Enlisted Classification (NEC), could lose considerable SRB entitlements. For those scheduled for advancement in the near future, it may be prudent to wait for the advancement, if SRB eligible, before reenlisting STAR. For those outside the SRB eligibility window, it may be more prudent to wait until within the SRB window.

c. After approval of the STAR application, the member will be discharged for Convenience of the Government and immediately enlisted or reenlisted on board for a term of 4, 5, or 6 years, as required, in the Regular Navy. Eligible members should consult SRB implementing directives that may limit payment of a bonus for any incomplete portion of the initial enlistment contract. This article will be cited to record STAR

reenlistment by entering the following in Block 32 of NAVPERS 1070/601 (Rev. 1-03), Immediate Reenlistment Contract:

"Career designated under MILPERSMAN 1160-100."

Additionally, prior to reenlistment make the following entry:

"Should I be disenrolled from the STAR program voluntarily, because of academic failure, my own misconduct, or my failure to maintain program eligibility requirements, I understand I am no longer eligible for any STAR program benefits. I further understand that I am not eligible for reduction of obligated service incurred."

7. School Assignments

a. Members who enlist or reenlist under this article are guaranteed assignment to either a Class "A" or "C" School (but not both) listed in reference (b). If any requested school has been disestablished, assignment to another school as determined by NAVPERSCOM is guaranteed, provided training is available. "A" or "C" School quota requests will be submitted on NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request, to the proper detailer at NAVPERSCOM citing this article, the STAR authorization, the school guaranteed, and verification of the STAR reenlistment. School quota requests will be submitted immediately following STAR reenlistment; however, school requests will not contain requests for specific class convening dates or duty assignments. If feasible, a tentative class convening date will be assigned by NAVPERSCOM. If school assignment is delayed until late in the STAR enlistment for the convenience of the Navy, additional obligated service is not required upon entry into the guaranteed school. Members who attend a "C" School listed on the CSL at the time of reenlistment, and are automatically advanced to E-5 as a result of the STAR reenlistment, are not eligible for a subsequent "guaranteed" Class "A" or "C" School.

b. Designated personnel (E-3) who request a "C" School or "C" School package, and have not previously attended a Class "A" School, will be assigned to a Class "A" School if otherwise

eligible. PO3s and PO2s who have not attended a Class "A" School should request a Class "A" School in place of a Class "C" School. If a waiver of the "A" School is desired, it should be specifically stated in the STAR request. Only one "A" School or one "C" School package will be guaranteed under this program.

c. Class "C" School will be guaranteed to PO2s and PO3s who have completed the correct "A" School. Members who previously attended a Class "C" School are not authorized to attend the same Class "C" School. Members in paygrade E-3 who have been approved for reenlistment under STAR and who will be advanced to PO3 from a Navy-wide examination before effecting such reenlistment, may request Class "C" School. Approval will normally be granted only for convening dates, which will allow the member to first serve at least 12 months as a PO3. Class "C" School entrance time in paygrade requirements may be waived for PO3s who request reenlistment under the STAR program.

8. Automatic Advancement

a. Automatic advancement to E-5 may only be authorized when the eligibility requirements contained in reference (c) have been met and the member has served 1 year in paygrade E-4 from effective date of advancement. The effective date of advancement will be the date the advancement was made by the CO. Retroactive advancements are not authorized. Service record entries will cite this article as authority for automatic advancement.

b. E-3 personnel at time of STAR reenlistment will not be eligible for automatic advancement. Only one automatic advancement is authorized upon completion of STAR guaranteed training. An E-3 may be authorized automatic advancement to E-4 upon completion of AEF Class "A" School. Likewise, a member who was automatically advanced to E-4 under recruit AEF program may be automatically advanced to E-5 under STAR, provided all other eligibility requirements are met under this article; however, a member cannot be automatically advanced twice based on completion of the same school.

c. Upon graduation from a Class "C" School or Class "C" School package that is listed in the effective CSL at time of reenlistment, a PO3 may be advanced to PO2 by the CO of the Service School Command, provided otherwise eligible. Personnel must be eligible for advancement per reference (c), and must have 1 year in paygrade E-4. A member eligible for advancement

in all respects except having served 1 year in paygrade will have the following entered on the NAVPERS 1070/613 of the service record:

"Date: When eligible in all respects (name) may be advanced to (rate) on (date). Auth: MILPERSMAN 1160-100."

COs are authorized to advance members having the above entry in their service record on the date indicated. Appropriate service record and personnel diary entries (or Source Data System (SDS)) will be made at the time of advancement.

d. At the time of STAR reenlistment, a PO3 who holds a valid Nuclear Power 33XX NEC, or a PO3 who has completed a Class "C" School or Class "C" School package that is listed in the current CSL, may be advanced to PO2, if eligible for advancement under reference (c) and having completed 1 year in paygrade E-4.

e. A PO3 previously advanced to PO2 or designated E-5, but subsequently reduced in rate as a result of disciplinary action, is not eligible for automatic advancement to PO2 or PO3, respectively, through this program.

f. The automatic advancement feature of the STAR program provides a substantial attraction for an early reenlistment commitment. The intent and the historical application regarding STAR advancements has been to honor qualifying CSL "C" School completion carried out prior to STAR as criterion for automatic advancement; however, the CSL to be used in determining eligibility is the CSL (latest NAVADMIN) in effect on STAR reenlistment date.

9. **Time-in-Rate (TIR) Waivers**. To reduce the number of requests for TIR waivers from personnel who were advanced under accelerated advancement programs and who are denied the

opportunity to participate in advancement examinations because of insufficient TIR, the following policy is in effect.

Personnel who were automatically advanced under this article will have their TIR dates established as that assigned to their contemporaries who were advanced through successful participation in the current Navy-wide advancement cycle. For example, personnel automatically advanced between 1 July and 31 December will have 1 July as their TIR date in consonance with the personnel advanced from the March examination of that year. TIR for personnel automatically advanced between 1 January and 30 June will be shown as 1 January; i.e., advancement effected 9 December 1981, TIR is 1 July 1981; and advancement effected 9 February 1982, TIR is 1 January 1982.

------------------	--

1. **Purpose.** The high year tenure (HYT) policy is a vital and effective force management tool utilized to properly size and shape the Active Component (AC) and the Reserve Component (RC). HYT management is regulated by establishing standardized length-of-service (LOS) gates by pay grade balanced with a waiver process to enable the Navy to retain the right number of members. As one of the Navy's key enlisted force management tools, the HYT policy facilitates viable career paths and advancement opportunities across all pay grades and LOS spectrums. The standardized HYT gates allow members greater flexibility to stay Navy within a stabilized force. Through this measured process, the Navy enhances quality throughout the continuum of service.

a. This article applies to all members of the AC, Full Time Support (FTS), Ready Reserve (USNR), and Standby Reserve-Active (USNR-S1) communities within the Navy. References within this article to the USNR include Selected Reserve (SELRES) and Individual Ready Reserve (IRR), encompassing the voluntary training unit (VTU) and active status pool (ASP), unless otherwise specified. Members of USNR-S1 are referenced separately. For clarification of member status as applied in this article see the table below:

AC/FTS	USNR		USNR-S1	
AC/ FTS	SELRES	IRR		USNR-S1
	drilling Reserve (in pay), definite recall, and canvasser recruiters	VTU	ASP	key Federal employees; hardships
HYT requests from above categories will be processed by BUPERS (BUPERS-32) or OPNAV, Nuclear Propulsion Program Management Branch (N133) if nuclear trained personnel.		HYT requests from above categories will be processed by Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913).		

b. Unless HYT waiver approval is authorized by the responsible office noted in paragraph 2; AC, FTS, USNR, and USNR-S1 personnel may only reenlist or extend up to the HYT date for their current pay grade. Personnel who have been selected for advancement may reenlist or extend up to the HYT date of their frocked pay grade. Personnel in the ASP are limited to 2-year enlistments, not to exceed HYT date, for their current or frocked pay grade.

2. Roles and Responsibilities

a. Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policy (N13) is responsible for total force management in support of OPNAV, Manpower, Personnel, Training, and Education (N1), and is the final disposition authority for deviations from this policy.

b. OPNAV, Force Shaping, Plans, and Policy (N132) direct enlisted force management policies in support of the Director, Military Personnel, Plans, and Policy (N13) and is the endorsement agent for HYT exceptions to policy.

c. Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) is the HYT waiver disposition authority for all non-nuclear-trained AC and FTS members, as well as SELRES members of the USNR (not IRR or USNR-S1 personnel).

d. OPNAV (N133) is the HYT waiver disposition authority for all nuclear-trained AC and FTS personnel. Exceptions to Policy requests shall be forwarded to OPNAV (N13).

e. Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913) is the disposition authority for HYT requests for all members of the IRR (including VTU and ASP) and USNR-S1. Exceptions to policy requests shall be forwarded to OPNAV (N13).

Note: BUPERS-32 enlisted community managers and NAVPERSCOM (PERS-913) are empowered to approve or disapprove HYT requests submitted by commands. Commands can request additional reviews of those decisions in the form of an exception to policy from OPNAV (N13).

3. **Maximum Years of Service.** HYT gates are listed by pay grade in the two tables below. Use the following guidelines when computing active or Reserve Navy service:

a. HYT dates for AC and FTS are based on the active duty service date. HYT dates for USNR and USNR-S1 are based on the pay entry base date.

b. For AC and FTS members in pay grades E-1 through E-4, use only total active duty Navy service to compute HYT dates. See paragraph 11f(2) for specific guidance regarding HYT date corrections for other service veterans (OSVETS).

c. For AC and FTS members in pay grades E-5 through E-9, use all earned active military service (from any Armed Service) to compute HYT dates.

d. AC and FTS members who previously accumulated active duty service via annual training, active duty for training, active duty for special work (ADSW), Definite Recall, Presidential Recall, and periods of mobilization must include these periods as part of the total active military service calculation. Inactive duty training or drill periods are not considered active duty and will not be included as part of the member's total active military service calculation.

e. AC or FTS command master chiefs (CMDCMs) may exceed 30 years of service as indicated in the table below, provided they comply with selection criteria outlined in reference (b) for a flag or general officer support assignment and are validated by the CMDCM detailee for eligibility. Members in such roles may extend their orders for up to 30 days past the end of their flag

or general officer's assignment to allow turnover of duties to their successor. Progressive assignment should be considered to exceed 30 years of service up to a maximum as noted below.

AC and FTS		
Grade	Years	Remarks
E-1 to E-2	4	May not reenlist or extend unless HYT is granted by BUPERS-32.
E-3	5	E-3 who "Passed Not Advanced" a Navy-wide advancement exam prior to March 2012 (cycle 215) retain HYT gate of 8 years.
E-4	8	
E-5	14	
E-6	20	
E-7	24	
E-8	26	
E-9	30	
CMDCM	32	CMDCM/FORCM (9580/9578) selected for a 1- or 2-star flag/general officer support assignment to complete a 3-year tour of duty.
CMDCM	35	CMDCM/FORCM/FLTCM (9580/9578) selected for a 3- or 4-star flag/general officer support assignment to complete a 3-year tour of duty.
MCPON	38	CMDCM/FORCM/FLTCM (9580/9578) selected to serve as the Master Chief Petty Officer of the Navy (MCPON) to complete a 4-year tour of duty.

f. USNR and USNR-S1 members exceeding HYT limits listed in the below chart must obtain a HYT waiver (either for SELRES, VTU, or USNR-S1), retire (if eligible), or be separated.

(1) USNR and USNR-S1 personnel in pay grades E-1 to E-3 are not eligible for an HYT waiver.

(2) USNR and USNR-S1 personnel in pay grade E-4 may only receive a waiver to serve in the VTU or USNR-S1.

(3) USNR and USNR-S1 personnel in pay grade E-5 to E-9 may receive a waiver for SELRES, VTU, or USNR-S1.

(4) USNR and USNR-S1 personnel of any rank who exceed HYT limits may not be assigned to the ASP.

g. USNR and USNR-S1 (E-4 to E-6) personnel with an approved HYT waiver may remain in the SELRES or IRR (VTU and ASP) as

approved, unless barred by policy or age restriction, until, and contingent upon, achieving 20 total years qualifying service (TYQS). E-5 and E-6 personnel must receive an HYT waiver to serve beyond 20 TYQS in the VTU not to exceed 30 years LOS.

h. USNR and USNR-S1 (E-7 and above) personnel are automatically waived for HYT for the VTU until 30 years LOS, unless precluded by other policies or laws (e.g., senior enlisted continuation board or age restrictions). E-7 and above must receive an HYT waiver to serve in SELRES or the VTU beyond 30 years LOS not to exceed 30 TYQS. Effective date of retirement shall be the first day of the month after the month in which the 30th applicable year is completed.

i. USNR and USNR-S1 (E-9) personnel who are accepted into and serving in the command master chief (CMC) Program, per reference (b), or who are selected for a CMC or command senior enlisted leader (CSEL) assignment for a flag or general officer prior to the start of their 30th years of service (YOS), may exceed 30 YOS as indicated in the table below, provided they receive an HYT waiver from BUPERS-32 to serve in the SELRES, or NAVPERSCOM (PERS-913) to serve in the VTU to complete a 3-year tour not to exceed (NTE) 32 TYQS, whichever occurs first. Members in such roles may extend their orders for up to 30 days past the end of their flag or general officer's assignment to allow turnover of duties to their successor.

USNR (SELRES, IRR (VTU and ASP)), and USNR-S1		
Grade	Years	Remarks
E-1 to E-2	6	Not eligible for an HYT waiver.
E-3	10	Not eligible for an HYT waiver.
E-4	12	Eligible for an HYT waiver to serve in VTU or USNR S1 NTE 20 TYQS. Upon receiving approved HYT waiver, every year thereafter must be a qualifying year of service for retirement.
E-5	20	Eligible for an HYT waiver to serve in the SELRES, USNR S1, or VTU NTE 20 TYQS. An approved HYT waiver is required to remain beyond 20 TYQS in the VTU or USNR S1 NTE 30 years LOS.
E-6	22	Eligible for an HYT waiver to serve in the SELRES, USNR S1, or VTU NTE 20 TYQS. An approved HYT waiver is required to remain beyond 20 TYQS in the VTU or USNR S1 NTE 30 years LOS.
E-7	24	Automatically waived to serve in VTU until 30 years LOS. An approved HYT waiver is required to serve in SELRES, USNR S1, or VTU beyond 30 years LOS NTE 30 TYQS.
E-8	26	Automatically waived to serve in VTU until 30 years LOS. An approved HYT waiver is required to serve in SELRES, USNR S1, or VTU beyond 30 years LOS NTE 30 TYQS.
E-9	30	Automatically waived to serve in VTU until 30 years LOS. An approved HYT waiver is required to serve in SELRES, USNR S1, or VTU beyond 30 years LOS NTE 30 TYQS.
CMDCM/CMC/CSEL	32	CMDCM (9580/9578) or CMC/CSEL selected for a flag/general officer assignment to complete a 3-year tour of duty. Eligible for waiver to serve in SELRES or VTU NTE 32 TYQS or their tour of duty, whichever occurs first.

4. **HYT Waiver Eligibility.** AC, FTS, USNR (SELRES, IRR-VTU), and USNR-S1 requests to continue beyond established HYT gates will be considered on a case-by-case basis. Requests for HYT waivers to the VTU may be considered for qualified USNR and USNR-S1 members with a history of satisfactory participation. Examples of requests which may be given favorable consideration for AC, FTS, USNR (SELRES, IRR-VTU), and USNR-S1 include:

- a. In support of urgent, immediate operational requirements in a deployed or soon-to-deploy unit.
- b. Ratings or critical skills identified as undermanned.

c. IRR-VTU Sailors who perform funeral honors and or other high demand work while maintaining consistent satisfactory participation.

d. Waivers for obligated service (OBLISERV):

(1) Waivers for OBLISERV apply only to service requirements incurred as a result of formal training. These waiver requests will be considered on an individual basis per paragraph 6. OBLISERV stated on permanent change of station orders does not override HYT dates unless an HYT waiver has been approved.

(2) E-3 and E-4 personnel approved for rating conversion via appropriate class "A" and or "C" Schools will be granted an HYT waiver to coincide with expiration of the training OBLISERV requirement. Commands must liaise with BUPERS-32 to ensure the revised HYT date is accurately reflected in the enlisted master file (EMF).

(3) E-3 and E-4 personnel approved for in-rate advanced training ("C" School) will be granted an HYT waiver to coincide with expiration of the training OBLISERV requirement as outlined in paragraph 4d(2) above.

(4) E-4 personnel approved for the Selective Training and Reenlistment (STAR) Program, per MILPERSMAN 1160-100, may exceed their HYT as they will advance to E-5 and incur a 4 to 6-year OBLISERV requirement upon completion of required training.

NOTE: HYT waivers for the STAR Program are for first-term personnel only. HYT waivers will **not** be approved for any second or subsequent reenlistments under this program.

e. AC personnel who desire to maximize their selective reenlistment bonus (SRB) eligibility must submit and receive approval for the HYT waiver request prior to submitting their SRB precertification request. These requests will be considered on an individual basis. See latest SRB NAVADMIN for guidance.

f. Personnel with enlistment contracts and extensions executed prior to 5 November 2014 are automatically waived for an HYT to serve in the VTU or ASP until their current expiration of OBLISERV, unless precluded by other policies or laws.

5. **HYT Waiver Ineligibility.** HYT waiver requests must be justified by needs of the Navy. Requests based primarily on factors of personal convenience for the member will not be approved and should not be submitted. Examples of such ineligible waiver requests include, but not limited to the following:

a. To obtain the necessary service to participate for advancement (dates for determining advancement eligibility are contained in paragraph 7), or to await examination results.

b. To meet minimum eligibility requirements or to await additional quotas for advancement via programs such as the Command Advancement Program.

c. To commence or continue medical treatment, see paragraphs 11b and 11c for justifications.

d. To allow a member to continue or complete off-duty education courses while on active duty.

e. To permit a more desirable retirement or separation date (e.g., member desires to retire in summer months, etc.).

f. To increase financial entitlements based on length of military service (e.g., involuntary separation pay, education benefit eligibility, Fleet Reserve retainer check, etc.).

6. **HYT Waiver Request Procedures**

a. Requests for AC, FTS, and SELRES HYT waivers must be submitted using NAVPERS 1306/7 Enlisted Personnel Action Request and must arrive at BUPERS-32 10 months prior to their established HYT date. Nuclear-trained members must submit HYT waiver requests to OPNAV (N133) with the same 10-month window. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.npc.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. Requests for USNR (excluding SELRES) and USNR-S1 HYT waivers shall be submitted using NAVPERS 1306/7, and must arrive at NAVPERSCOM (PERS-913) 10 months prior to established HYT date to ensure no break in service.

c. AC and FTS HYT requests must include the following:

(1) Member's full name, rate, current LOS (based on active duty service date), expiration of active OBLISERV, desired length of waiver in months, and command point of contact.

(2) Provide justification to include any pertinent documentation and information. Request should indicate the specific operational unit in which the member is seeking assignment (if applicable).

(3) CO's endorsement and signature. Endorsement should identify unit manning and rating deficiencies, and the availability of other personnel to fill billet or unit requirements.

d. USNR and USNR-S1 HYT requests must contain items listed in paragraph 6c(1) through 6c(3) (listed above), but also include specific additional endorsements as noted below:

(1) Endorsement of the training unit (TRUIC) commanding officer if member is VTU or holds in-assignment process status, endorsement of the unit mobilization unit (UMUIC) CO wherein the member holds a current billet assignment, or wherein the member is requesting a billet assignment if retained.

(2) Endorsement of the Navy Reserve activity CO where the endorsing unit CO (TRUIC or UMUIC CO) is assigned. Respective endorsements should substantiate the member's valid need to fulfill a specific role, as applicable (e.g., CMC, CSEL).

e. USNR and USNR-S1 members disapproved for a SELRES HYT waiver can also be considered for a waiver to serve in the VTU, if so stated on the original request.

f. Members who receive an approved waiver will sign the following NAVPERS 1070/613 Administrative Remarks:

(Date): I understand that the high year tenure waiver (DTG of approval message) is subject to cancellation if I am unable to fulfill the mission per which the waiver was approved for. Requests to cancel this waiver will be coordinated with BUPERS-32 for AC, FTS, and SELRES members; or NAVPERSCOM (PERS-913) for Ready Reserve and Standby Reserve-Active members via my commanding officer for adjudication. Final disposition of waiver cancellation will be with Commander, Navy Personnel Command (CNPC).

(Member's signature)

(Witness signature)

g. Cancellation of approved waivers. AC, FTS, USNR, and USNR-S1 personnel serving on an approved HYT waiver for a specific assignment, OBLISERV, or program who are no longer able to fulfill the assignment, OBLISERV, or program for which the waiver was approved are subject to having their waiver cancelled. Commands must liaise with BUPERS-32 (or OPNAV (N133) if nuclear-trained) for AC, FTS, and SELRES members or with NAVPERSCOM (PERS-913) for USNR and USNR-S1 members via their CO for disposition of waiver cancellations. Commander, Navy Personnel Command (CNPC) via OPNAV (N132) is the final disposition authority for cancelling waivers. If a previously approved waiver is cancelled, AC, FTS, USNR, and USNR-S1 members will be separated within 120 days of cancellation, unless they have adequate time to transfer to the Fleet Reserve or retire.

7. HYT and Advancement

a. AC, FTS, and SELRES members beyond the established HYT date for their present pay grade on the first day of the advancement cycle (per below tables) are ineligible for advancement consideration, unless they have received an approved HYT waiver from BUPERS-32 (AC, FTS, and SELRES). Those members in the VTU over HYT, as well as ASP and USNR-S1 members are ineligible for advancement.

If AC/FTS competing in below advancement cycle...	Then must be Active Duty on:
E-4/5/6 March exam	1 July same year
E-4/5/6 September exam	1 January following year
E-7 January exam	1 September same year
E-8/9 March/April board	1 July same year

If Reserve competing in below advancement cycle...	Then must be in SELRES on:
E-4/5/6 February exam	1 July same year
E-4/5/6 August exam	1 January following year
E-7 February exam	1 September same year
E-8/9 March board	1 July same year

b. Waivers approved by NAVPERSCOM (PERS-913) allowing USNR and USNR-S1 members to continue in the VTU beyond the established HYT gates **do not** reinstate advancement eligibility.

8. **HYT and Involuntary Separation Pay (ISP)**. AC and FTS personnel who are separated due to HYT gates and are advancement eligible at the time of separation may be eligible for full ISP. References (c), (d), and MILPERSMAN 1910-050 and 1920-020 outline ISP definitions, criteria, and policy.

a. In order to be eligible for any amount of ISP, AC and FTS members must have completed at least 6, but less than 20 years of active service, and must enter into an agreement to serve in the USNR for a period of not less than three years in addition to any other remaining service obligations.

b. To preclude unwarranted ISP recoupment action by Defense Finance and Accounting Service (DFAS), commands separating members in pay grades E-5 and below for HYT, who are otherwise fully retainable, shall enter a reentry code of "RE-6" in block 27 of member's DD-214 Certificate of Release or Discharge from Active Duty.

9. **HYT and USNR/USNR-S1**. SELRES personnel who reach HYT and do not have an approved SELRES HYT waiver, or are not eligible for SELRES HYT waiver, must be removed from SELRES by the end of the month in which the HYT date occurs. The following options apply to all USNR and USNR-S1 personnel at or beyond HYT without a SELRES HYT waiver:

a. If eligible, member may request transfer to the Retired Reserve with or without pay. See reference (e) for guidance on requesting transfer to the Retired Reserve.

b. Request an HYT waiver for VTU from NAVPERSCOM (PERS-913). USNR and USNR-S1 members approved for VTU assignment will be subject to the following:

(1) Member must maintain satisfactory participation requirements as outlined in reference (e).

(2) Member will not be permitted to return to SELRES without receiving a SELRES HYT waiver from BUPERS-32.

(3) Member will not be permitted to participate for advancement.

(4) The following NAVPERS 1070/613 entry shall be made for personnel who accept VTU assignment:

(Date): I accept assignment to the voluntary training unit (VTU) in a non-pay drill status due to having reached high year tenure (HYT) for my pay grade per MILPERSMAN 1160-120. I understand that I must maintain satisfactory participation requirements as outlined in BUPERSINST 1001.39F or Governing MILPERSMAN. I understand that I am not eligible to return to a drill pay status in the future without receiving a SELRES HYT waiver from BUPERS-32. I acknowledge I am not authorized to participate for advancement in rate.

(Member's Signature)

Witness Signature

c. Members either not eligible, or not approved for, retirement or HYT waiver will be separated effective the last day of the month in which the HYT date occurs.

10. Restrictions on Active Duty for Operational Support (ADOS) and Mobilization Orders

a. Orders in the ADOS category are ADSW and Definite Recall. The following apply to ADOS orders:

(1) HYT is not a disqualifying factor for ADOS.

(2) Prior to executing orders, SELRES who will reach their HYT date while on ADSW or temporary recall orders will be transferred to the VTU, unless approved for a SELRES HYT waiver that expires after anticipated return from ADOS.

(3) Members in an HYT status while on ADSW or Definite Recall are ineligible to participate for advancement in rate, unless member has an approved USNR HYT waiver and is not HYT for the next higher pay grade.

b. The following apply to mobilized USNR members under the authorities listed in reference (f), Figure 1-1, mobilization authorities:

(1) HYT is not considered as a factor in mobilization.

(2) Members who reach their USNR HYT date during a period of mobilization shall not be demobilized due to this status.

(3) Upon reaching HYT date, USNR members on mobilization will be transferred to the VTU while still on orders. Members reaching HYT may continue on mobilization orders, but are not eligible for advancement without an approved SELRES HYT waiver.

11. **Special Considerations Regarding HYT**

a. **Twilight Tour Eligibility.** AC and FTS E-9 personnel receiving an HYT waiver will forfeit twilight tour eligibility (see MILPERSMAN 1300-600 for further twilight tour criteria).

b. **Limited Duty (LIMDU) Status.** AC and FTS personnel in a LIMDU status and approaching mandatory HYT retirement, mandatory HYT transfer to the Fleet Reserve, or mandatory HYT separation will only be retained on active duty if actually hospitalized (inpatient), or if their case has been submitted to a physical evaluation board (PEB) for disability determination. Personnel meeting the criteria for a PEB shall be allowed to complete the board process and not be separated for other reasons. Personnel found not eligible for disability status will be separated within 30 days of the PEB's final adjudication.

c. **USNR and USNR-S1 Medical Determinations.** SELRES and VTU members with submitted medical retention review, medical

evaluation board, medical hold orders, line of duty and or PEB cases who reach HYT limit are granted an automatic HYT waiver to the VTU until final adjudication. SELRES personnel will be transferred to the VTU by the last day of the month in which HYT date occurs. Automatic HYT waiver to the VTU expires 0-days after final adjudication date.

d. **Selected for Officer Appointment.** USNR and USNR-S1 members selected for an officer appointment who are at or beyond their HYT date are granted an automatic HYT waiver to the VTU while awaiting commissioning, but may seek a waiver to remain in paid SELRES status per procedures in paragraph 6. These personnel must be transferred to the VTU, unless a SELRES HYT waiver is approved.

e. **Reduction in Rate**

(1) AC and FTS members reduced in rate are authorized to complete the current enlistment, only if it expires on or before the HYT gate of the new pay grade.

(a) When the soft expiration of active OBLISERV (i.e., expiration of OBLISERV plus any extensions) exceeds the HYT LOS gate of the reduced pay grade, separation must occur within 180 days from the date of reduction in rate, unless granted an HYT waiver, reinstated, or subsequently advanced. Short term extensions may be authorized when a member has insufficient OBLISERV remaining to reach the 180-day separation timeline to ensure adequate transition time.

(b) When HYT date is greater than 180 days following reduction in rate, the member will be separated at the HYT LOS gate (if prior to the soft expiration of active OBLISERV) or at soft expiration of active OBLISERV (if prior to his or her HYT LOS gate) if the member is ineligible to reenlist or extend to the HYT LOS gate of the reduced pay grade.

(c) OPNAV (N133) will manage nuclear-trained members who are reduced in rate, and will be the disposition authority for HYT separations.

(2) USNR and USNR-S1 members reduced in rate are authorized to complete their term of enlistment when their expiration of OBLISERV is before the HYT limiting gate of the new pay grade. If the new HYT limiting gate has already been

exceeded at the time, the member is reduced in rate, or the HYT limiting gate is less than 180 days, the member must retire (if eligible), or be separated within 180 days from the date of their reduction in rate, unless they are granted an HYT waiver, reinstated, or are subsequently advanced.

(3) AC and FTS members who have completed 18 years, but less than 20 years of service and are subsequently reduced in rate shall be retained on active duty until they are eligible to transfer to the Fleet Reserve, unless they are discharged under other provisions of law.

(4) USNR and USNR-S1 members who have completed 18 TYQS, but have less than 20 TYQS, and are subsequently reduced in rate shall be retained in the VTU until they are eligible to transfer to the Retired Reserve with or without pay, unless discharged under other provisions of law.

f. Procedures to Correct HYT Dates

(1) If it is determined that a HYT date for an AC or FTS member is incorrect, contact BUPERS-32, or if nuclear trained - contact OPNAV (N133) for verification and subsequent correction to the EMF. SELRES and VTU personnel must contact their supporting Navy Reserve activity. ASP and USNR-S1 personnel must contact NAVPERSCOM (PERS-913).

(2) AC and FTS HYT gates for OSVETs in pay grades E-4 and below are computed based on total active Navy service only. In order to update the EMF to reflect a corrected HYT date, commands should send the following documents to BUPERS-32:

(a) Copy of member's initial enlistment contract;
and

(b) Copy of each of the member's DD 214 Certificate of Release or Discharge from Active Duty, or a DA 1506 Statement of Service - For Computation of Length of Service for Pay Purposes reflecting all periods of military service (in any branch).

1. General Information

a. This article provides policy and execution guidance related to Career Waypoints-Reenlistment (C-WAY-REEN), formerly known as Perform To Serve (PTS). It codifies existing policies and supersedes all prior policy guidance related to PTS, including naval messages released prior to the date of this article. All final adjudications processed through PTS will remain in effect, unless otherwise determined by the Office of the Chief of Naval Operations (OPNAV), Enlisted Force Shaping, Plans, and Policy (N132) and Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) enlisted community managers (ECM). Refer to the latest OPNAV, Military Personnel, Plans, and Policies Division (N13) C-WAY-REEN quota management business rules for specific, detailed guidance not included in this MILPERSMAN article located on the Career Waypoints C-WAY Web page on the NPC Web site at:
<http://www.public.navy.mil/bupers-npc/career/careercounseling/Pages/C-WAY.aspx>.

b. C-WAY-REEN is a reenlistment quota and force management module within the C-WAY System, formerly known as Fleet RIDE. C-WAY is a corporate information technology system which provides a mechanism for matching personnel inventory to requirements with the best performing Sailors. It serves as a service continuum system and is designed as a long-term force management tool, balancing manning across rates, ratings, Active Component (AC), Full Time Support (FTS), and Reserve Component

(RC) through Bureau of Naval Personnel (BUPERS) control of the reenlistment and enlistment contract extension quotas. C-WAY will be continually enhanced to link present and future enlisted force management strategies that align policy and execution to meet mission requirements. C-WAY contains career management modules delineated as follows:

(1) C-WAY-REEN applies to all rated AC and FTS Sailors E-3 through E-6 with 14 years or less of service at their expiration of active obligated service (EAOS) as extended, also identified as soft EAOS (SEAOS), requiring authorization to either reenlist or execute a short-term extension (STE) when required;

(2) C-WAY Conversion (C-WAY-CONV) applies to Reserve Component Sailors desiring to laterally convert rates. Refer to MILPERSMAN 1440-010 for details;

(3) C-WAY Transition (C-WAY-TRANS) applies to Selected Reserve (SELRES) Sailors desiring to change from Reserve Component to Active Component (RC2AC) or to Full Time Support (RC2FTS). Refer to MILPERSMAN 1306-1505 for details;

(4) C-WAY Professional Apprenticeship Career Track (PACT) Designation (C-WAY-PACT), formerly Rating Entry for General Apprentice (REGA), applies to unrated Sailors desiring to become rated. Refer to MILPERSMAN 1306-611 for details;

(5) C-WAY-Reclassification applies to Sailors attriting from Recruit Training Command and class "A" school training who are reclassified. Refer to MILPERSMAN 1236-020 for details.

c. In conjunction with this article, the C-WAY User Guide provides detailed procedural information on the execution of C-WAY. The C-WAY User Guide will be updated on a regular basis and is located on the C-WAY Web page on the NPC Web site at: <http://www.public.navy.mil/bupers-npc/career/careercounseling/Pages/C-WAY.aspx>.

Note: Exhibit 2 provides information used to determine Sailor identity, reenlistment eligibility, and conversion opportunities.

2. C-WAY-REEN Policy

a. All rated E-3 through E-6 AC and FTS Sailors (excluding CPO selectees) with 14 years or less of service at their SEAOS must submit their reenlistment intentions in the C-WAY-REEN module. C-WAY-REEN module automatically generates applications 15 months prior to SEAOS and projected rotation date (PRD). PRD applications are generated for Sailors who have less than 24 months of contract time between PRD and SEAOS. Completed applications must be submitted 13 months prior to SEAOS and 12 months prior to PRD. Sailors must have an approved C-WAY-REEN quota prior to reenlisting. If a Sailor is eligible for a selective reenlistment bonus (SRB), a precertification can be submitted once a C-WAY-REEN application has been made. SRB will not be approved until a C-WAY-REEN quota has been obtained. C-WAY-REEN applications must be complete and reflect the Sailor's intentions.

b. E-3 through E-6 Sailors with 14 years or less of service must utilize the C-WAY-REEN module to obtain approval to reenlist, laterally convert to another rating, convert between AC and FTS, or indicate their intention to separate from naval Service. C-WAY-REEN can also be used to transition from AC or FTS to the SELRES for Sailors who can apply for in-rate, or who are eligible to direct convert.

c. In many cases a C-WAY-REEN quota is required to obtain additional obligated service (OBLISERV) to accept permanent change of station (PCS) transfer orders. Sailors within 13 months of their SEAOS require C-WAY-REEN approval to extend their current enlistment contract. This requirement is deferred for Sailors who are approved for the Voluntary Sea Duty Program per MILPERSMAN 1306-141. As a result of the approved extension, the Sailor's C-WAY-REEN window is adjusted based on the new PRD/SEAOS. If applicable, the Sailor must then apply in C-WAY-REEN module during their adjusted entry point (PRD/SEAOS window). Sailors with greater than 13 months from their SEAOS do not require C-WAY-REEN approvals to execute extensions per MILPERSMAN 1160-040; however, Sailors cannot execute an extension that will take their SEAOS beyond 14 years without prior C-WAY-REEN approval.

d. Designated E-1 and E-2 Sailors are not eligible for C-WAY-REEN. Commands must not submit C-WAY-REEN applications for these members because they do not meet professional growth criteria per MILPERSMAN 1160-030. This includes Sailors reduced

in rank. Contact the C-WAY help desk at career_waypoints@navy.mil to remove the automatic pre-populated application(s) for Sailors who are reduced in rank.

e. PACT Sailors are not authorized to utilize C-WAY-REEN to gain designation or request class "A" school training. These Sailors are to utilize C-WAY-PACT designation module per MILPERSMAN 1306-611.

f. To apply for C-WAY-REEN approval, Sailors must be fully qualified to reenlist per MILPERSMAN 1160-030.

Note: C-WAY-REEN approval does not override or waive reenlistment eligibility requirements established in MILPERSMAN 1160-030, nor does it override or waive rating eligibility per MILPERSMAN 1306-618.

g. Sailors in a limited duty (LIMDU) status are required to compete in C-WAY-REEN during normal C-WAY-REEN application windows. LIMDU Sailors who receive a C-WAY-REEN quota cannot reenlist until they meet reenlistment eligibility criteria per MILPERSMAN 1160-030. LIMDU Sailors with a C-WAY-REEN in-rate approval who are in a LIMDU status when their quotas expire, have 45 days after being designated "Fit for Full Duty" to request reinstatement of their in-rate quotas. Command career counselors (CCCs) must contact the respective BUPERS-32 ECM to request reinstatement.

h. Sailors may apply for an AC, FTS, or SELRES quota.

(1) AC applications are for Sailors desiring to affiliate or continue affiliation with the AC.

(2) FTS applications are for Sailors desiring to affiliate or continue affiliation with FTS.

(3) SELRES applications are for Sailors desiring to affiliate with the SELRES. These applications are limited to in-rate opportunities and for those Sailors who are eligible to direct convert to another rating within the SELRES. Sailors who require a class "A" school as part of their SELRES application must apply through a Navy recruiter.

Note: In order to affiliate as a SELRES through the career transition office (CTO) and C-WAY-REEN, Sailors must receive C-WAY approved quotas 90 days prior to their SEAOS. Sailors who do not receive quotas within these guidelines who still desire to affiliate with SELRES need to contact a Navy recruiter. For details on SELRES affiliation through CTO refer to MILPERSMAN 1306-1501.

i. In addition to component type (AC, FTS, SELRES), C-WAY-REEN applications must indicate Sailors' retention desires and include the following application types:

(1) "In-Rate Only" (AC, FTS, or SELRES). Sailors desire to be considered for retention in their current ratings only.

(2) "In-Rate Preferred - Willing to Convert" (AC, FTS, or SELRES). Sailor's desire first to be considered for retention in rate, if not selected for retention in-rate, if willing to laterally convert and or request component change from AC to FTS or FTS to AC. Convert-out quotas must exist for the Sailors' current ratings, year groups (YG), and pay grades during PRD or SEAOS in-rate application windows.

(3) "Convert-Only" (AC, FTS, or SELRES). Sailors do not desire to be retained in their current rates and want to compete for lateral conversion opportunities and or component change from AC to FTS or FTS to AC. Convert-out quotas must exist for the Sailors current ratings, YGs, and pay grades during PRD or SEAOS application windows. If the Sailor does not qualify for available convert-in options, or has no convert-in options, submit the Sailor as "no apply this month" with "out of in-rate looks - no convert opportunities available for this member."

Note: For more detailed information concerning lateral conversion authorization see MILPERSMAN 1440-010.

(4) "Not Eligible." Sailors who are not retention/reenlistment eligible at the time of the application (i.e., not recommended for retention, progressing (PROG)/significant problems (SP) on either of the two most recent evaluations, 3 physical fitness assessment (PFA) failures in last 4 years, failure to meet rating occupational standards, etc.) must have this type of application submitted. Refer to MILPERSMAN 1160-030 for eligibility requirements.

(5) "Intends to Separate." Sailors who indicate they do not desire to be retained on active duty (AC or FTS) must have this type of application submitted. Once an "intends to separate" application is submitted, the Sailor will be required to separate at SEAOS (i.e., their application is locked and will not allow applications to be submitted). In certain instances Sailors can request, via their CCC, a C-WAY-REEN reset by contacting the respective rating BUPERS-32 ECM. BUPERS-32 ECM can make a final C-WAY-REEN "reset" determination based on individual circumstances, rating health, YG, and time remaining until SEAOS. Additionally, Sailors' applications submitted as "intends to separate" who desire submission for SELRES may contact the C-WAY help desk directly for reset to SELRES only.

Note: If the Sailor intends to separate, but desires SELRES affiliation, submit a SELRES application in lieu of an "intends to separate" application.

(6) "No Apply This Month." Sailors who are undecided about their career intentions when the system generates applications must submit this type of application.

j. Automatic Approval. C-WAY has the capability to provide automatic approvals for certain eligible Sailors. Command approved Sailors with up-to-date corporate record data will receive answers about reenlistment requests based on the health of their community. Community health categories are "open," "balanced," and "competitive." Category definitions are provided in Exhibit 1. OPNAV (N13) retains the authority to exercise the "automatic approval" capability.

k. SEAOS Applications. The SEAOS application processing window begins at 13 months and ends at 3 months prior to a Sailor's SEAOS. These applications are system generated 15 months prior to SEAOS (e.g., Sailor has SEAOS of April 2015; their next SEAOS application will be automatically generated by January 2014 in C-WAY, with the first processing month in March 2014.) Sailors will receive 8 looks to remain on active duty (monthly from 13 to 6 months from their SEAOS).

(1) Months 13/12/11/10 - During this period, Sailors submit reenlistment applications for active duty in-rate, active duty conversion, or transition to SELRES, or indicate their intention to separate. Limiting in-rate applications to the first four looks ensures Sailors receiving in-rate approvals can utilize the full Career Management System-Interactive Detailing

(CMS-ID) negotiating window during months 9 to 7. Nuclear-trained personnel are only authorized to submit applications to reenlist in-rate 13 to 10 months from SEAOS.

(2) Months 9/8/7/6 - During this period Sailors submit applications for rating conversion, and or component change (AC to FTS or FTS to AC) or transition to SELRES. At this stage, active duty In-Rate applications are not authorized. Nuclear-trained personnel are only authorized to submit applications for SELRES quotas 9 to 6 months from SEAOS.

(3) Months 5/4/3 - During this period Sailors may submit applications for transition to the SELRES. At this point, active duty in-rate or conversion applications are not authorized.

l. PRD Applications. PRD application processing window begins at 12 months and ends at 10 months prior to PRD for Sailors with less than 24 months contract time remaining. These applications are system generated 15 months prior to PRD (e.g., Sailor has PRD of April of 2015 and an SEAOS of no later than March 2017, their PRD application will be automatically generated by C-WAY in January 2014 with the first processing month in April 2014). If an "intends to separate" application is submitted during the PRD application window, the application will remain in this status through the SEAOS application window.

m. Special Circumstance (SC) Applications. SC applications may be submitted for Sailors outside of system generated applications when one of the following situations warrant:

(1) Selective Training and Reenlistment (STAR). Sailors who desire to reenlist as part of the STAR Program prior to their normal C-WAY-REEN window must submit SC STAR option per MILPERSMAN 1160-100.

(2) SRB. Sailors who desire to reenlist at their EAOS and are eligible for a SRB prior to an extension going operative can apply in C-WAY within 12 months of EAOS by selecting this option.

(3) Decommissioning. Sailors requiring orders as a result of decommissioning or unit disestablishment with less than 24 months of remaining OBLISERV at the event date must use this option. Commands must submit a SC (decommissioning option)

application 12 months prior to event date, if the decommissioning or unit disestablishment event timeline allows. For those Sailors within 12 months of the decommissioning or unit disestablishment event timeline, submit applications as soon as possible. Include decommissioning or unit disestablishment date and unit identification code (UIC) in the notes section of the C-WAY application.

(4) Nuclear Power Program (NPP). Nuclear power and submarine qualified Sailors requiring C-WAY-REEN approval to receive incentive pays should submit SC (Nuke Power Program option) applications with notes indicating their individual situations.

(5) Submarine Program. Submarine qualified Sailors requiring C-WAY-REEN approval to receive incentive pays should submit SC (Submarine Program option) applications with notes indicating their individual situations.

(6) Early Transfer. This type of application must be required by NAVPERSCOM, Enlisted Distribution Division (PERS-40) (rating assignment detailer) to ensure the Sailor incurs the required OBLISERV to fulfill the prescribed sea or normal shore tour at the next duty station. Include details pertaining to the early transfer in the notes section of C-WAY.

(7) Homeport Change. This type of application must be required by NAVPERSCOM (PERS-40) to ensure the Sailor incurs the required OBLISERV to fulfill transfer requirements (e.g., DoD area activity tour, etc.). Include details pertaining to the homeport change in the notes section of C-WAY.

(8) LIMDU/Medical Status Change. This type of application is for the rare instance in which a LIMDU Sailor is unable to submit during the normal C-WAY-REEN window and requires C-WAY approval for follow-on orders (e.g., Sailor is extended due to awaiting medical findings and is unable to submit SEAOS application).

(9) Conversion. For circumstances in which force structure changes have significantly impacted reenlistment in-rate opportunity, SC conversion applications may be submitted outside established SEAOS/PRD windows. Affected ratings will be authorized by an exception to policy and advertised via BUPERS-32 Web pages and or C-WAY business rules. All other eligibility requirements remain in force.

(10) Other. SC Other are those applications not included in the aforementioned and should **not** be used, except in **very rare circumstances**. Such an example of use would include a pregnant Sailor who is unable to submit her application during the normal C-WAY-REEN window and requires C-WAY approval for additional OBLISERV for follow-on orders. Contact the C-WAY help desk for additional guidance.

Note: For Sailors outside of the mandatory C-WAY-REEN PRD window (i.e., Sailors who have more than 24 months of contract time between PRD and SEAOS), C-WAY-REEN approval is not required and should not be submitted to negotiate for PCS orders, except for special programs requiring unique OBLISERV per MILPERSMAN 1306-106 (e.g., White House Communications, Camp David, etc.).

n. Quota Expiration. C-WAY-REEN in-rate quotas (AC and FTS) are valid for 13 months from the processing month of the application (i.e., an in-rate approval for an application submitted in July will expire 31 August the following year).

o. Quota Utilization. Any action that changes an SEAOS date, such as reenlistment or execution of a new contract extension (other than those for OBLISERVE to train) constitutes utilization of a C-WAY-REEN quota.

p. Conversion Quotas. C-WAY-REEN conversion quotas do not expire until the current enlistment date and the enlisted manning code is changed, allowing the member to execute extensions until rated (e.g., upon completion of class "A" school, reenlist through direct conversion, component changes, etc.). Extensions are authorized to complete any required training to facilitate change of rate. Sailors who fail to complete required lateral conversion training must be processed per MILPERSMAN 1910-133.

Note: Verify that Sailors' extensions are submitted to personnel support detachments as "school" extensions to ensure C-WAY-REEN conversion quotas are not executed.

q. Advancement. Sailors who have received a denied final-active (DFA) status and subsequently are selected for advancement as a result of a Navy-wide advancement exam (NWAE) taken prior to receipt of that DFA status or Meritorious Advancement Program, providing this is their initial advancement into that pay grade, may be authorized a reset for one

additional review at the frocked pay-grade. **Sailors must have sufficient active obligated service time remaining to permit full C-WAY-REEN decision processing for the application.** STEs are **not** authorized to allow for an additional review. Commands must contact BUPERS-32 ECM to request reset.

r. Changes to Eligibility Status. Commands must immediately notify the applicable BUPERS-32 ECM of any actions that could adversely affect a Sailor's C-WAY-REEN eligibility (i.e., reenlistment eligibility) status. This includes, but is not limited to, loss of retention recommendation, loss of security clearance, PFA failures, PROG or SP marked evaluations, rating disqualification of any kind, member elects to separate, refusal to OBLISERV or negotiate for PCS orders, and ineligibility for reenlistment for any reason. BUPERS-32 ECM will determine how the Sailor's current status affects their C-WAY-REEN eligibility and how the command should proceed regarding future applications.

s. Returning C-WAY-REEN Quotas. Sailors with an approved C-WAY-REEN in-rate or conversion quota who subsequently choose to separate or disqualify themselves for retention will sign NAVPERS 1070/613 Administrative Remarks (permanent entry) clearly indicating their situations. NAVPERS 1070/613 will include the following statement and will be submitted to BUPERS-32:

"Due to the (voluntary/involuntary) revocation of my (in-rate/conversion) C-WAY-REEN quota, I am completely aware and understand that I am no longer eligible to remain on (active duty) due to my (election to separate/retention disqualification). I will be required to separate at my current SEAOS of (date). I (do/do not) intend to apply for a SELRES quota."

Note: C-WAY generates e-mails to CCCs, providing a listing of their Sailors with an unexecuted approval and with an SEAOS within 90 days.

3. Responsibilities

a. OPNAV (N13) is responsible for approval of enlisted force management policy in support of the Deputy, Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for C-WAY-REEN policy, quota management plans and

business rules, and rack and stack (see Exhibit 1 for definition) results.

b. OPNAV (N132) is responsible for developing enlisted force management policy in support of the OPNAV (N1). As such, OPNAV (N132) is responsible for C-WAY policy development and execution oversight. Additionally, OPNAV (N132) coordinates with BUPERS-32 to establish a C-WAY-REEN quota management plan and business rules as required.

c. BUPERS-32, in coordination with OPNAV (N132), must manage individual rating quota plans and adjudicate all C-WAY applications, as directed by OPNAV (N13), and delineated by BUPERS, Military Community Management (BUPERS-3). BUPERS, Career Waypoints Branch (BUPERS-33) serves as the C-WAY Program Manager and is responsible for C-WAY execution.

d. OPNAV, Nuclear Program Manager (N133), in coordination with OPNAV (N132) and BUPERS-32, serves as the C-WAY manager for nuclear-trained personnel.

e. Immediate Superior In Command (ISIC). ISIC CCCs will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all C-WAY-REEN related policies. Designated representatives can gain C-WAY System access by submitting OPNAV 5239/14 System Authorization Access Request Navy (SAAR-N) to career_waypoints@navy.mil.

f. Command Responsibility. Commanding officers and officers-in-charge, hereinafter referred to as commanders, are responsible for the completeness and accuracy of all C-WAY-REEN applications. Commanders must ensure that their command personnel understand and comply with all C-WAY-REEN related policies. Failure to submit, administrative error(s), and or inaccurate applications will **not** result in an extension of Sailors' C-WAY-REEN window. Additionally, commanders must

(1) ensure their CCC and or designated representatives obtain C-WAY System access;

(2) ensure applications for Sailors under their cognizance who are required to use C-WAY, to include those concurrently assigned elsewhere (e.g., individual augmentee, temporary additional duty (TAD), etc.), are submitted in C-WAY-REEN. Command personnel must complete applications for Sailors who intend to separate or are not retention eligible to ensure

they are accounted for and are issued a separation quota (i.e., submit "intends to separate" or "not eligible" applications (as appropriate));

(3) validate all Sailor C-WAY-REEN application data, including Sailors' intentions and qualifications for chosen lateral conversion ratings;

(4) review (including application notes) and update C-WAY-REEN active applications each month. This action will change C-WAY-REEN applications from the "saved-action required" to the "submitted" status. Commands are required to update applications to reflect changes to Sailors C-WAY-REEN eligibility status or desired rating lateral conversion choices;

(5) certify all applications are accurate by selecting the block that states: "I have validated all of the information in this section and certify the commanding officer still recommends and the Sailor concurs with this application;"

(6) designate representatives to submit C-WAY-REEN applications for all subordinate UICs, or designate a representative for each subordinate UIC;

(7) submit applications via the C-WAY System Web site. Commands/ISICs may submit C-WAY-REEN applications for each UIC under their authority. Commands unable to submit applications (as described above) are required to contact their ISIC prior to contacting the C-WAY help desk for assistance;

(8) submit applications by the application deadline. The deadline for submission of applications for eligible Sailors is 2359 central standard time (CST) on the last calendar day of each month;

(9) include the Sailor's five most current evaluations in the application (not observed evaluations are to be included, but are not used in the calculation of the evaluation average). For cases in which the Sailor does not have five evaluations, include a brief description of the reason in the notes section of the application. Failure to include all applicable evaluations or corresponding notes may result in invalidation of the application by BUPERS-32. First-term Sailors who have not received a regular periodic evaluation require a special evaluation; and

(10) in all cases which application questions arise or additional clarification is required, contact the Career Waypoints help desk for guidance at (901) 874-2102 (DSN 882) or e-mail the Career Waypoints help desk at: career_waypoints@navy.mil;

g. Sailor Responsibility. Individual Sailors are ultimately responsible for their careers. Being unaware of Navy policies or application status will not justify additional reviews or extension of their C-WAY-REEN window. Sailors

(1) will engage their chain of command and CCC prior to entering any C-WAY-REEN window. Sailors should fully explore STE potential, in-rate, and conversion opportunities, and use their most recent career development board as a guide in making their career decisions;

(2) will ensure, with the assistance of their CCC, all required C-WAY-REEN applications submitted on their behalf are accurate, submitted on time, and indicate their intentions. If necessary, and to ensure application accuracy, request the CCC provide a copy of the screen shot of the submitted application.

Note: Sailors who take the Armed Forces Classification Test and improve their scores may expand their lateral conversion opportunities.

(3) should seek immediate assistance from their chain of command and CCC to answer their C-WAY-REEN questions. Additionally, CCCs should utilize their ISIC CCCs for immediate assistance. To resolve issues that cannot be handled at the ISIC level, CCCs may also contact the Career Waypoints help desk for guidance at (901) 874-2102 (DSN 882) or e-mail the Career Waypoints Help Desk at career_waypoints@navy.mil.

4. Application Processing

a. Quotas. BUPERS-32 provide C-WAY-REEN quotas by rating and YG based on approved quota plans, which are derived from individual rating health and Sailor retention behavior. OPNAV (N133) controls quotas for nuclear-trained personnel.

b. Ranking. Each month C-WAY-REEN applicants who are not eligible for automatic approval will be compared against all eligible applicants within their same YG and the rating's enlisted manning code for in-rate selections using the "rack and

stack" process. For Conversions, Sailors will be compared to qualified applicants within their same YG. C-WAY-REEN will utilize the most current approved criteria-algorithm for rack and stack, as published on the C-WAY Web page on the NPC Web site at: <http://www.public.navy.mil/bupers-npc/career/careercounseling/Pages/C-WAY.aspx>.

c. BUPERS-32 review C-WAY-REEN applications for completeness and accuracy. Incomplete or erroneous applications will be invalidated by BUPERS-32. BUPERS-32 will assign one of the following status codes during the "rack and stack" process:

(1) Approved (AC/FTS/SELRES). Sailor is approved for in-rate quota and may reenlist (if eligible) per MILPERSMAN 1160-030.

(2) Approved-DC (AC/FTS/SELRES). Sailor is approved for **Direct Conversion** to one of the ratings for which he or she applied and may reenlist per MILPERSMAN 1440-010.

(3) Approved-"A" School (AC/FTS). Sailor is approved for lateral conversion, via "A" school, to one of the ratings for which he or she applied. Refer to MILPERSMAN 1440-010 for change in rate guidance.

Note: Sailors applying for SELRES who require "A" school to qualify for the new rating must apply through a Navy recruiter via Prior Service Reenlistment Eligibility - Reserve (PRISE-R) Program per MILPERSMAN 1133-061.

(4) Approved-Pending (AC/FTS/SELRES). Sailor does not have permission to reenlist; however, he or she has met initial screening for in-rate or lateral conversion and the gaining BUPERS-32 ECM requires additional information before making a final determination (e.g., security clearance, physical examination, etc.). **Sailors who fail to contact the gaining BUPERS-32 ECM the month following release of results, or fail to complete additional requirements within 45 days will have their application changed to "denied" (e.g., February application results released in March, BUPERS-32 ECM contact must occur no later than 15 APR and requirements completed no later than 30 APR).** Sailors subsequently found ineligible for AC or conversion will have their C-WAY applications denied; Sailors still in the C-WAY application window may apply for their remaining looks.

(5) Denied (AC/FTS/SELRES). This status indicates a Sailor was not selected for any of his or her requested application choices, but still has additional C-WAY-REEN looks remaining.

(6) Denied Final-In-Rate (AC/FTS). Sailor was not approved during the C-WAY-REEN "in-rate" application window. Sailor may submit applications for a lateral conversion or the SELRES after receiving this status.

(7) Denied Final-Active (AC/FTS). The following applies for this status: Sailor was not approved for any active application choices; Sailor submitted "intent to separate," "not eligible," or "no apply this month" application; is within 6 months of SEAOS; and does not have any additional active duty reviews remaining. Separation processing from active duty must commence. Sailors may apply for SELRES until they are within 3 months of SEAOS.

(8) Denied Final-SELRES (SELRES). Sailor was not selected for any application choices, is within 3 months of SEAOS, and does not have any additional SELRES reviews remaining. Sailors desiring to affiliate with SELRES may contact a Navy recruiter.

5. Results

a. Upon completion of the rack and stack process, the BUPERS-32 ECM adjudication process, and final approval by OPNAV (N13), (normally the second or third week of each month) the C-WAY-REEN results from the previous month's applications will be released via C-WAY and found under the "reports" section of the C-WAY Program. Commands and ISICs may access the results via the "Command C-WAY Personnel" report. Final adjudication letters may be found in the "Command C-WAY Summary" report.

b. A Sailor's C-WAY-REEN status can change from "approved" to the following:

(1) "Approved-Executed." Sailor reenlisted or signed extension paperwork;

(2) "Approved-Expired." Sailor failed to utilize quota in the allotted timeframe (i.e., 13 months);

(3) "Approved-Revoked." Quota was revoked by the BUPERS-32 ECM; or

(4) "Approved-Separated." Sailor left active duty with an approved quota.

c. C-WAY-REEN applicants with final adjudication will have their results uploaded into the Navy Enlisted System/Enlisted Assignment Information System. CMS-ID and the personnel online listing (POLL) (commonly referred to as LOPG) also receive C-WAY-REEN status codes. Commands experiencing any C-WAY-REEN status code conflicts between the aforementioned systems must contact the C-WAY help desk for assistance. The C-WAY-REEN status codes in LOPG are:

- (1) AIR - active in-rate approval
- (2) ACV - Active conversion approval
- (3) DFI - Denied final In-Rate
- (4) FSP - Denied final, forced separation
- (5) VSP - Denied final, voluntary separation
- (6) ESP - Denied final, ineligible separation
- (7) ITS - No final status, intends to separate
- (8) IEG - No final status, currently ineligible
- (9) RQR - No final status - requested SELRES

d. Approval to Reenlist. Commanders are authorized to reenlist Sailors, per MILPERSMAN 1160-030, upon receipt of the C-WAY-REEN approval notification, except as noted in paragraph (2), below.

(1) Lateral Conversion Via Class "A" School Approval. Sailors are required to OBLISERV, per MILPERSMAN 1306-604, prior to attending training. Failure to OBLISERV will result in cancelation of conversion approval and separation from active duty.

(2) Commanders are **not authorized** to reenlist those Sailors who are "approved-pending."

(3) Lateral Conversion Training. Refer to MILPERSMAN 1440-010 for reenlistment guidance. Sailors who fail to complete the formal training required for lateral conversion to the new rating assigned via C-WAY-REEN will be processed for separation per MILPERSMAN 1910-133.

e. Sailors unable to execute the lateral conversion process, through no fault of their own (e.g., placed in a LIMDU status, "not physically qualified" for new rating, pregnancy, etc.) may be offered an opportunity to select another rating via C-WAY-REEN with the approval of the applicable BUPERS-32 ECM.

f. Training for Approved Lateral Conversions. Orders to training for approved lateral conversions will be based upon school seat availability and the Sailor's PRD. Commands are encouraged to work with NAVPERSCOM, Shore Special Programs Branch (PERS-4010) to find suitable school seat availability.

g. Lateral Conversion Option after Advancement. Sailors selected for lateral conversion via C-WAY-REEN who subsequently advance via the NWAEE in their former ratings prior to initiating their lateral conversion processes should contact NAVPERSCOM, Career Administration Division (PERS-81) to determine their options per reference (a).

h. Conversion from AC to FTS and from FTS to AC. Sailors who are approved to convert from AC to FTS or from FTS to AC must ensure their reenlistment contract has the appropriate component listed as follows:

	AC	FTS
Branch/Class	USN/11	USN/32
Status	Active	Active
RADO Months/Days	N/A	48/00 (4-year contract)

6. Involuntary Separation

a. Reference (b) and MILPERSMAN 1920-040 provide involuntary separation pay eligibility criteria and guidelines. For full separation pay members must have completed at least 6 years of active service, must enter into a written agreement to serve a minimum of 3 years in the Ready Reserve, or receive a disapproval letter from NAVPERSCOM, Individual Ready Reserve Mobilization and Force Management Division (PERS-93) and be involuntarily separated.

b. C-WAY-REEN status is one of many factors that determine involuntary separation pay eligibility. Members who are not eligible for reenlistment, per MILPERSMAN 1160-030, and therefore not eligible to apply for C-WAY-REEN are not being separated due to C-WAY. A C-WAY-REEN separation letter is not required, **nor should it be used**, in cases which member is not eligible for reenlistment. These members should be separated at their SEAOS or processed for administrative separation (if applicable) based on the ineligibility.

c. Per MILPERSMAN 1920-030 and MILPERSMAN 1920-040, Service members who initiate or cause their own voluntary separation are not entitled to any separation pay. Commanding officers are required to ensure DD 214 Certificate of Release or Discharge from Active Duty reflects a "voluntary" separation code per reference (c). SEAOS based C-WAY-REEN application history information is located in the final determination letter. Additionally, commanding officers should provide personnel support detachments a letter stating whether or not the Sailor's separation is voluntary or involuntary, and the history upon which this determination was made. Commanding officers should take the following questions into consideration when making a determination on the separation code:

(1) Is the Sailor's separation truly due to C-WAY-REEN, vice other reasons (i.e., three PFA failures in 4 years, high year tenure, PROG/SP evaluations, reenlistment ineligibility, etc.)?

(2) Was the Sailor diligent in his or her effort to remain on active duty by following the required C-WAY-REEN application submission process (i.e., exhaust all application opportunities available)? Per MILPERSMAN 1920-030, "a Service member who declines, or does not request reenlistment, or extension and is subsequently separated" is considered a voluntary separation. Applications resulting in "failed to submit," through no fault of the Sailor, may be explained in a memorandum signed by the commanding officer supporting the Sailor's efforts to remain on active duty.

(3) Was the Sailor eligible for reenlistment per MILPERSMAN 1160-030, and therefore eligible to submit a C-WAY-REEN application?

(4) If the Sailor was ineligible to remain in-rate, what factors contributed to their ineligibility? Did the Sailor participate in the forced conversion process, per MILPERSMAN 1440-011, and what were those results?

(5) If the member did not request conversion, what factors contributed to his or her decision? Was the opportunity to convert available? The C-WAY-REEN application history in the C-WAY-REEN final determination letter will annotate when conversion opportunity does not exist. Per MILPERSMAN 1920-030, a Service member who declines training to qualify for a new skill or rating as a precondition of reenlistment is considered a voluntary separation.

EXHIBIT 1
CAREER WAYPOINTS' DEFINITIONS
(Definitions are provided to ensure clarity when discussing
Career Waypoints).

1. **Open Reenlistment (community health)** - Sailors in undermanned skill sets.
2. **Balanced Reenlistment (community health)** - Sailors in skill sets that are fully manned.
3. **Competitive Reenlistment** - Sailors in skill sets that are overmanned or have special requirements.
4. **Eligible** - Sailors in the C-WAY-REEN application window or qualify under the Special Circumstance situation and meet reenlistment requirements per MILPERSMAN 1160-030.
5. **Expiration of Active Obligated Service (EAOS)** - The expiration date for active obligated service on a contract of enlistment/reenlistment. Specifically, this term refers to the last day of service a Sailor must serve to complete an enlistment contract. There are two subcomponents to this term:
 - a. **Hard EAOS** - The final date through which a Sailor must serve to complete his or her enlistment contract (includes extensions that have been made operative).
 - b. **Soft EAOS As Extended (SEAOS)** - The final date through which a Sailor must serve to complete their active obligated service including any executed extension, whether or not the extension is currently operative.
6. **Fiscal Year (FY)** - A period of time used by the Government for accounting purposes. The FY runs from 1 October through 30 September (e.g., 1 October 2013 through 30 September 2014 would be FY 14).

EXHIBIT 1
CAREER WAYPOINTS' DEFINITIONS
(continued)

7. **Limited Duty (LIMDU)** - LIMDU refers to any period during which a Sailor is listed within accounting category code (ACC) 105 and where the Sailor's ability to perform duties has been limited due to medical reasons. LIMDU status does not preclude Sailors from submitting C-WAY-REEN quota requests. However, these Sailors are ineligible to execute reenlistments, long term extensions (LTE), or short-term extensions (STE) while in a LIMDU status. Additional guidance for LIMDU Sailors can be found in MILPERSMAN 1160-040.

8. **Obligated Service (OBLISERV)** - Term used to express contract time required to meet minimum service obligations for a particular program or permanent change of station orders achieved via reenlistment or extension.

9. **Projected Rotation Date (PRD)** - The projected end of a Sailor's given time on station assignment, as delineated on his or her permanent change of station orders.

10. **Quota** - An administrative authorization from the Deputy Chief of Naval Personnel via the Career Waypoints-Reenlistment application to reenlist/extend.

11. **Rack and Stack** - The methodology used to compare all submitted Sailor applications against each other based on a set algorithm. Sailors are compared within the same year group and enlisted manning code cohort. Rack and Stack of submitted applications occur at each step of the process for each available Career Waypoints-Reenlistment opportunity.

12. **Reenlistment** - A signed and executed contract for a new term of service in increments of 2, 3, 4, 5 or 6 years.

13. **Short-Term Extension (STE)** - Extension of an enlistment contract signed and executed by a Sailor for a period of 23 months or less.

14. **Year Group (YG)** - Based on the fiscal year of the active duty service date (ADSD). ADSD is calculated from the day a Sailor arrives at Recruit Training Command, Great Lakes IL.

EXHIBIT 2
APPLICANT INFORMATION AND USE
(Information Used to Determine Sailor Identity, Reenlistment
Eligibility, and Conversion Opportunities).

1. **Social Security Number (SSN)** - Required to match Sailor's identity to Navy corporate systems and will be used until DoDID is in place.
2. **Date of Birth** - Required to ensure Sailors meet age requirements for certain ratings.
3. **Gender** - Required to ensure Sailors meet gender requirements for certain ratings.
4. **Last Name** - Required to identify Sailor and generate final adjudication letters.
5. **First Name** - Required to identify Sailor and generate final adjudication letters.
6. **Middle Initial** - Required to identify Sailor and generate final adjudication letters.
7. **Active Duty Service Date (ADSD)** - Required to determine a Sailor's year group.
8. **Pay Entry Base Date (PEBD)** - Required to determine high year tenure date for a Selected Reserve Sailor.
9. **Pay Status** - Required to determine if a Navy Reserve Sailor is in a pay or non-pay status.
10. **Current Rating** - Required to determine a Sailor's current rating.
11. **U.S. Citizen** - Required to ensure Sailors meet citizenship requirements for certain ratings.
12. **Parents U.S. Born** - Required to ensure Sailors meet citizenship requirements for certain ratings.

EXHIBIT 2
APPLICANT INFORMATION AND USE
(Continued)

13. **All Immediate Family U.S. Citizens** - Required for background investigation for security clearance.
14. **Service Code** - Also called branch/class. It is used to determine Active or Reserve Component.
15. **Pay Grade** - Required for use in stacking algorithms.
16. **Civilian Education** - Required to determine eligibility for specific programs.
17. **Unit Identification Code (UIC)** - Required for unit identification.
18. **Department/Secondary Department** - Required to assign Sailor applications to departmental career counselors.
19. **Secondary UIC** - Required for Sailors who are away from the command (e.g., temporary additional duty, individual augmentee, etc.).
20. **Armed Services Vocational Aptitude Battery (ASVAB) Exam Date** - Required to ensure most recent ASVAB scores are used.
21. **ASVAB Version** - Required to validate ASVAB score information.
22. **ASVAB Scores** - Required to ensure Sailors meet ASVAB line score requirements for ratings.
23. **Navy Advanced Placement Test (NAPT) Exam Date** - Required to ensure Sailors meet requirements for certain ratings.
24. **NAPT Score** - Required to ensure Sailors meet requirements for certain ratings.
25. **Defense Language Aptitude Battery (DLAB) Exam Date:** Required to ensure Sailors meet requirements for certain ratings.

EXHIBIT 2
APPLICANT INFORMATION AND USE

41. **Current Rating** - Required to ensure Sailors meet requirements for certain ratings.
42. **Year Group** - Required to ensure Sailors meet requirements for certain ratings.
43. **Report Date** - Required to ensure Sailors meet requirements for certain ratings.
44. **Application Status:** Displays the most current status of a Career Waypoints-reenlistment application.
45. **Present Rate** - Displays a Sailor's current rating.
46. **End of Active Obligated Service** - Required to determine if a Sailor is in the Career Waypoints-reenlistment application window.
47. **Critical Navy Enlisted Classifications** - Required for use in Career Waypoints-reenlistment stacking algorithm.
48. **Social Security Number (SSN) (last 4)** - Truncated SSN.
49. **Current Enlisted Manning Code** - Required for use in Career Waypoints-reenlistment to ensure Sailors stack in the proper rating and year group.
50. **Projected Rotation Date** - Required to determine if a Sailor is in the Career Waypoints-reenlistment application window.

EXHIBIT 2
APPLICANT INFORMATION AND USE
(continued)

51. **Estimated Date of Loss to the Navy (EDLN) Code** - Required to determine estimated date of loss to the Navy.
52. **Warfare Designator** - Required for use as a tiebreaker in Career Waypoints-reenlistment stacking algorithm.
53. **Service Component** - Required to ensure Sailors stack in the proper component, rating, and year group.
54. **Accounting Category Code (ACC)** - Required to determine a Sailor's current accounting code.
55. **Component Type** - Required to determine the Service in which a Sailor desires to affiliate.
56. **Application Reason** - Required to determine type of application a Sailor is submitting.
57. **Special Circumstances Reason Code** - Provides additional reasons for a Sailor's application.
58. **Process Month** - Shows the processing month of an application.
59. **Application Type** - Provides the type of application a Sailor is submitting.
60. **Conversion Choices** - Provides the conversion options a Sailor is submitting for.
61. **Security Clearance Level** - Required to ensure Sailors meet requirements for certain ratings.
62. **Promotion Recommendations** - Required for use in Career Waypoints-reenlistment stacking algorithm.
63. **Has Been on Overseas Contingency Operations Assignment (OSA)/Global War on Terror Support Assignment (GSA)/Individual Augmentee (IA)** - Provides statistical information.

SUBMARINE PATROL INSIGNIA QUALIFICATIONS

Responsible Office	CNO (N871)	Phone:	DSN	227-0886
			COM	(703) 697-0886
			FAX	225-6942

1. Types of Submarine Patrol Insignias

a. There are two types of submarine patrol insignias awarded to a member, Submarine Combat and SSBN Deterrent. The awarding of each insignia is based on the completion of a successful patrol defined below.

b. The determination of whether a patrol is successful is made by the type or task force commander under whose command the submarine operated.

2. Submarine Combat Patrol Insignia.

a. Authorization for the **Submarine Combat Patrol Insignia** is given to members regularly assigned to submarine duty on or after 7 December 1941, who completed one or more wartime combat patrols designated as successful because

(1) the submarine sank or assisted in sinking at least one enemy vessel, or

(2) the submarine accomplished a combat mission of comparable importance.

b. The insignia represents completion of one successful patrol.

(1) A **gold star** mounted on the insignia indicates an additional successful patrol.

(2) A **silver star** mounted on the insignia indicates a total of five successful patrols.

NOTE: This insignia may be awarded to personnel prior to qualification in submarines in time of war.

3. **SSBN Deterrent Patrol Insignia.**

a. Authorization for the **SSBN Deterrent Patrol Insignia** is given to members regularly assigned to submarine duty and who completed one or more SSBN deterrent patrols.

b. The insignia represents completion of one successful patrol.

(1) A **gold star** mounted on the insignia indicates an additional successful patrol.

(2) A **silver star** mounted on the insignia indicates a total of five successful patrols.

NOTE: This insignia may be awarded to personnel prior to qualification in submarines.

4. **Service Record Entry.** A service record entry is made for each member upon authorization to wear these insignias. Additional entries shall be made for each succeeding successful patrol.

5. **Wearing Both Insignias.** Personnel eligible for the Submarine Combat Patrol Insignia and the SSBN Deterrent Patrol Insignia may wear only one at a time, according to their personal desires.

1. Qualifications as a Result of Service in the Republic of Vietnam under Combat

a. Chief of Naval Operations (CNO) (N86) authorized the Small Craft Insignia for junior officers and senior petty officers who had served as officer in charge (OIC) of Riverine or Coastal Craft, under combat conditions, in the Republic of Vietnam.

b. Personnel who served for a minimum of 6 months as OIC, patrol officer (commissioned or enlisted), river section leader, boat officer, or petty officer in charge (POIC) of the following craft are eligible to wear the insignia:

Patrol Boat River (PBR)
Patrol Boat Fast (PCF)
Strike Assault Boats (STABS)
Seal Support Craft (HSSC, MSSC, LSSC)
Minesweeping Craft
Harbor Defense Craft
Logistic Support Craft (LCU, LCM, YFU)
River Assault Craft

c. U.S. Navy personnel who served as advisors to the Vietnamese Navy personnel in an "in-charge" position, and officers and enlisted whose units were turned over to the Vietnamese Navy before they had acquired the requisite 6 months eligibility as stated above, are authorized to wear the insignia provided the total operational time and advisory time on the craft equal 6 or more months.

2. **Eligible Units.** Those personnel who meet the criteria described above, and served with the following units, were established as being authorized the Small Craft Insignia:

RIVFLOT ONE (RAS 9, 11, 13, 15)
COSRON ONE
RIVPATFLOT FIVE
Naval Special Warfare Group, Vietnam
MIDIV 112 and 113
NSA DANANG and SAIGON
Inshore Undersea Warfare Group One
Naval Advisory Group, RVN

3. **Eligibility Requirements Established after 1 October 1984.** Members who served in an OIC or POIC billet for a minimum of 6 months, and have completed the appropriate Personnel Qualification Standard (PQS) in one of the following platforms or units are authorized by CNO to wear the Small Craft Insignia:

a. **Eligible Platforms:**

Logistical Support Craft (LCU, LCM)
Seaborne Powered Target Craft (SEPTAR) (QST-33/35)
MKV Special Operations Craft (SOC)
Patrol Boat (PB, PBM, PBR, PCF)
Strike Assault Boat (STAB)
Special Warfare Craft (SWCL)
Armored Troop Carrier (ATC)
Surface Effect Craft (AGEH, LCAC, PCH, PGH, SES)
High Speed Boat (HSB)
Rigid Hull Inflatable Boat (RHIB) permanently assigned to support SEAL Team operations or Helicopter Mine Countermeasures Squadrons or High Speed Maneuverable Seaborne Target (HSMST) operations
Small Waterplane Area Twin Hull (SWATH) (MHS-1) assigned to support EOD Mobile Units
Inshore Boat Unit Patrol Boat (IBU PB) and Inshore Boat Unit Patrol Rib (IBU PR)
Modified Glacier Bay Catamaran submarine escorts and Rigid Hull Inflatable Boat (RHIB) submarine escorts
Special Operation Craft-Riverine (SOC-R) permanently assigned to support SEAL Team operations
Harbor Security (HS) Rigid Hull Inflatable Boats (RHIB)
Naval Boat Police Harbor Security Boats (HSB) attached to Naval Region Southwest

b. **Eligible Units:**

Naval Coastal Warfare Groups (NCWG)
Naval Coastal Warfare Squadrons (NCWS)
NCW Mobile Inshore Undersea Warfare (MIUW) Units
Inshore Boat Units (IBU)
Harbor Defense Command Units (HDCU)
Mobile Security Squadrons (MSS) and Detachments
Riverine Groups and Squadrons

c. Personnel who qualified prior to 1 July 1992 while assigned to a Yard Patrol (YP) or Craft of Opportunity (COOP) Trainer craft are authorized to continue to wear the insignia.

NOTE: All "grandfather" periods for previous qualification have expired. No further "grandfather" qualification requests will be considered.

4. **Wearing Small Craft Insignia.** The Small Craft Insignia shall be worn as authorized in reference (a).

1. Administration and Technical Control

a. Deputy Chief of Naval Operations (DCNO), Manpower and Personnel (OPNAV (N1)) is the principal advisor to Chief of Naval Operations (CNO) on manpower and personnel policy matters in consonance with the programming and appraisal of Navy's total force programs.

b. DCNO, Navy Selection and Classification Office (OPNAV (N132G)) provides oversight for the enlisted classification policy and program. OPNAV (N132G) is responsible for development, evaluation, and improvement of methods, techniques, and procedures for administration of the enlisted personnel classification program.

2. Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-00C2). BUPERS-00C2 **exercises operational control of the enlisted classification process** during the Navy enlisted accession supply chain by directives and guidelines to all post-accession Enlisted Classification Units.

3. Enlisted Classification Units

a. Enlisted Classification Units are established within Personnel Support Activity Detachments (PERSUPPDETs) that support Navy Recruit Training Command (NAVCRUITRACOM) and training sites to ensure recruits and students requiring reclassification are appropriately counseled and reclassified per reference (a) to best match the Sailor's aptitudes to Navy needs and in the new career path.

b. Enlisted Classification Units at NAVCRUITRACOM test, interview, and counsel recruits for Class "A" Service Schools

and for general apprenticeships. Enlisted classifiers appraise and counsel each recruit concerning Navy career opportunities in relation to their own potential, and recommend them for school and apprenticeships per established selection criteria.

c. Enlisted Classification Units review classification data and when necessary test, interview, and counsel all transient personnel.

(1) All transients available for further assignment are screened for eligibility for Class "A" and "C" Service Schools and, if qualified, are recommended by the Enlisted Classification Unit.

(2) Report all reclassification actions to BUPERS-00C2.

4. Training Commands

a. Training commands are responsible for

(1) conducting Academic Review Boards for students.

(2) referring students dropped from training and recommended for further service to the Enlisted Classification Unit at the supporting PERSUPPDET.

b. Training commands are further responsible for reporting all enrollees and graduates of formal training courses electronically to the Corporate Enterprise Training Activity Resource System (CeTARS). This ensures recording of course completion and recommendation to award Navy Enlisted Classifications (NECs) in the Manpower, Personnel, and Training Information System (MAPTIS).

Governing Directives	NAVMED P-117, Manual of the Medical Department, Chapter 15 NAVPERS 15665I, U.S. Navy Uniform Regulations
-----------------------------	---

1. **Policy**. Commissioned line officers in the Navy, Marine Corps, or Coast Guard who have successfully completed the course of instruction as Naval Aviator or Naval Flight Officer by assigned competent authority may be designated by Chief of Naval Personnel (CHNAVPERS) or Chief of Naval Air Training (CNATRA) as a Naval Aviator or Naval Flight Officer respectively.

2. **Revocation**

a. Right to wear aviation insignia may be revoked by CHNAVPERS, Commandant of the Marine Corps, or Commandant of the Coast Guard upon the recommendation of the Naval Aviation Evaluation Board.

b. Revocation can be rescinded by original revoking authority listed above upon recommendation of board convened to review individual case.

3. **Reasons for Revocation**. The following are reasons for the revocation of aviation insignia:

- a. Lack of motivation for flying
- b. Unfit for flight duties (which may not be limited to the following):

Refusal to fly
Malingering
Culpable negligence in flight duties
Breach of flight regulations or discipline
Lack of aeronautical ability

4. **Medical Standards**

a. Chief, Bureau of Medicine and Surgery (BUMED) establishes physical standards for aviation personnel.

b. Naval Aviators shall be assigned one of three service groups; I, II, or III. These groups are stipulated in NAVMED-P-117, chapter 15.

5. **Failure to Meet Physical Standards**

a. Failure to meet physical requirements are documented with SF 88 (Rev. 10-94), Report of Medical Examination and forwarded to BUMED. Bureau of Medicine and Surgery will forward this report with a recommendation as to the case disposition to CHNAVPERS. The following are disposition options:

(1) Continue unrestricted flight status in present service group subject to CHNAVPERS waiver of defects.

(2) Restrict to flight duties of lessened tempo commensurate with temporary physical condition. (Recuperation from injuries or illness.)

(3) Remove from flight status.

b. The following are options specifically with regard to Naval Aviators:

(1) Restrict to flight duties of next lower service group.

(2) Restrict to flight duties of service group III, requiring a co-pilot qualified in service group I or II.

(3) If assigned to service group III because of temporary physical defect, an aviator shall be retained in group III for 6 months and be re-examined. If disability warrants additional recuperation, an additional 6 months may be assigned prior to final classification as group III.

(4) A service group III aviator may be temporarily assigned to group II as the needs of the service require. Chief of Naval Personnel will authorize the final redesignation to group III.

6. **Removal from Flight Status**

a. If conditions warrant removal from flight status, resulting in change of designator or revoking of flight authority, a formal board of medical officers will evaluate physical disqualifications.

b. Chief of Naval Personnel will decide if member shall be retained within or assigned to duty outside aeronautical organization.

7. **Local Board.** Local Board of Flight Surgeons may be convened by cognizant aviation commander or higher command in accordance with procedures established by BUMED to evaluate impairment of physical condition or aeronautical adaptability which affects performance of duties associated with flight status.

a. Board will submit report to BUMED.

b. Bureau of Medicine and Surgery will make recommendations to CHNAVPERS.

c. Board decision is final until review by CHNAVPERS.

8. **Right to Appeal.** If a member desires to appeal physical disposition, CHNAVPERS shall convene a formal five-member board, at least three of whom shall be senior flight surgeons and the other members will be aviation medical examiners.

a. Board decisions are final.

b. Appellants may appear before the board.

c. Temporary additional duty orders authorizing government air travel may be issued at no additional cost to the government.

2. **Qualifications**. Successful completion of the approved course of instruction for Naval Flight Surgeons at the NOMI in Pensacola, FL including:

a. Successful completion of the Aviation Preflight Indoctrination at Naval Aviation Schools Command.

b. Successful completion of the flight curriculum prescribed by Chief of Naval Aviation Training (CNATRA) for Flight Surgeons. This requirement may be waived for medical officers previously designated as Naval Flight Aviators or Naval Flight Officers.

3. **Failure to Meet Physical Standards and Disposition**

a. Failure to meet prescribed physical requirements for flying as a flight surgeon will be

(1) set forth in the report of physical examination for flying (SF-88, Report of Medical Examination) with appropriate addenda; and then

(2) forwarded to Chief, Bureau of Medicine and Surgery (BUMED); who will then

(3) submit a recommendation to CHNAVPERS.

b. The flight surgeon will be

(1) permitted to continue Class II flight status (subject to waiver of physical defects by CHNAVPERS), or

(2) restricted from flight duties but allowed to retain designation to continue ground duties of Naval Flight Surgeon, or

(3) restricted from all flight surgeon duties with retention of designator, or

(4) restricted from all flight surgeon duties with revocation of designator.

4. **Revocation.** Revocation is

a. normally limited to those who have expressed a lack of motivation for flying, refusal to fly, malingering, or failure to fulfill the duties of a flight surgeon as delineated by Chief, BUMED; or

b. flight surgeons found by other boards to be incompetent to practice medicine; or

c. unsuitable for military service and shall be disqualified to practice as a Naval Flight Surgeon, and that designation shall be revoked.

5. **Insignia.** Chief of Naval Personnel designates qualified medical officers as Naval Flight Surgeons. Naval Flight Surgeons may wear Naval Flight Surgeon insignia unless specifically revoked by CHNAVPERS. These personnel may not wear insignia until again approved by CHNAVPERS.

6. **Appeals.** Chief of Naval Personnel may convene a formal board of senior flight surgeons at BUMED, Washington, D.C. The decision of this board shall be final. Flight Nurses, upon designation, are authorized to wear the appropriate insignia as prescribed in NAVPERS 15665I.

2. **Qualifications**

a. Successful completion of the approved course of instruction for student flight nurses at the USAF School of Aerospace Medicine, Brooks Air Force Base.

b. Meet physiology training requirements and flight physical regulations as prescribed by OPNAVINST 3710.7R and NAVMED P-117.

3. **Restrictions**

a. Should any flight nurse fail to meet the prescribed physical requirements for flying, such failure shall be set forth in the report of physical exam for flying, SF88, Report of Medical Examination, with appropriate addenda, and the report forwarded to BUMED which will submit its recommendation to CHNAVPERS. The case shall be disposed of as follows:

(1) Permitted to continue Class II flight status subject to waiver of physical defects by CHNAVPERS;

(2) Restricted from flight duties, but allowed to retain designation to continue ground duties of Naval Flight Nurses;

(3) Restricted from flight duties, but allowed to retain designator; or

(4) Restricted from all flight duties with revocation of designation.

b. For those cases where appeal of the recommendation or decision is requested, CHNAVPERS may convene a formal board of senior flight nurses at BUMED. This board shall review all aspects of the case. The decision of this board shall be final. Appellants may request appearance before this board. Upon such requests for appearance, the appellant may be issued temporary additional duty orders authorizing government air travel, at no additional expense to the government, per existing directive.

4. Revocation

a. The right of personnel to wear Naval Flight Nurse insignia continues unless specifically revoked by CHNAVPERS. Recommendations for revocation will be tendered by a flight nurse evaluation board, appointed and convened by BUMED, to evaluate the motivation and adaptability of Naval Flight Nurses. Revocation shall normally be limited to those individuals who express a lack of motivation for flying, refuse to fly, or fail to fulfill the duties of a flight nurse as delineated by BUMED. Flight nurse found by other boards to be incompetent to practice nursing or unsuitable for military service shall be considered disqualified to practice as a naval flight nurse and that designation shall be revoked.

b. In case the right to wear the Naval Flight Nurse insignia has been revoked, the member involved shall not be permitted to wear the insignia until such time as the officer is again authorized the insignia by CHNAVPERS upon recommendation of a duly appointed board convened by CHNAVPERS in each case so concerned.

1. Processing

a. Upon qualification, the member's commanding officer (CO) shall notify, in writing, Navy Personnel Command (NAVPERSCOM),

- Junior Officer Detailing (PERS-412) for **active duty** officers, or
- Reserve Officer Status Section (PERS-4911) for **inactive duty** officers,

copy to the type commander (TYCOM) and the immediate superior in command (ISIC).

b. Upon receipt, NAVPERSCOM shall

Step	Action
1	change the designator of 116X officers to 111X, and 119X officers to 114X.
2	assign the Additional Qualification Designator (AQD), LA9, to those officers who do not change designator, but are otherwise eligible to attain Surface Warfare Officer (SWO) qualification.

2. Authority to Wear the Insignia

a. Either 111X/114X designation or an AQD of LA9 entitles an officer to wear the SWO or Special Operations Officer insignia (as appropriate) under reference (a).

b. Unrestricted Line (URL) officers who earn the qualification and transfer into the Staff Corps or the

Restricted Line (RL) retain the right to wear the appropriate insignia, unless revoked.

3. **In Cases of Non-Attainment.** COs who recognize that an 116X/119X designated officer either lacks potential to qualify or requires more than 18 months to complete qualification, shall pursue one of the following courses of action:

If non-attainment is due to...	then...
an authorized extension by the CO,	<p>notify NAVPERSCOM (PERS-412), with a copy to the TYCOM, of the reason for delayed qualification.</p> <p>Estimate how much additional time will be required.</p> <p>Comment on the officer's potential for qualification.</p>
lack of motivation, interest, aptitude, or application,	<p>submit a report via the chain of command to NAVPERSCOM (PERS-412) containing</p> <ul style="list-style-type: none"> • circumstances, • officer's potential, and • an appropriate recommendation concerning retention in the Naval Service.

4. **Further Guidance on Lack of Motivation**

a. Officers reassigned to shore duty shall maintain their designators as 116X/119X and may be processed for administrative discharge by NAVPERSCOM.

b. The officer concerned shall be afforded the opportunity to comment on the CO's report.

(1) Such comments shall be appended as the first endorsement of the report, and returned to the CO.

(2) The CO may then make additional comments and append them to the basic report as the second endorsement.

c. The report shall then be forwarded via the chain of command to NAVPERSCOM (PERS-412).

5. **Revocation for SWO**. An SWO will retain such designation until revoked by NAVPERSCOM based on a recommendation citing any of the circumstances outlined in reference (b).

6. **Procedure for Revocation by the CO or an ISIC**

a. The officer initiating the recommendation for revocation of an SWO shall be the CO, or an ISIC, in the chain of command of the officer concerned.

b. Send the recommendation with supporting facts to NAVPERSCOM, Career Management Department (PERS-4) via the administrative chain of command.

c. Notify the officer concerned in writing of the following:

(1) Right to submit a statement concerning the recommendation for revocation.

(2) If the recommendation is approved, a copy shall be filed in their official record.

(3) If they do not desire to make a statement, to so certify in writing, as discussed below.

d. The officer being considered for revocation

(1) may submit a statement to NAVPERSCOM, Surface Warfare Officer Assignments (PERS-41) via the administrative chain of command in which the officer served at the time of the events leading to the revocation request.

(2) if unwilling to make a statement, shall signify in writing the officer was notified of the items listed above and does not desire to make a statement.

7. **Detachment for Cause (DFC)**

a. A recommendation for revocation shall not be made in lieu of DFC, nor shall such recommendations automatically be included in cases of DFC.

b. Revocation may be recommended coincidentally with a DFC, but will be administratively handled as a separate action by NAVPERSCOM.

8. **When Revocation is Approved.** Upon approval of revocation, an SWO's designator shall be changed to 110X, and AQD (LA9) will be removed. Officers with other than 111X/114X designators shall have AQD (LA9) removed.

References	(a) NAVPERS 15665I, Navy Uniform Regulations (b) NAVPERS 15266, Register of Commissioned and Warrant Officers (c) U.S. Navy Regulations
-------------------	---

1. **Policy.** The commanding officer (CO) of a submarine may designate an officer "qualified in submarines" when the requirements for such designation have been completed.

2. **Initial Training.** Unrestricted line officers of the Navy who have successfully completed basic submarine officer training may be ordered to duty in submarines. Basic submarine officer training is conducted at Naval Submarine School, Groton, CT in the Submarine Officers' Basic Course. Limited duty and warrant officers formerly qualified in submarines as enlisted personnel are considered to have experience equivalent to basic submarine officer training, and are normally ordered directly to submarines without enrollment in either of the basic submarine officer courses.

3. **Designation Requirements.** Amplifying details as to methods of attaining requirements shall be issued jointly by the submarine force commanders.
 - a. Be an unrestricted line, limited duty, or warrant officer who has completed initial submarine officer training.

 - b. Complete watch station qualification and demonstrate the ability to satisfactorily perform as:

(1)	Officer of the Deck (Surfaced and Submerged)
(2)	Diving Officer of the Watch
(3)	Duty Officer
(4)	Engineering Officer of the Watch

(5)	Demonstrate the ability to perform as a member of the fire control party.
(6)	Demonstrate knowledge and capability to perform casualty and damage control procedures, and organize and direct submarine escape.
(7)	Demonstrate a temperament suited for submarine duty.
(8)	Demonstrate satisfactory qualities of leadership.
(9)	Serve on board an operational submarine a minimum of 9 months of which not more than 3 months may be spent in a shipyard. An officer must complete qualification within 15 months of service on board an operational submarine, unless upon application prior to expiration of that time, an extension of time in which the officer may qualify is granted by the immediate superior in command (ISIC).
(10)	Qualifications for members of the Navy Reserve on inactive duty are contained in Navy Personnel Command (NAVPERSCOM) directives.

4. **Designation Procedures.** The following steps are necessary for designation as qualified in submarines:

Step	Action
1	Candidate is designated "qualified in submarines" by the CO.
2	CO submits a letter to NAVPERSCOM, Submarine/Nuclear Officer Assignments (PERS-42) via the ISIC and with copies to the chain of command. The officer is authorized to wear the submarine insignia as prescribed in reference (a).
3	NAVPERSCOM (PERS-42) will change the officer's designator from 117X to 112X, and make an entry in the officer's record and in reference (b).

5. **Non-Qualification**

a. If an officer is unable to achieve qualification in submarines, a letter recommending assignment to duty other than submarines shall be submitted by the CO to NAVPERSCOM via the chain of command. The officer will retain the 117X designator and may apply for redesignation or lateral transfer.

b. Care shall be exercised to ensure that the failure reported is not a performance failure, which would be reported under procedures for detachment of an officer for cause.

6. **Command of Submarines**

a. An officer must complete the prescribed requirements established jointly by the submarine force commanders for designation as "qualified for command of submarines." Based on the recommendation of the officer's CO and squadron commander, the cognizant submarine force commander will grant final approval, confer the designation to the officer, and notify NAVPERSCOM (PERS-42).

b. Navy Reserve officers may qualify for command only while on active duty or extended active duty for training. Procedures are the same as active duty officers.

c. Officers assigned to command submarine squadrons shall be qualified for submarine command, and shall have had duty in command of a submarine.

7. **Revocation of Qualification.** An officer qualifying in submarines or for command of submarines will be considered to retain such qualification indefinitely, unless the officer's performance of submarine duty (as distinguished from physical disability) is such as to demonstrate the officer's unfitness. The ISIC shall send a recommendation with supporting facts to NAVPERSCOM, via official channels, that the officer's qualification be revoked.

a. The officer shall be afforded the opportunity to submit a written statement concerning the matter. If the officer does not desire to submit a statement, the officer shall be directed to signify this in writing. The statement of the officer should specifically indicate the responsibility of the applicable provisions of reference (c) and recognition that the recommendation, if approved, will be filed in the officer's official record. If appropriate, a recommendation for the revocation of an officer's qualification in submarines may be incorporated into a request for the officer's detachment for cause.

b. NAVPERSCOM shall direct a board of officers be convened to thoroughly review the revocation of an officer's submarine qualification. The board will consist of at least three officers qualified in submarines (1120) of the grade of captain. NAVPERSCOM (PERS-42) will normally comprise one of the three board members. Written results and recommendations of the board will be sent to NAVPERSCOM, Career Management Department (PERS-4) for final decision.

c. Authority to wear the submarine insignia is withdrawn by specific statement in the revocation letter from NAVPERSCOM. The officer shall retain the 112X designator, but the appropriate additional qualification designation shall be removed.

8. **Assignment to Submarine Duty**

a. Only volunteers, insofar as practicable, will be assigned to submarine duty. Nonvolunteers will be so assigned when sufficient volunteers to meet the needs for service in submarines cannot be obtained.

b. Officers whose physical condition to serve in submarines is in question, will be immediately ordered for examination as to physical qualifications specified by Bureau of Medicine and Surgery. If the officer is found not qualified, the report of the examination will be forwarded to NAVPERSCOM.

9. **Drug Abuse Policy**

a. Applicants with a history of pre-service drug abuse desiring nuclear propulsion training will submit waiver requests to NAVPERSCOM (PERS-42). Waivers may be granted only in cases of experimental use of marijuana.

b. Applicants with a history of pre-service or in-service drug use (marijuana only) for initial submarine training, other than nuclear propulsion training, will be screened by NAVPERSCOM (PERS-42). No waivers for continuation will be approved for Nuclear Power Program officers for in-service use.

Governing Directive	NAVPERS 15665I, U. S. Navy Uniform Regulations NAVSEAINST 1520.2B
----------------------------	--

1. **Policy.** Officers designated for Engineering Duty (14XX) are eligible to apply for a program which qualifies Engineering Duty Officers (EDOs) to wear the Engineering Duty Dolphins. Interested officers should submit applications to Chief of Naval Personnel (CHNAVPERS) and a copy to Commander, Naval Sea Systems Command (COMNAVSEASYSOM) (SEA OOP). Selection of candidates for the program will be made administratively in Navy Personnel Command (NAVPERSCOM). Selection will be based on performance, academic achievement, service potential, and the needs of the service.

2. **Program Administration.** The EDO submarine qualification program is administered by CHNAVPERS with assistance and funding from COMNAVSEASYSOM. An EDO Flag Officer qualified in submarines acts for COMNAVSEASYSOM on program requirements and quality. With the concurrence of CHNAVPERS, he can modify qualification procedures to suit individual circumstances.

3. **Program Requirements.** There is no specific order in which requirements must be completed. Scheduling will be tailored to fit each officer's individual situation.

a. Officers not assigned to a nuclear shipyard or Supervisor of Shipbuilding Office (SOS) will be ordered to such an assignment at their normal PRD.

b. They will attend the Submarine Officer Basic Course and participate in an SSBN patrol en route or immediately after reporting to the shipyard/SOS. PRD's for candidates already assigned to a nuclear shipyard/SOS will normally be extended to

permit them to complete the Dolphin Program requirements prior to being transferred.

4. **Physical Exam.** An officer must complete the necessary radiation and submarine physical examination. Failure of the physical exam will lead to removal from the program. Officers should qualify for personal photodosimetry at the assigned nuclear shipyard/SOS prior to commencing the industrial phase of the program.

5. **Submarine Officer Basic Course.** Instructions on the basic elements of submarine equipment, systems, and operations are offered in a 12-week course at the Submarine School in Groton, CT.

6. **SSBN Patrol.** A total of 13 weeks are devoted to participation in submarine operations as a member of ship's company in order to gain experience in submarine systems, equipment, and operations.

a. The EDO will have an opportunity to observe and participate in the extensive industrial effort required to prepare the ship for extended operations.

b. The EDO will assist in preparation of the work package for the next availability following the officer's shipboard assignment.

c. As a minimum, the candidate should complete Diving Officer of the Watch Qualification during assignment(s) to the submarine.

d. Qualification as Officer of the Deck is encouraged.

e. Specific assignments to ships will be made by NAVPERSCOM (PERS-445).

7. **Nuclear Ship Superintendent Qualification.** Requirements for completing this qualification are contained in NAVSEAINST 1520.2B and include attendance at the 5-week Nuclear Ship Superintendent Course at Puget Sound Naval Shipyard.

a. The course convenes in March and October.

b. Funding is the responsibility of the candidate's parent command.

c. Certification as a nuclear ship superintendent prior to selection for the Dolphin Program satisfies this requirement.

8. **Industrial Training**

a. Successful performance for 1 year in a submarine related waterfront assignment at a nuclear shipyard or SOS is required. The candidate's commanding officer (CO) shall plan and provide experience in the following areas:

(1)	Quality Assurance
(2)	Combat Systems
(3)	Nuclear/non-Nuclear systems testing
(4)	Safety
(5)	Watertight integrity control
(6)	Design/engineering process
(7)	Participation in at least one docking and one docking evolution

b. The industrial training requirement may be validated for those candidates who previously completed at least 1 year in a submarine related industrial assignment and received training in the specific areas noted above.

9. **NAVSEA Indoctrination.** Each candidate will be ordered to Washington, DC for a 2-day briefing at COMNAVSEASYS COM and Chief of Naval Operations (N87), and to SUBLANT, Norfolk, for a 1-day briefing. These will normally be scheduled prior to the Submarine Officer Basic Course.

10. **Qualification Journal.**

a. The qualification journal is divided into three sections:

(1)	Pre-patrol
(2)	Refit
(3)	Patrol

b. The Submarine School and ship's company periods provide the best opportunity and environment for working on the journal. When completed, the journal should be forwarded to COMNAVSEASYS COM (SEA OOP) for review and approval.

11. **Oral Examination.** The candidate's CO shall recommend the officer for qualification to COMNAVSEASYS COM (SEA OOP) when all the above requirements have been completed and the CO is satisfied the candidate is prepared for the oral examination. This recommendation may be included in the endorsement to the candidate's letter forwarding the completed journal. The candidate will then be ordered to Washington, DC for an oral examination by a board appointed by the CHNAVPERS and comprised of at least three submarine qualified captains, one of whom must be an Unrestricted Line Officer. The board submits its recommendation to CHNAVPERS who makes the final determination in all cases.

12. **Qualification.** Chief of Naval Personnel will notify officers qualifying and will make appropriate entries in the service record concerning and designation. Submarine qualified Engineering Duty Officers are authorized to wear insignia prescribed in NAVPERS 15665I.

1. Board Address

Board for Qualification of Submarine Medical Officers Naval Undersea Medical Institute Naval Submarine Base, New London Groton, CT 06349-5159
--

2. Candidate Qualifications. A candidate for designation as a submarine medical officer must:

a. Be a graduate of a prescribed undersea medical officer's course given at the Naval Undersea Medical Institute (NUMI);

b. Successfully pass a comprehensive qualification examination to be completed during the first undersea medical assignment;

c. Prepare an acceptable thesis, technical paper, or project on some phase of undersea medicine;

d. Complete a submarine qualification card supplied by NUMI;

e. Have served on board a submarine for a total of 30 days (not necessarily consecutive). Exceptions to this requirement may be granted in extraordinary cases on an individual basis by the board for qualification of submarine medical officers; and

f. Be recommended by the commanding officer (CO) and (where appropriate) by the CO of the operational unit to which assigned for additional duty (e.g., squadron commander).

3. **Thesis**

a. During or subsequent to completion of the prescribed course, the candidate must submit a formal request containing a brief outline and discussion of the thesis topic to NUMI for review to receive approval of the thesis or project by the board for qualification of submarine medical officers.

b. Upon completion, the original and two copies of the thesis should be forwarded to the board for final review and acceptance.

c. A thesis is not required if the individual has published at least one scientific article concerning submarine or diving problems which meets the board's approval.

4. **Exam**

a. Upon graduation from the NUMI course, all candidates will receive instructions to prepare their comprehensive submarine qualification exam.

b. The examination will be completed during the first undersea medical assignment.

c. Completed examinations and correspondence shall be addressed to the board for qualification of submarine medical officers at NUMI.

5. **Submarine Qualification Card.** Upon arrival at the first undersea medical assignment, the undersea medical officer will complete the qualification card.

6. **Submarine Underway Time.** Documentation for 30 days at sea is desired.

7. **Completion of Requirements.** Submit a request for designation as a "Qualified Submarine Medical Officer" to NUMI upon completion of all requirements to the board. Endorsements from the CO, as well as from the operational commander (when applicable), shall be included.

8. **Designation**

a. Once approved by the senior member of the board, the officer becomes qualified to wear the appropriate submarine insignia as prescribed by reference (a).

b. The officer in charge at NUMI shall report such action to Navy Personnel Command (NAVPERSCOM), Medical Assignment Placement Branch (PERS-4415) with copies to the following:

Chief, Bureau of Medicine and Surgery (MED-21)
Force Commander
Squadron Commander
Commanding Officer
Individual

c. Upon receipt of submarine medical officer designation letter from Commander, Naval Undersea Medical Institute, the NAVPERSCOM (PERS-4415) detailer will note the date of receipt and record the additional qualification designator "6UM" into the officer's electronic record.

-----------------------------	---

1. Designation

a. Designation of Diving Officers is described by Navy Officer Billet Classification (NOBC) codes and Additional Qualification Designator (AQD) codes.

b. The NOBC and AQD codes reflect the degree of training and/or operational experience that an officer has gained or that a billet requires. Complete descriptions of NOBC/AQD codes used in this article are contained in NAVPERS 15839I.

c. Designation as a Diving Officer for selected

(1)	Unrestricted Line (117X, 112X),
(2)	Restricted Line/Staff Corps (146X, 144X, 210X, 510X),
(3)	Limited Duty (61XX, 648X, 653X), and
(4)	Warrant (71XX, 72XX, 748X, 753X)

officers accomplished through various diver training courses and assignments in billets requiring diving and/or salvage-related experience. The officers retain their designators and are assigned to billets which require both specific designator skills and diving/salvage expertise.

d. Designation as a Ship Salvage Operations Officer shall be requested by letter to Navy Personnel Command (NAVPERSCOM) (PERS-416), via the commanding officer. The letter shall contain a chronological summary of all diving and ship salvage billets held and describe the officer's participation in significant diving and/or salvage operations.

2. **Eligibility**. Navy Personnel Command (PERS-416) may, on a case by case basis, exempt those officers previously qualified as U.S. Navy divers from repeating all or part of the initial training for which they were qualified. Applicants must satisfy the requirements of this paragraph prior to assignment to training and/or a diving related billet:

a. Physically qualified Unrestricted Line (URL), Restricted Line (RL), and Staff Corps Officers volunteers of selected designators.

b. Be less than 30 years old on the day NAVPERSCOM (PERS-416) receives the application. If applicant has a previous diving qualification, NAVPERSCOM (PERS-416) may waive this requirement.

c. Agree to serve on active duty for a period of 2 years or until completion of previously acquired minimum obligated service, whichever is longer, subsequent to completion of training. If involuntarily disenrolled because of disqualification, the member will incur no additional obligation and will serve on active duty until completion of prior minimum obligated service unless released earlier by Chief of Naval Personnel.

d. Meet medical standards as specified in NAVMED P-117, article 15-36.

e. Be screened by a qualified screening activity according to procedures specified in MILPERSMAN 1220-100 - 1220-330 and this article (except officers with previous experience in the program applied for).

3. **Application.** Applications for Diving Officer training shall be submitted via the commanding officer and Chief, Bureau of Medicine and Surgery to Commander, NAVPERSCOM in the following format: (Use proper letter format.)

From: (Rank, Name, SSN/Designator)
To: Commander, Navy Personnel Command (PERS-416)
Via: (1) Commanding Officer, (member's present command)
(2) Chief, Bureau of Medicine and Surgery (MED-21)

1. Per reference (a), I volunteer for diving duty and request assignment to (type training).

2. Based on the results of a medical examination, enclosure (1), and screening results, enclosure (2), I submit my eligibility for (type training) (or, as applicable) I request a waiver to the following requirements: (specify requirements which need a waiver).

3. I understand the nature of Diving Duty, and I agree to

a. serve on active duty for a period of 2 years or until completion of previously acquired minimum obligated service, whichever is greater, subsequent to completion of (type training) unless released earlier by Navy Personnel Command.

b. serve the minimum obligated service specified, regardless of whether I retain diving qualification for 2 years.

2. Commanding Officer's recommendation regarding the officer's suitability for dive training and subsequent assignment to diving duty.
3. Statement regarding availability of the officer. If the officer's availability is beyond 6 months, state reasons.

(Signature)

5. **Application Screening**. A screening will be completed by a qualified screening activity prior to requesting initial training. Qualified screening activities include any diving command or associated training activity whose primary mission is to conduct or train in diving operations. They must successfully complete the physical screening test for divers and the hyperbaric pressure test as described in MILPERSMAN 1220-100 - 1220-330.

6. **Training**

a. Course descriptions, prerequisites, class convening dates, and designated training activities for Diving Officer training are contained in NAVEDTRA 10500, Navy Formal Schools Catalog. This publication should be consulted for up-to-date information both at the time of application and prior to detaching a member for a specific training course.

b. Officers who voluntarily or involuntarily disenroll from initial training will be made available for reassignment. Administrative action will be taken to cancel the agreement to extend officer service and to determine the remaining active duty obligation. Officers who voluntarily disenroll from training must serve a minimum of 1 year before reapplying for the same or similar training.

7. **Insignia**

a. Qualified Diving Officers are authorized to wear the "Basic Diving Officer" insignia as prescribed in NAVPERS 15665I. Authority to wear this insignia shall continue indefinitely from initial qualification. The Diving Officer insignia may be worn by

- Basic Diving Officers,
- Ship Salvage Diving Officers,
- HeO2 Qualified Diving Officers,
- Saturation Diving Officers,
- Diving and Salvage Engineering Officers, and
- Ship Salvage Operations Officers

upon completion of initial diver training and assignment of NOBC and AQD codes.

b. Medical Officers may wear the Medical Department Diving Officer insignia after successful completion of the Under Sea Medicine course of instruction.

8. Requalification

a. Commanding officers are directed to provide every opportunity for Diving Officer qualifications to be maintained in the proper periodicity. Diving requalification will be in accordance with MILPERSMAN 1220-100 - 1220-330.

b. Documentation of the requalification will be made as described in NAVSEA 0910-LP-708-8000 and MILPERSMAN 1220-100 - 1220-330. The appropriate NAVCOMPT forms will be sent according to DFAS PTG in all instances in which (Special) Diving and/or Hazardous Duty pay are affected.

9. Revocation/Reinstatement of Qualifications

a. Officers may request removal of Diving related NOBC's or AQD's by sending a letter to NAVPERSCOM (PERS-416) via their commanding officer.

b. Revocation of Diving Officer designations shall be considered only by an appointed board convened by the appropriate commanding officer or group commander in the officer's chain of command. The board shall evaluate the operational ability, motivation, and reliability of the officer in his or her performance of duty. The board's recommendation shall be forwarded via the convening authority to NAVPERSCOM (PERS-416) for final determination.

c. Officers may request reinstatement of former diving designations by sending a letter to NAVPERSCOM (PERS-416) via their commanding officer. Requests for reinstatement should include appropriate statements from the officer application format discussed previously.

1. Assignment of Designator

a. Approved qualification shall be forwarded to Navy Personnel Command (NAVPERSCOM), Staff/RL Officer Distribution Division (PERS-44), via the appropriate Naval Surface Force Commander who will certify the achievement of the required supply management inspection standards. Upon receipt, NAVPERSCOM will assign the Additional Qualification Designator (AQD) LA8 to the qualified officer.

b. Qualified Surface Warfare Officers transferring into the Supply Corps and attaining Surface Warfare Supply Corps Officer designation will be assigned AQD LA8 in addition to retaining the AQD LA9.

2. Authority to Wear the Insignia

a. Qualification under the aforementioned standards and procedures entitles an officer to wear the Surface Warfare Supply Corps insignia per reference (a).

b. Officers transferring into the Supply Corps who were previously authorized to wear other warfare specialty insignia may wear these insignia following reference (a).

3. Revocation of Qualification

a. A Surface Warfare Supply Corps Officer will retain such qualification unless revoked.

b. Commanding officers (COs) shall recommend revocation of designation when an officer's performance of surface warfare duties afloat is unsatisfactory. Such a recommendation, with

supporting rationale, shall be forwarded to NAVPERSCOM via official channels. The correspondence recommending the revocation shall be submitted via the officer concerned and the officer shall be afforded the opportunity to submit a written statement concerning the matters set forth.

c. If the officer does not desire to submit a statement, that officer shall be directed to signify in writing

(1) the correspondence has been read.

(2) he or she understands that if the recommendation is approved by NAVPERSCOM it will be filed in his or her official record.

(3) he or she does not desire to make a statement.

4. **Detachment for Cause (DFC)**. A recommendation for revocation of qualification shall not be made in lieu of a request for DFC, when the latter is appropriate. Action taken requesting DFC may include a recommendation for revocation of Surface Warfare Supply Corps qualification, if appropriate. Upon revocation, the officer's AQD's of LA8 and LA9 will be removed.

1. Policy

a. Designation as "Qualified for Command" is required for Surface Warfare and Special Operations officers (commander and captain), prior to assuming command of a surface ship. Qualifications must be limited to those officers who have met the requirements set forth in reference (a), and who, by their outstanding performance, have clearly demonstrated their potential for command.

b. Specific qualification criteria and procedures to achieve designation as "Qualified for Command" are set forth in reference (a), Surface Warfare (111X) and Special Operations (114X) Officer Requirements for Command of Surface Ships.

2. For Officers Found Qualified. For officers found qualified, a letter setting forth the findings of the command qualification board will be sent to the candidate, via the appropriate Surface Force Type Commander, copy to the nominating officer and Navy Personnel Command (NAVPERSCOM), Washington Placement Branch (PERS-441). The nominating officer's letter of recommendation, including enclosure, will be forwarded as part of the qualification board's report.

3. For Officers Found Not Qualified. For officers found not qualified, a report setting forth the command qualification board's finding, the reasons therefore, and, if appropriate, a recommended date for reinterview will be forwarded to the nominating command, copy to the candidate and the command which established the qualification board.

4. **Recognition of the Achievement.** Recognition of the achievement of designation "Qualified for Command" will be accomplished as follows:

a. A letter of qualification will be issued by the appropriate Surface Force Type Commander in recognition of the accomplishment and shall be delivered to the officer in an appropriate ceremony.

b. Relevant comments concerning the qualification shall be made in the officer's next regular report of fitness.

5. **Exceptions**

a. Exceptions to command qualification procedures as prescribed in reference (a) may be granted only by the Surface Force Type Commanders and must be at the request of the individual officer.

b. Full documentation as to why the procedures could not be met must be provided.

1. **Purpose.** This article establishes criteria for eligibility to wear the command at sea insignia. The command at sea insignia was established to recognize the responsibility placed on unrestricted line officers who are in command of, or have successfully commanded afloat, deploying, and or operational units defined as sea-going commands under the operating forces of the Navy and Marine Corps, per reference (a) and delineated in reference (b).

2. **Authorization.** Per references (a) and (c), administratively screened and selected unrestricted line officers in the grade of captain and junior are authorized to wear the command at sea insignia immediately upon assumption of command, upon successful completion of a normal tour (6 months minimum), and may continue to wear the insignia in the manner prescribed in reference (d). Flag officers who earned the command at sea insignia as a captain or junior may wear the insignia in the "post tour" position (left side) as described in reference (d). Letters of authorization are not required.

3. **Commands Authorized.** The following commanding officers are authorized to wear the command at sea insignia:

All commissioned surface ships including rotational patrol craft crews, mine countermeasure ship crews, and littoral combat ship crews (excluding floating dry-docks).
All commissioned submarines including rotational ballistic missile submarine crews, advanced SEAL delivery system, deep submergence vehicle, deep submergence recovery vehicle, fleet ballistic missile test support units, and navigation test units.
All ship and submarine divisions, squadrons, and groups including: Development squadrons and groups, service squadrons and groups, logistics squadrons and groups, maritime squadrons and groups.
All aviation squadrons and wing commanders including: Operational squadrons, operational wings, type wings, fleet replacement squadrons, and the Navy Flight Demonstration Squadron, excluding: Training squadrons, training wings, test and evaluation squadrons, and test and evaluation wings.
Coastal and riverine squadrons and groups, assault craft units, beach master units, and naval beach units and groups.
Special warfare teams, units, squadrons, and support activities and groups.
Explosive ordnance disposal units and groups.
Space shuttle/space station mission commanders.
All commanding officers of surface ship and submarine pre-commissioning units.

4. **Not Eligible.** The following personnel are not eligible to wear the command at sea insignia:

- a. Restricted line and staff corps officers;
- b. Officers temporarily succeeding to command without Navy Personnel Command (NAVPERSCOM) orders directing relief during the temporary absence of the CO;
- c. Officers removed from command via detachment for cause, unless having previously completed an eligible command tour;
- d. Officers assigned in a billet designated "officer in charge," or previously assigned in a billet which was redesignated "commanding officer" subsequent to detachment; or

e. Inactive duty reservists assigned as a "prospective commanding officer" of Navy Reserve training ship/Navy Reserve force crews.

5. **Command Submission.** The command review board (CRB) is convened annually or as required by the Chief of Naval Personnel (CHNAVPERS) per references (c) and (e). The CRB will be convened to address, validate, or approve all commanding officer billets.

a. The major command review board is convened as part of the CRB to specifically address those O-6 command billets designated as major commands.

b. CHNAVPERS will update and publish reference (e) annually based on the results of the major command review board.

c. Director, Military Personnel, Plans, and Policy (OPNAV N13) will update and publish references (f) through (h) annually based on the results of the command review board.

1. Background

a. The Engineering Duty Officer (144X designator) has been qualified as a Ship Engineering Specialist, which includes specialists in

- Ships and Ship Systems Engineering,
- Electronic Systems Engineering,
- Combat/Weapons Systems Engineering, and
- Ordinance Systems Engineering.

b. Commander, Naval Sea Systems Command (COMNAVSEASYSYSCOM) will recommend to Navy Personnel Command (NAVPERSCOM) individuals for change of designator from 146X to 144X. NAVPERSCOM will initiate action to change the officer's designator to 144X upon receipt of a recommendation for a change of designator from 146X to 144X. Recommendations containing waivers to the above requirements will be submitted only in exceptional cases and will be fully justified.

2. Qualifications. To qualify for 144X, the Engineering Duty Officer (146X designator) must

a. complete the Engineering Duty Officer Qualification Program (EDQP), and

b. obtain a subspecialty code with a "P" or higher suffix as a result of obtaining at least a technical master's degree at

an accredited college or university in an engineering or science field approved by COMNAVSEASYSKOM.

3. EDQP Overview

a. The EDQP consists of five phases and they are as follows:

Phase	Required Action
1	Entry phase in which qualified officers are selected for entry into the community.
2	Completion of postgraduate school wherein officer receives a Master of Science degree and appropriate sub-specialty in an approved curricula.
3	Completion of the Engineering Duty Officer Basic Course at the Engineering Duty Officer School.
4	Satisfactory performance in an Engineering Duty Officer assignment for a minimum of 1 year, completing on-the-job training and a Lean Rapid Improvement Event (RIE).
5	Demonstration of a thorough knowledge of Engineering Duty functions and functional areas through successful completion of an oral examination administered by the certifying officer. This examination will be given within 2 years of completion of the basic course.

b. Upon completion of the oral examination, the officer designated to administer the examination will send a letter of recommendation for qualification via the candidate's commanding officer (CO) to COMNAVSEASYSKOM (SEA 10TP). COMNAVSEASYSKOM will issue final approval.

c. COMNAVSEASYSKOM is responsible for maintaining an account of each officer's EDQP progress.

1. Background

a. The Engineering Duty Officer (1445 designator) has been qualified as a Ship Engineering Specialist, which includes specialists in Ships and Ship Systems Engineering, Electronic Systems Engineering, Combat/Weapons Systems Engineering, and Ordnance System Engineering.

b. Commander, Naval Sea Systems Command (COMNAVSEASYSKOM) shall recommend to Navy Personnel Command (NAVPERSKOM) individuals for change of designator from 1465 to 1445. NAVPERSKOM will initiate action to change the officer's designator to 1445 upon receipt of the candidate's request for a change of designator.

2. Qualifications. To qualify for 1445, the Inactive Duty Engineering Duty Officer (1465 or non-14x5 designator) must

a. possess a calculus-based Bachelor's degree as outlined in reference (a); and

b. complete the Navy Reserve Engineering Duty Officer Qualification Program (NR EDQP); and

c. obtain a Master's or higher level degree from an accredited college or university in an engineering or science field and submit proof of education. The details are outlined in reference (a).

3. **Engineering Duty Officer Qualification Program Overview**

a. The NR EDQP consists of three phases as follows:

Phase	Action Required
1	Completion of the Navy Reserve Engineering Duty Officer Basic Course at the Engineering Duty Officer School.
2	Completion of Qualification Training Plan.
3	Demonstration of thorough knowledge of Engineering Duty functions and functional areas through successful completion of an oral examination administered by the certifying officer designated by COMNAVSEASYSCOM. This examination will be given in the time allowed by reference (a).

b. Upon completion of the oral examination, the officer designated to administer the examination shall submit a letter of recommendation for qualification to COMNAVSEASYSCOM. COMNAVSEASYSCOM will review and certify the qualifications and make recommendations to Chief of Naval Personnel (CHNAVPERS), who will issue final approval.

c. COMNAVSEASYSCOM is responsible for maintaining an account of each officer's NR EDQP progress.

-------------------	--

1. **Description.** The 113X designator is applied to officers qualified through formal training and practical experience in duty involving diving, parachuting, and demolition of explosives in the conduct of naval special warfare (NSW) operations.

2. **Sea, Air, and Land (SEAL) Officer Accession Policy**

a. Active duty officers may volunteer for NSW training and assignment. Those seeking lateral transfers must follow guidance outlined in MILPERSMAN 1212-010. Restricted line (RL) and staff corps officers must change designator to the unrestricted line (URL) through Navy Personnel Command (NAVPERSCOM). See reference (a) for guidance.

b. Active duty officers of other Services should reference MILPERSMAN 1300-082 for guidance on interservice transfers.

c. Applicants for this program must understand the unique nature of training and assignment prior to volunteering.

d. Entry Requirements for Officer Candidate School (OCS)

(1) Applicants must be at least 19 years old and not past their 29th birthday by date of commissioning. Age waivers will be considered for active or previously active duty personnel, or civilians who possess particularly exceptional qualifications provided they can be commissioned prior to their 42nd birthday. Waivers will be considered by Bureau of Naval Personnel (BUPERS), Naval Special Warfare Officer Community Manager (BUPERS 311D);

(2) Applicants must have a baccalaureate degree from an accredited institution;

(3) Applicants must agree to serve for 4 years post qualification, defined as graduation from SEAL qualification training (SQT), or until completion of previously acquired minimum obligated service, whichever is longer. No additional service obligation is incurred if Service member is involuntarily disenrolled because of disqualification. Disenrolled Service members must either serve on active duty until completion of prior minimum service obligation or be separated by NAVPERSCOM, depending upon the needs of the Navy at the time of disenrollment;

(4) Applicants must meet the following medical standards, as specified in reference (b):

(a) Vision must be correctable to 20/25. Uncorrected vision must be at least 20/70 in the worst eye and 20/40 in the best. Deficient color vision is disqualifying. Symptomatic or functional night vision deficiency is disqualifying. Symptomatic or subjective loss of depth perception is disqualifying. Waivers for vision standards will not be granted.

(b) Corrective procedures including photorefractive keratectomy (PRK), laser in-situ keratomileusis (LASIK), laser epithelial keratomileusis (LASEK), or intraocular lens implants

(including intraocular collamer lens implants) within the preceding 3 months are disqualifying.

(5) Applicants must satisfactorily complete a physical screening test (PST) outlined in MILPERSMAN 1220-410, and results must be confirmed by a commissioned officer. Candidates should ensure the PST is coordinated and scheduled with their recruiter, commanding officer, or immediate superior in command (ISIC).

(6) Drug Abuse Policy

(a) OCS applicants with a history of preservice drug use desiring NSW training will submit waiver requests to Commander, Naval Recruiting Command (CNRC) via their officer recruiter.

(b) No waivers will be approved for officers seeking NSW training with previous in-service drug use.

(7) Lateral transfer candidates must have achieved final warfare qualification in their current community per reference (a).

3. **SEAL Officer Application Procedures**. Individuals interested in becoming SEAL officers must follow these guidelines:

a. To become a SEAL officer, a candidate must first be commissioned through one of the following sources:

(1) U.S. Naval Academy (USNA);

(2) OCS;

(3) Naval Reserve Officer Training Corps (NROTC); or

(4) NSW also accepts a limited number of in-fleet transfers and officers from other Services and Service academies.

b. To be considered for an officer slot at basic underwater demolition/SEAL (BUD/S) training, applicants must pass and excel on the SEAL PST, and prepare and submit an application package for the SEAL officer selection screening process.

c. The screening panel will review and select the most competitive applicants for further screening upon receipt of applicants' packages. USNA candidates' screening process is separate and independent of the above, and takes place at the USNA.

d. Application procedures differ based on the candidate's background and or commissioning source. Templates and examples of items necessary for inclusion in application packages can be found on the NAVPERSCOM Web site on the SEAL officer community manager's (OCM) Web page. Candidates are advised to frequently reference the SEAL OCM's Web site at:
<http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Unrestricted/nsw/Pages/SEALOfficerSelection.aspx>

(1) **USNA.** The application process for USNA midshipmen is administered by the senior SEAL officer at USNA. Midshipmen should contact the academy's senior SEAL officer as soon as possible to express interest and begin defining their path forward. Midshipmen are encouraged to choose a technical and challenging degree and to participate in a team-based athletic activity. Reference (c) outlines requirements for Service assignment to NSW.

(2) **NROTC.** NSW selects a limited number of NROTC midshipmen to attend BUD/S training each year. Beginning their 4/C year, midshipmen should inform their chain of command of their intention to be selected for an NSW 1/C summer cruise quota, and seek out current and former SEALs for mentorship. Midshipmen must submit a package during their 2/C year. This package will be used for consideration to attend NSW summer cruise and final selection. Applications must be submitted via the midshipman's chain of command to Naval Service Training Command, Pensacola FL (NSTC), Officer Development Department (OD4) for processing. The midshipman's application will then be routed to the SEAL OCM (BUPERS-311D). Midshipmen will be notified by NSTC in the fall of their 1/C year as to final selection. The SEAL OCM (BUPERS-311D) and SEAL Detailer, NAVPERSCOM (PERS-415) will follow up with selectees with additional information. Midshipmen must coordinate package submission with their chain of command and refer to the SEAL OCM Web site for guidance:
<http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Unrestricted/nsw/Pages/NROTC.aspx>

(3) **OCS.** Interested applicants should contact a Navy officer recruiter, and communicate their interest in being commissioned through OCS and becoming a SEAL officer in training (designator 1180). Applicants should request introduction to a SEAL mentor at e-mail address motivators@navsoc.socom.mil. Applications must be submitted through Navy officer recruiters. Candidates must use references (d) and (e) when compiling their packages, coordinate package submission through their officer recruiter, and refer to the SEAL OCM Web page on the NAVPERSCOM Web site at the following Web address:
<http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Unrestricted/nsw/Pages/OCS.aspx>

(4) **Interservice Academy.** The screening panel selects a very limited number of cadets or midshipmen from all Service academies for commissioning into the Navy, follow-on SEAL training, and designation as 1180. Interested applicants must be aware of requirements associated with interservice transfers as outlined in MILPERSMAN 1300-082. Applicants must work with their current command and the SEAL OCM (BUPERS 311D) to ensure proper application package submittal and processing. Complete packages must be submitted through an applicant's Service chain of command for approval with a copy concurrently sent to the SEAL OCM (BUPERS-311D) to ensure delayed staffing does not preclude SEAL board evaluation. If selected for an interservice commission, an applicant's final selection is not official until the losing Service and gaining Service approve the request. Proper routing is the responsibility of the applicant. Packages are due to SEAL OCM (BUPERS-311D) via e-mail at SEAL_OCM@navy.mil in the year prior to an applicant's commissioning. Approval of losing Service is due no later than 1 March of the applicant's commissioning year. The interservice commission process differs for each Service. Cadets and or midshipmen must coordinate package submission with their chain of command and refer to the SEAL OCM Web site for guidance:
<http://www.public.navy.mil/BUPERS-NPC/OFFICER/COMMUNITYMANAGERS/UNRESTRICTED/NSW/Pages/InterServiceCommission.aspx>

(5) **Interservice Transfer.** The screening panel selects a very limited number of officers from the Army, Air Force, Marine Corps, Coast Guard, Public Health Service, and the National Oceanic and Atmospheric Administration for redesignation as 1180 and follow-on SEAL training. Applicants must be O-1 or O-2 at package submission date and on permanent active duty throughout the selection and transfer process. The

SEAL officer community manager will determine and publish eligible year groups based on the needs of NSW. Interested applicants must be aware of requirements associated with interservice transfers as outlined in MILPERSMAN 1300-082. Applicants should work with the SEAL OCM (BUPERS-311D) to ensure their packages are complete and properly submitted. Candidates must refer to the NAVPERSCOM Web site on the SEAL OCM Web page for guidance:

<http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Unrestricted/nsw/Pages/Inter-ServiceTransfer.aspx>

(6) **Lateral Transfer - URL, RL, and Staff Corps**

Officers. Each year the screening panel selects a limited number of URL officers for redesignation as 1180 and follow-on SEAL training. Eligible applicants must be an O-1 or O-2 at package submission date and qualified in a warfare designator and on permanent active duty throughout the selection and transfer process. The SEAL OCM (BUPERS-311D) will determine and publish eligible year groups based on the needs of NSW.

Applicants should work with their current command and the SEAL OCM (BUPERS-311) to ensure packages are complete and properly submitted. The SEAL OCM (BUPERS-311D) will notify applicants of final selection. Candidates must be released from their losing warfare community and report to BUD/S within the fiscal year in which they are applying. Applicants must also ensure specific requirements for redesignation have been completed per reference

(a). Eligible candidates must coordinate package submission with their chain of command and refer to the SEAL OCM Web page on the NAVPERSCOM Web site: <http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Unrestricted/nsw/Pages/SEALOfficerSelection.aspx>

4. **Initial Training**

a. Up-to-date course information, BUD/S training, prerequisites, and class convening dates are contained in the Catalog of Navy Training Courses (CANTRAC) which can be accessed via common access card (CAC) login. Individuals without CAC login capability should speak with their recruiter or ISIC, or for more information, visit the NAVPERSCOM Web site at the following Web address: www.sealswcc.com.

b. Officers selected for NSW training will be ordered to BUD/S training (K-431-0037, K-431-0058) (21 weeks). Prior to the completion of BUD/S, their designator will be changed to 1180.

c. Upon completion of initial training, officers will be ordered to Junior Officer Training Course (JOTC) (K-431-0058) (5 weeks), Maritime Cold Weather Training (K431-0098) (4 weeks), SQT (K-431-0059) (13 weeks), Static Line (K-431-0135) (1 week), Military Freefall (K-431-0136) (3 Weeks), Survival Evasion Resistance Escape Training (SERE) (K-431-0400) (2 weeks), Combatives (K-431-0097) (2 weeks), and Advanced Special Operations Training (K-431-0107) (1 week).

d. Officers disenrolled from BUD/S training through voluntary drop on request will be made available for reassignment within the Navy via the probationary officer continuation and redesignation (POCR) Board and will not be reconsidered for BUD/S. Such officers may apply for other voluntary diving related training after a minimum of 1 year of service.

e. Newly commissioned officers formerly qualified in NSW as enlisted SEALs (Navy enlisted classification 5326) will receive orders to NSW Basic Training Command, Coronado, CA following their commissioning date. Such officers will attend JOTC and upon successful completion, may be recommended for designation as 1130 by NSW Basic Training Command, Coronado, CA. The determination as to the necessity of any additional training for officers subject to this subparagraph must be at the discretion of the Commanding Officer, NSW Basic Training Command, Coronada, CA or the ISIC.

5. **Non-Qualification.** If an officer is unable to achieve qualification in NSW, the Commanding Officer, Naval Special Warfare Center (NAVSPECWARCEN) must take one of the following actions:

a. Submit a report to NAVPERSCOM, Special Warfare Detailing Branch (PERS-415) via the administrative chain of command containing the circumstances for non-qualification, the officer's potential, and a recommendation of assignment to duty other than NSW. In this case, the officer will be sent to the POCR Board and may apply for redesignation or separation; or

b. Place the officer in a probationary status and upon completion of the probationary period, find the officer either qualified or not qualified, or extend the probationary period.

6. **Designation as NSW Officer.** Upon successful completion of the requirements outlined in paragraph 5 and demonstration of leadership capability, officers are qualified to receive the NSW additional qualification designator (AQD) "QC9" and receive assignment to a SEAL team. Commanding Officer, NAVSPECWARCEN must designate such candidates "Qualified in Naval Special Warfare" and submit a letter to NAVPERSCOM (PERS-415) requesting officers' designators be changed from 1180 to 113X (SEAL officer). NAVPERSCOM (PERS-415) will validate and forward the request to NAVPERSCOM, Officer Accessions and Promotions (PERS-806) who will change officer's designators and make necessary entries in their personnel records.

7. **Insignia.** Qualified officers are authorized to wear the NSW insignia per reference (f). The Commanding Officer, Naval Special Warfare Center awards the insignia to officers successfully completing all aspects of training outlined in paragraph 4 above.

8. **Career Path**

a. Generally, the career path for an NSW officer will follow the below timeline:

BUDS SQT	AOIC <small>SEAL Team (ST) Only</small>	DIV. 1	OIC ST/SDV	DIV 2	TU Cdr OPS Trp Cdr	XO	PME PGE Joint	PME PGE Joint	CO	NSW Bonus	Joint NSW	MAJ CMD
0-2yr	2-4yr	4-6yr	6-8yr	8-10yr	10-12yr	12-14yr	14-16yr	16-18yr	18-20yr	20-22yr	22-24yr	24-26yr

Assistant officer in charge, officer in charge, platoon commander, executive officer (XO), commanding officer, and major command tours (or equivalents/designated milestone assignments as determined by Commander, Naval Special Warfare Command (NAVSPECWARCOM)) are required NSW officer tours to be eligible for promotion to the next grade.

b. To be eligible for XO, a SEAL officer must successfully complete a platoon commander tour (or equivalent), and is highly encouraged to

- (1) complete joint professional military education (JPME) phase I;

- (2) earn a master's degree; and
- (3) serve in two development tours.

c. To be eligible for commanding officer, a SEAL officer must have successfully completed an XO tour (or equivalent), a command qualification board, and is highly encouraged to complete the following:

- (1) complete JPME phases I and II (JPME phase I must be completed prior to assuming command);

- (2) earn a master's degree; and

- (3) serve in a joint billet and earn the joint qualified officer (JQO) designation. JQO requirements and a listing of qualifying joint billets can be found on the Joint Officer Management (PERS-450) Web page on the NAVPERSCOM Web site: <http://www.public.navy.mil/bupers-npc/officer/Detailing/jointofficer/Pages/default.aspx>

9. Education

a. NSW officers are highly encouraged to pursue post-graduate education. There are many opportunities within the Navy to obtain a postgraduate degree, including:

- (1) Pol-Mil Master's Program;
- (2) Navy Post-Graduate School;
- (3) Naval War College;
- (4) SEAL Princeton Scholarship; and
- (5) Olmstead Scholarship.

b. NSW officers interested in pursuing a postgraduate degree must contact the SEAL Officer Detailer, NAVPERSCOM (PERS-415) and visit the NAVPERSCOM (PERS-440) Graduate Education and Training Placement Web page on the NAVPERSCOM Web page: <http://www.public.navy.mil/bupers-npc/officer/Detailing/educationplacement/Pages/default.aspx>

10. **Sustainment of Qualifications**

a. Commanding officers are directed to ensure every opportunity is afforded for maintaining individual qualifications. Commands will document requalification as described in reference (g), MILPERSMAN 1220-030, MILPERSMAN 1220-260, and MILPERSMAN 1220-280. Completion of requalification training will be included in a member's official military personnel file (OMPF) via NAVPERS 1070/613 Administrative Remarks and may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Commands will also ensure individual dives and parachute jumps are entered into the Navy/Marine Corps Dive/Jump Reporting System. Appropriate Navy comptroller (NAVCOMPT) forms will be sent per reference (h) in all instances in which diving, jumping, and or hazardous duty special pay are affected.

b. Diving requalification will be used to substantiate entitlement to special pay for diving, and will be completed under MILPERSMAN 1220-260.

c. Parachute requalification will be used to substantiate entitlement to special pay for high altitude low opening (HALO)/military freefall jump pay or static-line jump pay, and completed per with MILPERSMAN 1220-030.

d. Demolition requalification will be used to substantiate entitlement to special pay for duty involving the use of demolition, and will be completed in per MILPERSMAN 1220-280.

11. **Revocation of Warfare Qualification.** An officer that qualifies in NSW will be considered to retain such qualification indefinitely, unless the officer's performance of special warfare duty (as distinguished from physical disability) is such as to demonstrate the officer's unfitness. If an officer is believed unfit as a qualified SEAL, the officer's commanding officer or ISIC must send a recommendation with supporting documentation to NAVSPECWARCOM, via the administrative chain of command, recommending the officer's SEAL AQD be revoked and his authority to wear the NSW device withdrawn.

a. The officer will be afforded the opportunity to submit a written statement limited to two pages concerning the revocation of his authority to wear the NSW device. If the officer does not desire to submit a statement, the officer must be directed

to indicate this in writing and sign name. The statement must specifically indicate that the officer understands the circumstances surrounding the particular case, and that, if true, MILPERSMAN 1210-220 allows for the revocation of the officer's SEAL AQD. The statement must further indicate the officer's recognition that the revocation recommendation, if approved, will be filed in the officer's OMPF. The officer's statement must also be filed in the officer's OMPF. If appropriate, a recommendation for the revocation of an officer's SEAL AQD may be incorporated into a request for the officer's detachment for cause (DFC), as outlined in MILPERSMAN 1611-020.

b. Upon receipt of the commanding officers or ISIC's recommendation, NAVSPECWARCOM must direct a board of officers be convened to thoroughly review the revocation request. The board will consist of at least three officers qualified in NSW (1130) of the grade of captain (O6) or above. Written results and recommendations of the board will be forwarded to NAVSPECWARCOM for final endorsement and routing.

c. If NAVSPECWARCOM recommends revocation of the officer's NSW designation, the recommendation must be forwarded to NAVPERSCOM (PERS-415) for execution with NAVPERSCOM, Career Management Department (PERS-4).

d. Authority to wear the NSW insignia is withdrawn by a specific statement in the endorsed revocation request letter sent from NAVSPECWARCOM to NAVPERSCOM (PERS-415) and NAVPERSCOM (PERS-4). If revocation is approved, the subject officer must retain the 113X designator, but lose both the respective AQDs and authorization to wear the NSW device.

e. Upon removal of 113X designator and or respective AQD, NAVPERSCOM (PERS-415) will annotate such in the officer's OMPF and notify the officer (in writing) via administrative chain of command.

12. Reinstatement of Warfare Qualification

a. Officers may request reinstatement of a prior NSW AQD, and or authorization to wear the NSW device by sending a request to NAVSPECWARCOM.

(1) Upon receipt, NAVSPECWARCOM must thoroughly review the request and the reasons for revoking the officer's NSW AQD.

NAVSPECWARCOM must either approve or deny the request for reinstatement of SEAL qualification.

(2) If NAVSPECWARCOM approves the reinstatement of qualification, the approval must be forwarded to NAVPERSCOM (PERS-415) for execution with NAVPERSCOM (PERS-4).

(3) If the request for reinstatement of qualification is approved, the subject officer must regain the respective NSW AQD and authorization to wear the NSW device.

(4) Upon reinstatement of qualification, NAVPERSCOM (PERS-415) must annotate such in the officer's OMPF and notify the officer in writing via the administrative chain of command.

13. Procedure for Revocation of NSW Designation

a. The officer initiating a recommendation for revocation of designator must be the commanding officer or ISIC in the chain of command of the officer concerned.

b. A recommendation for designator revocation must cite the circumstances upon which the revocation is based, including, but not limited to the following:

(1) Unsatisfactory performance at sea, while deployed or during high risk evolutions;

(2) Gross lack of professional or personal judgment, lack of moral or ethical behavior, and or conduct inconsistent with the SEAL ethos;

(3) Refusal to accept or perform duties afloat, or those involving imminent danger;

(4) Unfitness for sea duty or combat due to either a lack of, or loss of, confidence in warfighting, leadership, or managerial ability; or

(5) Misconduct that discredits NSW, harms operational or information security, or otherwise adversely impacts team discipline.

c. The recommendation must be sent to NAVSPECWARCOM via the administrative chain of command.

d. Written notification must be made to the officer concerned containing the following:

(1) The right to submit a written statement concerning the recommendation for revocation of the officer's designator;

(2) The fact that if the recommendation is approved, a copy must be filed in the officer's OMPF; and

(3) The right to not make a statement, which must be signed in writing.

e. The officer being considered for designator revocation via the officer's administrative chain of command

(1) may submit a statement to NAVSPECWARCOM via the administrative chain of command in which the officer served at the time of the events leading to the revocation request.

(2) (if unwilling to make a statement) must indicate receipt of the items listed in paragraph 13d, as well as the officer's unwillingness to make a statement (in writing and signed by the officer).

(3) must signify (in writing) a desire to either seek redesignation to another designator, submit a resignation via MILPERSMAN 1920-200, or retire (if eligible) should NAVSPECWARCOM endorse the designator revocation recommendation. Officers seeking redesignation must follow guidance outlined in MILPERSMAN 1212-010.

f. Upon receipt of the designator revocation recommendation, NAVSPECWARCOM must direct a board of officers TO be convened to thoroughly review the revocation request. The board will consist of at least three officers qualified in NSW (113X) of the grade of captain (O-6) or above. Written results and recommendations of the board will be forwarded to NAVSPECWARCOM for final endorsement and routing.

g. If the designator revocation request is endorsed by NAVSPECWARCOM, the recommendation must be forwarded to NAVPERSCOM (PERS-415) for execution within NAVPERSCOM (PERS-4). NAVSPECWARCOM may also include in his endorsed designator revocation recommendation a comment as to the officer's fitness for future naval service (in any capacity). While not required, the comment will be heavily considered by a board convened at

NAVPERSCOM following the officer's designator revocation to determine the officer's naval future.

h. Upon receipt of the endorsed designator revocation recommendation, NAVPERSCOM (PERS-415) will remove the subject officer's 113X designator in the officer's OMPF.

i. Upon designator removal, the officer will become a non-warfare qualified URL officer, designator 110X. NAVPERSCOM (PERS-415) will annotate the officer's OMPF accordingly.

j. Following designator removal,

(1) if the officer's total active duty service is less than 6 years, a POGR Board, consisting of various community managers and detailers, will review the officer's file for either redesignation and retention in-processing, or out-processing from the United States Navy.

(2) If the officer's total active duty service is 6 years or greater, the officer is not considered "probationary" and thus will not be subject to a POGR Board. NAVPERSCOM (PERS-415) in conjunction with NAVPERSCOM (PERS-4) will determine the officer's next duty station and command. The officer may either resign or fulfill his remaining service obligation as a non-warfare qualified URL officer.

14. **DFC**

a. A recommendation for revocation must not be made in lieu of DFC, nor must such recommendations automatically be included in the cases of DFC.

b. Revocation may be recommended coincidentally with a DFC, but will be administratively handled as a separate action by NAVPERSCOM.

c. Requests for DFC must be followed per MILPERSMAN 1611-020.

15. **SEAL Officer Resignation Procedure**

a. Per MILPERSMAN 1920-190 and MILPERSMAN 1920-200, SEAL officers wishing to resign their commission must submit their letters of resignation no later than 9 months, but not more than 12 months prior to the desired separation month. Letters of resignation must be submitted to the SEAL OCM (BUPERS-311D) and SEAL Detailer, NAVPERSCOM (PERS-415) via e-mail at (SEAL_OCM@navy.mil) and NAVPERSCOM, Officer Performance and Separations Branch (PERS-834F) at the following address:

-------------------	--

1. Designation

a. Officers selected for Explosive Ordnance Disposal (EOD) Officer training will be re-designated 119X (EOD Trainee).

b. The EOD designation (114X) is applied to all officers who have qualified, through formal training and practical experience, for duty involving

- Explosive Ordnance Disposal (EOD),
- Diving and Salvage (D & S), and
- Underwater Mine Countermeasures (UMCM).

Navy Personnel Command (NAVPERSCOM), EOD Officer Assignments (PERS-416) will approve designator change to 114X, and make the appropriate entries in the Officer Master File.

2. Eligibility. The EOD designation is open as follows:

a. Qualified Limited Duty Officers (LDO), Unrestricted Line (URL), Restricted Line (RL), and Staff Corps (SC) Officers must request a change of designator via the Semiannual Lateral Transfer and Redesignation Board as promulgated by specific NAVADMIN, prior to designation as an EOD Officer (119X/114X). See MILPERSMAN 1212-010 and 1212-020 for procedures.

b. Officers 30 years of age or less as of application receipt date in NAVPERSCOM, except officers with previous enlisted experience, who may receive a waiver (year for year) based on needs of the Navy.

c. Officers meeting medical standards as specified in reference (a), article 15-36. Officers requiring a medical waiver must submit their package **via**

- their commanding officer (CO), and
- Bureau of Medicine and Surgery (BUMED) (M3F).

Waiver authority for medical standards, as recommended by BUMED, rests with NAVPERSCOM (PERS-416).

3. **Obligated Service (OBLISERV) for Training.** Officers must agree to serve on active duty for a period of 4 years from their graduation date from EOD School. Training attrites will be obligated (month for month) to an extension of their original minimum service requirement (MSR) equal to the number of months of training completed, to be served concurrently with their original obligation.

4. **Application.** Applications requesting a change of designator will be submitted per MILPERSMAN 1212-010 or 1212-020 as appropriate. The following example will be used as an enclosure for all accession and lateral transfer requests: (Use proper letter format.)

[Include the following if applicable.] I request a waiver to the following requirements: [specify requirements which need a waiver].
3. I understand the nature of EOD Officer duty, and I agree to:
 - a. Serve on active duty for a period of 4 years from my graduation date from Naval EOD School. If I attrite, I will be obligated (month for month) to an extension of my original minimum service required (MSR) equal to the number of months of training completed, to be served concurrently with my original obligation, unless released earlier by Navy Personnel Command.
 - b. Serve the minimum obligated service (OBLISERV) specified, regardless of whether I retain the EOD Officer qualification for 4 years.

4. Per reference (c), the following is submitted:
 - a. I request change of designator to 119X.
 - b. Date and place of birth.
 - c. Source of commissioning.
 - d. Date of original commission.
 - e. Date and rank (temporary and permanent, if applicable).
 - f. Date of end of OBLISERV in the present community.
 - g. Citizenship.
 - h. Applicants associated with the surface, submarine, special warfare, EOD, and aviation communities shall validate achievement of warfare qualification. The date of qualification and the title of the qualifying officer should be included.
 - i. Additional information that the applicant feels should be brought to the attention of the selection board. Requests for waiver of any of the eligibility requirements specified in this article shall be thoroughly substantiated.
 - j. Academic Profile Code (APC). If applicants don't have an APC on file, they must submit college transcripts with their application.

6. **Application Screening**

a. All applicants must be screened by a qualified screening activity prior to requesting initial training.

b. A qualified screening activity is any EOD, diving, or training activity whose primary mission is to conduct or train, in EOD or diving operations. A qualified EOD officer will interview volunteers. Additionally, they must successfully complete the physical screening test for EOD per MILPERSMAN

1220-100, Exhibit 1, and a hyperbaric pressure test as described in reference (b). Physical screening test scores are considered to be the applicant's best effort.

7. Training

a. Up-to-date course descriptions, prerequisites, class convening dates, and designated training activities for EOD Officer core and billet specialty training are contained in reference (c).

b. Officers (re)designated EOD Officer Trainee (119X) will first complete EOD/Diver training at Naval Diving and Salvage Training Center (NAVDIVESALVTRACEN). Upon completion of dive training, officers will complete a 40-week Basic EOD course at Naval School, Explosive Ordnance Disposal (NAVSCOLEOD), Eglin Air Force Base, FL. Officers graduating from NAVSCOLEOD will be awarded AQD-KG1 (Basic EOD Officer). Officers will be awarded the 114X designator upon attaining AQD-KG5 (EOD Officer Warfare Qualification).

c. EOD Officers will not remain in the community without completing the EOD/Diver and Basic EOD courses. Those failing to complete EOD pipeline training will be processed as training attrites.

d. Officers who voluntarily or involuntarily disenroll from initial training will be made available for reassignment. Administrative action will be taken to cancel the agreement to extend officer service and to determine remaining active duty obligation. Officers who voluntarily disenroll from training must serve a minimum of 1 year prior to reapplying for the same or similar training.

8. Insignia

a. Authorization to wear EOD warfare insignia is granted to qualified officers holding appropriate designator and qualification codes as defined in reference (d).

b. Officers designated 114X and possessing AQD-KG5 are authorized to wear the EOD Officer Warfare insignia.

c. Officers designated 119X will be authorized to wear the Basic EOD Badge upon completion of Basic EOD training.

9. **Requalification**

a. The perishable skills of diving and specialized demolition, which are inherent to the profession, are requirements of all EOD officers. COs are directed to provide every opportunity for EOD officer qualifications to be maintained in the proper proficiency and periodicity.

b. Diving, parachuting, and demolition requalification will be conducted per MILPERSMAN 1220-260, 1220-030, and 1220-280, respectively.

10. **Supervisory Status.** There are limited situations where personnel are unable to meet the physical standards for EOD Officer duties to include diving, parachute, and demolition operations, through no fault or lack of diligence on the officer's part. In these few cases, officers whose significant EOD experience is of continued value to the Navy, may apply for "Supervisory Status" designation and remain in the EOD community.

a. **Eligibility.** Personnel must be

- a qualified Explosive Ordnance Disposal Officer (AQD KG5),
- remain qualified for sea duty and
- hold a supervisory qualification for the duty involved.

b. **Request Designation.** Officers may request designation for supervisory status by submitting a request letter **via** their CO and Bureau of Medicine and Surgery (BUMED), **to** NAVPERSCOM (PERS-416). Requests shall contain the following:

(1) Results of the most recent diving physical examination as enclosure (1).

(2) A brief synopsis of previous supervisory qualifications and copies of current qualification letters as enclosure (2).

c. **Designation.** NAVPERSCOM (PERS 416) will adhere to the specifications listed in MILPERSMAN Article 1220-200 when approving/disapproving the request.

1. **Definition.** The term Flight Meteorologist is applied to a Meteorology and Oceanography (METOC) officer, designated as 180X or 646X, or Aerographer's Mate, NEC 7412, who is assigned to duty that involves flying as a crewmember for the specific purpose of environmental (meteorological, oceanographic, ice) reconnaissance. Examples of such billets include Ice Reconnaissance Team Members, Strategic Command (STRATCOM) METOC Officers, etc.

2. **Qualification Requirements.** A member assigned to duty as stated above shall meet the following requirements to qualify as a Flight Meteorologist:

a. Have qualified under Naval Air Training and Operating Procedures Standardization (NATOPS) (or equivalent U.S. Air Force (USAF)) standards of knowledge of aircraft systems and safety procedures.

b. Have successfully completed a course of instruction associated with their flying mission as prescribed by the appropriate type commander.

c. Have successfully accumulated and documented a minimum of 60 hours on-station time directly related to the purpose of the METOC mission.

d. Have been assigned to duty that involves flying for a period of not less than 6 months.

e. Have completed at least one of these formal educational criteria:

(1) Hold a baccalaureate or higher degree in the field of Meteorology or Oceanography from an accredited university.

(2) Successfully completed a course of instruction in the Air-Ocean Science Curriculum at the Naval Postgraduate School, Monterey, CA.

(3) Successfully completed the course of instruction at Basic Oceanography Accession Training (BOAT).

(4) Successfully completed the course of instruction at the Aerographers Mate Class C-1 School.

(5) Successfully completed Analyst Forecaster (AG-7412) Class C-1 School.

3. Wearing the Naval Aviation Observer Insignia

a. Flight Meteorologist is not a designation but does carry with it the authority to wear the Naval Aviation Observer (NAO) insignia as prescribed by reference (a). Personnel are authorized to wear the insignia upon initial qualification as a Flight Meteorologist.

b. Commanding officers (COs) shall advise Navy Personnel Command (NAVPERSCOM), Oceanography Assignment/Placement Branch (PERS-449), via Commander, Naval Meteorology and Oceanography Command (CNMOC), of successful completion of all requirements. NAVPERSCOM (PERS-449) will certify completion and grant authority to wear the insignia.

c. Authority to wear the insignia continues through subsequent tours, unless revoked by NAVPERSCOM, and as long as the member remains a volunteer to Flight Meteorologist duty.

1. **Background.** Special Evaluators are Information Warfare (IW) officers of the Navy and Marine Corps assigned to duty involving flying as a crewmember with Fleet Air Reconnaissance and Maritime Patrol squadrons.

2. **Naval Aviation Observer (NAO).** The term Special Evaluator is not a designation, but reflects the authority to wear the NAO insignia as prescribed by reference (a). The following officers are authorized to wear this insignia as prescribed by reference (a) and upon completion of all requirements specified herein:

- Officers assigned as crewmembers in airborne command posts.
- Special evaluators flying as crewmembers in EP-3 or P-3 aircraft.
- Limited duty and chief warrant officers designated as 632X or 732X, who are assigned to billets requiring duty involving flying.
- Non-aeronautically designated officers assigned to duty involving flying as a technical observer (DIFTECH) under orders issued by Chief of Naval Personnel (CHNAVPERS).

3. **NAO Qualification Requirements.** Officers assigned to flight duty stated above and meeting the following requirements to qualify for the NAO insignia:

a. Qualify by Naval Air Training and Operating Procedures Standardization (NATOPS) standards of knowledge of aircraft systems and safety procedures.

b. Successfully complete a course of instruction as prescribed by the appropriate type commander or a Job Qualification Requirement assigned by the officer's commanding officer (CO) associated with their flying mission.

c. Accumulate 200 hours of mission and/or training flight time related to the purpose of their assignment to duty involving flying.

d. Are assigned to duty involving flying for a period of not less than 6 months.

4. Procedure for Documenting Completion of Requirements

a. COs shall advise Navy Personnel Command (NAVPERSCOM), Information Warfare (IW) Branch (PERS-472) of successful completion of all requirements and provide copies of the documents that certify completion of the requirements listed above.

b. NAVPERSCOM (PERS-472) will certify completion, grant authority to wear the insignia, and enter the NAO additional qualification designator **BD1** in the officer's record. Such authority to wear the insignia continues through subsequent tours, unless revoked by NAVPERSCOM, as long as the officer remains a volunteer for flight duty as Special Evaluator.

1. **Background.** The Naval Aviation Observer (NAO) Program provides an opportunity for limited duty officers, warrant officers, and fleet personnel to become career observers. The NAO Program for limited duty officers and warrant officers is a continuation of their prior enlisted service flying in either fixed-wing aircraft or helicopters. However, as a continuation of prior enlisted service, the skill set needed for the NAO qualification increases in scope and becomes more technically demanding. Therefore, further training is required to adequately fulfill this new skill set. For non-aeronautically designated officers and enlisted, this program is for special assignment flying in either fixed-wing or helicopter aircraft not covered under the Naval Aircrew Program.

2. **Eligibility:**

a. Aviation Operations limited duty officers designated 632X, assigned duty involving flying operations (DIFOPS) orders and are logged into DIFOPS billets (XXX1 or XXX2);

b. Aviation Operations Technician warrant officers designated 732X, assigned DIFOPS orders and are logged into DIFOPS billets (XXX1 or XXX2);

c. Non-aeronautically designated officers and enlisted with distributable Navy enlisted classifications 8202, 8288, 8295, 8296, and 8401, who are assigned to billets requiring duty involving flying, will be eligible to be designated as NAOs. Enlisted will be eligible under duty involving flying/temporary (DIFTEM) orders and officers will be eligible under duty involving flying as a technical advisor (DIFTECH) orders,

approved by type commander, and issued by Commander, Navy Personnel Command.

3. **Revocation.** The right to wear the NAO insignia continues through subsequent tours, unless revoked by Head, Aviation LDO/CWO Assignments Branch (PERS-434D), and as long as the individual remains a volunteer for flight duty. Enlisted personnel are authorized to wear the NAO insignia as long as they maintain eligibility.

4. **Requirements.** An officer or enlisted assigned to a billet requiring flying, crewmember, or technical observer must meet the following requirements to qualify for the NAO insignia:

a. Maintain a current flight physical and must have volunteered for duty involving flying.

b. Qualified under Naval Air Training and Operating Procedures Standardization or other service standard of knowledge of aircraft systems and safety procedures.

c. Successfully completed a course of instruction associated with their flying mission as prescribed by the appropriate type commander. The course of instruction can be based on experience and or a personnel qualification standard developed by the concerned command.

d. Accumulated 200 flight hours in fixed-wing aircraft, or 150 flight hours in rotary-wing aircraft to ensure a complete understanding and proficiency in the specific operational mission which must be directly related to the purpose of their assignment to duty involving flying.

5. **Restrictions to the Award of the NAO Designation:**

a. Award of the NAO insignia retroactively is not authorized. Qualifications earned in the past shall not count toward award of a current NAO request. No request shall be approved with previous naval service qualifications.

b. Qualifications earned when previously designated as aircrew or an aeronautically designated (officer or enlisted) cannot be used to qualify for a current NAO request. All submissions must contain only current qualifications.

1. Assignment of Designator

a. Approved qualification shall be forwarded to Navy Personnel Command (NAVPERSCOM), Staff/RL Officer Distribution Division (PERS-44). Upon receipt, NAVPERSCOM will assign the appropriate Additional Qualification Designator (AQD) to the officer qualified.

b. Qualified Surface Warfare Officers transferring into the Medical Corps and attaining Surface Warfare Medical Department Officer (SWMDO) designation will be assigned AQD LA7 in addition to retaining the AQD LA9.

2. Authority to Wear the Insignia

a. Qualification under the aforementioned standards and procedures entitles an officer to wear the SWMDO insignia per reference (a). The achievement should be recognized at an appropriate ceremony and relevant comments shall be included in the officer's next regular report of fitness.

b. Officers transferring into the Medical Corps who were previously authorized to wear other warfare specialty insignia may wear these insignia following reference (a).

3. Revocation Qualification

a. A SWMDO will retain such qualification until revoked by NAVPERSCOM.

b. A commanding officer (CO), or any immediate superior in command (ISIC) in the individual's chain of command, may

recommend revocation of the SWMDO designation when an officer's performance of surface warfare duties afloat is unsatisfactory.

4. **Detachment for Cause (DFC)**. A recommendation for revocation of such qualification shall not be made in lieu of DFC, nor shall recommendations automatically be included in cases of DFC. Revocation may be considered and recommended coincidentally with a DFC, but shall be handled administratively as a separate action by NAVPERSCOM. 1. **Designation.** Commander, Naval Facilities Engineering Command (NAVFACENGCOM), Director Navy Ocean Facilities Program (NAVFAC OFP) designates qualified **Civil Engineer Corps (CEC)** officers as **Navy Ocean Facilities Program (OFP)** officers. Upon qualification, Navy OFP officers may be assigned to CEC billets which are designated as 1103 subspecialty billets per reference (a).

a. **Qualifications for CEC officers with officer designation of 510X:**

(1) Completion of Naval Postgraduate School (NPS) approved curriculum No. 472, leading to a Masters Degree in Ocean Engineering per reference (b), or equivalent education and fulfillment of all requirements necessary to obtain the 1103 subspecialty code.

(2) Meet the requirements of a designated "Basic Diving Officer" prescribed in MILPERSMAN 1210-140.

b. **Qualifications for CEC officers with officer designation of 653X or 753X:**

(1) Appropriate experience and demonstrated proficiency in technical aspects and management of underwater construction and ocean facilities related projects.

(2) Meet the requirements of a designated "Basic Diving Officer" prescribed in MILPERSMAN 1210-140.

2. **Eligibility.** NAVFACENGCOM (NAVFAC OFP) may grant or processes a waiver on a case-by-case basis. Members applying for accession into the Navy OFP must satisfy the following requirements:

a. **Designation/Rank.** Be serving as a U.S. Navy CEC officer (510x, 653x, or 753x). Applicants must be of the rank of lieutenant or below, and must not be in-zone for promotion to lieutenant commander at the time of application.

b. **Obligated Service (OBLISERV).** Subsequent to completion of graduate school and dive training, agree to serve on active duty for a specified period per reference (b) and MILPERSMAN 1210-140, or until completion of previously acquired minimum OBLISERV, whichever is longer.

c. **Physical/Medical Requirements.** Meet all physical and medical requirements for Basic Diving Officer prescribed in MILPERSMAN 1210-140. Specific qualifications are as follows:

(1) Interview by a Navy OFP officer serving on active duty who is at least one paygrade senior to the applicant. The screening interview provides an opportunity for the Navy OFP office to further evaluate each applicant's suitability and motivation for the program.

(2) Vision correctable to 20/20, and not less than 20/200 in each eye, uncorrected. Waivers can be granted on a case-by-case basis for vision acuity less than 20/200 in each eye.

(3) Deficient color vision by Farnsworth Lantern Test is a disqualifying factor; however, waivers may be granted.

(4) Maximum age is 35 but may be waived.

(5) Must have the ability to equalize pressure (VALSALVA).

(6) High blood pressure is disqualifying. If one high reading is observed, others should be taken at intervals over a several-day period to determine the validity of the first reading.

(7) Candidates must be Department of Defense (DOD) dental class 1 or 2 prior to diver training.

(8) SF 88 (Rev. 10-94), Report of Medical Examination and SF 93 (Rev. 6-96), Report of Medical History must be submitted to

a qualified diving medical officer for review upon completion of diver physical. SF 88 should state the purpose as "Diving Duty."

(9) If above the Navy weight standards, the applicant must submit waiver request with front and side view photographs.

(10) Successfully complete hyperbaric chamber pressure tolerance test to a pressure equivalent of 60 feet of seawater. Contact nearest recompression chamber facility or Navy diving command for arrangement to take this test. **NOTE:** This test may be performed only after completion of medical screening as outlined above.

(11) Physically qualified as demonstrated by ability to perform following:

- (a) **500 yard swim (within 14 min.)**
- (b) **42 push-ups, 50 sit-ups**
- (c) **6 pull-ups**
- (d) **one and one-half mile run (within 12 min. 45 sec.)**

There are stringent requirements on how these must be performed (see MILPERSMAN 1220-100 through 1220-330). **NOTE:** This physical fitness test can be administered by any command physical readiness test (PRT) coordinator; however, it is incumbent upon both the applicant and the PRT coordinator to ensure the screening test is administered as prescribed. Failure to do so could result in rejection or disenrollment of the applicant by Naval Diving and Salvage Training Center (NDSTC) before or at any time during dive training.

3. Application

a. **Letter Format.** Applications for acceptance into the Navy OFP shall be submitted via the applicant's commanding officer (CO) and Chief, Bureau of Medicine and Surgery (BUMED) to NAVFAC OFP in the following format (use proper letter format):

From: (Rank, Name, SSN (xxxx-xxx-1234, last four)/Designator)
To: Commander, Naval Facilities Engineering Command
(NAVFAC OFP)
Via: (1) Commanding Officer
(2) Chief, Bureau of Medicine and Surgery (BUMED-M3F7)
Subj: NAVY OCEAN FACILITIES PROGRAM ACCESSION
Ref: (a) MILPERSMAN 1210-310
(b) NAVMED P-117, Manual of the Medical Department,
Article 15-36, Diving Duty
Encl: (1) SF 88, Report of Medical Examination
(2) SF 93, Report of Medical History
(3) NAVMED 6150/2, Special Duty Medical Abstract

tolerance test)
(4) Report of physical fitness screening test
(5) Report of interview with a Navy OFP officer
(state rank and name of interviewer)
(6) SF 86, Questionnaire for National
Security Positions

1. Per reference (a), I respectfully request acceptance into the Navy Ocean Facilities Program. I understand that this request constitutes a request to pursue the 1103P subspecialty designation as well as a voluntary request for Navy Basic Diving Officer training.

2. Based on the results of enclosures (1) through (5) and per references (a) and (b), I submit my eligibility for Navy dive training (or, as applicable, I request a waiver to the following requirements - specify requirements and circumstances of waiver request).

3. I understand the nature of the training associated with this request, and agree to

a. serve on active duty for a period of about 5 years (about 3 years, 2 months for Graduate School and 2 years for Dive Training) or until completion of previously acquired minimum obligated service, whichever is greater, subsequent to completion of training unless released earlier by Navy Personnel Command.

b. serve the minimum obligated service specified, regardless of whether I retain diving qualification for 5 years.

4. I have answered the questions in enclosure (6) truthfully and accurately.

b. **Endorsement Format** (use proper endorsement format):

From: Commanding Officer

To: Commander, Naval Facilities Engineering Command
(NAVFAC OFP)

Via: Chief, Bureau of Medicine and Surgery (BUMED-M3F7)

Subj: NAVY OCEAN FACILITIES PROGRAM ACCESSION

1. Forwarded.

2. Commanding officer's recommendation regarding the officer's suitability for accession into the Navy Ocean Facilities Program.

3. Statement regarding availability of the officer.

(Signature)

4. **Application Screening**. Submit the application package as indicated above, with copy to Navy Personnel Command (NAVPERSCOM), Civil Engineering Corps Branch (PERS-463) and the NAVFACENGCOM (NAVFAC OFP) office secretary (NFESC 07S).

5. **Training**. CEC officers whose officer designator is 510X and who voluntarily or involuntarily disenroll from their Ocean Engineering Graduate School Program (NPS approved curriculum No. 472), or from initial diving training, will be made available for reassignment by NAVPERSCOM (PERS-463). Administrative action will be taken to cancel the agreement to extend officer service and to determine the remaining active duty obligation. The officer will also be dropped, and will not be eligible for further consideration to the Navy OFP.

6. **Insignia**. Navy OFP officers are authorized to wear the "Basic Diving Officer" insignia upon attainment of the Diving Officer qualification per MILPERSMAN 1210-140, and prescribed by reference (c).

7. **Requalification**

a. The perishable skills of diving, which are inherent to the profession, are requirements of all Navy OFP officers (subspecialty 1103). COs are directed to provide every opportunity for Navy OFP officer qualifications to be maintained in the proper proficiency and periodicity.

b. Diving requalification will be conducted per MILPERSMAN 1210-140.

8. **Revocation/Reinstatement of Qualifications**

a. Officers may request removal of diving related Navy officer billet classifications (NOBCs) or additional qualification designators (AQDs) by sending a letter to NAVPERSCOM, Special Operations Branch (EOD) (PERS-416), via their chain of command and NAVFACENCOM (NAVFAC OFP). Removal of the diving NOBCs or AQDs will disenroll the officer from the Navy OFP.

b. Revocation of Diving Officer designations shall be considered only by an appointed board convened by the appropriate CO in the officer's chain of command. The board shall have at least one Navy OFP officer with the rank of lieutenant commander or senior. The board shall evaluate the operational ability, motivation, and reliability of officers in their performance of duty. The board's recommendation shall be forwarded via the convening authority and NAVFACENCOM (NAVFAC OFP) to NAVPERSCOM (PERS-416) for final determination.

Revocation of Diving Officer designator by NAVPERSCOM (PERS-416) will disenroll the officer from the Navy OFP.

c. Officers may request reinstatement of former diving designation by sending a letter to NAVPERSCOM (PERS-416) via their CO and NAVFACENGCOM (NAVFAC OFP). Requests for reinstatement should include appropriate statement from the officer application format discussed previously.

1. **Policy.** Supply Corps officers serving within Navy Expeditionary Combat Command or naval special warfare community shall obtain the Navy Expeditionary Supply Corps officer (NESCO) warfare qualification while assigned to a qualifying billet per reference (a).

2. **Assignment of Designation.** Approved qualification shall be forwarded to Navy Personnel Command (NAVPERSCOM), Supply Assignments/Placement Branch (PERS-4412) via the appropriate type commander who will certify achievement of the required supply management certification standards. Upon receipt, NAVPERSCOM will assign the additional qualification designator (AQD) 93E to the qualified officer.

3. **Authority to Wear the Insignia.** Qualification, per reference (a), entitles an officer to wear the NESCO warfare insignia, see reference (b). Officers transferring into the Supply Corps who were previously authorized to wear other warfare specialty insignia may continue to wear these insignia per reference (b).

4. **Revocation of Qualification.** A NESCO will retain such qualification, unless revoked as follows:

a. A commanding officer or any immediate supervisor in command in the individual's chain of command may recommend revocation of NESCO designation when an officer's performance as an expeditionary logistician is deemed unsatisfactory.

b. Such a recommendation, with supporting rationale, shall be forwarded to NAVPERSCOM. The correspondence recommending the revocation shall be submitted via the officer concerned, and the officer shall be afforded the opportunity to submit a written statement concerning the matters set forth.

c. If the officer does not desire to submit a statement, that officer shall be directed to signify the following in writing:

(1) The correspondence has been read;

(2) He or she understands that if the recommendation is approved by Chief of Naval Personnel, it will be filed in his or her official military personnel file; and

(3) He or she does or does not desire to make a statement.

5. **Detachment for Cause (DFC)**. A recommendation for revocation of qualification shall not be made in lieu of DFC, nor shall recommendations automatically be included in cases of DFC. Revocation may be considered and recommended coincidentally with a DFC, but shall be handled administratively as a separate action by NAVPERSCOM.

Governing Directives	OPNAVINST 1412.2G OPNAVINST 5510.1 OPNAVNOTE 1520 SECNAVINST 1120.5 BUPERSINST 1001.39
---------------------------------	--

1. **Policy.** The Navy Personnel Command (NAVPERSCOM) assigns a designator for administrative purposes to each officer at the time of appointment in the Navy to reflect what the officer is qualified to perform. A board convened to consider applications from active duty officers for lateral transfer and redesignation between the Unrestricted Line, Restricted Line, and Staff Corps meets semi-annually, in April and in October. All changes of designator and lateral transfer of inactive duty officers are administratively done, without board action, by NAVPERSCOM (PERS-912).

2. **Applicability of this Article.** This article is applicable to Regular and Reserve officers desiring lateral transfer or change of designator. Change of designator from Reserve to Regular is governed by MILPERSMAN 1131-020. Redesignation of limited duty officers (LDOs) and chief warrant officers (CWOs) is addressed in MILPERSMAN 1212-020 and 1212-030.

3. Changes of Designator for which NAVPERSCOM is Responsible.

The following designator changes are the responsibility of NAVPERSCOM (PERS-4) and do not require formal board action:

a. Designator changes as a result of individual qualification within a community:

116X to 111X,
117X to 112X,
139X to 131X,
137X to 132X,
119X to 114X,
118X to 113X,
146X to 144X, and
164X to 161X.

b. Designator changes as a result of student officers (19XX) having completed professional requirements for appointments.

c. Designator changes as a result of NAVPERSCOM (PERS-4) or medical board action, NAVPERS 1212/1, Cover Sheet for Individual Request for Officer Designator Change, such as revocation or restoration of status.

d. Designator changes as a result of disenrollment from entry-level training programs. Officers who are disenrolled from entry-level training programs will be considered on a case by case basis for assignment per their preference as indicated in the message report of disenrollment, consistent with current service needs. Officers disenrolled from unrestricted-line-entry-level training programs shall normally be reassigned in the unrestricted line. Exceptions may be made when it is determined that the needs of the Navy may be met in the restricted line or a staff corps. Officers who are disenrolled from entry-level training programs may be released from active duty dependent on the needs of the Navy.

e. Officers designated for participation in the Engineering Duty Officer (ED) Option Program or the Oceanography Option Program at the time of initial appointment. A letter request must be sent via the commanding officer to the NAVPERSCOM (PERS-445 or PERS-449 as appropriate) indicating completion of the specified requirements of the program, including surface or

submarine warfare qualification and requesting designator change from 11XX to 146X or 180X as appropriate.

f. Officers desiring a change of designator within the unrestricted line. Applications are required and should be sent to the NAVPERSCOM (PERS-4) via their commanding officer in proper letter form.

g. Officers redesignated as trainees in an unrestricted line warfare designator.

4. **Requirements for Lateral Transfer.** Lateral transfer between the Unrestricted Line, Restricted Line, and Staff Corps may be requested by active duty Regular and Reserve officers who meet the following general requirements:

a. Must have completed at least 24 months of active commissioned service above the grade of CWO4. An officer may not request transfer from the Unrestricted Line until within 6 months of completing obligatory service in the present community as a result of functional training received (training received that further enables an Unrestricted Line officer to perform their duties such as department head school). Officers desiring transfer between 13XX and 15XX communities can apply for exemption from this requirement.

b. Surface (11XX) officers who are under orders to Department Head School may not laterally transfer until completion of initial Department Head Tour.

c. Officers associated with the

surface (111X),
submarine (112X),
special warfare (113X),
aviation (13XX), and
special operations (114X)

communities shall have achieved warfare qualification before applying. Officers who are exempted from participation in warfare qualification programs must complete a minimum of 2 years of active commissioned service before applying. Applicants will be judged on the merit of their performance record and other professional qualifications achieved.

d. Must meet the physical standards appropriate to the grade as established by the Director of Naval Medicine/Surgeon General of the Navy (OP-093).

e. Must be of such age that total active commissioned service will not exceed 20 years upon reaching age 55. Officers requesting transfer to the Medical or Dental Corps must be able to complete 20 years active commissioned service by age 60.

f. Officers must possess at least a Baccalaureate Degree. Inasmuch as officers recommended for lateral transfer must compete with their contemporaries for promotion and duty assignment, they should possess similar educational backgrounds. Specific educational requirements are set forth under each designator listed in this article.

g. Except for officers selected for ADO, Fleet Support, and JAG Corps, must agree to serve on active duty at least 2 years from the date of the designator change. ADO, Fleet Support, and JAG Corps officers must agree to serve on active duty at least 3 years.

h. For nuclear-trained submarine and surface officers:

(1) Submarine warfare officers must have completed a tour as department head or be senior to those so assigned.

(2) Surface warfare officers must have completed a tour in a LCDR-grade nuclear billet aboard a nuclear-powered ship or be senior to those so assigned. Except for Nuclear trained surface warfare officers applying to become nuclear trained engineering duty officers (EDO(N)).

i. If serving under an agreement for nuclear career continuation pay, must be within 1 year of completion of the obligation as an Unrestricted Line officer.

j. Eligible reserve officers on the active duty list in grades 0-4 and above must be willing to accept reappointment in the Regular Navy if tendered

5. Officers Transferring Between the Line and the Staff Corps.

All officers of the Line requesting transfer into a Staff Corps and all Staff Corps officers requesting transfer into the Line of the Navy or into another Staff Corps must be serving in a

grade not above lieutenant commander. Grade limitations for Line officers requesting a change of designator within the Line are specified in the following blocks.

6. Eligibility Guidelines for Judge Advocate General's Corps (250X). Except for an officer who is attending law school under the Law Education Program, an applicant must:

a. be a graduate of a law school accredited by the American Bar Association and be a member of the bar of a Federal Court or the highest court of a State, a U.S. Territory, the District of Columbia, or the Commonwealth of Puerto Rico.

b. not have served more than 2 years and 6 months as a lieutenant commander.

c. agree to an entry grade service credit limitation (normally 4 years) at the time of appointment in the Judge Advocate General's Corps per SECNAVINST 1120.5A.

d. agree to serve on active duty for at least 3 years computed from the date of appointment in the Judge Advocate General's Corps. Applicants attending law school under the Law Education Program will serve the active duty obligation incurred as a result of participation in that program.

7. Eligibility Guidelines for the Supply Corps (310X)

a. Educational background should be in business, industrial engineering, or other disciplines with demonstrated quantitative orientation (i.e., engineering or mathematics). Although a degree in these fields of study is not mandatory for selection, strong consideration is given for these academic backgrounds. Candidates without these concentrations should consider taking additional business/quantitative courses to enhance their selection potential.

b. Applicants will be considered from any designator, but primary consideration will be given to warfare-qualified officers from the 111X, 112X, and 13XX designators. Strong performance records, when coupled with weapons systems experience, provide the most desirable mix of qualifications for transition into the Supply Corps.

c. Applicants must have completed at least 2 years of active commissioned service, but not more than 3 years as a lieutenant by the convening date of the board.

8. Eligibility Guidelines for Civil Engineer Corps (510X).

Limitations for Civil Engineer Corps (510X) are as follows:

a. Applicants should have a strong educational background in engineering or architecture.

(1) Engineering degrees must be accredited by the Accreditation Board for Engineering and Technology (ABET). The preferred fields of study are civil, mechanical, and electrical engineering. Other ABET-accredited engineering degrees may be considered on a case-by-case basis. Applicants holding a valid certificate as an Engineer-in-Training will be given primary consideration.

(2) Architectural degrees must be accredited by the National Architectural Accrediting Board (NAAB).

(3) Transcripts must be included with application.

b. Applicants will be considered from any designator, but primary consideration will be to warfare-qualified officers from the 111X, 112X, and 13XX designators. Strong performance records, when coupled with a warfare specialty, provide the most desirable mix of qualifications for transition into the Civil Engineer Corps.

c. Applicants must have completed at least 2 years of active commissioned service but not more than 3 years as a lieutenant by the convening date of the board. Applicants with less than 5 years commissioned service will be given primary consideration.

9. Eligibility Guidelines for Engineering Duty (146X)

a. Undergraduate degrees should be in engineering or the physical sciences with evidence of academic excellence (normally a B-minus or better average with a class standing in the top third). Attainment of an MS or higher degree from an accredited college or university, or enrollment and satisfactory performance in a program at an accredited college or university,

which leads to an MS, or higher degree, supersedes baccalaureate requirements. All courses involved in such graduate-level education shall be in an engineering or physical science field that is directly related to the responsibilities of the Naval Sea Systems Command or Space and Naval Warfare Systems Command. Specific curricula which qualify are those listed for the 14XX designator in the current OPNAVNOTE 1520 which promulgates information on the Navy's postgraduate education program.

b. The officer should be surface or submarine-warfare qualified.

10. **Eligibility Guidelines for Aeronautical Engineering Duty (Aeronautical Engineering, 151X)**

a. There are limitations for personnel applying for Aeronautical Engineering Duty. Applicants

(1) should possess a Master of Science degree in engineering or the physical sciences or possess a Bachelor of Science degree in engineering or the physical sciences in combination with a Master's-level degree in management or applied science. Preferred fields of study are aeronautical, electrical, mechanical engineering, or physics. Applicants currently selected for or enrolled in a post-graduate program, who will satisfy one of these requirements upon successful completion of the program, are considered eligible to apply.

(2) must be aviation-warfare qualified.

(3) should have at least 4 years of sea duty in fleet units with a sound and extensive background of operational experience.

(4) must have attained the rank of lieutenant but must not have served more than 3 years as a commander.

b. A waiver of the requirements listed will be considered for Reserve officers in the grade of lieutenant commander or below on inactive status who have a Bachelor of Science degree in engineering, computer science, or the physical sciences; are currently enrolled in a Master's degree program in management or applied science (or have demonstrated the capability of successfully completing such a program); have minimum of 2 years of experience in the aerospace industry or related government

agencies; and are recommended for approval by the designator advisor (Commander, Naval Air Systems Command).

11. **Eligibility Guidelines for Aeronautical Engineering Duty (Aviation Maintenance, 152X)**. Preferred fields of study for Aeronautical Engineering Duty are business, engineering, and physical sciences. Applicants must:

a. possess a sound and extensive background in aviation maintenance in the operational force. Officers in a flying status are required to terminate their flying status before appointment.

b. be in the grade of commander or below.

12. **Eligibility Guidelines for Special Duty, Cryptology (161X)**

a. Preferred fields of study for special duty in Cryptology are engineering, science, mathematics, operations research, physics, information warfare, or computer science. Other fields of study will be considered on a case by case basis.

b. Applicants must be in the grade of lieutenant or below. Before appointment, must be eligible for access to Special Intelligence information based on a Background Investigation completed not more than 5 years before the year the application is made. Applicants not possessing the requisite access authority and clearance shall execute an SF-86, Personnel Security Questionnaire (BI/SBI) under OPNAVINST 5510.1.

13. **Eligibility Guidelines for Special Duty, Intelligence (163X)**

a. Preferred fields of study for special duty in Intelligence are engineering, science, history, political science, and international relations. Other fields of study will be considered on a case by case basis.

b. Applicants shall be in the grade of lieutenant or below. Although not a pre-requisite, previous experience in intelligence is preferred.

c. Before appointment, applicants must be eligible for access to Special Intelligence information based on a Background Investigation completed not more than 5 years before the year the application is made. Applicants not possessing the requisite access authority and clearance shall execute an SF 86, Personnel Security Questionnaire (BI/SBI) under OPNAVINST 5510.1.

14. **Eligibility Guidelines for Special Duty, Fleet Support (170X)**

a. Preferred fields of study are business, computer science, information systems management, electrical engineering, physics, mathematics, statistics, operations research and public administration.

b. Applicants will be considered from any designator; however, primary consideration will be given to warfare qualified officers from the 111X, 112X, and 13XX designators.

c. Prior experience and/or a Masters Degree is preferred in: base/station/installation/facilities management, transportation, military sealift, financial management, operations analysis, operations logistics (Logistics Support core competency); accessions processing, recruiting, manpower analysis, personnel systems, training systems (Manpower, Personnel and Training core competency); ADP management, information systems, communications, electronic warfare, information warfare, command and control, space systems operations or engineering, systems networking, electrical engineering, computer science (Space and Electronic Warfare core competency).

d. While strong leadership skills and a warfare specialty provide the most desirable mix of qualifications for transition into Fleet Support, non-warfare qualified 11XX or 13XX applicants with outstanding performance records in assignments relevant to the core competency elements listed above may be considered.

e. All applicants shall be in the grades Lieutenant (junior grade) to Commander. Requirements will determine quotas by grade and core competency.

15. **Eligibility Guidelines for Special Duty, Public Affairs (165X)**

a. Preferred fields of study for special duty in Public Affairs are public relations, communications, journalism or marketing.

b. Applicants shall be in the grade of Lieutenant Commander or below. Although a warfare qualification is desirable, it is not a requirement. Prior experience in a public affairs billet, or as a collateral duty public affairs officer, is encouraged but not required for a lateral transfer request.

16. **Eligibility Guidelines for Special Duty, Oceanography (180X)**

a. Preferred fields of study for special duty in Oceanography are meteorology or physical oceanography. Acceptable fields of study are mathematics, physics, geophysics, or engineering with at least 1 year (30 semester hours) of courses in meteorology or oceanography. Acceptance for enrollment in the graduate study air-ocean science curriculum at the Naval Post-graduate School satisfies educational requirements.

b. Shall be in the grade of lieutenant commander or below and prior operational experience in a meteorology, oceanography, or hydrography billet is highly desirable.

17. **Eligibility Guidelines for Medical Corps (210X), Dental Corps (220X), Medical Service Corps (230X), and Nurse Corps (290X)**. Requirements are contained in SECNAV instructions concerning the appointment of officers in the Medical Corps, Dental Corps, Medical Service Corps, and Nurse Corps.

18. **Eligibility Guidelines for Unrestricted Line (11XX or 13XX)**. Applicants should not be above the grade of Lieutenant Commander.

19. **Lateral Transfer: Chaplain Corps.** Lateral transfer to the Chaplain Corps is not authorized. However, applications for lateral transfer from the Chaplain Corps will be considered and should be forwarded via the Chief of Chaplains (N1G).

20. **Application Package Contents**

a. Applications from active duty officers shall be submitted in proper letter form to the NAVPERSCOM (PERS-801G) via their commanding officer to be received 60 days prior to the convening date of the Selection Board.

b. Applications for lateral transfer or change of designator shall include the following:

(1) Designator(s) for which application is made listed in order of preference (a maximum of two may be requested). Reserve officers may request concurrent reappointment in the Regular Navy if they meet eligibility requirements stated in MILPERSMAN 1131-020. Applicants must ensure that their applications contain all the information required by both this article and by MILPERSMAN 1131-020.

(2) Date and place of birth.

(3) Source of commissioning under current appointment: NROTC (Scholarship or College Program), Naval Academy, OCS, AOCS, NESEP, ROC, direct appointment from civilian status, etc.

(4) Date of original commission.

(5) Date of rank (temporary and permanent, if applicable).

(6) Date of end of obligated service in the parent community.

(7) Applicants for Special Duty, Cryptology, (161X) and Intelligence (163X) must submit an SF 86, Personnel Security Questionnaire, with the application package. Upon selection to the 161X or 163X designator, a Special Background Investigation (SBI) must be initiated and redesignation is contingent upon the

successful completion of the SBI and eligibility for Special Compartmented Intelligence access.

(8) Citizenship (if naturalized, include naturalization number).

(9) If designators 14XX or 151X are requested, a transcript of all college work completed is required with evidence of any degrees awarded indicated on the transcript. If designator 154X is requested, the following information should be provided: instrument rating, total flying hours, first pilot hours, first pilot hours within last 12 months, aircraft in which current (as of application submission date), last aircraft flown by type, total hours, date last flown, and aviation combat experience.

(10) Applicants whose physical qualification for Unrestricted Line duty might be revoked or applicants who are applying for transfer into the Unrestricted Line must include two copies of SF 88, Report of Medical Examination, and one copy of SF 93, Report of Medical History. Applications of those members who do not meet the published visual standards may be forwarded for consideration.

(11) Applicants associated with the surface, submarine, special warfare, special operations, and aviation communities shall validate the achievement of warfare qualifications and other significant qualifications. The date of qualification and title of the qualifying officer should be included.

(12) If designator 250X is requested, evidence of receipt of a law degree from an accredited law school and evidence of current good standing before an appropriate court, as indicated in the block concerning "Limitations for Judge Advocate General's Corps," in this article must be submitted.

(13) If designator 170X is requested indicate first and second choice of core competencies.

(14) If designator 510X is requested, a transcript of all college work completed is required with evidence of any degrees awarded indicated on the transcript.

(15) Reserve officers on the active duty list in grades 0-4 and above must state that they are willing to accept Regular appointment if tendered. Such applicants must also make sure

their applications contain all information required by both this article and MILPERSMAN 1131-020.

(16) Additional information, which the applicant feels, should be brought to the attention of the selection board. Requests for waiver of any of the eligibility requirements specified in this article shall be thoroughly substantiated.

(17) The commanding officer's endorsement should discuss the motivation and potential of the applicant and provide a specific recommendation concerning the request.

(18) The following designator advisors shall be provided with a copy of requests for the designators indicated:

Designator Advisor	Command
Engineering Duty (146X)	Commander, Naval Sea Systems Command (Code 00Z)
Aeronautical Engineering Duty (151X) and Aeronautical Maintenance Duty Officer (152X)	Commander, Naval Air Systems Command (Code AIR 8.0P)
Special Duty, Cryptology (161X)	Commander, Naval Security Group Command
Special Duty, Intelligence (163X)	Commander, Naval Intelligence Command
Special Duty, Public Affairs (165X)	Chief of Information (Code 0I 07)
Special Duty, Oceanography (180X)	Oceanographer of the Navy
Judge Advocate General's Corps (250X)	Judge Advocate General (Code 61)
Medical Service Corps (230X)	Chief, Bureau of Medicine and Surgery (BUMED-51)
Civil Engineer Corps (510X)	Commander, Naval Facilities Engineering Command (Code SEABEE A1)

21. Selection Process

a. Applications for lateral transfer submitted under this article will be considered by the semi-annual selection board convened by the Secretary of the Navy that meets in conjunction with the Regular Navy Transfer Board in April and October. Applications received after the deadline dates will be referred

to the next scheduled board. Results of the board's deliberations will be published by an ALNAV.

b. Reserve officers on the active duty list in grades O-4 and above selected for lateral transfer will be tendered regular commissions, if eligible, when Regular officer authorized strength within the gaining community permits. Reserve officers in [in grades O-3 and below who request lateral transfer or redesignation under this article] concurrent with reappointment in the Regular Navy may be tendered a Regular appointment depending on the recommendations of the Board. Active duty officers can expect assignment to a billet appropriate to their new designation within 6 months from approval of lateral transfer or change of designator or at projected rotation date (PRD), whichever occurs earlier.

22. **Number of Officers Who May Transfer.** The Navy Personnel Command may set limits on the number of officers transferring to and from each community per the needs of the service.

23. **Appointments and Redesignations.** Appointments and redesignations of applicants selected for lateral transfer or redesignation shall be made under SECNAVINST 1210.5A.

24. **Eligibility Guidelines for Inactive Duty Officers.** Inactive duty officers may request a change of designator or lateral transfer without formal board action if they satisfy the educational requirements of the requested community (refer to block describing "Limitations for Judge Advocate General's Corps," in this article), and the following grade limitations:

a. Shall be in the grade of commander or below for change or reappointment to designator 1525, 1615, 1635, 1655, or 2505.

b. Shall not have reached the third anniversary of the date of rank as commander as of the date of application for designators 14X5 or 1515.

c. Shall be in the grade of commander or below for change to designator 1805.

d. Shall not have reached the third anniversary of the date of rank as lieutenant as of the date of application for reappointment to designators 3105 and 5105.

e. Shall, if accessed by direct appointment, have served a minimum of 3 years in designator specialty as of the date of application.

25. **Submission Process for Inactive Duty Officers**

a. Inactive duty officers desiring a change of designator or lateral transfer shall submit requests to NAVPERSCOM (PERS-912).

b. Members not participating in a Naval Reserve Program shall forward requests via the Naval Reserve Personnel Center (NAVRESPERCEN).

c. Members attached to a Naval Reserve unit shall forward requests via their commanding officer, appropriate Readiness Commander or Naval Air Activity, Chief of Naval Reserve (Code 22) and the designator advisor for the following designators:

146X,
151X,
152X,
161X,
163X,
165X,
180X, and
250X.

d. Members desiring to effect a change of designator to Chaplain, Medical Service, Dental, Medical or Nurse Corps must be processed for an appointment in the appropriate corps. Such requests are processed through a Navy Recruiting activity.

e. Members desiring to change their designator to Surface Warfare Officer (1115) must complete all requirements under OPNAVINST 1412.2G and be certified as qualified by the commanding officer of a commissioned ship to which attached for duty. The certification letter may be sent directly to NAVPERSCOM (PERS-912) for validation and filing in the record.

f. Nuclear-trained officers shall additionally submit their request via NAVPERSCOM (PERS-42) for screening and approval for transfer from the submarine and surface nuclear communities.

g. All other members desiring a change of designator shall forward requests via their commanding officer, appropriate Readiness Command or Naval Air Activity, Chief of Naval Reserve (Code 22), and the appropriate sponsor.

h. Requests for change of designator shall contain the following:

(1) Academic background or academic average and degree obtained.

(2) Previous civilian experience in specified field of interest, if any.

(3) Previous naval experience in specified field of interest, if any.

26. **Officers Who Do Not Fulfill the Requirements.** Officers who do not completely fulfill the stated requirements may apply and their applications will be considered per the needs of the service. Requests for waiver of any eligibility requirement in this article must be thoroughly substantiated.

27. **Officers Being Processed for Separation.** Applications for redesignation and lateral transfer will not be accepted from officers who are being processed for administrative separation.

------------------------------------	--------	-----------	-----------------

Reference	(a) OPNAVINST 1210.5
------------------	----------------------

1. Policy

a. This article is applicable to all limited duty officers (LDOs) and chief warrant officers (CWOs) of the Regular Navy and Navy Reserve, both on active and inactive duty.

b. Requests for redesignation will not normally be approved until after the initial 3-year obligation has been served in the designator in which originally appointed:

(1) Regular permanent and temporary LDOs may request redesignation to the Unrestricted Line, Restricted Line, or Staff Corps per reference (a) and MILPERSMAN 1212-030.

(2) Temporary Regular and Reserve CWOs desiring permanent appointment in the Regular Navy may apply for such permanent appointment per MILPERSMAN 1426-010.

2. Procedures

a. Applications for redesignation within LDO or CWO designators shall be submitted in proper letter format to the Bureau of Naval Personnel (BUPERS), LDO/CWO Branch (BUPERS-319) for all officers on active duty, and to Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) for reservists on inactive duty. Requests for change of designator should contain the following:

- (1) Designator for which application is made;
- (2) Qualification for requested designator;
- (3) Date of original commission or appointment;
- (4) Date of rank (current grade);

(5) Agreement to remain on active duty for a period of 2 years following redesignation, or for inactive officers, an agreement to remain in the Ready Reserve for a minimum of 2 years; and

(6) Any additional information that the applicant feels should be brought to the attention of the selection board.

b. Upon receiving applications from LDOs and CWOs, commanding officers shall cause a review of the applicant's health record by competent medical authority. Based on this review, the CO shall state in the forwarding endorsement whether the officer is physically qualified. A statement identifying overweight applicants and indicating their height and weight shall be included. The request should be submitted with supporting medical documentation, if the officer is serving on limited duty or is considered in any other way physically unfit for unrestricted duty. The CO's forwarding endorsement shall contain comments relative to the applicant's motivation and qualifications for redesignation.

REDESIGNATION OF REGULAR PERMANENT AND TEMPORARY LIMITED DUTY OFFICERS

Responsible Office	NAVPERSCOM (PERS-4801G)	Phone:	DSN	882-3170
			COM	(901) 874-3170
			FAX	882-2620

References	(a) SECNAVINST 1210.5A (b) 10 U.S.C. 5589(f) (c) 10 U.S.C. 5589(a) (d) Public Law 96-513 (DOPMA)
-------------------	---

1. **Policy**. Per reference (a), a permanent or temporary limited duty officer (LDO) may, upon application to Navy Personnel Command (NAVPERSCOM), Selection Board Technical Support Section (PERS-4801G) via the commanding officer (CO), be considered for redesignation in one of the competitive categories listed below:

If the LDO is in...	then he or she will be considered for...
the Line of the Navy,	unrestricted performance of duty in the Unrestricted Line or the Restricted Line of the Navy.
the Supply Corps, Civil Engineer Corps, or Judge Advocates General Corps,	unrestricted performance of duty in the Staff Corps concerned.

2. **Qualification Requirements**. To qualify for redesignation in one of the competitive categories listed above, an LDO must

a. have **not** completed more than 28 years active Naval Service by 31 October of the year in which application is made.

b. be serving in a temporary grade **not** above lieutenant or permanent grade **not** above commander.

c. meet the physical requirements applicable to other officers in the same grade and competitive category for which application is made.

d. meet the warfare qualification of the competitive category requested in the case of applicants for the Unrestricted Line; e.g., eligibility for 1110 requires qualification as a surface warfare officer.

e. have the necessary professional or graduate degree which may be required for the competitive category requested, as specified in MILPERSMAN 1212-010.

f. be recommended by their CO as qualified for redesignation in the competitive category requested.

3. **Three-Year Obligation.** Requests will not be approved until after the initial 3-year obligation has been served in the LDO designator in which originally appointed.

4. **Selection Board**

a. A board to consider Regular temporary and permanent LDOs for redesignation in the Regular Navy meets semi-annually in **June** and **November**.

b. Requests must be submitted in per MILPERSMAN 1212-010 in proper format to NAVPERSCOM (PERS-4801G), via the CO, to be received 60 days prior to the convening date of the selection board. Requests received subsequent to the deadline will be deferred until the next scheduled board.

c. Results of the board's deliberations will be published by NAVADMIN.

5. **Application Information.** Requests for redesignation should contain the following:

- a. Designator for which application is made.
- b. Qualification(s) for requested designator.
- c. Date of original commission as a LDO.
- d. Rank and date of rank.
- e. Agreement to remain on active duty for a period of 2 years following redesignation.

f. Any additional information which the applicant feels should be brought to the attention of the selection board.

6. **Review of Health Record**

a. Upon receiving applications from Regular permanent and temporary LDOs, COs shall order a review of the applicant's health record by competent medical authority. Based on this review, the CO shall state in the forwarding endorsement whether the officer is physically qualified. A statement identifying overweight applicants, indicating their height and weight, shall be included.

b. If the officer is serving on limited duty or is considered in any way physically unfit for unrestricted duty, the request, together with supporting medical information, shall be submitted to NAVPERSCOM (PERS-4801G) via Chief, Bureau of Medicine and Surgery (BUMED-25). The CO's forwarding endorsement shall contain comments relative to the applicant's motivation and qualification for redesignation.

7. **Assignment of LDOs Approved for Redesignation**

a. A Regular permanent LDO (whose designator ends in a "0") approved for redesignation shall be assigned to the designator recommended by the board and approved by Secretary of the Navy (SECNAV) under reference (b).

b. A Regular temporary LDO (whose designator ends in "1" or "2") approved for redesignation shall be appointed under reference (c) in the same grade, but not above the grade of lieutenant, and with the same date of rank the officer held as a Regular temporary LDO on the day before such permanent appointment. The officer shall then be assigned to the designator recommended by the board and approved by SECNAV under reference (b).

8. **Termination of LDO Status.** When redesignated for other duty as described above, LDOs will have their status as LDO terminated and they will become subject to the selection and retirement procedures as other officers originally appointed under reference (d) and in the competitive category in which they are redesignated. No change will be made or authorized in their lineal position and precedence solely as a result of the removal of the LDO designator.

9. Two-Year Obligation. Upon redesignation under this article, an officer incurs a 2-year obligation.

-------------------	---

1. **Policy.** The Engineering Duty (ED) Option Program provides a steady accession source of warfare qualified officers into the ED community. Highly qualified officers are designated as Surface Warfare or Submarine Officers upon commissioning, and these officers are redesignated as Engineering Duty Officers upon completion of specified career milestones without board action.

2. **Applicability of this Article.** This article is applicable to Regular and Reserve officers who have been designated as ED Option Officers at the time of their commissioning from

- United States Naval Academy (USNA),
- Naval Reserve Officers Training Corps (NROTC),
- Officer Candidate School (OCS),
- Seaman-to-Admiral (STA-21), or
- Merchant Marine Academies.

3. **Surface ED Option**

a. At service selection a limited number of officers who select Surface Warfare may apply for the ED Option Program. Annual quotas will be determined by the Office of Chief of Naval Operations, Manpower, Personnel, Training and Education (OPNAV (N1)). ED Option Officers are required to qualify as a Surface Warfare Officer and be within 6 months of promotion to

O-3 prior to redesignation and transfer. During their initial tour(s), officers are required to perform the full range of duties and responsibilities as their traditional Surface Warfare peers. Redesignation to the ED community will occur automatically upon completion of the prerequisites listed in paragraph 8.

b. Officers redesignated to 1460 can expect to be detailed to post-graduate school in one of the approved ED technical curricula listed in Exhibit (1), followed by assignment to an ED qualification tour.

c. Midshipmen and officer candidates applying for the Nuclear Surface Warfare Officer (SWO(N)) Program are not eligible for the SWO ED Option Program. SWO(N)s who wish to become ED Officers must apply for lateral transfer to EDO through the traditional lateral transfer board process.

4. Submarine ED Option

a. At service selection a limited number of officers who select Submarine Warfare may apply for the ED Option Program. Annual quotas will be determined by the Office of Chief of Naval Operations, Manpower, Personnel, Training and Education (OPNAV (N1)). Submarine ED Option Officers will complete the same training track as regular Submarine Officers and will be assigned duties identical to those of regular Submarine Officers. Redesignation to ED will occur upon completion of the prerequisites listed in paragraph 9.

b. Between their division officer and department head tours, Submarine ED Option Officers are required to complete a master's degree in one of the technical majors listed in Exhibit (1). Normally, this Master's Degree will be attained by attending the Naval Postgraduate School using a Submarine Officer community quota. If a Submarine ED Option Officer requests and is approved to attend the Naval Construction/Engineering Program at the Massachusetts Institute of Technology, an ED community quota will be used.

c. After redesignation to 146X, Submarine ED Option Officers can expect to be detailed to an ED qualification tour.

5. Qualifications

a. Citizenship: Must be a citizen of the United States.

b. Sex: Both male and female officers are eligible for the Surface Warfare ED Option Program. The Submarine ED Option Program is restricted to male officers only until such time that women are allowed to be permanently assigned to Submarines per reference (a) and (b).

c. Age: Must meet age limitations specified for commissioning via NROTC, USNA, STA-21, OCS, or Merchant Marine Academy programs as applicable per MILPERSMAN 1131-010 or associated program authorization.

d. Education: Minimum requirement is a baccalaureate degree in Engineering or Physical Science from an accredited college or university. Evidence of academic excellence is required. In general, this shall mean that the applicant should have an academic average of 2.7 or better on a 4.0 scale.

e. Physical: Per reference (c).

f. Martial Status: No restrictions.

g. Selection Criteria: Surface ED Option candidates must meet all Surface Warfare Officer selection criteria per MILPERSMAN 1131-010 or associated program authorization. Submarine ED Option candidates must meet selection criteria per MILPERSMAN 1131-010, MILPERSMAN 1520-050, and/or associated program authorization. Final selection of qualified candidates will be made by the EDO community manager and approved by the designated EDO community flag officer. The individual will be screened again prior to changing designator to validate adequate performance. Failure to maintain satisfactory performance is cause for disenrollment from the program and possible separation from the Navy.

6. **Source**. Midshipmen at USNA, NROTC units, STA-21, OCS, and Merchant Marine Academies.

7. **Appointment**. Officers are appointed as an Ensign, with designator 1160/1170. Surface ED Options are assigned an Additional Qualification Designator (AQD) of "LOA".

8. **Surface ED Option Execution**

a. Surface ED Option Officers will **automatically** be redesignated in the Restricted Line (RL) and designated 1460 upon completion of the following prerequisites:

- (1) Surface Warfare qualification, per reference (d).
- (2) Be within at least 6 months of promotion to Lieutenant.
- (3) Favorable record review conducted by an administrative screening panel convened by EDO community management.

b. Surface ED Option Officers will not be redesignated if they have submitted their resignation to Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-8). Redesignation will occur if they subsequently withdraw their resignation.

c. Surface ED Option Officers who have an approved resignation may request to be redesignated to 1465 upon resignation to facilitate reserve affiliation. Officers wishing to serve in the Reserve Component as an Engineering Duty Officer should submit a letter to Bureau of Naval Personnel, Military Community Management (BUPERS-3) requesting redesignation to 1465 upon resignation, and include a copy of their approved resignation request. These requests will be reviewed by the EDO officer community manager (OCM) and submitted to Deputy Chief of Naval Personnel (DEPCHNAVPERS) for approval.

d. Officers who desire to terminate their ED Option and remain in the Surface Warfare community must submit a request to the Surface Warfare OCM via the EDO OCM. Both community managers must agree with the request. If the request is approved, officers may remain in the Unrestricted Line (URL) for the remainder of their careers at no penalty.

9. Submarine ED Option Execution

a. Submarine ED Option Officers may execute their option upon completion of the following prerequisites:

- (1) Standard Submarine Officer training pipeline per reference (b).

(2) Submarine Warfare qualification (Dolphins) per reference (b).

(3) Completion of a department head tour on a submarine.

(4) Favorable record review conducted by an administrative screening panel convened by EDO community management.

b. Submarine ED Option Officers should submit a letter requesting redesignation to the EDO OCM via their commanding officer (CO) with a copy to NAVPERSCOM, Submarine Officer Distribution (PERS-42). Letters may be submitted up to 9 months prior to their projected rotation date (PRD) while serving on their department head tour.

c. Failure to complete an ED graduate education program leading to an approved subspecialty code between division officer and department head tours terminates the Submarine ED Option.

10. **Active Duty Obligation**. Upon redesignation to 1460, officers incur a minimum service obligation of 2 years from date of designator change, to be served concurrently with any other obligations. Officers who terminate their ED Option must still satisfy their initial ACDU obligation corresponding to their commissioning source.

-------------------	--

1. **Policy.** The Information Dominance Corps (IDC) Option Program provides a steady accession source of warfare qualified officers into the IDC. The IDC officer communities (designators) that participate in the IDC Option Program are

- a. 1800 oceanography (OCN);
- b. 1810 information warfare (IW);
- c. 1820 information professional (IP); and
- d. 1830 intelligence (INT).

Highly qualified officers are designated as surface warfare officers (SWO) upon commissioning, and these officers are redesignated without board action to their respective IDC community upon completion of specified career milestones.

2. **Applicability of this Article.** This article is applicable to Regular officers who have been designated as IDC Option Program officers at the time of their commissioning from

- United States Naval Academy (USNA),
- Naval Reserve Officers Training Corps (NROTC),
- Officer Candidate School (OCS),
- Seaman-to-Admiral (STA-21), or
- Merchant Marine Academy.

3. Requirements

a. A limited number of individuals from USNA, NROTC, OCS, STA-21, and the Merchant Marine Academy may apply for an IDC Option Program. During their initial tour(s), officers are required to complete the SWO qualification and perform the full range of duties and responsibilities associated with traditional surface warfare. Redesignation to their respective IDC community will occur automatically upon completion of the prerequisites listed in paragraph 6. IDC Option officers (where possible) should be assigned by the surface warfare community to shipboard billets which are conducive to their career progression as future IDC officers such as electronic warfare officers, communications officers, electronic material officers, combat systems officers, information systems officers, and electronic key management system custodians.

b. **Subsequent Assignment**

(1) **OCN.** Officers redesignated to 1800 will be detailed to Basic Oceanographic Accession training followed by an initial OCN experience tour.

(2) **IW.** Officers redesignated to 1810 will be detailed to IW Basic Course followed by a tour at a Navy information operations command that is co-located with a National Security Agency cryptologic center.

(3) **IP.** Officers redesignated to 1820 will be detailed to the IP Basic Course followed by an initial IP operational experience tour.

(4) **INT.** Officers redesignated to 1830 will be detailed to Navy Intelligence Officer Basic Course in Virginia Beach, VA with follow-on assignment to the fleet.

4. Qualifications

- a. **Citizenship:** Must be a United States citizen.
- b. **Sex:** Male and female officers are eligible.
- c. **Age:** Must meet age limitations specified for commissioning via USNA, NROTC, OCS, STA-21, or Merchant Marine Academy programs (as applicable) per MILPERSMAN 1131-010 or associated program authorization.

d. **Education:** Minimum requirement is a baccalaureate degree from an accredited college or university. Applicant must have an academic average of 2.2 or better on a 4.0 scale. Community specific education requirements are as follows:

(1) **OCN:** Major fields of study related to science, meteorology, OCN, mathematics, physics, and engineering are strongly preferred but not required. Completion of a calculus series and calculus-based physics series with a C+ average or better in both series is required.

(2) **IW:** Major fields of study related to science, technology, engineering, and mathematics (STEM) are strongly preferred but not required. Completion of a calculus series and calculus-based physics series with a C average or better in both series is preferred but not required.

(3) **IP:** Major fields of study related to computer science, electrical engineering, information technology management, information management, computer security, or a related technical field are strongly preferred. Completion of a calculus series and calculus-based physics series with a C average or better in both series is preferred but not required.

(4) **INT:** Major fields of study related to STEM are strongly preferred but not required. Degrees in political science, language or regional studies, international relations, or history are acceptable. Completion of a calculus series and calculus-based physics series with a C average or better in both series, is preferred but not required.

e. **Physical:** Per chapter 15 of reference (a).

f. **Marital Status:** No restrictions.

g. **Clearance:** The IW, IP, and INT communities require all officers to have a single-scope background investigation and be sensitive compartmented information eligible. The OCN community requires all officers to have a minimum of a secret clearance.

5. **Appointment.** Officers are appointed as ensigns with designator 1160. IDC Option officers are assigned an additional qualification designator (AQD) identifying their affiliation with the specific IDC community. Surface warfare assignments will also ensure IDC Option officers are awarded the SWO Option

AQDs upon commissioning. Community specific AQDs are as follows:

- (1) OCN: LOD
- (2) IW: LOC
- (3) IP: LOB
- (4) INT: LOE

6. IDC Option Execution

a. IDC Option officers will **automatically** be redesignated without board action into the restricted line and be designated 18XX, depending on community, upon completion of the following prerequisites:

- (1) Surface warfare qualification per reference (b).
- (2) Be within at least 6 months of promotion to lieutenant. This requirement may be reduced to the completion of a single division officer tour pending future availability of officer programmed authorizations for the lieutenant (junior grade) pay grade within the respective IDC community.

b. IDC Option officers, once redesignated, will be made available by the surface warfare community for transfer to their first IDC assignment no later than 6 months from the date of redesignation.

c. IDC Option officers will not be redesignated if they have submitted their unqualified or contingent resignation request to Navy Personnel Command (NAVPERSCOM), Career Progression Department (PERS-8). Redesignation will occur if they subsequently withdraw their resignation request upon approval by NAVPERSCOM (PERS-8). Approved resignations may only be withdrawn upon permission of the Chief of Naval Personnel.

d. Officers who desire to remain in the surface warfare community must submit a request to the Bureau of Naval Personnel (BUPERS), Surface Warfare Officer Community Manager (OCM) (BUPERS-311) and respective IDC OCMs. Both OCMs must agree to approve the request. If the request is approved, officers may remain in the surface warfare community.

e. Officers designated as an IDC Option are not eligible to apply for redesignation via the active duty lateral transfer board without first requesting and being released from the option program by the respective IDC OCM.

7. **Active Duty Obligation.** Upon redesignation to 18XX, officers incur a minimum service obligation of 2 years from date of designator change to be served concurrently with any other obligations. Officers who remain in the surface warfare community must satisfy the initial active duty obligation that corresponds to their commissioning source.

SUSPENSION AND REMOVAL OF FOREIGN AREA OFFICER (FAO) ADDITIONAL QUALIFICATION DESIGNATORS (AQDs)

References	(a) OPNAVINST 1301.10B (b) DoDI 1315.20 (c) SECNAVINST 1920.6C (d) BUMEDINST 1300.2A (e) OPNAVINST 1300.14D
-------------------	---

1. **Definitions.** In this article the term "fully qualified foreign area officer (FAO)" refers to designated FAOs who have been awarded the FA(x) additional qualification designator (AQD) in recognition of meeting the criteria for FAO qualifications established per references (a) and (b). The FT(x) AQD is assigned to officers who are members of the FAO community, or have been selected for lateral transfer into the FAO community, but have not yet met the standards of a fully qualified FAO due to the need to complete initial FAO training. The terms "overseas assignability" or "world-wide assignability" are to be defined as an officer's eligibility for assignment to overseas in-country requirements within his or her designated area of responsibility (AOR).

2. **Suspension or Revocation of FAO AQDs**

a. Per reference (a), the goal of the FAO Program is to produce a cadre of officers with the skills required to manage and analyze politico-military activities overseas. Qualification for service as an FAO is therefore conditional and dependent upon an officer's ability to maintain

professional qualifications, eligibility for Top Secret/
Sensitive Compartmented Information security clearance and
overseas assignment throughout one's designated AOR per
reference (c) and MILPERSMAN 1301-227.

b. Suspension or removal of the FA(x) or FT(x) AOD for
reasons of performance, professional aptitude, or limitations to
overseas assignability will be considered only by a duly
appointed board convened at the recommendation of the FAO
Officer Community Manager (OCM). Procedures and guidelines for
board consideration of FAO qualifications, performance, and
worldwide assignability are to be governed by this article and
references (a) thru (e).

3. Grounds for Convening FAO Qualification Review Board (FQRB).

A FAO Qualification Review Board (FQRB) may be convened in
response to any of the following circumstances:

- a. Non-qualification after completion of initial training;
- b. Detach for Cause (DFC);
- c. Return to Service (RTS);
- d. Suspension;
- e. Reduction of security clearance;
- f. Non Judicial Punishment (NJP);
- g. Adverse Fitness Report (FITREP);
- h. Overseas Screen Failure of the service member; or
- i. Civil action proceedings.

This list is not all-inclusive. Consistent with the intent of
this requirement, other situations may warrant recommendations
from a FQRB. Additionally, higher authority may direct a FQRB
when deemed necessary.

4. Notification. The member will be notified in writing by the
FAO OCM at least 60 days prior to the convening of a FQRB. The
officer concerned may submit correspondence to the board via the
FAO OCM.

5. **FAO Qualification Review Board Composition.** The membership of each FQRB will depend on the circumstances that caused the FQRB to convene. Navy Personnel Command (NAVPERSCOM), Information Dominance Corps and Foreign Area Officer Assignments Division (PERS-47) will convene and chair the board. For boards that are convened in response to performance related measures (e.g., RTS, adverse FITREP, suspension or reduction of security clearance) required membership will also include the FAO OCM, FAO Detailer, FAO Policy Officer, and a NAVPERSCOM, Conduct and Separations Division (PERS-83) representative. For boards that are convened in response to significant medical conditions that result in overseas screening failure and potential disqualification from assignment within the designated AOR, membership will consist of the FAO OCM, FAO Detailer, FAO Policy Officer, and NAVPERSCOM, Career Progression Department (PERS-8) Medical Advisor.

6. **Recommendations**

a. The FAO FQRB and subsequent endorsers may recommend one of the following courses of action:

- (1) FA(x)/FT(x) AQD removal;
- (2) FA(x)/FT(x) AQD suspension;
- (3) AOR re-assignment;
- (4) Medical Evaluation Board (MEB); or
- (5) Release for lateral transfer into another community.

b. Once reports of DFC, NJP, civil action, or other adverse matter are entered into an officer's official military personnel file by the cognizant office at NAVPERSCOM, the FAO Community Manager may make a follow-on recommendation for removal or restoration of FAO AQDs.

c. In unique situations, the FQRB may conclude an officer's performance or conduct is so beneath that expected of a Navy officer as to warrant a recommendation for the officer to show cause for retention. In those circumstances, the FQRB will forward such recommendation to Commander, Navy Personnel Command (CNPC), as the Navy's Show Cause Authority, for consideration. Should CNPC concur with the recommendation, the FQRB will

forward CNPC's decision along with supporting documentation to NAVPERSCOM (PERS-8) for commencement of show cause proceedings.

7. **Final Approval Authority.** FQRB recommendations will be sent by the convening authority to the FAO Community Sponsor/Director of International Engagement (OPNAV (N52)) via the administrative chain of command for final determination. The officer concerned will be afforded the opportunity to respond to the recommendations of the board via correspondence with the FAO OCM.

8. **Appeals.** Appeals must be submitted by the member within 30 days of notification of the board's recommendation. Appeals will be submitted directly to the FAO Community Sponsor with an endorsement from the member's current chain of command at the time of notification. Decisions made by the Community Sponsor with respect to appeals and requests for reconsideration will be final.

9. **Loss of Eligibility for Overseas Assignment**

a. Per reference (d), overseas/remote duty suitability screenings will be valid for 1 year from the date of the initial screening completion unless any changes in conditions affecting suitability occur. Officers whose suitability screening has expired, or whose suitability status changes prior to transfer, shall arrange for re-evaluation for suitability per references (d) and (e).

b. Screening supports readiness by ensuring the service member can execute his or her military duties associated with the military occupation and assignment. Proper screening also reduces the incidence of early return from assignment, billet gaps, and unplanned expenditures of permanent change of station funds.

c. Per reference (a), FAOs are expected to exercise their occupational specialty and regional expertise by operating within the foreign countries or regions in which they specialize. Accordingly, FAOs must be able to satisfy the unique medical screening requirements for in-country assignments throughout their designated AOR.

d. Per reference (d), the FQRB may make a recommendation to convene a medical evaluation board for placing a FAO on temporary limited duty (TLD) when suitability screening

identifies a medical condition that precludes the member from serving in an overseas assignment or from meeting anticipated requirements of future assignments. The medical evaluation board will determine the appropriate disposition of the member, which may include TLD, if eligible, or referral to the physical evaluation board.

e. Per reference (e), suitability screening must be broad enough to detect a wide range of existing and potential problems. Some AORs may have screening requirements that are more thorough and or restrictive in nature than those contained in the NAVMED 1300/1 Medical, Dental, and Educational Suitability Screening for Service and Family Members. FAOs who are assigned to AORs that have stricter suitability screening requirements than those outlined in the NAVMED 1300/1 are expected to satisfy the higher of the two standards and be assignable throughout their designated AOR.

10. **Reinstatement of Qualification.** FAOs that have their AQD suspended or removed, may request reinstatement of their FAO qualification by sending a letter to FAO OCM, Staff Corps Branch (BUPERS-316) detailing what action has been taken to correct deficiencies that were identified by the FQRB. The FAO OCM will forward the request with endorsement via NAVPERSCOM (PERS-47) to the FAO Community Sponsor. Officers with requests approved by the FAO Community Sponsor will have their AQD restored and will be made available for detailing to a FAO assignment.

-------------------	---

1. **Definition.** The Officer Subspecialty System is an integrated manpower and personnel classification and control system, which establishes criteria and procedures for identifying officer requirements for advanced education, functional training, and significant experience in various fields and disciplines. The Subspecialty System is used to identify those officers who acquire these qualifications. The subspecialty classification codes and the criteria for applying these codes are contained in reference (a).

2. **Qualification Criteria.** The qualification criteria for each subspecialty area are based upon advanced education appropriate to that specific subspecialty and/or significant experience gained by having served in billets designated as subspecialist's billets or requiring a broad use of skills that are closely related to a subspecialty field.

a. For an officer to be assigned a subspecialty code based upon advanced education, the information contained in the officer's transcript must be entered into the official record. For those officers participating in a full-time, fully-funded program at Naval Postgraduate School (NAVPGSCOL), this information is automatically sent to Navy Personnel Command (NAVPERSCOM), Subspecialty Management Branch (PERS-45E), for entry into the Navy's master personnel file and assignment of the applicable code.

b. Officers who have completed education through other programs should, upon completion of their graduate education program (and award of a post-graduate degree), ensure that a copy of their complete transcript, along with catalog course descriptions, is sent to **Director of Civilian Institutions**

Programs, NAVPGSCOL (Code 031) for review, assignment of the applicable subspecialty code, and inclusion in the Navy's master personnel file.

c. For assignment of a code based upon significant experience, an officer must have served in billets requiring broad use of the skills closely associated with a specific subspecialty field. Significant experience is generally defined as one or more tours of duty (usually 18 to 24 months) in a qualifying billet. Criteria specific to each subspecialty is issued by primary consultants listed in reference (a).

3. **Application Letter.** Active duty officers desiring to be considered for assignment of a significant experience code should submit a letter of application to NAVPERSCOM (PERS-45E) outlining specific substantiating information relative to experience and performance in the requested subspecialty. Applications shall be in proper letter format as shown here (use proper letter format):

From: (Grade, full name, SSN (XXX-XX-1234,last four only)/designator)
To: Commander, Navy Personnel Command (PERS-45E)
Via: (Immediate Senior or Chain-of-Command)

Encl: (1) Any relevant material necessary to elaborate qualifying
experience (i.e., Fitness Reports (FITREPS) describing
duties performed)

1. Per references (a) and (b), I request the subspecialty code (code number). I have been assigned at the (command name) for the past (number) months in a corresponding subspecialty coded billet. The unit identification code (UIC) and billet sequence code (BSC) of this billet are (xxxxx/xxxxx). My duties have included the following:

2. I feel I have gained significant experience in the area of (subspecialty title) and request this coding designation.

(Signature)

4. **Restricted Line (RL)/Staff Corps Officers.** Many subspecialty codes applicable to RL/Staff Corps officers are assigned based on completion of specific education achievements or training/certification programs. Applications from RL/Staff Corps officers shall be forwarded via the applicable primary consultant as specified in reference (a).

5. **Proven Subspecialties.** Proven subspecialties are assigned during the permanent change of station (PCS) order writing process. Unrestricted Line (URL) officers and fleet support officers who hold a subspecialty code and are currently in a subspecialty coded billet are automatically screened for assignment of proven subspecialties.

6. **Officer Subspecialty Codes.** Officer subspecialty codes appear on the Officer Distribution Control Report (ODCR). These documents are the most readily available sources for the officer and the command to verify the subspecialty codes assigned to the officer in the Navy's master personnel file.

-------------------	--

1. **Background.** The Aircrew (AIRC) and the Aircrew Rescue Swimmer (AIRR) Programs provide opportunities for recruits and fleet personnel to become career enlisted aircrew. AIRC and AIRR for recruits are 6-year obligation (6-YO) advanced technical field (ATF) enlistment programs that guarantee class "A" school as well as follow-on advanced schools (AWF, AWO, AWR, AWS, or AWV). Applicants must volunteer for flying duty (see MILPERSMAN 1220-020), be capable of performing swim qualifications per reference (a), and pass an aviation flight physical.

2. **Qualifications Required**

a. **Age.** Applicants must be 30 years of age or less at time of enlistment or reenlistment. Waivers for Active Component (AC) and Reserve Component (RC) full-time support (FTS) fleet volunteers will be considered by Bureau of Naval Personnel (BUPERS), Aviation Enlisted Community Manager (ECM) (BUPERS-32) on a case-by-case basis.

b. **Physical Conditioning.** AIRC and AIRR are high risk and physically demanding programs that require above average physical fitness standards and strong swimmer skills. Applicants must pass the Navy physical fitness assessment (PFA) with a grade of "satisfactory" in all categories prior to commencement of Naval Aircrew Candidate School (NACCS). Members must pass a PFA with a "good" in all categories for their respective age and gender to graduate NACCS. Additionally, this

same standard must be maintained throughout the aircrew training cycle. Nonswimmers cannot successfully complete the program; therefore, should not apply.

c. **Security Clearance Required.** Applicants must be eligible for, adjudicated, and maintain a Secret level security clearance. Some billets may require Personal Reliability Program (PRP) as specified in reference (b).

d. **Armed Services Vocational Aptitude Battery (ASVAB).** Applicants must meet the current ASVAB score requirements per MILPERSMAN 1306-618.

3. **AIRC and AIRR Statements of Understanding for Initial Accessions.** ALL initial accession applicants applying for the AIRC must read and sign the Aircrew Program Statement of Understanding (Exhibit 1) on NAVPERS 1070/613 Administrative Remarks. All initial accession applicants applying for AIRR must read and sign the Aircrew Program Statement of Understanding and the Rescue Swimmer Program Statement of Understanding (Exhibit 2) on NAVPERS 1070/613. Classifiers must sign as witness, per reference (c), as part of the applicant's enlistment process. This document must be filed in the enlistment package for forwarding to recruit training center upon the member's shipping.

4. **AIRC and AIRR Statements of Understanding for Fleet Accessions.** ALL fleet volunteers and those converted or reclassified into AIRC must read and sign the Aircrew Program Statement of Understanding on NAVPERS 1070/613. All fleet volunteers and those converted or reclassified into the AIRR must read and sign the Aircrew Program Statement of Understanding and the Rescue Swimmer Program Statement of Understanding on NAVPERS 1070/613.

5. **Service School Assignments.** For strikers and recruits, the AIRC and AIRR provide assignment to a Class "A" School in any of the career aircrew source ratings listed below. The specific Class "A" School to be assigned will be based on the member's qualifications, personal desires, and needs of the Navy.

Career Aircrew Source Ratings (new accessions and fleet volunteers)	AWF, AWO, AWR, AWS, AWV
NonCareer Aircrew Source Ratings (fleet volunteers only and assigned flight orders as per reference (d))	CTI, CTT, CTR, HM, CS, MC

6. **Training Cycle**. The training pipeline for **all** aircrew candidates is:

- a. Recruit Training Command (RTC);
- b. NACCS, Pensacola;
- c. Aviation Rescue Swimmer School (ARSS), Pensacola (rescue swimmers only);
- d. Class "A" School, Pensacola;
- e. Fleet replacement squadron (FRS) at various locations and VP-30 for observer course; and
- f. Initial assignment.

7. **Terms of Enlistment**. Applicants enlist in the United States Navy as AC or RC-FTS for 4 years and concurrently execute a NAVPERS 1070/621 Agreement to Extend Enlistment, NAVPERS 1070/622 Agreement to Recall, or extend active duty for 24 months using the following narrative for entry:

"Training in the Aircrew Program and accelerated advancement to pay grade E-4 per MILPERSMAN 1220-010. Accelerated advancement to E-4 is authorized only after successful completion of Naval Aircrew Candidate School (NACCS), Class "A" School, and fleet replacement squadron (FRS) training. I understand that this extension becomes binding upon execution and may not thereafter be cancelled except as provided for in MILPERSMAN 1160-040."

NAVPERS 1070/621 or NAVPERS 1070/622 shall be executed on the day member is enlisted (initial accession). Fleet applicants shall obligate 5 years per MILPERSMAN 1306-618.

8. **Apprenticeship and Pay Grade**

a. Individuals who are accepted into the AIRC and AIRR, successfully complete FRS training, and are awarded the appropriate aircrew Navy enlisted classification (NEC) code are authorized accelerated advancement to pay grade E-4 per reference (c).

b. New accessions accepted for AIRC and AIRR shall be enlisted at pay grade E-1. This is not to preclude enlistment

at pay grade E-2 or E-3 per reference (c). Fleet applicants are accepted in present pay grade.

c. If a member is disqualified for aircrew duties prior to advancement to pay grade E-4, eligibility for accelerated advancement to E-4 is terminated. This shall not preclude advancement to E-2 or E-3 based on normal advancement criteria.

d. Accelerated advancement to pay grade E-4 requires a 6-year total active duty obligation. If a member is reduced in rate subsequent to accelerated advancement to E-4, there is no reduction in active obligated service.

9. Disqualification and Disenrollment

a. Those who fail to remain qualified for this program will be disenrolled from aircrew training per reference (d). Applicants must be specifically counseled if they attrite, drop on request (DOR), request removal from flight status, refuse a set of aircrew orders, nonvolunteer for any other reason per reference (d), or are found not desirable for continuation in the Aircrew Program.

b. Cancellation of extension of enlistment for disenrollment from AIRC and AIRR shall be executed per MILPERSMAN 1160-040 and 1510-030.

c. Applicants advanced to E-4 who subsequently attrite shall retain their extension obligation.

d. Aircrew and rescue swimmer personnel who are permanently disqualified after being rated for flying duties and fail to meet all training requirements shall be "duty involving flight as a crewmember" (DIFCREW) revoked or removed from the program per reference (d). In addition, members must submit a force conversion package, per MILPERSMAN 1440-010, within 30 days of receipt of revocation message.

e. Sailors who execute orders for conversion and subsequently fail to complete the formal training required for conversion may be processed for separation per MILPERSMAN 1910-133.

f. Fleet accessions or fleet AWFs (i.e., AWF, AWO, AWR, AWS, or AWV) disqualified for medical reasons shall submit a force conversion package per MILPERSMAN 1440-010.

g. **DOR.** AIRC and AIRR are volunteer programs; as directed by reference (d), participants must sign NAVPERS 1070/613 which states "I Volunteer to Fly." A DOR at any time during training (e.g., military entrance processing station, RTC, NACCS, ARSS, Class "A" School, FRS, or any subsequent training thereafter) is cause for disqualification and disenrollment from AIRC and AIRR.

h. Admitted **pre-service** drug usage shall be processed per MILPERSMAN 1306-618 and will be considered on a case-by-case basis by the ECM as to whether or not the member will be disqualified.

10. Disposition of Members Disenrolled

a. AIRC and AIRR are voluntary programs; participants may be disenrolled or DOR at any time. Fleet Sailors are subject to forced conversion per MILPERSMAN 1440-010. Additionally, those who DOR are considered nonvolunteers for the AIRC and AIRR Programs and are not eligible for reinstatement.

b. Process disenrolled personnel as follows:

(1) **RTC.** Per Navy Recruiting Command reclassification guidance.

(2) **NACCS.** NACCS attrites will be disqualified from AIRC and AIRR and made available to meet the "needs of the Navy." New accessions shall be reclassified per MILPERSMAN 1236-020; however, assignment to Class "A" School is not guaranteed.

(3) **ARSS.** Members disenrolled from ARSS training are not eligible for automatic advancement to E-4 and may not necessarily be retained in the Aircrew Program. Members who fail to complete the school for academic reasons will be disqualified from AIRC and AIRR and made available to meet the needs of the Navy. New accessions shall be reclassified per MILPERSMAN 1236-020.

(4) **Class "A" School and FRS.** Members who fail to complete class "A" or FRS school for academic reasons will be disqualified from the AIRC and made available to meet the needs of the Navy. New accessions shall be reclassified per MILPERSMAN 1236-020.

(5) All aircrew-related NECs shall be administratively removed by Navy Personnel Command (NAVPERSCOM), Aviation Assignments Branch (PERS-404), NAVPERSCOM, Reserve Personnel Management, (PERS-9), or Naval Air Reserve Force (N7) for members who fail to meet all training requirements. For suspension and revocation procedures for disqualified career enlisted flyers and non-career aircrew refer to reference (d).

(6) Aircrew members who have been DIFCREW revoked are not eligible for participation in a Navy-wide advancement exam, consideration by an advancement selection board, or advancement in any aviation warfare systems operator rating. Members who have requested a waiver of medical standards by Naval Aerospace Medical Institute will remain eligible for advancement until adjudication of waiver request.

11. **Application Submission**

a. Fleet AIRC and AIRR applicants shall submit an application through use of a NAVPERS 1306/7 Enlisted Personnel Action Request to BUPERS, Enlisted Community Management (BUPERS-32) via their commanding officer, citing this article as a reference.

b. The application package should include a certified copy of the following:

(1) Flight physical;

(2) Second class swim qualification;

(3) Last two evaluations. Member must have at least 3.0 on all evaluation and or fitness report performance traits, and have been recommended for retention as "promotable" or higher within the past 24 months;

(4) ASVAB scores;

(5) Signed copies of both the Aircrew and Rescue Swimmer Statements of Understanding;

(6) Satisfactory score on most recent PFA; and

(7) Secret clearance.

"[DATE]: I, [member's name], am volunteering for the Aircrew Program. I understand the following concerning rigorous physical requirements of the Aircrew Program:

1. I am volunteering for aircrewman duty, which necessarily includes Naval Aircrewman Candidate School. If I voluntarily disenroll from training as an aircrewman student, I will no longer be eligible for further aircrew training. Initial: _____

2. I can swim. Initial: _____

3. I must pass the Navy physical fitness assessment (PFA) with a "satisfactory" in all categories to enter aircrew school. Initial: _____

4. I must meet the following minimum physical fitness requirements to **graduate** from aircrew school:

a. Be able to perform extensive daily calisthenics.

b. Pass a Navy PFA with a "good" in all categories for my age and gender.

c. Swim:

(1) 1 mile in flight suit in 80 minutes or less using sidestroke, breaststroke, or American crawl.

(2) 100 yards in full flight gear (flight suit, boots, helmet, gloves, and deflated life preserver) using each of the survival strokes for 25 yards (sidestroke, breaststroke, elementary backstroke, and American crawl), followed immediately by a 5-minute drown-proofing (face down prone float).

(3) In full flight gear, tread water for 2 minutes followed immediately by 3 minutes of drown-proofing.

(4) 200 yards (50 yards each breaststroke, elementary backstroke, sidestroke, and American crawl).

(5) Jump from a 12-foot tower and then swim 15 yards underwater wearing flight suit and boots using a modified breaststroke, immediately followed by floating using trouser inflation techniques.

(6) 75 yard flight equipment swim; 25 yards sidestroke; 25 yards breaststroke; 25 yards elementary backstroke; and 25 yards American crawl.

Initial: _____

(I must be able to pass a Navy PFA with a score of "good" in all categories for my age, gender at anytime during the "training cycle".)

Rescue Swimmer Program Statement of Understanding

(Use proper letter format containing the following)

NOTE: AIRR/rescue swimmer candidates must sign both the Aircrew and Rescue Swimmer Statements of Understanding.

Rescue Swimmer Program Statement of Understanding

"[DATE]: I [member' name] am/am not [circle one] volunteering for training as a helicopter rescue swimmer. I understand rescue swimmers may be required to risk their lives during a rescue at sea. They are trained to conduct rescues efficiently, effectively, and safely. In most rescue situations, the swimmer leaves the helicopter and enters the ocean. Upon reaching the survivor, the swimmer removes the parachute and prepares the survivor for hook-up to the rescue device. A survivor in a state of panic may force the swimmer underwater, but techniques taught to the swimmer will help to overcome this resistance. Once the swimmer and survivor are in the aircraft, the swimmer provides advanced first-aid until medical assistance is available.

Initial: _____

1. In order to commence training at Rescue Swimmer School, I must be able to complete the following:

- a. 500-meter swim wearing mask, fins, and snorkel in 12 minutes or less.
- b. 1.5-mile run in 12 minutes or less.
- c. 42 push-ups in 2 minutes or less.
- d. 50 sit-ups in 2 minutes or less.
- e. 4 pull-ups in 2 minutes or less.

Initial: _____

2. **To graduate** from Rescue Swimmer School, I must do the following during the course of training:

- a. 90 minutes of intensive calisthenics and 30-35 minute cross-country runs daily.
- b. 800-meter swim in 20 minutes wearing rescue swimmer equipment (mask, fins, snorkel, short wetsuit, and search and rescue (SAR) Harness with deflated floatation).
- c. 400-meter buddy tow in 16 minutes wearing rescue swimmer equipment.
- d. 2000-meter swim in 50 minutes wearing rescue swimmer equipment.
- e. 4 pull-ups in a flight suit and boots within 2 minutes.
- f. Carry two 50-pound dumbbells 100 yards on flat terrain over 4 obstacles 12-14 inches in height within 2 minutes.
- g. Walk 1 mile with a MEDEVAC litter within 16 minutes.
- h. Swim 500 meters in SAR gear immediately followed by 400 meter buddy tow within 27 minutes.
- i. Weekly strength training with free weights and machines.
- j. Successfully complete CPR for professional rescuer.

Initial: _____

The Aircrew Program and, in particular, rescue swimmer training are physically demanding and require strong swimmer skills. My success will depend upon my own physical preconditioning program, which I have established for myself prior to reporting. I understand that I must first meet all requirements set forth for the Aircrew Program in addition to those for rescue swimmer training.

-------------------	---

1. **Qualifications**. Qualifications for Naval Aircrew Warfare Specialist (NAWS) designation are as follows:

- a. Be qualified as a crewmember per reference (a).
- b. Maintain a consistent record of above average performance per MILPERSMAN 1220-010.
- c. Successfully complete a Chief of Naval Operations (CNO) approved aircrew training syllabus including prerequisite pipeline courses that award a distribution Navy Enlisted Classification (NEC) of 78XX, 82XX, 8401, or 94XX.
- d. Successfully complete positional qualification requirements for the respective aircraft within 18 months of reporting to the permanent duty station (PDS) per reference (b) and complete Personnel Qualification Standard per reference (c).
- e. Be assigned in a duty involving flying crew (DIFCREW) status with a distribution NEC of 78XX, 82XX (except 8201 Naval Aircrew candidate), 8401, or 94XX; qualified and recommended for a crewmember NEC of 78XX, 82XX, 8401, or 94XX.

f. Be detailed into a valid aircrew billet requiring frequent and regular flying duty, defined by billet special category (for all NEC 82xx, 78xx, and 94xx billets) or by billet NEC (for NEC 8295, 8296, and 8401 billets). Members of non-aviation commands must still participate in frequent and regular flying in order to qualify for NAWS designation.

2. Procedures for (NAWS) Designation

a. Commanding officers (COs) shall certify in writing the member's qualifications in aircraft positions per this manual and reference (c).

b. Commands shall ensure the recording of the proper NEC. If it is not reflected on the Enlisted Distribution and Verification Report (EDVR), certification of the NEC shall be submitted per references (a) and (d).

c. COs of aviation units may award NAWS designations after ensuring that criteria within this article and references (a), (c), and (e) have been met. This authority may not be delegated "by direction." A NAWS designation letter should be prepared per reference (a) and presented to the member when the Aircrew Warfare Breast Insignia is awarded.

d. Only active aircrew, on and after 1 July 1997, are eligible for certificates of designation. They may not be awarded retroactively.

3. Revocation of NAWS Designation. COs shall revoke the NAWS designation from any aircrew who is permanently removed from flying status per reference (a); however, members who are permanently disqualified from flying due solely to medical reasons will lose their NAWS designation but retain the eligibility to wear the NAWS Breast Insignia. Any aircrew who are temporarily removed from flying status will also lose their NAWS designation but retain the eligibility to wear the NAWS Breast Insignia. All aircrew losing their NAWS designation or eligibility to wear the NAWS Breast Insignia shall be counseled by their CO regarding their specific aircrew status.

4. Reinstatement of Aircrewman Designation. If a previously-designated aircrewman is reinstated to duties involving flying per reference (a), the member may apply for reinstatement of NAWS designation and eligibility to wear the NAWS Breast Insignia. Command-endorsed requests for reinstatement of the

NAWS designation or right to wear the NAWS Breast Insignia shall be forwarded for review per reference (a). Members may not wear the Insignia until approval is received.

5. Administrative Procedures

a. Whenever a member qualifies as a Naval Aircrewman, an entry shall be made on the NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, of the service record, indicating the

- date of qualification,
- type of aircraft in which qualification was received,
- authorization from Chief of Naval Personnel (CHNAVPERS) for awarding the NAWS designation, and
- authorization to wear the NAWS Breast Insignia.

The NAWS designator shall be affixed to the member's rate in the following manner: AWSC(NAC), etc. A personnel diary transaction shall be submitted reporting the change of enlisted designator to NAWS (Code 6).

b. Whenever a member is disqualified from aircrew duty, an entry shall be made on NAVPERS 1070/613 showing the reason for disqualification and rescinding of authorization to wear the NAWS Breast Insignia (except in the case of physical disqualification). The NAWS designator shall be canceled and a personal diary entry to that effect shall be made as follows: "CH designator to NONE."

c. The assignment or removal of aircrew NECs shall be per references (a) and (d).

d. Proper entry of qualification or disqualification shall be made on special duty abstracts of the health record at the time of original physical examination and annual reexaminations thereafter. Commanding Officers shall be informed of the results of all physical examinations.

e. In all reports, records, or other correspondence concerning active NAWS, the NAWS designator shall be included after the rating abbreviation. For example: AWSC (NAC) or AWOCS (NAC). Correspondence concerning inactive aircrewmen does not require this identification.

6. **Service Record Entries**. The following service record entries are used in conjunction with various requirements of the NAWS Program:

a. "[DATE]: I, [Member's Name], volunteer for duty involving flying and understand that I must maintain those qualifications specified by Chief of Naval Operations and Chief of Naval Personnel during the periods I am actively assigned to such duties. This agreement shall remain valid until such time as it is rescinded by me or that I am no longer qualified for such duties."

[Member's Signature]

Witnessed:

b. "[DATE]: I, [Member's Name] have been suspended from duty involving flying as a crewmember effective [DATE]. Authority: [fill-in]."

c. "[DATE]: [Member's Name] has been suspended from duty involving flying as a crewmember effective [date]. Revocation procedures initiated per BUPERSINST 1326.4D."

d. "[DATE]: [Member's Name] removed from duty involving flying as a crewmember effective [date].

Authority: [fill-in]."

e. "[DATE]: I, [Member's Name] no longer volunteer for duty involving flying. I fully understand that I shall not be eligible for requalification in the aricrew program on this or subsequent enlistments, and as a result of this disqualification, I shall be subject to reassignment."

[Member's Signature]

Witnessed:

f. "[DATE]: [Member's Name] is disqualified from duties involving flying by reason of [medical, nonvolunteer, performance, cause - specify].

Authority: [fill-in]."

[Signature of commanding officer]

[May not be signed by direction.]

g. "[DATE]: [Member's Name], having been disqualified from duty involving flying, has been advised of MILPERSMAN 1220-020, NAWS designator is hereby canceled, authorization to wear the NAWS Breast Insignia has been rescinded [except for disqualification due to medical reasons], aircrew NECs have been

recommended for removal, rating conversion procedures initiated per MILPERSMAN 1440-010 [for AW personnel only], and shall be subject to reassignment due to such disqualification."

[May be signed by direction]

[NOTE: Adjustments to the above entry should be made per the type disqualification].

h. "[DATE]: Under BUPERSINST 1326.4D you are herewith provided advance notification of flight pay termination on or about [date] as a result of [Reason, i.e., permanent change of station (PCS) transfer, billet deletion, etc.]."
[Authenticity Officer]

i. "[DATE]: I, [Member's Name], have been advised this date of my flight pay termination effective [date] as a result of [reason]. This notification was provided per BUPERSINST 1326.4D."
[Member's Signature]

7. **Service Record Entries for Reenlistment**. The following entries shall be carried forward on reenlistment of NAC as appropriate:

a. "[DATE]: [Member's Name] volunteered for duty involving flying."

b. "[DATE]: Awarded designation as a Naval Aircrew Warfare Specialist. Authority [fill-in]."

c. "[DATE]: [Member's Name] was disqualified from duty involving flying as a result of [reason]."

d. "[DATE]: [Member's Name] has accumulated the following hours of training and operational flying:

(1) Total from previous enlistments [fill-in].

(2) Total on first past enlistment [fill-in].

(3) Total to date [fill-in]."

8. **Service Record Entry After Ground or Flight Training**. Upon successful completion of a ground or flight training course or syllabus, a service record entry shall be made indicating the following:

- a. Date of completion of course.
- b. Title and or identification number of course or syllabus.
- c. Type of equipment or aircraft (include flight hours).

9. **NAWS Insignia**

- a. The NAWS Insignia consists of a Breast Insignia as prescribed by reference (f).
- b. Designation as a NAWS by the CO of an aviation command carries authorization to wear the NAWS Breast Insignia.
- c. The right to wear the NAWS Breast Insignia shall be rescinded only when a member is disqualified for Naval Aircrewmen duty for reasons other than physical disqualification and the aircrew designator is removed. Physical disqualification does not revoke the right to wear the NAWS Breast Insignia.
- d. Authority granted under previous directives to wear the Combat Aircrew Insignia with battle stars remains in effect throughout a member's naval career.
- e. Servicemembers designated as Naval Aircrewmen on or before 30 September 2009 are grandfathered and considered designated as NAWSSs.

 - Casualty Evacuation course of instruction (CIN B-300-5000).
 - N7/NP Physiology Training.
 - Local Marine Aircraft Wing designated courses of instruction.
- d. Be in receipt of Imminent Danger Pay during time of qualification.
- e. Be designated by the command (in writing) as a member of the flight crew in an aircraft participating in combat operations.

2. **Procedures for CAC Designation.** Members' qualification to wear the CAC insignia must be certified in writing by

- Marine Corps unit commanders, **or**
- Headquarters, U.S. Marine Corps (HQMC);
Director, Aviation Manpower Support Branch (ASM).

3. **Authority to Wear the Insignia.** Awarding of the CAC designation entitles the member to wear the CAC insignia per references (b) and (c). The proper designation is "CAC" placed in parentheses immediately after the member's rate abbreviation; i.e., HM3(CAC).

4. **Updating the Service Record:** When a member has been awarded the CAC designation, the following entry shall be made on the NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, in the member's service record:

"(Date) Awarded the Marine Corps Combat Aircrew (CAC) designator with (number and color) stars. Permanent retention is/is not authorized."

5. **Wearing CAC Insignia:** The CAC insignia will be worn per reference (c).

-------------------	---

1. Policy

a. Training for static-line, military free-fall, and high altitude low opening (HALO) premeditated personnel parachute (P3) operations is accomplished by successful completion of the prescribed course of instruction while attending

(1) U.S. Army Basic Airborne Course;

(2) U.S. Army Basic Military Free-Fall Parachutist Course; or

(3) other training certified by Chief of Naval Education and Training or approved by the Chief of Naval Operations.

b. The following personnel have essential P3 operations as a part of their military duty and must maintain qualification to receive hazardous duty incentive pay:

Navy Enlisted Classification (NECs)	Officer Designators
532X	113X
533X	118X
534X	715X
535X	717X
735X	114X
955X	119X
	748X

2. **Definitions.** The following definitions apply to this article:

a. **P3 Operation** - An intentional, planned parachuting activity during which personnel wear a single or dual-harness parachute system, having at least one approved main parachute and one approved reserve parachute.

b. **Competent Orders** - orders issued by

(1) Commandant of the Marine Corps;

(2) Commander, Naval Personnel Command (COMNAVPERCOM);

or

(3) Commanding officers (COs) or officers in charge of units whose mission does not include P3 operations, but have jump qualified personnel in their command. In this circumstance, temporary additional duty (TAD) orders may be issued for jump qualified personnel to a unit whose mission includes P3 operations to maintain qualification. These orders are for qualification purposes only, and do not entitle the member to parachute pay.

3. **Static-Line Parachute Jumper.** A static-line parachute jumper is a member of any rating or grade who meets the following requirements:

a. A volunteer for parachute jumping duty;

b. Qualified according to the medical standards set by the Bureau of Medicine and Surgery (BUMED) at the time of designation and periodicity of physical thereafter;

c. Successfully completed formal military static-line parachutist training at Ft. Benning, Georgia or at a formal interservice training site; and

d. Assigned or attached by competent PCS or TAD orders to a military organization whose mission includes the requirement to engage in P3 operations.

4. **Free-Fall Parachute Jumper**. A member of any rating or grade who meets the following requirements:

a. Qualified as a static-line parachute jumper;

b. Qualified for unpressurized high altitude parachute jumping according to the medical standards set by BUMED at the time of designation and annually thereafter;

c. Successfully completed the prescribed program of free-fall instruction at a formal interservice training facility, including a minimum of 10 military free-fall parachute jumps, at least 2 of which must have been conducted carrying full combat equipment (1 day/1 night); and

d. Assigned or attached under competent PCS or TAD orders to a military organization whose mission includes the requirement for military free-fall parachute jumping or has the authorization to engage in P3 operations as a part of their military duty.

5. **HALO Parachute Jumper**. A member of any rating or grade who meets the following requirements:

a. Qualified as a static-line parachute jumper;

b. Successfully completed the prescribed program of HALO instruction at a formal interservice training facility, including a minimum of 16 HALO jumps; and

c. Assigned or attached under competent PCS or TAD orders to a military organization whose mission includes the requirement for HALO operations, or has the authorization to engage in P3 operations as a part of their military duty.

6. **Maintaining Qualifications**

a. To maintain qualification as a parachutist, a member must perform one or more parachute jumps during any 3 consecutive calendar months, unless prevented from doing so by one of the following:

(1) Limited duty status for medical reasons;

(2) Military operations, including operations under other than combat conditions; or

(3) Absence of jump equipment or aircraft.

b. When conditions are such that the required jumps cannot be made in every quarter, a member may maintain qualifications by performing 4 static-line, free-fall, or HALO jumps during a period of 12 consecutive calendar months; such requirements may be met any time during that period.

c. All officer and enlisted parachutists with an officer designator or Navy enlisted classification (NEC) associated with a Navy community whose mission requires static-line, free-fall, or HALO operations (e.g.; 1130/5326 SEAL, 1140/5337 EOD); should maintain qualifications when assigned to shore or neutral duties.

d. Members who are assigned duty as a parachutist by competent orders, outlined in 2b(1) or 2b(2), and maintain qualifications will receive parachutist pay, regardless of the billet to which the member is assigned.

Note: Specific requirements for incentive pay for parachute duty are found in chapter 24 of reference (a).

7. **Disqualification from Parachute Duty**

a. COs shall disqualify a member from parachute duty and remove their parachutist designator when

(1) after a medical examination, the member is found permanently physically or psychologically disqualified for parachutist duty;

(2) after a technical examination, the member lacks the minimum operational qualifications for parachutist duty as specified in reference (b); and

(3) a member is no longer a volunteer for parachutist duty to which they may be assigned by proper authority, and a statement to this effect, signed by the member, is entered in their service record.

b. A member who has been disqualified from static-line, HALO, or free-fall parachute duty for medical reasons; is eligible for return to such duty upon determination that qualifications for such duty, according to the manual of the medical standards published by BUMED, have been satisfied.

8. **CO's Responsibility.** COs shall limit a previously HALO or free-fall qualified member to static-line when, after a technical examination, a member is determined to lack the minimum operational qualification for HALO or free-fall parachute duty as specified in reference (b), but remains qualified to perform static-line parachute duty.

9. **Recording and Reporting Parachutists**

a. The assignment or removal of parachutist NEC codes shall be conducted per reference (c).

b. NAVPERS 1070/613 Administrative Remarks shall be processed per MILPERSMAN 1070-320. Specific service record and personnel accounting entries are as follows:

(1) When an enlisted member initially qualifies as a parachutist, a permanent administrative remark entry on NAVPERS 1070/613 shall be made and filed in the official military personnel file (OMPF) indicating the date of qualification, type(s) of aircraft in which qualified, unit at which the training was received, and the authority granting the right to wear the basic parachute insignia. The parachutist designator shall be affixed to their rate in the following manner: PR2(PJ). An entry to this effect shall be entered on the personnel diary as follows: "CH designator to (PJ)";

(2) When an enlisted member is disqualified for parachutist duty, a permanent administrative remark entry on NAVPERS 1070/613 shall be made and filed in the OMPF showing the reason for disqualification. The parachutist (PJ) designator

shall be canceled and a personnel diary entry to that effect shall be made as follows: "CH PJ designator to NONE";

(3) When an enlisted member initially qualifies as a free-fall parachutist, a permanent administrative remark entry on NAVPERS 1070/613 shall be made and filed in the OMPF indicating the date of qualification, type(s) of aircraft in which qualified, and unit at which the training was received. The entry shall also indicate whether or not the member is HALO qualified. The free-fall parachutist designator shall be affixed to their rate in the following manner: PR2(FPJ). An entry to this effect shall be entered on the personnel diary as follows: "CH designator to (FPJ)";

(4) When an enlisted member is disqualified for HALO or free-fall parachutist duty, but continues to be qualified for static-line parachutist duty, a permanent administrative remark entry on NAVPERS 1070/613 shall be made and filed in the OMPF, indicating the reason for disqualification. The HALO or free-fall parachutist (FPJ) designator shall be changed to static-line parachutist (PJ) and a personnel diary entry to that effect shall be made as follows: "CH designator to (PJ)"; or

(5) When an enlisted member is disqualified for HALO or free-fall and static-line parachutist duty, a permanent administrative remark entry on NAVPERS 1070/613 shall be made and filed in the OMPF, indicating the reason for disqualification. The free-fall parachutist (FPJ) designator shall be canceled and a personnel diary entry to that effect shall be made as follows: "CH FPJ designator to NONE."

c. Appropriate entry of qualification or disqualification shall be made on special duty abstracts of the health record at the time of original physical examination and annual reexaminations thereafter. COs shall be informed of the results of all physical examinations.

10. **Basic Parachutist Insignia.** The basic parachutist insignia consists of a breast insignia as prescribed by references (d) and (e). The right to wear the basic parachutist insignia is authorized for those who meet the qualification requirements, whose right to wear such insignia has not been revoked, and who have not subsequently qualified for the Navy and Marine Corps parachutist insignia.

11. **Navy and Marine Corps Parachutist Insignia.** The Navy and Marine Corps parachutist insignia consists of a breast insignia as prescribed by references (d) and (e). The right to wear the Navy and Marine Corps parachutist insignia is authorized for those members who have previously qualified for the basic parachutist insignia; have, under competent orders, completed a minimum of five additional static-line or P3 jumps with a Navy or Marine Corps organization whose mission includes static-line or P3 jumping with verification of such jumps for enlisted members included on NAVPERS 1070/613 in the service record, and whose right to wear such insignia has not been revoked.

12. **Revocation.** In general, the provisions for revocation of naval aviator insignia shall apply as related to revocation of authority to wear the basic parachutist insignia or the Navy and Marine Corps parachutist insignia.

13. **Commissioned Officers and Warrant Officers**

a. Qualifications and instructions for commissioned and warrant officers assigned parachute duty are identical to those for enlisted personnel, as outlined in this article.

b. Parachutist qualifications attained while in an enlisted status shall be carried over to the officer's service record.

14. **Other Services.** Parachutist qualification attained while in another service shall be carried over to the member's naval service record.

-------------------	--

1. Policy

a. The designation "qualified in submarines" represents an intensive personal effort to meet the high standards and special requirements of submarine duty. Only volunteers will be assigned to submarine training under normal circumstances. Nonvolunteers will be assigned only when sufficient volunteers cannot be obtained.

b. Based on the investment of training costs and long planning time, assignment to submarine duty is not elective after issuance of a transfer directive leading to duty in submarines.

2. Eligibility Requirements. The specified eligibility requirements for submarine duty may be found in MILPERSMAN 1306-402.

3. Training Requirements

a. Basic Enlisted Submarine School (BESS), a school for the basic training of enlisted members for submarine duty at Naval Submarine Base, New London, Groton, CT, is a prerequisite for qualification in submarines for all enlisted ratings with the exception of nuclear trained personnel. Commanding officers (COs) of submarines receiving enlisted personnel from this school shall neither consider them "qualified in submarines,"

nor consider their training complete. Before being designated as "qualified in submarines" each individual shall pass an oral and practical examination that demonstrates sufficient knowledge of ship's systems and operating procedures pertaining to the submarine in which serving.

b. Personnel not previously "qualified in submarines" are not eligible to be so designated by the CO until they have served for duty at least 6 months in operational submarines, with the exception that service in new construction submarines may be counted from the commencement of builder's sea trials. Amplifying details for qualification are issued by the submarine force commanders.

c. Personnel serving in a nonsubmarine source rating or not assigned to a submarine for duty, serving in a temporary duty status onboard a submarine, and who complete requirements for qualification in submarines, must request a waiver of eligibility standards from Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignments Branch (PERS-403) via the CO of the ship in which qualified, info the submarine force commander. If the waiver is approved by NAVPERSCOM (PERS-403), submarine "designation 7 (SG)" will be assigned.

4. **Physical Requirements**. Before being assigned to a submarine, each enlisted member must meet the physical standards specified in reference (a).

5. **Submarine Qualification Designations**. Submarine qualification designations are defined as follows:

Designation 1 (SS)	Designated "qualified in submarines."
Designation 2 (SU)	Designated "in training for submarine qualifications."
Designation 5 (SQ)	Designated "qualified for submarines," but not planned for future assignment to submarine duty.
Designation 7 (SG)	Designated "qualified for submarines," but not in submarine source rating or Navy enlisted classification (NEC); not detailed by the submarine community.
Designation 8 (SP)	Designated "previously assigned in submarines;" assigned only to those personnel disqualified for submarine duty and serving in a submarine support billet; detailed by the submarine community, but not to be reassigned to submarine duty without prior approval of NAVPERSCOM (PERS-403).

6. "Designation 5 (SQ)." (See Note 1) Submarine "designation 5 (SQ)" will be assigned by NAVPERSCOM (PERS-403) to enlisted personnel in submarine source ratings who are qualified in submarines, but not expected to serve again in the submarine force. Personnel assigned designation 5 (SQ) designator are entitled to wear the enlisted submarine breast insignia. Personnel assigned "designation 5 (SQ)" designator shall have the following NAVPERS 1070/613 Administrative Remarks entry made and uploaded to their electronic service record via Navy Standard Integrated Personnel System (NSIPS):

"(Date): Assigned enlisted submarine "Designation 5 (SQ)." Member entitled to wear the enlisted submarine breast insignia.

Authority: (Cite the source document notifying of "Designation 5 (SQ))."

Note 1: Personnel assigned a "designation 5 (SQ)" or "designation 7 (SG)" who desire to return to submarine duty must formally request reinstatement using the procedures in MILPERSMAN 1306-416.

7. "Designation 7 (SG)." (See Note 1).

a. Submarine "designation 7 (SG)" will be assigned by NAVPERSCOM (PERS-403) for the following reasons:

(1) Conversion to a nonsubmarine source rating or to an NEC detailed outside of the submarine community.

(2) Nonsubmarine source rating who is approved to be designated "qualified in submarines."

b. Personnel assigned "designation 7 (SG)" designator shall have the following service record NAVPERS 1070/613 entry made and uploaded to their electronic service record via NSIPS:

"Date: Assigned enlisted submarine "Designation 7 (SG)." Member entitled to wear the enlisted submarine breast insignia.

Authority: (Cite the source document notifying of "Designation 7 (SG))."

8. **"Designation 8 (SP)"**

a. Submarine "designation 8 (SP)" may be assigned by NAVPERSCOM (PERS-403) to personnel disqualified from submarine duty. Each person who is disqualified is normally assigned to a submarine support billet for a 2-year tour of duty if a valid billet exists.

b. Submarine nuclear trained personnel who are physically disqualified from submarine duty will be assigned as a surface nuclear operator. No formal notification of "designation 8 (SP)" assignment is made by NAVPERSCOM (PERS-403) and service record entries are not required.

c. Assignment of "designation 8 (SP)" is for NAVPERSCOM assignment and tracking purposes only, but will reflect on a command enlisted distribution verification report (EDVR). Further guidance on "designation 8 (SP)" may be found in MILPERSMAN 1306-416.

9. **Submarine Qualification Insignia**

a. The submarine qualification insignia represents the completion of prescribed training and the successful qualification for submarine service. The insignia shows that the wearer has qualified for submarine duty, but does not necessarily indicate that the wearer is currently serving in the submarine force.

b. Enlisted members who have been "disqualified" from submarine duty shall normally, by the same authority, have their privilege to wear the submarine insignia revoked. A member who has been physically disqualified for submarine duty may continue to wear the submarine insignia. Other unique circumstances may convince the submarine disqualification authority to leave intact a former submariner's privilege to wear this insignia.

10. **Use of Submarine Designations**

a. Submarine designations "SS" or "SU" shall be placed in parenthesis immediately after the member's rate or rating abbreviation (e.g., MM2(SS), SA(SU)). All service record pages and all correspondence pertaining to the member thereafter, until such time as the submarine designator may be revoked, shall include the appropriate designation.

b. A member who has received a submarine designator and is subsequently transferred from duty in submarines shall retain the designator, unless it has been removed or changed due to disqualification. Additionally, entitlement to wear the enlisted submarine warfare insignia remains until such time that entitlement is revoked.

c. When a member has been examined and is qualified for submarine duty, the following NAVPERS 1070/613 entry shall be made and uploaded to their electronic service record via NSIPS:

"(Date): Qualified in submarines this date and assigned enlisted submarine "designation 1 (SS)."
--

11. Authority to Assign or Revoke Designations

a. Only NAVPERSCOM (PERS-403) and submarine force commanders have authority to remove submarine designations. See MILPERSMAN 1306-416 for disqualification procedures. Submarine force commanders will act only on the cases of those personnel who are under their operational or administrative command. NAVPERSCOM (PERS-403) will act on all other cases.

b. Authority for assignment of any enlisted submarine designation is NAVPERSCOM (PERS-403) with exception of the assignment of "designation 1 (SS)" to those "designation 2 (SU)" personnel who completed requirements for "qualification in submarines." The authority for this designation change is granted to the submarine force commanders.

12. Preservice Substance Abuse Policy

a. The special safety and reliability aspects of operating submarines necessitates stringent substance abuse policies.

b. For personnel with a history of preservice drug abuse desiring entry into the Nuclear Field Program, waiver requests will be screened by Office of the Chief of Naval Operations, Nuclear Enlisted Program (N133D). Waivers may be granted only in cases of experimental use of marijuana.

c. For personnel with a history of preservice drug abuse (marijuana only) desiring initial submarine training other than the Nuclear Field Program, waiver requests will be screened by the appropriate command listed below.

(1) Commander, Navy Recruiting Command, for personnel in the administrative chain of command as specifically outlined in reference (b). Admission of preservice experimental use of marijuana while in the Delayed Entry Program (DEP) is not waivable.

(2) NAVPERSCOM (PERS-403) for personnel in all other commands. Waivers may be granted only in cases of experimental use of marijuana.

d. Any time a waiver is granted for preservice drug abuse, the following NAVPERS 1070/613 entry will be made and uploaded to the electronic service record via NSIPS:

"(Date): A waiver of preservice marijuana use for submarine duty has been granted by (cite authority). I understand any future drug abuse will result in permanent submarine disqualification and processing for separation from naval service.

_____MEMBER _____WITNESS"

e. Drug abuse waivers will not be granted for personnel with a history of in-service drug abuse desiring initial submarine training or for in-service drug abuse which occurs after commencement of initial submarine or nuclear field training.

f. Personnel disqualified from submarine duty for drug abuse are not eligible for reinstatement at any time.

g. Personnel disqualified for alcohol dependency may request reinstatement to submarine duty, per reference (c), within 3 years of the disqualification date. After 3 years, reinstatement will not be considered.

13. **Disqualification for Duty**. A CO may, at any time, recommend to the appropriate disqualification authority, via the administrative chain of command, that any enlisted member serving under the CO's command be declared disqualified for submarine duty for any reason other than as a substitute for appropriate disciplinary action in the case of disciplinary offenses. Disqualification shall not be utilized in lieu of a recommendation for separation of a member from naval service

when separation is warranted and appropriate; however, a person being administratively or punitively separated will be disqualified from submarines when such separation has been directed.

14. **Criteria for Removal of Submarine Designator.** There are two general categories of justification for removal of a submarine designator:

a. **Physical disqualification;** and

b. **All other reasons.** This category may include, but is not limited to:

(1) Inability or refusal to qualify or requalify in submarines.

(2) Substance abuse (alcohol or drugs).

(3) Loss of or inability to acquire a required security clearance, NEC, or limited access authority.

(4) Removal from the Personnel Reliability Program (PRP).

(5) Conscientious objector status.

(6) Emotional instability.

15. **NAVPERS 1070/613 Entry for Physical Disqualification.** For personnel who are physically disqualified, the following NAVPERS 1070/613 entry shall be made and uploaded to their electronic service record via NSIPS:

"(Date): Determined "physically not qualified" for submarine duty for reasons as stated in medical record. The enlisted submarine "designator (SS)/(SU)" is hereby removed. (Member's last name) is entitled to wear the submarine breast insignia (if applicable). (Member's last name) may reapply to NAVPERSCOM (PERS-403) for restoration of the (SS)/(SU) designator when member once again satisfies the physical requirements of the Manual of the Medical Department for submarine duty.

Authority: (Cite the source document approving disqualification.)"

16. **NAVPERS 1070/613 Entry for Reasons Other than Physical.**

For personnel who are disqualified for reasons other than physical, the following NAVPERS 1070/613 entry shall be made and uploaded to their electronic service record via NSIPS:

"(Date): Disqualified for submarine duty by reason of (state reason). The enlisted submarine "designator (SS)/(SU)" is hereby removed. (Member's last name) is not eligible for return to submarine duty at any future date and is not entitled to wear the submarine breast insignia (if deemed appropriate by the submarine disqualification authority).

Authority: (Cite the source document approving disqualification)."

17. **Reinstatement after Disqualification.** Reinstatement to submarine duty, after disqualification, will be considered (with the exception of drug abuse and for alcohol dependency greater than 3 years from the disqualification date) per the procedures specified in MILPERSMAN 1306-416.

1. **Policy.** Enlisted members may voluntarily obtain Enlisted Surface Warfare Specialist (ESWS) qualification while assigned to a surface ship or afloat staff.
2. **Authority to Wear the Insignia.** Achievement of qualification entitles the member to wear the ESWS insignia per reference (a), and to use the Surface Warfare designation. The Surface Warfare designation is an "SW" placed in parentheses immediately after the member's rate abbreviation, i.e., MM3(SW), BMCS(SW).
3. **Updating the Service Record.** When a member has been qualified as an Enlisted Surface Warfare Specialist, an entry shall be made in the member's service record NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Qualified as an Enlisted Surface Warfare Specialist (ESWS) this date and assigned the Enlisted Surface Warfare (SW) designator."

4. **Updating the Evaluation.** Once qualification has been approved, relevant comments should be made in the member's next evaluation.
5. **Disqualification.** An enlisted member previously qualified shall be disqualified by an appropriate qualifying officer if that member fails to continue to meet the requirements set forth in reference (b). Formal notification of disqualification shall

be recorded in the member's service record NAVPERS 1070/613 as follows:

"(Date) Failed to maintain qualification as an Enlisted Surface Warfare Specialist (ESWS) in that (include specific rationale for disqualification). Member has been informed that as of this date (he or she) is disqualified and is no longer authorized to wear the ESWS insignia or use the Enlisted Surface Warfare (SW) designator."

6. **Wearing EAWS Insignia**

a. Achievement of qualification entitles the member to wear the Enlisted Aviation Warfare Specialist (EAWS) insignia prescribed in reference (a), and to use the Aviation Warfare designation. The Aviation Warfare designation is an "AW," placed in parentheses immediately after the member's rate abbreviation, i.e., AD3(AW), AMHC(AW).

b. An EAWS qualified individual shall use "(AW)" after the rating title.

7. **Updating Service Records**

a. When members have qualified as Aviation Warfare Specialist, an entry will be made in their service record as follows:

"(Date) Qualified as an Enlisted Aviation Warfare Specialist (EAWS) this date and assigned the EAWS (AW) designator."

b. Once qualification has been approved, relevant comments should be made in the member's next evaluation.

c. Members, once notified of their disqualification, shall have the specifics of this action entered in their service records with appropriate comments entered in the next periodic evaluation as follows:

"(Date) Failed to maintain qualification of an Enlisted Aviation Warfare Specialist (EAWS) by (include specific rationale for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear the EAWS insignia or use the (AW) designator as part of his/her rating."

8. **Requalification.** Requalification shall be per reference (b) as though disqualification had not occurred.

1. **Policy**. Enlisted personnel can voluntarily obtain Enlisted Aviation Warfare Specialist (EAWS) qualification by meeting the eligibility requirements of and following the procedures prescribed in OPNAVINST 1414.2A.

2. **Qualifications**. General qualification standards for EAWS are as follows:

a. Be professionally and militarily motivated as demonstrated by additional qualifications such as shipboard damage control, Personnel Qualification Standards (PQS), and Preventive Maintenance System (PMS) (where applicable).

b. Be professionally qualified (i.e., specific PQS requirements to perform duties successfully completed, etc.) as required by their commanding officer (CO).

c. Complete and qualify for all requirements as set forth in OPNAVINST 1414.2A.

d. Be recommended by the chain of command and approved by the CO.

NOTE: See "Updating Service Records" for information on proper entry requirements.

3. Disqualification

a. Once qualification is achieved Aviation Warfare Specialist will retain the designation unless disqualified for cause as determined by the CO.

b. Should an enlisted member previously qualified fail to continue to meet the requirements, then that member shall be disqualified by the member's CO.

c. See "Updating Service Records" for information on proper entry requirements.

4. Wearing EAWS Insignia

a. Achievement of qualification entitles the member to wear the Enlisted Aviation Warfare Specialist (EAWS) insignia prescribed in NAVPERS 15665I, and to use the Aviation Warfare designation. The Aviation Warfare designation is an "AW", placed in parentheses immediately after the member's rate abbreviation, i.e., AD3(AW), AMHC(AW).

b. An Enlisted Aviation Warfare Specialist (EAWS) qualified individual shall use "(AW)" after the rating title.

5. Updating Service Records

a. When members have qualified as Aviation Warfare Specialist, an entry will be made in their service record as follows:

"(Date) Qualified as an Enlisted Aviation Warfare Specialist (EAWS) this date and assigned the EAWS (AW) designator."

b. Once qualification has been approved relevant comments should be made in the member's next evaluation.

c. Members, once notified of their disqualification, shall have the specifics of this action entered in their service records with appropriate comments entered in the next periodic evaluation as follows:

1. Policy. Enlisted members meeting eligibility requirements assigned to a strategic weapons facility (SWF) who perform duties directly contributing to the security and safety of naval nuclear weapons are authorized to wear the nuclear weapons security (NWS) breast insignia, as prescribed in reference (a). Members must be:

- a. Permanently assigned to a SWF;
- b. Assigned a mission associated with the Marine Corps Security Force Battalion;
- c. Personal Reliability Program (PRP) certified/eligible for a period of 12 months (temporary decertification due to non-disciplinary issues should not be held against the service member); and
- d. Qualified in their senior post or watch station consistent with their current pay grade and duties assigned.

(1) Authority to wear the NWS insignia shall continue as long as the member maintains eligibility for the PRP per reference (b).

(2) Members whose eligibility for the PRP is removed for disciplinary and or administrative action, per reference (b), are no longer authorized to wear the insignia.

(3) Members whose eligibility for PRP is involuntarily removed as a result of a permanent physical disqualification are authorized to wear the insignia if recommended by the member's commanding officer and approved by Strategic Systems Programs (SSP) (SP00M).

2. **Nuclear Weapons Security Breast Insignia.** The insignia represents completion of 12 months of fully qualified service to the nuclear weapons security (NWS) mission.

a. A gold star mounted on the insignia indicates an additional year of qualified service to the NWS mission.

b. A silver star mounted on the insignia indicates 5 years of fully qualified service to the NWS mission.

3. **When Insignia is Awarded.** Upon completion of the eligibility requirements for the NWS insignia, the following NAVPERS/613 Administrative Remarks service record entry shall be made:

"(Date) (Service member's name) has demonstrated his or her expertise in the area of nuclear weapons security, having completed all requirements for the NWS breast insignia, and is assigned the NWS designator"

4. **When Insignia is Removed.** For personnel who have their PRP eligibility removed, the following NAVPERS 1070/613 Administrative Remarks service record entry shall be made:

"(Date). Disqualified for nuclear weapons security duties by reason of (state reason). The enlisted designator (NWS) is hereby removed. (Service member's name) is not recommended for return to duties involving nuclear weapons security."

1. **Purpose.** This article discusses personnel aspects of the Navy diver (ND) rating. The following topics are covered:

<u>Topic</u>	<u>See Para.</u>
Rating Description	2
Suitability for Assignment	3
Rating Designation	4
Navy Enlisted Classification (NEC) Codes	5
Recruit, Non-ND Qualified Navy Veterans (NAVETS), and Other Service Veterans (OSVETS) Accessions	6

Periodic Requalification	17
Advanced Diver Training	18
Disenrollment from Advanced Diver Training	19
ND Rating Description	Exhibit 1
Report of ND Rating Conversion Screening	Exhibit 2
Request for Master Diver Course	Exhibit 3

2. **Rating Description.** Navy divers (NDs) perform and supervise diving operations using all types of underwater breathing apparatuses including open circuit SCUBA, closed and semi-closed mixed gas underwater breathing apparatus, surface supplied air and mixed gas diving systems and equipment, and saturation diving systems. Their duties include explosive demolitions and small arms proficiency. Exhibit 1 and [Navy Expeditionary Combat Command Web site](#) provide comprehensive descriptions and information about a career in the ND rating.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the ND rating require strict adherence to eligibility criteria, procedures, and policy for conversion and assignment to the ND rating.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of Navy diving operations are of unquestioned

personal conduct, reliability, judgment, and observance of military regulations.

4. **Rating Designation.** Upon completion of:

- a. ND Preparatory Course, CIN A-433-0101; and
- b. Second Class Diver, CIN A-433-0022

enlisted personnel are awarded NEC 5343 and designated as ND. Recruit and fleet conversions are authorized accelerated advancement to E-4 (ND3) per MILPERSMAN 1510-030.

5. **Navy Enlisted Classification (NEC) Codes.** Enlisted ND personnel are designated by NEC codes per their qualifications. Reference (a) further describes each of the NEC codes.

- a. Second class diver, NEC 5343
- b. First class diver, NEC 5342
- c. Master diver, NEC 5341

6. **Recruit, Non-Navy Diver Qualified Navy Veterans (NAVETS), and Other Service Veterans (OSVETS) Accessions.** The ND rating is designated as an advanced technical field (ATF) 6-year obligation program. Reference (b) provides entry requirements and policy for recruit, NAVET, and OSVET accessions.

7. **Rating Conversion Entry Requirements.** Conversion to the ND rating requires successful completion of ND "A" School. Approval to attend ND "A" School shall be based on the needs of the community and determined by Bureau of Naval Personnel (BUPERS), Navy Diver Community Manager (BUPERS-324F). Except where specified "**no waiver**," BUPERS-324F may waive one or more entry requirements if the applicant is considered otherwise qualified. Due to the cost of permanent change of station (PCS) orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting requests for conversion shall strictly adhere to the policy and requirements specified in this article. Entry requirement references (a) through (i) can be found at www.necc.navy.mil.

- a. **Duty Status.** Must be on active duty.

b. **Schools - Previous attendance at Explosive Ordnance Disposal (EOD), ND, Special Warfare Boat Operator (SB), or Special Warfare Operator (SO) "A" School.** Members who are voluntarily or involuntarily disenrolled from EOD, ND, SB, or SO "A" School will normally require a minimum of a 2-year wait period prior to reapplying for EOD, ND, SB, or SO "A" School. Personnel who previously (voluntarily or involuntarily) disenrolled from ND "A" School that request to return to ND "A" School must include the following in the application:

(1) NAVPERS 1070/613 Administrative Remarks recommendation to return to training from the commanding officer (CO) of the respective ND "A" School course of instruction from which the member was disenrolled. **No waivers.**

(2) NAVPERS 1070/613 statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas. **No waivers.**

c. **Motivation.** Strong motivation, interest in the rating, and willingness to work diligently in the academic and operational training phases is required. **No waivers.**

d. **Gender.** Males and females are eligible.

e. **Age Requirement.** Must be 30 years of age or less as of date of application receipt at Navy Personnel Command (NAVPERSCOM), ND/EOD/SO Schools Coordinator (PERS-401DH).

f. **Rate.** Pay grades E-1 through E-5 are eligible. **No waivers.**

g. **Years of Service.** Must have 6 years or less of active service.

h. **Armed Services Vocational Aptitude Battery (ASVAB).** Must meet ASVAB requirement per current ASVAB NAVADMIN.

i. **Medical Requirements.** Must meet medical standards as specified in reference (c). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (c) and:

(1) **Via** the Service Member's CO;

(2) **Via** Bureau of Medicine and Surgery (BUMED), Director for Undersea and Special Operations (BUMED M3B3); and

(3) **To** BUPERS, Naval Special Warfare/Naval Special Operations (NSW/NSO) Community Manager (BUPERS-324).

j. **Hyperbaric Pressure Test.** The hyperbaric pressure test must be administered per reference (d). Hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

k. **Obligated Service (OBLISERV).** The OBLISERV requirement for fleet conversions attending ND "A" School is 36 months from class graduation date, or completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs shall ensure applicants understand OBLISERV to train options specified in MILPERSMAN 1306-106 and reference (e). **No waivers.**

l. **Performance Standards.** Evaluation trait marks 3.0 or above in last 3 evaluation reports.

m. **Misconduct.** The applicant may not have a non-judicial punishment (NJP), court-martial conviction, or civil court conviction during the previous 12 months prior to the application.

n. **Security Clearance.** Attendance at ND "A" School requires eligibility for a secret clearance based on a national agency check with local agency and credit checks. **No waivers.**

o. **Physical Fitness.** Must pass the physical screening test per MILPERSMAN 1220-410. **No waivers.**

p. **CO Recommendation.** Must be recommended for initial training by the member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Apply for ND convert-in quota via FLEET RIDE program.
2	Access the Navy Diver In-Service Recruiter's Web site at http://www.necc.navy.mil to schedule an interview and physical screening test (PST). Phone: 1-757-462-4316, Ext. 332 E-mail: eod.diver.motivator@navy.mil
3	Undergo screening process.
4	Receive Report of Rating Conversion Screening.
5	Assemble rating conversion package.
6	Mail or e-mail (encrypted) conversion package to: Navy Personnel Command (PERS-401DH) 5720 Integrity Drive Millington, TN 38055-5402 E-Mail: MILL_ND_EOD_SB_SO_packages@navy.mil (E-mail is the preferred method.)

9. **Rating Conversion Screening Requirements.** Applicants shall be screened by approved personnel and activity.

a. **Approved Screening Personnel.** Only a qualified master diver (NEC 5341) shall conduct the screening interview. An E6 and above first class diver (NEC 5342) may administer the physical screening test.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants shall conduct screening.

(1) An approved screening activity is any diving, EOD, SEAL, special warfare combatant-craft crewman (SWCC), or underwater construction technician (UCT) command; or Navy recruit training command. ND commands should be the priority screening activity as they relate to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel

must be coordinated through and approved by NAVPERSCOM (PERS-401DH) or NAVPERSCOM, Fleet Diver Detailer (PERS-401DC).

10. **Rating Conversion Screening Process**. The screening activity shall ensure the following:

Step	Action	Per
1	Interview the applicant.	Para 10a
2	Conduct a diving medical examination.	Para 10b
3	Conduct a physical screening test.	Para 10c
4	Conduct a hyperbaric pressure test.	Para 10d
5	Submit a request for rating conversion.	Para 10e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing ND "A" School and subsequent ND career assignments. The interviewer shall do the following:

(1) Discuss the nature of the ND rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record (ESR) to fully assess past performance, conversion's effect on professional development, potential for successfully completing ND "A" School, and identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the physical screening test.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete exhibit 2, Report of ND Rating Conversion Screening.

(a) All rating conversion entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's electronic service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend ND "A" School.

b. Conduct a Diving Medical Examination. Applicants must meet physical examination and standards per reference (c).

(1) **Approved Location.** The medical examination may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner.** Per reference (c), article 15-105, examinations may be conducted by any physician, but an undersea medical officer (UMO) or diving medical officer (DMO) must approve and review all examinations using DD 2807-1 Report of Medical History and DD 2808 Report of Medical Examination. BUMED(M342) can review and sign physical examinations for accessions performed by another credentialed medical provider in locations where a Navy UMO or DMO is not proximately available.

(3) **Medical Reports.** Results of the diving medical examination will be recorded on the following reports:

(a) DD Form 2807-1.

(b) DD Form 2808.

(c) NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire. This is used to report any interval changes to health history or physical exam since last valid periodic dive medical exam. Must be completed no later than 1 month prior to actual transfer to training and placed in Service member's medical record.

(4) **Validity.** The initial diving medical examination shall be valid for a 24-month period. Candidates who have not reported to ND "A" School within the 24-month period must re-submit the following updated reports to NAVPERSCOM (PERS-401DH):

(a) DD Form 2807-1; and

(b) DD Form 2808.

c. **Conduct the Physical Screening Test.** The physical screening test is designed to assess the applicant's physical ability to handle physical stressors of the rating and undergo initial and advanced training.

(1) Administer the physical screening test per MILPERSMAN 1220-410.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Testing: Physical screening test standards are identical for male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (d).

e. **Submit a Request for Rating Conversion.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-401DH), via NAVPERS 1306/7 Enlisted Personnel Action Request.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1220-100 and include the following statement:

"Per MILPERSMAN 1220-100, I volunteer for ND duty and request assignment to ND "A" School. I agree to serve on active duty for a period of 36 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified regardless of whether I retain qualification as a ND and NEC 534X during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Required enclosures are listed below:

Enclosure 1	DD 2807-1 Report of Medical History
Enclosure 2	DD 2808 Report of Medical Examination
Enclosure 3	MILPERSMAN 1220-100, exhibit 2, Report of ND Rating Conversion Screening.
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 - E-6) for previous 3 years including any special or transfer evaluations.
Enclosure 5	Armed Services Vocational Aptitude Battery (ASVAB) scores as documented on NAVPERS 1070/604 Enlisted Qualifications History or NAVPERS 1070/881 Training Education and Qualification History
Enclosure 6	Hyperbaric Pressure Test results. Provide memorandum stating waiver justification if not completed.

11. **Transfer to ND "A" School**

a. Physical Condition Verification. The member's physical condition shall be verified by performing the physical screening test approximately 30 days prior to transfer to ND "A" School per MILPERSMAN 1220-410. Test results SHALL be placed in the Service member's ESR. Personnel who fail the physical screening test 30 days prior to transfer shall retest approximately 15 days prior to transferring. If the member fails again, NAVPERSCOM (PERS-401DH) shall be notified by e-mail within 24 hours of the failure, and the member's orders shall be held in abeyance.

b. Authorization. A UMO or DMO is required to complete and sign NAVPERS 1200/6 no later than 1 month prior to actual transfer to training. Place original NAVPERS 1200/6 in the Service Member's medical record.

c. Participation in Advancement Exams. Conversion to the ND rating requires successful completion of ND "A" School per reference (g).

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel approved to attend ND "A" School by NAVPERSCOM (PERS-401DH) for rating conversion may compete for advancement in their present rating until the

class convening date; however, personnel selected for advancement to E-6 prior to class convening will lose eligibility to attend ND "A" School. Personnel selected for advancement to E-6 while under instruction at ND "A" School shall be disenrolled from training.

d. **Disqualification Condition.** Personnel who have received orders to attend ND "A" School, but develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7, to include physical conditioning, medical, advancement to E-6, performance standards, NJP, or lack of security clearance eligibility, are required to notify NAVPERSCOM (PERS-401DH).

12. Disenrollment from ND "A" School

a. **Reclassification, Reassignment, and Suitability.** Members who voluntarily or involuntarily disenroll from ND "A" School initial training shall:

(1) Be made available for reclassification or reassignment to their rating detailer. Members should contact their detailer as soon as possible; and

(2) Have a permanent NAVPERS 1070/613 entry made in their ESR and submitted to the official military personnel file (OMPF), stating the reason for disenrollment and a favorable or non-favorable recommendation from the CO of the course of instruction for which the member was disenrolled of suitability to return to ND "A" School in the future.

b. **OBLISERV.** Members disenrolled, where OBLISERV is required for instruction received, with approval of NAVPERSCOM, Enlisted Career Progression Division (PERS-81), may be permitted to execute a new:

(1) NAVPERS 1070/621 Agreement to Extend Enlistment; or

(2) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty.

Note: See MILPERSMAN 1160-040 for explanation of "instruction received."

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction shall be canceled.

(1) For those members who accepted accelerated advancement, this OBLISERV shall be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements shall be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement Training.** If a member is disenrolled for any reason prior to entry into the training, a request may be submitted to NAVPERSCOM (PERS-81) for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement**

(1) Upon receipt of NAVPERSCOM (PERS-81) approval, COs or officers in charge (OICs) shall:

Step	Action
1	Execute extension agreement.
2	Cancel old extension agreement.
3	Submit NAVPERS 1070/621 and or NAVPERS 1070/622 per reference (j).
4	Make a permanent NAVPERS 1070/613 entry (see below).

(2) The following permanent NAVPERS 1070/613, entry shall be made in the member's ESR and submitted to the OMPF:

My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1220-100. I understand that my active duty obligation has been established as (EAOS date).

13. **Change of Rating.** Personnel designated in the ND rating may request change of rating per MILPERSMAN 1440-010. Personnel are required to submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to

concurrently affect change of rating and removal of the ND rating related NEC.

14. **Forced Conversion.** Forced conversion is the involuntary change of rating directed by NAVPERSCOM and based on a member's loss of eligibility or suitability to further serve in his or her present rating as defined in MILPERSMAN 1440-010. Forced conversions shall be conducted per MILPERSMAN 1440-010 and as further described in this article. Command master diver or immediate supervisor in command (ISIC) master divers may recommend forced conversion and revocation of ND rating NEC by submitting NAVPERS 1221/6 through their administrative chain of command to BUPERS (BUPERS-324F). Service Members assigned NEC 0000 have 30 days to request conversion to an undermanned rating per MILPERSMAN 1440-010, and command shall remove advancement recommendation until member successfully converts to new rating. This revocation shall not be used as a punitive measure, but based on the command or ISIC master diver's determination that the member is no longer suitable for assignment in the ND rating. NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC shall include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

or

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

and (if first statement used)

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

or

"The member is unsuitable for duty in diver/EOD/SEAL/SWCC/UCT commands. The member may not reapply for reinstatement for NEC 53XX and is unsuitable for duty in diver/EOD/SEAL/SWCC/UCT commands."

a. **Non-Performance of Duties.** Failure or unwillingness to perform duties required of the rating.

b. **Failure to Maintain Rating Eligibility:**

(1) Permanent revocation by Department of the Navy, Central Adjudication Facility (DON CAF) of the member's security clearance.

(2) Permanent physical disability.

c. **Professional Performance:**

(1) Willful dereliction of duty.

(2) Breaches in diving safety or regulations.

(3) Loss of command master diver's or CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

d. **Diving Salvage Warfare Specialist (DSW).** Failure to attain DSW qualification as specified in reference (h).

e. **Alcohol Abuse.** Personnel identified as having abused alcohol shall be locally suspended from duty by their CO pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (i). At any time, during or upon completion of those proceedings, COs have the following options:

(1) If a counseling or rehabilitation program appears **likely to be successful**, the member shall remain assigned to the command in a non-ND NEC status and will have a program developed per reference (i). Commands shall submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to effect suspension of the ND rating related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's ND rating-related NEC.

(2) If **future alcohol abuse is considered likely** or the member **fails rehabilitation treatment**, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. Commands shall submit NAVPERS 1221/6 to BUPERS-324F to revoke the ND rating-related NEC.

(3) Personnel **voluntarily referring themselves** for treatment in the **absence of either an alcohol-related violation** (of local, State, or Federal law, or Uniform Code of Military Justice (UCMJ)) **or substandard service** who are found in need of treatment, will not be force converted. Member shall retain NEC and all associated specialty pays, but be disqualified to supervise any diving operations until successful completion of treatment.

f. **Drug Abuse.** Members identified as having abused drugs as defined in reference (i), are not eligible for diving duty or future reinstatement. Members shall be processed for administrative separation as specified in MILPERSMAN 1910-146 or MILPERSMAN 1910-142 (as appropriate). Commands shall submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to revoke the ND rating related NEC.

ADVISORY: Forced conversion from the ND rating shall not be used as a substitute for required disciplinary and or administrative action. Particular consideration shall be exercised to ensure that forced conversion is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

15. **Reinstatement.** Personnel who were previously ND rated and force converted, or who had their NEC removed by administrative action, may request conversion back to the ND rating by submitting a change in rating request per MILPERSMAN 1440-010 via their present CO. If approved, COs shall submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to concurrently effect change of rating and reinstatement of the ND rating related NEC.

16. **Supervisory Status.** There are a few situations where personnel are unable to meet the physical standards for ND duties, to include diving and demolition operations, through no fault or lack of diligence on their part. In these few cases, personnel whose significant ND experience is of continued value to the Navy may apply for "supervisory status" designation and remain in the ND rating.

a. **Eligibility.** Personnel must be:

- (1) Master Diver, NEC (5341); and
- (2) Remain qualified for sea duty.

b. **Request Designation.** Request designation for "supervisory status" by submitting NAVPERS 1306/7 **via** their CO and BUMED (M3B3), **to** BUPERS (BUPERS-324F). Request shall contain the following:

(1) Results of a recent diving physical examination as enclosure (1).

(2) A brief synopsis of previous NEC-related experience as enclosure (2).

c. **Designation.** BUPERS (BUPERS-324F) shall designate personnel in "supervisory status, non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by his or her CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "supervisory status, non-diving" shall be limited to a maximum of 5 percent of an activity's onboard ND personnel.

d. **Disapproval.** If disapproved, the member shall be force converted to another rating per paragraph 14 of this article.

e. **Tenure and Extensions.** Designation of personnel for "supervisory status, non-diving" shall be made to coincide with required diving duty physical examination tenure. Extension of supervisory status must be requested to coincide with completion of diving duty physical examinations. Personnel designated "supervisory status, non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

f. **Sea Duty and Diving.** Personnel designated "supervisory status, non-diving" shall **not normally** be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "supervisory status, non-diving" shall not dive.

17. **Periodic Requalification.** Periodic requalification of ND personnel is necessary to maintain individual proficiency and unit capability. Personal safety, during hazardous operations, is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC Requalification.** For policy on specific NEC requalification refer to the following:

Topic	See MILPERSMAN
Diving Requalification	1220-260
Demolition Requalification	1220-280

b. **Documentation.** Documentation of diving operations is described in reference (d).

18. **Advanced Diver Training.** Volunteers for advanced diver training (NECs 5342 and 5341) must satisfy specific requirements stated below, be physically qualified under article 15-66 in reference (c), and be recommended by their master diver (NEC 5341) with CO's concurrence prior to assignment to advanced diver training.

a. **Diver First Class Training (NEC 5342) Minimum Requirements.** Currently qualified as follows:

(1) Diver second class (NEC 5343) with a minimum of two complete tours in an NEC 5343 billet. Candidates must have completed at least one tour at a regional maintenance center or mobile diving and salvage unit. Other tours may be at any command having divers assigned.

(2) Pay grade E-6 or above. Personnel in pay grade E-5 may apply for a waiver to attend advanced training. Waivers will be issued on a case by case basis by BUPERS-324F.

(3) Thirty-six months OBLISERV from class graduation date.

(4) Completion of diving salvage warfare personnel qualification standard (PQS) items as currently required by reference (h) and local command PQS.

(5) Completion of HEO2/Saturation Diver course of instruction via Navy E-Learning.

b. **Master Diver (NEC 5341) Course:**

(1) Navy Diving Salvage and Training Center (NAVDIVSALTRACEN) conducts periodic master diver courses and is the only command authorized to qualify master divers.

(2) NAVPERSCOM (PERS-401DC) shall annually screen the current personnel inventory of all E-7/E-8 first class divers for eligibility to attend Master Diver Evaluation Course (A-433-0019). Selected candidates will receive notification of their eligibility and be directed to submit an application to attend.

(3) Command or ISIC master divers of diving activities shall recommend diver first class (NEC 5342) personnel by endorsing their application for participation in the Master Diver Course as specified in exhibit 3, Request for Master Diver Course, providing the candidate fulfills all prerequisites below.

(4) NAVPERSCOM (PERS-401DC) and BUPERS (BUPERS-324F) shall annually review all submitted packages and categorize packages for attendance.

(5) Prerequisites:

(a) Served a minimum of 2 years from date of frocking or advancement to E-7;

(b) Be a qualified diver first class (NEC 5342); and

(c) Served at least 4 complete tours as a ND. These tours must include three of the following (Three diverse type commands, **no waiver.**):

1 Underwater Ship Husbandry: Regional maintenance center, fleet maintenance activity, tender, or ship repair command;

2 Salvage command: Mobile Diving and Salvage Unit One or Two.

3 Naval special warfare: SEAL delivery vehicle team, United States Marine Corps (USMC) supporting command, or EOD command.

4 Specialized: Naval experimental diving unit, undersea rescue command, Naval Diving and Salvage Training Center or Naval Submarine School, Groton, CT.

(d) Be qualified at the highest level of diving supervisor at present command and must have been qualified as a surface supplied diving supervisor as a first class diver (NEC 5342).

(e) Qualified diving salvage warfare specialist (DSWS) as first class diver and all required command qualifications at present command.

(f) No marks less than 3.0 on the below listed reports. Must be marked no less than "promotable" for advancement.

1 NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 - E-6);

2 NAVPERS 1616/27 Evaluation and Counseling Record (E-7 - E-9)

(g) Must have 36 months OBLISERV from class graduation date to fill a normal 36-month master diver tour.

(h) Successfully pass written Master Diver Course Pretest administered by NAVDIVSALVTRACEN. The validity of this test shall be for 1 year from the date of letter notification of test results. Failure to maintain eligibility by annual completion of the test shall remove individuals from consideration for training.

(i) Complete Salvage Diving Officer course of instruction via Navy E-Learning.

(6) Package Submission. Submit Request for Master Diver Course (exhibit 3) and completed package to NAVPERSCOM (PERS-401DC) with the following enclosures:

(a) Copy of ESR NAVPERS 1070/613 entry indicating the individual's designation as a qualified diving supervisor and DSWS.

(b) Copies of NAVPERS 1616/26, NAVPERS 1616/27; or regular, transfer, and special evaluations for last 5 years.

(c) Local screening/training process letters of completion.

(d) Awards and letters of recommendation and appreciation pertinent to determining performance, professionalism, potential, etc.

(e) Copy of NAVPERS 1070/613 temporary entry agreeing to satisfy 36 months OBLISERV from class graduation date.

(f) NAVPERS 1306/7 special duty request indicating a desire to participate in Master Diver Course

(g) Command or ISIC master diver recommendation letter. Recommendation must address candidate's leadership, supervisory abilities, and technical expertise.

19. **Disenrollment from Advanced Diver Training**

a. **Involuntary Disenrollment**

(1) **First Class Diver Training.** Members involuntarily removed from first class diver training for failure to meet physical or academic standards shall retain their rating and NEC, and be made available to their detailer for assignment. These personnel will be required to return for first class diver training at the end of their next duty assignment. A second failure will result in NEC revocation, forced conversion into another rating, and assignment to a non-diving related billet.

(2) **Master Diver Evaluations.** Members involuntarily removed from master diver evaluations for failure to meet physical or academic standards shall retain their rating and NEC, and be made available to their detailer for assignment. NAVPERSCOM (PERS-401DC) shall reassign personnel to the Master Diver Evaluation Course based on the recommendation of the master diver evaluation panel.

b. **Voluntary Disenrollment**

(1) **First Class Diver Training.** Members who voluntarily disenroll from first class diver training for other than emergency reasons shall have their NEC revoked, be force converted into a rating other than ND, and assigned to a non-diving related billet. Recommendation of valid justifications for disenrollment shall be made by the training activity to BUPERS (BUPERS-M3B3) for approval.

(2) **Master Diver Evaluations.** Members who voluntarily disenroll from master diver evaluations for other than emergency reasons shall retain their rating and NEC, and be made available to their detailee for assignment. Additionally, members shall not be recommended to apply for the Chief Warrant Officer Navy Officer Billet Classification (NOBC) (720X) Program. A note will be made in member's electronic service record. NAVPERSCOM (PERS-401DC) shall not reassign personnel to the Master Diver Evaluation Course. Personnel disenrolling for emergency reasons may be reassigned to the course based on seat availability. Recommendation of valid justifications for disenrollment shall be made by the training activity to BUPERS (BUPERS-324F) for approval.

20. **Forms**

EXHIBIT 1
ND RATING DESCRIPTION

Navy divers perform salvage operations, harbor clearance and security, underwater ship repair, submarine rescue, saturation diving, and conduct diving operations with SEAL/EOD/Marine Corps diving units while using a variety of cutting edge diving equipment. Their duties include demolition, small arms proficiency, and the maintenance and repair of diving systems.

Candidates may volunteer for the Navy Diver Program during basic training at Navy Recruit Training Command (NAVCRUITRACOM), at "A" school, or at any time during their enlistment prior to their 6th year of naval service.

In-service recruiters (dive motivators) at NAVCRUITRACOM give presentations on the Navy Diver Program, conduct the physical training screening tests, and assist interested personnel with their applications.

Individuals who enter the Navy in the nuclear, advanced electronics, or other 5-year or 6-year enlistment programs are not eligible for the Navy Diver Program. Navy Diver training is physically and mentally demanding, but the individual who accepts the challenges is rewarded with extra pay for diving and demolition, plus extraordinary duty assignments.

What They Do:

- Underwater search and salvage operations, including harbor clearance and security.
- Underwater repair, welding, and inspections on ships and submarines.
- Deep saturation type diving operations.
- Serve as diving technical experts and conduct diving operations with Navy SEALs, EOD, Marine Corps divers, and other Department of Defense (DoD) components.
- Utilize state-of-the-art diving equipment, including SCUBA, rebreathers, saturation, and surface supplied air and mixed gas diving equipment.
- Participate in research and development of new diving techniques and procedures.
- Conduct hyperbaric medical treatments in both an operator and supervisor capacity.
- Support military and civilian law enforcement agencies.

Qualifications and Interests

Personnel who volunteer for Navy diver must be in excellent physical condition. Comfort in the water beyond good swimming ability and no aversion to confinement in close spaces is a must. The ability to perform detailed mechanical tasks under stress and or adverse conditions is important. Helpful attributes are a good memory, a high degree of intelligence, resourcefulness, and administrative capabilities. Navy diver candidates must be U.S. citizens eligible for security clearance.

Career Path After Recruit Training

Enlistees are taught the fundamentals of diving through formal Navy schooling and on the job training. After "A" school, Navy diver candidates attend second class diver training at Panama City, FL. Advanced first class diver, saturation diver, and master diver training are available during career progression stages.

School	Present Location	Approximate Training Time	Subjects	Training Methods
Diver Preparation	NAVCRUIT-TRACOM Great Lakes, IL	6 weeks	Basic electrical and engineering, water adaptability and physical fitness.	Group classroom and practical instruction.

EXHIBIT 1
ND RATING DESCRIPTION
(Continued)

After completion of second class diver training, graduates are assigned to a variety of assignments including salvage/harbor clearance detachments, ship repair units, and special warfare/special operations commands. After two tours, second class divers are eligible for advanced first class diver training. During a 20-year period, divers spend 50 percent of their time assigned to fleet units and 50 percent to shore stations. Advanced training opportunities complement a variety of interesting duty.

Working Environment

The motto of the Navy diver community is "We Dive the World Over". Because Navy divers may be assigned in any part of the world in any ocean at any depth, they also serve as the foremost diving experts across the entire DoD. Their environment will vary as widely as water

conditions; cold muddy water where underwater tasks can be completed by feel only or warm tropical waters clear enough to see for hundreds of feet, both in peaceful and hostile environments.

Opportunities

About 1220 men and women work in the ND rating. Qualified, self-motivated, and career-minded individuals have a good opportunity for entry into this rating.

Career Outlook

In the Navy diver rate, the ND will not only have the opportunity to learn and dive cutting-edge equipment, but will also work in a unique environment with highly motivated people. Currently, advancement opportunities are at an all time high and the future outlook is very good for growth.

The following civilian occupations are similar to the ND - second class diver job. For more information about these occupations, click on the civilian equivalent below.

1. **Purpose.** This article discusses personnel aspects of the Navy Self-Contained Underwater Breathing Apparatus (SCUBA) Diver Program. The following topics are covered:

Topic	See Paragraph
Overview	2
Suitability for Assignment	3
NEC/ADQ Requirements	4
Navy Enlisted Classification (NEC)/ Officer Additional Qualification (AQD) Designation	5
Applying for Training	6
Screening Requirements	7
Screening Process	8
Transfer To SCUBA Diver Training	9
Disenrollment from Training	10
Voluntary NEC Removal	11
Involuntary NEC Removal	12
Reinstatement	13
Revocation or Reinstatement of AQD SD7	14
Insignia	15
Periodic Requalification	16

2. **Overview.** SCUBA divers perform duties using SCUBA while conducting day and night general underwater searches, detailed ship-bottom searches, and routine inspections using an underwater compass, depth indicators, and associated underwater equipment. They perform adjustments and field shop maintenance on SCUBA and underwater accessories. They know the laws of diving and are able to recognize all types of decompression sickness and diving accidents.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the SCUBA Diver Program require strict adherence to eligibility criteria, procedures, and policy for training and assignment within the program.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of SCUBA diving operations display unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. **NEC/AQD Requirements.** Awarding of NEC 5345 and AQD SD7 requires successful completion of SCUBA Diver Course CIN A-433-0023 and can only be awarded when completed in its entirety. Approval to attend training will be based on the needs of the Navy that the member is being assigned to a billet requiring SCUBA qualification and determined by Bureau of Naval Personnel (BUPERS), Medical/Dental Branch (BUPERS-325C) via Office of the Chief of Naval Operations (OPNAV) Submarine Forces Diving Officer (N43311).

a. Except where specified "**no waiver**"; BUPERS, Navy Diver (ND) Enlisted Community Manager, (BUPERS-324F) may waive one or more entry requirements if the applicant is considered otherwise qualified.

b. Due to the cost of permanent change of station orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting a request for training shall strictly adhere to the policy and requirements specified in this article. The following are entry requirements for SCUBA Diver Course CIN A-433-0023

(1) **Active Duty.** Must be serving on Active Duty.

(2) **Motivation.** Strong motivation, interest in SCUBA diving, and willingness to work diligently in the academic and operational training phases are required.

(3) **Age Requirement.** Must be 30 years of age or less, as of date of application receipt.

(4) **Rank.** Open to officers, enlisted (E-4 and above), and qualified officer candidates (midshipmen, Navy Reserve Officer Training Corps candidates, etc.).

(5) **Armed Services Vocational Aptitude Battery (ASVAB).** Meet ASVAB requirement per current ASVAB NAVADMIN.

(6) **Medical Requirements.** Meet medical standards as specified in reference (a). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted, per reference (a), and through the Service member's CO, via Bureau of Medicine and Surgery (BUMED), Director for Undersea and Special Operations (BUMED- M3B3), to BUPERS (BUPERS-324F).

(7) **Hyperbaric Pressure Test.** The hyperbaric pressure test is administered per reference (b). It may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

(8) **Obligated Service (OBLISERV).** For enlisted candidates, the OBLISERV requirement for SCUBA diver training is 18 months from class graduation date, or until completion of previous OBLISERV (whichever is greater), unless released earlier by the Chief of Naval Personnel. Officers incur no OBLISERV. CO shall ensure applicants understand OBLISERV to train options specified per MILPERSMAN 1306-106. **No waivers.**

(9) **Performance Standards.** Evaluation trait marks 3.0 or above in last 3 evaluation reports.

(10) **Misconduct.** The applicant may not have a nonjudicial punishment, court-martial, or serious civil court conviction during the previous 24 months prior to the application.

(11) **Security Clearance.** Attendance to SCUBA Diver Course CIN A-433-0023 requires eligibility for a SECRET clearance based on a national agency check with local agency and credit checks. **No waivers.**

(12) **Physical Fitness.** Pass the physical screening test per MILPERSMAN 1220-100, Exhibit 1. **No waivers.**

(13) **CO Recommendation.** Be recommended for initial training by the member's current CO.

5. **NEC/AQD Designation**

a. Upon completion of SCUBA Diver Course CIN A-433-0023, enlisted and officers are awarded SCUBA Diver (DV). Enlisted and officer SCUBA divers are designated by NEC or AQD codes according to their qualification per references (a) and (g).

Designation	Description
NEC 5345	SCUBA Diver (Enlisted)
AQD SD7	SCUBA Diver (Officer)

b. Commanding Officer (CO), Naval Diving and Salvage Training Center shall submit:

(1) For enlisted participants, NAVPERS 1221/6 Navy Enlisted Classification (NEC) Code Change Request to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel and Readiness and Support Branch (PERS-4013), awarding NEC 5345 at the completion of SCUBA Diver Course CIN A-433-0023.

(2) For officer participants a command endorsed memo listing all officer graduates (stating month and year the course was completed) to NAVPERSCOM, Explosive Ordnance Disposal Detailing Branch (PERS-416), requesting awarding of the SD7 AQD at the completion of SCUBA Diver Course CIN A-433-0023.

6. **Applying for Training.** Applicants who are applying for SCUBA Diver Course CIN A-433-0023 must take the following steps:

Step	Action
1.	Submarine U.S. Atlantic Fleet (SUBLANT)/Submarine U.S. Pacific Fleet (SUBPAC) personnel notify Commander, SUBLANT or SUBPAC for quota (as appropriate).
2.	Conduct a diving medical examination. SCUBA candidates will hand carry medical and dental records to Navy Diving and Salvage Training Center when reporting aboard for training.
3.	Contact NAVPERSCOM, E-7 and Above Sea, Air, Land (SEAL) Detailer/Naval Special Warfare Regional Area Officer (PERS-401DE1) to locate the nearest appropriate screening activity.
4.	Conduct a physical screening test.
5.	Conduct a hyperbaric pressure test.
6.	Applicant interview.
7.	Send SCUBA diver training request per reference (h) Figure 5-2.

7. **Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** Only a qualified master diver (NEC 5341) or diving warrant officer (designator 7201) shall conduct the screening. If not available, contact OPNAV (N43311) for further guidance.

b. **Approved Screening Activities.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) Approved screening activities include:

- (a) Diving;
- (b) Explosive ordnance disposal (EOD);
- (c) SEAL;
- (d) Special warfare combatant craft crewman;
- (e) Underwater construction team; or
- (f) Navy recruiting training commands.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by SUBLANT or SUBPAC diving officer.

8. **Screening Process.** The screening activity will ensure the following:

Step	Action	Per
1	Conduct a diving medical examination;	Para 8a
2	Conduct a physical screening test;	Para 8b
3	Conduct a hyperbaric pressure test;	Para 8c
4	Interview the applicant; and	Para 8d
5	Submit a request for training.	Para 8e

a. **Conduct a Diving Medical Examination.** Applicants must meet physical examination and standards per reference (a). The initial diving medical examination will be valid for a 24-month period. Candidates who have not reported to SCUBA Diver Course CIN A-433-0023 within the 24-month period, must re-submit an updated DD 2807/1 Report of Medical History and DD 2808 Report of Medical Examination to NAVPERSCOM, ND/EOD/Special Operations (SO) School Coordinator (PERS-401DH).

(1) Approved location. The medical examination may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) Medical Reports. Results of the diving medical examination will be recorded on the following reports:

(a) DD 2807-1;

(b) DD 2808; and

(c) NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire (used to report any changes to health history or physical exam since last valid periodic dive medical exam). Must be completed no later than 1 month prior to actual transfer to training and placed in Service member's medical record.

(3) Approved Medical Examiner. Per reference (b), examinations can be conducted by any physician, but an undersea medical officer (UMO) or diving medical officer (DMO) must approve and review all examinations (DD 2807-1 and DD 2808). BUMED, Director for Undersea and Special Operations (BUMED-M3B3) can review and sign physical examinations for accessions performed by another credentialed medical provider where a Navy UMO or DMO is not proximately available.

b. Conduct the Physical Screening Test. The physical screening test is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the physical screening test per MILPERSMAN 1220-100, Exhibit 1.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Testing Males and Females. Physical screening test standards are identical for both male and female applicants.

c. Conduct a Hyperbaric Pressure Test. The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (b).

d. Interview the Applicant. The interview is necessary to examine and evaluate each applicant's character traits, background, motivation, and potential for successfully completing SCUBA Diver Course CIN A-433-0023 and subsequent assignments. The interviewer will:

(1) Discuss the nature of the NEC requirements with the applicant to include training, duty assignments, operational employment, pay, etc.

(2) Review the applicant's Official Military Personnel File (OMPF) or Electronic Service Record (ESR) to fully assess past performance, potential for successfully completing SCUBA Diver Course CIN A-433-0023 and identify traits which could be beneficial.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the physical screening test.

(4) Review the applicant's physical screening test.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete the Report of SCUBA Diver Course of Instruction Screening (Exhibit 1).

(a) All entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's OMPF or ESR could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend SCUBA Diver Course CIN A-433-0023.

e. **Submit SCUBA Diver Training Request.** Upon satisfactory completion of the screening process, applicants will send message request to SUBLANT or SUBPAC diving officer per reference (h).

(1) NAVPERS 1306/7 Enlisted Personnel Action Request will reference MILPERSMAN 1220-100 and include the following statement:

"Per reference (a), I volunteer for SCUBA diver duty and request assignment to SCUBA Diver Course CIN A-433-0023. I agree to serve on Active Duty for a period of 18 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command. I also agree to serve the period of minimum obligated service specified regardless of whether I retain qualification as a SCUBA diver and NEC 5345 during that period."

(2) NAVPERS 1301/85 Officer Personnel Action Request.

(3) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(4) Required enclosures:

Enclosure 1	DD 2807-1
Enclosure 2	DD 2808
Enclosure 3	MILPERSMAN 1220-100, Report of SCUBA Diver Screening (Exhibit 1).
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record E-1 through E-6, 1616/27 Evaluation Report and Counseling Record E-7 through E-9, or 1610/2 Fitness Report and Counseling Record W-2 through O-6 for previous 3 years including any special or transfer evaluations.
Enclosure 5	ASVAB scores as documented on NAVPERS 1070/604 Enlisted Qualifications History (enlisted only)
Enclosure 6	Hyperbaric Pressure Test results. Provide memorandum stating waiver justification if not completed.

9. **Transfer to SCUBA Diver Training**

a. The member's physical condition shall be verified by performing the physical screening test approximately 30 days prior to transfer to SCUBA Diver Course CIN A-433-0023. Test results will be placed in the Service member's ESR.

b. Personnel who fail the physical screening test 30 days prior to transfer will retest approximately 15 days prior to transferring. If the member fails again, he or she will have their orders held in abeyance and contact SUBLANT or SUBPAC diving officer and or NAVPERSCOM (PERS-401DH) (as applicable) via message.

c. UMO or DMO is required to complete and sign NAVPERS 1200/6 no later than 1 month prior to actual transfer to training. Place original NAVPERS 1200/6 in the Service member's medical record.

d. Personnel who have received orders to attend SCUBA Diver Course CIN A-433-0023, but develop any possible disqualifying condition to include physical conditioning, medical, non-judicial punishment, court martial, serious civil conviction, or security clearance eligibility are required to notify SUBLANT or SUBPAC diving officer and or NAVPERSCOM (PERS-401DH) (as applicable) by message.

e. Personnel are required to bring enclosures (1) through (6) from paragraph 8 of this article to SCUBA Diver Course CIN A-433-0023.

10. Disenrollment from Training

a. Members who voluntarily or involuntarily disenroll from SCUBA Diver Course CIN A-433-0023 will:

(1) Be made available for reassignment to their detailer as required, or if on temporary additional duty returned to their command.

(2) Have NAVPERS 1070/613 Administrative Remarks entry made in their ESR stating the reason for disenrollment and a favorable or non-favorable recommendation from the CO of the course of instruction for which the member was disenrolled of suitability to return to the SCUBA Diver Program in the future.

b. **OBLISERV.** Members disenrolled where OBLISERV is required for "instruction received", with approval of Navy Personnel Command (NAVPERSCOM), Board Processing Branch (PERS-814), may be permitted to execute a new NAVPERS 1070/621 or NAVPERS 1070/622. See MILPERSMAN 1160-040 for explanation of "instruction received" and follow MILPERSMAN 1306-604 paragraph 3b (table).

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction shall be canceled.

(1) For those members who accepted accelerated advancement, this OBLISERV will be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements shall be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement Training.** If a member is disenrolled for any reason prior to entry into the training, a request may be submitted to NAVPERSCOM (PERS-814) for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement:**

(1) Upon receipt of NAVPERSCOM (PERS-814) approval, CO or officer in charge (OIC) shall:

Step	Action
1	Execute extension agreement;
2	Cancel old extension agreement;
3	Submit NAVPERS 1070/621 Agreement to Extend Enlisted and or NAVPERS 1070/622 Agreement to Recall or Extend Active Duty per reference (i);
4	Generate NAVPERS 1070/613 entry within NSIPS/ESR (see below); and
5	Print, sign, and forward NAVPERS 1070/613 to PERS-313.

(2) The following NAVPERS 1070/613 entry is required:

"My Active Duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1220-102.	
I understand that my Active Duty obligation has been established as (EAOS date).	
_____	_____
Member's Signature	Witnessing Officer's Signature"

11. **Voluntary NEC Removal**. Personnel holding NEC 5345 may request removal of the NEC by submitting a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to remove NEC 5345.

12. **Involuntary NEC Removal**

a. COs or OICs may recommend revocation of NEC 5345 by submitting a NAVPERS 1221/6 through their administrative chain of command to BUPERS (BUPERS-324F). This revocation shall not be used as a punitive measure, but based on the CO's or OIC's determination that the member is no longer suitable for assignment to NEC 5345 duties and responsibilities. The NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC shall include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC 5345."

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

"The member may reapply for reinstatement of NEC 5345 after completing at least 2 years assigned to a non-NEC billet."

"The member is unsuitable for military diving duty in this or other military diving commands. The member may not reapply for reinstatement for NEC 5345 and is unsuitable for duty at commands in a military diving capacity."

b. Primary reasons for revocation of NEC include (but are not limited to) the following:

(1) Failure or unwillingness to perform duties required of the NEC.

(2) Failure to maintain NEC eligibility.

(a) Permanent revocation by Department of the Navy, Central Adjudication Facility of the member's security clearance.

(b) Permanent physical disability.

(3) Substandard performance as indicated by:

(a) Willful dereliction of duty.

(b) Breaches in diving safety or regulations.

(c) Loss of CO's or OIC's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

(4) **Alcohol Abuse.** Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (h). At any time, during or upon completion of those proceedings, CO has the following options:

(a) If a counseling or rehabilitation program appears likely to succeed, the member will remain assigned to the command in a non-diving status and will have a program developed per reference (h). Commands will submit a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to affect suspension of NEC 5345. Upon successful completion of the rehabilitation program, the CO may request reinstatement of NEC 5345.

(b) If member commits alcohol abuse or is determined to be a rehabilitation treatment failure, per reference (e), the CO may initiate separation procedures per reference (f) for officers or NAVPERS 15560D Navy Military Personnel Manual (MILPERSMAN) for enlisted members. Commands will submit a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to revoke NEC 5345.

(c) Personnel who voluntarily refer themselves for treatment in the absence (of either) credible evidence an alcohol-related incident per reference (e), or substandard service and are found in need of treatment, will not have their NEC removed, but placed in a non-NEC status pending outcome of required treatment. Commands will submit a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to affect suspension of NEC 5345. Upon successful completion of the rehabilitation program, the CO may request reinstatement of NEC 5345.

(5) **Drug Abuse.** Members identified as having abused drugs, as defined in reference (e), are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146 or

1910-142. Commands will submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to revoke NEC 5345.

ADVISORY: Removal of NEC 5345 shall not be used as a substitute for required disciplinary and or administrative action. Particular consideration shall be exercised to ensure that NEC removal is not used to transfer members to other duty when they do not clearly meet the established standards for continued naval service.

13. **Reinstatement.** Personnel who previously held NEC 5345 and had their NEC removed by administrative action may request reinstatement by submitting a request via their present CO. If approved, CO will submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to concurrently affect reinstatement of NEC.

14. **Revocation or Reinstatement of AQD SD7**

a. Officers may request removal of AQD SD7 by sending a letter to NAVPERSCOM (PERS-416) via their CO.

b. Revocation of diving officer designations shall be considered only by an appointed board convened by the appropriate CO or group commander in the officer's chain of command. The board shall comprise of a minimum of two officers appointed by the CO to evaluate the operational ability, motivation, and reliability of the officer in his or her performance of duty. The board's recommendation shall be forwarded via COMSUBPAC or COMSUBLANT to NAVPERSCOM (PERS-416) for final determination.

c. Officers may request reinstatement of former diving designations by sending a letter to NAVPERSCOM (PERS-416) via their CO.

15. **Insignia.** Members who have their NEC or AQD removed, either voluntarily or involuntarily, will **not** be authorized to wear applicable distinguishing insignia.

16. **Periodic Requalification.** Periodic requalification of NEC 5345 or AQD SD7 personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC or AQD Requalification.** For policy on specific NEC or AQD requalification, refer to MILPERSMAN 1220-260. Documentation of diving operations is described in reference (b).

From: (Screening Activity)
To: Commander, Navy Personnel Command (PERS-401DH)
Subj: REQUEST FOR SCUBA DIVER TRAINING
Ref: (a) MILPERSMAN 1220-102

1. (Rank or rate, name, last 4 SSN), currently attached to (member's present command), was screened for SCUBA diver training as specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date (interviewer should include any significant findings pertinent to selection or non-selection of member for requested training)).

(1) Does the applicant totally understand the mission and scope of the qualification? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during SCUBA diver training and what will be expected of him/her? Yes _____ No _____

(3) Is the applicant's motivation to become a SCUBA diver a sincere desire for professional growth and achievement and not solely for the money, or as a method to escape his or her present circumstances, etc? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements required of a SCUBA diver? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede his or her ability to concentrate on and complete the training? Yes _____ No _____

b. Physical Screening Test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Hyperbaric Test conducted by: (name, rank, position, command or facility, date) or waived (state justification).

d. Eligible for SECRET security clearance based on a national agency check with local agency and credit checks (NACLIC)? Yes _____ No _____

3. Based on (satisfactory/unsatisfactory) completion of this screening and in accordance with rating conversion entry requirements specified in reference (a) the member (is/is not) recommended for SCUBA diver training. (If member is not recommended, state reason/s.)

EOD Rating Description	Exhibit 1
Report of EOD Rating Conversion Screening	Exhibit 2

2. **Rating Description.** EOD technicians locate, identify, render safe, and dispose of all forms of ordnance (conventional, nuclear, chemical and biological, military, and improvised) both U.S. and foreign made. EOD assignment involves the performance of hazardous duties involving demolition, diving, and parachute insertion. The EOD rating is sea-duty-intensive. Exhibit 1 and Navy Expeditionary Combat Command Web site www.necc.navy.mil provide comprehensive description and information about a career in the EOD rating.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the EOD rating require strict adherence to eligibility criteria, procedures, and policy for conversion and assignment to the EOD rating.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of EOD operations are of unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. **Rating Designation.** Upon completion of:

- a. EOD Preparatory Course, CIN A-433-0059;
- b. EOD Diver, CIN A-431-0083;
- c. EOD Basic, CIN A-431-0133; and A-431-0134

enlisted personnel are awarded NEC 5333 and designated as EOD **technicians**. Recruit and fleet conversions are authorized accelerated advancement to E-4 (EOD3) per MILPERSMAN 1510-030.

5. **NEC Codes.** Enlisted EOD personnel are designated by NEC codes per their qualifications. Reference (a) further describes each of the NEC codes:

NEC	Designation
5333	Basic Explosive Ordnance Disposal (EOD) Technician
5335	Senior Explosive Ordnance Disposal (EOD) Technician
5337	Master Explosive Ordnance Disposal (EOD) Technician

6. **Recruit, Non-EOD Qualified Navy Veterans (NAVETS), and Other Service Veterans (OSVETS) Accessions.** The EOD rating is designated as an advanced technical field program. Reference (b) provides entry requirements and policy for recruit, NAVET, and OSVET accessions.

7. **Rating Conversion Entry Requirements.** Conversion to the EOD rating requires successful completion of EOD "A" School. Approval to attend EOD "A" School will be based on the needs of the community and determined by Bureau of Naval Personnel (BUPERS), EOD/Diver/ECM (BUPERS-324E). Except where specified "no waiver," BUPERS (BUPERS-324E) may waive one or more entry requirements if the applicant is considered otherwise qualified. Due to the cost of permanent change of station orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting request for conversion shall strictly adhere to the policy and requirements

specified in this article. Entry requirements (references (a) through (h)) can be found at www.necc.navy.mil.

- a. **Duty Status.** Must be on active duty (ACDU).
- b. **Schools (Previous Attendance of EOD, ND, SB, or SO "A" School).** Members who are voluntarily or involuntarily disenrolled from EOD, ND, SB, or SO "A" School will require a minimum of 2 years prior to reapplying for EOD, ND, SB, or SO "A" School. Personnel who previously disenrolled (voluntarily or involuntarily) from EOD "A" School that request to return to EOD "A" School must include the following in the application:

(1) NAVPERS 1070/613 Administrative Remarks statement recommendation to return to training from the commanding officer (CO) of the respective EOD "A" School course of instruction for which the member was disenrolled. **No waivers.** NAVPERS 1070/613 can be accessed by using the following link:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(2) NAVPERS 1070/613 statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas. **No waivers.**

c. **Motivation.** Strong motivation, interest in the rating, and willingness to work diligently in the academic and operational training phases is required. **No waivers.**

d. **Gender.** Male or female.

e. **Age Requirement.** Be 30 years of age, or less, as of date of application receipt at Navy Personnel Command (NAVPERSCOM), ND/EOD/SO Schools Coordinator (PERS-401DH).

f. **Rank.** Be in pay grade E-1 through E-5. **No waivers.**

g. **Time in Service.** Have 6 years or less of ACDU service as of the date of application receipt at NAVPERSCOM (PERS-401DH).

h. **Armed Services Vocational Aptitude Battery (ASVAB).** Meet ASVAB requirement per current ASVAB NAVADMIN.

i. **Medical Requirements.** Meet medical standards as specified in reference (c). Request for waiver of physical

standards for personnel who do not meet minimum standards must be submitted per reference (c) and through the Service Member's CO via Bureau of Medicine and Surgery (BUMED), Director for Undersea and Special Operations to BUPERS 324E.

j. **Hyperbaric Pressure Test.** Administered per reference (d). Hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

k. **Obligated Service (OBLISERV).** The OBLISERV requirement for fleet conversions attending EOD "A" School is 36 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs shall ensure applicants understand OBLISERV to train options specified in MILPERSMAN 1306-106 and reference (e). **No waivers.**

l. **Performance Standards.** Evaluation trait marks 3.0 or above in last three evaluation reports.

m. **Nonjudicial Punishment (NJP).** The applicant may not have an NJP/court-martial or civil court conviction during the previous 12 months prior to the application.

n. **Security Clearance.** Attendance to EOD "A" School requires eligibility for a SECRET clearance based on a national agency check with local agency and credit checks (NACLC). **No waivers.** Follow on EOD assignments require the following:

(1) A favorably adjudicated single scope background investigation (SSBI). **No waivers.**

(2) Must meet reliability standards for assignment to the Personnel Reliability Program as specified in reference (g). **No waivers.**

o. **Physical Fitness.** Pass the physical screening test (PST) per MILPERSMAN 1220-410. **No waivers.**

p. **CO's Recommendation.** Be recommended for initial training by the member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Apply for EOD convert in quota via Career Waypoints Program.
2	Access the Navy EOD In-Service Recruiter's Web site at http://www.necc.navy.mil to schedule an interview and PST. Phone: 1-757-462-4316, Ext. 332 E-mail: eod.diver.motivator@navy.mil
3	Undergo screening process.
4	Receive report of rating conversion screening.
5	Assemble rating conversion package.
6	Mail or e-mail (encrypted) conversion package to: Navy Personnel Command (PERS-401DH) 5720 Integrity Drive Millington, TN 38055-5402 E-Mail: MILL_ND_EOD_SB_SO_packages@navy.mil (E-mail is the preferred method.)

9. **Rating Conversion Screening Requirements.** Applicants will be screened by an approved activity and personnel.

a. **Approved Screening Personnel.** A qualified EOD officer or master EOD technician (NEC 5337) (E-6 or above) can conduct the screening.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any diving/EOD/SEAL/SWCC/UCT command or Navy recruit training command (NAVCRUITRACOM). EOD commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by NAVPERSCOM, EOD Detailer (PERS-401DF) or NAVPERSCOM (PERS-401DH).

10. **Rating Conversion Screening Process.** The screening activity will ensure the following steps are taken:

Step	Action	PER
1	Interview the applicant.	Para. 10a
2	Conduct a Diving Medical Examination.	Para. 10b
3	Conduct a Physical Screening Test.	Para. 10c
4	Conduct a Hyperbaric Pressure Test.	Para. 10d
5	Submit a Request for Rating Conversion.	Para. 10e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing EOD "A" School and subsequent EOD career assignments. The interviewer will do the following:

(1) Discuss the nature of the EOD rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record to fully assess past performance, conversion's effect on professional development, and potential for successfully completing EOD "A" School; and identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the PST.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete MILPERSMAN 1220-200, Report of EOD Rating Conversion Screening (Exhibit 2).

(a) All rating conversion entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's electronic service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement, stating the suitability to attend EOD "A" School.

b. **Conduct a Diving Medical Examination.** Applicants must meet physical examination and standards per reference (c).

(1) **Approved Location.** The medical examination may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner.** Per reference (c), examinations can be conducted by any physician, but an undersea medical officer (UMO) or diving medical officer (DMO) must approve and review all examinations/reports. BUMED, Director for Undersea and Special Operations can review and sign physical examinations for accessions performed by another credentialed medical provider where a Navy UMO or DMO is not proximately available.

(3) **Medical Reports.** Results of the diving medical examination will be recorded on the following reports:

(a) DD 2807-1 Report of Medical History;

(b) DD 2808 Report of Medical Examination;

(c) NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire. (Used to report any interval changes to health history or physical exam since last valid periodic dive medical exam. Must be completed no later than 1 month prior to actual transfer to training and placed in Service Member's medical record). NAVPERS 1200/6 can be accessed by using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(4) **Validity.** The initial diving medical examination will be valid for a 24-month period. Candidates who have not reported to EOD "A" School within the 24-month period must re-submit DD 2807-1 and DD 2808 updated reports to NAVPERSCOM (PERS-401DH).

c. **Conduct the PST.** The PST is designed to assess the applicant's physical ability to handle physical stressors of the rating, and undergo initial and advanced training.

(1) Administer the PST per MILPERSMAN 1220-410.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Testing males and females. PST standards are identical for both male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (d).

e. **Submit a Request for Rating Conversion.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-401DH), with copy to applicant, via NAVPERS 1306/7 Enlisted Personnel Action Request.

(1) NAVPERS 1306/7 permanent will reference MILPERSMAN 1220-200 and include the following statement:

"Per MILPERSMAN 1220-200, I volunteer for EOD duty and request assignment to EOD "A" School. I agree to serve on ACDU for a period of 36 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified regardless of whether I retain qualification as an EOD technician and NEC 533X during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty, and mental and emotional stability under criteria set forth in reference (g).

(3) Required enclosures are listed below:

Enclosure 1	DD Form 2807-1 Report of Medical History
Enclosure 2	DD Form 2808 Report of Medical Examination
Enclosure 3	MILPERSMAN 1220-200 Report of EOD Rating Conversion Screening (Exhibit 2).
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx for previous 3 years including any special or transfer evaluations.
Enclosure 5	Armed Services Vocational Aptitude Battery (ASVAB) scores as documented on NAVPERS 1070/604 Enlisted Qualifications History http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx .
Enclosure 6	Hyperbaric pressure test results. Provide memorandum stating waiver justification if not completed.

11. **Transfer to EOD "A" School**

a. **SSBI Verification.** The activity transferring the member to EOD "A" School shall verify via message (no later than 30 days prior to transfer) to the Center for EOD and Diving (CEODD), PLAD CENEODDIVE PANAMA CITY FL, that an SSBI has been initiated or successfully completed.

b. **Physical Condition Verification.** The member's physical condition shall be verified by performing the PST approximately 30 days prior to transfer to EOD "A" School per MILPERSMAN 1220-410. Test results will be placed in the Service Member's electronic service record. Personnel who fail the PST 30 days prior to transfer will retest approximately 15 days prior to transferring. If the member fails again, NAVPERSCOM (PERS-401DH) will be notified by e-mail within 24 hours of the failure, and the member's orders shall be held in abeyance.

c. **Authorization.** A UMO or DMO is required to complete and sign the NAVPERS 1200/6 no later than 1 month prior to actual transfer to training. Place the original NAVPERS 1200/6 in the Service Member's medical record.

d. **Participation in Advancement Exams.** Conversion to the EOD rating requires successful completion of EOD "A" School. Per reference (h):

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel ordered to EOD "A" School for rating conversion may compete for advancement in their present rating **until** the class convening date; however, personnel selected for advancement to E-6 prior to class convening will lose eligibility to attend EOD "A" School. Personnel selected for advancement to E-6 while under instruction at EOD "A" School will be disenrolled from training.

e. **Disqualification Condition.** Personnel who have received orders to attend EOD "A" School, but develop any possible disqualifying condition, to include physical conditioning, medical, advancement to E-6, performance standards, NJP, or security clearance eligibility, are required to notify NAVPERSCOM (PERS-401DH).

12. Disenrollment from EOD "A" School

a. **Reclassification/Reassignment and Suitability.** Members who voluntarily or involuntarily disenroll from EOD "A" School initial training will:

(1) Be made available for reclassification or reassignment to their rating detailer. Members should contact their detailer as soon as possible; and

(2) Have NAVPERS 1070/613 entry made in their electronic service record stating the reason for disenrollment, and a favorable or non-favorable recommendation from the CO of the course of instruction for which the member was disenrolled, of suitability to return to EOD "A" School in the future.

b. **OBLISERV.** Members disenrolled where OBLISERV is required for instruction received, with approval of NAVPERSCOM, Enlisted Career Progression Division (PERS-81), may be permitted to execute a new NAVPERS 1070/621 Agreement to Extend Enlistment or NAVPERS 1070/622 Agreement to Recall or Extend ACDU at <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

Note: See MILPERSMAN 1530-010 for explanation of "instruction received."

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction shall be canceled.

(1) For those members who accepted accelerated advancement, this OBLISERV will be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements shall be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement Training.** If a member is disenrolled for any reason prior to entry into the training, a request may be submitted to NAVPERSCOM (PERS-81) for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement:**

(1) Upon receipt of NAVPERSCOM (PERS-81) approval, COs or officers in charge (OICs) shall take the following actions:

Step	Action
1	Execute extension agreement.
2	Cancel old extension agreement.
3	Submit NAVPERS 1070/621 and/or NAVPERS 1070/622 http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx per reference (i).
4	Make a NAVPERS 1070/613 entry (see below).

(2) The following NAVPERS 1070/613 permanent entry is required:

My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1220-200. I understand that my active duty obligation has been established as (EAOS date).

Member's Signature

Witnessing Officer's Signature

13. **Change of Rating.** Personnel designated in the EOD rating may request change of rating per MILPERSMAN 1440-010. Personnel are required to submit NAVPERS 1221/6 to BUPERS-324E to concurrently affect change of rating and removal of the EOD rating related NEC.

14. **Forced Conversion.** Forced conversion is the NAVPERSCOM directed involuntary change of rating based on a member's loss of eligibility or suitability to further serve in member's present rating as defined in MILPERSMAN 1440-010. Forced conversions will be conducted per MILPERSMAN 1440-010 and as further described in this article. COs may recommend forced conversion/revocation of the EOD rating NEC by submitting a NAVPERS 1221/6 to BUPERS (BUPERS-324E). Service members assigned NEC 0000 have 30 days to request conversion to an undermanned rating per MILPERSMAN 1440-010 and command shall remove advancement recommendation until member successfully converts to new rating. This revocation shall not be used as a punitive measure, but based on the CO's determination that the member is no longer suitable for assignment in the EOD rating. NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC shall include at a minimum the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

or

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

and

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

or

"The member is unsuitable for duty in Diver/EOD/SEAL/SWCC/UCT commands. The member may not reapply for reinstatement for NEC 53XX and is unsuitable for duty in Diver/EOD/SEAL/SWCC/UCT commands."

Primary reasons for forced conversion/revocation of NEC include, but are not limited to, the following:

a. **Non-Performance of Duties.** Failure or unwillingness to perform duties required of the rating.

b. **Failure to Maintain Rating Eligibility.** Permanent revocation by Department of the Navy, Central Adjudication Facility (DON CAF) of the member's security clearance or permanent physical disability.

c. **Professional Performance:**

(1) Willful dereliction of duty.

(2) Breaches of ammunition, arms, explosive (AA&E), diving, parachute, or ordnance safety or regulations.

(3) Loss of CO's confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

d. **EOD Warfare Specialist (EWS) Qualification.** Failure to attain EWS qualification as specified in reference (j).

e. **Alcohol Abuse.** Personnel identified as having abused alcohol will be locally suspended from duty by their CO pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (k). At any time, during or upon completion of those proceedings, COs have the following options:

(1) If a **counseling/rehabilitation program appears likely to succeed**, the member will remain assigned to the command in a non-EOD NEC status and will have a program developed per reference (k). Commands will submit NAVPERS 1221/6 to BUPERS (BUPERS-324E) to affect suspension of the EOD rating related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's EOD rating related NEC.

(2) If **future alcohol abuse is considered likely**, or the member fails rehabilitation treatment, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. Commands will submit NAVPERS

1221/6 to BUPERS (BUPERS-324E) to revoke the EOD rating related NEC.

(3) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, or Federal law; or the Uniform Code of Military Justice (UCMJ)) **or substandard service** and are found in need of treatment will not be force converted. Member will retain NEC and all associated specialty pays, but be disqualified to supervise any diving, jump, or demolition operations until successful completion of treatment.

f. **Drug Abuse.** Members identified as having abused drugs, as defined in reference (k), are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146. Commands will submit NAVPERS 1221/6 to BUPERS (BUPERS-324E) to affect revocation of the EOD rating related NEC.

ADVISORY: Forced conversion from the EOD rating shall not be used as a substitute for required disciplinary, punitive, and or administrative action. Particular consideration shall be exercised to ensure that forced conversion is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

15. **Reinstatement.** Personnel who were previously EOD rated and force converted. or had their NEC removed by administrative action may request conversion back to the EOD rating by submitting a change in rating request, per MILPERSMAN 1440-010, via their present CO. If approved, COs will submit NAVPERS 1221/6 to BUPERS (BUPERS-324E) for reinstatement of the EOD rating related NEC. Personnel that have their **533X NEC** reinstated must meet minimum eligibility time requirement, per reference (j), prior to applying for next higher NEC. Eligibility date commences the date that NEC was reinstated.

16. **Supervisory Status.** There are a few situations where personnel are unable to meet the physical standards for EOD duties to include diving, parachute, and demolition operations through no fault or lack of diligence on the member's part. In these few cases, personnel whose significant EOD experience is of continued value to the Navy, may apply for "Supervisory Status" designation and remain in the EOD rating.

a. **Eligibility.** Personnel must be designated as an enlisted EOD warfare specialist and remain qualified for sea duty.

b. **Request Designation.** Request designation for supervisory status by submitting NAVPERS 1306/7 **via** their CO and Bureau of Medicine and Surgery (BUMED) (MED-21) **to** BUPERS (BUPERS-324E). Request shall contain the results of a recent diving physical examination as enclosure (1) and a brief synopsis of previous NEC-related experience as enclosure (2).

c. **Designation.** BUPERS (BUPERS-324E) will designate personnel in "Supervisory Status, Non-diving" based on the following considerations:

(1) Favorable endorsement of the member's request by the CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "Supervisory Status, Non-diving" will be limited to a maximum of 5 percent of an activity's onboard EOD personnel.

d. **Disapproval.** If disapproved, the member will be forced converted to another rating per paragraph 14 of this article.

e. **Tenure and Extensions.** Designation of personnel for "Supervisory Status, Non-diving" shall be made to coincide with required diving duty physical examination tenure. Extension of supervisory status must be requested to coincide with completion of diving duty physical examinations. Personnel designated "Supervisory Status, Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

f. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will **not normally** be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" shall **not** dive.

17. **Periodic Requalification.** Periodic requalification of EOD personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC Requalification.** For policy on specific NEC requalification refer to the following:

Topic	See MILPERSMAN
Diving Requalification	1220-260
Parachute Requalification	1220-030
Demolition Requalification	1220-280

b. **Documentation.** Documentation of diving operations is described in reference (d).

EXHIBIT 1 EXPLOSIVE ORDNANCE DISPOSAL (EOD) RATING DESCRIPTION

Explosive ordnance disposal (EOD) technicians locate, identify, render safe, and dispose of all forms of ordnance (conventional, nuclear, chemical and biological, military and improvised) both U.S. and foreign made. In addition to working closely with other military services, EOD technicians assist civilian law enforcement agencies in ordnance related anti-terrorism/force protection procedures.

Qualifying for EOD in the Delayed Entry Program is preferred and accounts for the majority of EOD candidates entering the training pipeline. Candidates may also volunteer for EOD during basic training at a Navy recruit training command (NAVCRUITRACOM) or at any time during their enlistment prior to their 31st birthday.

In-service recruiters (dive motivators) at NAVCRUITRACOM give presentations on the EOD rating, conduct the physical screening tests, and assist interested people with their applications.

EOD training is open to both male and female and is physically and mentally demanding; however, the individual who accepts the challenges is rewarded with specialized training; extra pay for diving, parachuting, and demolition; plus extraordinary duty assignments.

<p>Career Path After Recruit Training Enlistees are taught the fundamentals of EOD through formal Navy schooling and on the job training. EOD "A" School candidates attend 5 phases of training.</p>				
School	Present Location	Approximate Training Time	Subjects	Training Methods
EOD Prep Course	Great Lakes, IL	3 weeks	Candidates learn in water proficiency skills, physical conditioning.	Group instruction, classroom and practical instruction.
Basic EOD Diver	Panama City,	8 weeks	Candidates learn open circuit air and	Group instruction,

Training	FL		closed circuit mixed gas scuba diving systems with practical application.	classroom and practical instruction.
Basic EOD Training	Eglin AFB, FL	38 weeks	Chemical/biological warfare, munitions disposal, basic physics, EOD publications, demolition materials and special tools; ordnance recognition, identification and disposal.	Group instruction, classroom and practical instruction.
Basic Airborne Training	Fort Benning, GA	3 weeks	Candidates learn skills necessary to perform static line parachuting operations.	Group instruction, classroom and practical instruction.
EOD Tactical Training	San Diego, CA	3 weeks	Candidates learn tactical skills necessary for assignment to an EOD Detachment.	Group instruction, classroom and practical instruction.
<p>During a 20-year period, EOD technicians spend about 60 percent of their time assigned to an EOD mobile unit, and 40 percent assigned to shore detachments, or training and research, and development activities. Advanced training opportunities include freefall parachuting, helicopter insertion, hazardous materials management, small arms, and advanced EOD.</p>				

Note: For EOD challenge information see reference (b), Volume 1, Chapter 4, Section 4.

What They Do

- Perform render safe procedures on any type of ordnance including improvised explosive devices (IED) and weapons of mass destruction.
- Conduct demolition of hazardous munitions, pyrotechnics, and retrograde explosives using detonation and burning techniques.
- Perform underwater location, identification, render safe, and recovery (or disposal) of foreign and domestic ordnance using SCUBA and specialized mixed gas diving equipment.
- Perform parachute/helicopter insertion operations in support of missions.

- Work with naval special warfare, Army Special Forces, and joint military and coalition task forces.
- Support military and civilian law enforcement agencies.

Qualifications and Interests

Personnel who volunteer for EOD must be in excellent physical condition. Comfort in the water beyond good swimming ability is a must. The ability to perform detailed mechanical tasks under stress and or adverse conditions is important. EOD candidates must be able to work in small teams during extended periods. Other helpful attributes include imagination, resourcefulness, a good memory, knowledge of arithmetic, and manual dexterity. EOD candidates must be U.S. citizens eligible for security clearance.

Working Environment

EOD technicians perform duties in a wide range of locations, such as at remote areas, aboard aircraft carriers, at ordnance-capable military stations, and in all water conditions. They are exposed to various climates and weather conditions.

College credit awarded for:

- Boot Camp ----- 3 semester hours
- EOD Dive Phase --- 6 semester hours
- EOD Phase 1&2 ---- 9-semester hours
- EOD (Basic) ----- 15 semester hours

REPORT OF EOD RATING CONVERSION SCREENING

(Use proper letter format.)

From: (Screening Activity)
To: Commander, Navy Personnel Command (PERS-401DH)
Subj: REPORT OF EXPLOSIVE ORDNANCE DISPOSAL (EOD) RATING
CONVERSION
Ref: (a) MILPERSMAN 1220-200

1. (rank or rate, name), currently attached to (member's present command), was screened for conversion to the EOD rating as specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date)
(Interviewer should include any significant findings pertinent to selection/non-selection of member for requested training).

(1) Does the applicant totally understand the mission and scope of the rating? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during EOD "A" School and what will be expected of him/her? Yes _____
No _____

(3) Is the applicant's motivation for entry into the rating a sincere desire for professional growth and achievement and not solely for the money or as a method to escape applicant's present circumstances, etc? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the EOD rating? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede applicant's ability to concentrate on and complete the training? Yes _____ No _____

b. Physical Screening Test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____min _____sec

(2) Run Time: _____min _____sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Hyperbaric Test conducted by: (name, rank, position, command/facility, date) or waived (state justification).

d. Eligible for SECRET security clearance based on a National Agency Check with local agency and credit checks (NACLIC)? Yes _____
No _____

3. Based on (satisfactory/unsatisfactory) completion of this screening and per rating conversion entry requirements specified in reference (a) the member (is/is not) recommended for conversion to the EOD rating. (If member is not recommended, state reason(s).)

1. Policy

a. The term "diver," when used in context of requalification, refers to personnel designated in the Navy enlisted classification (NEC) codes and officer designators listed in the table below.

b. Standards for requalification:

Designation	NEC and Officer Designator	Perform Dives
Master Diver	5341	4
Diver First Class	5342	4
Underwater Construction Team (UCT) Diver, Advanced (includes Saturation Hospital Corpsman (HM))	5931	4
Diver Second Class	5343	4
UCT Diver, Basic	5932	4
Deep Sea Medical Technician	8493	4
Deep Sea Medical Technician (Independent Duty Corpsman (IDC))	8494	4
Scuba Diver	5344/5345	4
Fleet Marine Force (FMF)	8403	4
Reconnaissance HM (IDC)	8427	4
FMF Reconnaissance HM		

EOD	533X	4
Special Warfare Combatant Swimmers	532X	4
Diving Officer	720X, and per MILPERSMAN 7220-090	4
Sea, Air, and Land (SEAL) Officer	113X, 118X, 615X, 715X	4
Explosive Ordnance Disposal (EOD) Officer	114X, 119X, 648X, 748X	4

NOTE 1: All dives shall be conducted per reference (a).

NOTE 2: Divers completing a saturation dive shall be qualified for the following 6-month period.

NOTE 3: No more than two requalification dives may be performed in a hyperbaric chamber.

NOTE 4: Dives should be completed for each command required operational capabilities and projected operational environment, or mission essential task list.

c. The diver requalification timeline runs over 2 periods each year. The spring period begins 1 January and ends 30 June. The fall period begins 1 July and ends 31 December. In order to remain on dive status, divers must requalify as per the above chart each dive period.

d. To qualify for special pay for diving duty, per reference (b), divers are considered qualified if they have conducted 4 dives in the previous diver qualification period (e.g., if a diver conducts 4 dives in March, during the spring requalification period, he or she is considered qualified until 31 December).

e. If the diver fails to qualify during a requalification period, he or she is considered "not in dive status" and is not authorized dive pay. Per reference (b), when a member is removed from diving duty or the member's diving qualifications lapse, then diving pay ceases on the date of removal or lapse.

2. Requalification Period

a. The 6-month requalification period is waived for diving personnel injured in the line of diving, or related duties including involvement as experimental divers or test subjects for approved protocols. They shall be considered qualified with an indefinite lapse date and are entitled to diving pay. Requalification must be completed within 60 days after being returned to full diving duty.

b. Personnel deemed not physically qualified as a result of injuries sustained in the line of diving or related duties may apply for supervisor status/non-diving. Waiver of NEC code or officer designator and or pay grade restrictions may be requested in conjunction and in support of such designation.

c. Personnel approved for supervisor status/non-diving and assigned to a diving NEC or officer designator billet shall have a qualification lapse date of "indefinite." Personnel not approved for designation will be made available for assignment to billets not requiring a diving-related NEC or officer designator.

3. **Lapses Over 1 Year.** If diving qualification has lapsed for more than 1 year, but less than 3 years, the diver may perform the required requalification dives after successfully completing the physical screening test described in MILPERSMAN 1220-100, Exhibit 1, and commanding officer's approval. The diver shall be considered qualified for a 6-month period from the date requalification is accomplished.

4. **Lapses Over 3 Years**

a. When the member's diving qualification has lapsed for more than 3 years, but less than 6 years, the diver must successfully complete the physical screening test described in MILPERSMAN 1220-100, Exhibit 1, and successfully retake the following portions of the diving course that would bestow the diving qualification desired:

(1) Portions relating to diving physics and or general diving procedures;

(2) Portions relating to diving medicine;

(3) Practical portions relating to recompression chamber operations; and

(4) Practical portions relating to diving equipment in which the individual has not been previously trained (may be taken from courses other than that which bestows desired qualifications).

b. Requalification may take place at any local fleet command considering the following requirements are met:

(1) Command performing requalification must formally request required curricula from appropriate learning center (LC);

(2) Command performing requalification must be authorized in writing by appropriate LC;

(3) Requalification will be conducted using curricula provided and controlled by appropriate LC;

(4) Commands conducting local requalification must have a 720X diving officer or master diver, holding NEC 9502 or an equivalent instructor qualification as determined by appropriate LC;

(5) Commands desiring authorization to conduct local requalification must request authorization via standard naval letter from appropriate LC. Request must state command's ability to meet prerequisite conditions above and its capability to conduct training; and

(6) If approved, LC will forward authorization letter and curriculum/training package. Commands will document completion of training on NAVPERS 1070/613 Administrative Remarks for inclusion in member's official military personal file (OMPF).

5. **Lapses over 6 years.** When the Service member's qualification has lapsed more than 6 years, a formal request from the member's commanding officer shall be submitted to appropriate LC stating command's requirement for reinstatement. LC will review request for final disposition.

6. **Diver Qualifications and Requalifications**

a. All individual dives will be entered in the Navy/Marine Corps Dive/Jump Reporting System. Periodic diving requalifications will be recorded using the following sample format and made a permanent part of the member's training record by filing with NAVPERS 1070/604 Enlisted Qualifications History.

DIVER QUALIFICATIONS/REQUALIFICATIONS CHART

DATE OF ENTRY	DIVER'S RANK/ RATE	LEVEL OF QUALIFICATION	DEPTH ALLOWED	NEC/ NOBC	NEW LAPSE DATE	DIVER'S COMMAND	INIT

b. Instructions for completing diver qualification's and requalification's chart:

(1) **Date of Entry:** Enter the date the training record entry was made.

(2) **Diver's Rank or Rate:** Enter the rank or rate of the diver at the time of the requalification dives.

(3) **Level of Qualification:** Enter the level of qualification to which the diver is **requalifying**, not the level of dive completed. Example: If a saturation diver requalified using Self Contained Underwater Breathing Apparatus (SCUBA), record "Saturation" in the block.

(4) **Depth Allowed:** Enter the depth to which the diver is **authorized** to dive, not the depth of the qualification dive. Example: If a saturation diver requalified using SCUBA at a depth of 40 feet, record the depth qualified for a saturation diver (i.e., 850 feet).

(5) **New Lapse Date:** Enter the date the diver will next lapse in dive qualification. This date should be specified by the command making the training record entry.

(6) **Diver's Command:** Enter the command where the diver is assigned. This should be the command making the training record entry.

(7) **Initial:** The individual making the training record entry should initial in this block.

2. **Rating Description.** SEALs are responsible for the training, preparation, and execution of special operations in maritime, urban, desert, jungle, arctic, and mountain environments. SEALs are experts in:

- Special operations tactics;
- Missions;
- Mission planning;
- Cultural awareness;
- Small-unit leadership;
- Operational risk management;
- Tactical, operational, and strategic thinking;
- Tactical communications;
- Tactical air control/terminal guidance;
- Combat diving and SEAL Delivery Vehicle operations;
- Parachute operations;
- Small boat operations;

- Tactical ground mobility;
- Small arms and crew-served weapons;
- Fast roping and rappelling;
- Demolitions/explosive breaching;
- Trauma care;
- Intelligence gathering and interpretation;
- Transportation and logistics; and
- Chemical/biological/radiological/nuclear defense measures.

The SO rate is sea-duty intensive. Exhibit 1 and the SEAL Web site www.sealswcc.com provide comprehensive description and information about a career in the SO rating.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the SO rating require strict adherence to eligibility criteria, procedures, and policy for conversion and assignment to the SO rating.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of SO operations are of unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. **Rating Designation**

a. Upon completion of SO "A" School training pipeline which consists of:

- SO Preparatory, CIN K-431-0350 CDP 04WF;
- SO BUD/S Orientation, CIN K-431-0037 CDP 173K;
- SO BUD/S, CIN K-431-0024 CDP 169K;
- SO SEAL Qualification Training (SQT), CIN K-431-0059, CDP 754F;
- Cold WX, CIN K-431-0098 CDP 659S;
- Navy Parachute, Static Line, CIN A-431-0135 CDP 757K;
- Navy Parachute, Free Fall, CIN A-431-0136 CDP 757M; and
- SERE CIN K-431-0400 CDP 06YB

enlisted personnel are awarded NEC 5326 and designated as SO SEAL upon completion of SQT. Recruit and fleet conversions are authorized accelerated advancement to E-4 (SO3) per MILPERSMAN 1510-030.

b. Commanding Officer, Naval Special Warfare (NSW) Center shall submit NAVPERS 1221/6 Navy Enlisted Classification (NEC) Change Request to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) requesting awarding of NEC 5326 at the completion of SO "A" School.

5. **NEC Codes.** Enlisted SO personnel are designated by NEC codes per their qualifications. Reference (a) further describes each of the NEC codes:

- Basic special warfare operator (student), NEC 5320;
- Seal delivery vehicle (SDV) pilot/navigator/dry deck shelter (DDS) operator (SEAL), NEC 5323;
- Special warfare operator/SEAL, NEC 5326; and
- Naval special warfare medic, NEC 5392

6. **Recruit, Non-SO Qualified NAVETS, and OSVETS Accessions.**

The SO rating is designated as an advanced technical field program. Reference (b) provides entry requirements and policy for recruit, NAVET, and OSVET accessions.

7. **Rating Conversion Entry Requirements.** Conversion to the SO rating requires successful completion of SO "A" School. Approval to attend SO "A" School will be based on the needs of the community and determined by Bureau of Naval Personnel (BUPERS), Special Warfare Enlisted Community Manager (ECM) (BUPERS-324). Except where specified "**no waiver**," BUPERS-324 may waive one or more entry requirements, if the applicant is considered otherwise qualified. Due to the cost of permanent change of station orders, high risk training, historic high attrition training rates, and to prevent undue delay in training, commands and personnel submitting request for conversion shall strictly adhere to the policy and requirements specified in this article. Entry requirements can be found at www.sealswcc.com.

a. **Duty.** Must be on active duty.

b. **Schools.** Previous attendance of explosive ordnance disposal (EOD), Navy Diver (ND), special warfare boat operator (SB), or special warfare operator (SO) "A" School. Members who

are (voluntarily or involuntarily) disenrolled from EOD, ND, SB, or SO "A" School will require a minimum of 2 years prior to reapplying for EOD, ND, SB, or SO "A" School. Personnel who previously (voluntarily or involuntarily) disenrolled from SO "A" School that request to return to SO "A" School must include the following in the application:

(1) NAVPERS 1070/613 Administrative Remarks statement; recommendation to return to training from the commanding officer (CO) of the respective SO "A" School course of instruction for which the member was disenrolled. **No waivers.**

(2) NAVPERS 1070/613 statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas. **No waivers.**

c. **Motivation.** Strong motivation, interest in the rating, and willingness to work diligently in the academic and operational training phases is required.

d. **Gender.** The SEAL Program is closed to women.

e. **Age Requirement.** Must be 28 years of age or less as of date of application receipt at NAVPERSCOM, SO "A" School Coordinator (PERS-401DH).

f. **Rank.** Be in pay grade E-1 through E-5.

g. **Time in Service.** Have 6 years or less of active duty service as of the date of application receipt at NAVPERSCOM (PERS-401DH).

h. **Armed Services Vocational Aptitude Battery (ASVAB).** Meet ASVAB requirement per current ASVAB NAVADMIN.

i. **Medical Requirements.** Meet medical standards as specified in reference (c). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted, per reference (c), to BUPERS, NSW/NSO Community via Service Member's CO via Bureau of Medicine and Surgery (BUMED), and Undersea Medical and Radiation Health (M3/50M2).

j. **Hyperbaric Pressure Test.** Administered per reference (d). Hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

k. **Obligated Service (OBLISERV).** The OBLISERV requirement for fleet conversions attending SO "A" School (i.e., basic underwater demolition (BUD) and SEAL qualification training (SQT)) is 51 months from class graduation date and awarding of the 5326 NEC or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel. COs shall ensure applicants understand OBLISERV to train options per MILPERSMAN 1306-106 and reference (e). **No waivers.**

l. **Performance Standards.** Evaluation trait marks 3.0 or above in last three evaluation reports. For members with less than 3 years of service, submit all evaluations.

m. **Misconduct.** The applicant may not have a nonjudicial punishment (NJP)/court-martial or serious civil court conviction during the previous 12 months prior to the application.

n. **Security Clearance.** Attendance to SO "A" School requires eligibility for a Secret clearance based on a national agency check with local agency and credit checks (NACLC).

o. **Physical Fitness.** Pass the physical screening test (PST) per MILPERSMAN 1220-410. **No waivers.**

p. **CO's Recommendation.** Be recommended for initial training by the member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Apply for SO convert in quota via Career Waypoints Program.
2	Access the Naval Special Warfare In-Service Recruiter's Web site at http://www.sealswcc.com to schedule an interview and PST. Phone: 1-888-USN-SEAL E-mail: motivators@navsoc.socom.mil
3	Undergo screening process.
4	Receive Report of Rating Conversion Screening.
5	Assemble rating conversion package.

6	<p>Mail or e-mail (encrypted) conversion package to:</p> <p>Navy Personnel Command (PERS-401DH) 5720 Integrity Drive Millington, TN 38055-5402</p> <p>E-Mail: MILL ND EOD SB SO packages@navy.mil (Encrypted e-mail is the preferred method.)</p>
---	---

9. **Rating Conversion Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A qualified SO or SB officer, or a qualified E-6 and above (NEC 5326/5323 or 5352) can conduct the screening. Approved screening personnel must submit PST scores to NSW in-service recruiters for official recommendation letter.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any Diving/EOD/SEAL/SWCC/UCT command or Navy Recruit Training Command (NAVCRUITRACOM). NSW commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel, must be coordinated through and approved by the Naval Special Warfare Motivator's Office.

10. **Rating Conversion Screening Process.** The screening activity will ensure the following:

Step	Action	Per
1	Interview the applicant.	Para 10a
2	Conduct a Diving Medical Examination.	Para 10b
3	Conduct a PST.	Para 10c
4	Conduct a Hyperbaric Pressure Test.	Para 10d
5	Submit a Request for Rating Conversion.	Para 10e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing SO "A" School and subsequent SO career assignments. The interviewer will do the following:

(1) Discuss the nature of the SO rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record (ESR) to fully assess past performance, conversion's effect on professional development, potential for successfully completing SO "A" School, and identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the PST.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete Exhibit 2, Report of SO Rating Conversion Screening.

(a) All rating conversion entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's ESR could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend SO "A" School.

b. **Conduct a Diving Medical Examination.** Applicants must meet physical examination and standards per reference (c).

(1) **Approved Location.** The medical examinations may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner.** Per reference (c), examinations can be conducted by any physician, but an undersea medical officer (UMO) or diving medical officer (DMO) must approve and review all examinations/reports. BUMED (M3/50M2) can review and sign physical examinations for accessions performed by another credentialed medical provider where a Navy UMO or DMO is not proximately available.

(3) **Medical Reports.** Results of the medical examination will be recorded on the following reports:

(a) DD 2807-1 Report of Medical History.

(b) DD 2808 Report of Medical Examination.

(c) NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire. Used to report any interval changes to health history or physical exam since last valid periodic dive medical exam. Must be completed no later than 1 month prior to actual transfer to training and placed in Service Member's medical record.

(4) **Validity.** The initial medical examination will be valid for a 24-month period. Candidates who have not reported to SO "A" School within the 24-month period must re-submit DD 2807-1 and DD 2808 updated forms to NAVPERSCOM (PERS-401DH).

c. **Conduct the PST.** The PST is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the PST (MILPERSMAN 1220-410).

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (d).

e. **Submit a Request for Rating Conversion.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-401DI) with a

copy to applicant via NAVPERS 1306/7 Enlisted Personnel Action Request.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1220-300 and include the following statement:

"Per MILPERSMAN 1220-300, I volunteer for SO duty and request assignment to SO "A" School. I agree to serve on active duty for a period of 51 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as an SO and NEC 535X during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Enclosures. The following are required enclosures for package:

Enclosure 1	DD 2807-1
Enclosure 2	DD 2808
Enclosure 3	MILPERSMAN 1220-300, Exhibit 1, Report of SO Rating Conversion Screening
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record for previous 3 years (or all for members with less than 3 years service), including any special or transfer evaluations
Enclosure 5	Armed Services Vocational Aptitude Battery scores as documented on NAVPERS 1070/604 Enlisted Qualifications History
Enclosure 6	Hyperbaric pressure test results. Provide memorandum stating waiver justification if not completed

11. Transfer to SO "A" School

a. **Physical Condition Verification.** The member's physical condition shall be verified by performing the PST approximately 30 days prior to transfer to SO "A" School per MILPERSMAN 1220-410. The PST will be coordinated through the NSW In-Service Recruiters Web site at www.sealswcc.com. Test results will be placed in the Service Member's ESR. Personnel who fail the PST

30 days prior to transfer will retest approximately 15 days prior to transferring. If the member fails again, NAVPERSCOM (PERS-401DH) will be notified by e-mail within 24 hours of the failure and the member's orders shall be held in abeyance.

b. **Authorization.** A UMO or DMO is required to complete and sign NAVPERS 1200/6 no later than 1 month prior to actual transfer to training. Place original NAVPERS 1200/6 in the Service Member's medical record.

c. **Participation in Advancement Exams.** Conversion to the SO rating requires successful completion of SO "A" School per reference (f).

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel ordered to SO "A" School for rating conversion may compete for advancement in their present rating until the class convening date; however, personnel selected for advancement to E-6 prior to class convening may lose eligibility to attend SO "A" School.

d. **Disqualification Condition.** Personnel who have received orders to attend SO "A" School, but develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7; to include physical conditioning, medical standards, advancement to E-6, performance standards, NJP, or lack of security clearance eligibility; are required to notify NAVPERSCOM (PERS-401DH) by message.

12. Disenrollment from SO "A" School

a. **Reclassification/Reassignment and Suitability.** Members who voluntarily or involuntarily disenroll from SO "A" School initial training will be made available for reclassification or reassignment to their rating detailer. Members should contact their detailer as soon as possible and have NAVPERS 1070/613 entry made in their ESR stating the reason for disenrollment.

b. **OBLISERV.** Members disenrolled where OBLISERV is required for instruction received, with approval of NAVPERSCOM, Enlisted Career Progression Division (PERS-81), may be permitted to execute a new NAVPERS 1070/621 or NAVPERS 1070/622.

Note: See MILPERSMAN 1160-040 for explanation of "instruction received."

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction shall be canceled.

(1) For those members who accepted accelerated advancement, this OBLISERV will be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements shall be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement Training.** If a member is disenrolled for any reason prior to entry into the training, a request may be submitted to NAVPERSCOM (PERS-81) for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement**

(1) Upon receipt of NAVPERSCOM (PERS-81) approval, COs or officers in charge shall take the following steps/actions:

Step	Action
1	Execute extension agreement.
2	Cancel old extension agreement.
3	Submit NAVPERS 1070/621 and/or NAVPERS 1070/622.
4	Make a NAVPERS 1070/613 entry (see below).

(2) The following NAVPERS 1070/613 entry is required:

My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1220-300. I understand that my active duty obligation has been established as (expiration of active obligated service date).

Member's Signature

Witnessing Officer's Signature

13. **Change of Rating.** Personnel designated in the SO rating may request a change of rating per MILPERSMAN 1440-010. Personnel are required to submit NAVPERS 1221/6 to BUPERS-324 to

concurrently affect change of rating and removal of the SO rating related NEC.

14. **Forced Conversion.** Forced conversion is NAVPERSCOM directed. Involuntary change of rating is based on a member's loss of eligibility or suitability to further serve in their present rating as defined in MILPERSMAN 1440-010. Forced conversions will be conducted per MILPERSMAN 1440-010 and as further described in this article. COs may recommend forced conversion/revocation of the SO rating NEC by submitting NAVPERS 1221/6 to BUPERS-324. Service Members assigned NEC 0000 have 30 days to request conversion to an undermanned rating per MILPERSMAN 1440-010, and command shall remove advancement recommendation until member successfully converts to new rating. This revocation shall not be used as a punitive measure, but based on the CO's determination that the member is no longer suitable for assignment in the SO rating. The NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC shall include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in),"

or

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action",

or

"The member is unsuitable for duty in Diver/EOD/SEAL/SWCC/UCT commands. The member may not reapply for reinstatement for NEC 5326."

Primary reasons for forced conversion or revocation of NEC include, but are not limited to, the following:

a. **Duties.** Failure or unwillingness to perform duties required of the rating.

b. **Failure to maintain rating eligibility.** Permanent revocation by Department of the Navy, Central Adjudication

Facility (DON CAF) of the member's security clearance or permanent physical disability.

c. **Professional Performance**

(1) Willful dereliction of duty.

(2) Breaches in ammunition, arms, and explosives (AA&E); parachute; or ordnance; safety or regulations.

(3) Loss of CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

d. **SO/SEAL Qualification.** Failure to attain SO (SEAL) qualification as specified in MILPERSMAN 1220-085.

e. **Alcohol Abuse.** Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (g). At any time during or upon completion of those proceedings, COs have the following options:

(1) If a counseling/rehabilitation program appears **likely to succeed**, the member will remain assigned to the command in a non-SO NEC status and will have a program developed per reference (g).

(2) If **future alcohol abuse is considered likely**, or the member **fails rehabilitation treatment**, the CO must certify that the member has no potential for further useful service and must initiate separation procedures. Commands will submit a NAVPERS 1221/6 to BUPERS-324 to revoke the SO rating-related NEC.

(3) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, Federal law, or Uniform Code of Military Justice (UCMJ)) **or substandard service**, and are found in need of treatment, will not be forced converted; member will retain NEC and all associated specialty pays, but be disqualified to supervise any operations until successful completion of treatment.

f. **Drug Abuse.** Members identified as having abused drugs, as defined in reference (g), are not eligible for future

reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146. Commands will submit NAVPERS 1221/6 to BUPERS-324 to revoke the SO rating related NEC.

NOTE: Forced conversion from the SO rating shall not be used as a substitute for required disciplinary and or administrative action. Particular consideration shall be exercised to ensure that forced conversion is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

15. **Supervisory Status.** There are a few situations in which personnel are unable to meet the physical standards for SO duties; to include diving, parachute, and demolition operations; through no fault or lack of diligence on the member's part. In these few cases, personnel whose significant SO experience is of continued value to the Navy, may apply for "Supervisory Status" designation and remain in the SO rating.

a. **Eligibility.** Personnel must be designated as an SO (SEAL) and remain qualified for sea duty.

b. **Request Designation.** Request designation for "Supervisory Status" by submitting NAVPERS 1306/7 **via** their CO and BUMED (M3/50M2) **to** BUPERS-324. Request shall contain the following:

(1) Results of a recent diving physical examination as enclosure (1).

(2) A brief synopsis of previous NEC-related experience as enclosure (2).

c. **Designation.** BUPERS-324 will designate personnel in either "Supervisory Status, Diving" or "Supervisory Status, Non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by the CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "Supervisory Status, Diving" or "Supervisory Status, Non-diving"

at the member's activity. Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" will be limited to a maximum of 5 percent of an activity's onboard diving-related billet allowance, or less if the number may be detrimental to operational capability.

d. **Disapproval.** If disapproved, the member will be forced converted to another rating per MILPERSMAN 1440-010.

e. **Tenure and Extensions.** Designation of personnel for "Supervisory Status, Diving" or "Supervisory Status, Non-diving" shall be made to coincide with required diving duty physical examination tenure. Extension of "Supervisory Status" must be requested to coincide with completion of diving duty physical examinations. Personnel designated Supervisory Status, Diving/Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

f. **Assignments.** Personnel designated "Supervisory Status, Diving" are assignable to sea duty, eligible for diving pay per their current NEC, and limited to performing supervisory, inspection, and re-qualification dives only per MILPERSMAN 1220-260.

g. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will not normally be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" shall not dive.

16. **Periodic Requalification.** Periodic requalification of SO personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. Specific NEC Requalification. For policy on specific NEC requalification refer to the following:

Topic	See MILPERSMAN
Diving Requalification	1220-260
Parachute Requalification	1220-030
Demolition Requalification	1220-280

b. Documentation of diving operations is described in reference (d).

EXHIBIT 1

SO RATING DESCRIPTION

SEALs are named after the environments in which they operate - sea, air, and land, and are the foundation of naval special warfare combat forces. They are organized, trained, and equipped to conduct a variety of special operation missions in all operational environments. Today's SEALs trace their history from the elite frogmen of World War II. Training is extremely demanding, both mentally and physically, and produces the world's best maritime warriors.

Candidates may volunteer for SEAL during basic training at Navy Recruit Training Command (NAVCRUITRACOM) or at any time during their enlistment prior to their 29th birthday.

In-service recruiters (dive motivators) at NAVCRUITRACOM give presentations on the Navy's diver programs, conduct the physical training screening tests, and assist interested people with their applications. In-service recruiters are located at Naval Amphibious Base (NAB), Coronado, CA and NAB, Little Creek, VA. Call 1-800-USN-SEAL or go to www.sealswcc.com for more information.

A more stringent physical examination and medical screening is required of SEAL Program candidates. Applicants' entrance medical examinations will be reviewed for diving qualifications and further physical screening tests will be given at the NAVCRUITRACOM and at the Basic Underwater Demolition/SEAL (BUD/S) "A" School.

BUD/S training is physically and mentally demanding, but the individual who accepts the challenges is rewarded with extra pay for diving, parachuting, and demolition; plus extraordinary duty assignments.

Career Path After Recruit Training				
Enlistees are taught the fundamentals of naval special warfare through formal Navy schooling and on the job training. BUD/S "A" School candidates attend 5 phases of training at Coronado, CA; Fort Benning, GA; and various other locations.				
School	Present Location	Approximate Training Time	Subjects	Training Methods
SO Preparatory	Great Lakes, IL	5-8 weeks	Physical and psychological preparation for BUD/S training	Group instruction, classroom and practical
Basic Underwater Demolition/ SEAL (BUD/S) Orientation	Coronado, CA	3 weeks	Same as above	Group instruction, classroom and practical
Basic Underwater Demolition/ SEAL (BUD/S) "A" School	Coronado, CA	27 weeks	Physical conditioning, small boat handling, diving physics, basic diving techniques for open and closed circuit scuba, land warfare, weapons, demolitions, communications, and hydrographic reconnaissance	Group instruction, classroom and practical

Parachute Training	San Diego, CA	4 weeks	Basic skills required for combat static line and military freefall parachuting	Group instruction, classroom and practical
Full Spectrum SERE	San Diego, CA	10 days	Full spectrum survival, escape, resist, and evade training	Group instruction, classroom and practical
SEAL Qualification Training (SQT)	Various	19 weeks	Core Naval Special Warfare tactical knowledge and skills	Group instruction, classroom and practical
<p>During a 20-year period, SEALs spend about 70 percent of their time assigned to operational teams and 30 percent to shore stations. Advanced training opportunities in demolition, weapons, diving, communications, intelligence, HALO/HAHO parachuting, foreign language, sniping, and a variety of other advanced skills provide the flexibility for specialization to complement a variety of interesting duty assignments.</p>				

For SEAL challenge information see reference (b), volume 5, chapter 2, section 1.

What They Do

- Special operations are characterized by the use of small units with very unique capabilities to conduct surgical military actions that are beyond the capability of conventional military forces.
- SEALs master "maritime" special operations, with a combination of specialized training, equipment, and tactics.

SEAL medics (special operations combat medics) provide combat trauma medical support during all operations, while also serving as SEALs.

Qualifications and Interests

SEAL Challenge candidates should be mature, motivated, self-assured and self-confident, willing to follow orders, and able to work under stressful and hazardous conditions. They should be in excellent physical condition and motivated to withstand the rigorous physiological demands imposed by the maritime environment. The ability to swim and withstand fatigue is a major factor in successful completion of the training. Other necessary characteristics needed are good study habits and learning skills, knowledge of arithmetic and basic algebra, mechanical skills, and manual dexterity. Applicants must be United States citizens eligible for a security clearance.

Working Environment

SEALs perform special operation missions from fixed-wing aircraft, helicopters, ships, and submarines. They may be exposed to arctic, desert, or jungle environments including survival in enemy controlled areas and all water conditions. They may also perform administrative and foreign training missions in a wide variety of climates throughout the world.

Since Navy programs and courses are revised at times, the information contained in this section is subject to change.

REPORT OF SO RATING CONVERSION SCREENING
(Use proper letter format.)

From: (screening activity)
To: Commander, Navy Personnel Command (PERS-401DH)
Subj: REQUEST FOR SPECIAL WARFARE OPERATOR (SO) RATING
CONVERSION
Ref: (a) MILPERSMAN 1220-300

1. (rank or rate, name), currently attached to (member's present command), was screened for application for assignment to SEAL training following the procedures specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date). (Interviewer should include any significant findings pertinent to selection/non-selection of member for requested training.)

(1) Does the applicant totally understand the mission and scope of the program? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during initial training and what will be expected of them? Yes _____ No _____

(3) Is the applicant's motivation for entry into the rating a sincere desire for personal growth and achievement, and not solely for the money or as a method to escape their present circumstances, etc? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the desired community? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede their ability to concentrate on and complete the training? Yes _____ No _____

b. PST conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Pressure test conducted by: (name, rank, position, command/facility, date) or waived (state justification). Pressure test (results to be included as application package) contained in enclosure (1).

d. Eligible for a Secret security clearance based on National Agency Check with Local Agency and Credit Checks (NACLIC). () Yes () No

3. Based on (satisfactory/unsatisfactory) completion of this screening the member (is/is not) recommended for (type training). (If member is not recommended, state reason(s).)

ASSAULT BOAT COXSWAIN QUALIFICATIONS

Responsible Office	NAVPERSCOM (PERS-402B)	Phone:	DSN	882-3713
			COM (901)	874-3713
			FAX	882-2637

1. **Eligibility.** All enlisted members, except Hospital Corpsman and Dental Technicians, are eligible for qualification as assault boat coxswain.

2. **How to Qualify.** Each command is responsible for developing an examination and observing practical factors from the following criteria: (**NOTE:** Landing craft is defined as a craft which is specifically designed for beaching, unloading or loading on the beach, and retracting.)

a. **Examination**

(1)	Nomenclature. Use of hull fittings/equipment. Capacity of cargo/personnel maneuvering and special hull characteristics. Fuel capacity and fuel endurance of landing craft.
(2)	Procedures for starting engine, normal/maximum safe motor temperatures. Stopping/securing engine. Operation of bilge pumps/sand traps.
(3)	Boat signals, identification flags and insignia. Boat identification paddles in connection with ship-to-shore movement. Control vessels signals/signal procedures. Debarkation communications/visual designations. Voice radio procedures.
(4)	Standard formations: Distance/speeds employed in assembly/rendezvous area/assault waves. Procedures for boat group commanders and control vessels.
(5)	Special maneuvering rule and precautions observed during landing and retraction through surf. Procedures for rigging boat for salvage and maneuvering to avoid fouling of propellers with tow lines.
(6)	Identify beach markers and buoys.
(7)	Procedures for transferring personnel/equipment to LVT's direct or via transfer barges; procedures at transfer line.

b. Practical Demonstration

(1)	Perform coxswain duties, supervise boat crew in hoisting/lowering operation, rig/secure all gear in landing craft, follow procedure in handling all types of cargo.
(2)	Handle a landing craft in protected waters, coming alongside, casting off from a vessel or pier. Observe all safety measures applicable to operation of the boat/equipment.
(3)	Use and identify boat signals, boat identification flags, insignia in connection with ship-to-shore movement.
(4)	Maintain assigned station in all phases of ship-to-shore movement, employing knowledge of standard formations, distance/speeds in assembly/rendezvous area. Steer by compass/observe rules of the road.
(5)	Beach boat through moderate surf and retract, singly and in assault wave formation using proper rudder and engine procedure.
(6)	Rig, use, secure anti-broaching lines. Demonstrate how to rig a broached landing craft for salvage. Proper use of engines to avoid fouling tow lines in assisting salvage boat.
(7)	Render first aid, rig stretcher slings, and use other methods of hoisting casualties.

3. Documentation

a. Members who demonstrate proficiency in practical factors and pass the written examination will be qualified as an assault boat coxswain and assigned the proper Navy Enlisted Classification (NEC) code.

b. Commands are to document the qualification on the NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualification History of the service record and submit NAVPERS 1221/1 (Rev. 6-92), Navy Enlisted Classification Code Change Recommendation to the Enlisted Personnel Management Center (EPMAC) (Code 52) to record/remove the NEC.

4. Requalification

a. Qualification shall continue in effect for 1 year from the date on which qualified. To avoid lapse of qualification upon expiration of 1 year, requalification may be accomplished at any time. Such requalification will supersede the previous

qualifications and shall be effective for 1 year from date of accomplishment.

b. Requirements for requalification shall be the same as for the original qualification.

a. All enlisted members are encouraged to qualify as damage control scene leaders. To qualify members must complete the Personnel Qualification Standard (Damage Control Emergency Parties Qualification Standard) NAVEDTRA 43119-I.

b. Qualification of damage control scene leader shall be entered on NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualifications History of the member's service record.

2. Continuation

a. The command is responsible for maintaining continued qualification. A member not assigned to or performing duties as a damage control scene leader for a period of 1 year, must be requalified before assignment as a scene leader.

b. Requalification is subject to the same requirements as the original qualification.

1. **Policy.** Enlisted members E-5 and above shall obtain the Enlisted Expeditionary Warfare (EXW) Specialist qualification while assigned to a qualifying unit as outlined per reference (a). Enlisted members E-4 and below may voluntarily obtain EXW qualification while assigned to a qualifying unit and who meet eligibility requirements.

2. **Authority to Wear the Insignia.** Achievement of qualification entitles the member to wear the EXW insignia per reference (b), and to use the EXW designation. The Expeditionary Warfare designation is an "EXW" placed in parentheses immediately after the member's rate abbreviation, i.e., MM3(EXW), BMCS(EXW).

3. **Updating the Service Record.** When a member has been qualified as an EXW Specialist, an entry shall be made in the member's service record NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Qualified as an Enlisted Expeditionary Warfare (EXW) Specialist this date and assigned the (EXW) designator."

4. **Updating the Evaluation.** Once qualification has been approved, relevant comments should be made in the member's next evaluation.

5. **Disqualification.** An enlisted member previously qualified shall be disqualified by an appropriate qualifying officer if that member fails to continue to meet the requirements set forth

in reference (a). Formal notification of disqualification shall be recorded in the member's service record NAVPERS 1070/613 as follows:

"(Date) Failed to maintain qualification of an Enlisted Expeditionary Warfare (EXW) Specialist by (include specific rationale for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear the EXW insignia or use the (EXW) designator as part of his/her rating."

Members, once notified of their disqualification, shall have the appropriate comments entered in the next periodic evaluation.

6. **Re-qualification**. Re-qualification shall be accomplished per policy guidance issued in reference (a).

SB Rating Description	Exhibit 1
Report of SB Rating Conversion Screening	Exhibit 2

2. **Rating Description.** SBs support and perform maritime special operations in open ocean, littoral, and riverine environments. SBs are experts in maritime

- special operations tactics;
- small unit leadership;
- detailed mission planning;
- cultural awareness;
- advanced weapons tactics;
- depot level maintenance;
- tactical communications;
- advanced craft operations, and preventive and corrective maintenance;
- long-range, over the horizon, and riverine navigation;
- tactical combat medicine; and
- intelligence operations.

For operational redundancy, each member of a special boat detachment receives in-depth cross training to enable them to perform in any other position, should the need arise. Personnel deploy on short notice by sea, air, and land to remote locations worldwide. Naval special warfare (NSW) deployments require extensive logistical preparations that allow for rapid mobilization of groups of personnel and associated equipment. The SB rate is sea-duty intensive. Exhibit 1 and the following Web site address www.sealswcc.com provide comprehensive description and information about a career in the SB rating.

3. Suitability for Assignment

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the SB rating require strict adherence to eligibility criteria, procedures, and policy for conversion and assignment to the SB rating.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of SB operations are of unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. Rating Designation

a. Upon completion of SB "A" School training pipeline which consists of

- Naval Special Warfare Preparatory Course (NSW PC), CIN K-431-0350, CDP04WF;
- SB Basic Crewman Training (BCT) Orientation, CIN K-060-0010, CDP 991S;
- SB Basic Crewman Training (BCT), CIN K-060-0030, CDP 151J; and
- SB Crewman Qualification Training (CQT) CIN K-060-0032, CDP 966W;

enlisted personnel are awarded NEC **5352** and designated as **SB**. Recruit and fleet conversions are authorized accelerated advancement to E-4 (SB3) per MILPERSMAN 1510-030.

b. Commanding Officer, Naval Special Warfare Center (NAVSPECWARCEN) shall submit NAVPERS 1221/6 Navy Enlisted Classification (NEC) Change Request, to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) requesting award of NEC 5352 at the completion of crewmen qualification training (CQT).

5. **Navy Enlisted Classification (NEC) Codes.** Enlisted SB personnel are designated by NEC codes per their qualifications. Reference (a) further describes each of the NEC codes as follows:

NEC	Designation
5350	Basic Special Warfare Boat Operator (student)
5352	Special Warfare Boat Operator (SWCC)
5392	Naval Special Warfare Medic

6. **Recruit, Non SB Qualified NAVETS, and OSVETS Accessions.**

The SB rating is designated as an advanced technical field (ATF) program. Reference (b) provides entry requirements and policy for recruit, NAVET, and OSVET accessions.

7. **Rating Conversion Entry Requirements.** Conversion to the SB rating requires successful completion of SB "A" School.

Approval to attend SB "A" School will be based on the needs of the community and determined by Bureau of Naval Personnel (BUPERS), Special Warfare Enlisted Community Manager (ECM) (BUPERS-324). Except where specified "no waiver," BUPERS-324 may waive one or more entry requirements if the applicant is considered otherwise qualified. Due to the cost of permanent change of station (PCS) orders, high risk training, historic high attrition training rates, and to prevent undue delay in training, commands and personnel submitting request for conversion shall strictly adhere to the policy and requirements specified in this article. Entry requirements can be found at www.sealswcc.com.

a. **Duty.** Must be on active duty.

b. **Schools.** Previous attendance of explosive ordnance disposal (EOD), navy diver (ND), SB, or special warfare operator (SO) "A" School. Members who are voluntarily or involuntarily disenrolled from EOD, ND, SB, or SO "A" School will require a minimum of 2 years prior to reapplying for EOD, ND, SB, or SO "A" School. Personnel who previously voluntarily or involuntarily disenrolled from SB "A" School that request to return to SB "A" School must include the following in the application:

(1) **NAVPERS 1070/613 Administrative Remarks** statement, recommendation to return to training from the commanding officer (CO) of the respective SB "A" School course of instruction for which the member was disenrolled. **No waivers.**

(2) NAVPERS 1070/613 statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas. **No waivers.**

c. **Motivation.** Strong motivation, interest in the rating, and willingness to work diligently in the academic and operational training phases is required.

d. **Gender.** The SWCC Program is closed to women.

e. **Age Requirement.** Be 30 years of age, or less, as of date of application receipt at NAVPERSCOM, SB "A" School coordinator (PERS-401DI).

f. **Rank.** Be in pay grade E-1 through E-5.

g. **Time in Service.** Have 6 years or less of active duty service as of the date of application receipt at NAVPERSCOM (PERS-401DI).

h. **Armed Services Vocational Aptitude Battery (ASVAB).** Meet ASVAB requirement per current ASVAB NAVADMIN.

i. **Medical Requirements.** Meet medical standards as specified in reference (c). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (c)

- through the Service member's CO;
- via Bureau of Medicine and Surgery (BUMED), Undersea Medicine and Radiation Health (M5/50M2);
- to BUPERS-324.

j. **Obligated Service (OBLISERV).** The OBLISERV requirement for SB "A" School is 48 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs shall ensure applicants understand **obligated service to train (OTT)** options specified in MILPERSMAN 1160-040 and reference (d). **No waivers.**

k. **Performance Standards.** Evaluation trait marks 3.0 or above in last three evaluation reports. For members with less than 3 years of service, submit all evaluations.

l. **Misconduct.** The applicant may not have a non-judicial punishment (NJP)/court-martial or serious civil court conviction during the previous 12 months prior to the application.

m. **Security Clearance.** Attendance to SB "A" School requires eligibility for a secret clearance based on a national agency check with local agency and credit checks (NACLC).

n. **Physical Fitness.** Pass the physical screening test (PST) per MILPERSMAN 1220-410. **No waivers.**

o. **CO's Recommendation.** Be recommended for initial training by the member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Apply for SB convert in quota via C-WAY Program.
2	Access the NSW in-service recruiter's Web site at http://www.sealswcc.com to schedule an interview and PST. Phone: 1-888-USN-SEAL E-mail: motivators@navsoc.socom.mil
3	Undergo screening process.
4	Receive report of rating conversion screening.
5	Assemble rating conversion package.
6	Mail or e-mail (encrypted) conversion package to: Navy Personnel Command (PERS-401DH) 5720 Integrity Drive Millington, TN 38055-5402 E-Mail: MILL ND EOD SB SO packages@navy.mil (Encrypted e-mail is the preferred method.)

9. **Rating Conversion Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A qualified SB or SO officer or a qualified E-6 and above, 5352/5326 or 5323, can conduct the screening. Approved screening personnel must submit PST scores to NSW in-service recruiters for official recommendation letter.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any diving/EOD/sea, land, air (SEAL)/SWCC/underwater construction team (UCT) command or Navy Recruit Training Command (NAVCRUITRACOM). NSW commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by the Naval Special Warfare Motivator's Office.

10. **Rating Conversion Screening Process.** The screening activity will ensure the following:

Step	Action	Per
1	Interview the Applicant	Para. 10a
2	Conduct a Medical Examination	Para. 10b
3	Conduct a Physical Screening Test (PST)	Para. 10c
4	Submit a Report of Rating Conversion	Para. 10d

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing SB "A" School and subsequent SB career assignments. The interviewer will do the following:

(1) Discuss the nature of the SB rating with the applicant, to include: training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record to fully assess past performance, conversion's effect on professional development, potential for successfully completing SB "A" School, and identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the PST.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete exhibit 2, Report of SB Rating Conversion Screening.

(a) All rating conversion entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's electronic service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend SB "A" School.

b. **Conduct a Medical Examination.** Applicants must meet physical examination and standards per reference (c).

(1) Approved location. The medical examination may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) Approved Medical Examiner. Per reference (c), examinations can be conducted by any physician, but an Undersea Medical Officer (UMO) or Diving Medical Officer (DMO) must approve and review all examinations/reports. BUMED (M3/50M2) can review and sign physical examinations for accessions performed by another credentialed medical provider where a Navy UMO or DMO is not proximately available.

(3) **Medical Reports.** Results of the medical examination will be recorded on the following reports:

- DD 2807-1 Report of Medical History;
- DD 2808 Report of Medical Examination; and
- NAVPERS 1200/6. (Used to report any interval changes to health history or physical exam since last valid periodic dive medical exam. Must be completed no later than 1 month prior to actual transfer to training and placed in Service member's medical record.)

(4) **Validity.** The initial medical examination will be valid for a 24-month period. Candidates who have not reported to SB "A" School within the 24-month period must re-submit DD 2807-1 and DD 2808 updated forms to NAVPERSCOM (PERS-401DI).

c. **Conduct the PST.** The PST is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the PST per MILPERSMAN 1220-410.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

d. **Submit a Request for Rating Conversion.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-401DI), with copy to applicant, via NAVPERS 1306/7, Enlisted Personnel Action Request.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1220-400 and include the following statement:

"Per MILPERSMAN 1220-400, I volunteer for SB duty and request assignment to SB "A" School. I agree to serve on active duty for a period of 48 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as an SB and NEC 535X during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Enclosures. Required enclosures for package:

Enclosure 1	DD Form 2807-1 Report of Medical History
Enclosure 2	DD Form 2808 Report of Medical Examination
Enclosure 3	MILPERSMAN 1220-400, exhibit 2, Report of SB Rating Conversion Screening.
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record, for previous 3 years (or all for members with less than 3 years of service) including any special or transfer evaluations.
Enclosure 5	Armed Services Vocational Aptitude Battery scores as documented on NAVPERS 1070/604 Enlisted Qualifications History.

11. **Transfer to SB "A" School**

a. **Physical Condition Verification.** The member's physical condition shall be verified by performing the PST approximately 30 days prior to transfer to SB "A" School per MILPERSMAN 1220-410. The PST will be coordinated through the NSW in-service recruiters Web site at www.sealswcc.com. Test results will be placed in the Service member's electronic service record. Personnel who fail the PST 30 days prior to transfer will retest approximately 15 days prior to transferring. If the member fails again, NAVPERSCOM (PERS-401DI) will be notified by e-mail within 24 hours of the failure, and the member's orders shall be held in abeyance.

b. **Authorization.** A UMO or DMO is required to complete and sign NAVPERS 1200/6 no later than 1 month prior to actual transfer to training. Place original NAVPERS 1200/6 in the Service member's medical record.

c. **Participation in Advancement Exams.** Conversion to the SB rating requires successful completion of SB "A" School per reference (e).

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel ordered to SB "A" School for rating conversion may compete for advancement in their present rating **until** the class convening date; however, personnel selected for advancement to E-6 prior to class convening will lose eligibility to attend SB "A" School. Personnel selected for advancement to E-6 while under instruction at SB "A" School will be disenrolled from training.

d. **Disqualification Condition.** Personnel who have received orders to attend SB "A" School, but develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7, to include physical conditioning, medical, advancement to E-6, performance standards, NJP, or lack of security clearance eligibility, are required to notify NAVPERSCOM (PERS-401DI) by message.

12. Disenrollment from SB "A" School

a. **Reclassification/Reassignment and Suitability.** Members who voluntarily or involuntarily disenroll from SB "A" School initial training will

(1) Be made available for reclassification or reassignment to their rating detailer. Members should contact their detailer as soon as possible; and

(2) Have a NAVPERS 1070/613 entry made in their electronic service record stating the reason for disenrollment.

b. **OBLISERV.** Members disenrolled where OBLISERV is required for instruction received, with approval of NAVPERSCOM, Enlisted Career Progression Division (PERS-81) may be permitted to execute a new

- NAVPERS 1070/621 ; or
- NAVPERS 1070/622.

See MILPERSMAN 1160-040 for explanation of "instruction received."

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction shall be canceled.

(1) For those members who accepted accelerated advancement, this OBLISERV will be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements shall be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement Training.** If a member is disenrolled for any reason prior to entry into the training, a request may be submitted to NAVPERSCOM (PERS-81) for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement**

(1) Upon receipt of NAVPERSCOM (PERS-81) approval, COs or officers in charge (OICs) shall take the following steps/actions:

Step	Action
1	Execute extension agreement.
2	Cancel old extension agreement.
3	Submit NAVPERS 1070/621 and/or NAVPERS 1070/622.
4	Make a NAVPERS 1070/613 entry (see below).

(2) The following NAVPERS 1070/613 entry is required:

My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1220-400. I understand that my active duty obligation has been established as (expiration of active obligated service (EAOS) date).	
Member's Signature	Witnessing Officer's Signature

13. **Change of Rating.** Personnel designated in the SB rating may request a change of rating per MILPERSMAN 1440-010. Personnel are required to submit NAVPERS 1221/6 to BUPERS-324 to concurrently affect change of rating and removal of the SB rating related NEC.

14. **Forced Conversion.** Forced conversion is NAVPERSCOM directed. Involuntary change of rating is based on a member's loss of eligibility or suitability to further serve in their present rating as defined in MILPERSMAN 1440-010. Forced conversions will be conducted per MILPERSMAN 1440-010 and as further described in this article. COs may recommend forced conversion/revocation of the SB rating NEC by submitting NAVPERS 1221/6 to BUPERS-324. Service members assigned NEC 0000 have 30 days to request conversion to an undermanned rating per MILPERSMAN 1440-010 and command shall remove advancement recommendation until member successfully converts to new rating. This revocation shall not be used as a punitive measure, but based on the CO's determination that the member is no longer suitable for assignment in the SB rating. The NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC shall include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)",

or

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action,"

or

"The member is unsuitable for duty in Diver/EOD/SEAL/SWCC/UCT commands. The member may not reapply for reinstatement for NEC 5352."

Primary reasons for forced conversion/revocation of NEC include (but are not limited to) the following:

a. **Duties.** Failure or unwillingness to perform duties required of the rating.

b. **Failure to maintain rating eligibility**

(1) Permanent revocation by Department of the Navy, Central Adjudication Facility (DON CAF) of the member's security clearance.

(2) Permanent physical disability.

c. **Professional Performance**

(1) Willfull dereliction of duty.

(2) Breaches in ammunition, arms, explosives (AA&E); parachute; or ordnance; safety or regulations.

(3) Loss of CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personnel conduct.

d. **SWCC Qualification.** Failure to attain SWCC qualification as specified in reference (g).

e. **Alcohol Abuse.** Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (h). At any time during or upon completion of those proceedings, COs have the following options:

(1) If a counseling/rehabilitation program appears **likely to succeed**, the member will remain assigned to the command in a non-SB NEC status and will have a program developed per reference (h).

(2) If **future alcohol abuse is considered likely**, or the member **fails rehabilitation treatment**, the CO must certify that the member has no potential for further useful service and must initiate separation procedures. Commands will submit a NAVPERS 1221/6 to BUPERS-324 to revoke the SB rating related NEC.

(3) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, or Federal law, or Uniform Code of Military Justice (UCMJ)) **or substandard service** and are found in need of treatment, will not be forced converted, member will retain NEC and all associated specialty pays, but be disqualified to supervise any operations until successful completion of treatment.

f. **Drug Abuse.** Members identified as having abused drugs as defined in reference (h) are not eligible for future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146. Commands will submit NAVPERS 1221/6 to BUPERS-324 to revoke the SB rating related NEC.

Note: Forced conversion from the SB rating shall not be used as a substitute for required disciplinary and or administrative action. Particular consideration shall be exercised to ensure that forced conversion is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

15. **Supervisory Status.** There are a few situations in which personnel are unable to meet the physical standards for SB duties, to include parachute operations, through no fault or lack of diligence on the member's part. In these few cases, personnel whose significant SB experience is of continued value to the Navy, may apply for "supervisory status" designation and remain in the SB rating.

a. **Eligibility.** Personnel must be designated as an SB (SWCC) and remain qualified for sea duty.

b. **Request Designation.** Request designation for "supervisory status" by submitting NAVPERS 1306/7 **via** their CO and BUMED (M3/50M2) **to** BUPERS-324. Request shall contain the following:

(1) Results of a recent SO physical examination as enclosure (1).

(2) A brief synopsis of previous NEC-related experience as enclosure (2).

c. **Designation.** BUPERS-324 will designate personnel in "supervisory status" based on the following considerations:

(1) Favorable endorsement of the member's request by the CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "supervisory status" at the member's activity. Personnel designated "supervisory status" will be limited to a maximum of 5 percent of an activity's onboard NEC-related billet allowance, or less if the number may be detrimental to operational capability.

d. **Disapproval.** If disapproved, the member will be forced converted to another rating per MILPERSMAN 1440-010.

e. **Tenure and Extensions.** Designation of personnel for "supervisory status" shall be made to coincide with required SO duty physical examination tenure. Extension of "supervisory status" must be requested to coincide with completion of SO duty physical examinations. Personnel designated "supervisory status" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of SO duty physical examination.

f. **Assignments.** Personnel that are designated "supervisory status" are assignable to sea duty, eligible for pay per their current NEC, and limited to performing non-operational supervisory duties only.

16. **Periodic Requalification.** Periodic requalification of SB personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC Requalification.** For policy on specific NEC requalification, refer to MILPERSMAN 1220-030.

The Naval Special Warfare Combatant-Craft Crewman (SWCC) program has evolved from the PT boats of WWII and the "Brown Water Navy" of Vietnam. They are specially trained to conduct and support Special Operations missions and work primarily with Naval Special Warfare (NSW) Sea, Air, and Land (SEAL) Teams.

Candidates may also volunteer for SWCC during basic training at Navy Recruit Training Command (NAVCRUITRACOM), or at any time during their enlistment prior to their 31st birthday.

In-service recruiters (motivators), NAVCRUITRACOM and Fleet, give presentations on the Navy's SWCC program, conduct the physical training screening tests, and assist interested men with their applications. In-service recruiters are located at Naval Amphibious Base (NAB), Coronado, CA; and NAB Little Creek, VA. Call 1-800-USN-SEAL or go to www.sealswcc.com for more information.

Personnel who enter the Navy in the nuclear, advanced electronics, or other 5- or 6-year enlistment programs are not eligible for the SWCC program. SWCC training is physically and mentally demanding, but the individual who accepts the challenges is rewarded with advanced training and extraordinary duty assignments.

Career Path After Recruit Training				
Enlistees are taught the fundamentals of SWCC operation through SB "A" School and on-the-job training. After recruit training, SWCC candidates attend SB "A" School at Coronado, CA.				
School	Present Location	Approximate Training Time	Subjects	Training Methods
NSW Preparatory	Great Lakes, IL	8 weeks	Physical and psychological preparation for SWCC training	Group instruction, classroom and practical
Special Warfare Combatant-craft Crewman (SWCC) Orientation	Coronado, CA	3 weeks	Physical and psychological preparation for Basic SWCC Training (BCT)	Group instruction, classroom, and practical instruction
Basic Crewmember Training (BCT)	Coronado, CA	5 weeks	Trains, develops, and assesses physical conditioning, water competency, basic seamanship, boat handling, teamwork, and mental tenacity	Group instruction, classroom, and practical instruction
Crewman Qualification Training (CQT)	Coronado, CA	26 weeks	Trains BCT graduates in advanced NSW core tactical knowledge and skills, and NSW SERE.	Group instruction, classroom, and practical instruction
After completion of basic SWCC training, graduates are assigned to special boat teams at Little Creek, VA; Stennis, MS; or Coronado, CA. SWCCs spend 70 percent of their time assigned to operational special boat teams capable to deploy worldwide, and 30 percent assigned to shore stations. Advanced training opportunities include advanced weapons, instructor training, foreign language, communications, intelligence, engine and boat repair, fastroping, rapelling, and parachuting.				

For SWCC Challenge information see COMNAVCRUITCOMINST 1130.8J, volume 5, chapter 2, section 4.

(Page 3 of 3)

What They Do

- Collect information about enemy military installations and shipping traffic in coastal or riverine areas.
- Conduct direct action raids against enemy shipping and waterborne traffic.
- Operate independently in small units to accomplish operational tasks.
- Operate and maintain weapon systems, communications, electronics, small boats, and other equipment associated with SWCC missions.
- SWCC Medics (Special Operations Combat Medics), provide combat trauma medical support during all operations, while also serving as SWCCs.

Qualifications and Interests

SWCC Challenge candidates should be motivated, self-assured and self-confident, willing to follow orders, and able to work under stressful and hazardous conditions. They should be in excellent physical condition and motivated to withstand the rigorous physiological demands imposed by the maritime environment. The ability to swim and withstand fatigue is a major factor in successful completion of the basic SWCC training.

Other necessary characteristics needed are good study habits and learning skills, knowledge of arithmetic and basic algebra, mechanical skills, and manual dexterity. SWCC candidates must be U.S. citizens eligible for security clearance. Normal color perception is required.

Working Environment

SWCCs perform Special Operations missions from fixed wing aircraft, helicopters, ships, and high speed small boats. They may be exposed to arctic, desert, or jungle environments including survival in enemy controlled areas. They may also perform administrative and foreign training missions in a wide variety of climates throughout the world.

------------------	-----------------------

Note: Medical Requirements. Prior to taking the physical screening test, each candidate must meet all medical standards for his or her prospective program. Refer to MILPERSMAN 1220-010, 1220-100, 1220-200, 1220-300, and 1220-400 for specific program standards.

1. Overview

a. The sea, air, and land (SEAL), special warfare combatant-craft crewmen (SWCC), explosive ordnance disposal (EOD), Navy diver (ND), and aviation rescue swimmer (AIRR) physical screening test (PST) shall be completed as a single event. All candidates must meet the minimum scores listed below to receive a contract or to maintain eligibility in their programs. **Candidates will complete each required physical event according to the standards outlined in paragraph 2 and followed in the sequence listed below:**

- (1) 500 yard swim;
- (2) 10 minute rest;
- (3) Maximum push-ups in 2 minutes;
- (4) 2 minute rest;
- (5) Maximum curl-ups in 2 minutes;

- (6) 2 minute rest;
- (7) Maximum pull-ups in 2 minutes;
- (8) 10 minute rest; and
- (9) 1.5 mile run.

b. **Minimum Scores.** All candidates must meet the minimum standards for their respective programs at each phase of the selection and training pipeline. Minimum scores are subject to change via this medium, Commander, Navy Recruiting Command, recruit training command, or enterprise instruction. It should be stressed that candidates should strive to achieve significantly more than the minimum standards listed below:

(1) **SEAL PST Minimum Standards:**

Swim	12:30
Push-ups	50
Curl-ups	50
Pull-ups	10
Run	10:30

(2) **SWCC PST Minimum Standards:**

Swim	13:00
Push-ups	50
Curl-ups	50
Pull-ups	6
Run	12:00

(3) **EOD/ND PST Minimum Standards:**

Swim	12:30
Push-ups	50
Curl-ups	50
Pull-ups	6
Run	12:30

(4) **AIRR PST Minimum Standards:**

Swim	12:00
Push-ups	42
Curl-ups	50
Pull-ups	4
Run	12:00

2. **Event Standards and Test Procedures**

a. **Swim Event**

(1) The swim is a timed 500 yard (450 meter) swim. For special warfare operator (SO), special warfare boat operator (SB), EOD, and ND the swimmer must use the side-stroke or the breaststroke. Both strokes must be conducted without an overhand recovery (i.e., the swimmer's hand must remain below the surface of the water). AIRR candidates may use the American crawl, sidestroke, or breaststroke.

(2) The event shall only be conducted in a standard 25 or 50 yard/meter swimming pool.

(3) The uniform for the swim portion shall be any swimsuit.

(4) The swim event shall be conducted as follows:

(a) The swimmers enter the water;

(b) The timer shall signal the start;

(c) The candidates will call out the lap number as each lap is completed;

(d) Swimmers may push off from sides with the hands and feet after each pool length;

(e) Resting is permitted by conducting survival float or by treading water. Candidates shall not stand on the bottom of the pool, or hang on the side of the pool or lane lines;

(f) Goggles or facemasks are optional, but swimmers may **not** use swim caps, ear plugs, fins, snorkels, a wet suit, or flotation and or propulsion devices;

(g) Upon completion of the final lap, the candidate will call out "time" and the timer will call out the time to the nearest second; and

(h) The candidate then reports the event time to the recorder.

(5) **The swim event is ended if the candidate:**

(a) Completes the prescribed distance;

(b) Receives or requires assistance from a lifeguard or other person;

(c) Uses an overhand recovery at any time (unless screening for AIRR only); or

(d) Uses the bottom, side of the pool, or lane lines to stand or rest.

b. **Push-up Event**

(1) The push-up event will be conducted per reference

(a). Push-ups executed by the candidate using improper form should not be counted towards the candidate's total.

Figure 1: The "up" position of the push-up. Notice that the arms are straight and the back, buttocks, and legs are in line.

Figure 2: The "down" position of the push-up. Notice the arms form right angles and the back, buttocks, and legs are in line. The upper portion of the arms should be parallel to the deck.

(2) Push-ups shall be performed on a firm (or suitably padded) level surface.

(3) Push-ups shall be performed as follows:

(a) The candidate shall begin in a "front-leaning rest" position with the palms of the hands placed on the deck directly beneath or slightly wider than the shoulders. Both feet shall be together on the deck;

(b) The back, buttocks, and legs shall be straight from head to heels and must remain so throughout test. The toes and palms of the hands shall remain in contact with the deck. The feet shall not contact a wall or other vertical support surface;

(c) The timer shall signal the start for the candidate and call out 15-second time intervals until 2 minutes have elapsed;

(d) The candidate shall lower entire body as a single unit by bending the elbows until the arms form right angles and the upper arms are parallel to the deck;

(e) The candidate shall return to starting position by extending the elbows, raising the body as a single unit until the arms are straight; and

(f) The candidate may only rest in the "up" position while maintaining arms, back, buttocks, and legs in a straight position.

(4) Push-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the candidate's partner. Incorrect push-ups shall not be counted. Candidates will receive a verbal warning for any incorrect push-ups. Results for an event ending in less than 2 minutes shall be the number of push-ups properly performed at the time of termination.

(5) The event is ended if the candidate:

(a) Touches the deck with any part of his or her body except for the hands and feet;

(b) Raises one or both hands, or feet off of the deck or ground;

(c) Fails to maintain back, buttocks, and legs in a straight line from head to heels; or

(d) Receives more than two verbal warnings for executing incorrect procedures.

c. Curl-up Event

(1) The event shall be conducted with a partner on a level surface, using a blanket, mat, or other suitable padding.

Figure 3: The "down" position of the curl-up. Notice the partner holding the member's feet. Any other means of securing the member's feet is not authorized. The candidate's buttocks must remain on the ground throughout the curl-up (about 10 inches from the heels).

Figure 4: The "up" position of the curl-up. Notice that the elbows touch the thighs no more than 3 inches below the knees while the hands remain in contact with the shoulders or chest.

(2) Curl-ups are conducted as follows:

(a) The candidate shall start by lying flat on his or her back with knees bent (heels approximately 10 inches from the buttocks). The arms shall be folded across and touching the chest with the hands touching the upper chest or shoulders;

(b) The candidate's feet shall be held to the deck by a partner's hands. Any other means of securing the member's feet is not authorized.

(c) The timer shall signal the start for the candidate and call out 15-second time intervals until 2 minutes have elapsed;

(d) The candidate curls body up, touching the elbows to his or her thighs no more than 3 inches below the knees while keeping the hands in contact with the chest or shoulders;

(e) After touching the elbows to his or her thighs, the candidate lies back, touching the lower edge of the shoulder blades to the deck; and

(f) The candidate may rest in the up or down position, but the hands must remain touching the upper chest or shoulders at all times.

Note: When in the "up" position, the candidate may only rest with the elbows touching the thighs, not on top of his or her knees.

(3) Curl-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the candidate's partner. Incorrect curl-ups shall not be counted. Candidates will receive a verbal warning for any incorrect curl-ups. Results for an event ended in less than 2 minutes shall be the number of curl-ups properly completed at the time of termination.

(4) **The event is ended if the candidate:**

(a) Lowers his or her legs;

(b) Raises the feet off of the deck or ground;

(c) Lifts the buttocks off of the deck or ground;

(d) Fails to keep his or her arms folded across and touching the chest;

(e) Fails to keep his or her hands in contact with the chest or shoulders;

(f) Remains in the down position for more than 5 seconds; or

(g) Receives more than 2 verbal warnings for executing incorrect procedures.

d. Pull-Up Event

(1) The event shall be conducted at a pull-up bar.

(2) The proctor will inform the candidate to begin the event. At that time, the candidate mounts the bar. The candidate has 2 minutes from mounting the bar to conduct event.

Figure 6: The "down" position of the pull-up. Notice that the arms are fully extended.

Figure 7: The "up" position of the pull-up. Notice that the chin is even with the top of the bar.

(3) **Pull-ups are conducted as follows:**

(a) The candidate shall mount the bar, starting with the arms and shoulders fully extended in a dead hang;

(b) The timer shall signal the start for the candidate and call out 15-second time intervals until 2 minutes have elapsed;

(c) The candidate shall pull his or her body up until the chin is even with, or above the top of the bar;

(d) The candidate shall not use lateral, forward, or backward "kipping" motion while performing a pull-up. The candidate may cross or uncross his or her legs if desired;

(e) After the chin has passed the bar, the candidate must return to the starting position to complete the repetition;

(f) The candidate may rest in the starting position at any time. Both hands must remain on the bar for the duration of the event; and

(g) The event is completed when the candidate dismounts the bar or 2 minutes have elapsed.

(4) Pull-ups are repeated correctly as many times as possible in 2 minutes, and are counted aloud by the candidate's partner.

(a) Incorrect pull-ups shall not be counted.

(b) Candidates will receive a verbal warning for any incorrect pull-ups.

(c) Results for an event, ended in less than 2 minutes, shall be the number of pull-ups properly completed at the time of termination.

(5) **The event is ended if the candidate:**

(a) Touches anything other than the horizontal portion of the pull-up bar; or

(b) Removes his or her hands from bar.

(c) Receives more than two verbal warnings for executing incorrect procedures.

(6) The candidate will report the push-ups, curl-ups, and pull-ups he or she completed to the recorder after completing the pull-up event.

e. Run Event

(1) The run is a timed 1.5 mile run to be completed as quickly as possible. The uniform for the timed run is running shoes, t-shirt, and shorts.

(2) **The event shall be conducted on a flat, solid surface as follows:**

- (a) The candidate shall stand at start line;
- (b) The timer shall signal the start and call out time intervals until the completion of the test;
- (c) The candidate calls out lap number when passing the timer;
- (d) Upon completion of the final lap, the candidate will call out "time," and the timer will call out the time to the nearest second; and
- (e) The candidate will report his or her time to the recorder.

(3) **The event is ended if the candidate:**

- (a) Stops running or walking other than to retie his or her shoelace, or to remove foreign objects from the shoes;
- (b) Deviates from prescribed course; or
- (c) Completes the 1.5 miles.

ENLISTED OCCUPATIONAL CLASSIFICATION STRUCTURE

Responsible Office	CNO (N13)	Phone:	DSN	224-5565
			COM	(703) 614-5565
			FAX	223-5368

1. **Purpose**. Provide uniform terminology for identifying the aptitudes, abilities, training, education, and experience of enlisted personnel.

2. **Multiple Duty Assignments**

a. Personnel in the Navy perform several duty assignments which may be unrelated in terms of skills and knowledge required. The Navy Occupational structure is defined with three categories.

Battle Stations	Watch Duties	Occupational
Unit's Combat Mission	<ul style="list-style-type: none"> • Naval Operations • Management • Security 	<ul style="list-style-type: none"> • Rating • Navy Enlisted Classification Code

b. Battle Station duties represent a Sailor's basic profession of a fighting man. Watch Duties are the specific requirements of each command and with the exception of ratings like Quartermaster or Operations Specialist for example, may not be related to the Sailor's Occupational classification. Occupational duty is the Sailor's day-to-day functions in support of the command and its personnel.

3. **Rating**

a. The Enlisted Rating Structure is the Navy's primary method for Occupational Classification. Personnel are identified by career fields which form the basis for training. The rating structure is divided into major occupational areas with general apprenticeships forming the paths of advancement to various ratings.

(1) NAVPERS 18068F, Volume 1, Navy Enlisted Occupational Standards outlines the scope of each rating and general apprenticeship. Additionally, it prescribes the minimum

eligibility requirements for advancement to pay grade E-3 and above, along with information pertaining to paths of advancement to warrant officer and limited duty officer.

(2) Enlisted members are identified by either a general apprenticeship or a rating. General apprenticeships classify E-3 and below. Ratings classify E-4 through E-9. Any combination of apprenticeship and pay grade, or of rating and pay grade, is known as a rate.

b. Enlisted ratings are established or disestablished with the approval of the Secretary of the Navy and implemented by Navy Personnel Command. Any changes would be based on technological advances; administrative requirements; recommendations received from the fleet, bureaus, personnel managers and warfare sponsors within the Office of Chief of Naval Operations and systems commands; research studies and recommendations made by Navy's Enlisted Occupational Classification Structure (NEOCS) board.

4. **NEC's**. The Navy Enlisted Classifications structure supplements the rating structure. NAVPERS 18068F, Volume II, Navy Enlisted Classifications (NEC Manual) contains the enlisted classification coding structure and is the primary tool for the NEC coding of manpower authorizations and personnel.

a. Navy Personnel Command is responsible for the formulation and implementation of the NEC coding system.

b. NECs shall be reviewed and verified to ensure accuracy and currency upon detachment, receipt, change in rate or rating, separation, reenlistment, transfer to the Fleet Reserve, or retirement.

---------------------	---

1. **Purpose.** This article establishes Navy-wide procedures for submitting a request to award, remove, or archive a Navy enlisted classification (NEC) code.

2. **Policy.** Personnel are automatically assigned NECs upon satisfactory completion of applicable courses through the Corporate Enterprise Training Activity Resource System (CeTARS), if all prerequisite requirements are met as outlined in reference (a). This ensures faster NEC assignments and reduces paperwork at the command level. NECs earned through on-the-job training, factory training, or non-Navy training are not automatically assigned. In these cases, recommendations for assignment of NECs should be forwarded to the Navy Personnel Command (NAVPERSCOM), Distribution Support Section (PERS-4013DS) by submitting NAVPERS 1221/6 Navy Enlisted Classification Change Request. NAVPERS 1221/6 provides a standard format for naval activities reporting NEC data for inclusion into the Navy Enlisted Personnel System and Inactive Manpower and Personnel Management Information System.

3. **Instructions.** NECs may be awarded, removed, or archived as follows:
 - a. To request an award of an NEC, personnel must meet the requirements of reference (a), chapter 4. Submit NAVPERS 1221/6 to NAVPERSCOM (PERS-4013DS).

b. To remove or archive an NEC code, submit NAVPERS 1221/6 with the endorsement of the commanding officer or officer in charge to NAVPERSCOM (PERS-4013DS).

4. **Submission of Requests.** Requests may be submitted via encrypted e-mail, mail, or facsimile. In order to protect personally identifiable information, the request shall be submitted via the most secure means practicable, preferably encrypted e-mail. If submitting a request for the same NEC on more than one member, enter "see attached" in blocks 1 and 2 of NAVPERS 1221/6. Attach a list containing the rate, name, and assigned UIC (if different than block 4) of all members. Block 14 shall contain the point of contact's e-mail address. Due to legacy data system interfaces, NAVPERSCOM (PERS-4013DS) requires that the full SSN for Selected Reserve personnel only.

- Send **encrypted** e-mail requests to MILL_NEC_REQUEST@navy.mil (preferred method).
- Mail requests to Navy Personnel Command, NEC Management (PERS-4013DS), 5720 Integrity Drive, Millington, TN 38055-3340;
- Send facsimile to (901) 874-2027, and address the request to NAVPERSCOM (PERS-4013DS). Utilize a DD 2923 Privacy Act Data Cover Sheet and ensure receipt by NAVPERSCOM (PERS-4013DS).

PURPOSE AND SCOPE OF NAVY PERSONNEL CLASSIFICATION SYSTEM

			FAX	882-6475

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards (b) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications
-------------------	--

1. **Introduction.** The Navy classification system and the supporting occupational structures provide the means to identify skills and capabilities of personnel, as well as the Navy's requirements for these skills and capabilities. This system facilitates the following:

- Personnel planning, procurement, and selection for training.
- Development of training requirements.
- Promotion, distribution, assignment, and the orderly call to active duty (ACDU) of inactive duty personnel in times of national emergency or mobilization.

2. **Mission.** Navy Manpower Analysis Center (NAVMAC) is tasked to collect, process, and analyze occupational information involving job content and tasking of enlisted ratings and officer specialties within the Navy. To accomplish this mission NAVMAC administers the following:

- Navy Enlisted Occupational Classification System (NEOCS)
- Navy Officer Occupational Classification System (NOOCS)

3. **Definition.** Classification encompasses the following:

a. Classification of **personnel** which is the collection, evaluation, recording, dissemination, and use of information

regarding the aptitudes, abilities, education, training, work experience, and qualification of members.

b. Classification of **billets** which is the collection, evaluation, recording, dissemination, and use of significant occupational information for presenting characteristics, definitions, qualifications, requirements, and standards for naval billets.

4. Classification System

a. NEOCS/NOCS structures are revised on a continuing basis to

- utilize individual versatility and specialization, and provide needed occupational flexibility in the naval organization;
- recognize individual differences and enhance career opportunities; and
- keep abreast of technological developments and the resultant operational requirements of both fleet and shore activities.

b. Commanding Officer, NAVMAC is the Executive Secretary, and provides the recorder and administrative/technical services for the NEOCS and NOCS boards.

c. NAVMAC publishes the following manuals (references (a) and (b)) in support of NEOCS and NOCS:

- (1) **NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards**
Volume I, Navy Enlisted Occupational Standards
Volume II, Navy Enlisted Classifications (NECs)
- (2) **NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications**
Volume I, Major Code Structures
Volume II, The Officer Data Card

5. **NEOCS**. Provides the means by which all Navy enlisted personnel are classified and supports enlisted personnel planning, procurement, training, promotion, distribution, assignment, and mobilization within the classification system.

NEOCS consists of the **Enlisted Rating Structure** and its supplement, the **NEC Structure**.

a. **Enlisted Rating Structure** - Reference (a), Volume I

(1) The enlisted data collection and study point for **all** Navy ratings and occupational areas. Updates to Occupational Standards (OCCSTDs) are accomplished through the Navy Occupational Analysis Process which determines the occupational quality of enlisted manpower requirements using data collection tools.

(2) Consists of:

- **occupational fields** (i.e., broad groupings of similar occupations);
- **ratings** (i.e., occupational specialties); and
- **rates** (i.e., a paygrade within a rating).

(3) Provides a framework for enlisted career development and advancement, and is the primary administrative means for classifying and identifying enlisted personnel.

(4) Enlisted ratings are **established** or **disestablished** with the approval of Secretary of the Navy (SECNAV) and **implemented** by Navy Personnel Command (NAVPERSCOM). Any changes would be based on:

- technological advances;
- administrative requirements;
- recommendations received from the fleet, bureaus, personnel managers, and warfare sponsors within the Office of Chief of Naval Operations (OPNAV) and systems commands; and
- research studies, and recommendations made by the NEOCS board.

b. **NEC Structure** - Reference (a), Volume II

(1) The NEC system, of which the NEC coding system is a part, supplements the enlisted rating structure in identifying personnel on active or inactive duty and billets.

(2) NEC codes identify a non-rating-wide skill, knowledge, aptitude, or qualification that must be documented to

identify both personnel and manpower authorizations for management purposes. Additionally, an NEC can be used to identify special circumstances or situations with approval via the NEOCS process.

(3) NAVPERSCOM is responsible for the formulation and implementation of the NEC coding system.

(4) Navy Enlisted Classifications (NECs) shall be reviewed and verified for accuracy and currency upon detachment, receipt, change in rate or rating, separation, reenlistment, transfer to the Fleet Reserve, or retirement.

6. **NOOCS**. The method the Navy uses to identify skills, education, training, experience, and capabilities related to both officer personnel and manpower requirements. This system forms the basis for officer personnel planning, manpower management, procurement, training, promotion, distribution, career development, and mobilization.

a. Reference (b) (two volumes published quarterly, each issued separately) explains NOOCS codes and other code structures and established abbreviations used to identify the qualitative needs for officer manpower, and for reporting and recording officer qualifications and other personnel data.

b. The NOOCS Board serves as the central point for changes to the NOOCS. Activities proposing establishment, deletion, or revision to NOOCS subsystems should send recommendations via the appropriate chain of command.

c. **Reference (b), Volume I** consists of four major subsystems:

(1) The **Designator (DESIG)/Grade (GR) structure** consists of designators and paygrades that provide a framework for officer career development and promotion. This structure is the primary administrative means for classifying, identifying, and documenting officer manpower resources and requirements.

(a) The **DESIG** structure identifies primary naval specialty qualifications, associated legal and specialty categories, and competitive categories for promotion.

(b) The **GR** structure identifies occupational levels associated with the scale of naval officer paygrade and rank.

(2) The **Navy Officer Billet Classification (NOBC)** structure functionally describes general occupational duties.

(3) The **Subspecialty (SSP)** structure identifies postgraduate education (or equivalent training and/or experience) in various fields and disciplines.

(4) The **Additional Qualification Designation (AQD) structure** identifies additional qualifications or skills not included in the other NOOCS structures.

d. **Reference (b), Volume II** contains a description of the Officer Data Card (ODC), a listing of non-occupational manpower and personnel codes which provide foreign language data elements, ship and station, service school, education, and other identifiers. The ODC (which is prepared for ACDU officers only) is available for review online at www.bol.navy.mil.

7. **Support of Deputy Chief of Naval Operations (DCNP) (Manpower, Personnel, Training, and Education) (N1)**. NAVMAC supports the DCNP (N1) mission by:

a. **developing and issuing notices** on major NEOCS and NOOCS changes;

b. **acting as Navy point of contact (POC)** for all Department of Defense (DoD) merger/feasibility studies, which involve rating/requirement commonalities;

c. **conducting special surveys** for the DoD Interservice Training Review Organization (ITRO) and supporting DoD requirements for joint occupational studies;

d. **providing support** to the Naval Education and Training Professional Development and Technology Center (NETPDTC) and the Health Sciences Education and Training Command (HSETC);

e. **conducting systematic reviews** of the enlisted occupational rating structure to assess the scope, OCCSTDS, NEC codes, and special qualifications to develop initial recommendations for improvement;

f. **maintaining the Navy officer and enlisted occupational databases and histories;** and

g. **verifying rating data** contained in Navy Training System Plans (NTSPs).

8. **Role of Commands and Activities**. Commands and activities provide assistance in achieving the objectives of NAVMAC by facilitating data collection efforts and by ensuring the timely completion and return of data. Support for this data collection effort is key to ensuring the quality of information used in manpower, personnel, and training decision-making within claimancies of the United States Navy.

1. **Enlisted Paygrades and Titles**

a. The enlisted paygrades with their general titles and abbreviations are listed below in order of precedence.

b. The term "**Petty Officer**" (**PO**) applies to a member of the Navy in paygrades **E-4 through E-9**. The rating title or abbreviation may be substituted for the words "Petty Officer" or letters "PO", **except** in cases where that abbreviation would precede the abbreviation for a paygrade **between E-7 and E-9** (other than the Master Chief Petty Officer of the Navy (MCPON)). In those cases, the rating abbreviation for **Chief Petty Officer (CPO)**, "C" shall precede an "S" for **Senior Chief Petty Officer (SCPO)**, or "M" for **Master Chief Petty Officer (MCPO)**. Examples are: Master Chief Boatswain's Mate (BMCM) and Boatswain's Mate Second Class (BM2).

Paygrade	Title
E-9	Master Chief Petty Officer of the Navy (MCPON)
E-9	Master Chief Petty Officer (MCPO)
E-8	Senior Chief Petty Officer (SCPO)
E-7	Chief Petty Officer (CPO)
E-6	Petty Officer First Class (PO1)
E-5	Petty Officer Second Class (PO2)
E-4	Petty Officer Third Class (PO3)
E-3	General Apprenticeship (No Abbreviation)
E-2	General Apprenticeship, Apprentice (No Abbreviation)
E-1	General Apprenticeship, Recruit (No Abbreviation)

2. **Master Chief Petty Officer of the Navy (MCPON)**. The title of "**Master Chief Petty Officer of the Navy**" (**MCPON**) has been established in paygrade **E-9**, and is designated the **senior enlisted member of the Navy**.

3. **Rates**. The **apprenticeships** are referred to as **rates**. When the general title or abbreviation for a paygrade **between E-4 and E-9 is combined with a rating**, it is referred to as a **rate**.

RETESTING WITH THE ARMED FORCES CLASSIFICATION TEST (AFCT) VERSION OF THE ARMED SERVICES VOCATIONAL APTITUDE BATTERY (ASVAB)

Responsible Office	CNO (N132G)	Phone:	DSN	225-2444
			COM	(703) 695-2444
			FAX	225-9915

1. Background

a. The Armed Services Vocational Aptitude Battery (ASVAB) is given to non-prior service recruits as a tool to determine eligibility for enlistment, future Navy-wide advancement examination participation, and Class "A" training qualification.

b. To become eligible for in-service rating conversion programs or advancement examination requirements, members may require additional education to broaden their educational experience after entering Navy. Retesting these members with the Armed Forces Classification Test (AFCT) version of the ASVAB may improve their qualifications and options for career choices.

2. Authorization to Administer AFCT. To ensure all Sailors desiring to improve career options are afforded a timely opportunity to take the AFCT, all Personnel Support Activity Detachments (PERSUPP DETs) and large platform ships (CV/CVN, LHA, LHD) are authorized to administer the AFCT. Shore based testing sites are encouraged to administer the AFCT using a schedule that supports testing needs for all Sailors within their geographic area. Ships with testing authority are authorized to test Sailors on all ships/squadrons within their respective group. On a case-by-case basis, requests for AFCT testing authorization for other ships or sites will be approved based upon justification submitted to Chief of Naval Operations (CNO) (N132G). Authorized test sites must designate a **test control officer (TCO)** who will request test materials and be responsible for proper safeguarding and handling of test material per MILPERSMAN 1236-030. TCOs must be **commissioned officers** and are authorized to designate, in writing, **test administrators** to assist in actual AFCT testing and scoring. Test administrators must be a **petty officer second class (PO2) or above, preferably PS-2612, and cannot assume test handling**

responsibilities of the TCO. Test material requests should include TCO E-Mail and phone information and can be submitted via E-Mail to AFCTHelpdesk@navy.mil or mailed to the following:

**Chief of Naval Operations (N132G)
2 Navy Annex
Washington, DC 20370**

3. **Justification.** Members desiring to retest must meet all of the following criteria:

a. A legitimate reason for retesting (i.e., qualification for a rating conversion or special program).

b. At least 1 month elapsed since last ASVAB or AFCT.

c. A valid NAVPERS 1070-604 (Rev. 3-05), Enlisted Qualification History in member's service record.

d. Demonstrate positive improvement in education, language, or math proficiency by completing one or more of these requirements:

(1) Gaining a high school diploma or equivalency (e.g., General Educational Development (GED)) since most recent ASVAB or AFCT.

(2) Passing the United States (U.S.) citizenship test since most recent ASVAB or AFCT.

(3) Completion of Navy academic skills or functional skills course since most recent ASVAB or AFCT.

(4) Completion of educational enhancement software courses (e.g., PLATO) in math, English, history, science, social studies, or psychology since most recent ASVAB or AFCT.

(5) Complete a college or correspondence course in math, English, history, science, social studies, or psychology since most recent ASVAB or AFCT.

e. Completion of Navy "A" or "C" Schools or completion of Navy correspondence courses for advancement are **not** considered qualifying.

f. Requests shall contain full justification of need for retesting (including specific rating entry, schools, or special programs desired for which waivers could not be obtained) and documentation of improvement in education (paragraphs 3d(1) through 3d(5) above).

4. **AFCT Administration**. TCOs must verify that Sailors desiring to retest are eligible per this article and that all test participants understand that their new score becomes the official score even if lower than the previous test. TCOs will forward test results via letter to the test participant's command/service record custodian. The service record custodian must prepare a new NAVPERS 1070/604 with the new AFCT information and update the enlisted master files using Web Navy Standard Integrated Personnel System (NSIPS) transaction by forwarding a copy of updated NAVPERS 1070/604 to the NSIPS Help Desk. Additionally, the TCO will forward completed answer sheets and conversion worksheets for all AFCT tests administered to CNO (N132G).

5. **AFCT Inquiries**. Questions regarding the AFCT program and procedures may be addressed to the AFCT Help Desk at AFCTHelpdesk@navy.mil or by calling CNO (N132G) at (703) 695-1357/DSN 225.

-------------------	----------------------

1. Definition

a. As a general rule, the Post Accession Reclassification Program is a continuation of the enlisted classification process that begins before each member enlists in the Navy. Per reference (a), the Navy enlisted accession supply chain is managed by Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-00C2) that is responsible for executing the Post Accession Reclassification Program per Deputy Chief of Naval Operations (DCNO), Manpower, Personnel, Training and Education (OPNAV (N1)) total force objectives and policies.

b. Sailors who have completed Basic Military Training (BMT), but have not completed their initial Navy skills pipeline training (e.g., "A" school preparation courses, "A" school, "C"-school, etc.), and have not reached their first fleet assignment since initial entry into naval service, will be processed as follows:

(1) Reclassified per reference (a) and PMO guidance; or

(2) Processed for administrative separation (if warranted per MILPERSMAN 1910-100).

c. All recruits and most dropped students will receive the benefit of a one-on-one interview by an enlisted classifier at the supporting Personnel Support Activity Detachment (PERSUPPET). These interviews are required for personnel ineligible for initial contract guarantee or selected for a new

rating at Navy Recruit Training Command, and for students dropped at initial "A" school training.

2. **Purpose.** Purpose of the Post Accession Reclassification Program is to:

a. Optimize Navy accession assets to meet OPNAV (N1) strategic manning goals; and

b. Ensure Sailors are being placed into career paths for which they are best suited.

3. **The Enlisted Classifier**

a. The enlisted classifier must be supported by the servicing PERSUPPDET and the training activity. The enlisted classifier will comply with BUPERS-00C2 post accession reclassification guidance and policies set forth by DCNO, Military Personnel Plans and Policy (OPNAV (N13)).

b. The enlisted classifier, with the necessary training in vocational counseling and in the unique position of trust on behalf of the Navy, will interview and counsel the member as to the best course of action given the circumstances. The purpose of the enlisted classification interview is as follows:

(1) Document the events, make appropriate service record entries, and ensure corporate pay and personnel systems are updated.

(2) Arrange additional training for the member (if appropriate).

NOTE: Any PERSUPPDET providing reclassification services for training activities will provide these services using an assigned **PS-2612** or civilian equivalent. BUPERS-00C2 shall be informed of this designation.

4. **Not Eligible for Assignment to Another "A" School.** The following categories are not eligible for assignment to another Class "A" school:

a. Dropped from a second Class "A" School.

b. Dropped for disciplinary reasons (may be re-interviewed on a case basis at the request of the training activity).

5. **Dropped for Academic Reasons**. A member dropped from Class "A" School for academic reasons, and not excluded by above categories, will be considered for reassignment to a second school for which member is qualified, and for which there is a Navy need. The member must be eligible in all respects for the second school (i.e., test scores, security clearance, obligated service (OBLISERV) requirements, etc.). No waivers are authorized for assignment to a second Class "A" School.

6. **Interview** The enlisted classifier will conduct the reclassification interview per reference (a).

1. **Policy.** Enlisted classification test materials, including examination questions and answers, are official information and warrant protection under statutory requirements or in the public interest. This article sets forth minimum protection and control and applies specifically to all enlisted classification test materials such as the following:

a.	Armed Forces Classification Test (AFCT)
b.	Armed Services Vocational Aptitude Battery (ASVAB)
c.	Defense Language Aptitude Battery (DLAB)
d.	Navy Advanced Programs Test (NAPT)
e.	Radio Code Aptitude Battery (RCAT)

2. **Labeling and Handling**

a. All tests (including examiner's copy) and scoring keys are designated "For Official Use Only" and must be so labeled.

b. Test answer sheets must be handled as "For Official Use Only."

c. Handling of unwrapped tests, scoring keys, copies of tests, and completed answer sheets after test administration must be limited as follows:

ACTIVITY (authorized by Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training and Education Division (N13) to hold enlisted classification tests)	TEST CONTROL OFFICER (TCO) (by written order of the commanding officer or readiness commander)	TEST ADMINISTRATOR (testing and grading)	ENLISTED CLASSIFICA- TION TESTS

Naval and Marine Corps Reserve Center (NMCRC)			
Naval Air Reserve Center (NAVAIRESCEN)			

3. **Accounting for Materials.** Enlisted classification test materials must be carefully accounted for and stored as specified in this article when not in use.

a. A log must be kept on access to classification test materials with the below minimum information entered:

(1)	Time and date safe opened and closed.
(2)	Who had access.
(3)	Test materials removed and returned.
(4)	Reason removed and returned.
(5)	A positive indication that all materials are accounted for.
(6)	Daily entries as to whether or not the safe was opened.

b. Inventory shall be by:

(1)	Serial number.
(2)	Number of each item on board.

c. Other inventories will be per reference (a) and (d).

d. After testing, but prior to the departure of the examinee(s), all test materials will be collected (i.e., test booklet, answer sheet, scratch paper, pencils, etc.) and handled as follows:

(1)	The test booklet will be given a page-by-page check.
(2)	All pencil marks will be erased from the test booklet before it is used again.
(3)	Copies that are too marked-up or deteriorated beyond use will be destroyed as prescribed in this article and reported as destroyed on the next semi-annual Classification Report. (Exception: NAPT materials held by NRDs shall be returned to (OPNAV), Nuclear Enlisted Program (N133D).

4. Travel

a. Enlisted classification test materials must not be taken to geographical locations other than the one designated an enlisted classification site by Chief of Naval Operations (CNO) or Commander, Naval Reserve Force (COMNAVRESFOR) (i.e., enlisted classification test materials shall not be taken on road trips without proper authorization).

b. Requests to perform travel with enlisted classification test materials must be forwarded to OPNAV (N13) via the chain of command and must state:

(1)	the specific reason and justification for travel;
(2)	that test materials will remain in personal custody of those persons authorized to handle such materials;
(3)	that the travel can be completed in less than 1 day;
(4)	that a safe is available at the testing site to which travel is desired;
(5)	that no one except the TCO, enlisted classifier, or enlisted coordinator (for naval Reserve activities) has access to the safe;
(6)	that local funding of the travel is available; and
(7)	that no other reasonable means exists to accomplish the desired testing.

c. For NRDs, for all regulations regarding traveling with the NAPT, refer to reference (a).

5. **Transfer**

a. Enlisted classification test materials must not be transferred between activities unless specifically authorized by OPNAV (N13).

b. For Naval Reserve activities, enlisted classification test material custody must not be transferred between activities unless specifically authorized by:

(1)	COMNAVRESFOR (Code 22A6) for air activities.
(2)	COMNAVRESREDCOM for surface activities, with a copy to COMNAVRESFOR (Code 22A6).

6. **Replacement**

a. Replacement test materials must be requested by letter stating the reason for the test materials requested.

(1)	For NRDs - a letter of request must go to OPNAV (N13) via Commander, Navy Recruiting Command, Millington, TN.
(2)	For Naval Reserve activities - a letter of request must go to COMNAVRESFOR (Code 22A6) via the proper chain of command (i.e., NAVRESREDCOM/NAS/NAF/NAVAIRES).

b. Old test materials must be destroyed per this article upon receipt of replacements (except NAPT test materials held by NRDs, which shall be returned to OPNAV (N133D)).

7. **Transmittal**

a. Transmittal of test materials (except blank answer sheets) must be as follows:

(1)	By registered mail.
(2)	Packages of classification test materials must be: <ul style="list-style-type: none">• double wrapped,• tape sealed, and• accompanied by a delivery receipt for all test materials.
(3)	The inner and outer envelopes must reflect the address of both the sending and receiving commands.
(4)	The inner wrapper must be plainly marked: <ul style="list-style-type: none">• on the tape seal, and• on both sides at the top and bottom, and• at both ends, "TO BE OPENED ONLY BY PERSONNEL AUTHORIZED TO HANDLE NAVAL MILITARY PERSONNEL TEST MATERIAL."

b. Upon receipt and determination by the receiving activity that the package contains test materials and prior to removal of the marked wrapping, it must be delivered only to the designated enlisted classification test control officer to preclude the possibility of compromise.

8. **Storage**. Minimum storage requirements for test materials are as follows:

a.	Non-portable metal file cabinets with a locking bar, or safes that have a 3-tumbler combination security lock or equivalent must be used. For NAPT storage requirements, refer to reference (a).
b.	For combination locks, the lock combination shall be periodically changed as prescribed for classified material containers.
c.	For NRDs, refer to reference (a) for regulations regarding storage of the NAPT while traveling.

9. **Destruction**

a. Destruction of test materials must be by burning or shredding and must be accomplished under the supervision of personnel designated to handle test materials, who must certify:

(1)	date of destruction;
(2)	title of material;
(3)	NAVPERS number;
(4)	serial number; and
(5)	number of copies destroyed.

b. The certification shall be retained by the responsible custodian of test materials until 2 years after the test series is canceled.

c. For naval Reserve activities, test material destruction must be reported to NAVRESREDCOM (for surface) and COMNAVRESFOR (Code 22A6) (for air) on the next semi-annual classification report.

d. For the NAPT, scratch paper used during the test must be accounted for by the test grader, but may be destroyed immediately by shredding or burning without the destruction certification specified in 9a above.

10. Compromise or Loss

- a. Compromise or loss of any enlisted classification test material must be reported by both message and letter as follows:

(1)	Brief message to OPNAV (N13) (with information addressee as appropriate) within 24 hours of discovery.
(2)	Letter to OPNAV (N13) reporting missing, lost, or stolen Government property (via the appropriate chain of command) providing: <ul style="list-style-type: none">• pertinent information about the loss or compromise;• specific corrective action taken to preclude recurrence;• findings of fact; and• recommendations of the investigator.

- b. An investigation is required in all cases of compromise, probable compromise, or loss of enlisted classification test material.

FLAG LEVEL REVIEW CONCERNING PERSONNEL ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

1. Policy

a. Officers in command may request a flag level review of a member's assignment when normal avenues of appeal have been exhausted.

b. A request for a flag level review may be made only by officers in command and only after prior attempts to reach a solution by consulting with the appropriate assignment branch head and division director have been exhausted.

2. Request Submission. If resolution cannot be achieved at the division director level, a request for a flag level review may be submitted in either message or letter format to Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4), with information copies to the chain of command. The minimum information required from the commanding officer (CO) requesting the flag level review is

- a. the member's name,
- b. social security number (SSN),
- c. specific reasons the CO believes the member was unfairly treated,
- d. the results of the command's discussions with the appropriate assignment branch head and division director, and
- e. any additional information considered pertinent.

3. **Responsibility of NAVPERSCOM (PERS-4)**

a. Commands will be informed if the flag level review request does not contain all of the necessary information, and the request will be held in abeyance until the command submits the required correspondence. Flag level reviews will be conducted only when the command supports the individual's case.

b. If a flag level review is conducted, the appropriate assignment/placement division will provide detailed input, which will include a chronological chain of events with supporting documentation, via the appropriate division director to NAVPERSCOM, Distribution Management Division (PERS-45).

c. NAVPERSCOM (PERS-45) will investigate the circumstances surrounding the assignment issue and recommend appropriate action to NAVPERSCOM (PERS-4) via the cognizant division director.

d. NAVPERSCOM (PERS-4) will respond to the authority requesting the flag level review, providing results of the review. The cognizant division director will be provided a copy of the response, and the case file will be retained by NAVPERSCOM (PERS-45).

1. Guidance

a. This article establishes the procedure for the procurement, accounting, and administration of Navy members performing duty with the Army, Air Force, or Coast Guard.

b. This article does not pertain to administration of naval members assigned to international staffs, joint staffs, joint activities, joint agencies, or joint committees (reference (a) pertains).

2. Request Procedures

a. Requests for Navy members to perform duty with the Army, Air Force, or Coast Guard will be addressed to Chief of Naval Operations (CNO) indicating the billet description, number, grade, length of tour, and special qualifications desired.

b. Upon approval of the request, Chief of Naval Personnel (CHNAVPERS) will be responsible for any additional liaison required in connection with the administration and personnel matters affecting such members. This activity will normally be located in close proximity to the Army, Air Force, or Coast Guard activity and is hereinafter referred to as the **administrative commander**.

c. When the designated administrative commander is serviced by a Pay/Personnel Administrative Support System (PASS) office, the administrative functions will be assigned as described in MILPERSMAN 1320-140 as circumstances warrant.

3. **Administrative Commander Duties**. The administrative commander is responsible for custody and maintenance of the member's service record, dissemination of Department of the Navy (DON) directives and publications, issuing instructions and appropriate forms for required Navy reports, and providing necessary administrative assistance to the Navy member. Personnel accounting responsibilities will be assigned by CHNAVPERS. Changes in the personal status of the Navy member, i.e., marital status, children, address, or such other data required to be entered in personnel records will be processed throughout the administrative commander.

4. **Tours of Duty**. The normal tour of duty with the Army or Air Force for Navy members is 24 months inclusive of training. Maximum tour lengths will be 36 months. Tours with the Coast Guard will vary from 18 to 24 months. Exceptions or adjustments to tour lengths will be based on mutual agreement between the participating services. If a tour of duty other than 24 months is desired or if a tour must be shortened, CHNAVPERS will notify the proper Army, Air Force, or Coast Guard authorities sufficiently in advance in order to maintain continuity within the command and to provide orderly planning for a relief. When a billet is no longer required or a change in the billet requirement is desired, the commanding officer (CO) of the Army, Air Force, or Coast Guard activity will notify CHNAVPERS of the change a minimum of 6 months in advance of the effective date.

5. **Governing Provisions for Members Performing Duty with the Army, Air Force or Coast Guard**. Navy members will be governed by the following provisions, with concurrence by Departments of the Army, Air Force, and Coast Guard:

a. In general, Army, Air Force, and Coast Guard COs should exercise court-martial jurisdiction over Navy personnel under their command only when the subject individual cannot be delivered to Navy for appropriate disciplinary action without manifest injury to the service or services involved. Accordingly, an Army, Air Force, or Coast Guard CO may initiate appropriate court-martial action to avoid manifest injury; however, in such event, CHNAVPERS and the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or the Commandant of the Coast Guard should be notified of such proposed action before the court-martial is convened. In all other cases, when it is determined that disciplinary action should be taken by court-martial, a request shall be made to have the Navy member concerned relieved from duty with the respective service. Such request, with full supporting data, should be forwarded to CHNAVPERS via the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or Commandant of the Coast Guard. COs must use due diligence to comply with the requirements for speedy trial under reference (b), Rules for Courts-Martial (R.C.M.) 707.

b. As a matter of policy, nonjudicial punishment (NJP) under provisions of reference (c) should not be imposed by a commander of one service upon a member of another service. When it is determined that such action should be taken for a Navy member serving with the Army, Air Force, or Coast Guard, a request shall be made to CHNAVPERS to have the member concerned relieved from duty with the respective service or to have the member concerned ordered to temporary additional duty (TDY) with the administrative commander or with the geographically nearest Navy commander whose CO is authorized to impose NJP. Such request shall be made to CHNAVPERS via the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or the Commandant of the Coast Guard. The request shall set forth a summary of the circumstances and a recommendation as to whether to retain the individual at the Army, Air Force, or Coast Guard command. When both such transfers are impractical, and the need to discipline the Navy member concerned is deemed urgent, the Army, Air Force, or Coast Guard CO may impose such punishment. Such CO shall, using discretion, determine if such transfers are impractical and whether the need to administer the punishment is urgent; however, when such reference (c) jurisdiction is exercised over a member of the Navy by an Army, Air Force, or Coast Guard CO,

a report of the circumstances, including the grounds for the aforementioned determinations, will be made to CHNAVPERS via the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or the Commandant of the Coast Guard as soon as practical.

c. This article does not limit an Army, Air Force, or Coast Guard CO in the use of nonpunitive measures not intended to become part of the permanent record of the Navy member concerned.

6. Disposition of Official Correspondence

a. Official correspondence initiated by Navy members, such as requests for change of duty or schools shall be sent to CHNAVPERS via the appropriate channels of the Army, Air Force, or Coast Guard. Navy members serving with the Air Force Training Command shall send such correspondence via Commander, Naval Education and Training Command (NETC). A copy of such correspondence shall be sent to the administrative commander for filing in the member's service record.

b. Granting of leave will be controlled and leave authorization issued by the CO of the Army, Air Force, or Coast Guard activity. All requests for leave will be forwarded by the CO of the Army, Air Force, or Coast Guard activity to the administrative commander to verify the member's leave balance. The administrative commander shall inform the requesting activity by return endorsement, prepare a NAVCOMPT 3065 (2-83), Leave Request/Authorization, and send Part 3 to the requesting activity. Upon return of the Navy member from leave, Part 3 of the leave authorization, with the hour and date of departure and return noted, will be sent to the administrative commander.

c. The Navy member will continue to receive pay support from the Defense Finance and Accounting Service (DFAS) Cleveland Center, Navy regional finance centers, and other Navy disbursing officers while performing duty with the Army, Air Force, or Coast Guard. The administrative commander will determine the appropriate finance office for this purpose.

d. Health records of Navy members will be maintained by the medical facility that maintains the health records for members of the Army, Air Force, or Coast Guard activity. When Navy members are hospitalized in Army or Air Force medical facilities, the appropriate service Clinical Record Cover Sheet

will be used to record such treatment. Upon completion of hospitalization, the original Clinical Record Cover Sheet will be filed in the Navy member's health record and one copy sent to:

Chief
Bureau of Medicine and Surgery (BUMED-481)
Navy Department
Washington, D.C. 20372-5120

e. Navy members shall follow reference (d) and wear Navy uniforms appropriate to those prescribed for personnel of the Army, Air Force, or Coast Guard for the local geographical area in which stationed. In combat areas or where the wearing of the Navy uniform would be inappropriate, Navy members may wear appropriate Army, Air Force, or Coast Guard uniforms if provided at no expense to the member. When such clothing is worn, proper Navy insignia shall be worn.

7. **Disposition of Orders.** Upon reporting and detaching, the CO of the Army, Air Force, or Coast Guard activity will send one copy of the Navy member's orders with endorsements to CHNAVPERS and one copy to the administrative commander. TDY orders in connection with Army, Air Force, or Coast Guard matters will be originated and funded by the respective service to which the Navy member is attached. CHNAVPERS will fund and issue orders to Navy members for Navy-sponsored TDY.

8. **Reports Submitted by COs.** COs of Army, Air Force, and Coast Guard activities shall submit officer and chief petty officer (CPO) fitness reports and enlisted evaluation reports on Navy members using **NAVPERS 1610/2** and **NAVPERS 1616/26**, per reference (e). (Exception: **NAVPERS 1611/2-1** and **NAVPERS 1611/2-2** shall be used for fitness reports on flag officers and flag selectees.) Evaluation forms of other services shall not be used. The administrative commander shall ensure that supported activities are aware of reporting requirements and due dates, and shall provide forms, instructions, and advice as necessary.

9. **Service Awards.** Army, Air Force, and Coast Guard COs may determine the eligibility of Navy members for campaign and service awards that have identical Army, Air Force, Coast Guard, and Navy requirements. Recommendations for campaign and service awards peculiar only to the Navy will be submitted to CHNAVPERS. In the case of personal decorations and citations for

outstanding heroism or achievement, Army, Air Force, and
Coast Guard COs may submit recommendations via official channels
to the proper authority.

------------------	--

1. **Purpose.** This article provides guidelines for commanding officers (CO) of naval activities in the procurement, accounting, and administration of Army and Air Force members performing duty with the Navy. Nothing in this article is intended to pertain to the administration of Army or Air Force members assigned to the following:

- a. International staffs;
- b. Joint staffs;
- c. Joint activities;
- d. Joint agencies; or
- e. Joint committees.

2. **Process**

a. A CO requiring the services of Army or Air Force members (officer or enlisted) must submit a request for an allowance to Chief of Naval Operations indicating:

- (1) Billet description;
- (2) Billet number;
- (3) Grade;
- (4) Branch of Service;
- (5) Justification for assignment; and
- (6) Whether duty will be of a continuing nature.

b. Upon approval of the request, a representative of the Department of the Army or the Department of the Air Force will coordinate the request and issue an allowance within the ceiling allowed by the respective Service. Strength accountability for Army members on duty with the Navy will be maintained by the Army unit to which attached, except for those members accounted for by the Adjutant General; Headquarters, Department of the Army.

c. Upon approval of an allowance and when available, the appropriate Service will order members to the naval activity for assignment by the CO.

3. **Tour Length**

a. See table for normal tours of duty with the Navy.

Branch of Service	Minimum	Maximum
Army	18 months	36 months
Air Force	24 months inclusive of training	36 months

b. Adjustments of tour lengths will be based on mutual agreement between the departments of the affected Services.

4. **Billet Requirement**. When a billet is no longer required or a change in the billet requirements is desired, the CO of the naval activity must notify Chief of Naval Personnel (CHNAVPERS)

of the changes a minimum of 6 months advance of the incumbent's projected rotation date (PRD). Parent Navy commands will submit DA 872 Requisition for Individual Officer Personnel, 6 to 10 months prior to incumbent's PRD to ensure a replacement officer is identified. DA 872 may be accessed by using the following Web address:
http://armypubs.army.mil/eforms/DA0001_to_DA1299_1.html.

5. Administrative Policy

a. Each member of the Army or Air Force assigned to a permanent tour of duty with the Navy will be attached to a parent service unit for administration. This unit, referred to in the Army as the administering agency and in the Air Force as a carrier unit, will be designated in assignment orders by each member's Service.

b. Personnel records of officers and enlisted members will be in the custody of and maintained by the administering agency or carrier unit. Changes in personal status of Army or Air Force member (i.e., marital status, children, address, or such other data required to be entered in personnel records) will be handled through the administering agency or carrier unit.

6. Correspondence

a. Correspondence initiated by Army or Air Force members will be forwarded, via the CO of the naval activity, to the designated agency or carrier unit which will take action or endorse the correspondence to the respective department for further action (requests for change of duty, schools, promotions, etc.).

b. Correspondence concerning relief of members and other matters requiring action on departmental level will be sent to CHNAVPERS for action.

c. Copies of all official correspondence will be forwarded to the administering agency or carrier unit. Information which would normally be brought to the attention of all Army or Air Force members (i.e., copies of publications, regulations, and required blank forms) will be provided by the administering agency or carrier unit to the naval activity (as necessary) for dissemination to and administration of Army and Air Force members.

7. **Leave Authorization.** Granting of leave will be controlled and the leave authorization issued by the CO of the naval activity. All requests for leave for Army members will be forwarded by the CO of the naval activity to the administering agency for a check of the member's record to determine if sufficient leave credits permit taking leave. The administering agency will inform the CO of the naval activity by return endorsement. Upon return of the member from leave, the original leave authorization, with the hour and date of departure, and return noted, must be sent to the administering agency.

8. **Pay Support**

a. Army members will continue to receive pay support from an Army finance and accounting officer while performing duty with the Navy. The administering agency will determine the appropriate finance office for this purpose.

b. Pay records for Air Force members must be maintained by the carrier unit or the Air Force accounting and finance office at the nearest military personnel flight or military personnel section for Defense Finance and Accounting Services (DFAS) transactions.

9. **Medical Care**

a. Health records of Army and Air Force members will be maintained by the medical facility which maintains the health records for members of the naval activity.

b. The Air Force carrier unit will notify Air Force members when physical examinations are required. These examinations must be conducted by a medical officer of any branch of the Armed Forces, and must be recorded on SF 88 Medical Record - Report of Medical Examination. Two copies of this report must be forwarded to the carrier unit. SF 88 may be accessed by using the following Web address:
<http://www.gsa.gov/portal/forms/type/SF>.

10. **Clothing and Equipment for Army Members.** Enlisted Army members will receive necessary clothing and equipment or replacement thereof, through a system to be arranged by the CO of the naval activity, the administering agency, and the senior Army officer performing duty with the Navy command.

11. **Discipline.** Army and Air Force members performing duty with the Navy will be governed by the following provisions, concurred in by the Departments of the Army and Air Force:

a. In general, jurisdiction by a Navy CO over personnel of the Army or Air Force should be exercised **only** when the accused cannot be delivered to the Army or Air Force without manifest injury to either Service (see reference (a)). Accordingly, a Navy CO may initiate appropriate court-martial action to avoid manifest injury to either Service.

(1) No such court-martial will be convened for a member of the Army or Air Force; however, without prior notification of CHNAVPERS.

(2) In all other cases, when it is determined that disciplinary action should be taken by court-martial, a request must be made to the Department of the Army or the Department of the Air Force via CHNAVPERS to have the member concerned relieved from duty with the Navy. Such requests should contain full supporting data.

b. As a matter of policy, nonjudicial punishment (under the provisions of reference (b)) should not be imposed by a commander of one Service upon a member of another Service. When it is determined that nonjudicial punishment should be administered, a request must be made to the Department of the Army or the Department of the Air Force via CHNAVPERS to have the member concerned relieved from duty with the Navy, or ordered to temporary additional duty (TAD) with the administering agency or carrier unit, or with the nearest Army or Air Force command whose CO is authorized to impose nonjudicial punishment.

(1) When both such transfers are impractical, and the need to discipline the Army or Air Force member concerned is deemed urgent, nonjudicial punishment may be imposed by the appropriate Navy CO who must, in their discretion, determine when the required impracticality of transfer and urgency of discipline exist.

(2) A report of these determinations, the reasons therefor, and the circumstances surrounding the punishment must be made to the Department of the Army or the Department of the Air Force via CHNAVPERS as soon as practical.

Note: This article does not limit a Navy CO in the use of non-punitive measures which a CO is authorized to use to further the efficiency of the command, such as exhortations, disapprovals, criticisms, or oral admonitions or reprimands not intended to become part of the permanent record of the member concerned.

12. **TAD**. Upon reporting and detachment of an Army or Air Force member, the CO of the naval activity must send one copy of the member's orders with endorsements to CHNAVPERS and one copy to the administering agency or carrier unit. TAD orders in connection with Navy matters will be originated and funded by the CO of the naval activity to which Army or Air Force members are attached. The Department of the Army or the Department of the Air Force must fund and issue orders to Army or Air Force members for Army or Air Force sponsored TAD.

13. **Efficiency Report for Army Personnel**

a. The administering agency will request the CO of the naval activity to submit an efficiency report using DA Form 67-9 U.S. Army Officer Evaluation Report and reference (c) on the annual report date for each Army officer assigned. Navy raters will prepare Army personnel evaluations per reference (d); for Army civilian evaluations use reference (e). DA Form 676-9 may be accessed by using the following Web address: http://armypubs.army.mil/eforms/DA0001_to_DA1299_1.html.

b. Efficiency reports for other than annual periods (detachment of the reporting senior, detachment of the officer, and other cases as prescribed in reference (c)) will be initiated by the CO of the naval activity and sent to the administering agency in the same manner as described above. The distribution of DA Form 67-9 and reference (c) to the appropriate naval activity will be the responsibility of the administering agency.

c. The administering agency will request the CO of the naval activity to submit (on dates required) an enlisted efficiency report using DA 2166-8 NCO Evaluation Report, DA 2166-8-1 NCOER Counseling and Support Form, and reference (c) and (f) for each Army enlisted member assigned. DA 2166-8 and 2166-8-1 may be accessed by using the following Web address: http://armypubs.army.mil/eforms/DA1300_to_DA2199_1.html. Such reports must be initially prepared by

(1) a member who has supervised the Army member for a minimum period of 30 calendar days; and

(2) who is pay grade E-6 or above, and at least one pay grade higher than the Army member.

d. Each report must be reviewed by a warrant or commissioned officer in the direct line of supervision and sent to the administering agency for processing. Distribution of DA 2166-8, and reference (c) and (f) to the naval activity is the responsibility of the administering agency.

14. **Performance Report for Air Force Personnel**

a. It is the responsibility of the Air Force carrier unit to request the CO of the naval activity to complete AF 707 Officer Performance Report (LT Thru COL) at the appropriate times for each Air Force officer assigned. AF 707 may be accessed by using the following Web address: <http://www.e-publishing.af.mil/>.

b. The instructions for preparing the report will be furnished by the carrier unit. The effectiveness report should be originated by the immediate supervisor of the Air Force officer, endorsed by the immediate supervisor of the preparing official, and forwarded to the carrier unit.

15. **Receipt of Naval Awards**

a. Recommendations for Army members to receive Navy awards for heroism or meritorious service/achievement must be sent to the following address for concurrence prior to approval:

Adjutant Department of the Army Attn: ACPB-AB Washington, D.C. 20310

Eligibility of Army members for service awards, campaign medals, and qualification or special skill badges (applicable to all services or peculiar only to the Department of the Army) will be determined by the administering agency. Navy service awards and qualification or special skill badges may be awarded to Army members without referral to the Department of the Army.

b. COs of naval activities may present awards or letters of commendation to Air Force members attached to their command as prescribed by Navy directives.

c. One copy of the announcement of such an award must be sent to the administering agency or carrier unit for inclusion in the member's record.

16. **Expiration of Enlistment for Army Personnel**

a. The administering agency will notify the CO of the naval activity 3 months in advance of the expiration of enlistment for Army enlisted members assigned. The CO of the naval activity will send this information to CHNAVPERS, indicating the desires of the member as to

- (1) reenlistment for other duty;
- (2) separation; or
- (3) reenlistment for the same duty.

b. In the case of reenlistment for the same duty, the recommendation of the CO of the naval activity will also be included.

17. **Personnel Casualty Report.** The administering agency or carrier unit may be contacted in the event of death or serious/very serious injury, per MILPERSMAN 1770-010, of an Army or Air Force member. The casualty must be reported using the procedure outlined in MILPERSMAN 1770-030.

-------------------	--

1. Policy

a. Under reference (a), section 716 the President may, within authorized strengths, transfer any commissioned officer with the officer's consent from the:

- (1) Navy,
- (2) Army,
- (3) Air Force,
- (4) Marine Corps,
- (5) Coast Guard,
- (6) National Oceanic and Atmospheric Administration (NOAA), or
- (7) Public Health Service (PHS),

and appoint the officer in any of the other Uniformed Services, except for Reserve officers on inactive duty. The interservice transfers are approved by the Secretaries concerned, or a designated representative, for the President.

b. In the case of an inactive duty officer, Navy Personnel Command (NAVPERSCOM), Reserve Officer Status Branch (PERS-911) is designated approval authority.

c. The transfer must be within authorized strength limitations of the gaining Uniformed Service and must be mutually agreed upon by the two departments concerned, that the transfer is in the best interests of the national defense. Interservice transfers will be disapproved if either the gaining or losing department does not concur.

2. **Conditions of Transfer.** Implementing regulations state the following:

a. Transfers are normally made only between equivalent services, that is, Reserve to Reserve and Regular to Regular. (The NOAA commissioned corps does not have a Reserve component.)

b. The opportunity for interservice transfer is offered to those officers who are especially qualified to contribute to the success of another Uniformed Service without interruption to their service careers. While the authority for interservice transfers is used primarily in the technical fields to permit the fullest possible use of individuals with critical or unusual skills, it is not restricted to technical specialists.

c. Release of a commissioned officer for an interservice transfer under reference (b) does not constitute a release from, or fulfillment of, the Uniformed Service obligation established by reference (a), section 651; however, additional service performed after transfer is counted toward fulfillment of the Uniformed Service obligation.

d. Upon transfer, the officer is credited with the total amount of service accrued as of the date before the transfer.

e. No transfer is made without the request or written consent of the officer concerned.

f. If a commissioned officer transferring between two military services is on a select list for promotion to the next higher grade under reference (a), section 624, the secretary of the military department concerned will integrate the officer into the promotion list of the gaining military service based on

the officer's date of rank in their current grade in the losing military service.

g. Except for commissioned officers in the PHS and officers previously awarded constructive service credit, a commissioned officer on extended active duty will continue to hold the same grade and date of rank held in the losing Uniformed Service.

3. **Basis for Denial.** Interservice transfers are considered on a case-by-case basis and may be denied if the officer:

a. Has not completed all obligated service (OBLISERV) prescribed in the officer program through which accessed and which was incurred by the officer in consideration for being tendered an initial appointment.

b. Has not completed all OBLISERV for funded education programs including:

- (1) Naval Academy;
- (2) Naval Reserve Officer Training Corps (NROTC);
- (3) Armed Forces Health Professions Scholarship (AFHPS);
- (4) Uniformed Services University of Health Sciences (USUHS); and
- (5) Equivalent funded education programs.

c. Has not completed OBLISERV incurred for advanced education or technical training requiring additional OBLISERV including:

- (1) Postgraduate education,
- (2) Service school or college,
- (3) Law school,
- (4) Medical residency,
- (5) Flight training,
- (6) Naval flight officer training, and

(7) Equivalent education programs.

d. Has not completed OBLISERV incurred for:

(1) Transfer to the Regular Navy;

(2) Lateral transfer between competitive categories or designators;

(3) Entering a program; or

(4) Receiving an incentive pay, continuation pay, or bonus.

e. Is serving in a competitive category, designator, or other authorized officer classification in which NAVPERSCOM determines that significant personnel shortages result in compelling necessity for retention.

f. Is serving in designators 2100, 2200, 2300, or 2900 and seeks transfer to the Marine Corps or Coast Guard, since those services do not have an equivalent medical service.

g. Has been officially notified of permanent change of station (PCS) orders (telephone call, telegram, postcard, letter, or receipt of orders), or has executed PCS orders and has not served the required period of time at the new duty station as prescribed in MILPERSMAN 1920-200.

h. Is a Navy Reserve Full Time Support officer (FTS) on active duty who has been issued Release from Active Duty (RAD) orders, unless the interservice transfer request is received by NAVPERSCOM, Officer Favorable Separations Section (PERS-8331) at least 6 months in advance of the scheduled release date.

i. Is a probationary Navy officer on active duty who has attrited from a Navy training program and does not have prior service in the gaining service.

j. Has failed selection for promotion to the next highest grade, for the second time, before submitting a request for transfer to another Uniformed Service.

k. Has been notified of mandatory retirement for any reason.

l. Has applied for transfer to the gaining service within the last year.

m. Is subject to administrative separation processing which has been initiated or the officer has adverse information pending.

4. **Application Process**

a. Regular officers desiring transfer to another Uniformed Service must submit applications in letter form at least 6 months, but not more than 9 months, in advance of the desired detachment month. This lead time is necessary to provide for:

(1) A contact relief;

(2) Minimize gapping of the billet; or

(3) To process requests from the time of receipt until favorable endorsement by Secretary of the Navy (SECNAV); and

(4) Forwarding of the request to the gaining service.

b. Requests will be addressed as follows:

To SECNAV.

Via the commanding officer (CO) and NAVPERSCOM (PERS-8331).

Copy to (not via) each level of the administrative chain of command through the Fleet Commander (PAC or LANT) of the unit to which the officer is assigned.

If the officer is in a drill status, the request must include endorsements from the officer's chain of command.

c. A Reserve officer on inactive duty desiring transfer to another service component must have that gaining service submit DD 368 (Nov. 94), Request for Conditional Release, to NAVPERSCOM (PERS-911).

5. **CO's Responsibility**. The CO must follow the steps listed below:

Step	Action
1	Forward the request within 10 days.
2	Certify that the information provided in the officer's interservice transfer letter is correct.
3	Indicate in the forwarding endorsement whether the transfer would, in CO's opinion, be in the best interest of the national defense.

6. **Request Initiated by the Gaining Service.** Requests may be initiated by the gaining service. These requests should be submitted as follows:

Through the secretary of the gaining department and NAVPERSCOM (PERS-8331).
To SECNAV.

The request must be accompanied by consent to the transfer from the naval officer concerned. The request should include sufficient justification to show that the transfer is in the best interest of the national defense and the officer.

7. **Personal Data.** The personal data contained in the requests is used by appropriate authorities to evaluate the proposed transfer. The disclosure of this information is voluntary; however, failure to provide sufficient justification may result in the disapproval of the request or extensive delays in processing.

8. **Active Duty Transfer Request Contents.** Requests should include the following information:

- a. Applicant's last, first, and middle name.
- b. Grade, date of rank, frocked rank.
- c. Branch of service.
- d. Command to which presently assigned.
- e. Total active federal commissioned service.
- f. Summary of any previous interservice transfers.
- g. Age and place of birth.

- h. Citizenship and how acquired.
- i. Summary of military duties performed.
- j. A complete statement of professional or technical qualifications and educational background.
- k. Reason for requesting transfer.
- l. Home address.
- m. Daytime telephone number, DSN and commercial, if available.
- n. Contingent resignation, including the following statement:

"I hereby tender my resignation from the (U.S. Navy, U.S. Navy Reserve) and request that it be accepted contingent upon final approval of my application for transfer to the (specify service) and effective as of the day preceding my acceptance of an appointment in the (specify service)."

- o. Scheduled date of separation from active duty (if any).
9. **Request Enclosure**. Requests must have the following information attached to the application as enclosures:

- a. Current DD 2808 (10-05), Report of Medical Examination; original and one copy. If requesting transfer for aviation programs, include the following information on DD 2808: Block 60-refraction and Block 62-prism diversion, buttock-leg length, and sitting height.
- b. A copy of chest X-ray and Electrocardiography - EKG.
- c. Current DD 2807-1 (3-07), Report of Medical History; original and one copy.

10. **Closeout of Navy Records**

- a. Upon final approval of an interservice transfer from the Navy, the termination of the Navy commission and subsequent reappointment in the gaining Uniformed Service is completed without interruption of the continuity of the officer's total

service. Officers so transferred are credited with the total amount of unused leave and service accrued as of the date before the transfer. The gaining service forwards the applicant's initial appointment and the first duty orders to NAVPERSCOM (PERS-8331). These documents are then forwarded to the officer as enclosures to the NAVPERSCOM orders accepting the officer's resignation from the Navy and are executed the day following separation from the Navy.

b. Navy records are closed out as follows:

(1) **Health and Service Records.** The original health (medical and dental) and original service record are closed and forwarded under letter of transmittal to NAVPERSCOM (PERS-8331). The mailing envelope is marked "DO NOT OPEN IN MAIL ROOM - INTERSERVICE TRANSFER." Copy 7 of the DD 214 (8-09), Certificate of Release or Discharge from Active Duty, is inserted in the health record. A copy of the health record is reproduced and given to the officer for delivery to the gaining service.

(2) **Leave.** Per reference (c), accrued leave is not payable in the case of an officer executing an interservice transfer. The number of days of accrued leave is noted in the remarks section of the DD 214 to assist the gaining service in accurately crediting the officer's leave account.

(3) **Endorsement.** Separation orders are endorsed as required.

(4) **Pay and Allotments.** Pay records and pay allowance entitlements are processed and computed under the instructions contained in pay directives and Navy travel instructions. A possibility exists that an officer's allotment payments may be interrupted during the transfer process. The transferring officer should ensure that direct payments are made for insurance premiums for any period, which may elapse, between the dates Navy allotments are stopped and the date allotments are started by the gaining service.

(5) **Transfer Withdrawal.** If the officer desires to withdraw an interservice transfer before accepting the commission in the gaining service, the CO must inform NAVPERSCOM (PERS-8331) by e-mail upon receipt of the withdrawal request and forward the written request with endorsement within 10 days.

The gaining service is notified by NAVPERSCOM (PERS-8331). Once the request to withdraw the original request is received, NAVPERSCOM (PERS-8331) will return the original request package to the officer.

(6) **Reserve officers.** For Reserve officers not on active duty, NAVPERSCOM (PERS-911) will complete the discharge upon receipt of a copy of the member's gaining service oath of office. The order-issuing authority will cancel any reserve orders in effect on the date of discharge and forward medical records to the Department of Veterans' Affairs (VA) per MILPERSMAN 6150-010.

11. **Rank and Status.** The following conditions apply to officers who have transferred out of the Navy:

a. A Regular Navy officer transferred out of the Navy under this article, except for physician, dentist, nurse, or medical service corps officer, continues to hold the same rank and date of rank as that held in the Navy the day before the transfer. The officer is placed on the active duty list of the gaining Uniformed Service under regulations of the gaining Uniformed Service.

b. A Reserve Navy officer on active duty (FTS) or inactive duty, except for a physician, dentist, nurse, or medical service corps officer, transferred out of the Navy under this article is awarded a permanent Reserve grade and the date of rank as determined by applying the amount of service accrued in the Navy to the appointment laws then in effect for the gaining Uniformed Service. The officer is placed on the active duty list following regulations of the gaining service.

c. In the case of a physician, dentist, nurse, or medical service corps officer, federal service already served will be considered in the constructive service credit, as if the time was served in the gaining service, per the law governing promotion, seniority, and retirement in that service.

d. A commissioned officer awarded constructive service credit, who does not transfer to the same or a comparable professional category, loses any constructive service credit granted per reference (d). The officer must be renominated by the President and confirmed by the Senate in an appropriate grade commensurate with total active commissioned service.

No commissioned officer is transferred from one Uniformed Service and appointed to another, with a precedence or relative rank higher than held on the day before such transfer per (reference (a), section 716).

1. **Policy**

a. Per reference (a), the President may, within authorized strengths, transfer any commissioned officer with the officer's consent from the

- Army,
- Air Force,
- Marine Corps,
- Coast Guard,
- National Oceanic and Atmospheric Administration (NOAA),
or
- Public Health Service (PHS),

and appoint the officer in any of the other Uniformed Services. Except for reserve officers on inactive duty, the interservice transfers are approved by the Secretaries concerned, or a designated representative, for the President.

b. The transfer must be within authorized strength limitations of the gaining Uniformed Service and must be, by mutual agreement of the two departments concerned, in the best interests of the national defense. Interservice transfers will be disapproved if either the gaining or losing service does not concur.

2. **Request from Officers on Active Duty.** Requests for interservice transfer into the Navy made by

- officers on active duty lists of another Uniformed Service, or
- a naval activity on behalf of an officer on the active duty list of another Uniformed Service,

are discussed in this article. Applications must be received by Navy Personnel Command no later than 9 months in advance of the requested transfer date.

3. **Active Duty Application Contents.** Applications must contain the information and comply with the format prescribed by the parent Uniformed Service. Additionally, the following information and documents must be included:

ACTIVE DUTY APPLICATION CONTENTS	
a.	Conditional release from parent service.
b.	Verified statement from parent service headquarters that the officer concerned has neither failed selection for promotion in the present grade nor had his/her name removed from a promotion list.
c.	Source of original commission.
d.	Current DD 2808 (10-05), Report of Medical Examination, original and one copy.
e.	Current DD 2807-1 (3-07) (formerly SF-93), Report of Medical History.
f.	Resume of flying experience, when applicable, including <ul style="list-style-type: none">• date member entered training for original aeronautical rating,• rating held and date it was awarded,• total flying time, and• total jet time.
g.	A verified statement of service.
h.	One of the statements of understanding shown in the blocks below.
i.	A microfiche or digital copy of the officer's master personnel record.

4. **Approval Process.** The parent service should send applications to Secretary of the Navy, Washington, DC 20350, who will forward them to Navy Personnel Command (NAVPERSCOM), LDO/CWO Procurement and Lateral Transfers Branch (PERS-803) for review and evaluation.

(Continued on next page.)

IF ...	THEN ...
NAVPERSCOM recommends disapproval,	the application will be sent to Secretary of the Navy (SECNAV) with a proposal memorandum returning the application, disapproved, to NAVPERSCOM, which will notify the parent service and officer concerned.
NAVPERSCOM recommends approval,	the application will be sent to SECNAV for approval. If SECNAV disapproves, SECNAV will return it to NAVPERSCOM for return to the parent service.
The transfer is acceptable to both the parent and gaining services,	NAVPERSCOM will prepare active duty orders, obtain appointment documents from NAVPERSCOM (PERS-803), and coordinate the transfer with the parent service.
If an officer enters on active duty and is subject to placement on the active-duty list,	NAVPERSCOM may, with the officer's consent or at the officer's request, at any time prior to the convening of the selection board to consider their case, defer the officer's eligibility for consideration in zone or above zone for promotion by any active-duty promotion selection board for up to 1 year from the date the officer enters on active duty.

5. Requests for a Specific Officer. Requests from Navy activities for a specific officer will be sent to the following:

Navy Personnel Command
 Attn: PERS-803
 5720 Integrity Drive
 Millington, TN 38055-8010

Requests must be fully justified, showing that the transfer is in the best interest of the Navy, and include a statement, signed by the officer concerned, consenting to the transfer.

IF ...	THEN ...
NAVPERSCOM recommends disapproval,	the application will be sent to SECNAV with a proposed memorandum returning the application, disapproved, to NAVPERSCOM, which will notify the parent service and the naval activity concerned.
NAVPERSCOM recommends approval,	the application will be sent to SECNAV with a proposed memorandum for the parent service for action. If SECNAV disapproves, SECNAV will return the application to NAVPERSCOM for return to the naval activity.

6. **Statement of Understanding for Regular Active Officers.**

Regular officers must read and sign the following Statement of Understanding:

"I understand that if my request is approved, I will be required to serve at least 4 years of active service in the regular component and retain my commission for a minimum of 8 years at the option of the service. I understand my active duty obligation and permanent grade and date of rank will be that assigned to me by Navy Personnel Command upon appointment. I understand that if this transfer is for flight training, I will incur a minimum service obligation corresponding to U.S. Code, Title 10 law as described in Chapter 37, Section 653. I further understand that, as an officer in the Regular Navy, I may be assigned to a government-sponsored training program or directed on permanent change of station (PCS) orders to meet the needs of the service. If I am required to undergo such training or PCS, I understand this additional active service may be served concurrently with the initial period of minimum required service."

(signature of officer)

(typed name, grade)

7. **Applications from Officers on Inactive Duty**

a. Application may be made by reserve officers on inactive duty in a Reserve or Guard Component of another service for transfer into the Navy Reserve. Officers on inactive duty will normally be transferred in the grade held in their parent service on the day before transfer. An officer may be transferred in a lower permanent grade to appropriately reflect training and experience, using as guidelines the career development guidelines for the designator as established by Chief of Naval Operations (CNO).

b. Except for inactive duty aviators and flight officers, who should initiate the interservice transfer process through a local Navy Reserve aviation activity, inactive duty officers considering interservice transfer into the Navy Reserve should contact their nearest Navy Recruiting District (NAVCRUITDIST). Although NAVPERSCOM maintains primary responsibility for reviewing and adjudicating inactive duty officers' requests for interservice transfer into the Navy, Commander Navy Recruiting Command (COMNAVCRUITCOM) is critical to the completion of the application process per reference (b).

c. Navy Recruiters will do the following:

(1)	Serve as the initial point of contact for inactive duty officers (except for aviators and flight officers seeking duty in a flight status) considering inter- service transfer into the Navy.
(2)	Assist the officer, as necessary, with completing an SF-86 (7-08), Questionnaire for National Security Positions.
(3)	Schedule, as necessary, an applicant's required medical examination with a Military Entrance Processing Station (MEPS).
(4)	Obtain COMNAVCRUITCOM "physically qualified" determinations.
(5)	Witness Navy Reserve appointments as required.
(6)	Following appointment in the Navy Reserve, affiliate approved officers with a drilling Navy Reserve unit.

8. **Inactive-Duty Application Contents.** Requests are subject to the appropriate directives of the respective service. At a minimum, the following information must be included:

INACTIVE DUTY APPLICATION CONTENTS	
a.	Name. Applicant's last, first, and middle name.
b.	Service number (if applicable) and designator or Military Occupation Specialist (MOS).
c.	Current grade, date of rank, military specialty, and designator for which the member is applying.
d.	Branch. Branch of service and component.
e.	Present Assignment. Organization to which presently assigned.
f.	Service. Total years of commissioned service, active and reserve.
g.	Previous Interservice Transfers. Summary of any previous interservice transfers.
h.	Birth. Date and place of birth.
i.	Citizenship. Citizenship and how acquired.
j.	Summary of Duties. Summary of military duties performed. (Continued on next page.)

k.	Education and Qualifications. Brief statement of educational credentials and military and civilian professional or technical qualifications.
l.	Reason. Reason for requesting transfer.
m.	Recruiters' contact information. Rank, Name, Phone number, and E-mail address (if applicable).
n.	Contingent resignation. Contingent resignation, including the following statement: "I hereby tender my resignation from the (specify component) and request that it be accepted upon final approval of my application for transfer to the (specify component), and be effective as of the day before the date of my acceptance of the appointment in the (specify component)."
o.	Enclosures to the Request. The following documents will be enclosures to the official letter request. (1) Current DD 368 (11-94), Request for Conditional Release, approved by officer's Reserve Component headquarters or authorized personnel command per reference (c). (2) Resume. (3) Last three Fitness Reports. (4) DD 214 (2-00), Certificate of Release or Discharge from Active Duty (if applicable). (5) Verified statement from officer's Reserve Component headquarters of the officer's grade, date of rank, military specialty, and number of failed selections for promotion in current grade. (6) Complete up-to-date microfiche or digital record or entire paper copy of service record in order to complete accurate statement of service. (7) Joint Personnel Adjudication System (JPAS) printout indicating current security clearance or a completed SF-86 (7-08), Questionnaire for National Security Positions. (8) DD Form 2807-1 (3-07) (formerly SF-93), Report of Medical History. (9) Current DD Form 2808 (10-05), Report of Medical Examination. (10) COMNAVCRUITCOM physically qualified (PQ) letter or not physically qualified (NPQ) letter as applicable. (Continued on next page.)

	<p>(11) Latest point-capture report from the officer's Reserve Component.</p> <p>(12) For aviator and flight officers requesting aviation duty, the following additional items:</p> <ul style="list-style-type: none"> • Up-to-date flight physical examination • OPNAV 3710/37A (07-05), Anthropometric Data Measurement Record • SF-507 (Rev. 11-96), Continuation of SF 93: Special Aviation Applicant • Naval Operational Medical Institute's (NAVOPMEDINST's) endorsement that the officer is physically qualified for aviation • Current aeronautical rating • An endorsement from the reserve command possessing the available flying billet to which the individual will be assigned • An endorsement from the Wing Commander
--	---

9. **Approval Process.** NAVPERSCOM will review and evaluate the application per this article and reference (b).

IF ...	THEN ...
NAVPERSCOM disapproves the application,	NAVPERSCOM will notify the applicant and parent service by letter and file the application without further action.
NAVPERSCOM approves the application,	The officer will be transferred. NAVPERSCOM will obtain appropriate appointment documents from NAVPERSCOM (PERS-803) and coordinate the transfer with the parent service.

10. **Where to Send Inactive Duty Applications.** Applications from inactive duty officers requesting interservice transfer into the Navy Reserve should be sent to the following:

-------------------	-------------------------------

1. **General Policy.** Service members who are ordered to make a permanent change of station (PCS) move are entitled to personal travel and transportation allowances per reference (a).

a. No command will deny any member of travel and transportation allowances or entitlements associated with PCS movement of a Service member from one permanent duty station (PDS) to another.

b. PCS and PDS are defined per reference (a), Appendix A.

c. Issuance of a PCS order does not, in and of itself, carry travel and transportation entitlements. The orders must be read to determine if there is, in fact, a change of permanent station and not just a change of activity.

2. **Definition of "In Proximity."** PDS's are "in proximity" to each other when they are both in an area ordinarily serviced by the same local transportation system, and Service members could reasonably commute daily from home to either PDS. An example follows.

3. **Example**. A Service member receives PCS orders to detach from the Navy Yard, Washington D.C. and to report to a place located 3 miles outside the Washington, D.C. corporate limits.

a. The Service member could commute daily to the new PDS from the same residence occupied while assigned to the old PDS (Washington, D.C.).

b. There is no entitlement to movement of household goods (HHG); the Service member is not entitled to personal travel and transportation allowances incident to the transfer. No travel time is provided; basic allowance for housing is not stopped.

c. If the Service member relocates the household, there would still be no PCS entitlements, other than personal travel and transportation allowances of the Service member unless:

(1) The gaining commanding officer issues a statement that the relocation was necessary as a direct result of the PCS; and

(2) Appropriate accounting data is provided by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4).

4. **Rules for PCS Entitlements.** Use the rules in the table below to determine what PCS entitlement actions are appropriate for a number of specific PCS situations:

WHEN...	AND...	THEN...	THEN SEE ...
a member is transferring between two non-shipboard activities/unit identification code (UIC)s and/or units located at the same PDS location in the 48 contiguous United States and the District of Columbia (CONUS),		the member is not making a change of permanent station, and no PCS entitlements will be provided. Entitlements remaining from PCS moves will be provided.	
the member's household relocation is mission essential and in the best interest of the government,		a local move of HHG may be authorized by the commanding officer by issuing a statement that such a local move is necessary as a direct result of the transfer,	Reference (a), Para. U5355-B1.
dealing with the dislocation allowance (DLA),		PCS includes relocation of a household due to military necessity or government convenience within the corporate limits of the same city or town in connection with a transfer between activities,	MILPERSMAN 7220-220 and reference (a), Para. U5630.
a member transfers between two non-shipboard activities or units in proximity to each other but not at the same PDS,		the member is not entitled to personal travel and transportation allowances, and is not automatically entitled to HHG shipment, dependent travel and transportation, or DLA,	JFTR, reference (a), Para. U5100.

WHEN...	AND...	THEN...	THEN SEE ...
the gaining commanding officer does not issue a statement that HHG shipment is mission essential and in the best interest of the government,	appropriate accounting data is not provided by NAVPERSCOM (PERS-4) in the PCS order,	shipment of HHG is not authorized in connection with a PCS between PDSs in proximity to each other.	
the PCS order does not have the appropriate accounting data,		a request for a modification to the PCS order must be submitted to NAVPERSCOM (PERS-4), prior to executing the orders to obtain the accounting data,	order modification request procedures.
PCS orders are issued between ships in the same home port or between a ship and a shore activity in the vicinity of the same home port,		they may be issued without accounting data for HHG shipment or dependent travel and transportation.	
a household relocation is to occur, including local moves,	accounting data was not issued in the PCS order,	a request for a modification to the PCS order to include appropriate accounting data must be sent to NAVPERSCOM (PERS-4) prior to executing the orders,	MPM 1320-311 for order modification request procedures.

1. **Introduction.** The effective date of permanent change of station (PCS) orders is important for determining entitlements for transportation of dependents and shipment of household goods (HHG).

a. The basic definition of the effective date of PCS orders is contained in reference (a), Appendix A.

b. For orders amended, modified, canceled, or revoked, the effective date will be per reference (a), para. U2140-A.

2. **Effective Date for Specific Types of Orders.** The effective date of orders for specific types of orders is as given in the table below:

WHEN orders involve...	THEN effective date is the date...	AND see...
a change in home port of a ship, ship-based staff, or other afloat-based mobile unit,	announced by Chief of Naval Operations (CNO), normally by message.	
a change of permanent duty station (PDS) location of a shore-based mobile unit,	following the announcement of the change by the CNO on which the member must commence travel to the new station for the purpose of remaining and performing normal duties. This is regardless of whether the travel is commenced before or after the announced effective date of the change.	
release from active duty,	of release.	
a unit which has received an official alert notice that it would be moved to a restricted PDS outside the United States and that movement is contemplated to commence within 90 days after such alert notice was received,	such orders are received by the servicemember,	reference (a), paras. U5222-D and U5240-D.
removal of restrictions from a restricted area,	travel of dependents actually begins after the date restrictions are removed,	reference (a), para. U5222-D.
unusual/emergency circumstances or evacuation,	the dependents are actually removed from the overseas station or area involved,	reference (a), para. U5240 or Chapter 6.
dependents retained at previous duty station,	of the current PCS order,	reference (a), paras. U5203-A and U5222-D.

1. **Policy.** The change of homeport of a ship, mobile unit, or afloat staff is a permanent change of station (PCS), except for Service member travel. The commanding officer may issue a change of homeport/PDS certificate. For sample format see MILPERSMAN 1306-1800.

2. **Restrictions on Issue of Homeport Change Certificates.**
 Table below contains the restrictions to issuance of a homeport change certificate:

WHEN...	THEN...	AND ALSO SEE...
the member is entitled to and plans to ship household goods (HHG) or a privately owned vehicle (POV) incident to the change,	the member will be issued a change of homeport certificate.	
the member has been issued, or expects to be issued PCS orders,	the member will not be issued a change of homeport certificate.	
the member has less than 90 days obligated service remaining on the effective date of homeport change,	the member will not be issued a change of homeport certificate. Separation or relief from active duty orders may be issued immediately.	
the member's service can be spared,	the member will be transferred for separation.	

WHEN...	THEN...	AND ALSO SEE...
the member's service cannot be spared,	the member will be required to accompany the ship/staff to the new homeport/PDS,	MILPERSMAN 1910-102 and MILPERSMAN 1306-1800 for authorization for early separation of enlisted personnel due to homeport change.
the member extends the present enlistment or reenlists prior to being detached from the unit and other criteria, such as non receipt of orders, are met,	a change of homeport certificate can be issued.	
the member has the official homeport change notification authorizing the member to proceed to the old homeport and then to the new homeport when necessary to assist in the movement of dependents, shipment of HHG, or to bring the member's privately owned conveyance (POC) to the new homeport,	the commanding officer may issue a PCS travel authorization,	reference (a), paragraph U5120-F. Also see NOTE 1 below.
the member is permanently assigned aboard a ship, whose homeport is changed to the port of overhaul or inactivation,	the member may elect periodic travel between the overhaul port and former homeport instead of PCS entitlements,	reference (a), paragraph U7115. . Also see NOTES 2 and 3 below.
the initial assignment of a homeport is made, i.e., when the ship is placed in commission,	the commanding officer of a pre-commissioning unit may not issue a homeport change certificate. Instead, PCS orders must be issued.	

NOTE 1: This also applies to a newly commissioned ship when the ship's homeport is different from the member's old PDS.

NOTE 2: Periodic travel accrues under reference (a) and also applies to a ship that is undergoing overhaul or inactivation at a place other than its homeport, that is, the homeport is not changed.

NOTE 3: Periodic travel entitlements may only be provided to Service members whose dependents reside in the reasonable commuting area of the former homeport. The entitlement applies to all Service members who have dependents within the reasonable commuting area of the former homeport. The former homeport need not be specified as the ship's homeport on the Service member's orders. Instead of member travel, dependents may travel to the overhaul or inactivation port with limited reimbursement. See reference (a), paragraph U5222.

PERMANENT CHANGE OF STATION ENTITLEMENT POLICY - GENERAL REIMBURSEMENT RULES FOR POC TRAVEL

-------------------	---

1. **Basis for Rules.** The general reimbursement rules for privately owned conveyance (POC) travel incident to permanent change of station (PCS) travel are based on the official mileage provided in the Defense Table of Distance (DTOD) multiplied by the mileage rate and the number of privately owned conveyances authorized for PCS travel. The number of travelers in a POC has no relationship to the mileage rate. PCS Monetary Allowance in Lieu of Transportation (MALT)/mileage is paid based on the POC. If two or more members under PCS orders travel together in the same POC, only the owner/operator of the POC may claim MALT/mileage. Both are authorized flat rate per diem.

2. **Reimbursement Rules.** Use the rules contained in the table below to determine entitlement to reimbursement for POC travel during PCS moves:

WHEN...	THEN...	AND...
member and dependents travel between permanent duty stations in one POC,	the per mile rate paid is for one POC per reference (a).	
the member travels separately from dependents,	the member is paid a per mile rate,	the payment for dependents is a per mile rate. COMMENT: No specific authority for more than one POC is needed as the group; the dependents in this case are using only one POC. per diem is also paid.

WHEN...	THEN...	AND...
member and dependents travel together using two POCs or; if five or more dependents travel together using more than two POCs,	the per mile rate (See reference (a), paragraph (U2605) for two POCs is paid, unless authority is granted for payment based on over two POCs.	
permission is received under reference (a), for use of more than two POCs,	payment may be made for use of more than two POCs by the group traveling together,	the per mile rate is paid for each POC based on the number of authorized POCs.
there are five or more travelers in the group,	commanding officers may approve payment for the use of more than two POCs by a group traveling together as long as there are an adequate number of qualified dependent drivers.	
a dependent needs special accommodations,	commanding officers may also approve payment. See reference (a).	
less than five travelers are involved,	payment for use of more than two POCs is unlikely.	
a member believes that a valid reason exists for needing more than two POCs for less than five travelers,	the member may submit a request via the member's commanding officer to the member's detailer for a final determination by PERS-451H, either prior to or after execution of orders. Details must be provided. Owning a compact car(s) is not a valid reason.	
in the situations described per reference (a), paragraphs U5205-A2c or U5205-A2e, dependents travel separately from the member due to official reasons,	reimbursement for such travel will not be made, unless supported by a statement from the member certifying the circumstances involved,	doubtful situations will be sent to the member's commanding officer for resolution.

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members, Chapter 5 (b) DoD Instruction 1315.18 of 12 Jan 2005
-------------------	---

1. **Applicability.** This article is applicable to all active duty (ACDU) Navy personnel assigned to, ordered to, or who request transfer to permanent duty at an overseas permanent duty station (PDS) **outside** the contiguous 48 United States and the District of Columbia (continental United States (CONUS)). This includes personnel ordered overseas in connection with a change of homeport or PDS location.

2. **List of Terms to be Defined.** For the purpose of this article, the terms and their definitions listed below apply:

Acquired dependent
Appropriate military commander
Appropriate overseas commander
Command-sponsored dependent
Dependent entry approval
Formerly command-sponsored dependent
Noncommand-sponsored dependent

3. **Acquired Dependent**

a. An acquired dependent is an individual who becomes a dependent through birth, marriage, adoption, or other action during the course of a Navy servicemember's current overseas tour of duty.

b. The term does not include those individuals dependent upon the servicemember or children born of a marriage that existed before commencement of the current overseas tour.

c. In servicemember-married-to-servicemember situations, a servicemember separating from the service becomes an acquired dependent of the servicemember remaining on ACDU on the day of separation.

d. A dependent, returned early for personal reasons from an overseas area under references (a) and (b) will, however, be treated as an acquired dependent upon return to the overseas area at personal expense.

4. Appropriate Military Commander

a. The appropriate military commander is normally the commander authorized to grant dependent entry approval for the overseas area. See reference (b).

b. For those areas for which prior approval for dependent entry is not required, the appropriate overseas commander is the authority for authorizing command sponsorship.

c. The appropriate overseas commander, as defined below, is the appropriate military commander for servicemembers who request dependent entry approval after reporting to the overseas PDS.

5. Appropriate Overseas Commander. The appropriate overseas commander is the commanding officer (CO) of the servicemember's overseas PDS, except where the area or appropriate military commander has issued supplementary instructions restricting such authority.

6. Command-Sponsored Dependent

a. A command-sponsored dependent is a dependent

(1) whose servicemember sponsor is authorized to serve the accompanied tour in an area that has an accompanied tour prescribed,

(2) whose servicemember sponsor is granted authorization for dependents to be present in the vicinity of the overseas PDS, and

(3) who is residing with the servicemember at the overseas PDS.

b. If a servicemember's spouse is command-sponsored, children born of that marriage during the current tour of duty are command-sponsored at birth.

7. **Dependent Entry Approval**

a. Dependent entry approval is a procedure for authorizing dependents to enter overseas PDSs.

b. In those areas designated as requiring dependent entry approval, such approval allows dependents to travel to the overseas PDS at government expense and constitutes command sponsorship.

8. **Formerly Command-Sponsored Dependent**. Formerly command-sponsored dependent is a dependent who

a. was command-sponsored; and

b. temporarily continues to reside in the vicinity of the overseas PDS at which command sponsorship was conferred following PCS transfer of the sponsor; or

c. permanently continues to reside in the vicinity of the overseas PDS at which command sponsorship was conferred while the dependent's sponsor serves a consecutive unaccompanied overseas tour in another country, serves a dependent restricted tour, or is assigned to unusually arduous sea duty at a different PDS or homeport.

9. **Noncommand-Sponsored Dependent**. Noncommand-sponsored dependent is a dependent, residing in an overseas area, who is not command-sponsored, including formerly command-sponsored dependents and dependents residing at an Office of Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130) approved overseas designated place of residency.

-------------------	--

1. **Policy.** Navy Service members, regardless of rank or length of service, may elect the accompanied or unaccompanied tour in overseas areas with an accompanied tour prescribed. If the accompanied tour is elected, the Service member may have dependents command-sponsored.

2. **Criteria.** Per reference (a), in order for dependents to be command-sponsored by the appropriate military commander, the Service member must meet the following criteria, as applicable:

a. **Accompanied-by-Dependents Tour:** Be assigned to a location where an accompanied-by-dependents tour is authorized, and the member agrees to serve the prescribed accompanied tour.

b. **Dependents Permanent Duty Station (PDS) Vicinity Presence:** Be granted authorization by the appropriate military commander for dependents to be present in the vicinity of the overseas PDS.

c. **Contractual Obligated Service (OBLISERV):** Have sufficient contractual OBLISERV to complete the accompanied-by-dependents tour.

(1) **Exception:** Exception to serve less than the accompanied-by-dependents tour length on an intra-theater consecutive overseas tour must be requested from Secretary of the Navy (SECNAV) via Chief of Naval Personnel (CHNAVPERS). For exceptions that result in an overseas tour of 12 months or less, the Office of the Principal Deputy, Under Secretary of Defense (Personnel & Readiness) must approve the request.

(2) A shorter tour length granted as an exception shall require an enlisted Service member to serve until expiration of active obligated service.

(3) See MILPERSMAN 1300-180 regarding change in status and prohibitions relating to command sponsorship.

d. **Projected Rotation Date (PRD) Extension:** Request PRD extension, if needed, to complete the appropriate accompanied-by-dependents tour.

e. **Overseas Suitability Screening:** Have all dependents meet overseas suitability screening requirements so that they may be command-sponsored and transported to the overseas PDS at Government expense.

f. **Military Couple Situation:** In Service member-married-to-Service member situations, children born of that marriage may travel under either, but not both, parent's permanent change of station (PCS) orders. Either Service member may apply for command sponsorship for the children providing the criteria above has been met.

g. One Service member parent could be entitled to dependent travel and transportation allowances, overseas station allowances, and dislocation allowance (DLA) at the with-dependent rate, while the other Service member parent receives a second housing allowance at the without-dependents rate.

h. The entitlement to dependent travel and transportation allowances, DLA, and cost-of-living allowance (COLA) is independent of which member claims the dependents for housing allowance purposes, per reference (b). See MILPERSMAN 7220-220, 7220-240, 1300-090, and 1300-100.

3. Granting/Rescinding Command Sponsorship Status

a. Determination of command sponsorship will be made a matter of record.

b. Command sponsorship shall be effective from the date of determination and shall not be retroactively granted, i.e., dated prior to the Service member's request, for any reason.

c. Command sponsorship carries with it travel and transportation entitlements and shall not be rescinded while the dependents are at the overseas PDS except with the authorization of SECNAV via Chief of Naval Operations (CNO) (N13). Such authorization to rescind command sponsorship will not affect transportation entitlements but will affect station allowance payment and use of dependent support facilities at the overseas PDS.

-------------------	--

1. Intra-Theater Assignments and Moves

a. Personnel reassigned under permanent change of station (PCS) orders between units ashore and or afloat units at the same overseas location, or other homeports in the same country, shall retain the command-sponsored status for their dependents, if previously conferred.

b. Members reassigned under permanent change of assignment orders with no new permanent duty station (PDS) identified, shall retain command sponsorship for their dependents at the overseas PDS. The Department of Defense (DoD) Comptroller General has ruled this situation does not constitute a PCS. The overseas PDS remains, until a new PDS is ordered.

c. If the consecutive overseas tour is an intra-theater move as the result of a base closure or similar action:

(1) Service members accompanied by command-sponsored dependents, who are moved involuntarily from one overseas PDS to another, shall have their dependents command-sponsored at the new PDS, regardless of the length of the consecutive tour.

(2) The new PDS, however, must have an accompanied-by-dependents tour prescribed in order for dependents to accompany the Service member.

2. Prohibitions and Limitations

a. In no case may dependents be command-sponsored in the overseas area unless the Service member has sufficient contractual obligated service (OBLISERV) to complete the prescribed accompanied-by-dependents tour. See MILPERSMAN 1300-170 for exceptions.

b. Dependents that existed on the effective date of orders, that elected initially to travel to the overseas PDS, must be command-sponsored prior to travel in order to travel to the overseas PDS at Government expense.

c. In no case may dependents be command-sponsored in an area:

(1) For which no accompanied-by-dependents tour is prescribed; or

(2) Declared as a "dependent restricted" area by the Assistant Secretary of Defense (Force Management and Personnel).

3. Acquired/Tourist/Returnee Dependents

a. In the case of:

(1) Locally acquired dependents; or

(2) Dependents who initially arrive in the vicinity of the overseas PDS at no cost to the Government while taking up residence with the evident intent to set up a permanent household, the appropriate overseas commander may, upon application by the member, grant command sponsorship to the dependents if the member meets the command sponsorship criteria per MILPERSMAN 1300-170. Specifically, the member agrees to serve the prescribed accompanied tour and has the service retainability to do so. Command sponsorship will be granted as soon as the member has the retainability. If the member is already serving the equivalent of the accompanied tour of the PDS location, command sponsorship shall be immediate upon acquiring the dependents or upon arrival of the dependents in the overseas area.

b. Children born to command-sponsored dependent spouses are command-sponsored at birth. Children born to command-sponsored

dependents that are not the spouse of the member, are not eligible for sponsorship unless they become legal dependents through separate legal action. These infants may be provided medical care as DoD and service regulations permit.

c. In cases of adoption, sponsorship is effective on the date of placement in the house, including pre-adoptive placement prior to final adoption.

d. In cases where one member of a Service member-married-to-Service member couple separates from the service, the separating member may be command-sponsored the day following separation, provided the remaining member is serving the accompanied tour length and the separating member did not travel back to continental United States (CONUS) at Government expense at the time of separation. To facilitate sponsorship for the separating member, commands should enable that member to conduct out-processing at the overseas PDS.

e. Dependents, who return to an overseas PDS after having been early returned from the overseas area under reference (a), Para U5222, may be command-sponsored only after

(1) The Service member obligates to serve 24 months after returning; and

(2) All other command sponsorship criteria are met.

4. Changing Tour Election

a. If, after electing an "all others" tour, the Service member desires dependents to be command-sponsored in the overseas area:

(1) The Service member's commanding officer (CO) will reverify the suitability of dependents; and

(2) Command sponsorship may then proceed as outlined above as long as dependent travel and transportation of household goods (HHG), or a mobile home at Government expense has not occurred per reference (a), Para U5203.

b. Service members who:

(1) Elect unaccompanied tours; and

(2) Have their dependents moved to a designated place at Government expense, cannot have their dependents transported to the vicinity of the overseas PDS at Government expense in connection with that tour.

c. This does not preclude a second movement of dependents or HHG from a designated place to the overseas area in connection with an accompanied tour election, when a previously issued denial of entry approval, for a period of 20 or more weeks, led to the move.

5. **When Dependent Entry Approval is Required**

a. Approval by the appropriate military commander for a member to have dependents present in the overseas area, dependent entry approval constitutes command sponsorship of dependents.

b. This form of command sponsorship is only valid for dependents:

(1) Who have successfully completed suitability screening; and

(2) Whose member sponsor is eligible for command sponsorship of dependents.

c. See reference (b) for specific dependent entry approval information.

6. **When Dependent Entry Approval is not Required**

a. For those areas for which dependent entry approval is not required, the distribution authority, by directing the PCS transfer confers command sponsorship on dependents who have successfully completed suitability screening.

b. Members must still elect the accompanied-by-dependents tour for dependent travel to the overseas PDS to be at Government expense.

-------------------	--

1. **Policy Applicability.** The policies addressed below apply to command sponsorship and dependent/household goods (HHG) transportation at Government expense.

2. **Traveling at Government Expense**

a. Only command-sponsored dependents that were dependents on the effective date of orders may travel at Government expense. See reference (a), Appendix A for definition of effective date of orders.

b. Dependent travel at Government expense will not occur if the dependents are not sponsored, the member has less than 12 months remaining on station after dependents are scheduled to arrive in the vicinity of the permanent duty station (PDS), or the member has received permanent change of station (PCS) orders to a different PDS.

c. **Exception:** The exception is provided in reference (a), chapter 5 or chapter 6, pertaining to moves from non-command-sponsored to command-sponsored areas or evacuation.

3. **Limitation on Shipping HHG**

a. Shipment of HHG shall not be provided to an overseas area unless the Service member has at least 12 months scheduled

to remain on the tour after the scheduled arrival of the HHG, except as noted above.

b. The Deputy Assistant Secretary of the Navy , Military Personnel Policy may grant exceptions on an individual basis and in cases involving organized unit moves. Such requests should be forwarded via Office of the Chief of Naval Operations (OPNAV (N13)).

4. Temporary Denials of Sponsorship or Entry

a. If command sponsorship or dependent entry approval is temporarily denied for a period of 20 or more weeks from the date the Service member reports to the port of debarkation for the overseas PDS, travel, and transportation entitlements for dependents to a designated place in the continental United States are contained in reference (a), Chapter 5.

b. Commanders, temporarily denying command sponsorship or dependent entry approval, will indicate the period of denial, less than 20 weeks or 20 weeks or more, and will address any entitlements which accrue as a result.

c. Temporary denial of command sponsorship makes the overseas area "restricted" within the meaning of reference (a), for members and dependents concerned during the operative period of the denial. The subsequent granting of command sponsorship or dependent entry approval lifts the "restricted" status, and transportation may be provided if the provision of above paragraph 3, Limitations on Shipping HHG, is satisfied.

d. As required per reference (b), approval of the Assistant Secretary of Defense (Force Management and Personnel) (ASD (FM&P)) will be obtained by the overseas command, via the appropriate chain of command, when the presence of all command-sponsored dependents in a location becomes undesirable and authority is sought to withhold permission for any further movement of command-sponsored dependents to the location.

5. Unaccompanied to Accompanied Tour Change. If a Service member is ordered to an overseas location that does not have an accompanied tour prescribed, the Service member may, after an accompanied tour is prescribed by ASD (FM&P), request the accompanied tour.

a. If that tour is authorized, travel and transportation of dependents and shipment of HHG may be authorized to the overseas PDS regardless of previous movement at Government expense to another location. See paragraphs 2 and 3 regarding requirements for dependent travel and shipment of HHG at Government expense.

b. The Service member must have sufficient obligated service for and agree to serve the prescribed accompanied tour.

c. The conditions of MILPERSMAN 1300-170 must be satisfied before command sponsorship is granted.

2. **General Station Allowance Policy.** Reference (a) provides general overseas station allowance policy guidance.

3. **Policy for Command-Sponsored Dependents.** Personnel will receive station allowances per reference (a), on behalf of dependents, if the dependents are command-sponsored.

4. **Policy for Formerly Command-Sponsored Dependents**

a. Personnel may request designated place of residency status and associated station allowances per reference (a), for dependents who were formerly command-sponsored and

(1) remain at the old permanent duty station (PDS) during the member's subsequent tour (this location becomes a designated place), or

(2) move to an outside continental United States (OCONUS) designated place from the servicemember's old overseas PDS during the member's subsequent tour.

Requests for designated place status must be sent to Office of Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130) for approval, and circumstances must meet the requirements of reference (a).

b. These formerly command-sponsored dependents are eligible for subsequent travel and transportation from the overseas PDS where they remained, or from the designated place to which they were moved at government expense.

c. The servicemember is entitled to station allowances at the with-dependent rates based on the old PDS where they remained or, if moved, for the designated place overseas per reference (a).

5. **Loss of Status**. Dependents shall not be considered command-sponsored

a. after permanent change of station (PCS) detachment of the servicemember, or

b. upon arrival at an overseas designated place.

6. **Temporary Continuation of Allowances**. In circumstances where dependent travel from an OCONUS PDS is delayed due to circumstances beyond the control of the member, continuation of station allowances (Overseas Housing Allowance (OHA) or Cost of Living Allowance (COLA)) may be requested from Navy Personnel Command (NAVPERSCOM), Distribution Management and Procedures Branch (PERS-451H)

7. **Status under Status of Forces Agreement (SOFA)**. The servicemember and the dependents shall be advised of the dependents' status under the governing SOFA or other bilateral agreements when there is a change in sponsorship status. b. Exception: Exception is provided per reference (a), Chapters 5 and 6.

3. **Space Available Transportation.** Space available transportation may be provided in some instances, details provided per references (b) and (c).

4. **Station Allowance Eligibility.** Service members are ineligible for the overseas station allowances on behalf of noncommand-sponsored dependents. See MILPERSMAN 1300-200 for exceptions regarding formerly command-sponsored dependents and overseas-designated place of residency.

5. **Medical Services.** All noncommand-sponsored dependents shall be furnished medical service as provided by law.

6. **Use of Support Facilities**. Noncommand-sponsored dependent use of exchange, commissary, Government quarters, schools, and other on-base facilities will be governed by Status of Forces Agreements, applicable bilateral agreements, and policy of the appropriate military commander.

1. **General Information.** Per references (a) through (c) all military personnel and their dependents are required to complete the overseas screening process prior to traveling overseas at Government expense. Reference (b) identifies this process for active duty Navy personnel and their dependents, and defines overseas duty as "military duty performed while assigned to a military installation or activity permanently based outside the 48 contiguous United States." Department of Defense (DoD) establishes tour lengths for overseas assignment, per reference (d), which are listed in reference (e). Alaska and Hawaii are considered overseas areas, but **are exempt** from overseas screening requirements. Personnel ordered to overseas and remote locations identified in MILPERSMAN 1300-304 are required to complete an overseas suitability screening. This article and its related articles listed below provide information and procedures pertaining to overseas/remote assignments:

2. Overseas Service Categories

a. **Overseas service for officers** may be categorized as follows:

(1) **Shore tours** for unit identification codes (UICs) having the following type assignment code (TAC):

- (a) Overseas Shore "O"
- (b) Hawaii "H"
- (c) Alaska "A"

(2) Secretary of the Navy (SECNAV) prescribed **sea tours** for UICs having the following TAC:

- (a) Continental United States (CONUS) sea "C"
(includes units in Hawaii)
- (b) Overseas sea "D"

b. **Overseas service for enlisted** personnel may be categorized by the following sea/shore type code:

(1) Overseas shore duty Type "6" (Hawaii and Alaska will display as CONUS Type "1").

(2) Overseas sea duty Type 4 (Hawaii and Alaska will display as CONUS Type "2").

(3) Overseas remote land-based sea duty for rotational purpose Type "3".

3. **Antiterrorism (AT)/Force Protection (FP) Awareness**

a. All Service members and adult dependent family members shall receive mandatory antiterrorism awareness level I training prior to travel outside the continental United States (OCONUS) per references (f) and (g). All Level I training must be conducted within 90 days prior to travel OCONUS by the command antiterrorism officer (ATO).

b. An area-specific briefing is required after arrival at the overseas location.

c. A NAVPERS 1070/613 Administrative Remarks entry verifying completion of all AT/FP briefings by the Service member and adult family members is required. The NAVPERS 1070/613 entry will state the level of training, date completed, and who attended the training.

4. **Suitability for Overseas Assignment Validity.** The Service member and all dependent family members who plan to travel at Government expense to the overseas permanent duty station must complete a suitability screening per references (b) and (c). Suitability determinations (including medical, dental and educational) will be valid for 1 year from date of initial screening unless changes in conditions affecting suitability occur. Navy personnel/family members whose suitability screening has expired, or whose conditions change prior to transfer, shall arrange for reevaluation of suitability. Additionally, the Service member is responsible for reporting any changes.

1. Policy

a. Overseas screening is a requirement of all transferring commands whether transfer is from continental United States (CONUS) to overseas, or from overseas (sea/shore) to overseas (sea/shore) which are defined as consecutive overseas tours (COT) per reference (a).

b. Members in paygrades E-3 and below with family member(s), will not be assigned to accompanied tours in an overseas area, including Hawaii. Members may be assigned to unaccompanied tours, based on readiness needs. Additionally, members in paygrades E-3 and below who are pregnant will not be assigned in an overseas area, including Hawaii.

2. Procedures

a. Commanding Officer (CO) Responsibility. The responsibility for determining suitability for overseas service rests with the CO of the transferring command. The CO shall ascertain, per reference (a), whether the member or family member(s) possess any performance, disciplinary, financial, psychological, medical, or other physical attributes, which would preclude them from conducting themselves as suitable representatives of the United States (U.S.) in a foreign country. In all cases, the CO must sign NAVPERS 1300/16 (2-03), Report of Suitability for Overseas Assignment. This authority shall not be delegated except to the "acting" CO, or to the officer in charge (OIC) of isolated detachments. For Training commands, an O-5 division director may be delegated as the approving official.

b. Determining Suitability. This determination must be based on a series of steps beginning with a detailer at Navy Personnel Command (NAVPERSCOM) designating the member for overseas duty, and ending with a report of suitability status (see MILPERSMAN 1300-304) to NAVPERSCOM from the CO indicating the suitability of the member and family member(s) for overseas duty. Suitability screening includes reviewing the member's service record, physical readiness status, evaluating medical and dental fitness, per reference (b), of members and their family members, and conducting a command review (see MILPERSMAN 1300-304) to determine suitability.

c. Records Review/Interviews. A face-to-face interview between the CO of the transferring command, the member, and

family member(s) is highly desirable. If this is not feasible, the CO must ensure such an interview is conducted by an experienced, knowledgeable representative. For enlisted members, the command master chief (CMC), chief of the boat (COB), or senior enlisted advisor (SEA) of the transferring command will endorse the overseas assignment. Upon request of the CO, a skilled interviewer (such as a chaplain, command career counsel or CMC, Navy social worker, or specified Family Service Center staff member) may also be included to determine overseas suitability. Complete NAVPERS 1300/16, Part I (Exhibit (2) of MILPERSMAN 1300-304) prior to sending member and/or family member(s) to medical. If the CO will endorse a waiver, obtain approval for the waiver from NAVPERSCOM prior to sending member/ dependent(s) to medical.

d. The unique situation of members, with family member(s), who are single parents; or military members married to other military members; does not in itself disqualify them for overseas duty. In these cases, this fact should be pointed out to NAVPERSCOM when reporting suitability determination. Members married to other military members, with family member(s), and single parents being considered for overseas assignment will be required to complete a Family Care Plan Certificate per reference (c).

3. **Suitability Decision Factors.** The CO of the transferring command shall ensure the following factors are addressed and used as the basis for the overseas suitability decision.

a. Medical Fitness. Both the member and family member(s) must have a full medical history screening which includes face-to-face interviews with a medical screener and thorough medical records review per reference (b). Any documented medical problem which precludes overseas assignment, or one which would be complicated by overseas assignment such that medical evacuation or early return would be necessary, is disqualifying. Medical Treatment Facilities (MTFs) are required to utilize

- reference (b);
- NAVMED 1300/1 (Rev. 6-06), Medical, Dental and Educational Suitability Screening for Service and Family Members; and
- NAVMED 1300/2 (Rev. 6-06), Medical, Dental, and Educational Suitability Screening Checklist and Worksheet.

Locally generated forms are not authorized. Reference (b) requires the transferring MTF to contact the gaining MTF when any shaded block on NAVMED 1300/1 is marked "YES". This is a crucial step in the screening process that requires confirmation that the gaining MTF can accept and treat the condition. If only the family member(s) are medically unsuitable, the urgency of the requirement may require the member to serve an unaccompanied tour. If the medical status changes after screening, but prior to transfer, the individual shall be re-evaluated for suitability. Contact with the gaining command/MTF is required for medical problems. Screening requirements for medical, dental, and educational guidance is available at <http://navymedicine.med.navy.mil/Files/Media/directives/1300.2A.pdf>.

(1) Members and family members who use TRICARE network providers to conduct medical, dental, and educational suitability screening for overseas or remote duty assignments must coordinate with the MTF overseas suitability screening coordinator and beneficiary counseling and assistance coordinators prior to using a TRICARE provider to ensure TRICARE will cover any costs associated with the screening.

(2) Foreign National spouses, who require a medical screening and reside at locations where TRICARE or Department of Defense (DoD) medical facilities are unavailable, shall satisfy the medical screening requirements listed on NAVMED 1300/1 by utilizing a local physician. The completed NAVMED 1300/1 will be forwarded to the screening MTF for final disposition. The member will be responsible for any costs associated with this requirement if costs are not already covered under current entitlements.

b. Family Member Suitability. All family members shall be screened unless a member is in receipt of unaccompanied orders for tour lengths of less than 24 months (except Diego Garcia and Souda Bay Crete). Family member suitability must be determined before family members can be granted entry approval. When family member(s) are not collocated with the member, the CO of the transferring command shall request assistance from the nearest naval activity. If Navy facilities are not readily available for screening family member(s), assistance shall be requested from other military facilities or appropriate civilian practitioners. Other service MTFs and civilian practitioners will complete NAVMED 1300/1 and forward it to the transferring command's MTF for review and signature.

(1) If servicemember's dependents refuse to be screened, refer to MILPERSMAN 1300-304, paragraph 5.

(2) If, during the overseas screening process, a dependent family member is identified as having a medical or educational need that requires reoccurring care per reference (d), the member must be enrolled in the Exceptional Family Member (EFM) program. Information pertaining to the EFM program is contained in MILPERSMAN 1300-700. Refer to MILPERSMAN 1300-700 for EFM program guidance. The following also apply:

(a) Members with a known EFM will not be transferred overseas without NAVPERSCOM, Career Management Department Career Management (PERS-4), NAVPERSCOM, EFM Program Manager (PERS-451X), and gaining MTF approval.

(b) Members with an EFM shall be transferred only to overseas locations that can provide necessary educational/medically related services to support the special needs of the EFM. Only when there is a clear and substantial adverse effect on the military mission or on the member's career if not assigned overseas, will a member be proposed for an unaccompanied overseas assignment to a location where requisite EFM services are not provided.

(c) Laws and instructions require the following:

1. EFMs identified before execution of overseas assignments of active duty members.

2. EFMs' medical and educational needs be considered during selection of overseas assignment.

3. Enrollment in the EFM program is mandatory. Application forms outlined in MILPERSMAN 1300-700 must be completed and submitted to NAVPERSCOM (PERS-451X).

c. Dental Fitness. Dental conditions will not normally preclude overseas assignment except in those extreme cases where members are prevented from performing assigned duties. When members are diagnosed as Dental Class 3, the transferring medical/dental treatment facility should ensure any needed care/treatment can be provided at the ultimate activity.

(1) Elective orthodontic treatment will not cause an assignment liability and is not disqualifying for overseas assignment.

(2) Members ordered to the following locations should have no dental defects which are likely to require extensive or prolonged treatment:

(a) Isolated overseas locations.

(b) Remote CONUS stations with limited dental capabilities listed in MILPERSMAN 1300-304.

(c) Standing North American Treaty Organization (NATO) Maritime Groups and Standing NATO Mine Counter Measure Groups.

(3) Members in Class 3 Dental status should not be transferred to remote or isolated locations or units listed in MILPERSMAN 1300-304.

(4) Family member(s) dental screening examination shall be obtained from the nearest dental facility and will not usually be a disqualifying factor in determining suitability for overseas activities where dental facilities exist; however, if family member(s) dental problems disqualify them for transfer to an overseas area, the urgency of the requirement may require the member to serve an unaccompanied tour. Dental care will be available to family member(s) to the extent that active duty requirements permit.

(5) Overseas dental activities are manned to a level only to maintain family members' oral health.

d. Family Advocacy. Members and/or dependents involved in open family advocacy cases are disqualified for overseas assignment. If the allegations are determined to be unfounded, or all treatments and legal proceedings/stipulations are completed then the member may be eligible for duty overseas. Case determination can be obtained from the local Fleet and Family Support Center or Commander, Navy Installations Command, Millington Detachment, Commercial (901) 874-4361, DSN: 882-4361, FAX: (901) 874-2690.

e. Physical Fitness. Failure of multiple Physical Fitness Assessments (PFA) impacts suitability determination. See references (e), (f), and (g) for details.

f. Drug-Related Problems. Members/family members with documented drug abuse or drug-related offenses within last 24 months are unsuitable for overseas duty.

g. Alcohol-Related Problems. Members with a documented history of alcohol abuse or dependency may be considered eligible for overseas duty under certain conditions.

(1) Members who have completed an education or early intervention program because of an alcohol-related incident have no specific restrictions for an overseas assignment.

(2) Members who have completed treatment and have been released from the continuing care portion of treatment are considered suitable for overseas assignment.

h. Sex Offenses. Per reference (h), any active duty member convicted of a sex offense or personnel whose sponsored family members are sex offenders shall not be assigned overseas. Convictions for sex offenses have no time limit. Information regarding whether a person is an offender who, in most cases, have been convicted of sexually violent offenses against adults and children and certain sexual contact and other crimes against victims who are minors, can be found at <http://www.nsofw.gov/Core/Conditions.aspx?AspxAutoDetectCookieSupport=1>.

i. Psychiatric Disorders. Members/family member(s) who have had one period of inpatient hospitalization or have a history of extensive outpatient psychiatric treatment, but have had no further psychiatric treatment (inpatient or outpatient) for a period greater than 1 year, may be judged suitable for overseas duty. Members/family member(s) with two or more hospitalizations for psychiatric disorders will be considered unsuitable for overseas duty. Dependents that require continued care must be enrolled in EFM program and concurrence from gaining MTF is required per reference (b).

j. Performance. Members with a history of unsatisfactory or below standard performance (any marks below 3.0) in the last 2 years will be considered unsuitable for overseas assignment.

k. Disciplinary History. History of courts-martial, nonjudicial punishment (NJP), or involvement with civil authorities in the previous 2 years will be considered unsuitable for overseas assignment.

l. Pre-Service Waivers. Initial accessions with pre-service moral waivers (drug, alcohol, or criminal) identified in section VI remarks of DD 1966 (3-07), Record of Military Processing - Armed Forces of the United States, are unsuitable.

m. Pregnancy. Women will not be transferred overseas who are in the third trimester of pregnancy (7th-9th months). Arrival at the ultimate duty station must be prior to the 29th week of pregnancy. Women who will be in the 3rd trimester at time of transfer will be screened 6 weeks after delivery of newborn. Newborn will also be screened at that time. Pregnant women are not to be transferred, during any stage of pregnancy, to any other location where obstetric and pediatric care is not available. NAVPERSCOM must receive notification upon submission of verification of screening, and that notification should include expected date of delivery. Female military members transferring to overseas sea duty type 4 will be screened for pregnancy per reference (b) prior to transfer.

n. Financial Stability

(1) E-5 and above. Serious financial problems or indebtedness which have not been reconciled, or a documented history of indebtedness over a period of the last 3 years, may be considered disqualifying (i.e., bankruptcy).

(2) E-1 - E-4. A debt-to-income ratio shall be performed by the command financial specialist or Family Service Center counselor to ensure the economy in the host nation of the proposed overseas activity will not pose an undue hardship on the member's financial circumstances. Based on limited employment opportunities, the spouse's current income cannot be used to determine future debt-to-income unless the spouse can provide proof of employment in the overseas location. If debt-to-income ratio is 30% or greater, member is unsuitable for overseas assignment.

o. Member and Family Characteristics. Motivation for accepting an overseas assignment, expectations about the duty and the culture, and certain attitudes and attributes are important indicators of successfully completing an overseas

tour. In addition to the questions included in MILPERSMAN 1300-304, when conducting the suitability assessment interview with member/family, care must be taken to assess personal and family characteristics and attitudes.

p. Single Mothers Assigned to the Middle East Region. Some Middle Eastern countries have local laws that prohibit the assignment of single mothers and unwed pregnant females to these countries. Verification of local laws must be conducted before approving these individuals.

q. Obligated Service (OBLISERV). Ensure member obtains minimum service requirement/OBLISERV, as required by Bureau of Naval Personnel (BUPERS) transfer orders, within 30 days. NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks in lieu of extensions or reenlistments is not authorized for overseas locations.

r. Non-U.S. Citizen Dependents. It is important that each servicemember assigned overseas with accompanying family members be asked if those family members are U.S. citizens. If an accompanying family member is not a U.S. citizen, the family member should be informed immediately of references (i) and (j), regarding expeditious naturalization for family members. This law allows military family members to apply for U.S. citizenship before they would otherwise be eligible by waiving physical presence and residence requirements for U.S. citizenship. If a family member desires naturalization, no earlier than 180 days prior to departure abroad, the servicemember or family member must submit entry approval for overseas assignment, **and** military travel orders to their Personnel Support Activity Detachment (PERSUPPDET) or Personnel Office. The PERSUPPDET or Personnel Office staff will complete DD 1278 (5-00), Certificate of Overseas Assignment to Support Application to File Petition for Naturalization. The applicant for naturalization must submit DD 1278 to U.S. Citizenship and Immigration Services to expedite their naturalization. This form is the only document that can be used to expedite naturalization. Further information regarding expeditious naturalization of family members is available by calling

- Legal Assistance Policy Branch, Office of the Judge Advocate General, Code 16, at (202) 685-4643; **or**
- USCIS Military Help Line at 1-(877) CIS-4MIL.

s. Members with dependents who are not U.S. **citizens**, and not authorized a military passport, who travel with a servicemember to an outside continental United States (OCONUS) location will require a valid passport. Passage through an intermediate OCONUS location may also require a valid passport and travel authorization for each country traveled through. The servicemember and dependent will have to coordinate with all nations concerned, as well as the nation of citizenship, for required documents.

4. **Military Member Married to Military Member.** Regardless of member's paygrade, the tour of duty overseas for a married member whose spouse is also a member of a military service will be as follows:

a. Married members accompanied or joined by command-sponsored family member(s) shall serve the accompanied tour.

b. Married members assigned to or living in the same overseas location or locale shall serve the accompanied tour when such a tour length is authorized for the duty station. The lack of concurrent travel, whether a result of personal reasons or operational requirements, may not have an impact on the stipulation that each member of a military couple must, at a minimum, serve the accompanied tour. If one spouse arrives on station later than the other, second arriving spouse's tour shall not be cut short in order to match projected rotation dates (PRDs) with the first arriving spouse.

c. Married members assigned to different locations shall serve the unaccompanied tour; however, when said members establish a joint residence (that is, reside together), they shall serve the accompanied tour, when such a tour is authorized for the location or locale where they are residing.

d. If a member marries another member while both are assigned overseas their original tours shall be maintained. Exceptions to this policy are members who voluntarily agree to serve the longer tour.

5. Dependent Considerations

a. Definition. Command-sponsored (authorized) family members are defined as family members of entitled members of the U.S. Armed Forces for whom entry approval (from the appropriate

military commander) has been received. (See MILPERSMAN 1300-150 through 1300-210.)

b. Counseling. COs shall ensure members are thoroughly counseled regarding the risks involved in formulating premature plans for movement of family member(s). This counseling will be conducted jointly with the command review required by MILPERSMAN 1300-304. During this review, members should be specifically cautioned that if they desire their family member(s) to accompany them, the family member(s) should not move until final disposition of entry approval has been received from the overseas area commander.

c. Entry Approval Denied/Family Relocation Desired. Members who are denied entry approval and desire to relocate their family member(s) to a designated place other than the contiguous U.S. should be advised that approval from Office of Chief of Naval Operations (OPNAV (N130)) is required. Contact information is:

Office of Chief of Naval Operations
Military Compensation and
Policy Coordination Branch (N130E)
COMM: (703) 614-5635
DSN: 224-5635

(1) Message format for requesting family entry approval as well as additional information can be found in MILPERSMAN 1300-316.

d. More than Three Family Members. Members with more than three family members will not normally be assigned to accompanied overseas duty including Alaska and Hawaii, unless a waiver is approved by the Regional Commander of the gaining command.

6. **Defense Enrollment Eligibility Reporting System (DEERS) Check.** DEERS checks must be conducted on families of all members being transferred overseas to ensure that potential problems will be resolved before they seek medical treatment/TRICARE reimbursement.

7. **Custody Agreements.** Divorce decrees concerning custody and control of family member(s) can impact whether family member(s) can be moved at government expense, and on entitlement to overseas station allowances. Divorce decrees issued by a court

of competent jurisdiction may require the member/spouse obtain court approval, if not stated in divorce decree, for removal of family member(s) from CONUS.

a. Forms Completion. Overseas screening cannot be processed until NAVPERS 1070/602 (Rev. 7-72), Dependency Application/Record of Emergency Data, Parts I and II, are completed. For dependent children covered under a divorce decree reference (d), paragraph 2f, contains further guidance.

b. Dependency Status Approved. Once dependency status is confirmed by the NAVPERS 1070/602 or approved by Navy Family Allowance Activity, overseas screening can be processed, and once completed, family member(s) entry approval can be requested as required by reference (k) or [Dependent Entry Approval](#) Web site as applicable.

c. Detailed Information Required. The authority to grant family member(s) entry approval lies with the overseas area commander. The area commander may have questions concerning the custody and control of family member(s); therefore, this information should be detailed in the family member(s) entry approval request.

d. Screening Refusal. Refer to MILPERSMAN 1300-304 for screening waivers when ex-spouse or separated spouse has custody of any family member(s) and refuses screening of family member(s).

8. Overseas Screening Process to Determine Command Sponsorship.

Overseas commands that are directing overseas screening to determine command sponsorship for acquired dependents after the servicemember is diared onboard, are responsible for the screening process.

9. **Waiver Requests.** Once a disqualifying issue is identified on the NAVPERS 1300/16, but the CO determines a waiver is in order, follow procedures outlined in MILPERSMAN 1300-304.

-------------------	---

1. **Procedures.** The responsibility for determining suitability for overseas service rests with the commanding officer (CO) of the transferring command who shall complete the following:

a. **Time Requirements.** Ensure that each member and family member being assigned overseas is screened and an update is submitted within 15 days after receipt of the transfer directive. The goal is to have all overseas screening requirements completed within 30 days. Report update and final determination via BUPERS ONLINE (BOL). Underway units that experience connectivity problems may submit via Naval Message using format in Exhibit 1.

b. **Command Review.** Conduct command review per this article, references (a) and (b), and record finding on NAVPERS 1300/16 (Rev. 11-09), Report of Suitability for Overseas Assignment to determine if the member and dependent(s) (if any) meet the eligibility requirements and additional criteria of MILPERSMAN 1300-302. Complete NAVPERS 1300/16, Part I, prior to sending member and dependent(s) to medical. Obtain approval from approving authority for all waivers prior to sending member and dependents to medical. **NOTE: NAVPERS 1300/16 (04-09) no longer meets current policy and all copies should be destroyed. The new NAVPERS 1300/16 (Rev. 11-09) can be found at**

<http://www.npc.navy.mil/ReferenceLibrary/>, or on the BUPERS CD reference library under FORMS.

c. **Medical Screening.** Ensure medical screening is conducted per reference (b). Instruction and forms are available at [Navy Medicine Online Portal](#).

d. **Briefing.** Brief member and dependent(s) on Standard Installation Topic Exchange Services (SITES) data available at Fleet and Family Service Centers (FFSCs) during command review. Provide member with name and number of Relocation Assistance Managers (RAM) at FFSC to obtain a SITES data package containing living conditions information about the new overseas duty station. For members who are assigned and have elected an accompanied tour, ensure member is familiar with MILPERSMAN 1300-150 through 1300-210 concerning command sponsorship of dependents. Foreign clearance/dependent entry requests are required for certain overseas locations. The following Web site provides guidance: [Dependent Entry Request](#). It has hyperlinks to reference (c).

e. **Suitability/Unsuitability Determination.** Determine suitability/unsuitability based on medical status, command review of suitability decision factor per MILPERSMAN 1300-302, and any other reliable information (chain of command, chaplain, family advocacy representative, command financial specialist, etc.). These factors are critical in determining member's suitability for overseas assignment.

f. **Obligated Service (OBLISERV).** Ensure all enlisted members have sufficient OBLISERV to complete appropriate accompanied/unaccompanied Department of Defense (DoD) area tour per reference (d), Appendix Q. NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks entries for OBLISERV are not authorized for transfer overseas. For enlisted Selective Reenlistment Bonus (SRB) issues, refer to the latest NAVADMIN, and when obligation would cause members to lose SRB, refer to MILPERSMAN 1306-106. Officers ordered to overseas locations will be obligated to the appropriate overseas tour per reference (d), Appendix Q.

2. Reporting Procedures

a. **Message.** Concurrent with the release of overseas orders, transferring commands will receive a naval message from Navy Personnel Command (NAVPERSCOM), Career Management

Department (PERS-4) that will direct a 15-day mandatory update of the screening status. If required, readdress this message to the servicing medical treatment facility (MTF).

b. **Screening.** Initiate the overseas screening process immediately.

c. **Report Suitability.** Report pending and final suitability determination of overseas screenings via BUPERS ONLINE (BOL) [BOL Public](#). For ships/submarines with internet connectivity issues, submit a Naval Message utilizing Exhibit 1.

(1) Personnel assigned an access level on BOL as the Command Career Counselor (CCC) or above will be the only personnel that will have access to the overseas screening application to input the command's suitability determination.

(2) Prior to submitting the final suitability report into BOL, the following are needed:

(a) NAVPERS 1300/16 signed by the CO.

(b) Member status: Suitable or unsuitable.

If unsuitable, a stated reason why the member is unsuitable. If the reason is medical, obtain the appropriate International Classification of Diseases (ICD 9) code from the servicing MTF. If medical, what action has been taken, i.e., limited duty (LIMDU), Physical Evaluation Board (PEB); and state when the member will be fit for duty, or provide assignment limitations.

(3) All waiver requests must be submitted using the member comment block. See paragraph 5 of this article for further guidance.

(a) Dependents Status (if applicable):

- Suitable or unsuitable; if unsuitable provide the reason.
- If the reason is medical, obtain the appropriate ICD 9 code from the servicing MTF.
- If medical, what action has been taken (i.e., enrolled in the Exceptional Family Member (EFM) program) and assignment limitations.

(b) Obligated Service. If an enlisted member has not obligated for the orders, the command will have to justify the reason for delay. NAVPERS 1070/613s are not authorized for transfer overseas. Officers select N/A.

(c) Anti-Terrorism Training is Completed. If not completed justify the reason for delay.

(d) Number of Days to Complete Screening: This is based on the date the orders are issued. If the command took more than 30 days to complete the screening, justification for the delay is required.

(4) If submitting a pending report, include the applicable reasons for the delay in the comments block. If the delay is a result of dependents' determination, proceed with the servicemember's suitability screening while awaiting the dependents' outcome. Additionally, if waiting for an EFM categorization, do not delay the screening process for the servicemember or the dependents; send the medical issue to the gaining MTF and verify if services are available per reference (b). If the services are available and the gaining MTF accepts the condition, do not designate the member unsuitable due to an EFM category of 3 or 4. Pending reports must be resubmitted every 30 days, otherwise distribution systems will continue to generate delinquency reports.

d. **Copy of Enlisted/Officer Screening.** In all cases, a copy of NAVPERS 1300/16 will be included in the transfer package and filed in the electronic service record.

e. **Limited Duty Officer (LDO)/Chief Warrant Officer (CWO), or commissioning of personnel with active enlisted records.** Enlisted personnel that are being commissioned and have orders to an overseas location, submit the overseas screening via BOL and ensure that the LDO/CWO button is selected. Failure to select the LDO/CWO button will result in the command receiving an Overseas Screening Delinquency Report.

3. Screening Requirements for Personnel Assigned to Remote Continental United States (CONUS) Locations

a. **Remote Locations.** Based on accessibility of health care services, Bureau of Medicine and Surgery (BUMED) and NAVPERSCOM, Distribution Management Division (PERS-45) have designated the following locations in the United States as remote. They

require an overseas screening per this article, MILPERSMAN 1300-302, and reference (b):

Alaska	Kodiak
California	Bridgeport, San Clemente Island, San Nicholas Island
Florida	Key West
Hawaii	Barking Sands
Nevada	Fallon
West Virginia	Sugar Grove

b. **Members not Suitable.** Class III dental status personnel normally are not suitable for assignment due to limited dental capabilities.

4. **Change of Suitability Determination.** Once a member has been successfully screened by the transferring command, if any subsequent information, misconduct, or emergent medical condition renders member unsuitable (occurring at the transferring command or at any intermediate activity en route), hold orders in abeyance, and notify the NAVPERSCOM applicable detailer immediately. Ensure the member (and dependent(s)) are aware of their responsibility to report any circumstances that may change their suitability status immediately, to avoid disciplinary action under reference (e), article 107 for failing to do so.

5. **Waivers of Screening Requirements**

a. **CO Determination/Actions.** While the importance of adherence to overseas screening requirements cannot be over-emphasized, waivers may be granted on a case-by-case basis as conditions warrant. Individual COs are the best source of local/recent knowledge and judgment concerning the qualifications and potential of each member.

(1) Upon completion of the overseas screening interview, if a member is not qualified for overseas assignment, but the CO believes a waiver is in order, submit an unsuitable report via BOL and provide justification/amplifying information why a waiver is recommended, in the member's comments section of BOL. The member will be considered **unsuitable**, and is not authorized to transfer until a waiver authorization is obtained from NAVPERSCOM. Waiver will be included in the transfer package and filed in the electronic service record.

(2) Waiver requests require different levels of approval based on the type of waiver needed. Waivers for evaluation (EVAL)/fitness report (FITREP) are handled at the detailee level. Waivers for legal issues and child custody issues should be forwarded to the local Staff Judge Advocate (SJA). Initial accessions with pre-service conduct waivers (drug, alcohol, or criminal) identified in Block 18F or Section VI remarks of DD 1966 (3-07), Record of Military Processing, will be considered unsuitable for overseas assignment. Waivers for dependent(s) drugs, alcohol, or criminal issues will require coordination with the gaining SJA to ensure the Navy does not violate any Status of Forces Agreements (SOFA). All Physical Fitness Assessment (PFA) waivers must comply with governing NAVADMIN(s) and reference (f).

b. Divorced Personnel

- For divorced personnel whose children are in legal custody of the ex-spouse, or
- for the family member(s) of a member separated from the spouse where the spouse has custody of any dependent children, or
- if a spouse/ex-spouse refuses to cooperate in family member overseas screening,

the participation of those family member(s) in the overseas screening process may be waived by the CO. CO waivers for legal custody do not require NAVPERSCOM endorsement. In all such cases the following actions are required:

(1) Record the results using NAVPERS 1300/16 and interview the member to identify existing conditions that are likely to preclude the member from completing the overseas assignment.

(2) Make the following entry on NAVPERS 1070/613:

"I understand that dependent overseas screening has been waived due to refusal of my family member(s) to participate in the screening process. I have indicated all known conditions of those family member(s) that may interfere with my serving the appropriate tour length. I understand that any pre-existing disqualifying family member screening factors cannot serve as the basis for my early return to CONUS from overseas. If later

my family member(s) desire to accompany or join me overseas, I understand they must be screened and family member entry approval granted (where applicable) before they leave CONUS. I understand I will be required to serve the appropriate tour length per Joint Federal Travel Regulations (JFTR), Appendix Q."

Member's Signature

Witnessed:

L. Kimble
CDR, USN, Personnel Officer

In cases where family member(s) refuse screening in other than a divorce/separation situation, request a waiver as outlined above. Member should sign the same NAVPERS 1070/613 entry as above if waiver is granted. Family member(s) will not accompany or join member overseas unless they have been properly screened, determined to be suitable, and dependent entry approval is granted (if applicable).

-------------------	---

1. **Purpose.** The purpose of the Early Return/Reassignment Program is to ensure the availability and continuity of care for military dependents currently stationed outside the continental United States (OCONUS), or remote locations within the continental United States (CONUS) listed in MILPERSMAN 1300-304, where required care is **not** available through military or civilian resources. The program is designed as a means through which members may be returned to a non-remote CONUS location for required care due to unusual circumstances per references (a), (b), and (c).

2. **Types of Reports/Requests.** There are four different types of reports/request for issues that are identified for personnel assigned overseas or at CONUS remote locations.

a. **Overseas Screening Deficiency Report (OSDR) only.** Submitted when a member and/or dependent(s) arrive overseas with a discrepancy that occurred during the screening process or was not identified during the screening process. This report documents the screening deficiency but does not require an early return as the overseas command intends to allow the servicemember and dependents to remain overseas.

b. **Overseas Screening Deficiency Report/Request for Early Return (OSDR/ER)**. This request/report is used when the member and/or dependent(s) arrive at an overseas/remote location with a disqualifying condition that should have been detected in the overseas screening, and the care required is beyond the capabilities of local resources. With this request the intent is to Early Return the entire family.

c. **Early Return (ER) Request**. This request is used when a condition develops after the member's or dependent's arrival and care is beyond local resources. This request is also used when a medical screening condition was identified during the screening process and the gaining Medical Treatment Facility (MTF) waived the disqualifying condition as treatable; however, after arrival the condition worsened, or is determined to have been misdiagnosed and is now beyond the local MTF capabilities.

d. **Early Return of Dependents (ERD) Only**

(a) This request is submitted when the servicemember will remain overseas and the family is returned to CONUS for reasons authorized in reference (d), par. U5900. Dependent information and destination of travel is required. **NOTE:** Family members that are returned to CONUS under the ERD program will not be able to rejoin the service member at government expense until the servicemember is issued the next set of permanent change of station (PCS) orders.

(b) If a service member has been issued orders to a new duty station, the dependents are authorized travel on the new orders per reference (d), par. U5200. Do not submit an ERD request when PCS orders have already been issued.

3. **Transfer/Assignment Decision**. Navy Personnel Command (NAVPERSCOM) will decide each case on its own merits. If request for early return/reassignment is approved, ensure the appropriate service record entry is completed on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, indicating reason for submission of request. Enlisted assignments will be per requisition priority and sea/shore rotation to valid billets of member's rate. Assignments made due to exceptional family member issues do not alter sea/shore rotation.

4. **Exceptional Family Member(s) (EFM(s))**. Members with EFM(s) will complete forms per MILPERSMAN 1300-700. Enrollment in the

EFM program is mandatory per reference (e) and must be completed prior to submission of an early return/reassignment request.

5. **Early Return is not a Discipline Substitute.** This procedure shall not be used as a means of transferring personnel in lieu of appropriate disciplinary or administrative action, i.e., nonjudicial punishment (NJP), courts-martial, administrative separation processing, etc.; but shall be restricted to those cases where transfer is the only feasible solution; or the issue is causing, or will cause, problems with the host nation.

6. **E-3 and below Personnel**

a. As stipulated in MILPERSMAN 1300-304, E-3 and below with dependent(s), or E-3 and below personnel who are pregnant, will not normally be assigned OCONUS.

b. If an E-3 or below member is found to be pregnant or have dependents upon arrival, submission of an OSDR/Request for Early Return or Early Return of Dependent must be submitted immediately. Servicemembers in paygrades E-3 and below that moved dependents to an overseas location without approval must be counseled that dependents will be returned but servicemember may have to complete the assigned tour.

7. **Medical Issues.** Members with medical issues which require hospitalization for which the local MTF cannot provide the appropriate care or treatment should use the medical evacuation (MEDEVAC) process instead of the Early Return/Reassignment Program.

a. Enlisted only. For pregnancies of members that occur after arrival at new permanent duty station (PDS), submit a pregnancy avails (DP availability) report.

b. Enlisted only. If a member detaches an old PDS while pregnant or becomes pregnant en route and reports to the new overseas PDS and an early return/reassignment is deemed appropriate, submit a DP availability and OSDR.

c. Officers only. If an officer detaches an old PDS while pregnant, or becomes pregnant en route, and reports to the new overseas PDS, and an early return/reassignment is deemed appropriate, submit the request/deficiency via BUPERS ONLINE (BOL).

8. **Pregnancy.** Reference (f) contains policies and procedures regarding pregnant members.

9. **Single Members and Military Married to Military.**
 Information relative to single members and military married to military with dependent(s) is contained in reference (g).

10. **Requirements and Procedures for Submitting a Report or Request on BOL**

a. Each of the reports requires extensive information that will need to be collected prior to submission. The following information will be required based on the type of request/report:

SSN: (Full SSN will be required for system verification.)
Name:
Rank:
Rate/Designator:
Unit Identification Code (UIC) member is assigned:
Was a copy of NAVPERS 1300/16 (2-03), Report of Suitability for Overseas Assignment filed in service record or transfer package?:
Have you contacted the transferring command to obtain a copy of the screening?:
Was a copy of NAVMED 1300/1 (Rev. 6-06), Medical, Dental and Educational Suitability Screening for Service and Family Members filed in medical record(s)?:
Have you contacted the transferring MTF to obtain a copy of the screening?:
UIC of command that screened member and/or family:
UIC of MTF that screened member and/or family (only for medical issues):
Were dependents screened at the same facility as service member?:
Identify MTF screener for family:
Is enrollment in EFM program completed?:
Select from one of the categories provided on BOL that best fits the issue regarding the discrepancy:
Was the member aware of disqualifying factors prior to transfer?:
Should these reasons have been detected in the overseas screening process?:
Should dependents have been enrolled in EFM Program prior to transfer?
Command Point of Contact
Last Name:
First Name:
Rank:
Commercial telephone number (no spaces):
DSN (no spaces):
Official Military E-Mail:
Command PLAD:

b. Once the command has compiled all of the above information for the Member and/or dependents being early returned, a command representative with command career counselor

(CCC) or above access will need to log into BOL and select the OVERSEAS/IA Screening Tab. At the top of the overseas screening menu page there will be a menu which will list Early Return application; select this option (this is not available to CONUS non remote location). After submitting the request, return to the application to view status and final determination.

c. Requests will be submitted expeditiously to allow for coordination of timely medical, educational, or other support services not readily available at the current duty station. An understanding of all the factors that necessitated the request is required prior to making a decision. Inclusion of additional information to ensure clarity and provide justification for submitting the request is strongly recommended; however, to protect the privacy of the member and/or dependents use only ICD 9 codes to identify medical issues.

d. When it is determined that it is necessary to return dependents to CONUS without the service member, submit Early Return of Dependents (ERD) via BOL. Once the approval and line of accounting are posted to the BOL Web site, create a Standard Transfer Order (STO) utilizing reference (h), Chapter 3, Section A for officers or Section B for enlisted. On the STO, cite Early Return of Dependents authorization as reference (d), par. U5900-D2e and U5905-C for HHG U10410; and utilize the line of accounting provided by NAVPERSCOM.

e. Ships or Submarines at sea with limited connectivity to BOL can use Exhibit 1 to submit reports. NPC will input the information into the BOL application and respond via the overseas screening application. It is imperative complete POC information be provided, including E-Mail, so that the command POC can be contacted.

References	(a) DoD Instruction 1315.18 of 12 Jan 05 (b) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members
-------------------	--

1. **Key Billets.** Key billets are reserved for only those positions where the continued presence of an officer or warrant officer is determined to be absolutely essential to the mission of the activity or unit, or to the United States (U.S.) presence in that area. Such designations shall require members to serve the accompanied tour even if they decline to bring dependents, and shall be established only at overseas duty stations where the accompanied tour length is at least 24 months (reference (a)).

2. **Overseas Tour Lengths.** Overseas tour lengths are the standard tours of duty established for specific locations outside the **continental U.S. (CONUS)** (contiguous 48 U.S. and the District of Columbia (DC)) per reference (a) and reference (b), Appendix Q.

a. **Commencement of Tour**

(1) Time creditable. An overseas tour begins with the day of departure from the **CONUS** and ends with the day of return. For members taking leave **outside the continental U.S. (OCONUS)**, the area tour will commence upon termination of leave.

(2) Overseas duty for members on board during a change of homeport from CONUS to OCONUS, or from being a member of the commissioning crew of a vessel to be homeported OCONUS, overseas duty commences on the effective date of the overseas location becoming the homeport of the vessel, regardless of location of the vessel on that date.

b. **Adjusted Tour Lengths.** Members who report in an unaccompanied status to an overseas area that allows accompanied tours, then are later joined by command-sponsored family member(s), will have their tour adjusted to the accompanied tour length or an additional 1 year on board computed from the date command sponsored dependents arrive overseas, whichever is longer. Commanding officers (COs) shall report command sponsorship and adjusted tour lengths to Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4XX) (appropriate detailer code).

c. **Units Transitioning.** Detailed guidance concerning tour lengths for members assigned to units transitioning to Type Duty Code "4" or Type Assignment Code (TAC) "D" is provided in MILPERSMAN 1300-312.

d. **Ships/Activities Permanently Homeported Overseas - Out of Homeport.** Members serving on ships or activities permanently homeported overseas usually experience personal hardships when executing a permanent change of station (PCS) order while out of homeport.

(1) These members must use leave and travel time to return to homeport, arrange household goods (HHG) shipment, and await transportation to CONUS.

(2) During leave period, the member is not entitled to temporary lodging allowance (TLA) and is required to bear out-of-pocket expenses while awaiting transportation.

(3) To alleviate the problems incurred when transferring a member under PCS orders while away from homeport, the CO is authorized to include an intermediate stop on orders, "Temporary Duty for Further Transfer (TEMDFU FFT)", for a period not to exceed 10 days at the homeport for awaiting transportation to ultimate duty station.

e. **Shortened Tour Length.** Tours shall meet Department of Defense (DoD) overseas tour lengths; however, overseas tours 60 days short of the prescribed tour length do not require waivers. Members may be reassigned within 60 days before completion of the full tour length and be considered as having completed the full DoD area tour with the exception of 12-month overseas tours (e.g., Souda Bay, Crete). Due to the unique nature of these short tours, members will serve the full

12-month tour length. This 60-day window does not exempt the requirement, if applicable, for submission of other type waivers (e.g., obligated service (OBLISERV), minimum tour for separation, etc.). Waivers for curtailment of overseas tours must be approved by NAVPERSCOM (PERS-4).

f. **Officer only:**

(1) **Overseas Homeports.** Tour length for ships and squadrons homeported overseas will normally be the DoD tour length prescribed in reference (b), Appendix Q; or Exhibit 1 below. Exceptions include officers assigned to duty afloat and to deployable units stationed ashore, which are set by Secretary of the Navy (SECNAV).

(2) **Hawaii and Alaska.** Hawaii and Alaska have a minimum tour of 36 months with no mandatory rotation date established. Shore tours will be 36 months (or other DoD area tour specified). Sea tour lengths will be per Navy policy.

(3) **DoD Area Shore Tour.** Officers assigned to overseas duty must be ordered to serve the applicable DoD area shore tour. Exceptions to this policy are contained in reference (a) and include, but are not limited to, members assigned to the Defense Attaché System, government-to-government contracts (e.g., Personnel Exchange Program (PEP)), and medical officers assigned to specialties in high demand as approved by SECNAV. See MILPERSMAN 1301-110 for details.

(4) **Overseas Non-Rotating Ships, Staffs, and Aviation Squadrons.** Officers assigned to overseas non-rotating ships, staffs, and aviation squadrons will serve a tour length prescribed by NAVPERSCOM. See MILPERSMAN 1301-110 for details.

(a) Tour lengths prescribed by reference (b), Appendix Q; or Exhibit 1 below will be adhered to as closely as possible to maintain personnel stability within fleet units.

(b) Such tour lengths will not normally exceed those prescribed for accompanied/unaccompanied members assigned to shore stations in the same overseas areas.

g. **Enlisted only:**

(1) **Hawaii Tour Lengths.** Projected rotation dates (PRDs) for career enlisted members assigned to duty in Hawaii

will coincide with their prescribed sea tour or normal shore tour as appropriate, but in no case for less than 3 years. For first-term members see MILPERSMAN 1306-126 for details.

(2) **Nuclear Qualified/Trident Technicians.** Tour lengths for enlisted nuclear qualified operators and enlisted Trident technicians are currently **excluded** from the provisions of this article. Tour lengths for such members will be dictated by situational requirements.

(3) **Submarines Permanently Homeported in Guam and Nuclear Trained Sailors on CVNs Permanently Homeported in Japan.** Tour length for career enlisted members assigned to submarines permanently homeported in Guam or on CVNs permanently homeported in Japan will be 36 months. Following completion of the first 24 months of their prescribed sea tour, members without family present (serving an unaccompanied tour for 36 months) will be eligible for Overseas Tour Extension Incentive Program (OTEIP) benefits (must be requested).

(4) **CONUS Homeports.** Tour length for ships and squadrons that are homeported in CONUS, but operate in an overseas area for 1 year or more, is 12 months. See MILPERSMAN 1320-324 for details.

(5) **First-Term Members.** For first-term enlisted members see MILPERSMAN 1306-126 for details.

3. **Overseas Tour Length Types and Options.** During the interview conducted per MILPERSMAN 1300-300 through 1300-304, members shall be given the opportunity to elect whether they desire to

- be accompanied by family member(s) in an overseas area that is authorized accompanied tours,
- serve in an unaccompanied status, or
- postpone their decision until after reporting to their overseas duty station.

Delayed decisions must be made not later than 90 days after reporting. Members not making a tour election within 90 days after reporting will be presumed to have elected to serve in an accompanied status. Dependents are not authorized in areas indicated by "N/A" in the accompanied tour length column in Appendix Q of reference (b), or Exhibit 1 below.

a. **Types.** Overseas tour length types are as follows:

(1) **Accompanied (with Family Member(s)).** Assigned to members accompanied or joined by command-sponsored family member(s). First-term enlisted members may be required to serve the accompanied tour without family members present. See MILPERSMAN 1306-126 for details.

(2) **Unaccompanied (All Others).** Assigned to single members or those who either voluntarily or involuntarily are not accompanied by command-sponsored family member(s).

b. **Service Record Entries.** The CO shall cause the following electronic service record entries to be made when the member indicates a decision has been reached regarding options available.

(1) **For accompanied tours** make the following entry on NAVPERS 1070/613 (Rev. 7/06), Administrative Remarks:

"I fully understand the contents of MILPERSMAN 1300-308 and have elected the accompanied (with family member(s)) tour prior to my transfer from my present duty station."

Member's Signature

Witnessed: _____
L. Kimble
CDR, USN, Personnel Officer

(2) **For unaccompanied (all others) tours** make the following entry on NAVPERS 1070/613:

"I fully understand the contents of MILPERSMAN 1300-308 and have elected the unaccompanied (all others) tour prior to my transfer from my present duty station. I also understand per JFTR, Volume 1, family member(s) travel to overseas duty station at government expense is not authorized."

Member's Signature

Witnessed: _____
J. Christopher
CDR, USN, Personnel Officer

(3) **For postponed decisions** make the following entry on NAVPERS 1070/613:

"I fully understand the contents of MILPERSMAN 1300-308 and desire to make my election of an accompanied (with family member(s)) or unaccompanied (all others) tour within 90 days after I report to my new duty station."

Member's Signature

Witnessed: _____
C. Wirtz
CDR, USN, Personnel Officer

c. **Change from Unaccompanied to Accompanied.** If, after choosing an unaccompanied (all others) tour and orders have been endorsed accordingly, the member desires the longer accompanied (with family member(s)) tour, submit a request to NAVPERSCOM (PERS-4XX) (appropriate detailer code).

(1) The request will normally not be approved in any instance where the member has already been furnished transportation of family member(s)/household effects at government expense to a place designated by the member.

(2) If the request is approved, a modification of the member's PRD and a NAVPERS 1070/613 entry shall be made. The

member may then request entry approval and transportation of family member(s) in the normal manner.

d. **Tour after Early Return of Family Member(s).** Members whose family member(s) were furnished early return transportation from the member's overseas duty station under the provisions of reference (b), chapter 5, part J-U5900, will be required to complete the prescribed accompanied tour.

4. Tour Adjustments

a. Requests for adjustments of overseas tours shall be submitted to the member's detailer. See MILPERSMAN 1300-310 for details.

b. Such requests must contain sufficient information to facilitate an accurate determination. Examples of situations when PRDs require adjustments are as follows:

(1) Correction of erroneous PRDs.

(2) Members reporting without family member(s), with movement of family member(s) subsequently authorized.

(3) Family member(s) arriving in a "tourist status," or are newly acquired and subsequently become "command sponsored" family member(s).

(4) Return of family member(s) not at the option of member, nor as a result of misconduct.

(5) Member voluntarily elects to serve accompanied tour.

5. Consecutive Overseas Tour (COT). A COT occurs when a member is moved PCS from one overseas duty station to another. It may be an in-place, intra-theater, or inter-theater reassignment as defined in reference (a).

a. **Serve Full Tours.** Members under COT orders will normally serve the full DoD area tour on both the initial and follow-on shore tour(s) (either accompanied or all others, as appropriate).

b. **Involuntary COTs in Different Areas.** In the case of involuntary COTs in different areas, travel of family member(s), command-sponsorship, and shipment of HHG to the follow-on area

are authorized at government expense, provided the member has at least 12 months to serve in the area after scheduled arrival of family member(s)/HHG.

c. **Overseas-to-Overseas Assignments.** For all overseas-to-overseas assignments, transferring commands **must re-screen** members and family member(s) to determine their suitability. The screening CO may waive the medical portion of the overseas screening if the transferring and gaining commands are serviced by the same military treatment facility (MTF) and no medical disqualifying issues exist.

d. **Leave Travel.** Members assigned to COTs may be eligible for leave travel between assignments under provisions of reference (b). The following policy applies to COT leave travel eligibility:

(1) An in-place consecutive overseas tour (IPCOT) (no-cost permanent change of activity (PCA) move) must include two full DoD or SECNAV prescribed tours (accompanied or unaccompanied, as appropriate), or their equivalent. The goal is to approve as many IPCOT requests as possible while considering manning concerns, fleet balance, and readiness impact.

(2) For intra-theater and inter-theater COTs (cost PCS), the two tours must be at least the equivalent of two unaccompanied tour lengths. The second tour will normally be ordered for the **full** DoD or SECNAV tour length (accompanied or unaccompanied, as appropriate). Requests for COTs are also encouraged and will be approved when possible.

(3) Members reassigned under low-cost move provisions are not entitled to COT leave travel if they are not assigned to a full DoD follow-on tour.

(4) If a member is reassigned on a COT and the aggregate of the tour lengths is less than the equivalent of two unaccompanied tours, an overseas tour length waiver must be obtained to authorize COT leave travel; however, the second tour must be for a full DoD area tour, either accompanied or unaccompanied.

(5) To be entitled to COT leave travel the member must complete the appropriate DoD or SECNAV area tours (listed in reference (b), Appendix Q; or Exhibit 1 below), whether assigned

to a land-base activity or afloat unit. Family member(s) are entitled to COT leave travel only when they

- are an eligible dependent as defined in reference (b), Appendix A;
- are command sponsored for both tours; and
- they accompany the member during both tours.

Family member(s) may be authorized to travel with their sponsor at the time the sponsor is granted leave travel, or they may travel independently of the sponsor. COT leave travel will normally be performed between the two consecutive overseas tours involved; however, the member may elect to defer COT leave travel between the two tours of duty.

(6) As an exception, a member on PCS orders requiring member and/or family member(s) to traverse CONUS to complete the PCS must perform the COT leave travel at that time unless a deferment is authorized or approved by NAVPERSCOM, Enlisted Distribution Division (PERS-40CC) for enlisted personnel; or cognizant detailee for officer personnel. Requests will only be approved for unusual circumstances that preclude the member and/or family member(s) from taking COT leave while in CONUS and must be submitted, and authorization received, prior to member's transfer.

(7) In all cases, unless deferred due to duty in connection with a contingency operation, COT leave travel must be performed prior to the end of the new tour, otherwise the entitlement expires.

(8) Requests for COT leave travel to a location more distant than the member's home of record (HOR) must be forwarded to Office of Chief of Naval Operations, Travel and Transportation Section (OPNAV (N130E)) for determination. Authorization by OPNAV (N130E) may be granted for unusual circumstances, i.e., member's old and new permanent duty station (PDS) and HOR in same geographic location, or travel to HOR in conjunction with travel via designated location of family member(s) when both HOR and designated location of family member(s) is in the same country. Request must be submitted and authorization received prior to member's transfer.

(9) COT leave travel within CONUS is normally performed via common carrier (rail, bus, or air) procured at government

expense. Travel via privately owned vehicle (POV) should be requested from NAVPERSCOM (PERS-40CC) for enlisted personnel, or the cognizant detailer for officer personnel. Authorization should be received prior to member's transfer.

NAVY-SPECIFIC OVERSEAS SEA DUTY TOUR LENGTHS

1. DoD area tour lengths are listed in reference (b), Appendix Q. The following Navy-specific overseas sea tour lengths are exceptions to the standard DoD area tour length for the area/unit as authorized per reference (a). If a specific tour length is not listed, it is assumed that it is 36 months accompanied and 24 months unaccompanied.
2. Tour length for enlisted first-term members assigned overseas duty will be assigned a PRD of 36 months or the accompanied tour length, which ever is less.
3. Tour length for career enlisted members assigned to duty in Hawaii will coincide with their prescribed sea tour or normal shore tour as appropriate, but in no case for less than 3 years unless otherwise indicated in reference (b), Appendix Q; or listed below.
4. Medical officers assigned to certain high demand specialties, as determined by Secretary of Defense (SECDEF) in conjunction with the Navy's Surgeon General, are authorized to serve 2-year accompanied tours in long-tour areas per MILPERSMAN 1301-110.
5. Nuclear trained members are presently being assigned for 24 months regardless of tour election to overseas duty on performance monitoring teams (PMTs), in radiological control (RADCON) divisions, and nuclear planner or nuclear repair billets in overseas home-ported tenders in Guam.
6. The following Navy-specific tour lengths cannot be used for entitlement (e.g., OTEIP, COT, etc.) establishment or calculation. Official DoD area tour lengths listed in reference (b), Appendix Q, must be used for this purpose.

1. **Voluntary Overseas Tour Extensions**. An extension of an overseas tour is an authorized voluntary/involuntary increase beyond the appropriate (accompanied or unaccompanied) tour prescribed for the area.

a. Officer and Enlisted:

(1) Requests for overseas extensions are encouraged, but must be considered on a case-by-case basis. An important factor to be considered is whether other members of the same rank/rating desire rotation overseas and are otherwise qualified.

(2) Requests should be submitted not more than 18 months, but not less than 9 months, prior to current projected rotation date. All requests must include a positive recommendation by the commanding officer indicating the desirability of the member's continued service overseas.

b. Enlisted only:

(1) For extensions of less than 12 months, forward requests on NAVPERS 1306/7 (01/03), Enlisted Personnel Action Request to appropriate Navy Personnel Command (NAVPERSCOM) detailee.

(2) The Overseas Tour Extension Incentive Program (OTEIP) may apply for enlisted personnel requesting extensions beyond 12 months. Refer to MILPERSMAN 1306-300 for additional information.

(3) Enlisted personnel (first termers are not eligible) attached to Guam or Diego Garcia homeported ships, who extend their tours by at least 1 year on Guam or Diego Garcia homeported ships, will receive double sea days credit for the period of the 1-year extension. Additionally, members may be eligible to receive OTEIP benefits for the 1-year extension as outlined in MILPERSMAN 1306-300.

c. **Officer only:** Forward requests to the appropriate assignment officer.

2. **Involuntary Overseas Tour Extensions.** Before involuntary extensions are imposed, members shall be given the opportunity to extend voluntarily their enlistment or contract periods to provide sufficient obligated service to complete a minimum tour of duty. Involuntary overseas tour extensions may be assigned only by NAVPERSCOM under the following circumstances:

a. The voluntary or involuntary extension of a member serving an overseas tour of duty in a "key Military Assistance Advisory Group position" (as defined in reference (a)) will be subject to the approval of Assistant Secretary of Defense (International Security Affairs).

b. The voluntary or involuntary extension of a member serving an overseas tour of duty with a defense agency under the above provisions will be subject to the concurrence of the defense agency.

c. The maximum period that members may be involuntary extended at an overseas site is 180 days.

d. Maximum involuntary extension of sea duty aboard vessels which operate in an overseas area for a contemplated period of 1 year or more, despite having continental United States (CONUS) homeports, will be 3 months.

UNITS TRANSITIONING TO OVERSEAS LOCATIONS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-3516
			COM	(901) 874-3516
			FAX	882-2693

1. Policy

a. As soon as it becomes known that a sea unit will change status, the Manning Control Authority (MCA) or Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness Support Branch (PERS-4013) will direct the commanding officer of the unit to provide NAVPERSCOM a listing of all personnel who are planned to be on board on the effective date of the change.

b. The listing will identify personnel who

(1) **do** desire to remain on board to complete an overseas tour (volunteer (VOL)),

(2) **do not** desire to remain on board (non-volunteer (NON-VOL)), and

(3) are not qualified for overseas service per this article and applicable directives (non-qualified (NON-QUAL)).

c. In each case, special procedures will be developed by NAVPERSCOM to provide replacements for all NON-QUALs and as many NON-VOLs as possible.

2. Transitioning Categories. Transitioning of units to overseas locations shall be considered in two distinct categories:

a. **Category 1**. Transition from continental United States (CONUS) to an overseas location.

b. **Category 2**. Transition from an overseas location to CONUS incident to overhaul, conversion, or aircraft transition, and return to previous overseas location.

3. Manning

a. It is desirable that units transitioning to overseas locations be manned with VOLs to the maximum extent feasible; however, it is often necessary to retain some NON-VOLs on board to fill key billets during the transition period, to maintain crew stability, and to man units per specified manpower level when sufficient VOLs are not available.

b. Detailed guidance for determining VOL/NON-VOL status of personnel, tour lengths, obligated service (OBLISERV) requirements, phased rotation plans, and eligibility for transportation of family members will be provided to the transitioning unit by letter or during a Crew Manning Conference.

4. Tour Lengths

a. **Category 1.** The following guidelines pertain to tour lengths for personnel assigned to transitioning units in category 1.

(1) **VOLs.** Personnel who desire to accompany the transitioning unit to the new overseas location will complete the appropriate accompanied (with family members) tour, or unaccompanied (all others) tour for the area.

(a) Members who elect to bring their family member(s), privately owned vehicles (POV), or household goods (HHG) must remain attached to the unit for a minimum period of 1 year subsequent to the scheduled arrival of family members/POV/HHG at the overseas location, to receive these entitlements.

(b) Enlisted personnel will ensure OBLISERV requirements have been met per MILPERSMAN 1306-106 and will be based on the effective date of the change of homeport/permanent duty station (HP/PDS). It is emphasized that personnel shall have sufficient OBLISERV, prior to departure of the transitioning unit from CONUS, for the tour length elected (i.e., Accompanied or All Others).

(2) **NON-VOL** personnel who are required to remain on board during the transition period will not have their projected rotation date (PRD) involuntarily extended.

(a) NON-VOLs who choose to have their family member(s) accompany them to the new overseas location will be considered VOLs and have their PRDs adjusted to reflect an accompanied (with family member(s)) tour, or prescribed sea tour, whichever is least.

(b) NON-VOLs who elect to bring their POV or HHG must remain attached to the unit for a minimum period of 1 year subsequent to the scheduled arrival of POV or HHG at the overseas location, to receive these entitlements.

b. **Category 2.** Since overhaul, conversion, or aircraft transition periods vary from 6 months to a period in excess of 17 months, transitioning units in category 2 must be considered an exception to the normal transition policy. Normally, units returning to CONUS will receive a change of HP/PDS notice which will assign, for the purpose of travel entitlements, a CONUS HP/PDS. Specific guidelines and procedures for personnel in category 2 will be provided to the transitioning unit by letter, or during the Crew Manning Conference.

1. Policy

a. Navy's practice of not assigning both members of a service couple to Diego Garcia simultaneously will continue.

b. All members currently assigned or under orders to Diego Garcia will be counseled that accompanied quarters are not available, nor will provisions for joint occupancy be made.

c. **Enlisted Only:**

(1) All follow-on assignment guarantees, per provisions of MILPERSMAN 1306-200, will be void if action on part of the member (e.g., marriage) prevents the member from completing a normal tour on Diego Garcia.

(2) All members currently assigned or under orders to Diego Garcia will be required to make the following entry on NAVPERS 1070/613 Administrative Remarks:

"I have read and fully understand the provisions of MILPERSMAN 1300-314. I am aware that follow-on assignment guarantee, authorized by MILPERSMAN 1306-200, will be invalid should an action on my part (e.g., marriage) prevent my completion of a normal tour on Diego Garcia as prescribed."

Member's Signature

Witnessed:

J. Christopher
CDR, USN, Personnel Officer

2. Marriages on Diego Garcia

a. Although marriage between military personnel on Diego Garcia is not prohibited as a matter of policy, continued assignment of both members on Diego Garcia cannot be accommodated.

b. The following guidelines regarding marriages are established:

(1) When marriages occur between Navy members assigned on Diego Garcia, including marriages entered into during off-island visits and continental United States leave, one member of the new couple will be immediately reassigned off-island duty based on Service needs.

(2) If marriage occurs between a Navy member and the member of another service, the Navy member will be immediately assigned off-island duty based on Service needs.

(3) If marriage occurs between a Navy member and a host national, third country national, civil service employee, or civilian contractor employee, the Navy member will be immediately assigned off-island duty based on Service needs.

1. **Policy**. Dependent entry approval (DEA) is a Navy process to obtain permission from an area commander to bring dependents into a specific area. Approval/disapproval is based on Status of Forces Agreements (SOFA); family support capabilities and/or limited local support based on geographically isolated areas; and is only required for the areas listed on the Navy Personnel Command (NAVPERSCOM), Distribution Management and Procedures Branch (PERS-451) website at <http://www.npc.navy.mil/CommandSupport/DistributionManagement/Procedures/Dependent+Entry+Approval.htm>. DEA is an area commander responsibility and all questions regarding DEA should be directed to the designated action address listed on the NAVPERSCOM (PERS-451) website. **DEA must be used in conjunction with additional information/requirements in references (a) and (b).**

2. **Requests**. All personnel executing permanent change of station (PCS) orders who desire to have family members accompany them to the locations listed on the above NAVPERSCOM (PERS-451) website must submit a request for DEA upon completion of overseas screening (MILPERSMAN 1300-300 applies). **The request must be submitted at least 4 months prior to arrival.**

3. **Requirements and Procedures**. Dependent entry requirements and procedures can be found on the above NAVPERSCOM (PERS-451) website. This information is posted for the convenience of the area commanders. Area commanders or their designated representative are responsible for the information and may contact **Commander, Navy Personnel Command (COMNAVPERSCOM), Millington, TN; E-mail Pers451@navy.mil**; to update this website.

4. Personnel Exchange Program (PEP) Dependent Entry. Navy personnel ordered overseas with the PEP should liaise with the gaining command to determine if DEA is required.

1. **Purpose.** To outline screening policy and procedures for the following assignments for officer and enlisted personnel per references (a) through (c):

- Global Support Assignment (GSA)
- Overseas Contingency Operation Support Assignment (OSA)
- Individual Augmentation Manpower Management (IAMM)
- Reserve Component (RC) Mobilization

2. **Policy.** Expeditionary screening is required for all individual augmentees (IAs, GSA, OSA, IAMM, and RC Mobilization). This screening is comprised of two separate parts, medical/dental, and administrative:

(See the table below.)

Expeditionary Screening	
a.	<p>Medical/Dental</p> <p>(1) NAVMED 1300/4, Expeditionary Medical and Dental Screening for IA and OCO, can be obtained at the Bureau of Medicine and Surgery (BUMED) Web site below. Select Forms from the menu. Specific link is below:</p> <p>http://www.med.navy.mil/directives/ExForms/NAVMED%201300-4%20RE.pdf</p> <p>(2) Any required Area of Responsibility (AOR) theater-specific medical screening forms (NAVMED 1300/5 through NAVMED 1300/11, IA and Support Assignments to OCO Specific Requirements for (<i>specific location</i>) AOR) and all other applicable medical screening forms can be found on the BUMED Web site below. Select Forms from the menu or use the link below:</p> <p>http://www.med.navy.mil/directives/Pages/AllForms.aspx</p>
b.	<p>Administrative. The administrative portion of the expeditionary screening consists of the following:</p> <p>(1) NAVPERS 1300/21, Medical Suitability Certification.</p> <p>(2) NAVPERS 1300/22, Expeditionary Screening Checklist.</p> <p>These forms can be found on the Bureau of Naval Personnel (BUPERS) Web site below:</p> <p>http://www.npc.navy.mil/CareerInfo/Augmentation/</p>
c.	<p>Additional Policies and Guidance. For more information and guidance on the IA process (including business rules and advancement policies and procedures), members are encouraged to review the current information available on the Navy Personnel Command (NAVPERSCOM) Web site below:</p> <p>www.npc.navy.mil/ReferenceLibrary/Messages/</p>

3. **Background**. Since the beginning of the Global War on Terror, the Navy has deployed Sailors on a temporary basis to the various combatant commanders as IAs in support of OCO. Improper expeditionary screening causes undue hardship on members and imposes additional burdens to commands. The establishment of standardized expeditionary screening requirements is necessary to ensure that Navy IA personnel are properly screened for expeditionary assignments.

4. **Responsibilities**. Four separate **order processes** are utilized for IA assignments (GSA, IAMM, OSA, and RC Mobilization). Each operates in parallel to meet the Navy's contingency manpower GSA/OSA requirements. While the majority of active component requirements may be filled utilizing the GSA/OSA process, the choice of which process to use may also be driven in part by what is in the best interest of each individual Service member. All prospective IA Sailors receiving orders under one of the four systems must be screened per the procedures contained in this article.

a. **GSA**: Sailors receive standard permanent change of station (PCS) orders to either Expeditionary Combat Readiness Center (ECRC) Forward Detachment Norfolk, VA or San Diego, CA. GSA Sailors also receive either temporary duty (TDY) or intermediate temporary duty (ITDY) orders issued by NAVPERSCOM, Reserve Augmentation Division (PERS-4G) detaching them temporarily from ECRC locations for training, transportation, and deployment to the ultimate IA location. The Sailor's command at the time of initial PCS orders notification (i.e., detaching command) is ultimately responsible for completion of all IA screening requirements per this article and applicable references.

b. **OSA**: The OCO OSA Program is for active duty enlisted Service members and supersedes enlisted GSA starting in the Fall 2010. Like GSA, OSA orders are executed at the end of a Sailor's normal PCS tour; however, OSA Sailors receive temporary additional duty (TEMADD) orders from the existing command so that a Sailor and Family will maintain the traditional parent command relationship for Sailor and family support. To accomplish this, if a Sailor elects and is accepted for an OSA, they will be administratively extended at their present duty station for the period of the IA plus an additional 60 days. The 60 days will allow completion of post-deployment health assessments, PCS move preparation, etc. The Sailor's command (i.e., parent command) is ultimately responsible for completion of all IA screening requirements per reference (b) and applicable references.

c. **IAMM:** Sailors remain assigned to their permanent duty station (PDS) for the duration of the IA assignment. IAMM Sailors receive either TDY or ITDY orders issued by NAVPERSCOM (PERS-4G) detaching them temporarily from their PDS for training, transportation, and deployment to the ultimate IA location (returning back to the same PDS upon completion of the IA). The Sailor's command at the time of initial TDY/ITDY orders notification (i.e., parent command) is ultimately responsible for completion of all IA screening requirements per this article and applicable references.

d. **RC Mobilization:** RC Sailors receive mobilization orders for training, transportation, and deployment to the ultimate IA location. Navy Reserve Activities (NRAs)/Navy Operational Support Centers (NOSCs) are responsible for ensuring the completion of the expeditionary screening checklists for RC Sailors assigned to their command.

5. Procedures

a. **Authority.** The policies and procedures in this article and those outlined in reference (a) will be utilized for all expeditionary IA assignments. **Note:** NAVMED 1300/1, Medical, Dental and Educational Suitability Screening for Service and Family Members, will **not** be utilized for IA screening.

b. **Parent Command Responsibilities.** It is the responsibility of the Service member's **current commanding officer (CO)** to ensure expeditionary screening is conducted per this article and applicable references. **Command Individual Augmentee Coordinators (CIACs)**, as well as **other command assets** shall advise, direct, and assist IA deployers in completing all administrative, medical, training, and other requirements in preparation for their upcoming assignment. Commands will also provide each IA Service member with the information listed in the reference section of this article as well as instructions on how to download/print the IA expeditionary screening checklists, the Individual Augmentee Sailor Handbook, and the Individual Augmentee Family Handbook.

c. **IA Action.** **IAS** must complete all components of the expeditionary screening (medical and administrative) prior to obtaining CO's signature. The IA must initiate both medical/dental and administrative components upon receipt of orders, allowing sufficient time for medical/dental clearance.

Early identification (and correction if possible) of disqualifying factors will improve individual readiness.

d. **Medical Treatment Facility (MTF) Action.** Per reference (a), **MTF COs** and **officers-in-charge (OICs)** (or **MTF designees**) will ensure completion of NAVPERS 1300/21 and ensure correct medical data is entered in the deployment section of the Medical Readiness Reporting System (MRRS) upon completion of medical screening. NAVMED 1300/4 and required AOR specific forms will be filed in the member's medical record.

e. **CO Action.** **COs** must review the completed, signed NAVPERS 1300/21, any medical waivers, and the completed NAVPERS 1300/22 before signing. **COs** must ensure that member's suitability is reported via Bupers online (BOL), <https://www.bol.navy.mil/> (login is required), within 30 days of the date/time/group on the orders. Suitability will be reported using the Overseas/IA Screening application from the BOL menu.

(1) **For GSA Sailors:** Report suitability via the "Detaching Orders" link.

(2) **For OSA, IAMM, and RC Mobilization Sailors:** Report suitability via the **Augmentation Screening Input** link. When filling out this information, the detaching command is the parent command unit identification code (UIC) responsible for the Sailor and the gaining command UIC should be the ultimate UIC listed in the TEMADD orders.

Note: Commands that do not report screening status via BOL within 30 days of the date/time/group on the orders will receive a delinquency message. Compliance will be monitored by **NAVPERSCOM (PERS-4G)** and enforced by **U.S. Fleet Forces Command (USFF)**.

f. **Sailor's Accompanying Documentation and Additional Screening.** Medical and dental records with individual medical readiness documentation, hard copies of NAVPERS 1300/21, and NAVPERS 1300/22, and copies of medical waivers must accompany Service members to the Navy Mobilization Processing Site (NMPS). Sailors will undergo additional screening and review of the expeditionary medical/dental and administrative checklists upon reporting to NMPS.

g. **CIAC Records.** A copy of the NAVPERS 1300/21 and the NAVPERS 1300/22 screening forms will be held by the CIAC for a minimum period of 2 years.

6. **Resources.** The following Web sites contain valuable information on the IA process, including the required expeditionary screening checklists, IA handbooks, and links to the NMPSS; frequently asked questions, and family readiness:

1. **Purpose.** To outline redeployment and or demobilization screening policy and procedures for the following assignments for officer and enlisted personnel:

- a. Global support assignment (GSA);
- b. Overseas contingency operations support assignment (OSA);
- c. Individual augmentation manpower management (IAMM); and
- d. Reserve component (RC) mobilization.

2. **Policy.** Redeployment and demobilization screening at a Navy mobilization processing site (NMPS) is required for all individual augmentees (IAs) (i.e., GSA, OSA, IAMM, and RC mobilization). This screening is comprised of two separate parts:

- Medical/Dental
- Administrative

a. **Medical and Dental.** Per reference (a), the medical/dental portion of the redeployment screening consists of the following:

(1) NAVMED 1300/13 Redeployment/Demobilization Medical and Dental Screening for Individual Augmentee (IA) Returning From Overseas Contingency Operations Support Assignments (OSA). NAVMED 1300/13 is available at the following BUMED link:
<http://www.med.navy.mil/directives/Pages/NAVMEDForms.aspx>

(2) DD Form 2796 Post Deployment Health Assessment (PDHA). The purpose of this screening is to review each service member's current health, mental health or psychosocial issues commonly associated with deployments, special medications taken during the deployment, possible deployment-related occupational and environmental exposures, and to discuss deployment-related health concerns. Log-on and password information necessary to access and complete DD Form 2796 will be provided to the member by his or her chain-of-command. DD Form 2796 can be obtained from the following link and must be completed within 30 days of departing theater:
<https://data.nmcphc.med.navy.mil/EDHA/login.aspx>.

(3) DD Form 2900 Post Deployment Health Re-Assessment (PDHRA). DD Form 2900 must be completed within 90 to 180 days post-deployment at parent command. Log-on and password information necessary to access and complete DD Form 2900 will be provided to the member by his or her chain-of-command. DD Form 2900 will be completed online at:
<https://data.nmcphc.med.navy.mil/EDHA/login.aspx>.

(4) Serum samples and HIV collected at local medical treatment facility (MTF) for deployment health surveillance.

(5) Medical referrals and forms at the nearest MTF.

b. **Administrative.** Per reference (b), the administrative portion of the redeployment screening consists of NAVPERS 1300/23 Redeployment and Demobilization Administrative Screening Checklist. NAVPERS 1300/23 is available at:
<http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

Note: For more information and guidance on the redeployment process, members are encouraged to review the current information available on the following U.S. Fleet Forces Command (USFF) link (Sailor/Redeployment tab): <http://www.ia.navy.mil/>.

3. **Background.** The Return, Reunion, and Reintegration (R3) Program ensures that all IAMMs redeploy through a designated NMPS as noted on their original orders. Incomplete redeployment screening causes undue hardship on Service members and imposes additional burdens on parent commands. Per R3 implementation, standardized redeployment processing mandates compliance with IA Program directives to ensure Navy IA Sailors receive uniform access to a wide range of Sailor support resources, programs, and services.

4. **Responsibilities.** In support of IA Sailors and their families, numerous organizations, in addition to NMPSs, have a stake in redeployment support to include: operational units, Commander, Naval Forces Central Command Task Force IA, Warrior Transition Program (WTP), and parent commands. Four separate order processes are utilized for IA redeployment assignments (GSA, IAMM, OSA, and RC demobilization). In each instance, IA Sailors receive redeployment and demobilization orders under one of the three systems and must be screened per the procedures contained in this article.

a. **GSA.** Sailors receive redeployment orders to either NMPS Norfolk, VA or San Diego, CA. The Sailor's command (i.e., gaining command as annotated in permanent change of station orders) is ultimately responsible for ensuring completion of all IA redeployment screening requirements per this article and applicable references.

b. **OSA and IAMM.** OSA Sailor's deployment orders specify designated redeployment NMPS location. OSA Sailor's command at the time of initial permanent change of station orders notification (i.e., the losing command) is ultimately responsible for the completion of all redeployment screening requirements per this article and applicable references. IAMM Sailor's command at the time of initial temporary duty or intermediate temporary duty orders notification (i.e., the parent command) is ultimately responsible for ensuring completion of all IA redeployment screening requirements per this article and applicable references.

c. **RC Demobilization.** Sailors receive demobilization orders to a designated NMPS location. Navy Reserve activities and Navy operational support centers are responsible for ensuring the completion of the redeployment and demobilization screening checklists for RC Sailors assigned to their command.

5. **Procedures**

a. **Authority.** The policies and procedures in this article and those outlined in reference (c) will be utilized for all expeditionary IA assignments.

b. **Oversight.** It is the responsibility of NMPS officers-in-charge (OICs) to ensure all redeployment screening is conducted per this article and applicable references. MTFs, personnel support detachments, and CNIC assets shall advise, direct, and assist IA redeployers in completing all administrative, medical, training, and other requirements. Command individual augmentee coordinators (CIACs), as well as other command assets, shall advise, direct, and assist IA redeployers in completing all administrative and medical requirements commensurate with redeployment and or demobilization. Commands will also provide each IA Service member with the information listed in the reference section of this article as well as instructions on how to download or print the IA redeployment checklists.

c. **IA Action**

(1) IAs must complete all components of the redeployment screening checklists prior to obtaining signatures.

(2) Coordinate with assigned CIAC at parent command to ensure completion of all components of the redeployment screening checklists.

(3) Complete the member sections of DD Form 2796 within 30 days of return from expeditionary assignment and follow-up on the medical referrals annotated by medical providers.

(4) Complete DD Form 2900.

d. **MTF Action.** Per reference (a), MTF COs and OICs, or MTF designees will ensure completion of NAVMED 1300/13 and ensure entry of correct medical data is entered in the deployment section of the Medical Readiness Reporting System upon completion of medical screening. MTF COs and OICs, or MTF designees will assign readiness team IA suitability screening coordinators (IASSC) to assist the NMPS OICs and command CIAC in completing post-deployment readiness requirements.

Note: Local MTF IASSC will complete NAVMED 1300/13 and ensure entry of appropriate medical referrals in the member's medical record.

e. **NMPS Action.** NMPSSs must review the completed and signed NAVPERS 1300/23 and any medical or dental requirements before releasing member to his or her parent command.

(1) **For OSA, IAMM, GSA, and RC Sailors.** Report redeployment status via the Navy and Marine Corps Mobilization Processing System (NMCMPMS).

(2) Compliance will be monitored by Navy Personnel Command (NAVPERSCOM), Augmentation Division (PERS-4G) and enforced by USFF.

f. **Parent Commands Will:**

(1) Ensure compliance with administrative and medical requirements.

(2) Ensure CIAC updates the Navy Family Accountability Assessment System per reference (c).

(3) Ensure completion of NAVPERS 1300/23 and any medical or dental requirements.

g. **Sailors Accompanying Documentation.** NAVMED 1300/13 shall be retained in the member's medical record. Member shall detach from NMPS with his or her medical record, dental record, and NAVPERS 1300/23.

h. **CIAC Records.** A copy of NAVPERS 1300/23 and NAVMED 1300/13 will be held by the CIAC for a minimum period of 2 years.

6. **Resources.** The following Web sites contain valuable information on the IA process, including required expeditionary screening checklists, IA handbooks, links to the NMPSSs, frequently asked questions (FAQs), and family readiness.

---------------------	--

1. **Policy.** The safety, security, and reliability of nuclear weapons are of paramount importance to the security of the United States. The Personnel Reliability Program (PRP) suitability preliminary screening process is designed to ensure that only those personnel who have demonstrated the highest degree of reliability, trustworthiness, personal conduct, and integrity are assigned to PRP duties.

2. **Responsibility.** The responsibility for preliminary screening of personnel to determine their suitability for assignment to a PRP billet rests with the commanding officer (CO) of the transferring command. The CO will ensure that members receiving orders to billets requiring PRP certification undergo preliminary screening by the provisions of this article and references (a) and (b) by utilizing NAVPERS 1300/27 Personnel Reliability Program (PRP) Suitability Preliminary Screening Checklist which can be accessed by using the following link: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>. The results (either suitable or unsuitable) will be forwarded to the gaining

command and rating detailer by naval message, using the format in Exhibit 1, within the time limits prescribed below. This authority will not be delegated, except to the "acting" CO or officer-in-charge of isolated detachments. For training commands, an 0-5 division director may be delegated as the approving official.

3. **Applicability**. Personnel who have been selected or who are in receipt of orders for assignment to a billet requiring PRP certification require PRP suitability preliminary screening, unless the member is a CO or currently certified in the PRP. It is not the intention of this article to conduct a full PRP certification of the member. The intent of this article is to eliminate personnel early in the transfer process who are clearly not fit for assignment to PRP positions.

a. PRP suitability preliminary screening is required for the following categories:

(1) **Personnel at Formal Courses of Instruction**. Members attending initial training such as "A" schools and who have been selected for follow-on assignments requiring PRP certification will undergo a PRP preliminary screening at the first available opportunity in their training program per reference (a). In addition to the requirements of reference (a), NAVPERS 1300/27 will be utilized to assist with the PRP preliminary screening. Training commands will also document PRP preliminary screening on OPNAV 5510/414 Nuclear Weapon Personnel Reliability Program (PRP) Screening and Evaluation Record as required by reference (a). NAVPERS 1300/27 will be attached to OPNAV 5510/414 and then forwarded to the gaining PRP command. Preliminary screening conducted at a previous training command (i.e., "A" school, BESS, SOAC, etc.) satisfies the requirement and does not need to be performed by follow-on schools (i.e., "C" school, P-WEPS pipeline, etc.). NAVPERS 1300/27 can be accessed by using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(2) **Non-PRP Personnel Transferring to Formal Training Which Requires PRP Suitability Preliminary Screening**. The Catalog of Navy Training Courses identifies courses of instruction or training which requires PRP preliminary screening prior to transfer. COs will ensure that designated members are screened using NAVPERS 1300/27. Screening completion is documented on a temporary NAVPERS 1070/613 Administrative Remarks using the format in Exhibit 2 which will be forwarded in

the transfer package and submitted to the servicing personnel office for entry in the electronic service record (ESR). A naval message to the training command is not required.

(3) **Non-PRP Personnel Transferring to a PRP Position.**

Non-PRP personnel at either PRP or non-PRP commands who are in receipt of orders to a PRP billet require suitability preliminary screening for the PRP. COs will ensure that designated members are screened using NAVPERS 1300/27 and the results are reported (suitable or unsuitable) via naval message, using the format in Exhibit 1, to the gaining command and the assigned rating detailee within 30 days of receipt of orders. PRP preliminary screening shall also be documented, per reference (a), on a temporary NAVPERS 1070/613 using the format in Exhibit 2. NAVPERS 1300/27 will be attached to OPNAV 5510/414 and then forwarded to the gaining PRP command.

b. PRP suitability preliminary screening is not required for the following categories:

(1) **Current PRP Personnel.** PRP preliminary screening for members currently serving in a PRP billet is not required since they are under continuous evaluation. If the member is temporarily decertified from the PRP, the CO will inform the gaining activity and Commander, Navy Personnel Command (CNPC) of the member's PRP status and anticipated resolution within 30 days of receipt of orders.

(2) **Prospective COs.** This article does not apply to members transferring into a CO billet. COs are considered preliminarily screened and screened for training if they possess the required investigation and have been formally screened for command by a command selection board.

PRP Suitability Preliminary Screening Applicability Overview				
Category	Prescreen	NAVPERS 1300/27	Exhibit 1	Exhibit 2
Training (paragraph 3a(1))	Yes	Yes	No	No ⁽¹⁾
Non-PRP going to training (paragraph 3a(2))	Yes	Yes	No	Yes
Non-PRP going to PRP billet (paragraph 3a(3))	Yes	Yes	Yes	Yes
Current PRP (paragraph 3b(1))	No	No	No ⁽²⁾	No
Prospective CO (paragraph 3b(2))	No	No	No	No

Note 1: Exhibit 2 is required only if the member is found to be unsuitable for the PRP.

Note 2: Message is required to inform the gaining command that member is currently in the PRP under continuous evaluation.

4. PRP Suitability Preliminary Screening Criteria and Process.

Conduct PRP suitability screen, per this article and references (a) and (b), using NAVPERS 1300/27; thorough reviews of the member's service record; Joint Personnel Adjudication System (JPAS) record; and medical and dental record; and a personal interview. Report PRP suitability in the format provided in Exhibits 1 and 2. PRP suitability preliminary screeners are not required to be in the PRP, but are required to be trained in Privacy Act and personally identifiable information (PII) requirements. The mandatory annual PII training for users of DON information systems fulfills the requirement for Privacy Act and PII training. PII training is available through Navy Knowledge Online, Total Workforce Management System, MarineNet, and the Department of the Navy Chief Information Officer Web site and can be accessed by using the following link:

<http://www.doncio.navy.mil/PIIcourse/>.

a. Authorization for Disclosure of Medical or Dental Information. If not already completed, the member must fill out OPNAV 5510/419 Nuclear Weapons Personnel Reliability Program Authorization for Disclosure of Medical and Dental Information

prior to the preliminary screening process. This form is available for download through the Naval Forms Online Web site (<https://navalforms.documentservices.dla.mil>). Once completed, OPNAV 5510/419 will be maintained in the transfer package until arrival at the gaining PRP command.

b. **Military Personnel Record Review.** All available personnel records, including the ESR and the official military personnel file (OMPF), will be reviewed for adverse information as defined in references (a) and (b).

c. **Personnel Security Investigation (PSI).** Nominated members must meet the security requirements as defined in references (a), (b), and (c) for their expected position. For the purposes of this article, PSI results (the actual report of the PSI) shall not be requested or reviewed by the transferring command. This will be accomplished by the gaining PRP command.

d. **Medical and Dental Record Review.** Nominated members shall be physically and mentally suitable for PRP assignment.

(1) Medical potentially disqualifying information (PDI) that is not obviously disqualifying, but requires adjudication by a competent medical authority (CMA) prior to PRP certification, is not required to be further investigated by the transferring command. Training commands that have access to an appropriately PRP trained CMA may (if time permits) have medical PDI adjudicated by a CMA.

(2) Health Insurance Portability and Accountability Act and Privacy Act regulations shall be observed when reviewing medical records. Due to the sensitivity and confidential nature of these records, access shall extend only to those who normally work with these records and have completed the requisite Privacy Act and PII training. Preliminary screeners shall protect health information and ensure that the provisions of the Privacy Act are not violated.

e. **Personal Interview.** The purpose of the interview is to determine if the member has a positive attitude regarding nuclear weapons duties, has a willingness to work with nuclear weapons or related material, and to discover any information that will make the member ineligible for the PRP.

5. **Suitability or Unsuitability Determination.** Determine suitability or unsuitability for PRP based on JPAS, OMPF,

medical and dental record review, personal interview, and any other reliable information available (i.e., chain of command, chaplain, Drug and Alcohol Program advisors, etc.). If the member is found to be unsuitable, in addition to the reporting requirements in paragraph 3 of this article, PRP disqualification requirements in reference (a) shall be followed, which include a letter to Director, Strategic Systems Programs (office code SP31), a permanent NAVPERS 1070/613 entry for enlisted personnel or a letter to Navy Personnel Command (NAVPERS), Post Selection Board Matters Branch (PERS-833) for officers, and (depending on the circumstance) other appropriate administrative actions. The permanent NAVPERS 1070/613 format in Exhibit 2 satisfies the above requirement.

6. Reporting Procedures

a. **Preliminary Screening.** Initiate the PRP preliminary screening process immediately upon receipt of orders.

b. **Report Suitability.** Report the suitability determination of PRP preliminary screening utilizing Exhibits 1 and 2 within the time constraints provided in paragraph 3. Do not include sensitive medical information when reporting PRP suitability and ensure Privacy Act requirements are met.

c. **Copy of Enlisted or Officer Screening.** In all cases, a copy of the completed NAVPERS 1300/27 and Exhibit 2 (where applicable) will be included in the transfer package.

7. **Change of Suitability Determination.** If any subsequent information renders the member unsuitable (occurring at the transferring command, any intermediate activity, or en route), hold orders in abeyance and notify applicable detailer at Navy Personnel Command immediately. Ensure the member is aware of his or her responsibility to report any circumstances that may change his or her suitability status immediately to avoid disciplinary action under reference (d), article 107 (false official statements) for failing to do so.

8. **Policy Support.** Questions about PRP policy and preliminary screening requirements may be forwarded to [prp@ssp.navy.\(smil.\)mil](mailto:prp@ssp.navy.(smil.)mil).

			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations , Chapter 5
-------------------	---

1. Policy

a. A dislocation allowance (DLA) is payable to

(1) a member **with** family members, when family members perform an authorized move in connection with a permanent change of station (PCS);

(2) a member **without** family members, when not assigned adequate government quarters upon reporting at a new permanent duty station (PDS) and occupies private quarters; or

(3) incident to an evacuation.

b. A member is not entitled to more than one DLA payment during any fiscal year unless Secretary of the Navy finds (SECNAVFIND) exigencies of the service require more than one PCS move during the same fiscal year.

c. Requests for a SECNAVFIND must be submitted at an early date, as approximately 4 weeks are required for processing.

2. SECNAVFIND not Required. Secretary of the Navy (SECNAV) has determined the following events are exigencies required by the Navy and when a **second or subsequent** PCS results from them, payment of DLA can be made without a SECNAVFIND.

a. Change of homeport, including the initial homeport assignment, of a ship or afloat staff. The Chief of Naval Operations (CNO) message promulgating the homeport/PDS change is

the SECNAVFIND approval and is to be referenced as such in any Homeport Change Certificate.

b. Deactivation of a ship or activity.

c. Transfer of a member **from outside the United States to a hospital in the United States** for observation and treatment.

d. Transfer of a member **within the United States to a hospital in the United States** for observation and treatment, provided

(1) the commanding officer (CO) of the receiving hospital issues a statement the treatment will be of a prolonged duration, and

(2) the member's CO requests a permanent replacement for the hospitalized member as an operational necessity.

e. Transfer of a member to, from, or between duty under instruction (DUINS) at courses of instruction at military installations, or civilian educational institutions controlled and managed by one or more of the uniformed services.

f. When the PCS transfer order states "SECNAVFIND NOT REQUIRED," or emergency evacuation of family members as provided in reference (a).

3. **SECNAVFIND Submittal Procedures for Navy Personnel Command (NAVPERSCOM)**. Detailers and assignment officers with PCS order writing authority are required to determine the need for a SECNAVFIND for each assignment.

a. If required, they will submit a SECNAVFIND request (see Exhibit 1) to NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451H) and obtain approval before issuing PCS orders.

b. NAVPERSCOM (PERS-451H) will staff the SECNAVFIND and submit it to NAVPERSCOM, Assistant Commander Navy Personnel Command (ACNPC) for Career Management (PERS-4).

c. When NAVPERSCOM (PERS-4) response is received, NAVPERSCOM (PERS-451H) will inform the detailer/assignment officer so the appropriate SECNAVFIND statement can be included in the orders.

d. When a PCS order is issued that would entitle a member to a second or subsequent payment of DLA in the same fiscal year, one of the following statements will be included in the accounting section of the orders:

(1) "SECNAVFIND APPROVED" when the approval is obtained before the orders are issued.

(2) "SECNAVFIND PENDING" when orders must be issued before the SECNAV approval is received. When the approval is received, the member will be notified via message or letter of the SECNAVFIND approval.

(3) "SECNAVFIND NOT REQUIRED" when it is determined a SECNAVFIND is not required.

4. **SECNAVFIND Submittal Procedures for Individual Commands**

a. When PCS orders are received for a member and it is determined at the command level that a SECNAVFIND is required, but the PCS orders do not indicate a SECNAVFIND is approved, pending, or not required, the member's CO will request a SECNAVFIND from NAVPERSCOM (PERS-451H) utilizing Exhibit 1.

b. Under no circumstances will any PCS order entitling a member to a second or subsequent DLA payment in one fiscal year be executed without a SECNAVFIND determination stated in the orders, or until specifically approved in advance by NAVPERSCOM (PERS-451H).

5. **SECNAVFIND Master File**. NAVPERSCOM (PERS-451H) will maintain the master file of SECNAVFIND requests for statistical and record purposes. Each record in the master file will contain the following:

a. Copy of all requests for SECNAVFINDs.

b. Copy of all correspondence between NAVPERSCOM (PERS-451H), detailers, assignment officers, and external activities pertaining to each SECNAVFIND.

c. Comeback copy of all SECNAVFIND requests returned from NAVPERSCOM (PERS-4).

EXHIBIT 1

To: Commander, Navy Personnel Command (PERS-451H)

Subj: REQUEST FOR A SECNAVFIND

Ref: (a) MILPERSMAN 1300-400

1. Per reference (a), request a SECNAVFIND for the member named below. The following information is provided:

a. Name, rank/rate, last four numbers of SSN, designator, corps, and service.

b. Date of each detachment and activity's name and location from which detached in same fiscal year where entitlement to dislocation allowance was involved.

c. Present duty station.

d. New duty station.

e. Entitled to with/without family members' payment.

e. Date of detachment from present duty station.

f. Reason for transfer to new duty station.

g. Other pertinent information (state why transfer has to occur this fiscal year, special circumstances Secretary of the Navy would need to make a decision, etc.).

REASSIGNMENTS FOR HUMANITARIAN REASONS (HUMS)

-------------------	---

1. Policy

a. Detailing authorities are aware of the hardships which confront Navy families, and of the additional aggravation imposed by long absences of members from their families. Emergency leave frequently provides sufficient time to alleviate such hardships; however, when a member requires more time than leave can provide and has a chance of resolving the hardship within a reasonable time frame, reassignment for humanitarian reasons (HUMS) may be requested.

b. A request for reassignment will not be disapproved because a member is needed in assigned duties. This article contains the general guidelines concerning application and assignment options available.

2. Screening by Member's Command

a. Prior to considering HUMS reassignment for members assigned overseas, review MILPERSMAN 1300-306 to see if early return might be a more appropriate course of action.

b. Assignment procedures and resources available to members whose family member(s) require continued access to specialized treatment or educational facilities are contained in reference (a).

c. If time is a significant factor in a member's hardship, the need for expeditious handling is evident. In this regard, commanding officers (COs) can render invaluable assistance by establishing an internal screening process to determine whether a request for HUMS assignment is warranted.

(1) This screening process, tailored to the individual command's size, should include members such as chaplains, doctors, senior officers, and chief petty officers to evaluate the case, provide command assistance, and recommend required action.

(2) If it is determined that a request for HUMS assignment is warranted, the preparation of such requests must be screened for clarity, accuracy, and comprehensiveness to preclude unnecessary delays in administrative processing.

3. Processing by Navy Personnel Command (NAVPERSCOM)

a. Upon receipt of a HUMS assignment request within NAVPERSCOM, **enlisted** requests will be administratively controlled by NAVPERSCOM, Enlisted Distribution Division (PERS-40), LCPO/HUMS Reassignment (PERS-40HH). **Officer** requests will be administratively controlled by respective detailers/placement officers.

b. All cases are reviewed by a board consisting of senior officers and chief petty officers and are considered on an individual basis with the final determination based solely on the information/documentation submitted.

c. NAVPERSCOM will notify parent commands via naval message of any discrepancy causing requests to be held in abeyance. Any package not corrected within 60 days of receipt will be cancelled and parent commands notified via Naval Message.

4. Basic Criteria for Determining Humanitarian/Hardship Situations. The member's request must show the hardship meets the following established criteria for eligibility for HUMS reassignment:

a. A severe hardship exists, not normally encountered and resolved by other members of the Naval Service.

b. The hardship occurred or has been excessively aggravated since the member has been serving on active duty.

c. The problem affects the member's immediate family. Immediate family is defined as spouse, son, daughter, stepchild (if the stepchild is in fact dependent upon the member), parent, parent-in-law, brother, sister, stepparent or other person acting in loco parentis for a period of 5 years before the member became 21 years of age, or any bona fide dependent to the member.

d. There are no other family member(s) or relative(s) who are capable of providing necessary assistance.

e. The member has made every reasonable effort to alleviate the hardship and it cannot be reasonably alleviated through the media of leave (including emergency leave if the member is overseas), correspondence, power of attorney, or by other professional people such as lawyers, counselors, clergy, doctors, psychiatrists, etc.

f. The member's presence is required for specific reasons other than for morale or financial purposes alone.

g. The hardship is resolvable within a reasonable time frame (normally 6 months).

h. If hardship involves illness of a dependent of the member, enrollment in the Exceptional Family Member Program (EFM) must be initiated prior to submission of HUMS reassignment request.

5. **Special Considerations**. The following circumstances involving members of the applicant's family normally warrant special consideration when it is established the member's presence is essential to alleviate the problem, and it is solvable within a reasonable time frame (not a conclusive listing):

a. Death of applicant's spouse or child.

b. Divorce when the member has court awarded custody of the children and time is needed to make arrangements for their permanent care.

c. Severe illness (physical or mental) resulting in the affected person's hospitalization, or scheduled hospitalization.

6. **Humanitarian Reassignments not considered within the Purview of this Article.** Requests based on the following reasons only are not considered within the purview of this article and will not be approved:

- a. For financial or business reasons (including the operation of family business).
- b. For indebtedness.
- c. For personal convenience.
- d. For the purpose of attending to or assisting persons not identified as immediate family.
- e. For the purpose of children in school (exception is made to children requiring specialized education).
- f. For part-time employment of member/employment of spouse.
- g. Because of the member's physical or mental condition.
- h. For settling of estates (use leave/liberty, other family member(s), or a lawyer).
- i. For the sole reason of being a single parent. Raising children is considered a long-term situation and should normally be considered for a hardship discharge/parenthood discharge (MILPERSMAN 1910-110 and 1910-124 refer).
- j. Because the member has bought or owns a home.
- k. The death of a parent where other family member(s) are surviving.
- l. The threatened separation, or threatened divorce action, or normal anxiety/depression due to military assignments.
- m. Normal pregnancy, threatened miscarriage, breech birth, cesarean section, or RH incompatibility.

7. **No Cost Temporary Duty (TEM DU) Humanitarian Reassignment.** When it is determined that emergency leave will not alleviate the problem, but resolution may be expected within a reasonable period of time, a special temporary reassignment may be authorized for a period up to 6 months. Variance from

assignment policy may be authorized depending on the member's eligibility and nature of the hardship.

a. Members Serving on Sea Duty

(1) If a member is within 6 months of prescribed sea tour (PST) completion, early assignment to shore duty at the duty station requested will be considered. If there is no billet in the area desired, the member may be reassigned in excess of billet requirements for a reasonable period of time to TEMDU HUMS. Upon completion of TEMDU HUMS, the member will normally be reassigned for shore duty to another activity where an authorized billet is available.

(2) A member who has more than 6 months remaining on a PST may be reassigned TEMDU HUMS at the desired location in excess of billet requirements for a reasonable time. Upon completion of TEMDU HUMS, reassignment will be either to a sea or shore duty activity. The type of reassignment will be based on the amount of time the member has remaining on the sea tour.

(3) All enlisted members will have their sea duty commencement date (SDCD) adjusted for periods of HUMS assignment.

b. Members Serving on Shore Duty

(1) If within 6 months of projected rotation date (PRD), the member may be reassigned to the desired location in excess of billet requirements for a reasonable amount of time, determined on a case-by-case basis, to TEMDU HUMS. Upon completion of TEMDU HUMS the member will normally be reassigned to a sea duty activity.

(2) If more than 6 months from PRD, members may be reassigned to the desired location for completion of the tour if an available billet exists for their rank/rate, designator/NEC, etc.

(3) If no billets exist, members may be assigned TEMDU HUMS in excess of billet requirements for a reasonable time. Upon completion of TEMDU HUMS, members will normally be reassigned to another shore duty activity in an authorized billet if sufficient time remains on their original PRD.

8. **Costed Humanitarian Reassignment.** When there is evidence to indicate that a severe hardship will exist longer than 6 months, authorization of a cost transfer in approved cases will be dependent upon qualifications outlined in this article.

a. **Members Serving on Sea Duty**

(1) If within 6 months of completion of a PST, a member may be reassigned in the area desired for a normal shore duty tour, if an authorized billet is available.

(2) If a member has more than 6 months remaining on PST, consideration may be given for assignment to a special tour for HUMS on a case-by-case basis; however, in such cases an authorized billet must exist for the member in the area desired. Such assignment will be approved only when there is ample evidence the hardship can be resolved in a reasonable period of time.

(3) Upon completion of the special tour the member will be reassigned to either a sea or shore duty activity. The reassignment decision will be based on the amount of time the member has remaining on PST, sea/shore requirements etc.

(4) All enlisted members will have their SDCD adjusted for periods of HUMS assignment.

b. **Members Serving on Shore Duty**

(1) Consideration may be given for an extension beyond the normal tour at the present duty station. Such extensions will be determined on a case-by-case basis, but will not normally exceed 6 months.

(2) Consideration may be given for reassignment to a desired shore activity for the remainder of a normal tour provided there is an authorized billet available in the area desired. When such reassignment is authorized, the member's PRD will be adjusted, if applicable, to allow a minimum of 12 months at the new command.

9. **Indefinite Hardship.** When there is evidence that a severe hardship cannot be resolved within a reasonable period of time such as a year or more, or when the demands of the hardship

situation will not permit members to perform their duties in a proficient manner, they should consider requesting

- a hardship discharge,
- release from active duty,
- retirement (if eligible), or
- resignation,

as appropriate, per MILPERSMAN 1910-110, 1920-080, and 1920-090.

10. **Inter/Intra-Fleet Transfers**. If a member is encountering a hardship that an inter/intra-fleet transfer could resolve, and member is otherwise ineligible for such inter/intra-fleet transfer, member may receive an eligibility requirement waiver under the criteria established for HUMS assignment.

11. **Reassignment while in Limited Duty (LIMDU) Status**. HUMS reassignments will not be approved for members while in accounting category code (ACC) 105 LIMDU status.

12. **HUMS Reassignments beyond Expiration of Active Obligated Service (EAOS)**. Enlisted members may not reenlist or extend while serving on a HUMS assignment without approval from NAVPERSCOM (PERS-40HH).

13. **Procedures for Urgent Hardship Cases**

a. **Emergency Leave**. Emergency leave will normally be authorized for all hardship cases of an urgent nature. When granting emergency leave, especially from overseas, COs should ensure members are aware of the contents of this article and that, in the event they subsequently desire to request HUMS reassignment, they may contact any naval activity in the area of their leave address to request administrative support.

b. **Letter Request**. Message requests are discouraged, as they generally do not contain sufficient information for proper evaluation and determination. Normally, the immediate urgency will be satisfied by granting emergency leave, with instructions to submit a letter request from the member via the naval activity nearest the member's leave address. Commands should review reference (b), chapter 7, part H; and chapter 5, part C; where applicable, in conjunction with emergency leave.

c. **Requests while in Leave Status.** Requests submitted while in a leave status will be submitted to NAVPERSCOM via the CO of any naval activity in the vicinity of the member's leave address. Copies (to include enclosures when required) will be submitted to the member's CO for review and endorsement as appropriate. The CO of the member's parent command is required to endorse a request (message endorsements are acceptable for deployed units).

(1) If the amount of leave granted is insufficient to enable submission of a request for HUMS reassignment, the assisting activity should direct a request for extension of leave to the member's parent command or, in applicable cases, to the next intermediate reporting station as directed in the member's leave authorization or transfer order. **Do not** request leave extensions from NAVPERSCOM.

(2) When a bona fide emergency hardship exists which meets the criteria for reassignment and insufficient time remains to request extension of leave, or further leave would cause the member to be in excess of leave (more than 30 days or in excess of that which could be earned in member's remaining obligated service (OBLISERV)), the assisting command will send a message to the member's parent command with the following information:

(a) A brief, meaningful explanation of the hardship and state,

"unless otherwise directed, the member will be retained on board 15 days in a no-cost temporary additional duty (TEMADD) status pending decision of NAVPERSCOM."

(b) Give effective time and date of retention.

(3) Final determination of a member's retention at an assisting command rests with the member's CO at the permanent duty station.

(4) If retention is authorized, the member will be issued TEMADD orders or an endorsement of present orders, which will include the statement above concerning no-cost.

(5) TEMADD will not exceed 15 days. Every effort will be made to ensure the request is prepared and forwarded in a timely manner. Final disposition will be attempted on each case prior to expiration of leave/departure from leave address or detachment from TEMADD.

(6) If the member does not have service, health, and dental records in possession, **do not** request these from the parent command prior to receiving disposition of the request.

(7) In the case of a disapproved request, the member will be detached in a leave status within 3 working days to return to the parent command or to report to the new duty station. If immediate detachment is not possible (e.g., port calls), all concerned should be notified by message of the reason why the member is not being detached.

(8) This article is not authorization for a CO to issue TEMADD or TEMDU orders to a member for the purpose of proceeding to the area of a hardship and gathering documentation for submitting a request. The member must use leave for that purpose.

14. Submission of Requests for HUMS

a. Requests for HUMS reassignment will be addressed as follows:

(1) **Officer.** Will be addressed to the cognizant assignment division within NAVPERSCOM, Career Management Department (PERS-4).

(2) **Enlisted.** Will be addressed to NAVPERSCOM (PERS-40HH).

(3) **Enlisted Full Time Support (FTS).** Requests from all enlisted FTS members shall be forwarded to NAVPERSCOM (PERS-40HH).

(4) **Mobilized Reservists.** Will be addressed to NAVPERSCOM, Reserve Distribution Division (PERS-46).

b. Required information and formats for requests and endorsements are provided in Exhibits 1 and 2. When service records are not available, necessary information should be obtained by interviewing the member involved. The endorsement

should reflect this. Requests, which are incomplete or contain insufficient information on which to base a decision, will be held in abeyance at NAVPERSCOM until the information is provided and cancelled if not corrected within 60 days.

15. Supporting Statements Required for Member's Basic Letter Request for HUMS. Prior to initiating a request for HUMS reassignment, the member will obtain the following statements as enclosures to the basic request. This is not an inclusive list. Each statement made in the request must be backed with a written statement from a professional aware of the hardship.

a. A statement from the immediate family member(s) experiencing the hardship indicating the nature of the hardship and why the member's presence is considered mandatory.

b. Statements from all immediate family member(s) stating what assistance they can/are providing, or reason assistance is unavailable.

c. Statements from one or more responsible citizens who have personal knowledge of the situation.

d. **If illness is involved**, a current (within 2 months) statement is required from the attending physician. Medical terminology within the statement should be defined to a degree sufficient to allow a layman to understand the nature of the illness. The statement must include the **diagnosis** and **prognosis** and, if hospitalization is involved, the probable **length of hospitalization**. If applicable, the life expectancy of the family member concerned should also be included. When mental illness is involved, the physician's statement should include pertinent background information concerning the patient's mental health and the possibility/probability of recurrence at a later date. Allergies suffered by member(s) of the family due to climatic conditions normally will not constitute a basis for a change of assignment. Evaluation will include the following:

(1) Current morbidity/mortality trends for the disease or medical condition.

(2) Prognosis for recovery from the disease or solution of medical condition.

(3) Expected results to be achieved from the assignment and whether the problem can be satisfactorily resolved without assignment.

e. If the request is based upon a physically or mentally handicapped dependent, the sponsor will be counseled to consult with the local health benefit counselor (HBC) at the nearest naval medical center (or medical center of service involved if treatment is other than Navy). The HBC can work with the attending physician(s) to determine where treatment or special schooling prescribed can be obtained. In all such cases, a statement from the HBC will also be included. Commands should ensure members are briefed that HBCs are available to assist them. Reference (a) provides guidance as to long-term problems involving handicapped dependents.

f. Where applicable, statements are to be forwarded from social workers who have investigated the home situation. If necessary and appropriate, commands should initiate such investigations through the local health welfare agency or the American Red Cross.

g. If the hardship involves divorce action and/or custody of dependent children, a current statement from the attorney involved, indicating court dates, if applicable, and a copy of all previous and current separation, divorce, and custody documents will accompany the request.

h. If release from active duty or resignation is requested, statements of prospective employment and current financial situation will be included.

i. Statements from law enforcement agencies, schools, lawyers, etc., will be included as the request warrants.

16. **Contents of Member's Basic Letter Request for HUMS.** The basic request will be submitted in naval letter format to include enclosures as indicated in Exhibit 1

a. Paragraph and subparagraph headings will be included in all cases.

b. If information is not available or not applicable, indicate so under the appropriate heading.

c. If the member is in a leave status and the service record is not available, copies, for the purpose of submission, will be completed by interviewing the member concerned and a notation made to this effect.

d. The basic request must contain the following information:

(1) The locality where the assignment is requested and type of assignment being requested.

(2) A description of the hardship/humanitarian problem.

(3) A detailed description of what has been done to alleviate this hardship/humanitarian problem, prior to submission of this request.

(4) A brief statement or plan outlining how reassignment of the member will either alleviate or resolve the hardship/humanitarian problem to allow the service member to return to normal rotational pattern.

(5) The names, addresses, and ages of the member and member's family member(s).

(6) The names, addresses, ages, and relationship of all other immediate family member(s). (This includes parents, brothers, and sisters regardless of location.)

(7) The location of household goods (HHG) and rough estimate of total weight.

(8) The attending physician's name, area code, and telephone number.

(9) The dates of any previous requests for reassignment for HUMS and/or hardship discharge.

(10) A statement as to whether or not a hardship discharge is requested in the event the request for HUMS reassignment is not approved. (Ensure that member is briefed on the provisions of MILPERSMAN 1910-110, 1920-080, and 1920-090.)

(11) Location of records and personal effects.

(12) Telephone number where member can be contacted.

17. **Enclosures to be forwarded with Member's Basic Letter**

Request. In addition to the statements required in para. 15, the following enclosures will be attached to the basic request: (If member is in a leave status and the service record is not available, copies, for the purpose of submission, shall be completed by interviewing the member concerned and notation made to this effect.)

a. An **up-to-date, signed** NAVPERS 1070/602 (Rev. 7-72), Dependency Application/Record of Emergency Data.

b. Complete copies, with all enclosures, of any previous hardship discharge.

18. **CO's Endorsement.** The CO's endorsement will be submitted in the format indicated in Exhibit 2 and must contain the following information. Requests, which are incomplete or contain insufficient information on which to base a decision, will be held in abeyance up to 60 days at NAVPERSCOM until the information is provided or the package is cancelled. By Direction is not authorized for CO endorsements.

a. A definite recommendation, i.e., approval, disapproval, for consideration, etc.; or, if in the CO's opinion, assignment to TEMDU HUMS and/or assignment for HUMS is not the answer to the problem, recommendation as to the proper course of action. The member's performance of duty should not be the basis for recommending approval/disapproval, nor is that factor considered by the board.

b. A brief synopsis of applicant's case and any new information not contained in the applicant's request which the CO has learned by personal interview or other contact.

(1) Include a statement as to what assistance has been provided by the command and local Navy and civilian agencies, i.e., clergy, social workers, HBC, Navy Wives Club, Navy Relief, American Red Cross. Ensure these agencies, when appropriate, have been contacted to give assistance.

(2) Provide information if member has required previous special consideration/leave, etc., due to this problem or similar circumstances.

c. Applicant's disciplinary status or pending disciplinary action. Cases of members awaiting disciplinary action will be held in abeyance by NAVPERSCOM until disciplinary action has been resolved.

d. Applicant's current duty status, i.e., on board for duty, on board in a leave status, on board for further assignment or for further transfer, etc.

e. Miscellaneous personal data to include date member reported on board present duty station, date reported aboard assisting command (if applicable), active duty service date (ADSD), and PRD. If service record not available, obtain data by interviewing member involved and so indicate in this paragraph. **NOTE:** For enlisted members ensure EAOS, SDCD, and shore duty commencement date (SHDCD) is included.

f. If on leave, give date leave commenced and date, time, and place of expiration; estimated time and date of departure from leave address in order to comply with leave orders; leave address; area code and telephone number where applicant may be reached; whether or not leave extension requested; and status of request. Provide statement of current leave balance. **NOTE:** If applicant is not on leave, but granting leave is anticipated, include the above data.

g. Information concerning OBLISERV remaining as a result of advancement, school, etc., if any.

h. Homeport or permanent duty station.

i. Activity dates such as dates of forthcoming deployments, completion of deployment, etc. Do not classify endorsement, use approximate dates if necessary.

j. Whether or not the command assisting in submission of the request has facilities to effect separation of member, and if not, the nearest separation activity that could effect separation.

k. If applicant desires consideration for hardship discharge, include a breakdown of earnings and withholdings from current pay record.

l. Name and telephone number (DSN/Commercial with area code) for point of contact (POC).

19. **Request for Reconsideration.** If the member desires reconsideration of a disapproved request, a formal letter request from the member with command endorsement and additional substantiating documentation is required. Disapproved requests will be on file with NAVPERSCOM for a period of 6 months. Reconsideration requests need not contain documents submitted with original request if the 6-month period has not passed.

20. **Request for Assignment on Permissive Orders.** Members whose request for transfer at government expense cannot be approved may request an assignment on permissive orders. Such requests, with substantiating documents, should indicate expected period of hardship, whether the transfer will alleviate the hardship, whether the duty station is within commuting distance of the place where the hardship exists, and that member agrees to bear all expenses involved.

21. **Assignment Procedures**

a. **TEM DU HUMS Orders.** Members who receive reassignment on a permanent change of station (PCS) basis under the provisions of this article, but do not qualify for directive travel orders, will be issued no-cost travel authorizations. Since assignment to TEM DU HUMS is at the member's request and is for the member's own convenience, travel authorizations to TEM DU HUMS are on a permissive (no-cost to the government) basis. The following applies to the issuance of TEM DU HUMS orders:

(1) No dislocation allowance is authorized.

(2) Dependent travel will be at the member's expense, not subject to reimbursement.

(3) Travel authorizations will not authorize the member to ship HHG at government expense.

(4) Transfers must be effected during a period of leave and no proceed or travel time is authorized.

(5) Members serving on TEM DU HUMS will not be authorized per diem at their TEM DU stations.

(6) All travel authorizations for TEMDU HUMS will contain the following statement:

"THIS PERMISSIVE TRAVEL ORDER IS ISSUED WITH THE UNDERSTANDING THAT YOU WILL NOT BE ENTITLED TO REIMBURSEMENT FOR TRANSPORTATION, PER DIEM, OR MISCELLANEOUS EXPENSES IN CONNECTION WITH EXECUTION. IF YOU DO NOT DESIRE TO BEAR THESE EXPENSES PERSONALLY, YOU MAY CHOOSE NOT TO EXECUTE THIS PERMISSIVE TRAVEL ORDER AND IT WILL BE CONSIDERED CANCELED."

b. **Directive (Cost) Orders.** Directive (cost) orders will be issued when a member is being permanently reassigned and the following conditions are met:

(1) The member is being assigned to a vacant billet requiring member's rank/rate or designator/Navy Enlisted Classification (NEC) code.

(2) The member has been assigned at the current duty station 1 year or more.

22. **Extension of TEMDU HUMS.** Requests for extension of TEMDU HUMS will be granted on a case-by-case basis. Requests must be submitted at least 1 month prior to expiration of current TEMDU HUMS assignment and will utilize the same format prescribed above. They will be forwarded by the command to which the member is attached for TEMDU HUMS, to NAVPERSCOM. It is essential that included substantiation be current. An availability report will be enclosed with the extension request.

23. **Administration of Members on TEMDU HUMS**

a. Activities receiving members on board for TEMDU HUMS will enter them immediately on the personnel diary per reference (c), in a TEMDU status.

b. When the hardship ceases to exist or has been alleviated before completion of the period of TEMDU assigned, the activity to which the member is assigned for TEMDU HUMS will promptly submit an availability report to NAVPERSCOM as appropriate.

24. Members on TEMDU HUMS Desiring to Remain on Active Duty

a. **Officers.** Officers who desire to remain on active duty will forward their requests to NAVPERSCOM (assignment officer), via their COs, 6 weeks prior to completion of the assignment.

NOTE: Unless the hardship, which generated the TEMDU HUMS, has been alleviated or has ceased to exist, retention on active duty will normally not be authorized.

b. **Enlisted.** Enlisted members will not be allowed to reenlist or voluntarily extend their enlistment unless specifically authorized by NAVPERSCOM.

(1) This restriction is applicable to members whose enlistment, or enlistment as extended, expires within 6 months after PRD of TEMDU HUMS assignment. Prior to obligating for further assignment, such members must be authorized per the following:

(2) Members who desire to reenlist or extend their enlistment shall forward their requests to NAVPERSCOM (PERS-40HH), via their CO, 6 weeks prior to completion of assignment.

(3) Unless the hardship, which generated the TEMDU HUMS, has been alleviated or has ceased to exist, reenlistment or extension will normally not be authorized.

(4) When NAVPERSCOM has directed the CO to make a NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry, stating that a member's record is to be flagged and that member is not to be reenlisted or extended on active duty without prior NAVPERSCOM (PERS-40HH) approval, the following applies:

(a) Such an entry does not automatically preclude the member's reenlistment, but is intended to require NAVPERSCOM to reevaluate cases, which involve hardships of sufficient duration to jeopardize the member's future assignability.

(b) If the member does not desire reenlistment and is separated at EAOS, COs shall ensure that reenlistment code RE-4 is issued unless otherwise directed by NAVPERSCOM.

25. Reassignment of Members at Expiration of TEMDU HUMS

a. Members on TEMDU HUMS will be considered for reassignment approximately 1 month prior to the scheduled completion of their temporary assignments.

b. Six weeks prior to the member's HUMS expiring, activities will interview the member to determine if the hardship has been resolved before submitting an availability message to NAVPERSCOM.

c. Members coming off TEMDU HUMS will be considered immediate rollers and must select from priority billets as offered by the member's rating assignment detailer. If servicemembers coming off TEMDU HUMS orders fail to accept orders offered by their detailer within 30 days of Avail Date, the detailer will issue "Needs of the Navy Orders" for immediate transfer to a valid billet per Sea/Shore Rotation and other current directives.

CO'S ENDORSEMENT OF HUMS REASSIGNMENT/EXTENSION REQUEST
(Use the proper letter format containing the following.)

FIRST ENDORSEMENT on (Basic letter - completely identified.)

From: Commanding Officer,
To: Navy Personnel Command (PERS-40HH for enlisted members,
PERS-4 appropriate detailer for officers)

Subj: REQUEST FOR REASSIGNMENT/EXTENSION FOR HUMANITARIAN
REASONS (HUMS)

1. Commanding officer's (CO's) recommendation. A definite recommendation (i.e., approval, disapproval, for consideration, etc.). If, in the CO's opinion, assignment to temporary duty (TEMDU) humanitarian reasons (HUMS) and/or assignment for HUMS is not the answer to the problem, a recommendation as to the proper course of action should be provided. The member's performance of duty should not be the basis for recommending approval/disapproval, nor is that factor considered by the board.

2. CO's synopsis, assistance provided thus far, and other pertinent information. A brief synopsis of member's case and any new information not contained in the member's request, which was obtained from the CO's personal interview or other contact. Include a statement as to what assistance has been provided by the command and local Navy and civilian agencies (i.e., clergy, social workers, health benefits counselor (HBC), Navy Spouses Club, Navy Relief, American Red Cross, etc.). Ensure that these agencies, when appropriate, have been contacted to give assistance. Provide information if the member has required previous special consideration/leave, etc., due to this problem or similar circumstances.

3. Member's disciplinary status or pending disciplinary action. Cases of members awaiting disciplinary action will be held in abeyance by Navy Personnel Command (NAVPERSCOM) until disciplinary action has been resolved.

4. Member's current duty status (i.e., on board for duty, on board in a leave status, on board for further assignment or for further transfer, etc.

EXHIBIT 2 (Continued)

5. Miscellaneous personal data. If service record is not available, obtain data by interviewing member involved and so indicate in this paragraph.

a. Permanent duty station and date member reported on board, date member reported on board assisting command, or terminated leave (if applicable). Activity long title and unit identification code (UIC) of assisting command (if applicable).

b. Active duty service date (ADSD):

c. Projected rotation date (PRD):

d. Leave data. If on leave, give date leave commenced and date, time, and place of expiration; estimated time and date of departure from leave address in order to comply with leave orders; leave address; area code and telephone number where member may be reached; whether or not leave extension has been requested; and status of request. If member is not on leave, but granting leave is anticipated, include the above data. Provide a statement of current leave balance.

e. Homeport or permanent duty station of ship or unit.

f. Activity data. If applicable, provide dates of forthcoming deployments or completion of deployments, changes in homeports, etc. Restrict to UNCLASSIFIED information only.

g. Separation activities. Whether or not the command assisting in the submission of the request has facilities to effect separation of the member and if not, the nearest separation activity.

h. Financial statement. If applicant desires consideration for hardship discharge, include a breakdown of earnings and withholdings from current pay record.

i. Point of contact (POC). Name, telephone number (DSN/Commercial with area code), and E-Mail address.

TWILIGHT TOURS

Responsible Office	NAVPERSCOM (PERS-40)	Phone	Toll Free	1-800-U ASK NPC
---------------------------	-------------------------	-------	-----------	-----------------

1. **Purpose.** This article sets forth eligibility criteria for requesting assignment to the area of member's choice, for the last tour of active duty, for members who will complete 30 or more years active duty at the completion of that tour.

2. **Eligibility**

a. **Officers.** Officers eligible for voluntary non-disability retirement per MILPERSMAN 1810-020, with 27 or more years service, are eligible for assignment under the provisions of this article.

b. **Enlisted.** Enlisted members eligible for voluntary non-disability retirement per MILPERSMAN 1810-010 (i.e., who will complete either 30 years active duty day-for-day or 30 years active service computed by including constructive service, less minority enlistment constructive service credit, earned prior to 1 January 1978) are eligible for assignment under the provisions of this article. Enlisted personnel with more than 27 years of service who have not requested a twilight tour may do so.

(1) Members previously transferred to the Fleet Reserve, who are serving on active duty, are placed on the Retired List without application per MILPERSMAN 1820-010.

(2) Fleet Reservists on active duty are ineligible for reassignment under the provisions of this article even though they have been on continuous active duty for their entire period of service.

(3) Members approaching retirement eligibility who are currently serving a tour of overseas duty are cautioned that requirement to complete the Department of Defense (DOD) area tour may disallow their eligibility to request a twilight tour, if it will result in exceeding 30 years and their rate/rating is not approved for retention beyond 30 years.

3. **Choice of Assignment.** Although needs of the Navy must prevail, members may request assignment to the geographic area of their choice (specific cities, localities, or units may be identified). Overseas areas may be requested; however, members will be required to complete the applicable DOD accompanied or all others tour for the area to which assigned.

a. **Officers:** The final tour of duty prior to retirement should reflect personal preference, provided a billet requirement exists in the area requested.

(1) Normally, assignments will be to duty at sea or overseas (except when officers are completing normal tours of shore duty and their services are required at sea or overseas).

(2) Officer shortages preclude assignment in excess of allowance.

b. **Enlisted:** The final tour of duty prior to retirement should reflect personal preference, provided a billet requirement exists in the area requested. Members will be assigned per their normal sea/shore rotation to an activity within the geographic area of their choice, provided a requirement for their rate/rating is available.

NOTE: Detailers are authorized to make a one-paygrade substitution between the member's paygrade and the requirement in making such assignments.

4. **Request Procedures**

a. **Regular Navy.** Members eligible for voluntary retirement who desire reassignment under the provisions of this article shall submit applications for retirement as prescribed in MILPERSMAN 1810-010 and 1810-020 as applicable.

(1) Officer requests for reassignment shall be submitted via NAVPERS 1301/85 (Rev. 04-02), Officer Personnel Action Request.

(2) Enlisted requests for reassignment shall be submitted via NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request.

(3) Requests should be forwarded at least 9 months, but no more than 12 months, in advance of the requested commencement of twilight tour.

b. **Reserve.** Members designated as Full Time Support (FTS) who will complete at least 30 years active duty service, and desire reassignment under the provisions of this article, must submit applications for transfer to the Fleet Reserve as prescribed in MILPERSMAN 1830-040.

(1) Requests for reassignment shall be submitted in letter format and forwarded as an enclosure to the member's request for transfer to the Fleet Reserve (copy to Commanding Officer, Naval Reserve Personnel Center, Code 30).

(2) Requests should be submitted at least 9 months, but no more than 12 months, in advance of the desired commencement of the twilight tour.

5. **Commanding Officer (CO) Responsibility.** COs shall promptly forward all requests from eligible members submitted per this article to Navy Personnel Command (NAVPERSCOM) (applicable detailer).

a. **Enlisted High Year Tenure (HYT) Waiver.** Approval of twilight tours beyond 30 years require a separate NAVPERS 1306/7 requesting a HYT waiver for the amount of time a member will exceed 30 years. If a HYT waiver is denied, the twilight tour request will not be granted.

b. **Questionable Eligibility.** Should doubt exist as to the member's eligibility, the request will be promptly forwarded and a determination will be made by NAVPERSCOM (applicable detailer). If the CO's endorsement recommends disapproval of such request, the reason for such recommendation must be stated in the endorsement to assist NAVPERSCOM (applicable detailer) in making a decision.

6. **Cancellation or Modification of Date of Retirement.**

Requests for cancellation or modification of date of retirement, or requests for retention on active duty in a retired status, submitted by members who have been reassigned under the provisions of this article will not normally be approved.

NOTE: Only in exceptional circumstances involving severe hardship or critical designator/rating shortage will Secretary

of the Navy (SECNAV) revise the date of retirement, or
NAVPERSCOM retain retired personnel on active duty.

-------------------	--

1. **Policy.** Detailing authorities are sensitive to hardships that confront Navy families, and difficulties imposed by the long absence of members from their families.

a. When a Sailor's family is identified as having a chronic medical, mental health, or special education need, the member will enroll the family member in the Exceptional Family Member (EFM) Program. Chronic conditions for EFM Program purposes are those conditions expected to last 6 months or longer. Some conditions may warrant temporary enrollment lasting 6-12 months.

b. Enrollment in the EFM Program is mandatory. The individual enrolled must be an authorized (enrolled in Defense Enrollment Eligibility Reporting System (DEERS)) family member who resides with the member (unless on an unaccompanied tour) and who has a chronic medical, mental health, or educational condition requiring more than routine primary care. Enrollment helps ensure the availability of required medical and educational services at future assignment locations. The EFM Program is a detailing tool that ensures service availability but **cannot** validate the quality of those services. Additional information regarding the EFM Program can be found in references (a), (b), and (c).

c. The location and timing of a member's assignment will be carefully managed while enrolled in the EFM Program. Officer

and enlisted detailers will work with the Navy member to develop a career path that permits normal sea/shore rotations.

d. While not always feasible, every attempt will be made to coordinate the Sailor's career progression needs with the special needs of the family member. The EFM Program **does not** preclude members from:

- sea duty,
- normal sea/shore rotation,
- unaccompanied assignments,
- Global War on Terrorism (GWOT) Support Assignments (GSA),
- standing watches, or
- performing normally assigned duties.

e. Ultimate responsibility for enrolling in the EFM Program rests with the member. Per reference (c), Sailors failing to enroll or knowingly providing false information are subject to articles 92 and 107 of reference (d).

2. Background

a. EFM Program was established in compliance with reference (e) and Department of Defense (DOD) policy which requires early intervention, special education, and related services for children with disabilities attending, or eligible to attend, DOD schools overseas.

b. In September 1988 the Navy expanded the EFM Program **to include all authorized family members** (spouse, child, stepchild, adopted child, foster child, or dependent parent) residing with the member who have a:

- physical, intellectual, or emotional disability; or
- long-term chronic medical condition that requires special medical or educational services.

c. The EFM Program

- confirms the availability of medical, early intervention, or special education services at overseas locations;
- ensures availability of medical services at isolated continental United States (CONUS) locations;
- identifies members requiring assignment to CONUS facilities adjacent to major medical facilities; and
- identifies members eligible for homesteading.

3. Enrollment Procedures. Members shall enroll eligible family members using:

- DD 2792 (11-06), Exceptional Family Member Medical Summary and appropriate addenda; and
- DD 2792-1 (11-06), Exceptional Family Member Special Education/Early Intervention Summary.

Forms are available from the command point of contact (POC) or the medical treatment facility (MTF) EFM Program coordinator, who will assist the member with the enrollment process.

- DD 2792 is available on the Internet at <http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd2792.pdf>
- DD 2792-1 is available at <http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd2792-1.pdf>

a. DD 2792 Application. Demographic information will be completed and signed by the member, spouse, or guardian of minor children and verified by an MTF EFM Program coordinator. Personal notes and/or additional information may be included.

(1) (Medical Summary). To be completed and signed by a military or civilian medical provider if the family member has a physical disability or long-term chronic medical condition. A signed Medical Summary **must be** included for all children, even when no medical condition is apparent.

(2) Addendum 1 (Asthma/Reactive Airway Disease Summary). To be completed and signed by a military or civilian medical provider if the family member has a history of asthma or

reactive airway disease. Mark **N/A** across addendum if no asthma/reactive airway disease exists.

(3) Addendum 2 (Mental Health Summary). To be completed by a military or civilian mental health provider if the family member has a history of mental health conditions. Mark **N/A** across addendum if no mental health condition exists.

b. DD 2792-1 (Special Educational/Early Intervention Summary). To be completed and signed by an early intervention or school official.

(1) A legible copy of the current Individualized Family Service Plan (IFSP), Individualized Education Plan (IEP), or Section 504 plan **must be** submitted.

(2) A letter or report from the school may be included.

(3) If enrolling a school-age child with medical needs only, the school must endorse the appropriate section of DD 2792-1 to verify that special education is not required.

(4) DD 2792-1 is required for all dependent children ages 3-18.

c. Members must review the forms and addenda prior to signature to ensure the information is accurate and complete, and retain a copy for future update requirements.

d. If the member is stationed within an area serviced by an MTF, the MTF EFM Program coordinator will forward the forms, addenda, and any accompanying documents, after reviewing them for accuracy and completeness, to the appropriate Central Screening Committee (CSC).

e. If the member is stationed within an area not serviced by an MTF and a civilian health care provider completes the forms, the member may forward the EFM forms directly to the appropriate CSC. Forms **should not** be sent directly to Navy Personnel Command (NAVPERSCOM), Exceptional Family Member Program (PERS-451X).

4. **Submission Procedures**. EFM enrollment applications will be forwarded to one of the following CSCs based on the EFM's current place of residence.

a. For members with EFMs who reside **east of the Mississippi; in the European, South American, Middle Eastern, and African areas; and in the Atlantic/Caribbean region:**

EFM Central Screening Committee (Code 0465C)
Exceptional Family Member Program
Naval Medical Center
620 John Paul Jones Circle
Portsmouth, VA 23708-5900

b. For members with EFMs who reside **west of the Mississippi in CONUS, Canada, and Alaska:**

EFM Central Screening Committee
Naval Medical Center (Code CGH)
34520 Bob Wilson Drive
San Diego, CA 92134-2102

c. For members with EFMs who reside in **countries in the South Pacific, Asia, and Hawaii:**

EFM Central Screening Committee
U.S. Naval Hospital Yokosuka
PSC 475, Box 1, Code 342
FPO AP 96350-1600

d. MTF health care providers will refer family members for EFM Program enrollment whenever a condition is identified that warrants enrollment (reference (f) contains a list of enrollment conditions although it is not all inclusive). This may occur during routine health care, suitability screening, or when an individual self-identifies a condition.

e. The CSC will promptly review the EFM applications, recommend enrollment/non-enrollment and an EFM category, and forward the application to NAVPERSCOM (PERS-451X) for final action.

f. Further program guidance and general information can be obtained by contacting the EFM Program manager at the following address and phone numbers:

Navy Personnel Command
Exceptional Family Member Program (PERS-451X)
5720 Integrity Drive
Millington, TN 38055
Toll Free: 1 (866) 827-5672
COMM: (901) 874-2435
DSN: 882-2435

g. Questions regarding assignments and orders must be addressed to the member's detailer.

5. **Categories.** The CSC validates that enrollment is appropriate and recommends one of the following categories:

a. **Category 1 (enrollment for monitoring purposes):** The EFM needs are not severe, but warrant enrollment in the event of an acute exacerbation. This category generally does not preclude accompanied tours overseas or to remote duty assignments in CONUS. Family members must complete overseas screening or remote duty screening as appropriate.

b. **Category 2 (limited overseas/remote CONUS assignments):** Care is usually available at most locations, except for some isolated CONUS/overseas areas. Family members must complete overseas screening or remote duty screening as appropriate.

c. **Category 3 (no overseas assignments):** The EFM's medical or educational needs preclude assignment to overseas locations. Billets should be near an MTF or an area with an extensive TRICARE network.

d. **Category 4 (major medical areas within CONUS only):** The EFM's medical condition requires assignment to billets near major medical facilities. Billets should be near a major MTF or an area with an extensive TRICARE network.

e. **Category 5 (Homestead Program):** The family member's needs are complex, and permanent change of station (PCS) moves that disrupt continuity of care could jeopardize the EFM's health. Member should receive long-term assignment to an area

that can support multiple sea/shore rotations. The Chief of Naval Operations (CNO) designated homestead areas are

- Norfolk, VA;
- San Diego, CA;
- Bremerton, WA;
- Jacksonville, FL; and
- Washington, DC.

Several other areas exist that may be able to support homesteading for specific ratings. Only a few exceptions exist to justify moving EFM's from a homestead area.

f. **Category 6 (temporary category):** The EFM's condition requires a stable environment for 6-12 months due to treatment or ongoing diagnostic testing. This category also applies to those who have been identified through overseas screening as having chronic needs, but have not submitted an enrollment package. EFMs in this category should not be moved unless an update package is received or a move is absolutely necessary. In some cases the servicemember's current orders may need to be modified (i.e., extending the current PRD). Category 6 EFM's must be updated every 6-12 months versus the normal 3 years for categories 1-5.

g. Assignments are based on the information contained in the application. Information in the application needs to be current and accurate to ensure an appropriate category is assigned.

h. The CSC forwards the applications to NAVPERSCOM (PERS-451X).

6. **Final Process.** NAVPERSCOM (PERS-451X) EFM Program Manager will do the following:

a. Review the application category recommendation made by the CSC and consolidate with all other available information.

b. Flag the detailing record, which notifies the detailer of EFM status.

c. Review the EFM file when PCS orders are proposed to ensure the availability of services at the assignment location.

7. **Updating Enrollments**. Enrollment updates are due every 3 years from the date the enrollment application is approved by NAVPERSCOM. Exceptions are as follows:

a. Category 6 (temporary category) must be updated within 1 year of enrollment.

b. There is a change in medical diagnosis or new diagnosis.

c. There is a change in early intervention or special education needs.

d. If an update is due at the time of a projected rotation date (PRD), initiate the update at least 9 months prior to PRD.

8. **Disenrollments**. Disenrollment may be requested when any of the following situations occur:

a. Special medical, early intervention, or educational services are no longer required for a family member as validated by a physician/school official. Medical and mental health conditions must be in remission for a minimum of 3 years with no more than routine primary care for disenrollment. A completed DD 2792 and DD 2792-1 (as applicable) submitted through the MTF EFM Program coordinator is required when the enrolling condition no longer exists.

b. In the event of divorce, loss of custody, or death of the EFM. A serialized letter on command letterhead should be forwarded to the local coordinator. Required information includes:

- the first name and relationship to the sponsor of the EFM (in case of multiple EFMs or step-children)
- the type of document cited (divorce decree or custody order signed by a judge, death certificate, or other official documentation that shows change in dependency status)
- effective date of the change
- in cases involving children, indicate who has residential custody of the EFM

Separation from a spouse is not grounds to disenroll from the EFM Program. Disenrollment for divorce can only be completed upon final dissolution of divorce.

c. In all cases ensure that an updated NAVPERS 1070/602, Dependency Application/Record of Emergency Data is prepared IAW MILPERSMAN 1070-270.

9. **Family Members Identified after Issuance of Orders**

a. If NAVPERSCOM assignment orders were already issued, overseas/remote duty suitability screening is conducted concurrent with EFM enrollment per reference (f).

b. If suitability screening cannot be completed prior to the member's scheduled transfer date, the member's command shall notify NAVPERSCOM:

- Career Management Department (PERS-4),
- Enlisted Distribution Division (PERS-40),
- Distribution Management and Procedures Branch (PERS-451), and
- appropriate detailee

via BUPERS online (BOL) or by message for those commands without BOL access and request the orders be held in abeyance pending completion of overseas/remote duty suitability screening. The message will indicate whether or not EFM application has been submitted, and its status.

10. **Early Return of EFMs**. When an EFM is identified overseas or at a remote duty location, requests for early return/reassignment of the member and family must be initiated when the medical or educational condition exceeds the availability of required services at the overseas/remote duty location. Refer to MILPERSMAN 1300-306 for additional information.

11. **Humanitarian Assignments**: In the event a hardship affecting immediate family members requires more time than emergency leave can provide, a servicemember has the option of applying for a Humanitarian Assignment (HUMS). EFM Program enrollment must be initiated prior to submission of a HUMS request if the hardship involves one of the Sailor's bona fide dependents. Refer to MILPERSMAN 1300-500 for additional information.

-------------------	--

1. **Purpose.** To establish the requirement for commanding officers to perform an operational screening after a member in their command receives permanent change of station (PCS) orders to operational duty.

2. **Policy.** Operational screening determines suitability of Sailors transferring to Type 2 or 4 duty (enlisted) and Type C or D duty (officer). This does not alleviate the requirement to complete overseas screening per MILPERSMAN 1300-300. For Sailors transferring to Type 4 or D duty and found unsuitable due to a medical condition, once overseas screening has been reported per MILPERSMAN 1300-300, commands are directed to report unsuitability findings utilizing Exhibit 1 of this article.

a. The responsibility for operational screening lies with the Sailor's parent command. Screening Military Treatment Facility (MTF) responsibilities are outlined per references (a) and (b). Parent commands will ensure operational screenings are completed and reported per reporting requirements in para. 3.

An operational screening must be completed no later than 30 days after a Sailor is under orders to operational duty.

b. For enlisted members transferring to an operation command (type 2) within their first year of active duty, the Navy's entrance physical examination will be considered to satisfy the requirement for an operation screening. Overseas screening, per MILPERSMAN 1300-300, is still required to be completed for all orders to Type 3, 4 or 6 duty.

c. All officers assigned to Type/TAC 2/C will complete an operational screening prior to transferring to the operational unit. Overseas screening, per MILPERSMAN 1300-300, is still required to be completed for all orders to Type 3, 4 or 6 and TAC O and D (except HI and AK) duty.

d. For Sailors who have been disqualified from any program (e.g., submarine, nuclear, air crew duty etc.) due to medical limitations and are requesting conversion, an operational screening must be completed prior to any conversion/lateral transfer request being considered. Ensure submarine disqualification or medical waiver process has been completed prior to submission of the operational screening report.

3. **Reporting Requirements.** For enlisted personnel found able to return to duty after temporary limited duty (TLD) or "Fit for Continued Naval Service" by the Physical Evaluation Board (PEB), responsibilities are outlined per MILPERSMAN 1306-801 and reference (a).

a. For medical limitations identified during operational screening, the screening MTF must forward a suitability inquiry for the Sailor to the medical officer for the operational platform to ensure the condition will not interfere with the Sailor's ability to perform in the operational environment per this article and reference (a).

b. If a delay in operational screening is anticipated, notify the gaining command and Navy Personnel Command (NAVPERSCOM) Enlisted Distribution Division (PERS-40BB) (for enlisted), or the applicable officer detailer, utilizing Exhibit 1 with a "status pending" message stating the reason for delay and anticipated completion date.

c. For Sailors found **Suitable**, the transferring command will document suitability screening using Exhibit 2 and attach to transfer package.

d. For Sailors found **Unsuitable**:

(1) The transferring command will notify the gaining command and NAVPERSCOM (PERS-40BB) for enlisted or the applicable officer detailee using Exhibit 3.

(2) Ensure report of unsuitability contains the following:

(a) Detailed reason(s) for the finding to include ICD-9 code(s).

(b) Recommendations from the screening MTF regarding medical limitations, prognosis, and indicated administrative actions (e.g., placement on TLD and referral to PEB).

(c) Recommendation from the commanding officer.

4. **NAVPERSCOM Action**. Upon receipt of an unsuitable for operational duty message, NAVPERSCOM (PERS-40BB) will place the Navy Enlisted Classification (NEC) code "0090" (Not Operationally Suitable) in the Sailor's Enlisted Master File (EMF).

a. **For enlisted Sailors**, disposition recommendations will come from the respective detailee and enlisted community manager (ECM). NAVPERSCOM, Enlisted Distribution Division (PERS-40MM) will liaise with the NAVPERSCOM, Medical Programs Division (PERS-82) to coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

b. **For officers**, recommendations will come from the respective detailee or placement officer. PERS-451 will liaise with the NAVPERSCOM, PERS-82 to coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

c. **For both officers and enlisted**, one of the following actions will result if the Sailor is not placed on TLD or referred to PEB:

(1) If a prospective gaining command with medical capabilities appropriate for supporting the Sailor's limitations can be identified, assignment orders will be issued.

(2) If a valid requirement exists at the current command, retain the member until expiration of active obligated service or minimum service requirement, unless needs of the Navy dictate otherwise.

(3) **For enlisted Sailors only**, one of the following additional actions may result:

(a) As dictated by needs of the Navy, an enlisted Sailor may be allowed to extend or reenlist provided the Sailor can be detailed per MCA priorities. This is different from the option cited in paragraph 4c(2) in that it allows Sailors who are unsuitable for some operational jobs to go to other hard-to-fill jobs.

(b) The Sailor will be instructed to contact their command career counselor (CCC) regarding submission of a conversion package to NAVPERSCOM, Career Administration Division (PERS-81). COs and CCCs should be aware that most Navy ratings require a Sailor to be world-wide assignable and if the Sailor has been found to be operationally unsuitable, the request for conversion may be disapproved.

(c) If none of the above options apply, the enlisted Sailor's command will be directed to initiate administrative separation (ADSEP) processing, per MILPERSMAN 1910-120, by reason of "not worldwide assignable."

5. **Administrative Separation (ADSEP)**

a. Sailors administratively separated by reason of being "not world-wide assignable," per MILPERSMAN 1910-120, **must not** have a disability as defined per reference (c).

b. If an administrative board is required prior to a separation determination, the administrative board may not

disregard or change the diagnosis of a medical officer. Sailors can introduce evidence as to the impact that such diagnosis may have on their potential for productive future naval service.

6. **Human Immunodeficiency Virus (HIV) Personnel**. Personnel enrolled in the HIV Program are governed per reference (d) and are not subject to this article.

References	(a) 18 U.S.C. §922
-------------------	--------------------

1. **Background.** Navy Expeditionary Intelligence Command (NAVEXINTCOM) operational billets require duty in arduous and combat environments. Duty is frequently isolated, independent, and involves deployment with various organizations engaged in operations at sea, on the ground, and in littoral zones.

a. **Designation.** The screening requirements in this article pertain to NAVEXINTCOM personnel assigned to the following positions:

- (1) Tactical human intelligence (HUMINT) collectors;
- (2) Tactical electronic warfare (TAC-EW) operators; and
- (3) Expeditionary intelligence analysts (EIA).

Intelligence specialists (IS) and cryptologic technicians (CTN, CTR, and CTT) will be assigned to one of the above positions. They are trained and equipped to provide a wide variety of human intelligence operations and tactical information operations support, including electronic warfare and select computer network operations.

b. **Exception.** The screening requirements in this article do not apply to support personnel (i.e., PS, YN, LS, IT, GM, CTM or OS).

c. **Location.** Billets are located within NAVEXINTCOM, Dam Neck, Virginia.

d. **Tour Lengths.** Duty with NAVEXINTCOM is classified as Type 2 sea duty and due to the extensive amount of training involved, the minimum tour length is 36 months or sea to shore flow (whichever is greater).

e. **Obligated Service (OBLISERV).** Required OBLISERV for this program is 36 months.

f. **Weapons.** Sailors must achieve and maintain qualifications on various individual weapons. Reference (a), 1996 Lautenberg Amendment to the Gun Control Act of 1968, prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. This policy also applies to any felony crimes, and general and special courts-martial convictions that otherwise meet the definition of a "crime of domestic violence." **Any member disqualified from handling or training on weapons is not eligible for duty at NAVEXINTCOM.**

2. Requirements or Qualifications

a. **Eligible Personnel.** This article applies to the following ratings assigned to NAVEXINTCOM:

- (1) IS - Intelligence Specialist;
- (2) CTR - Cryptologic Technician (Collection);
- (3) CTT - Cryptologic Technician (Technical); and
- (4) CTN - Cryptologic Technician (Networks).

b. **Applicant Requirements.** Candidates must meet the following additional requirements:

- (1) Must volunteer for assignment;
- (2) Have no non-judicial punishment or military or civil convictions, other than traffic violations, in the past 2 years from date of application;
- (3) Have no alcohol-related incidents during the past 2 years;

(4) Be recommended by current chain of command and NAVEXINTCOM, Human Intelligence Operations Officer (N2X) or NAVEXINTCOM, Information Warfare Officer (IWO) (as applicable);

(5) Be eligible to receive Top Secret sensitive compartmented information security clearance; and

(6) Have no physical fitness assessment failures during the past 3 years from date of application.

3. Completion of NAVPERS 1306/92 Special Program Screening is not required due to screening being coordinated between member's current command and NAVEXINTCOM. However, in addition to the screening outlined in this article, all personnel must complete operational duty screening per MILPERSMAN 1300-800.

4. Detailed screening information may be obtained by contacting:

1. **Purpose.** To promulgate qualification requirements and assignment policy for Sailors ordered to the Coastal Riverine Force (CRF). This article applies to all officer and enlisted members of the Active Component (AC), Full-Time Support (FTS), and Selected Reserve (SELRES) communities within the Navy.

2. **Program Background.** The CRF is responsible for providing combatant commanders mission ready forces fully capable of executing a complete spectrum of missions such as riverine operations, patrols, escorts, surveillance, interdiction, perimeter and harbor defense, high value escort, security teams, and other missions. Reference (a) further discusses the challenges of maritime operations and lists evolutions classified as high risk.

3. **Screenings.** Candidates for assignment in the CRF must complete all of the following:

a. Operational duty screening as outlined in MILPERSMAN 1300-800.

b. CRF duty medical screening as outlined in paragraph 6 of this article and NAVMED 1300/14 Coastal Riverine Force Duty Medical Screening Questionnaire. NAVMED 1300/14 may be accessed by using the following Web address:
[http://www.med.navy.mil/directives/ExForms/NAVMED%201300%2014%20\(11%20Jan%202013\)%20RE.pdf](http://www.med.navy.mil/directives/ExForms/NAVMED%201300%2014%20(11%20Jan%202013)%20RE.pdf).

c. NAVPERS 1300/26 Coastal Riverine Screening, which may be accessed using the following Web address:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

In addition to the special screening qualification reporting requirements, outlined at Exhibit 1 Special Program Suitability/Unsuitability Report in MILPERSMAN 1306-900, an information copy will be provided to Coastal Riverine Group ONE (COMCORIVGRU ONE) or Coastal Riverine Group TWO (COMCORIVGRU TWO) (as appropriate).

4. **Boat Operations.** Duty will require high-tempo boat operations on high-speed combatant craft and other types of vessels.

5. **Tour Length.** Enlisted personnel assigned to billets in the CRF will be assigned as sea/shore rotation or sea/shore flow dictated for each respective rating. Personnel who cannot complete a prescribed tour (short periods, normally 6 months or less) due to high year tenure restrictions may request a waiver to tour length requirements. Forward waiver requests on command letterhead or by naval message to COMCORIVGRU ONE or COMCORIVGRU TWO (as appropriate). Waiver requests must contain full justification and rationale for waiver consideration. Waiver requests must be formally and favorably endorsed by the member's current parent command to be considered. COMCORIVGRU will forward waiver recommendation to the Sailor's respective detailer. Detailer will coordinate order release per distribution policies.

6. **Requirements and Qualifications.** The requirements and qualifications contained in this article apply to all officer and enlisted personnel being screened for assignment to any sea duty or shore duty CRF billet. Personnel being considered for assignment to a CRF training and evaluation unit must also meet the requirements of MILPERSMAN 1300-804. Minimum requirements - Prospective members of the CRF must meet the following requirements:

a. **Citizenship.** Must be a U.S. citizen, this requirement will not be waived.

b. **Physical Standards.** CRF training and mission requirements are arduous and require members to operate in austere environments while wearing heavy body armor and or

carrying significant loads of field equipment or weapons for long periods of time. Sailors must not have any physical condition(s) that would preclude them from meeting this requirement (e.g., chronic back or shoulder problems, knee problems, etc). Transferring commands are directed to ensure the servicing medical organization completes NAVMED 1300/14 Coastal Riverine Force Duty Medical Screening Questionnaire as part of the member screening process. NAVMED 1300/14 may be accessed by using the following Web address:
<http://www.med.navy.mil/directives/Pages/NAVMEDForms.aspx>. For questionable cases or for more information on screening, contact COMCORIVGRU ONE Medical Department at (619) 437-9856 or COMCORIVGRU TWO Medical Department at (757) 967-2531 (as appropriate).

(1) Members must have passed their most recent three physical fitness assessments (PFAs) (not applicable to new accessions and recent "A" school graduates who have not participated in three PFAs). New accessions and recent "A" school graduates must have passed most recent PFA prior to assignment to CRF per standards promulgated in reference (b). If Sailors are being released from a period of limited duty, (e.g., fit for duty and world-wide assignable) they must complete and pass a PFA with no waiver for any event. Additionally, Sailors must have passed the most recent three PFAs prior to assignment to limited duty status with no waiver of any event.

(2) CRF personnel commonly operate at night or in lowlight conditions, and require normal color vision to correctly distinguish running lights and navigational aids. Therefore, color blindness and night blindness are disqualifying medical conditions for CRF duty. This requirement will not be waived.

c. Swimmer Qualifications. All personnel will be required to achieve swimmer qualifications as promulgated below for assignment to the CRF. AC and FTS personnel must be qualified as second class swimmers prior to assignment to the CRF. It is the responsibility of the transferring command to ensure this qualification has been achieved, and the date of this qualification is clearly documented in the member's record prior to a member executing orders to the CRF.

(1) Selected Reserve (SELRES) personnel are required to achieve successful qualification as a second class swimmer within 12 months of being assigned to a CRF unit. As discussed in reference (c), "the second class swimmer qualification is used as an entry-level requirement for Small Boat Operators." Failure to achieve second class swimmer qualification within 12 months of assignment will result in disqualification to serve in the CRF, and will result in the member being de-screened and transferred out of the CRF.

(2) Swimmer Qualification Waivers. Swimmer qualification waivers may be requested on a case-by-case basis. Forward waiver requests on command letterhead or by naval message to COMCORIVGRU ONE or COMCORIVGRU TWO (as appropriate). Waiver requests must contain full justification and rationale for waiver consideration. Waiver requests must be formally and favorably endorsed by the member's current parent command to be considered. COMCORIVGRU will forward waiver recommendation to the Sailor's respective detailer. Detailer will coordinate order release per distribution policies.

(3) Members reporting without the required swimmer qualifications or an approved waiver are not eligible for CRF duty and must be de-screened and made available for PCS reassignment out of the CRF.

d. **Travel Passports.** Members must complete and submit all applications for an official U.S. Government passport prior to transfer. Since the State Department will only issue passports for members traveling to countries that require a passport, local Navy passenger transportation offices will accept a letter of intent in lieu of actual orders. For assistance obtaining an intent to travel letter, contact COMRIVGRU ONE Administrative Department at (619) 437-9808, COMCORIVGRU TWO Administrative Department at (757) 492-8825, or (757) 492-8822 (as appropriate). Due to longer periods of time between operational deployment (dwell time) for the reserves, SELRES will not be required to obtain a passport until notified of deployment or missions traveling to countries that require a passport.

e. **Security Clearance.** All members must currently hold a Secret clearance.

(1) First term members reporting from initial schools are not required to have a finalized clearance determination,

but are required to have proof that SF 86 Questionnaire for National Security Positions has been submitted and is pending adjudication. It is incumbent on the training commands to ascertain any issues that would preclude a member from being granted a security clearance and make a local commanding officer's determination on security clearance eligibility and follow-on assignments to the CRF.

(2) Members currently assigned to the CRF who have their Secret clearance removed, revoked, or denied by the Defense Central Adjudication Facility or other appropriate authority will no longer be eligible for CRF duty, and will be descreened and transferred from the CRF. This requirement is not waivable.

f. **Driver's License.** Members must possess a valid state driver's license; this requirement is non-waiverable.

g. **Non-Judicial Punishment (NJP) and Military or Civilian Convictions.** Members must not have had any alcohol-related incidents, NJP, or military or civilian convictions, excluding minor traffic violations, within the past 12 months. Waivers may be granted on a case-by-case basis. Forward waiver requests on command letterhead or by naval message to COMCORIVGRU ONE or COMCORIVGRU TWO (as appropriate). Waiver requests must contain full justification and rationale for waiver consideration. Waiver requests must be formally and favorably endorsed by the member's current parent command to be considered. COMCORIVGRU will forward waiver recommendation to the Sailor's respective detailer. Detailer will coordinate order release per distribution policies.

h. **Obligated Service (OBLISERV).** Required OBLISERV for this program is 36 months. Members with 17 or more years of active service will not be authorized voluntary transfer to the Fleet Reserve or Retired List prior to the completion of a minimum 36-month tour. A permanent NAVPERS 1070/613 Administrative Remarks entry will be made, certifying the member understands and agrees to this requirement.

i. **Financial.** All members must qualify for and maintain eligibility for a Government travel charge card (GTCC). It is recognized that the majority of first term members reporting from initial schools will not have been issued a GTCC. In these cases, it is incumbent on the training command to ascertain any issues that may preclude a member from being issued a GTCC, and

make a local commanding officer's determination as to whether the member should continue on to duty with the CRF. Loss of eligibility for or inability to obtain a GTCC will result in disqualification and transfer from the CRF.

j. **Firearms.** CRF personnel must achieve and maintain qualifications on various individual and crew-served weapons, and weapon systems. Per reference (d), the 1996 Lautenberg Amendment to the Gun Control Act of 1968 prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. This policy also applies to convictions of felony crimes and convictions of offenses at general or special courts-martial that otherwise meet the definition of "crime of domestic violence." Any member not currently qualified to handle or train on weapons is not eligible for initial entry or continued duty in the CRF.

1. **Purpose.** To promulgate eligibility and qualification requirements for assignment to coastal riverine force (CRF) training and evaluation units (TEUs).
2. **Program Background.** The CRF is responsible for providing mission ready forces fully capable of executing a complete spectrum of missions (e.g., riverine operations, patrols, escorts, surveillance, interdiction, perimeter and harbor defense, high value escort, security teams, and other missions) for combatant commanders. The TEUs were established to provide critical training for CRF units that will facilitate successful execution of mission requirements. The CRF has two TEUs - Coastal Riverine Group ONE (CORIVGRU-1) located in San Diego, CA and Coastal Riverine Group TWO (CORIVGRU-2) TEU located in Virginia Beach, VA.
3. **Applicability.** Requirements contained in this article apply to officer and enlisted personnel being screened for assignment to UICs 80006 (CORIVGRU-1 TEU) and 47117 (CORIVGRU-2 TEU).
4. **Requirements**
 - a. Officers:
 - (1) Shall meet all requirements and complete screening processes contained in MILPERSMAN 1300-803.

(2) Shall possess or be eligible for additional qualification designator (AQD) BX3. Officers not possessing or not eligible for AQD BX3 are **not** eligible for assignment.

b. Enlisted Personnel:

(1) Shall meet all requirements and complete screening processes contained in MILPERSMAN 1300-803.

(2) Shall be qualified for and authorized to wear one of the following enlisted warfare devices:

(a) Enlisted expeditionary warfare (EXW) specialist;

(b) Seabee combat warfare specialist (SCW);

(c) Special warfare combatant-craft crewman (SWCC);

or

(d) Fleet Marine force enlisted warfare specialist (FMFEWS)

NOTE: The intent of this requirement is to ensure Sailors with expeditionary experience are assigned to the TEU to support critical training for deploying forces. In those cases where there are insufficient personnel with one of the above qualifications in the assignment window, waivers may be granted on a case by case basis, taking into consideration the nominee's operational experience. Address waiver requests to CORIVGRU-1, Administrative Department (N1), COM: (619) 437-9434 for UIC 80006 or CORIVGRU-2, Administrative Department (N1), COM: (757) 396-0602 for UIC 47117.

5. **Additional information.** It is important to note that while TEUs are designated type 1 shore duty for rotational purposes, members will spend extended periods of time in a temporary additional duty status away from the permanent duty station conducting, coordinating, and evaluating field training evolutions, and attending schools and required training.

-------------------	------------------------

1. **Policy.** Chief of Naval Personnel supports the collocation of Navy members married to other military members. Every reasonable effort will be made for military couples to move together and establish a joint household whenever possible.

a. Assignments will be made to fill valid Navy requirements, considering the needs of the military family, as well as the manning of the losing and gaining activities; therefore, collocation and immediate reassignment may not always be possible.

b. Collocation of Navy members with members of other uniformed services or services of other countries are much more difficult and may not always be possible. Spouse collocation policy does not provide for assignment to duty near a civilian spouse, including civilian Government employees.

c. While there is no established maximum distance between duty stations for collocation, 90 driving miles should be used as a guide when considering collocation requests. In the Pacific Northwest, due to the geographical limitations presented by the Puget Sound, collocation duty station pairings should generally be on the same side of the sound (e.g., Whidbey Island with Everett or Bremerton with Bangor constitutes collocation; Whidbey Island with Bremerton requires excessive commuting time and is not considered collocation).

d. Any assignment preventing military couple collocation must be approved by Assistant Commander, Navy Personnel Command (ACNPC), Career Management Department (PERS-4).

2. **Requests.** Navy members desiring collocation must each submit a one-time request, with command endorsement, to their detailers noting their military couple status, service of spouse, and spouse's detailer's contact information.

a. Officer requests must be submitted on NAVPERS 1301/85 Officer Personnel Action Request. NAVPERS 1301/85 may be accessed on the Navy Personnel Command Web site using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. Enlisted requests must be submitted on NAVPERS 1306/7 Enlisted Personnel Action Request. NAVPERS 1306/7 may be accessed on the Navy Personnel Command Web site using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Sailors are encouraged to submit collocation preferences during the Career Management System Interactive Detailing application cycle.

c. **Agreement Required.** Navy members married to other Navy members must include a copy of their spouse's request to expedite communication between respective detailers. For Navy members married to members of other services, a statement from the inter-service spouse indicating concurrence for collocation and the contact information for their detailer or service equivalent must accompany the collocation request. Both members must be in agreement that collocation is desired. If not in agreement, Navy personnel will be detailed consistent with prescribed sea/shore tours (PST), obligated service and retainability requirements, recently acquired skills, milestones, and training.

d. **Collocation - High Priority.** Once requested, spouse collocation becomes the member's highest priority for every duty preference and will be given due consideration during the assignment process. If a couple does not desire collocation for a specific assignment, both members must communicate to their respective detailers that collocation is not a priority. Collocation will again be considered a high priority for the subsequent assignment.

e. **Collocation - Not Always Possible.** Members should be aware that due to the difficulties involved in spouse collocation, fulfilling duty preferences for geographical

location, or type of duty or unit may not be possible. Additionally, there may be other restrictions such as host nation law or status of forces agreement (SOFA) that preclude some military couples from collocation overseas.

f. **Couples Not Presently Collocated.** Military couples who are not presently collocated, who are recently married, or who were not previously identified as a "military couple" can request reassignment consideration to achieve collocation, provided that the following criteria are met:

(1) Member requesting to be transferred has completed at least 1 year on board current duty station at the time of the transfer, and (if required) a contact relief is available. Every effort will be made to achieve collocation within 1 year of the request; however, requirements regarding time on station, PST tours, obligated service, retainability, recently acquired skills, and training will all be considerations of the request.

(2) Neither member is currently under orders to go into a training status. If one or both members are going into a training status, and collocation cannot be achieved, the requests will be kept on file to facilitate spouse collocation at the completion of the training assignment.

(3) There are no host nation laws or SOFA restrictions outside the continental United States (OCONUS).

(4) A valid billet requisition for which the member is qualified is available.

(a) Sea/shore rotations will be maintained whenever possible.

(b) When both members are eligible for sea duty, the spouse with the least amount of sea duty will normally be assigned sea duty; however, military couples comprised of new accession or first-term members may be involuntarily assigned to simultaneous sea duty.

(c) Military couples with dependents are required to maintain a current and workable family care plan.

g. **OCONUS.** When one member is already on an OCONUS Department of Defense tour, that member's projected rotation

date (PRD) will be extended to match the PRD of the authorized joining spouse.

h. Changes in Marital Status Before Execution of Issued Orders for Navy Member(s). Issued orders will remain in effect when a marriage or divorce occurs. Modification may be considered if it will not result in a gapped billet, adversely affect the gaining command's readiness, or preclude the use of recently acquired skills or training. If the member's orders are not modified, member will be required to execute orders. Collocation action will be considered after 1 year on board new duty station, if collocation is still desired.

i. Collocation After Training. Members requesting training must be advised that they may not be eligible for spouse collocation consideration in conjunction with this training assignment. Members completing training will be assigned to an appropriate tour for these newly acquired skills, which may preclude or limit spouse collocation consideration for the duration of this post-training assignment.

3. Restrictions. Military couples will not be permanently assigned to the same ship or the same shipboard deployable command (e.g., tender with multiple unit identification codes or carrier and its associated carrier air wing).

a. Same Reporting Senior. Members will not be assigned to the same command ashore with the same reporting senior without the gaining commanding officer's concurrence.

(1) Unusual circumstances may result in a couple being temporarily assigned to the same afloat activity.

(2) This paragraph does not require transfer of the members to rectify such a temporary situation.

b. Same Ship/Shipboard Embarking Command. In the case of a member on shipboard duty who marries another member assigned to the same ship or the same shipboard embarking command, the member who has completed the larger percentage of the prescribed sea duty tour (PST) will normally be reassigned as soon as possible; however, adverse impact on the ship's readiness may necessitate the transfer of the spouse.

c. **Involuntary Assignment.** Military couples will not normally be involuntarily assigned to a simultaneous sea duty tour (type duty code "2"/TAC C or type duty code "4"/TAC D). Military couples will also not normally be involuntarily assigned to simultaneous permanent shift work duty assignments. Military couples may be involuntarily assigned with one member assigned to a sea duty tour while the spouse member is assigned to permanent shift work.

(1) When both members of a military couple are first-termers or initial accessions, both members may require assignment to simultaneous sea duty or simultaneous permanent shift work consistent with needs of the Navy and the member's training.

(2) Members who marry while on sea duty will be required to complete their sea tour, unless assigned to the same ship or the same shipboard embarked command.

d. **One on Sea Duty/One on Shore Duty.** Whenever possible, PRDs will reflect a rotation in which one member will be on sea duty while the spouse is on shore duty, and their PRDs will be matched to facilitate future collocation requests. It is imperative that military couples with dependents maintain a current and workable family care plan, that can be utilized when needed.

e. **Simultaneous Sea Duty.** Members requesting spouse collocation that results in simultaneous sea duty must complete NAVPERS 1070/613 Administrative Remarks through their command with the statement indicated below, and forward a copy to their detailee with their spouse collocation request. The original NAVPERS 1070/613 must be forwarded to the servicing personnel office for entry into Navy Standard Integrated Personnel System (NSIPS) as a permanent NAVPERS 1070/613 (page 13) and submission to the member's official military personnel folder; using this article as the authority.

Date: "I have read and understand the military couple assignment policy contained in MILPERSMAN 1300-1000. I understand that simultaneous sea duty (type duty code "2"/TAC C or type duty code "4"/TAC D) with my spouse requires me to complete the normal tour length of my assignment. If applicable, my spouse and I have developed a dependent care plan which will be utilized when necessary."

4. **Options If Assignment Within Immediate Area of Spouse Is Not Available.** In the event reassignment of applicant to area of spouse's present assignment is not feasible and spouse's reassignment is not desired or also not feasible, ACNPC (PERS-4) will normally disapprove applicant's request. The following options may be offered:

- a. resubmission in 6 months for reconsideration.
- b. assignment to the nearest available requirement within area of spouse's present assignment.

Note: Acceptance of option b will require applicant to serve a minimum 24-month tour at the activity; therefore, the applicant will not be eligible for reassignment during that period in the event a requirement nearer to spouse's duty station becomes available.

5. **Assignment of Military Couple to Isolated Duty Stations.** The assignment of married dual-military couples to isolated duty stations where an unaccompanied tour is directed may be authorized on a voluntary basis (except Diego Garcia) when in compliance with this article.

- a. Such assignment is with the understanding that both members will be treated as individual Service members and quarters for joint residence may not be available.
- b. Isolated duty areas are dependent-restricted, and dependents are not authorized.

c. Requests for collocation will not be considered, unless the members are married at the time of request. Exceptions may be granted for those rare cases in which members engaged to be married are assigned to a command where marriage is not allowed (e.g., Diego Garcia), and the couple desires collocation on their follow-on tour.

6. **Immediate Family Reassignment to Different Activities.**

Requests for reassignment from active duty members of an immediate family who no longer desire to serve together at the same activity, must receive favorable consideration, provided there are no overriding military needs for the retention in the same unit.

a. Reassignment requests for reassignments to be separated from a member of the same family must reference this article.

(1) Officer requests must be submitted on NAVPERS 1301/85.

(2) Enlisted requests must be submitted on NAVPERS 1306/7.

b. Unless specifically requested, members of an immediate family serving together must not be reassigned until they become eligible for normal rotation, or until their reassignment is required to meet needs of the Service.

7. **Single Parents.** Single parents are assigned using the same procedures as other Service members.

a. Navy Personnel Command recognizes the unique situations that occur when single parents are assigned to some types of duty and duty locations; however, a preferential assignment policy regarding single parents would be discriminatory toward other members.

b. When it is determined that assignment to sea duty would involve hardship not normally encountered by other members of the naval service, a request for discharge/release to inactive duty may be submitted.

(1) **Officer.** For hardship discharges, refer to reference (a).

(2) **Enlisted.** For hardship discharges, refer to MILPERSMAN 1910-110. For parenthood discharges, refer to MILPERSMAN 1910-124.

1. **Policy.** This article outlines the procedures for submission of requests for assignment or reassignment of members of the same immediate family serving on active duty in the U.S. Navy in other than hostile fire areas and establishes requirements to be met for submission of such requests.

a. Policies governing deferment of Navy personnel from duty in hostile fire zones are contained in references (a) and (b).

b. For the purposes of this article, family members include father, mother, sons and daughters, and all sisters and brothers in the following categories:

- (1) A brother or sister of whole blood.
- (2) A brother or sister of half blood.
- (3) A brother or sister by adoption.

c. All personnel desiring shipboard or deployable unit family duty are required to sign the following NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks page entry:

d. Commander, Navy Personnel Command (COMNAVPERSCOM) has no objection to assignment in the same area of two members of the same immediate family where an **officer and enlisted person** are involved, providing the transfer is not to the same military command, and there are at least two commands in the immediate areas.

2. **Requirements for PCS Transfer**. Chief of Naval Personnel (CHNAVPERS) supports the assignment of members of the same immediate family serving on active duty in the U.S. Navy. Every reasonable effort will be made for same immediate family members to serve together whenever possible.

a. Assignments will normally be made to fill valid Navy requirements, considering the needs of the military family as well as the manning of the losing and gaining activities; therefore, immediate reassignment may not always be possible. Members requesting transfer to serve with a member of an immediate family must be otherwise eligible for reassignment under current distribution directives (i.e., near projected rotation date (PRD)) and meet the following criteria:

(1) Urgent service requirements do not preclude approval.

(2) The receiving activity has an authorized requirement for the rank/designator/rate/rating/Navy Enlisted Classification code (NEC) concerned.

(3) The member requesting transfer has sufficient obligated service (OBLISERV) or minimum service retainability to serve the applicable tour at the activity requested. Due to the lengthy qualification time involved with nuclear propulsion plants, nuclear trained personnel are required to have sufficient OBLISERV remaining to serve a minimum of 24 months on board the receiving command.

(4) Neither member is in receipt of permanent change of station (PCS) orders.

(5) Member must have a clear record for the previous 12 months.

b. Except for personnel in recruit or student status, 1 year at the current duty station prior to the requested date of transfer.

c. Requests submitted more than 6 months in advance of eligibility for transfer will be returned to originator.

3. **Request**. Request for assignment to duty with another member of the immediate family shall be submitted to each service member's detailer, via both members' commanding officer (CO) for endorsement. Include a copy of the other family member's request to facilitate communication between the respective detailers.

a. Officers will submit requests via NAVPERS 1301/85 (Rev. 08-05), Officer Personnel Action Request.

b. Enlisted personnel will submit requests via NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request.

c. Requests from non-designated (SN/FN/AN) personnel shall be addressed to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch, (PERS-4013) via the CO.

d. All requests must include the following information:

(1) Requested date of transfer.

(2) Rate/warfare designator/first name, initial, last name/branch of service/SSN (last four digits); PRD; duty station and homeport (if applicable) of the other family member.

4. **Forwarding Endorsement**. Each CO shall make comments and recommendations specifically addressing the desirability of having the family members serve together, and ensure completion of the required NAVPERS 1070/613 for ship or deployable unit duty if applicable.

-------------------	---

1. Program Background

a. When concerns for the safety and well-being of Service members and or their dependents dictate a permanent change of station (PCS) transfer prior to normal projected rotation date, a safety move (see paragraph 2) or expedited transfer (applicable to Service members who file an unrestricted report of sexual assault, see paragraph 3) may be authorized. This includes, but is not limited to temporary or permanent movement to a unit within the same command, a unit on the same installation, or a unit with a different geographic location. For reservists, a transfer or reassignment includes provisions to perform inactive duty training on different weekends or times than the alleged offender, or with a different unit in the home drilling location to ensure undue burden is not placed on the Service member and their family by a transfer.

b. These programs originated with the transfer of drug informants and have expanded to include Navy personnel, their military spouses, and or their dependents whose lives may be threatened, or those Service members who have made an unrestricted report of sexual assault.

2. Safety Transfer Request

a. Situations in which individuals should be considered for a safety transfer include, but are not limited to:

(1) Victims or witnesses of offenses covered under reference (a);

(2) Family Advocacy Program cases covered under reference (b);

(3) Victims of violent crimes; and

(4) Instances in which threats have been made against a Service member, his or her military spouse, or dependents.

b. Safety transfer requests are reviewed and adjudicated by Navy Personnel Command (NAVPERSCOM), Post Selection Board Matters Branch (PERS-833) on their individual merits. Disapproval authority resides with Commander, Navy Personnel Command. Commands may request a safety transfer by contacting NAVPERSCOM (PERS-833) at COM 882-4412 OR (901)874-4412.

c. **Safety Transfer for Dependents Only.** Travel and transportation of dependents are authorized under certain circumstances outlined in reference (c), Articles U5205, U5240, U5370, and U5920. If the member's dependents meet the criteria outlined in the articles above, and they must be moved for personal safety reasons, the personnel office or supporting Personnel Support Detachment of the member's command will issue an authorization letter for travel and transportation on command letterhead, using the basic format in Exhibit 1 (adjust accordingly for exact circumstances). Reference (d), Chapter II, Section IV, Accounting Guide - Officer and Enlisted - Operational (Miscellaneous Travel) and Rotational (Miscellaneous Travel), must be used to build the line of accounting.

3. Expedited Transfer Request. Per references (e) and (f), Service members filing an unrestricted report of sexual assault,

as defined in reference (g), must be informed of the option to request transfer from the command to which they are assigned. An expedited transfer of a Service member shall also include his or her dependents and or military spouse, as applicable. Every reasonable effort and consideration should be made to minimize disruption to the Service member's normal career progression. At a minimum, the alleged offender's access to the member who made the report shall be restricted, as appropriate.

a. **Procedure.** The request must be initiated by the Service member in writing, and shall include the member's reason(s) for the request. If a Service member files a restricted report and desires an expedited transfer, he or she must affirmatively change the restricted report to an unrestricted report via DD 2910 Victim Reporting Preference Statement located at <http://dtic.mil/whs/directives/infomgt/forms/formsprogram.htm>.

b. Upon receipt of a written expedited transfer request, the Commanding Officer (CO) shall:

(1) Document the date and time the transfer request is received. The CO must make a transfer decision within 72 hours of receiving the request.

(2) Determine if the report is credible (i.e., reasonable grounds to believe an offense constituting sexual assault occurred) based on all available evidence and the advice of the supporting legal advisor or counsel. A presumption shall be established in favor of transferring a Service member once a determination has been made that the report is credible.

(3) Consider the following factors in making the decision to approve the transfer:

(a) Service member's reason for request to transfer;

(b) Nature of the offense;

(c) Operational necessity, including situational unique requirements in deployed areas;

(d) Location and possible transfer of the alleged offender instead of the member making the request;

(e) Potential disposition of collateral misconduct;

(f) Status of the investigation and the potential impact on the investigation and future disposition of the offense after consulting with the Naval Criminal Investigative Service and the supporting judge advocate or other legal advisor or counsel concerned;

(g) Requesting Service member's input; and

(h) Other pertinent circumstances outlined in reference (f).

(4) Ensure the member is fully informed regarding reasonably foreseeable impact the transfer or reassignment may have on his or her career, the investigation, and case disposition, initiation of other adverse action against the alleged offender, other possible consequences of granting the request, and that the member may have to return for prosecution of the case.

c. **Approval.** Once the CO makes the decision to approve the transfer, the request, along with the CO's recommendation as to where the member should be transferred, should be forwarded to NAVPERSCOM (PERS-833) where it will be processed and retained on file for a period of 3 years.

d. **Disapproval.** The CO must immediately forward any recommendation for disapproval of an expedited transfer request and the reason(s) for the recommendation, in writing, to the first flag officer in the requesting Service member's chain of command, or Senior Executive Service (SES) equivalent, as applicable.

(1) The Flag officer or SES must decide to approve or disapprove the request within 72 hours of receipt of the command-level disapproval recommendation. If approved, the request shall be immediately forwarded to NAVPERSCOM (PERS-833) where it will be processed and retained on file for a period of 3 years.

(2) Flag officer or SES level disapproved expedited transfer requests shall be forwarded to NAVPERSCOM (PERS-833) where they will be kept on file for a period of 3 years.

e. If at any time the requesting Service member elects not to proceed with an expedited transfer request, he or she shall formally withdraw the request in writing to the CO.

f. References (c) and (d) contain information concerning entitlements and financial guidance.

---------------------	--

1. **Policy**. Assignment policy for personnel infected with bloodborne pathogens (BBP) is governed by references (a) and (b). The procedures outlined herein ensure personnel infected with BBP have the opportunity to fill valid billets.

a. Military personnel who demonstrate no evidence of unfitting medical conditions associated with human immunodeficiency virus (HIV) infection shall be retained in the service, unless some other reason for separation exists.

b. HIV-infected service personnel, who may not be considered fit for continued naval service due to a non-HIV condition which may constitute a disability, shall be referred to the Integrated Disability Evaluation System (IDES) under reference (c).

c. Assignment restrictions cannot be imposed on BBP-infected Service Members, except as delineated by this article and by reference (b). Any proposed changes in assignment policy which affect BBP-infected Service Members must be coordinated with Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-454) per reference (b).

2. Definitions

a. **BBP:** Pathogenic microorganisms, transmitted via human blood, which cause disease in humans. They include, but are not limited to, hepatitis B and C and human immunodeficiency virus (HIV).

b. **HIV:** Either of two retroviruses which infect and destroy helper-T cells of the immune system causing the marked reduction in their numbers that is diagnostic of acquired immunodeficiency syndrome (AIDS).

3. Confidentiality. Maintaining the confidentiality of personnel infected with BBP is absolutely essential. Correspondence, e-mails, and verbal or telephonic discussions regarding BBP infected personnel will be limited to: the BBP infected member, personnel within NAVPERSCOM who have a demonstrated need to know in order to perform their duties and assign these personnel, the commanding officer (CO) of the proposed gaining command, the senior medical officer (SMO) or senior medical department representative (SMDR) of the proposed gaining command or that supports that command, and the medical treatment facility personnel. Strict compliance with the provisions of the Privacy Act is required per reference (d).

a. Electronic correspondence (e-mail) regarding BBP infected personnel containing names, social security numbers, or other personally identifying information (PII) shall be digitally signed and public key infrastructure-encrypted. In the event encryption is not possible, the only authorized means of electronically transmitting PII is through use of Safe Access File Exchange (SAFE). SAFE can be accessed via the following web link: <https://safe.amrdec.army.mil/safe/Welcome.aspx>.

b. Hard-copy correspondence must be pre-coordinated before mailing to NAVPERSCOM (PERS-454). If used, all hard-copy correspondence regarding BBP personnel which contains names, social security numbers, or other PII shall:

(1) Be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties."

(2) Use DD 2923 "Privacy Act Data Cover Sheet" as appropriate.

(3) Be mailed to only those with an official need to know.

(4) Be sent via a mailing service that can provide tracking information.

(5) Be handled and destroyed per Department of Defense (DoD) privacy directives.

4. **Assignment Procedures**. The Assistant Commander, Navy Personnel Command (ACNPC) for Career Management (PERS-4), will coordinate policy and assignment for all Navy personnel infected with BBP. Service Members with BBP may not be assigned or reassigned without NAVPERSCOM (PERS-4) approval.

a. When a Service Member is initially identified as having HIV or other BBP upon overseas screening, operational screening, or in the normal course of healthcare services, the Navy Bloodborne Infection Management Center (NBIMC) will notify NAVPERSCOM (PERS-454) and the Service Member's CO.

(1) For a new diagnosis of an HIV positive member, the CO will arrange for the timely notification of the Service Member and transfer to a HIV Evaluation Unit (HETU).

(2) A newly diagnosed HIV positive Service Member may require immediate reassignment to comply with reference (b). If qualified, rating conversion may be an additional option; see MILPERSMAN 1440-010 for information on rating conversion.

(3) Per reference (e), Chapter 15, personnel in special communities such as aviation duty, diving duty, special warfare, or submarine duty who are diagnosed HIV positive also need a Bureau of Medicine and Surgery (BUMED) waiver of medical standards to continue in these programs.

(4) Service Members who are initially diagnosed with chronic Hepatitis B or C are evaluated by either infectious disease or gastroenterology specialty physicians at a local Navy medical treatment facility (MTF). Treatment will follow appropriate clinical guidelines. Service Members with chronic Hepatitis B or C who have failed treatment, who are not candidates for treatment, or who have complications from the infection which impair their ability to perform the required duties of rank and rate, are referred to the Integrated Disability Evaluation System (IDES).

b. Service Members who have been identified as having a BBP and are approaching their projected rotation date (PRD) shall contact their detailer to negotiate appropriate orders. NAVPERSCOM (PERS-4) detailers will coordinate with NAVPERSCOM (PERS-454) to ensure the healthcare at the receiving command is capable of supporting the member. Privacy Act standards must be adhered to in this process.

c. Per reference (b), the Secretary of the Navy shall be advised 30 days in advance of the assignment of a Service Member of each type of limitation in assignment or duties and the specific reasons therefor.

d. Any questions regarding assignments should be referred to NAVPERSCOM (PERS-454).

5. **Procedures for Outside the Continental United States (OCONUS) or Operational Orders.** On a case-by-case basis, in consultation with the treating HETU, NBIMC, and NAVPERSCOM (PERS-454), certain personnel who are considered to have controlled BBP infection, per reference (b), may be considered for assignment to commands described in Exhibit 1. Personnel with a BBP will not be considered for overseas Individual Augmentee (IA) tours, given the austere environments and limited medical facilities where they potentially could be placed. The process for personnel with a BBP infection to request and receive OCONUS or operational orders is outlined below.

a. In consultation with his or her infectious disease physician, a member with a BBP desiring an OCONUS or operational assignment shall:

(1) Submit a request (see Exhibit 2) to NAVPERSCOM (PERS-454).

(a) The member will acknowledge in the request that he or she understands that the process will require additional personnel to know of their medical condition, and that he or she will be prohibited from taking liberty, leave, or temporary duty in countries that have entry restrictions applicable to persons with BBP, such as HIV.

(b) The member should consult with Web site www.hivtravel.org for the most current information on country restrictions on entry, stay, and residence of HIV

positive persons to ensure he or she understands the scope of countries that have restrictions that may be applicable to the OCONUS or operational assignment desired.

(2) Follow normal procedures to determine potential OCONUS or operational assignment to commands described in Exhibit 1.

(a) Enlisted members will follow regular procedures of Career Management System Interactive Detailing (CMSID) entry.

(b) Officers will contact their detailers directly.

b. Upon receipt of Exhibit 2 and notification from the member's detailer of a requested OCONUS or operational assignment, NAVPERSCOM (PERS-454) shall:

(1) Inform the CO of the proposed gaining command that the member has requested assignment to his or her command, and request a response per Exhibits 3 and 4 within 10 calendar days.

(2) Inform the senior medical officer (SMO) or senior medical department representative (SMDR) of the proposed gaining command, or who supports the proposed gaining command, that the member has requested assignment to his or her command or a supported command, and direct Exhibit 4 be provided to the CO of the proposed gaining command within 5 calendar days.

c. The CO of the proposed gaining command shall, within 10 calendar days of notification, submit Exhibit 3 to NAVPERSCOM (PERS-454) stating whether or not he or she will accept the member at the command. The SMO/SMDR letter of recommendation (Exhibit 4) shall be an enclosure to Exhibit 3. Letters signed "By direction" will not be accepted. A negative response must be thoroughly explained and notification made to the CO's immediate supervisor in command.

(1) In determining if the assignment at his or her command is appropriate, the CO must take into consideration the legal restrictions on travel of HIV positive persons in various countries and the impact such a restriction would have on mission accomplishment. The CO must consult Web site www.hivtravel.org for current information on a country's entry restrictions for HIV positive persons.

(2) Based on the CO's understanding of his or her operational mission and the billet, he or she can determine the likelihood that the member would be required to enter a country prohibiting entry of HIV positive persons, due to TAD, deployment, a port visit, etc. The fact that a member will be unable to have liberty in a particular port(s) (if visited) will normally not justify a negative response on its own because the member is agreeing to forgo such liberty in order to obtain the requested orders.

d. Upon receipt of the CO's decision on acceptance of the member, NAVPERSCOM (PERS-454) will:

(1) If the CO's response was positive, notify the detailer that orders can be issued.

(2) If the CO's response is negative, examine the justification to determine if the command has a valid operational or medical concern. If the concern is medical, NAVPERSCOM (PERS-454) will work with the proposed gaining command CO/SMO/SMDR to resolve the medical concern if possible.

(3) If the concerns of the proposed gaining command CO cannot be resolved, then NAVPERSCOM (PERS-454) will notify the detailer that the member will not be given orders to the requested billet and must continue to negotiate orders to other potential billets. If the next requested billet is OCONUS or operational, the detailer will again notify NAVPERSCOM (PERS-454) of the requested billet, and the above process will be followed.

e. Upon receipt of orders or letter of intent, the member will initiate the overseas screening, sea duty screening process immediately per references (f), MILPERSMAN 1300-300, 1300-302, 1300-304, 1300-800, and 1306-801 (as applicable).

6. **Responsibilities**. All personnel must ensure the medical information of a member is protected per Health Insurance Portability and Accountability Act and the Privacy Act (as appropriate). Adherence to the process timelines for OCONUS and operational orders is very important to the commands' manning levels and prioritization of outstanding requisitions.

a. Member:

(1) Negotiate CONUS orders via CMSID.

(2) Prior to negotiating OCONUS or operational orders with detailer or requesting such an assignment via CMSID, must submit a request, per Exhibit 2, to NAVPERSCOM (PERS-454) and receive confirmation of receipt.

b. NAVPERSCOM (Pers-454):

(1) Set BBP assignment policy;

(2) Track Exhibits 2 through 4 and apply appropriate privacy safeguard measures to these documents;

(3) Coordinate assignment with detailers, gaining command CO/SMO/SMDR, and Service Members;

(4) Upon notification from detailer of a request for OCONUS or operational assignment, promptly advise proposed gaining command CO and SMO/SMDR of member's request and the required CO decision, with SMO/SMDR recommendation, within 10 calendar days of the notification.

c. Detailer:

(1) Coordinate with constituents and NAVPERSCOM (PERS-454) for assignments.

(2) Obtain approval from NAVPERSCOM (PERS-454) prior to accepting constituent requests for OCONUS or operational assignments.

(3) (Enlisted detailers) shall notify NAVPERSCOM (PERS-40) immediately, if the processing time for the exhibits exceed the requisition take-up time (requisition ages out) which was negotiated with the member.

(4) Shall immediately notify NAVPERSCOM (PERS-454) if a member who negotiated orders to an OCONUS or operational assignment is subsequently found to be unsuitable.

d. BUMED:

(1) Code (M3/5) shall provide guidance to commands upon initial detection of members who are positive for HIV or other BBP.

(2) Code (M8) shall provide travel for initial evaluation and treatment of HIV positive members.

e. SMO/SMDR:

(1) Ensure the member has been approved through the overseas screening or operational screening process (references (f), MILPERSMAN 1300-300, 302, 304, 1300-800 and 1306-801 for all conditions other than BBP.

(2) Upon notification by NAVPERSCOM (PERS-454), SMO/SMDR for the proposed gaining command must determine whether the command is capable of treating the member with BBP and make recommendations to the proposed gaining command CO regarding acceptance of the member using Exhibit 4. Exhibit 4 must be personally signed and submitted to the CO within 5 calendar days of notification by NAVPERSCOM (PERS-454) of intent to assign a Service Member with BBP to a command under his or her cognizance. Signature authority may **not** be delegated. A negative placement recommendation must be justified.

f. Proposed Gaining Command CO:

(1) Upon notification by NAVPERSCOM (PERS-454) and within 10 calendar days of notification, shall submit their decision in the form of Exhibit 3 with Exhibit 4 enclosed, to NAVPERSCOM (PERS-454) stating whether or not he or she will accept the member at the command. "By direction" authority will **not** be accepted. Negative placement decisions must be justified and notification made to the CO's immediate supervisor in command.

(2) Utilize information contained in Web site www.hivtravel.org on countries with entry prohibitions for persons who are HIV positive in making decision provided to NAVPERSCOM (PERS-454).

(3) Acknowledge in decision (Exhibit 3) that if an HIV positive member is given orders to his or her command, the CO will ensure the member does not enter a country that prohibits entry of persons who are HIV positive, whether on liberty, leave, or in a duty status.

7. **Navy Personnel Command Support and Reporting Requirements**

a. NAVPERSCOM (PERS-454) will establish and maintain offline electronic records (as necessary) to administer the BBP Program and respond to regular and ad hoc inquiries regarding Service Members with BBP. Appropriate privacy safeguard measures will be exercised per (DoD) directives. Any command inquiries, regarding personnel with BBP, should be referred to NAVPERSCOM (PERS-454) for coordination of the response.

b. NAVPERSCOM (PERS-3), Records/Data Maintenance Quality Division will provide query support from existing military personnel systems to NAVPERSCOM (PERS-4), as needed.

1. Per reference (a), I request an OCONUS/operational assignment.
2. As a Service Member with an identified bloodborne pathogen, I make this request voluntarily, acknowledging and understanding the following:
 - a. I have read and understand reference (a).
 - b. Placement in an OCONUS/operational assignment will necessitate disclosure of health information to additional personnel due to the screening process for such an assignment. However, per the Health Insurance Portability and Accountability Act and the Privacy Act, my medical information will only be shared with those having a need to know to process my request.
 - c. I must not donate blood to the blood programs/blood agencies within CONUS and OCONUS, or participate in the "walking blood bank."
 - d. There are countries that restrict or prohibit entry, stay, or residence of persons who are HIV positive, and I can refer to www.hivtravel.org for information on each country's HIV related travel restrictions. These laws may impact whether or not I receive the OCONUS/operational orders requested. I acknowledge that if I receive OCONUS/operational orders and such a restriction or prohibition applies to me, I will not be allowed to enter such a country on liberty, leave, or any duty status.
 - e. I am under no obligation to request an OCONUS/operational assignment; however, not serving in an operational assignment may have an impact on my ability to be competitive for promotion. By submitting this request, I understand that I may receive orders to an OCONUS/operational assignment and be subject to the restrictions outlined above.

------------------	--

1. **Policy.** Officers transferred to a hospital or medical facility for treatment shall not be detached from the permanent duty station (PDS) except under orders from Chief of Naval Personnel (CHNAVPERS).
2. **Commanding Officer's Responsibility.** Upon hospitalization of an officer permanently under his or her command, and when any of the situations listed below occurs, the commanding officer (CO) shall promptly submit a Report Control Symbol (RCS) BUPERS 1301-13 to Navy Personnel Command (NAVPERSCOM) (officer detailer or PERS-821). The CO shall also send an information copy of the report to the hospital or medical facility concerned. The situations are as follows:
 - a. The officer hospitalized is in receipt of permanent change of station (PCS) orders (discharge, release from active duty, resignation, or retirement).
 - b. The probable duration of hospitalization (inpatient care) will exceed 10 days.
 - c. The officer's ship will depart the immediate area of hospitalization.

d. The hospitalization of the officer creates a need or probable need for replacement.

e. Any other circumstances under which the CO considers such notification advisable (i.e., when an officer in receipt of PCS orders is being treated on an outpatient basis and cannot execute the orders as written).

3. **Commanding Officer of Medical Activity Responsibility.** The CO with medical responsibility shall

a. promptly submit an initial RCS BUPERS 1301-13 to NAVPERSCOM (officer detailer or PERS-821) with an information copy sent to the member's CO, upon hospitalization of an officer who is

(1) executing PCS or temporary additional duty (TEMADD) orders, whether in a leave travel, proceed time, or awaiting transportation status, or while en route to or returning from a TEMADD station, or

(2) en route to a first duty station under PCS orders to duty in excess of 30 days (in the case of a Naval Reserve officer).

b. submit a follow-up progress report to NAVPERSCOM (officer detailer or PERS-821), with an information copy to the member's command, in the event

(1) the diagnosis, prognosis, or length of hospitalization vary from that initially reported to CHNAVPERS, or

(2) an officer is on the sick list continuously for 6 months, regardless of any change of station which may have occurred. Progress reports shall continue to be submitted at the expiration of each 6-month period until the officer is reported available for assignment under this article.

4. **Officer Hospitalization Report**

a. RCS BUPERS 1301-13 consists of an initial notification and follow-up report, as required. **The initial notification shall include the following:**

Subj: OFFICER HOSPITALIZATION REPORT (REPORT CONTROL SYMBOL
BUPERS 1301-13)

1. Grade, full name, SSN/designator.
2. Duty assignment within the PDS or other status at time of hospitalization.
3. CHNAVPERS Order Number, date, and type of order, if the officer is in receipt of PCS orders.
4. Complete name and location of hospital or medical facility at which the officer is hospitalized and date transferred to or received by that activity.
5. Nature of illness or injury. Report by diagnosis code as listed in the International Classification of Diseases, Adapted, if available; otherwise, use non-medical phraseology and in general terms describe the reason for treatment. If, in some instances (such as mental ailment or emotional instability, or for some other reason), the report includes information requiring protection because of statutory requirements or because it is in the public interest, the report shall be marked "For Official Use Only" per SECNAVINST 5720.42E. Should the report include information which requires protection in the interest of national defense, it shall be classified per OPNAVINST 5510.1H.
6. Source for determining the prognosis and estimated length of treatment, i.e., based on information obtained from the hospital or medical facility, or based on a local medical officer's opinion.
7. An estimate of the probable duration of treatment which should be based on a medical officer's opinion, if possible.
8. Commanding officers losing the services of an officer shall include a definite recommendation regarding detachment of the officer from the permanent ship or station. The recommendation shall include a statement that the officer's duties can or cannot be temporarily assigned to or assumed by other available personnel, and, if not, a brief statement that a relief is required by a specific date.

b. **A follow-up progress report shall include the following:**

Subj: OFFICER HOSPITALIZATION PROGRESS REPORT (REPORT CONTROL SYMBOL BUPERS 1301-13)

1. Grade, full name, SSN/designator.
2. Diagnosis, prognosis, expected length of hospitalization.
3. Any modification of information submitted in the initial notification.
4. Information not available at the time of initial notification.

5. **Detachment**. After receipt of all pertinent information and when deemed appropriate by CHNAVPERS, PCS orders will be issued by NAVPERSCOM (officer detailer or PERS-821) detaching the officer from the PDS and directing the member to continue treatment. Upon receipt of detachment orders, commands shall make appropriate personnel diary entries according to instructions for the Manpower Personnel and Training Information System (MAPTIS).

6. **Temporary Additional Duty (TEMADD) Orders**

a. TEMADD orders issued under this article shall be issued to the officer for round-trip travel to the nearest Armed Forces hospital or medical facility. Generally, all TEMADD orders should include accounting data (whether any travel is required). Cost of travel performed under such orders shall be chargeable to the TEMADD funds allocated to the activity to which the officer is permanently attached.

b. Request for accounting data from the type commander should be submitted when it is known, or a possibility exists, that travel cost to the government will be involved and/or treatment is not urgent and the command is not in receipt of appropriate funds.

c. Such requests shall

(1) identify the member (grade, full name, SSN/designator).

(2) identify the medical facility concerned.

(3) state the effective date and estimated duration of the treatment.

(4) state the medical diagnosis.

d. The command, which issued TEMADD orders for treatment, shall be informed of any order modification orders which might effect unanticipated additional charges to the appropriation date cited. No per diem is allowed while an officer is under treatment as a bed-patient or an inpatient in a hospital.

e. All TEMADD orders shall contain the following paragraph:

"Upon discharge from treatment, if found fit for full duty (if on sea duty) or, fit for full duty or limited duty (if on shore duty), and unless otherwise indicated or directed by Chief of Naval Personnel, you will return to this command and resume your regular duties."

7. **TEMADD Orders Without Accounting Data.** In emergency cases where it is impractical to request appropriate accounting data to be included in the TEMADD orders for treatment at the nearest Armed Forces hospital or medical facility from the type commander due to the urgency of the situation, COs shall issue TEMADD orders without accounting data for treatment to officers under their command. Upon receipt of accounting data, appropriate modification shall be issued promptly.

8. **TEMADD Orders for Evacuation**

a. When an officer with family members or household goods is to be evacuated to one of the 48 contiguous United States or the District of Columbia for treatment or further treatment, except under OPNAVINST 5350.4B, a report shall be made as soon as practical to NAVPERSCOM (officer detailee or PERS-821) requesting PCS orders.

b. Such request shall

(1) identify the member (grade, full name, SSN/designator).

(2) furnish the Armed Services Medical Regulating Office (ASMRO) cite number.

(3) state the medical facility being evacuated to, and the date of evacuation.

c. Overseas Naval medical facilities may issue TEMADD orders for evacuation (not to include detachment from PDS) for officer patients without family members or household goods to one of the 48 contiguous United States or the District of Columbia (D.C.) for further treatment. Evacuation of patients to one of the 48 contiguous United States or D.C. shall be effected under the evacuation policy for the overseas area concerned.

d. All patients evacuated from overseas shall be integrated into the Aeromedical Evacuation System and reported to the ASMRO. The TEMADD orders for evacuation shall direct to proceed to one of the 48 contiguous United States or D.C. to report to the CO of the medical debarkation facility (surface or air) serving the port of entry for further transfer to such armed services hospital or medical facility as ASMRO may designate. Travel under TEMADD orders for evacuation is chargeable to the activity's appropriation which provides TEMADD travel funds to the officer's PDS.

9. **Copy of TEMADD Orders.** One copy of the TEMADD orders for treatment or field evacuation shall be forwarded to NAVPERSCOM (officer detailee or PERS-821) upon completion of the round-trip or upon arrival at a final medical facility.

10. **Upon Completion of Treatment: Officers Who Have Not Been Detached From Their PDS**

a. Upon completion of treatment, an officer who has not been detached from their PDS aboard a ship or other afloat activity and who is found physically fit for limited duty only, or whose ship or afloat activity is deployed, shall be assigned by the medical facility to either

(1) TEMADD in a local ship or afloat shore activity, provided the officer's services can be utilized profitably, and such ship or afloat activity is expected to remain in the immediate vicinity until instructions or PCS orders can be issued by CHNAVPERS; or

(2) TEMADD at the nearest local activity where the officer's services can be utilized.

b. The medical facility shall modify the original TEMADD orders for treatment to direct the further TEMADD assignment. The medical facility shall promptly notify the TEMADD order issuing command and NAVPERSCOM (officer detailee or PERS-821) of the location of the further TEMADD assignment.

11. Upon Completion of Treatment: Officers Previously Detached From Their PDS

a. Upon completion of treatment, an officer previously detached from their PDS under orders from CHNAVPERS shall be assigned by the medical facility to either

(1) TEMDU at a local ship or afloat activity, provided the officer's services can be utilized profitably and such ship or afloat activity is expected to remain in the immediate vicinity until instruction or PCS orders can be issued by CHNAVPERS, or

(2) TEMDU at the nearest activity where the officer's services can be utilized.

b. The medical facility shall endorse the PCS orders issued by CHNAVPERS detaching the officer from their last PDS to direct the further TEMDU assignment. A copy of such endorsement shall be promptly forwarded to NAVPERSCOM (officer detailee or PERS-821) for use in connection with accounting control.

12. Upon Completion of Treatment: Officers Who Are Available for Assignment. Upon completion of treatment, officers in the following categories shall be reported to NAVPERSCOM (officer detailee or PERS-821) as available for assignment:

a. Officers detached from their PDS under orders from CHNAVPERS.

b. Officers whose ships or afloat activities are deployed.

c. Officers found physically fit for limited duty only and not previously detached from the PDS aboard their ships or other afloat activities.

13. Officer Availability Report

a. The report of an officer available for assignment is assigned RCS BUPERS 1301-5, Officer Availability Report. This report shall be submitted by the CO of the hospital or medical facility if the officer is an inpatient, or by the local CO having temporary cognizance (TEMADD or TEMDU) over the officer.

b. The officer shall submit in proper letter or message format the following:

Subj: OFFICER AVAILABILITY REPORT (REPORT CONTROL SYMBOL
BUPERS 1301-5)

(Upon completion of full duty status, officers shall be reported to NAVPERSCOM (officer detailer or PERS-821) as available for assignment.)

1. Grade, full name, SSN/Designator.
2. A specific statement that the medical board report is being submitted.
3. A statement concerning physical fitness for full duty.
4. The disposition of the officer and number of days leave desired.
5. The results of a flight physical examination, if the officer is a naval aviator, indicating physical and psychological fitness for duty involving actual control of aircraft, and a recommendation for assignment to a service group.

1. Introduction

a. The Chief of Naval Personnel (CHNAVPERS) is the single point of contact at the Washington headquarters level for all matters relating to the distribution of naval personnel. Navy Personnel Command (NAVPERSCOM), Millington, TN, performs officer personnel distribution and career development functions in support of CHNAVPERS mission.

b. MILPERSMAN articles 1301-100 through 1301-110 cover general distribution and assignment rules. MILPERSMAN 1301-112 through MILPERSMAN 1301-906 pertain to specific issues for officer distribution and assignments:

Topic	See MILPERSMAN
Officer Distribution - Process	1301-102
Officer Distribution - General Tour Lengths and Rotations	1301-104
Officer Distribution - Time on Station	1301-106
Officer Distribution - Retainability	1301-108
Officer Distribution - Prescribed Sea Tour and Recommended Shore Tour Lengths	1301-110

2. **Mission.** The mission of all officer distribution divisions within NAVPERSCOM, Career Management Department (PERS-4) is twofold:

a. To assign the best qualified officers to meet needs of the Navy as defined by the approved officer billet file.

b. To assign officers to billets which develop their professional expertise so that the officer corps as a whole embodies leadership, technical, and managerial skills necessary to achieve the Navy's mission.

3. **Background.** Manpower and personnel policies pertaining to the officer corps are driven by requirements determined by CHNAVPERS.

a. NAVPERSCOM is responsible for the administrative management of inventory, in quantity and quality, to meet these requirements. The development and optimum employment of a qualified, motivated work force is a universal, multi-faceted challenging task; it is a particular challenge in the highly competitive, closed system (i.e., accessions only at the bottom) characteristic of the officer corps. Inventories must be kept in line with requirements and, at the same time, the individual officer must be provided with a meaningful and professional development pattern. The proper, balanced professional development of the officer corps is directly dependent on establishment of reasoned, mutually supportive policies, and adherence to these policies in the distribution process.

b. NAVPERSCOM (PERS-4) maintains and manages the inventory of officer personnel through the distribution process. With respect to officer personnel policies, NAVPERSCOM (PERS-4) works closely with the Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training, and Education Policy Division (N13), which has primary responsibility for development of personnel policies and plans in support of Navy forces.

4. **Detailing.** Each duty assignment is governed by the **needs of the Navy, career needs of the individual, and desires of the individual.** Assignment officers consider these three areas before determining an officer's assignment.

a. **Needs of the Navy.** Needs of the Navy are the primary consideration in each officer's assignment and override all other factors. These needs are met by filling a valid billet requirement with the best officer available. Command requirements are screened by the **placement officer** (who represents the command) and furnished to the **assignment officer** (who represents the individual officer).

(1) A valid billet requirement starts out as the officer allowance for each activity, then is further defined by amplifying information such as naval officer billet classification codes, additional qualification designators, billet sequence codes, etc.

(2) When assigning an officer to a billet, the best-qualified officer is the one who meets the billet requirements and is available. Some of the factors affecting the selection of a particular officer follow:

- (a) Time-on-station of incumbent;
- (b) Time-on-station of relief;
- (c) Retainability of relief;
- (d) Minimum tour for separation of incumbent;
- (e) Permanent change of station costs;
- (f) Completion of Department of Defense tour; and
- (g) Utilization of specialized training.

(3) Due to high priority "needs of the Navy" requirements, some officers are assigned to billets perceived to be outside normal career progression. Assigning to or extending officers in billets which require a unique ability or expertise (e.g., foreign language, qualification in an out-of-production weapons platform, or certain minority/equal opportunity tours) may, if not properly documented, adversely impact an officer's career.

(a) To ensure "no other options" assignments are properly documented and brought to the attention of promotion and selection boards, assignment officers will submit a letter of explanation (Exhibit 1) to NAVPERSCOM (PERS-4) for signature.

(b) Officers who are short-toured in order to fill a key billet will also receive a letter of explanation to prevent possible misinterpretation by a selection board. Furthermore, these officers must obtain a retainability waiver from NAVPERSCOM (PERS-4).

(c) A copy of this letter will be forwarded to NAVPERSCOM, Records Management Policy Branch (PERS-313) for filing in the officer's official military personnel file (OMPF) under field code 03.

b. **Career Needs of the Individual.** Operational, technical, and managerial areas of development are key elements in every officer's career progression. Warfare specialty development is essential to the unrestricted line officer and is incorporated in the Professional Development System. This system is structured to develop officers who are capable of performing in key technical and managerial assignments, as well as warfare/staff specialties.

(1) Each officer community has a basic career path that develops its officers to assume positions of increasing responsibility. Within a career path, there is a great deal of room for flexibility among assignments to achieve the desired results. Depending on the community, officers must obtain certain qualifications during their career.

(2) Career development information can be found on Navy Personnel Command's Web site at:
<http://www.public.navy.mil/bupers-npc/officer/Pages/default2.aspx>

c. **Desires of the Individual.** The desires of the individual, although listed third, are important. In this area, the morale of the officer, and in many instances the family, is affected.

(1) The working spouse factor is specifically considered in the assignment process; however, the employment status of the spouse does not take priority over the needs of the Navy or the career needs of the individual. Throughout an officer's career, there may be a requirement for the officer to take an assignment that maintains career progression and forces the member to serve an unaccompanied tour overseas or to choose to become a geographical bachelor in the contiguous United States.

(2) The decision by a spouse to accept paid employment, to attend school, to participate voluntarily in activities related to the naval service, or to do none of these will not be influenced by the preferences or requirements of the Navy. In

addition, neither this decision, nor the individual's marital status will have an effect on assignments or selection boards.

(3) Desires of the individual are human factors, which are considered when dealing with the personal lives of individuals, particularly in an all-volunteer environment; however, the needs of the Service remain paramount.

5. **Personal Contact and Assignment Commitments**. It is the policy of NAVPERSCOM to encourage personal contact between detailers and individuals. This personal contact can be in the form of written correspondence, visits, and telephone calls. Active communication will help ensure all aspects of the detailing process are clear.

a. **Officer Data Cards**. Contact your detailer to update any changes to your personal information and identify any errors you find in your OMPF. Specifically, send fitness reports to NAVPERSCOM, Performance Evaluations Division (PERS-32), awards to Navy Department Awards Web Service, and official sealed transcripts to NAVPERSCOM, Joint Officer Management and Education/Subspecialty Branch (PERS-450).

(1) The officer data card (ODC) is converted to a database management system in the Officer Assignment Information System (OAIS), which is used by both assignment and placement officers in the detailing process.

(2) Officers should review their ODC annually. The ODC provides up-to-date information as it appears in the officer master file (OMF). It is imperative that the information contained on the ODC is accurate, current, and complete; as this is the same information that is utilized by assignment and placement officers.

(3) Some of the OMF data is also printed on the officer summary record and used for selection boards.

b. **Detailer's File**. Assignment officers maintain a detailer's file containing items of interest on each constituent.

(1) The file is initiated when an officer receives initial orders to active duty and should be kept electronically. The detailer file is composed of the officer's current

assignment and contact information, and a record of any e-mails or telephone conversations with the assignment officer, including the officer's follow-on assignment preferences, and any other pertinent information and memoranda that needs to be filed.

(2) Both the officer's packet and the personal folder, which comprises the detailer's file, are passed on to successive assignment officers as the officer advances to the next career milestone, whether via billet or rank.

c. Recording Communications With Constituents in the Detailer's File and OAIS. Occasionally, it is reported that an assignment officer made a commitment to an individual or provided advice in a telephone conversation that has become difficult to support in terms of current policy. To ensure sufficient documentation exists when a reconstruction of the events is attempted, detailers avoid verbal commitments or statements of unpublished policy, unless the verbal communications is immediately followed up in writing. A copy of the written communication is retained in the detailer's file and a summary of each telephone conversation with a constituent is recorded in OAIS, or in a Microsoft Outlook file (.pst file). Detailers do not have the authority to commit to an assignment that does not comply with MILPERSMAN 1301-104 through MILPERSMAN 1301-110 requirements.

d. Follow-on Assignment Commitments. Assignment officers may make a commitment for a follow-on assignment to officers being detailed to "hard-fill" assignments and unaccompanied tours in order to make them more palatable. Such commitments are only made with placement concurrence. **When discussing future assignments with an officer, the assignment officer will make it clear whether the discussion does or does not constitute a commitment. Any commitment will be confirmed in writing via letter or e-mail.** The individual officer will be made aware that any commitment is made on the condition there will be no significant change in force levels or requirements. Placement officers do not have the authority to commit to an assignment that does not comply with MILPERSMAN 1301-104 through MILPERSMAN 1301-110 requirements.

e. Warfare Qualified Officers Who Refuse Sea Duty Assignment. Occasions may arise when a warfare-qualified officer, for either personal or professional reasons, may decide

to refuse a sea duty assignment. If all appropriate avenues of recourse have been exhausted by the officer (e.g., correspondence, flag review, humanitarian request, etc.) and the officer still refuses sea duty or takes any action which would prevent qualification for a subsequent sea duty assignment, warfare qualification revocation advisement actions will be taken by the appropriate assignment division.

(1) An official letter (Exhibit 2) will be sent to the officer, signed by the assignment division director, outlining the reasons for possible warfare qualification revocation with a warning that further action on the part of the officer to avoid a sea duty assignment will be sufficient grounds for the revocation.

(2) Such notification will be signed by the division director, and a copy of the letter filed in the officer's personal folder retained by the detailee.

f. Detailee Field Trips. Division directors will coordinate trips with local sponsoring commands to ensure promulgation of an upcoming visit. All available means should be pursued to communicate trip details and maximize detailee/constituent interaction.

(1) In addition to the schedule, names, and responsibilities of detailers, the notification will include brief comments on anticipated discussion topics and will request maximum participation from local commands. Detailers maintain close liaison with respective community managers and retention team members, both before and after field trips, to ensure constituent concerns are heard and matters involving personnel policies and retention initiatives are addressed with one voice by NAVPERSCOM representatives.

(2) Detailee and retention team trip reports are exchanged routinely between divisions. Divisions will amplify issues of common interest.

(3) Detailee field trip team leaders will invite counterpart community managers to accompany them on visits on a case-by-case basis once firm trip arrangements have been made.

6. Information Release/Review. Officers attached to NAVPERSCOM (PERS-4), in acting as agents of NAVPERSCOM, are entrusted with

authority per references (a) and (b) to review service records of officers. Indiscriminate use of records for detailing purposes will be avoided. Officers not attached to NAVPERSCOM (PERS-4) may **not** review records other than their own, unless they have a specific need to know per their duties. Bureau of Naval Personal (BUPERS), Office of Legal Counsel (BUPERS-00J) should be consulted for all matters regarding "for official use only" and requests for data on multiple records.

a. Officers attached to NAVPERSCOM (PERS-4) may **not** show/provide records to officers outside NAVPERSCOM (PERS-4), with the exception of constituents who may be shown their own record by the assignment officer.

(1) Personnel assigned to NAVPERSCOM (PERS-4) will be familiar with the provisions of the Privacy Act. BUPERS, BUPERS-00J is charged with Privacy Act coordination within NAVPERSCOM.

(2) Authority for exceptions to these policies must be obtained from Commander, Navy Personnel Command via the appropriate chain of command.

(3) NAVPERSCOM, Performance Evaluations Division (PERS-32) is the responsible agent for all fitness report information at NAVPERSCOM.

(4) Requests for military and personnel strength data outside the BUPERS enterprise must be referred to the appropriate officer community manager within BUPERS, Military Community Management (BUPERS-3). No such data may be released by an officer assigned to NAVPERSCOM (PERS-4).

SAMPLE LETTER OF EXPLANATION FOR NO OTHER OPTIONS ASSIGNMENT

(Use the proper memorandum for the record format
containing the following.)

MEMORANDUM FOR THE RECORD

Subj: LETTER OF EXPLANATION ICO (OFFICER'S NAME/RANK/DESIG)

1. This memorandum is to alert statutory and administrative boards to the special nature of the assignment of (officer's name) to (command and location) due to needs of the Navy.
2. Although this assignment might be considered out of the mainstream of (officer's name) professional development, it was absolutely necessary due to higher priority requirements. This was a bona fide "needs of the Navy" detail. This assignment must be viewed favorably and positively with regard to (officer's name) overall performance record and the sensitive nature of the billet. (Provide additional background information or tailor specific detail above as necessary).
3. NAVPERSCOM (PERS-313) will ensure this memorandum for the record is entered into the member's official military personnel file.

OFFICER DISTRIBUTION - PROCESS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-3516 (901) 874-3516
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** The officer distribution process is cyclic in nature; an incumbent vacating a valid billet leads to assignment of an officer to the vacated billet.

a. The common cue for action is an officer with an approaching projected rotation date (PRD).

b. The assignment officer recognizes that an officer will be available for a new assignment and will need to be proposed.

c. Placement officers review billets within their purview and screen officers in those billets who have approaching PRDs.

d. Collectively, these billets represent the pool of billets to which rotating officers must be assigned.

2. **Background.** Officer distribution is the assignment of specific naval officers to fill the identified requirements of the service. The basic officer distribution process consists of identifying and placing a requirement (placement) and the assignment of an officer to fill the requirement (assignment).

a. Placement officers at Navy Personnel Command (NAVPERSCOM) represent the commands under their cognizance in the distribution process. Placement officers are charged with the responsibility of properly executing the policies of NAVPERSCOM and ensuring the best match between billet requirements and officer qualifications.

b. The assignment officer, also referred to as a detailer, represents the officer's interests in the distribution process. Assignment officers are responsible for ensuring that career needs and personal interests of each officer are served fairly. Distribution is made on a career community basis.

3. **Assignment Process Cycle**

a. **Gaining placement officer posts billet for fill.**

(1) Placement officers utilize Online Distribution Information System (ODIS), Officer Assignment Information System (OAIS), or other tools to identify PRDs that require posting. Brief posting notes are used whenever necessary to amplify the requirements for a particular billet. Placement officers post billets for relief at least 9 to 12 months before a relief is required on board, or earlier if necessary. When a billet is occupied, the posting is based on the incumbent's PRD and the billet desired for a relief. The placement officer, based on current inventory and billet fill priority, determines whether the billet can be gapped and the length of the gap beyond which the assignment officer is obligated to fill. When officers are being proposed to 1000/1050 billets, the placement officer liaises with the NAVPERSCOM, Allocation and Statistics Branch (PERS-452).

(2) In the case of new activities/ships/submarines under construction, the fill date will be based on billet funding established by the budget submitting office (BSO) or the ship's phasing plan and the BSO.

(3) When the incumbent is separating from the Service, the fill date will be the month prior to the date of separation, minus any separation leave approved by the command (separation leave is for planning purposes and fill dates will not be governed by command approval of such requests), and the posting will contain the words "RESIG," "RETIREMENT," "RAD," or others (as appropriate).

b. **Assignment officer proposes officer to gaining placement for assignment to the billet.**

c. **Gaining placement officer then does the following:**

(1) Accepts proposal, constructs training track (if required), and reviews the order for accuracy.

(a) To ensure maximum attention to each officer action, placement officers should keep their action queues as brief as possible. If, because of unusual circumstances, a proposal cannot be decided upon and orders initiated within a

reasonable period of time, then the proposal is rejected with feedback to the originating detailer stating why the proposal could not be acted on.

(b) Proposals requiring informal board approval are not made until the board sheet has been signed by the approving authority. If placement officers receive a proposal via OAIS in advance of an approved board sheet, they will return the proposal to the assignment officer.

(c) In the same way, proposals to fill nominative billets are completed in OAIS once the nomination is approved.

(d) Proposals that require courtesy contact, via phone or e-mail, are approved or rejected as quickly as possible and are initiated without delay. Once courtesy contact is initiated, placement officers leave the proposal in their hold queue for a period of not more than 5 working days, after which, hearing nothing to the contrary, they assume concurrence by the gaining command and process order documents to send the proposal to losing placement review.

(e) Training tracks will be constructed per billet specialty training and other directives. Placement officers must make every effort to keep pipelines as short and simple as possible. Unless certain information is available, the estimated date of detachment (EDD) will be assumed to be the middle of the month of availability. To ensure that officers are able to take delay in reporting (DELREP) when authorized, leave periods should be front-loaded. Only if a significant pipeline compression can be affected should the leave be broken up or scheduled for the end of the pipeline. Following the same logic, once the pipeline is complete the officer should be ordered to the gaining command without delay with the estimated date of arrival (EDA) at the gaining command, normally the same month in which the last intermediate activity ends, except when a school graduates at the end of the month or when a command's deployment complicates travel arrangements. To conserve Navy operation and maintenance funds which pay for temporary duty (training less than 20 weeks), permanent change of station (PCS) orders will be per MILPERSMAN 1320-314.

(f) Forwarding the proposal to losing placement carries the assumption that the gaining placement officer may

not have access to the proposal again, and that all requirements for orders, including the confirmation of quotas, have been met.

(2) Rejects Proposal. Rejected proposals are followed up by a phone call, e-mail, or visit to the originating detailer.

d. Once the proposal is accepted, the placement officer will make the incumbent available for transfer.

(1) Officers will be made available for transfer as soon as their reliefs have been accepted and orders processed through OAIS. In determining the date of availability, placement officers take into account the entire pipeline of the relief, including leave and travel, 10 days for face-to-face turnover, and time on station requirements. When the EDA cannot be determined within the reporting month, it will be assumed to occur at the end of the month, and the incumbent will be made available for transfer in the following month.

(2) Availability of officers at a command will not be postponed for any reason without a timely, written request from the officers or their command, and approved by the assignment and placement officers for all commands affected. In particular, the practice of informally holding officers in excess to smooth out "wardroom continuity" or to meet a scheduled command milestone is discouraged.

(3) If the orders of an officer's relief are cancelled, the assignment and placement officers concerned will immediately confer regarding a new relief and the cancellation or postponement of the officer's availability until that time.

e. Losing placement officer conducts losing placement review and approves detachment of officer from present activity.

(1) Having made an officer available for transfer, the placement officer becomes, with regard to that officer, losing placement. The losing placement review is the last opportunity the losing placement officer has to ensure that a proper turnover has been provided.

(2) When conducting a losing placement review, the placement officer first examines the complete details of the assignment, both for the incumbent and for the relief. Not all

circumstances surrounding a detachment are apparent from the availability month; therefore, the use of activity texts (ATEXTs) and personnel texts (PTEXTs) in orders and the EDA at intermediate activities must be closely examined. ATEXTs, which are automatically generated by OASIS, describe general information or a requirement that the officer should know about a particular activity. PTEXTS relate directly to the officer and contain information concerning an officer's instructions or obligations when reporting to a new command.

(3) On approving a losing placement review, the placement officer annotates the unit staffing report for the detaching activity with the EDD and the name of the gaining command.

(4) Disapproval of a losing placement review causes the proposal to be returned to the gaining placement officer for further action. The gaining and losing placement officers discuss the circumstances surrounding the disapproval and attempt to reach an agreement on the continued processing of the proposal. If the agreement requires changes to the training tracks, the gaining placement officer makes those changes prior to rerouting the proposal to losing placement. If the agreement requires a change to the ultimate unit identification code or billet sequence code, or the EDD must be changed to a date earlier than the officer's current availability date, the gaining placement officer rejects the proposal and a new proposal must be initiated. If an agreement cannot be reached, the gaining placement officer must reject the proposal.

(5) Conflicts will be resolved, per the policy stated above, or will be forwarded for resolution to the first common superior in the NAVPERSCOM chain of command.

(6) When conducting a losing placement review for an officer being ordered from command, the losing placement officer ensures the immediate superior in command and other cognizant commands are included in all applicable communication venues.

f. Assignment officer completes orders and forwards for review and transmission.

Note: Per MILPERSMAN 1301-100, the placement officer is the representative for the command and is primarily responsible for ensuring that the right officer with the necessary training and

qualifications is in the right billet. Under no circumstances will the placement officer hold release from active duty, resignation, or retirement requests because a suitable relief is not available when the request is submitted, per the administrative procedures (e.g., within 9-12 months of the detachment month for resignation) outlined in MILPERSMAN 1920-090 Release From Active Duty (RAD) Procedures, 1920-200 Officer Resignation Procedures, or 1810-020 Submission of Application for Voluntary Retirement from Active Duty). If the request is not submitted within the timelines delineated in the appropriate MILPERSMAN article, the placement officer can recommend disapproval due to lack of relief.

4. Control of the Assignment/Placement Interface. During the above cycle, officers are considered under the control of the placement officer from the time they are proposed and accepted for a new assignment until the time they are made available for transfer.

a. During the rest of the cycle, they are considered under the control of the assignment officer. When officers are under the control of the assignment or placement officer, their status is not changed (e.g., availability cancelled, PRD changed, or assignment cancelled) without the concurrence of the controlling officer.

b. Particularly in fast developing situations, assignment and placement officers cooperate to ensure optimum use of all officers actually available. Although the needs and desires of the individual are taken into account, the readiness of the affected command takes priority in any conflict, with operating forces having priority over the shore establishment. This means that whenever possible, billets afloat will not be gapped and the relief of officers will include the required 2 weeks (10 working days) for face-to-face turnover.

c. To prevent breakdowns in the officer distribution cycle, assignment and placement officers must take particular care with assignment/placement interface; namely, with postings, proposals, availabilities, and losing placement reviews. Although officer assignments are usually managed with the year and month as a standard unit, to minimize time lost during transition, the actual date of report or detachment will be used (if known) or else estimated and considered, allowing for the full DELREP the situation and officer's status permits.

5. **Urgent Reassignment Action (URA) (Rip-to-Fill)**. When the urgency of filling a billet justifies the reassignment of officers in advance of their normal rotation date without a relief, the placement officer owning the urgent fill billet must initiate the URA. Assignment officers may also initiate a URA.

a. If the URA is approved, the losing placement officer and the assignment officer will coordinate so the losing command and individual are notified as close together as possible.

b. Losing placement will post the vacated billet for fill.

c. Orders will be prepared in the normal manner.

d. Detailers and placement officers will not make any promises to the constituents until all applicable waivers are approved by Assistant Commander Navy Personnel Command, Career Management Department (PERS-4) or Deputy, Career Management Department (PERS-4B) (as appropriate).

6. **Reassignment Due to Officer Billet Cuts**. Congressional, service or other decisions often necessitate fiscal year end strength reductions. Essentially, strength reductions equate to billet cuts. It is very likely some of the billets cut will have officers serving in them. In these instances, the following guidelines apply:

a. Cognizant placement officers will make those officers assigned to billets which have been cut available for reassignment within 90 days of the date that the billet funding was removed. The officer must be reassigned to a valid billet within the same activity. Where appropriate, an officer in a cut billet can serve as the replacement for an officer departing the command.

b. All other reassignments will be made by the cognizant assignment officer in the following priority order per NAVPERSCOM (PERS-4) guidance:

(1) To a billet in the same geographic area (low-cost move). Department of Defense (DoD) overseas tour-length requirements must be observed. Assignment officers will query shore assignment coordinators from other divisions to determine whether they are holding 1000/1050 billet fill decisions for the same geographic area.

(2) To a billet in a different geographic area (cost move). If, in the judgment of the assignment officer, such action would harm the officer concerned; or, if PCS budget constraints/DoD tour-length requirements are involved, then the assignment officer may periodically review these cases to confirm that conditions which prevented reassignment are still valid.

7. **Unfunded "QUAD-9" Billets.** Detailers and placement officers with constituents that count against command manning, but are not performing the duties and responsibilities of the job, may be assigned to an unfunded billet (referred to as a quad-9 billet).

a. Placement officers contacted by commands that require additional manning (not a permanent billet) may request quad-9s through NAVPERSCOM (PERS-452). These billets will require compensation and must be approved through the quad-9 approval process.

b. Members may be assigned to non-compensated quad-9 billets for limited duty; "on control" by NAVPERSCOM, Career Progression Department (PERS-8); or moved for adverse separation purposes (normal separations will not be moved to a quad-9 billet).

8. **Officers under the Control of Assignment by NAVPERSCOM (PERS-8).** When notified by NAVPERSCOM, Officer Performance and Separations Branch (PERS-834) that an officer is "on control," the placement officer annotates the Unit Staffing Report accordingly and will not permit that officer's status to be changed without the permission of NAVPERSCOM (PERS-8).

a. If more than 2 months elapse, with no further notification from NAVPERSCOM (PERS-8), the placement officer requests a status report via the cognizant assignment officer. The fact that an officer is on control is not disclosed outside NAVPERSCOM.

b. Upon receiving written notification from NAVPERSCOM (PERS-834) that Assistant Secretary of the Navy for Manpower and Reserve Affairs has directed an officer's separation, NAVPERSCOM (PERS-834) will do the following:

(1) Prepare separation orders with routing to both placement officer and detailer.

(2) If authority to separate an officer is received by NAVPERSCOM (PERS-834) prior to the 15th of the current month, separation orders will normally indicate the current month.

(3) If authority to separate an officer is received after the 15th of the current month, separation orders will normally direct separation during the next month.

c. Upon receiving written notification from Deputy Chief of Naval Personnel that a detachment for cause (DFC) has been decided, the detailer and placement officer will review the case to see if PCS is directed in the DFC determination. If PCS is directed, the assignment process will occur as directed.

-------------------	-------------------------

1. **Policy.** Officer tour lengths are established within the constraints of Office of the Secretary of Defense (OSD) policy, needs of the service, professional career development, and where feasible, the desires of the individual. Other important factors include personnel inventory, number of ships/commands available or projected, future requirements, and fiscal constraints. While appropriate weight is allotted to each of these factors, officer career patterns must also be maintained to ensure development of required Navy leadership and expertise.

a. Officer tour lengths for overseas (outside continental United States (OCONUS)) assignments are made per Department of Defense (DOD) area tour lengths. These tour lengths are addressed in MILPERSMAN 1300-306.

b. Basic guidance relating to efficiency, readiness, and permanent change of station (PCS) costs is provided and is integral to all personnel reassignment decision-making:

(1) The primary reassignment consideration will be an officer's current qualifications to fill a valid requirement and the officer's ability to be productive in that position.

(2) Qualified volunteers who meet time-on-station (TOS) requirements shall be considered first for any reassignment. The qualified member with the greatest TOS will normally be selected. Qualified non-volunteers who meet TOS will be selected before qualified volunteers without sufficient TOS.

(3) Careful consideration will be given to permanent change of station (PCS) costs when selecting an officer for an assignment. When other considerations are not overriding, each

assignment will be completed with the least expenditure of PCS funds.

(4) Sequential training assignments will be consolidated geographically to the maximum extent practicable. To minimize impact on the individual's account, sequential training may be performed in a TAD status prior to detaching from the old or after reporting to the new duty station, if the training site is collocated with the old or new duty station.

(5) Reassignments within the continental United States (CONUS) will not be made solely for retirement.

c. Reduction of personnel turbulence and PCS cost initiatives give tour length adherence high level attention. Shore tour lengths for career personnel will normally be a minimum of 3 years. Authorized exemptions are listed in paragraph 2 below. Career development criteria necessitate that some Unrestricted Line (URL) officer warfare specialists will not be toured ashore for excessive periods between sea tours. As a general policy, shore tours in excess of 36 months for lieutenant commander (LCDR) and below, and 48 months for commander (CDR) and above, are the exception rather than the rule.

2. **Projected Rotation Date (PRD)**. Establishment of the PRD will be determined by the detailee/assignment officer at the time orders are issued.

a. **Establishing a PRD**. A PRD is generated each time an officer is assigned to a new duty station and represents the month and year in which the rotation of the officer is planned.

(1) PRDs will be established to start the month an officer reports on board the command (CONUS) or the month the officer departs CONUS for an overseas assignment.

(2) PRDs are to be assigned in consonance with existing DOD Directive 1315.7. Adherence to PRD is defined to be a window 1 month prior to or 3 months after the initially assigned PRD (i.e., that PRD assigned as a result of issuance of PCS orders). This definition does not apply to initial orders from a training command (including attrites), decommissionings, retirements, resignations, relief for cause, and humanitarian reassignments.

(3) An assigned PRD is a relatively firm date as it forms the basis for the annual PCS funding allocation. Although it is recognized that there will be some exceptions based on career

development requirements and overall needs of the service, these exceptions will be minimal and will be carefully reviewed by Navy Personnel Command (NAVPERSCOM).

b. **PRD Changes.** Due consideration is given and liaison conducted with the placement officer prior to considering a change to a PRD, especially when that change results in a tour being shortened. Close liaison and cooperation between assignment officers and placement officers ensures an orderly turnover of personnel in each activity.

(1) Adherence to PRDs predicated on established tour length policies is considered mandatory.

(2) When these exceptions occur, or in other cases when there is no other alternative, a PRD may be changed to a date outside the previously defined adherence window using the procedures contained in this article.

(3) Requests for adjustments of overseas tours PRDs shall be submitted by letter to NAVPERSCOM. Such requests must contain sufficient information to facilitate an accurate determination. Examples of situations when PRDs require adjustments are as follows:

(a) Correction of erroneous PRDs.

(b) Personnel reporting without family member(s), with movement of family member(s) subsequently authorized.

(c) Family member(s) arriving in a "tourist status" or are newly acquired and subsequently become "command sponsored" family member(s).

(d) Return of family member(s) not at the option of member nor as a result of misconduct.

(e) Member voluntarily elects to serve accompanied tour.

c. **Advancing the PRD** to an earlier fiscal year for a funded PCS move will not normally be granted due to PCS budget considerations.

3. **Officer Rotation of Duty, Afloat and Ashore.** Detailed officer tour length policy guidance is contained in MILPERSMAN 1301-110. The following policy applies to the assignment of personnel from/to billets requiring forward deployments:

a. The goal is to prevent assignment of personnel from a deployed unit to another deployed unit without a reasonable period of time between deployments.

b. Personnel should not be assigned without their consent from one deployable unit to another if the assignment would result in the following:

(1) Forward deployment (greater than 4 months) to be followed by a forward deployment (greater than 4 months) with less than a 6-month interval between the deployments.

(2) Forward deployment of more than 6 months out of the most recent 12 months.

c. Officer assignment/placement officers verify deployment status for personnel being transferred from one deployable unit to another utilizing Officer Assignment Information System (OAIS) screen A/P-9. For those assignments requiring the member's consent, assignment officers will log the member's consent in OAIS screen A-25.

4. **Split Tours.** Split tours are unprogrammed reassignments within the same geographic location as the present duty station at **no cost** to the government.

a. Split tours are applicable to both sea and shore assignments, and must remain consistent with the needs of the service and career development of the individual.

b. All split tour requests will be submitted to and approved by the cognizant assignment division director at NAVPERSCOM.

5. **Tour Extensions.** On a case-by-case basis, tour extensions at present duty stations for up to a maximum of 1 year may be requested at least 6 months prior to the PRD.

a. Approval of tour extensions will be based on a variety of factors such as officer career timing, availability of a relief, and requirements for other priority fills. Extensions will not be granted to allow officers to avoid their next career milestone.

b. Extensions for more than 12 months will be reviewed with caution and approved only under the most unusual circumstances.

c. Officers may request tour extensions and adjustments by sending a written request via their chain of command to the appropriate assignment branch, NAVPERSCOM (PERS-4XXX). The request should contain an explanation and any unusual circumstances that could assist NAVPERSCOM in determining a decision.

(1) Requests should be submitted 6-12 months prior to PRD or requested tour adjustment date.

(2) Officers must have completed 1 year at present duty station (for extension, 1-year area tours accepted) prior to submitting requests.

(3) Reporting senior's endorsement should contain a recommendation and any pertinent items relating to the reasons for the request.

d. All letters of approval for extensions will be caveated so an unforeseen "needs of the service" situation, which would necessitate shortening a previously granted extension could only be viewed as reasonable and understandable by all parties concerned. Letters of approval of PRD extensions will contain the following caveat:

"This approval of your tour extension request is based upon a review of your preferences, present billet requirements for officers of your seniority and experience, and your level of professional development. You may expect reassignment in (month), (year); however, in the event that unforeseen billet requirements arise prior to your new tour completion date, you may be considered for reassignment earlier than currently anticipated. If shortening of this extension becomes necessary, you will be given as much advance notice as possible in order to lessen the personal impact on you."

6. **Minimum Tour for Separation (MTS)**. Having determined that the United States Navy (USN) officer has retainability for a PCS move, notification of intent to issue/issuance of orders obligates the officer for the MTS at the new duty station.

a. This is the minimum specified time that the officer shall complete at the new duty station in order to defray the high PCS costs attendant to the move.

b. At this point, the emphasis on compliance shifts to completing the DOD or Secretary of the Navy (SECNAV) prescribed tour length (PTL). MTS requirements are the same as those for retainability contained in MILPERSMAN 1301-108.

7. **Prescribed Tour Length (PTL)**. PTLs, as provided in MILPERSMAN 1301-110 are set by SECNAV for sea duty assignment and by DOD for all others.

a. PRDs, if set in error, are not an authorization to move an individual prior to completion of the PTL.

b. In order to expend PCS funds, either the PTL must be satisfied or appropriate waiver approval must be obtained.

8. **Attendance at Service Colleges**. Career officers are screened for service colleges after promotion to 0-4, 0-5, and 0-6, but are assigned as students only after completing current tours of duty.

OFFICER DISTRIBUTION - TIME ON STATION (TOS)

Responsible Office	CNO	Phone:	DSN	223-2303
	(N131)		COM	(703) 693-2303
			FAX	223-1189

1. **Requirements.** Time-on-station (TOS) applies primarily to consecutive continental United States (CONUS) shore tours. TOS is established to stabilize lives of members and family members and to reduce permanent change of station (PCS) costs. Department of Defense (DOD) requires members serve 36 months or more at a geographic location before receiving a cost PCS move. One or more activity tours in the same geographic location may be used to satisfy the 36-month minimum area tour.

a. The standard "minus 1/plus 3-month" projected rotation date (PRD) detailing window remains in effect; however, a PCS move 1 month early (for example, at 35 months on a 36-month tour) requires a TOS waiver approved by Navy Personnel Command (NAVPERSCOM), Distribution Department (PERS-4). This window provides latitude and efficiency for matching members to available reassignments. Every attempt to meet actual PRD month will be made by the assignment officer.

b. Members ordered to commanding officer (CO)/ executive officer (XO) billets ashore and moves necessitated by "career development/progression" must meet TOS requirements. A NAVPERSCOM (PERS-4) waiver is required if necessary.

2. **Exemptions.** Certain CONUS PCS move types are exempted from the TOS requirement by specific DOD exemptions. These exemptions include the following reassignments:

a. To DOD overseas tour. A 2-year minimum Navy activity tour at CONUS sea/shore is required prior to transfer overseas.

b. From sea duty activity. Sea duty tour lengths are set by Secretary of the Navy (SECNAV) per MILPERSMAN 1301-110.

c. To sea duty activity. A 2-year minimum Navy activity tour at sea/shore is required prior to transfer to sea duty.

d. From duty under instruction (DUINS) (instruction 20 weeks or greater). Tour length dependent upon length of instruction.

e. To DUINS. Twenty-four months required at shore activity; a full sea tour is required coming from sea duty. (Exception: If transferring from a training activity, preceding paragraph applies.) NAVPERSCOM division directors may waive this requirement on a case basis (not to be delegated).

f. Disqualification. Security, professional, special weapons, medical.

g. Humanitarian reasons.

h. From unit undergoing major weapon system change or unit conversion.

i. From unit designated new construction or undergoing homeport change.

j. Spouse collocation. For CONUS, requires 1 year at losing command for collocating spouse; the other spouse, if also transferring, must complete TOS requirement or **SECNAV recommended prescribed sea tour per those listed in MILPERSMAN 1301-110**. For overseas, a NAVPERSCOM (PERS-4) waiver is required.

k. First-termers. Defined as O-1 and O-2 personnel.

(1) Shore-to-shore with less than 3 years TOS require NAVPERSCOM division director waiver approval on a case basis (not to be delegated).

(2) CONUS. Officers transferring to DUINS require 24 months prior to a PCS move from a shore activity and a full sea tour prior to transfer from a sea activity. Orders in exception of this policy will be approved on a case basis by the respective NAVPERSCOM division director (not to be delegated).

(3) Overseas. Overseas first-termers must comply with DOD overseas tour lengths. Orders in exception of this policy (including assignment to DUINS) must receive a curtailment waiver approval from NAVPERSCOM (PERS-4).

l. Office of the Secretary of Defense (OSD), Office of the Joint Chiefs of Staff (OJCS), or Defense Agency activity tour lengths are limited by statute.

m. SECNAV designated tours to validate specialized professional credentials for doctors and lawyers before independent duty (**not** a general exemption for professional development).

n. Separation.

o. Nuclear billets under Naval Sea Systems Command (NAVSEASYS COM) (NAVSEA-08) cognizance (24-month minimum tour regardless of prior assignment or location).

p. Skill conversion (designator change).

3. Waiver Requests

a. For PCS orders that do not meet the 36-month TOS requirement and are not specifically exempted by this article, the assignment officer must obtain flag-level waiver approval. The following guidelines apply:

(1) NAVPERSCOM (PERS-4B) approval is required when members have less than 36 but more than 24 months TOS.

(2) NAVPERSCOM (PERS-4) approval is required when members have less than 24 months TOS.

b. A waiver can be generated in the Officer Assignment Information System Version 2 (OAIS2) WAVR screen.

(1) When submitting a waiver request, assignment officers must ensure that specific, succinct justification comments are provided.

(2) PCS cost predictions are generally based upon anticipated completion of prescribed tours. Analysis of the total PCS cost of each waiver must be included for the approval process.

c. "Up front" CONUS TOS waivers can be approved only for officers being ordered to tours as follows:

(1) CO (2-year minimum tour required).

(2) Medical department specialties identified in MILPERSMAN 1301-110 (tour lengths as indicated).

MILPERSMAN 1301-108

OFFICER DISTRIBUTION - RETAINABILITY

Responsible Office	CNO (N131)	Phone:	DSN	223-2303
			COM	(703) 693-2303
			FAX	223-1189

1. **Background.** Retainability is the minimum obligated service (OBLISERV) an officer must have to qualify for issuance of cost permanent change of station (PCS) orders. Cost PCS orders cannot be issued unless retainability is met.

2. **Policy.** Retainability covers the period from the date of reporting for duty at the new duty station.

a. The following table lists the minimum requirements.

TRANSFER FROM	TRANSFER TO	RETAINABILITY
CONUS Shore or Sea	CONUS Shore Duty	2 Years
CONUS Shore	CONUS Sea Duty	1 Year
Anywhere	OVERSEAS Sea or Shore Duty	DOD Area Tour
Overseas	CONUS Sea or Shore Duty	1 Year

b. Nuclear-qualified officers assigned billets under Naval Sea Systems Command (NAVSEASYS COM) (NAVSEA-08) cognizance are 2 years.

c. Retainability and prescribed tour length (PTL) are not interchangeable terms. Both are satisfied prior to order writing.

(1) The retainability requirement is met in relation to the next PCS assignment.

(2) The PTL requirement is satisfied for the existing tour assignment.

3. **Letter of Intent (LOI).** Satisfaction of the retainability requirement for **all** cost orders is required. Factors that affect retainability are the letters of intent of Regular and Reserve officers and the resignation and release from active duty (RAD) requests of Regular and Reserve officers.

a. Where an officer's minimum service requirement (MSR) extends beyond the officer's current projected rotation date (PRD), an LOI may be used to notify Navy Personnel Command (NAVPERSCOM) the officer does not desire to remain on active duty beyond MSR.

b. An LOI shall be received by NAVPERSCOM no later than 6 months prior to the first day of the officer's PRD month. An LOI may be received after this time but does not preclude PCS orders notification prior to receipt of the LOI. This in no way restricts detailee-constituent communications at any time.

c. The LOI does not preclude issuance of PCS orders, provided the requested release date, which is the MSR unless earlier date approved by Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN (M&RA)), permits the officer to meet the retainability requirement for PCS orders to the next duty station.

d. The LOI must be followed by a tender of resignation/RAD or request to retire. This tender must be received at NAVPERSCOM 9 months prior to the MSR (9 months prior to an earlier date if approved by the ASN (M&RA)) to allow for processing, including adjustment of the PRD in Officer Assignment Information System Version 2 (OAIS2) and identification of a timely relief.

4. Attaining Retainability

a. USNR Officers

(1) Retainability for United States Naval Reserve (USNR) officers is equal to the MSR or obligation incurred as a result of accepting orders. The obligation incurred upon approval of a voluntary extension of active duty of definite duration is equal to the time requested by the member.

(a) Absence of a RAD request prior to the first day of the sixth month before the month of an officer's PRD will be construed as an officer's request to be retained beyond MSR.

(b) Officers can then be issued orders and will have retainability for not less than the minimum tour for separation MTS at the next duty station.

(2) If a USNR officer executes orders, the earliest time the officer may be released from active duty at the new duty station as a voluntary release from active duty (VOLRAD), without a waiver, **is the MTS date**. Although an officer may be retained

on active duty until completion of PTL, it has been common practice to approve releases upon completion of MTS, provided the request meets other OBLISERV and submission requirements. This policy will remain in effect unless Deputy Chief of Naval Personnel (DCNP) determines by competitive category/designator that significant personnel shortages are a compelling military necessity for retention. In the absence of a request for release, the officer will serve the full PTL.

(3) USNR Officer order writing decision matrix is as follows:

Retainability	Write Orders	Tour Length/Action
MSR > or = PTL	Yes	PTEXT P73043
MTS < or = MSR < PTL	Yes	PTEXT P73043
MTS < or = MSR	Yes	PTEXT P73044 (Note 1)
MSR < MTS	Yes	PTEXT P73043 (Note 2)
MSR < MTS	No	Extend PRD to MSR and retain onboard. (Note 1)

Note 1: Letter of intent or approved RAD.

Note 2: No letter of intent or approved RAD. Less than 6 months from PRD.

(4) In cases where orders are written for less than the PTL and the officer later incurs additional OBLISERV or requests to remain on active duty, the officer will **not** be reassigned prior to completion of the PTL unless in connection with an approved exception. MTS and PTL in the matrix above are the MTS and PTL required at the next duty station.

b. United States Navy (USN) Officers

(1) Retainability for USN officers is limited by statute, which defines maximum service, by LOIs and by resignation/retirement requests.

(a) Statutorily required separation cannot be waived unless the officer is continued on active duty by a continuation/administrative retention board; in such cases, retainability must be satisfied in full prior to issuance of cost PCS orders.

(b) Absence of a resignation/retirement request 6 months prior to the first day of the officer's PRD month makes the USN officer eligible for PCS orders and, once notified of

orders, committed to fulfill the associated tour-length requirement.

(2) When assigning officers who have completed 20 years of total active service or have been continued, OASIS2 must be reviewed by NAVPERSCOM to verify the estimated loss date allows sufficient retainability.

(3) Officers cannot be assigned beyond their estimated loss date unless continued. Questions concerning estimated loss date are handled by NAVPERSCOM, Retirement Fleet Reserve/ Disability Retirement Division (PERS-82).

(4) Although an officer may be retained on active duty until completion of PTL, it has been common practice to approve resignation/retirements upon completion of MTS, provided the request meets other OBLISERV and submission requirements.

(a) This policy will remain in effect unless Commander, Navy Personnel Command (COMNAVPERSCOM) determines by competitive category/designator that significant personnel shortages are a compelling military necessity for retention.

(b) In the absence of a request to resign/retire, the officer will serve the full PTL unless an approved exception is granted by appropriate authority.

(5) USN officer order writing decision matrix is as follows:

Retainability	Write Orders	Tour Length/Action
MSR > or = PTL	Yes	PTEXT P73043
MTS < or = MSR < PTL	Yes	PTEXT P73043
MTS < or = MSR	Yes	PTEXT P73044/P73046 (Note 1)
MSR < MTS	Yes	PTEXT P73043 (Note 2)
MSR < MTS	No	Extend PRD to Separation date and retain onboard. (Note 1)

Note 1: Letter of intent or approved RAD.

Note 2: No letter of intent or approved RAD. Less than 6 months from PRD.

(6) MTS and PTL in the matrix above are the MTS and PTL required at the next duty station.

(7) The following officers do not meet retainability requirements and are not issued **cost** orders:

(a) Officers who will be involuntarily retired due to age or time-in-grade limitations.

(b) One-time failure of selection (FOS) officers who will be involuntarily separated if they FOS a second time.

(c) This requirement may be waived under extraordinary circumstances by NAVPERSCOM, Distribution Department (PERS-4) where continuance of a one-time FOS officer (e.g., in an overseas billet) is detrimental to the Navy and to the individual. Considerations include the following:

1. Need for career-enhancing billet to improve promotion opportunity.

2. Need to transition to the civilian sector and individual's suitability for continued overseas duty.

5. **Retainability Exceptions.** Waiver authority for retainability requirements is as follows:

a. Requests to waive retainability of 12 months or less can be approved by NAVPERSCOM (PERS-4).

b. Requests to waive retainability greater than 12 months can be approved only by Chief of Naval Operations (CNO) (N131).

-------------------	---

1. **Policy.** Assignments to activities identified as inside the continental United States (CONUS) sea and outside the continental United States (OCONUS) will coincide with the Secretary of the Navy (SECNAV) tours per references (a) through (d). These activities are designated by type assignment codes (TAC) "C" and "D". All assignment to activities identified as CONUS shore and overseas shore are designated by TAC codes "S", "H", and "O".

a. Navy Personnel Command (NAVPERSCOM) division directors are directed to ensure compliance with SECNAV prescribed sea tour (PST) lengths; orders will be issued with projected rotation dates (PRD) set to the PST CONUS or OCONUS. The PST lengths OCONUS shall be accompanied orders. Overseas shore duty orders will be written to reference (e) for personnel assigned to Navy activities. OCONUS shore tours may be curtailed per reference (a). Personnel Exchange Program (PEP) tours are 24 month accompanied tours, except 13XX in a flying status, these orders will be 30 months. Attachés shall be assigned per reference (f) and personnel assigned to Joint Chiefs of Staff tours per reference (g). Communities with variable PST and shore tour lengths (e.g., 24-30 months) will normally write orders to the longer tour length. If required, these variable tour lengths may be adjusted to the lesser time only to fill a valid requirement as defined by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) and approved via waiver initiated by the appropriate detailing community.

b. The attached exhibits, depict SECNAV sea tour lengths and recommended shore tour lengths for officers, are based upon optimum career progression for specific communities. As such, they represent the required time at sea for officers, but do not constitute exceptions to shore requirements as outlined in references (a) through (h) and references (h) through (j). This article takes precedence where tour length guidance in this article conflicts with MILPERSMAN 1300-308.

c. Full time support (FTS) tour lengths are listed with the applicable community tour lengths.

2. Prescribed Tour Lengths for Sea Duty

a. An on-time permanent change of station (PCS) move from sea is one that completes the full PST length. A 1-month early window is provided if required to facilitate the timing of schools, incumbent relief timing, etc. Cases where an existing PRD was incorrectly applied to the sea tour does not constitute authority to move an officer early. Unless dictated by higher authority or extenuating circumstances, the incorrect PRD will be extended or changed to the correct PST length.

b. A cost PCS move initiates a new PST length. Sea-to-sea PCS moves must be no-cost/low-cost (less than \$1,000) to be designated as a split tour and an exception to full PST lengths. Consecutive no-cost/low cost split tours can be combined to meet PST lengths.

c. For split tours, the officer should remain at the last command for a minimum of 12-months to preclude readiness issues. Transferring officers in an accounting category code 3XX status does not constitute a split tour.

d. It is the detailer's responsibility to determine if the prescribed tour length criteria has been met prior to a new PCS funded move. If the criterion has not been met, the assignment officer must obtain waiver approval prior to releasing the orders per references (a) and (d).

ENS - CAPT	Sea	All other sea duty	24		
ENS - CAPT	Shore			36	Exception - Twentynine Palms (1 year).
ENS - CAPT	OCONUS			24	24-months for accompanied tour lengths per reference (e). GTMO 12 months unaccompanied/18 months accompanied.
CAPT	Shore	MTF CO/XO	24	24	

b. Clinical Specialists: Newly accessed Medical Corps officers may be assigned a 1-year tour at a CONUS medical treatment facility to allow for adequate credentialing, but may be assigned directly to an OCONUS facility when at least one other fully privileged provider of the assignee's specialty is stationed at the facility and the appropriate specialty leader concurs with the assignment.

c. Specialty board certification for health professionals is a stated Navy goal in reference (1). There is a scarcity of these types of illnesses at these isolated activities. Nevertheless, these specialists are required for maintenance of essential clinical services at these facilities. Tour lengths are as follows:

(1) Maximum tour lengths for all surgical specialists (including oral surgeons), gynecologists, anesthesiologists/nurse anesthetists, radiologists, pathologists, and emergency medicine are as follows:

(a) DoD overseas shore tour lengths:

(1) Twelve-month unaccompanied or 18-month accompanied tours in Guantanamo Bay.

(2) Two years at Guam, Naples, Okinawa, Puerto Rico, Rota, Sigonella, and Yokosuka.

(b) CONUS time on station tour length of 1 year at Twentynine Palms, CA, with the exception of emergency medicine and OB/GYN and radiology, which will be 2 years.

(c) CONUS time on station tour length of 2 years for radiologists to Lemoore, California.

(d) SECNAV tour length of 1 year aboard aircraft carriers.

(2) For specialties such as general internal medicine, pediatrics, and family practice, no limitations on current DoD or SECNAV tour lengths are required.

(a) Physicians in these fields will be returned to a major medical facility following an "isolated" tour.

(b) It is believed that technical skills for the procedures performed by these specialists can be refined easily upon return to a major medical facility.

(c) Medical officers classified as "solo providers" that are on-call 24/7 can be assigned to short tours in long-tour areas per reference (a), E3.1.8.

c. CO and XO will generally be 24-month tours.

1. Sea Command Tour Lengths/Goals

a. Sea command tours are 27 months with the following exceptions:

Designator	Rank	Tour Lengths
1110	CAPT	24 Months
1110	CDR	24 Months
1120	CDR (SSN/SSBN)	36 Months
1110	LCDR	24 Months

(1) **13X0 CDR**

(a) Squadron command tour lengths of commanding officers (COs) of **carrier-based squadrons** are 12-15 months (24-36 months for a combined executive officer (XO)/CO tour).

(b) The minimum combined tour length for XOs/COs of carrier-based squadrons will be 30 months unless curtailment is approved by Navy Personnel Command (NAVPERSCOM), Distribution Department (PERS-4).

(c) Tour lengths may be extended to a maximum of 18 months with NAVPERSCOM (PERS-4) approval.

(2) **130X CAPT**

Type Duty	Tour Lengths
Initial major sea command	15-24 months
Sequential tours	18 months
CVN	36 months
CVW Commander	36 months combined Commander/Deputy tour

b. CAPT in major command of ships will serve for 24-27 months with the following exceptions:

(1) Tours will be for a minimum of 18 months if in a ship which is the first half of a sequential command (for example, LPD for 18 months followed by command of an Amphibious Squadron).

(2) The ship is a conventional aircraft carrier, which is the second half of a sequential command tour. Conventional aircraft carrier command tours will be for a minimum of 18 months.

c. Chief of Naval Operations (CNO) (N131) is the final approving authority for **any** short tours of COs (CAPTs) at sea where the tour length is less than the prescribed major or sequential command tour length policy. CNO policy regarding this issue is that all short tours should be held to an absolute minimum including flag selectees.

2. Shore Command Tour Lengths

a. Shore command tour lengths in the continental United States (CONUS) shall meet the time on station (TOS) requirements prescribed in MILPERSMAN 1301-104.

b. Overseas shore command tour lengths shall be per the Department of Defense (DOD) area tour lengths contained in MILPERSMAN 1300-308.

(1) Tour curtailment/transfer of a shore CO prior to the completion of a requisite tour requires NAVPERSCOM (PERS-4) waiver approval and will be examined on a case basis.

(2) Consistent with the provisions of MILPERSMAN 1300-308, curtailment may be requested only after the officer is serving in the command billet.

3. Naval Reserve Officer Training Corps (NROTC) Unit

Command. In an effort to stabilize the NROTC command position to achieve acceptable unit readiness and improve university interface, NROTC command tour lengths will be 36 months.

4. Key Managerial Billets. Senior officers, other than Unrestricted Line (URL) officers, in key managerial billets will be assigned for periods of 4 to 6 years.

a. This policy refers not to just a single billet, but also to directly related billets in the organizational chain of command.

b. This is particularly applicable to CAPTs within such specialized groups as Supply Corps and Civil Engineer Corps.

1. **Purpose.** To prescribe tour length and reassignment policy for officers assigned to Navy Personnel Command (NAVPERSCOM).

2. **Background.** A proper degree of sensitivity must be maintained in the relationship between NAVPERSCOM and all military members with whom it interfaces, while simultaneously providing the manning continuity necessary to promote a high degree of organizational efficiency.

3. **Action.** The following policies have been established for all officers assigned to NAVPERSCOM:

a. Assignments to NAVPERSCOM will be made per MILPERSMAN 1301-110, but in no case for less than 24 months.

b. Reassignment from NAVPERSCOM will be made per MILPERSMAN 1301-110 and in accordance with community career progression.

c. Exceptions to these policies must be requested in writing and approved by NAVPERSCOM, Assistant Commander Navy Personnel Command, Career Management Department (PERS-4) before permanent change of station (PCS) orders are negotiated. Exception requests must include report date to NAVPERSCOM, proposed detachment date, and justification for early transfer or career progression variance.

a. This policy conforms to the intent of the Tri-Service Agreement of 1976, by which Army and Air Force instructors are assigned to the Naval Academy in Annapolis for minimum 3-year tours.

b. Tours of less than 3 years are acceptable for officers who must get to commanding officer (CO), executive officer (XO), or department head (DH) tours for career progression.

-------------------	--

1. **Policy.** Reference (a), as amended, establishes a minimum continental United States (CONUS) tour length of 3 years for officers assigned to Joint Duty Assignment List (JDAL) now contained in reference (b). Joint billets are identified on the billet file with a billet additional qualification designator (AQD) of JD1 (non-critical joint billet) or JD2 (critical joint billet).

2. **Tour Length Guidance.** Officers assigned to joint duty assignments (JDAs) will have their projected rotation dates set for a minimum of 36 months when orders are written.

a. If an officer's first tour in a JDA terminates prior to 36 months, the officer can serve subsequent tour(s) to attain full joint duty credit when the minimum tour length is met.

b. Exceptions to the **minimum 36 month** tour requirement (qualifying reassignment with Secretary of Defense (SECDEF) tour length waiver not required) are as follows:

(1) Retirement, release from active duty, or suspension from active duty.

(2) Reassignment for unusual personal reasons, (including extreme hardship and medical conditions) beyond the control of the officer or the Navy.

(3) Upon immediate reassignment to another JDAL billet.

(4) Assignment performed outside CONUS. Officers assigned to overseas JDAL billets must comply with the overseas tour lengths established in reference (c).

(a) Full joint duty credit will be granted for overseas assignments only when the officer serves the accompanied tour length of no less than 2 years.

(b) If an officer departs prior to completing the accompanied tour length, only cumulative credit will be awarded, regardless of dependent status.

(5) Critical occupational specialty (COS) officers:

(a) May be reassigned from joint duty upon completion of 24 months of duty and be granted full duty credit if:

1. It is the officer's initial joint duty assignment; and

2. The officer is being taken out of the JDA early for reassignment to an operational assignment for career progression.

(b) Early release is contingent upon assignment to a career progression or operational assignment such as commanding officer, executive officer, or department head afloat; or operational staff that could make the officer competitive for promotion.

(c) A limited number of COS take-out waivers are allocated annually to each service. Determination as to which officers are released early is the division director's responsibility.

(d) Prior coordination with the joint organization by the appropriate placement officer is required before the officer may be transferred. Navy Personnel Command (NAVPERSCOM), Joint Officer Management Branch (PERS-45J) will ensure each officer is eligible and the annual allocation is not exceeded.

(6) Any officer may depart from a JDA up to 60 days early with an approved joint tour length constructive credit request in order to meet class convening or change of command dates, but not for personal convenience.

(7) Suspension from duty.

3. **Tour Length Waivers.** A principal objective of reference (a) was to enhance the stability and continuity of officers in joint duty assignments.

a. For that reason, officers assigned to joint billets are expected to complete a full tour of duty. Except as noted above, officers departing joint tours prior to the end of their tours, must have approval from the Office of the Secretary of Defense (OSD) before departure.

b. NAVPERSCOM assignment officers will prepare the waiver request for the Principal Deputy Under Secretary of Defense (Military Personnel Policy) signature. NAVPERSCOM (PERS-45J) will provide technical assistance in preparation, formatting, and tracking of the request through Navy, OSD, and Joint Chiefs of Staff channels.

c. SECDEF will consider waiver requests on a case-by-case basis.

d. Listed below is the specific information that each joint tour length waiver request will contain:

(1) Current JDA position. Specify if JDA billet is critical.

(2) Assignment history (including previous joint assignment). (Assignment history shows why this officer may be the only officer qualified at the time to fill the position for which he or she must leave JDA position.)

(3) Concurrence of losing organization.

(4) Projected assignment (indicate if a joint-to-joint assignment).

(5) Projected promotion date (if applicable).

(6) Specific qualifications which make the requested officer uniquely qualified.

(7) Impact on both the officer and the gaining organization if waiver is not approved.

(8) Recommended departure date (from joint assignment).

(9) The number of months the officer will have served in that S-JDA on reassignment.

(10) Potential effect on service's joint tour length average.

(11) Recommendation for full or partial JDA credit.

(12) Explanation for late request (if waiver is submitted less than 60 days from the requested release date).

(13) Officer's career brief (officer's data card as enclosure).

4. **NAVPERSCOM Action:**

a. NAVPERSCOM, Career Management Department (PERS-4) will:

(1) Ensure each waiver request is reviewed to ensure compliance with these guidelines prior to submitting the requests.

(2) Consider the effect of any tour length waiver on the Navy's overall tour length average.

b. NAVPERSCOM (PERS-45J) will:

(1) Review to ensure compliance.

(2) Annotate the tour length average effect on each waiver request for NAVPERSCOM (PERS-4) approval.

(3) Submit waiver requests to the Director for Manpower and Personnel, the Joint Staff, Washington, D.C. for processing.

c. Waiver requests, which would potentially reduce Navy's tour length average below 36 months, will be rejected.

1. **Policy.** Personnel being transferred to operational commands must be screened to ensure successful completion of a full operational tour.

a. Per BUMEDINST 1300.2, an operational suitability screening will be completed for the servicemember only.

b. The suitability screening process and report will be completed within 30 days of receipt of orders.

c. The transferring command will notify the gaining command and Navy Personnel Command (NAVPERSCOM) of the screening results using Exhibit 1. If a delay is anticipated beyond the 30-day deadline, notify the gaining command and NAVPERSCOM with a "status pending" message, stating the reason for delay and anticipated completion date.

2. **Significant Medical Issues.** For significant medical issues identified during screening, contact the gaining command for acceptance per BUMEDINST 1300.2.

a. Any report of unsuitability will require that the transferring command provide the detailed reason(s) for the finding per Exhibit 2.

b. Recommendations from both the transferring command and screening medical treatment facility (MTF) for probable suitable assignment locations for any member found to be unsuitable for assignment to a specific location, are highly desirable.

c. Provide any administrative actions taken (i.e., MED HOLD, MEDBOARD, LIMDU or ADSEP).

1. **Policy.** Newly commissioned officers temporarily assigned to an activity while awaiting initial entry level training where the period between commissioning and convening of initial entry level training (including authorization of appropriate advance leave) is greater than 60 days are assigned as ensign "stashes."

a. Upon commissioning, officers will be assigned to appropriate entry level training. Navy Personnel Command division directors may grant exceptions to this policy, only if Training Command (TRACOM) facilities are unable to accommodate the officer as a student. In that case, the officer will be assigned temporarily to an activity whose mission is related to the officer's specialty, recruiting or training with Assignment Category Code (ACC) 108 or 150.

b. Officers will normally be assigned temporary duty aboard an afloat command, preferably to their ultimate command. Stashing at shore based commands will not normally be approved.

2. **Assignment Procedures.** The following procedures apply for "Ensign Stash" assignments:

a. Requests for an "Ensign Stash" will be directed to the placement officer for the activity making the request.

b. Placement officers will determine "Ensign Stash" availability and, when requests are made, will follow normal procedures in assigning those stashed within the guidelines of the policy stated above.

c. Ensigns stashed for a period longer than 120 days will be assigned for duty permanent change of station (PCS).

OFFICER SPECIAL ASSIGNMENTS - NOMINATIVE BILLETS/NOMINATION OF OFFICERS

------------------------------------	------------------	-----------------

Reference	(a) Privacy Act of 1974 (b) DoD Instruction 1000.17
------------------	--

1. **Policy.** In general, officers will be detailed to commands without prior nomination, except for certain billets that do require either formal nominations or informal proposals. Placement officers require specific acceptance from the command of a nomination prior to issuing orders for a nominative billet. In each case, transmission of personal information shall comply with reference (a) disclosure regulations. Personal information will be used for official purposes only. Disclosure of personal information will be minimized when possible. Social security numbers will be redacted from all supporting documentation, except when required by SF-86 2010 Questionnaire for National Security Positions information in support of White House and other positions of special trust.

Note: Release of officers' official records is authorized by the placement division director.

a. A **formal** nomination is the proposal of one or more officers by Commander, Navy Personnel Command (COMNAVPERSCOM) to another flag officer or equivalent to fill a designated billet under their purview. Formal nominations will include the following materials to allow sufficient information to make an informed choice regarding the officer or officer's nomination:

- (1) Executive Summary;
- (2) Officer summary record (OSR);

- (3) Performance summary record (PSR);
- (4) Other items designated by the formal solicit;
- (5) Five most recent fitness reports (FITREPS); and
- (6) Official photograph and biography.

b. For all formal nominative positions, nominees are essentially "nondetailable" until final selection is made. Extended delays in final selection seriously disadvantage those nonselects and represent **missed opportunities** to place our best and brightest in other challenging and or high visibility positions. While every effort will be made to support the command, except in unique circumstances and with Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) concurrence, **nomination packages should be adjudicated by the command within 30 days of receipt**. If no decision is made on a nomination within 30 days of receipt, Assistant Commander, Navy Personnel Command (PERS-4) will make the nominee available to the detailers for other assignment.

c. While every effort will be made to identify volunteers to support formal nominations, this is not a requisite for nomination. Volunteer status will be clearly stated in the executive summary forwarded with nomination packages.

d. For nominative packages requiring multiple candidates, every effort will be made to provide nominations consistent with the Navy's diversity policy.

e. An **informal** proposal is the signal of intent of one officer by NAVPERSCOM (PERS-4) placement branch to fill a billet under its cognizance. Informal proposals will include the officer record brief for the officer proposed to fill a billet. These billets are not nominative and the officer record brief is provided as a courtesy. The command will normally have 2 weeks to adjudicate this informal proposal internally, after which the proposed officer will be placed under orders.

f. A by-name-request (BNR) shall be endorsed by a flag officer or flag officer equivalent in the command requesting a specific officer, and must be made in a reasonable amount of time to allow for a normal detailing process. A BNR may be declined based on officer availability or career progression. No nomination package will be provided for a BNR placement;

working with the detailers, NAVPERSCOM (PERS-4) will either support, decline, or conditionally approve a BNR with an alternative nomination. A BNR circumvents the normal nominative process and its use must be limited to those instances where only a specific officer has the skill and experience unlikely to be found in other officers.

1. **Policy.** Flag officer aides are authorized only by the Chief of Naval Operations (CNO) and entitlement is reflected by billets in activity manning documents.

a. The number of aides and their titles are determined concurrently with the establishment of each new flag officer billet.

b. Aides assigned to flag officers of the Restricted Line or Staff Corps will be of the same designator as the flag officer.

c. Designators for Unrestricted Line aides are per activity manning documents.

2. **Types of Assignments**

a. Chief of staff, flag secretary and flag lieutenant billets apply to billets on the staffs of flag officers in command **afloat**; chief of staff, executive assistant, flag secretary, and aide billets apply to **shore** commands.

b. All flag officer aide billets are nominative. Aides will be assigned only when a flag officer is occupying the flag billet. Whenever a flag officer is dual-hatted and both positions have assigned aides, only one aide will be assigned for correlating billets.

3. **Control of Billets**

a. There are three types of aide billets coordinated through Navy Personnel Command (NAVPERSCOM), Restricted Line/

Staff Corps Officer Distribution and Special Placement Division
(PERS-44ES):

- (1) flag lieutenant;
- (2) flag secretary; and
- (3) aide.

b. Chief of staff and executive assistant billets are coordinated by the cognizant placement officer. Assistant Commander, Navy Personnel Command (PERS-4) reviews all nominations for executive assistant positions and military assistant positions to high-level civilian executives.

4. **Aiguillettes**. The wearing of aiguillettes is authorized for naval officer billet codes 9015, 9021, 9082, 9930, and 9935.

5. **Tour Lengths**. The tour lengths for all commander and junior aides (ashore and afloat) is 2 years, with the exception of the 1-year unaccompanied tour with Commander Middle East Forces.

1. **Policy**. Officers with poor potential will not be assigned to the U. S. Naval Academy (USNA).

a. Subspecialty requirements for faculty positions will take precedence over all other billet requirements (e.g., warfare specialty), except validated PhD and acquisition billets.

b. At least 70 percent of all 1000 coded billets will be filled by officers possessing a warfare specialty. This results in overall 85 percent warfare specialists assigned to USNA.

c. All captain and battalion officer (commander) billets at USNA are nominative, with candidates subject to a personal interview by USNA prior to issuance of permanent change of station (PCS) orders.

2. **Assignment Procedures**

a. In order to ensure a flexible interview schedule, which does not deny outstanding officers their opportunity for USNA assignment by virtue of inaccessibility for the interview, the following schedule is generally followed:

(1) **Seven months prior** to detachment of incumbent, USNA provides specific requirements for relief, including any special qualifications/qualities desired.

(2) **Five months prior** to detachment of incumbent, Navy Personnel Command (NAVPERSCOM), Special Placement Branch (PERS-444) provides USNA with nominee. In the same time frame, a relief for the nominee is identified.

(3) **Next two months**, USNA conducts personal interview. The appropriate assignment officer assists in liaison; USNA determines location and time of the interview and provides funds for any travel/per diem required. During this period, the

nominee's immediate senior may be contacted by USNA for the purpose of ascertaining the suitability of the candidate's family for assignment to the Academy. If nominee is unacceptable, NAVPERSCOM, Education Placement Branch (PERS-440) makes another nomination and the procedure is repeated.

(4) **Three months prior** to detachment of incumbent, USNA advises NAVPERSCOM (PERS-440) of acceptance of the candidate and orders are written.

(5) **Exceptions** to these policies will be approved by NAVPERSCOM, RL/Staff Corps Officer Distribution and Special Placement Division (PERS-44).

b. Fifteen of the 30 company officer billets will be filled with lieutenant commanders regardless of billet grade requirements. NAVPERSCOM (PERS-440) in conjunction with NAVPERSCOM, Allocation and Statistics Branch (PERS-452) will ensure that billet postings are modified to reflect which fills are to be lieutenant commanders.

c. Lieutenant billets will normally be filled with officers with 4 to 7 years successful commissioned service except in unique circumstances (e.g., a minority officer assignment or nuclear power trained officers). Exceptions to this policy will be made on a case basis and must be approved by NAVPERSCOM (PERS-44) prior to nomination to the Naval Academy.

3. **Projected Rotation Dates (PRDs)**. Projected rotation dates (PRDs) for officers assigned duty at USNA should, with very few exceptions, fall during semester breaks.

a. Orders to USNA will be written with PRDs of December or June, including those with an arrival date other than these months.

b. Exceptions to a December or June PRD are authorized only in the case of retirements, resignations, officers slated to commanding officer/executive officer billets, and as otherwise approved by NAVPERSCOM (PERS-44).

c. If an officer fails selection while assigned to USNA, he/she will normally be allowed to remain until tour completion. Requests for extensions of such officers will not normally be approved.

1. **Policy.** Assignment of officers to positions in the White House or to activities which directly support the White House and Naval Support Facility Thurmont (Camp David) is governed by the following policies:

a. Must be a volunteer.

b. Requires complete and updated Special Background Investigation (SBI).

(1) A special White House sponsored investigation will be conducted for those officers who will have access to the President.

(2) In the event a situation or requirement arises where Secretary of Defense must waive the requirement for completion of the SBI prior to assignment, the Administrative Aide to Secretary of the Navy (SECNAV) will be informed, who will inform the Military Assistant to the Executive Secretary of the Department of Defense (DOD).

(3) Upon notification, the latter will review existing files and records and establish necessary liaison with the White House to obtain a decision on the waiver of the SBI.

(4) A waiver will not be requested/approved except under the most unusual circumstances.

c. Must have superior record and service reputation.

d. Must be interviewed and have their nominations forwarded to Vice Chief of Naval Operations (VCNO) for approval **prior to** the assignment.

2. **Nominations**

a. Officers attached to Naval Support Facility Thurmont (Camp David) or Naval Facilities Engineering Command (NAVFACENGCOM) (Chesapeake Division) are selected by Navy Personnel Command (NAVPERSCOM) and nominated via the chain of command to the Executive Secretary of the DOD.

b. Officers assigned to the Office of the Physician to the President are nominated in the same fashion.

c. The following guidance and procedures are provided to guarantee continued future assignment of only the highest quality personnel to subject billets.

(1) Single name nominations are acceptable unless directed otherwise.

(2) Officers with War College or joint duty experience are preferred for all billets where feasible.

(3) Officers in the rank of commander (CDR) or above should have completed a command tour.

(4) Nomination packages should be prepared for signature by the senior interviewer.

(5) Nominees will be interviewed by the indicated flag officer, or designee, per the table below.

Nominee	Interviewer
O-4 (Note 1)	NAVPERSCOM
O-5 (Note 1)	NAVPERSCOM and Chief of Naval Personnel (CHNAVPERS)
O-6	NAVPERSCOM, CHNAVPERS, and VCNO

Note 1: Presidential/vice presidential aide nominees require NAVPERSCOM, CHNAVPERS, and VCNO interviews.

(6) NAVPERSCOM, Executive Assistant (PERS-00BA), once advised of the White House interview date, will schedule appropriate NAVPERSCOM, CHNAVPERS, and VCNO interviews in coordination with the nominee's assignment officer, and provide accounting data to the nominee's assignment officer.

(7) Assignment officers are to notify and confirm the interview schedule with the nominee and provide all appropriate accounting data.

3. **NAVPERSCOM, Distribution Department (PERS-4) Action.** The following branches within NAVPERSCOM (PERS-4) are responsible for placement of officers nominated for White House assignments.

a. Head, Washington Placement Branch (PERS-441) is responsible for placement of officers in the White House, White House Executive Office and for certain activities which provide direct support to the White House. This placement officer is also responsible for coordination of nominations of officers proposed for White House associated assignments.

b. Head, Civil Engineer Corps (CEC) Assignment/Placement Branch (PERS-4413) is responsible for placement of officers in NAVFACENGCOM (Chesapeake Division) in support of the White House and to Naval Support Facility Thurmont (Camp David).

c. Head, Medical Assignment/Placement Branch (PERS-4415), in coordination with the Washington Placement Branch (PERS-441), if necessary, is responsible for the placement of officers in the Office of the Physician to the President.

d. The Naval Aide to the President is nominated by NAVPERSOM via the chain of command to the Office of the Assistant Secretary of Defense (MRA&L).

4. **Tour Lengths.** Tour lengths will be established to satisfy the career requirements of the member and sea/shore rotation policies. Unless requested otherwise by the White House, officer tour lengths will be 36 months for O-4 and above.

5. **Tour Extensions.** In general, tour extensions are not encouraged. NAVPERSCOM (PERS-4) is final approval authority for all White House tour extension requests.

6. **Security Clearance Requirements.** All officers proposed for the White House or White House support activities must be cleared by the White House Military Office prior to orders being written.

a. The table below, identifies those activities requiring clearance from the White House Military Office.

Unit Identification Code (UIC)	Activity
00025	NAVFACENGCOM (Chesapeake Division)
0417A	Commanding Officer, Naval Support Facility Thurmont, MD (Camp David)
30117	Executive Office of the President
41991	White House Medical Unit
47689	White House Military Office
65475	White House Communications Agency

b. Assignment to the UICs listed in the above table will not exceed authorized billet limits.

1. **Purpose.** To publish policies, information, and guidance pertaining to U.S. Navy participation in the Defense Attaché Service (DAS), and **establish prerequisites and the nomination selection process** for naval officers to DAS. References (a) through (g) are provided as general guidance and education. Exhibits (1) and (2) are germane.

2. **Background**

a. The U.S. Defense Intelligence Agency (DIA) is the executive agent for DAS and is responsible for providing military attachés to foreign governments.

(1) In 1949 the Department of Defense (DoD) established the need for each branch of the military to establish its own attaché system in coordination with the State Department. From July 1951 to March 1952 the Secretary of Defense (SECDEF), at the urging of Joint Chiefs of Staff, established a limited executive agent system in support of attaché operations. The DoD's Office of Special Operations (OSO) negotiated with the Department of State for opening the attaché systems. Upon the activation of the DIA and the subsequent disestablishment of OSO, DIA assumed responsibility.

(2) On 1 July 1965, the DAS officially came under the Director (DIR) DIA. As the executive agents and managers of the attaché system, the Services now manage, operate, and support their individual attaché programs under the auspices of the DIA.

(3) The objectives of the DAS under DIA are twofold:

(a) To provide a more efficient system for the collection of intelligence information for DoD Components; and

(b) To preserve a channel for service-to-service and DoD representational matters of common interest.

b. Reference (a) provides guidance governing Department of the Navy support to the Defense Attaché System; reference (b) provides **policy** on the Navy's Attaché Program; and reference (c) contains policy and guidance for the **operation and management** of the system, and includes definitions of the status, functions, relationships, selection, and training of attaché personnel.

c. The U.S. Navy participates in DAS by providing qualified personnel to serve in the following positions:

(1) **Senior Defense Official/Defense Attaché (SDO/DATT)**. An SDO/DATT is a senior military officer specifically appointed by the Secretary of Defense to represent DoD to the host country. The SDO/DATT is generally responsible for the defense attaché and security assistance offices in the embassy; specific responsibilities and authorities vary. The SDO/DATT is the Chief of Mission's principal military advisor on defense and national security issues, the senior diplomatically accredited DoD military officer assigned to a diplomatic mission, and the single point of contact for all DoD matters involving the embassy or DoD elements assigned to, or working from, the embassy;

(2) **American Legation, U.S. Navy Attaché (ALUSNA)**. The ALUSNA is an officer assigned to the Defense Attaché Office (DAO) and so designated by the DIR DIA. When designated in writing by the DIR DIA, the ALUSNA may serve as **the SDO/DATT's deputy for attaché operations** (as required);

(3) **Assistant ALUSNA (A/ALUSNA)**. An A/ALUSNA is a naval officer assigned to the DAO who performs attaché duties in support of the SDO/DATT, and ALUSNA; and

(4) **Operations Coordinators (OPSCO)**. An OPSCO is an officer, warrant officer, or senior petty officer (E-8 or E-9) assigned as a member of the diplomatic staff of the Chief of Mission to a foreign country as **office manager of U.S. Defense Attaché Office (USDAO) or U.S. Defense Liaison Office (USDLO)**.

3. Policy

a. **Voluntary**. No officer will be ordered to a DAO unless he or she has been briefed on all expected hardships of the particular post (financial, cultural, health, schooling, etc.), and he or she expresses a willingness to accept the assignment with full knowledge of these hardships.

b. **Requisite Information**. Navy Personnel Command (NAVPERSCOM), Information Officer Dominance Corps/Foreign Area Officer (FAO) Branch (PERS-47) will provide requisite information from the Office of the Chief of Naval Operations (OPNAV), Attaché Affairs (N2/N6 IX2) to assignment officers when posting for attaché billets.

c. **Language**

(1) Language fluency is normally a requirement prescribed by the DIA. Instruction to obtain language fluency will be programmed for all prospective attachés. Though not required by DAS, language training is recommended for spouses accompanying the Service member to station.

(2) For all attaché applicants, language aptitude and or proficiency must be listed and proven prior to consideration for acceptance into the DAS.

d. **Assignment Criteria.** In addition to language proficiency and Exhibit 2 requirements, criteria for assignment include the following:

(1) **Performance.** Sustained superior performance in a variety of sea and shore assignments is required. Only officers that are due course will be considered for assignment to the DAS. For the purposes of this MILPERSMAN article, due course officers are those who have not declined a promotion for which they were selected, or failed to select for promotion twice. Waivers may be considered by OPNAV N2/N6 IX2 on a case-by-case basis with strong justification.

(2) **Obligation.** No officer within 5 years of statutory retirement will normally be considered. Exceptions can be made by NAVPERSCOM, Attaché Affairs (PERS-474B) and the assignment officer under special circumstances. Officers are required to complete the fully prescribed tour length for each respective assignment.

4. **Nomination Process and Procedures**

a. **Assessment and Selection.** Naval officers interested in the Attaché Program must first contact **NAVPERSCOM (PERS-474B)** to assess their qualifications and eligibility for an attaché post.

(1) If approved by NAVPERSCOM (PERS-474B) and with the release from the cognizant assignments officer (no exceptions), a nomination package is provided to the prospective candidate for submission to **OPNAV N2/N6 IX2** for interview scheduling and service-level selection.

(2) **Service nominees** are forwarded to **DIR DIA** for final selection approval.

b. **NAVPERSCOM Protocol for Attaché Assignment.** To maintain the high quality of officers nominated for attaché duty, the following procedures will be followed:

(1) **Billet Identification.** The attaché placement officer will identify all attaché billets for which nominations are required at least 18 months in advance of commencement of attaché training. An updated billet listing will be periodically posted on the Navy Personnel Command Web site. A listing of urgent fills will be provided to the assignment division directors via NAVPERSCOM (PERS-47) Director;

(2) **Nominate.** When requirements for specific expertise or designator have been attached to an attaché billet, the community with primary fill responsibility will nominate at least one qualified officer. Officers with designators that are not consistent with the designator requirement attached to the billet will also be considered for nomination on the basis of sustained superior performance, demonstrated language aptitude, graduate level education, and motivation to serve in a DAS assignment. Assignment division directors shall assign personnel under their cognizance to attaché assignments per reference (d);

(3) **Unrestricted Line (URL) Nomination.** Each URL community is encouraged to nominate **one** officer for 1000 or 1050 designated billets. Nominations from restricted line and staff corps communities will also be considered in order to maintain a competitive selection process desired by the Secretary of the Navy per reference (a);

(4) **Multiple Applicants.** NAVPERSCOM (PERS-474B) will screen applicants submitted by the respective warfare communities, and will forward to OPNAV (N2/N6 IX2) for consideration. To the maximum extent possible, NAVPERSCOM (PERS-474B) will provide at least two applicants for any given position;

(5) **Time Frame.** Once a Service member is identified as a viable attaché applicant by NAVPERSCOM (PERS-474B), the member is considered "nondetailable" until final selection is made. All attaché applicants will be required to submit a nomination package to NAVPERSCOM (PERS-474B) and adhere to the application deadline date provided by NAVPERSCOM (PERS-474B). Late submission of the attaché application will serve as grounds for removal as an applicant. The timely submission of the application package is absolutely essential to allow for the interview process and formal nomination to occur.

5. **Training.** Attaché training consists of 12 weeks of Joint Military Attaché School (JMAS) at DIA, Washington, DC. Officers who successfully complete this course are then available for assignment to their assigned country. Country-specific language training is required for most billets and can range from 2 to 8 weeks (refresher training) to the full language training complement of up to 63 weeks.

6. **Training Length.** All attaché assignment tour lengths are established, per reference (e), and may deviate from the tour lengths prescribed by reference (f).

DEFINITION OF TERMS AND ACRONYMS

1. **Defense Attaché System (DAS)**. A centralized system established as an organizational function of the **Defense Intelligence Agency (DIA)**.

(a) It is directed, operated, and maintained by:

(1) DIR DIA;

(2) Military departments; and

(3) Other DoD Components, as directed by SECDEF.

(b) The DAS consists of all:

(1) **Military** personnel assigned as members of diplomatic staff of a mission for the performance of Armed Forces attaché duties; and

(2) **Civilian** personnel assigned to **DATT Offices (DAO)** and **Defense Liaison Offices (DLO)**.

2. **Senior Defense Official (SDO)/Defense Attaché (DATT)**. The senior military officer assigned to a DAO and so designated by the SECDEF and DIR DIA. In special circumstances, the DIR IA may recommend that an officer other than the most senior officer assigned to a DAO be designated as the SDO/DATT.

3. **Defense Attaché Office (DAO)**. The office consisting of personnel, materiel, activities, and facilities for which the SDO/DATT has operating responsibilities. The DAO is a component element of a U.S. diplomatic mission.

4. **Defense Liaison Officer (DLO)**. The office of the DLO consists of personnel, materiel, activities, and facilities for which the DLO has operating responsibilities. It is usually established in newly opened U.S. diplomatic missions that have not yet been elevated to full U.S. embassy status.

5. **Service Attaché**. An officer of a military service assigned to a DAO, designated by the DIR DIA, as an Army, Navy, Marine, or Air attaché; **or** Assistant Army, Navy, or Air Attaché.

EXHIBIT 1
(Page 2 of 2)

DEFINITION OF TERMS AND ACRONYMS

6. **Foreign Area Officer (FAO)**. A commissioned officer who is a regionally focused expert in political-military operations (17xx designator). FAOs serve in Service, joint, and interagency assignments that involve significant interaction with foreign governments, their militaries, and international organizations.

7. **Acronyms Used**

**PREREQUISITES FOR ASSIGNMENT WITHIN THE
DEFENSE ATTACHÉ SYSTEM**

1. **Selection and Nomination Procedures**

a. **General.** Assignment of the highest qualified personnel ensures success in accomplishing the mission within the DAS. This exhibit provides the prerequisites for assignments to the DAS.

b. **Responsibility.** OPNAV N2/N6, Attaché Affairs is responsible for the service-level nomination of Navy officers for assignment within the DAS. Initial recruiting, coordination and Bureau-level nomination responsibilities have been discharged to NAVPERSCOM (PERS-474B).

2. **Mandatory Qualifications for Prospective Attachés**

a. Demonstrate outstanding reliability, initiative, military performance, and ability to adapt to unfamiliar situations;

b. Possess the ability to express oneself well, both orally and in writing;

c. Attaché and family must possess the ability to adapt to foreign cultures and societies, and must be prepared to tolerate differences and hardships associated with living and working overseas;

d. Possess a "top secret" DoD security clearance or have a special background investigation current within the last 4 ½ years, and be eligible for access to sensitive compartmented information. All attaché nominees must also pass a counterintelligence polygraph before reporting to their ultimate duty station;

e. Candidates shall be in full compliance with reference (h) (Physical Readiness Program) and or reference (i) (Marine Corps Physical Fitness Program);

f. Possess social and moral qualities reflecting credit upon the U.S. Navy:

g. Be a U.S. citizen and be free of any family, commercial, or other influences from within any foreign country;

EXHIBIT 2
(Page 2 of 2)

h. If foreign language ability is required, attain a minimum score of 100 on the defense language aptitude battery (DLAB) exam;

i. Successfully complete the overseas screening process, per reference (g), for the location to which the candidate is applying;

j. Family members accompanying the attaché to station must also successfully complete the overseas screening per reference (g); and

k. If a spouse is accompanying the Service member to station, he or she must be a U.S. citizen and or naturalized. Spouse must be able to garner a "secret" level security clearance even if he or she is not accompanying the Service member to his or her ultimate duty station.

3. Desired Qualifications

a. Previous embassy, overseas assignment, intelligence, DAS, or security assistance officer experience is highly desired for applicants seeking SDO or DATT tours;

b. FAO, Olmsted scholar, or an exchange officer experience;

c. Country and regional area experience;

d. Intelligence related work experience;

e. Master's degree and or professional military education;

f. Able to speak intelligently about the U.S. Navy as the senior representative in the country of assignment;

g. Language ability and cultural knowledge of the designated region and or country of assignment; and

h. Be physically qualified to perform all duties and present a proper appearance in military and civilian dress.

1. **Policy.** The recruiting climate for the All-Volunteer Force dictates careful scrutiny of officers selected to direct Navy recruiting efforts.

a. Accordingly, certain billets are designated **nominative billets.**

b. Navy Personnel Command (NAVPERSCOM), Staff/RL Officer Distribution Division (PERS-44) must approve all officers proposed into nominative billets prior to nomination to Commander, Navy Recruiting Command (COMNAVCRUITCOM).

2. **Navy Recruiting Region (NAVCRUITREG) Commanders.**

Nominations for Commander NAVCRUITREG billets (major commands) will conform to the following guidelines:

a. Officers on the major command ashore list who are currently eligible and available for such assignment will be the primary source of nominees.

b. In the event no primary nominees are available, officers with prior major command experience who are available and volunteer for such assignment may be nominated by captain grade assignment officers.

3. **Navy Recruiting District (NAVCRUITDIST) Commanding Officers (COs).**

Officers nominated to command NAVCRUITDISTs should be warfare officer commanders or human resource officer commanders.

a. COMNAVCRUITCOM may request nominations of officers who do not meet this criteria on a case-by-case basis.

b. Whenever feasible, the CO of a NAVCRUITDIST will possess a different Unrestricted Line (URL) designator than the executive officer (XO) of that district.

c. Officers screened for command of NAVCRUITDISTs will spend 18 months in the XO billet followed by 18 months as CO.

(1) Officers will be required to "fleet-up" regardless of past recruiting experience.

(2) All NAVCRUITDIST XOs will be filled by command screened officers to fleet up to 18-month NAVCRUITDIST command tours.

d. Selection for NAVCRUITDIST command will be via each community's command screen process. The Command Leadership Course (CLC) will be incorporated into the established NAVCRUITDIST command training pipeline.

4. **Orientation for Newly Reporting Recruiters.** Indoctrination training for newly reporting recruiters is obtained through funded travel to the NAVCRUITCOM Orientation Unit (ORU), Pensacola, FL en route to their ultimate duty stations. NAVPERSCOM assignment officers will liaison with NAVPERSCOM, Education Placement Branch (PERS-440A) to determine the training required for new officer recruiters.

5. **Senior Minority Assistance to Recruiting (SEMINAR) Program.** The SEMINAR Program provides the temporary personal assistance of minority officers to NAVCRUITDISTs. The objective is to improve the Navy's image and cultivate a favorable recruiting climate in minority communities.

			COM	(901) 874-4040
			FAX	882-2676

1. **Policy.** Officers assigned to Naval Reserve Officer Training Corps (NROTC) units will be assigned a projected rotation date (PRD) that coincides with the end of the academic year or semester/quarter breaks when at all possible.

a. If an incumbent officer's PRD is adjusted, every effort will be made to have the new PRD coincide with the end of the academic year or semester/quarter breaks. Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) has final approval authority for all officers requesting PRD adjustments.

b. Officers with fewer than 2 years remaining until mandatory retirement will normally not be assigned as commanding officers (COs) of NROTC units. The objective is to place into Professor of Naval Science (PNS) billets top quality captains who have clearly demonstrated outstanding professional performance in their warfare areas and have strong leadership records. Seniority cannot be an automatic disqualifier. Captains who are fully qualified for PNS billets may be considered for CO of a NROTC unit as a final tour on a case basis.

c. To provide a broader spectrum of experience, COs and executive officers (XOs) of NROTC units will normally be from different Unrestricted Line (URL) communities.

d. Officers will not be assigned to NROTC units without prior acceptance by the university to which the unit is attached.

e. Officers with poor potential for promotion will not be assigned to NROTC instructor billets.

f. Officers who fail selection for promotion while assigned to a NROTC faculty billet will complete their normal ordered tour. Requests for extension of such officers will not normally be approved.

g. Exceptions to these policies must be approved by NAVPERSCOM (PERS-4).

1. **Policy**. Officers assigned to Navy Recruit Training Command (NAVCRUITRACOM) as Director, Fleet Commander, or Ship's Officer must be promotable officers who have high quality performance and who will project the Navy's best image for new recruits. Only career-oriented officers will be assigned to these key billets.

a. In order to provide the desired level of 100 percent manning, NAVCRUITRACOM billets other than Director, Fleet Commander, or Ship's Officer will be filled with officers whose qualifications, background, experience (including recruiting and training), and availability meet the requirements of the work assigned.

b. Officers who have made known their intention to resign or request release from active duty (RAD), either verbally or in writing, will not be assigned to NAVCRUITRACOM billets.

c. The selectee will be approved by Commanding Officer, NAVCRUITRACOM, Great Lakes, IL, prior to assignment.

OFFICER SPECIAL ASSIGNMENTS - NAVY FLIGHT DEMONSTRATION SQUADRON (BLUE ANGELS) ASSIGNMENTS

Responsible Office	NAVPERSCOM (PERS-43)	Phone:	DSN	882-3974
			COM	(901) 874-3974
			FAX	882-2721

1. **Policy.** Selection of the Blue Angels Commanding Officer (CO) is made by Chief of Naval Air Training (CNATRA).

a. The Blue Angels CO selects the other squadron demonstration pilots and support officers, which are subsequently approved by CNATRA.

b. All Blue Angels pilot selections are subject to concurrence of Chief of Naval Operations (CNO), Air Warfare (N88). Navy Personnel Command (NAVPERSCOM) has certain administrative responsibilities in this process, including the screening of applicants and liaison with CNO (N88).

2. **Commanding Officer Applicants.** CO applicants apply to CNATRA with copies to NAVPERSCOM, Aviation Commander Assignment Branch (PERS-431) and the incumbent Blue Angels CO.

3. **Demonstration Pilot Applicants.** Demonstration pilot applicants apply directly to the Blue Angels CO and shall provide copies to CNATRA and NAVPERSCOM.

a. NAVPERSCOM, Aviation Captain Assignment Division (PERS-43) and Air Combat Units Placement Branch (PERS-433), action:

(1) As applications are received, NAVPERSCOM (PERS-433) initiates administrative prescreening to determine each candidate's availability and desirability for assignment to the Blue Angels.

(2) NAVPERSCOM (PERS-43) shall make a determination as to whether a candidate is available and recommended to continue in the application process. Pending this approval, the Blue Angels CO shall execute the remainder of the application and selection process.

(3) NAVPERSCOM (PERS-433) shall provide CNATRA and the Blue Angels CO with a summary of the NAVPERSCOM screening board action on each candidate.

(4) Following selection by the Blue Angels CO and approved by CNATRA, NAVPERSCOM (PERS-433) will forward background resumes on each prospective Blue Angels pilot to CNO (N88). Permanent change of station (PCS) orders will be issued to those selected upon CNO (N88) concurrence.

b. Each pilot/Navy flight officer (NFO) selectee to Navy Flight Demonstration Squadron (NAVFLIGHTDEMRO) will sign a statement of agreement by which the officer agrees to remain on active duty (GREEMAIN) for 2 years following completion of the tour with NAVFLIGHTDEMRO. A signed copy of each agreement will be forwarded to NAVPERSCOM (PERS-433).

4. Non-Pilot Applicants

a. Non-demonstration pilot applicants apply to the team to compose the Blue Angels support officer cadre. Billets include the Administrative Officer, Aircraft Maintenance Officer, Public Affairs Officer, Flight Surgeon, and Supply Officer. Like pilot applicants, non-pilot applicants shall submit applications directly to the Blue Angels CO, with copies to CNATRA and to their appropriate NAVPERSCOM detailer code.

b. NAVPERSCOM action:

(1) As applications are received, the appropriate detailer shall initiate administrative screening to determine each candidate's availability and qualification for assignment to the Blue Angels.

(2) NAVPERSCOM detailers from the respective support officer communities shall provide the team a minimum of two volunteer, prescreened, and viable candidates to participate in the selection process.

(3) Following selection by the Blue Angels CO and approval by CNATRA, PCS orders will be issued to those selected.

1. **Policy**. Pilots accepting orders to Reserve Fleet Logistics Support Squadrons (VR) are assigned to transition training in **C-9, C-20, C-37, C-40, and C-130** aircraft.

a. Acceptance of orders by active duty pilots for initial training in **C-9, C-20, C-37, C-40, and C-130** aircraft constitutes their agreement to remain on active duty for a period of time equal to a normal squadron tour (36 months). Fulfillment of this agreement by which the officer agrees to remain on active duty (GREEMAIN) shall commence upon reporting to the ultimate duty station following completion of the transition training.

b. Full Time Support (FTS) officers who accept assignment to another VR platform after their initial 36-month tour, will incur a 30-month GREEMAIN to commence upon reporting to the ultimate duty station following completion of the transition training.

1. **Policy**. Officers selected for **Naval Leadership Instructor (Facilitator)** assignments must have clearly demonstrated outstanding performance and have strong leadership records. All instructor billets are nominative per MILPERSMAN 1301-202.

2. **Selection Criteria**. Naval Leadership Instructor (Facilitator) selection will be based on the following:

a. Selected officers must possess leadership and management experience at the level commensurate with the program they will instruct (e.g., Department Head or Division Officer).

b. Officers selected for the **Prospective Commanding Officer (PCO)/Executive Officer (PXO) Leadership Course** at the **Command Leadership School (CLS), Newport, RI** must be post-command commanders.

c. Must satisfactorily complete a **Facilitator Training Course** (5 weeks) at **Center for Naval Leadership (CNL) Learning Site, Dam Neck, VA**.

d. Be within height/weight/body fat standards per reference (a).

e. Officers on twilight tours are not eligible.

3. **Waiver Requests**. Requests for waivers must be approved by the CNL. Point of contact (POC) is CNL (N7).

1. Policy

a. Nominations for officer assignment to Brig/Transient Personnel Unit (TPU)/Regional Restriction Barracks (RRB) will be forwarded by the gaining placement officer to Navy Personnel Command (NAVPERSCOM), Corrections and Program Office (PERS-00D1) for preliminary screening.

b. Upon receiving a positive reply from NAVPERSCOM (PERS-00D1), the gaining placement officer will forward a letter to the nominee's commanding officer (CO) requesting their recommendation.

2. Brig/TPU/RRB Officer Screening Criteria

a. If a positive recommendation is received, the gaining placement officer will process orders for the officer.

b. The screening criteria for Brig/TPU/RRB officers include the following:

(1) Have served a minimum of 2 years on active duty.

(2) Should be a promotable officer.

(3) Possess a high degree of adaptability in working with younger military personnel.

(4) If a member is a recently selected Limited Duty Officer (LDO)/Chief Warrant Officer (CWO), must have no record of military disciplinary actions during the last 4 years of military service.

(5) Possess ability to manage a self-contained organizational structure.

(6) Be mature and emotionally stable, possessing good judgment.

(7) Have no obvious disfigurement or other physical or speech impediment, which might subject that individual to contempt or ridicule by prisoners.

(8) Be able to issue commands and instructions clearly.

(9) Demonstrated stability in personal affairs without history of severe domestic or personal problems.

(10) Demonstrated consistency in execution of policy and treatment of others.

(11) Demonstrated poise in stressful situations.

(12) Meet minimum Navy physical fitness assessment standards per reference (a).

3. Naval Consolidated Brig (NAVCONBRIG) CO Screening.

Officers screened for command of NAVCONBRIGs will spend 18 months in the executive officer (XO) billet followed by 18 months as CO. Officers will be required to "fleet up" regardless of their past NAVCONBRIG experience.

a. Selection for NAVCONBRIG command will be via each community's command screen process. The Command Leadership course will be incorporated into the established NAVCONBRIG command training pipeline.

b. The following implementation guidance is provided:

(1) All NAVCONBRIG CO and XO billets will be immediately redesignated as 1000 coded billets.

(2) Tour lengths for incumbent (non-command screened) XOs shall not be shortened to less than 18 months.

(3) Tour lengths for incumbent (non fleet-up) COs shall not be shortened to less than 18 months.

(4) Slating of officers within 6 months of their projected rotation date (PRD) will not be involuntarily altered.

(5) Fleet up XO tour lengths may be shortened to no less than 12 months.

(6) All NAVCONBRIG XOs will be filled by command screened officers to fleet up to 18-month NAVCONBRIG command tours.

References	(a) Title IV of the Goldwater-Nichols Department of Defense (DoD) Reorganization Act of 1986 (b) 10 U.S.C. (c) OPNAVINST 1000.16K (d) DoD Instruction 1300.19 (e) CJCSI 1330.05.
-------------------	--

1. **Policy.** Reference (a) established specific requirements which the services must follow in making assignments to billets on the joint duty assignment list (JDAL) contained in reference (b), Chapter 38. These requirements include both qualitative and quantitative provisions, which necessitated changes in the management of most officer communities. With the exception of certain scientific, technical, and professional communities, reference (b), Section 619a specifies that an officer may not be appointed to the grade of rear admiral (lower half) unless the officer has been designated a joint qualified officer per reference (b), Section 661.

a. Reference (b), Chapter 38 states that assignment quality control standards be exercised to ensure an appropriate number of JDAL billets are filled with qualified and promotable officers in order to achieve promotion parity between specific groupings as defined by the law. There is also a requirement to fill 100 percent of JDAL critical billets with joint qualified officers (JQOs). Reference (b), Chapter 38 further requires that 50 percent of all JDAL billets be filled by officers who have the appropriate level of joint qualification.

b. One of the most difficult aspects regarding execution of the joint requirements from a distribution perspective is to achieve a balance between the designator community's need to ensure that its best officers are qualified for flag rank, per the law, and the law's requirements regarding joint professional military education (JPME), tour lengths, and the percentage of JDAL billets that must be filled by JQOs. The senior detailer from each designator community ensures that his or her community is closely coordinating the input of officers by promotion year group to joint education assignments, that a comprehensive plan exists to meet the flag officer qualification requirements of reference (b), Section 619a, and that the plan is carefully monitored. This direction is based upon guidance from higher authority and is necessary to ensure consistent distribution compliance with reference (b), Chapter 38. Navy Personnel Command (NAVPERSCOM) division directors must ensure strict compliance with the procedures contained herein.

2. Joint Definitions

a. **Joint Qualification Level III and JQO:** An officer who has been awarded the joint qualification designation by the Secretary of Defense with the advice of Chairman, Joint Chiefs of Staff (CJCS).

(1) Officers who have completed applicable JPME and JDA prerequisites are nominated for designation as JQOs by NAVPERSCOM, Career Management Department (PERS-4).

(2) An officer is nominated for designation as a JQO following completion of JPME I, JPME II, and a full joint tour. A full joint tour is obtained by meeting the time requirements in a standard JDA (S-JDA), the experience based self-nomination process (E-JDA), or a combination of S-JDA and E-JDA credit. A minimum of 36 points is required for the E-JDA, or combined S-JDA & E-JDA path, but some officers may require greater than 36 E-JDA points due to a SECDEF "recency points" requirement for at least 12 points to be accrued as a lieutenant commander or above. Officers who complete a full joint tour via an S-JDA billet are not subject to the "recency points" policy. As of 1 October 2010, officers whose joint tour credit is based on the E-JDA, or combined S-JDA and E-JDA path, must be designated joint qualification level II before they can be nominated for JQO.

b. **Joint Qualification Level II (JQ2):** An officer who has been designated level II, qualified by the Joint Staff.

(1) Joint qualification level II identifies the officer as a potential candidate to fill a JDA requiring an incumbent with the JQ2 level of qualification.

(2) An officer is nominated for JQ2 following completion of JPME I and any combination of a minimum of 18 accrued E-JDA and or S-JDA points. A full joint tour from an S-JDA tour is equivalent to 36 E-JDA points. S-JDA points are not considered "accrued" until the officer has detached the JDA.

c. **JDA:**

(1) A joint duty assignment is an assignment to a billet that provides significant experience in joint matters as defined by reference (b), Section 668.

(2) The two types of JDAs are standard joint duty assignments (S-JDA), and the experience-based joint duty assignments (E-JDA).

d. **S-JDA:** An assignment to a JDAL billet, subject to the tour length requirement prescribed in reference (b), section 664. The JDAL is a consolidated list of S-JDAs approved by the USD (P&R). Policy on designating, reviewing, and requesting new billets for the JDAL are contained in references (c), (d) and (e).

e. **E-JDA:** Non-JDAL joint assignments and experiences that demonstrate an officer's mastery of knowledge, skills, and abilities in joint matters as determined under regulations and policy prescribed by the Secretary of Defense. Because there is no mandate governing E-JDA tour lengths, E-JDAs may be shorter in duration than S-JDAs; therefore, they may be aggregated to achieve the equivalent of a full tour of duty in an S-JDA.

f. **Critical JDA (subset of JDAL):** A designated JDAL billet, which **must** be filled with a JQO.

g. **Critical Occupational Specialty (COS):** A specialty which primarily involves combat operations, particularly a specialty in which there exists a shortage of trained officers.

(1) Approved Navy COS officers are limited to the following unrestricted line warfare specialties: Surface, submarine, aviation, special warfare - sea-air-land (SEAL) and special operations.

(2) Specific provisions apply for COS officers regarding tour length, joint duty credit, etc., which are discussed in reference (d) and (e).

3. **Joint Professional Military Education (JPME)**. A chairman of the Joint Chiefs of Staff - approved body of objectives, outcomes, policies, procedures, and standards supporting the educational requirements for joint officer management.

a. **Phase I JPME:** The first phase of JPME taught at intermediate service colleges and other educational programs which meet JPME criteria and are accredited by the Chairman of the Joint Chiefs of Staff.

b. **Phase II JPME:** A second phase of JPME that enhances JPME phase I instruction and taught only at the Joint Forces Staff College (JFSC), other National Defense University (NDU) schools, and accredited senior-level service colleges. JPME Phase I and II, or advanced joint professional military education (AJPME) for the Reserve Component in lieu of JPME Phase II are required for JQO designation.

(1) Completion of Phase I is a prerequisite for attending Phase II.

(2) Officers may attend Phase II without first completing Phase I with a CJCS approved direct entry waiver (DEW). Officers attending Phase II on a DEW shall not receive credit for Phase II completion until they have completed phase I. By law, DEWs are restricted to no more than 10 percent of the officers in a given Phase II class.

4. **Assignment of Additional Qualification Designation (AQD) Codes**. The following AQD codes identify joint billets and joint personnel. Assignment of officer AQD codes may only be made by NAVPERSCOM, Joint Officer Management Branch (PERS-45J).

a. Billets:

AQD Code	Description
JD1	Non "critical" billet on JDAL.

JD2	"Critical" billet on JDAL must be filled by a JSO.
Note: JD1 + JD2 = Total number of JDAL billets.	

b. Officers:

AQD Code	Description
JS1	Full JPME (JS1 = JS7 + JS8)
JS2	Full Joint Tour Credit
JS4	Joint Qualification Level II
JS5	Joint Qualification Level III / Joint Qualified Officer (JQO)
JS6	Joint Qualification Level IV (Flag officers only.)
JS7	JPME Phase I graduate
JS8	JPME Phase II graduate
JS9	Designated as JQO by SECDEF based in part upon completion of a JDA terminated as a result of COS provisions
JSA	AJPME graduate
JSR	National Defense University (NDU) JDA deferral in accordance with Title 10, Section 663
Note: Joint qualification levels are defined per reference (d).	

5. **JDAs**. The following general guidelines will be adhered to unless waived per procedures for tour lengths contained in reference (e).

- a. JDA tour lengths are calculated day-for-day.
- b. JDAL incumbents are not relieved until they have served a sufficient length of time to receive full joint tour credit.
- c. Existing guidelines will be followed with respect to permanent change of station moves.
- d. Fifty percent of JDAL billets must be filled by officers who have the appropriate level of joint qualification.

6. **JQO Qualification Waiver Requirements and Submission Procedures**. To ensure requirements of the law are met, only those officers designated as JQOs will be nominated for critical JDAs. JQO qualification waivers shall be prepared and submitted

per reference (e). Only those waiver requests presenting clear and compelling justification that a JQO is not available, and that the waiver is in the best interest of the joint organization, will be considered.

7. **NAVPERSCOM Responsibilities**

a. **NAVPERSCOM, Distribution Management Division (PERS-45):**

(1) Coordinate implementation of procedures and information systems necessary to comply with reference (b) provisions.

(2) Ensure equitable and appropriate distribution through the billet fill decision process of JDA billets, which are not coded as warfare specific (e.g., 1000/1050 billets).

(3) Coordinate consolidation and compilation of information for reports as appropriate.

(4) Provide distribution officers with appropriate tailored reports, including lists of billets and officers, necessary to ensure the execution of proper joint assignment procedures and officer qualification.

(5) Monitor and track the entry, maintenance, and quality assurance of officers' AQDs.

b. **NAVPERSCOM (PERS-45J):**

(1) Serve as distribution coordinator for JDAs regarding the assignment of applicable joint AQDs to officers.

(2) Monitor all assignments to JDA billets through Officer Assignment Information System.

(3) Review all JQO qualification waiver requests for correctness and comment (as applicable) and maintain historical files of all waiver requests.

(4) Assist in preparation and track requests for tour curtailment when approval of higher authority is required.

(5) Ensure that in the aggregate fifty percent or more of JDAL billets are filled by officers who have the appropriate level of joint qualification.

(6) Ensure that COS early release waivers, by division, do not exceed the annual allocation established and report the status to division directors on a bimonthly basis in October, December, February, April, June, and August.

(7) Monitor and track billets assigned JD1 and JD2 AQD codes and identify discrepancies and anomalies between the JDAL and Total Force Manpower Management System (TFMMS) billet coding.

(8) Report identified discrepancies and anomalies between the JDAL and TFMMS to Office of the Chief of Naval Operations, Joint Requirements Management Branch (N123).

(9) Provide assessment, as required, of aggregate quality of officers assigned to joint duty versus Navy headquarters staff to ensure the promotion parity goals of reference (b), Section 662 are met.

c. Placement officers:

(1) Maintain a working knowledge of reference (b), Chapter 38 and oversee the implementation of the same within activities for which they are responsible.

(2) Advise NAVPERSCOM (PERS-45) of billet anomalies.

(3) Evaluate promotability of officers nominated to joint billets to ensure that promotion percentages in each activity will be within the limits established by reference (b), Section 662. Placement officers will verify statistical promotion data provided to NAVPERSCOM (PERS-45J) as required. Placement officers have the authority to reject proposals, which could lower promotion percentages below the appropriate comparable Navy promotion rates.

(4) Coordinate the early release of COS officers with the command.

d. Assignment officers:

(1) Maintain a working knowledge of reference (b), Chapter 38 and oversee the implementation of the same within their communities.

(2) Take steps to ensure flag potential officers in their communities are carefully screened by promotion year group to ensure they meet joint duty and education qualification requirements for promotion.

(3) Initiate JQO qualification waiver requests within NAVPERSCOM, and will be the first stop within NAVPERSCOM for commander or director of defense agency initiated JQO qualification waiver requests.

(4) Identify a JQO replacement upon notification by placement that a non-JQO is in a critical JDA. If unable, initiate a JQO qualification waiver request.

(5) Coordinate with placement officers the early release of COS officers from an initial joint tour of duty prior to proposal for follow-on assignment.

(6) Ensure COS early release waivers do not exceed their divisions' fiscal year allocations, while at the same time striving to maximize utilization of COS early releases.

(7) Prepare tour curtailment waiver packages and coordinate with NAVPERSCOM (PERS-45J).

8. Chief of Naval Personnel (CNO (N123)) Responsibilities

a. Identify JDAL billets in the Total Force Manpower Management System (TFMMS) by assigning the appropriate billet AQD (JD1 or JD2) and the JDAL organization position identification number.

b. Resolve TFMMS joint billet coding discrepancies.

c. Coordinate with Office of the Secretary of Defense, Director, JCS (J1) the resolution of JDAL billet anomalies where assignment of the billet to the JDAL is inconsistent with the definition of a qualifying billet in reference (b), Section 668.

9. Joint Commands. Navy officers assigned to JDAs shall receive fitness reports using the current Navy fitness report format. Evaluation forms of other services shall not be used. Reports should comment on the officer's performance of joint duties in support of joint matters, as defined by reference (b), Section 668.

Responsible Office	NAVPERSCOM (PERS-4832)	Phone:	DSN	882-4878
			COM	(901) 874-4878
			FAX	882-2627

1. **Policy.** Officers assigned to North Atlantic Treaty Organization (NATO) billets must have a completed Single Scope Background Investigation (SSBI) **within 5 years** of assignment and must maintain a 5-year periodicity during the course of their assignment.

a. This requirement is designed to provide U.S. officers access to NATO COSMIC Top Secret, which is required for all NATO officers.

b. Since security clearance investigations and adjudications take from 6 to 8 months to complete,

(1) placement officers will post all NATO billets 12 months prior to incumbent's projected rotation date (PRD) and include appropriate security clearance requirements.

(2) assignment officers should identify officers to fill NATO postings 8 to 10 months prior to incumbents' PRD.

(3) any officer identified less than 8 months before the incumbent's PRD must meet the NATO security clearance requirements.

c. If the officer requires an SSBI, PTEXT P71019 will be entered into the orders requesting that the SSBI be initiated to fulfill the requirement that an investigation must have been completed within the past 5 years for any NATO assignment.

d. For NATO assignments, which do not require an SSBI, the message that Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Section (PERS-4832) sends instructing the transferring command to initiate a current investigation is sufficient instruction and eliminates any need to include instructions in orders regarding the investigation.

2. Procedures for NATO Billets

a. Officers ordered to NATO billets require special processing to fulfill security clearance requirements and to determine passport needs.

b. NAVPERSCOM (PERS-4832) is responsible for **certifying** clearances for officers assigned to NATO billets.

c. Prior to issuance of orders to such billets and if a security clearance is necessary, the cognizant placement officer will inform NAVPERSCOM (PERS-4832) by memorandum of the following information:

(1) Full name, rank, last 4-SSN, designator, date and place of birth.

(2) Command for which considered.

(3) Billet title or description.

(4) Estimated date of arrival (EDA) and tour date.

(5) Type of security clearance required or investigation status.

d. NAVPERSCOM (PERS-4832) will indicate the officer's security eligibility by return memorandum.

e. Any change in the information submitted to NAVPERSCOM (PERS-4832) by memorandum must be corrected by memorandum to prevent the security clearance being **certified** in error.

f. Placement officers should include NAVPERSCOM (PERS-4832) as an internal copy to addressee.

1. **Policy.** DODD 1000.17 establishes policy and assigns responsibility for the management and administration of military and civilian personnel supporting non-Department of Defense (DOD) agencies and activities.

a. DODD 5132.10 establishes policy and assigns responsibility for personnel assigned outside DOD involving individual foreign military sales funded by foreign governments and military assistance groups and missions.

b. Navy Personnel Command (NAVPERSCOM), Head, Washington Placement Branch (PERS-441) is responsible for coordinating the placement of officers in agencies outside DOD.

c. The use of DOD personnel to support non-DOD agencies and activities is rigorously controlled and all new positions are approved in writing by Office of the Assistant Secretary of Defense (MRA&L).

2. **Selection of Officers**

a. Officers selected for assignment to duties outside DOD are to be screened carefully and must have exhibited performance of the highest quality. Members on their last tours prior to retirement will not normally be assigned outside DOD.

b. **Assignment of Department of Navy (DON) Personnel to Congressional Staffs.** Personnel will not be detailed or otherwise assigned to committees of Congress or to the personal

staffs of members of Congress unless such assignment is pursuant to an established congressional fellowship program.

(1) In the case of an assignment to perform duties for a specific duration in a specific project, the assignment must be approved in advance by the Navy Comptroller or Chief of Legislative Affairs, as appropriate, and Assistant Secretary of the Navy (M&RA).

(2) DON activities are not authorized to establish independent congressional fellowship programs.

3. Generating Orders

a. Except in unusual cases, orders for officer personnel assigned to non-DOD agencies and activities will contain reimbursable accounting data.

(1) The following wording will be added to the orders:

"Pay and allowances and cost of travel are originally chargeable to MPN (accounting data for travel (**reimbursable accounting data line**) and ultimately reimbursable from (**non-DOD agency, activity or foreign government case number**))."

(2) Reimbursement will be based on rates and procedures established in DODI 4000.19.

(3) Assistant Secretary of the Navy (M&RA) provides reimbursable accounting data guidelines for application by assignment and placement officers when ordering officers to certain non-DOD agencies and activities of foreign governments.

(4) The following PTEXTS will be included in the orders:

P34025: SELECTIVE SERVICE SYSTEM, STATE DEPARTMENT, U.S. COAST GUARD, ARMS CONTROL AND DISARMAMENT AGENCY, FEDERAL AVIATION AGENCY, MERCHANT MARINE ACADEMY, NATIONAL SCIENCE FOUNDATION (NAVY ANTARCTICA), NATIONAL AERONAUTICS AND SPACE ADMINISTRATION, DEPARTMENT OF ENERGY, MARITIME ADMINISTRATION, AND OTHERS.

P34035: NO-COST MOVE, USE INSTEAD OF P34025.

P34038: DEFENSE SECURITY ASSISTANCE AGENCY (USE ON ALL ORDERS TO MILITARY ASSISTANCE GROUPS AND MISSIONS).

P34039: ALL ORDERS TO FOREIGN MILITARY SALES FUNDED BILLETS. (NOTE: ALL ORDERS MUST DIRECT MEMBER TO REPORT FOR DUTY WITH FOREIGN MILITARY SALES OR TO DETACH FROM DUTY WITH FOREIGN MILITARY SALES.)

P34041: GOVERNMENT OF KUWAIT (FOREIGN MILITARY SALES CASE DSAA-KU-_____).

P34042: GOVERNMENT OF SAUDI ARABIA (FOREIGN MILITARY SALES CASE SR-_____).

P34043: GOVERNMENT OF SPAIN (FOREIGN MILITARY SALES CASE SP-_____).

(5) Further assistance for application of reimbursable accounting data and the above PTEXTs is available from NAVPERSCOM (PERS-455D).

b. DOD instructions permit billing of standard incremental rates for incentive and special pay as well as standard rates for pay and allowances of naval personnel assigned to other government agencies.

(1) In order to determine the reimbursable charges, the disbursing office holding the member's pay record is required to submit a monthly letter report to NAVPERSCOM for each officer assigned to a reimbursable billet.

(2) All matters concerning reimbursables should be addressed to Assistant Secretary of the Navy (M&RA).

OFFICER SPECIAL ASSIGNMENTS - LIMITED DUTY OFFICER (LDO) AND CHIEF WARRANT OFFICER (CWO) ASSIGNMENTS

Responsible Office	CNO	Phone:	DSN	882-2303
	(N131)		COM	(901) 874-2303
			FAX	882-1189

1. **Policy.** Limited Duty Officers (LDOs) and Chief Warrant Officers (CWOs) are accessed, promoted and continued to fill authorized LDO and CWO billets.

a. The assignment of an LDO or CWO to billets not designated 6XXX or 7XXX, respectively, will result in a gapped LDO or CWO billet.

b. When overriding circumstances dictate, LDOs and CWOs may be assigned to other billets; however, this practice is the exception rather than the rule.

2. **Diving, Salvage, and EOD.** LDO/CWO diving billets are coded with appropriate Naval Officer Billet Codes (NOBCs) and Additional Qualification Designators (AQDs).

a. CWOs qualified in the performance of duties above will be assigned to NOBC/AQD coded billets both at sea and ashore. Should the inventory of qualified CWOs exceed the number of available billets, excess officers may be assigned to billets identified for their technical specialties.

b. LDOs qualified in the performance of duties above will continue to be assigned to billets of their occupational specialties or specific AQD billets of their designators in accordance with the career pattern of the particular LDO community. EOD qualified LDOs will be assigned to billets outside the designator only as inventory allows.

2. **SEALS.** CWO/LDO SEAL billets are coded with appropriate NOBCs and AQDs.

a. CWO/LDO qualified SEALS will be assigned to NOBC/AQD coded SEAL billets both at sea and ashore and in accordance with the appropriate SEAL CWO and LDO career path.

3. **LDO Admin (6410)/CWO Ship's Clerk (7410) to Submarine Related 6410/7410 Billets.** The following applies to assignment of LDO (Admin) and CWO (Ship's Clerk) personnel, who were enlisted submarine qualified, to specific submarine related 6410/7410 billets and should be implemented as incumbents are transferred at their normal projected rotation date (PRD).

a. All LDO (Admin) and CWO (Ship's Clerk) personnel who were enlisted submarine qualified will be assigned to billets requiring 641X/741X personnel qualified in submarines (AQD SV1). Every effort will be made to adhere to the billet grade level.

b. All submarine squadron and submarine group billets requiring 641X/741X personnel qualified in submarines will be identified as sea duty for rotation/assignment purposes.

c. In the event the inventory of SV1 coded 6410/7410 officers exceeds the number of available SV1 coded 6410/7410 billets, the excess officers may be assigned to other 6410/7410 billets. However, 6410/7410 officers not coded as SV1 will not be assigned to SV1 coded 6410/7410 billets without specific waiver approval from NAVPERSCOM (PERS-41 and PERS-42).

3. **Aviation Shore Activity Ground Electronics Maintenance Officers.** Prospective Ground Electronics Maintenance Officers (designator 6180, 7180) ordered to aviation shore activities will proceed via the Prospective Electronics Material Officer (PEMO) Training Course if the officer has not previously attended this course.

MILPERSMAN 1301-220

OFFICER SPECIAL ASSIGNMENTS - ENGINEERING DUTY OFFICER (EDO)

Responsible Office	CNO	Phone:	DSN	882-2303
	(N131)		COM	(901) 874-2303
			FAX	882-1189

1. **Policy.** Because of the unique role of the Engineering Duty Officer (EDO) as a technical restricted line specialist for the design, acquisition and life cycle maintenance of ships and ship systems, combat weapon systems, communications, ship and shore command systems, and space warfare systems, special consideration must be given to career development of the individual EDO.

a. This career can be divided into two phases - basic and professional. During the basic phase, the officer obtains basic skills as a Naval officer and an engineer.

b. The professional phase, which constitutes the majority of an EDO career, emphasizes a single technical specialty and is the period during which the officer is a practicing professional EDO.

2. **EDO Basic Phase.** During this phase, an EDO will be assigned to allow maximum opportunity to complete the following career requirements:

a. **Sea Duty.** EDOs should serve at sea, preferably in a combatant ship, early in their careers. Normally, the first tour afloat will be accomplished as an Unrestricted Line (URL) officer. Officers obtaining an Engineering Degree (ED) option from Naval Reserve Officer Training Corps (NROTC) or United States Naval Academy (USNA) will be assigned to combatant sea tours upon commissioning.

b. **Graduate Education.** Assignment to postgraduate school is essential if the officer does not have a graduate degree before becoming an EDO.

c. **Engineering Duty Qualification Program (EDQP).** All new EDOs are required to complete the EDQP. Priority will be given

to first shore duty tour assignment (other than postgraduate school) of new EDOs to commands administering the EDQP.

3. **EDO Professional Phase.** Assignments will emphasize increased officer technical competence by:

a. Increasing experience in the technical specialty (ship and ship systems, combat/weapon systems, communications, ship and shore command systems, information systems and space warfare systems).

b. Increasing involvement in design, engineering, acquisition and life cycle management of systems.

4. **Special Qualifications.** Additional consideration must be given to officers possessing special qualifications to ensure maximum usage of that qualification. Officers who have qualified in submarines, either in the URL or EDO Dolphin programs, will be assigned primarily to billets at sea in submarine tenders and ashore in type commander staffs, research and development, design and acquisition, fleet maintenance and support of submarines.

OFFICER SPECIAL ASSIGNMENTS - FULL TIME SUPPORT (FTS)

Responsible Office	NAVPERSCOM (PERS-4417)	Phone:	DSN	882-4102	
			COM	(901) 874-4102	
			FAX	882-2755	

References	(a) BUPERSINST 7040.7
-------------------	-----------------------

1. **Policy.** The Full Time Support (FTS) officer program is comprised of the following:

Unrestricted Line (URL) officers in designators...	
1167/1117	Surface Warfare
1127	Submarine Warfare
1137	Special Warfare
1147	Special Operations
1317	Pilot
1327	Naval Flight Officer

Restricted Line (RL) officers in designators...	
1527	Aviation Maintenance Duty Officer
1207	Human Resources

Staff Corps designator...	
3107	Supply

These officers direct the training of the Navy Reserve in current fleet operations. To maintain a high level of operational experience in the program, FTS officers in all grades follow the prescribed tour length per MILPERSMAN 1301-110 comparable to their Active Component contemporaries, alternating between Reserve Management tours while on shore duty.

2. Application Procedures

a. **From active duty.** Applications will be submitted per MILPERSMAN 1001-020 to NAVPERSCOM via the chain of command. Regular and Reserve officers on active duty in the Unrestricted Line (URL), Restricted Line (RL), and Supply Corps in the grade of lieutenant commander (LCDR) (with less than 3 years time in grade) and junior are eligible for selection for FTS designation.

b. **From inactive duty.** Applications will be submitted per MILPERSMAN 1320-150. Reserve officers on inactive duty in the URL, RL, Supply Corps, and Canvasser Recruiter in the grade of LCDR and junior, whose date of rank will enable them to complete at least 2 years active duty prior to consideration for promotion to the next higher paygrade, are eligible for FTS designation.

3. **Eligibility.** Reserve officers on active and inactive duty in the URL, RL, and Supply Corps in the grade of temporary LCDR and junior, who have completed their initial active duty obligation and are within 18 months of projected rotation date (PRD), are eligible for selection for FTS designator. Canvasser Recruiters who have completed 2 years of recruiting duty are eligible to apply for selection to 1207. Applicants must be able to complete 20 years of qualifying active duty service within 24 years of commissioned service.

4. **Selection.** Applicants will be considered by all FTS Selection Boards, which meet semi-annually. Applicants will be considered for FTS designation based on

- age,
- education,
- previous active duty assignments and performance,
- Navy Reserve participation, and
- assignability

so that those selected will be in a position to compete on a career basis with their contemporaries.

5. **Change of Designator.** The community manager is responsible for the submission of changes of designator to **XXX7** upon acceptance by the applicant of FTS designation.

a. **For USN officers (XXX0)**, a NAVPERS 1000/4 (Rev. 2-04), Officer Appointment Acceptance and Oath of Office will be effected upon acceptance to the FTS program. The community manager will submit changes of designator to **XXX7** upon receipt of a signed copy of NAVPERS 1000/4. For promotion and fitness report purposes, member is officially an FTS officer from the date of acceptance of Reserve commission (i.e., signed Reserve NAVPERS 1000/4).

b. **For USNR officers (XXX5) not on the active duty list**, including Selected Reserve, Canvasser Recruiter, and Active Duty for Special Work (ADSW) officers, designator is changed to **XXX7** upon execution of recall orders. Effective date for promotion and fitness report purposes is the date the member reports for recall.

6. **Active Duty Obligation**. As needs of the Navy require and except as provided for in MILPERSMAN 1321-100, the following obligations are incurred which must be satisfied prior to resignation of a Reserve commission or release from active duty:

a. Officers recalled to active duty as an FTS officer incur an obligation to serve for a minimum of 3 years in a Reserve program billet or other billet approved by the cognizant FTS assignment officer effective upon execution of recall orders.

b. Officers transferred to FTS from the active duty list incur an obligation to serve for a minimum for 2 years as an FTS officer in the Reserve program billet or other billet approved by the cognizant FTS assignment officer.

c. Officers must fulfill all commitments resulting from training, education, etc., including postgraduate education, flight training.

7. **Initial Assignment Policy**

a. The initial assignment policy for FTS is outlined in MILPERSMAN 1001-020. Both FTS aviation and surface warfare qualified officers initial assignment is:

(1) If, upon acceptance of the warfare qualified FTS designator (i.e., 1117, 1317, and 1327), the officer is operationally current in their present grade, assignment may be to Reserve Program Billets (e.g., Navy operational support centers, Reserve force squadrons). Initial assignment of FTS

aviators who are operationally current in their present grades will be primarily within Reserve Force squadrons.

(2) If the officer is not operationally current in present grade, initial assignment will be to an operational tour in units (e.g., ships, squadrons, and fleet staffs).

b. FTS officers not warfare qualified but possessing designated subspecialties or significant experience in critical areas of financial, manpower, or information technology management will be assigned to Reserve Management billets to best use their expertise.

8. Travel Information

a. Commands receiving officer accessions and detaching officer personnel from permanent assignments are responsible for ensuring that all personnel executing permanent change of station (PCS) orders prepare travel information required by reference (a) and submit the completed travel information to:

Director, Navy Family Allowance Activity (PCSVAD)
Anthony J. Celebrezze Federal Bldg.
Cleveland, OH 44199-2088

b. Pay and allowances and cost of travel are chargeable to the **Reserve Personnel, Navy** appropriation.

c. Per diem payments in support of temporary duty under instruction (TEMDUINS) are chargeable to the **Operations and Maintenance, Navy (O&M,N)** appropriation.

d. Preparation of fiscal accounting data will be per reference (a).

1. **Policy.** Assignment of Surface Warfare Officer (SWO) department heads and division officers to afloat billets will be per Exhibits 1 and 2 respectively. Exceptions to these sequencing plans will be approved by Navy Personnel Command (NAVPERSCOM), Surface Officer Distribution Division (PERS-41).

2. **Department Head Afloat Tours.** Assignment of single, first, and second tour department heads will be as prescribed in Exhibit 1.

3. **Division Officer Afloat Tours.** Typically, officers will be assigned to a 27-month initial division officer tour followed by an 18-month second division officer tour.

a. Exceptions will be considered for special circumstances such as pre-commissioning units and commands that decommission.

b. Assignment of division officers to second tour billets will be per Exhibit 2.

c. Specific billets to be filled by second tour officers will be based upon an individual command's Long Range Training and Requirement Plan (LORTARP) and the career progression needs of each individual officer.

1. **Policy.**

a. The Navy Nuclear Power Program requires the highest quality of officers. With the increasing requirement for nuclear trained surface warfare officers (SWO(N))s aboard aircraft carriers, the continued accession, retention, and development of these officers in surface warfare dictate that they every opportunity for service in the best surface combatants available.

b. Since SWO (N)s spend nearly all of their subspecialty tours in engineering billets, SWOs selected for nuclear training and nuclear qualified SWOs will be assigned to non-engineering billets on AEGIS ships or other conventionally powered combatants on a priority basis.

2. **Assignment Procedures.** The following policies are established to direct assignment of SWO(N)s, to include SWOs both selected for nuclear training and those nuclear qualified.

a. Division officer assignment:

(1) Officers ordered to conventionally powered ships will be assigned for 21 months in available non-engineering billets. SWO(N) division officers first assigned to conventionally powered ships will also serve a nominal 28-month second division officer tour in a nuclear powered ship following initial nuclear training.

(2) Officers assigned to a single division officer tour

will serve a nominal 36-month tour in a nuclear powered ship.

b. Department head assignment

(1) SWOs(N) will normally be assigned to conventionally powered ships as operations, combat systems officers or first lieutenants prior to a 2 year second principal assistant tour in a nuclear powered ship.

(2) Conventional ship department head tour lengths for SWO(N)s are 18 months unless assigned to a CG/DDG Weapons Control Officer/combat systems officer fleet-up tour, in which case the tour length will be 24 months. The total tour length for SWO(N) is limited by the requirement to re-establish nuclear proficiency at specified intervals.

c. Commanding officer (CO) and executive officer (XO) assignment.

(1) SWO(N)s will be assigned to CO and XO billets at the appropriate time for their seniority and following selection by an administrative screening board.

(2) When required to re-establish nuclear proficiency, SWO(N)s enroute to a XO/CO afloat, CO-SM, XO Afloat, or XO-SM billet should be ordered to a Commander, Naval Air Forces/Commander, Naval Air Forces Atlantic Nuclear Power Mobile Training Team for refresher training.

d. Assignment of all SWO(N)s must be approved by Navy Personnel Command, Submarine Officer Career Management Division (PERS-42).

1. **Policy.** Repatriated Prisoners of War (POWs) are, as a general rule, initially assigned to the duty of their choice provided they can perform a useful service in that area. Primary emphasis is on the individual's preference of duty assignment.

a. Repatriated POWs are not reassigned to units, which would expose them to recapture in the same area by the same country, or by nations sympathetic to that country, prior to cessation of hostilities with the capturing country.

2. **Assignment**

a. Assignment officers will monitor returnee assignments very closely and provide the necessary counseling for an early return to the established sea/shore career pattern.

b. Returnees who are not physically qualified or do not desire to return to a previous operational status should be counseled to whatever extent necessary to make them qualified and competitive for subspecialty career, if practical.

c. The following phrase will be added to the personnel (PRSN) screen of each repatriated POW's Officer Assignment Information System (OAIS) file:

"Ref: Geneva Convention Art 117 not to be assigned to combat or combat support billet without clearance."

-------------------	---

1. **Policy.** The assignment of officers approved for limited duty (LIMDU) is based on the recommendations of a medical board convened per reference (a).

a. Officers in this category are normally assigned to duty ashore by the assignment detailer, Navy Personnel Command (NAVPERSCOM). These assignments will be made in close proximity to a Navy medical facility where an officer is to receive follow-up care and reevaluation. These officers are disqualified for assignment to duty afloat or duty involving flying. Other specific duty assignment limitations/restrictions will be indicated in the approved medical board, or in the recommendation of Chief, Bureau of Medicine and Surgery (BUMED).

b. Thirty days prior to expiration of the specified period of LIMDU, the officer is reevaluated and is recommended for an additional period of LIMDU, restored to full duty, or referred for review by the Physical Evaluation Board (PEB).
