b. In cases where additional information regarding an officer's performance becomes available subsequent to detachment and transfer to another command, or after a fitness report for the period in question has already been submitted, a supplementary fitness report is normally considered more appropriate than a request for a matter of interest filing. In those cases in which a matter of interest has been recommended and the information might be construed to reflect derogatively on the officer whose record it would be filed in, the officer shall be afforded the opportunity to review the matter and shall submit a signed statement or declination to make a statement to NAVPERSCOM (PERS-834). Final determination regarding the matter of interest filing shall be made by COMNAVPERSCOM after receipt of the officer's statement.

11. **Adverse Report of Fitness**

a. In the case of an adverse report of fitness, per reference (b), the adverse matter will not be placed in an officer's record without the officer's knowledge.

b. If a fitness report contains an adverse matter, it shall be referred to the member, along with a Letter Referring Adverse Report to Officer for Statement, as the officer may choose to make a statement. If the officer does not desire to make a statement at that time, the officer shall state this officially by annotating the appropriate box on the fitness report. The

reporting senior shall forward the report directly to NAVPERSCOM, Performance Evaluations Division (PERS-32).

c. If a report referred to an officer for signature is not returned to the reporting senior within a reasonable length of time, the reporting senior shall enter an authorized explanatory phrase, per reference (a), in the signature block and forward the report to NAVPERSCOM (PERS-32). If the officer on whom an adverse report is made has been detached, the report shall be forwarded to the officer directly, not via the new reporting senior, except when the officer has been hospitalized. Refer to reference (a) for actions to follow if the officer fails to respond or refuses to sign the adverse report.

d. In all cases in which a matter may be construed as possibly reflecting adversely against an officer, Chief of Naval Personnel resolves the issue in favor of the officer concerned and gives the officer the benefit of seeing the material with the opportunity to comment thereon.

12. Information which Alleges Indebtedness, Nonsupport, or Paternity

a. When a CO is in receipt of information which alleges a claim of indebtedness, nonsupport of the officer's legal dependents, or paternity of a child born out of wedlock, regarding an officer under their command, and it becomes apparent to the CO that the officer has

(1) flagrantly mishandled personal financial affairs;

(2) repeatedly disregarded a valid court order, current mutual support agreement, or MILPERSMAN 1754-030 and controlling directives requiring them to contribute to the support of their legal dependents; or

(3) admitted paternity or was formally adjudicated to be the father of an illegitimate child, and willfully neglected to meet the obligations that may attach thereto in such a manner as to bring discredit upon the naval service

the CO shall take such action as indicated in paragraph 12b below.

b. Being guided by the merits of each case, a CO should consider:

(1) An appropriate notation in the officer's next regular report of fitness;

(2) CO's NJP;

(3) Referral to court-martial; or

(4) Request show cause, when NJP is refused and a court-martial not appropriate.

c. The mere involvement of an officer in any non-support, paternity, or indebtedness situation should not be the sole factor for considering action outlined above. However, an officer must be morally and professionally qualified for their present rank, and for promotion to the next higher grade. When an officer's conduct in such cases does, in fact, does bring discredit upon the naval service, a CO should take appropriate action to address the matter.

13. **Unauthorized or Unexplained Absence - Policy.** In all cases of unauthorized or unexplained absence (including failure to report in compliance with official orders, missing movement, or absence over leave or liberty) the CO shall immediately notify NAVPERSCOM (PERS-834) by encrypted e-mail at PERS-834@navy.mil and the servicing PERSUPP DET or personnel support activity of all facts and circumstances surrounding the officer's absence. When a naval officer has been absent for 10 days and has not been declared a deserter, notify the next-of-kin (NOK) by letter (sample provided in paragraph 14 below). If the officer returns prior to being declared a deserter, notify the NOK of such return. When an officer has been absent for more than 30 days, a DD 553 Deserter/Absentee Wanted by the Armed Forces will be issued on the 31st day of absence. DD 553 shall be issued immediately if it initially appears that the officer may have intended to desert or defect, or is absent without authority without regard to length of absence and has gone to, or remains in, any foreign country and while in such foreign country has requested, applied for, or accepted any type of asylum or residence permit from such country or any governmental agency thereof. DD 553 may be accessed by using the following link: <http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd0553.pdf>.

14. Unauthorized Absence - Sample Letter

(Use proper letter format.)

"I regret the necessity of informing you that your (son/daughter, or insert other relationship as appropriate) (insert full name and rank), who was attached to (this/the) ship (or command as appropriate) has been on unauthorized absence since (fill in). Should you know of the whereabouts of your (son/daughter or other relationship), it is suggested that you urge (him/her) to surrender to the nearest naval or other military activity immediately since the gravity of (his/her) offense increases with each day of (his/her) absence. Should your (son/daughter) remain absent for 30 days, (he/she) will be declared a deserter, and a federal warrant will be issued. Information concerning (his/her) absence will be provided to the National Crime Information Center which, in turn, is available to all law enforcement agencies throughout the country."

15. Distribution of DD 553

a. The original DD 553 shall be forwarded to Director, Corrections and Programs Office (PERS-OOD) with copies to

(1) Navy Absentee Collection and Information Center (NACIC), Millington, TN;

(2) Director, Naval Criminal Investigative Service NCIS;

(3) Next of kin;

(4) Recruiting station nearest the absentee's home of record;

(5) Headquarters of state police of the absentee's home state;

(6) Chief of police in city given as current residence, as well as, each of the cities in and adjacent to the port in which the absence occurred; and

(7) any other place where it is believed that the absentee may be located (such as a leave address previously used, and not covered above).

NOTE: Maximum notification to Armed Forces agencies near the place where the unauthorized absence occurred will be made. In foreign ports when the assistance of civil authorities is required, the CO will prepare and sign a descriptive report and send it to the nearest consul of the United States.

b. In case of aliens believed to be in a foreign country, send a copy of DD 553 to the following:

Department of State
Attn: Visa Officer-SCA/VO
State Annex No. 2
Washington, D.C. 20520

c. For U.S. citizens believed to be in a foreign country, send a copy to the following:

Department of State
Passport Office/PTLS
1425 K Street, N.W.
Washington, D.C. 20524

d. A copy of DD 553 shall be filed in the officer's service record, but removed upon the officer's return and completion of administrative and or disciplinary action. NAVPERSCOM will normally notify the Federal Bureau of Investigation (FBI) concerning absentees. When unusual circumstances exist such as unauthorized absentees who are escaped prisoners, or are dangerous, the local CO may notify the FBI.

16. **Absentee's Personal Effects**. When DD 553 is issued, the CO shall cause the absentee's personal effects to be collected, inventoried, and placed in safekeeping. Instructions for the appointment of an inventory board and detailed description of its duties are contained in reference (g). The personal effects of an absentee will be held at the absentee's parent command for 3 months, after which they will be disposed of per reference (g). If an officer returns to naval jurisdiction **within 3 months** after commencement of absentee status, the officer's personal effects will be returned to the officer at the officer's request, should the officer so desire. If the officer returns to naval jurisdiction **after 3 months** following commencement of unauthorized absence, the officer's personal effects may be forwarded at the officer's own expense, provided the officer is still in naval custody.

17. **DD 616 Report of Return of Absentee.** After DD 553 has been issued, it will remain effective until such time as the officer's return to naval jurisdiction, at which time DD 616 will be issued. DD 616 may be accessed by using the following link:

<http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd0616.pdf>.

18. **Absentee's Health and Pay Records.** The absentee's health and pay records will be handled following instructions contained in references (g) and (h), respectively. A copy of the officer's records maintained by the command and a copy of DD 553 will be forwarded to NAVPERSCOM (PERS-OOD) and NACIC following 30 days absence; but for administrative purposes, the absentee will remain attached to the absentee's parent command until further instructions are received from NAVPERSCOM. Members who become absentees subsequent to detachment, but prior to reporting to a new duty station, are attached for administrative purposes to the first activity to which ordered to report for duty.

19. **Upon the Absentee's Return.** Upon an absentee's return from unauthorized absence, the CO receiving the absentee shall report the circumstances by message to NAVPERSCOM (PERS-OOD) and NACIC Millington, TN, including action taken or contemplated, and submit DD 616 to NAVPERSCOM with copies to addressees listed on the previously issued DD 553 (if available). NAVPERSCOM will distribute copies of the DD 616 if the addressees are unknown by the CO receiving the absentee. Appropriate disciplinary action, as warranted, shall be initiated by the CO of the command to which the absentee returns, unless the absentee returns to other than their assigned duty station, in which case NAVPERSCOM will determine the responsible CO and issue appropriate orders. The CO of the officer concerned will initiate any checkage of pay or the loss of earned leave credit in cases of unexcused absence. Reports of such action will be submitted to the disbursing officer for forwarding to DFAS-CL.

OFFICER DETACHMENT FOR CAUSE

Responsible Office	NAVPERSCOM (PERS-483)	Phone:	DSN COM FAX	882-2090 (901) 874-2090 882-2625

-------------------	---

1. What Is DFC?

a. Detachment for Cause (DFC) is the administrative removal of an officer, whether on active duty or in the Selected Reserve, from the officer's current duty assignment before their normal transfer or planned rotation date. An approved DFC waives minimum time on station (MTS) and prescribed tour length (PTL) requirements for releasing permanent change of station (PCS) funds.

b. The need for a DFC arises when an officer's performance or conduct detracts from accomplishing the command mission, and the officer's continuance in the billet can only negatively impact the command. DFC is one of the strongest administrative measures used in the case of officers. An approved DFC, together with endorsements, is filed in the officer's official record. As such, a DFC has a serious effect on the officer's future naval career, particularly with regard to promotion, duty assignment, selection for schools, and special assignment. The initiation of a DFC, therefore, should be undertaken with full appreciation of its gravity.

2. When DFCs are not Appropriate. DFCs generally are not appropriate as follows:

a. **For, or instead of, disciplinary action.** Appropriate disciplinary action should be taken when warranted. When misconduct is adjudicated at court-martial or mast, the

commander or commanding officer (CO) initiating the disciplinary action should incorporate a request for the officer's detachment in the command's report of misconduct as required by MILPERSMAN 1611-010. In such cases, formal written notification of the DFC request to the officer must be made and subsequently documented in the report of misconduct.

b. **Except as noted below, for characterizing an officer's performance of duty in a billet.** Performance appraisal is more appropriately dealt with in a report of fitness. If substandard performance or misconduct comes to light after the officer has transferred, that information may and should be reported in a supplemental fitness report and/or serve as a basis for a disciplinary proceeding.

c. **In a case of a Selected Reserve officer, review reference (a) for administrative removal procedures.** The DFC process may be used to characterize the administrative removal from a billet as "**for cause,**" and may run concurrently or follow the administrative removal action outlined in Reserve personnel instructions. The DFC process may be appropriate in cases of misconduct or extensive documentation of unsatisfactory performance.

3. **Reasons for Requesting the DFC.** Reasons for requesting a DFC include the following:

a. **Misconduct.** Any act of misconduct, civil or military, may form the basis for a DFC request. Only in unusual instances will a DFC request by reason of misconduct be approved without disciplinary action having been taken by the command. If no disciplinary action is taken by the command, the rationale for not taking action must be included in the request for the DFC.

b. **Substandard performance involving one or more significant events resulting from gross negligence or complete disregard of duty.** Gross negligence or complete disregard of duty are required for a DFC request on this basis.

(1) For example, consider the case of an Engineering Officer who prepares for an Engineering Assessment and fails. Unless the Engineering Officer was grossly negligent or completely disregarded the officer's duties in preparing for, or during the assessment, a DFC would not be appropriate under these circumstances. If, however, the command has noted deficiencies in performance and provided meaningful counseling

and guidance before the event, a DFC may be appropriate by reason of substandard performance over an extended period of time as discussed below.

(2) When an officer requests to be relieved, this action by itself will be considered a significant event for purposes of this article.

c. Substandard performance of duty over an extended period of time. There is no fixed time period for this basis; it is dictated by the facts and circumstances of the particular case and the efforts expended by the command to assist the officer in overcoming perceived performance deficiencies. This basis applies to specific performance deficiencies that continue to exist after corrective action has been taken.

d. Loss of confidence in an officer in command. The unique position of trust and responsibility an officer in command comprises: the officer's role in shaping morale, good order, and discipline within the command and the officer's influence on mission requirements and command readiness. It is thus imperative that immediate superiors have full confidence in the officer's judgment and ability to command. An articulated, fact-supported loss of such confidence by the immediate superior, with the concurrence of a flag officer in the chain of command, is a sufficient basis to detach an officer in command.

4. Procedural Requirements before Initiating a DFC Request.

Procedural or leadership requirements before initiating a DFC request include the following:

a. Command counseling, guidance, training, and appropriate use of fitness reports are required. Letters of instruction are encouraged as they serve to clearly communicate the actions necessary to improve and provide evidence of the timing and focus of the counseling. COs must guide and motivate members of their commands and should demonstrate attempts to take action to correct the problem since a DFC may serve no useful purpose other than to relocate the problem. Generally, the motivated officer will respond to appropriate counseling and guidance, whereas the unmotivated officer may not.

b. Reassignment within the command has been considered and is not a reasonable alternative.

c. **All bases for DFC must be adequately supported by an appropriate investigation (as applicable), or documentation and written counseling.** When the DFC request is based on one or more significant events, ensure that the details of the events are adequately documented.

d. **Report of Misconduct.** When nonjudicial punishment (NJP) or trial by a court-martial is indicated and misconduct is the sole reason for the request, a request to detach the officer should be included in the command's letter report of the misconduct as required by MILPERSMAN 1611-010. In such cases, documentation of the officer's notification of the DFC recommendation and the officer's response thereto shall be included in the report of misconduct.

e. **Advisement.** An officer requesting to be relieved will be advised by the officer's CO of the seriousness of such a request and its impact on the officer's career before the request is accepted.

f. **Documentation.** When substandard performance of duty over an extended period of time is involved, ensure the developing situation has been properly documented by the use of fitness reports, command counseling, training, and guidance. The fact that a letter of instruction (LOI) has been issued may be duly noted in a fitness report and, if properly drafted, may serve to document that the requisite command guidance and counseling has been given.

(1) **Guidance and Counseling.** Strong, frank, and meaningful command guidance and counseling must be given and documented in this type of DFC request. These are management-assist tools targeted to advise the officer of the need for improvement and to help in that improvement process. The degree to which guidance and counseling is provided will vary depending on the seniority and experience of the subject officer. In many cases frank and meaningful discussion will achieve the desired improvement but, in such cases, a memorandum for the record should be considered.

(2) **LOI.** An LOI, if used, must describe specific weaknesses, recommend suitable and reasonable measures for improvement, clearly establish the desired performance standard, and, if appropriate, establish a period of time for correction of the performance deficiency. The LOI must be delivered to the officer at the time of counseling and the officer should

acknowledge receipt in writing. Per reference (d), 0105(a), an LOI is separate and distinct from nonpunitive censure, see step 6 below. (Note that counseling and guidance, including issuance of an LOI, may not be appropriate for misconduct, unsatisfactory performance involving a significant event, or loss of confidence.)

(3) **Time.** The officer must be given a reasonable period of time to improve and achieve a satisfactory level of performance. The period given will vary with the requirements imposed on the officer by the command counseling or LOI and must be reasonable under the circumstances.

5. **Requirements for Requesting a DFC.** The following steps are required in requesting a DFC:

Step	Action
1	State the specific reason or reasons for the request.
2	Indicate the time the officer has been on board and the length of time in the position to which the DFC applies.
3	Provide a detailed statement describing the facts and circumstances, which support the basis for the request. For requests based on a significant event, describe the event involved, the officer's duties, and the disregard or gross negligence associated with the performance of those duties.
4	If the request is made on the basis of substandard performance of duty over an extended period of time, indicate what corrective actions were taken to improve or correct the officer's performance and the results of those actions. A special report of fitness is not required to support a DFC request; however, the request should document a chronology of precipitating events and evidence of command counseling and guidance.
5	Indicate whether or not the command has taken disciplinary action, explaining the rationale. If misconduct is not the sole basis for the DFC, do not forward the request until all disciplinary action is completed, including any appeals.
6	Include a statement that the request, if approved, will be filed in the officer's official record. NOTE: Nonpunitive censure may neither be mentioned in the request nor included as enclosures unless as surrebuttal to the officer's claim that adequate counseling was not provided. (The facts and circumstances that invoke nonpunitive censure, however, may be mentioned in the request.) By contrast, there is no restriction on the inclusion of LOIs in a DFC request to document command counseling and guidance.
7	Provide formal written notification to the officer, advising of the initiation of the DFC request and soliciting the officer's response thereto (usually within 15 days). State in the DFC request that the officer has been given written notification and an opportunity to respond.

6. **If the Officer Refuses to Acknowledge the DFC.** If the officer refuses to acknowledge the DFC, explain the DFC process to the officer (i.e., the DFC will be included in the officer's official record and the officer has a right to submit a written statement), indicate on the acknowledgment form that the officer was advised of the process and refused to acknowledge, and sign and date the acknowledgment.

7. **Officer's Statement.** Any statement made by the officer must be couched in temperate language, be confined to the pertinent facts, and neither impugn the motives of others nor make countercharges. It should be thoughtful and to the point.

8. **Exceptions to the Requirement for Referral of the DFC Request to the Officer.** Exceptions to the requirement for referral of the DFC request to the officer concerned may be made only under the following conditions with the reasons for nonreferral set forth in detail in the DFC request or in an endorsement to the request:

a. When the officer is under medical care and the attending physician or clinical psychologist considers that referral of this matter to the officer would adversely affect the officer's condition.

b. When such referral would constitute a disclosure of classified material to which the member is not authorized access, but only where the matter cannot be sufficiently declassified in part to allow the officer concerned to be informed of the possible action against the officer.

9. **Submission Process.** When the determination has been made to request the DFC of an officer, notify Navy Personnel Command (NAVPERSCOM), Conduct and Separations Branch/Career Management Department (PERS-483/PERS-4) by telephone, E-Mail, or other correspondence. Briefly state the basis for the DFC. Indicate "For Official Use Only." Preliminary action will commence, but in all cases the command must subsequently submit a DFC request in the form of a detailed letter as outlined below. Final action will be taken by NAVPERSCOM only on the basis of this letter, which, with the officer's statement, may be made a part of the officer's official record.

a. The request will not be made as an enclosure to a fitness report or other correspondence, but may include such items as enclosures to the DFC request.

b. NAVPERSCOM does not desire and strongly discourages the inclusion of classified information in a DFC request unless it is impossible to submit the request without the classified document. Proper classified material handling procedures must be used if such material must be submitted. The DFC request should be unclassified. To ensure privacy in handling, mark the DFC request "For Official Use Only" and mail it in double envelopes. Address the outer envelope to NAVPERSCOM (PERS-483), and mark the inner envelope, "Officer Performance, For Official Use Only."

10. **DFC for Misconduct when Punishment is not awarded at NJP or Court-Martial.** DFC for misconduct when punishment is not awarded at NJP or court-martial will continue to be processed per this article.

a. The command's DFC request should include the following:

(1) Whether the officer's misconduct warrants promotion delays or removal (if on a promotion list).

(2) Whether the officer should be required to show cause for retention in the Naval Service.

b. In court-martial cases when dismissal is not awarded but the command desires the officer's DFC, provide a cover letter to the court-martial order that addresses the aforementioned issues.

c. If a recommendation is adverse to the officer, forward the request to NAVPERSCOM (PERS-483) via the officer.

(1) The officer's statement may only address the issues of detachment, promotion delay or removal, and/or show cause processing.

(2) After the officer has submitted comments, return to the command for second endorsement and then forward the report for endorsement by the first flag officer in the administrative chain of command. Avoid inclusion of new information when possible in the second endorsement to prevent additional notice requirements to the officer concerned.

11. **All Other DFC Requests.** All other DFC requests must be sent to NAVPERSCOM (PERS-483) via the officer concerned and the

administrative chain of command (to include at least a flag officer). This does not prohibit fleet commanders or type commanders (TYCOMs) from requiring DFC requests to be forwarded through their chain of command.

a. The officer being processed for DFC should normally be the first via addressee on the DFC request; the requesting command will be the second.

b. If the officer is no longer assigned within the geographic area of the requesting command, the first via addressee will be the officer's current temporary command. A copy of the officer's written statement will be provided to the requesting command and a notation to that effect will be made on the endorsement forwarding the DFC.

c. The requesting command may comment on the officer's statement; however, if this comment includes adverse factual matter not previously addressed or included in the DFC request, the officer concerned must be provided a copy and be given an opportunity to respond. The same is true if any subsequent endorsement includes adverse factual matter not previously addressed or included in the DFC request.

d. Flag-officer-initiated requests may be forwarded to NAVPERSCOM (PERS-483), via the officer concerned, with copies to the administrative chain of command and the operational commander.

e. Requests originated by commanders or commanders of joint staffs may be addressed directly to NAVPERSCOM (PERS-483) via the officer concerned and will be given special handling. Compliance with the other provisions here relating to DFC requests is required.

f. Requests on officers serving with Marine Corps units will be in compliance with this article. The detachment request will be forwarded to NAVPERSCOM (PERS-483) via the officer concerned and the applicable Marine Corps chain of command.

g. Requests on officers serving with Army, Air Force, or Coast Guard units are contained in MILPERSMAN 1300-060 and reference (b).

h. Expeditious processing and forwarding of a DFC request is mandatory, as the officer concerned is normally in a

nonproductive status awaiting final determination of the request. In the absence of unusual circumstances, the DFC request should be forwarded within 5 working days of receipt by each command in the routing chain.

12. Additional Requirements Governing the DFC of an Officer in Command. Additional requirements governing the DFC of an officer in command include:

a. A request for the DFC of an officer in command generally evolves from the same type of circumstances delineated above. An evaluation by a superior in the chain of command of failure on the part of an officer in command to exercise sound judgment in one or more areas and loss of confidence will constitute a sufficient basis to request the DFC of that officer. If the responsible superior is not a flag officer, it is desirable that the concurrence of a flag officer in the chain of command be obtained, when practicable, prior to acting.

(1) For the purposes of this paragraph, an officer in command is any officer who holds authority to punish subordinates under reference (c), article 15. Department head equivalent billets will not be considered as officer in command; therefore, the loss-of-confidence basis would not be appropriate. Executive officers (XOs) detailed to automatically fleet up to the CO billet may be detached under this paragraph.

(2) When a determination has been made to request the DFC of an officer in command, Commander, Navy Personnel Command (COMNAVPERSCOM) will be notified by telephone, E-Mail, or other correspondence. Provide

(a) a brief description of the underlying basis for the DFC,

(b) information pertaining to whether the officer has been relieved (if appropriate),

(c) the name of the ISIC requesting the DFC, and

(d) the name of the officer designated as acting CO or officer in charge (OIC).

b. Appropriate action will be taken in response to the notification, which will normally be to issue the officer temporary duty orders to the staff of a superior in the administrative chain of command pending final resolution of the

DFC. Liaison with the appropriate superior will determine the timing for providing a relief.

c. The initial notification will be followed by a letter request. This DFC request will be forwarded via the officer concerned for the officer's statement as described above and will then be forwarded via the TYCOM and the administrative chain of command to NAVPERSCOM (PERS-483). The TYCOM will send the request to NAVPERSCOM with copies to the fleet commander. This does not prevent the fleet commander from requiring such requests to be forwarded via the fleet commander.

d. Although an officer may have been relieved of command, NAVPERSCOM will not characterize a detachment as "for cause" and record that fact in an officer's record until the DFC request, statement of the officer concerned, and endorsements have been reviewed.

e. In addition to the DFC request, the circumstances may warrant an investigation under reference (d) or other type of inquiry. If such an investigation is commenced, send an advance copy of the appointing order, the report, and each endorsement to NAVPERSCOM (PERS-483).

f. Nothing in the foregoing detracts the inherent authority of a superior in command to relieve an officer in command of a subordinate unit in order to assure accomplishment of the assigned mission. In such case, the summary relief should be followed by a DFC request.

13. Requirements Governing Prospective Officers in Command under Investigation

a. Prospective commanding officers (PCOs) (including, in some cases, prospective OICs) under investigation for conduct or performance that may lead to disciplinary action or adverse administrative action will not be permitted to assume command. After the respective investigation has been completed, the PCO will be reevaluated for command suitability.

b. The PCO's reporting senior will follow these three steps:

Step	Action
1	Except in those instances when the investigation would be jeopardized, the reporting senior will notify the PCO personally and in writing of allegations against the PCO and that the PCO will not assume command until the investigation is completed and a determination of fitness for command has been made.
2	Provide the PCO with an opportunity to make a written statement (generally in no less than 15 calendar days of receipt of written notification.)
3	Forward copies of the notification, any details of circumstances surrounding the allegations, and the officer's statement (if any) to NAVPERSCOM (PERS-483) via the administrative chain of command.

c. The investigation will be conducted on a priority basis, to be completed within 30 days.

d. A PCO will continue to progress through the appropriate training pipeline during the investigation, unless the individual specifically requests a transfer.

e. Results of the completed investigation will be forwarded by the responsible command to NAVPERSCOM (PERS-483), via TYCOM, for resolution and final determination of the PCO's fitness for command.

f. In those unusual cases wherein a completed investigation and determination of fitness for command cannot be obtained in time to provide an orderly assumption of command, the TYCOM will forward a request for reassignment of PCO and assignment of a qualified officer to command. This request will be forwarded to NAVPERSCOM (PERS-483).

(1) The PCO concerned will be notified in writing of an approved reassignment request and the circumstances that invoked the action.

(2) If the DFC is not approved, priority action will be taken to return to the officer's normal career path and place the officer in command as soon as practical.

14. **Action required after the Request.** The next superior in command who is a via addressee to the DFC request should, whenever possible, conduct an interview with the officer concerned and make appropriate comments concerning the interview in the endorsement to the request.

a. Material relating to a DFC request will not be attached to or referred to in fitness reports until a final decision on it has been made. The CO may, however, comment on the performance or conduct that led to the DFC request. Reference (e), article 1122 applies. See reference (f) for policies concerning detachment fitness reports in case of DFC.

b. When a DFC request has been initiated or, in special circumstances, contemplated, the officer concerned may be assigned in a temporary additional duty (TEMADD) status to a nearby command provided the cognizant TYCOM agrees. For officers in command, see paragraph 12, above.

c. In requests involving officers in command, unless another officer is detailed by NAVPERSCOM to assume command awaiting the outcome of the request, command devolves per the succession-to-command provisions of reference (e).

16. Officer's Response to DFC

(DATE)

I have received the letter requesting my detachment for cause and I understand the request may be filed in my official record.

I am aware of the contents of MILPERSMAN 1070-020 and I (do/do not) desire to make a written statement.

I further understand that I have 15 calendar days from this date (until [specific date]) to submit my statement. If I make such election and then fail to submit a statement in that period of time, it will be treated as a waiver of that right.

I understand that any statement I make must be couched in temperate language, be confined to the pertinent facts, and not impugn the motives of others or make countercharges.

1. Policy

a. Detachment for Cause (DFC) is the administrative removal of a member from a current duty for unsatisfactory performance of duty or misconduct before member's normal transfer or planned rotation date. Chief petty officers (E-7 through E-9) may be detached for cause under this article. Selected petty officers who are serving in a billet in which the member is the only one of the member's rating specialty (disbursing clerk, independent duty corpsman etc.) and those serving in a billet normally assigned to a chief petty officer may also be considered for DFC. As a matter of policy, the Chief of Naval Personnel considers that shore commands (particularly those in the continental United States) should be capable of dealing with problem petty officers without resorting to DFC.

b. DFC is one of the strongest administrative measures used and should only be requested when all other efforts (i.e., training, counseling, guidance, treatment, reassignment within the command, etc.) are exhausted. DFC will not be used in lieu of disciplinary action or administrative discharge, nor is it a bar to such action or an excuse to transfer a problem Sailor to another command. **Commander, Navy Personnel Command may direct administrative separation processing per MILPERSMAN 1910-233. However, DFC is not necessarily a bar to retention or reenlistment eligibility.**

c. Unsatisfactory performance can be limited to a single significant event where negligence, incompetence, or disregard of duty is involved, or it can involve substandard performance over an extended period of time (normally 3 to 6 months).

d. In cases of unsatisfactory performance over an extended period of time, appropriate documentation of guidance and counseling is critical. Issuance of a Letter of Instruction (LOI) (although not required) should be used in most cases. The member must be given a reasonable period of time to correct deficiencies. Unsatisfactory performance of duty should also be documented by evaluation reports.

e. Misconduct. Any act of misconduct (civil or military) may form the basis for a DFC request. If no disciplinary action is taken by the command, the rationale for not taking action should be included in the request for DFC.

2. **DFC Request**. All DFC requests must be sent to Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separation Branch (PERS-832) via the member who is being considered for DFC and the chain of command (to include at least the first flag officer).

a. The member being processed for the DFC should normally be the first via addressee on the DFC request; the requesting command will be the second.

b. If the member is no longer within the geographic area of the requesting command, the first via addressee will be the member's current temporary command. A copy of the member's written statement will be provided to the requesting command and a notation to that effect will be made on the endorsement forwarding the DFC request.

c. The requesting command may comment on the member's statement in the second endorsement; however, if this comment includes adverse factual matter not previously addressed or included in the DFC request, the member concerned must be provided a copy and be given an opportunity to respond. The same is true if any subsequent endorsement includes adverse factual matter not previously addressed or included in the DFC request.

d. Flag-officer-initiated requests may be forwarded to PERS-832 (via the member concerned) with copies to the administrative chain of command and the operational commander.

e. Requests originated by commanders or commanders of joint staffs may be addressed directly to PERS-832 via the member

concerned and will be given special handling. Compliance with the other provisions herein relating to DFC requests is required.

f. Requests on members serving with other branches of service will be in compliance with this article. The DFC request will be forwarded to NAVPERSCOM (PERS-832) via the member concerned and the applicable chain of command.

g. Expeditious processing and forwarding of a DFC request is mandatory (as the member concerned is normally in a nonproductive status awaiting final determination of the request). In the absence of unusual circumstances, the DFC request should be forwarded within 5 working days of receipt by each command in the routing chain.

3. **DFC Request Contents**. DFC requests will contain the following:

- a. The basis for the request.
- b. A detailed statement of the circumstances leading to the DFC request, including a specific description of incident(s) and a chronology of events.
- c. (In the case of unsatisfactory behavior or performance over a period of time) a copy of the member's administrative counseling/warning (see MILPERSMAN 1910-204) and or LOI.
- d. Enlisted performance evaluation or fitness reports documenting the member's unsatisfactory behavior or performance (if applicable).
- e. A statement of disciplinary action taken or contemplated (if any).
- f. Whether administrative separation processing has/will be commenced or not; if not, Commanding Officer's rationale for retention in the naval service.
- g. Location of member pending DFC request (if not at parent command).
- h. Any other supporting documentation relevant to the case.

DENIAL OF REENLISTMENT FOR CAREER PETTY OFFICERS

1. **Policy/Procedure**. The Petty Officer Quality Control Program was established in 1980 and disestablished by ALNAV 253/96. The focus of the Petty Officer Quality Control Program was to provide centralized Naval Personnel Command (NAVPERSCOM) oversight of career petty officers with identified performance or behavior deficiencies, provide guidance to improve those deficiencies, and to monitor their performance for improvement. NAVPERSCOM will no longer screen service records to identify individuals who should not be reenlisted for performance or behavior deficiencies. This oversight function will now be delegated to unit commanding officers (COs). If a servicemember objects to a decision to deny reenlistment, the CO will forward a denial of reenlistment recommendation to NAVPERSCOM, Enlisted Performance and Separations Section (PERS-4832). The recommendation will include the rationale for denial and the supporting documentation. The affected servicemember shall be provided the opportunity to make a statement. NAVPERSCOM (PERS-4832) will make final determination of reenlistment eligibility. COs shall evaluate each individual on quality standards including performance of duty, military/personal conduct, leadership, financial responsibility, sobriety, willful racism, sexism and acting to deny equal opportunity, and management ability (E-7/8/9). -------------------	---

1. **General Provisions.** General provisions applicable to all enlisted (E-6/7/8/9) cases involving performance or conduct:

a. If it is expected that disciplinary action, military or civilian, may be taken against an enlisted member in pay grade E-6/7/8/9, the member should not be transferred until such action has been resolved. When a modification of orders is necessary, the below Navy Personnel Command (NAVPERSCOM) offices should be notified of the circumstances, provided with recommendations, and requested to issue orders as may be appropriate:

- NAVPERSCOM, Enlisted Performance and Separations Branch (PERS-832)
- NAVPERSCOM, Career Management Department (PERS-4) (applicable detailee branch, i.e., PERS-401, 402, 403, etc.)

b. Additionally, if it is expected that disciplinary action, military or civilian, may be taken against an enlisted Sailor selected for or currently in any Naval Nuclear Propulsion Program training pipeline, or if the Sailor possesses a current

Nuclear Navy Enlisted Classification (NEC) code, the below listed offices will also be notified of the circumstances:

- Office of Chief of Naval Operations, Nuclear Propulsion Program Manager (OPNAV (N133))
- NAVPERSCOM, Enlisted Submarine/Nuclear Power Assignments (PERS-403)

c. There is no authority to retain personnel beyond their normal release from active duty (ACDU) date unless court-martial charges have been preferred. A request to retain a member beyond the normal release from ACDU date in order to impose nonjudicial punishment (NJP) will not be granted. If it is not practicable to impose NJP prior to the release from ACDU, the reporting senior should make appropriate comments in the detaching evaluation report.

d. When misconduct or deficiencies in the performance are discovered after the submission of the evaluation report, a supplemental evaluation per reference (a) should be submitted as appropriate.

e. Except as provided in MILPERSMAN 1070-080, personnel must be given notice of, and an opportunity to respond to, all adverse matters which are being forwarded to NAVPERSCOM for inclusion in their official record. The member's intention not to make a statement shall be indicated in writing or by the expiration of a stated period of time within which the member, after having been so advised, was afforded such an opportunity and failed to submit a statement. Any doubt as to whether a particular matter is adverse will be resolved in favor of the member by referring it to the member. Direct the member's attention to reference (b), article 1122 for guidelines regarding submission of a statement.

f. NAVPERSCOM (PERS-832) shall be informed and kept apprised by appropriate means of communication (letter or E-Mail) of incidents involving performance or conduct which may be of widespread public interest, or those which will require action by NAVPERSCOM concerning the member's status. Unless indicated otherwise, these reports are intended for information and appropriate action and not for inclusion in the member's official record. Point of contact (POC) information should be provided.

g. When practical to do so with clarity and without prejudice to the member concerned, facts or details requiring reports to be classified should be omitted. Information should not be classified solely because it is embarrassing or derogatory to the member. Unless required for security reasons, reports of NJP should be designated "For Official Use Only" and transmitted in double envelopes. The outer envelope should be addressed to NAVPERSCOM (PERS-832) and the inner envelope marked "Enlisted Performance, For Official Use Only" as appropriate.

2. Misconduct - Courts-Martial

a. When court-martial charges have been preferred against a member, the commanding officer (CO) will immediately send a copy of the charges and specifications with explanatory information to NAVPERSCOM (PERS-832). The CO will keep NAVPERSCOM (PERS-832) informed of the status and disposition of the charges. Unless indicated otherwise, these reports are intended for information and appropriate action and not for inclusion in an official record.

b. At the conclusion of trial, the CO will forward a letter, Report of Results of Trial, to NAVPERSCOM (PERS-832). The report is to include as an enclosure a copy of the charges preferred and the disposition of each, as well as the final sentence adjudged.

c. If a discharge was not awarded, but a guilty finding was determined on any of the charges, the CO is to provide a recommendation whether the member should be processed for administrative separation. The letter shall be sent via the member if a recommendation for separation is included in the report.

3. Misconduct - NJP

a. When NJP is complete, the authority imposing punishment shall immediately notify NAVPERSCOM (PERS-832) by letter, Report of Nonjudicial Punishment, as soon as the results are final (i.e., when the member declines to appeal, does not appeal within the required time, or after the appeal has been adjudicated). Forwarding the Report of Nonjudicial Punishment via the first flag in the chain of command **is not required nor desired** in cases involving enlisted personnel.

b. If NJP is imposed upon an enlisted Sailor in the Naval Nuclear Propulsion Program training pipeline, or one who possesses a current nuclear NEC code, the Nuclear Propulsion Program Manager at the below listed offices will also be notified of the circumstances:

- OPNAV (N133)
- NAVPERSCOM (PERS-403)

c. The following documents shall be forwarded with the Report of NJP as enclosures thereto:

(1)	Offenses for which the punishment was imposed.
(2)	A brief description of the circumstances surrounding the offenses.
(3)	The punishment awarded.
(4)	A copy of the punitive letter, if one given.
(5)	A copy of the investigation and other documents which were considered at NJP, to include rights statements.
(6)	A copy of the NAVPERS 1626/7 Report and Disposition of Offenses.
(7)	A summary of any statement, if made by the member at NJP.
(8)	A copy of the appeal and the letter denying an appeal or the member's written declination to appeal.
(9)	A dated acknowledgment by the member that the member has reviewed the letter report of NJP, was advised of any adverse actions recommended by the command, and that the report will become part of the member's official record.
(10)	If an appeal is granted on only a portion of the NJP imposed, the report should be submitted with a copy of the appeal letter which will be included in the official record.

d. Upon receipt of the letter report, NAVPERSCOM (PERS-832) will review the report of NJP for completeness and accuracy and will submit the report to NAVPERSCOM, Personnel Information Management Department (PERS-3) for filing in the member's official record.

4. **Misconduct - Civil Offenses**. In civil cases where a member has been arrested in connection with, or charged with, a civil offense which would constitute an offense if charged under reference (c), the CO shall report to NAVPERSCOM (PERS-832) by

message initial pertinent information. This includes civil charges for drunk, impaired, or reckless driving. Subsequent status reports shall be submitted as appropriate. When the results of the civil action become final, the CO shall submit a Final Civil Action Report to NAVPERSCOM by letter. Since this letter may become a part of the member's official record, it shall include the following:

a.	A brief description of the incident for which the member was investigated/arrested/tried.
b.	A statement of the charges as filed, if applicable.
c.	A statement of the pleading or findings, if applicable.
d.	A statement of the sentence imposed, if applicable.
e.	A statement listing any diversionary actions (i.e., community service, attend Mothers Against Drunk Driving (MADD) meetings, attendance at a specified class, etc.) allowed by the court resulting in a dismissal of the civil charges.
f.	A copy of the civil court document reflecting final disposition of the matter.
g.	The command action being taken or recommended.
h.	A dated acknowledgment by the member that member may, within 5 days of the acknowledgment, make a statement concerning the matter

NOTE: A member's failure to submit a statement within the required time period shall not be cause for a delay in forwarding the letter report to NAVPERSCOM (PERS-832). If the member submits a statement after the letter report is forwarded, send the statement under separate cover or by letter of transmittal.

5. **Misconduct - Pay Matters**. COs or commanders will report, via their local Personnel Support Activity Detachment (PERSUPPDET) or disbursing officer, to the Defense Finance and Accounting Service, Cleveland Center (DFAS-CL), the results of all cases of unauthorized absences and any punishment from NJP or court-martial which involves a forfeiture, fine or reduction in grade. This report will be in addition to the aforementioned report. The report shall include the inclusive dates of the unauthorized absence and/or the details concerning the forfeiture, fine or reduction in grade.

6. **Nonpunitive Actions Administered Orally or by Letter of Caution**. Non-punitive actions administered orally or by letter of caution not intended for inclusion in the permanent record of the member are not considered punishment within the purview of

reference (c), but are considered nonpunitive measures as described in reference (d), section 0105b. Notation thereof shall not be made in a fitness report and a copy of such letter shall not be forwarded to NAVPERSCOM for inclusion in the member's official record. The performance of duty or facts upon which the action was based may properly be mentioned in the next evaluation report of the member concerned.

7. Matter of Interest Holdings

a. NAVPERSCOM determines whether records or reports of formal or informal investigations, or of courts of inquiry or other matters, should be held to contain matters of interest in the official records of any present or former member. A matter of interest, holding ensures that the entire report of a matter, rather than excerpts which might appear in either evaluations, letters of commendation, letters of censure, or other means; is available to future reviewing, examining, or selection authorities. Matters of interest are administrative actions by NAVPERSCOM and should not be recommended by commands in lieu of, or as a substitute for, commendatory or disciplinary action or appropriate markings and comments in an evaluation report.

b. In cases where additional information regarding a member's performance becomes available subsequent to their detachment and transfer to another command, or after an evaluation report for the period in question has already been submitted, a supplementary evaluation report is normally considered more appropriate than a request for a matter of interest holding. In those cases in which a matter of interest holding has been recommended and the information might be construed to reflect derogative on a member involved, the member shall be afforded the opportunity to review the matter and shall submit a signed statement, or declination to make a statement, to NAVPERSCOM. Final determination regarding the matter of interest holding shall be made by NAVPERSCOM after receipt of the entire case, including the member's statement.

8. Adverse Evaluation Reports

a. In case of an adverse evaluation per reference (b), adverse matter will not be placed in a member's record without the member's knowledge.

b. If an evaluation contains adverse matter, it shall be referred to the member, along with a Letter Referring Adverse

Report to Member for Statement, as the member may choose to make a reply. If the member does not desire to make a statement at that time, member shall state this officially by annotating the appropriate box on the evaluation report. The reporting senior shall forward the report directly to NAVPERSCOM, Performance Evaluations Division (PERS-32) following the guidance in reference (a).

c. If a report referred to a member for signature is not returned to the reporting senior within a reasonable length of time, the reporting senior shall enter an authorized explanatory phrase per reference (a) in the signature block and forward the report to NAVPERSCOM (PERS-32). If the member on whom an adverse report is made has been detached, the report shall be forwarded to the member directly and not via the new reporting senior, except when the member has been hospitalized. If the address of the member reported upon is not known, the report shall be forwarded to NAVPERSCOM (PERS-32) for referral.

d. In all cases in which a matter may be construed as possibly reflecting adversely against a member, Commander, Navy Personnel Command (COMNAVPERSCOM) resolves the issue in favor of the member concerned and gives the member the benefit of seeing the material with the opportunity to comment thereon.

9. Information which Alleges Indebtedness, Nonsupport, or Paternity

a. When a CO is in receipt of information which alleges a claim of indebtedness, nonsupport of the member's legal dependents, or paternity of a child born out of wedlock, or if it becomes apparent to a CO that a member under the command has

(1) flagrantly mishandled personal financial affairs;

(2) repeatedly disregarded a valid court order, current mutual support agreement, or MILPERSMAN 1754-030 and controlling directives requiring them to contribute to the support of their legal dependents; or

(3) after having admitted paternity or having been formally adjudicated to be the father of an illegitimate child, willfully neglected to meet the obligations that may attach thereto, in such a manner as to bring discredit upon the Naval Service, the CO shall take such action as indicated below.

b. Being guided by the merits of each case, a CO should consider

(1) an appropriate notation in the member's next regular report of fitness or evaluation;

(2) a CO's NJP; or

(3) referral to court-martial.

c. The mere involvement of a member in any dependency, paternity, or indebtedness situation should not, of itself, be the sole factor for considering action outlined above. When a member's conduct in such cases does, in fact, bring discredit upon the Naval Service, a CO's action per this paragraph is considered to be appropriate since a member must be morally, as well as professionally, qualified for the present rate and for promotion to the next higher grade.

10. **Unauthorized or Unexplained Absence - Policy**

In all cases of unauthorized absence or unexplained absence (including failure to report in compliance with official orders, missing movement, or absence over leave or liberty) the CO shall follow guidance listed in MILPERSMAN 1600 series.

1. **Policy**. The interrogation or search of servicemembers in connection with any offense shall be, whenever possible, conducted by or in the presence of a servicemember of the same sex. Searches should be conducted by a member of the same sex while members of the opposite sex remain outside the search area but in close proximity.

NOTE: This does not apply to special agents of Naval Criminal Investigative Service (NCIS) who are governed by internal regulations of that organization.

2. **Exceptions**. Exceptions to the policy may be

a. under urgent circumstances wherein an imminent danger to life or property exists; or

b. when the facts and circumstances of the investigation necessitate an immediate interrogation and a servicemember of the same sex is not available.

-------------------	---

1. Jurisdiction - General Rule

a. Members of a Reserve Component in Federal service on active duty (ACDU), as well as those in Federal service on inactive duty training (IDT) are subject to reference (a). Termination of a period of ACDU or IDT does not relieve them of amenability to reference (a) jurisdiction for an offense committed during such period, and they may later be involuntarily ordered to ACDU for the purpose of

- (1) investigation under reference (a), article 32;
- (2) trial by court-martial; or
- (3) nonjudicial punishment (NJP).

b. Reference (a); articles 2(a)(3), 2(d), 3(d) and reference (b) section 0123 provide further guidance. See, generally, **Willenbring v. Neurater, 48 M.J. 152 (Court of Appeals for the Armed Forces 1998)**, which may be accessed by using the following Web address:
www.armfor.uscourts.gov/newcaaf/opinions/1998Term.htm.

c. Authority to refer charges against retired personnel shall be approved by the Secretary of the Navy (SECNAV) per reference (c).

2. **Command Responsibilities**

a. COs of commissioned Reserve units have the same authority under reference (a) as that of ACDU commands.

b. COs of Reserve augmentation units do not have authority under reference (a). That authority lies with the ACDU supported command CO, the ACDU command to which the member was assigned when the offenses occurred, or the ACDU command or ACDU supported command to which the member has since been transferred.

3. **Discipline**. Discipline shall be administered in the same manner as for ACDU personnel, with modifications required by the conditions under which inactive duty reservists serve. The following limitations apply to inactive duty reservists:

a. Restraint-type punishment (e.g., confinement, restriction, extra duties) adjudged against reservists ordered to ACDU for disciplinary proceedings will not cause the specified period of ACDU to be extended for the purpose of serving the punishment absent Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN (M&RA) approval. However, restraints on liberty may be carried over to later periods of IDT or ACDU.

b. If pretrial confinement is involved, see paragraph 15 below "Pretrial Confinement of IDT Reservists."

4. **Breach of Discipline**. A reservist under investigation with a view toward court-martial may be placed on legal hold and retained in present duty status until completion of the action. This is especially true in instances where a complete termination of military status is pending, or because of the gravity of the offense.

a. Legal hold considerations may include

(1) the nature of possible charges (e.g., capital offense);

(2) potential damage to national security;

(3) potential harm to others and or self; and

(4) risk of flight by the reservist under investigation to avoid jurisdiction.

b. Procedures for Placing a Reservist on Legal Hold. A reservist on ACDU orders will be placed on legal hold by extending current orders. Assistance may be provided by Commander, Naval Reserve Forces Command (COMNAVRESFOR), specifically COMNAVRESFOR's Judge Advocate Office (N00J), Navy Personnel Command (NAVPERSCOM) Career Management Department (PERS-4), or Reserve Personnel Management Department (PERS-9) (as appropriate), see paragraph 11 below.

c. Reservists may not be placed on legal hold to accomplish administrative measures or NJP punishment.

5. **Procedures for Involuntary Recall to ACDU - Introduction.**

Paragraphs 6 through 10 below detail procedures to be used for the involuntary recall of an inactive duty Reserve member to ACDU. The following topics are covered:

a. Who may request an order to involuntary ACDU of an inactive duty reservist;

b. Who the request should be submitted to;

c. How the request should be submitted;

d. Who has the authority to order to ACDU; and

e. How the request may be submitted under exigent circumstances.

6. **Procedures for Involuntary Recall to ACDU - Who May Request**

a. Only officers who exercise court-martial convening authority may submit a request for an order to involuntary recall to ACDU an inactive duty reservist for disciplinary action.

b. The submitting command may be the accused's Reserve command if that command is exercising court-martial convening

authority, the accused's ACDU supported command, or the ACDU command or activity to which the accused was assigned at the time of the commission of the offense. Consultation with the cognizant staff judge advocate (if reasonably available) prior to submitting a request is required. In addition, consultation with COMNAVRESFOR (N00J) or cognizant region Reserve Component command staff judge advocate is strongly encouraged. Since situations will arise on weekends, the following duty office telephone numbers are provided:

DUTY OFFICE	TELEPHONE NUMBERS
COMNAVRESFORCOM	DSN: 322-8500 COMM: (757) 445-8500

7. Procedures for Involuntary Recall to ACDU - To Whom Submitted

a. Pursuant to reference (b), section 0123 e(4), the request should be addressed to a general court-martial convening authority (GCMCA) in the chain of command of the accused at the time of its submission, as designated in section 0120 of reference (b), and who is superior in grade to the submitting officer or to SECNAV if confinement authority is requested.

b. The GCMCA above will approve or disapprove the request and forward approved requests to NAVPERSCOM (PERS-9), see paragraph 9 below as the order issuing authority.

c. The GCMCA will copy COMNAVRESFOR (N00J), Office of the Judge Advocate General (OJAG) (Code 20) and other interested commands (as appropriate).

8. **Procedures to Submit Involuntary Recall To ACDU - Substantive Contents of the Recall.** Depending upon the circumstances and any necessity to expedite the recall request, the submitting command may present the request via letter, message, electronic mail, or telephone, and the request shall include the following information:

Step	Action
1	Contain the complete identity of the accused (grade and full name to ensure positive identification and accused's designator (as applicable).
2	Include a detailed summary of the contemplated charges and specifications or a copy of the charge sheet (if available). Care should be exercised to avoid triggering the speedy trial provisions of reference (c), R.C.M. 707.
3	Provide a summary of evidence in the case.
4	State facts showing amenability to trial by court-martial or imposition of NJP.
5	Indicate the military status, unit to which assigned at the time of submission and at the time of commission of the alleged offenses, and location and home address of the accused.
6	Indicate where the accused should be ordered to ACDU and why the order to ACDU at the desired location is advisable.
7	State whether or not the accused is in pretrial confinement, whether or not the accused will be placed in pretrial confinement upon being ordered to ACDU, and (if appropriate) whether or not confinement as a punishment should be authorized and ASN (M&RA) approval obtained.
8	Indicate the appropriation used on the original set of orders during which the event necessitating recall occurred.

Note: If submission of the recall request is made telephonically, the submitting command shall inform, via telephone, all the commands which would otherwise receive copies of the request as indicated in paragraph 7 above "Procedures for Involuntary Recall to ACDU - To Whom Submitted."

9. **Procedures for Involuntary Recall to ACDU - Authority to Order to ACDU**

a. The GCMCA to which a request is submitted is authorized to approve the request to order the reservist to ACDU for disciplinary action. For administrative and centralized accounting purposes, and pursuant to the statutory requirement for a GCMCA in the Regular Component to issue orders, NAVPERSCOM will issue orders. Reservists must be ordered to ACDU for disciplinary purposes using the same type of funding as was used when the alleged misconduct occurred. NAVPERSCOM (PERS-9) will

be the order issuing authority and will coordinate with the appropriate staff organization to secure funding for the orders.

b. If ASN (M&RA) approval for the orders is requested, the GCMCA shall coordinate with COMNAVRESFOR and NAVPERSCOM to affect the submission process to ASN (M&RA).

c. NAVPERSCOM shall coordinate delivery of the orders with the requesting command and COMNAVRESFOR (N00J) (as appropriate).

10. **Procedures for Involuntary Recall to ACDU - Exigent Circumstances.** In exigent circumstances (e.g., national security matters and risk of grave bodily harm to another), the request may be submitted to any ACDU GCMCA for action. That GCMCA may act on the request after consultation with a judge advocate if reasonably available, and verbally order the reservist to ACDU and pretrial confinement if warranted. Notification to all concerned (i.e., ASN (M&RA), OJAG (Code 20), NAVPERSCOM (PERS-46), NAVPERSCOM (PERS 9), BUPERS (BUPERS-00J), and COMNAVRESFOR (N00J)), follow-up written orders, ASN (M&RA) approval (if required), and the time requirements of this article must be adhered to.

11. **Holdover in Current Status - an Inactive Duty Reservist Who is on ACDU.** Reservists who are on ACDU orders who are suspected of violating reference (a) should **not** normally be released from ACDU prior to the end date of current orders absent final disciplinary action by the ACDU command. Reservists mobilized in support of overseas contingency operations who are suspected of violating reference (a) may be transferred to an (ECRC) for administrative or disciplinary action in coordination with Navy Expeditionary Combat Command. An inactive duty reservist who is on ACDU, including annual training or active duty training (ADT), may be retained in that status provided:

a. The reservist committed an offense while in that status; and

b. The command has taken action with a view to trial by court-martial, see reference (c), R.C.M. 202(c). A reservist may not be held over for NJP.

Note: Prior approval for such retention is not required; however, the command effecting a holdover shall notify ASN (M&RA), OJAG (Code 20), COMNAVRESFOR (N00J), NAVPERSCOM (PERS-46 or PERS-9, and BUPERS-00J) of such action by the most expeditious means available, see "**Notice**" (paragraph 17) below.

12. **Holdover in Current Status - an Inactive Duty Reservist who is Performing IDT.** An inactive duty reservist who is performing IDT may be retained in that status provided:

a. There is probable cause to believe the reservist committed an offense punishable by death or more than 10 years confinement, as set forth and permitted in references (a) and (c) while in that status;

b. Approval is obtained to keep the member in that status prior to expiration of IDT, or as soon thereafter as is reasonably practicable under the circumstances, from the appropriate COMNAVRESFOR commander, or in exigent circumstances, any ACDU GCMCA;

c. Immediate action is taken to order the accused to ACDU; and

d. A judge advocate is consulted prior to effecting the holdover, or as soon as thereafter as is reasonably practicable.

Note 1: The requirement for holdover past IDT is similar to ordering the reservist to involuntary ACDU (i.e., judge advocate consultation (if reasonably available)) and ACDU GCMCA order. Consequently, the reservist may be ordered to ACDU rather than held over past IDT. The holdover provision allows the commander additional time to investigate the offense with a view toward court-martial. In most cases, the gravity of the offense is evident and the commander may directly order the reservist to ACDU.

Note 2: References to "expiration of IDT" and "past IDT" are not to the exact hour and minute a drill period ends, but include the entire day in which a drill period is performed.

Note 3: Under no circumstances may a reservist be held over to administer and process NJP.

13. Holdover in Current Status - Release from ACDU of IDT Reservists Held Under this Article

a. Except as provided in paragraph 14 of this article, inactive duty reservists held over on ACDU may be retained in that status until completion of the court-martial, execution by the convening authority of any adjudged sentence, consistent with references (a) and (c), and service of any sentence thereof. They must be released from ACDU no later than the close of business **1 full workday** after the completion of disciplinary proceedings, including service of punishment.

b. Except as provided in paragraph 14 of this article, inactive duty reservists held over on IDT and ordered to ACDU for disciplinary action

(1) must be released from ACDU no later than the close of business **1 full workday** after completion of disciplinary proceedings (i.e., announcement of the sentence by a court-martial) if the order to ACDU for disciplinary action was effected without ASN (M&RA) approval per reference (b), section 0123 e(5).

(2) may be retained on ACDU to serve a punishment to confinement or other restraint on liberty, the execution of which is not precluded by the terms of a pretrial agreement, if there is ASN (M&RA) approval. In such cases the reservist must be released from ACDU no later than the close of business **1 full workday** after the completion of disciplinary action, including service of punishment.

14. Exception. If retention on ACDU of inactive duty reservists is authorized because of the commission of additional offenses, such reservists may be retained on ACDU for further disciplinary action as warranted by the circumstances, see reference (c), R.C.M. 202(c).

15. Pretrial Confinement of IDT Reservists

a. Reservists on IDT may be placed in pretrial confinement if the circumstances of the offense warrant and an order to ACDU, which includes pretrial confinement and which has ASN (M&RA) approval, is sought and obtained not later than **2 full working days** past the end of the IDT period. Before placing a reservist performing IDT in pretrial confinement, consultation

with the cognizant staff judge advocate (if reasonably available) is required and coordinated with COMNAVRESFOR (code N00J) is highly encouraged. See the following:

(1) Reference (c), R.C.M. 304 and 305;

(2) Table below in this paragraph;

(3) Paragraph 6-9 of this article in regards to "Procedures for Involuntary Recall to ACDU;" and

(4) Paragraph 10 of this article "Procedures for Involuntary Recall to ACDU - Exigent Circumstances."

	IF...	THEN...
a	pretrial confinement is involved, confinement as a punishment or pretrial confinement is sought,	ASN (M&RA) must approve the order to ACDU, see paragraphs 5 through 10 of this article pertaining to the procedures for the involuntary recall of reservists to ACDU. The approving GCMCA shall coordinate with NAVPERSCOM (PERS-46 or PERS-9) and BUPERS-00J for such approval.
b	the case involves national security matters as defined in reference (b), section 0126a,	notice requirements and disposition limitations of reference (b), section 0126e apply. This does not, however, limit the authority to order the member to ACDU.

b. An inactive duty reservist ordered to ACDU for disciplinary action shall not be placed in pretrial confinement unless

(1) the order to ACDU and imposition of pretrial confinement have been previously approved by ASN (M&RA);

(2) ASN (M&RA) approves pretrial confinement for the offense(s) to which the order to ACDU related, where it did not initially include pretrial confinement, within **2 full workdays** of its imposition; or

(3) the member, while on ACDU, commits an offense which warrants pretrial confinement. See reference (c), R.C.M. 304 and 305.

16. Release from ACDU

a. Inactive duty reservists ordered to ACDU without ASN(M&RA) approval must be released from ACDU no later than the close of business **1 full workday** after completion of disciplinary proceedings (i.e., announcement of the sentence by a court-martial or the award of punishment), unless retention on ACDU is authorized by other authority (commission of additional offenses). See reference (c), R.C.M. 202(c) and MILPERSMAN 1160-050.

b. Inactive duty reservists ordered to ACDU with ASN (M&RA) approval may be retained on ACDU to serve a punishment of confinement or other restraint on liberty, the execution of which is not precluded by the terms of a pretrial agreement. Unless retention on ACDU is authorized by other authority (commission of additional offenses), such persons must be released from ACDU no later than the close of business **1 full workday** after completion of disciplinary proceedings or service of the sentence of confinement or other restraint on liberty (as appropriate). See reference (a) article 2(d)(5), reference (c), R.C.M. 202(c), and MILPERSMAN 1160-050.

c. Release from ACDU orders must be coordinated with NAVPERSCOM (PERS-46) or (PERS-9), and ECRC (as appropriate).

17. Notice

a. Notify ASN (M&RA), OJAG (Code 20), COMNAVRESFOR (Code N00J), NAVPERSCOM (PERS-46 and BUPERS-00J), and others as may be required by local regulations; all instances where an inactive duty reservist has been held over past IDT, annual training, ADT, or has been placed in pretrial confinement without prior ASN (M&RA) approval. The notice shall include, at a minimum:

(1) Name and grade of the reservist to ensure adequate identification;

(2) Date, time, and place of holdover or pretrial confinement; and

(3) Reason for holdover or pretrial confinement.

b. Notify the activities listed above as significant events occur (e.g., commission of an additional offense, court-martial results, dismissal or withdrawal of **all** charges, and release from ACDU, etc.).

18. **Delivery of Orders**

a. Involuntary recall orders shall be delivered in person, by telephone followed by certified mailing of the orders, or by certified mailing without prior telephone notice (this third form of notice is limited to instances where it is impracticable to personally serve the member, to telephonically contact the member, or where the member cannot be contacted or located). The orders shall be in writing and contain information as to the date, time, and place of reporting for duty and the proper uniform in which to report. If initial notice is by telephone, this information shall be relayed to the member.

b. The person making the personal delivery or telephone notification shall prepare and sign a memo indicating the date and time such delivery or notice was made, and fully identify themselves on the memo by name, grade, command, and contact telephone number.

c. The member generally shall be given at least a **30 calendar days-notice** before the reporting date, regardless of the delivery means used. The day of notification is not counted in computing the 30-day period. The notification day is

(1) the day the member is personally given the orders;

(2) the day the member is notified by telephone of the orders; or

(3) the day the orders are deposited in the U.S. mail as first class certified mail to the member's last known address of record provided by the member, or held by the command to which the member is attached, whichever is earlier.

If the last day of the 30-day period falls on a Saturday, Sunday, or Federal holiday the next day is considered the last day of the 30-day period.

d. These procedures, including the 30-day notice period, are general guidelines and are not intended to confer a legal right or benefit upon the member to whom the orders are directed. The notice period should be reasonable in relation to the duration of the ACDU period covered by the orders and the disruption the duty period will cause the member. Exigent circumstances (e.g., national security issues, danger to others, etc.) however, may warrant immediate recall.

1. **Policy.** Per references (a) and (b):

a. **General Courts-Martial (GCM) action.** Members will not be tried by GCM when their original or duplicate service records are not available.

b. **Special Court-Martial (SPCM) action.** Members will not be tried by SPCM without their original or duplicate service records, **except** where the delay is likely to defer the initiation of disciplinary action for a period of more than 20 days.

c. **Nonjudicial Punishment (NJP) action.** For returning unauthorized absentees, defer mast until the record is available, if practical. Only in the most unusual cases will unauthorized absences be excused or the accused merely warned. Where such action is taken, file a signed statement of the pertinent facts in the member's service record and forward a copy to Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Section (PERS-4832). Nothing precludes taking NJP action without the availability of the service record.

2. **Entry Rules.** The following are rules associated with file entries:

a. Punishments may be combined as long as they do not exceed maximums cited in reference (b), part V, para. 5(d).

b. When combined punishments require both NAVPERS 1070/607 and NAVPERS 1070/613 entries, prepare NAVPERS 1070/607 only.

c. Per reference (b), when punishment includes both reduction in rate (including suspended reduction) and forfeiture of pay, forfeiture is based on the reduced paygrade.

d. Unauthorized absence (UA). Even if excused or dismissed at NJP, record disposition on NAVPERS 1070/607. See MILPERSMAN 1600-100 for guidance on accounting UA time. Prepare NAVPERS 1070/606 (Rev. 1-77), Unauthorized Absence Record in cases of UA exceeding 24 hours. UA over 24 hours may effect:

(1) Pay (reference (c)).

(2) Lost time (MILPERSMAN 1600-100).

(3) Time in Rate (TIR) for advancement purpose (reference (d)).

(4) Good conduct eligibility (reference (e)).

e. Legal or personnel office will indicate completion of NJP by dating and initialing the appropriate section on the review of NAVPERS 1626/7 (Rev. 12-88), Report and Disposition of Offense(s), and file in the UPB.

Governing Directives	U.S. Navy Regulations, (1990), Chapter 9, Article 0922 DOD 7000.14-R, DOD Financial Management Regulations, Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1 BUPERSINST 4650.19 OPNAVINST 4650.15 NAVSO P-1000-2, Navy Comptroller Manual, Volume 2
-----------------------------	---

1. **General Information**. The above governing directives establish policy and guidance for the establishment of shore patrol, shore patrol orders, and payment/reimbursement of expenses for personnel assigned shore patrol duties.
2. **Responsibility**. As directed by their major claimants, the following shall establish policy and procedures for temporary and permanent shore patrol:
 - a. Commanding officers outside of the United States,
 - b. Senior officers present afloat (SOPA), and
 - c. Shore commanders within the United States.
3. **General Guidance**
 - a. Responsible officers may authorize and pay cash shore patrol allowances for quarters, subsistence, and certain other sundry expenses per DoDFMR when facilities are not available to members performing shore patrol duty.
 - b. Members assigned to shore patrol are not normally authorized per diem because assignments are performed in the

area generally visited by liberty parties from ship or station landing the patrol, and are considered as being performed in a non-travel status.

c. Members who are required to perform duties away from their duty station in a non-travel status and are required to procure additional quarters, may be paid allowances per DOD 7000.14-R, volume 7A.

d. Members assigned shore patrol duties are not to be transferred or detached from their permanent duty station for such assignment. Orders to shore patrol will be Temporary Additional Duty (TAD/TEMADD).

e. Government quarters and messing facilities must be used when available. Appropriate local arrangements should be made to have shore patrol quartered and subsisted. Routine endorsement on shore patrol orders such as "adequate quarters and messing facilities not available to member at shore patrol headquarters" are not acceptable, nor permitted.

f. When shore patrol duties are performed at a place where adequate government quarters and messing facilities are not available, a monetary allowance may be provided in lieu of the quarters and rations in kind.

NOTE: Payment could be construed as a violation of law where it could be shown that adequate government quarters and messing were in fact available, and appear to have been used as a matter of convenience.

4. **Shore Patrol Orders**. Shore patrol orders will contain the following minimal information/items:

a.	Name(s) of member(s) on shore patrol assignment,
b.	Hour, date, and place of duty (general),
c.	Officer(s) to whom to report for duty,
d.	What quarters and subsistence allowances are authorized (if any),
e.	Uniform to be worn,
f.	Signature of the commanding officer (or By direction),
g.	Appropriate accounting data (when applicable),
h.	Reporting endorsement with statement of whether or not government quarters and messing are/were not available.
i.	Detaching endorsement,
j.	Statement of authority of shore patrol,
k.	Statement of conduct expected of shore patrol,
l.	Special orders applicable to local conditions, and
m.	Reference to applicable local orders, directives, policies.

5. **Reimbursement of Expenses**

a. When it is impracticable for shore patrol to return to their ship, station, or other government facility for lodging and/or meals, and shore patrol are required to procure quarters and meals at their own expense, they are entitled to reimbursement for actual expenses according to OPNAVINST 4650.15.

b. Members performing shore patrol duties aboard commercial carriers shall be reimbursed per JFTR, volume 1 and DOD 7000.14-R, volume 7A.

c. Reimbursement for meals paid for by enlisted members shall be charged to the appropriation "Military Personnel Navy (MPN)." Accounting data to be cited for payment is contained in the PTM. Reimbursement for lodging and other expenses shall be charged to the activity's operating budget under the

appropriation "Operation and Maintenance Navy (OMN)." Vouchers for payment of expenses that affect the Balance of Payment Program shall be coded with the applicable country and expenditure category (object class) codes listed in NAVSO P-1000-2, Navy Comptroller Manual, volume 2.

1. **Policy.** Navy Personnel Command (NAVPERSCOM) is responsible for administration and oversight of the Navy Corrections Program. Navy confinement facilities and correctional custody units (CCUs) shall be administered per governing directives and supplemental instructions issued by higher authority (references (a) through (p)). Corrections policies and procedures shall be executed uniformly throughout the Navy. The number of members confined or otherwise under restraint should be kept to a minimum. It is vital members in a disciplinary status be required to perform normal duties insofar as practicable. Arbitrary confinement or arrest results in a serious waste of manpower. Commanding officers (COs) are responsible for careful observance of reference (a), Chapter II, Rules for Courts-Martial; and reference (b) articles related to apprehension, restraint, and confinement; and shall ensure that careful and individual consideration is given to each member in a disciplinary status with a view toward uniform treatment,

removal of possible injustice, and minimizing brig populations. Correctional custody is a key element in the restoration program and is awarded as a nonjudicial punishment (NJP) under reference (b), article 15.

1. **Policy**. Per references (a) through (e), a member shall not be confined:

- a. for safekeeping or protective custody;
- b. while awaiting trial by court-martial when the only charge preferred is violation of reference (a), article 86, unless the number of offenses or the circumstances surrounding the member's return to military control clearly indicate that confinement is necessary to ensure the member's presence at trial;
- c. while awaiting completion of appellate review after that portion of the sentence relating to confinement has been served;
- d. while awaiting administrative discharge solely because of the impending discharge;
- e. solely because of emotional instability; or
- f. for offenses that are to be referred to a summary court-martial (SCM) or disposed of at nonjudicial punishment (NJP).

1. **Policy.** Notification of all officer confinements shall be forwarded expeditiously by the officer's command to Navy Personnel Command (NAVPERSCOM), Corrections and Programs Office (PERS-00D). The initial notification should be made immediately by telephone at DSN 882-4444 /Commercial (901) 874-4444, message, or E-mail at navy_brigs@navy.mil.

a. When necessary to place an officer in pretrial confinement, the nearest or most convenient Department of Defense (DoD) or Navy pretrial confinement facility (PCF)/ Level I/Level II confinement facility will be used. The brig will administer the corrections program separate from enlisted members per reference (a) and facility standard operating procedures. If a brig cannot administer confinement requirements separately, officers may be confined in a civilian facility per reference (a), article 7104.4.

b. When an officer is adjudged confinement, NAVPERSCOM (PERS-00D) will be requested by the officer's command to designate a place of confinement.

c. Midshipmen, cadets, and officer candidates will be administered in the same manner as commissioned warrant officers and commissioned officers.

d. If these actions are not feasible, NAVPERSCOM (PERS-00D) shall be requested to furnish guidance.

2. **Procedures for Confinement of Officers.** Below are the normal steps taken to transfer an officer for confinement.

Step	Action
1	The officer's command will confine the officer in the nearest or most convenient DoD or Navy PCF/ Level I/Level II confinement facility.
2	The officer's command and the initial confinement facility submits request for designation of place of confinement to NAVPERSCOM (PERS-00D) (see MILPERSMAN 1640-040), where appropriate.
3	NAVPERSCOM (PERS-00D) will respond by message or letter designating a place of confinement.
4	<p>NAVPERSCOM (PERS-00D) will coordinate with the officer's detailee for issuance of temporary duty orders or will direct the member's command to issue temporary additional duty orders. The below example indicates the type of information to be included in the orders:</p> <p>a. Proceed immediately under escort for transfer to the U.S. disciplinary barracks, unit identification code (UIC) 49697 (or other site as determined).</p> <p>b. Officer in charge (OIC), Personnel Support Activity Detachment, Naval Training Center, Great Lakes, IL (UIC 43106) is designated for personnel accounting.</p> <p>c. Commanding officer (CO), Navy Reserve Center, Kansas City, MO (UIC 62054) is designated for administrative purposes.</p>
5	NAVPERSCOM, Career Progression Department (PERS-8) must be notified because the officer's record must be flagged.

NOTE: In those cases in which a member in a pay status does not have required items, the member should be required to purchase the missing items using DD 504 Request and Receipt for Health and Comfort Supplies, which will be charged to the member's pay account.

2. **Personal Effects**. When a member is being transferred for confinement, the member's personal effects shall be handled as indicated below:

- a. **TEMADD** - retain at command.
- b. **TEMDU** - for shipment of household goods and dependent's transportation refer to reference (b), U5317, U5370-D1, and U5370-D8 (see also paras. U5240-D2, item h; para. and U5370-J).

1. Policy (see reference (a))

a. Transfers shall not normally be made when disciplinary or legal action is pending against a prisoner.

b. The transferring command shall make every effort to determine if a prisoner's presence will be required at the command for any reason (e.g., witness at an ensuing court-martial, ongoing medical treatment, etc.) prior to the transfer being effected. If a prisoner is transferred and is subsequently required to return to the transferring station, the cost of the move, to include escorts, shall be borne by the command requesting the prisoner's return.

c. All records and personal belongings shall accompany each prisoner upon transfer, with the exception of items such as automobiles, stereos, and TVs. Arrangements shall be made by the confining command or the prisoner's parent command to store or dispose of inappropriate items prior to transfer. The transfer is effected through use of **DD 2708, Receipt for Inmate or Detained Person**. A new **DD 2707 Confinement Order** is not required, unless there has been a change in the prisoner's sentence status prior to transfer. The original confinement order shall be included in the records. New confinement physical examinations are required only for cause. When a receiving brig requires a new physical examination, the receiving brig will receipt for the prisoner and make the necessary arrangements for the physical examination. If the

prisoner is found physically unfit for confinement, prisoner should be admitted to a medical facility for treatment. When found physically fit for confinement, prisoner should be placed into confinement for completion of sentence.

d. When the convening authority (CA) requires information from records of prisoners being transferred that are essential to the review process, copies of the appropriate records shall be prepared and retained for the review prior to transfer.

e. If a transfer occurs before CA action, the brig initiating the transfer shall notify the CA of the transfer. When the CA takes action, two copies of the action shall be forwarded to the commanding officer (CO) of the brig where the prisoner is confined.

f. Copies of prisoners' files shall be retained at the original brig.

2. **Procedures (see reference (a))**

a. The transferring brig shall notify the receiving brig at least 24 hours in advance of transfer arrangements, including transportation, identification of escorts, and estimated time of arrival. When possible, transferees should arrive during normal working hours. Receiving brigs shall be made aware of special prisoner needs/problems in advance.

b. The senior escort will accompany all prisoner shipments to the receiving brig to complete transfer details prior to the senior escort's departure. Turnover of prisoners at other than the receiving brig will be made only with the concurrence of the receiving brig.

3. **Travel Authorization.** Designation of a facility as a place of confinement constitutes authority to transfer a prisoner and to issue temporary additional duty (TEMADD) orders for escorts.

4. **Accounting Data for Escorts.** When transfers occur from a brig/pre-trial confinement facility to a naval consolidated brig (NAVCONBRIG), NAVCONBRIGs will normally provide accounting data and funding for prisoner escorts.

5. Accounting Data for Prisoners. Accounting data for prisoners in a temporary duty status (31 days or more confinement) is contained in reference (b). Accounting data and funding for prisoners in a TEMADD status (30 days or less) is chargeable to the activity where the prisoner is assigned.

1. **Security**. Commanding officers (COs) shall determine the degree of security measures needed to ensure the safe delivery of personnel being transported to confinement facilities. For more information see reference (a).

2. **Prisoner Escorts**

a. COs are responsible for ensuring only personnel who have received specialized training and experience are assigned as prisoner escorts. Law Enforcement or MA members of a command may be assigned as prisoner escorts without brig escort training. For more information see reference (a).

b. Advance coordination of all movements by the escort team, with the confining facility, can mitigate problems and must be a required aspect of the movement process.

3. **Proper Clothing**

a. To avoid embarrassment to the Navy when transporting members in custody who may be exposed to public view, both escorts and members under custody shall be properly clothed in appropriate attire and footwear prior to departure from the escort mission's pick up point.

(1) Appropriate civilian attire must present a socially acceptable appearance for the transport and conform to required standards set forth in reference (b). Jeans/slacks, shirt/blouse, undergarments, and covered toe shoes are an example of appropriate civilian attire. Escorts shall ensure

that member's civilian clothing is warm enough for in-flight operations and destination climate.

(2) Shorts, skirts, dresses, unit/organizational PT gear or clothing with service logos or emblems shall not be considered appropriate attire for escort team members or members being transported under custody.

b. COs are authorized to provide escorts of such members with not more than \$75 for each such member to be transported. These monies, if provided, shall be included in the escort's travel advance to be used to purchase inexpensive suitable attire for such a member provided that during some phase of the trip the member will be subject to view by the public (e.g., vehicle, public transportation terminal).

c. DD 139 (Rev. 05-53), Pay Adjustment Authorization, shall be issued for the value of clothing purchased indicating a charge to the appropriation which bears the regular pay and allowances of the member transported.

-------------------	--

1. **Policy**. An escape by a prisoner is the deliberate absence from the place of confinement or custody, or from the supervision of the assigned escort.

2. **Escape from Confinement**. As soon as it is known that a prisoner has escaped from confinement, the commanding officer (CO) will:

Step	Action
1	Immediately secure the area and institute a search. Furnish the command or installation authorities with all information available at the time which might assist in the apprehension.
2	Immediately notify the nearest military and civilian law enforcement agencies and provide the following information: <ul style="list-style-type: none">• A complete physical description of the escapee;• All significant facts regarding the time, place, and circumstances of the escape;• Names and addresses of relatives, friends, and or persons protected under the victim or witness program; and• Places to which the escapee might go.

Step	Action
3	<p>Within 1 hour from the time of escape, declare the escapee a deserter (see MILPERSMAN 1600-060) and notify the following:</p> <p>Navy Absentee Collection and Information Center (NACIC) (DSN): 882-2522 or Toll Free: 1-877-663-6772</p>
4	Notify victim or witness as required by reference (a).

3. **Escape while in Transit or Temporary Custody**

a. The CO of a transferring activity remains the prisoner's CO until the prisoner in transit has been delivered to the prisoner's destination and receipted for.

b. When a prisoner escapes while in transit or from temporary custody not under the immediate jurisdiction of the CO, the escort will:

Step	Action
1	<p>Immediately notify:</p> <ul style="list-style-type: none"> • Navy Absentee Collection and Information Center; • Prisoner's CO; • Scheduled receiving activity; and • Local civilian and military authorities.
2	The prisoner's CO shall immediately declare the prisoner a deserter; and
3	Victim or witness notification procedures will be followed as required by reference (a).

4. **Escapee Surrender**

a. **When an escapee surrenders or is delivered to the place of confinement from which the prisoner escaped**, notify all persons who had previously been notified of the escape and hold the escapee in maximum custody for disciplinary action.

b. **When an escapee surrenders or is delivered to a Navy or Marine Corps activity in the vicinity of the place of confinement from which the prisoner escaped**, the individual shall be held in maximum custody and returned under guard furnished by the place of confinement.

c. **When an escapee surrenders at a naval activity not in the vicinity of the place of confinement from which the prisoner escaped**, immediately notify NACIC by telephone and follow with a message (see MILPERSMAN 1600-070). An information copy of this notification will be sent to the place of confinement from which the prisoner escaped. The responsible CO will notify all military and civil authorities and persons previously notified of the escape. The escapee should be in maximum custody pending instructions for the escapee's disposition.

NOTE: Navy Personnel Command (NAVPERSCOM), Corrections and Programs Office (PERS-00D1) and the activity major claimant shall be information addressees on all notification and messages.

5. **New Place of Confinement**. If another place is designated for the confinement of the escapee, an information copy of the designation will be sent to the CO of the original place of confinement who will forward the prisoner's record and effects (including a statement of the maximum number of days of good time and extra good time earned, and including the date of escape) to the designated place of confinement. The prisoner's new CO shall initiate appropriate disciplinary action.

6. **Preliminary Courts-Martial Proceedings**

a. As soon as practical, after the return of the escapee to a naval activity, preliminary proceedings under reference (b), chapter 3, should be considered.

b. Forfeiture of all good time and extra good time earned by the prisoner is considered appropriate.

c. If any part of the prisoner's sentence has been suspended, the CO may initiate steps to vacate the suspension or take disciplinary action.

d. The time in an escape status is not counted as time served toward completion of the sentence (see reference (b), paragraph 97C).

e. The release date is extended by the number of days of unauthorized absence.

f. Provided the unauthorized absence exceeds 24 hours, the date of escape and the date of return to naval jurisdiction count as confinement days.

7. **Specific Procedures**. The following procedures will be carried out in the case of escapes by personnel who have been:

- a. Convicted by general court-martial;
- b. Confined as a result of the alleged commission of an offense punishable by confinement in excess of 1 year;
- c. Considered dangerous due to mental condition or nature of the offense(s) alleged; or
- d. Whose escape was accomplished by force or threat of force.

Step	Action
1	After the escapee is declared a deserter, immediately notify (by telephone) the nearest field office of the Naval Criminal Investigative Service (NCIS) giving all significant information regarding the escapee. NOTE: Such notification will not be made by the guard, unless so instructed by their CO.
2	Special agents of NCIS will be given access to all records and effects of the escapee (including addresses of relatives, friends, or places to which the escapee might go).
3	Furnish the NCIS field office with a signed copy of DD 553, Deserter/Absentee Wanted by the Armed Forces as soon as possible.

8. **Prisoner Transfer between Brigs**

a. The transfer of prisoners between brigs shall be in compliance with reference (c) and with the following procedures for escorts:

(1) When necessary, restraints (such as handcuffs, leg irons, and waist chains) may be used if ordered by the CO or if an incident occurs en route;

(2) Maximum custody prisoners shall be under restraints and the escort shall be armed only as specifically authorized by the CO; and

(3) Firearms may be loaded, but ammunition shall not be carried in the chamber.

b. The authority of an armed escort to discharge a weapon is considered justified only to disable an escapee, and only under conditions of extreme necessity, or as a last resort when all lesser means have failed or cannot reasonably be employed. Extreme caution must be exercised to ensure that the firing of a weapon will not injure innocent bystanders.

c. Deadly force (i.e., force which a member uses with the purpose of causing or which the member knows, or should know, would create a substantial risk of causing death or serious bodily harm) shall not be used except:

(1) When it reasonably appears to be necessary to protect law enforcement or security personnel who reasonably believe themselves to be in imminent danger of death or serious bodily harm;

(2) When it reasonably appears to be necessary to prevent the commission of a serious offense involving violence, threatening death, or serious bodily harm such as arson, armed robbery, aggravated assault, or rape;

(3) When it reasonably appears necessary to apprehend or prevent the escape of a person reasonably believed to have committed an offense of the serious nature specified above; or

(4) When it has been specifically authorized by competent authority and reasonably appears to be necessary to prevent the escape of a prisoner.

--------------	---

1. **Procedures (Member Not Discharged)**. When a prisoner is granted parole or mandatory supervised release, hereafter referred to as supervised release, by the Naval Clemency and Parole Board (NC&PB) and the member **has not been discharged** the following responsibilities and procedures shall apply:

a. **Brig Officer Responsibilities**. Per reference (a), the brig officer will release the offender on the effective date of parole/supervised release when all pre-release conditions have been completed, e.g., explanation of conditions of parole/supervised release to the offender; appropriate photographs taken; an approved sample taken for Deoxyribonucleic Acid (DNA) analysis if the offender was convicted of at least one qualifying military offense (QMO); sex offender registration if applicable; victim/witness notification if applicable, etc.; and DD 2716-1 (11-99)(PDF-Ext), Certificate of Parole has been received.

b. **Personnel Support Activity Detachment (PERSUPPDET)/ Personnel Office Responsibilities**

(1) Original service/health records of parolee/supervised releasee will be forwarded to and maintained by the Navy and Marine Corps Appellate Leave Activity (NAMALA).

(2) Change **accounting category code (ACC)** as appropriate.

(3) Transfer member temporary duty (TEM DU) to NAMALA, unit identification code (UIC) 47353.

c. **NAMALA Responsibilities.** NAMALA will maintain original service/health records of parolee/supervised releasee.

d. **Procedures when Parole or Supervised Release is Suspended.** In cases where parole or supervised release is suspended by the NC&PB, the following procedures shall be accomplished:

(1) **NC&PB - Directs Return of Violator.** The NC&PB sends NAMALA a letter directing return of parole/supervised release violator.

(2) **NAMALA -**

(a) **Directs Parolee/Supervised Releasee to Report.** NAMALA shall direct the parolee/supervised releasee to report to the brig from which released or other such confinement facility as directed by Navy Personnel Command (NAVPERSCOM), Corrections and Programs Office (PERS-00D1).

(b) **Declares Desertion.** If the parolee/supervised releasee cannot be located or fails to report to the specified brig, NAMALA shall declare the individual a deserter by completing a **DD 553 (5-04) (PDF-Ext), Deserter/Absentee Wanted by the Armed Forces**, and forwarding it to the **Navy Absentee Collection and Information Center (NACIC)** per MILPERSMAN 1600-060.

(3) **NACIC -**

(a) **Changes ACC.** NACIC shall then change the parolee/supervised releasee's **ACC to 109** and **shall not** join the parolee to the deserter UIC 41104 as he/she is to remain assigned to NAMALA's UIC 47353.

(b) **Upon Apprehension.** Upon apprehension, NACIC shall escort the individual to the designated place of confinement and change the member's **ACC to 391** per MILPERSMAN article 1320-300.

(4) **NAMALA -**

(a) **Assigns Brig.** Upon completion of the revocation proceedings and where confinement is determined to be continued, NAMALA shall direct the prisoner to a designated brig.

(b) **Transfers Documents.** Per reference (a), original personnel documents (service/health records) and any allied documents of parolee's/supervised releasee's re-confined in the brig following revocation of parole/supervised release shall be transferred from NAMALA to the designated confinement facility.

(5) **Confinement Facility**

(a) **Reconfinement Documents.** The confinement facility maintains original personnel documents (service/health records) and any allied documents of parolees/supervised releasees re-confined (e.g., additional revised victim/witness notification documents).

(b) **Victim/Witness Notification.** The confinement facility shall make appropriate victim/witness notifications regarding revocation of parole and reconfinement.

2. **Procedures (Member Discharged).** When a prisoner is granted parole or supervised release by the NC&PB and the member **has been discharged** (or discharged while on parole/supervised release), the following responsibilities apply:

a. **Brig Officer Responsibilities**

(a) Per reference (a), the brig officer shall release the offender on the effective date of parole/supervised release when all prerelease conditions have been completed, e.g., explanation of conditions of parole/supervised release to the offender; appropriate photographs taken; an approved sample taken for DNA analysis if the offender was convicted of at least one QMO; sex offender registration if applicable; victim/witness notification if applicable, etc.; and upon receipt of DD 2716-1 (PDF-Ext).

(b) Prisoner records and copies of service/health records of parolees/supervised releasees shall be maintained by

the **brig**. Original service/health records of parolee/supervised releasee shall be forwarded to and be maintained by **NAMALA**.

b. **NAMALA Responsibilities**. NAMALA shall maintain original service/health records of parolee/supervised releasee.

c. **Procedures when Parole is Revoked or Suspended**. In cases where parole or supervised release is suspended by the NC&PB, the following procedures shall be accomplished:

(1) **NC&PB - Directs Return of Violator**. The NC&PB sends NAVPERSCOM (PERS-00D1) a letter directing return of parole/supervised release violator.

(2) **NAMALA -**

(a) **Directs Parolee/Supervised Releasee to Report**. NAMALA shall direct the parolee/supervised releasee to report back to the brig from which released or other such confinement facility as directed by NAVPERSCOM (PERS-00D1).

(b) **For Failure to Report**. If the parolee/supervised releasee cannot be located or fails to report to the assigned brig, NAMALA shall notify NAVPERSCOM (PERS-00D1).

(3) **NAVPERSCOM (PERS-00D1) Prepares DD 553**. NAVPERSCOM (PERS-00D1) in turn will prepare and sign DD 553 and forward to NACIC.

(4) **NACIC -**

(a) **Enters into FBI's File**. NACIC shall enter the individual into the FBI's National Crime Information Center (NCIC) Wanted Person's File as a parole violator. The letter signed by NC&PB directing return of the member shall serve as the legal authority to enter the member as a wanted person.

(b) **Upon Apprehension**. Upon apprehension, NACIC escorts shall take the individual to the assigned brig. Funding of all movements shall be coordinated by NAVPERSCOM (PERS-00D1).

(5) **NAMALA -**

(a) **Assigns Brig**. Upon completion of the revocation proceedings and where confinement is determined to be continued, the prisoner shall be assigned to the brig by NAMALA.

(b) **Transfers Documents.** Per reference (a), original personnel records (service/health records) and any allied documents of parolees/supervised releasees re-confined following revocation of parole/supervised release shall be transferred from NAMALA to the assigned confinement facility.

(6) **Confinement Facility**

(a) **Re-confinement Documents.** The confinement facility maintains original personnel records (service/health records) and any allied documents of parolees/supervised releasees reconfined (e.g., additional revised victim/witness notification documents).

(b) **Victim/Witness Notification.** The confinement facility shall make appropriate victim/witness notifications regarding revocation of parole and re-confinement.

1. **Guidance.** Navy servicemembers have an obligation to maintain maximum readiness for military operations and, therefore, participation in non-military activities is limited. Because of their obligation, members shall not participate in civil rights demonstrations or any other political or public demonstrations while in uniform, under the following circumstances:

a. Any meeting or demonstration which is a function of, or sponsored by an organization, association, movement, group, or combination of persons which the Attorney General of the United States has designated, pursuant to Executive Order 10450 as amended, as totalitarian, fascist, communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force of violence to deny others their rights under the Constitution of the United States by unconstitutional means.

b. During or in connection with furthering political activities, private employment, or commercial interests, when an inference of official sponsorship for the activity or interest may be drawn.

c. Except when authorized by the approval authority listed in reference (a), when participating in activities such as public speeches, interviews, picket lines, marches, rallies, or any public demonstration which may imply Service sanction of the cause for which the demonstration or activity is conducted.

d. When their activities constitute a breach of law and order.

- e. When violence is reasonably likely to result.
 - f. When wearing the uniform would discredit the Armed Forces.
 - g. When specifically prohibited by other regulations of the Department concerned.
2. **Restrictions in Uniform.** Reference (b) prescribes other restrictions on wearing the uniform in a demonstration.

USE OF LAY LEADERS IN RELIGIOUS SERVICES

			FAX	224-4725

1. Policy

a. Under reference (a), commanders shall provide command religious programs (CRP) in support of religious requirements and preferences of authorized personnel. Commanders may appoint lay leaders to accommodate religious diversity inherent in the members of the command. Appointments will be in writing for a specified period of time not to exceed 1 year. Only authorized personnel representing their own religious organization may be appointed.

b. Lay-led religious services are integral to the CRP and subject to command supervision. In most cases, lay-led services constitute a temporary accommodation of specific religious requirements in an operational setting when assigned chaplains are not able to provide.

2. Qualifications and Training

a. Commands shall appoint authorized personnel as lay leaders on the basis of volunteerism, high moral character, motivation, religious interest, and certification by the appointee's religious organization. Commanding officers (COs) shall ensure that lay leaders are trained and supervised by a military chaplain.

b. Religious Program Specialists shall not be assigned as lay leaders.

3. **Terms of Appointment**

a. Appointment of a lay leader responds to an identified requirement and conveys no ecclesiastical status or civilian credentials to the authorized member appointed.

b. The appointment ends when the particular requirement precipitating the appointment has ceased, e.g., at the end of an underway period or when the lay leader is transferred. The commander retains the authority to terminate appointment and remove an individual from their status as lay leader. The command shall terminate the appointment when the conduct of the individual hinders accomplishment of the CRP or reflects adversely upon the command.

4. **Responsibilities**. In supporting the religious requirements for which lay leaders have been appointed, they should first seek the services of a military chaplain or civilian religious ministry professional, or, when this is not possible or practical, seek to arrange transportation to an appropriate service in the vicinity of the command. Lacking these opportunities, lay leaders may provide a religious service for members of their religious organization consistent with their lay status and as authorized by their religious organization.

5. **Religious Services**

a. Under reference (a), religious services are conducted in the manner and forms of religious organizations and led by lay leaders, contract civilian religious ministry professionals, or other authorized personnel.

b. Military chaplains and civilian religious ministry professionals shall ordinarily be the only persons to provide rites, sacraments, or ordinances aboard Navy ships or in Navy activities.

c. Commanders may permit lay leaders to provide specified religious rites, sacraments, or ordinances to their co-religionists if their religious organization permits them to do so. A statement of certification or approval by the religious organization to conduct the religious rite, sacrament, or ordinance must be provided by the lay leader. This permission will be granted after consultation with a military chaplain and to support particular requirements.

6. Offerings. Offerings will not be taken at lay-conducted services except as authorized by the CO. Any monies collected will be part of the command religious offering fund and shall be collected, accounted for, and disbursed per reference (b).

			FAX	224-4725

References	(a) SECNAVINST 1730.7C (b) U.S. Navy Regulations, 1990
-------------------	---

1. **Background**. Reference (a) establishes the policy of accommodating the doctrinal or traditional observances of the religious faiths practiced by military members and other authorized personnel. Article 0817 of reference (b) specifies that daily routine on Sunday shall be modified as practicable to recognize, respect, encourage, and minister to the religious preferences and the varying religious requirements of individuals.

2. **Policy**

a. **Day of Observance**. By tradition, 1 day in 7 is recognized as a day for religious services and holiday routine (referred to by some as the Sabbath). Commands normally specify Sunday as this day of observance. Members of the Naval Service whose religious convictions require them to observe some day other than that specified by the command as their day of worship are entitled to respect for their religious convictions and practices. Except by reason of compelling military necessity, personnel who celebrate their religious day on a day other than that specified by the command will be afforded the opportunity to observe the requirements of their religious faith. Where excused from duty on other than the command observed day, the workweek of such individuals should not be less than that of any other individual and may include work on the command observed day.

b. **Religious Holy Days**. Consistent with the exigencies of the service, commanding officers (COs) are encouraged to give favorable consideration of application for leave or special liberty from those who may desire to observe significant holy days of their faith. This is particularly important where

appropriate religious services are unavailable in the local area.

3. Examples of Holy Days

- a. Examples of days of religious obligation are
 - Christmas and Easter for individuals of the **Christian** faith;
 - Passover, Rosh Hashanah, and Yom Kippur for individuals of the **Jewish** faith; and
 - Eid al-Fitr and Eid al-Adha for individuals of the **Moslem** faith.
- b. Chaplains can advise on the application of this policy.

c. If the servicemember is unmarried or married to another military member, OPNAVINST 1740.4A provides policy for family care planning requirements.

2. Requesting Separation

a. When the servicemember requests separation due to pregnancy, procedures and criteria for separation are provided in MILPERSMAN 1910-112 for enlisted personnel and MILPERSMAN 1920-180 for officers.

b. Refer to MILPERSMAN 1910-400 for notification procedures to be used for both officers and enlisted personnel.

Governing Directive	NAVMEDCOMINST 6320.3B
	NAVMEDCOMINST 6320.1E

1. Eligibility Statement

a. Female members of the Regular Navy or Naval Reserve, on active duty or separated under honorable conditions from active duty or from the service for pregnancy are qualified to receive parental care, hospitalization, and postnatal care at Uniformed Services Medical Treatment Facilities (USMTF).

b. Members **are not eligible** if certification from medical authorities document the pregnancy occurred prior to entry into the service or after separation from the service.

c. All care is subject to the availability of space, facilities, and capabilities of the professional staff. Care from civilian sources is not authorized regardless of the circumstances necessitating civilian treatment.

2. Counseling of Member Prior to Separation.

a. Members separated by reason of pregnancy shall be advised of the following prior to separation:

(1) Care for the pregnancy can only be rendered at USMTF.

(2) The Navy cannot pay or provide reimbursement for any care rendered at civilian facilities, to the member or the newborn child, regardless of the circumstances necessitating the use of a civilian source of care.

(3) The uniformed services may provide care for the child in USMTF, both inpatient and outpatient, only during the first 6 weeks (42 days) following delivery.

(4) Ensure contact is made with the USMTF expected to provide maternity benefits as soon as possible following release from active duty to verify that care will be available to the separated mother and newborn child. If care is not available at the intended USMTF, **the member is responsible** for locating a USMTF that can provide maternity benefits or utilize a civilian facility at her own expense.

b. NAVPERS 1070/613, Administrative Remarks, attesting the counseling was provided shall be made by the individual who provided the counseling and signed by the member being released.

3. Application

a. In making application for care in connection with pregnancy, the member should present her DD 214, Certification of Release or Discharge from Active Duty or DD 256, Honorable Discharge Certificate as proof of eligibility for requested care.

b. In large military areas, where more than one military facility is available to provide inpatient maternity care, personnel separated from the regular Navy or Naval Reserve must apply to a "naval" medical facility if one is available. Referral to other uniformed service facilities may be made only when bed space is not available in a naval medical facility.

c. If the mother contemplates release of the child for adoption, all arrangements in this connection, including adoption procedures, must be made by the mother directly with local civil authorities **in advance** of hospitalization. Local Red Cross and public welfare agencies are available to assist. Additionally, NAVMEDCOMINST 6320.3B provides further amplification.

4. When Stationed Overseas

a. Women on duty overseas who become pregnant and who are separated will be returned to one of the 48 contiguous United States or District of Columbia by the first suitable means of transportation for separation from the service. If in the opinion of the naval medical officer, the health of the

woman would be endangered by such transportation, she will be retained on active duty overseas until delivery. In such case the following procedures will be followed:

(1) The commanding officer shall provide for her hospitalization at a naval medical facility if available within the command.

(2) If not available, the service of any other federal hospital which may be available should be utilized.

(3) If naval hospital facilities are not available, care at other sources may be arranged according to NAVMEDCOMINST 6320.1E.

(4) The member shall be returned to one of the 48 contiguous United States or District of Columbia as soon after delivery as her physical condition permits. However, she may remain as a patient in proximity to her infant, if the infant is certified by a naval medical officer as unfit to travel.

(5) If circumstances warrant, both shall be classified as "patients" and ordered to a naval hospital in the continental United States which can be reached by the first suitable means of transportation. Separation of the woman from the naval service shall be effected as soon as possible thereafter.

b. The arrangement for civilian hospitalization in all cases should provide that the hospital charge for the mother include the charge for the infant. The expense of civilian hospitalization or treatment may be defrayed by the Medical Department of the Navy only while the member is **still** on active duty.

c. Until the mother is separated from the service, the infant shall be treated as a dependent of military personnel. Return of the infant with its mother who is in the naval service is authorized. Orders and passenger lists shall indicate the name of the infant.

-------------------	--

1. **Servicemembers' Group Life Insurance (SGLI)**. SGLI is a life insurance policy purchased by the Veterans' Administration from a commercial life insurance company. The Office of Servicemembers' Group Life Insurance (OSGLI) administers the SGLI Program. SGLI is available to eligible members of the United States Navy up to a maximum of \$400,000. The program is governed by reference (a). The Servicemembers' and Veterans' Group Life Insurance Handbook, available through the Veteran's Administration Web site, also discusses the program in detail.

2. **SGLI Coverage**. Eligible members as outlined below are automatically insured for \$400,000, unless otherwise reduced or declined by the member. Additional details about Government life insurance for Ready Reserve members may be found in reference (b).

- a. **Service Members on active duty in the Regular Navy.**
- b. **Ready Reserve members performing active duty (ACDU), active duty for training (ACDUTRA), or inactive duty training (IDT).**
- c. **Naval Reserve Officer Training Corps (NROTC) midshipmen** - Fully covered while on training cruises only.
- d. **Naval Academy midshipmen** - Covered on a full-time basis.

e. **Ready Reserve members (pay or non-pay)** who are assigned to a unit in which they may be required to perform AD or ADT and will be scheduled to perform at least 12 drills annually; covered on a full-time basis. Entitlement to coverage is affected if a member becomes medically disabled or is transferred to a unit that is not scheduled to perform at least twelve drills per year.

f. **Other members of the Individual Ready Reserve (IRR)** - Covered only during the period of their ACDUTRA.

3. **Reducing or Declining Coverage.** Members may decline coverage or request reduced coverage in any increment of \$10,000 by completing SGLV 8286 Servicemembers' Group Life Insurance Election & Certificate. When a member requests reduction or cancellation, member should be counseled as per page 4 of SGLV 8286 and reminded to check his or her leave and earnings statement (LES) to verify the change in premium. If member is married, the member's spouse must be notified in writing if the member elects other than the maximum amount of coverage. Paragraph 19 contains specifics, and a sample notification letter is attached (Exhibit 1). SGLV 8286 can be accessed by using the following link:
<http://www.benefits.va.gov/INSURANCE/resources-forms.asp>.

4. **Designation of Beneficiaries**

a. Members may designate any person(s) as their beneficiary(ies). If the member is married and designates any individual other than his or her spouse, the spouse must be notified in writing (see paragraph 19 of this article). Should multiple beneficiaries be named, the member must clearly specify the amount designated for each. Member may use fractions, percentages, or monetary amounts. See reference (a), §1970 for additional details regarding beneficiaries.

b. When a member updates coverage or changes beneficiaries, the old SGLI election form must be removed from the member's service record and destroyed. Should the member request the old form, "no longer valid" must be annotated on the form prior to returning it to the member.

5. **Accelerated Benefit Option (ABO)**. If the insured member has been certified by a physician as "**terminally ill**," the member may elect under SGLI or VGLI the ABO. **The member may receive a lump sum payment of up to 50 percent of his or her SGLI or VGLI coverage.** "Terminally ill" is defined as having a medical prognosis of a life expectancy of 9 months or less. Only the insured can apply for payment under the ABO. Accepting this benefit reduces the subsequent amount awarded at death. Details for members considering this option are available in reference (a), §1980.

6. **Termination of SGLI**

a. Per reference (a), termination of SGLI occurs on:

(1) The 120th day after separation from ACDU or ACDUTRA under calls or orders that specify a period of 31 days or more, unless the member returns to an active status in the Navy Reserve and on the 120th day after the member is separated from a drilling status for members of the Selected Reserve, or nonpay members assigned to a reserve unit which performs at least 12 drills annually as defined above;

(2) The end of the 31st day of a continuous period of time when the member is:

(a) Absent without leave;

(b) Confined by civil authorities under a sentence adjudged by a civilian court; or

(c) Confined by military authorities under a sentence by court-martial involving total forfeiture of pay and allowances; or

(3) The last day of the month in which written notice to discontinue coverage is filed.

b. SGLI is forfeited when an insured member is guilty of mutiny, treason, spying, or desertion; or refuses (because of conscientious objections) to perform service in the Armed Forces of the United States, or refuses to wear the uniform of such forces.

c. No insurance must be payable for death inflicted as a lawful punishment for crime or for military or naval offense, except when inflicted by an enemy of the United States.

7. **Restoration of SGLI Coverage**

a. Service Members who decline or elect to reduce coverage, or seeking to become insured or increase their coverage, must submit a complete SGLV 8286. Members are advised this application may require review and approval at the Office of Servicemen's Group Life Insurance (OSGLI) level.

b. Coverage terms are automatically restored if benefit was terminated due to:

(1) Unauthorized absence in excess of 31 days;

(2) Confinement by civilian authorities under a sentence adjudged by a civilian court; or

(3) Military confinement involving total forfeiture of pay.

8. **Extension of SGLI Coverage for Disability.** A Service Member on ACDU or ACDUTRA orders that do not specify a period of 31 days or less, who is totally disabled for insurance purposes at the time of separation, will be provided coverage for 2 years from the date of separation or release, or to the date the insured ceases to be totally disabled (whichever is earlier), but in no event prior to 120 days after separation or release.

9. **SGLI Part-Time Coverage.** Part-time coverage is provided for reservists not scheduled to perform at least 12 drills annually, who, when authorized or required by competent authority, assume an obligation to perform less than 31 days ACDU, ACDUTRA, or inactive duty training, and for NROTC midshipmen while on training cruises.

10. **SGLI-to-VGLI Conversion.** Per reference (a), the conversion privilege is as follows:

a. Members with full-time SGLI coverage at the time of separation or release are eligible for VGLI in the same or lesser amount held at the time of separation or release, or conversion to an individual policy with a participating commercial company. A member electing to convert to VGLI has **1 year and 120 days** to apply for coverage. If the member applies within 120 days after separation or release, VGLI is issued, regardless of the member's state of health, with coverage made effective on the 121st day. If an application is **not** submitted within the 120 day period, **medical evidence of insurability is required.** In this case, VGLI will be effective the date an acceptable application and premium is received in the OSGLI. Members who are totally disabled at the time of separation may purchase VGLI while remaining totally disabled **up to 1 year following separation.** The effective date of VGLI will be at the end of the year, period following separation, or the date the disability ends, whichever is earlier. See paragraph 15 for additional information regarding VGLI; and

b. Members insured under part-time coverage, which incur a disability or aggravate a preexisting disability during a reservist active or inactive period, can convert their SGLI coverage to VGLI coverage within the 120 day period following the period during which the disability incurred. Proof of disability must be submitted together with an application and initial premium.

11. **Financial Counseling.** The Department of Veterans Affairs (DVA) offers free professional financial counseling through FinancialPoint®. Additional information is available through the DVA website at:
<http://www.benefits.va.gov/insurance/bfcs.asp>.

12. **Distribution of SGLV 8286 Copies.** Personnel support detachment (PERSUPP DET) or personnel office (PERSOFF) clerks must create three official copies prior to signature and ensure member signs each official copy. Forms altered from the original wording and format must not be accepted by OSGLI. Each of the official copies must bear an original signature of both the member and the witness. Distribution of copies of SGLV 8286 must be as follows:

a. **Original.** Forward to the supporting PERSUPP DET or PERSOFF for submission to the official military personnel file (OMPF) via the electronic submission (eSub) application on Bureau of Naval Personnel (BUPERS) Online. The PERSUPP DET or PERSOFF must maintain the copy until eSub receipt is verified with BUPERS;

b. **First Copy.** Provide to the member for personal use; and

c. **Second Copy.** Maintain the second copy with either NAVPERS 1070/602 Dependency Application/Record of Emergency Data or DD 93 Record of Emergency Data in the Sailor's command's correspondence file. NAVPERS 1070/602 is available via the Navy Standard Integrated Processing System. DD 93 is available at: <http://www.dtic.mil/whs/directives/infomgt/forms/index.htm>.

13. SGLI Coverage for Retired Reservists

a. A member assigned to the Retired Reserve, or eligible for assignment to the Retired Reserve, qualifies for coverage under the VGLI Program in increments of \$10,000 up to the maximum coverage of \$400,000, provided that the member:

(1) Has not received the first increment of retired pay;

(2) Has not reached his or her 61st birthday;

(3) Has completed at least 20 years of satisfactory service creditable for reserve retired pay under reference (c), subchapter III; and

(4) Submits a completed SGLV 8714 Application for Veterans' Group Life Insurance and the required premium to the following address:

<p>Office of Servicemembers' Group Life Insurance 290 W. Mt. Pleasant Avenue Livingston, NJ 07039-2747</p>

Note: SGLV 8714 is available at:
<http://www.benefits.va.gov/INSURANCE/resources-forms.asp>.

b. Application for this coverage must be made within 120 days from transfer to the Retired Reserve or release from the Selected Reserve.

c. Termination of insurance occurs upon receipt of the first increments of retired pay, or the 61st birthday, whichever occurs first.

14. **FSGLI.** Family coverage under the SGLI Program became effective 1 November 2001. Details of the program, including the procedures for filing a claim, are contained in MILPERSMAN 1741-030.

15. **VGLI.** VGLI is a 5-year renewable term policy which has no cash, loan, paid-up, or extended values. Application, designation of beneficiaries, and settlement options should be made on SGLV 8714. Refer to paragraph 10 for timing requirements regarding application for conversion from SGLI to VGLI.

a. **Eligibility.** VGLI is available to the following:

1. Service Members who are released from ACDU or ACDUTRA under calls or orders that do not specify a period of 31 days or less;

2. Members of the Ready Reserve insured under SGLI who are separated, retired, or released from assignment;

3. Individuals assigned to the IRR (must provide orders); and

4. Members with part-time SGLI who suffer an injury or disability while in the performance of their duty (to include travel to and from duty location) which renders them uninsurable at standard premium rates.

b. **Conversion.** Members may convert VGLI coverage to a participating commercial company at any time, provided VGLI premiums are paid up to the date of conversion.

c. For claim submittal and payment information, effective dates of coverage, and any additional information, refer to the Department of Veterans' Affairs Web site at:
<http://www.insurance.va.gov/sgliSite/vgli/vgliFaq.htm>.

16. **Combined SGLI and VGLI.** Any member insured under VGLI who again becomes eligible for coverage under SGLI (i.e., separated individuals who reenlist for military service) may not exceed the maximum amount of \$400,000 of combined coverage. These members may elect to be completely covered under SGLI, or (within 60 days after becoming so insured) may convert any or all of the VGLI coverage to an individual private policy. However, if the member dies within the 60 day period before converting, VGLI will be payable only in an amount which (when added to the amount of SGLI payable) must not exceed \$400,000.

17. **Service-Disabled Veterans Insurance**

a. The Service-Disabled Veterans Insurance (S-DVI) Program was established in 1951 to meet the insurance needs of certain veterans with service connected disabilities.

b. **Eligibility Conditions:**

(1) Must have been released under other than dishonorable conditions on or after April 25, 1951;

(2) Must have received a rating for service-connected disability;

(3) Must be in good health, except for any service-connected conditions; and

(4) Must apply within 2 years of being granted a service connection for a disability.

c. Complete program details and applications can be found on the Department of Veterans' Affairs Web site at:
<http://www.insurance.va.gov/gli/buying/SDVI.htm>

18. **Command Responsibility**

a. Commands must ensure members are well informed of the benefits provided for members and their families through the SGLI, FSGLI, and VGLI Programs detailed within this article. Members who reduce, increase, or decline coverage must be encouraged to check his or her LES to verify the change is reflected in collected premiums.

b. Commands receiving spousal notification letters (see paragraph 19) must:

- (1) Counsel the member;
- (2) Sign the spousal notification letter, confirm name and address of spouse, and mail letter;
- (3) Forward a copy of the letter to Navy Personnel Command, Records Management Policy Branch (PERS-313) for filing in the member's OMPF; and
- (4) Retain a copy of the letter in command files for 2 years.

19. **Spouse Notification**. As discussed in paragraphs 3 and 4, the spouse must be notified in writing if a married Sailor declines coverage, elects other than the maximum amount of coverage, or designates beneficiaries other than the spouse or a child of the member. The supporting PERSUPP DET or PERSOFF must prepare and forward the spousal notification letter to the member's commanding officer for signature. See exhibit 1.

References	(a) 38 U.S.C. §1967 (b) Family SGLI Procedural Guide of 12 May 2014 (c) 38 CFR §9.1 (d) BUPERSINST 1001.39F
-------------------	--

1. Family Servicemembers' Group Life Insurance (FSGLI).

Reference (a) established family coverage under the Servicemembers' Group Life Insurance (SGLI) Program, effective 1 November 2001. As described in reference (a), FSGLI coverage is automatic for spouses, qualifying biological and adopted children, and stepchildren of Service members participating in SGLI (other than a dependent who is also a member of a uniformed Service). General program information is available in reference (b), available at the following Web address:
http://www.benefits.va.gov/INSURANCE/fsgli_guide_toc.asp

a. Dependent children of all active duty, Ready Reserve, and National Guard members who have full time SGLI coverage are automatically covered for a maximum of \$10,000 (coverage is free), and may not be declined or reduced. Per reference (a), if a dependent child is eligible for coverage under more than one Service member, that child must be insured by the coverage of the member who qualified for SGLI coverage first; unless that member does not have the legal physical custody of the child. In this case, the member who has the legal physical custody of the child must have the coverage of the child.

b. Spouses are covered for \$100,000, or the member's SGLI coverage level, if it is less than \$100,000, and may be reduced

or declined entirely by the member. Members may elect spousal coverage in increments of \$10,000 but must not exceed the Service member's SGLI coverage level. An attempt to increase the spouse's coverage after a declination or reduction will require completion of the health questionnaire, and, depending on the responses, may also require supporting health documentation.

c. Premiums for spousal coverage are deducted from the member's pay unless coverage is declined. Premium deductions are based on the member's information in the Defense Enrollment Eligibility Reporting System (DEERS). Use SGLV 8286A Spouse Coverage Election and Certificate to decrease, decline, or to increase or re-establish previously decreased or declined coverage.

d. Per reference (a), military members married to other military members, on or after 2 January 2013, will not be automatically enrolled in FSGLI. Service members wishing to enroll their military spouse in FSGLI must ensure that both of their DEERS information reflected married to military member status first, and must complete and submit an SGLV 8286A to their personnel support detachment (PSD) or personnel office for processing.

e. Stillborn children are covered under FSGLI.

(1) Per reference (c), a member's stillborn child means a member's natural child whose death occurs before expulsion, extraction, or delivery, and;

(a) whose fetal weight is 350 grams or more; or

(b) if fetal weight is unknown, duration in utero is at least 20 completed weeks of gestation calculated from the date of last normal menstrual period to the date of expulsion, extraction, or delivery.

(2) The term does not include any fetus or child extracted for purposes of an abortion.

(3) In cases where a stillborn child is eligible for coverage under more than one member, the child would be insured by the coverage of the child's SGLI-covered biological mother.

2. **Members Covered.** FSGLI coverage provides life insurance for the spouse and dependent child(ren) of all active duty and Ready Reserve members who have SGLI coverage. FSGLI coverage cannot exceed the amount of SGLI coverage on the sponsor.

3. **Automatic Coverage**

a. FSGLI coverage is automatic for Service members with SGLI coverage who

(1) were married or had dependent child(ren) when the program began on 1 November 2001.

(2) enter onto active duty or Ready Reserve, and are married to a non-military spouse or have dependent child(ren).

(3) marry a non-military spouse, or gain dependent child(ren) during service.

(4) married a military spouse before or during the period of automatic spousal enrollment, 1 November 2001 to 1 January 2013.

b. Entry onto active duty or Ready Reserve is defined as a

(1) civilian who enters regular active duty.

(2) civilian who enters Ready Reserve.

(3) Ready Reserve member who is mobilized to active duty status.

(4) Ready Reserve member who is demobilized and returns to Ready Reserve status.

(5) member who completes active duty and is assigned to Ready Reserve status.

Note: The automatic coverage feature of FSGLI applies to any of the above duty statuses - no matter if they have declined or reduced coverage previously. SGLV 8286A does not need to be completed for coverage; however, a personnel or payroll action may be necessary in some of these situations to initiate premium collection. FSGLI premium collection discrepancies for **active duty** personnel should be addressed at the Service member's local PSD or personnel office.

FSGLI premium discrepancies for **reserve personnel** may be addressed through the Service member's Navy Reserve activity/Navy operational support center command PASS coordinator, who will coordinate with the responsible servicing PSD.

If no coverage or less than maximum coverage is desired, the member must complete an SGLV 8286A every time of entry into a new duty status. For example, a drilling reservist who originally declined coverage and wishes to maintain that status must decline coverage upon mobilization, and then again upon demobilization (using SGLV 8286A).

4. **Military-Married-to-Military Couples**. Military-married-to-military couples are required to register their active duty or Ready Reserve spouse in DEERS. DEERS will update each member's record to reflect the marriage. Members seeking to enroll their military spouse in FSGLI must complete SGLV 8286A. Per reference (a), FSGLI coverage is not automatic for military-married-to-military couples.

5. **FSGLI Premiums**. The Service member pays premiums for the spousal coverage. Dependent child coverage is free.

a. **Due Date**. Premiums for spousal coverage are due the month of the event that causes coverage to occur (e.g., date of a marriage or date of application for increased coverage). Premiums due for individuals listed in paragraph 3 must be collected retroactively, if a delay occurs in entering a spouse into DEERS.

b. **Spouse Date of Birth (DOB) in DEERS**. FSGLI premium amount is based upon the spouse's DOB in DEERS. Entry of an accurate spouse's DOB must ensure proper premium amounts. If DEERS data on the spouse does not include a DOB, premiums will be collected at the maximum rate.

c. **Age Brackets**. Spousal premiums are based on age brackets. When a spouse moves to a new age bracket, the new higher premium will begin on the 1st day of the month following the birth month. Premium rates are published on the Veteran's Affairs (VA) FSGLI Web site.

d. **Change in Status**. The member must report changes to DEERS (such as divorce or death of a spouse) in order to stop premium collection as provided in paragraph 7.

6. **Volunteer Training Unit.** Members transferring to a volunteer training unit (VTU) status may continue SGLI and FSGLI coverage if premiums are paid. Premiums must be paid quarterly to Defense Finance and Accounting Service (DFAS). Further information on SGLI and FSGLI coverage while in a VTU status can be found in reference (d).

7. **Termination of FSGLI.** The termination of spousal or dependent child coverage will occur as outlined below:

a. **Declination of SGLI By Service Member.** When a Service member declines SGLI coverage, a premium is due for the month the declination was made. No further premiums are due. The spouse and children will have 120 days of free coverage beginning on the date the declination was made. During this period, the spouse has the opportunity to convert the FSGLI spousal coverage into a commercial life insurance policy. Dependent child coverage cannot be converted to a commercial policy.

b. **Declination of FSGLI by Service Member.** When a Service member declines FSGLI spousal coverage, a premium is due for the month the declination was made. No further premiums are due. The spouse has 120 days of free coverage beginning on the date the declination was made. During this period, the spouse has the opportunity to convert the FSGLI spousal coverage into a commercial life insurance policy. Dependent child coverage is not affected by this declination.

c. **Death of Service Member.** When a Service member dies, the final premium is due for the month of the death. Covered spouses and children will have 120 days of free coverage beginning on the date of the Service member's death. During this period, the spouse has the opportunity to convert the FSGLI spousal coverage into a commercial life insurance policy. Dependent child coverage cannot be converted to a commercial policy.

d. **Discharge or Separation of Member.** When a Service member is discharged from active duty or separated from a Ready Reserve obligation, a final premium is due for the month the discharge or separation occurs. The spouse and child will have 120 days of free coverage beginning on the date of discharge or separation. During this period, the spouse has the opportunity to convert the FSGLI spousal coverage into a commercial life

insurance policy. Dependent child coverage cannot be converted to a commercial policy.

e. **Divorce.** When a Service member's marriage ends due to divorce, a final premium is due for the month of the divorce. The spouse has 120 days of free coverage beginning on the date of divorce. During this period, the spouse has the opportunity to convert the FSGLI spousal coverage into a commercial life insurance policy. Dependent child coverage is not affected by this declination.

f. **End of Dependent Child Qualification.** FSGLI dependent child coverage ends 120 days after the date the child no longer qualifies as an insurable dependent child of the Service member (i.e., the child's 18th birthday). Dependent child coverage cannot be converted to a commercial policy.

Note: Use of the Defense Manpower Data Center (DMDC) FSGLI Web application, as discussed in paragraphs 8-11, does not negate the requirement to submit completed documents to the official military personnel file (OMPF) (see paragraph 12).

8. Declining Coverage

a. **Effective Date.** SGLV 8286A must be completed in order to decline FSGLI coverage. An election made on SGLV 8286A takes effect on the date the election is entered into the FSGLI Web application by the Service member's PSD or personnel office for commands not supported by Pay/Personnel Administrative Support System (PASS). Navy Personnel Command (NAVPERSCOM), Personnel Service Operations/Navy Pay and Personnel Center (NPPSC) (PERS-23) and RPAT are points of contact (POCs) for resolution of declination discrepancies.

b. **Documenting Declination.** If a Service member elects to decline SGLI coverage, the Service member should also decline FSGLI spousal coverage by completing SGLV 8286A. Although FSGLI spousal coverage cannot continue after a Service member elects to decline SGLI coverage, completion of SGLV 8286A facilitates the administrative actions necessary to stop the deduction of FSGLI premiums, and documents the Service member's FSGLI termination.

c. **Divorce or Death Cases.** Do not make FSGLI coverage declinations via the DMDC FSGLI Web application for cases of divorce or death. Declinations in the case of divorce or death

erroneously made via the FSGLI Web application will require NAVPERSCOM (PERS-23) or RPAT intervention to correct. FSGLI coverage will be terminated after the sponsor's service and DEERS records are updated documenting the divorce or death.

9. **Restoration of FSGLI Coverage**. Terminated FSGLI coverage can be restored under the following circumstances:

a. Service member's change in duty status begins automatic maximum coverage. (If spouse is military, Service member must complete SGLV 8286A.)

b. Service member elects to restore SGLI coverage. (SGLV 8286A is required.)

c. Service member elects to restore FSGLI coverage, if SGLI is still in effect. (SGLV 8286A is required.)

(1) An SGLV 8286A must be completed in order to restore FSGLI coverage. The health of the spouse is a decisive factor in the restoration of FSGLI coverage and all health questions on the SGLV 8286A must be answered.

(2) An election to restore coverage made on SGLV 8286A takes effect on the date the election is entered into the DMDC FSGLI Web application by the Service member's PSD or personnel office (for commands not supported by PASS) - if "good health" is not an issue. If a determination of "good health" is necessary by the Office of Servicemembers' Group Life Insurance (OSGLI), the coverage will not go into effect until an affirmative decision is made and the election is entered. A premium is due for the month the election is entered.

10. **Reducing FSGLI Coverage Level**. A Service member may reduce coverage on his or her spouse in increments of \$10,000. Spousal coverage cannot exceed the level of the member's SGLI coverage. The dependent child coverage level is fixed at \$10,000 and cannot be reduced. An election made on SGLV 8286A takes effect on the date the election is entered into the DMDC FSGLI Web application by the Service member's PSD or personnel office (for commands not supported by PASS). A premium is due for the higher amount of coverage the month the election is made. NAVPERSCOM (PERS-23) and RPAT are POCs for resolution of discrepancies associated with reducing coverage.

11. **Increasing FSGLI Coverage Level.** FSGLI coverage can be increased, after it has been decreased, under the following circumstances:

a. **Service Member's Change in Duty Status Begins Automatic Maximum Coverage.** (SGLV 8286A is not required for non-military spouses. If spouse is military, Service member must complete SGLV 8286A)

b. **Service Member Elects to Increase SGLI Coverage.** (SGLV 8286A is required.)

c. **Service Member Elects to Increase FSGLI Coverage (if SGLI is still in effect).** (SGLV 8286A is required.)

(1) SGLV 8286A must be completed in order to increase FSGLI coverage. The health of the spouse is a decisive factor in increasing FSGLI coverage and all health questions on the SGLV 8286A must be answered.

(2) An election to increase coverage made on SGLV 8286A takes effect on the date the election is entered into the DMDC FSGLI Web application by the Service member's PSD or personnel office (for commands not supported by PASS) - if "good health" is not an issue. If a determination of "good health" is necessary by OSGLI, the increased coverage does not go into effect until an affirmative decision is made and the election is entered. A premium is due for the higher coverage level for the month the election is made.

12. **Retention and Distribution.** Upon receipt of a completed SGLV 8286A signed by the Service member, the personnel clerk must complete the section labeled "For Branch of Service Use Only", and process as follows:

a. Forward the original to the supporting PSD or personnel office for submission to the OMPF via e-submission. The PSD or personnel office must maintain the copy until e-submission receipt/acceptance by NAVPERSCOM is verified.

b. Provide one copy to the Service member for personal use.

c. Provide one copy to the Service member's command. The supported command may maintain the copy with NAVPERS 1070/602 Dependency Application/Record of Emergency Data in the command correspondence file.

13. **FSGLI Conversion**. Under certain circumstances, when FSGLI coverage ends, there are 120 days of free coverage and the spouse can convert the spousal FSGLI coverage to a commercial life insurance policy. If the insurance is converted within the 120-day period, proof of good health is not needed. Dependent child coverage cannot be converted. The spouse can get information about conversion by contacting OSGLI via the following means:

Telephone number:	1-800-419-1473
Address:	OSGLI 3RD Floor, NE Wing 80 Livingston Avenue Roseland, NJ 07068-1733
E-mail:	SGLI.OSGLI@prudential.com
Web site:	http://www.insurance.va.gov/

14. **DEERS Interaction With DFAS For FSGLI Premiums**

a. Once a month, FSGLI information flows from DFAS to DEERS, and then DEERS information flows back to DFAS. The timing of these data flows determines when actions entered in DEERS will actually effect the premium deductions from the Service member's pay at DFAS. The specific timing of these data exchanges are listed in the VA FSGLI Procedural Guide, Appendix C.

b. DFAS will deduct the premium amount from the Service member's pay based on the information in DEERS at the time DEERS sends the active/reserve/guard data and reserve/guard refund files to DFAS. If the information in DEERS at the time is inaccurate, the members pay may be affected.

15. **Claim Submittal**. Submit FSGLI claims to Navy Personnel Command (NAVPERSCOM), Casualty Assistance Branch (PERS-13) at: MILL_FSGLI@navy.mil (MILL underscore FSGLI at NAVY.MIL) using the following guidance:

a. **Forms**. The following forms are required for claims submittal:

- (1) SGLV-8283A Claim for Family Coverage Death

Benefits. (Form must be completed and signed by the Service member).

(2) Copy of Service member's latest DD 93 Record of Emergency Data (showing dependency).

Note: In case of infant death where the child is less than 120 days old, an official State-issued birth certificate is required.

(3) Copy of Service member's most current Leave and Earning Statement for the month in which the death occurred (required for proof of premium payments).

(4) Final death certificate (specifying cause of death).

b. Special Documentation Requirements

(1) **Overseas Deaths.** DD-2064 Certificate of Death Overseas must be obtained (if practical). In the event a DD-2064 is unattainable due to proximity of death, the original death certificate must be provided. The document should contain the cause and manner of death, and should be translated for authentication purposes.

(2) **Stillborn Deaths.** FSGLI provides coverage in the event of the stillborn death of dependent children. Per reference (c), "member's stillborn child" means the member's natural child whose death occurs before expulsion, extraction, or delivery, and whose fetal weight is 350 grams or more, or (if fetal weight is unknown) whose duration in utero was 20 or more completed weeks in gestation. Claims of this nature will require the following additional documentation:

(a) Certified certificate of fetal death or certificate of stillbirth containing fetal statistics (gestation age, weight, length), **or**

(b) Certificate of fetal death or certificate of stillbirth **and** hospital report of fetal death listing fetal statistics.

Note: A fetus or child that is extracted for purpose of abortion is excluded.

(3) **Dependent Children 18 Years of Age or Older:** As applicable, provide evidence to substantiate the following:

(a) **Disabled Child.** Prior to child attaining the age of 18, the child was declared permanently incapable of self-support.

(b) **Student.** Child was below the age of 23 years, and was actively pursuing a course of instruction at an approved educational institution. Acceptable evidence of student status is a letter from the educational institution, on their letterhead, showing that the child was enrolled.

c. Other Considerations

(1) **Beneficiary Involvement.** Prior to certification of insurance claims, beneficiary involvement in the death of the dependent must be ruled out. A Service member is not entitled as a beneficiary if he or she is convicted or pleads guilty to involvement in the death of the spouse or the dependent child. In such cases, the beneficiary or beneficiaries are determined as outlined in reference (d). Commands should contact NAVPERSCOM (PERS-13) if the Service member is suspected in the dependent's death to obtain further guidance.

(2) **Dependent Child Death in the Case of Dual Military Parents or Stepparents.** Per reference (a), a child eligible for coverage by more than one member is covered under the member whose eligibility for SGLI coverage occurred first. In the event of a stillborn death, if both parents are covered under the SGLI Program, coverage falls under the biological mother. Contact NAVPERSCOM (PERS-13) for assistance or additional guidance.

d. **Claim Processing.** Upon receipt of all applicable documents, NAVPERSCOM (PERS-13) will review and certify the claim, and forward it to the Office of Servicemembers' Group Life Insurance (OSGLI) for payment.

16. **Accelerated Benefit Option (ABO)**. The ABO gives the Service member access to the death benefits of the FSGLI policy before the death of a terminally-ill spouse. The member may receive up to 50 percent of the face value of the spousal coverage through the ABO. The ABO is available in \$5,000 increments. In order to qualify for the ABO, the spouse must have a medical prognosis of life expectancy of 9 months or less.

Only the Service member can apply for ABO and the benefit will be paid only to the Service member.

17. **Beneficiary Financial Counseling Services (BFCS)**. BFCS is available to a Service member who claims the FSGLI upon the death of a spouse. BFCS provides free personal financial counseling to beneficiaries of FSGLI policies. The beneficiary will be notified of this benefit when they receive the payment of the proceeds of their FSGLI.

-----------------------------	---

1. **Determining Non-Availability of Government Messing.** The installation commander will determine if government messing is in fact not available for enlisted members performing duty at that installation, including members assigned to tenant commands and naval vessels homeported at the installation. If a finding of non-availability is made, the following actions may apply:

IF...	THEN...
determination of non-availability has been made,	approval authority for Basic Allowance for Subsistence (BAS) may be delegated to tenant commanders.
if at any time the conditions to entitlement change, e.g., a government mess becomes available,	the installation commander shall take appropriate action to ensure that all BAS authorizations based on non-availability of government messing are suspended.

2. **Duties not in Proximity of Military Installation.** For members whose duties are not performed within reasonable proximity to a military installation; e.g., recruiters, Naval Reserve Officer Training Corps staff, etc., the member's commanding officer (CO) will make the determination of non-availability of government messing. The DODFMR contains specific criteria for determinations of impracticability which entitle BAS at the "government messing not available" rate.

3. **Submittal of Individual Requests.** Individual requests must still be submitted to the CO or installation commander even

though a determination has been made that government messing is not available. Blanket authorizations are not permitted.

4. **If Using Government Mess Impacts Mission.** If use of a government mess would adversely affect the member's mission, e.g., Explosive Ordnance Disposal or Naval Criminal Investigative Service, a request should be forwarded to Chief of Naval Operations (N13) via the member's CO for BAS at the "government mess not available" rate.

5. **Processing Approved Requests.** Approved requests will be submitted to the appropriate Personnel Support Activity Detachment (PERSUPPDET) or personnel office.

a. The pay document is prepared and submitted according to DFAS PTG.

b. The original approved request and the file copy of the pay documents must be retained by the PERSUPPDET or disbursing office according to SECNAVINST 5212.5C.

Governing Directives	DOD 7000.14-R, Department of Defense Financial Management Regulation (DODFMR), Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay DFAS-CL (NAVSO-P) 3050-2M, DFAS Pay/Personnel Procedures Manual (Navy), Volume 2 (DFAS PPM) NAVSO P-3069, Department of the Navy Source Data System Procedures Manual (SDSPROMAN)
-----------------------------	--

1. **General Policy.** Enlisted members, assigned to duty where a government mess is operated, may, under certain conditions, be authorized to mess separately (RATSSEP) and be paid a Basic Allowance for Subsistence (BAS). Regulations concerning payment of BAS at the RATSSEP rate, and the supporting documentation required, are contained in DFAS pay directives.

2. **RATSSEP Granting Authority and Associated Policies**

a. **Authority:** The responsible commanding officer (RCO) of a shore activity operating one or more general messes is the authority granting RATSSEP.

b. **Applicability:**

- (1) Members under that command,
- (2) tenant command members assigned to subsist in the general mess operated by that RCO, and
- (3) members assigned in ships who are temporarily required to subsist ashore.

c. **Canceling RATSSEP:** An authorization for RATSSEP is canceled upon transfer, including between tenant commands served by the same RCO.

d. **No Retroactive Approval:** RATSSEP cannot be approved retroactively.

e. **Time Payment Starts:** RATSSEP is paid from the time of verbal authorization if the RCO operating the mess promptly confirms it in writing.

3. **Justifying RATSSEP Payment**

a. **Guidelines:** RCO's may grant RATSSEP to an enlisted member upon determining two or more of the following guidelines justify payment:

(1)	Location of the member's residence,
(2)	Specialized duties,
(3)	Working hours,
(4)	Dining hall capacity, or
(5)	Distance to the dining hall.

b. **Additional Requirement:** The member must consistently and routinely miss two or more available general mess meals per day in order to qualify for RATSSEP.

c. **Procedures for Prorated BAS:** The DODFMR contains procedures for prorated BAS for members who do not meet the above criteria.

d. **Additional Extenuating Factors:** These factors should not be construed as all-encompassing; additional extenuating factors must be considered and each request must stand on its own merit.

4. **Key RCO Consideration in Approving RATSSEP.** The RCO must consider the necessity of maintaining an economical general mess with fluctuating numbers of patrons before giving permission to mess separately with a subsistence allowance. Authorizations to mess separately must not adversely affect the economical administration of a general mess.

Caution: "Item pricing" in the general mess will not be used as justification for approving RATSSEP.

5. Pay Grade Based RATSSEP Policy for Enlisted Members

a. **For Pay Grades E-1 through E-6:** RCO's should grant RATSSEP to enlisted members in pay grades E-1 through E-6, except basic trainees, who reside with their families.

(1) **Military Couples:** This authorization includes members married to other members, with no other dependents, who live together at their permanent duty station. See MILPERSMAN 7220-180 for restrictions when one or both of the members is/are on sea duty.

(2) **Geographic Bachelors:** This authorization does not automatically extend to geographic bachelors in pay grades E-1 through E-6 residing in bachelor enlisted quarters. Policies pertaining to these members must conform to the block labeled "Justifying RATSSEP Payment."

b. **For Pay Grades E-7 and Above:** Senior enlisted members in pay grades E-7 and above not on sea duty, as defined by MILPERSMAN 7220-150, are authorized RATSSEP regardless of dependency status or guidelines in block labeled "Justifying RATSSEP Payment," of this article.

6. RATSSEP Entitlement during Authorized Absences

a. **Enlisted members in authorized absence status:**

(1)	on leave,
(2)	hospitalized, or
(3)	performing travel <ul style="list-style-type: none">• temporary duty/temporary additional duty (TDY/TAD)• permanent change of station (PCS)• under orders away from their permanent duty station (PDS)

b. **Entitlement:**

(1)	Entitled to RATSSEP for the duration of the leave, hospitalization, or travel status, regardless of the BAS rate authorized at their PDS.
(2)	Members reporting TAD, and not authorized RATSSEP at the PDS, may be authorized RATSSEP by the gaining RCO.

7. **Crediting and Terminating RATSSEP.**

a. To credit or terminate RATSSEP use the table below:

WHEN the member is...	THEN...
accompanied by the service record and personal financial record (PFR),	<ul style="list-style-type: none">• NAVCOMPT 3067, Detaching (Departing) Endorsement to Orders; and• NAVCOMPT 3068, Reporting (Arrival) Endorsement to Orders will be used to credit and terminate RATSSEP.
not accompanied by the service record and PFR,	RATSSEP entitlement will be submitted by using <ul style="list-style-type: none">• NAVCOMPT 3060, Military Pay Order.

b. **Requesting Authority to credit a TAD period:** If RATSSEP is not credited for a TAD period, the PDS must ascertain whether or not it is payable by requesting authority from the gaining RCO to credit RATSSEP. To ensure accurate payment, the orders should be endorsed by the gaining command as to whether government messing was available with or without charge.

c. **Procedures for crediting and terminating RATSSEP:** Specific procedures are contained in the DFAS PPM and SDSROMAN.

8. **Providing Unit Leave Listing.** Commanding officers of tenant commands, who have personnel subsisting in a general mess ashore or who have personnel assigned that have been granted authority to mess separately, will provide a copy of the Commanding Officer's Monthly Unit Leave Listing to the RCO quarterly.

9. **Fulfilling Subsistence Entitlement in Outlying Areas.** Authorization to mess separately is not intended to fulfill the subsistence entitlement in outlying areas where it is occasionally impracticable to use a government mess due to time and distance factors. In these instances a prorated or supplemental allowance or the full BAS rate should be considered.

-------------------	--

1. **Description.** Active duty (ACDU) enlisted members, who are entitled to meals at government expense in a general mess ashore, are issued a **NAVSUP 1105 (Rev. 7-80), Meal Pass**; or at the discretion of the responsible commanding officer (RCO), use their **Department of Defense (DoD) Common Access Card (CAC)**, issued by Defense Enrollment Eligibility Reporting System (DEERS)/Real Times Automated Personnel Identification System (RAPIDS), and updated with the appropriate meal entitlement code (MEC) and unit identification code (UIC) as their meal pass.

a. **Purpose:** A meal pass or CAC with a rations in kind (RIK) MEC permits the holder to consume meals at government expense in any Navy general mess **with** the food service application. NAVSUP 1105 must be used in a Navy general mess **without** the food service application.

b. **Requisitioning Blank Meal Passes:** The NAVSUP 1105 meal pass is requisitioned from Cog 1L stock in the desired color.

c. **Appearance:** NAVSUP 1105 is serialized, printed, and comes in the following six colors:

(1)	White (WHT)
(2)	Blue (BLU)
(3)	Pink (PNK)
(4)	Green (GRN)
(5)	Salmon (SLM)
(6)	Yellow (YLW)

2. Responsibilities

a. **Personnel Support Detachment (PERSUPP DET) and NAVSUP 1105:** The PERSUPP DET is responsible for the actual issue and control of NAVSUP 1105. In the absence of a PERSUPP DET, the issue and control of meal passes is the responsibility of the command performing personnel and administrative functions.

b. **Commander Naval Installations Command (CNIC) and the DoD CAC Meal Pass:** CNIC is responsible for the promulgation of the policies and procedures required for the use of the DoD CAC as a meal pass. These policies and procedures will be coordinated with the Navy director of food service.

c. **Responsible Commanding Officer (RCO):** The RCO establishes local policies and guidelines for issue, updates, and use of meal passes (NAVSUP 1105 and the DoD CAC) and ensures consistency for all tenant units using the activity's enlisted dining facilities:

(1) **Meal Pass Log:** The member's name and social security number (SSN) are typed or printed opposite the pass number in a log when a meal pass is issued. The member's signature belongs on the same line.

(2) **Card Maintenance Utility (CMU):** The CMU will be used to update the CAC MEC and UIC. The report function in CMU logs all CAC updates and shows the update, cardholder's name/SSN, and CMU operator's name/SSN.

(3) **Use of Color:** The RCO specifies the colors used for each category of personnel and coordinates control procedures for NAVSUP 1105 meal passes with the PERSUPP DET. Different colored meal passes are used to identify Navy Reserve and other military personnel as follows:

(a)	Full Time Support (FTS) enlisted personnel are assigned different colored meal passes for general mess accounting purposes.
(b)	Navy Reserve enlisted personnel on annual training are recorded and accounted for separately by the general mess. They are assigned different colored meal passes other than the colors for the Regular Navy and FTS personnel.
(c)	Different color meal passes are assigned to enlisted members of other service categories per local needs.
(d)	Enlisted personnel in a travel status , who are not entitled to the meal portion of per diem, may be issued a meal pass to show entitlement to subsistence-in-kind.
(e)	Personnel with commuted rations may be issued a different colored meal pass. A distinction can then be made between this category of personnel and the enlisted members on temporary additional duty (TAD)/temporary duty (TDY) having a per diem allowance. This facilitates meal sales and ensures collection of proper charges.

3. **Ineligible Personnel.** Meal passes are not issued to reservists not on ACDU orders. Local procedures must be developed for other than permanent meal passes, to manage meal passes for reservists not on ACDU orders entitled to subsistence in kind.

4. **Issue and Control Instructions.** Meal passes are issued and controlled by instructions found in reference (a). The following table contains guidelines for NAVSUP 1105 meal pass management and accountability measures:

WHEN a member...	THEN...	AND...
detaches or is authorized commuted rations,	permanently withdraw the meal pass	destroy it.
loses a meal pass,	advise the food service officer	<ul style="list-style-type: none"> • have an authorized person line through the initial meal pass log entry. • issue a new pass in series. • record date and disposition of the pass in separate column of the log. <p>NOTE: This is a ready reference for meal pass status.</p>

is entitled to subsistence in-kind and is in leave status,	<p>annotate Part 3 of NAVCOMPT 3065 (Rev. 2-83), Leave Request Authorization, in the lower right-hand corner as follows:</p> <p>ENTITLED TO GENERAL MESS MEALS EXCEPT DURING PERIOD OF LEAVE. MEAL PASS NO. _____.</p>	<ul style="list-style-type: none"> • enter the meal pass number in space provided. • use the leave authorization in lieu of meal pass while in leave status. • hold or forward the meal pass to appropriate leave approval authority. • Master at Arms must check the "commencing" and "ending" hour and date when the leave authorization is used instead of the meal pass. <p>NOTE: A free meal must not be received during the period in which leave rations apply.</p>

5. **Accountability of Meal Pass Stocks**. Strict accountability must be maintained for on-hand stocks of NAVSUP 1105:

a. Serial numbers must be secured and kept under lock until issued.

b. A meal pass entitles the holder to meals at government expense or only the basic meal charge.

c. Each command must ensure that only authorized enlisted members are issued and permitted to retain NAVSUP 1105.

d. Meal pass accountability is checked during audits and inspections.

6. **CAC Standard Operating Procedures (SOP)**. The SOP for CAC as a meal pass is located at <http://pmo.cac.navy.mil/policies.aspx>.

7. **Reporting Number of Personnel Entitled to Subsistence-In-Kind**

a. The personnel officer issuing meal passes must provide the food service officer with the total number of personnel entitled to subsistence-in-kind, broken down by categories such as

(1)	Navy Regular
(2)	Navy Reserve
(3)	Marines, or
(4)	Coast Guard.

b. This information is required to meet the reporting needs of the food service officer.

Governing Directive	Joint Federal Travel Regulation (JFTR), Volume 1, Paragraph U5243 OPNAVINST 4650.15
--------------------------------	---

1. Policy

a. Transportation of student dependents is described in JFTR, Volume 1, paragraph U5243.

b. One round trip per fiscal year (1 October through 30 September) is authorized.

c. Any portion of the round trip not taken during the fiscal year does not accrue to a subsequent fiscal year.

d. Not more than one round trip under student dependent travel orders may be taken within any given fiscal year.

e. A 14-day exception to the prescribed fiscal year baseline period may be authorized by Chief of Naval Operations (CNO) (N13) in unusual or emergency circumstances, such as an early or late holiday recess or school closing.

2. Example

a. A student dependent takes annual travel from the continental United States to parent's duty station in Italy beginning 4 October 1989 and returns to the continental United States on 11 October 1989.

b. Due to the student's school closing early or some other emergency, as determined by CNO (N13), the student's next year's annual travel could begin as early as 17 September 1990. It is

still within the current fiscal year, but is within the 14-day exception window.

3. **Transportation Arrangements.** Transportation arrangements are made as directed in OPNAVINST 4650.15.

4. **Status Clarification.** Following are student status clarifications for certain categories of personnel for the purposes of student dependent travel:

a. A student, who is also a member of a reserve component, is a student dependent, unless the student is on active duty.

b. A cadet or midshipman, attending one of the uniformed services academies, is not eligible for student dependent travel.

c. A servicemember's spouse cannot be a student dependent.

FAMILY CONTACTS AND ASSISTANCE DURING DEPLOYMENT

Responsible Office	CNI (N215)	Phone:	DSN	882-4370
			COM	(901) 874-4370
			FAX	882-2630

1. **Commanding Officers (COs)**. Prior to each deployment, COs will demonstrate visible evidence of interest and concern for families of assigned Sailors, both officer and enlisted, by writing letters to spouses of married personnel and parents of single personnel. The letter shall include

- a. length of deployment;
- b. name, address, and telephone number of the designated home port contact officer; and
- c. complete telegraph address for the command.

2. **Fleet and Family Support Center (FFSC)**. The CO shall utilize the local FFSC to assist in providing deployment information and support for command and family members. The FFSC has an extensive menu of pre-deployment briefings for single Sailors, couples, and children that cover both practical and emotional preparation for deployment. They offer mid-deployment support services for command family support groups, preparation for return, and assist with homecoming preparations. The CO may request shipboard Return and Reunion briefings by an embarked FFSC deployment support team during the return transit. Return and Reunion briefings are designed to prepare the returning personnel for reintegration into home and family life with special programs for new or expectant parents, care-buying and consumer awareness, combat stress, and reestablishing relationships. The team is also available for individual consultation as well as briefing. Use of these programs has been reported by those who have used them, resulting in fewer personal and family problems following the return.

3. **Contact Officer**

- a. Chief of Naval Operations (CNO) has directed fleet commanders to ensure the type commander designates an officer to

be the point of contact (POC) for spouses and families at the home port of deployed members. The home port contact officer shall promulgate information at regular intervals to designated family representatives, normally ombudsmen and the command Family Support Group, of each deployed unit. Information may include

- (1) accomplishments of the unit,
- (2) unclassified port visits, and
- (3) scheduled return and welcoming plans.

b. The home port contact officer will assist families of deployed members in times of emergency and provide advice or referral as required.

4. Communication between Family and Deployed Members

a. Rapid communication between family members and deployed Sailors is essential to resolve personal problems of immediate concern. COs will ensure that Sailors know how to swiftly contact family members. Home port contact officers will familiarize family members with available communications methods in the home port area and associated costs, as applicable. Examples of available communication methods include

- (1) commercial telephone service,
- (2) class "E" messages, and
- (3) Military Amateur Radio Services.

b. Other communication methods, if available and authorized by the CO, include

- (1) Internet access,
- (2) the Defense Switched Network (DSN),
- (3) International Maritime Satellite calls, and
- (4) "Plain Old Telephone System" satellite calls.

c. Messages transmitted via official communications means will be directed to the home port contact officer or CO of the installation nearest the residence of the family member.

-------------------	--

1. **Policy**. The Navy will not act as a haven for personnel who disregard or evade obligations to their legal family members. All members shall provide adequate and continuous support for their lawful family members and comply fully with the provisions of separation agreements and valid court orders. Any failure to do so which brings discredit upon the Naval Service may be cause for administrative or disciplinary action, which may include the initiation of court-martial proceedings, and may ultimately lead to separation from the Naval Service.

2. **Sufficient Support**. Every person has an inherent natural and moral as well as a legal obligation to support their legal family members. In many states the failure to support one's legal family member is a criminal offense. What is adequate or reasonably sufficient support is a highly complex and individual matter dependent on numerous factors, and may be resolved only in a civil court of competent jurisdiction. Some of the salient factors that may be taken into account are the pay, private income, and resources of the person and the family members; the cost of necessities and everyday living expenses; financial obligations of the family members; and the expenses and financial obligations of the person in relation to their income.

3. **Navy Limitations**. The Department of the Navy (DON) is neither vested with the statutory authority nor in possession of the facilities to adjudicate matters that are of a purely civil nature. In all cases involving members of the Navy it is desired that the amount of support to be given for family members be established by mutual agreement between the parties concerned or be adjudicated in the civil courts.

4. Support

a. In those cases where the amount of support has not been fixed by competent court order or mutual agreement, the support scale set forth below may be used as a guide until such time as a mutual agreement is reached or a court order obtained. This scale is intended only as an interim measure and as a guide to the extent that major factors affecting the ability to provide support, the resolution of which cannot await a decision of the civil courts or the eventuality of a mutual agreement, may be considered to effect equitable adjustments to the support scale. Because of the inherent arbitrary and temporary nature of the support scale set forth below, it is not intended to be used as a basis for any judicial proceeding. To do so would lend excessive credence to an administrative tool, which has been designed for use only internally within the Navy.

Number of family members and amount of support to be provided in the absence of a mutual agreement or court order:	
Spouse only	1/3 gross pay
Spouse and one minor child	1/2 gross pay
Spouse and two or more children	3/5 gross pay
One minor child	1/6 gross pay
Two minor children	1/4 gross pay
Three minor children	1/3 gross pay

NOTE: Gross pay will include basic pay and basic allowance for housing (BAH) if entitled, but does not include hazardous duty pay, sea or foreign duty pay, incentive pay, or basic allowance for subsistence (BAS).

b. The above guide will be referred to only as a basic instrument or means for determining the amount of support to be provided for a complaining family member. For example, if a member has a present spouse and child and a complaint of nonsupport or insufficient support is received on behalf of two children of a former marriage, in the absence of an agreement or court ruling, the member should provide about one-fourth of their gross pay for the two children of the former marriage. If the complaint is on behalf of the present spouse and child, the member should provide about one-half of their gross pay for the spouse and child. The indication of three-fifths gross pay for a spouse and two or more children is applicable only when the family members are in the same household. If a member has a spouse and four or more children, they should be advised of

their moral obligation to contribute more than three-fifths of their gross pay.

5. Legal Obligation

a. The laws of most jurisdictions in the United States impose a legal obligation upon a person to support their spouse. Exemptions from support of a lawful spouse may be in the form of an order of a civil court of competent jurisdiction, relinquishment by the spouse, mutual agreement of the parties or a waiver of the naval support requirement granted by **Director, Dependency Claims, Navy Military Pay Operations, a division of Defense Finance and Accounting Services (DFAS)**.

b. If the member feels that they have grounds for a waiver of support of their spouse, **Director, Dependency Claims, Navy Military Pay Operations, DFAS**, acting under the policy guidance of Navy Personnel Command (NAVPERSCOM), may grant such a waiver for support of a spouse, but not children, on the basis of evidence of desertion without cause, physical abuse, or for infidelity on the part of the spouse.

c. A member may submit a request for a waiver of support of their spouse to the following address:

**Defense Finance and Accounting Service
Cleveland Center
Code PMMACB
1240 East Ninth Street
Cleveland, OH 44199**

A request must include a complete statement of the facts including substantiating evidence and comments or recommendation of the commanding officer (CO). Substantiating evidence may consist of the following:

(1) An affidavit of the servicemember, relative, disinterested person, public official, or law enforcement officer. Affidavits of the servicemember and relatives should be supported by corroborative evidence. All affidavits must be based upon personal knowledge of the facts. Statements of hearsay, opinion, and conclusion are not acceptable as evidence.

(2) Written admissions by the spouse contained in letters written by them to the servicemember or other persons.

(3) Waiver requests submitted on grounds of physical abuse must be corroborated by evidence including the following types: medical reports; police reports; statements from witnesses, chaplains, counselors, or social workers.

6. **Basic Allowance for Housing (BAH)**

a. Family members, for whom BAH is payable, are defined by law. Members are expected to comply with the terms of court orders or divorce decrees by courts of competent jurisdiction, which adjudge payments of alimony even though BAH is not payable.

b. Entitlement of members to BAH on behalf of family members is provided by statute. No member shall be denied the right to submit a claim or application for BAH and no command shall refuse or fail to forward such a claim or application. In cases involving parents, the member should furnish an estimate of the dependency situation to the best of their knowledge. COs should not contact parents for dependency information to include in the member's application. This delays the application and serves no useful purpose as such cases are thoroughly investigated by the Navy family allowance activity. That activity obtains dependency affidavits from the parents. Any person, including a member or family member, who obtains an allowance or allotment by fraudulent means is subject to criminal prosecution.

7. **Desertion or Misconduct**. The duty of a person to support their minor children is not affected by desertion or other misconduct on the part of the spouse. The obligation to support a child or children is not affected by dissolution of the marriage through divorce unless the judicial decree or order specifically negates the obligation of either person to support a child or children of the marriage. The fact that a divorce decree is silent relative to support of minor children or does not mention a child or children will not be considered as relieving the member of their inherent obligation to provide support for the child or children of the marriage. In many cases, the courts may not be cognizant of the existence of a child or children or may not have jurisdiction over the child or children. A CO has discretion to withhold action for alleged failure to support a child or children under the following conditions:

a. Where the location and welfare of the child or children concerned cannot be ascertained.

b. Where it is apparent that the person requesting support for a child does not have physical custody of the child or children.

8. **Adopted Child**. The natural parents of an adopted child are relieved of the obligation to support the child since this obligation is assumed by the adoptive parents. A member who contemplates the adoption of a child or children should be aware of the legal obligation to provide continuous support for the child or children during their minority.

9. **Noncompliance**. Noncompliance with court ordered child support and/or alimony could result in the garnishment of the member's pay under reference (a).

10. **Minor Children**. Members who have minor children and contemplate divorce should be informed of the advisability of having support provisions incorporated in the court order or divorce decree to preclude later disputes. Courts and attorneys are occasionally misled into placing provisions in separation agreements and decrees to the effect that the member will pay whatever amount the Armed Forces pay or require to be paid for support of the child or children. Ambiguous phrases should be avoided. No attempt will be made to break down the basic allowance for quarters (BAQ) with respect to how much would be applicable for a spouse, child, or other dependent. Such ambiguous orders of support or agreements will be considered the same as if they were silent with respect to the amount of support to be provided. The interests of all concerned will be better served if the amount of support to be provided is settled in fixed terms by agreement or court order at the time of separation.

11. **Commander's Responsibilities**

a. The responsibility of every CO is to make sure all enlisted personnel under their command are informed of Navy policy and expectations regarding support of family members and the possible consequences of separation for misconduct for failure to discharge their just obligations. Married personnel at sea or stationed overseas shall be counseled and encouraged to make provisions for continuous allotments to their dependents

in amounts sufficient to enable their spouses to meet the family obligations at home.

b. Upon receipt of a complaint alleging that an **enlisted** member is not adequately supporting their lawful spouse and/or children, the member shall be interviewed and informed of the policy of DON concerning support of family members. In the absence of a determination by a civil court or a mutual agreement of the parties, the support guide above is applicable. The member shall be advised of their legal and moral obligations as well as their rights in the matter. The member shall be informed that their naval career may be in jeopardy if they do not take satisfactory action. The member may become ineligible to reenlist or extend their enlistment and they will be subject to administrative or disciplinary action that may result in their separation from the Navy.

c. Justifiable complaints of nonsupport or insufficient support against an enlisted member, with no indication of satisfactory progress toward establishing an acceptable solution, will be considered as evidence of misconduct. In such cases action shall be taken as specified in the article on discharge for misconduct in this manual.

12. Non-Support Complaint

a. Complaints of nonsupport or insufficient support concerning **officers** shall be acted on by the CO, after advising the officer concerned of their rights in the matter, as follows:

(1) Upon receipt of a written complaint alleging that an officer of their command is not adequately supporting their legal spouse and/or children, the CO shall have the officer interviewed for the purpose of instructing them as to DON's policy concerning support of family members and to obtain a written statement of the officer's position and intentions.

(2) When the complaint is received directly from the family member concerned or a legal representative, the CO shall, after obtaining the officer's written statement, promptly advise the writer of DON's policy in matters of this nature in addition to a brief summary of the officer's contentions and intentions, as obtained from their written statement.

(3) When a complaint is received via senior naval authority (usually NAVPERSCOM), the CO shall obtain from the

officer a written statement and return it to the senior naval authority. Prior to forwarding the officer's statement, the CO shall include in their endorsement a statement of the officer's gross pay together with such comments as may be deemed appropriate.

b. If, in the opinion of the CO, the officer concerned has repeatedly disregarded the provisions of a valid court order, or the terms of a current mutual agreement, or the provisions of this article in such a manner as to bring discredit upon the Naval Service, the CO may consider nonjudicial punishment (NJP) or recommendation for court-martial. The fact that an officer is involved in a matter concerning the nonsupport of a legal spouse and/or children should not be the sole factor for considering these actions.

13. **Action**. Action of the **officer** concerned:

a. Upon receipt of correspondence alleging their failure to contribute adequately to the support of their legal spouse and/or children, and on the request of their CO, the officer concerned will execute a statement setting forth the following:

(1) Amount and method of contributions to legal family members during 12-month period preceding receipt of complaint.

(2) Amount being contributed monthly as of date of receipt of complaint.

(3) Amount to be contributed monthly in the future and the method by which payments will be made.

(4) If amounts are less than that provided in the support guide above, state the reasons.

(5) Further information pertinent to the matter, which the officer desires to call to attention of NAVPERSCOM.

(6) Whenever possible, a photostat or certified copy of any pertinent court order or voluntary mutual agreement should be appended.

b. In the absence of a determination by a civil court or a mutual agreement of the parties, the support guide above is applicable.

14. **Fitness & Evaluation Reports**. Fitness and evaluation reports may reflect disregard of the provisions of this article if such disregard has brought discredit upon the Naval Service, or has interfered with performance, or raises questions concerning the advisability of promotion, advancement, or selection for specific assignments. Fitness and evaluation reports may not be used as punishment, or in lieu of appropriate disposition under reference (b). Comments in fitness and evaluation reports must pay due regard to the prohibitions in reference (c) against discussing the activities of a spouse or family member. All reports mentioning nonsupport of family members must be treated as adverse and referred to the officer or enlisted member reported on for a statement.

1. **Purpose.** This article contains definitions and acronyms used throughout [MILPERSMAN 1770](#) section, Casualty and Survivors' Benefits. The definitions and acronyms are provided as a reference for the Office of the Chief of Naval Operations (OPNAV), Navy Casualty Assistance Branch (N135C) processes, reports, notifications, benefits, and assistance programs as outlined in reference (a).

2. Definitions, Terms, and Acronyms

a. **Accounted For (With Respect to a Person in a Missing Status):**

(1) The person is returned to United States (U.S.) control alive;

(2) The remains of the person are recovered and (if not identifiable through visual means as those of the missing person) are identified by a practitioner of an appropriate forensic science; or

(3) Credible evidence exists to support further determination of the person's status (such as when a person's remains have been destroyed and are unrecoverable).

b. **Attendant:** One who accompanies an eligible relative or designated individual to the burial ceremony of a deceased Sailor if Navy Casualty Assistance determines that:

(1) The accompanied individual is unable to travel unattended because of age, physical condition, or other justifiable reasons; and

(2) There is no other eligible relative or designated individual qualified to serve as an attendant traveling to the burial ceremony of the deceased Sailor.

c. **Basic Allowance for Housing (BAH).** The spouse and children (including children from a previous marriage) of a deceased Sailor living in Government quarters are entitled to either remain in Government housing for 365 days, or to relocate to private quarters and receive 1 year of BAH or overseas housing allowance (OHA), as appropriate. To receive this allowance for private quarters, the deceased Sailor must have been eligible to receive those allowances for his or her dependents at the time of death.

d. **Bedside Travel:** Funded roundtrip transportation and per diem for up to three family members or other designated individuals to visit a Sailor listed as:

(1) Serious illness or injury (SI);

(2) Very seriously ill or injured (VSI); or

(3) Not seriously injured (NSI) (designated combat operation and or combat zone injuries only).

Note: Travel to bedside is authorized only when a military medical authority determines in writing that the presence of family members is medically necessary for the health and welfare of the Sailor. Refer to [MILPERSMAN 1770-230](#).

e. **Beneficiary:** Person entitled or designated to receive various benefits.

f. **BUMED:** Bureau of Medicine and Surgery.

g. **Casualty:**

(1) A casualty is broadly defined as a Sailor whose services are lost due to any of the following:

(a) Serious illness or injury (SI);

(b) Very seriously ill or injured (VSI);

(c) Incapacitating illness or injury (III);

(d) Wounds (regardless of severity) received in action (WIA);

(e) Absence is uncertain and it is possible that the Sailor may be a casualty whose absence is involuntary, but there is not sufficient evidence to make a determination that the Sailor's actual status is missing or deceased. Such Sailors should initially be reported in an interim category of "Duty Status - Whereabouts Unknown" (DUSTWUN). [MILPERSMAN 1770-020](#) provides further explanation of DUSTWUN;

Note: Do not use DUSTWUN to account for persons whose status appears to be unauthorized absence (UA) rather than a casualty.

(f) Missing, only when the casualty status has been determined by an initial board of inquiry convened by the Chief of Naval Personnel (CHNAVPERS) and the board's recommendation has been approved by the Secretary of the Navy (SECNAV). Missing includes missing in action (MIA); interned or detained in a foreign country; and captured, beleaguered, or besieged by a hostile force (see [MILPERSMAN 1770-020](#) for detailed explanation);

(g) Death; or

(h) Dependent death of Active Duty or Reserve Sailors (see [MILPERSMAN 1770-250](#)).

(2) Casualties may also include the following:

(a) Family members of Active Duty (ACDU) Sailors not eligible for Family Servicemembers' Group Life Insurance (FSGLI); or

(b) Qualified civilian Navy employees and their family members in a foreign country who are unaccounted for. They shall be reported together with a complete account of the circumstances surrounding their disappearance or death.

h. **Commander Navy Installations Command (CNIC) Casualty Assistance Calls (CAC)/Funeral Honors Support (FHS) Program Manager.** CNIC CAC/FHS Program Manager is responsible for the execution, funding, and technical support of casualty assistance and funeral honors, support procedures, and assessing program delivery to ensure the Sailor's and family's needs are met in times of crisis.

i. **CNIC CAC/FHS Regional Program Coordinator.** Located in various areas throughout the world, the CAC/FHS regional program coordinator provides support at the local level. Program coordinators are under the direction of the CNIC, CAC/FHS program manager. They are directly involved with training, supporting, and providing guidance to casualty assistance calls officers (CACOs) involved in casualty notification and funeral honors support.

j. **Casualty Assistance Calls Officer (CACO).** The CACO is the official representative of SECNAV who provides information, resources, and assistance to the primary next of kin (PNOK), secondary next of kin (SNOK), and other appropriate designated individuals (see [MILPERSMAN 1770-160](#)) in the event of a casualty. Their full time responsibility and mission is to assist families and other designated individuals during a difficult time and ensure they receive the benefits and entitlements due. CACO duties are varied and are dependent upon the status of the Sailor at the time the casualty occurs (i.e., death, DUSTWUN, missing, ill, or injured).

k. **Casualty Operations Case Manager (Navy Casualty Assistance Primary Point of Contact).** A case manager is assigned to each individual casualty case, responsible for ensuring policy guidelines are followed, and for maintaining the primary database, Defense Casualty Information Processing System (DCIPS), for all Navy casualties. Case managers provide support and coordination for benefits, funeral expenses, travel, and reports required by the Department of Defense (DoD) and U.S. Congress. Duties include, but are not limited to:

- (1) Determination of PNOK and or SNOK;
- (2) Determination of beneficiary for all survivor benefits;
- (3) Coordinating with CACO for the delivery of benefits packages to next of kin and other designated individuals;

(4) Certification of death gratuity, BAH, Servicemembers' Group Life Insurance (SGLI), and other survivor benefits;

(5) Coordinating death gratuity payments process;

(6) Coordinating funeral, graveside, and or memorial service and distinguished transfer of remains (DTR) travel as necessary; and

(7) Providing line of accounting data for the relocation of the dependents' household goods (HHG).

1. **CONUS:** Continental U.S.

m. **Defense Casualty Information Processing System (DCIPS):** The official information database for casualty and mortuary processes. The DCIPS database is the information systems standard which supports uniform procedures, accurate accounting and reporting of casualties, benefits tracking, and coordination of mortuary affairs.

n. **Death Gratuity:** Immediate financial assistance to eligible beneficiary(ies) of \$100,000. (See MILPERMAN 1770-280.)

o. **DFAS-CL:** Defense Finance and Accounting Service-Cleveland Center.

p. **DD Form 1300 Report of Casualty.** DD Form 1300 shows proof of death to the U.S. Government and commercial agencies that pay benefits to survivors of eligible Sailors. DD Form 1300 contains information on the Sailor's identification, background, active service, pay, interested persons, and casualty information.

q. **Dependency and Indemnity Compensation (DIC):** A Department of Veteran Affairs (VA) benefit program that provides a monthly payment to a surviving spouse, child, or parent of a veteran because of the service connected death of a veteran. For more information go to DIC:
http://www.vba.va.gov/VBA/benefits/factsheets/survivors/DICeg_0108.doc.

r. **DUSTWUN/EAWUN**

(1) **Duty Status - Whereabouts Unknown (DUSTWUN):** A transitory casualty status applicable only to military personnel that is used when the responsible commander suspects the Sailor may be a casualty whose absence is involuntary, but does not feel sufficient evidence currently exists to make a definite determination of missing or deceased. DUSTWUN affords the commanding officer (CO) up to 10 days to conduct search and rescue efforts, to investigate the circumstances of the loss incident, and to assemble information regarding the Sailor's disappearance. DUSTWUN has no effect on pays or allowances and differs by definition and legal entitlement from the "missing" casualty status. Refer to [MILPERSMAN 1770-020](#).

(2) **Excused Absence - Whereabouts Unknown (EAWUN):** An administrative status applicable only to civilian personnel that is used when the responsible commander suspects the employee may be a casualty whose absence is involuntary, but does not feel sufficient evidence currently exists to make a determination of missing or deceased.

s. **Escort:** The official escort (funded by OPNAV (N135C)), who accompanies the remains while they are being transported to the funeral site. Any other escort designated by a command other than the official escort is funded by the command.

t. **Family Servicemembers' Group Life Insurance (FSGLI):** A program extended to the spouses and dependent children of Sailors. A Sailor must be insured under the SGLI program to qualify for FSGLI. FSGLI provides up to a maximum of \$100,000 of insurance coverage for spouses not to exceed the amount of SGLI the insured Sailor has in force and \$10,000 for dependent children. See [MILPERSMAN 1741-030](#) for more information.

u. **Funeral Travel:** Roundtrip transportation and allowances for family members and other eligible travelers to attend the burial ceremony of Sailors who die while on Active or Inactive duty. Authorized travelers include:

- (1) Spouse;
- (2) Children;
- (3) Parents;

(4) Anyone who stood **in loco parentis**. See definition below;

(5) Siblings;

(6) Person authorized to direct disposition of remains (PADD). See definition of PADD below in subparagraph 2ii.

(7) Attendants, and

(8) Others closely related to and or designated by the deceased Sailor under special circumstances.

Note: Refer to [MILPERSMAN 1770-270](#) for more detailed instructions.

v. Guardianship (In the Case of Minor Beneficiaries): A guardian is a court appointed person or institution responsible for handling the affairs of a minor's estate, particularly the handling of money and property on behalf of the minor. If a Sailor is survived by a child who has not yet reached the **age of majority (18)** and the child is eligible for monetary benefits and or personal property, guardianship may need to be established for the minor child. Rules governing guardianship are established by the laws of the state where the child lives.

Note: Guardianship may have to be established even when the child is in the care of a surviving natural or adoptive parent.

w. Identified: Respect to a person in a missing status, an individual "accounted for" through the utilization of circumstantial evidence, anthropological evidence, odontological evidence, material evidence, and or nuclear or mitochondrial deoxyribonucleic acid (DNA) evidence.

x. In Loco Parentis: Any person(s) or institution who acted in place of a Sailor's parents for a period of not less than 1 year at any time before the Sailor joined the Navy. Seniority in age will control when the persons are of equal relationship. Step-parents, who have not adopted the Sailor, serve as in loco parentis.

y. Killed in Action (KIA): A casualty that occurred due to hostile action, other than terrorist activity, in which a Sailor dies as a result of wounds or other injuries **before** reaching a medical treatment facility.

z. **Members of the Navy.** The following categories of personnel are defined as "members of the Navy:"

(1) Personnel on ACDU, ACDU for training, Inactive Duty training, or traveling directly en route to or from such duty at the time the individual becomes a casualty;

(2) Personnel who have been provisionally accepted for entry on ACDU, have been ordered or directed to proceed to a place for acceptance, and are injured, become ill, or die while at or en route to such a place of final acceptance;

(3) Personnel of the Naval Reserve Officers Training Corps (NROTC) who are injured or die from injury in the line of duty while performing authorized travel to training, from training, or while engaging in flight instruction;

(4) Midshipmen of the Naval Academy, including those authorized to travel to or from such service;

(5) Regular or Reserve Sailors who die after discharge or release from ACDU while a patient in a U.S. Government hospital, provided hospitalization has been continuous from date of discharge or release from ACDU to date of death;

(6) Regular or Reserve retired Sailors who die while a patient in a U.S. Government hospital, provided they became a patient in such hospital while serving on ACDU for a period of more than 30 days and continue as a patient through date of death;

(7) Individuals who die en route directly to their home after discharge or release from a period of ACDU;

(8) Members or former members of the Navy who die during the 120-day period beginning the day following the date of discharge or release from ACDU, ACDU training, or Inactive Duty training, or transfer from drilling status to not physically qualified or records review status;

(9) Members of the Navy Reserve who die while in an Inactive Duty status. This includes those members who may be required to perform at least 12 regularly scheduled drills (pay or non-pay status) each year that are creditable for retirement purposes; those who have performed no ACDU; those who have

performed ACDU, ACDU for training, or Inactive Duty training; and those who are retired without pay. Refer to [MILPERSMAN 1770-040](#) to report a death; or

(10) Members of the Fleet Reserve or retired members of the Regular Navy or Navy Reserve who die while in an Inactive Duty status and while entitled to receive retainer or retired pay.

aa. **Missing:** The status used when a Sailor is not present at his or her duty location due to apparent involuntary reasons and whose location is unknown. A Sailor may be placed in a "missing" casualty status **only after an initial board of inquiry is convened by CHNAVPERS and the board's casualty status recommendation has been approved by SECNAV.** (See [MILPERSMAN 1770-020](#).)

(1) A CO may make a recommendation to put a member in a "missing" status if the facts so suggest. "Missing" does not include Sailors whose status is listed as absent without leave (AWOL), deserter, or who have been dropped from rolls.

(2) **Categories.** A person declared "missing" is categorized as the following:

(a) **Beleaguered.** The Sailor is a member of an organized element that has been surrounded by a hostile force to prevent escape of its members;

(b) **Besieged.** The Sailor is a member of an organized element that has been surrounded by a hostile force, compelling it to surrender;

(c) **Captured.** The Sailor has been seized as the result of action of an unfriendly military or paramilitary force in a foreign country;

(d) **Detained.** The Sailor is prevented from proceeding or is restrained in custody for alleged violation of international law or other reason claimed by the Government or group under which the person is being held;

(e) **Interned.** The Sailor is definitely known to have been taken into custody of a nonbelligerent foreign power as the result of, and for reasons arising out of, any armed conflict in which the Armed Forces of the U.S. are engaged;

(f) **Missing.** The Sailor is not present at his or her duty location due to apparent involuntary reasons and whose location is unknown; and

(g) **Missing in Action (MIA).** The casualty is a hostile casualty, other than the victim of a terrorist activity, who is not present at his or her duty location due to apparent involuntary reasons, and whose location is unknown.

bb. **Naval Disaster:** A naval disaster or accident in which loss of life or injury occurs to more than 15 persons at a specific location (such as the confines of a ship, aircraft, or the geographic limits of a single shore based activity).

cc. **Next of Kin (NOK):** Person(s) related to deceased, injured, or ill Sailor (see "Primary Next of Kin (PNOK)" and "Secondary Next of Kin (SNOK)"). NOK is determined by law. Therefore, Sailors may not designate an individual on their DD Form 93 Record of Emergency Data as their NOK, nor use a will to distribute federal benefits and entitlements.

Note: Eligibility for survivor benefits and or recipients of personal effects are not based upon a NOK determination.

dd. **Not Seriously Injured (NSI):** A casualty which involves illness or injury that requires medical attention (may or may not require hospitalization) and medical authorities declare the illness or injury less severe than seriously injured.

Note: A personal casualty report (PCR) is required **only** if the injury or illness occurs within theater (e.g., Operation Enduring Freedom or Operation Iraqi Freedom).

ee. **OCONUS:** Outside of the continental U.S.

ff. **Office of Chief of Naval Operations (OPNAV), Navy Casualty Assistance (N135C):** Navy Casualty Assistance Calls and Funeral Honors Support (CAC FHS) Program policy sponsor and coordinating authority. OPNAV (N135C) is responsible for establishing policy and procedures, and assessing program delivery to ensure that the Sailors and their families' needs are met in times of crisis. OPNAV (N135C) is also responsible for the overall administration of the Navy Mortuary Affairs Program.

gg. **Official Notification and Condolence Call:**

(1) The initial physical (in person) visit made by a responsible uniformed Navy representative to a Sailor's NOK and or designated individual. The initial visit entails notification, condolences, answering of any questions, and addressing of any concerns. Notification and condolence calls should be accomplished within 24 hours of receipt of casualty. The visit should occur between the hours of 0500 and 2400.

(a) **Notification:** The primary purpose of a notification call is to inform the Sailor's NOK or designated individual of the incident and circumstances surrounding the incident. Notification calls will be made in an expeditious, professional, and dignified manner with consideration for the Sailor's family.

(b) **Condolence Call:** The primary purpose of the condolence call is to extend personal sympathy on behalf of the U.S. Navy and to offer assistance to the family of the Sailor.

(2) When a notification of death is made to the NOK or designated individual by sources other than the Navy (e.g., friend, Sailor dies at home, hospital, law enforcement, media, etc.), a condolence call is made in lieu of notification. When the CACO, CACO's chain of command, Navy casualty assistance, CNIC program manager, regional coordinator, or any other cognizant Navy official becomes aware that the NOK or designated individual has been notified by other sources, the CACO will be directed to make a condolence call rather than a notification.

hh. **Other Interested Parties (OIP):** Other interested parties include anyone named on a Sailor's **DD Form 93 Record of Emergency Data**, or **SGLV 8286 Servicemembers' Group Life Insurance Election and Certificate**, as a beneficiary for:

- (1) SGLI;
- (2) Death gratuity (DG); or
- (3) Unpaid pay and allowances (UPPA).

ii. **Person Authorized to Direct Disposition (PADD):** A person who is authorized to direct disposition of human remains. Sailors identify a PADD on their DD Form 93. If the PADD is not

designated by the Sailor, the PADD is recognized in the following order of precedence:

(1) **Surviving spouse:** The legal spouse is one who was married to the deceased as prescribed by civil law, was not divorced from the deceased, and has not remarried at the time disposition of remains is to be made. The latter might apply in the case of a Sailor who has been declared deceased, body not recovered at the time of the casualty incident, and whose remains are later recovered and identified. If the spouse has remarried at the time disposition is to be made, the right of disposition will go to the next person in order of priority, and the remarried spouse will take priority as stated in subparagraph (8) below;

(2) **Children:** Children who have reached the age of majority in order of seniority (age);

(3) **Parents:** in order of seniority (age), unless legal custody was granted to another person by reason of court decree or statutory provision. Step-parents who have not adopted the Sailor, serve in loco parentis, and are not considered parents for PADD purposes;

(4) **Blood or adoptive relative** of the Sailor who was granted legal custody by reason of a court decree or statutory provision. The person to whom custody was granted remains the PADD despite the fact that the individual had reached the age of majority at the time of death;

(5) **Siblings:** Brothers or sisters of legal age in order of seniority (age). When the deceased person has full siblings, half-siblings, or step-siblings, the order of precedence is the full siblings, then the half-siblings. Step-siblings are not eligible to direct disposition of remains. Adopted siblings are treated the same as full siblings when adopted by both of the deceased person's biological parents. Adopted siblings are considered as half-siblings when adopted by only one of the deceased person's biological parents;

(6) **Grandparents** in order of seniority (age);

(7) **Other adult blood relatives** in order of relationship to the individual under the laws of the deceased's domicile. When two individuals are of equal relationship, priority will be determined by age;

(8) **Remarried surviving spouse:** One who was not divorced from the deceased and has remarried at the time disposition of remains is to be made. The latter might apply in the case of a Sailor who is declared deceased, though his or her body was not recovered and whose remains are subsequently recovered and identified at a later date;

(9) **Persons standing in loco parentis** (refer to "In Loco Parentis";

(10) **Legal representative of the estate** may make disposition of remains when all efforts to identify or locate a person listed in subparagraphs (1) through (9) are unsuccessful. The legal representative must be properly appointed by a civil court having jurisdiction of the decedent's estate; or

(11) When all known persons in subparagraphs (1) through (10) relinquish disposition authority or cannot be identified or located, then disposition of the remains will be made by **SECNAV**.

jj. **Person Eligible to Receive Effects (PERE)(Person Eligible to Receive the Personal Effects of a Deceased Service Member or Civilian Employee).** The custody of the personal effects is transferred according to the following order of precedence:

(1) Legal representative of the member's estate. To qualify as a legal representative, an individual must present duly certified copies of a will, letter testamentary, letters of administration, or other evidence of final qualification, issued by a proper court of competent jurisdiction;

(2) Surviving spouse who has not remarried;

(3) Children in order of seniority (age);

(4) Parents in order of seniority (age);

(5) Siblings in order of seniority (age);

(6) Other blood relative. When two individuals are of equal relationship, priority will be determined by age;

(7) A person standing in loco parentis; or

(8) A person named as a beneficiary in the will, but not specifically named as the recipient of personal effects.

Note: A member may designate someone other than the PNOK to be the PERE. Only the custody of the personal effects is transferred from the Armed Service concerned to the person eligible to receive effects PERE. Any question of title or ownership must be determined by agreement among the interested parties or (if necessary) the civil courts in the state of the domicile of the deceased or missing person.

kk. **Personnel Casualty Reporting**

(1) Per reference (a), a PCR is required on:

(a) All deceased or missing military personnel;

(b) All deceased or missing DoD civilian employees and DoD contractors OCONUS who are casualties as a result of hostile action, nonhostile action, or while accompanying Armed Forces in the field; and for all CONUS casualties as a result of hostile action;

(c) All deceased 120-day disability retired members;

(d) All deceased personnel who were attending a military service academy;

(e) All ACDU military personnel whose status is listed as seriously ill or injured, or very seriously ill or injured;

(f) All DoD civilian personnel, including DoD contractors OCONUS, who are listed as SI or VSI as a result of hostile or nonhostile action, or while accompanying Armed Forces in the field;

(g) All military personnel listed as DUSTWUN, all DoD civilian employees, and DoD contractor personnel listed as excused absence - whereabouts unknown (EAWUN); and

(h) All personnel (including military and DoD civilians and DoD contractors) who are wounded in action.

(2) The PCR should be completed and submitted per [MILPERSMAN 1770-030](#).

11. **Primary Next of Kin (PNOK):** The person most closely related to the deceased Sailor is considered PNOK for casualty notification and assistance purposes. This is usually the spouse for married Sailors and the parents for unmarried Sailors. A surviving spouse who has remained unmarried is always designated the PNOK. The term "surviving spouse" does not include one who obtained a divorce from the Sailor (at any time). The PNOK is recognized by law in the following order of precedence:

(1) Spouse;

(2) Eldest natural or adopted child including a child or children by prior marriage. The age of majority is 18. If the child is a minor, their surviving parent or legal guardian shall exercise the rights of the minor child;

(3) Parents in order of seniority (age), unless legal exclusive (sole) custody was granted to a person by reason of a court decree or statutory provision.

(4) Blood relative that was granted legal custody of the person by a court decree or statutory provision;

(5) Brother and sisters of legal age (18 or over) in order of seniority (age);

(6) Grandparents in order of seniority (age);

(7) Other relatives of legal age in order of relationship to the individual according to civil laws. When persons are of equal degree of relationship to the Sailor (e.g., aunt, uncle, cousin), seniority (age) will determine priority;

(8) Persons standing in loco parentis to the Sailor; or

(9) The remarried surviving spouse.

Note 1: Does not include a spouse who obtained a divorce from the Sailor (at any time) or who remarried before a finding of death.

Note 2: When doubt exists concerning the determination of PNOK, Navy casualty assistance will provide guidance for determination.

mm. **Prisoner of War (POW):** POW is not a casualty status for casualty reporting purposes. For reporting purposes, the casualty status and category would be "missing-captured". POW is the international legal status of military and certain other personnel captured during an armed conflict between two countries, and that status entitles those captured to humanitarian treatment under reference (b).

nn. **Returned to Military Control (RMC):** Status of a Sailor whose casualty status of DUSTWUN or missing has been changed due to the Sailor's return or recovery by U.S. military authority.

oo. **Secondary Next-of-Kin (SNOK):** Any other NOK not designated as PNOK. SNOK is recognized in the same order of precedence as listed in the definition for PNOK above.

pp. **Seriously Ill or Seriously Injured (SI):** The casualty status of a person whose illness or injury requires medical attention and medical authority declares that death is possible, but not likely within 72 hours, and or the severity is such that it is permanent and life altering.

qq. **Servicemembers' Group Life Insurance (SGLI):** A low cost group life insurance for Sailors available in \$50,000 increments up to the maximum of \$400,000. Sailors are automatically insured under SGLI for the maximum amount of \$400,000 unless an election is filed reducing the insurance by \$50,000 increments or canceling it entirely. Additional information on SGLI is available at:
<http://www.insurance.va.gov/sgliSite/SGLI/SGLI.htm>.

rr. **Suicide:** Intentional, self-induced death.

ss. **Suicide Attempt:** An intentional act, causing physical self-harm, where death would have occurred without the direct intervention of another individual.

tt. **Suicide Gesture:** An intentional act, suggesting a cry for help, causing physical self-harm or the intent to cause physical self-harm that would not cause the death of the individual.

uu. **Traumatic Servicemembers' Group Life Insurance (TSGLI):** A traumatic injury protection rider under SGLI that provides for payment to any Sailor covered by SGLI who sustains a traumatic

injury which results in certain severe losses. Additional information on SGLI is available at:

<http://www.insurance.va.gov/sgliSite/TSGLI/TSGLI.htm>.)

vv. Unaccounted For: An inclusive term (not a casualty status) applicable to Sailors whose person or remains are not recovered, or otherwise accounted for following hostile action. Commonly used when referring to Sailors who are killed in action (KIA) and whose body is not recovered (BNR).

ww. Unpaid Pay and Allowance (UPPA): Upon the death of a Sailor, any pay and allowances due, but not paid to the Sailor. UPPA may include unpaid basic pay, accrued leave, amounts due for travel, and unpaid installments of variable reenlistment bonuses. The deceased Sailor's pay record is completely audited by DFAS-CL and a check for any amount due is issued to the designated beneficiary.

xx. Very Seriously Ill or Very Seriously Injured (VSI): The casualty status of a person whose illness or injury is such that medical authority declares it more likely than not that death will occur within 72 hours.

Note: A PCR is required, see [MILPERSMAN 1770-030](#).

yy. Wounded in Action (WIA): A casualty category applicable to a hostile casualty, other than the victim of a terrorist activity, who has incurred an injury due to an external agent or cause. The term encompasses all kinds of wounds and other injuries incurred in action (whether there is a piercing of the body as in a penetration or perforated wound, or none as in the contused wound). These include fractures, burns, blast concussions, all effects of biological and chemical warfare agents, and the effects of exposure to ionizing radiation or any other destructive weapon or agent. The hostile casualty's status may be categorized as SI, VSI, or NSI.

-------------------	---

1. **Policy.** Ref (a) establishes casualty reporting procedures for Service members categorized as "DUSTWUN" and "Missing" and are two separate and distinct casualty categories. Commanders shall review this article in its entirety to ensure compliance with set policy prior to submitting a Personnel Casualty Report (PCR) for DUSTWUN or **recommending** a Sailor be placed in a "Missing" status.

2. **Definitions.** (For a more in-depth explanation of terms, also refer to MILPERMAN 1770-010.

a. **DUSTWUN** - A transitory casualty status that is used when the responsible commander suspects the Sailor may be a casualty and whose absence is involuntary, but sufficient evidence does not exist to make a definite determination of missing or deceased.

b. **Missing** - A status used when a Sailor is not present at his or her duty location due to apparent involuntary reasons and whose location is unknown. **Only the Secretary of the Navy (SECNAV) has the authority to place a Sailor in a "Missing" status.**

(1) A person declared "Missing" is further categorized as follows (see MILPERSMAN 1770-010):

- (a) Beleaguered;

- (b) Besieged;
- (c) Captured;
- (d) Detained;
- (e) Interned;
- (f) Missing; or
- (g) Missing in action.

(Note: The term "Missing" does not include Sailors who are Absent Without Leave (AWOL), deserters, or Sailors who have been dropped-from-rolls.)

3. DUSTWUN Reporting.

a. **No later than 4 hours** following receipt of information that a Sailor is absent from their place of duty and the status of that Sailor meets the definition of DUSTWUN, the responsible commander shall submit a PCR per MILPERSMAN 1770-030. List the Sailor's casualty type as DUSTWUN in block CHARLIE of the PCR.

b. Per reference (b), DUSTWUN affords the commander up to 10 days to conduct search and rescue efforts, investigate the circumstances of the loss incident, and make preliminary assessments and recommendations regarding the Sailor's disappearance. **As a result of that assessment, if the commander concludes that the Sailor is missing, then and only then, shall the commander recommend that the person be placed in a "Missing" status.**

c. A **daily** supplemental PCR of search results is required, unless not feasible for security reasons. The supplemental PCR shall furnish the extent, progress, and other pertinent information needed to keep the Next-of-Kin (NOK) informed.

d. **Termination of DUSTWUN Status.** Submission of supplemental PCR's shall continue until a report is sent stating that the search has been discontinued and the Sailor involved has been

(1) recovered alive and returned to military control.

(2) **recommended to be placed in a "Missing" status** because evidence of death or Unauthorized Absence (UA) is not considered conclusive. The "Missing" casualty status will be retroactive to

the date of the initial disappearance unless other information is available which indicates a more current date is applicable. (See para 5. below)

(3) placed in a UA status. If after an immediate and extensive search, conclusive evidence of death **does not** exist, the available evidence should be carefully reviewed to determine if it warrants a change in the Sailor's status to UA. The date of UA **must** be the initial date of disappearance.

(4) Reported deceased. A report of death is justified if

(a) identifiable remains have been recovered.

(b) after an immediate and extensive search, no remains are recovered and conclusive evidence of death **does** exist. Conclusive evidence of death may be considered to exist when information overcomes any reasonable doubt or logical possibility that a Sailor listed as DUSTWUN may have survived. Circumstances of disappearance, such as an over water loss incident, eyewitness statements, results of immediate search, and/or local conditions can be used to conclude a finding of death. The date of death will be the date the member was placed in a DUSTWUN status.

Note: Commanders may not retain a Sailor in a "DUSTWUN" status for more than 10 days.

4. **Pay and Allowances While in a DUSTWUN Status.** DUSTWUN differs by definition and legal entitlement from the "Missing" casualty status. Therefore, DUSTWUN has no effect on the pay or allowances that are in place prior to the Sailor being placed in a DUSTWUN status.

5. **Recommending "Missing" Status.**

a. Commanders shall submit a recommendation for a casualty status of "Missing" via PCR. An advisory copy of the report shall also be sent to the Commander of the theater component with jurisdiction over the missing Sailor. The recommendation will be forwarded via the Director, Office of Chief of Naval Operations (OPNAV), Personal Readiness and Community Support (N135) to the Chief of Naval Personnel (CHNAVPERS) for consideration.

b. Additionally, within 5 days of submitting the PCR, Commanders shall submit a **written report**, furnishing all available details to N135. The report shall include the following:

- (1) Latitude and Longitude (as applicable),
- (2) Distance from nearest land (when applicable),
- (3) Local conditions,
- (4) Extent of searches made,
- (5) Statements of survivors or other members who may have pertinent information concerning the Sailor's circumstances, and
- (6) Opinion and recommendation of the commanding officer as to the proper casualty status.

c. Submit the report utilizing the most expeditious mode of transmission to either of the following:

- (1) Email: MILL_NavyCasualty@navy.mil;

NOTE: Use an underscore between "MILL" and "NavyCasualty" in the E-mail address.

- (2) Fax: 901-874-6654/2265; or,
- (3) Mail: Director, Personal Readiness and Community Support
(OPNAV N135)
5720 Integrity Drive
Millington, TN 38055.

d. **Initial Board of Inquiry.** Within 10 days of receiving the report, CHNAVPERS will appoint an Initial Board of Inquiry to conduct an inquiry into the whereabouts and status of the Sailor. Reference (b), section 1503-1504, governs the duties and responsibilities of the board. The board's recommendation is forwarded to SECNAV for final approval.

(1) Access to the Initial Board of Inquiry is closed to the public, including Primary Next of Kin (PNOK) and other members of the family. No later than 30 days after SECNAV makes determination of the status, SECNAV will provide PNOK and other members of the immediate family an unclassified summary of the Unit Commanders' and the Initial Board of Inquiry reports.

6. **Family Assistance.** If a Sailor's status is changed from DUSTWUN to "Missing", a Casualty Assistance Calls Officer (CACO) shall visit the PNOK and Secondary Next-of-Kin (SNOK) to inform them of the

casualty status change. N135C will provide guidance and assistance for pay and allowance, benefits, and entitlements in all "Missing" cases.

a. **Relocation.** Travel and transportation may be provided for the dependents, household goods (HHG), and personal effects of Sailors on active duty that are officially reported in a "Missing" status for a period of 29 or more days per reference(c), section 554.

7. **Pay and Allowances While in a Missing Status.** Reference (c) outlines pay and allowances and specific limitations for Sailors listed in a "Missing" status. **"DUSTWUN" has no effect on pay or allowances.** The Assistant Secretary of the Navy (Manpower and Reserve Affairs) has delegated the authority to administer provisions of reference (c) to CHNAVPERS.

a. **Continuance of pay and allowances.** Per reference (c), section 552, a Sailor is entitled to receive the same pay and allowances they were receiving prior to being placed in a "Missing" status:

(1) while listed in a "Missing" status; and,

(2) for a period, not to exceed one year, required for hospitalization and rehabilitation, following termination of that status.

b. **Allotments.** An allotment made by a Sailor prior to being placed in a "Missing" status may be continued. When an allotment is insufficient for an authorized purpose, new allotments or increases may be authorized by CHNAVPERS. CHNAVPERS may also direct the suspension, resumption, discontinuance, or decrease of an allotment when the circumstances warrant per reference (c), section 553).

8. **Service Record, Medical Record, Dental Record, and Flight Logbook Disposition for "Missing" personnel.** Records, along with flight logbooks (if applicable will be forwarded to, OPNAV, Navy Casualty Assistance Division (N135C) at:

Navy Casualty Assistance (OPNAV N135C)

-------------------	--

1. **Requirements for Submission.** Casualty reporting, as required by reference (a), shall be accomplished using the Personnel Casualty Report (PCR), and shall be submitted to Navy Personnel Command (NAVPERSCOM), Casualty Assistance Branch (PERS-13) as soon as practicable after learning of a casualty, preferably within 4 hours. The following casualties shall be reported via PCR:

- a. Death of an active duty or reserve Sailor, to include U.S. Naval Academy midshipmen, or dependent;
- b. Death of a Department of Defense (DoD) civilian employee or DoD contractor as a result of hostile or non-hostile action outside the continental United States (CONUS), or the result of hostile action within CONUS;
- c. Death of a 120-day disability retired member;
- d. Injured or ill persons that meet the following criteria:
 - (1) Very seriously wounded, very seriously ill, or very seriously injured (VSI). Per reference (a), this status is used when medical authority declares that death is more likely than not to occur within 72 hours.

(2) Seriously wounded, seriously ill, or seriously injured (SI). Per reference (a), this status is used when medical authority declares that death is possible, but not likely to occur within 72 hours, or that the severity is such that the condition is permanent or life-altering. Illnesses or injuries that are considered long term, and may require extended hospitalization, shall also be reported.

(3) Not seriously wounded, ill, or injured shall be reported for injuries or illnesses that occur in-theater.

(4) Terminally ill. Terminally ill Sailors shall be reported as VSI or SI with appropriate comments in the remarks section.

e. Duty status-whereabouts unknown (DUSTWUN), or missing active duty personnel or DoD civilians. Follow-on requirements for this category are discussed in MILPERSMAN 1770-020.

2. Other Considerations

a. **Suicide and Suicide Related Behaviors.** Suicides and suicide related behaviors which result in VSI, SI, or extended hospitalization shall be reported via PCR. Additional reporting requirements can be found in reference (b) and MILPERSMAN 1770-090.

b. **Additional Reporting.** Submission of a PCR does not satisfy the operational reporting requirements specified in reference (c).

c. **Dependent Death.** The timely reporting of a dependent death will facilitate follow-on actions; however, compliance with the reporting requirements delineated in paragraph 4 is not mandatory. Following the submission of the PCR, consult MILPERSMAN 1741-030 for further guidance.

d. **Mass Casualty/Naval Disaster.** An event that causes injury or death to more than 15 persons often garners media attention quickly. Commands that experience such an event must work quickly to ascertain as much information as possible about injured or deceased members, using the quickest method available, to allow for rapid notification of primary next-of-kin. Full names and status (injured, deceased, unaccounted for) are priority; additional information is important, but should not delay submission. NAVPERSCOM (PERS-13) and the NAVPERSCOM

Crisis Action Team are equipped to help identify next-of-kin quickly in the event of such a disaster. Updated information can be submitted in the same fashion; however, if time allows, updated reports must be submitted through the primary method outlined in paragraph 5.

Note: Submission of names and status to NAVPERSCOM (PERS-13) does not satisfy requirements in reference (c).

e. Other Services. Commands may report death or injury of other military service personnel through the same method described in paragraph 5. Commands shall indicate the Armed or Uniformed Service of the member in the remarks section of the report. NAVPERSCOM (PERS-13) will channel the report to the proper Service and ensure the command receives confirmation of the report.

3. **Responsibility**. The commanding officer (CO) or the immediate superior in command (ISIC) of a Sailor who suffers a casualty is responsible for submitting the PCR. If a Sailor becomes a casualty while away from his or her parent command, the local Navy activity first apprised of the circumstances shall verify the casualty and notify the Sailor's command, if known, and NAVPERSCOM (PERS-13) via a PCR.

4. **Reporting Requirements**. Commands should strive to submit initial PCRs within 4 hours, but not longer than 12 hours per reference (a). Telephonic reports and or other official messages required by reference (c) do not satisfy the requirement to submit a PCR. When using the method directed in paragraph 5, required fields are identified, though commands are encouraged to be as thorough as possible.

Note: Do not delay sending the initial PCR because all details of the casualty are not known. Submit supplemental reports as necessary.

5. **Reporting Procedures**

a. **Defense Casualty Information Processing System (DCIPS)**. Casualties shall be reported via DCIPS using the DCIPS casualty reporting (DCIPS-CR) function. Any person with a common access card may access DCIPS-CR through one of the following URLs: <https://dcsa.hrc.army.mil/pcr>, <https://dcsb.hrc.army.mil/pcr>, <https://dcsc.hrc.army.mil/pcr> or <https://dcsd.hrc.army.mil/pcr>. Use the DCIPS-CR link in the upper left hand corner.

A comprehensive user's guide can be found on the Navy Casualty Web page on the NAVPERSCOM Web site:

<http://www.public.navy.mil/bupers-npc/support/casualty/Pages/default2.aspx>

b. **Additional Documents.** Inclusion of the following documents will ensure prompt actions pertaining to notification and benefits processing. Do not delay initial report if documents are not readily available.

(1) NAVPERS 1070/602 Dependency Application/Record of Emergency Data or DD 93 Record of Emergency Data; and

(2) SGLV 8286 Servicemembers' Group Life Insurance Election and Certificate.

c. **Copies.** Due to system constraints, only the member who submits the PCR in DCIPS will have direct access to the report, unless authorized per paragraph 7. Commands are encouraged to have the member print the report and retain for reference.

d. **Bandwidth Limitations.** Should a reportable casualty occur during a time of limited or no bandwidth, the command shall submit a voice report of the casualty concurrent with the appropriate report, per reference (c), to their ISIC or operational commander. Commanders shall subsequently enter the report into DCIPS.

e. **Emergency E-Mail Procedure.** As an emergency capability, commands may send an encrypted e-mail with pertinent reporting information to: Mill NavCas Duty@navy.mil. Report shall include reporting command information and required fields identified on page 5 of the DCIPS reporting guide. Additionally, commands may attach necessary documents to the encrypted e-mail.

6. **Supplemental Reporting.** Submit a supplemental PCR

a. to update, add, or correct any information reported on the initial PCR; or

b. to report a change in status of a wounded, ill, or injured Sailor (e.g., Sailor's condition upgraded from VSI to SI; Sailor discharged from medical treatment facility).

7. **Access to Casualty Reports.** Commands requiring regular access to reported casualty information must submit OPNAV 5239/14 System Authorization Access Request-Navy (SAAR-N) "by name" for each individual requiring access. Upon access approval, the system will notify the individual via e-mail of an existing report. Individuals will be required to access DCIPS to retrieve report details. Additionally, individuals who are granted access to DCIPS are required to access the database once every 30 days to prevent system lockout.

1. This article covers reporting procedures for the following:
 - a. Naval Reserve;
 - b. Delayed Entry Program (DEP);
 - c. Naval Reserve Officers' Training Corps (NROTC);
 - d. Fleet Reserve and retired;
 - e. Temporary/Permanent Disability Retired List (TDRL/PDRL);and,
 - f. Sailors who die within 120 days of release from active duty.

1. **Policy**. The death of a Sailor must be reported in order to ensure his or her name is removed from the rolls of the Department of the Navy, his or her record is closed, his or her account is (if applicable) settled, and prompt action is taken to assist surviving family members in applying for survivor benefits.

2. **Reporting Requirement**.

a. **Navy Reserve (drilling reservists)**. The Commanding Officer (CO) of the Navy Reserve unit must submit a Personnel Casualty Report (PCR) per MILPERSMAN 1770-030, notify Navy

Personnel Command (NAVPERSCOM), Reserve Personnel Management Division (PERS-912) at 1-866-827-5672.

b. **Navy Reserve personnel (retired without pay).** If Reserve Component Survivor Benefit Plan (RCSBP) coverage was elected, survivors should contact NAVPERSCOM (PERS-912) at 1-866-827-5672.

c. **Delayed Entry Program (DEP).** The recruiting district of a Sailor in DEP must submit a PCR per MILPERSMAN 1770-030.

d. **Naval Reserve Officers' Training Corps (NROTC).** The CO of the NROTC unit must submit a PCR per MILPERSMAN 1770-030 **only** for midshipmen deaths occurring while attending field or at-sea training.

e. **Fleet Reserve and Retired.** The CO of any naval activity who receives information of the Sailor's death **or** the Regional Casualty Assistance Calls (CAC)/Funeral Honors Support (FHS) Program coordinator is responsible for submitting the PCR. **Submit PCR completing items ALPHA, BRAVO, DELTA and FOXTROT only.** In addition to submitting the PCR, notify the Defense Finance and Accounting Service - Cleveland Center (DFAS-CL) at 1-800-321-1080; OPNAV (N135C) at 1-800-368-3202; and, if USNR, NAVPERSCOM (PERS-912) at 1-866-827-5672.

f. **Temporary Disability Retired List/Permanent Disability Retired List (TDRL/PDRL).** The CO of any naval activity who receives information of the Sailor's death **or** the Regional CAC/FHS Program coordinator is responsible for submitting the PCR. **Submit PCR by completing items ALPHA, BRAVO, DELTA and FOXTROT only.** In addition to submitting the PCR, notify DFAS-CL at 1-800-321-1080 and OPNAV (N135C) at 1-800-368-3202. Also, notify NAVPERSCOM, Disability/Retirement/Limited Duty Division (PERS-821) at (901) 874-4703/3229 or 1-866-827-5672.

g. **For all Sailors who die within 120 days of release from active duty.** The CO of any naval activity who receives information of the Sailor's death **or** the Regional CAC/FHS Program coordinator is responsible for submitting the PCR. Submit a **complete** PCR per MILPERSMAN 1770-030.

3. **Casualty Assistance.** In all of the above cases, if the command is unable to provide additional assistance requested by

the surviving family, the command should report this to OPNAV
(N135C) at 1-800-368-3202.

Governing Directives	JAGINST 5800.7D, Manual of the Judge Advocate General (JAGMAN)
---------------------------------	---

1. **JAGINST 5800.7D Reporting Requirements.** The member's command is responsible for ensuring the appropriate administrative investigation/line of duty (LOD) determination is made in compliance with JAGINST 5800.7D, Chapter II. Refer specifically to Chapter II, Part E - Line of Duty/Misconduct and Part F - Special Considerations in Death Cases for additional information.

2. **LOD determinations.** An LOD finding is required in all death cases involving active duty personnel and reservist performing inactive duty training (IADT), and not for members of the Retired or Temporary/Permanently Disabled Retired List (TDRL/PDRL). The commanding officer (CO) of the deceased Sailor is required to make an LOD determination within 20 days after the date of death or discovery. A status report shall be transmitted via routine message to Navy Personnel Command (NAVPERSCOM) (PERS-622). Provide Judge Advocate General, Department of the Navy (NAVY JAG WASHINGTON DC) (Code 15) an information copy in cases involving Litigation Report Investigations. In all other cases the intermediate commands and reviewing authorities will also be information addressees. The requirement to submit an LOD status report ceases when the investigation has been forwarded to the next higher level of command or to the reviewing authority (i.e., General Court Martial Convening Authority (GCMCA)). The LOD status report enables the chain of command to monitor death investigations, and permits Casualty Assistance Calls Officers (CACOs) to keep the next of kin informed.

3. LOD Status Message. LOD status messages will be completed in the following message format:

1. **Definitions.** For the purpose of categorizing suicide-related behaviors, the following definitions apply:

a. Suicide - Self-inflicted death with evidence (either implicit or explicit) of intent to die.

b. Suicide attempt - A self-inflicted, potentially injurious behavior with a non-fatal outcome for which there is evidence (either implicit or explicit) of intent to die.

c. Other suicide-related behavior - Expressed suicide-related thoughts, suicide-related communications, and non-fatal self-injurious behavior without evidence of intent to die.

2. **Reporting.** Per reference (a), all suicide related behaviors, regardless of outcome, must be reported via reference (b). All suicides and suicide attempts require the completion of the Department of Defense Suicide Event Report (DoDSER).

1. **Definition of a Naval Disaster.** A naval disaster or accident is defined as a loss of life or injury to more than 15 persons at a specific location, such as the confines of a ship, aircraft, or the geographic limits of a single shore-based activity. However, commanders are not bound by this definition and are allowed discretion and leeway to report any event as a naval disaster considered so severe, regardless of the number of deaths or injuries, that it requires notification to the highest levels of Navy leadership.

2. **Notification of Next of Kin.** In many instances, information becomes available to the news media before the next-of-kin (NOK) of all personnel casualties have been notified. When learning of an incident via various media outlets, many families immediately seek information regarding the well-being of their Sailors. To ensure that the Navy has official information to provide to families and to facilitate the casualty notification process, commanders involved in the disaster will send an **initial personnel status report**, per reference (a) to:

CNO WASHINGTON DC//
Information copy to:
COMNAVPERSCOM MILLINGTON TN//
COMNAVPERSCOM MILLINGTON TN//621//
NAVY JAG WASH DC//

a. Ensure the **initial status report also includes** the following:

(1) Gender/Age;

(2) Status (dead, missing, duty status - whereabouts unknown, or injured);

(3) If an individual is injured, indicate whether it is very serious, serious, or not seriously injured, any immediate medical evacuation plans; and,

(4) If records are believed to be lost or destroyed, so state.

b. **Follow up message.** As soon as possible after the initial message, send an immediate message (addressed to commands listed in paragraph 2) of individuals who are **uninjured and accounted for**.

3. **Casualty Reporting Requirements**. After submitting the initial status and follow up messages, submit individual Personnel Casualty Report (PCR), per MILPERSMAN 1770-030. If conditions exist which preclude the command from sending a PCR, the Immediate Superior in Command (ISIC) is responsible for submitting the PCR.

4. The Navy Personnel Command Crisis Action Organization (NPC CAO), consisting of a Crisis Action Team (CAT) and an Emergency Coordination Center (ECC), should be activated when a major naval disaster or accident occurs. The NPC CAO will coordinate with the following: the CNO; U.S. Fleet Forces (USFF); affected Navy Component Commander (NCC); and, Commander, Naval Installations Command (CNIC) crisis action teams and other agencies on an as needed basis.

----------------------------	---

1. **Policy**. Whenever casualties occur in a disaster or accident involving personnel of more than one service, the casualty status determination will be made for all personnel involved by the service operating or controlling the equipment, installation, or unit involved. In such cases, and whenever individual casualties occur to personnel of other branches of the uniformed services or civilians serving with or attached to the Navy commands, a Joint Service Casualty Alert Message (Report) will be sent.

2. **Message Addresses**

a. This report will be transmitted by immediate precedence message to the appropriate commands listed below:

Governing Directive	37 U.S.C. 551-559
--------------------------------	-------------------

1. Policy

a. When war or hostile action by an organization force results in personal casualties, notification of the next of kin will be made as directed by higher authority.

b. During hostilities, or in the case of an international or other applicable incident, records of personnel missing in action will be controlled as "For Official Use Only" until the member is determined to be dead or returned. Significant details, including biographical data, will not be publicly disclosed.

c. Service records and flight logbooks of members continued in a missing status will be forwarded to Navy Personnel Command (NAVPERSCOM) (PERS-621).

d. The family members of members missing in action, captured, interned, beleaguered, besieged, or detained will be provided for under the Missing Persons Act (37 U.S.C. 551-559) (see MILPERSMAN 1770-220).

2. **Classifications**. The definitions, classifications, and nomenclatures for the collection and reporting of battle casualty statistics are as follows:

a. **Battle casualty** - any member lost to the member's organization because of death, wound, missing, capture, or internment, providing such loss is incurred in action. "In action" characterizes the casualty status as having been the direct result of hostile action sustained in combat or relating thereto, or sustained going to or returning from a combat mission, provided that the occurrence was directly related to hostile action or through misadventure (friendly fire).

NOTE: Injuries due to the elements and self-inflicted wounds are not considered as sustained in action and are not battle casualties.

b. **Wounded in action (WIA)** - applies to a battle casualty, other than "killed in action," where the member has incurred an injury due to an external agent or cause. The term encompasses all kinds of wounds and other injuries incurred, internal or external, to include all fractures, burns, blast concussions, all effects of biological and chemical warfare agents, the effects of exposure to ionizing radiation, or any other destructive weapon or agent.

c. **Died of wounds received in action (DOW)** - applies to a battle casualty who dies of wounds or other injuries received in action after having reached any medical treatment facility while still alive. It is essential to differentiate these cases from battle casualties found dead or who died before reaching a medical facility (the "killed in action" group).

d. **Killed in action (KIA)** - applies to a battle casualty who is killed outright or who dies as a result of wounds or other injuries before reaching any medical treatment facility.

e. **Missing in action (MIA)** - applies to all battle casualties whose whereabouts or actual fate cannot be determined and who are not known to have deserted or to be absent without leave.

f. **Captured (CPTR)** - applies to all battle casualties definitely known to have been taken into custody of a hostile force as a result of and for reasons arising out of any armed conflict in which Armed Forces of the United States are engaged.

g. **Interned (ITD)** - applies to all battle casualties known to have been taken into custody of a nonbelligerent foreign power as the result of and for reasons arising out of any armed conflict in which Armed Forces of the United States are engaged.

h. **Beleaguered or besieged** - applies to a member who is surrounded by a hostile force either to preclude escape or to compel the member's surrender.

i. **Detained** - applies to a member who is detained in a foreign country against the member's will and not as the result of an armed conflict in which Armed Forces of the United States are engaged.

Governing Directive	JAG 5800.7C, Manual of the Judge Advocate General (JAGMAN)
----------------------------	---

1. **Policy.** Commanding Officers will write a letter of condolence to the next of kin within 48 hours of an active duty service member's death.
2. **Next of Kin Definition.** See MILPERSMAN 1770-010.
3. **Notification.** Once notification of the primary next of kin has been made by the Casualty Assistance Calls Officer (CACO), the deceased member's commanding officer must either personally telephone or visit the primary next of kin. This contact will allow the commanding officer to express condolences and explain the circumstances surrounding the death of the service member by use of a more intimate form of communication, while at the same time, reassuring the family that the command is taking a personal interest in their well-being. When a member is in transit at the time of casualty it is the responsibility of the commanding officer under whom they last served to ensure that the next of kin are provided with the letter of condolence.
4. **Guidelines for Letter.** The following guidelines must be observed when preparing a Letter of Condolence:
 - a. Extreme caution must be exercised when reporting the facts surrounding the death; the facts must be consistent with official reports.
 - b. Ensure that the information conforms with the findings of any court or board that may be convened.
 - c. The fact that a court or board is to investigate the case should not delay this communication.

d. Sufficient applicable facts should be furnished about the incident, including searches or medical care, to reasonably answer all immediate questions of the next of kin.

e. If sufficient facts cannot be obtained when preparing the letter, the situation should be explained and **supplemental information forwarded as soon as available**, or at least upon completion of the investigative report.

f. When an investigation is being conducted, the letter should advise the next of kin that Navy investigations and their review by the chain of command normally take at least 120 days to complete, and may exceed 180 days. Advise the next of kin of the name and mailing address of the command that will review and release the investigation.

5. **Suggested Content of Letter**. The letter should incorporate the following suggestions:

a. Show personal consideration for the next of kin but extreme caution must be exercised to avoid creation of any impression that the information is not factual.

b. Convey genuine compassion and human interest in the person to whom the letter is sent. This may be done by referring to some personal knowledge about the service member or relaying some complimentary remarks about the service member. Such remarks could reference the service member's character, personality, work ethic, or perhaps past reference to his or her family.

c. When appropriate, state that "(he or she) did not suffer" or "(he or she) received the last rites of (his or her) faith" to provide comfort to the family.

d. Offer to assist the next of kin to show the Navy's interest.

e. Provide information concerning a will or other personal belongings.

f. Encourage the family to work through their CACO until all issues regarding pay, benefits, personal effects, household goods, and any ongoing investigations are completed.

g. Include the grade/rate, full name, and social security number of the casualty in all correspondence with the family.

6. **Additional Information Required.** The following table describes additional information to be included depending upon the circumstances of death:

If the death resulted from...	then...
other than hostile or natural causes,	the next of kin should be advised in the Letter of Condolence that a Judge Advocate General investigation will be or has been convened, and where the next of kin may write to obtain a copy of the releasable portions of the investigation.
an aircraft mishap,	the letter shall advise the next of kin that an aircraft mishap board has been or will be convened, and they may obtain a copy of the releasable portions of the mishap investigation report by writing to the following: Commander, Naval Safety Center 375 A Street Norfolk, VA 23511-4399
criminal misconduct,	the letter shall advise the next of kin that a Navy criminal investigation has been or will be initiated and they may obtain a copy of the releasable portions of the criminal investigation report by writing to the following: Director, Naval Criminal Investigative Service Headquarters Washington Navy Yard Building 111 901 M Street, S.E. Washington, DC 20388-5380

7. **Searches**. When searches are conducted for members in a casualty status, the next of kin will not be told that the search has been stopped as this might allow misinterpretation. Appropriate comments regarding searches are as follows:

a. "I regret that the extensive search for your (relationship) was unsuccessful."

b. "I regret that the extensive search failed to locate any trace of your (relationship)."

8. **Sample Letter of Condolence - Aviation Mishap**

(Use proper letter format.)

a. "On behalf of the men and women of (command name), I would like to extend my sincerest and deepest sympathy to you and all members of your family on the tragic loss of your (relationship), (first name). He/she gave his/her life in fulfilling a longtime personal dream and in patriotic service to a Navy and nation he/she loved. You can be justifiably proud of (first name)'s accomplishments. Your (relationship) was most respected, and I was proud to have him/her in my command. All of Naval Aviation will miss him/her, and we share in your great loss.

b. With all Naval mishaps, the Navy convenes a Judge Advocate General Manual (JAGMAN) Investigation. You may obtain a copy of releasable portions of the investigation by writing to me and requesting a copy. An Aircraft Mishap Investigation Board is also convened. You may also obtain a copy of releasable portions of the Mishap Investigation Report by writing to Commander, Naval Safety Center, 375 A Street, Norfolk, Virginia 23511-4399. I encourage you to work with your Casualty Assistance Calls Officer, (CACO's rank and name). He/she will assist you in attaining all your benefits and copies of the investigations.

c. Again, our hearts, thoughts, and prayers are with you in these very trying times. If I can be of help to you in any way or if you have any special requests, please feel free to contact me anytime at (phone number)."

9. Sample Letter of Condolence - Traffic Accident

(Use proper letter format.)

a. "The tragic loss of your (relationship), (rate & name) on (date of death) saddened all the members of this command. Please accept my heartfelt condolences. I want to explain the circumstances that led to his/her death as we understand them.

b. (Summarize events leading to the accident and recount emergency care provided prior to pronouncement of death.)

c. You should be very proud of your (relationship), (name). He/she was a fine young man/woman who was certainly well liked by his/her shipmates. (First name)'s achievements were many. His/her love of (list hobbies and interests) led him/her to the development of many friendships and associations. We all feel a great personal loss in his/her death.

d. I encourage you to work with (CACO's name), your Casualty Assistance Calls Officer in obtaining all your benefits. Again, please accept my deepest condolences and sympathy in your loss. If I can be of assistance at any time, please contact me."

References	(a) DoD Instruction 1300.18 of 8 Jan 08 (b) SECNAVINST 5720.44B
-------------------	--

1. Reference (a) dictates policy on the **release of casualty information to the media or general public for military, DoD civilian and Department of Defense (DoD) contract personnel.** Reference (b) provides additional guidance on the release of information concerning Navy personnel. Commanders shall consult both of these directives and their assigned public affairs officials prior to the release of any casualty information.

2. Policy

a. **Deceased.** Per reference (a), para. 4.6, no casualty information on Sailors or DoD civilians will be released until 24 hours after the Next of Kin (NOK) has been notified of the casualty. The 24-hour clock will start over each time the NOK are notified of a change in casualty status. (**Exception - Dignified Transfer at Dover Air Force Base:** Primary Next of Kin (PNOK) approval of media coverage of a dignified transfer at Dover Air Force Base waives the DoD 24-hour policy.)

b. **Multiple loss incident.** Per reference (a), para. 4.6.1, the 24-hour period will commence upon the notification of the last NOK.

c. **Not Seriously, Seriously, Very Seriously Ill or Injured (NSI/SI/VSI).** Per reference (a), para. 4.6, casualty information about NSI/SI/VSI military or DoD civilian may not be released to the media or general public without the consent of

the individual. For further guidance consult reference (b), para. 0208.

d. **Duty Status Whereabouts Unknown (DUSTWUN) or missing under potentially hostile situations.** Per reference (a), para. 4.6.3, casualty information on Sailors or DoD civilians will not be released until 72 hours after NOK has been notified or combatant commander clears information for release. NOK will be asked not to make status of their loved one public until notified by their Casualty Assistance Calls Officer (CACO). This delay is requested to allow commanders the opportunity to ensure operational security is not compromised due to premature release of casualty information that could negatively influence the chances of a recovery.

e. **Prisoner of War.** Per reference (b), para. 0207, DoD will be the point of first release of casualty information.

f. **DoD civilian and contractor.** Per reference (a), para. 4.6.4, casualty information on DoD civilians will only be released to the media or the general public after notification of the NOK. Casualty information on DoD contractor employees will only be released by the NOK or by the casualty's employer.

3. Releasable information.

a. **Deceased cases.** Per reference (a), para. 6.3.3, and reference (b), para. 0203 2g, the following is prescribed: Death generally extinguishes an individual's privacy rights. However, surviving family members may have a legitimate privacy interest. Particularly sensitive personal details about the circumstances surrounding an individual's death may be withheld when necessary to protect the privacy interests of surviving family members. This includes personal information on the NOK or others. It also includes information pertaining to the deceased if disclosure would result in an invasion of the family's privacy. Examples of items of a personal nature about family members or others that should be protected include residential addresses and telephone numbers, social security numbers, age and date of birth.

b. **DUSTWUN or missing cases.** Per reference (a), para. 6.3.2, the amount of information releasable to the general public on these Sailors is limited to basic biographical information such as name, date of loss, country of loss, and current status.

-------------------	---

1. Policy

a. Per reference (a) and (b), the Casualty Assistance Calls Program (CACP) requires a uniformed Navy representative be designated to assist the primary and secondary next of kin (NOK) of Sailors who are:

(1) Deceased;

(2) Reported as "duty status-whereabouts unknown" (DUSTWUN); or

(3) Become missing while on active duty, active duty for training, or inactive duty training.

b. Casualty assistance calls officer (CACO) assigned shall be an:

(1) Officer with a minimum of 2 years active duty; or

(2) Enlisted Sailor in the grades E-6 through E-9.

c. A CACO shall be assigned to all eligible NOK or beneficiaries designated on the Sailor's NAVPERS 1070/602 Record

of Emergency Data and SGLI election on SGLV-8286 Servicemembers' Group Life Insurance Election and Certificate.

d. Commands shall assign CACOs to NOK or beneficiaries located in their local area. Regional Casualty Assistance Calls and Funeral Honors (CAC/FH) Program directors will assign CACOs to support NOK and or beneficiaries who are located outside the geographical area of the command who has suffered the loss. In all cases CACO assignment shall be reported to the regional CAC/FH Program Director responsible for the geographic area in which the NOK or beneficiary lives.

e. A **courtesy CACO** is assigned in all active duty cases when a Sailor is:

(1) Placed on the very seriously/seriously ill/injured (VSI/SI) list and assistance to the NOK is necessary.

(2) In imminent danger of loss of life (as defined per MILPERSMAN 1770-010).

The courtesy CACO is assigned in the same manner as a CACO for a deceased or missing Sailor. In death imminent cases, the courtesy CACO will not contact the NOK unless directed by the appropriate regional CAC/FH Program Director. The courtesy CACO will be kept apprised of the Sailor's condition/prognosis until removed from the VSI/SI list.

f. Assignment as a CACO is considered the primary duty of assigned personnel.

2. **CAC/FH Program Director**. Commander, Navy Installations Command's (CNIC) regional CAC/FH Program Directors are responsible for the execution of the CACP within their respective areas of responsibility. They are overseen by CNIC's CAC/FH Program Director who is responsible for funding, training, technical support, and execution authority of the CACP, see reference (c) for more detailed information.

3. **Commanders/Commanding Officers (COs)/Officers in Charge (OICs)/Command Master Chiefs (CMC)**. Ensure command has at least 1 trained officer and 1 senior enlisted (E-6 to E-9) CACO assigned. Coordinate assignment and training of CACO through the regional CAC/FHS Program Director.

4. **Duties of the CACO.** CACOs have many responsibilities to fulfill in the course of providing assistance to the NOK and beneficiaries of Sailors. The duties of a CACO are varied and are dependent upon the casualty status of the Sailor. CACO duties are outlined, but are not limited to the items listed below:

Status of Sailor	Duties of CACO
Deceased	<ul style="list-style-type: none"> • Conduct official personal notification to NOK. • Offer condolence on behalf of the Secretary of Navy. • Consult Navy-Marine Corps mortuary staff for advice and counsel funeral arrangements. • Assist in obtaining emergency financial assistance. • Assist with funeral arrangements/planning. • Provide needed assistance in filing claims for such death benefits as: <ul style="list-style-type: none"> a. 1. Policy

a. In all cases of casualties to naval personnel involving death, "DUSTWUN", or missing classifications, the next of kin will be promptly notified in person by a responsible uniformed Navy representative between the hours of 0600 and 2400 hours.

b. If the member was hospitalized and listed as seriously/very seriously ill or injured immediately preceding the death or if any of the member's next of kin are already aware of the death, the notification will be made in person regardless of the hour.

c. Every notification will be confirmed in writing either by letter or delivery in person.

2. Telephone Notification

a. **Under no circumstances** will notification of death be made by telephone unless a previous arrangement has been made between the family and the attending physician. This exception to the general Casualty Assistance Calls Program (CACP) policy is to be exercised in a judicious manner. At the time the medical officer makes telephone notification to the next of kin, he/she will simultaneously inform the Casualty Assistance Calls/Funeral Honors Support (CAC/FHS) Program Coordinator, in whose area the next of kin resides, of his/her action.

b. Normal CACP and reporting procedures will be followed after initial telephone contact. The Casualty Assistance Calls Officer (CACO) will be advised by the CAC/FHS Program

Coordinator of the previous telephone notification prior to the CACO's call to the next of kin.

3. **Delay in Notification.** If undue delay in notification is foreseen, the Navy Personnel Command (NAVPERSCOM) will be informed by telephone. Undue delay is considered to be in excess of 12 hours from the receipt of information of the casualty. If a ship is in port at the time of casualty and sailing is imminent or notification impractical, NAVPERSCOM will affect the necessary notification, if so requested.

1. Definition

a. **CONUS:** includes the 48 contiguous United States and the District of Columbia.

b. **Next of Kin:** See MILPERSMAN 1770-010.

2. Casualty Occurs on Board Ship which is Operating at Sea.

Navy Personnel Command (NAVPERSCOM) will direct personal notification of the next of kin through the responsible CAC/FHS Program Coordinating Authority.

3. Casualty Occurs Outside of CONUS

a. If the next of kin resides in the immediate vicinity of the command or naval activity, the member's commanding officer is responsible for affecting personal notification and providing the follow-up official confirmation letter.

b. If the next of kin resides overseas, beyond the immediate vicinity of the command or activity, NAVPERSCOM will direct personal notification through the naval or military activity closest to the next of kin. The naval or military activity affecting the personal notification is responsible for notifying the member's commanding officer that the personal notification has been completed.

c. If the next of kin resides within CONUS, NAVPERSCOM will direct the responsible CAC/FHS Program Coordinator to affect personal notification.

4. Casualty Occurs in CONUS

a. If the next of kin resides in the immediate area of the activity or command's current location, the member's commanding officer is responsible for affecting both the personal notification and providing the official condolence letter.

b. If the next of kin resides within CONUS but outside the immediate vicinity of the command, the member's commanding officer will initiate notification by relaying the required information to the responsible CAC/FHS Program Coordinating Authority(ies) in order for the CAC/FHS to arrange personal notification of the next of kin. Upon completion of the personal notification, the activity affecting the notification will inform the member's commanding officer by telephone.

c. If the next of kin resides outside CONUS, NAVPERSCOM will direct the closest naval or military activity to affect personal notification.

-------------------	--

1. **Policy.** Sailors with medical conditions covered in this article must be reported to Office of the Chief of Naval Operations (OPNAV), Casualty Assistance Branch (N135C) immediately. In addition, the Sailor's primary next of kin (PNOK) shall be notified as soon as practical. Reference (a) and section 411h of reference (b) authorize transportation of eligible travelers to the bedside of a Sailor; incident to hospitalization for treatment of wounds, illness, or injury for the period of his or her in-patient treatment. Once it has been reported that a Sailor will be admitted to a hospital, the Navy will make every effort to coordinate travel arrangements for eligible travelers to ensure their presence at the bedside (as soon as the travelers are ready to travel).

2. **Definitions.** For the purposes of this article, the following definitions apply:

a. Sailor:

(1) Active duty member entitled to pay and allowances under section 411h of reference (b).

(2) Reserve Component (RC) entitled to disability pay and allowances. Transportation and per diem are authorized to visit an RC member who is entitled to disability pay and allowances under section 204g of reference (b) who is physically disabled as the result of an injury, illness, wound or disease incurred or aggravated, or in a situation of imminent death whether or not electrical brain activity still exists or brain death has been declared **and** who is hospitalized in a medical facility anywhere in the world if that member became ill, injured, or diseased:

(a) In the line of duty while performing inactive-duty training (other than work or study in connection with a correspondence course of an armed force or attendance in an inactive status at an educational institution under the sponsorship of an armed force or the Public Health Service); or

(b) While traveling directly to or from such training.

(3) **Sailor Retired due to Wound, Illness, or Injury.** Transportation and per diem are authorized to visit a Sailor who is retired solely because of a serious wound, injury, illness, or because of an imminent death declaration whether electrical brain activity still exists or brain death is declared **and** who is hospitalized in a medical treatment facility anywhere in the world. Transportation and per diem are to be provided incident to, and about the same time as the occurrence of the serious wound, serious illness, serious injury, or imminent death declaration, and are not intended to be provided at a later date. This authority does not extend to retirees who incur serious injuries or illnesses after retirement, or whose death becomes imminent after retirement.

b. Designated Individual:

(1) An individual designated by the Sailor to travel to bedside during the period of his or her in-patient treatment. A Sailor may make designation verbally at the time of hospitalization or annotate designation on the DD 93 Record of Emergency Data (i.e., Page 2).

(2) A family member or anyone with a personal relationship to the Sailor whose presence may aid and support the health and welfare of the Sailor during the period of his or her in-patient treatment.

(3) The military medical treatment facility (MTF) ethics committee will make the designated individual determination when:

(a) It has been determined by the attending physician or surgeon that the Sailor is not able to make such a determination; and

(b) The Sailor has not identified anyone as a designated individual on the DD 93.

Note: Designations are not permanent. Choice of designated individuals may be changed at any time.

c. Family member:

(1) The spouse.

(2) Children (including stepchildren, adopted children, and illegitimate children).

(3) Parents or persons in loco parentis (including fathers and mothers through adoption) and persons who stood in loco parentis to the Sailor for a period of not less than 1 year immediately before the Sailor entered the United States (U.S.) Navy.

(4) Siblings.

(5) Other Next of Kin (NOK).

d. PNOK - The person most closely related to the deceased Sailor is considered PNOK for casualty notification and assistance purposes. An un-remarried surviving spouse is PNOK. This is usually the spouse for married persons and the parents for unmarried Sailors. An un-remarried surviving spouse is always designated the PNOK. The term "surviving spouse" does not include one who obtained a divorce from the Sailor (**at any time**). (See MILPERSMAN 1770-010 definitions for a more detailed definition)

e. **Serious Mental Disorder** - A diagnosed mental disorder that requires intensive mental health treatment or hospitalization. The circumstances in which a Sailor shall be considered to have a serious mental disorder for purposes of this section shall include, but not be limited to, the following:

(1) The Sailor is considered to be a potential danger to self or others as a result of a diagnosed mental disorder that requires intensive mental health treatment or hospitalization.

(2) The Sailor is diagnosed with a mental disorder and has psychotic symptoms that require intensive mental health treatment or hospitalization.

(3) The Sailor is diagnosed with a mental disorder and has severe symptoms, or severe impairment in functioning that requires intensive mental health treatment or hospitalization.

3. **Reporting Requirements.** Commands are required to submit a Personnel Casualty Report (PCR) within 4 hours of learning of the incident, per reference (c) and MILPERSMAN 1770-030, Personnel Casualty Report Procedures. If a Sailor becomes a casualty while away from his or her command, the local Navy activity apprised of the circumstances shall verify the casualty and notify the Sailor's command and OPNAV (N135C).

a. **Reasons for Initially Reporting a Personnel Casualty:**

(1) **Terminally Ill (TI)** - The casualty status of a Sailor whose illness has been diagnosed by an Armed Forces medical officer and the Sailor is hospitalized in a medical treatment facility.

(2) **Very seriously wounded, very seriously ill, or very seriously injured (imminent danger of loss of life) (VSI)** - The casualty status of a Sailor whose illness or injury is such that medical authority declares it more likely than not, that death will occur within 72 hours.

(3) **Seriously wounded, seriously ill, or seriously injured (SI)** - The casualty status of a Sailor whose illness or injury requires medical attention, medical authority declares that death is possible, but not likely, within 72 hours and or the severity is such that it is permanent and life-altering.

(4) **Not seriously wounded, ill, or injured (NSI)** - The status of a Sailor meeting **all** of the following criteria:

(a) Wound or injury occurred in a combat operation or an area designated as a combat operation or combat zone.

(b) Wound or injury requires medical attention.

(c) Condition classified as less severe than SI by medical authority.

(d) Hospitalization in a medical facility for treatment of that wound or injury.

(5) **Serious Mental Disorder** as defined in paragraph 2.d.(1)-(3).

4. **Additional Reporting Requirements:**

a. For Sailors with medical conditions specified in paragraph 3 above, the **naval medical treatment facility (MTF) or the naval command assigned medical cognizance (MEDCOG) over a non-military MTF**, must report via PCR:

(1) Any admittance or discharge.

(2) Status changes immediately upon any change in Sailor's medical condition, or weekly, whichever occurs first.

(3) Evacuations from overseas to a hospital within the continental U.S. (CONUS).

b. **The command directed to make the notification (see paragraph 5. below) or the Casualty Assistance Calls (CAC) Regional Program Director** will immediately report any travel arrangements of designated individuals by supplemental PCR or by direct contact with OPNAV (N135C).

c. Per MILPERSMAN 1770-030, the following must be stated in Data Element ECHO of PCR: **"Bedside travel medically warranted/not warranted"**.

Note: Only a **military medical officer at the military MTF or the command assigned medical cognizance over a non-military MTF** can make a bedside travel warranted determination. Ensure the

rank, name, and contact information of the military medical officer making the determination is included.

5. **PNOK Notification Responsibilities.** Whether the Sailor is hospitalized within the continental United States (CONUS), outside the continental United States (OCONUS), or aboard ship, it is the primary responsibility of the Sailor's **Commanding Officer (CO)** to ensure notification is made to the PNOK.

a. Additionally, the **naval MTF or naval command assigned MEDCOG over the non-naval MTF shall follow-up with PNOK to make sure notification has been made.**

b. Notification shall be made by the most appropriate rapid means of communication available. If unable to make notification, contact OPNAV N135C for assistance. In addition, each command shall provide updates to the PNOK of the Sailor's condition. Submit a supplemental PCR upon each subsequent update, reporting in data element GOLF, the date, time, and person making notification to the PNOK.

c. **Evacuation from Overseas.** If Sailor is being evacuated from overseas to a hospital within the continental U.S. (CONUS), notification will be made to the PNOK reporting:

(1) Condition of the Sailor;

(2) Sailor's pending evacuation to a hospital in the U.S. (naming the hospital when known); and

(3) Availability of Government provided travel to meet their Sailor as they arrive at a CONUS MTF per paragraph 7, 8, and 9 below.

NOTE: Due to uncertainties of transportation associated with overseas evacuations, travel to the CONUS hospital should not take place until Sailor has arrived.

d. When the Sailor's condition is no longer listed as SI or VSI and the Sailor is capable of communicating with the NOK, use the most appropriate means of communication available to advise the PNOK of the Sailor's status. The Sailor should also be advised to communicate directly with the PNOK.

6. **When a Member is Admitted to a Foreign Hospital.** Irrespective of condition, if a Sailor is admitted to a foreign

hospital, and or if it is necessary for the Sailor's ship to depart, the Sailor's command or the naval command assigned MEDCOG over the area is required to perform the following:

a. Submit a PCR and notify the NOK in the same manner and format as that prescribed in paragraph 3, 4, and 5. above; and

b. Inform the nearest U.S. Consular Office and include that office as an information addressee on all messages.

7. **Travel and Transportation Authorized:**

a. **Travel Entitlement.** Per paragraph U5246 of reference (d), travel and transportation may be provided for not more than three of the Sailor's designated individuals. In the case where the designated individual is a uniformed Service member, he or she may be provided travel and transportation in the same manner as outlined in subparagraph 7b below.

b. **Travel and Transportation:**

(1) Each designated individual may be provided one roundtrip between the designated individual's home and the medical treatment facility (MTF) in any 60-day period. However, not more than a total of three roundtrips may be provided to the designated individual(s) in any 60-day period.

(2) If a non-medical attendant has been designated for a Sailor during the 60-day period, no more than a total of two round-trips may be provided in a 60-day period at Government expense, per reference (a). Three round trips may be restored to the eligible travelers, if within the 60-day period:

(a) There is no longer a designation of a non-medical attendant.

(b) The non-medical attendant designation transfers to another individual.

8. **Round-Trip Transportation and Per Diem Allowance:**

a. The transportation authorized per reference (d) is round-trip transportation between the home of the traveler and the location of the medical facility in which the Sailor is hospitalized.

b. In addition to the authorized transportation, the Navy may provide a per diem allowance or reimbursement for the actual and necessary expenses of the travel, or a combination thereof, not to exceed the rates established per reference (d), for the period of time that the designated individual is at bedside where the Sailor is hospitalized and classified as stated in paragraph 3.a. of this article.

9. **Method of Transportation Authorized:**

a. One or a combination of the following methods of transportation is authorized per section 411h of reference (b).

(1) Government procured transportation (Transportation in-kind).

(2) Personally procured transportation. Personally procured transportation is a reimbursable expense; however, reimbursement may not exceed the cost of Government-procured commercial round-trip air travel (e.g., first class air fare is not authorized).

(3) Privately owned conveyance (POC). Reimbursable mileage rates for official distance traveled by POCs are covered per paragraph U2600 of reference (d).

(4) **A Rental car is not authorized for reimbursement.**

b. An allowance payable, per reference (d), may be paid in advance.

10. **Commander/CO/Officers in Charge/Command Master Chief:**

a. Ensure all Navy personnel understand the importance of the DD 93 and accurately complete the form with contact information for NOK and designated individual as identified in this article.

b. Ensure all Navy personnel update their electronic service record with current emergency contact information.

c. Ensure immediate notification of a personnel casualty is made to OPNAV (N135C), Bureau of Medicine and Surgery (BUMED), and the chain of command within 4 hours of the casualty (as delineated per MILPERSMAN 1770-030).

d. Ensure a courtesy casualty assistance calls officer (CACO) or a command representative is assigned to assist designated individuals.

(1) A command representative may be assigned, after consultation with regional casualty assistance calls (CAC) and (OPNAV) N135C, if all support requirements can be met for designated individuals at or near the medical treatment facility where the Sailor is receiving treatment.

(2) Coordinate assignment of a courtesy CACO through the regional CAC program director.

e. Assist with transportation of designated individuals to and from the airport when travelers are collocated in the same geographic area as the command.

11. **BUMED**:

a. Determine designated travelers when Sailor is unable to communicate his or her desires. The military MTF ethics committee will coordinate with OPNAV (N135C) to determine the designated individual whose presence may contribute to the Sailor's health and welfare.

b. Provide guidance to Sailor's primary mental health provider, when consulted, to assist in the determination of a "serious mental disorder" and ensure notification to OPNAV (N135C).

c. Provide immediate updates to courtesy CACO, Sailor's command, region, and OPNAV (N135C) for pending transfer to another medical treatment facility, condition changes (e.g., bedside no longer warranted) or in advance of Sailor being released from an inpatient status.

12. **Commander, Navy Installations Command (CNIC)**:

a. CAC Program Manager CNIC (N00K) shall:

(1) Ensure regional CAC program managers and courtesy CACOs are provided proper training regarding policy and procedures for assisting with the transportation of designated individuals incident to hospitalization of Sailors for treatment.

(2) Ensure that designated individuals have assistance in the form of a courtesy CACO or command CACO to assist with travel and bedside issues.

(3) Notify OPNAV (N135C) if any problems are encountered in assisting designated individuals during their bedside travel.

b. Pay, Personnel, and Passenger Transportation Program Manager, CNIC (N14) shall:

(1) In response to orders written and funded by OPNAV (N135C), process advances (as applicable) for travelers on bedside invitational travel orders (ITO) or invitational travel (ITA).

(2) Identify a personnel support activity detachment to support liquidation of travel claims and process travel claims for ITOs.

13. **Navy Casualty Assistance (OPNAV N135C):**

a. Upon notification of a personnel casualty, based on criteria of this article, create a record in the Defense Casualty Information Personnel System to document events related to the casualty.

b. Assist in the identification of eligible travelers who may be authorized to travel to Sailor's bedside.

c. Coordinate travel arrangements for designated individuals to facilitate their presence at bedside (as soon as they are able to travel).

d. Provide ITO/ITA, as required, based on the status of the designated individual. At the completion of travel, process traveler's submitted travel claim for reimbursement of authorized expenses.

e. If the traveler desires to travel via POC or procures his or her own commercial air fare, process submitted travel claims for reimbursement of authorized expenses.

f. For a designated individual, process all travel claims for travel reimbursement when travel occurs under the authority of this article to the bedside of a Service member who is serving in another branch of service.

-------------------	---

1. **Purpose**. Per reference (a), this article outlines procedures for casualty reporting, notification, and assistance for Department of Defense (DoD) civilian and contractor personnel.

2. **Reporting Casualties to Navy Leadership**

a. The commander of the employing DoD component shall submit a Personnel Casualty Report (PCR) utilizing MILPERSMAN 1770-030 for the following casualty cases involving DoD civilians and contractors:

(1) **Outside the Continental United States (OCONUS):**

(a) Casualty occurred as a result of hostile or non-hostile action, or while accompanying Armed Forces in the field, e.g., deceased, missing, or seriously ill (SI), very seriously ill (VSI), or injured;

(b) Excused Absence Whereabouts Unknown (EAWUN);

(c) Wounded in action; or

(d) Casualty occurred while in a travel status.

(2) **Continental United States (CONUS):**

(a) Casualty occurred as a result of hostile actions;

(b) EAWUN; or

(c) Casualty occurred while in a travel status.

Note: Except as specified above, a PCR is not required for CONUS death, SI, or VSI.

3. **Reporting Deaths to the Department of the Navy (DON), Human Resources Office (HRO)**. To ensure that DON HRO is notified of all Navy civilian deaths and that administrative and personnel actions can be taken, the commander of the employing activity shall follow the guidance at:
<http://www.public.navy.mil/donhr/Benefits/death/Pages/Default.aspx>

4. **Notification of Next of Kin (NOK)**

a. **DoD Civilian Personnel:**

(1) **Death, Missing, or EAWUN.**

(a) The commander of the employing DoD component shall ensure notification is made to the primary NOK, spouse, or other designated emergency point of contact identified in the employees personnel file. Notification shall be made within 12 hours of receipt of casualty information. Hours of notification are 0500 - 2400. If there is undue delay in notification, immediately contact the Office of the Chief of Naval Operations (OPNAV), Casualty Assistance Branch (N135C) at 1-800-368-3202.

(b) If the NOK resides within commuting distance of the employing activity, a minimum of a two-person detail from that activity will make notification in person. When the NOK resides outside commuting distance of the employing DoD component, the respective regional casualty assistance calls or funeral honors support coordinator will assign a casualty assistance calls officer from a Navy activity located in the vicinity of the NOK's residence to make personal notification.

(2) **SI or VSI.** The commander of the employing DoD component shall ensure notification is made to the primary NOK,

spouse, or other designated emergency point of contact identified in the employees personnel file. Notification will be made by telephone. If telephonic notification is not possible, initial notification will be in person.

b. **DoD Contractor Personnel.** When a reportable DoD contractor casualty occurs, the commander of the employing activity will notify the contracting agency. The contracting agent is responsible for notifying the contractor's NOK.

5. **Assistance to Family Members**

a. **DoD Civilian.** For all casualties involving **deceased, missing, or EAUWUN**, the commander of the employing activity shall appoint a casualty assistance officer to assist the primary NOK or other designated point of contact within 24 hours of initial notification. The assistance officer shall coordinate all actions through the local servicing HRO. Additionally, the assistance officer shall notify the DON HRO Civilian Benefits Center at 1-888-320-2917.

b. **DoD Contractor.** Commanders shall refer NOK to the appropriate employing contracting agency.

6. **Letter of Condolence for Deceased, Missing, or EAWUN.** Per reference (a), commanders shall provide an appropriate letter of sympathy or condolence (to the NOK or as appropriate) no later than 5 days after initial notification.

1. **Purpose.** Family members require special care during the process of making arrangements for the burial. References (a) through (c) cover eligibility and transportation entitlements for survivors attending the burial ceremony of the deceased Sailor.

2. **Policy.** The Navy will provide round-trip travel and transportation allowances to family members, and other authorized travelers, to attend the burial ceremony of Sailors who die while on active or inactive duty. The burial location is selected by the person authorized to direct disposition (PADD) of the remains. If such a selection is not made, the Navy will select a cemetery in which burial of the deceased is authorized.

3. **Authorized Travelers**

a. The surviving spouse (including a surviving spouse that has remarried since the Service members' death).

b. Children of the deceased member (including stepchildren, adopted children, and illegitimate children).

c. Parents as indicated below:

- (1) A natural parent.
- (2) A stepparent.
- (3) A parent by adoption.

(4) A parent, stepparent, or adopted parent of the current surviving spouse.

(5) Any other person, including a former stepparent, who has stood in loco parentis to the member at any time for a continuous period of at least 5 years before the member became 21 years of age.

d. Siblings of the deceased member (including half and adopted siblings).

e. The PADD.

f. If no relative, described in subparagraphs 3a through 3d above, is provided allowances for travel and transportation, allowances may be provided to

(1) the PADD; and,

(2) up to two additional persons closely related to the deceased Sailor that is selected by the PADD.

g. **Attendants.** The Navy will provide round-trip travel and transportation allowances to an attendant who accompanies an eligible relative to the burial ceremony if Office of Chief of Naval Operations (OPNAV), Casualty Assistance Division (OPNAV N135C) determines that

(1) the accompanied eligible relative is unable to travel unattended because of age, physical condition, or other justifiable reasons; and,

(2) there is no other eligible relative of the deceased Sailor traveling to the burial ceremony qualified to serve as an attendant.

4. **Authorized Allowances.** Travel and transportation allowances are limited to roundtrip travel and per diem. Per diem may not

be paid for more than 2 days plus the time necessary to travel to and from the burial location.

5. **Burial Ceremony Defined.** The term "burial ceremony" includes the following:

- a. Interment of casketed or cremated remains.
- b. Placement of urn containing cremated remains into a columbarium.
- c. Memorial service for which reimbursement is authorized.
- d. A burial of commingled remains that cannot be individually identified in a common grave in a national cemetery.

6. **Commanders/Commanding Officers (COs)/Officers in Charge (OICs)/Command Master Chiefs (CMC)**

- a. Ensure all Navy personnel understand the importance of NAVPERS 1070/602W, Dependency Application/Record of Emergency Data, and accurately complete the form with contact information for eligible funeral travelers as identified above.
- b. Ensure immediate notification of a personnel casualty is made to OPNAV (OPNAV N135C) and the chain of command (COC) within 4 hours of the casualty as delineated in MILPERSMAN 1770-030.
- c. Ensure a Casualty Assistance Calls Officer (CACO) is assigned. Coordinate assignment of CACO through the Regional Casualty Assistance Calls (CAC)/Funeral Honors Support (FHS) Program Manager.
- d. Ensure command has at least one trained officer and one senior enlisted (E-7 to E-9) CACO assigned.
- e. Assist with transportation of eligible funeral travelers to and from the airport when travelers are collocated in the same geographic area as the command.
- f. Assist the CACO in obtaining travel liquidation documents when requested.

7. **Commander Navy Installations Command (CNIC)**

a. **CAC/FHS Program Manager** shall ensure Regional CAC/FHS Program Managers and CACOs are provided proper training on policy and procedures for funeral travel and allowances.

b. **Regional CAC/FHS Program Manager** shall:

(1) Coordinate with CNIC CAC/FHS Program Manager, OPNAV (OPNAV N135C), other Regional CAC/FHS Program Managers, commands, and CACOs to assist family members and other eligible travelers with funeral travel arrangements.

(2) Notify OPNAV (OPNAV N135C) if any problems are encountered with locating eligible funeral travelers.

8. **CACO**

a. Ascertain eligible traveler's intentions to travel to the burial ceremony by completing [NAVPERS 1770/10, Next of Kin Travel Request](#).

(1) **Travel by Privately Owned Conveyance (POC) or personally Procured Commercial Travel:** If the traveler desires to travel via privately owned vehicle (POV) or procures their own commercial air fare, assist the traveler in completing DD Form 1351-2 (3-08), Travel Voucher or Subvoucher, and submit the form with receipts to OPNAV (OPNAV N135C) for liquidation.

(2) **Travel via Government Provided Commercial Air:** If the traveler desires to travel via Government provided commercial air, notify OPNAV (OPNAV N135C) of traveler's desires. OPNAV (OPNAV N135C) will make reservations for traveler.

b. Coordinate with commands and other CACOs to assist family members and eligible funeral travelers with transportation to and from airports.

c. Upon traveler's return, assist with completing DD Form 1351-2 and submit the form with receipts to OPNAV (OPNAV N135C) for liquidation.

9. OPNAV (OPNAV-N135C)

a. Upon notification of a personnel casualty resulting in death, create record in Defense Casualty Information Personnel System (DCIPS) to document events including funeral travel.

b. Assist CACOs in verifying eligible funeral travelers to ensure notification.

c. If the traveler desires to travel via Government provided commercial air, make reservations for traveler. At the completion of travel, process traveler's submitted travel claim for reimbursement of authorized expenses.

d. If the traveler desires to travel via POV or procures their own commercial air fare, process submitted travel claims for reimbursement of authorized expenses.

-------------------	--

1. **Purpose.** Reference (a) and amended section 411f of reference (b) authorizes round trip travel and transportation allowances to eligible relatives to attend a memorial service for a deceased active duty Sailor at a location other than the location of the burial ceremony. Reference (c) establishes (DoD) policy until changes are incorporated in reference (d).

2. **Policy.** The Navy will provide round-trip travel and transportation allowances to eligible family members to attend one memorial service of any Sailor who dies while on active duty. This entitlement is only for a command memorial service at a location other than the burial location. The deceased Sailor's command or designated Navy representative will coordinate with the Primary Next of Kin to invite eligible family members to attend the memorial service.

3. **Authorized Travelers.** An eligible relative is authorized travel and transportation allowances for one round-trip to the installation or unit memorial service. This round-trip is in addition to the burial ceremony. Reimbursable expenses are limited to authorized travel entitlements as outlined in reference (e). Authorized travelers include:

a. The surviving spouse (including a surviving spouse who has remarried since the Service member's death).

b. Child or children of the deceased member (including stepchildren, adopted children, and illegitimate children).

c. Parents as indicated below:

(1) A natural parent.

(2) A stepparent.

(3) A parent by adoption.

(4) A parent, stepparent, or adopted parent of the current surviving spouse.

(5) Any other person, including a former stepparent, who has stood in loco parentis to the member at any time for a continuous period of at least 5 years before the member became 21 years of age.

d. Siblings of the deceased member (including half and adopted siblings).

e. Person authorized to direct disposition (PADD).

f. Attendants. The Navy will provide round-trip travel and transportation allowances to an attendant who accompanies an eligible relative to the memorial service if the Office of the Chief of Naval Operations (OPNAV), Navy Casualty Assistance (N135C), determines that:

(1) The accompanied eligible relative is unable to travel unattended because of age, physical condition, or other justifiable reasons; and

(2) There is no other eligible relative of the deceased Sailor traveling to the memorial service, qualified to serve as an attendant.

4. **Authorized Allowances**. Travel and transportation allowances are limited to travel to and from the memorial service location plus 2 days of per diem at the memorial service location.

(a) Travel by privately owned conveyance (POC) or personally procured commercial travel: If the traveler desires to travel via privately owned vehicle (POV) or pays for his/her own commercial air fare, the traveler will need to complete DD 1351-2 (3-08), Travel Voucher or Subvoucher, and submit the form with receipts to OPNAV (N135C) for liquidation.

(b) Travel via government provided commercial air: If the traveler desires to travel via government provided commercial air, OPNAV (N135C) will make reservations for the traveler.

5. **Memorial Service**

a. A memorial service may be a command function, divine service, or other religious service as defined in reference (f).

b. The decision to conduct a memorial service is a command or service function.

c. Only one memorial service for a deceased active duty Sailor will be recognized for Government-funded transportation and allowances, unless the original service for the deceased Sailor was limited to a memorial service because no remains were recovered.

d. Memorial service locations include the continental United States, Alaska, Hawaii, United States territories, and the last permanent duty station or home port of the Sailor.

e. Transporting eligible family members into a theater of combat operations is not authorized.

f. Funded memorial service travel is limited to a 2-year period following the loss of the Sailor; this limitation may be waived by the Secretary of the Navy.

6. Commanders (CDRs)/Commanding Officers (COs)/Officers in Charge (OICs)/Command Master Chiefs (CMCs). Commands conducting memorial services will:

a. Coordinate with the Religious Ministry Program to ensure adequate support is available for all units for the memorial services per reference (f);

b. Ensure that all eligible family members are invited to the command's memorial service;

c. Ensure that eligible family members are kept informed of current status, schedule of events, and changes to the memorial service;

d. Coordinate travel of authorized travelers including lodging and installation access;

e. Coordinate with OPNAV (N135C) for accounting data and flight reservations if required; and

f. Arrange for travel assistance (by use of duty drivers or other command means) for family members who are attending the command memorial service.

(1) Ensure all Navy personnel understand the importance of the Dependency Application/Record of Emergency Data and accurately complete the form with contact information for eligible funeral travelers as identified above. The Electronic Service Record (ESR) has to be updated as soon as possible when changes occur to names and contact information for the next of kin, PADD, and beneficiaries.

(2) If a Sailor desires to attend the memorial service for a family member who is serving in another Service, the parent command shall notify OPNAV (N135C). OPNAV (N135C) will provide Line of Accounting (LOA) data for reimbursement of travel expenses per DoD requirements. Travel arrangements for the Sailor are the responsibility of the parent command. Likewise, at the completion of travel, the parent command is responsible for processing the Sailor's submitted travel claim for reimbursement of authorized expenses. For accounting purposes, forward a copy of the travel orders, as well as, paid claim vouchers to OPNAV (N135C).

7. Commander Navy Installations Command (CNIC). Casualty Assistance Calls (CAC)/Funeral Honors Support (FHS) Program Manager shall:

a. Ensure Regional CAC/FHS Program Coordinators and casualty assistance calls officers (CACOs) are provided proper training regarding policy and procedures for memorial service travel and allowances.

b. Coordinate with CNIC CAC/FHS Program Manager, OPNAV (N135C), other Regional CAC/FHS Program Managers, commands, and CACOs to assist eligible travelers with memorial service travel arrangements.

c. Notify OPNAV (N135C) if any problems are encountered with locating eligible memorial service travelers.

d. Provide courtesy CACO assistance to support eligible travelers' requirements and assist with liquidation of travel claims.

e. Ensure the Regional CAC/FHS Program Coordinators and CACOs ascertain eligible traveler's intentions to travel to the memorial service.

(1) **Travel by POC or personally Procured Commercial Travel:** If the traveler desires to travel via POV or procures his/her own commercial air fare, assist the traveler in completing a DD Form 1351-2, Travel Voucher or Subvoucher, and submit the claim with receipts to OPNAV (N135C) for liquidation.

(2) **Travel via Government Provided Commercial Air:** If the traveler desires to travel via government provided commercial air, notify OPNAV (N135C) of traveler's desires. OPNAV (N135C) will make reservations for the traveler. Assist with completing a DD Form 1351-2 and submit the form with receipts to OPNAV (N135C) for liquidation, upon traveler's return.

(3) Coordinate with commands and other CACOs to assist family members and eligible memorial service travelers with transportation to and from airports.

8. OPNAV (N135C). Navy Casualty Assistance, OPNAV (N135C), shall:

a. Create a record in the Defense Casualty Information Personnel System (DCIPS) to document events (including memorial service travel) upon notification of a personnel casualty resulting in death;

b. Make reservations for the traveler, if the traveler desires to travel to the memorial service via government provided commercial air. At the completion of the travel, process the traveler's submitted travel claim for reimbursement of authorized expenses;

c. Process submitted travel claim for reimbursement of authorized expenses, if the traveler desires to travel via POV or procures their own commercial air fare; and

d. Provide LOA data to the Sailor's parent command for reimbursement of authorized expenses for Sailors who attend a memorial service for a family member who was serving in another Service.

-------------------	---

1. **Policy.** The Navy will ensure, at the time of burial, a flag of the United States (U.S.) is presented to designated individuals and specific family members of deceased Sailors whose status is covered under reference (a) and updated by reference (b). References (c) and (d) delineate eligibility of those recipients entitled to receive a flag.

2. **Authorized Recipients of the Burial Flag.** Presentation of a standard size Burial Flag is authorized to be given to the following recipients:

a. The person authorized to direct disposition (PADD) of Sailor's remains.

b. The surviving spouse, if not designated as the PADD, regardless of whether the surviving spouse remarries after the Sailor's death.

c. Each child, not designated as the PADD, and without regard to age or marital status as described below:

(1) Legitimate children.

(2) Adopted children.

(3) Stepchildren who were a part of the Sailor's household at the time of death.

(4) Illegitimate children of a female Sailor born out of wedlock.

(5) Illegitimate children of a male Sailor.

(a) who have been acknowledged in writing signed by the Sailor;

(b) who have been judicially determined, before the Sailor's death, to be his children;

(c) who have been otherwise proved, by evidence satisfactory to the Secretary of Veterans Affairs, to be children of the Sailor; or

(d) who the Sailor had been judicially ordered to pay support.

d. The parents or parent, if not designated as the PADD, as described below:

(1) Natural parent.

(2) Stepparent.

(3) Parent(s) by adoption.

(4) Person(s) who stood in loco parentis for a period of not less than 1 year before the death of the Sailor; however, only one person who stood in loco parentis may be recognized. Preference shall be given to the individual who exercised a parental relationship on the date, or most nearly before the date, on which the Sailor entered military service.

Note: Parents living in the same household will be presented only one flag.

3. **Unauthorized.** Presentation of a flag of the U.S. is not authorized for a Sailor who at the time of death was a military prisoner in custody and under a sentence that includes a discharge.

4. **Commanders (CDRs)/Commanding Officers (COs)/Officers in Charge (OICs)/Command Master Chiefs (CMCs)**

a. Ensure all Navy personnel understand the importance of the Record of Emergency Data, and that Sailors make timely and

accurate updates so eligible Burial Flag recipients can be identified.

b. Ensure immediate notification of a personnel casualty is made to Office of Chief of Naval Operations (OPNAV), Navy Casualty (N135C) and the chain of command as delineated in MILPERSMAN 1770-030.

c. Ensure all personnel are aware of this policy.

5. **Commander Navy Installations Command (CNIC), Casualty Assistance Calls/Funeral Honor Support (CAC/FHS) Program Manager**. Manage and provide guidance to Regional CAC/FHS Program Managers, Casualty Assistance Calls Officers (CACOs), and Funeral Honors details.

6. **Navy Casualty (OPNAV N135C)**

a. Issue policy for identifying eligible recipients of Burial Flags.

b. Provide updates to Chief of Naval Personnel (CHNAVPERS) on issues involving presentation of Burial Flags.

c. Ensure Navy Mortuary Affairs works with respective Decedent Affairs Officers to address issues pertaining to the presentation of Burial Flags.

-------------------	--

1. **Policy.** The care of family members after the death of a Sailor is paramount to the Navy. Reference (a) defines policy for eligibility and payment of death gratuity in the amount of \$100,000.

2. **Payment of Death Gratuity.** A death gratuity shall be paid expeditiously to, or for, eligible beneficiaries described in this article after official notification of the death of one of the following:

a. Sailor who dies while on active duty (ACDU) or while performing authorized travel to or from ACDU;

b. Reservist who dies while performing ACDU or while traveling directly to or from that ACDU;

c. Reservist who dies while performing inactive duty training (IDT). Reservist who dies while traveling directly to or from IDT, and those reservist staying at his or her residence during or between successive days of IDT are considered to have been on IDT on his or her date of death.

d. Member of a Navy Reserve Officer Training Corps (NROTC) unit who dies while performing one of the following:

(1) Annual training duty (under orders) for a period of more than 13 days; or

(2) Authorized travel to or from that annual training duty.

e. Applicant for membership in NROTC who dies while attending field training or a practice cruise, or while performing authorized travel to or from the destination for either event.

f. Sailor who dies while traveling to, from, or while at a place ordered or directed, for final acceptance for entry on ACDU (other than for training), and who has been:

(1) Provisionally accepted for that duty; or

(2) Selected, per reference (b), for duty in the Navy.

g. Sailor whose death is determined by administrative finding per reference (c).

3. **Death after Discharge or Release from Duty or Training.** A death gratuity shall be paid to or for eligible beneficiaries (described in this article) of a Sailor who dies during the 120-day period immediately following his or her date of discharge or release from ACDU or IDT, if the Secretary of Veterans Affairs determines the following:

a. The death resulted from an injury or disease incurred or aggravated during the ACDU or IDT described above, or during travel directly to or from such duty; and

b. The decedent was discharged or released under conditions other than dishonorable from the last period of the duty or training performed.

4. **Designation of Recipients**

a. Sailors may designate one or more persons to receive all or a portion of the death gratuity. Designations shall be made on NAVPERS 1070/602 Dependency Application/Record of Emergency Data (page 2) or DD Form 93 Record of Emergency Data, and the

amount payable to the designated beneficiary will be specified in 10 percent increments. Any portion of the death gratuity not designated will be paid per paragraph 5.

b. Per reference (a), if a married Sailor designates a person other than his or her spouse to receive all or a portion of the death gratuity, the Sailor's commanding officer (CO) shall provide written notice of the designation to the spouse (see paragraph 10).

5. **Distribution.** If the Sailor does not make a designation (under subparagraph 4a) or designates only a portion of the amount payable, the remaining amount shall be paid in the following order of precedence:

a. Surviving spouse of the Sailor;

b. If no surviving spouse exists, any surviving **children** (as prescribed by paragraph 6) of the Sailor and the descendants of any deceased children by representation;

c. If none of the above exist, the surviving **parents** (as prescribed by paragraph 7) of the Sailor, or the survivor of the two;

d. If none of the above exist, the duly-appointed executor or administrator of the estate of the Sailor; and

e. If none of the above exist, other next of kin of the Sailor entitled under the laws of the domicile of the Sailor at the time of the Sailor's death.

6. **Children defined.** Children eligible to receive payment of the death gratuity (per paragraph 5b) without regard to age or marital status include one of the following:

a. Legitimate children;

b. Adopted children;

c. Stepchildren who were a part of the Sailor's household at the time of his or her death;

d. Illegitimate children of a female Sailor; and

e. Illegitimate children of a male Sailor

(1) who have been acknowledged in writing and signed by the Sailor;

(2) who have been judicially determined, before the Sailor's death, to be his children;

(3) who have been otherwise proved, by evidence satisfactory to the Secretary of Veterans Affairs, to be children of the Sailor; or

(4) to whose support the Sailor had been judicially ordered to contribute.

7. **Parents defined.** For purposes of subparagraph 5c, parents include fathers and mothers through adoption. However, only one father and one mother may be recognized in any case. Preference shall be given to those who exercised a parental relationship on the date, or most nearly before the date on which the Sailor entered naval service.

8. **Death of Beneficiary before Receipt of Death Gratuity.** If a person entitled to all, or a portion, of a death gratuity dies before receiving payment, the death gratuity shall be paid to the living survivor next in the order of precedence prescribed by paragraph 5.

9. **Existing Designations.** All Sailors should periodically (at least annually) review their record of emergency data (NAVPERS 1070/602 or DD Form 93) to ensure the designated beneficiaries and allotted percentages (as applicable) are still accurate.

10. **Designations Other Than Spouse.** As per reference (a), if a married Sailor designates all, or a portion, of the death gratuity to a person other than his or her spouse, the commander (CDR), CO, or officer in charge (OIC) is required to notify the spouse in writing of the designation. The command pass coordinator (CPC) or personnel officer (PERSOFF) shall prepare and have the CDR, CO, or OIC sign, and mail the Spouse Notice of Designation letter (Exhibit 1), and ensure a copy is forwarded to Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) for inclusion in the Sailor's official military personnel file (OMPF). Commands with members qualifying under paragraphs 2d and 2e shall not forward a copy to NAVPERSCOM (PERS-313).

Note: Document must comply with latest submittal requirements for inclusion in the OMPF.

11. **Miscellaneous Provisions**

a. A payment may not be made if the Sailor was put to death as lawful punishment for a crime or a military offense, unless he or she was put to death by a hostile force with which the Armed Forces of the United States were engaged in armed conflict.

b. In the case of any Navy reservist who dies while traveling directly to or from ACDU for training or IDT, his or her CO or OIC shall determine whether the reservist was authorized, or required to perform the duty or training, and whether the reservist died from the injury so incurred. In making those determinations, the CO or OIC shall consider the following:

(1) The hour at which the reservist began to travel directly to or from the duty or training;

(2) The hour at which the reservist was scheduled to arrive for, or at which the reservist ceased performing, that duty or training;

(3) Method of travel used;

(4) Itinerary;

(5) Manner in which the travel was performed; and

(6) Immediate cause of death.

12. **Responsibilities**

a. **NAVPERSCOM, Casualty Assistance Branch (PERS-13) shall:**

(1) Verify eligible beneficiary designated to receive death gratuity payment.

(2) Draft and release authorization letter for electronic funds transfer (EFT) or check payments of death gratuity.

(3) Verify payment and receipt of death gratuity; document status in the Defense Casualty Information Processing System.

(4) Provide guidance if issues or concerns are raised regarding death gratuity policy, entitlements, or payments such as delays, payments to minor children, record of emergency data discrepancies, or beneficiary clarification.

b. Commander, Naval Installations Command Shall:

(1) Include pertinent information regarding death gratuity when providing casualty assistance calls officer (CACO) training. Assist CACOs and commands as required, and work with NAVPERSCOM (PERS-13) regarding payment of death gratuity.

(2) Immediately notify NAVPERSCOM (PERS-13) of any problems encountered by the CACO concerning death gratuity payments.

c. CDRs, COs, OICs, and Command Master Chiefs Shall:

(1) Ensure all assigned Sailors understand the importance of maintaining a current and accurate record of emergency data (NAVPERS 1070/602 or DD 93) to include their designation of death gratuity beneficiary(ies).

(2) In the event of a Sailor's death, comply with applicable sections of MILPERSMAN 1770 series.

(3) Ensure Spouse Notice of Designation (Exhibit 1) letter is mailed to affected spouse and filed in the OMPF upon notification from the CPC, PERSOFF, or personnel support detachment (PERSUPP DET) that member has designated all or part of the death gratuity to someone other than his or her lawful spouse.

d. CACO Shall:

(1) Verify the appropriate death gratuity recipient(s) through NAVPERSCOM (PERS-13). Death gratuity will be paid only after official notification of the Sailor's death has been made. **Caution: Death gratuity payments and amounts are confidential. Discuss death gratuity with the verified beneficiary(ies) only.**

(2) Assist death gratuity beneficiary(ies) in the claim process following procedures outlined in the following table below. Note that payment will be issued via EFT by the Defense Finance and Accounting Service - Cleveland Center (DFAS-CL). If the beneficiary does not have an accessible checking or savings account, request NAVPERSCOM (PERS-13) process payment by check.

EFT PAYMENT	CHECK PAYMENT
1. Contact CACO/funeral honors (FH) region program director (RPD) for step-by-step procedures and a sample package for payment of the death gratuity.	1. Verify beneficiary's identity; correct spelling of name and Social Security number. Inform NAVPERSCOM (PERS-13) and CACO/FH RPD that beneficiary requests check payment; transmit the verified identification information to both offices.

Dear Mr. O'Toole,

Our records indicate that you are the spouse of Petty Officer Pauline Williams O'Toole. Title 10 requires the services to notify the spouse whenever a Service member designates all or part of the death gratuity to someone other than his or her current lawful spouse. This letter is to inform you that on March 1, 2011, your spouse elected to designate all, or part, of her death gratuity to someone else.

Your spouse was entitled to make the above election. Though we are required to notify you of your spouse's decision, we are not authorized to disclose the name of the designated beneficiary. If you have any questions regarding this letter, please call 1-866-827-5672.

----------------------	--

1. **Policy.** The retirement or transfer to the Fleet Reserve of a member shall (if the member so desires) be preceded by a ceremony designed to express Navy's appreciation for the many years of faithful and honorable service the member has devoted to their country. Additionally, commanding officer (CO), commander, or officer in charge (OIC) of a member's last permanent duty station (PDS) shall present a United States (U.S.) flag, on behalf of the Secretary of the Navy (SECNAV), on the occasion of an active duty member's transfer to the Fleet Reserve or the Retired List.

2. **Member's Responsibility**

a. Upon notification of Navy Personnel Command (NAVPERSCOM) approved retirement or Fleet Reserve transfer date, the member may request or decline a command-sponsored ceremony, or the member may host their own retirement ceremony.

b. If the command is sponsoring the retirement ceremony, the Service Member should understand that commands will make every reasonable effort within regulations, budgetary constraints, and practicality to provide the items requested.

c. For a command-sponsored retirement ceremony, the member shall submit a request in writing to CO or commander of the

parent command. The request shall be submitted early enough to allow for adequate planning: (Use sample format below)

3. Command's Responsibility

a. Upon receipt of member's request for retirement or transfer to the Fleet Reserve, a command representative will determine if the member desires a retirement ceremony and assist the member in submission of the request for a ceremony.

b. CO, commander, or OIC of a member's last PDS shall present a U.S. flag on behalf of SECNAV on the occasion of an active duty member's transfer to the Fleet Reserve or the Retired List. Personnel eligible for presentation of a U.S. flag are those active duty members who have transferred, or will transfer to the Retired List or Fleet Reserve on or after 1 October 1998. Commands are authorized to use Operating Target (OPTAR) funds to procure the flags (NSN 8345-00-656-1435). The presentation of the flag will be at no cost to the member.

c. Upon receipt of member's request for a ceremony, the command will approve or disapprove. If disapproved, provide member reason for disapproval. Upon approval by the command, the retirement ceremony becomes an official command function. Use of accountable funds may be authorized per references (a) through (c). Per reference (d), official representation funds (ORF) may be used under certain circumstances for certain types of retirement ceremonies. Reference (d) stands alone in outlining the proper use of these funds. Commands should review reference (d) prior to use of ORF. **Additional questions concerning the use of appropriated funds for necessary expenses should be addressed through the command's comptroller or legal counsel. However, these funds should not be used for food, receptions, or unofficial functions.**

d. Commands shall make every reasonable effort within the bounds of applicable regulations and budgetary constraints to provide member's request for a command-sponsored retirement ceremony. If a member does not desire a command-sponsored retirement ceremony, the member and sailor-designated family members shall be issued the appropriate retirement documents prescribed in paragraph 5 at an informal presentation ceremony.

4. **Retirement Documents to be Issued.** The following documents will be presented to the member upon retirement or transfer to the Fleet Reserve (as appropriate):

Form Number/Name of Form	Issuance Responsibility
DD 363 Certificate of Retirement	Transmitted to the command by NAVPERSCOM. The command will complete the certificate.
NAVPERS 1830/3 Retirement Fleet Reserve Certificate	Stocked in the Navy supply system (NSN 0106-LF-983-8200), prepared at the command and signed by the CO.
NAVPERS 1650/80 Certificate of Appreciation (Retirement - Others)	For presentation to Sailor-designated family members; prepared at the command and signed by the CO.
DD 2542, Certificate of Appreciation for Service in the Armed Forces of the United States	Bearing the signature of the President, stocked in the Navy supply system (NSN 0106-LF-982-4700). The command will complete the certificate with name, rank, and military service.

5. **Letters of Appreciation.** In addition to the above certificates, the following personnel (upon retirement) shall receive standard letters of appreciation prepared by the White House Military Office and signed by the President. Certificates must be requested 6 months prior to the member's retirement date:

a. Naval personnel retiring with at least 30 years of active military service.

b. The Chairman and Vice-Chairman of the Joint Chiefs of Staff and Chiefs of Staff of the Military Services.

- c. The Master Chief Petty Officer of the Navy.
- d. Recipients of the Medal of Honor, on retirement or transferring to the Fleet Reserve.
- e. Former prisoners of war (POWs), who qualify for or have been awarded the POW Medal.

6. **NAVPERSCOM, Retirements and Disability Division (PERS-835) Responsibility.** NAVPERSCOM (PERS-835) will be responsible for mailing DD 363 for officer retirements and 30-year enlisted retirements.

7. **Form Protection.** DD 2542, signed by the President as Commander in Chief, was established for extending the nation's appreciation. The certificate is an expression of gratitude to the individual for military service and is not intended to have any legal effect on entitlement or benefits. Accordingly, a copy of the certificate or a notation that the member has received the certificate shall not be made a part of the member's military record.

8. **Preliminary Arrangements for the Ceremony.** The following actions are required to ensure a proper official ceremony:

- a. Solicit member's desires in determining details of the ceremony.

- b. Member will prescribe the uniform for principals and military guests.

- c. Ship or station will rig for visitors, with necessary escorts, ushers, sentries, and head facilities. Reception arrangements shall be accommodated (if desired by the member) in the wardroom, CPO, and or general mess (as appropriate). Refreshments may be provided by the member, at no expense to the Government.

- d. The rostrum may be equipped with a public address system and shall be decorated. Bunting, signal flags, ceremonial bullets, and other appropriate accouterments may be used.

- e. Invitations and programs for the ceremony shall be typed or printed. Appropriated funds may be used to pay for mailing and printing of invitations for official retirement ceremonies.

Associated events such as receptions are considered personal in nature and should not be funded with appropriated funds. However, a command may provide notice of the time and location of a directly related reception so long as it will not increase the cost to the Government.

f. Ships personnel, except the watch, shall be at parade quarters as space permits.

g. Use of a band and ceremonial color guard is authorized and encouraged.

h. The commander or CO will meet dignitaries and senior officers at the quarterdeck. Side honors with sideboys and boatswain's mate will be rendered to senior officers. Boat gongs are not necessary when the side is tended.

i. Seating shall be arranged for guests with ushers and escorts assigned to supervise seating.

9. **Ceremony Procedures**. The executive officer of a ship, CO of a flagship, or chief of staff of a flag officer normally acts as the master of ceremony (MC) using the following procedures:

Step	Action
1	Seat guests in advance.
2	Command master chief escorts the commander or CO and Sailor-designated family members to the rostrum.
3	On approach, MC orders "Ship's Company (and or Staff), Attention."
4	If flag officer included in ceremony as guest speaker or guest of honor or as immediate superior in command (ISIC), he or she is escorted separately to ceremonial area. (See Note 1 below.)
5	During arrival of principals, ship's company (and or staff) will remain at attention. (See Note 2 below.)
6	After arrival honors (if rendered) MC orders the colors paraded and MC announces the National Anthem. (See Note 3 below.)
7	MC will introduce chaplain who gives the invocation. Military personnel in uniform remain covered.
8	MC asks guests to be seated, orders "Ship's Company (and or Staff) Parade Rest," introduces officer to read the member's biography.
9	Once read, MC introduces guest speaker or guest of honor (or ISIC). After speaker's remarks, MC introduces the CO or commander. (If no guest speaker/guest of honor/ISIC, MC introduces the CO or commander).

10	CO or commander will make any remarks and then present a U.S. flag (on behalf of SECNAV), awards, and certificates to the member and Sailor-designated family members. Citations and certificates shall be read by the MC as they are presented. (See Note 4 below.)
11	Gifts presented at this time. MC introduces member and the member may make remarks. (See Note 5 below.)
12	MC will ask guests to rise and remain standing until completion of ceremony. He then introduces the chaplain who delivers the benediction. During the benediction the band may play the Navy Hymn softly.
13	Upon completion, the MC orders "Retire the Colors."
14	After colors retired, MC orders "Post Sideboys" and when sideboys are in place, member will depart with sailor-designated family members (if desired). Following last note to boatswain's pipe, band plays "Anchors Aweigh."
15	MC announces end of ceremony, asks guests to remain in place until senior officers and distinguished guests have departed. If a reception is planned, make announcement at this time and escort guests to the reception area or quarter-deck.

NOTE 1: Guests will be asked to rise upon his or her arrival and honors (appropriate to the officer's rank) will be rendered, unless these have been rendered at the quarter-deck incident to the flag officer's arrival.

NOTE 2: If the guest speaker, guest of honor, or ISIC is not a flag officer and will not be receiving arrival honors (O-6 or below), he or she should be escorted to the ceremonial area with the principals.

NOTE 3: Personnel not in ranks and guests will face the national ensign if it is in sight, if not, face the music. Military personnel in ranks will not salute, but formation commanders and military guests will.

NOTE 4: CO, commander, or OIC of a member's last PDS shall present a U.S. flag on the occasion of an active duty member's transfer to the Fleet Reserve or the Retired List. Commands are authorized to use OPTAR funds to procure the flags (NSN 8345-00-656-1435). The presentation of the flag will be at no cost to the member.

NOTE 5: Appropriate gifts for the occasion (such as shadow boxes, plaques, flower bouquets for sailor-designated family members etc.) are paid by separate resources and not appropriated or non-appropriated funds.

10. **Members Transferring.** In the case of personnel who are transferred to another activity for further transfer to the Fleet Reserve or the Retired List, the ceremony shall be conducted by the last PDS, not by the activity to which transferred.

11. **Inactive Reserve Ceremony.** For ceremonies marking transfer of personnel in the Inactive Navy Reserve to the Retired Reserve or the Navy Reserve Retired List, the CO shall request from Commander, NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) an advance DD 363.

1. **Policy**. Per the provisions of references (a) and (b), Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) is authorized to grant retirement point credit for attendance of Navy reservists at professional or trade conventions, seminars, symposia, or similar meetings when members meet the requirements promulgated herein.

2. **Applicability**. Retirement point credit is authorized for inactive duty Navy reservists who are Selected Reserve, Individual Ready Reserve, or Standby Reserve-Active (USNR-S1) members.

3. **Procedures**

a. A request from a Navy reservist and or the meeting sponsor shall be submitted together with a copy of the agenda or proposed agenda to the appropriate Navy Reserve Program sponsor. A request for credit by an individual Navy reservist shall be submitted directly to COMNAVRESFORCOM.

b. Upon determination by the Navy Reserve Program sponsor that the meeting conforms to the policy set forth above and retirement point credit should be allowed for attendance by authorized members of the Navy Reserve, a request from that sponsor shall be submitted to COMNAVRESFORCOM for consideration.

c. Retirement point credit shall be granted to a Navy reservist only when:

(1) The meeting is of at least 4 hours duration and is sponsored, supervised, and conducted by one or more of the military departments, or designated by the Department of the Navy as being of such military value that the instruction received would enhance the reservist's professional development and broaden his or her qualifications for duties to which he or she may be expected to be assigned upon mobilization, or the qualifications of work they may supervise.

(2) Inactive duty retirement point credit for attendance has been previously approved without exception by COMNAVRESFORCOM.

(3) The reservist registers with a designated monitor representing the Department of the Navy, or in the absence of such monitor, is authorized to and does certify his or her own attendance.

(4) The reservist's participation is without remuneration, other than the pay to which he or she may be entitled as a member of a Navy Reserve Program.

d. After completion of the convention seminar, members attached to a unit will report retirement point credit through the Navy Standard Integrated Personnel System Drill Reporting System. A maximum of five points may be entered during the member's anniversary year.

e. Members not attached to a unit will certify attendance to Navy Personnel Command (NAVPERSCOM), Reserve Personnel Service Branch (PERS-912) via the appropriate code at COMNAVRESFORCOM.

----------------------------	---------------

1. **Eligible Members.** Former members of the United States Navy or Marine Corps, and those of the United States Coast Guard who have served in that organization while it operated as a part of the Navy, at least one-half of whose service was not active commissioned service (other than as a warrant officer or limited duty officer) may be admitted to and receive the benefits of the **Armed Forces Retirement Home (United States Naval Home (USNH))** or **United States Soldiers' and Airmen's Home (USSAH)** by authority of Title XV, Public Law 101-510, if eligible under one of the following additional criteria:

a. Persons who are 60 years of age or older, and were discharged or released from service in the Armed Forces under honorable conditions after 20 or more years of active service.

b. Persons who are determined under rules prescribed by the Armed Forces Retirement Home Board to be incapable of earning a livelihood because of a service-connected disability incurred in the line of duty in the Armed Forces.

c. Persons who served in a war theater during a time of war declared by Congress or were eligible for hostile fire special pay under 37 U.S.C. 310, were discharged or released from service in the Armed Forces under honorable conditions, and are determined under rules prescribed by the Armed Forces Retirement Home Board to be incapable of earning a livelihood because of injuries, disease, or disability.

d. Persons who served in a women's component of the Armed Forces before the enactment of the Women's Armed Services Integration Act of 1948, and are determined under rules prescribed by the Armed Forces Retirement Home Board to be eligible for admission because of compelling personal circumstances.

2. **Ineligible Members**. A person described in the eligible members section who has been convicted of a felony or is not free of drug, alcohol, or psychiatric problems shall be ineligible to become a member of the Armed Forces Retirement Home.

3. **Admission**

a. Admission to the Armed Forces Retirement Home within the priority categories established by Public Law 101-510 is contingent upon the availability of staff, resources, and facilities, to include living quarters suited to any limitations of the applicant. As part of the process of application, prospective residents will be required to produce evidence of their total service, retired pay, pensions or other income, and a certificate from a medical officer setting forth the nature of their disability and the fact that they are not able to support themselves by manual labor.

b. Applications for the **USNH** shall be obtained from and submitted to:

Director, United States Naval Home
1800 Beach Drive
Gulfport, MS 39507

c. Applications for the **USSAH** can be obtained from and submitted to:

Admissions Office
United States Soldiers' and Airmen's Home
Washington, DC 20317

d. When there is not sufficient room to accommodate all eligible applicants for admission, preference for admission shall be given according to a priority system established by the Armed Forces Retirement Home Board of Trustees.

4. **Readmission.** If discharged from the Armed Forces Retirement Home for cause, a resident may seek readmission after a 2-year waiting period. All such requests will be presented to the Admissions Board for consideration. The readmission must be approved by the Director. Residents who elect to leave the Armed Forces Retirement Home and are in good standing may seek readmission after a 1-year waiting period. All such requests will be presented to the Admission Board for consideration.

-------------------	---

1. **Policy.** Per reference (a), an enlisted member of the Regular Navy who has completed at least 30 years of active service may be retired upon application. Reference (b) dictates the effective date of retirement to be the 1st day of the month after the month in which service requirements are fully met. For members retiring, release from active duty shall be effective on the day immediately preceding the effective date of retirement. A member shall not be retained on active duty beyond the scheduled date of release from active duty **unless**

a. as provided for in reference (c), the member is hospitalized; or

b. the member has a medical board that has been accepted by the president of the physical evaluation board for disability processing.

2. **Creditable Service for Retirement.** Service creditable for the purpose of determining retirement eligibility varies with each type of retirement. The following has been extracted from reference (d) regarding creditable service for voluntary retirement of enlisted personnel.

a. **Creditable Service.** All active service performed in the Uniformed Services and as a cadet or midshipman at a Service academy is creditable.

b. **Non-Creditable Service.** Absences from duty during an enlistment are not creditable unless they are made up by the member upon return to full duty. Applicable absences are

(1) desertion;

(2) unauthorized absence greater than 24 hours;

(3) confinement (military or civilian) greater than 24 hours in connection with a trial, whether before, during, or after the trial; or

(4) inability to perform duties greater than 24 hours due to use of drugs, alcohol, or because of disease or injury resulting from misconduct.

3. **Submission of Retirement Requests.** Eligible Sailors shall submit regular voluntary retirement requests within 6 to 24 months of the requested retirement date via their chain of command. Upon completion, the Sailor's command career counselor shall electronically submit the request to Navy Personnel Command (NAVPERSCOM), Enlisted Retirements Branch (PERS-836) via use of the Officer Personnel Information System, Navy Standard Integrated Personnel System, or Career Management Information System Programs, citing the applicable user guide for instructions.

4. **NAVPERSCOM (PERS-836) Responsibility.** NAVPERSCOM (PERS-836) shall

a. prepare and issue the Retirement Authorization/Statement of Service message no later than 120 days prior to the requested retirement date; and

b. prepare and forward a package which contains a letter of appreciation from the President of the United States, a DD 363N Certificate of Retirement, and other information (as applicable). The package will be forwarded to the member's command no later than 4 months prior to the approved retirement date.

5. **Responsibility of Servicing Personnel Support Office or Administrative Office.**

a. Personnel support office or administrative office should receive a copy of the retirement authorization letter no later than 120 days prior to requested date. If retirement authorization is not received, contact NAVPERSCOM (PERS-836) immediately for assistance.

b. Prepare DD 214, Certificate of Release or Discharge from Active Duty per reference (e).

c. Update member's official military personnel file as provided for in MILPERSMAN 1070-111 and reference (f).

d. Process Navy strength loss documents per reference (g).

e. Forward completed DD 2656 Data for Payment of Retired Personnel to Defense Finance and Accounting Service (DFAS), Cleveland as directed in reference (g).

6. **Responsibility of Retirees.** The retiree shall

a. respond promptly to all official correspondence;

b. keep NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) informed of current home address;

Navy Personnel Command (PERS 912)
5720 Integrity Drive
Millington TN, 38055-9000

c. access and use the DFAS Retired Military and Annuitant Web page for retired pay concerns at the following Web address: <http://www.dfas.mil/dfas/retiredmilitary.html>; and

d. understand the retiree is subject, at all times, to the laws, regulations, and orders for Navy. The retiree may wear the uniform from place of release to home within 3 months after the date of release and subsequently on occasions of ceremony as prescribed in reference (h).

1. Request Procedures

a. Voluntary active duty retirement requests are submitted to Navy Personnel Command (NAVPERSCOM), Officer Retirement Section (PERS-4822). Officers desiring voluntary retirement under reference (a) shall submit an official written request to Secretary of the Navy (SECNAV), via their commanding officer (CO) (or immediate superior in command (ISIC), as appropriate) and NAVPERSCOM (PERS-4822).

b. Reference (b) outlines the requirements for fulfilling the time-in-grade requirement and tour length when requesting voluntary retirement.

2. Guidelines for Submission. Applications for retirement may be submitted under the following guidelines:

a. If requested retirement date coincides with the projected rotation date (PRD), submit request between 6 and 9 months in advance of the requested retirement date or PRD.

b. If requested retirement date does not coincide with PRD, submit request 9 to 12 months in advance of the requested retirement date to allow ample time to identify a relief for the retiring officer. Retirement requests submitted more than 12 months in advance will not be accepted.

c. If an officer is notified by any means (E-Mail, message, telephone, or personal visit) that permanent change of station

(PCS) orders will be issued, and the officer is within 6 months of the normal PRD, a retirement request will not normally be approved. (The 1st day of the 6th month prior to an officer's projected date is considered to be the commencement date of the 6-month period.)

d. If an officer is notified more than 6 months prior to the PRD that PCS orders will be issued, the officer may decline the assignment and request retirement to be effective any time up to and including the normal PRD.

e. An officer who has not been notified of impending orders may request retirement for any date agreed upon by member and detailing community.

1. Having completed [fill-in] years of active service, I request transfer to the Retired List to be effective on the 1st day of [month and year]. I hereby certify that upon requested retirement date, I will have served all training and special pays service obligations. I further understand that if I have any active duty obligation remaining in my contract, my request for retirement may be denied or I shall be required to reimburse the government, if request is approved. (If appropriate, add one of the following statements: (1) "I request (fill-in) month(s) time-in-grade waiver." Or, (2) "I request to retire in the next lower grade of (fill-in grade).")

2. I intend to request (fill-in) days permissive TDY and (fill-in) days separation leave.

3. I have read and thoroughly examined reference (a), specifically Chapters 8 and 9, concerning pre- and post-retirement standards of conduct and employment activities. I further understand that I may direct any questions to my area ethics counselor or the Office of the Judge Advocate General (Code 13).

-------------------	---

1. Introduction:

a. Based on needs of the Navy, an officer of the Regular Navy or a Reserve officer retiring under reference (a) may request retention on Active Duty in a retired status or voluntary recall from retirement and ordered to Active Duty.

b. An officer may request retention or recall for a specific billet with unique operational circumstances or when unique qualifications cannot be met by the Active Force or by continuation, per reference (b).

c. An officer may request retention in the billet occupied at the time of retirement if necessary to affect an orderly turnover, or to successfully accomplish a mission requirement.

d. A retired officer may not be retained or recalled in a number which will exceed the authorized strength or affect the promotion opportunity in any competitive category during the anticipated period of Active Duty.

e. Per reference (c), a retired officer on Active Duty is not eligible for promotion due to the fact the officer is not on the Active Duty list.

2. **Limitations and Exclusions.** The following limitations and exclusions are provided per the guidelines established per **references (d) and (e):**

a. An officer retired under selective early retirement (SER), per reference (f), may not be retained or ordered to Active Duty. If an officer was notified he or she would be considered for SER, but submitted a voluntary request for retirement per reference (a) prior to the SER board being convened, he or she may not be retained or ordered to Active Duty.

b. For **flag officers**, not more than **15** retired flag officers may be on Active Duty at any one time. A retired flag officer ordered to Active Duty for 60 days or less does not count against the 15 limit.

c. No more than **25** retired officers, of any pay grade, may be on Active Duty at any one time.

d. The period of retention in a retired status cannot exceed 1 year from the member's retirement date, or in the case of a recalled member, from the date the member reports back to Active Duty.

e. Paragraphs 2c and 2d above **do not apply** to the following officers:

(1) A chaplain assigned duty as a chaplain.

(2) Health care professionals that are assigned duties as health care professionals.

(3) An officer assigned duty with the American Battle Monuments Commission.

(4) An officer assigned duty as a defense attaché or service attaché.

f. Paragraph 2c does not apply to any member of the Retiree Council of the Navy on Active Duty to attend the annual meeting of the Retiree Council.

g. Paragraphs 2a through 2d above do not apply in time of war or of national emergency declared by Congress, or the President.

3. Submission Requirements for Retention in a Retired Status:

a. **Flag officers** should contact Navy Personnel Command (NAVPERSCOM), Flag Matters Section (BUPERS-00F) for submission requirements.

b. **Captains and below** should submit a request for retention in a retired status via their commanding officer to NAVPERSCOM, Officer Retirements Branch (PERS-8353). **Requests must be submitted 6-9 months in advance of the retention period being requested (see Note 1).** Retire retain requests shall include the following information:

(1) The officer's retirement date and period of time being requested.

(2) Justification and reason for request.

(3) A statement indicating the member's physical fitness status.

(4) The member's e-mail address and phone number.

Note 1: Assistant Commander, Navy Personnel Command, Career Progression Department (PERS-8) will deny all requests received within 90 days of mandatory retirement without additional consideration.

4. Officers Approved for Retention on Active Duty in a Retired Status:

a. An officer approved for retention on Active Duty in a retired status must still retire. Prior to retirement, the officer is responsible for the preparation and submission of DD Form 2656 Data for Payment of Retired Personnel for the survivor benefit plan that can be faxed to **Defense Finance Accounting Service (DFAS) at 1-800-469-6559**. The supporting personnel office or the supporting Personnel Support Detachment (PERSUPPDET) can assist the officer in preparing this form. No action will be taken by DFAS Cleveland until the officer is actually released from Active Duty.

b. Officers are not entitled to sell leave upon their mandatory retirement date. An officer may sell leave upon completion of approved retention on Active Duty period per reference (g).

c. Per reference (h), **DD 214 Certificate of Release or Discharge from Active Duty** will not be issued until the actual date of separation. A comment is to be added to the remarks section (block 18) of DD 214 to specify the official retirement date of the officer. The end of the retire retain period will be considered the date of separation.

d. An officer will receive full pay and allowances while on Active Duty and that time will be creditable toward retired pay percentage.

5. **Submission Requirements for Recall in a Retired Status.**

Officers interested in requesting recall in a retired status should first contact the appropriate community detailer in NAVPERSCOM, Career Management Department (PERS-4) to determine if there is a bona fide need in the Navy for their particular designator and if there is a billet that the officer would be willing to accept as a recalled officer. **Requests for recall in a retired status should be submitted to NAVPERSCOM (PERS-8353), 6-9 months** in advance of the period being requested and should include the following information:

a. The officer's retirement date and period of time being requested;

b. The officer's rank on the date of retirement;

c. Any stipulations concerning the recall (e.g., will only accept a particular duty assignment);

d. Unique qualification;

e. A copy of the most recent DD 214;

f. Copies of the last three fitness reports; and

g. The member's e-mail address and phone number.

6. **Consideration of Requests.** Requests for retention in a retired status will be considered on a case-by-case basis and take approximately 16 weeks to process. Requests for recall

will only be routed for consideration if the detailing community NAVPERSCOM (PERS-4) determines there is a bona fide need and billet for the officer requesting recall. It is imperative that submission timelines are followed in order to provide official responses in a timely manner. A letter of notification of approval or disapproval will be sent to each officer via their parent command.

1. **Policy**. Navy Personnel Command (NAVPERSCOM), Reserve Personnel Service Branch (PERS-912) will transfer members of the Fleet Reserve to the Retired List without application upon:

a. Completion of 30 years active and inactive service; or

b. Upon determination that the member is not physically qualified to perform the duties of the rate held. Such members may, upon notification by Chief of Naval Personnel, be transferred to the Retired List, or if serving on active duty and when otherwise qualified; therefore, be placed on the Temporary or Permanent Physical Disability Retired List per reference (a), Chapter 61.

2. **Grade Determination**

a. Except as noted below, NAVPERSCOM (PERS-912) will transfer members to the Retired List in the enlisted grade held immediately prior to transfer per reference (a), §6331. Unless otherwise entitled to higher pay, each member transferred to the Retired List is entitled to retired pay at the same rate as the retainer pay in effect at the time of retirement from the Fleet Reserve.

b. Per reference (a), §6151 and §6334, if the member concerned had previously served satisfactorily under a temporary appointment in a warrant or commissioned, or a higher enlisted grade upon retirement from the Fleet Reserve, member will be advanced on the Retired List to the highest temporary warrant or commissioned, or higher enlisted grade satisfactorily held as determined by the Secretary of the Navy. Retirement pay will be

calculated by vb the Defense Finance and Accounting Service (DFAS) per reference (a), §6151, §6334, and §1406-§1407.

3. **Service Computation**

(a) NAVPERSCOM (PERS-912) will compute years of service for transfer from the Fleet Reserve to the Retired List by adding:

(1) Years of service credited upon transfer to the Fleet Reserve;

(2) Years of active duty and inactive duty service in the Armed Forces before transfer to the Fleet Reserve not credited upon that transfer; and

(3) Years of service, active duty and inactive duty, in the Fleet Reserve.

----------------------	---

1. **Policy**. Per the provisions of references (a) thru (g) and MILPERSMAN 1800-010, this article provides the eligibility requirements and procedures for submission of applications (exhibit 1) for non-Regular Reserve retirement without pay.

2. **Background**

a. The Navy's Retired Reserve consists of the following categories:

(1) Navy Reserve personnel who are eligible to draw retired pay, or are currently drawing retired pay for non-regular service under reference (a).

(2) Navy Reserve personnel who have not reached eligibility to draw non-regular retired pay, have received a notice of eligibility (NOE) letter, and have not applied for retired pay benefits, but have transferred to a retired list

after completing the required service for non-regular retired pay benefits under reference (a). These members are often referred to as "gray area retirees."

(3) Navy Reserve personnel who have retired under reference (a), chapters 1201, 1202, 1204 or 1205 due to a physical disability.

(4) Navy Reserve personnel who have retired after completion of 20 or more years of active military service or 15-20 years of active service when authorized under temporary early retirement authority.

(5) Navy Reserve personnel who have been transferred to Retired Reserve in lieu of a discharge, transfer, or retention in the Standby Reserve (inactive status, USNR-S2), and are not eligible for non-regular service retired pay benefits. These Navy Reserve members in the past have been referred to as "honorary retirees."

3. Qualifications

a. Unless otherwise provided by law, a Navy Reserve member must have completed 20 years of qualifying service to be eligible for non-regular service retired pay. The last 6 years of such qualifying service must be in a Reserve Component for members who have earned 20 or more years of qualifying service on, or before, 24 April 2005. There is no requirement that the last 6 years be continuous service. For members who complete 20 years of qualifying service on, or after, 25 April 2005, the last 6 years of qualifying service in a Reserve Component is not a requirement to qualify for non-regular retired pay.

b. The 20-year requirement has been reduced to 15 years for certain Selected Reserve (SELRES) members determined to be **not physically qualified (NPQ)/unfit**. To be eligible for this early retirement the member must

(1) meet all other requirements of law for retirement (see reference (a), chapter 1223);

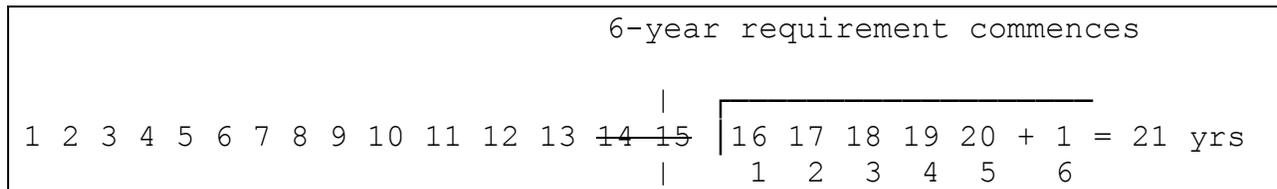

(2) be a member of the SELRES Component;

(3) be assigned physical risk classification (PRC) code PRC-5 by Navy Personnel Command (NAVPERSCOM), Line of Duty

(LOD)/Medical Hold (MEDHOLD)/Medical Retention Review (MRR) Division (PERS-95); and

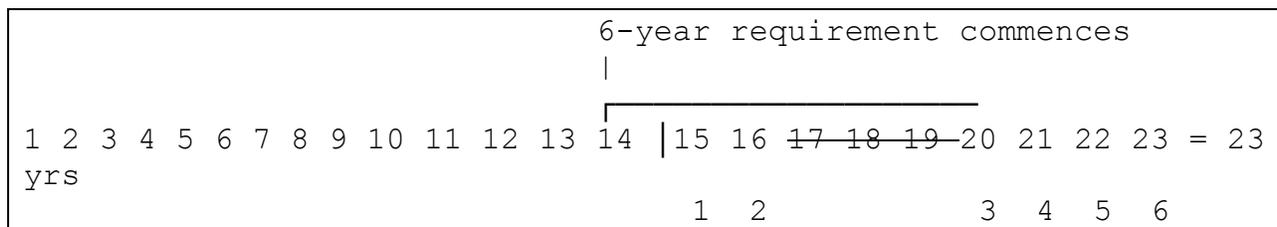

(4) be approved by NAVPERSCOM, Reserve Personnel Management Department (PERS-9).

c. For members who have completed 20 or more years of qualifying service before 25 April 2005 only, any period of service as a member of an Active Component intervening between periods of reserve service after the 14-year mark does not count towards the final 6-year Reserve Component requirement. Service in an Active Component during a partial year shall be treated in the same manner as 1 full year of service in this respect. For example to qualify for a non-Regular Reserve retirement, (20 qualifying years of service), members must have satisfactorily served a minimum of 6 years, commencing at the beginning of their 15th year through the date of retirement, in a Reserve Component. The 6-year requirement does not have to be consecutive as indicated below:

Note: In the above example, the member was serving in a Regular Component during years 14 and 15. As a result, the member must complete an additional qualifying year of reserve service to meet the last 6-year requirement.

d. The 6-year requirement does not have to be consecutive as indicated below; however, any Active Component time after year 14 does not count towards the final 6-year Reserve Component requirement:

Note: In the above example, the member was serving in an Active Component during years 17, 18, and 19. As a result, the member

must complete an additional 3 qualifying years of service to meet the last 6-year requirement.

4. **Effective Date of Retirement**

a. The effective date of retirement will be specified in the retirement orders issued by Chief of Naval Personnel (CHNAVPERS) or NAVPERSCOM.

b. The effective date of retirement for members of the Navy Reserve who are eligible for non-regular service early retired pay, and are being retired for other than physical reasons shall be the 1st day of the month.

c. The effective date of retirement for members of the Navy Reserve age 60, or over, who are eligible for non-regular service retired pay, and are being retired for reasons other than physical disability shall normally be the date the member is entitled to retired pay.

d. The effective date of retirement for members of the Navy Reserve who are retired due to physical disability will be the date the Secretary of the Navy (SECNAV) approves such retirement, or on any subsequent date specified by SECNAV.

e. The effective date of retirement for members of the Navy Reserve subject to mandatory removal from an active status, who are not eligible for non-regular service retired pay, but are approved for transfer to the Retired Reserve in lieu of discharge, transfer, or retention in USNR-S2 status, shall be the 1st day of the month.

5. **Retired Grade Determination**

a. Reserve enlisted personnel and officers are normally transferred to the Retired Reserve in the grade in which serving at the time of transfer. Exceptions are as listed below:

(1) Enlisted Personnel; and

(a) Enlisted personnel advanced to E-7, E-8, or E-9 in the Navy Reserve who voluntarily request retirement must satisfactorily serve 24 months in the grade in which they wish to be retired, or request retirement in their previously held grade. Per reference (f), time-in-rate requirements may be waived by Commander, Navy Personnel Command (COMNAVPERSCOM) during times of

force reductions. When waived, members may retire in the highest rate held and should check with NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) for the current waiver policy at the time of their retirement. Enlisted members below the pay grade of E-7 will be retired in the highest pay grade satisfactorily held.

(b) Reserve enlisted members who, through no fault of their own, are unable to complete the service-in-grade requirements may request a waiver to retire at the higher pay grade from NAVPERSCOM, Reserve Personnel ADMIN Division (PERS-91).

(c) Reserve enlisted members subject to involuntary transfer from an active status (USNR-R and USNR-S1), approved for transfer to the Retired Reserve in lieu of discharge, transfer, or retention in the Standby Reserve (inactive status) (USNR-S2), will be permitted to retire in the highest pay grade satisfactorily served.

(2) Officers;

(a) Per reference (a), chapters 1370 and 12771, officers selected for promotion who have accepted promotion to the next higher grade, must meet the satisfactory time-in-grade requirements listed below, or request retirement in their previously held grade. Officers who have completed at least 6 months of satisfactory time-in-grade, and who are transferred from an active status solely due to a nondiscretionary provision of law requiring such a transfer (age, physical disability, or years of service statutory restrictions), may be transferred to the Retired Reserve at that grade.

Grade	Time-in-Grade Requirements for Discretionary Retirement
01 through 04	6 months
05 through 08	3 years

Note: Time-in-grade requirements for O-5 and O-6 may be reduced from 3 years to 2 years as provided in references (a), paragraph 1370(d) and reference (f). NAVPERSCOM (PERS-91) is approval authority for O-5 and O-6 time-in-grade waivers. O-7 and O-8 time-in-grade waivers require Under Secretary of Defense for Personnel and Readiness (USD P&R) approval.

(b) Reserve warrant officers will be retired in the grade held on the day before the effective date of their retirement, or in any higher warrant grade in which they served satisfactorily on active duty, as determined by SECNAV, for a period of more than 30 days.

(c) The time-in-grade requirements listed above must be served in an active status (USNR-R or USNR-S1). Frocking does not constitute acceptance of advancement or promotion. Per reference (f), any misconduct or professional dereliction which results in a court-martial or separation for cause shall also be taken into consideration in determining if the member's time-in-grade was satisfactory.

(d) Reserve members, upon assignment or transfer to the Retired Reserve, shall be transferred in their current grade (if held satisfactorily). Members who have satisfactorily held a higher rank or grade during their military career, regardless of branch of service, will be concurrently advanced to that higher rank or grade at the time they apply for and receive retired pay.

6. Retirement Due to Age and Transfer of Navy Reserve Officers to Retired Reserve

a. Effective 17 October 2006, per reference (a) section 14509 as modified by reference (h), all Navy Reserve officers in an active status (USNR-R or USNR-S1) or on the inactive status list (USNR-S2), in a rank below rear admiral (lower half) who have not been recommended for promotion to the rank of rear admiral (lower half) will be transferred to the Retired Reserve or discharged when they reach 62 years of age, unless retention has been specifically authorized by SECNAV. Therefore, all officers approaching their 62nd birthday must actively pursue one of the following options:

(1) Request transfer to the Retired Reserve effective no later than the 1st day of the month following their 62nd birthday.

(2) Be granted an extension, per reference (a), section 14703. The annual SECNAV Navy Reserve Officer Retention and Continuation Plan authorizes certain professional members' extension past age 62. NAVPERSCOM (PERS-91) will notify eligible members in advance and provide appropriate requests to be completed and returned.

(3) Request Discharge. This last option is required by law and must occur if the officer is not retirement eligible.

b. Failure to request one of these options will result in the officer being retired (if eligible) or discharged.

7. Voluntary Retirement and Transfer to the Retired Reserve for Members Not Eligible for Non-Regular Retired Pay - Honorary Retirees.

a. Historically, reservists who were not eligible for non-regular service retired pay, but who were subject to mandatory removal from the Ready Reserve or the Standby Reserve could apply and be transferred to the Retired Reserve in lieu of discharge, provided the characterization of service would qualify the member for an honorable discharge and the member met the requirements listed below. These members, referred to as "honorary retirees", are not entitled to any military retired pay benefits, nor are they authorized to retain a U.S. Armed Forces identification card. They became "honorary retirees" if they have met one of the following requirements:

(1) Completed at least 10 years of active commissioned service.

(2) Attained the age of 37 on the date of retirement and have either

(a) completed at least 8 years of service with a minimum of 50 retirement point credits earned per year after 1 July 1949;

(b) completed at least 8 years of service in a Reserve Component, including at least 6 months of honorable service on active duty in time of war or national emergency;

(c) consistently supported the Armed Forces in an outstanding manner as determined by SECNAV; or

(d) if they were found NPQ for active duty service, not as a result of their own misconduct.

b. Changes to references (d) and (e) suspended the Honorary Retiree Program after 18 September 1997. Members previously transferred to the Retired Reserve in an honorary status maintain their retired status. Per reference (f), reserve personnel who

possess special qualifications, critical professional skills, or are required by law to maintain status who are not eligible for non-regular retired pay, but are subject to mandatory removal from an active status, may be transferred to the Retired Reserve in lieu of discharge as approved by CHNAVPERS.

8. Voluntary Retirement and Transfer to the Retired Reserve for Members Eligible for Non-Regular Service Retired Pay - Gray Area Retirees.

a. Reservists who are eligible for non-regular service retired pay may be retired and transferred to the Retired Reserve upon application, or as otherwise directed by NAVPERSCOM (PERS-91) provided

(1) the member was issued an NOE or has completed all the requirements necessary to qualify for an NOE for non-regular service retired pay.

(2) the member is not entitled under any other provision of law to retired pay from an armed force or retainer pay as a member of the Fleet Reserve or Fleet Marine Corps Reserve.

(3) there is not a stop-loss or other service restriction policy in effect.

b. Reservists eligible for non-regular service retired pay that have been approved for retirement and transfer to the Retired Reserve are entitled to unlimited military exchange and commissary privileges. Such reservists, often referred to as "gray area retirees," must apply later, shortly before they reach retirement pay eligibility, for retired pay benefits for non-regular service. NAVPERSCOM (PERS-912) will send out an application for retirement pay notice to eligible members approximately 6 months prior to their effective date of retirement with pay.

9. Submission of Application for Retirement and Transfer to the Retired Reserve

a. Applications for voluntary retirement and transfer to the Retired Reserve should be sent in time to reach NAVPERSCOM (PERS-912) between 3 and 6 months in advance of the requested retirement or transfer date (see exhibit 1). Applications should be submitted in the format found on the Navy Personnel Command Web site at www.npc.navy.mil under "Reserve Personnel

Management." Per reference (b), section 8301, the requested day of retirement must be the 1st day of the month in which retirement is desired. Members assigned to a SELRES unit or voluntary training unit (VTU)/Voluntary Participation Unit (VPU) must forward their applications via their unit commanding officer (CO)/officer in charge (OIC) and the CO of their unit's supporting Navy Reserve activity (NRA) for endorsement.

b. Obligated service through the requested date of retirement or transfer to the Retired Reserve is mandatory for enlisted personnel.

c. The unit CO/OIC and CO of the unit's supporting NRA shall verify that the members meet the eligibility requirements for retirement, provide counseling to members regarding impact to benefit programs (i.e., MGIB-SR, Post-9/11 GI Bill transferability, TRICARE Reserve Select, etc.), and recommend transfer to the Retired Reserve in their endorsement.

d. NAVPERSCOM may process enlisted Individual Ready Reserve (IRR) active status pool (ASP) members who are eligible for retired pay in lieu of an Honorable Discharge, without the member's request, at the expiration of the member's obligated service.

e. Procedures for transferring members to the Retired Reserve:

(1) NRAs will cancel a member's existing orders to a drilling unit effective no later than the day immediately preceding the requested retirement day. Even if a member's retirement orders have not been received prior to the requested retirement date, the NRA will cancel the unit orders, as specified above, and make the appropriate NSIPS entry to reflect the member's status change. Members may not be retained in a drilling unit, pay or non-pay, or earn retirement points beyond the day immediately preceding the requested retirement date.

(2) NAVPERSCOM will send retirement orders directly to the member and a copy to the NRA (if warranted). Retirement orders are normally issued 1 to 3 months in advance of the scheduled retirement date.

10. **Obligations**

a. **Recall.** Per references (c) and (g), retired reservists are liable for involuntary recall to active duty in time of war or national emergency declared by Congress, or when otherwise authorized by law. Members may also be recalled to active duty in a retired status, subject to their consent, as authorized by SECNAV. Recall, in such cases, is normally authorized when skills cannot be found in the Active Component or Reserve Component inventory.

b. **Mailing Address.** Retired reservists must keep NAVPERSCOM (PERS-912) advised of their current mailing address and any temporary or permanent address changes.

NAVPERSCOM (PERS-912) Phone Number: 1-866-827-5672.

c. **Travel and Residence Overseas.** Permission to leave the U.S. is not required. Retired Navy reservists who plan to travel or reside in any country not within the jurisdiction of an area commander should, upon arrival in and departure from each country (except for brief tours), notify their presence to the nearest U.S. naval attaché, as a matter of courtesy, by personal visit or letter. In the absence of a naval attaché, notify the U.S. military or air attaché or the civilian representative of the American embassy or consulate.

d. **Employment Restrictions.** Reservists not on active duty may accept employment in any civil branch of the public service of the U.S., or may be employed in civilian professions or occupations including the practice of such professions or occupations before or in connection with any Department of the Federal Government of the United States; however, civil employment and compensation with any foreign government, or any concern controlled in whole, or in part, by a group of governments (including the U.S.) is subject to the approval of SECNAV and the Secretary of State.

11. **Privileges for Members of the Retired Reserve Without Pay, but Eligible for Non-Regular Service Retired Pay - Gray Area Retirees.**

a. **Identification Card.** Retired reservists (without pay) are entitled to a DD 2S(RESRET) United States Uniformed Services

Identification Card (Reserve Retired) (RED) which may be obtained by providing a copy of retirement orders to any card-issuing activity.

b. **Wearing of the Uniform.** Per reference (i), retired personnel not on active duty will be entitled to wear the prescribed uniform of the rank or rating in which retired when the wearing of the uniform is considered to be appropriate. In general, the uniform may be worn for ceremonies or at official functions when the dignity of the occasion and good taste indicates the propriety of the uniform. Specifically, the uniform may be worn at memorial services, military weddings, funerals, balls, patriotic parades on national holidays, or other military parades or ceremonies when active or reserve U.S. military units are taking part, and at meetings or functions of veterans' associations formed for military purposes. Retired personnel, not on active duty, residing or visiting in a foreign country may not wear the uniform, except when attending by formal invitation, ceremonies, or social functions at which the uniform is required by invitation, regulations, or customs of the country. Authority to wear the uniform upon the above occasions includes periods while traveling to and from the ceremony, provided such travel in uniform can be completed on the day of the ceremony.

c. **Use of Military Title.** Retired personnel may use their military titles subject to certain restrictions and the exercise of good judgment. Considerable discretion should be shown by members in permitting the use of their name and military title to endorse any commercial enterprise which might in any way be perceived as indicating that the Department of the Navy approves of the enterprise and especially to avoid an endorsement or contract which would bring discredit upon the Navy. All reserve members transferred to the Retired Reserve are eligible to use "United States Navy - Retired" in their title.

d. **Additional Benefits**

(1) **Veterans Group Life Insurance (VGLI).** Available to retired members who were previously eligible to receive Servicemembers' Group Life Insurance (SGLI) coverage;

(2) Use of Navy Exchange (NEX) and Morale Warfare and Recreation (MWR) facilities;

(3) Use of commissary;

- (4) Space available transportation;
- (5) Survivor benefits (if elected); and
- (6) TRICARE Retired Reserve (TRR). Eligible to qualified non-regular retirement eligible members who have not reached age 60.

Note: Members of the Retired Reserve must not be eligible for, or enrolled in, the Federal Employee Health Benefits Program.

12. Privileges for Individuals Discharged From the Navy Reserve, But Eligible for Non-Regular Retired Pay - Former Member.

Individuals who have been discharged from the Navy Reserve but are eligible for non-regular retired pay, per reference (a), section 12731, are referred to as "former members." These individuals are eligible for commissary, NEX, and MWR benefits under reference (a), chapter 54. Specifically, former members and their family members are entitled to the DD 1173 Uniformed Services Identification and Privilege Card. This card grants unlimited NEX, MWR, and commissary privileges.

13. Additional Information

a. Upon retirement, the last digit of a reserve officer's designator is changed to a "9."

b. Longevity for pay purposes continues to accrue while in the Retired Reserve, but stops when the member begins receiving retired pay.

c. Upon written request from the member and approval from the unit CO, a retirement ceremony may be provided upon transfer to the Retired Reserve. The ceremony should be designed to express the Navy's appreciation for the many years of faithful and honorable Service members devoted to their country. Additional guidance may be obtained from MILPERSMAN 1800-010.

14. Presentation of the United States Flag

a. Upon transfer to the Retired Reserve, reservists shall be presented a United States flag. A reservist is not eligible for a flag if the reservist has previously been presented a flag under any provision of law providing for the presentation of a United States flag, incident to release from active service for retirement. The supporting NRA is responsible for procurement of

the flag to SELRES and VTU/VPU members. NAVPERSCOM (PERS-912) is responsible for procurement and delivery to all other members.

----------------------	---

1. **Policy.** Per references (a) through (d), this article covers eligibility requirements and application procedures for non-Regular Reserve retirement with pay.

2. **Background.** The Navy's Retired Reserve consists of the following categories:

a. Navy Reserve personnel who are eligible to draw retired pay or currently drawing retired pay for non-regular service under reference (a).

b. Navy Reserve personnel who have not reached eligibility to draw non-regular retired pay, have received a notice of eligibility letter, have not applied for retired pay, and transferred to the retired list after completing the required service for non-regular retired pay under reference (a). These members are often referred to as "gray area retirees."

c. Navy Reserve personnel who have retired under reference (a), chapters 1201, 1202, 1204 or 1205 due to a physical disability.

d. Navy Reserve personnel who have retired after completion of 20 or more years of active military service or 15-20 years of active service when authorized under temporary early retirement authority.

e. Navy Reserve personnel who have been transferred to a Retired Reserve status in lieu of a discharge, transfer, or retention in the Standby Reserve (inactive status) (USNR-S2), and are not eligible for non-regular service retired pay benefits. These Navy Reserve members in the past have been referred to as "honorary retirees."

3. Qualifications

a. Unless otherwise provided by law, a Navy Reserve member must have completed 20 years of qualifying service to be eligible for non-regular service retired pay. The last 6 years of such qualifying service must be in a Reserve Component (RC) for members who have earned 20 or more years of qualifying service on or before 24 April 2005. For members who complete 20 years of qualifying service on or after 25 April 2005, the last 6 years of qualifying service in an RC is not a requirement to qualify for non-regular retired pay.

b. The 20-year requirement has been reduced to 15 years for certain Selected Reserve (SELRES) determined to be not physically qualified (NPQ)/unfit. To be eligible for this early retirement the member must

(1) meet all other requirements of law for retirement (see reference (a), chapter 1223);

(2) be a member of a SELRES Component;

(3) be determined NPQ by Navy Personnel Command (NAVPERSCOM), Line of Duty/Medical Hold/Medical Retention Review Division (PERS-95), as recommended by the U.S. Bureau of Navy Medicine and Surgery; and

(4) be approved by NAVPERSCOM, Reserve Personnel Management (PERS-9).

c. For members who have completed 20 or more years of qualifying service before 25 April 2005 only, any period of service as a member of a Regular Component intervening between periods of reserve service after the 14-year mark does not count towards the final 6-year RC requirement. Service in the Active Component (AC) during a partial year shall be treated in the same manner as 1 full year of service in this respect. For example:

(1) to qualify for the non-regular service retirement (20 years), members must have satisfactorily served a minimum of 6 years, commencing at the beginning of their 15th year through the date of retirement in an RC. The 6-year requirement does not have to be consecutive as indicated below.

6-year requirement commences																					
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	+ 1 = 21	
																1	2	3	4	5	6

Note: In the above example, the member was serving in the AC during years 14 and 15. As a result, the member must complete an additional qualifying year of reserve service to meet the last 6-year requirement.

(2) The 6-year requirement does not have to be consecutive as indicated below; however, any AC time after year 14 does not count towards the final 6-year RC requirement.

6-year requirement commences																						
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23 = 23
															1	2			3	4	5	6

Note: In the above example, the member was serving in a Regular Component during years 17, 18 and 19. As a result the member must complete an additional 3 qualifying years of reserve service to meet the last 6-year requirement.

4. **Early Retirement.** Historically, reference (a) has provided that non-regular retired pay begins, upon application, at age 60 for members who have earned at least 20 qualifying years of service. A major change was provided in reference (e) modifying the previous version of law. Navy Reserve personnel serving on periods of qualifying active duty as defined in reference (c), on or after 28 January 2008, may qualify to start receiving retired

pay at an earlier date. Periods of general recall or full-time support duty do not qualify. Medical benefits still do not start until age 60. This change in law allows a member to start receiving retired pay at a date earlier than age 60. For each 90-day period of such service performed within the same fiscal year, a member becomes eligible to start receiving retirement pay, 3 months earlier than age 60. The earliest a member can start receiving retirement pay is age 50. Reference (f) modified reference (a), section 12731 permitting qualifying service to be performed in any 2 fiscal years, if completed after 30 September 2014.

5. **Application for Retired Pay**

a. Retirement with pay processing is not automatic and eligible RC members must apply to start receiving retired pay. NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) provides advance notification to RC members prior to their eligibility date and will assist members with their application.

b. Eligibility. In order to receive retired pay for non-regular service, a reservist must

(1) normally be at least 60 years of age or be eligible to receive non-regular retirement pay on a date earlier than age 60 per reference (a), section 12731;

(2) complete service requirements for eligibility for retired pay per references (a) and (c); and

(3) submit an application package to NAVPERSCOM (PERS-912).

c. Application Procedures

(1) NAVPERSCOM (PERS-912) sends a notification package to eligible personnel approximately 6 months prior to their eligibility date. If an individual does not receive the notification within 4 months prior to his or her eligibility date, the member should either contact Navy Personnel Command at 1-866-827-5672 and request the notification package, or go to the following Web address to access the "Forms for Download" Web page on the NPC Web site at the following Web address:
<http://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/Pages/default.aspx>

(2) The member must complete the application and send it to NAVPERSCOM (PERS-912) within 30 days of receipt to allow sufficient time for processing. Depending on the applicant's status, the application may need to be endorsed by the chain of command.

d. The effective date of retired pay is the date of initial eligibility (attainment of early retirement age or age 60, and completion of the specific service requirement) or a subsequent date elected by the applicant. Service performed by members eligible to receive retired pay cannot be credited after age 62 for officers, and age 60 for enlisted, unless the member has been granted an age waiver by NAVPERSCOM, Reserve Officer Status Branch (PERS-911)/NAVPERSCOM, Reserve Enlisted Status Branch/Full Time Support Recall and Conversions (PERS-913)).

e. The formula for computing retired pay is derived from reference (a), section 1401, section 1407, and section 12731, and is as follows:

$(P/360) \times .025 \times B = \$ \text{ per month}$

(1) The point's fraction numerator "P" represents the total number of points to be credited for retirement purposes over a member's entire military career. Please note that point capture files are electronically maintained by NAVPERSCOM (PERS-9) and can be adjusted at any time (even after retirement) provided the member provides proper documentation.

(2) The point's fraction denominator "360 days" (not 365) is used to compress total points earned into years and partial years for purposes of calculating pay.

(3) The percentage multiplier ".025" represents the "2.5% pay per year" standard used for calculating retired pay. Although certain active duty retirements were indexed differently for members entering military service after 1997, non-regular retired pay remained payable at the 2.5% per year rate.

(4) The base pay multiplier "B" represents the base pay available at the time the member starts receiving retired pay. For those who entered military service after 7 September 1980, the base pay is calculated by adding the base pay available for the member (commensurate with his or her rank and longevity) for each of the 36 preceding months prior to drawing retired pay, and

dividing that by 36 to get an average pay rate for the final 3 years. For purposes of entering the pay tables, a member's longevity starts with the pay entry base date and continues to accrue as long as the member holds retired status until the member starts to draw retired pay. Because of this standard, most reserve members will max out on the longevity scales by the time they reach age 60. Should a member request and receive a discharge instead of transferring to Retired Reserve status at an age of less than 60 years, longevity would no longer accrue and base pay would be calculated on pay scales available at the discharge date.

f. Per reference (d), members will normally be retired in the highest grade or rate in which the members served satisfactorily, as determined by the Secretary of the Navy (SECNAV).

6. Procedures for Transferring Members to the Retired Reserve (With Pay)

a. Navy Reserve activity (NRA) will cancel a member's existing orders to a drilling unit effective no later than the day immediately preceding the requested retirement date. Even if a member's retirement orders have not been received prior to the requested retirement date, they will cancel the unit orders as specified above and make the appropriate Navy Standard Integrated Personnel System entry to reflect the member's status change. Members may not be retained in a drilling unit (pay or non-pay) or earn retirement points beyond the day immediately preceding the requested retirement date.

b. Navy Personnel Command will send retirement orders directly to the member and a copy to the NRA (if warranted). Retirement orders are normally issued 1 to 3 months in advance of the scheduled retirement date.

7. Obligations and Benefits

a. **Mailing Address.** Retired reservists must keep NAVPERSCOM (PERS-912) advised of their current mailing address and of any temporary or permanent changes of residence (NAVPERSCOM (PERS-912) phone number - 1-866-827-5672). Reservists receiving pay must also update address changes with Defense Finance and Accounting Services, Cleveland (www.dfas.mil).

b. **Travel and Residence Overseas.** Permission to leave the United States is not required. Retired Navy reservists who plan to travel or reside in any country not within the jurisdiction of an area commander should, upon arrival in and departure from each country (except for brief tours), notify their presence to the nearest U.S. naval attaché, as a matter of courtesy, by personal visit or by letter. In the absence of a naval attaché, notify the U.S. military or air attaché, or the civilian representative of the American embassy or consulate.

c. **Employment Restrictions.** Reservists not on active duty may accept employment in any civil branch of the public service of the U.S., or may be employed in civilian professions or occupations, including the practice of such professions or occupations before or in connection with any department of the Federal Government of the United States; however, civil employment and compensation with any foreign government or any concern controlled in whole or in part by a group of governments (including the United States) is subject to the approval of SECNAV and the Secretary of State. Members and former members of the Navy Reserve in receipt of retired pay are exempt from the dual compensation aspect (see reference (g)). Social Security and Civil Service retired pay benefits may be received concurrently with retired pay. Neither pension nor disability compensation benefits from Department of Veterans Affairs (DVA) may be received concurrently with retired pay, except in cases of injuries due to hostile fire. Retired pay may be waived in part or in whole to receive pension or disability compensation from the DVA.

d. **Wearing of the Uniform.** Per reference (h), retired personnel not on active duty will be entitled to wear the prescribed uniform of the rank or rating, in which retired, when wearing of the uniform is considered appropriate. In general, the uniform may be worn for ceremonies or at official functions when the dignity of the occasion and good taste indicates the propriety of the uniform. Specifically, the uniform may be worn at memorial services, military weddings, funerals, balls, patriotic parades on national holidays or other military parades, ceremonies when active or reserve U.S. military units are taking part, and at meetings or functions of veterans' associations formed for military purposes. Retired personnel, not on active duty, residing or visiting in a foreign country may not wear the uniform, except when attending by formal invitation, ceremonies, or social functions at which the uniform is required by

invitation, regulations, or customs of the country. Authority to wear the uniform during these occasions includes periods while traveling to and from the ceremony, provided such travel in uniform can be completed on the day of the ceremony.

e. **Use of Military Title.** Retired personnel may use their military titles subject to certain restrictions and the exercise of good judgment. Considerable discretion should be shown by members in permitting the use of their name and military title to endorse any commercial enterprise which might, in any way, be perceived as indicating that the Department of the Navy approves the enterprise and especially to avoid an endorsement or contract which would bring discredit upon the Navy. All reserve members transferred to the Retired Reserve are eligible to use "United States Navy - Retired" in their title.

f. **Health Care Benefits for Members of the Navy Reserve and Former Members Receiving Retired Pay.** When in receipt of retired pay, retired reservists and former members are eligible for benefits to include the following health care benefits:

(1) Retired members of the Navy Reserve and former members receiving retired pay from the Navy are eligible for TRICARE Prime, Standard, or Extra (from ages 60 through 64) and TRICARE for Life (TFL) (with Medicare Parts A and B coverage) at age 65.

(2) Family members, survivors of retired members, and "former members" are eligible for TRICARE Prime, Standard, or Extra. After enrollment in Medicare Part B, they may be eligible for TFL. Survivors include spouses, unremarried widows or widowers, unmarried children under age 21, those under 23 (if enrolled full time in college), and those incapable of self-support because of a mental or physical incapacity which existed prior to their 21st birthday.

(3) Parents and parents-in-law who are dependent on a retired or "former member" for more than one-half of their support and reside in the member's household, as well as surviving parents and parents-in-law who met such requirements at the time of the member's death, are eligible for care in military treatment facilities (MTF) and may enroll in TRICARE Plus based on space/resource availability. They are not eligible for TRICARE Prime, Standard, Extra, or TFL, see www.tricare.osd.mil/faqs/ for additional information.

(4) Retired members and their family members, including those age 65 and over, are eligible for the Uniform Services Family Health Plan (USFHP), a TRICARE Prime option.

(5) Healthcare must be through the USFHP network, not through MTFs, pharmacies, or other TRICARE-authorized providers.

(6) USFHP care includes outpatient and inpatient care, pharmacy services, emergency and urgent care, therapy, home healthcare, mental healthcare, and medical equipment, see www.usfhp.com for more information.

(7) Additional Benefits

(a) Use of Exchange and Morale Welfare and Recreation facilities.

(b) Use of commissary.

(c) Space available transportation.

(d) Survivor benefits (if elected).

----------------------	---

1. **Policy**. This article summarizes the eligibility requirements and responsibility for issuance of the Reserve Component (RC) Notification of Eligibility (NOE) letter.
2. **Background**. Per references (a) through (d), Navy Personnel Command (NAVPERSCOM), Reserve Personnel Branch (PERS-912) will issue an NOE for non-regular (Reserve) retired pay to each Navy Reserve member who is not on extended active duty such as mobilization, active duty for special work (ADSW), or temporary/definite recall, and who has met all of the qualifications for non-regular (Reserve) retired pay.
3. **Qualifications**
 - a. Navy Reserve members must have completed at least 20 years of qualifying service computed under reference (a), §12732, or 15 years of qualifying service, if approved for early medical retirement, or meets the requirements of any other authorized early retirement program.
 - b. For members who earned 20 years or more qualifying service earned before 24 April 2005, the last 6 years of such qualifying service must have been in a RC. There is no requirement that the last 6 years be continuous service. There is no minimum RC service requirement for members with 20 years or more of qualifying service earned on or after 25 April 2005.

c. A member serving in a RC of any of the Armed Forces before 16 August 1945, must have performed active duty service (other than for training) during World War I or World War II, or during a subsequent period of conflict as stated in reference (a), §12731.

4. **Issuance of the NOE**

a. The NOE for non-regular (Reserve) retired pay will be issued by NAVPERSCOM (PERS-912) within 1 year of the member meeting all non-regular service requirements. NAVPERSCOM (PERS-912) normally issues the NOE for Reserve retired pay approximately 3 months after the close of the anniversary year in which the member completes the conditions necessary to qualify for retired pay benefits. Members on extended active duty orders or on the active duty list will not be issued an NOE until they have been released from active duty or returned to an RC status (as applicable).

b. Per references (b) and (d), after a member has been granted retired pay for non-regular service or has received an NOE for non-regular (Reserve) retired pay (issued by NAVPERSCOM (PERS-912)), the member's eligibility may not be denied or revoked on the basis of any administrative error, miscalculation, or misinformation, unless it resulted from fraud or misrepresentation by the member. NAVPERSCOM (PERS-912) will make corrections to accurately reflect points earned. When such a correction is required, the member is entitled to retired pay based on the corrected amount of creditable service.

c. Information concerning the RC Survivor Benefit Plan (RC-SBP), the elections available, the effects of such elections, and an enrollment application will be included with the NOE for non-regular (Reserve) retired pay.

2. **Background**

a. A qualifying year of service for non-regular retired pay is a full year, as outlined in reference (b), during which a member of the Reserve Component (RC) is credited with a minimum of 50 retirement points. Unless otherwise provided by law, a reservist must have completed 20 YQS to be eligible for non-regular retired pay. The last 6 years of such qualifying service must be in an RC for members who have earned 20 or more YQS on, or before, 24 April 2005; however, there is no requirement that the last 6 years in this instance be continuous service in the RC.

b. For members who have completed 20 or more YQS before 25 April 2005, any period of service served as a member of an Active Component (AC) intervening between periods of Reserve service after the 14-year mark shall not be included in the final 6-year

RC requirement. Service in an AC during a partial year shall be treated in the same manner as 1 full year of service in this respect.

(1) **Example:** To qualify for a non-regular (Reserve) retirement, members must have satisfactorily served a minimum of 6 years, commencing at the beginning of their 15th year through the date of retirement in an RC. The 6-year requirement does not have to be consecutive as indicated below:

														6-year requirement commences											
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15		16	17	18	19	20	+ 1	= 21 yrs.			
															1	2	3	4	5	6					

Note: In the example above, the member was serving in an AC during years 14 and 15. As a result, the member must complete an additional year of qualifying RC service to meet the last 6-year requirement.

(2) **Example:** The 6-year requirement does not have to be consecutive as indicated below; however, any AC time after year 14 does not count toward the final 6-year RC requirement:

														6-year requirement commences														
1	2	3	4	5	6	7	8	9	10	11	12	13	14		15	16	17	18	19	20	21	22	23	= 23 yrs.				
															1	2				3	4	5	6					

Note: In the example above, the member was serving in an AC during years 17, 18, and 19. As a result, the member must complete an additional 3 years of qualifying RC service to meet the last 6-year requirement.

c. The 20-year requirement is reduced to 15 years for certain Selected Reserve (SELRES) members determined to be not physically qualified (NPQ). To be eligible for this early retirement, the member must:

(1) Meet all other requirements of law for retirement (reference (a)).

(2) Be a SELRES member.

(3) Be determined NPQ by Navy Personnel Command (NAVPERSCOM), Medical Hold, Line of Duty and Medical Retention Review Division (PERS-95) as recommended by U.S. Navy Bureau of Medicine and Surgery (BUMED).

(4) Be approved by NAVPERSCOM, Reserve Personnel Management Department (PERS-9).

3. Eligibility for Retirement Point Credit for Non-Regular Retirement

a. Members in the following categories are eligible for retirement point credit:

(1) Members of the AC (USN, U.S. Marine Corps (USMC), U.S. Coast Guard (USCG), U.S. Army (USA), U.S. Air Force (USAF), or Public Health Service) or members of the RC (USNR, USMCR, USCGR, USAR, USAFR, Army National Guard, or Public Health Service) serving on active duty orders.

(2) Members of the RC in an active status (SELRES, Individual Ready Reserve (IRR), or Standby Reserve active status list (USNR-S1)) who are not serving on extended active duty.

(3) Members of the RC in a retired status (other than members who have retired from active service, members transferred to the Fleet Reserve or Fleet Marine Corps Reserve, or members transferred to a Retired Reserve status who are not eligible for non-regular service retired pay benefits under reference (a), chapter 1223) who are ordered to perform active duty or other appropriate duty under official active duty, active duty for training (ADT), or inactive duty training (IDT) orders issued and authorized by appropriate authority (NAVPERSCOM or Commander, Navy Reserve Force Command (COMNAVRESFORCOM)).

b. Members of the RC in an inactive status who are carried on the inactive status list (ISL) of the RC (e.g., USNR-S2) may not be credited with service for retirement, per reference (a), section 12734.

4. How to Establish an Anniversary Year. The full year periods used for the crediting of qualifying service toward a non-regular (Reserve) retirement shall be based on "anniversary years." These anniversary year periods are calculated from an anniversary date unique to each Service member. Per reference (b), the date used to determine the anniversary year is

established by the date the member entered into active service or into active status in an RC, whichever is earlier. With two exceptions, members with previously established anniversary dates will retain that date as the beginning of their anniversary year:

a. In the case of officers with Reserve service as a cadet or midshipman at a Service academy, or in the Reserve Officers Training Corps (ROTC) Program, the start date of a member's initial anniversary year will be established as the date the member entered into active service or active status, minus any service as a cadet or midshipman.

b. In the case of enlisted members of the Armed Forces (members who have service as cadets or midshipmen but did not later receive or hold a commission as officers), service as cadets or midshipmen at a service academy shall be included and counted as active duty service.

5. Adjustment of Anniversary Years

a. The start date (month and day) for each successive anniversary year will not be adjusted unless a member has a break in service. A break in service occurs only when a member transfers to the ISL, the temporary disability retired list, the Retired Reserve, or is discharged for a period greater than 24 hours. There is no break in service if a member transfers directly to another AC or RC of any Service.

b. Effective 1 October 1995, when a member with a break in service returns to active status in the RC or to active duty in the AC, the revised anniversary year start date shall be the date of re-entry.

c. Navy Reserve members should be aware of their anniversary year. Retirement points earned in an anniversary year are credited only to that anniversary year. YQS are calculated at the end of each anniversary year.

d. In an anniversary year in which fewer than 50 points are credited, the earned points are added to the cumulative retirement point total, but that anniversary year is not credited as a YQS toward a non-regular (Reserve) retirement.

6. **Credit for Partial Years of Service.** A member who has a break in service that occurs during an anniversary year may be credited with a partial year of qualifying service. When a partial year occurs, the member must meet the minimum retirement point requirements set forth in the "Minimum Retirement Point Credit" and "Pro-Rating Navy Reserve Membership Points" charts per reference (b). A partial YQS is any period less than 12 full months in which the retirement points credited to a member, when computed proportionally to 12 months, are equal to, or greater than, 50 points.

7. **Retirement Point Credit by Activity**

a. In the past, a maximum of 60 inactive duty retirement points could be earned per anniversary year. The maximum increased to 75 on 23 September 1996, and to 90 on 30 October 2000. Reference (a), section 12733 states that 130 inactive points may be earned in anniversary years ending on or after 30 October 2007. A maximum of 2 inactive retirement points may be awarded in 1 calendar day for any activity or combination of activities. No more than 1 point for any day may be awarded in which the member is in an active status on active duty, including annual training (AT), ADT, initial active duty for training (IADT), mobilization, recall or active duty for special work (ADSW).

b. A person performing active duty service may not receive retirement points for other activities (e.g., completion of non-resident instruction, correspondence courses, or inactive duty). However, no deductions in the retirement points credited for membership in an RC are required for active duty service other than service as a member of an AC during an anniversary year. A maximum of 365 points may be awarded in an anniversary year (366 points in a leap year). Exhibit 1 at the end of this article charts the crediting of retirement points by activity.

(1) **Active duty (AD) service:** One point shall be credited for each day of AD service. AD service is service on active duty including AT, ADT, IADT, and ADSW.

(2) **Inactive duty (ID) consists of IDT, muster duty (MD), and funeral honors duty (FHD).**

(a) SELRES: One point per 4 hours of IDT attended to include regular and additional (additional training period,

additional flying training period, or readiness management period, drill periods).

(b) For volunteer training unit (VTU) Sailors: One point per 2 hours of regular and non-pay additional IDT attendance.

(c) A maximum of 2 retirement points may be credited for attendance at IDT periods in any 1 calendar day.

(d) One point per 4 hours of authorized non-resident instruction successfully completed. Courses must be on the Secretary of the Navy approved list of courses maintained by COMNAVRESFORCOM, Training and Education Department (N7). Retirement point credit for courses will be given only one time for the same course. Duplicate credit is not authorized. Active status pool (ASP) IRR members that have not completed annual screening requirements may be restricted from receiving retirement point credit for correspondence courses. Course completion for retirement points must be approved by the applicable Navy Reserve activity (NRA) commanding officer verifying that the course met at least one of the following requirements:

1. Broadened the member's qualifications for duties to which the reservist may be expected to be assigned upon mobilization; or

2. Broadened the member's knowledge of the qualifications of those whose work the member may supervise; or proof of completion must be submitted by drilling reservists via the unit commanding officer for endorsement to the NRA personnel division for entry into the Navy Standardized Integrated Personnel System. Members of the IRR must submit proof of completion to NAVPERSCOM, Reserve System Analysis Branch (PERS-912) for entry into the Navy Enlisted Officer Participation System. No credit will be given for duplicate courses or for any course completed while in a status for which other retirement point credit is awarded (e.g., IDT, AT, or ADT). A thorough audit of such points will be performed by NAVPERSCOM (PERS-912) prior to issuance of the notice of eligibility for a non-regular (Reserve) retirement.

(e) One retirement point per day for Ready Reservists (USNR-R) attending an authorized military department-sponsored

seminar, symposium, or similar assembly (hereafter, referred to as "meeting"), either scheduled separately or in connection with a professional meeting, provided the meeting is designated by COMNAVRESFORCOM (for SELRES, individual mobilization augmentees (IMA), Strategic Sealift Officer Program (SSOP) (formerly Merchant Marine Individual Ready Reserve Group), and VTU or NAVPERSCOM (for ASP IRR)) as being of such value that the instruction received would enhance the professional development of the Navy Reserve member. The meeting must:

1. Broaden the member's qualifications for duties to which the reservist may be expected to be assigned upon mobilization; or

2. Broaden the member's knowledge of the qualifications of those whose work the member may supervise.

3. Be at least 4 hours in duration.

4. Be approved previously by either COMNAVRESFORCOM (for SELRES, IMA, VTU, and SSOP personnel) or NAVPERSCOM (for all other ASP IRR personnel).

5. Be registered with a designated monitor representing the Navy. In the absence of such a monitor, members are authorized to certify their own attendance.

(f) IRR and active status USNR-S1 personnel authorized by COMNAVRESFORCOM to participate in civil defense activities, per reference (b), will be credited with one retirement point per period of IDT of a duration determined by the Federal Emergency Management Agency but not fewer than four (4) hours duration. A maximum of 2 retirement points for IDT may be credited per calendar day.

(g) Navy Reserve personnel in an active status (USNR personnel on active duty, USNR-R, and USNR-S1 personnel) are credited with membership retirement points at the rate of 15 per anniversary year for membership in the Navy RC, or a proportional number thereof, per reference (b).

(h) One point for each day of inactive duty associated with FHD or MD in which a minimum of 2 hours of duty is performed.

(i) **ROTC summer training credit:** Per reference (a), sections 971 and 2107(g), officers commissioned through a Service academy or ROTC are not eligible for summer training credit. However, officers who participated in ROTC and were commissioned prior to the ROTC Vitalization Act of 1964 (reference (e)) may receive retirement point credit for periods of summer training, under orders, at the rate of 1 point per day. Because the actual number of days served on summer training can vary, it is necessary that training be properly documented as a prerequisite to awarding retirement point credit for those officers who participated in ROTC and were commissioned prior to the ROTC Vitalization Act of 1964 (reference (e)). Proper documentation consists of one or more of the following and should be submitted to NAVPERSCOM (PERS-912):

1. Standard ROTC summer cruise/training orders issued for each period of midshipman summer training and endorsed upon the member's arrival and departure.

2. Leave and earning statements or NAVCOMPT 2120 ACDUTRA Pay Voucher.

3. Ship's deck logs or ship's diaries, which show the dates the member (by name) embarked and debarked.

4. A letter from the ROTC unit commanding officer, certifying the actual dates of summer training.

5. A letter from Defense Finance and Accounting Services, Cleveland, OH, certifying the actual dates of summer training.

6. NAVPERS 1070/613 Administrative Remarks prepared by the ROTC unit, which states the member is being discharged to accept a commission. These administrative remarks must list the summer training completed while enrolled at that particular ROTC unit.

-------------------	--

1. Policy

a. All members being retired or transferred to the Fleet Reserve must complete a physical examination. The examination shall be scheduled sufficiently in advance, but within 6 months of the scheduled retirement or transfer to the Fleet Reserve date, to permit correction of any minor physical defects or identification of those requiring processing for disability retirement, if disability retirement is indicated, prior to the date otherwise scheduled for retirement.

b. Voluntary retirement/transfer to the Fleet Reserve date, once approved, requires execution on that date unless modified or canceled prior to the date.

c. Involuntary/statutory retirement and involuntary transfer to the Fleet Reserve date are fixed by law and the effective date of retirement/transfer cannot be canceled or delayed except as noted below.

2. Action required if Member not Physically Qualified

a. **Voluntary Retirement/Fleet Reserve Transfer.** Medical treatment facility (MTF) recommending delay of retirement, or transfer to the Fleet Reserve for treatment less than 60 days, must advise Navy Personnel Command (NAVPERSCOM), Retirements Branch (PERS-482) by message of recommendation, including diagnosis code for condition and expected length of delay. MTFs recommending delay of retirement for treatment greater than 60 days must submit a medical board to the Physical Evaluation

Board (PEB). If appropriate, NAVPERSCOM (PERS-482) will modify the retirement date.

b. **Involuntary/Mandatory Retirement or Fleet Reserve Transfer.** Members pending a mandatory retirement or required to transfer to the Fleet Reserve in lieu of separation (e.g., high year tenure (HYT), selection for early retirement) will not be delayed unless member is either hospitalized or a medical board report has been accepted by the PEB for disability evaluation processing prior to the mandatory retirement date. If a medical board is referred to the PEB for review as a result of the member's retirement physical, the medical board's narrative summary should include a statement that the medical board is the result of the member's involuntary/mandatory retirement physical (reference (a)). If delay of retirement is required based on the above, the commanding officer (CO) will advise NAVPERSCOM (PERS-482) of member's situation and request modification of retirement date.

c. COs may reference this article as authority for ordering members to a medical activity to complete a retirement physical examination. Where travel is required, temporary additional duty (TAD) orders should be obtained from the appropriate senior commander. Such travel costs are properly charged to the funds financing the activity, which is responsible for the member.

d. If medical treatment necessitates retention of the member beyond the authorized retirement or transfer to the Fleet Reserve date, but the member elects to waive the right to further medical proceedings in order to retire or transfer to the Fleet Reserve, ensure appropriate entry is made in member's service record prior to effecting the retirement or transfer to the Fleet Reserve.

3. Responsibility for Physical Examinations of Fleet Reservists

a. CO, Navy Reserve Personnel Center (NAVRESPERSCEN), New Orleans, LA maintains records showing the physical and professional qualifications of members of the Fleet Reserve. Fleet reservists are classified professionally under the type of duty which they are best qualified to perform and classification for limited duty corresponds to that of enlisted personnel on active duty.

b. On 30 July 1977, reference (b) was amended deleting the requirement for members of the Fleet Reserve to obtain a

physical examination at least once during each 4-year period; however, fleet reservists shall inform CO, NAVRESPERSCEN of any significant changes of their physical status which may result in transfer to the appropriate Retired List.

c. A fleet reservist who is found physically unfit for any duty will be transferred to the Retired List of the Regular Navy or the Retired Reserve if formerly a member of the Navy Reserve.

-------------------	---

1. **Policy.** Enlisted members who have completed 20 years of active service may be transferred to the Fleet Reserve (at their request) per reference (a). Once submitted, a member's date may be changed (only upon member's request) with favorable endorsement by the commanding officer (CO) or due to national security.

2. **Creditable Service:**

a. Active service is defined as:

(1) All active duty and active duty for training performed subsequent to 9 August 1956 in the Army, Navy, Air Force, Marine Corps, Coast Guard, or any Reserve Component thereof; and

(2) All active duty and active duty for training performed subsequent to 9 August 1956 in the Army National Guard or Air National Guard on Federal duty.

b. An enlistment terminated prior to 1 January 1978, within 3 months of the normal expiration of the enlistment or extended enlistment, will be credited as the full term of enlistment or

extended enlistment. Constructive service is earned only if enlistment term is served in an active duty status.

c. Reference (b) provides explanation of types of service creditable for retirement purposes.

3. **Eligibility Requirements:**

a. Approval of a request for transfer to the Fleet Reserve will normally be withheld until the member has completed:

(1) 20 years of active service by requested date of transfer to the Fleet Reserve.

(2) Obligated service requirements or completion of current assignment established by projected rotation date (PRD).

(3) Current Department of Defense area tour.

(4) 24 months time in grade for pay grades E-7 and above (may be waived up to 12 months) per reference (c).

(5) Applicable tour at ultimate duty station when request is received by Navy Personnel Command (NAVPERSCOM) following the date of issuance or notification of permanent change of station (PCS) orders. If member has not been notified of impending orders, member may request transfer to the Fleet Reserve no later than the PRD.

b. Members should request a Fleet Reserve transfer date that does not exceed the established PRD for their current assignment. Requests that require a PRD adjustment to attain Fleet Reserve eligibility (20 years of active duty service) will be considered on a case by case basis. Requests for PRD adjustments must be received by NAVPERSCOM 12-18 months in advance of the requested Fleet Reserve date.

4. **Members not Eligible for Fleet Reserve Transfer:**

a. Members are not eligible for transfer to Fleet Reserve if:

(1) Awaiting disciplinary action;

(2) Serving sentence of a court-martial (including time on probation);

(3) Awaiting civil action;

(4) Awaiting resolution of unresolved family advocacy issues as determined by NAVPERSCOM, Career Progression Division (PERS-8);

(5) Awaiting administrative discharge action;

(6) Awaiting results of a disability evaluation. Members (at their own request) desiring transfer to Fleet Reserve instead of continuing disability processing, may waive treatment and or disability evaluation processing. **NOTE: Members in a limited duty (LIMDU) capacity are not considered to be in the disability evaluation process and will be processed as a regular Fleet Reserve request. Local approval of LIMDU is not authorized when it will retain a member beyond 20 years of active service. LIMDU can only be approved by NAVPERSCOM, Disability/Retirement/LIMDU Branch (PERS-82) for members who will exceed 20 years;**

(7) Currently in receipt of hardcopy PCS orders. Since PCS orders and Fleet Reserve message of intent (MOI) both have PCS entitlements tied to them, possessing both is not authorized. Members must first execute any PCS orders in hand before submitting a Fleet Reserve request.

b. Requests received from members in above categories will normally be disapproved. Approved Fleet Reserve transfer requests for members who are subsequently placed in one of the above categories may be held in abeyance only with authorization from NAVPERSCOM, Enlisted Retirement Section (PERS-8354) pending resolution. Once status is resolved, the command shall notify NAVPERSCOM, Retirements and Disability Branch (PERS-835) by message of action taken.

5. **Deferment or Cancellation of Transfer to the Fleet Reserve for Member in Medical Status**. The following is applicable for members in a medical status:

a. Member undergoing **non-elective** medical treatment (not involving physical evaluation board (PEB) proceedings, or appearance before a medical board requiring departmental action)

may be retained up to 60 days with authorization from NAVPERSCOM, (PERS-8354). If it appears that the member will require prolonged treatment, which could defer transfer to the Fleet Reserve, the CO or officer in charge (OIC) of the appropriate naval medical treatment facility (MTF) shall make a specific report of the circumstances to NAVPERSCOM (PERS-8354).

b. Member who is involved in PEB proceedings or appearance before a medical board requiring departmental action, shall not be transferred to the Fleet Reserve until final action is completed and instructions are received from NAVPERSCOM (PERS-82). Normally, a member found unfit will be retained until member qualifies for disability retirement subject to the conditions set forth in reference (d). The law requires that a member complete at least 20 years of service to be eligible for retirement benefits by reason of physical disability when the disability is ratable at less than 30 percent by the Veterans Administration Schedule for Rating Disabilities. If the member is found fit, inform NAVPERSCOM (PERS-82) by message. If the member is found unfit and waives disability benefits, notify NAVPERSCOM (PERS-82) by message with information; copy to President, Central Physical Evaluation Board of the waiver. **Under no circumstances should a member be referred to the PEB with an approved Fleet Reserve date without prior approval from NAVPERSCOM (PERS-82) and (PERS-835).**

c. Member who continues to perform duties of their office, rank, grade, or rating until commencing processing for non-disability retirement shall be presumed "fit for duty" unless it can be overcome by a preponderance of evidence that member is physically unable to perform duties of their office, rank, grade, or rating. The PEB will make the determination. See reference (d), article 3305.

d. Member who has reached high year tenure (HYT) and for whom transfer to Fleet Reserve is mandatory, may only be deferred if member is hospitalized due to non-elective circumstances (i.e., acute, grave, or life threatening), or a medical board report has been accepted by PEB President for processing under reference (d), article 3710.

e. Members who already have a Fleet Reserve approved date and currently are in a LIMDU status (ACC: 105) shall execute transfer to the Fleet Reserve as directed. Do not delay transfer to the Fleet Reserve solely due to member's LIMDU

status. Duration of LIMDU period shall not exceed approved Fleet Reserve or HYT date.

6. Deferment or Cancellation of Transfer to Fleet Reserve for Member Pending Disciplinary or Administrative Action:

a. Action on Fleet Reserve transfers will be withheld if the following is applicable to member:

- (1) Awaiting disciplinary action;
- (2) Serving sentence of a court-martial (including time on probation);
- (3) Awaiting civil action;
- (4) Awaiting resolution of unresolved family advocacy issues;
- (5) Awaiting action on an administrative discharge; or
- (6) Undergoing check-age of pay on authorized date of transfer.

b. NAVPERSCOM, Enlisted Performance and Separation Branch (PERS-832) and (PERS-835) shall be advised of the circumstances by message. Under unusual circumstances, Chief of Naval Personnel (CHNAVPERS) may direct transfer notwithstanding pending action.

c. Once member's case has been resolved, notify NAVPERSCOM (PERS-8354) by message. A new Fleet Reserve transfer authorization will be issued if date of original Fleet Reserve authorization has expired.

7. Deferment or Cancellation of Transfer to Fleet Reserve for Member on Case-by-Case Basis:

a. Due to the many administrative and planning actions involved on behalf of member and command, a request for deferral or cancellation of a Fleet Reserve Transfer Authorization will be granted on a selective basis only. A number of factors including command recommendation, past performance, manning levels, availability of relief, end-strength, effect on

promotions, and critical skills possessed by member will be considered.

b. Approval is contingent upon member agreeing to remain on active duty for a sufficient time to permit reassignment or completion of a normal tour (whichever is applicable). In certain instances such as those where manning or other requirements are not stabilized, deferral of an authorized Fleet Reserve date, rather than a cancellation, may be appropriate.

c. Short-term deferrals - 1 to 6 months may be authorized by NAVPERSCOM (PERS-8354) if member is serving in an authorized billet and a relief is not on board. COs may request to defer transfer to Fleet Reserve up to 30 days beyond date authorized only when urgent operational commitments demand member's service. When requests for deferment are submitted for this reason, a full report of circumstances shall be forwarded by message to NAVPERSCOM (PERS-8354) with an information copy to the appropriate type commander.

d. In some instances, where rate manning or other requirements are not stabilized and action must be taken to provide a qualified relief at the proper time, NAVPERSCOM (PERS-8354) may offer an alternate date for transfer. In these cases, member may accept the alternate date or request reconsideration of the original date.

e. Requests for cancellation of Fleet Reserve transfer due to advancement selection that will change HYT limits will normally be approved. Notification must be made to NAVPERSCOM (PERS-8354) using NAVPERS 1306/7 Enlisted Personnel Action Report of the member's intent to accept promotion and the command's recommendation for member's further retention in the naval service.

8. **Request Submission**. The following are guidelines for submission of a member's request for transfer to Fleet Reserve:

a. Members in:

(1) **Pay grades E-6 and below** should submit request **6 to 18 months prior** to requested Fleet Reserve transfer date.

(2) **Pay grades E-7 - E-9** should submit the request **6 to 24 months prior** to the requested Fleet Reserve transfer date.

b. Member must submit NAVPERS 1336/3 Special Request/Authorization via the chain of command.

c. Upon CO's recommendation of approval or disapproval, forward the member's request to the command career counselor for appropriate action.

d. The command career counselor and or the personnel office will ensure request is submitted to NAVPERSCOM (PERS-8354), utilizing the Navy Standard Integrated Personnel System (NSIPS), or the Officer Personnel Information System (OPINS). **Note: OPINS is the preferred method for submission of request to NAVPERSCOM (PERS-8354).**

9. **Request Submission for Extraordinary Heroism Benefit.** Under certain circumstances, a member may request determination of entitlement to an additional 10 percent increase of retainer pay due to the performance of extraordinary heroism per reference (a). Extraordinary Heroism will be documented in personal awards (i.e. Silver Star, Navy Cross, and or awards that are received with the "V" for Valor attachment, etc.) that are received. A member may request determination utilizing the format below. NAVPERSCOM (PERS-8354) will forward request to the Secretary of the Navy, Board of Decorations and Medals for final determination. A member requesting determination of extraordinary heroism must also include copies of citation, write-up, and OPNAV 1650/3 (if available) as enclosures to the request.

10. Responsibility of NAVPERSCOM (PERS-8354):

a. Once request for transfer to the Fleet Reserve has been approved by detailer, rating assignment officer, and enlisted community manager, NAVPERSCOM (PERS-8354) will transmit MOI. The MOI will authorize the following:

(1) Serve as the approval and authorization of the Fleet Reserve request contingent upon verification of total years of active service.

(2) Movement of dependents and or shipment of household goods (HHG). For details or when orders can be written, see MILPERSMAN 1800-020.

(3) Execution of required obligated service (OBLISERV) in order to obtain sufficient service to transfer to the Fleet Reserve.

b. NAVPERSCOM (PERS-8354) will issue the Final Authorization/Statement of Service message no later than 120 days prior to the Fleet Reserve transfer date. ***Under no circumstances shall member be released from active duty without the final transfer authorization.***

11. Responsibility of the Personnel Support Office or the Administrative Office

a. Upon receipt of the MOI, ensure member has sufficient OBLISERV to reach authorized Fleet Reserve date. If a conditional reenlistment is required due to having 24 months of extension on a current enlistment, the MOI will serve as approval to conditionally reenlist member per MILPERSMAN 1160-030.

b. Personnel support or administrative offices should receive a copy of the Fleet Reserve authorization at least 120 days prior to requested date. If Fleet Reserve Authorization is not received 120 days in advance, contact COMNAVPERSCOM (PERS-8354) immediately for assistance.

c. Upon receipt of authorization, forward a copy to member, career counselor, and other interested individuals at the command.

d. Issue First Endorsement to Fleet Reserve authorization message using below format. Endorsement is to be issued with accounting data no earlier than 6 months prior to the Fleet Reserve date without approval from NAVPERSCOM (PERS-835) per MILPERSMAN 1800-020.

e. Prepare DD 214 and Certificate of Release or Discharge from Active Duty, then forward with transfer authorization and First Endorsement to appropriate disbursing office no later than 30 days prior to member's departure from command.

f. Close member's service record and forward to:

Commander Navy Personnel Command (PERS-912) 5722 Integrity Drive Millington, TN 38055

- b. Complete disbursing data entries on DD 214.

13. **Responsibilities of Fleet Reservists:**

a. Fleet Reservists are required to comply with the following:

- (1) Maintain readiness for active service in event of war or national emergency;
- (2) Keep NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) informed of home address;
- (3) Inform NAVPERSCOM (PERS-912) of travel or residency outside the United States for a period in excess of 30 days;
- (4) Promptly respond to all letters addressed to them by proper authority; and
- (5) Inform NAVPERSCOM (PERS-912) of any change in health that might prevent service in time of war.

b. Fleet Reservists are subject at all times to laws, regulations, and orders governing Armed Forces. In time of peace, Fleet Reservists may be required to perform not more than 2 months of active service in each 4-year period. They may wear their uniform from place of release to home within 3 months after date of release and subsequently on occasions of ceremony as prescribed per reference (e).

1. **Policy**. Statutory authority for retirement of members of the Navy or the Navy Reserve for service-incurred disabilities is contained in reference (a). Under this law, a member may be permanently retired or placed on the Temporary Disability Retired List, dependent upon a determination that the disability which necessitates retirement is, or may be, of a permanent nature. Policies and procedures for determination of entitlement to disability retirements are set forth in reference (b).

1. Duties of Navy Personnel Command (NAVPERSCOM)

a. Navy Personnel Command issues orders placing the member on the appropriate retired list, temporary or permanent. Navy Personnel Command is without authority to cancel the effective date of retirement, unless so directed by Secretary of the Navy. Cancellation of the effective retirement date, if warranted, must be approved by the Secretary of the Navy prior to the effective date stipulated in the orders.

b. If retirement orders indicate grade/rate, percentage of disability, or years of service that the separating activity or member concerned questions, processing of such member's case by the separating activity should not be held up pending clarification from NAVPERSCOM. The separating activity should notify (dispatch notification not necessary) NAVPERSCOM in such cases, and a modification of the orders or superseding orders will be issued, if appropriate.

c. Navy Personnel Command retains the scheduling, notification, and ordering functions involved in the member's periodic physical examinations and reevaluations for members on the Temporary Disability Retired List (TDRL). Navy Personnel Command will also take necessary action to terminate a member's retirement pay or suspend retired pay account, as appropriate, if the member fails to comply with orders without just cause.

2. Separation for Members not Serving Temporary Officer

Appointments. For enlisted members, other than those serving under temporary officer appointment, released from active duty and transferred to the Retired List for permanent physical disability, the activity effecting separation shall comply with the following procedures in addition to those elsewhere in this manual:

a. No physical examination required. A physical examination should have been completed as part of the medical board process.

b. Close current service record.

c. DD 256, Honorable Discharge Certificate, shall not be issued.

d. Disposition of field service record shall be made under instructions contained in MILPERSMAN 1070-130. Disposition of the health record shall be made per instructions contained in MILPERSMAN 6150-010.

3. Separation for Members Serving Temporary Officer

Appointments. For enlisted members serving under temporary appointment in warrant or commissioned grades, i.e., "dual status" personnel having both an enlisted and an officer status who are released from active duty and transferred to the Retired List for permanent physical disability, the activity effecting separation shall comply with the procedures prescribed above with the following exceptions:

a. A new enlisted service record shall not be opened.

b. The officer service record shall be processed.

4. Separation for Members on TDRL. For enlisted members, including those serving under temporary appointment in warrant or commissioned grade, i.e., "dual status" personnel having both an enlisted and an officer status who are released from active duty and transferred to the TDRL, the activity effecting separation shall comply with the following procedures in addition to those elsewhere in this manual:

a. No physical examination required. A physical examination should have been completed as part of the medical board process.

b. DD 256 shall not be issued.

c. The enlisted service record shall be prominently marked at the top of the front cover "Temporary Disability Retired List USN" or "Temporary Disability Retired List USNR," as appropriate, and forwarded to Commanding Officer (CO), Naval Reserve Personnel Center (NAVRESPERSCEN) via traceable means.

d. The officer service record shall be processed.

5. **Duties of CO, NAVRESPERSCEN.** Commanding Officer, NAVRESPERSCEN shall maintain the service record, personnel accounting responsibility, and military jurisdiction of the member in the same manner as is required for those numbers on the permanent Retired List.

Governing Directives	10 U.S.C. 12774
	10 U.S.C. 1372

1. **Background.** The TDRL is in the nature of a "pending list" (10 U.S.C. 12774) for all members who, through due process of medical procedures, have been found unfit to perform the duties of their office, grade, rank, or rating and who, according to accepted medical principles, may be permanently disabled. In this sense, the list provides a safeguard in the best interests of the government against permanently retiring a member who may subsequently fully recover, or nearly so, from the disability that originally caused the member to be placed on this list; and conversely, the list provides a safeguard in the best interests of the member from being permanently retired with a condition that may develop into a more serious permanent disability.

2. **Assignment of Grade on List.** Unless entitled to a higher grade under some other provisions of law, under authority contained in 10 U.S.C. 1372, any member who is retired for physical disability, or whose name is placed on the TDRL is assigned to the highest grade equivalent to the following:

a. The grade or rank in which the member is serving on the date when the member's name is placed on the TDRL or, if member's name was carried on that list, on the date when he or she is retired.

b. The highest temporary grade or rank in which the member served satisfactorily, as determined by the Secretary of the Navy.

c. The permanent Regular or Reserve grade to which a member would have been promoted had it not been for the physical disability for which he or she is retired and which was found to exist as a result of physical examination for promotion.

d. The temporary grade to which a member would have been promoted had it not been for the physical disability for which he or she is retired, if eligibility for that promotion was required to be based on cumulative years of service or years of service in grade and the disability was found to exist as a result of physical examination for promotion.

3. **Periodic Physical Examination.** Navy Personnel Command (NAVPERSCOM) will issue orders to members on the TDRL for a periodic physical examination to be conducted at a medical activity nearest the residence of the member concerned with proper facilities for conducting the examination, as designated in each case by Chief, Bureau of Medicine and Surgery.

4. Contents of Orders.

a. Following is an example of the content of orders that will be issued and a suggested endorsement to be used by commanding officer (CO) of the examining medical activity:

From: Commander, Navy Personnel Command

To:

Via: [CO of medical activity]

Subj: ORDERS TO APPEAR FOR PERIODIC PHYSICAL EXAMINATION

1. When directed by [fill-in the via addressee] during [month,year] you will proceed and report to that command for periodic physical examination to determine any change in the condition for which you were placed on the Temporary Disability Retired List, your condition that is coded in the Department of Defense Disease Injury Code (DDIC) as [fill-in]. [Fill-in the via addressee] is authorized to modify the reporting date to the month preceding or following the month specified above.

2. Your report of last medical examination or medical board report will be sent to the examining activity by Navy Personnel Command (NAVPERSCOM). Upon completion of this examination the commanding officer of the examining activity is requested to forward the medical record and a summary of the findings of the medical board in your case, with special reference to the physical condition for which you were retired, to the Physical Evaluation Board, Arlington, VA.

3. When directed by the commanding officer, examining activity, you will return to the above address. These orders do not constitute assignment to active duty and wearing of naval uniform is not mandatory.

4. Changes of address should be promptly reported to the via addressee and NAVPERSCOM (PERS-821).

5. [Accounting data.]

To:

Subj: ORDERS TO APPEAR FOR PERIODIC PHYSICAL EXAMINATION

1. Per paragraph 1 of basic orders you are hereby directed to report to this activity at [time and date].

2. If for any reason you cannot report on the date specified in paragraph 1 above, you are directed to immediately notify this activity by telephone or letter setting forth the reasons.

[Signature]

5. **Completion of Medical Examination.** Upon completion of the medical examination, the member shall be directed to such office as the CO of the examining activity may designate to complete a voucher form if authorized travel has been performed. The designated office shall complete the appropriate voucher form in as much detail as possible prior to the time the member departs from the activity. Each member shall be instructed as to the exact information necessary to complete the voucher form upon completion of travel and to return the completed voucher to the disbursing officer at the examining activity for payment. In the event the examining activity does not have a disbursing officer attached, the member shall be advised of the address of the appropriate disbursing officer authorized to pay personal travel vouchers.

6. **Failure to Report.** If a member on the TDRL fails to report for periodic physical examination, the CO of the examining activity shall notify NAVPERSCOM (PERS-821) immediately.

			FAX	882-2622

References	(a) 10 U.S.C. 1211 (b) 10 U.S.C. 1210
-------------------	--

1. **Policy.** Per the provisions of reference (a), any officer of the Naval Service whose name is on the Temporary Disability Retired List (TDRL), and who is found to be physically fit to perform the duties of their office and grade, may be appointed or reappointed to active duty (ACDU) or to the Reserve component as soon as practicable with the officer's consent. For the purposes of this article, the physical evaluation board (PEB) is the sole authority for the determination of whether an officer is physically fit or unfit.

a. **Pay.** Officers on the TDRL found physically fit remain on the TDRL and continue to draw retired pay until reappointed or separated. If the officer consents to be reappointed, retired pay continues until reappointed or until the expiration of their 5 years on TDRL, whichever occurs first. If the officer does not consent, disability retired pay shall be terminated as soon as practicable and the member shall be discharged.

b. **Five-Year Period.** If their names are not removed sooner, the disability retired pay of officers whose names are on the TDRL terminates 5 years after the date their names are initially placed on the TDRL.

c. **Termination.** If the officer does not consent or respond to the action proposed under this article after being found physically fit by the PEB, and if the officer is not discharged, retired, or transferred to the inactive Reserve under reference (b), then the officer's status on the TDRL and disability retired pay shall be terminated as soon as practicable and the member shall be discharged.

d. **When Found Fit.** If an officer was in a retired-recall or a retired-retained status when placed on the TDRL, the officer

will resume retirement status in the grade held when his/her name was placed on the TDRL and terminate disability retirement pay when the officer resumes retirement status.

2. **Procedures**. The following procedures apply for processing officers on the TDRL who are found physically fit to perform the duties of their office and grade:

a. **Report of Physically Fit**. Navy Personnel Command (NAVPERSCOM), Disability Retirement/Limited Duty Section (PERS-821) receives from the Central PEB the names of United States Navy (USN)/United States Navy Reserve (USNR) officers on the TDRL who have been found physically fit to perform the duties of their office and grade.

b. **Recommendation as to Eligibility for Reappointment**. NAVPERSCOM (PERS-821) refers the case with a brief sheet (shown in Exhibit 1) to NAVPERSCOM, Progression, Performance, and Security Branch (PERS-83) for a recommendation as to the member's eligibility for reappointment and to perform a routine check for any pending disciplinary actions. NAVPERSCOM (PERS-83) then routes case to NAVPERSCOM, Officer Career Progression Branch (PERS-80) for comment.

c. **Recommendation as to Grade, Designator, and Date of Grade**. NAVPERSCOM (PERS-80) makes recommendation as to grade, designator, and date of grade per reference (a) as follows:

(1) If the officer's name was on the Active Duty List (ADL) when name was placed on the TDRL, then the officer may be reappointed by the President, with the advice and consent of the Senate, to the ADL in the grade permanently held when the officer's name was placed on the TDRL, or in the next higher grade.

(2) If the officer held an appointment in the grade of warrant officer, W-2, on the ADL when name was placed on the TDRL, then the officer may be reappointed by the Secretary of the Navy (SECNAV) in the grade on the ADL permanently held when officer's name was placed on the TDRL, or may be appointed by the President, with the advice and consent of the Senate, to the grade of chief warrant officer, W-3.

(3) If the officer was a member of the Reserve component at the time placed on the TDRL, the officer shall be reappointed in the Reserve component in the grade permanently held by the officer when name was placed on the TDRL or in the next higher grade in that reserve component.

(4) Whenever seniority in grade or years of service is a factor in determining the qualifications of an officer of the Navy or Navy Reserve for promotion, each officer who has been appointed or reappointed (under reference (a), subsection (b)), shall, when name is placed on

- a lineal list,
- a promotion list,
- an approved all-fully-qualified-officers list, or
- any similar list,

have the seniority in grade and be credited with the years of service authorized by the SECNAV. The authorized strength in any regular grade is automatically increased to the minimum extent necessary to give effect to each appointment made in that grade. An authorized strength so increased, is increased for no other purpose, and while an officer holds that grade the officer whose appointment caused the increase is counted for the purpose of determining when other appointments, not under this article, may be made in that grade.

(5) Action under this article shall be taken on a fair and equitable basis, with regard being given to the probable opportunities for promotion that the officer might reasonably have had if name had not been placed on the TDRL.

(6) NAVPERSCOM (PERS-80) then routes brief sheet back to NAVPERSCOM (PERS-821).

d. Officer Notification. NAVPERSCOM (PERS-821) then notifies by letter via certified mail (or by an equivalent form of notice if such service by U.S. Postal Service is not available for delivery at an address outside the U.S.) the officer who has been found physically fit to perform the duties of the officer's office and grade, and accomplishes the following:

(1) Solicits officer's desire by letter as to whether the officer does or does not consent to being ordered to ACDU and to being reappointed as soon as practicable, or to voluntarily retire if eligible.

(2) If the officer has more than 20 years active service, or is otherwise eligible for a non-disability retirement, the officer is also made aware of this fact and informed of the procedures necessary to request a voluntary retirement.

(3) If it is determined the officer was on ACDU beyond the officer's initial obligation and was not scheduled for

release from ACDU at the time placed on the TDRL, the letter advises officers they may return to ACDU provided it is requested within 60 days of the date of the letter.

(4) If the member is a Navy Reserve officer who has not completed the initial ACDU obligation or was not scheduled for release from ACDU at the time he/she was placed on the TDRL, the officer is informed and told that he/she will be reappointed in the USNR on inactive duty; and, if the Navy Reserve officer is eligible for a non-disability retirement with pay, will be informed of the procedures necessary for requesting retirement.

e. **Action.** Depending upon the officer's reply or lack of reply, NAVPERSCOM (PERS-821) takes one of the following actions:

(1) If the officer does not consent to be appointed or reappointed,

- NAVPERSCOM Officer Performance and Separations Branch (PERS-834), or
- if a Reservist, NAVPERSCOM Reserve Personnel Services (PERS-912),

is notified and requested to effect the officer's separation.

(2) If no reply is received within 60 days from the date of the notification letter sent to the officer, NAVPERSCOM (PERS-834)/ NAVPERSCOM (PERS-912) are requested by NAVPERSCOM (PERS-821) to effect the separation.

(3) If the officer does consent to be appointed or reappointed, NAVPERSCOM (PERS-821) sends a letter to Commander, Navy Recruiting Command (COMNAVCRUITCOM) (see Exhibit 2 for format) to complete a Scroll and coordinate officer's accession physical.

(a) Estimated timeline to get Secretary of Defense (SECDEF) or Senate confirmation for an officer's Scroll, depending on the officer's grade, is approximately 90 days for Office of the Secretary of Defense (OSD) consent and 120 or more days for Senate confirmation.

(b) COMNAVCRUITCOM will, via naval letter format, return Scroll and medical examination to NAVPERSCOM (PERS-80) to complete the reappointment document.

(c) NAVPERSCOM (PERS-80) completes the reappointment document and mails it to the officer's home address with appropriate instructions for accepting reappointment. NAVPERSCOM

(PERS-80) also provides the officer's detailer name, phone number, and E-Mail address for potential assignment.

(d) NAVPERSCOM (PERS-80), once in receipt of the officer's acceptance for reappointment, notifies the officer's community manager that the officer accepted reappointment and is available for reassignment.

(e) Officer's detailer then sends orders directly to the officer's home address and prospective commanding officer.

(4) If a USNR officer consents to be reappointed, NAVPERSCOM (PERS-821) sends a letter to NAVPERSCOM, Reserve Personnel Management Division (PERS-9) to determine whether the officer meets requirements for recall to ACDU.

(5) In cases where a USNR officer is being recalled to ACDU, the assignment officer ensures that an agreement to remain on ACDU until completion of initial obligated service (OBLISERV) or 2 years, whichever is the greater, is included in the orders. If the officer was designated a Full Time Support (FTS) when placed on the TDRL, redesignation as a FTS is included in the recall orders.

f. **Inquiries.** In some instances, the officer requests information concerning such items as date of rank, promotional opportunities, prospective duty assignment, etc. The responsibility for coordinating the reply to these multiple subject inquiries is assigned to NAVPERSCOM (PERS-821).

1. **Definitions**. For the purpose of administrative separation processing only, the following phrases and terms are explained.

a. **Administrative Board**: A board appointed to determine the facts in a case; to recommend retention in the Naval Service, separation, or suspension of separation; the reason for separation; and the characterization of service or description of separation.

b. **Broken Service**: The service of a veteran whose last tour of duty or active duty for training was in any branch of naval or military service of the United States, who has been discharged for more than 24 hours and who completed a minimum of 12 consecutive weeks of active duty or active duty for training unless such enlistments results in continuous service.

c. **Commander/Commanding Officer (CO)**: A commissioned or warrant officer who, by virtue of rank and assignment, exercises primary command authority over a military organization or prescribed territorial area that under pertinent official directives is recognized as a "command." In addition to commanders and COs, the term also includes chiefs of staff, and officers in charge (OICs) of permanent detachments with nonjudicial punishment (NJP) authority.

d. **Conscientious Objector**: A person who by reason of religious training and belief has a firm, fixed, and deeply sincere objection to participation in war in any form, or the bearing of arms.

e. **Continuous Service:**

(1) Service in the Regular Navy or Navy Reserve, which is continued by reenlistment within 3 months following discharge or release from active duty. A member who is reenlisted on the same day of the month, 3 calendar months from date of discharge or release from active duty is reenlisted "within 3 months."

(2) Reenlistment within 6 months following discharge or release from active duty provided the member is classified RE-R1, Recommended for Preferred Reenlistment, and holds a rating listed on current Career Reenlistment Objectives List. A member who reenlisted on the same day of the month, 6 calendar months from date of discharge or release from active duty is reenlisted "within 6 months."

f. **Convening Authority:** A CO empowered to convene a special court-martial has the authority to convene an administrative board.

g. **Discharge:** Complete severance from all military status gained by the member's enlistment or inductions.

h. **Enlisted Performance Evaluation System:** The formal service-wide rating system used to record an individual's fitness for service, performance of duties, and conduct based on numerical grades. The performance and conduct scores of an individual as recorded during the current enlistment are normally used as a guide in determining the characterization of service, reenlistment eligibility, and other personnel management purposes.

i. **Entry Level Status:**

(1) Upon enlistment, a member qualifies for entry level status during:

(a) The first 180 days of continuous active military service; or

(b) The first 180 days of continuous active military service after a service break of more than 92 days of active service.

(2) A member of a Reserve component who is not on active duty or who is serving under a call or order to active duty for 180 days or less begins entry level status upon enlistment in a Reserve component. Entry level status for such a member of a Reserve component terminates as follows:

(a) 180 days after beginning training if the member is ordered to active duty for training for one continuous period of 180 days or more; or

(b) 90 days after the beginning of the second period of active duty training if the member is ordered to active duty for training under a program that splits the training into two or more separate periods of active duty.

(3) For the purposes of characterization of service or description of separation, the member's status is determined by the date of notification as to the initiation of separation proceedings.

j. General Court-Martial Convening Authority: Reference (a), article 22 and reference (b), section 0120a define and list general courts-martial convening authorities.

k. Individual Counsel: Counsel requested specifically by the respondent to represent him or her before an administrative board in lieu of the appointed counsel.

l. Legal Advisor: A lawyer, uniformed or civilian, under the professional supervision of either the Judge Advocate General or General Counsel of the Navy, certified under, or otherwise meeting the professional requirements of reference (a), article 27(b).

m. Member: An enlisted personnel of the Regular or Reserve component of the United States Navy.

n. Military: The term refers to the Army, Navy, Air Force and Marine Corps and their Reserve components. In time of war, it includes the Coast Guard when assigned under the Department of the Navy.

o. Military Record: An individual's overall performance while a member of a military service, including personal conduct and performance of duty.

p. **Naval:** The term means of, relating or belonging to, connected with, or used in the Navy, including its Reserve components.

q. **Noncombatant Service/Duties (1-A-O):** Service in any unit of the Armed Forces:

(1) Which is unarmed at all times;

(2) In the medical department of any of the Armed Forces, wherever performed;

(3) Where their primary assigned function would not require the use of arms - provided that such other assignment is acceptable to the member concerned and does not require the bearing of arms or training in their use; or

(4) On board an armed ship or aircraft in a combat zone provided the member is not personally and directly involved in the operation of weapons.

r. **Noncombatant Training:** Any training not concerned with the study, use, or handling of arms or weapons.

s. **Pattern of Misconduct:** Two or more NJPs, courts-martial, or civil convictions (or combination thereof) within the current enlistment.

t. **Qualified Counsel or Counsel:** Counsel qualified per reference (a), article 27(b) who does not have any direct responsibility for advising the convening authority or separation authority on the proceedings involving the respondent.

u. **Release from Active Duty:** Termination of active duty status and transfer or reversion to a Reserve component not on active duty, including transfer to the Individual Ready Reserve (IRR).

v. **Religious Training and Belief:** Belief in an external power or being, or deeply held moral and ethical belief, to which all else is subordinate or upon which all else is ultimately dependent, and which has the power to force to affect moral well-being. The external power or being need not be a deity in the conventional usage, but may be a sincere and meaningful belief which the beholder occupies in a place

parallel to that filled by God; or in the case of deeply held moral or ethical beliefs - a belief held with the strength and devotion of a traditional religious conviction. The term "religious training and belief" may include solely moral or ethical beliefs even though the applicant may characterize these beliefs as "religious" in the traditional sense, or may expressly characterize them as not religious. The term "religious training and belief" does not include a belief, which rests solely upon consideration of policy, pragmatism, expediency, or political views.

w. **Respondent:** A member of the Naval Service who has been notified that action has been initiated to separate him or her.

x. **Separation:** A general term that includes discharge, release from active duty, release from custody and control of the Naval Service, transfer to the IRR, and similar changes in active or Reserve status.

y. **Separation Authority:** An official authorized by the Secretary of the Navy to take final action with respect to a specific type of separation.

z. **Service Record:** The official history of an enlisted member's service in a Regular and/or Reserve component of the Navy.

aa. **Special Court-Martial Convening Authority:** Reference (a), article 23 and reference (b), section 0120b define and list special courts-martial convening authorities.

assignment to noncombatant training and service based on conscientious objection (1-A-0).

3. **Conditions or Restrictions**

a. After entering the naval service, a request for discharge based solely on conscientious objection, which existed but was not claimed prior to enlistment or notice of induction, shall not be considered when such beliefs satisfied the requirements if

(1) classification as a conscientious objector under Section 6(j) of the Universal Military Training and Service Act, as amended (50 U.S.C 456) and related provisions of law; and

(2) the member failed to request classification as a conscientious objector by the Selective Service System (SSS); or

(3) if their request for classification as a conscientious objector before entering military service was denied on the merits by the SSS and their present request for classification as a conscientious objector is based on essentially the same grounds; or

(4) supported by essentially the same evidence, as the request, which was denied by the SSS.

b. Claims growing out of the experiences prior to entering military service but which did not become fixed until after entry into the service will not be considered.

c. All claims of conscientious objection will be judged by SSS standards used in determining 1-0 or 1-A-0 classification of draft registrants prior to induction. Subject to the limitations set forth above, an application for conscientious objector status may be approved for any member who is conscientiously opposed to participation in war, in any form, when opposition is founded on "religious training and belief" as defined in MILPERSMAN 1900-010, and whose position is sincere and deeply held.

d. A true conscientious objector must be against all wars, rather than a specific war.

4. **Applicant's Proof of Moral and Ethical Beliefs.** The applicant must show that moral and ethical beliefs are against

participation in war, in any form, that these beliefs have directed their life in the way traditional religious convictions of equal strength, depth, and duration have directed the lives of those whose beliefs are clearly found in traditional religious convictions.

5. **Primary Factors**

a. A primary factor to be considered is the sincerity with which the belief is held. Great care must be exercised in determining whether asserted beliefs are honestly and genuinely held. Sincerity is determined by an impartial evaluation of the applicant's thinking and living in its totality, past and present.

b. Care must be exercised in determining the integrity of belief and the consistency of application.

c. Information presented by the applicant should be sufficient to convince that the applicant's personal history reveals views and actions strong enough to demonstrate the belief upon which conscientious objection is based is the primary controlling force in their life and that expediency or avoidance of military service is not the basis of their claim.

d. The conduct of an applicant, in particular their outward manifestation of the beliefs asserted, will be carefully examined and given substantial weight in evaluating the application.

6. **Relevant Factors**

a. Relevant factors to consider in determining applicant's claim of conscientious objector include

(1) training in the home and church;

(2) general demeanor and pattern of conduct which supports asserted beliefs;

(3) participation in religious activities;

(4) whether ethical or moral convictions were gained through training, study, contemplation, or other activity comparable in rigor and dedication to the processes by which traditional religious convictions are formulated;

(5) credibility of the applicant; and

(6) credibility of persons supporting the claim. (i.e., Applicant made some major commitments during the time their beliefs were developing which are inconsistent with their claim. Application as a conscientious objector shortly after applying and denied for a special Navy program - or becoming aware of the prospect of hazardous or other undesirable duty. Taking the military oath of office shortly before applying for conscientious objector status may be evidence of insincerity in a given case.) These examples are noteworthy because of their frequent recurrence. The potential relevant areas of inquiry are limitless.

b. An applicant claiming 1-0 status will not be granted 1-A-0 status as a compromise. An applicant may be assigned noncombatant status if the record clearly indicates beliefs such that the applicant is qualified as a noncombatant, but not for discharge as a conscientious objector.

c. Particular care must be exercised not to deny the existence of bona fide beliefs simply because those beliefs are incompatible with one's own. Church membership or adherence to particular theological tenets are not required to warrant separation or assignment to noncombatant training and service for conscientious objectors. Mere affiliation with a church or other group, which advocates conscientious objection as a tenet of its creed, is not necessarily determinative of an applicant's position or belief. Conversely, affiliation with a church or group, which does not teach conscientious objection beliefs in any, given case. Where an applicant is or has been a member of a church, religious organization, or religious sect, and where their claim of conscientious objection is related to such membership, inquiry may properly be made as to the fact of membership and the teaching of the church, religious organization, or religious sect, as well as the applicant's religious activity. The fact that the applicant may disagree with, or not subscribe to, some of the tenets of their church does not necessarily discredit their claim. The personal convictions of each applicant will be controlling so long as they derive from their moral, ethical, or religious beliefs. An applicant who is otherwise eligible for conscientious objector status may not be denied that status simply because their conscientious objection influences their views concerning the nation's domestic or foreign policies. The task is to decide whether the beliefs professed are sincerely held and

whether they govern the claimant's actions in both word and deed.

7. **Classification of Conscientious Objectors.** Conscientious objectors are classified as

a. **1-0:** a person who by reason of conscientious objection, sincerely objects to participation of any kind of war - in any form.

b. **1-A-0:** a person who by reason of conscientious objection, sincerely objects to participation as a combatant in any war in any form, but whose convictions are such as to permit military service in a noncombatant status.

8. **Procedures When Classified 1-A-0 Upon Induction.** Members classified 1-A-0 by Selective Service prior to induction shall be transferred for recruit training and be subject to noncombatant service/duties and training. The member shall sign the following NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry:

(date): "I have been counseled concerning designation as a conscientious objector. Based on my training and belief, I consider myself to be a conscientious objector within the meaning of the status and regulations governing conscientious objectors and am conscientiously opposed to participation in combatant training and service. I request assignment to noncombatant duties for the remainder of my term of service (end of EAOS). I fully understand that on expiration of my current term of service, I may not be eligible for voluntary enlistment, reenlistment, extension or amendment or current enlistment, or active service in the Armed Forces by reason of my 1-A-0 classification."

10. Required Interviews

a. A chaplain and psychiatrist or clinical psychologist, who are members of a regular or reserve component of any of the Armed Forces, will personally interview the applicant. A written report must be provided by both and attached as enclosures and part of the case file. If the applicant refuses to participate, is uncooperative, or unresponsive in the course of these interviews, this fact will be included in their statements.

b. The chaplain will provide opinion of the nature and basis of the applicant's claim, sincerity, and depth of conviction in the claim of conscientious objection, and a recommendation of disposition with the rationale for the conclusion.

c. The psychiatrist or clinical psychologist will provide a report or psychiatric disorders which would warrant treatment or disposition through medical channels or such personality disorder, which would warrant recommendation for appropriate administrative separation action. Comments concerning the sincerity or credibility of the applicant's claimed convictions may also be included.

d. Both interviewing officers will provide their personal impressions of the applicant, such as demeanor and manner in which they answer questions. Consideration should be given to all background information and any outward manifestations, which tend to support or rebut the applicant's claim.

e. Applicants should be carefully evaluated to ensure they are not objecting to military service solely on the basis of a false premise. (Example - applicant may state they cannot serve because they are opposed to murder, organized killing for the sake of ideology, military ventures to gain territory or national wealth, and similar reasons which they indicate to be policies of the Government or the Armed Forces). Political opposition to national policies is not necessarily an indication of an applicant's objection to war on a moral, ethical, or religious basis.

11. Investigating Officer

a. A lieutenant commander or above will be appointed, by the commanding officer (CO), as the Investigating Officer (IO). If not reasonably available, the CO may appoint a lieutenant, who in his opinion, is well-qualified by reason of age, education, training, experience, and length of service. The officer will not be in the immediate chain of command of the member, and will be senior to the applicant.

NOTE: The CO may appoint a judge advocate of the grade of lieutenant or above. (In this regard, the Naval Legal Service Office (NLSO) may provide on an "as available" basis a judge advocate to act as hearing officer).

b. The investigating officer

(1) may obtain guidance and assistance from the NLSO or command judge advocate.

(2) will conduct a hearing on the application to afford the applicant an opportunity to present any evidence desired in support of the application. This will help the hearing officer to ascertain and assemble all relevant facts to create a comprehensive record, and to facilitate an informed recommendation to the CO.

(3) will actively and critically examine the applicant's beliefs, and any failure or refusal to submit to questioning under oath or affirmation. Should the applicant fail to appear, the IO may proceed in the applicant's absence as the applicant is considered to have waived the right for appearance.

(4) will fully advise and counsel the applicant concerning the provisions of 38 U.S.C. 3103 which provides in pertinent part that the discharge of any person on the grounds of conscientious objection who refused to perform military duty, to wear the uniform, or otherwise to follow lawful orders of competent military authority shall bar all rights (except government insurance) of such personnel under laws administered by the Department of Veteran's Affairs (DVA) based upon the period of service from which discharged or dismissed. The only exception is in cases where it is established to the satisfaction of the DVA that the member was insane. Have the applicant sign the following NAVPERS 1070/613 entry (include in case file):

"(date): I have been advised of the provisions of 38 U.S.C. 3103 concerning possible non-entitlement to benefits administered by the Department of Veteran's Affairs (DVA) due to discharge from the military service as a conscientious objector under certain conditions. I understand that a discharge as a conscientious objector who refused to perform military duty or otherwise to follow lawful orders of competent military authority, shall bar all rights, based upon the period of service from which discharged, under any laws administered by the DVA except my legal entitlement (if any) to any war risk, government (converted), National Services Life Insurance (NSLI), or Serviceman's Group Life Insurance (SGLI)."

12. Documentation by the Investigating Officer (IO)

a. The IO will include his/her recommendations for disposition of the case and the rationale for such disposition. Subject to the provisions that an applicant claiming 1-0 status will not be granted 1-A-0 status as a compromise, the actions recommended will be limited to denial of any classification as a conscientious objector, classification as 1-A-0 conscientious objector, or classification as 1-0 conscientious objector.

b. Provide a written report summarizing the hearing. Indicate if member appeared at the hearing, if member had counsel present and if so, provide the counsel's identity, and whether the nature and purpose of the hearing was explained to the applicant. Provide conclusions regarding the underlying basis, sincerity, and depth of the applicant's conscientious objection and beliefs. Forward all documents considered and reviewed during the hearing.

c. The entire package will be forwarded to the CO, with a copy to the applicant and his/her counsel (if applicable). Have the applicant sign a statement per below, and include a copy of such statement with your report to the CO.

"(date): I received this date a copy of the record (as defined in MILPERSMAN 1900-020) of my conscientious objection hearing. I understand that I have the right to submit a written rebuttal to this record, provided my rebuttal is submitted to the investigating officer within 5 working days after this date. I (do/do not) desire to submit a rebuttal."

(Signature)

13. The Hearing

a. The hearing will be informal in character and the rules of evidence employed by court-martial do not apply, except that all oral testimony presented shall be under oath or affirmation. Any relevant evidence may be received. Statements obtained from persons not present at the hearing need not be made under oath or affirmation. The hearing is not an adversary proceeding.

b. A verbatim record of the hearing is not required. If the applicant desires such a record and agrees to provide it at their own expense, it may be done. If elected, a copy will be provided to the IO at the conclusion of the hearing and at no expense to the government. The IO will summarize the testimony of witnesses and permit the applicant or their counsel to examine the summaries and note for the record their differences from the IO's summary.

14. **Applicants' Rights at Hearing**

a. They are entitled, at their own expense, to be represented by counsel who shall be permitted to be present at the hearing, assist the applicant in the presentation of their case, and examine all items in the file.

b. They may submit additional evidence (including sworn/unsworn statements), and present witnesses in their own behalf; but they are responsible for securing their attendance. The installation or local commander shall render all reasonable assistance in making available witnesses requested by the applicant. The applicant is permitted to question any other witnesses who appear and to examine all items in the file.

15. **Commanding Officer's Responsibilities**

a. Review the record for completeness, and return to the IO for further investigation as necessary.

b. Forward completed case file to NAVPERSCOM (PERS-832 for Enlisted/PERS-834 for Officers) with CO's comments and recommendations. Comments are restricted to those matters contained in the record.

c. If the applicant's request is for assignment to noncombatant services/duties, provide a recommendation whether the applicant should be detailed to such assignment or training, and if so, whether they are qualified and desire assignment to the Hospital Corps or in the case of officers, to the Medical Corps/Medical Service Corps/Dental Corps/Nurse Corps. If the member does not desire such duties and training, or is not qualified, state whether their services can be used on board if assigned a Limited Duty Designator L-8.

d. Comments as appropriate on the member's rebuttal of the IO's investigation if applicable.

e. Upon receipt of the member's request, assign the member duties provided the minimum practicable conflict with their professed beliefs and require the member to maintain the same standards of performance and behavior as other members assigned. If member is under orders for transfer, they are required to carry out orders in effect at the time or subsequently received.

f. Inform all concerned, and NAVPERSCOM (PERS-832) if the member becomes the subject of disciplinary action, and outcome of such. If member will be receiving a court-martial, action of their request will be held in abeyance pending the outcome of such trial.

g. Administrative separations for any reasons other than Conscientious Objection take precedence over separation as a conscientious objector.

16. **Action by NAVPERSCOM**

a. When a determination that member's application meets the criteria of 1-0 classification, NAVPERSCOM (PERS-832/834) will direct member's discharge by reason of Convenience of the Government - Conscientious Objection.

b. Members classified as 1-A-0 will be reassigned to noncombatant training and services/duties as indicated below, or discharged from military service at the discretion of NAVPERSCOM (PERS-832/834). Members reassigned shall sign the NAVPERS 1070/613 entry for 1-A-0 induction under block "Procedures When Classified 1-A-0 Upon Induction". Add the following statement block above the member's signature.

c. "Privacy Act Statement: The authority to request this information is derived from 5 U.S.C. 301, Departmental Regulations. Purpose of this form is for member's acknowledgment of the conscientious objector status. Information is used to restrict member's reenlistment or extension of enlistment upon expiration of current enlistment. Completion of this form is mandatory, failure to provide the required information may result in not being designated as a conscientious objector."

d. Determination by NAVPERSCOM is final with respect to administrative separation. Personnel designated as conscientious objectors and retained in the service for

noncombatant training or services/duties will be assigned as follows:

(1) After completion of recruit training, enlisted or inducted members may be transferred to the Hospital Corps for further training provided they volunteer and meet the requirements. Qualified members previously classified 1-A-0 and subject to induction into certain staff corps and only with the approval of NAVPERSCOM (PERS-834). Such members shall not be allowed to avoid the important or hazardous duties, which are the responsibility of all members of the medical organization. Any member who does not meet the requirements for this training, who fails to complete the prescribed course of instruction, or who otherwise cannot be assigned to this training or duty, shall be employed in other noncombatant service/duties if retain in the naval service.

(2) If a member cannot be utilized in a noncombatant assignment, the CO shall report this fact to the cognizant personnel distributor who shall transfer the member to a noncombatant duty assignment.

17. **Characterization of Service**

a. Officers: Honorable

b. Enlisted: Honorable, unless a General (Under Honorable Conditions) or Entry Level Separation is warranted in MILPERSMAN 1910-300.

------------------	-------------------------------

1. **Separation Authority.** Commander, Navy Personnel Command (COMNAVPERSCOM).
2. **Policy.** Per reference (a), members may request separation based on becoming a surviving family member.
3. **Definitions**
 - a. **Surviving family member** is any son or daughter in a family where the father, mother, or one or more sons or daughters
 - (1) have been killed in action or have died from wounds, accident, or disease when serving in the United States Armed Forces.

(2) are in a captured or missing in action status.

(3) have a permanent 100 percent service-related disability as determined by the Department of Veteran's Affairs, or one of the military services, and are not gainfully employed because of the disability.

b. A family is considered husband, wife, father, mother, son(s), daughter(s), brother(s), and sister(s) in the following categories:

(1) A brother or sister of the whole blood.

(2) A brother or sister of the half blood.

(3) A stepbrother or stepsister.

(4) A brother or sister by adoption.

4. **Exceptions.** Separation by reason of surviving family member will not be approved

a. when a member has courts-martial charges pending, has been convicted with appellate review in process, is serving a sentence to confinement, or is otherwise undergoing punishment imposed by a court-martial.

b. when a member is being processed for involuntary separation.

c. during period of war or national emergency declared by Congress.

5. **Waivers of Eligibility.** Members previously advised of the separation provisions for surviving family member and who subsequently enlist, reenlist, or voluntarily extend enlistment after having been notified of a family casualty, waive their rights for separation as surviving family member. Subsequent requests will be considered on a case-by-case basis depending on the merits of each case. A NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry upon enlistment, reenlistment, or extension will be made as follows:

(Date): _____ has been advised that he/she qualifies for requesting discharge from Navy based on being a surviving family member per MILPERSMAN 1900-030. He/she desires to (enlist/reenlist/extend enlistment) and waives the right to request separation based on being a surviving family member. He/she understands that a request for a waiver of this election may be made at any future time and will be considered on a case-by-case basis, with no guaranteed approval.

The "Procedures" paragraph below provides information on reinstatement of these rights.

6. **Restrictive Duty Assignments**. Designation as a surviving family member does not permit a member's retention in a restrictive duty assignment, i.e., humanitarian assignment.

7. **Procedures**. The member will submit a written request for discharge via the commanding officer (CO) to Navy Personnel Command (NAVPERSCOM),

- Enlisted Performance and Separations Section (PERS-4832) for active enlisted,
- Officer Performance and Separations Section (PERS-4834) for active officers,
- Reserve Enlisted Personnel Section (PERS-4913) for inactive enlisted, or
- Reserve Officer Status Section (PERS-4911) for inactive officers as follows:

a. **For enlisted:**

- (1) Nature of the disability of the family member.

(2) Individual's full name, grade/rate, SSN, military service branch, and relationship to the member whose status made the member eligible for surviving family member status.

(3) Explain omission of any information and rationale for not waiting for the above-mentioned items.

(4) Submit requests for reinstatement of rights for separation as a surviving family member in writing to NAVPERSCOM (PERS-4832) via the member's CO. Include the same documents as requested above and include a written statement of the circumstances, which now prompt the request.

b. For officers:

(1) Submit a resignation request per MILPERSMAN articles 1920-190 and 1920-200. Subject line should read, "RESIGNATION REQUEST BASED ON BECOMING A SURVIVING FAMILY MEMBER."

(2) Ensure the following information is included in enclosure (1) to the request:

(a) Nature of the disability of the family member.

(b) Individual's full name, grade/rate, SSN, military service branch, and relationship to the member whose status made the member eligible for surviving family member status.

(3) Explain omission of information and rationale for not waiting for the above-mentioned item(s).

(4) Submit requests for reinstatement of rights for separation as a surviving family member in writing to NAVPERSCOM (PERS-4834) via the member's CO. Include the same documents as requested above and include a written statement of the circumstances, which now prompt the request.

8. **Characterization of Separation.** Honorable unless a General or Entry Level Separation (ELS) is warranted per MILPERSMAN 1910-300.

1. **Policy.** Within the parameters of references (a) through (c), Secretary of the Navy (SECNAV) may exercise discretionary authority to make retirement determinations. Servicemembers who commit serious acts of misconduct which demonstrate that they pose a continuing threat to the safety, health, and well being of other servicemembers or their family members; may be transferred to the Retired List, the Retired Reserve, or to the Fleet Reserve, as the case may be; in a restricted status. For such officer or enlisted personnel, access to any naval installation or facility may be denied partially, entirely, or allowed only under escort as directed by SECNAV. The exact conditions under which access is granted will depend on the particular facts and circumstances of each case and will be explained in writing to the servicemember prior to transfer to the Retired List, the Retired Reserve, or to the Fleet Reserve.

2. **Filing of Adverse Matter in the Permanent Record.** Every Sailor granted restricted access to naval installations and facilities must be informed that the documentary evidence that supports being placed in a restricted status will be filed in

the member's permanent military record. Prior to the filing of such documents, the servicemember must be given a reasonable amount of time, not to exceed 10 working days, to examine the documents and submit any matters which the member believes are relevant to the proposed filing. For Navy Reserve members, not serving on full time active duty, the member's command will forward the documentary evidence via certified mail and will give the member 30 days to examine the documents and submit matters that the member believes to be relevant to the proposed filing. The documents and the servicemember's response will then be forwarded to

- Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) for enlisted members;
- NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) for inactive duty Reserve enlisted members; or to
- NAVPERSCOM, Officer Performance and Separations Branch (PERS-834) for officers;

and filed in Field Code 38 for enlisted, or Field Code 17 for officers, of the permanent Electronic Military Personnel Record System (EMPRS) data base or equivalent.

3. Debarment from Naval Installations and Facilities. As delegated by SECNAV, Chief of Naval Personnel (CHNAVPERS) or Commander Naval Installations Command (CNIC) may separately provide official notice of debarment to the servicemember prohibiting access to Department of the Navy (DON) installations, facilities, or property. If not previously provided, such notice shall accompany designation in a Restricted Status and inform the member of the reason for the debarment and explain in detail the restrictions placed on the individual concerning access to all naval installations, facilities, or property. The affected servicemember may request, in writing, to the debarment authority that such debarment be waived, wholly or in part, or may separately appeal the debarment to higher authority per instructions provided in the notification.

4. Flagging of Permanent Records to Prevent Recall or Return to Active or Reserve Duty. When retirement in a restricted status is approved by SECNAV, NAVPERSCOM, Career Progression Department (PERS-8) will direct that all such enlisted personnel receive an RE-4 Reentry Code to be placed on DD 214 (2-2000), Certificate of Release or Discharge from Active Duty. For inactive duty

Reserve enlisted personnel, NAVPERSCOM, Reserve Personnel Management Department (PERS-9) will direct that such enlisted personnel will not be recommended for retention on NAVPERS 1070/615 (Rev. 8-06), Record of Discharge from the U.S. Navy Reserve (Inactive) and will receive an RE-4 Reentry Code on the discharge NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, required by MILPERSMAN 1070-330. For active and Reserve officers, a Separation Program Designator (SPD) code of RNC (Unacceptable Conduct) will be entered into the officer's DD 214. NAVPERSCOM (PERS-8/PERS-9) will place an electronic Bureau of Naval Personnel (BUPERS) Control Group Flag in the Inactive Manpower Personnel Management Information System data base for all officer or enlisted personnel who are placed in a restricted status for retirement purposes. This electronic flag will alert any reviewing official to see adverse matter filed in Field Code 17 for officers, or 38 for enlisted, of the permanent record. Recruiters and officials responsible for implementing a general recall of personnel in the event of war or national emergency will be alerted as to the restricted status of the individual. In addition, the electronic data base used to recall retirees and members of the Fleet Reserve will be programmed to automatically exclude from consideration any member who has a flagged record.

5. **Debarment Letter**. The debarment letter shall be prepared in the following format: (Use proper letter format.)

	5800 Ser xx/xxxx [Date]
[Name] [Street Address] [City, State, ZIP]	
Dear [Name]:	
Subj: PROHIBITION FROM ENTRY ONTO NAVY AND MARINE CORPS INSTALLATIONS WORLDWIDE	
You are hereby advised that, pursuant to authority delegated to me by the Secretary of the Navy, you are prohibited from entering any installation, facility, or property under the cognizance of the Department of the Navy. This barment is based upon your [court-martial/federal/state/foreign court] conviction as a sex offender. [Provide additional detail as necessary.] Such conduct is plainly disruptive to good order and discipline aboard a military installation, and raises serious concerns for the welfare of base residents.	
Current lists of Navy and Marine Corps facilities are available on line at http://doni.daps.dla.mil/sndl.aspx and	

<http://www.marines.mil/units/Pages/category.aspx>, respectively. Should you enter upon or be found within the limits of any of these restricted areas, you will be apprehended, delivered to appropriate authorities, and prosecuted. Your conduct will constitute trespassing in violation of Title 18, United States Code, Section 1382. If found guilty of this offense, you could be fined and/or imprisoned for up to 6 months.

This order is effective immediately, and will remain in effect indefinitely. Should you require access to any of the restricted areas for any reason, you must provide advance written notice to the installation Staff Judge Advocate, to request permission and make appropriate arrangements. Address information can be found for each installation at the Web sites listed above.

You may appeal this order of debarment in writing within 10 days of your receipt of this notice. Your appeal should be addressed to Assistant Secretary of the Navy (Manpower and Reserve Affairs), 1000 Navy Pentagon, Room 4D548, Washington, D.C. 20350-1000. While your appeal is being considered, this order of debarment shall be effective and enforced. If you believe any compelling reason exists sufficient to justify modification or termination of this order, you may submit a request for consideration to my Staff Judge Advocate, at the above address.

Sincerely,

I. N. CHARGE

-------------------	---

1. **Policy.** Per reference (a), a complete physical examination, including a dental examination, will be given to all members within 6 months of separation, with exception of personnel authorized for discharge in absentia or those members on appellate leave. Separation physicals will be conducted within 4 weeks after receipt of separation orders where applicable, and prior to transfer of members to be separated at an activity other than their duty station.

NOTE 1: A physical examination should be scheduled immediately following notification to member to preclude undue delay in separation upon receipt of separation authority.

NOTE 2: Members should not be held on active duty awaiting HIV test results.

NOTE 3: If the member has had a physical examination for any other purpose within the past 5 years that met the requirements of Article 15-29 of reference (a), then a new physical examination need not be performed. Instead, the examiner may annotate on SF-600 (Rev. 6-97), Chronological Record of Medical Care, that the previous physical was reviewed for separation purposes.

2. **Members Processed for/or on Appellate Leave**

a. Members with unsuspended punitive discharges (Bad Conduct Discharge (BCD), Dishonorable Discharge (DD), or Dismissal), who are processed for appellate leave, will be given a complete physical examination prior to commencement of appellate leave.

b. Forward completed documents from examination to command holding member's health record, if still on active duty, or to

**Commanding Officer

c. Regardless of length of appellate leave, further physical examinations are not required unless there is a significant change in member's health condition prior to actual discharge. In such instances, it is responsibility of member to report to a uniformed service medical facility, preferably Navy, to receive an examination and to document change in his or her condition.

d. Members placed on appellate leave before a separation physical is completed may not be discharged until

(1) such physical examination is completed; or

(2) member is notified via registered mail, or in person, to complete such examination within 60 days of being so notified, and either fails to do so or fails to advise NAMALA (or current appellate leave activity) before expiration of 60-day period of difficulties in complying with deadline imposed.

NOTE: The 60-day period begins with post-mark date of letter of notification (if notified via mail). Failure by member to obtain a physical, or to keep Navy advised of his or her appellate leave address, is deemed a waiver of separation physical examination requirement.

3. **If there are Medical Problems**. Members who have received an unsuspended punitive discharge, unsuspended administrative discharge for misconduct, or are being transferred to Fleet Reserve/Retired List in lieu of administrative separation processing, shall not be afforded medical board action or retained on active duty for further medical treatment, regardless of separation physical determination, per reference (b). Medical examiners will note physical defects on **SF 88 (Rev. 10-94)**, **Report of Medical Examination**, or **SF 93 (Rev. 6-96)**, **Report of Medical History**, and command shall separate member without further medical action or finding.

EXCEPTION: If member is in immediate danger of death if not treated, or not ambulatory, hold discharge in abeyance and advise Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Section (PERS-4832).

1. **Policy**. Navy policy is to promote readiness by maintaining high standards of conduct and performance. The enlisted separation policy promotes readiness by providing a means to

a. judge the suitability of persons to serve on the basis of their conduct and their ability to meet the required standards of performance,

b. maintain standards of performance and conduct through characterization of service in a system that emphasizes the importance of honorable service,

c. achieve authorized force levels and grade distributions, and

d. provide for the administrative separation of enlisted personnel in a variety of circumstances.

2. **Concept**

a. Enlisting in the Navy involves commitment to the United States, the service, and one's fellow citizens and Service members in order to complete a successful period of obligated service (OBLISERV). Early separation for failure to meet these required standards of performance or discipline represents a failure to fulfill that commitment.

b. When persons enter the service, Navy invests substantial resources in their training, equipment, and related expenses.

Separation prior to completion of OBLISERV represents a loss of this investment and requires increased accessions. Conversely, retaining individuals in the Naval Service who do not conform to naval standards of conduct, discipline, and performance creates waste in terms of pay and administrative efforts, degradation of morale, and substandard mission performance. Both situations represent an inefficient use of limited defense resources; therefore, every reasonable effort must be made to

(1) identify, in a timely manner, members who exhibit a likelihood for early separation; and

(a) either improve their chances of retention through counseling, retraining, and rehabilitation; or

(b) separate promptly those members who do not demonstrate potential for further services; and

(2) recoup, pro rata, money expended for paid bonuses and/or education/training funds paid to a member in return for extending a service obligation when that service is administratively terminated prior to successful completion.

3. **Completion of Total Military Obligation.** Members separated from active duty or from the Selected Reserve (SELRES) who have any potential for future mobilization will normally be transferred to the Individual Ready Reserve (IRR) to complete the remainder of their military obligation. The following individuals will not be transferred to the IRR:

a. Members whose service is characterized as Under Other Than Honorable, or

b. Members with medical problems that would prevent them from meeting mobilization requirements.

4. **Processing Time Goals.** Every effort should be made to adhere to the following time goals for processing separations. Failure to meet these goals is not a bar to separation or type of characterization.

WHEN the member	THEN the member should be separated within
is not entitled to, or waives an Administrative Board,	15 working days of notification.
elects an Administrative Board,	50 working days of notification.

5. Periodic Explanation

a. An explanation shall be given to all enlisted members concerning

(1) **types** of separations;

(2) **basis** for separation issuance;

(3) **possible** effects of various actions upon reenlistment, civilian employment, veterans' benefits, and related matters; and

(4) **denial** of certain benefits to members who fail to complete at least 2 years of an original enlistment.

b. Such explanation may be provided in the form of a written fact sheet or similar document. The periodic explanation shall take place at least each time provisions of reference (a) are explained under reference (a), article 137.

c. The requirement that the effect of the various types of separations be explained is a command responsibility, not a procedural entitlement. Failure on the part of the member to receive or to understand such explanation is not a bar to separation or characterization.

6. Information during Processing

a. During separation processing, information concerning the purpose and authority of the Board for Correction of Naval Records (BDCNR) (see MILPERSMAN 1000-150) and the Naval Discharge Review Board (NDRB) (see MILPERSMAN 1000-160) shall be provided to all members, except when the separation is for an immediate reenlistment. Specific counseling is also required which states that an Under Other Than Honorable Discharge, resulting from a period of continuous, unauthorized absence of 180 days or more, is a conditional bar to benefits administered by the Department of Veterans Affairs, notwithstanding any action by NDRB or BDCNR.

b. The information required by this paragraph should be provided in the form of a written fact sheet or similar document. Failure on the part of the member to receive or to understand such explanation is not a bar to separation or characterization.

-------------------	--

1. Policy

a. As one of the conditions of eligibility for involuntary separation pay (ISP), Sailors must agree to serve for 3 years in the Ready Reserve, in addition to any other remaining service obligation. ISP will not be paid without a signed Reserve contract or a Reserve enlistment denial letter, no exceptions.

b. The Ready Reserve consists of both the Selected Reserve (SELRES) and the Individual Ready Reserve (IRR). The SELRES is composed of drilling reservists in a pay status, and the IRR is composed of non-drilling reservists in a non-pay status. Sailors desiring a direct affiliation with the Navy SELRES must obtain approval through Career Waypoint-Reenlistment (C-WAY-REEN) via Bureau of Naval Personnel (BUPERS), SELRES Enlisted Community Manager (BUPERS-328C), and be processed via the NAVPERSCOM, Career Transition Office (PERS-97). Sailors desiring a direct affiliation with the IRR will be processed via NAVPERSCOM, IRR Mobilization and Force Management Division (PERS-93).

c. Affiliation with the SELRES or the IRR is at the choice of the member, and either obligation will satisfy the 3-year Reserve obligation required for ISP.

d. For a complete listing of eligibility criteria and restrictions for ISP (non-disability) see MILPERSMAN 1920-040.

e. For complete instructions on affiliating with the SELRES see MILPERSMAN 1306-1501.

2. Agreement to Serve

a. A Sailor who enters into this written agreement and who is qualified for the Ready Reserve shall, upon such

Sailor's separation from active duty, be enlisted as a Reserve member. If the Sailor has a service obligation under initial military service obligation (MSO) or any other law that is not completed at the time of separation from active duty, the 3-year Reserve obligation for ISP purposes will be an addition to the remainder of the MSO.

Example: If the separation date is 1 January 2008, but MSO ends on 1 January 2010, then block 6 of the DD 214 will have a date of 1 January 2010. The Reserve contract will begin on the date after the separation, which is 2 January 2008 and will end 1 January 2013.

b. As a written Agreement to Serve, all Sailors eligible for ISP are required to sign a permanent NAVPERS 1070/613 Administrative Remarks (Page 13) service record entry prior to separation from active duty as a condition of eligibility for ISP and shall be filed in the member's official military personnel file (OMPF). The below is an example entry for the NAVPERS 1070/613:

(Date): As a condition of eligibility for involuntary separation pay (ISP), I understand I must enlist in the Ready Reserve, Selected Reserve (SELRES), or Individual Ready Reserve (IRR) for a period of 3 years, in addition to any remaining service obligation I have incurred under law. I understand this agreement is made without regard to the reason for my separation or my eligibility for affiliation with the Ready Reserve. Furthermore, should I be accepted for enlistment in the Ready Reserve, I must immediately reenlist upon discharge from active duty as a condition of qualifying for involuntary separation pay.

In addition to any remaining service condition that I have incurred under law, I fully understand that my refusal to enlistment (if eligible) in the Ready Reserve upon discharge from active duty will render me ineligible for involuntary separation pay and result in immediate recoument for any incorrect involuntary separation pay payments.

I understand that I may enlist in the Navy SELRES with prior Career Waypoint-Reenlistment (C-WAY-REEN) approval via the Navy Personnel Command (NAVPERSCOM), Career Transition Office (PERS-97), or that I may enlist in the IRR by applying for affiliation at NAVPERSCOM (PERS-93).

I further understand that if I enlist in the IRR I may request to become a SELRES any time afterwards by applying for affiliation at a Navy Reserve recruiting office or Navy operational support center (NOSC).

I also agree that if accepted in the Navy Ready Reserve, I will keep NAVPERSCOM (PERS-93) informed of any changes in my address, physical status, or dependency status per Title 10 U.S.C, §1174, DoDI 1332.29, DoD 700.14-R, and BUPERSINST 1001.39F.

3. **Ready Reserve Process**

a. Prior to a Sailor's discharge or release from active duty, and prior to a payment of ISP, the Sailor's command will forward the signed original containing the above Agreement to Serve on NAVPERS 1070/613 to the supporting personnel office or PERSUPP DET for completion of DD 214 Certificate of Release or Discharge from Active Duty Worksheet.

b. The supporting personnel office or PERSUPP DET will forward the completed DD 214 worksheet to the Sailor's command for verification and accuracy by the member.

c. Upon completion of the DD 214 worksheet verification, the Sailor's command will forward a signed copy of NAVPERS 1070/613 (Agreement to Serve) and DD 214 worksheet to NAVPERSCOM (PERS-93) for IRR or NAVPERSCOM (PERS-97) for SELRES.

d. If the Sailor is not approved via C-WAY-REEN for the SELRES, NAVPERSCOM (PERS-97) will forward the Agreement to Serve on NAVPERS 1070/613 and the DD 214 worksheet to NAVPERSCOM (PERS-93) for IRR affiliation screening.

e. If the Sailor is not qualified for the IRR, NAVPERSCOM (PERS-93) will notify the Sailor's command and personnel office or PERSUPP DET via naval letter stating that the member is not eligible for Navy Reserve enlistment, but may be eligible for ISP by virtue of agreeing to serve.

f. For personnel eligible to enlist in the Ready Reserve:

(1) **Member Present at Separating Command:**

(a) NAVPERSCOM, (PERS-93) (for IRR affiliation) or NAVPERSCOM (PERS-97) (SELRES affiliation) will prepare an enlistment contract for the member's signature. The prepared contract will be forwarded to the Sailor's command.

(b) Once the enlistment contract has been signed by the member and the reenlisting officer, the Sailor's command will immediately forward the original

signed contract to NAVPERSCOM (PERS-93) for IRR or NAVPERSCOM (PERS-97) for SELRES, and the signed copy to the personnel office or PERSUPP DET.

(c) NAVPERSCOM (PERS-93) or NAVPERSCOM (PERS-97) will forward the original signed contract to NAVPERSCOM (PERS-313) for inclusion of the document into the Sailor's OMPF. For IRR members, NAVPERSCOM (PERS-93) will gain member into Inactive Manpower and Personnel Management Information System (IMAPMIS).

(2) Members not Present at Separating Command.

Special accommodations will be required for Sailors not present at their separating command (e.g., separation leave) to reenlist and sign the enlistment contract.

(a) For IRR affiliation, NAVPERSCOM (PERS-93) will forward contract to separating command for signature, or for SELRES affiliation. NAVPERSCOM (PERS-97) will prepare an enlistment contract under letter of explanation and forward to the Navy Reserve activity of the member's choice.

(b) Once the enlistment contract has been signed by the Sailor and the reenlisting officer, the separating command will forward the original signed contract to NAVPERSCOM (PERS-93) for IRR or NAVPERSCOM (PERS-97) for SELRES.

(c) Member's command will forward a copy of the contract to the personnel office or PERSUPP DET and the original to NAVPERSCOM (PERS-93) for recording into IMAPMIS and inclusion of the document into the Sailor's OMPF and payment of ISP.

g. The personnel office or PERSUPP DET will make the appropriate involuntary separation payment and DD 214 payment entry in block 18 (remarks) separation payment section per reference (e).

h. Advise ISP recipients that ISP payment is subject for recoupment by the Department of Veteran's Affairs when the member becomes eligible to receive VA disability compensation.

1. **Separation Authority.** Commander, Navy Personnel Command (COMNAVPERSCOM) .

2. **Policy**

a. COMNAVPERSCOM may authorize or direct separation of enlisted personnel prior to expiration of active obligated service (EAOS) due to:

(1) General demobilization or a reduction in authorized strength; and or

(2) Acceptance of an Active Duty commission of permanent appointment or acceptance into a program leading to an Active Duty commission of appointment in any branch of the Armed Forces.

b. **Commanding Officers** (COs) are authorized to separate or transfer enlisted personnel for separation within 90 days of EAOS when:

(1) A ship or mobile unit is about to deploy with probability of not returning to the United States before expiration of member's EAOS and with type commander approval;

(2) The homeport of a ship or command changes and there is insufficient time to return the member to the old homeport for separation processing, or to complete separation processing at the new homeport prior to member's EAOS;

(3) A member is in a temporary duty under treatment status or has been found physically qualified to resume full duty regardless of duty status within 3 months or less of EAOS and does not desire to reenlist. The CO of the medical activity or the member's parent CO is authorized to separate or transfer a member for separation;

(4) A member was received from an overseas activity and is awaiting separation at a separation activity (refer to MILPERSMAN 1910-812) by reason of EAOS and member has not indicated a desire to reenlist; or

(5) The unit is deactivating and the member's separation date is during the month of deactivation.

3. **Members Transferred to Another Activity.** If member is transferring to another activity for separation, complete the separation within 10 calendar days of transfer, unless the CO determines special circumstances exist and member should be discharged at a later date. Do not transfer personnel to another activity for separation solely to await their EAOS.

a. A member may be separated:

(1) Up to 3 days prior to EAOS, when EAOS expires on a Saturday, Sunday, holiday, or a day preceding a national holiday;

(2) Up to 90 days prior to EAOS upon completion of a cruise, when member extended enlistment for the express purpose of participating in or completing the cruise;

(3) Up to 31 days prior to EAOS, when assigned to a ship or unit that returns from an extended deployment of 6 months or more; or

(4) No earlier than 14 December of the year of the member's EAOS, if EAOS expires between 21 December and 3 January of the following year.

b. Early separation need not be authorized for a member who or whose:

(1) In the judgment of the CO, cannot be spared;

(2) Does not desire early separation;

(3) Is a reservist undergoing Active Duty for training;

(4) EAOS will occur during the period above as a result of any other early release program;

(5) Is scheduled for transfer to Fleet Reserve or retirement;

(6) Is returning from a permanent overseas duty station and does not desire early separation; or

(7) Is serving overseas and is entitled to and elects transportation to an area outside of the continental United States (CONUS); however, member may request separation prior to arrival in CONUS.

4. **Two-Crew Trident Submarines.** Due to the unique nature of Trident submarine patrols versus standard 6-month deployments, Trident COs may, with concurrence of the submarine group commander, separate on board crew members who are within 90 days of EAOS upon return from a strategic patrol of 60 days or more, and who do not intend to reenlist. Personnel whose EAOS is greater than 90 days on the date of return from patrol will be reassigned per the force commander's guidance.

5. **Criteria for General Demobilization.** COMNAVPERSCOM may approve a voluntary separation request from a member when:

a. Navy is in an authorized period of reduction (end-strength);

b. Member is within 1 year of EAOS;

c. Member is not serving in a rating, Navy enlisted classification (NEC) code, occupational field, or military

occupational specialty in which COMNAVPERSCOM determines to be undermanned;

d. A contact relief is not required and command is willing to gap the billet; or

e. Early separation will not affect the mission of the command.

6. **Commission in Another Branch of Service**

a. Members interested in obtaining a commission in another branch of service must **first** request a conditional release via their CO to Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) using NAVPERS 1306/7 Enlisted Personnel Action Request. If approved, member may then apply for a commissioning program.

b. Generally, the following will not be approved:

(1) Members who incurred additional obligated service (OBLISERV) or any other NEC producing schools with OBLISERV.

(2) Members in ratings listed in career reenlistment objectives group 1, or with critically undermanned skills or NECs.

c. Upon official notification of selection for appointment or commission in another branch of the Armed Forces, members must request separation via their CO to NAVPERSCOM (PERS-832) using NAVPERS 1306/7 and including a copy of the acceptance or appointment letter and reporting requirement from the officer program.

d. Selective reenlistment bonus may be recouped if released for commissioning under this article.

7. **Selected Reserve Personnel**

a. Reserve members may request a conditional release from the Navy Reserve via DD 368 Request for Conditional Release. All DD 368s shall be submitted via the Navy Reserve activity CO to NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) for final determination. Requests from members who fall into the following categories will be adjudicated per reference (a):

(1) Member has been accepted for enlistment in a Reserve component of another branch of Armed Forces for the purpose of enrolling in an officer training program.

(2) Member desires a transfer to enroll in an officer candidate program, including college level Reserve Officer Training Corps, and the prospective gaining component accepts member. Requests will be approved provided the Navy reservist has no mandatory drilling obligation.

(3) Member has not received an enlistment or reenlistment bonus for current term of enlistment.

(4) Member has been accepted for appointment to commissioned status in a Regular or Reserve component of any branch of the Armed Forces.

(5) Member has been accepted for enlistment in the Regular component of the Army, Marine Corps, Air Force, or Coast Guard.

(6) Member is enrolled in the Non-Prior Service (NPS) Program.

(7) Reserve member has been accepted for enlistment into Regular Navy component, including NPS personnel.

b. Generally, the following requests will not be approved:

(1) National accession training personnel in an Inactive status with fewer than 24 months of mandatory service as a drilling reservist.

(2) National call to service personnel in an Inactive status with fewer than 24 months of mandatory service as a drilling reservist.

NOTE: Once permission is granted, an inter-service transfer will be accomplished by discharge from Navy Reserve for immediate enlistment or appointment to the gaining component. Do not interrupt continuity of the reservist's total military service. Members will be credited with the total amount of service accrued as of the effective date of discharge. A separation, for the purpose of inter-service transfer, will not constitute release from, or fulfillment of, military service obligation established by reference (b). Additional service

performance after the discharge will be counted toward fulfillment of obligation. The gaining Reserve component will furnish a copy of DD 4 Enlistment/Reenlistment Document Armed Forces of the United States (Page 1) or appointment order to losing unit or activity within 15 days to permit timely discharge action. The losing command will ensure proper Navy Standard Integrated Personnel System loss entries are entered without delay.

8. **Characterization of Separation.** Using notification procedures referenced in MILPERSMAN 1910-402, the least favorable characterization of service is General. If member is in entry level status, the description of service may be entry level separation. This does not apply to Inactive Navy reservists.

1. **Separation Authority (SA)**. Commanding officer (CO).
2. **Policy**. A member may be separated upon expiration of enlistment or fulfillment of service obligation. Separation up to 30 days prior to the member's expiration of active obligated service (EAOS) is authorized if
 - a. the member is serving outside the continental United States (CONUS); or
 - b. the member is a resident of a state, territory, or possession outside CONUS and is serving outside the member's state, territory, or possession of residence.
3. **Characterization of Separation**. Honorable, unless a General is warranted on the basis of the Enlisted Performance Evaluation System; reference (a) refers. A member is eligible for a characterization of service as General (Under Honorable Conditions), if during the current enlistment, the member's final evaluation average is 2.49 or below. (This average is determined by averaging the individual trait averages of all evaluations during the current enlistment.)

4. Separation Program Designator (SPD). Per reference (b), the following SPD codes are to be used:

1. **Policy.** Members may request separation in lieu of a trial by court-martial if

a. the preferred charges could result in a punitive discharge per reference (a), Appendix 12, Maximum Punishment Chart; and

b. the commanding officer (CO) determines that the member is unqualified for further service.

2. **Request For Separation**

a. Members requesting a discharge should submit a signed request in proper letter format. When counsel is consulted, the counsel's signature is required as well. The following is the proper format:

From: (rate, name, branch of service, social security number)
To: (General Court-Martial Convening Authority (GCMCA)/
Special Court Martial Convening Authority (SPCMCA)
as appropriate) having jurisdiction over the member)
Via: (commanding officer)

Subj: REQUEST FOR SEPARATION IN LIEU OF TRIAL BY COURT-MARTIAL

Ref: (a) MILPERSMAN 1910-106

Encl: (1) Copy of court-martial charges
(2) Copy of a summary of the evidence or list of
documents provided to member
(3) Member's statement (if applicable)
(4) Appointed counsel statement (if applicable)

1. Per reference (a), I fully understand the elements of the offense(s) charged in enclosure (1) and I hereby voluntarily submit this request, free from any duress or promises of any kind, for separation in lieu of trial by court-martial.

2. I have been afforded an opportunity to consult with counsel and I: (Initial as appropriate.)

() did consult with counsel.

() waive my right to consult with counsel.

3. I admit that I am guilty of: (List the offenses of which the member acknowledges guilt. These may be lesser included offenses, which have been referred to a special court-martial (SPCM) or general court-martial (GCM)). A summary of the evidence provided me pertaining to the offenses to which I acknowledge guilt is included in enclosure (2).

4. I understand that if my discharge is Under Other Than Honorable Conditions, it may deprive me of virtually all veterans' benefits based upon my current period of active service, and that I may expect to encounter substantial prejudice in civilian life in situations wherein the type of service rendered in any branch of the Armed Forces, or the character of discharge received therefrom, may have a bearing.

5. I understand that I may submit a sworn or unsworn statement on my behalf. I also understand that statements submitted by

myself or by my counsel in connection with this request are not admissible against me in a court-martial, except as provided by Military Rule of Evidence 410. I (do/do not) desire to submit a (sworn/unsworn) statement. (If applicable add the following:) My (sworn/unsworn) statement is submitted as enclosure (3).

6. I have retained a copy of this request for separation in lieu of trial by court-martial, including all enclosures.

Signature of Member

Witnessed: (signature of counsel(s))
(name, grade, corps, branch of service
name and address of civilian counsel (if applicable)
state licensed/date)

b. If the member elects to have civilian counsel at member's own expense, the record shall indicate the name, address, and qualification of the civilian counsel.

RULE: If the member waives the right to consult with counsel, the command shall prepare a statement to this effect, which shall be enclosed, and disregard completing the witness block area.

c. SPCMCAs may approve or disapprove requests for members who have been absent without leave for more than 30 days, dropped from the rolls of their parent unit as a deserter, returned to military control, and assigned to a separation processing activity; however, the member can only be charged with the unauthorized absence (UA) of more than 30 days. If other charges are preferred, and not dismissed by the convening authority (CA), separation per this article must be referred to a GCMCA.

d. Since separation in lieu of court-martial is based on the voluntary request of the member and is considered comparable to a plea bargain, it may be approved even after the member's expiration of active obligated service (EAOS)/expiration of service (EOS).

3. Characterization of Service

a. Separation authority (SA) determines characterization of service, which is normally OTH; however, General (Under Honorable Conditions) or Entry Level Separation (ELS) may be assigned, as appropriate.

(1) Honorable characterization is not authorized under this reason for processing.

(2) See MILPERSMAN 1910-300 for characterization guidance.

(3) If the member has less than 180 days of service, an ELS may be appropriate. See MILPERSMAN 1910-308.

b. A Separation Program Designator (SPD) of KFS must be assigned per reference (b).

-------------------	---

1. **Separation Authority (SA)**

a. Per reference (a), commanding officers (COs) with special courts-martial convening authority or higher serve as SA for education separation requests that are within 90 days of member's soft expiration of active obligated service.

b. Commander, Navy Personnel Command (COMNAVPERSCOM) serves as SA for all education separation requests for more than 90 days.

c. COs retain disapproval authority. If a member wishes to cancel an approved early separation, a new NAVPERS 1306/7 Enlisted Personnel Action Request, must be submitted via their chain of command (COC) to Navy Personnel Command (NAVPERSCOM) Enlisted Performance and Separation Branch (PERS-8352). COMNAVPERSCOM is final cancellation authority in all cases.

2. **Command Level Separation.** Member may request separation to attend an institution of higher education (e.g., college, university, vocational or technical school). Performance of duty must meet honorable (HON) conditions and have been such that member is deserving of consideration for early separation. If separation is done locally, COs should be willing to accept a billet gap.

3. **Navy Personnel Command (NAVPERSCOM) Separation.** Member must submit the separation request in writing via NAVPERS 1306/7 via member's COC. The CO's favorable endorsement must justify the early separation as well as acceptance of a gapped billet. Requests will be denied if the CO is not willing to accept a gap.

4. **College or University**

a. Submit the following documentation with the application to attend an institution of higher education (college or university):

Acceptance for a specific school term (includes registration and class convening dates) in a full-time course of instruction leading to an Associate, Baccalaureate, or higher degree.

b. COs are responsible for verifying the school is listed in the education directory for post-secondary education, which is published yearly by the National Center for Education Statistics, Department of Education (located at local educational services office (ESO)).

5. **Vocational or Technical School**

a. Submit the following documentation with the application to attend a vocational or technical school:

Acceptance for a specific school term (includes registration and class convening dates) in a full-time course of instruction of not less than 3 months duration.

b. COs are responsible for verifying the school is approved by the cognizant State Board for Vocational Education, or the school is accredited by a nationally-recognized accrediting agency or association listed by the U.S. Commissioner of Education (located at local ESO).

6. **Personal Requirements of Applicants for Education.**

Applicants must do the following:

a. Demonstrate, via a financial counseling worksheet, ability and willingness to make the required payment of entrance fee(s), if any.

b. Submit justification that the specific school term is the most opportune time academically to begin or resume applicants' education, and that delay of enrollment until normal end of obligated service could cause an undue hardship or failure to meet requirements for course completion and graduation.

7. **Who is Not Eligible.** The following personnel are not eligible:

a. Members whose services are essential to the mission of the command.

b. Members who are ordered to active duty (ACDU) due to unsatisfactory participation in a selected reserve unit.

c. Aliens seeking to qualify for citizenship by completion of 3 years of ACDU military service, unless they are to be transferred to inactive duty in a Reserve Component.

d. Members who are currently pending disciplinary action or administrative separation.

8. **Characterization of Separation.** The characterization of separation will be HON.

1. Policy

a. Members on active duty, with hardships meeting the criteria below, may request separation from the Naval Service from the Special Court-Martial Convening Authority (SPCMCA) (MILPERSMAN 1910-704) within their chain-of-command (members must be in either a **For Duty (ACC 100)** or **Temporary Duty (TEM DU)** status, not **Temporarily Additional Duty (TEMADD)**).

b. No member has an absolute right to discharge from Navy due to hardship.

c. A hardship discharge is intended to be used as an instrument to alleviate personal hardship encountered by an enlisted member's immediate family when discharge is the only solution. It will not be used as a means to rid the service of a burden to the command.

2. Approving Authority. The decision of whether or not a hardship discharge should be granted is at the discretion of the SPCMCA.

3. **Criteria for Hardship Status**. The member's request must show that the hardship meets the following criteria:

a.	A severe hardship exists, not normally encountered and resolved by other members of the Naval Service.
b.	The hardship affects the servicemember's immediate family. Immediate family is defined as: spouse, son, daughter, stepchild, parent, brother, sister, or other person, including a stepparent acting in loco parentis for a period of 5 years before the member became 21 years of age, or any bonafide dependent of the servicemember. In-laws and grandparents are not considered members of the immediate family solely by virtue of their relationship as in-laws or grandparents.
c.	The hardship is not of a temporary nature and cannot reasonably be expected to be resolved within the near time frame by using leave (including emergency leave if overseas) or a period of TEMDU for humanitarian reasons to better the situation.
d.	The hardship has occurred or has been severely aggravated since entry into the service.
e.	The member and family have made every reasonable effort to alleviate the hardship.
f.	There are no other family members or relatives nearby who are capable of providing the necessary assistance.
g.	The discharge or release of the member will result in the elimination or material alleviation of the hardship.

4. **Reasons for not Disapproving Separation**. A separation will not be disapproved for the sole reason that the member is

- a. required in assigned duties.

b. indebted to the government or to an individual. Although SPCMCA's are charged with closely monitoring special entitlement programs (i.e., selective reenlistment bonus (SRB)), disapproval cannot be made solely on failure of the government to recoup monies for a hardship discharge.

5. **Extraordinary Circumstances**. Extraordinary circumstances involving members of the applicant's family normally warrant special consideration when it is proved that the member's presence is essential to alleviate the hardship and, in addition to other requirements, includes, but is not limited to the following:

a. The death of, or final divorce from, a spouse where the member is left as sole parent of a minor child or children, other arrangements cannot be made for their continued care, and the member cannot continue at present duties and properly care for them (process member under MILPERSMAN 1910-124 if applicable). To be eligible for separation under this subparagraph the member must be a single parent serving on (or under orders to) sea duty or be in a deployable status and have a final divorce decree with permanent physical custody awarded to the member.

b. The long-term physical or mental illness of the spouse that does not allow the member to perform duties as assigned and the member's continued presence is required. (**NOTE:** Whether the mental illness of the member's spouse is severe enough to warrant a hardship discharge is a determination within the discretion of the appropriate SPCMCA.)

c. As a result of the disability or death of a parent, the separation of the member from the Navy is essential for the financial and physical support of a member or members of the family. Undue hardship does not necessarily exist solely because of altered present or anticipated income. Consideration must be given to Social Security, disability payments, other federal and state assistance programs, and any other income or assets of the member or other family members.

6. **Reasons for not Authorizing Separation**. Except under extraordinary circumstances as determined by the appropriate SPCMCA, separation under this article will not be authorized when the member is under charges or confined, nor will it be authorized solely for:

a.	Financial or business reasons (including the operation of a family business unless the business is the sole income of the family and there are no other family members capable or willing to operate it).
b.	Indebtedness.
c.	Personal convenience.
d.	The member's physical or mental health.
e.	Moral support to an immediate family member whose life expectancy is estimated by the attending physician as less than 6 months. (This situation should be handled through the submission of a Humanitarian Reassignment Request per reference (a).)
f.	Custody battles or divorce proceedings.
g.	Parenthood (unable to comply with the Family Care Plan certificate).

7. **Counseling Applicants.**

a. Enlisted personnel who desire to request separation for hardship reasons shall be informed of the proper procedure to follow. It should be clearly explained to each applicant that

(1) a request shall be submitted, via official channels;

(2) submission of a request is no assurance the discharge or release to inactive duty will be authorized; and

(3) the decision is within the sole discretion of the appropriate SPCMCA.

b. Each request will be carefully and sympathetically considered and a final decision will be based upon its individual merits.

c. It should be further explained to the member prior to submission of a request for hardship discharge that such a

request for hardship discharge, once approved by the appropriate SPCMCA, is **irrevocable** except in the most unusual circumstances. In instances of this nature it will be necessary for the member to submit a request for cancellation of discharge authority to the appropriate SPCMCA via official channels, stating how the hardship has been eliminated, including affidavits attesting to this fact.

8. Procedure for Submitting Application

a. A written request for separation for hardship shall be addressed to the appropriate SPCMCA. In unusual circumstances, members in an authorized leave status may submit requests for hardship discharge.

b. To expedite the procedure, the nearest naval activity should submit a properly prepared request to the appropriate SPCMCA with the assisting command's synopsis included in their endorsement. All requests must be accompanied by affidavits substantiating the hardship claim. Where practical, one affidavit should be submitted from the family member(s) concerned.

c. The preparing activity shall immediately inform the member's parent command of the pending request and ask for a leave extension, if warranted. Otherwise, the provisions for no-cost TEMADD orders, as delineated in reference (a), may be used.

d. Process servicemember under any other Convenience of the Government if it pertains.

9. Application Format (Use the proper letter format containing the following.)

(5) Letter(s) from prospective employer(s)
(6) Member's financial statement, including the latest Leave and Earnings Statement (LES)
(7) List all additional letters as individual enclosures

1. I request a hardship discharge per reference (a) for the following reasons:

a. Description of Hardship: (A complete and specific description of hardship in member's own words, using names, dates, and places. Include history of problem, if any.)

b. Description of Action Taken: (Indicate what member has done to solve problem. Be specific.)

c. How applicant expects to alleviate or resolve the hardship if request is approved. (Be specific.)

2. Necessary information to facilitate decision:

a. Names, addresses, and ages of member and family.

b. Names, addresses, ages of other immediate family members.

c. Dates of previous requests, if any, for humanitarian reassignments or hardship discharges.

d. Location and weight of household effects:

e. Location of records:

3. PRIVACY ACT STATEMENT

The authority to request this information is derived from reference (b), and departmental regulations. The purpose of this request is to request discharge due to hardship reasons. The information is used to determine approval or disapproval for the requested status. The application is completely voluntary; however, failure to provide the required information will result in an inability to process the request and the member would not be able to receive the requested status.

[Member's Signature]

Witnessed:

Copy to:

10. **Additional Enclosures in Application.** Applicants may provide any of the following with their request. This is not an inclusive list; keep in mind that each statement made in the request must be backed with a written statement from a professional aware of the hardship.

a. **Individual letters from all immediate family members** stating why they cannot or will not contribute to the necessary care or support of those enduring the hardship. Letters should include their monthly income.

b. **Final divorce decree and court awarded physical custody.** A certified copy of these documents is mandatory when requesting discharge for reasons of hardship because of single parenthood through divorce.

c. **Medical documentation** must be current (within 2 months) and from the attending physician or psychiatrist. Medical terminology should be defined to a degree sufficient to allow a layman to understand the nature of the illness. When applicable, specific dates should be used. Include both diagnosis and prognosis. Specify type and length of treatment

or hospitalization. Include life expectancy when applicable. Pertinent background information and possibility or probability of recurrence is required.

d. Financial statements.

(1)	<p>A statement on the servicemember's financial status (including a copy of the latest LES) is required on all requests, and on other family members when member's request involves financial situations. The statements consist of</p> <ul style="list-style-type: none"> • a complete itemized budget for the servicemember and family including rent, food, clothing, utilities, fuel, medical expenses, and other regular expenses; • list of existing debts including names of creditors, original amount and monthly payments, date debt contracted, and purposes; and • specific amounts and modes of contributions of servicemember to family members or others during the current enlistment.
(2)	<p>For the servicemember, include allotments, date started, and for whom.</p>
(3)	<p>Family members' statements must also include other income and assets such as pensions, insurance, Department of Veterans Affairs compensation, ownership, rental or sale of real estate, investments, bank deposits and income thereon, fees, alimony, or monies in their possession, anticipated and/or received of any description whatsoever, whether regular or occasional, or Social Security benefits or trust funds.</p>

e. Letters from persons familiar with the hardship (e.g., chaplain, social workers, friends, and relatives).

f. **Statements from law enforcement agencies, schools, lawyers, etc.**, will be included as the request warrants.

11. **Requesting Red Cross Reports**. By mutual agreement, military authorities will not request, and the Red Cross will not provide reports at the time an application is being submitted. If the application and supporting evidence do not contain sufficient factual information on which to base a decision, a commanding officer (CO) or military headquarters having authority of discharge, reassignment, or deferment decisions may request the Red Cross to supply the specific additional information required. When a Red Cross report is desired, the request will include a brief summary of the information already provided.

12. **Members Awaiting Disciplinary Action**. Cases of members awaiting disciplinary action will be held in abeyance until disciplinary action has been resolved.

13. **Disposition**

a. The eligible member who does not have an additional service obligation may be discharged.

b. The eligible member who has an additional service obligation under any provision of law may be transferred to the Navy Reserve (if otherwise eligible therefore) and released to inactive duty or, if already a member of the Navy Reserve, released to inactive duty to serve the remainder of the obligated service.

c. A member of the Navy Reserve, serving on inactive duty, may be transferred to the Individual Ready Reserve (IRR) or Standby Reserve when the hardship prevents participation in the Selected Reserve (SELRES) but not mobilization of the member, or may be discharged when the hardship would prevent the member's mobilization.

d. Cases of members on inactive duty shall be approved by the appropriate SPCMCA and upon completion forwarded to Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Personnel Section (PERS-4913).

14. **SPCMCA Procedures**. SPCMCA will forward all approved or disapproved hardship requests to NAVPERSCOM, Enlisted Distribution Division (PERS-40HH), for record purposes. When

the discharge is approved, the SPCMCA needs to contact the field service record holder to authorize the discharge. Authorization needs to include the date and characterization of service for the preparation of DD 214 (Rev. 02-00), Certificate of Release or Discharge from Active Duty. In the forwarding letter to NAVPERSCOM, include the following:

- a. Member's request and all supporting documentation, as outlined in "Application Format" of this article;
- b. Copy of member's DD 214 (if appropriate);
- c. Command to which member was transferred TEMDU for separation and the date discharge is to be accomplished (if appropriate); and
- d. Reason for disapproval (if appropriate).

15. **Members with Remaining Military Selective Service (MSS) Obligation.** Procedures for effecting separation by reason of hardship of members who have a MSS obligation remaining are

a. for **active duty personnel**, enlisted or inducted, when transfer to the Navy Reserve and release to inactive duty are directed by the appropriate SPCMCA, the prescribed procedures shall be followed with the exception that such members shall be assigned to the Standby Reserve-Active (USNR S1) instead of the Ready Reserve.

b. for **members of the Navy Reserve serving on inactive duty**, when discharge is authorized, complete NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks in lieu of NAVPERS 1070/615 (Rev. 8-01), Record of Discharge from the U.S. Navy Reserve (Inactive), per MILPERSMAN 1070-330, with the following additional statement:

"Not eligible for enlistment/reenlistment in the Navy Reserve or regular Navy without prior approval of CHNAVPERS."

16. **Disclosure of Information.** Any information concerning the private affairs of members of the Naval Service or of their families is intended "For official use only" and shall not be disclosed to persons other than in connection with their

official duties, nor shall the source of such information be disclosed.

17. **Characterization of Service**. Characterization of service or description of separation shall be Honorable, General, or Entry Level Separation under the guidance provided in MILPERSMAN 1910-300.

-------------------	--

1. **Separation Authority.** Per reference (a), commanding officers (COs) with Special Courts-Martial Convening Authority (SPCMCA) or higher serve as final separation authority.

2. **Policy.** Per reference (b), pregnant servicemembers may request separation due to pregnancy. The member must provide certification of pregnancy from a physician assigned to a military treatment facility. Requests will normally be denied unless it is determined to be in the best interest of Navy or if the member demonstrates overriding and compelling factors of personal need which warrant separation. Requests from the following personnel will not be approved:

a. Personnel serving in ratings, specialty fields, occupational fields, or military occupational specialties which Commander, Navy Personnel Command (COMNAVPERSCOM) determines to be critically undermanned.

b. Personnel with obligated service (OBLISERV) for schooling or training purposes.

c. Personnel who have executed permanent change of station (PCS) orders while pregnant.

d. Family Care Certificate non-compliance is not covered under this MILPERSMAN article; refer to MILPERSMAN 1910-124.

e. For personnel pregnant prior to entry into service, separate by reason of Defective Enlistment and Inductions - Erroneous Enlistment (MILPERSMAN 1910-130) and without medical benefits. Medical authorities must certify in writing the pregnancy existed prior to entry into service.

3. **Selected Reserve Personnel.** Selected Reserve personnel may either transfer to the Individual Ready Reserve (IRR) or be separated as appropriate with the following exception. Non-prior service personnel who have not satisfied their initial requirements must be separated.

4. **Counseling.** Prior to any separation action, counsel the member concerning maternity care benefits after separation per MILPERSMAN 1740-030.

5. **Requesting Separation Date**

a. Member will submit a request via the chain of command, not later than 5 months prior to requested separation date, if possible. A separation date of 1 month prior to estimated delivery date is encouraged, although separation may be requested up to the date of estimated delivery. Separation date determination should take into consideration

(1) welfare of member.

(2) time required to provide a relief.

b. If the member is assigned to a ship or deployable operational command, refer to reference (a) for additional requirements. Separation will not be approved prior to 5 months gestation, unless extenuating circumstances apply.

c. If a member's request is approved, the command shall notify NAVPERSCOM, Career Management Department (PERS-40) and Enlisted Placement Management Center (EPMAC) to identify the member's planned loss from active duty and to allow identification of a replacement.

d. This is considered a voluntary separation; therefore, there are no separation entitlements and any Selective Reenlistment Bonus (SRB)/Enlistment Bonus (EB) will be recouped.

6. **Characterization of Separation.** Honorable, unless a General (Under Honorable Conditions) or Entry Level Separation (ELS) is warranted per MILPERSMAN 1910-300. (Selected Reserve personnel are not eligible for ELS.)

7. **Separation Program Designator (SPD).** Per reference (c), the following SPD codes are to be used:

SPD CODE	EXPLANATION
KDF	Voluntary discharge allowed by established directives.
MDF	Voluntary release or transfer to another service component.

1. **Policy**

a. A member of the Reserve who becomes a regular or ordained minister of a religious faith group is entitled, upon their request, to be discharged from the Navy Reserve per reference (a). The member must satisfactorily establish that

(1) they (regularly/will) engage in religious preaching and teachings;

(2) the ministry (is/will be) their main and primary calling - a vocation rather than avocation;

(3) their standing in the congregation (is/will be) recognized as that of a minister or leader of a group of lesser members; and

(4) their religious faith group is organized exclusively or substantially for religious purposes.

b. This **does not include** a person who irregularly or incidentally preaches and teaches the principles of religion of a church, religious sect, or organization. It does not include a person who may have been duly ordained a minister by the ceremonial rite or discipline of a church, religious sect, or organization, but who does not regularly, as a vocation, teach

or preach the principles and administer the ordinances of public worship as embodied in the creed or principles of that person's church, sect, or organization.

Note: This article does not apply, nor are there any procedures similar, for active duty personnel applying for a separation based on becoming a minister.

2. **Separation Request.** A member must request separation from Navy Personnel Command (NAVPERSCOM),

- Reserve Enlisted Personnel Section (PERS-913) or
- Reserve Officer Status Section (PERS-911),

the separation authority. Such request shall be accompanied with a statement or certificate, signed by the appropriate official of the religious order, showing acceptance into the religious order. The letter must also state that the member regularly engages in religious preachings and teachings and that ministry (is/will be) their main and primary calling.

3. **Characterization of Service.** Characterization of service or description of separation is normally Honorable, unless General (Under Honorable Conditions) is warranted per MILPERSMAN 1910-300.

1. **Separation Authority (SA):**

a. Commanding Officer (CO), Navy Recruit Training Command (NAVCRUITRACOM) serves as SA for recruit personnel.

b. COs with special courts-martial convening authority (SPCMCA) or higher.

2. **Policy:**

a. Physical or behavioral conditions which impair a member's performance, but do not amount to a physical disability, are covered under this article. They do not amount to a disability, but can affect potential for continued naval service (see above references). Conditions included, but not

limited to the list of conditions as outlined in references (a) through (c), which covers:

CONDITIONS	
(1)	Enuresis (bedwetting).
(2)	Sleepwalking and or somnambulism.
(3)	Dyslexia and other learning disorders.
(4)	Attention deficit hyperactivity disorder.
(5)	Stammering or stuttering.
(6)	Incapacitating fear of flying confirmed by psychiatric evaluation.
(7)	Airsickness, motion sickness, and or travel sickness.
(8)	Phobic fear of air, sea, and submarine modes of transportation.
(9)	Uncomplicated alcoholism or other substance use disorder.
(10)	Mental retardation.
(11)	Adjustment disorders.
(12)	Impulse control disorders.
(13)	Sexual gender and identity disorders paraphilias.
(14)	Factitious disorder.
(15)	Obesity.
(16)	Over height.
(17)	Psuedofolliculitis barbae of the face and or neck.
(18)	Medical contraindication to the administration of required immunizations.
(19)	Significant allergic reaction to stinging insect venom.
(20)	Unsanitary habits.
(21)	Certain anemias - in the absence of unfitting sequelae - including G6PD deficiency, other inherited anemia trait, and von willebrand's disease.
(22)	Allergy to uniform clothing or wool.
(23)	Long sleeper syndrome.
(24)	Hyperlipidemia.

b. The Government or the member can initiate separation request per this article.

(1) **Command-initiated request:** Per reference (d), involuntary separation processing may not be initiated until the Service member has been notified formally with NAVPERS 1070/613

Administrative Remarks, concerning performance deficiencies related to the physical or behavioral condition and advised of medical resources (if applicable) that may assist in the member's retention. Exhibit 1 refers. The CO must provide the member reasonable time to overcome deficiencies (if possible) as reflected in appropriate counseling or personnel records.

(2) **Service member-initiated request:** Service member may request separation based on a medical condition not amounting to disability which member's attending military physician believes exists and obviates the member's potential for continued naval service. Member may request separation only after all medical avenues of relief have been exhausted. Exhibit 2 refers. The medical officer must document why member's condition renders member incapable of completing obligated service (OBLISERV) in an operational capacity. This request is considered a voluntary separation; therefore, there are no separation pay entitlements and selective reenlistment bonus (SRB)/enlistment bonus (EB), if applicable, will be recouped.

c. Whether command- or Service member-initiated, specific documentation is required from the medical officer that condition renders member incapable of completing member's OBLISERV (e.g., forced conversion, reassignment, etc). If the request is forwarded to Navy Personnel Command (NAVPERSCOM) for disposition without the specific documentation mentioned above, the request will be disapproved.

d. NAVPERSCOM, Enlisted Distribution Division (PERS-40) can direct separation processing under this article for any member who is not worldwide assignable due to a medical condition. However, those members who have gone before a Physical Evaluation Board (PEB) and are found fit for duty are exempt from involuntary administrative separation processing under this article for the condition(s) for which the PEB found them fit.

3. **Procedures**. Administrative separation (ADSEP) packages must include the following:

a. NAVPERS 1070/613 which specifically addresses performance deficiencies related to physical or behavioral condition and resources available, unless Service member has requested the separation.

b. Request for separation from Service member (if initiated by Service member).

c. Administrative notification per MILPERSMAN 1910-402, if initiated by command.

d. Letter of transmittal per MILPERSMAN 1910-600.

e. Medical documentation from a medical officer supporting separation due to the condition or suitability screening form for operational or overseas assignment, signed by a medical officer.

NOTE: Per MILPERSMAN 1910-514, if an administrative board is required prior to a separation determination, the administrative board may not disregard or change the approved diagnosis of a medical officer. Members can introduce evidence as to the impact that such a diagnosis may have on their potential for productive future naval service.

f. If applicable, ADSEP processing message from NAVPERSCOM (PERS-40) based on operational unsuitability or assignment screening findings. This message is not authority to separate and does not constitute medical documentation; it is strictly direction to process for separation.

g. Members found fit for continued naval service by the PEB and found not worldwide assignable after completing a medical assignment screening will not be involuntarily administratively separated for the condition(s) per this article, nor will the member be denied reenlistment per reference (f).

NOTE: If CO determines the member has potential for continued naval service, albeit unable to execute operational duty orders, submit a separation package with CO's recommendation for retention. The package will be reviewed by NAVPERSCOM and Office of Chief of Naval Operations (OPNAV), Military Personnel

Plans and Policy Division (N13), and retention will be determined based on needs of Navy.

4. **Characterization of Service.** Honorable (HON), unless an entry level separation (ELS) (MILPERSMAN 1910-308) or General (under honorable conditions) (GEN) (MILPERSMAN 1910-304), is warranted. Selected Reserve (SELRES) personnel are not eligible for ELS.

5. **Human Immunodeficiency Virus (HIV) Personnel.** Personnel enrolled in the HIV program are governed under reference (e) and are not included in this article.

1. Per reference (a), I request separation based on the medical condition which I and or my attending physician believe exists, but does not amount to a disability per current Navy guidance. The medical condition is (briefly describe/explain medical condition) and is supported by enclosure (1).

2. The following information is provided:

- a. Active Duty Start Date:
- b. Expiration of Service:
- c. Date Reported Current Command:
- d. Projected Rotation Date (PRD):
- e. This medical condition (existed/did not exist) upon my entry into Navy.
- f. This medical condition (was/was not) the result of, or contributed to, my own misconduct.
- g. A mishap/safety investigation (was/was not) conducted regarding this medical injury/problem. If conducted, attach as enclosure (2).

3. Remarks: Explain the history of your medical condition and why it prevents you from completing your obligated service **in any capacity**.

(Member's Signature)

NOTE: CO's endorsement must verify information provided in paragraph 2 of member's letter is correct and, also, include why member's condition renders him or her incapable of completing OBLISERV in any capacity.

-------------------	---

1. **Separation Authority (SA)**. Commanding officers (COs) with Special Court-Martial Convening Authority (SPCMCA), unless member has served in a war zone. In such cases, SA resides with the General Court-Martial Convening Authority (GCMCA) or Navy Personnel Command (NAVPERSCOM).

2. **Policy**

a. Servicemembers returning from deployment in a hostile fire/imminent danger war zone area diagnosed with Post Traumatic Stress Disorder (PTSD) or a Traumatic Brain Injury (TBI) may not be separated based on a personality disorder. Members with PTSD/TBI should be referred to a Physical Evaluation Board (PEB) for possible disability determination.

b. Per references (a) through (d) and MILPERSMAN 1910-120, members may be processed for separation based on a clinical diagnosis of a personality disorder when

(1) the disorder is so severe that the member's ability to function effectively in the Navy environment is significantly impaired; and

(2) the impairment interferes with the member's performance of duty, or poses a threat to the safety or well-being of the member or others, and the member has not responded to leadership and counseling.

c. Separation processing may not be initiated until the member has been counseled formally concerning deficiencies and has been afforded an opportunity to overcome those deficiencies as reflected in appropriate counseling or personnel records. For personality disorders, the member will also be counseled that the diagnosis of a personality disorder does not qualify as a disability.

d. Separation on the basis of personality disorder is authorized only if a diagnosis by a psychiatrist or PhD-level psychologist utilizing reference (a), and per procedures established by the Navy, concludes that the disorder is so severe that the member's ability to function effectively in the military environment is significantly impaired. For servicemembers who have served or are currently serving in imminent danger pay areas, a diagnosis of personality disorder as addressed in the previous sentence must be corroborated by a peer or higher-level mental health professional and endorsed by the Surgeon General of the Navy. The diagnosis must address post-traumatic stress disorder (PTSD) or other mental illness co-morbidity. The onset of personality disorder is frequently manifested in the early adult years and may reflect an inability to adapt to the military environment as opposed to an inability to perform the requirements of specific jobs or tasks or both. As such, observed behavior of specific deficiencies should be documented in appropriate counseling or personnel records and include history from sources such as supervisors, peers, and others, as necessary to establish that the behavior is persistent, interferes with assignment to or performance of duty, and has continued after the servicemember was counseled and afforded an opportunity to overcome the deficiencies.

e. Separation for personality disorder is not appropriate nor should it be pursued when separation is warranted on the basis of unsatisfactory performance or misconduct. In such circumstances, the member should not be separated under this paragraph regardless of the existence of a personality disorder. Unless found fit for duty by the disability evaluation system, a separation for personality disorder is not authorized if service-related PTSD is also diagnosed.

f. Nothing in paragraph 2 of this article precludes separation of a servicemember who has a personality disorder or other designated physical or mental conditions under any other basis set forth in MILPERSMAN 1910-120 or for any other reason authorized by this article.

g. Prior to involuntary separation under this provision, the notification procedure in paragraph 6 shall be used. Documentation must include evidence that the servicemember is unable to function effectively because of a personality disorder.

3. Procedures for Requesting a Mental Health Evaluation (MHE).

Use the following sample letter to schedule a member for a referral to an inpatient/outpatient MHE (use proper letter format):

NOTE: In the event compliance with any of the rights or procedures in this letter is not practicable due to the need for emergency referral, operational commitments, or other circumstances, prepare a memorandum signed by the CO, citing the reasons. Provide copies of the memorandum to the member and to the mental health professional (MHP) for inclusion in the member's medical record.

From: Commanding Officer
To: (Rate/Rank, Name, Branch)
Subj: REFERRAL FOR MENTAL HEALTH EVALUATION AND PATIENT RIGHTS
Ref: (a) MILPERSMAN 1910-122

1. You are being referred for a mental health evaluation (MHE). You are directed to report to (point of contact) at (location), no later than (time and date) to undergo an MHE.
2. The following behavior(s) or verbal expression(s) were considered in determining the need for this MHE: (brief but clear description; e.g., your verbal expression of an inability to perform your duties and responsibilities, a fear of committing a self-destructive act, etc.)
3. Prior to making this referral, (rank/title/name), a mental health professional (MHP), was consulted. **Or:** No mental health professional (MHP) has been consulted prior to making this referral because (list reason).
4. Per reference (a), you are entitled to the following rights. Initial in the space provided those rights you desire:

(____) The right to meet with a military judge advocate (MJA) (or civilian attorney employed by the Department of Defense (DoD)) who is available to advise you of your rights regarding redress should you question this referral.

(____) The right to submit to the Inspector General (IG) for investigation any allegation that your MHE referral was a reprisal for making or attempting to make a lawful communication to a member of Congress, appropriate authority in your chain of command, an IG, or members of an audit, inspection, investigation, or law enforcement organization.

(____) The right to a second MHE by an MHP of your own choosing, provided reasonably available. Reasonably available means MHP must be available to conduct the evaluation within 10 working days of this letter. Evaluations by an MHP of your own choosing will be at your own expense. You will not be charged for any DoD professional fees; however, ancillary costs such as travel to the site of the evaluation will be at your own expense.

(____) The right to communicate lawfully, without restriction, with an IG, attorney, member of Congress, or others about your referral for an MHE.

(____) The right, except in emergencies, to 2 working days to meet with an attorney, IG, chaplain, or other appropriate party prior to a scheduled MHE. If your condition requires the MHE to be conducted earlier than 2 working days, the reason will be stated in writing as part of the request for the MHE.

5. If your assignment to a naval vessel or unit or your military duties cause the above to be impractical, I will provide you with a separate memorandum which states the reasons for our inability to comply with such procedures.

6. The following personnel can assist you regarding this referral:

- a. Military attorney: (name/location/telephone number/hours available).
- b. Inspector General: (name/address/telephone number/hours available).

Signature of Commanding Officer

4. **Member's Endorsement to CO's Letter.** Prepare the member's endorsement in the following format (use proper endorsement format):

(Date)

FIRST ENDORSEMENT on

From: (Rate/Rank, Name, Branch)
To: Commanding Officer

1. I hereby acknowledge receipt of this referral and have indicated above my elections. I understand that failure to make my scheduled appointment may result in disciplinary and/or administrative action.

Member's signature

NOTE: Provide copy to the member, retain the original pending completion of the referral and use in case of further administrative separation (ADSEP) action, if appropriate.

5. **MHP Assessment**

a. An MHP is a medical officer specializing in psychiatry, or is a clinical psychologist as described in paragraph 2d of this article. The MHP will assess the circumstances surrounding the request for evaluation to ensure the evaluation does not appear to have been used as a reprisal for any type of whistle-blowing attempts or actions by the member. The MHP will consider information provided both by the member and the command. Evidence, which indicates the evaluation may be in violation of this article, will be reported by the MHP to member's CO for possible referral to an IG, if applicable.

b. The diagnosis of a personality disorder should be made only when the characteristic features are typical of the person's **long-term** functioning and are not limited to discrete episodes of illness.

c. The MHP will ensure the member is advised of the purpose, nature, and likely consequences of this evaluation and ensure the member understands that this evaluation lacks confidentiality.

NOTE: When an MHP performs both evaluative and therapeutic roles, the possible conflict of loyalties will be explained to the member at the outset of the therapeutic relationship.

6. **Notification Procedures**

a. The Notification Procedure (MILPERSMAN 1910-402) will be used.

b. Member may be processed when

(1) the MHE is made by a competent MHP and concludes that the member's personality disorder is so severe that member's ability to function effectively in the naval environment is significantly impaired. Information and recommendations of the MHP are for command use in determining a proper course of action; however, they will not be used as the total justification for processing the member for separation; or

(2) there is documented evidence that the diagnosed personality disorder interferes with the member's performance of duty. Evidence may be in the form of documented reduction in performance marks, minor disciplinary infractions, work disruptions, etc., which persist in spite of reasonable attempts by the command in correcting deficiencies through leadership and non-medical counseling. Appropriate disciplinary action may be used to document interference with performance of duty.

c. Member must receive a NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks counseling/warning (MILPERSMAN 1910-204), and be given an opportunity to overcome his/her deficiencies in performance and conduct prior to any ADSEP action for a personality disorder. Per reference (c), there are no exceptions.

NOTE: (1) Recommendation by the MHP for immediate discharge when the member is either **not** diagnosed as a threat to him/herself or others, **or, not** diagnosed as having a personality disorder, will not be processed under this article.

NOTE: (2) Per MILPERSMAN 1910-514, if an administrative board is required prior to a separation determination, the administrative board may not disregard or change the approved diagnosis of a medical officer. Members can introduce evidence as to the impact that such a diagnosis may have on their potential for productive future Naval Service.

d. Required enclosures when processing for personality disorder include

- (1) copy of the MHE by the MHP;
- (2) copy of the notification letter (MILPERSMAN 1910-402);
- (3) a completed, legible, and signed copy of the MHE referral letter (if applicable); and
- (4) a copy of the NAVPERS 1070/613 counseling/warning.

e. Forward all complete cases by letter of transmittal to

- NAVPERSCOM, Enlisted Performance and Separations Branch (PERS-832) for active duty; **or**
- NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) for Reserves;

for review and/or final determination.

7. **Characterization of Separation.** Honorable (HON), unless an Entry Level Separation (ELS) or General (Under Honorable Conditions) (GEN) is warranted per MILPERSMAN 1910-300 to 1910-308.

References	(a) OPNAVINST 1740.4D
-------------------	-----------------------

1. Separation Authority

a. Commander, Navy Personnel Command (COMNAVPERSCOM) for all personnel with greater than 1 year remaining on their enlistments and for all dual Navy couples.

b. Commanding officers (COs) with special courts-martial convening authority or higher for personnel with less than 1 year remaining on their enlistments.

2. Policy

a. Within the context of parenthood, **all** Navy personnel on Active Duty or in the Selected Reserve must be ready to deploy throughout the world on short notice and be able to fully execute their military and professional duties.

b. Formal documentation of a Service member's Family Care Plan (FCP) is required, per reference (a), utilizing NAVPERS 1740/6 Department of the Navy Family Care Plan Certificate and NAVPERS 1740/7 Family Care Plan Arrangements under any of the following conditions:

(1) A Service member with primary or shared physical custody of a minor child or children who are not married to the other natural or adoptive parent of the minor child or children;

(2) Both members of a married dual military couple where one or both have primary or shared physical custody of a minor child or children;

(3) Service members who are legally responsible for an adult family member who is incapable of providing for himself or herself in the absence of the Service member; or

(4) Family circumstances or other personal status changes may result in a Service member becoming legally and primarily responsible for the care of another person and necessitate implementation of a FCP.

c. Commands may also require married Service members with civilian spouses to complete a FCP per reference (a). The FCP provides commands with a detailed plan to ensure members can fulfill military duties (e.g., deployment, normal and extended work hours, temporary additional duty assignments, weekend duty, etc.).

d. The FCP requires provisions for deployment, regardless of current type duty assigned (e.g., shore duty, sea duty, Reserves, etc).

e. Members must submit a new or updated FCP upon reporting to a new duty station or a change in caregiver, personal, or family circumstances (i.e., birth or adoption of a child, assumption of sole care for an elderly or disabled family member, etc.). Commands must verify the FCP upon receipt of a new or updated plan and annually thereafter prior to reenlistment or extension of obligated service (OBLISERV), or prior to execution of permanent change of station (PCS) orders. Verification must ensure capability to meet overseas and sea duty PCS order requirements.

f. Noncompliance does not equate to mandatory separation processing.

(1) **Cases in which CO is the Separation Authority.** CO can retain the Service member until expiration of OBLISERV, despite an inability to fully execute a FCP, depending upon needs of the command and its ability to accommodate the member's

circumstances. However, if the command presents resources and options to assist the Service member and he or she refuses to take advantage of the available resources and options (e.g., affordable child care, flexible work schedule, or even shore duty orders), separation is warranted. COMNAVPERSCOM will assess the voluntary or involuntary nature of all separations under its cognizance and resultant impact on separation entitlements by examining the unique facts and circumstances of the respondent. Selective reenlistment bonus or enlistment bonus (if applicable) will be recouped.

(2) **Cases in which COMNAVPERSCOM is the Separating Authority.** If CO determines the member has potential for continued naval service (albeit unable to execute operational duty orders), submit an administrative separation (ADSEP) package with CO's recommendation for retention. The package will be reviewed by COMNAVPERSCOM and the appropriate enlisted community manager from NAVPERSCOM, Enlisted Community Management Branch (BUPERS-32). Retention will be determined based on needs of the Navy.

g. If separation is the final option, refer as follows:

(1) **Active duty.** Enlisted dual Navy couples, Service members married to civilians with extenuating circumstances as outlined in reference (a), single Service members with more than 1 year remaining on their enlistments, or Service members who received benefits (specialized training or monetary) or is serving in a critical Navy enlisted classification code **forward ADSEP package(s) to Navy Personnel Command (NAVPERSCOM), Enlisted Favorable Separations (PERS-8352).**

(2) **Reserve.** Enlisted dual Navy couples, Service members married to civilians with extenuating circumstances as outlined in reference (a), or single Service members **forward ADSEP package(s) to NAVPERSCOM, Reserve Enlisted Status Branch/ FTS Recall and Disability Division (PERS-913).**

h. A separation package must reflect CO's evaluation of the member's ability to effectively perform occupational specialty or assigned duties and potential to make meaningful contributions to naval service on the letter of transmittal using template in MILPERSMAN 1910-600, paragraph 3. Specifically address if the member is:

(1) Unable to perform duties because of parenthood;

- (2) Repetitively absent because of parenthood;
- (3) Unable to deploy because of parenthood; and
- (4) Not worldwide assignable.

i. In the case of a dual Navy couple, COMNAVPERSCOM will make the determination as to which member will be retained and which member will be separated (if applicable). Recommendations from both members' COs are required. Service members who can fulfill current work requirements, but who are not worldwide assignable, may continue service at their current command at CO's discretion. Reenlistments will be approved by COMNAVPERSCOM on a case-by-case basis.

3. Procedures

a. Administrative separation packages must include the following:

(1) NAVPERS 1740/6 (from each member, if dual Navy) showing that:

(a) Member wrote "I cannot comply" on any of items 1-10, 16-18, (19, if applicable). Sign and date the signature block and provide details as to why member cannot comply in block 20; or

(b) CO determines, in block 22, by circling "I am" or "I am not" when the member has or has not made adequate dependent care arrangements. This requirement cannot be delegated and is certified by signing in block 22B.

(2) NAVPERS 1070/613 Administrative Remarks (from each member, if dual Navy) specifically address noncompliance, see MILPERSMAN 1910-204;

(3) NAVPERS 1070/602 Dependency Application/Record of Emergency Data contained within the Navy Standard Integrated Processing System (NSIPS) (from each member, if dual Navy);

(4) Notification Procedure. If dual Navy, use NAVPERS 1910/32 Administrative Separation Processing Notification Procedures per MILPERSMAN 1910-402 for each member; and

(5) Letter of transmittal with recommendation (from each member's command, if dual Navy) per MILPERSMAN 1910-600.

(a) CO's comments shall be used to document why the member cannot comply and will contain a statement of the command's efforts to confirm and alleviate the member's situation.

(b) CO's recommendation with regard to administrative separation.

b. Administrative separation packages for dual Navy couples must be coordinated through each command. The command recommending separation of one member must send its package via the command recommending retention of the other member. Both packages must be completed per sample format provided and submitted together to NAVPERSCOM (PERS-8352) for Active Duty personnel or NAVPERSCOM (PERS-913) for Selected Reserve personnel for final disposition.

4. **Characterization of Separation.** Honorable, unless an entry level separation (ELS) or general (under honorable conditions)" is warranted per MILPERSMAN 1910-300. Selected Reserve personnel are not eligible for ELS.

5. **Forms.** NAVPERS 1070/602 Dependency Application/Record of Emergency Data is contained within NSIPS. NAVPERS 1070/613 Administrative Remarks, NAVPERS 1740/6 Department of the Navy Family Care Plan Certificate, NAVPERS 1740/7 Family Care Plan Arrangements, and NAVPERS 1910/32 Administrative Separation Processing Notification Procedures are available at:

3. Assistance is available through:
4. Any further deficiencies in your performance/and or conduct will terminate the reasonable period of time for rehabilitation that this counseling/warning entry provides and may result in disciplinary action and processing for administrative separation. All deficiencies or misconduct during your current enlistment occurring before and after the date of this action will be considered. Subsequent violation of the UCMJ, conduct resulting in civilian conviction, or deficient conduct or performance of duty could result in an administrative separation Under Other Than Honorable Conditions.
5. This counseling/warning is made to afford you an opportunity to undertake the recommended corrective action. Any failure to adhere to the guidelines cited above will make you eligible for administrative separation.
6. This counseling/warning entry is based upon known deficiencies or misconduct. If any misconduct, unknown to the Navy, is discovered after this counseling/warning is executed, this counseling is null and void.

-------------------	--

1. **Background.** The term "initial skills training pipeline" refers to "A" and "C" school training required of both new accessions to the Navy and Navy veterans who are reclassifying into another rating. Due to the increasingly technical nature of Navy rating training, many initial training pipelines are longer than 180 days. Once beyond first 180 days of continuous active duty, a member can no longer be separated under MILPERSMAN 1910-154 Separation by Reason of Entry Level Performance and Conduct.

2. **Policy.** Per reference (a), every effort will be made to help students succeed. However, there are times when the student is clearly unsuited, unable, and or unwilling to complete the initial accession training pipeline. A member may be separated under MILPERSMAN 1910-156 Separation by Reason of Unsatisfactory Performance for failure to complete the initial accession training pipeline when:

a. The Service Member is in initial Navy skills pipeline training (e.g., "A" school preparation courses, "A" school, "C" school, etc.) and has not reported for duty to his or her first permanent fleet assignment in that rating; or

b. It is determined that the Service Member failed to complete the initial training pipeline by reason of incapability, lack of reasonable effort, minor disciplinary infractions, and or inability to adapt; but not due to personal issues outside the control of the student (i.e., family emergencies, emergency leave situations, etc.); and

c. Based on a whole-person assessment. **Bureau of Naval Personnel (BUPERS), Director Enlisted Community Management (BUPERS-32) has determined** the Service Member does not qualify for another rating in which there are vacancies.

Note 1: As contractually agreed upon at enlistment, failure to complete the initial training pipeline will result in the loss of an enlistment guarantee, and at the Navy's option, the Sailor may remain subject to continued naval service or be discharged.

Note 2: Do not process under this article if the member qualifies for misconduct processing. Sailors who **fail to complete "A" or "C" school for disciplinary reasons** may be processed for administrative separation under the applicable MILPERSMAN article. Sailors involved in incidents that require disciplinary action while at "A" or "C" school shall be adjudicated at the "A" or "C" school training command.

Note 3: Do not process under this article if the member qualifies for separation by reason of entry level performance and conduct per MILPERSMAN 1910-154.

3. Failure to Complete Initial Skills Training Pipeline

a. Prior to initiating separation processing for failure to complete initial skills training, the command must contact **BUPERS (BUPERS-32)** to determine if the member qualifies for reclassification into another rating in which a vacancy exists. In the case of attrites from the nuclear propulsion pipeline, the Office of the Chief of Naval Operations (OPNAV), Director, Nuclear Propulsion Program Management Branch (N133) will approve or disapprove the reclassification or initiation of separation processing of the Sailor after receiving a recommendation concerning reclassification opportunity from BUPERS, Production Management Office (BUPERS-00C2) via BUPERS (BUPERS-32). BUPERS (BUPERS-00C2) will then either authorize reclassification or authorize the Sailor's command to initiate administrative processing.

b. Active Component Sailors who fail to complete "A" or "C" school due to injury, illness, or disease will be treated medically under the Limited Duty Program as outlined in MILPERSMAN 1306-1200. Reserve Component Sailors who fail to complete "A" or "C" school due to injury, illness, or disease will follow guidelines established in references (b) and (c) for

requesting medical hold (MEDHOLD) orders or line of duty (LOD) determinations. The training command medical department representative will immediately initiate the process. NAVPERSCOM, Line of Duty/Medical Hold/Medical Retention Review Division (PERS-95) will determine whether the member will receive medical care while on active duty under MEDHOLD orders or be released from orders and receive care under the LOD Program. Members found medically unfit for duty shall have medical separation procedures completed at the training command and shall not be transferred to the prospective Navy Reserve activity.

c. Sailors who successfully complete "A" school, but **fail to complete a required follow-on "C" school**, will not be separated per this section if the member is reclassified into another rating for which they are qualified and a vacancy exists.

4. **Separation Procedures**. NAVPERS 1910/32 Administrative Separation Processing Notification Procedure will be used per MILPERSMAN 1910-402 Notification Procedure to process members for separation under MILPERSMAN 1910-156.

5. **Characterization of Separation**. Per MILPERSMAN 1910-156.

1. **Policy**. Members may be separated if they are placed on appellate leave awaiting review of a punitive discharge, and their punitive discharge is later set aside, suspended, remitted or disapproved during the review process. Use this only if the active obligated service has not expired. If the member's obligated service has expired, the proper basis for discharge will be expiration of obligated service.

2. **Procedures**. The Notification Procedure according to MILPERSMAN 1910-402 shall be used.

3. **Characterization of Separation**

a. The least favorable characterization is General (Under Honorable Conditions). Use SPD code "KND".

b. MILPERSMAN 1910-300 provides guidance for characterization.

c. If the member has less than 180 days of service, an Entry Level Separation (ELS) may be appropriate. (MILPERSMAN 1910-308).

c. advanced electronics field.

d. advanced technical field programs and similar programs.

e. receipt of special compensation, e.g., Enlistment Bonus (EB) or Selective Reenlistment Bonus (SRB) during the current enlistment.

c. Exceptions to the conditions described above may be made by Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Section (PERS-4832) or Reserve Enlisted Performance and Separations Section (PERS-4913) if the request demonstrates overriding and compelling factors of a personal need justifying separation.

NOTE: This article does not limit the separation of the member under any other MILPERSMAN article.

4. **Ineligible to Become a Citizen.** Notify the member that discharge from the Armed Forces of the United States on this ground will make the member permanently ineligible to become a citizen of the United States, except if member is exercising treaty rights and served in the armed forces of the country in which the member is a citizen (reference (a) refers).

5. **Commanding Officer's Responsibility**

a. Forward the following information to NAVPERSCOM (PERS-4832 or PERS-4913) as appropriate:

(1) A copy of the member's separation request.

(2) The commanding officer's recommendation.

(3) A copy of NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualifications History.

(4) A copy of any receipt for payments of bonuses.

6. Characterization of Service/Description of Separation.

Honorable, General, or Entry Level Separation (ELS) under the guidance provided in MILPERSMAN 1910-300, 1910-302, 1910-304, 1910-306, and 1910-308.

1. **Separation Authority.** Commanding officers (COs) with Special Courts-Martial Convening Authority (SPCMCA).

2. **Policy**
 - a. Members may be separated for a defective enlistment and induction on the basis of being a minor (**under the age of 18 years**); however, if the member **turned 18** prior to discovery of defective enlistment/induction, retain unless CO determines it is in Navy's best interest to separate the member.

 - b. **Age 17:** Void enlistment and separate per reference (a) in the following circumstances, except when retained for the purpose of trial by courts-martial:
 - (1) Satisfactory evidence of member's age; e.g., birth certificate.

 - (2) Member enlisted without written consent of parent or guardian.

(3) Member's separation request is submitted to Navy by the parent or guardian within 90 days of the member's enlistment in Navy.

3. **Procedures**

a. The Notification Procedure (MILPERSMAN 1910-402) will be used.

b. Members discharged are not considered to have acquired a service obligation per reference (b), nor is service under any enlistment or induction creditable toward fulfillment of any subsequently acquired service obligation.

c. Where applicable, ensure the enlisted service record is corrected prior to discharge to ensure the member's true age, name, and status are correct.

4. **Characterization of Separation.** The characterizations of separation per MILPERSMAN 1910-308 are:

a. **Age 17** - Entry-Level Separation.

b. **Under Age 17** - Issued an Order of Release from custody and control of the Naval Service by reason of void enlistment and induction.

5. **Separation Program Designator (SPD).** Per reference (c), the following SPD codes are to be used:

1. **Separation Authority**

a. Commanding officers (COs) with special courts-martial convening authority or higher.

b. For Selected Reserve personnel, separation authority is Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Status Branch/FTS Recall and Conversations (PERS-913).

2. **Policy**. A member may be separated on the basis of erroneous enlistment, reenlistment, induction, or extension of enlistment when:

a. The enlistment would not have occurred if relevant facts had been known by Department of the Navy (DON) or had appropriate directives been followed;

b. The enlistment was not the result of fraudulent conduct on the part of member; and

c. The defect is unchanged in any material respect.

Note: Processing under this article is mandatory if the underlying reason for processing is mandatory per MILPERSMAN 1910-233.

3. **Alcohol and or Drug Dependency.** A member may be separated under this article on the basis of alcohol and or drug dependency, provided member was diagnosed as alcohol and or drug dependent within the first 180 days of initial entry on active duty. The diagnosis must have been completed by a physician or clinical psychologist. The diagnosis itself may exceed the 180-day limit if based upon an incident committed within the 180-day period. If member has misconduct in the record, which meets minimum criteria for processing, member must be dual or multiple processed per MILPERSMAN 1910-410.

4. **Not Meeting Physical Standards.** A member may be separated under this article on the basis of not meeting physical standards for enlistment as set forth in reference (a), provided:

a. Member did not meet minimum physical standards for enlistment or induction upon entry, but the problem was revealed or discovered during in-processing at Recruit Training Command (RTC) and or at a Naval Training Center (NTC). While a medical board is not required, the condition will be verified and documented by a medical officer and member may be separated with an uncharacterized entry level separation (ELS). If there is any question as to whether the condition actually existed prior to entry or whether the condition was aggravated at any time after member was enlisted or inducted, convene a medical board;

b. Member has no unfitting physical disability as defined in reference (b), incurred in, or aggravated by, active military service, either for the current period or any prior period of service; and

c. There is no disciplinary action pending.

5. **Medical Board.** A member may be separated if member has not been granted a "waiver" of physical standards for enlistment. If a waiver was granted for the defect for which member is now considered to be not physically qualified, member's case must be processed under provisions of reference (b).

6. **Notification Procedure**

a. The notification procedure, per MILPERSMAN 1910-402, will be used. If, after discovering a member's enlistment may be erroneous and special court-martial convening authority recommends retention, separation processing is not required if the defect is no longer present or the defect (other than a medical condition) is waived by NAVPERSCOM, Enlisted Unfavorable Separations (PERS-832) for active duty personnel and NAVPERSCOM (PERS-913) for Reserve personnel.

b. Forward all completed cases by letter of transmittal to NAVPERSCOM (PERS-832) for active duty personnel or NAVPERSCOM (PERS-913) for Reserve personnel for review and or final determination.

7. **Erroneous Enlistment Detected Immediately**

a. When an erroneous enlistment is detected immediately after the swearing-in ceremony at Military Entrance Processing Station (MEPS), take the following action:

(1) Commander, MEPS revoke the travel order issued assigning individual to recruit training or other assigned command and issue an order assigning individual to the sponsoring Navy recruiting district for appropriate ELS discharge processing or an order of release from custody and control of service.

(2) Navy Recruiting District notify individual of erroneous enlistment and order individual home awaiting disposition. Coordinate with the servicing personnel support detachment (PERSUPP DET) to determine pay entitlement.

b. Within 24 hours, commanding officer of the Navy recruiting district will follow procedures outlined in notification procedures above and separate individual through ELS, discharge, or release from custody and control, as appropriate.

8. **Characterization of Service.** Honorable, unless an ELS, or void (an order of release from custody and control of military services) enlistment is required. See MILPERSMAN 1910-300).

1. **Separation Authority**

a. Commanding Officer, Recruit Training Command (RTC) is authorized to discharge a member who enlisted with a guarantee of training in a particular rating, occupational field, or advanced program and, who, during subsequent screening processes at RTC, is determined to be disqualified for the specific program guaranteed.

b. For members not assigned to RTC, separation authority is member's Special Court-Martial Convening Authority (SPCMCA) or higher.

c. For Selected Reserve personnel, separation authority is Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Personnel Section (PERS-4913).

2. **Policy**. A member may be separated by reason of defective enlistment or induction on the basis of a defective enlistment.

3. **Defective Enlistment**. A defective enlistment exists in the following circumstances:

a. The member reasonably relied upon a material misrepresentation by recruiting personnel and was induced to enlist by a commitment for which member was not qualified.

b. The member received a written enlistment commitment from recruiting personnel for which member was qualified, but which cannot be fulfilled by the Naval Service.

c. The enlistment was involuntary (induced by fraud, duress, or undue influence and not the product of a free and unconstrained choice) and exemplified by

(1) enlistment of an individual who lacks capacity to understand the significance of enlisting in the armed services.

(2) enlistment of a member whose enlistment is involuntary by reason of coercion resulting from being offered the option to enlist or being subjected to sentence(s) to confinement by a court of competent jurisdiction.

4. **Basis for Separation.** A request from a member for separation is appropriate under these provisions only if member

a. did not knowingly participate in creation of the defective enlistment;

b. brings the defect to attention of appropriate authorities within 30 days after the defect is discovered, or reasonably should have been discovered, by member; and

c. requests separation instead of other authorized corrective action.

5. **Alternatives to Discharge.** Prior to discharge, advise member of alternate programs for which member is qualified and offered every encouragement to remain in service. Retention will be effected only upon full concurrence of member. If member accepts the alternate program, acceptance will be documented on NAVPERS 1070/613 (10/81), Administrative Remarks and the defect in enlistment will be considered cured.

6. **Disciplinary Action.** The processing for discharge under these provisions does not bar appropriate disciplinary action or other administrative separation proceedings regardless of when the defect is raised.

7. **Procedures**

a. The member will certify he/she has been advised of all options available, including discharge from Navy, by signing an entry on NAVPERS 1070/613 of the service record.

b. Forward the processed case by letter of transmittal to NAVPERSCOM (PERS-4832), indicating date and characterization of service awarded.

8. **Characterization of Service.** Characterization of service will be Honorable, unless an Entry-Level Separation (ELS) or an order of release from custody and control of Naval Service is warranted per MILPERSMAN 1910-300.

9. **Separation Program Designator (SPD).** Per reference (a), the following SPD codes are to be used:

SPD CODE	EXPLANATION
KDS	Voluntary discharge allowed by established directives.
MDS	Voluntary release or transfer to another service component.

1. **General Information.** Members may be separated under MILPERSMAN 1910-156 Separation by Reason of Unsatisfactory Performance for failure to complete the change of rating process as approved or directed through lateral conversion or forced conversion (due to loss of security clearance or Navy enlisted classification for reasons **not** medically related) if the member fails to successfully convert due to reasons outlined under paragraph 2 below.

2. **Policy.** Personnel approved or directed to convert must complete the conversion. Sailors who fail to successfully convert for any reason listed below may be processed for separation:

a. Disqualification or loss of eligibility (except for medical reasons) for new rating;

b. Failure to execute orders required for the conversion process;

c. Failure to meet obligated service requirement for training and or first duty station in new rating;

d. Program and or rating training disenrollment and or failure for any reason **not** medically related; or

e. When forced conversion from current rating is directed (per paragraph 1 above) and "needs of the Navy" preclude rating entry as determined by Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32).

NOTE 1: Members meeting the criteria for administrative separation (ADSEP) due to misconduct shall be processed for ADSEP under the appropriate MILPERSMAN article(s).

NOTE 2: Members disqualified or who fail to complete training or rating requirements due to medical reasons shall be processed for ADSEP under the appropriate MILPERSMAN article(s).

3. **Separation Procedures.** NAVPERS 1910/32 Administrative Separation Processing Notification Procedure will be used per MILPERSMAN 1910-402 Notification Procedure to process members for separation under MILPERSMAN 1910-156 Separation by Reason of Unsatisfactory Performance.

4. **Characterization of Separation.** Per MILPERSMAN 1910-156.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. When administrative separation (ADSEP) board is held, refer to MILPERSMAN 1910-710 for guidance in determining SA.

2. **Policy**. Members may be separated for effecting a fraudulent enlistment, induction, or period of service by falsely representing or deliberately concealing any qualifications or disqualifications prescribed by law, regulation, or orders. Reference (a) refers.

3. **Processing Procedures**
 - a. Use this table to determine processing procedures.

IF fraudulent enlistment involves	THEN use
concealing a prior separation that resulted in a punitive or Under Other Than Honorable (OTH) discharge; or	Administrative Board Procedure (MILPERSMAN 1910-404).
concealing an offense warranting OTH, if offense occurred while on active duty and would have prevented their enlistment;	
any other type of concealment,	Notification Procedure (MILPERSMAN 1910-402).

b. Commanding officers (COs) should consider circumstances of each case in determining whether to pursue an OTH using administrative board procedures. In most instances, notification procedures are appropriate. Processing for an OTH (using administrative board procedures) should only be used for the most serious offenses. Examples where processing for an OTH would be appropriate include, but are not limited to drug trafficking, concealing a prior service dishonorable discharge, bad conduct discharge, or OTH discharge, and crimes of violence.

c. If fraudulent enlistment is detected immediately after the swearing-in ceremony at Military Entrance Processing Station (MEPS), MEPS commander will revoke any travel orders and transfer member temporary duty (TEMDU) to sponsoring Navy Recruiting District (NAVCRUITDIST). NAVCRUITDIST will process member using above procedures.

Note 1: Processing under this article is mandatory if the underlying reason for processing is mandatory per MILPERSMAN 1910-233.

4. **Limitation.** Separations for fraudulent entry may not be suspended.

5. **Granting a Waiver.** A general court-martial convening authority (GCMCA) may grant a processing waiver when CO desires member to be retained and defect is no longer present. Exceptions are on the following table:

EXCEPTIONS	
<p>Only Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) or Reserve Enlisted Status Branch (PERS-913) may grant all waivers for any of the below offenses:</p>	<p>or any combination of three or more of the following offenses:</p>
<ul style="list-style-type: none"> • Assault with dangerous weapon • Assault, intentionally inflicting great bodily harm • Assault with intent to commit felony • Carnal knowledge of female under 16 • Car-jacking • Grand larceny; embezzlement over \$500 • Indecent acts or liberties with child under 16 • Indecent assault • Kidnapping • Manslaughter • Murder • Rape • Sedition • Sodomy • Stalking 	<ul style="list-style-type: none"> • Accessory before or after the fact of a felony • Adultery • Altering, concealing, destroying, mutilating, obliterating, or removing public records • Arson • Attempt to commit a felony • Bomb threat • Bribery • Check, worthless, making or uttering, with intent to defraud or deceive (over \$500) • Child abuse • Concealing knowledge of a felony • Criminal libel • Depositing obscene or indecent matters in mail • Extortion • Forgery • Graft • Housebreaking • Knowingly receiving stolen property (value over \$500) • Mail matter: abstracting, destroying, obstructing, opening, secreting, stealing, or taking • Pandering • Perjury • Possession or use of narcotics, dangerous drugs, or marijuana • Riot

6. **Waiver Contents.** Waiver requests must contain the following:

- a. A description of all addressed allegations.
- b. Any finding, decision, sentence, judgment, or disposition recorded or entered by jurisdictional authority.
- c. If disposition is still outstanding, a written statement of actions taken to resolve and estimated completion date.
- d. Member's written statement explaining why fraudulent enlistment was effected, circumstances surrounding the issue, and why the issue was not disclosed at recruit training's moment of truth.
- e. CO's statement addressing fraudulent enlistment issue, member's performance of duty, and potential for further service.

7. **If Waiver is Approved**

a. GCMCA shall direct requesting command to prepare the following NAVPERS 1070/613 Administrative Remarks for counseling and warning, see MILPERSMAN 1910-204. Modify paragraph 1 of NAVPERS 1070/613 as follows:

"You are being retained in naval service despite your defective enlistment and induction due to fraudulent entry into naval service as evidenced by your failure to disclose (reason for requesting waiver). AUTHORITY: (GCMCA waiver authority letter or message)."

Note 2: This is a permanent NAVPERS 1070/613 which must be entered and verified in the electronic service record and submitted to the official military personnel file.

b. A complete copy of waiver package, to include approval and NAVPERS 1070/613, will be submitted to NAVPERSCOM (PERS-832) or NAVPERSCOM (PERS-913) (as appropriate) for filing in member's permanent record.

8. Characterization of Service

a. Further guidance on characterization of service is provided in MILPERSMAN 1910-300. This table provides general information based on type of procedures used:

IF	THEN least favorable characterization
Notification Procedure is used,	is GEN per MILPERSMAN 1910-300.
Administrative Board Procedure is used,	is OTH, per MILPERSMAN 1910-300.

b. If member has less than 180 days of service, an entry level separation may be appropriate. See MILPERSMAN 1910-308 for further guidance.

9. Exception to Rule for Navy Recruit Training Command (NAVCRUITRACOM) and Naval Service Training Command (NSTC)

a. Recruits must be administratively separated and assigned an RE-3J reenlistment code provided they:

- (1) Failed entry-level drug testing **for marijuana only;**
- (2) Did not use any illegal drugs other than marijuana while in the Delayed Entry Program; and
- (3) There is no indication that the recruit is drug dependent.

b. This exception allows potentially good recruits to overcome their drug abuse and opportunity to reenlist after a minimum 6-month waiting period.

c. If recruit does not meet criteria, process for all other reasons for which minimum criteria is met and assign RE-4 reenlistment code.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. When an administrative separation board is held, refer to MILPERSMAN 1910-710 for guidance in determining SA.

2. **Policy**. Members may be processed for separation based upon a series of at least three, but not more than eight, minor violations (specifications) of reference (a), provided:

a. None of the reasons could have resulted in a punitive discharge. See reference (b), Appendix 12, for list of maximum punishment for each article of reference (a);

b. Offenses are documented in the member's service record;

c. Offenses have occurred during the current enlistment;

d. Member was disciplined by one nonjudicial punishment;
and

e. Member has violated a NAVPERS 1070/613 Administrative Remarks Counseling and or Warning as explained in MILPERSMAN 1910-204, or other form of counseling as explained in MILPERSMAN 1910-202 prior to processing.

3. **Exception to this Policy.** If the member is in entry level status as defined in MILPERSMAN 1910-010, the reasons for processing are based solely on minor violations of reference (a) and the member does not meet eligibility of any other type of misconduct, then the processing should then be under MILPERSMAN 1910-154, Separation by Reason of Entry Level Performance and Conduct.

4. **Procedures.** MILPERSMAN 1910-402, Notice of Notification Procedures shall be used.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. Refer to MILPERSMAN 1910-710 for guidance in determining SA when an administrative separation board is held.

2. **Policy**

a. Members may be separated when during the current enlistment they have:

(1)	Two or more nonjudicial punishments (NJP), courts-martial, or civil convictions (or combination thereof);
(2)	Three or more unauthorized absences (each is more than 3 days, but less than 30 days duration);
(3)	A set pattern of failure to pay just debts; or
(4)	A set pattern of failure to contribute adequate support to dependents or failure to comply with civil court orders, decrees, or judgments concerning dependent support.

b. A member must have violated a NAVPERS 1070/613 warning or other form of counseling as explained in MILPERSMAN 1910-202 prior to processing. The typical correct sequence is NJP, counseling, then NJP. There is no requirement for a commanding officer (CO) to award a NAVPERS 1070/613 following NJP. That decision should be based on the circumstances of the situation. A common error occurs when commands issue a NAVPERS 1070/613 warning following the second NJP. In those instances, the member is essentially being given another opportunity by the CO to correct the deficiency, and processing for pattern of misconduct is inappropriate. Another common error is initiating

processing for pattern of misconduct without completed counseling per MILPERSMAN 1910-202.

c. All offenses processed or considered under pattern of misconduct must have occurred in the current enlistment.

3. **Procedures**. Use this table to determine processing procedures.

WHEN...	THEN use...
One of the offenses requires mandatory processing or the CO believes the circumstances surrounding the offense warrant an under other than honorable (OTH) discharge per MILPERSMAN 1910-300,	MILPERSMAN 1910-404, Notice of Administrative Board Procedure.
The CO believes the circumstances surrounding the offense do not warrant an OTH,	MILPERSMAN 1910-402, Notification Procedure

4. **Characterization of Separation**

a. Further guidance on characterization of service is provided in MILPERSMAN 1910-300. This table provides general information based on type of procedures used.

IF...	THEN the least favorable characterization...
The Notification Procedure is used,	Is a general discharge per MILPERSMAN 1910-300.
The Administrative Board Procedure is used,	Is an OTH discharge per MILPERSMAN 1910-300.

b. If the member has less than 180 days of service, an entry level separation may be appropriate. Refer to MILPERSMAN 1910-308 for further guidance.

2. **Policy**

a. Members may be separated based on commission of a serious military or civilian offense when the offense would warrant a punitive discharge, per reference (a), for a same or closely related offense.

b. Commission of a serious offense does not require adjudication by non-judicial or judicial proceedings; however, offense must be substantiated by a preponderance of evidence (e.g., copy of police record, Naval Criminal Investigative Service investigation, etc.).

c. Sailors who lose their ability to carry or handle weapons in the performance of their duties due to a qualifying conviction for misdemeanor crimes of domestic violence (DV), per

reference (b), shall be processed for separation for the corresponding DV incident(s).

3. **Mandatory Processing.** See MILPERSMAN 1910-233 Mandatory Separation Processing for a complete list of offenses which administrative separation processing is mandatory. Processing is mandatory for the following:

a. Violent Misconduct - which resulted in, or had potential to result in, death or serious bodily injury (e.g., homicide, arson, armed robbery, assault with a deadly weapon, etc.).

b. Unlawful use of controlled substance analogues (designer drugs), natural substances (e.g., fungi, excretions), chemicals (e.g., chemicals wrongfully used as inhalants), propellants and or a prescribed drug, over-the-counter drug, or pharmaceutical compound with the intent to induce intoxication, excitement, or stupefaction of the central nervous system as defined per reference (c). The following are examples, but are not all inclusive, nor is processing under this article limited to the examples: spice, huffing, and natural substances such as Salvia Divinorum and mushrooms. The wrongful use of controlled substances, including the misuse of steroids, must be processed under MILPERSMAN 1910-146.

c. Drug Paraphernalia - all equipment, products, and materials that are used, intended for use, or designed for use in injecting, inhaling, or otherwise introducing controlled substances into the human body in violation of law.

d. Sexual Misconduct - rape, sexual assault, stalking, forcible sodomy, child sexual abuse, possession or distribution of child pornography, incestuous relationships, or any sexual misconduct that could be charged as a violation of or an attempt to violate reference (d). If child sexual abuse (including incest) occurs, immediately notify:

**Commander, Navy Installations Command (CNIC)
Detachment (DET) Millington
Counseling, Advocacy, and Prevention (N911)**

and

**Navy Personnel Command (NAVPERSCOM)
Enlisted Performance and Separations Branch (PERS-832)/
Reserve Enlisted Personnel Branch (PERS-913)**

Note: Administrative processing is mandatory if case is substantiated for child sexual abuse.

e. **Sexual Harassment** (under the following circumstances):

(1) Threats or attempts to influence another's career or job in exchange for sexual favors;

(2) Rewards (including bribes to influence favorably another's career) in exchange for sexual favors; or

(3) Unwanted physical contact of a sexual nature which, if charged as a violation of reference (d), could result in a punitive discharge.

4. **Procedures**. Use the following table to determine processing procedures:

When...	Then use	Except when...	Then use...
offense requires mandatory processing, or commanding officer believes circumstances surrounding offense warrants an under other than honorable (OTH) per MILPERSMAN 1910-300,	administrative board procedure per MILPERSMAN 1910-404,	offense occurred pre-service or in a prior enlistment and was unknown to Navy at time of enlistment or reenlistment and processing for fraudulent enlistment is not appropriate,	MILPERSMAN 1910-402 and process for erroneous enlistment.
offense does not require mandatory processing and CO believes circumstances do not warrant an OTH per MILPERSMAN 1910-300,	notification procedure per MILPERSMAN 1910-402.		

5. Characterization of Separation

a. Further guidance on characterization of service is provided per MILPERSMAN 1910-300. This table provides general information based on type of procedures used.

If...	Then least favorable characterization is...
notification procedure is used,	general (GEN) per MILPERSMAN 1910-308.
administrative board procedure is used,	OTH per MILPERSMAN 1910-300.

b. If member has less than 180 days of service, an entry level separation may be appropriate. See MILPERSMAN 1910-308 for further guidance.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. When an administrative separation (ADSEP) board is held, refer to MILPERSMAN 1910-710 for guidance in determining SA.

2. **Policy**

a. Members may be separated based on civilian convictions, or actions tantamount to findings of guilt,

(1) adjudication withheld;

(2) deferred prosecution;

(3) entry in adult/juvenile pretrial intervention programs;

(4) any similar disposition of charges which includes imposition of fines, probation, community service, etc.;

when offense would warrant a punitive discharge per reference (a), appendix 12 for same or closely related offense; specific circumstances of offense warrant separation; or civil sentence

includes confinement for 6 or more months without regard to suspension, probation, or early release.

b. All civilian convictions (federal, state, and local) including any actions tantamount to findings of guilt are binding on issue of whether misconduct has occurred and administrative discharge board is required to find that misconduct did occur.

c. Foreign court convictions are not binding on administrative boards, and do not preclude processing due to misconduct (serious offense and/or civil conviction).

NOTE: Members confined in foreign jails may be processed for separation, but may not be discharged or separated from service until completion of imprisonment and return to the United States. In unusual cases (i.e., life sentence without possibility of parole) separations may be authorized by Secretary of the Navy (SECNAV) per reference (b).

3. **Mandatory Processing.** Processing is mandatory for:

a. Violent misconduct which results in, or had potential to result in, death or serious bodily injury (e.g., homicide, arson, armed robbery, assault with a deadly weapon, etc.); or

b. Deviant sexual behavior (lewd and lascivious acts; forcible sodomy; indecent assault, acts, and/or exposure; or any child sexual abuse, possession of child pornography, or incestuous relationships).

(1) If child sexual abuse including incest occurs, immediately notify

<p>Commander, Navy Installations Command (CNIC) Detachment (DET) Millington Counseling, Advocacy, and Prevention (N911) and Navy Personnel Command (NAVPERSCOM) Enlisted Performance and Separations Branch (PERS-832)/ Reserve Enlisted Personnel Branch (PERS-913)</p>

Administrative processing is mandatory if case is substantiated for child sexual abuse.

(2) If member is ultimately retained, NAVPERSCOM (PERS-832/913) will forward case to

for evaluation and recommendation of long-term treatment. Regardless of acceptance into rehabilitation, NAVPERSCOM (PERS-832/913) may direct separation of member at EAOS with an RE-4 reenlistment code.

(3) If member is accepted, but later evaluated as a rehabilitation failure, reprocess per MILPERSMAN 1910-162.

4. **Procedures**. All available arrest, investigative, and court adjudication documentation must be submitted as part of recorder's exhibits at any administrative board. If members waive their boards, these same documents must be submitted as enclosures to Letter of Transmittal. Use below table to determine processing procedures.

WHEN..	THEN use..	EXCEPT when..	THEN use..
offense requires mandatory processing or commanding officer (CO) believes circumstances surrounding offense warrant an Under Other Than Honorable (OTH) per MILPERSMAN 1910-300,	Administrative Board Procedure (MILPERSMAN 1910-404),	conviction occurred preservice or in a prior enlistment and was unknown to Navy at time of enlistment or reenlistment and processing for fraudulent enlistment is not appropriate,	Notification Procedure (MILPERSMAN 1910-402) and process for erroneous enlistment (MILPERSMAN 1910-130).
offense does not require mandatory processing and CO believes circumstances do not warrant an OTH per MILPERSMAN 1910-300,	Notification Procedure (MILPERSMAN 1910-402).		

5. Characterization of Separation.

a. Further guidance on characterization of service is provided in MILPERSMAN 1910-300. This table provides general information based on type of procedures used.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. When an administrative separation (ADSEP) board is held, refer to MILPERSMAN 1910-710 for guidance in determining SA.

2. **Policy**

a. Processing is mandatory for the following:

(1) Positive urinalysis that was tested and confirmed positive at a Navy Drug Screening Lab (NAVDRUGLAB) or other Department of Defense (DoD) approved lab. If the commanding officer (CO) determines the urinalysis result was caused by administrative errors (e.g., faulty local chain of custody, evidence of tampering) or the drug use was not wrongful (e.g., prescribed medication, unknowing ingestion), then the member shall not be identified as a drug abuser and the positive urinalysis is not a drug abuse incident. When this determination is made, the command shall notify via official correspondence;

- Office of Chief of Naval Operations (OPNAV),
Personal Readiness and Community Support Branch (OPNAV-
N135), **and**
- the command's immediate senior in command (ISIC)
of the circumstances that warranted such a determination.

(2) Admission of drug use.

(3) One or more military drug related offense(s).

(4) Nolo contendere, no contest plea in civil courts.

(5) Civil conviction for a drug related offense(s).

(6) Actions tantamount to findings of guilt in civil
courts:

(a) Deferred prosecution.

(b) Entry in pretrial intervention program.

b. Drug related offenses include the following:

(1) **Drug Abuse** - illegal or wrongful use, possession of
controlled substances or attempts to commit drug offenses.

(2) **Drug Trafficking** - the sale, transfer, or possession
with the intent to sell or transfer controlled substances.

3. Procedures

a. Notification procedures are used for the following
situations:

(1) Member self refers to a qualified self referral
representative with the intent of acquiring treatment and is
found to be drug dependent by proper medical authority.

(2) Processing is based on fitness for duty or certain
service directed urinalysis; per reference (a) (see following
table).

(3) Voluntarily discloses evidence of prior personal
drug abuse during course of treatment/rehabilitation.

(4) Navy Reservists testing positive on accession test into the Reserve program.

(5) Prior service applicants for Selected Reserve (SELRES) enlistments/reenlistments whose break in service from a SELRES or Regular component (RC) is more than 6 months.

b. Per reference (b), Drug Abuse is defined as: the illegal or wrongful use or possession of a controlled substance or prescription medication, including steroid usage other than that specifically prescribed by a competent authority; or attempts to commit drug offenses. The wrongful use of inhalants (huffing) or the misuse of designer drugs must be processed under MILPERSMAN 1910-142.

c. Other than the above exceptions, drug abuse must be processed using administrative board procedures (MILPERSMAN 1910-404) with Under Other Than Honorable (OTH) being the least favorable characterization of service considered. This applies to both Regular and Reserve personnel. (Example: Drilling reservists who test positive on urinalysis may be processed for OTH regardless of when the drugs were ingested.)

d. If member waives right to administrative board, under administrative board procedures, only General Court Martial Convening Authority (GCMCA) or higher serves as SA.

4. Use of Urinalysis Results

a. **Use this table to determine basis for separation and characterization of service.** NOTE: Only urinalysis results from a NAVDRUGLAB or other DoD certified lab will be used to refer a military member for appropriate disciplinary action and to establish the basis for separation and characterization of discharge.

Type	Usable in Disciplinary Proceedings	Usable as Basis for Separation	Usable for OTH Characteri- zation
Search or seizure			
Member's consent	Yes	Yes	Yes
Probable cause	Yes	Yes	Yes

Inspection Random sample Unit sweep	Yes Yes	Yes Yes	Yes Yes
Medical - general diagnostic purposes (e.g., ER treatment, annual physicals, etc.) (See Rule 1)	Yes	Yes	Yes
Fitness for duty Command directed Competence for duty (See Rule 1) Mishap/safety investigation	No No No	Yes Yes Yes	No No No
Service-directed Treatment facility staff (military) Alcohol rehab testing Naval brigs Entrance testing Accession training pipeline	Yes No Yes No Yes	Yes Yes Yes Yes Yes	Yes No Yes No (See Rule 2) Yes

b. Rules

(1) The medical facility should immediately notify the member's command of a positive urinalysis or blood test. This notification should prompt the CO or acting CO to authorize an immediate probable cause urinalysis conducted by the command's designated urinalysis coordinator. If the CO or acting CO will not be available in excess of 24 hours, then the command duty officer or officer of the day should authorize an immediate command directed urinalysis. Immediate action is necessary to preclude further degradation of possible controlled substances in the system due to the passage of time. An exception to this policy is if the member is unconscious and unable to knowingly provide a urine sample.

(2) Yes for reservists recalled to active duty (AD) only (except Delayed Entry Program (DEP) participants).

5. **Characterization of Separation.** Further guidance on characterization of service provided in MILPERSMAN 1910-300. This table provides general information based on type of procedures used.

IF ...	THEN least favorable characterization ...
Notification Procedure is used,	is General (GEN) per MILPERSMAN 1910-308.
Administrative Board Procedure is used,	is OTH per MILPERSMAN 1910-300.

If AD member has less than 180 days of service, an Entry Level Separation may be appropriate. See MILPERSMAN 1910-308 for further guidance.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. When an administrative separation (ADSEP) board is held, refer to MILPERSMAN 1910-710 for guidance in determining SA.

2. **Policy**. Unless a written waiver is obtained, commands shall process for ADSEP all members considered to be treatment failures or who have incurred a second or greater Driving Under the Influence (DUI)/Driving While Intoxicated (DWI) after 4 June 09. Request for waiver will be submitted **to:**

Enlisted Performance and Separations Branch (PERS-832)/
Reserve Enlisted Personnel Branch (PERS-913)

Via:

Office of Chief of Naval Operations (OPNAV)
Navy Alcohol and Drug Abuse Prevention Branch (OPNAV-N135F)

3. **Treatment Failure.** Per reference (a), the following are examples of treatment failures:

a. Any member who incurs an alcohol related incident at any time in their career after a period of treatment at Level 1 or above, that was precipitated by a prior incident.

b. Any member who has incurred an alcohol related incident, has been a command referral, or has self-referred, and has been screened by medical personnel and found to be in need of treatment, and who commences but subsequently fails to complete any prescribed treatment at Level I or above, or incurs an alcohol incident. (Conduct, which amounts to a refusal, failure to complete, or non-amenability shall be determined by the medical officer or licensed independent practitioner (LIP). Conduct which amounts to an alcohol incident shall be determined by the member's commanding officer (CO).)

c. Any member who fails to participate in, fails to follow, or fails to successfully complete any medically prescribed and command-approved aftercare plan. This determination must be made by the member's CO in consultation with the Drug and Alcohol Program Advisor (DAPA).

d. Any member who returns to alcohol abuse as defined in current Diagnostic and Statistical Manual (DSM) IV criteria at any time during their career following treatment, at Level I or above, and is determined to be a treatment failure by their CO in consultation with command DAPA, local Substance Abuse Rehabilitation Program (SARP), and appropriate medical officer or LIP.

4. **What is an Alcohol Incident?** An alcohol incident is an offense punishable under reference (b) or civilian authority committed by a member where, in the judgment of the member's CO, the consumption of alcohol was the primary contributing factor.

5. **Waiver Requests.** Submit waiver requests per enclosure (1) of reference (a).

6. **Procedures.** The Notice of Notification Procedure (MILPERSMAN 1910-402) shall be used to process for alcohol rehabilitation failure. Process multiple DUI/DWIs under misconduct per MILPERSMAN 1910-142 or 1910-144 accordingly.

7. **Characterization of Separation**

a. Alcohol Rehabilitation Failure: The characterization of separation should be General (Under Honorable Conditions), unless an Entry Level Separation (ELS) (MILPERSMAN 1910-308) or Honorable is warranted per MILPERSMAN 1910-304.

b. Multiple DUI/DWIs: The characterization of separation will be determined by the severity of incidents per MILPERSMAN 1910-142 or 1910-144 as appropriate.

1. **Policy.** Members may be separated for entry level performance and conduct when

a. **in an entry level status** (i.e., within first 180 days of continuous active duty (ACDU) on the date of notification of administrative separation (ADSEP) processing); and

b. **it is determined that members are unqualified for further Naval Service** by reason of unsatisfactory performance and conduct as evidenced by incapability, lack of reasonable effort, failure to adapt to the naval environment, or minor disciplinary infractions; and

c. **have violated a NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks counseling/warning** which specifically addresses individual's unsatisfactory performance/conduct (MILPERSMAN 1910-204). A member must have violated a NAVPERS 1070/613 warning prior to processing for separation under this category.

2. **Separation Procedures.** Notice of Notification Procedure (MILPERSMAN 1910-402) shall be used to process member for separation.

3. **Characterization of Separation.** Description of separation shall always be an Entry Level Separation (ELS). MILPERSMAN 1910-308 provides further guidance.

1. **Separation Authority (SA)**. Refer to MILPERSMAN 1910-704 to determine SA. When an administrative board is held, refer to MILPERSMAN 1910-710 for guidance in determining SA.

2. **Policy**. Members may be separated when they are unqualified for further naval service as demonstrated by any of the following reasons:

a. Receipt of an enlisted performance evaluation with one or more 1.0 marks in any performance trait. Counseling, per Note 1, must be completed and subsequently violated. Physical fitness assessment failures must be processed under MILPERSMAN 1910-170;

b. An overall 2.49 cumulative performance mark average, or less for two consecutive evaluations. Per Note 1, counseling must be completed;

c. Promotion recommendation less than **promotable** with no improvement in the recommendation (i.e., significant problems to progressing) for 2 consecutive cycles (e.g., member receives two consecutive **progressing** evaluations). Per Note 1, counseling must be completed;

d. Denial or revocation of security clearance, thereby precluding ability to perform duties in assigned rating. For information regarding rate conversions see MILPERSMAN 1440-010. Member must sign the letter of intent provided by the Department of the Navy Central Adjudication Facility or be counseled, per Note 1, prior to processing;

e. Chief petty officers (E-7 through E-9) and petty officers detached for cause (DFC) due to substandard performance per MILPERSMAN 1616-010. Required counseling, per Note 1, must be completed prior to DFC action, except in cases involving a DFC action for significant event in which case required counseling must be completed prior to processing. Separation processing may only be directed by the Commander, Navy Personnel Command;

f. Failure to participate in or complete mandatory training or education for their rating (e.g., Legalman-Paralegal Education Program per reference (a)). Per Note 1, counseling must be completed prior to processing;

g. Failure to complete initial skills training pipeline as outlined in MILPERSMAN 1910-125. Per Note 1, counseling must be completed prior to processing;

h. Failure to complete the change of rating conversion process outlined in MILPERSMAN 1910-133. Per Note 1, counseling must be completed prior to processing; or

i. Reduced in rate due to disciplinary action, the expiration of active obligated service (EAOS) exceeds the reduced pay grade high year tenure (HYT) limit, and the basis for the reduction in rate does not meet any other basis for separation. If reduced in rate due to misconduct falls within a misconduct section of MILPERSMAN 1910 series, process under that section. Refer to MILPERSMAN 1160-120 for established HYT limits, separation processing timelines, and exceptions.

Note 1: Counseling and or warning that specifically addresses deficiencies (i.e., performance of assigned tasks and duties in a manner that is not contributory to unit readiness and or mission accomplishment, and or failure to maintain required proficiency in rate as evidenced by) must be documented per MILPERSMAN 1910-202. The member must have been afforded the opportunity to overcome those deficiencies prior to processing.

Note 2: Members who lose their ability to carry or handle weapons in the performance of their duties due to a qualifying conviction for domestic violence (DV), per reference (b), should be processed for separation under MILPERSMAN 1910-142 for the actual DV incident(s).

3. **Policy Exception**

a. If the member is in entry level status, as defined per MILPERSMAN 1900-010, process under entry level performance and conduct per MILPERSMAN 1910-154.

b. Do not process under this article if the member qualifies for misconduct processing.

c. At the SA's discretion, member may request separation under MILPERSMAN 1910-102, if member does not qualify for misconduct processing.

4. **Procedures**. The notice of notification procedure, per MILPERSMAN 1910-402, shall be used to process the member for separation.

5. **Characterization of Separation**. For members separated under paragraphs 2a through 2e of this article, the characterization of separation should be under honorable conditions (general), unless an entry level separation (ELS) or honorable is warranted per MILPERSMAN 1910-304. For members separated under paragraphs 2f through 2i of this article, the characterization of separation should be honorable, unless an ELS or under honorable conditions (general) is warranted per MILPERSMAN 1910-304. Selected Reserve personnel are not eligible for ELS.

a. For personnel with a military service obligation (MSO) remaining, Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913) is the SA.

b. For personnel with more than 8 years of active and inactive service calculated from their pay entry base date (no MSO remaining), a special court-martial convening authority is the SA.

2. Policy

a. Per references (a) and (b), members may be separated when they:

(1) Acquire at least nine unexcused absences from scheduled training in a 12-month period;

(2) Fail to satisfactorily complete required annual training;

(3) Fail to report for a physical examination;

(4) Fail to submit additional related information in connection with a physical examination;

(5) Fail to keep the commanding officer (CO) advised of pertinent mobilization information; or

(6) Fail to respond to official documentation.

b. Commands must provide supporting documentation for each unsatisfactory participation reason listed in paragraphs 2a(1) through 2a(6). Examples include:

(1) The Navy Standard Integrated Personnel System (NSIPS) Inactive Duty training History Review, or NAVRES 1570/2 Satisfactory Participation Requirements/Record of Excused Absences showing the member has received at least nine unexcused absences in a rolling 12 month period; and

(2) Copy of command's official correspondence documenting medical readiness compliance or other mobilization readiness compliance requirements. Correspondence that cannot be hand delivered should be sent to the member's most recent mailing address using certified mail (with return receipt requested) to verify that the documentation was mailed. Attach the receipt to a copy of the noncompliance documentation and file with the member's personnel file.

Note: This article shall not be used to administratively process members who do not report as ordered for mobilization. Process Reserve personnel who do not report as ordered for mobilization per MILPERSMAN 1610-030.

3. **Procedures.** The notification procedures in MILPERSMAN 1910-402 shall be used. When COs determine discharge is not warranted, he or she may recommend transfer to the Standby Reserve-Inactive (S-2). This recommendation should be included in the CO's letter of transmittal to NAVPERSCOM (PERS-913).

4. **Characterization of Separation.** Per MILPERSMAN 1910-304, the characterization of separation should be honorable or general (under honorable conditions).

1. Policy

a. Members must be processed following disciplinary or administrative action for any substantiated incident of serious misconduct resulting from participation in supremacist or extremist activities. The prescribed misconduct must relate to

(1) illegal discrimination based on race, creed, color, sex, religion, or national origin; or

(2) advocating the use of force or violence against any federal, state, or local government or agency thereof, in violation of federal, state, or local laws.

b. Most cases will involve one or more violations of reference (a), including but not limited to the following:

	Violation	Article
(1)	Insubordinate conduct, disobedience, and orders violations, including violations of lawful general orders established in Navy regulations or other authoritative Navy instructions.	90, 91, 92
(2)	Cruelty and maltreatment of subordinates.	93
(3)	Riot or breach of peace.	116
(4)	Provoking speech or gestures.	117
(5)	Various degrees of assault.	128
(6)	Disloyal statements; drunkenness and/or disorderly conduct; communicating a threat; carrying a concealed weapon; soliciting another to commit an offense; requesting commission of an offense; and wearing unauthorized insignias, decorations, badges, ribbons, devices, or lapel buttons on uniforms or civilian clothing.	134

c. An incident of misconduct is substantiated by one or more of the following:

(1) A conviction by a court-martial or civil criminal court system.

(2) Imposition of nonjudicial punishment (NJP) under article 15 of reference (a).

(3) A determination by the convening authority (CA), the preponderance of evidence standard that the member has engaged in supremacist or extremist conduct.

1. Policy

a. Members may be processed under this category for separation when they

(1) are identified as perpetrators of child abuse, child sexual abuse, or spousal abuse; and fail to complete or are involuntarily disenrolled from a FAP rehabilitation, education, and counseling program (programs under the direction of either Commander, Navy Installations (CNI) or local installations); or

(2) subsequently engage in abusive behavior. (Dual process for misconduct as appropriate.)

b. The local FAP Case Review Committee will make the determination as to whether rehabilitation failure has occurred. Commanding officers (COs) shall normally process rehabilitation failures for administrative separation. In those cases where COs determine retention of the servicemember is warranted, they shall forward their recommendation to Navy Personnel Command (NAVPERSCOM), Conduct and Separation Branch (PERS-483), who will make the final determination.

c. All substantiated child sexual abuse cases must be processed for misconduct due to commission of a serious offense (MILPERSMAN 1910-142), using administrative board procedures (MILPERSMAN 1910-402), unless findings of **not guilty** are rendered at courts-martial or civil/criminal proceedings.

d. Processing under this category is for rehabilitation program failure only. Actual spousal abuse or child abuse should be processed under misconduct due to commission of a serious offense.

2. **Procedures.** Contact NAVPERSCOM (PERS-483) for processing guidance for cases involving FAP rehabilitation failure. Cases will normally be processed under Best Interest of the Service (BIOTS) pending establishment of a Separation Program Designator (SPD) by Department of Defense (DOD) for this reason.

3. **Characterization of Service.** The least favorable characterization of service is General (Under Honorable Conditions).

1. Policy and Guidance

a. Only Secretary of the Navy (SECNAV) can approve a best interest of the service (BIOTS) separation. SECNAV may direct a BIOTS separation of any member prior to expiration of service (EOS) after determining such separation is in the BIOTS.

b. BIOTS processing is only appropriate when the member does not meet the minimum criteria for processing for any other reason.

c. Commands must contact Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) or Reserve Enlisted Personnel Branch (PERS-913) prior to processing to ensure BIOTS is the most appropriate reason for separation processing.

2. Procedures. The notice of Notification Procedure (MILPERSMAN 1910-402), with the following modifications will be used:

a. Delete the option of electing an administrative board;
and

b. Ensure reason for processing cited in the Notification Procedure clearly explains

(1) the specific circumstances, acts, or omissions alleged;

(2) why separation is in the best interest of Naval Service; and

(3) why no other reason for separation is considered appropriate.

3. Characterization of Service. The characterization of service is **General (Under Honorable Conditions) (GEN)** , unless an **Entry Level Separation (ELS)** is required in MILPERSMAN 1910-308, or **Honorable (HON)** per MILPERSMAN 1910-300 to 1910-306.

1. **Policy for Active Duty Personnel.** Congress has granted the Secretary of the Navy (SECNAV) authority to approve requests to transfer those enlisted personnel who complete 20 years of active service to the Fleet Reserve. The discretion of SECNAV to approve such transfers is absolute. He may deny such requests or modify them so that the member is transferred in a reduced pay grade based on the member's service, conduct, performance, or for any other reason which is supported by sufficient evidence. Any enlisted member with sufficient service who is recommended for transfer in a reduced pay grade may request an administrative separation (ADSEP) board so that he or she may argue that transfer should be approved in the member's current pay grade. The recommendation of the ADSEP board is not binding on SECNAV. After completing NAVPERS 1910/32 Administrative Separation Processing Notification Procedure or NAVPERS 1910/31 Administrative Separation Processing Notice - Administrative Board Procedure, the Service member may waive appearance before such board by submitting a waiver request (use format in paragraph 6 of this article).

2. **Policy for Reservists.** Enlisted Navy Reserve members on Inactive duty may request transfer to the Retired Reserve when they have completed 20 years of qualifying service and have received a Notice of Eligibility for retirement from Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Status Branch /FTS Recall and Conversions (PERS-913). The discretion of SECNAV to approve such transfers is absolute. SECNAV may

approve or modify such requests as described in paragraph 1 of this article.

3. **Characterization of Service.** When approving requests to transfer to the Fleet Reserve or to the Retired Reserve, SECNAV will assign an appropriate characterization of service per guidelines set forth in MILPERSMAN 1910-300 series. In cases of misconduct, an Under Other Than Honorable characterization of service may be assigned based on these guidelines and with due consideration to the member's service record in the current enlistment and the particular facts and circumstances of the basis for transfer.

4. **Waiver of Administrative Processing:**

a. Personnel in the following categories may request a waiver of ADSEP processing in order to be eligible to request transfer to the Fleet Reserve or Retired Reserve (use letter format provided in paragraph 6 of this article):

- (1) Awaiting disciplinary action;
- (2) Serving sentence of a court-martial (including time on probation);
- (3) Awaiting civil action;
- (4) Awaiting family advocacy action; or
- (5) Awaiting administrative discharge action.

b. Such requests do not preclude or suspend disciplinary action at discretion of their commanding officers. In all cases, the Service members must be informed that they have the right to present their case before an ADSEP board which will make a recommendation to SECNAV on pay grade at retirement.

c. Regardless of any recommendation by member's chain of command, ADSEP board, or NAVPERSCOM; SECNAV may transfer the member in current or reduced pay grade, as deemed appropriate.

d. Reservists modify active duty procedures as follows:

- (1) Send requests to NAVPERSCOM (PERS-913) for **enlisted**.

(2) Modify subject line: "Retired Reserve (with or without pay)."

(3) Add subparagraph 2f to First Endorsement (format in paragraph 7 of this article), reflecting total satisfactory service creditable towards retirement.

(4) Modify NAVPERS 1070/613 Administrative Remarks (format in paragraph 8 of this article): "Retired Reserve (with or without pay)" vice Fleet Reserve.

5. **When Member does not Request a Waiver of ADSEP Processing.**

If members do not immediately request a waiver of ADSEP processing, continue with ADSEP processing. Requests received after initiation of separation processing do not have to be approved by command or NAVPERSCOM.

6. Member's Request for Waiver of ADSEP Processing. Member's request should be in the following format:

<p>1. Per reference (a), I request that ADSEP processing be waived in order to transfer to the Fleet Reserve/Retired Reserve. I understand that my request to transfer in my current pay grade may be accepted, or that the Secretary of the Navy (SECNAV) may approve my transfer in a reduced pay grade. I further understand that this request does not preclude or suspend command disciplinary action. (For active duty only.) If my request is approved, I understand that I will be required to transfer to the Fleet Reserve/Retired Reserve, per reference (b), with an effective date directed by Navy Personnel Command.</p> <p>2. I acknowledge that I have the right to present my case before an ADSEP board that has the prerogative of recommending to SECNAV that I retire in my current pay grade; however, SECNAV may accept or reject the board's recommendation, and that I expressly and knowingly waive that right.</p> <p>3. If I am making this request following convening of an ADSEP board, I acknowledge that recommendation of the ADSEP board as to pay grade at retirement may be accepted or rejected at discretion of SECNAV.</p> <p>4. With the foregoing knowledge of my rights and prerogative of SECNAV as to pay grade at retirement, I request transfer to Fleet Reserve/ Retired Reserve in pay grade of _____.</p> <p>5. Additionally, I understand that approval of this request may result in an Under Other Than Honorable (OTH) characterization of service.</p>

-------------------	--

1. **Policy - Members on Active Duty in Excess of 30 Days.**

A member on active duty or active duty for training in excess of 30 days may be separated by reason of physical disability upon determination that member is physically unfit to perform the duties of member's rating in a reasonable manner. When separation from Naval Service is indicated by reason of physical disability, the member concerned will be reported upon by a medical board. The determination of a member's fitness for active Naval Service and/or entitlement to disability benefits, where found unfit, rests with Secretary of the Navy (SECNAV) as contained in reference (a).

2. **Policy - Members on Inactive Duty.** Members on inactive duty may be separated by reason of physical disability upon determination that they are not physically qualified to perform the duties of their rating on active duty in the Navy Reserve in a reasonable manner due to disease or injury.

3. **Policy - Members on Active Duty for 30 Days or Less.** When a member incurs a physical disability on

- active duty of 30 days or less,
- active duty for training, or
- inactive duty training (drill),

separation is authorized under this article following the guidelines established in reference (b).

4. **Policy - Members in the Navy Reserve**

a. Members not physically qualified for active duty or retention in the Navy Reserve shall not be involuntarily discharged upon expiration of their enlistment, or enlistment as extended, until the action pertaining to the resolution of their physical status is completed.

b. When the member's enlistment, or extension of enlistment, expires before their physical status is resolved, the member may be administratively retained in the service beyond the expiration date with their consent.

c. When such action is necessary, the retention and the expression of consent shall be set forth in writing on NAVPERS 1070/613 (7-06), Administrative Remarks and shall be signed by the member. If mental incompetency or other impairment precludes member indicating consent, tacit consent will be assumed. Retention for this purpose will be in training pay "Category H."

d. If members do not consent to the retention, their discharge shall be executed in the normal manner and an entry made on NAVPERS 1070/613 denoting their desire to be discharged in lieu of retention.

5. **Commander's Responsibility to Inform the Member.** This procedure is used when an inactive duty member incurs a physical disability on active duty of 30 days or less, active duty for training, or inactive duty training (drill), and is determined by Chief, Bureau of Medicine and Surgery (BUMED) to be not physically qualified for active duty or retention. The

2. Section 12644 of reference (a) provides for the Honorable Discharge, or transfer to the Retired Reserve (without pay) if otherwise eligible, of any member who is not physically qualified for assignment to active duty.

3. In view of the foregoing, it is requested that you take one of the following courses of action:

a. Request discharge by reason of being not physically qualified.

b. Request transfer to the Retired Reserve if eligible under provisions of reference (b).

c. Request a review by the Physical Evaluation Board (PEB) on the basis of available medical records. You will be notified of the Board's recommended findings and given an opportunity to accept or rebut, or to demand a formal hearing before a hearing panel empowered to conduct formal hearings. Appearance before a hearing panel must be at your own expense. You are not eligible to receive retirement pay, severance pay, or any other benefits specified in chapter 61 of reference (a).

4. If a reply is not received from you within 30 days, it will be considered that you do not desire a review, and action will be taken to discharge you involuntarily by reason of being not physically qualified.

1. Per reference (a), when notified by the via addressee that the necessary records are available for presentation of your case, you are authorized to report to that officer for an evaluation of your present physical condition.

2. In the evaluation of your physical condition, the Hearing Panel board will conduct the proceeding in all respects as provided for hearings in the case of active duty members, except that it will make only the recommended finding that you are or are not physically qualified for active service, and if not so qualified, will set forth the disqualifying defect or disability with the diagnostic nomenclature number (International Classification of Diseases (ICD) code) noted, and an opinion whether such disability is or is not due to intentional misconduct or willful neglect.

3. The above is authorized with the understanding that you will not be entitled to reimbursement for mileage or expense in connection therewith. In case you do not desire to bear this expense or, if for any reason, you fail to report to the Hearing Panel on the date specified, you will regard paragraph 1 of this authorization revoked.

4. You are advised that if, for any reason, you are unable to report in person to the Hearing Panel on the date specified, you may waive your right to appear in person. If you waive your right to appear in person, and elect not to have your counsel

9. **Advisability of Requesting a Hearing.** Do not include entitlement to travel allowances in the authorization to appear before the panel since such must be at the member's expense. As explained in the letter to the member, the option of requesting a hearing before a hearing panel is offered solely to comply with the provision of reference (c), which states that no member of the Armed Forces may be retired or separated for physical disability without a full and fair hearing if member demands it. Since such hearing does not normally alter the findings of the board, particularly in cases of members who have never served on active duty and who are not qualified for retention in the Navy Reserve by reason of conditions arising in civilian life, members who inquire relative to the advisability of requesting a hearing should be so advised and discouraged from requesting a hearing due to the time and expense involved.

10. **If the Member has reported for Active Duty.** In any case where the member has reported for active duty, Navy Personnel Command (NAVPERSCOM), Disability/Retirement/LIMDU Section

(PERS-4821) shall be notified of this fact together with return of the BUMED recommendation or request.

11. **Separations for Members on Inactive Duty**

a. NAVPERSCOM, Reserve Enlisted Personnel Section (PERS-4913) shall authorize separations for those members listed in the "Policy - Members on Inactive Duty" paragraph of this article who are not separated locally by the CO.

b. Characterization of service or description of separation shall be Honorable, General (Under Honorable Conditions), or Entry Level Separation following guidance in MILPERSMAN 1910-300.

-------------------	---

1. **Separation Authority (SA)**. Commanding officers (COs) with special court-martial convening authority or higher.

2. **Policy**

a. Administrative separation (ADSEP) processing is mandatory for members when they do not achieve prescribed physical readiness standards by failing to pass three physical fitness assessment (PFA) cycles in the most recent 4-year period. This period is calculated from the date of the current PFA failure and counted backwards 4 calendar years (e.g., a member with failures on 1 December 2008, 2 April 2011, and 2 Dec 2012 would have 2 failures in the most recent 4-year period). COs or officers-in-charge may request waivers from ADSEP processing per reference (a), enclosure (2), paragraph 2c.

b. Active duty (AD) personnel who have completed 18 or more years of active service are not exempt from ADSEP processing. Members with a third PFA failure prior to 30 June 2011 and an approved Fleet Reserve or retirement date will be allowed to retire (grandfathered in). Those with a third failure subsequent to 30 June 2011 will be processed for ADSEP. Forward complete case to Navy Personnel Command (NAVPERSCOM), Enlisted

Performance and Separation Branch (PERS 832) for ADSEP processing per MILPERSMAN 1910-704.

c. Members with greater than 20 years of service who incur a third PFA failure in the most recent 4-year period must submit a Fleet Reserve request, not to exceed 90 days from the date of failure. Members with greater than 20 years of service and an approved Fleet Reserve date must adjust their Fleet Reserve date not to exceed 90 days from the date of failure.

d. Selected Reserve (SELRES) and voluntary training unit (VTU) personnel who have completed 18 or more years of qualifying service, creditable towards a non-regular (Reserve) retirement, are also not exempt from ADSEP processing.

(1) Reserve personnel with 20 or more years of qualifying service are to be processed for ADSEP, unless they submit a request to transfer to the Retired Reserve (with or without pay), not to exceed 90 days from the date of failure.

(2) Reserve personnel who have completed 18 to 20 years of qualifying service will be processed for ADSEP. Such SELRES and VTU members may request retention in order to complete 20 qualifying years of service required for a Reserve retirement (with or without pay) to NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913). Approval for retention does not necessarily guarantee that the Reserve member will be allowed to remain in a SELRES or VTU billet.

(3) Commands must use MILPERSMAN 1910-402 for all Reserve personnel, including those with more than 18 years of qualifying service, if the only basis for ADSEP processing is by reason of PFA failure.

(4) Per references (b) and (c), Reserve personnel must complete at least 20 qualifying years prior to requesting to be transferred to the Retired Reserve. Use the format in paragraph 6 of this article when submitting the request for retention in lieu of separation.

e. ADSEP packages for all personnel with more than 18 years of AD or 18 qualifying years of service will be forwarded to NAVPERSCOM, Enlisted Performance and Separations Branch (PERS-832) or NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913)(as applicable) for final determination. Additionally, commands should ensure that evaluations or fitness reports

reflect that these personnel are not eligible for advancement or retention past 20 years of AD or 20 qualifying years of service towards a Reserve retirement.

3. Procedures

a. MILPERSMAN 1910-402 Notification Procedure will be used, unless MILPERSMAN 1910-404 Notice of Administrative Board Procedure should be used due to other basis for ADSEP processing. The following documents shall be submitted with the separation package:

(1) Copy of member's Physical Readiness Information Management System 4-year history or PFA results to include at least three official PFA failures;

(2) Copy of all NAVPERS 1070/613 Administrative Remarks issued per reference (a). A minimum of one NAVPERS 1070/613 is required and must be violated by failing a subsequent PFA.

(3) Enlisted SELRES or VTU PFA Failure Notification. COs will provide the enlisted personnel failing the PFA a written notification of the failure within 30 days following the completion of the command PFA cycle (personally or by certified mail) at the designated mailing address. Member must be notified with the appropriate NAVPERS 1070/613;

(4) Member's statement (if submitted); and

(5) For SELRES, member's request for retention in lieu of ADSEP to reach 20 qualifying years of service towards a Reserve retirement (if submitted). NAVPERSCOM (PERS-913) will make the final determination whether the member is retained in a pay or nonpay status.

b. The CO's endorsement shall include the following:

(1) Certification that member is militarily unsuitable for retention due to failure to achieve prescribed PFA standards; and

(2) A summary of action taken by the command, member's progress, and counseling offered.

4. Characterization of Separation. The characterization of separation should be "honorable", unless an "entry level

separation" or "general (under honorable conditions)" is warranted per MILPERSMAN 1910-300 due to documented misconduct and or poor performance related issues. ELS does not apply to SELRES.

5. **Re-entry Code.** Re-entry code should be RE-3F, unless RE-4 is warranted based on misconduct or poor performance issues not related to PFA failure.

6. **Reservist's Request for Retention to Attain 20 Qualifying Years.** Member's request should be in the following format:
(Use proper letter format.)

From: (Rate/Name/Branch)
To: Commander, Navy Personnel Command (PERS-913)

Ref: (a) MILPERSMAN 1910-170

1. Per reference (a), I request that I be retained in the Navy Reserve in lieu of administrative separation in order to attain 20 qualifying years of service towards Reserve retirement.

2. I understand that my request to be retained is dependent on maintaining satisfactory participation and that I must earn a qualifying year, each year, until I have completed 20 qualifying years of service. I acknowledge that I will not be allowed to continue in a pay or nonpay status beyond my 20th qualifying year and must request transfer to the Retired Reserve (with or without pay) as soon as I am eligible.

3. I further understand that if I fail to earn a qualifying year (each year) during this period of retention or fail a subsequent PFA, I will be subject to administrative separation processing. I understand that this request does not preclude or suspend administrative separation processing for any other valid or mandatory processing reason.

a. **Commander, Naval Service Training Command (CNSTC).** Serves as separation authority for all students at Officer Candidate School (OCS). CNSTC may delegate separation authority to Commanding Officer, Officer Training Command, Newport. This separation authority applies to students in the following designators:

(1)	Surface Warfare Officer
(2)	Special Warfare Officer
(3)	Special Operations Officer
(4)	Naval Flight Officer
(5)	Aviation Officer
(6)	Surface Warfare - Engineering Duty Officer Option
(7)	Aerospace Engineering Duty (Aviation Maintenance) Officer
(8)	Special Duty Officer - Intelligence Officer
(9)	Special Duty Officer - Information Warfare Officer
(10)	Special Duty Officer - Public Affairs Officer
(11)	Supply Corps Officer
(12)	Civil Engineer Corps Officer

b. **Chief of Naval Operations (CNO), Nuclear Propulsion Program Management Branch (N133)**. Serves as separation authority for all nuclear propulsion officer candidate (NUPOC) students.

c. **Commander, Navy Recruiting Command (COMNAVCRUITCOM)**. Serves as separation authority for the following:

(1) Students in the Baccalaureate Degree Completion Program (BDCP) who are waiting to attend OCS. Once a BDCP candidate commences training at OCS, separation authority resides with CNSTC;

(2) Students in the Civil Engineer Corps Collegiate Program (CECCP) who are waiting to attend OCS; and

(3) Inactive members who no longer meet the eligibility criteria and are waiting to attend OCS.

Governing Directive	10 U.S.C. 516
--------------------------------	---------------

1. **Scope.** Provisions of this article govern disposition of enlisted members of the regular Navy or Naval Reserve appointed to the Military Academy, the Air Force Academy, or the Coast Guard Academy.
2. **Designated Commander - Appointment to the Military Academy.** Commanding Officer, Naval Support Activity, Brooklyn, New York, is designated the administrative commander responsible for further disposition of enlisted members serving on active duty who receive notification from Department of the Army they have qualified for, and will be accepted for appointment to, the Military Academy.
3. **Designated Commander - Appointment to the Air Force Academy.** Commanding Officer, Naval Reserve Center, Colorado Springs, Colorado, is designated the administrative commander responsible for further disposition of enlisted members serving on active duty who receive notification from Department of the Air Force they have qualified for, and will be accepted for appointment to, the Air Force Academy.
4. **Designated Commander - Appointment to the Coast Guard Academy.** Commanding Officer, Naval Submarine Base, New London, Groton, Connecticut, is designated the administrative commander responsible for further disposition of enlisted members serving on active duty who receive notification from Commandant of the Coast Guard they have qualified for, and will be accepted for appointment to, the Coast Guard Academy.

5. **Transfer of Member - Military Academy.** Upon executing a signed statement of intent to accept the appointment on NAVPERS 1070/613 (10/81), Administrative Remarks of the service record, member shall be transferred to Naval Support Activity, Brooklyn, New York, in sufficient time for member to report to the Military Academy on the date and hour specified in the notification.

6. **Transfer of Member - Air Force Academy.** Upon executing a signed statement of intent to accept the appointment on NAVPERS 1070/613 of the service record, member shall be transferred to Naval Reserve Center, Lake and Logan Avenues, Colorado Springs, Colorado, in sufficient time for member to report to the Air Force Academy on the date and hour specified in the notification.

7. **Transfer of Member - Coast Guard Academy.** Upon executing a signed statement of intent to accept the appointment on NAVPERS 1070/613 of the service record, member shall be transferred to Naval Submarine Base, New London, Groton, Connecticut, in sufficient time for member to report to Superintendent, Coast Guard Academy on the date and hour specified in the notification.

8. **Administrative Command's Procedures Upon Appointment.** The administrative commands designated above shall comply with the following procedures for enlisted members appointed for active duty status to the service academy for which they have responsibility:

Step	Action
1	<p>When member reports to the administrative command from active duty status, an agreement in the following format shall be executed by the member and witnessed by a commissioned officer:</p> <p>(date): "Upon acceptance of appointment as (cadet/midshipman) in the U.S. (Military, Air Force, Coast Guard) Academy effective (date), I understand according to provisions of 10 U.S.C. 516, should my appointment be terminated for reasons other than acceptance of a commission in a Regular or Reserve component of the Armed Forces, or the physical disability, I will be reverted to my former enlisted or inducted status in effect immediately prior to my entry into the (Military, Air Force, Coast Guard) Academy for the purpose of completing any remaining active and inactive service required under my enlistment contract or my service obligation under the Military Selective Service Act, or both, as appropriate. I further understand any time served as a (cadet/midshipman) shall be counted as time served under my enlistment contract or period of obligated service, or both, as appropriate."</p> <p style="text-align: center;">_____ (MEMBER'S SIGNATURE)</p> <p>Witnessed: _____</p>
2	<p>Orders shall be issued to member to report to the academy on the date and time specified in the official notification received from the military department concerned. The individual transfer directive and this article shall be shown as authority for this transfer.</p>
3	<p>Health, dental, and pay records only shall be transferred with member concerned. The enlisted field service record shall be retained and kept at the administrative command.</p>
4	<p>Appropriate loss entry shall be made in the personal diary.</p>

9. Administrative Command's Procedures Upon Acceptance of Appointment. The commanding officer designated above shall comply with the following steps upon the member's acceptance of appointment:

Step	Action
1	Enlisted and inducted members of naval service who accept an appointment as cadet or midshipman at the service academy shall not be discharged from their enlisted contract and/or period of obligated service during the continuation of their cadet or midshipman status except for reasons which reflect a lack of potential for further military service, or for expiration of enlistment or obligated service as provided in 10 U.S.C. 516.
2	Upon receipt of notification from a service academy that member has executed the oath of acceptance as a cadet or midshipman, the following entry shall be made on a NAVPERS 1070/613 of the field service record, with a copy forwarded to Navy Personnel Command: "Accepted appointment as (cadet/midshipman) in the (Military, Air Force, Coast Guard) Academy effective (date). Enlisted status remains in effect until normal expiration of obligated service, acceptance of commission, or otherwise terminated by proper authority, whichever occurs first. AUTH: MILPERSMAN 1910-184."
3	A member shall be paid active duty pay and allowances through the date prior to acceptance of appointment as cadet or midshipman. Members may be paid lump-sum leave payments, if so authorized, but not mileage payment. Allotments of members concerned shall be canceled, since cadet or midshipman pay cannot be allotted.

DISPOSITION OF ENLISTED PERSONNEL DISENROLLED FROM THE MILITARY ACADEMY, THE AIR FORCE ACADEMY, OR THE COAST GUARD ACADEMY

Responsible Office	NAVPERSCOM (PERS-4832)	Phone: DSN	882-4431
		COM (901)	874-4431
		FAX	882-2754

1. **Scope**. The provisions of this article govern the disposition of enlisted members of the Regular Navy or Navy Reserve disenrolled from the Military Academy, the Air Force Academy, or the Coast Guard Academy. Policy and procedures governing the disposition of midshipmen disenrolled from the Naval Academy are contained in MILPERSMAN 1531-020.

2. **Member's Status**. Members disenrolled from a service academy, except for reasons of acceptance of commission, physical disability, or for reasons which reflect a lack of potential for further military service, shall revert to their former enlisted status. Members so reverted to enlisted status shall continue in such a status for the remainder of their enlistment, or for the remainder of their obligated service (OBLISERV), as applicable, unless sooner discharged.

3. **Computing Time Served**

a. In computing the unexpired portion of an enlistment contract or period of OBLISERV, time served as a cadet or midshipman shall be counted as time served under such contract or period of OBLISERV. Time served at the academy concerned is also counted as active duty for the purpose of completing the active duty obligation, if incurred, under the terms of the member's enlistment contract whether the member entered the academy from either active or inactive duty.

b. It is not counted toward completion of the active duty, which is required for exemption from induction under the Military Selective Service Act (MSSA). Selective Service regulations provide that individuals will not be inducted for active duty if they are either performing satisfactorily in the Ready Reserve or have completed 6 years of satisfactory service in a Reserve component and have been discharged.

4. Disenrollment Processing

a. Cadets and midshipmen reverted to former enlisted Navy status shall be processed per the following procedures:

Members appointed from	who have	shall be
active duty in the regular Navy or the Navy Reserve	12 months or more remaining on their enlisted or active duty obligation,	made available to the Navy Personnel Command (NAVPERSCOM), for assignment under the applicable provisions of MILPERSMAN 1306-1700. An appropriate gain entry shall be made in the personnel diary and, upon receipt of transfer directive from NAVPERSCOM, an appropriate loss entry shall be executed.
the regular Navy or Navy Reserve	less than 12 months active duty obligation remaining, and who have more than 3 months remaining on an enlistment contract or military selective service obligation,	released from active duty. A NAVPERS 1070/613 (10/81), Administrative Remarks service record entry shall be executed stating the circumstances, citing this article as authority, and a copy shall be forwarded to NAVPERSCOM. A DD 214 (Rev. 2/00), Certificate of Release or Discharge from Active Duty, shall be prepared and separation processing shall be completed.
the regular Navy	less than 12 months remaining on enlistment contract and more than 3 months remaining on military selective service obligation,	transferred to the Navy Reserve and released to inactive duty. A DD 214 shall be prepared and separation processing shall be completed.
active duty in the regular Navy or Navy Reserve	3 months or less remaining on an enlistment contract or military selective service obligation,	discharged. A DD 256 (5/50), Honorable Discharge Certificate, and DD 214 shall be issued. The DD 214 shall be completed to indicate fulfillment of service obligation or separation within 3 months of expiration of OBLISERV. Separation processing shall be completed.

b. Upon acceptance of commission, a cadet or midshipman who has enlisted status shall be discharged and the discharge dated the day prior to acceptance of commission. DD 256 and DD 214 shall be issued. The reason for discharge shall be entered on NAVPERS 1070/613 of the service record. The service record shall be closed and forwarded to Commanding Officer, Navy Reserve Personnel Center (NAVRESPERSCEN).

5. **Characterization of Separation.** The characterization of separation should be Honorable, unless an Entry Level Separation (ELS) or General (Under Honorable Conditions) is warranted per MILPERSMAN 1910-300 to 1910-308.

1. Why and When Required

a. There is substantial investment in the training of personnel in the Navy. All reasonable efforts at rehabilitation should be made prior to initiating any separation proceedings.

b. Counseling is intended to give a member the opportunity to improve by identifying specific, undesirable behavior, which the member must alter or cease.

c. Separation processing for the reasons listed below may not be initiated until the Service member has been formally counseled concerning deficiencies and has been afforded an opportunity to overcome those deficiencies, as reflected in appropriate counseling or personnel records. Many forms of counseling are available to commanding officers or representatives and may include, but are not limited to, the following:

- NAVPERS 1070/613 Administrative Remarks;
- Letter of Instruction;
- Letter of Reprimand;
- Letter of Caution (punitive or non-punitive);
- Evaluation or mid-term counseling;
- Letter of Intent to Revoke Security Clearance; or
- Any other written form of counseling.

Note: Any of the above examples of counseling or any other written counseling that specifically addresses the member's shortcomings meet the criteria for use in the administrative separation of a member, as follows:

(1)	Convenience of the Government (COG) - parenthood
(2)	COG - personality disorder
(3)	COG - physical or mental conditions
(4)	Entry level performance and conduct
(5)	Unsatisfactory performance
(6)	Misconduct - a pattern of misconduct
(7)	Misconduct - minor disciplinary infractions
(8)	COG - physical fitness assessment failure

2. **Violating Counseling.** Counseling may be considered violated based on further misconduct or deficiencies in performance/behavior and does not require disciplinary or civil court action, though the violation must be substantiated.

1. Administrative counseling is a tool used to convey to a member his or her shortcomings. Counseling is a vital tool to allow members to improve performance, correct shortcomings, etc. Examples of counseling, including NAVPERS 1070/613 Administrative Remarks, are listed in MILPERSMAN 1910-202.

2. If NAVPERS 1070/613 is selected as the method used to document counseling, the following format is provided as an example. Failure to use this suggested format, in part or in its entirety, creates no substantive or procedural rights concerning the member counseled and is not a bar to administrative action or discharge.

ADMINISTRATIVE COUNSELING/WARNING

1. The following deficiencies in your performance and/or conduct are identified: _____
2. The following are recommendations for corrective action:

3. Assistance is available through: _____
4. Any further deficiencies in your performance and/or conduct will terminate the reasonable period of time for rehabilitation that this counseling/warning entry provides and may result in disciplinary action and processing for administrative separation. All deficiencies or misconduct during your current enlistment, occurring before and after the date of this action will be considered. Subsequent violation of UCMJ, conduct resulting in civilian conviction, or deficient conduct or performance of duty could result in an administrative separation under Other Than Honorable Conditions.
5. This counseling/warning is made to afford you an opportunity to undertake the recommended corrective action.
6. This counseling/warning entry is based upon known deficiencies or misconduct. If any misconduct, unknown to the Navy, is discovered after this counseling/warning is executed, further counseling or administrative action may result.

-------------------	--

1. Policy

a. Per reference (a), commanding officers (COs) may only process for separation those personnel who are permanently assigned to their command; therefore, when circumstances warrant, commands may transfer a member of their command temporary duty (TEM DU) (**not** temporary additional duty (TEMADD)) to be processed and/or separated at another command. Prior to transfer, the member must meet minimum criteria for processing, and transferring command must have full concurrence of the receiving command and immediate superior in command.

b. The transferring command shall ensure the separation physical is complete and forward a copy of the administrative separation package and all supporting documentation to the processing command. In cases where the separation physical cannot be completed due to operational commitments, advise the gaining command. The transferring command should provide the gaining command the member's scheduled date/time of arrival.

c. When a member is in civilian confinement or required by civilian authorities to remain in a geographical area pending trial, the command may request authority from the area coordinator (see reference (a)) where the member is located to designate an activity to investigate, track, and process for administrative separation. Upon designation from the area coordinator, the command shall transfer the member TEM DU to that command.

2. Policy for Inactive Duty Navy Reserve Enlisted Personnel

a. This article does not apply to Inactive Duty Navy Reserve enlisted personnel in a drilling status.

b. Refer to reference (b) for policy concerning the transfer of Inactive Duty Navy Reserve enlisted personnel being processed for administrative separation.

1. Policy

a. Members may not be involuntarily extended beyond expiration of active obligated service (EAOS), or expiration of obligated service (EOS) for Selected Reserve (SELRES) members for the sole purpose of administrative separation (ADSEP) processing. This includes members who are held beyond EAOS/EOS for special court-martial or general court-martial and do not receive punitive discharges; however, voluntary extensions may be requested from Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) or Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913).

b. Members who have voluntarily extended service beyond their EAOS or EOS for the specific purpose of medical treatment and are being processed for ADSEP, must be advised that they may decline further medical treatment and request immediate separation without further ADSEP processing.

c. A member who has been processed for ADSEP due to misconduct and is subsequently determined to be not medically qualified for separation, shall not be retained on active duty for medical treatment without the written consent of NAVPERSCOM (PERS-832) or NAVPERSCOM (PERS-913) for SELRES members. (See MILPERSMAN 1910-218).

1. Policy

a. The administrative separation (ADSEP) process encompasses a performance review of a service member's entire military record, especially the current enlistment; accordingly, commands are required to process members for all reasons for which minimum criteria are met. This enables the separation authority (SA) to approve separation for the most appropriate reason and prevents processing a member one offense at a time.

b. SAs may, if necessary to approve the most appropriate reason for separation, direct reprocessing when commands fail to process members for all reasons.

- b. The likelihood of a recurrence.
- c. Member's potential for further service.
- d. Member's military record.

1. Guidance on Adverse Matter from a Prior Enlistment

a. Adverse matter from a prior enlistment should be used as a basis for separation if the adverse matter was unknown to competent authority at the time of reenlistment.

b. Adverse matter from a prior enlistment, such as records of nonjudicial punishment and convictions by court-martial, may be considered when such records would have a direct value in determining whether separation is appropriate.

c. Adverse matter from a prior enlistment may not be considered in recommending or authorizing characterization of service.

1. Policy

a. A member who is pending medical board action for a possible disability discharge shall be separated when

(1) awarded an unsuspended punitive or administrative discharge for misconduct,

(2) separated in lieu of trial by court-martial, or

(3) being transferred to the Fleet Reserve/Retired List/Retired Reserve in lieu of administrative separation (ADSEP) processing.

b. Punitive or ADSEPs for misconduct take precedence over medical disability considerations. In such instances, completion of

(1) DD 2808 (Rev. 10/05), Report of Medical Examination, or

(2) DD 2807-1 (Rev.3/07), Report of Medical History,

with physical defects noted, shall be completed and made a permanent part of the member's Health Record. If applicable, the member's medical board report shall also be filed in the member's Health Record. The member may then be separated with no further medical action or findings.

c. **Exception:** For members in immediate danger of death or where the medical condition is extremely severe, hold administrative discharge in abeyance and contact Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) and medical facility where patient is located, for further guidance. The final decision on discharge or retention will be made solely by NAVPERSCOM.

The medical condition of the member is not a bar to separation and does not provide the member the right to suspend separation actions. In unusual cases of hardship, the commanding officer (CO) may petition Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) to retain the servicemember for further medical treatment.

2. **Exception**. For members on LIMDU while awaiting medical board action for disability consideration, refer to MILPERSMAN 1910-216.

1. **Rules on Suspension.** Follow this guidance on suspension of separation:

a. Unless prohibited by this manual (e.g., fraudulent enlistment), a separation may be suspended for a period of not more than 12 months, if the circumstances of the case indicate a reasonable likelihood of rehabilitation. Navy Personnel Command (NAVPERSCOM) will serve as the separation authority (SA) for all cases involving recommendations for suspension if separation processing is based on mandatory reason(s).

b. During the suspension, the member shall be afforded an opportunity to meet appropriate standards of conduct and performance.

c. Unless sooner vacated or remitted, execution of approved separation shall be remitted upon completion of the probationary period, upon termination of the member's enlistment or period of obligated service (OBLISERV), or upon decision of the SA that the goal of rehabilitation has been achieved.

- a. Disciplinary action (nonjudicial punishment or court-martial).
- b. New administrative separation (ADSEP) processing action.
- c. Vacation of the suspended discharge and execution of the separation.

2. **Vacating Suspension.** Prior to vacation of a suspension, the member shall be notified in writing of the basis for the action, be afforded the opportunity to consult with counsel, and given the opportunity to submit a statement in writing to the separation authority (SA). The respondent shall be provided a reasonable period of time, but not less than 2 working days, to act on the notice. (b) MILPERSMAN 1910-226

1. I understand that I am being considered for administrative separation from Naval Service by reason of _____, as stated in reference (a), and that such discharge could result in an Under Other Than Honorable characterization of service.

2. In lieu of electing an administrative board for which I am entitled, per reference (b), I request a General (Under Honorable Conditions) discharge from Naval Service for the reason(s) stated above, and if granted, I will waive my right to any administrative board action.

3. I have been given a reasonable opportunity to consult with counsel and (have/have not) consulted with legal counsel prior to making this decision. I understand that this characterization of service as General (Under Honorable Conditions), with the basis for my administrative separation, may deprive me of certain veteran's benefits based upon my current period of active service, and that I may expect to encounter substantial prejudice in civilian life in situations wherein the type of separation and service rendered in any branch of the Armed Forces, or the character of discharge received, may have a bearing.

4. I enter into this conditional waiver free of duress or other promises of any kind.

5. I understand that if this request is disapproved, administrative separation processing will continue, and I will have the right to elect an administrative board.

6. (I have no other statements to make/My personal statement is enclosed.)

SIGNATURE OF MEMBER

4. Commanding Officer's (CO's) Action. The CO has two options when the member requests a conditional waiver. These options are:

a. Favorably endorse the conditional waiver request and forward to General Court-Martial Convening Authority (GCMCA), or higher, who then serves as separation authority (SA). The SA may approve and direct the discharge of the member for the reason processed with a GEN characterization of service, or disapprove the conditional waiver request and direct the command to continue administrative separation (ADSEP) processing.

b. Return the request with an appropriate endorsement indicating why the conditional waiver will not be approved and continue with ADSEP processing.

NOTE: A copy of the conditional waiver request, whether favorably endorsed or not, shall be forwarded to the SA, and to Navy Personnel Command (NAVPERSCOM), with the complete ADSEP package for filing.

1. **Pay.** Refer to reference (a) for entitlement to discharge gratuity.

2. **Uniforms**

a. Per reference (b), enlisted members who are discharged for reasons other than misconduct, or who are not discharged with a Dishonorable, Bad Conduct, or OTH discharge, are entitled to retain their uniforms per the following:

(1) Members may wear their uniform only from place of discharge to home.

(2) Only one complete uniform appropriate to the season may be retained by a member who has served less than 6 months active duty after last authorization to an initial clothing allowance (except when discharged to accept a direct commission).

b. Enlisted members who are separated for misconduct, or who are discharged for any reason with a Dishonorable, Bad Conduct, or OTH characterization or description of service, shall surrender all their outer garments and distinctive parts of their uniforms. The following rules apply:

(1) When the items of clothing retained by the member are insufficient to provide the member with one outfit of civilian clothing suitable for the season to wear home, a suit of civilian clothing and an overcoat when necessary, both to cost not more than \$30, may be issued. These items of clothing

will be issued regardless of the state of member's military pay account or amount of personal funds in the member's possession.

(2) Spare clothing, luggage, umbrellas, etc., will not be issued.

(3) Members transferred to another activity for actual discharge shall take all their uniforms with them. Those items not retainable by the member will be collected by the separation activity.

(4) Clothing will not be issued to a member discharged from appellate leave.

DISCHARGE IN ABSENTIA

			FAX	882-2624

Reference	(a) DOD Directive 1332.14 of 21 Dec 93 (with Change 1) (b) DOD Directive 1325.2 of 2 Aug 04
------------------	---

1. **Policy**. Discharge in absentia may be effected by the separation authority (SA) provided the member has been properly given notice of the administrative separation (ADSEP) action. The SA must be a General Court Martial Convening Authority (GCMCA) or higher. At a minimum this requires

a. the member acknowledged receipt and signed the notification letter advising them of the reason for processing;

b. the letter of notification clearly indicated the least favorable characterization of service;

c. the letter of notification clearly indicated the individual's right to an administrative board (or GCMCA review), and to make a statement; and

d. an Under Other Than Honorable (OTH) discharge is authorized. To be awarded a discharge in "absentia" the member must be in an Unauthorized Absence (UA) status or in jail. To award a General (Under Honorable Conditions) or Honorable discharge while in a UA status is inappropriate. Processing for a General or Honorable discharge should be held in abeyance for members who go UA prior to separation. Upon a member's return from UA of less than 30 days, the SA may use discretion to either effect the previously authorized General/Honorable discharge or reprocess for an OTH; however, UA in excess of 30 days is a serious offense and reprocessing for an OTH is appropriate.

2. **Restriction.** Personnel incarcerated by foreign civilian or military authorities outside of the jurisdiction of the United States (U.S.), will not be discharged in absentia. **NOTE:** This does not preclude processing the member for separation to be effected upon return to U.S. jurisdiction.

3. **Discharge in Absentia for Alien Unauthorized Absentees**

a. As an exception to paragraph 1 and per reference (a), when a member who is an alien is absent without leave and appears to have gone to a foreign country where the U.S. has no authority to apprehend, the member may be separated without return to military control.

b. Prior to execution of the separation, the member will be notified of the imminent action by registered or certified mail, return receipt requested (or by an equivalent form of notice if such service by U.S. Mail is not available for delivery at an address outside the U.S.), to the member's last known address and/or to the next of kin. The notice shall specify that the action has been suspended until 45 days from the date of mailing in order to give the respondent the opportunity to return to military control. If the respondent does not return to military control or return the Notice of Administrative Separation by such date, the SA shall discharge the member in absentia.

c. Per paragraph 6.2 of reference (b), when alien deserters are discharged in absentia, Personnel Support Activities (PERSUPPACTs) and separation commands shall forward one copy of DD Form 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty, to

U.S. Department of State
Visa Office-CA/VO
State Annex No. 2

PRE-SEPARATION TREATMENT FOR DRUG/ALCOHOL DEPENDENT PERSONNEL

Responsible Office	NAVPERSCOM (PERS-832)	Phone:	DSN	882-4433
			COM	(901) 874-4433
			FAX	882-2624

1. Policy

a. Members separated for any reason who have demonstrated an ongoing, excessive involvement with drugs and/or alcohol must be medically screened for a drug or alcohol problem. If found dependent on drugs or alcohol by competent medical authority, appropriate treatment must be offered prior to separation. A medical screening will be required, even if the member has been previously diagnosed as dependent, to evaluate member's history of previous screening and treatment, elapsed time since prior treatment, and the member's amenability to treatment, in order to determine the intensity and extent of treatment to be offered.

b. Members previously screened for alcohol problems and diagnosed as not dependent or abusive need only be reevaluated if they have demonstrated an ongoing, excessive involvement with drugs and/or alcohol, or they have incurred a drug and/or alcohol incident within the last 6 months. Use the following guidelines and procedures:

(1) Make a NAVPERS 1070/613 (Rev. 07-06), Administrative Remarks entry advising member of the right to accept rehabilitation treatment, and have member sign, annotating whether they desire rehabilitation treatment;

(2) Treatment will be completed at an authorized Department of Defense (DoD) Military Treatment Facility (MTF). Department of Veterans Affairs (VA) treatment is not authorized;

(3) If separation is authorized prior to a dependent member's expiration of active obligated service (EAOS) and treatment is elected, then voluntary extension of member's EAOS for treatment is authorized;

(4) Transfer member for temporary duty (TEM DU) to a MTF within 3 days of the scheduled start date. The MTF and/or servicing Personnel Support Activity Detachment (PERSUPP DET) will effect discharge either upon completion of, or disenrollment from treatment;

(5) The member's separation physical must be completed prior to transfer; and

(6) Copy of all separation documents and separation authority (SA) letters must be enclosed in member's field service records upon transfer.

2. **Exception to this Policy.** Treatment will not be authorized if member

a. has previously received treatment, and is currently in a prescribed aftercare status; or

b. is incarcerated in a civilian facility; or

c. is discharged in absentia.

1. **Rationale.** Certain bases for administrative separation (ADSEP) are so detrimental to good order and discipline, mission readiness, and appropriate standards of performance and conduct, that processing for ADSEP is mandatory. Use administrative board procedures per MILPERSMAN 1910-404, except as noted in table below. Commanding officers (COs) must process individuals for separation who have committed the following, based on reliable evidence:

		MILPERSMAN
a.	Sexual Misconduct - rape, sexual assault, stalking, forcible sodomy, child sexual abuse, possession or distribution of child pornography, incestuous relationships, or any sexual misconduct that could be charged as a violation of or an attempt to violate reference (a) articles 120, 120a, 120b, or 120c; or equivalent criminal statute as a result of either misconduct due to commission of a serious offense or civilian conviction	1910-142 or 1910-144
b.	Sexual harassment under the following circumstances: (1) Threats or attempts to influence another's career or job in exchange for sexual favors; (2) Rewards (including bribes to influence favorably another's career) in exchange for sexual favors; or (3) Unwanted physical contact of a sexual nature which, if charged as a violation of reference (a), could result in a punitive discharge.	1910-142
c.	Violent misconduct which resulted in, or had potential to result in, death or serious bodily injury.	1910-142 or 1910-144

d.	Possession of drug paraphernalia as defined in MILPERSMAN 1910-142.	1910-142
e.	Misconduct - drug abuse	1910-146
f.	The unlawful use of controlled substance analogues (designer drugs), natural substances (e.g., fungi, excretions), chemicals (e.g., chemicals wrongfully used as inhalants), propellants and or a prescribed drug, over-the-counter drug, or pharmaceutical compound with the intent to induce intoxication, excitement, or stupefaction of the central nervous system as defined per reference (b).	1910-142
g.	Supremacist or extremist conduct. Processing will be for misconduct (serious offense), (civil conviction), (as appropriate) or best interest of the service.	1910-160 1910-142 1910-144 1910-164
h.	Family Advocacy Program (FAP) failure, unless a waiver is obtained from Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832). Processing will be for misconduct (serious offense), (sexual perversion) (if applicable), (civil conviction) or best interest of the service.	1910-162 1910-142 1910-144 1910-164
i.	Alcohol rehabilitation failure, multiple driving under the influence (DUI) or driving while intoxicated (DWI) counts (see Note 1), unless waiver is obtained from Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832).	1910-152 1910-402
j.	Physical fitness assessment failure. Per reference (c), use notice of notification procedures.	1910-170 1910-402
k.	Any offense or situation meeting criteria for mandatory administrative separation in this table from either a prior enlistment or prior to military service (see Note 2), use notice of notification procedures.	1910-130 1910-134

Note 1: Processing for multiple DUI or DWI counts will be accomplished per MILPERSMAN 1910-142 or 1910-144 accordingly. Use either notice of notification procedures per MILPERSMAN 1910-402 or notice of administrative board procedures per MILPERSMAN 1910-404, depending on severity of case.

Note 2: A member meeting the criteria for mandatory administrative separation that was not processed for separation, or was processed for separation and retained but no longer met the criteria for re-enlistment, must be processed for ADSEP under MILPERSMAN 1910-130 or 1910-134 (as appropriate). For example, a member processed for ADSEP due to three physical fitness assessment failures and retained, but is later

reenlisted while being ineligible for reenlistment, would meet the criteria for mandatory processing under MILPERSMAN 1910-130.

2. **Policy**. NAVPERSCOM retains authority to direct separation processing even for misconduct not listed above. Separation processing directed by NAVPERSCOM is mandatory. In mandatory processing cases in which an administrative board makes findings of no misconduct or recommends retention or suspended separation, forward case to NAVPERSCOM, Enlisted Performance and Separation Branch (PERS-832) for active duty or NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) for final action.

NOTE: NAVPERS 1070/613 Administrative Remarks counseling and warning that states the member is being retained, and was issued after an incident which requires mandatory processing or for which processing is directed by NAVPERSCOM, is considered to be invalid and will not preclude ADSEP processing.

- a. Honorable (HON).
- b. General (Under Honorable Conditions) (GEN).
- c. Under Other Than Honorable (OTH).
- d. Entry Level Separation (ELS).
- e. Order of release from the custody and control of the Naval Service by reason of void enlistment or induction.

1. **Policy.** Characterization of service upon separation shall be based on the following:

NOTE: For determining characterization of service for members separating at expiration of active obligated service (OBLISERV) refer to MILPERSMAN 1910-104.

a. The quality of the member's service, including the reason for separation, subject to the limitations set forth under the specific reason for separation. The quality of service shall be determined according to standards of acceptable personal conduct and performance of duty.

b. The reason for separation, the specific circumstances that form the basis for the separation, as well as the military record, shall be considered on the issue of characterization. Generally, characterization will be based upon the member's total performance of duty and conduct during the current enlistment; however, there are circumstances where the conduct or performance of duty reflected by a single incident may form the basis of characterization. A single adverse incident such as discreditable involvement with civil/military authorities that is prejudicial to good order and discipline may be used to characterize a Sailor's overall service. The incident does not have to result in punishment (nonjudicial punishment (NJP), court-martial, civil conviction).

c. Due consideration shall be given to the member's length of service (LOS), grade, aptitude, and physical and mental condition.

1. **Types of Characterization.** Use this table along with MILPERSMAN 1910-302 to determine a member's characterization of service upon separation, except for entry level separation (ELS) and uncharacterized separations (see MILPERSMAN 1910-308).

NOTE: For determining characterization of service for members separating at expiration of active obligated service (EAOS) refer to MILPERSMAN 1910-104.

ASSIGN	WHEN
Honorable (HON)	the quality of the member's service generally met the standard of acceptable conduct and performance for naval personnel, or is otherwise so meritorious that any other characterization of service would be clearly inappropriate.
General (Under Honorable Conditions) (GEN)	the quality of the member's service has been honest and faithful; however, significant negative aspects of the member's conduct or performance of duty outweighed positive aspects of the member's service record. In the absence of a specific finding from an administrative board, a characterization of service as GEN may be awarded based on a review of a Sailor's overall service record.

ASSIGN	WHEN
Under Other Than Honorable (OTH)	<p>Conduct involving one or more acts of omissions that constitute a significant departure from the conduct expected of members of Naval Service. Examples of factors that may be considered include the use of force or violence to produce serious bodily injury or death, abuse of special position of trust, disregard by a superior of customary superior-subordinate relationships, acts or omissions that endanger the security of the United States (U.S.) or the health and welfare of other servicemembers of the military service, those punishable by punitive discharges, extended unauthorized absence (UA), drug abuse and drug distribution (trafficking).</p> <p>OTH can be awarded only if administrative board procedures were used, regardless of whether the board was held, when a member requests an OTH in lieu of trial by court-martial (see MILPERSMAN 1910-106), or when a member requests transfer to the Fleet Reserve in lieu of administrative processing (see MILPERSMAN 1910-166). The OTH must be approved by a General Court-Martial Convening Authority (GCMCA), Navy Personnel Command (NAVPERSCOM), or Secretary of the Navy (SECNAV) (see MILPERSMAN 1910-704).</p>

1. **Limitations**. Characterization will be determined solely on the member's service record during the current enlistment or period of service to which the separation pertains, plus extensions prescribed by law, regulations, or effected with the consent of the member. The following may not be used when characterizing service:

a. Records of activities from prior enlistments or periods of service, including court-martial convictions, unauthorized absences, and other offenses.

b. Voluntary submission to a Department of Defense (DoD) treatment and rehabilitation program and voluntary disclosed evidence of prior personal drug use by the member as part of a course of treatment in such a program except as provided in reference (a).

c. Preservice activities, except when separation proceedings concern Defective Enlistments and Inductions - Fraudulent Entry (MILPERSMAN 1910-134).

d. Conduct in the civilian community of a member of the Navy Reserve who is not on active duty (ACDU) or active duty for training (ADT), except when the conduct

(1) directly affects the performance of the member's military duties (i.e., member is incarcerated and prohibited from attending drills or being mobilized).

(2) has an adverse impact on the overall effectiveness of the Naval Service, including good order, discipline, morale, and unit efficiency.

1. **Entry Level Separation (ELS)**

a. A separation initiated while a member is in ELS (i.e., within first 180 days of continuous active duty, computation starts upon enlistment and terminates on the date notification of separation proceedings are initiated) will be described as **ELS** except when characterization of service as

(1) **Under Other Than Honorable (OTH)** is authorized under reasons for separation and is warranted by circumstances of the case.

(2) **Honorable (HON)** is clearly warranted by presence of unusual circumstances involving personal conduct and performance, and is approved on a case-by-case basis by Secretary of the Navy (SECNAV). An HON will be considered only for the following reasons:

Reason	MILPERSMAN
Selected changes in service obligation	1910-102
Convenience of the Government	1910-100
Disability	1910-168
Best Interest of the Service	1910-164

b. When a member of Navy Reserve is separated from the Delayed Entry Program (DEP) with an ELS, such separation is "Under Honorable Conditions."

2. **Void Enlistments and Inductions.** Use this table to determine when an enlistment is void and when a constructive enlistment arises.

AN/A...	WHEN...
enlistment or induction is void	<ul style="list-style-type: none"> • it was effected without the voluntary consent of a person enlisting in Navy, including enlistment of a person who was intoxicated or insane at time of enlistment, or when one was coerced into enlisting by being presented with the option of either enlisting or being subjected to a sentence of confinement by a court; or • the person is under 17 years of age; or • the person is a deserter from another military service.
constructive enlistment arises	<ul style="list-style-type: none"> • member submitted voluntarily to military authority, • member performed military duties, • member received military pay or allowances, and • member met the mental competency and minimum age qualifications at the time of voluntary submission to military authority.

3. **Characterization of Separation.** Use the below table to determine characterization of service or description of separation.

IF the enlistment...	THEN...
is void and a constructive enlistment has not resulted,	member shall be separated by an order of release from custody and control of Naval Service.
is void at its inception and is followed by a constructive enlistment within the same term of service,	characterization of service per MILPERSMAN 1910-302 and 1910-304 is appropriate.
was void by reason of desertion from another service,	member shall be separated by an order of release from custody and control of Naval Service, regardless of any subsequent constructive enlistment.

NOTE: If the separation is described as "**an order of release from custody and control of the Naval Service,**" member shall not receive

- a. a discharge certificate,
- b. characterization of service at separation, or
- c. an ELS.

			COM	(901) 874-4433
			FAX	882-2624

1. **Two Types of Administrative Separation (ADSEP)**. A member may be processed for ADSEP by either Notification or Administrative Board Procedures. The primary difference between these two procedures is as follows:

a. **Notification Procedure** - The member is notified that the least favorable characterization of service possible is General (GEN); and that member has a right to elect an administrative board only if member has 6 or more years of total service and/or reserve military service. MILPERSMAN 1910-402 provides notification letter and statement of awareness formats for Notification Procedure.

b. **Administrative Board Procedure** - The member is notified that the least favorable characterization of service possible is Under Other Than Honorable (OTH); and that member has the right to elect an administrative board regardless of the number of years of active and/or Reserve military service. MILPERSMAN 1910-404 provides notification letter and statement of awareness formats for Administrative Board Procedure.

NOTES:

(1) Processing commands, separation authorities (SAs), and separation activities are urged to pursue adherence at every level to the established Navy ADSEP processing goals in MILPERSMAN 1910-010.

(2) Commanding officers (COs) may only process for separation those personnel who are permanently assigned to their command; therefore, when circumstances warrant, commands may transfer a member of their command temporary duty (TEM DU) (not temporary additional duty (TEM ADD)) to be processed/separated at another command. MILPERSMAN 1910-206 refers.

1. **Response Timetable.** Use this table to determine a member's response time to a notice of processing.

IF the member is...	THEN the member has a minimum of...	AND a maximum...
on active duty and not in civilian confinement,	2 working days to respond to the notice,	number of working days to respond as determined by the commanding officer (CO).
in civilian confinement,	30 days from the date the notice is delivered personally or received by mail at the confinement address,	
an inactive duty reservist,	30 days from the date the notice is delivered personally or received by mail at the designated mailing address (suggest return receipt),	

RULE: Failure to respond to the notice constitutes a waiver of rights and an appropriate notation will be made on the command copy of the member's notice. If applicable, the individual who mailed the notice shall prepare a sworn affidavit of service by mail per MILPERSMAN 1910-412.

1. **Guidance.** When members are processed for separation for multiple reasons, the following guidelines apply:

a. The requirements for each reason will be applied to the fullest extent practicable;

b. if a reason for separation set forth in the notice of proposed action requires processing under the Administrative Board Procedure, the entire matter shall be processed under the Administrative Board Procedure;

c. if more than one reason for separation is approved by an administrative board, the guidance on characterization that provides for the least favorable discharge should be applied;

d. if administrative board was waived or Notification Procedures were used, the guidance on characterization that provides for the least favorable discharge should be applied; and

e. if a conflict in procedures cannot be resolved on the basis of the foregoing principles, the procedure most favorable to the respondent shall be used.

NOTE: Separation for misconduct should normally take precedence over all other reasons for separation unless the misconduct is minor in nature and/or far removed in time.

1. Composition

a. Convening authority shall ensure women and minorities are given equal opportunity to serve on administrative boards. Mere appointment or failure to appoint a member of such a group to board, however, is not a basis to challenge proceeding.

b. Per reference (a), use this guidance to compose an administrative board:

APPOINT to board...	AND if...	THEN...
at least three experienced commissioned, warrant, or noncommissioned officers to serve as voting members, <ul style="list-style-type: none"> • Senior member must be in Navy and grade O-4 or higher. • Majority of board members must be commissioned and or warrant officers. • Enlisted personnel appointed to board shall be in grade E-7 or above and be senior in pay grade to respondent. 	member is a reservist, to include any of the following categories, <ul style="list-style-type: none"> • USNR (active); • USNR-R (selected Reserves (SELRES)/ individual ready reserves (IRR)); • USNR-S1/S2 (Stand-by reserves); • USNR (FTS); • any reservist performing active duty (i.e., active duty for special work (ADSW), mobilization, annual training (AT)); 	at least one member must be a reserve officer and all members must be commissioned officers.
a non-voting recorder,	board is for child and or spouse abuse cases,	recorder should be judge advocate per reference (b).

a non-voting legal advisor to assist board (if desired).		
--	--	--

c. Respondent's commanding officer and executive officer may not act as recorder or sit as members.

Responsible Office	NAVPERSCOM (PERS-832)	Phone:	DSN	882-4433
			COM	(901) 874-4433
			FAX	882-2624

1. Counsel for the Respondent

a. The convening authority (CA) shall assign a qualified counsel, or may appoint qualified counsel of the member's own choice. If reasonably available, the member's choice of qualified counsel is assigned duties as defense counsel at the servicing command.

b. Unless otherwise directed, appointment of a qualified counsel of member's own choice relieves the previously assigned counsel. If the member so requests in writing and if the interest of fair procedure so requires, the CA may continue the previously assigned counsel in representing the member. Approval is within the sole discretion of the CA and that decision is final.

c. The CA may appoint nonlawyer counsel to represent the member at an administrative board if the member expressly declines appointment of qualified counsel and requests a specific nonlawyer counsel, or the CA assigns nonlawyer counsel as assistant counsel.

d. The CA shall allow the member to be represented by civilian counsel, all at the member's expense if such representation does not delay orderly processing.

NOTE: The member's use of civilian counsel does not eliminate the requirement to furnish qualified counsel or nonlawyer counsel as appropriate. Appointed military counsel is not relieved until expressly stated by respondent in writing.

1. Responsibilities

a. Senior member shall

(1) be a U.S. Navy (Active or Reserve) officer in paygrade O-4 or above,

(2) preside over proceedings of board, and

(3) rule on all matters of procedure (to include granting of continuances) and evidence.

b. Rulings of senior member may be overruled by a majority of board.

NOTE: Convening authority (CA) or assigned legal advisor will rule on all challenges for cause.

1. Requesting Witnesses

a. Respondents or their counsel may request the attendance of witnesses on their behalf at the hearing. Requests shall be submitted to the convening authority (CA) via the senior member of the board.

b. If witnesses require temporary additional duty (TEMADD) or invitational travel orders, requests shall contain

(1) a synopsis of the testimony that the witness is expected to give,

(2) an explanation of the relevance of such testimony,
and

(3) an explanation as to why written or recorded testimony would not be sufficient to provide for a fair determination.

2. **Witness Availability.** Follow this table if respondent submits a request for witnesses.

IF ...	THEN the hearing ...
the senior member of the board determines that the personal testimony of the witness is not required,	shall be postponed to provide the respondent with a reasonable opportunity to obtain a written statement from the witness.
the commanding officer (CO) of a military witness determines that military necessity precludes the witness' attendance at the hearing,	
a civilian witness declines to attend the hearing, (This provision does not authorize a Federal employee to decline to appear as a witness if directed to do so per applicable procedures of the employing agency.)	
the CA determines the personal testimony of a witness is required,	will be postponed, if necessary for a reasonable time, to permit the attendance of the witness.

3. **Funding for Production of Witnesses.** The CA may authorize funding for production of witnesses only if the senior member of the board (after consultation with a judge advocate) or the legal advisor (if appointed) determines

- a. the testimony of a witness is not cumulative;
- b. the personal appearance of the witness is essential to a fair determination on the issues;
- c. written or recorded testimony will not accomplish adequately the same objective;
- d. the need for live testimony is substantial, material, and necessary for a proper disposition of the case; and

e. the significance of the personal appearance of the witness, when balanced against the practical difficulties in producing the witness, favors production of the witness. Factors to be considered in relation to the balancing test include, but are not limited to;

- (1) the cost of producing the witnesses,
- (2) the timing of the request for production of the witness,
- (3) the potential delay that may be caused by producing the witness, or
- (4) the likelihood of significant interference with military operations.

a. In addition to the respondent's right to testify on his or her own behalf, subject to the right against self-incrimination under reference (a), the respondent or respondent's counsel may

(1) challenge a voting member of the board or the legal advisor, if any, for cause only;

(2) at any time during the proceedings, submit written or recorded matter for consideration by the board;

(3) call witnesses on behalf of the respondent;

(4) question any witness who appears before the board;

and

(5) present argument prior to the closing of the hearing for deliberation on findings and recommendations.

b. Inactive duty Navy reservists in Records Review (non-drilling) status may be issued permissive (no-cost) orders to attend the administrative board hearing.

a. When processing includes

(1) any court-martial conviction;

(2) a civilian conviction, or finding tantamount to a finding of guilty by a civil court system; or

(3) an approved diagnosis of a medical officer;

the board may not render its own findings because these matters have already been judicially/medically determined to have occurred.

b. Unless there are additional reasons for separation, the board will proceed directly to the separation/retention recommendation phase of the hearing.

c. The only exception is civil conviction from a foreign nation, which is not binding on administrative boards.

1. Per reference (a), the following record of proceedings of an administrative board in case of (respondent) is submitted:

SM: The board will come to order. The recorder shall record the time, date, and place of hearing.

NOTE: The recorder should record the time and date of the opening and closing of each session of the board and the presence (or absence) of all parties (board members, recorder, respondent, and counsel for the respondent).

SM: The board is convened by an order of the convening authority (CA), _____, dated _____, a copy of which has been furnished to each member of the board, the recorder, the respondent and counsel for the respondent.

The following persons named in the appointing order are present:

Members	
	Senior Board Member
	Member
	Member
	Recorder
	Legal Advisor (if applicable)
	Respondent
	Reporter (if applicable)

The following person(s) named in the appointing order (is) (are) absent, having been excused by the CA: _____

NOTE: If a reporter has been made available for the purpose of making a verbatim record of testimony, the reporter's presence is also noted. The reporter need not be sworn.

SM: Will counsel for the respondent state his or her legal qualifications?

CR: Counsel for the respondent is (not) a lawyer within the meaning of reference (a). (If a civilian, include mailing address and phone number.)

SM: Will the recorder state his or her legal qualifications?

REC: The recorder is (not) a lawyer within the meaning of reference (a).

SM: This board has been convened for the purpose of considering the pertinent facts relating to the case of (**rate, name, component, SSN**), who is being processed for administrative separation (ADSEP) by reason(s) (state reason(s) from respondent's notice). The board will make findings of fact for each reason and will make a recommendation with respect to final action of retention, separation or suspension, and to characterization of service or description of separation. If

discharge is recommended, the reason(s) will be stated along with the type and characterization of discharge recommended.

(**RESP'S NAME**), I shall now review with you your rights in connection with this hearing. If you have any questions about any of these rights, do not hesitate to ask me, or if you wish, you may discuss your questions with your counsel.

NOTE: Respondents may waive reading of their rights and procedures.

a. You may appear in person before this board, with or without counsel. In your absence, you may be represented by counsel at all open proceedings of the board. You may have a military counsel of your own choice, provided proper authority determines the counsel requested is reasonably available. You may use civilian counsel at no expense to the Government.

b. You may challenge any voting member of the board for cause; that is, by showing that the member cannot render a fair and impartial decision. You or your counsel may question any voting member to determine whether a basis for challenging exists. The CA (or assigned legal advisor) will rule on the challenge. If any member is successfully challenged, this board proceeding will be suspended pending appointment of qualified substitute.

c. You may submit an oral or written statement in your own behalf; you may testify in your own behalf; or you may remain silent. If you choose to testify under oath, you may be cross-examined on your testimony. In the alternative, you may make an unsworn statement, personally or through counsel. You may not be cross-examined on such an unsworn statement unless you choose to answer questions about it; however, the recorder may introduce evidence to rebut anything contained in such a statement. If you decide not to testify under oath, or if you decide not to make any statement at all, that fact will not be considered against you in any way.

d. You may request the attendance of witnesses at the hearing. The request shall be in writing, dated, signed by you or your counsel, and submitted to the CA via the senior member of the board once the need for the witness is known to you or your counsel. Failure to submit a request for witnesses in a timely fashion shall not automatically result in denial of the

request, but it may be considered along with other factors in deciding whether or not to provide the witness. Further, the testimony of a witness may be excluded if the legal advisor or, in the absence of a legal advisor, the senior member of the board, determines that its value to determine the truth of the allegations against you is substantially outweighed by considerations of undue delay, waste of time, or needless presentation of cumulative evidence.

(1) If production of a witness requires funding by the CA, the written request shall contain the following:

(a) A synopsis of the testimony that the witness is expected to give;

(b) An explanation of the relevance of the testimony, and

(c) An explanation as to why written or recorded testimony would not be sufficient.

(2) The CA may authorize funding for production of witnesses only if the senior member of the board (after consultation with the legal advisor, or another judge advocate if reasonably available) determines that:

(a) The testimony of a witness is not cumulative;

(b) The personal appearance of the witness is essential to a fair determination on the issues;

(c) Written or recorded testimony will not adequately accomplish the same objective; and

(d) The significance of the personal appearance of the witness, when balanced against the practical difficulties in producing the witness, favors production of the witness. Factors to be considered in relation to the balancing test include, but are not limited to, the cost of producing the witness; the potential delay in the proceeding that may be caused by producing the witness; or the likelihood of significant interference with military operational deployment, mission accomplishment, or essential training.

(3) If the CA determines that the personal testimony of a witness is required, the hearing shall be postponed, if necessary, to permit the attendance of the witness. Military witnesses required shall be issued temporary additional duty (TEMADD) orders and civilian witnesses shall be issued invitational travel orders. Guidance for funding the travel of required witnesses may be found in reference (c).

(4) The hearing shall be postponed to provide you a reasonable opportunity to obtain a written statement from the witness if the witness requested by you is unavailable when:

(a) The senior member of the board or legal advisor determines that personal testimony of the witness is not required;

(b) The commanding officer (CO) of a military witness determines that military necessity precludes the witness' attendance at the hearing; or

(c) A civilian witness declines to attend the hearing.

e. You may, at any time before or during the proceedings, submit any answers, depositions, sworn or unsworn statements, affidavits, certificates, or stipulations. This includes, but is not limited to, depositions of witnesses not deemed to be reasonably available or witnesses unwilling to appear voluntarily.

f. The provisions of reference (a) apply to all proceedings of the board. You may submit to examination by the board if you desire. If you choose not to submit to examination by the board, the fact will not be considered against you in any way.

g. You and your counsel may question any witness who appears before the board.

h. Your failure to invoke any of these rights cannot be considered as a bar to the board proceedings, findings, or recommendations.

Now, (**respondent**), there are some procedural rules in connection with this board which I shall explain to you.

First, these proceedings are administrative in nature and the board is not bound by formal rules of evidence. Thus, the board may consider information which might not be admissible at a court-martial. Also, you should be aware that the board's decision will be based upon a preponderance of the evidence presented.

Second, if you or your counsel have any objection to any matters introduced or to any proceedings of the board, you or your counsel may state your objection and the reasons for it. I shall rule finally on all matters of procedure and evidence; however, a majority of the board may overturn any ruling that I make.

(**Respondent**), do you have any questions concerning your rights or procedures before this board?

RESP: (No, Sir/Ma'am.) (_____).

SM: Does the recorder, counsel for the respondent, or respondent wish to question any member of this board in relation to any matter which may constitute a ground for challenge for cause?

REC: (The recorder has no questions.) (_____).

RESP or CR: (The respondent has no questions.) (_____).

SM: Does either side have a challenge for cause against any voting member of this board?

REC: (The recorder does not.) (_____).

RESP or CR: (The respondent does not.) (_____).

NOTE: Grounds for challenge must show that the member cannot render a fair and impartial decision. The CA, upon being informed of the circumstances of the challenge and the recommendation of the other members, may appoint a substitute for the challenged member. At this point in the proceedings the senior member should ensure that all persons scheduled to testify as witnesses are excluded from the proceedings except when actually testifying before the board.

SM: Does either the recorder or respondent desire to make an opening statement?

REC: _____

RESP or CR: _____ (may be made now or before respondent's case).

SM: Is the recorder ready to present the Government's case in this matter?

REC: The recorder is ready to proceed. The recorder presents the following documents for the board's consideration in this case.

GOVERNMENT'S CASE

Exhibit 1: Appointment of an Administrative Board

Exhibit 2: Respondent's Notice

Exhibit 3: Copy of the most recent NAVPERS 1070/613 (Rev. 7/06), Administrative Remarks counseling/warning from respondent's service record (if such exists).

Exhibit 4: NOTE: Recorders must present, at a minimum, the information which caused the CA to convene the board.

SM: Does respondent have any objections to the board's consideration of any of these exhibits?

RESP or CR: (We have no objections.) (We object to Exhibit ___ because _____).

SM: (Your objection and my ruling will be noted for the record. Do either of the other members wish to challenge my ruling or discuss it further? (If either member indicates an interest in discussing the ruling, the board will close for deliberations on the issue. All three board members will deliberate out of hearing of other participants. At the conclusion of the deliberations, the board will re-open, and state for the record the ruling.)) Exhibits 1 through ___ are accepted and will be made a part of the record.

REC: The recorder intends to call the following witnesses:

REC: The first witness is (**full name, grade, and duty station**).

REC: Do you swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth?

WIT: I do.

REC: Would you state your name, rank, unit, and armed force? (If civilian, state name and mailing address.)

WIT: _____

REC: Do you know the respondent in this case?

WIT: _____

NOTE: The recorder, counsel for the respondent, and the board members will now be afforded a full opportunity to question the witness.

SM: You may be excused.

REC: (After all witnesses have testified.) I have nothing further to present.

SM: (Respondent), you have already indicated an understanding of your rights at these proceedings. Are you and your counsel ready to proceed?

RESP: Yes, Sir/Ma'am.

RESPONDENT'S CASE

CR: Yes, Sir/Ma'am (if he or she has not already done so, counsel for the respondent may now make an opening statement).

NOTE: At this point in the proceedings, counsel for the respondent may present documentary or real evidence, stipulations, affidavits, etc., and may call witnesses to testify. The recorder may object to any documentary evidence. If an objection is registered, the senior member should rule and review with the other members, as was done during the recorder's case above. This is also the time for respondent to testify, either by way of sworn or unsworn testimony, or to make any other statement, either personally or through counsel. If counsel for the respondent calls witnesses to testify, the recorder should administer the required oaths.

Counsel for the respondent should have the opportunity to conduct direct examination. Thereafter, the recorder and board members may question the witness. Should the respondent elect to provide information to the board, the board may wish to solicit personal information from the respondent. Before the respondent provides personal information in response to such a request, the respondent must be given a Privacy Act Statement. It is recommended that, if the Privacy Act Statement is provided to the respondent in writing, a copy signed by the respondent be included in the record. The Privacy Act Statement should be signed before the board convenes, if possible.

CR: We have nothing further to present.

NOTE: Rebuttal and surrebuttal witnesses may be called, or recalled, at this point. The recorder and counsel for the respondent will then be given an opportunity to make an argument.

REC: The recorder (has a) (waives) closing argument.

CR: Counsel for the respondent (has a) (waives) closing argument.

REC: The recorder (has a) (waives) rebuttal argument.

SM: Has the recorder anything further to offer?

REC: I (do) (do not).

SM: This board will close for deliberations.

NOTE: When the board deliberates, only the voting members will be present. Prior to deliberations, the board members should review the appropriate board findings worksheet. Upon completion of the deliberations, but before the findings are announced, the board must complete the appropriate findings worksheet.

SM: This board will come to order. This administrative board has concluded its deliberations and has completed the board findings sheet with all signatures affixed. (Read boards findings/recommendations for the record.)

SM: The board is adjourned (time and date).

1. **Board Guidelines.** The board will make its findings and recommendations in closed sessions with only voting members present.

a. **Findings.** The board must determine whether each basis set forth in the notice of proposed separation is supported by a preponderance of evidence under the guidance of MILPERSMAN 1910-212.

b. **Recommendations.** The board next will make a single recommendation to separate or retain the respondent in the Navy. If the board recommends separation, it may recommend that the separation be suspended per the guidance in MILPERSMAN 1910-222. A recommendation to suspend the separation is not binding on the separation authority (SA). If separation or suspended separation is recommended, the board will recommend a characterization of service or description of separation per the guidance in MILPERSMAN 1910-300. Except when the board has recommended characterization of service of under other than honorable (OTH) conditions, the board shall recommend whether respondent should be retained in the Ready Reserve (RR) as a mobilization asset to fulfill the total military obligation of respondent.

NOTE 1: When respondent has been convicted by summary, special, or general court-martial (GCM) or when convicted by civilian authorities (except foreign jurisdictions) including civil actions tantamount to a criminal conviction, the board must find that the preponderance of evidence supports the basis set forth in the notice of proposed separation. The board must accept that respondent is guilty.

NOTE 2: If the board finds that a **mandatory processing basis** is not supported by a preponderance of evidence (i.e. a board finding of no misconduct), or if the board finds misconduct, and recommends retention or suspended separation for a **mandatory processing basis**, then the findings and recommendations must be forwarded to Navy Personnel Command (NAVPERSCOM) for final action; respondent may not be retained without the expressed approval of NAVPERSCOM.

Step	Action		
1	Determine whether each reason in the notification letter is supported by a preponderance of evidence.		
	IF	THEN	
	a reason is supported by a preponderance of evidence	go to Step 2.	
	a reason is not supported	stop. No further action required for non-mandatory reason(s). Mandatory processing reason cases must be forwarded to NAVPERSCOM.	
	<p>NOTE: When processing includes a court-martial conviction or a civilian conviction (or civil action tantamount to a civil conviction), the board may not render its own findings, because these matters have already been judicially determined to have occurred. The only exception is civil convictions from a foreign court, which are not binding on administrative boards.</p>		
2	Recommend whether the findings warrant separation or retention.		
	IF	THEN	
	the findings warrant separation	recommend separation and go to Step 3.	
	the findings do not warrant separation	recommend retention. No further action required for non-mandatory reason(s). Mandatory processing reason cases must be forwarded to NAVPERSCOM.	

3	Recommend characterization of service or description of separation using the guidelines of MILPERSMAN 1910-300 and the reason for separation.
4	<p>Recommend under the guidelines of MILPERSMAN 1910-010 whether the member should be retained in the Individual Ready Reserve (IRR) as a mobilization asset to fulfill the respondent's total military obligation.</p> <p>NOTE: This option applies to cases involving separation from active duty (ACDU) or from the Selected Reserve (SELRES). Personnel separated by reason of:</p> <ul style="list-style-type: none">• drug abuse,• defective enlistment, or• induction <p>will not be transferred to the IRR. Personnel who receive an OTH characterization or are discharged with a medical condition that would make the member unavailable to meet mobilization requirements will not be transferred to the IRR.</p>
5	If member has 20 years total active Federal military service (TAFMS), recommend whether member should be transferred to Fleet Reserve/Retired List in current or reduced pay grade.

NOTE: Prior to acting as the Separation Authority (SA) or forwarding cases to the SA, commands shall screen the personnel records of all members being administratively separated for service in an imminent danger pay area per MILPERSMAN 1910-702, para. 1a.

1. **Methods**. Processing activities may forward most cases to the SA by letter of transmittal or message. The following cases must be submitted by letter only:

- a. Cases where an administrative board was held.
- b. Cases involving United States Navy Reserves-Ready (USNR-R) members.
- c. Cases where Secretary of the Navy (SECNAV) is SA.

NOTE: Processing commands, separation authorities, and separation activities are urged to pursue adherence at every level to the established Navy administrative separation (ADSEP) goals in MILPERSMAN 1910-010.

2. **Enclosures**. The following supporting documents should be enclosures to the letter unless already part of the record of proceedings:

- a. Member's Notice of Notification Procedure or Notice of Administrative Board Procedure (as appropriate).
- b. Member's written statement (if submitted).

- c. Other pertinent documentation (examples below).
- d. Applicable NAVPERS 1070/613 (Rev. 07/06), Administrative Remarks (if required under the reason for processing).
- e. Drug laboratory message.
- f. NAVPERS 1070/606 (08/07), Record of Unauthorized Absence.
- g. NAVPERS 1070/607 (08/07), Court Memorandum.
- h. Copies of any other relevant NAVPERS 1070/613s.
- i. Copy of medical officer's evaluation.
- j. Copy of member's DD 1966 (Rev. 03-07), Record of Military Processing-Armed Forces of the United States (for fraudulent enlistment).
- k. For members processed for unsatisfactory participation in the Ready Reserve, copy of the drill muster record, NAVRES 1570/2 (Rev. 04-09), Satisfactory Participation Requirements/Record of Unexcused Absences; notices to report for physical examinations; and letters trying to locate the Reservist.
- l. Record of proceedings of an administrative board (if applicable).
- m. Appointing letter for board.
- n. Sworn affidavit of service by mail (if applicable).

NOTE: Commands are required to retain a complete file copy of all ADSEP cases for 2 years, per reference (a).

3. **Letter of Transmittal Format**. Use the below format when submitting an ADSEP case to the SA via letter, or when forwarding the case to Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) in cases where member was locally discharged. (Use proper letter format.)

1. Per reference (a), the following information is submitted:

a. Reason for processing.

b. Basic record data. Active duty start date; date of current enlistment; EAOS/EOS; race/ethnicity; marital status and dependents; months on board; date and amount of most recent enlistment/reenlistment bonus; deployment status: deployed/pending deployment (number of months)/not deployed; is member pending orders (YES/NO/NA); age; total service (active, inactive); participated in Montgomery GI Bill (YES/NO/NA); specialized training (i.e., nuclear power).

c. Involvement with civil authorities. (If none, annotate NA.)

d. Summary of military and civilian offenses.

e. Findings of the administrative board.

f. Recommendations of administrative board.

g. Type of discharge recommended by administrative board.

h. MILPERSMAN 1910-702 Screening requirements.

(1) Did member serve in an imminent danger zone in the 2-year period prior to notification of separation processing (Yes or No)?
(If Yes, answer (2) and (3))

(2) Was member's record screened for PTSD/TBI as a contributing factor per MILPERSMAN 1910-702 (Yes or No)?

(3) Was PTSD/TBI determined to be a contributing factor (Yes or No)?

i. Psychiatric, medical and/or PTSD/TBI evaluation complete or not applicable (as required).

j. Most recent NAVPERS 1070/613 (Rev. 07-06), Administrative Remarks warning (critical if required under reason for processing).

k. Comments of the commanding officer. (Ensure a clear picture of what/when/why is provided.)

l. If member was separated locally under authority granted by MILPERSMAN 1910-700, provide date, reason, and characterization (ensure a copy of DD 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty is attached as an enclosure).

1. Separation Authority (SA)

a. Prior to approving any involuntary administrative separation (ADSEP) the SA shall ensure the following:

(1) A review of the servicemember's record has been conducted to determine if, in the 2-year period prior to initiation of ADSEP processing, the servicemember served in an imminent danger pay area.

(2) If the servicemember served in an imminent danger pay area, that the member completed all post-deployment surveys and medical evaluations. Involuntary separations will be held in abeyance until any required evaluations and follow-on diagnoses are complete.

(3) If a servicemember has been diagnosed with post-traumatic stress disorder (PTSD) or traumatic brain injury (TBI), a determination must be made as to whether the PTSD/TBI may have been a contributing factor to the conduct forming one or more of the bases supporting the ADSEP action. This determination shall not be made by the SA, but by a mental health professional diagnosing the PTSD/TBI or a higher-level mental health professional consistent with Surgeon General guidance. For those individuals where the circumstances reveal that PTSD/TBI may be a contributing factor to one or more of the bases for separation, the Chief of Naval Personnel (CHNAVPERS), or higher authority, will act as SA. Contact Navy Personnel Command (NAVPERSCOM), Disability/Retirements/LIMDU Branch (PERS-821) for further guidance.

b. The SA is the individual who makes the final retention or separation decision. Depending on the reason for processing and the circumstances of the case, the SA will be:

(1) Commanding officer (CO) (Special Court-Martial Convening Authority (SPCMCA));

(2) General Court-Martial Convening Authority (GCMCA);

(3) NAVPERSCOM, Enlisted Performance and Separations Branch (PERS-832); or NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) as appropriate; or

(4) Secretary of the Navy (SECNAV) (via NAVPERSCOM (PERS-832 or PERS-913) as appropriate).

c. Any SA can refer a case to NAVPERSCOM for action. This can be useful if unique circumstances are present.

2. **Deliberating Final Action.** In deliberating final action, SAs should understand the following:

a. They may not approve findings and characterization recommendations less favorable to the respondent than those rendered by an administrative board.

b. If SAs find legal prejudice to a substantiated right of the respondent or that the board's findings were obtained by fraud or collusion, the case may be referred to a new board made up of all new members. The new board may not make findings/recommendations less favorable than the member's previous board unless the SA finds that fraud or collusion in the previous board is attributable to the respondent or to individuals acting on the respondent's behalf (witness, counsel, etc.).

c. Members confined in foreign jails may be processed for separation, but may not be discharged or separated from the service until the completion of imprisonment and return to the United States (U.S.). In unusual cases, (i.e., life sentence without possibility of parole) separations may be authorized by SECNAV. Reference (a) refers.

d. They will ensure maximum recoupment of bonuses and debts to the government prior to separation, where appropriate.

e. In every case in which characterization of service Under Other Than Honorable (OTH) is recommended, the record of the board's proceedings will be reviewed by a judge advocate or civilian attorney employed by the Navy prior to action by the SA. Such review is not required when another characterization (Honorable (HON), General (Under Honorable Conditions) (GEN), or Entry Level Separation (ELS)) is recommended unless the respondent identifies specific legal issues for consideration by the SA.

3. When Conflicting Recommendation Exists

a. If an administrative board finds that the member committed the offense that led to reason for processing and recommends retention, but the convening authority (CA) or GCMCA recommends separation, forward the case with written rationale to NAVPERSCOM for possible forwarding to SECNAV for final action.

b. If the board finds that the member committed the offense that led to the reason for processing, but votes to retain, and the SA concurs, direct the CA to issue a NAVPERS 1070/613 (07/06), Administrative Remarks counseling/warning per MILPERSMAN 1910-202, outlining the deficiency (i.e., the board's findings and recommendations).

c. If the board finds that the member did not commit the offense that led to the reason for processing, and votes to retain, and the SA finds no errors in the board, the SA should advise the CA in writing that:

"No further action on the case is considered appropriate because member's administrative board of (date) found member did not commit misconduct due to commission of a serious offense as evidenced by (nonjudicial punishment (NJP), NCIS report, etc.)."

d. Members may not be involuntarily held past their expiration of active obligated service (EAOS) for the purpose of administrative discharge processing; therefore, all review actions must be done, discharge authorized, and the member separated as of 2359 the day of EAOS. If this cannot be done, separate the member at EAOS with discharge as characterized by the service record review (see MILPERSMAN 1910-104). The CO may assign an RE-4 reenlistment code (not recommended for reenlistment) and document such action with NAVPERS 1070/613.

-------------------	--

1. **Separation Authority (SA)**. Use the guidance below to determine the appropriate SA. There are certain cases that meet the criteria outlined in paragraphs 3 and 4, but must be elevated to a higher SA for ultimate disposition (see paragraphs 5 through 10). In cases which the SA disagrees with a recommendation for a suspended separation, the SA retains authority to execute the separation.

2. **Commanding Officer (CO)**. The CO is the SA in the following situations when an administrative separation board is not required: (Per reference (a), COs of inactive duty training naval Reserve units are not the SA, unless the unit is a commissioned unit as defined by reference (b)).

a. Selected changes in service obligation for Inactive Reserve;

b. Selected changes in service obligation to accommodate immediate reenlistment;

c. Selected changes in service obligation within 90 days of expiration of active obligated service; or

d. Expiration of service obligation.

3. **Special Court-Martial Convening Authority (SPCMCA)**. The SPCMCA is the SA when

a. notification procedures are used;

b. board procedures are used, the board recommends separation with an honorable or general (under honorable conditions) characterization of service, and the SPCMCA recommends separation; or

c. board procedures are used for non-mandatory processing reasons, the board finds a basis, the board recommends retention, and the SPCMCA recommends retention.

4. **General Court-Martial Convening Authority (GCMCA)**. The GCMCA is the SA when

a. board procedures are used and the board recommends an other than honorable (OTH) discharge;

b. the member waived a board for an offense for which an OTH discharge is authorized; or

c. the member is separated in lieu of trial by court-martial. If the request is based solely on an absence without leave of more than 30 days, then the SPCMCA is the SA.

5. **First Flag Officer in the Chain of Command**. The first flag officer in the chain of command is the SA for Service members who are the alleged victims of sexual assault and recommended for involuntary separation within 1 year of the final disposition of the sexual assault case (references (c) and (d) refer).

6. **Region Commander (REGCOM)**. The REGCOM is the SA when the sole basis for separation is a serious offense that resulted in a conviction by a special or general court-martial that did not impose a punitive discharge. This authority may be exercised when an administrative board has recommended an OTH discharge, including a board waiver that is part of a pretrial agreement.

7. Commander Navy Personnel Command (COMNAVPERSCOM).

COMNAVPERSCOM is the SA for

- a. selected changes in service obligations due to general demobilization or reduction in authorized strength;
- b. selected changes in service obligations for acceptance of active duty commission or appointment;
- c. convenience of the Government (COG) due to conscientious objection (approval only);
- d. COG due to being an alien;
- e. suspended separations for cases in which processing was mandatory; or
- f. members who have physical evaluation board (PEB) action completed or pending, and at the same time are being administratively processed for separation (references (e) and (f) refer).

8. Chief of Naval Personnel (CHNAVPERS). CHNAVPERS is the SA for

- a. involuntary separation of active duty members with 18 or more years of total active duty military service; or
- b. involuntary separation of members with post-traumatic stress disorder (PTSD) or traumatic brain injury (TBI).

9. Secretary of the Navy (SECNAV). SECNAV is the SA

- a. for involuntary separation of active duty reservists within 2 years of retired or retainer pay (reference (g) refers);
- b. when an SA above determines that an honorable discharge is clearly warranted by the presence of unusual circumstances involving personal conduct and performance of naval duty for a member in an entry-level status who is being separated by reason of selected changes in service obligations, COG, disability, or best interest of the service;

c. when a member is being processed for misconduct-civilian conviction, the final action on the appeal has not been taken, and the member does not request separation before final action on the appeal is taken;

d. when a member undergoes mandatory processing for separation, the board finds any basis, and the board and higher authorities recommend retention or suspended separation;

e. when a member undergoes mandatory processing for separation and the board finds no basis;

f. when a basis for separation is met at an administrative board, the board recommends retention, but higher authority disagrees with the board's retention recommendation (board overturn);

g. when COMNAVPERSCOM recommends disapproval of a conscientious objector case; or

h. when a member is being processed for separation for best interest of the service (BIOTS) or for Family Advocacy Program rehabilitation failure.

Note: In all cases where SECNAV is the SA, COMNAVPERSCOM or CHNAVPERS may take final action to retain an enlisted member. If COMNAVPERSCOM or CHNAVPERS recommends separation for the member, the case must be forwarded to SECNAV for final disposition.

10. MILPERSMAN articles that are specific to an individual case provide more guidance than the simplified chart below and adherence thereto must always be required. The chart below provides simplified guidance for determining the SA. It is broken into sections by hierarchy with the lowest SA first and the highest SA last.

1. Notification Procedures or Administrative Board Waived.

When member waives right to an administrative board, or when using notification procedures, command should

- a. process for all reasons for separation per MILPERSMAN 1910-210.
- b. assign characterization (see MILPERMAN 1910-300) for primary reason for separation. Characterization should normally be commensurate with least favorable reason for processing. Normally, misconduct takes precedence over other reasons for separation.
- c. determine, under guidelines of MILPERSMAN 1910-010, whether member should be retained in Individual Ready Reserve (IRR) to fulfill his/her total military obligation. This applies in cases involving separation from active duty or from Selected Reserve.
- d. if member (with less than 6 years of service) requests, forward case to General Court-Martial Convening Authority (GCMCA) for review. GCMCA then becomes separation authority (SA).
- e. forward all cases where administrative board procedures were used, and administrative board was waived, to GCMCA or higher for action. Navy Personnel Command (NAVPERSCOM) will serve as SA for all cases involving recommendations for retention or suspended separation if separation processing is based on mandatory reason(s).

f. execute discharge, forward administrative separation (ADSEP) package and GCMCA action (if applicable), with a copy of DD 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty, to NAVPERSCOM, as appropriate. Ensure correct Separation Program Designator (SPD) code per reference (a) and correct reason for discharge is documented on DD 214.

NOTE: Commands are required to retain a complete file copy of all ADSEP cases for 2 years per reference (b).

			FAX	882-2624

1. **Procedure.** Separation authority (SA) shall take following action upon receipt of an administrative separation (ADSEP) case where an administrative board was held:

IF administrative board...	THEN SA...	BUT modify administrative board's recommendation by...
a. finds a preponderance of evidence supports one or more of the reasons for separation and recommends separation,	may approve board's findings and recommendations.	
	may approve board's findings,	suspending execution of separation (non-mandatory processing reasons only) per MILPERSMAN 1910-222;
		suspending execution of separation pending member's agreement to transfer to Fleet Reserve/Retired List within 60 days in current or next inferior paygrade;
		NOTE: Applies to Fleet Reserve/Retired List, Retired Reserve eligible members only.
		changing recommended characterization of service or description to a more favorable characterization or description;
		changing board's recommendation concerning transfer to Individual Ready Reserve (IRR); or
disapproving board's recommendation and forwarding case to Commander, Navy Personnel Command (COMNAVPERSCOM) to retain member.		

IF administrative board...	THEN SA...	BUT modify administrative board's recommendation by...
<p>b. finds a preponderance of evidence supports one or more of the reasons for separation and recommends suspended separation,</p>	<p>may approve board's findings and recommendations only for cases involving non-mandatory reasons for processing.</p> <p>NOTE: Only Commander, Navy Personnel Command (COMNAVPERSCOM) can approve suspended separation in mandatory processing cases.</p>	
	<p>may approve board's findings,</p>	<p>disapproving suspension of separation.</p>
<p>c. finds a preponderance of evidence supports one or more of the reasons for separation and recommends retention,</p>	<p>may approve board's findings and recommendations only for cases involving non-mandatory reasons for processing.</p> <p>Mandatory processing cases must be forwarded to COMNAVPERSCOM.</p>	
	<p>may approve board's findings,</p>	<p>submitting case to Secretary of the Navy (SECNAV), via COMNAVPERSCOM, recommending separation for one of the specific reasons supported by a preponderance of evidence.</p>

IF administrative board...	THEN SA...	BUT modify administrative board's recommendation by...
<p>d. finds a preponderance of evidence does not support one or more of the reasons for separation alleged and recommends retention,</p> <p>NOTE: Board is required to find misconduct when processing includes any court-martial conviction, or a civilian conviction, or finding tantamount to a finding of guilty by a civil court-system.</p>	<p>must approve board's findings and recommendations unless the overwhelming weight of evidence of record was not recognized by administrative board, in which case convening authority may reprocess case under Best Interest of the Service (BIOTS) for submission to SECNAV for final action.</p> <p>NOTE 1: All mandatory processing cases must be forwarded to COMNAVPERSCOM.</p> <p>NOTE 2: If SA finds findings of board were obtained by fraud or collusion on part of respondent, case may be referred to a new board.</p>	

2. **What Next.** Based on procedures above, SA shall take following steps.

Step	Action									
1	Choose most appropriate reason for separation.									
2	Forward action taken to processing activity for appropriate action.									
3	<p>Processing activity will take following actions:</p> <table border="1" style="width: 100%; border-collapse: collapse; margin-left: 20px;"> <thead> <tr> <th style="width: 33%;">IF...</th> <th style="width: 33%;">THEN...</th> <th style="width: 33%;">AND...</th> </tr> </thead> <tbody> <tr> <td style="vertical-align: top;">separation is directed,</td> <td style="vertical-align: top;">forward case and SA action to personnel office/Personnel Support Activity Detachment (PERSUPP DET) to effect discharge,</td> <td style="vertical-align: top;">forward a complete copy of ADSEP package and SA action, with a copy of member's DD 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty, to appropriate COMNAVPERSCOM code for review and filing in member's permanent personnel record for historical purposes.</td> </tr> <tr> <td style="vertical-align: top;">suspended separation is directed or retention is directed,</td> <td style="vertical-align: top;">forward case and SA action to appropriate COMNAVPERSCOM code for review and/or filing in member's permanent personnel record for historical purposes.</td> <td></td> </tr> </tbody> </table> <p>NOTE: Commands are required to retain a complete file copy of all ADSEP cases for 2 years.</p>	IF...	THEN...	AND...	separation is directed,	forward case and SA action to personnel office/Personnel Support Activity Detachment (PERSUPP DET) to effect discharge,	forward a complete copy of ADSEP package and SA action, with a copy of member's DD 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty, to appropriate COMNAVPERSCOM code for review and filing in member's permanent personnel record for historical purposes.	suspended separation is directed or retention is directed,	forward case and SA action to appropriate COMNAVPERSCOM code for review and/or filing in member's permanent personnel record for historical purposes.	
IF...	THEN...	AND...

-------------------	--

1. **Policy**. Prior to separation, all enlisted personnel shall be interviewed and informed as to whether or not they are recommended for reenlistment, and afforded an opportunity to express their desires regarding reenlistment intentions. In the case of members who are transferred for separation, compliance with this article is the direct responsibility of the last permanent duty station - not the activity to which member was transferred. The reenlistment recommendation of the former commanding officer (CO) is the guide for effecting a separation.

2. **What to Do**

a. When member **is not** recommended for reenlistment, advise in writing using NAVPERS 1070/613 (10/81), Administrative Remarks the reason for non-recommendation. Reference (a) provides additional guidance.

b. When member **is** recommended for reenlistment,

(1) advise member of the Navy career advantages (i.e., training, promotions, pay and allowances, retirement benefits, etc.);

(2) brief the various deadlines for reenlistment bonus eligibility;

(3) if eligible, provide the opportunity to reenlist in the Naval Reserve for inactive duty. Provide the address and telephone number of Navy Reserve recruiter nearest to member's home of record; and

(4) where there is no intent to immediately reenlist, advise the member that future reenlistments may require Navy

Personnel Command (NAVPERSCOM) approval and application via a Navy recruiter.

c. **In all cases**, prepare a NAVPERS 1070/613 entry, reflecting at a minimum, interview date, member's reenlistment intentions, and CO's recommendation regarding retention. Provide rationale for non-recommendations. Include DD 2648 (Rev. 11/99), Pre-Separation Counseling Checklist.

d. Per reference (b), instruct members on their obligation regarding service requirements. Advise 8-year military service obligators with reserve affiliation requirements, and after active duty release, Chief of Navy Reserve will notify them of their nearest Navy Reserve training activity and direct them to report for interviews were required.

-------------------	--------------------

1. Policy

a. Per reference (a), prior to discharge/release from active duty members with disabilities must

(1) file/refuse to file a claim with the Department of Veterans' Affairs (DVA) for compensation, pension, or hospitalization; or

(2) sign/refuse to sign a statement acknowledging that claim procedures were fully explained.

b. A right that members may assert after failing/refusing to sign a claim is not affected by that failure/refusal.

c. This section does not prevent the immediate transfer of a member to DVA facilities for needed hospital care.

2. Rules

a. Designated separation activities must ensure disabled members are not discharged, retired, or released from active duty until they are fully briefed on the right to file a claim for compensation, pension, or hospitalization.

b. Instruct members that any hospitalization or benefits from the DVA at a later date are generally contingent upon the

filing of a claim. Delay in filing may result in the eventual loss of monetary benefits or deprivation of hospitalization.

c. Advise member in some instances DVA benefit payments may exceed their retirement pay entitlement.

d. Commanders of separation activities are responsible for DVA claims submission. Where practicable use DVA counselors for assistance.

3. Separation Activity Actions

a. Within 5 days of separation, separation activity will submit a member's claim form VA-21-526 (02-04), Veterans Application for Compensation or Pension at Separation from Service, to the DVA regional office serving the locality where member intends to live (VA Bulletin I-IV refers). Use the following to complete the claim:

(1) VA 21-526

(2) DD 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty (copy 3)

(3) a certified and legible complete copy of member's military health records (medical) (less jacket cover), including enlistment and separation physical examination records

(4) one copy of the NAVMED 6100/1 (Rev. 09-04), Medical Board Report Cover Sheet, including all attachments if applicable

(5) a certified and legible copy of member's complete military dental treatment record (less jacket cover).

b. Omission of any document or record could cause undue delay in adjudicating the claim by the DVA resulting in undue hardship for the member.

4. SF 600 (Rev. 6-97), Chronological Record of Medical Care

a. When the member does not desire to file a claim, request them to sign the following statement on SF 600:

"I have been told that I am to be (discharged/retired/released) from active duty in the Naval Service by reason of disability and have been advised of my right to file a claim with the Department of Veterans Affairs for compensation, pension, or hospitalization. I have decided not to submit a claim for any of those benefits at this time. I understand that my failure to file a claim at this time does not prejudice any right to submit a claim in the future."

SIGNATURE OF MEMBER

WITNESS' SIGNATURE

b. While the above statement is not a waiver of any rights, it should be forwarded to the Navy Personnel Command (NAVPERSCOM), Reserve Personnel Services (PERS-4912) with the member's closed health record. If the member later files a claim, this along with a copy of the health record, must be forwarded to the DVA.

5. **Others Filing for Compensation.** Members being separated for reasons other than disability may also file compensation claims with the DVA under this article. All claims are submitted per this article.

1. Policy

a. Commanding officers (COs) (or executive officers (XOs)) will personally convey to members detaching from their permanent duty station, expressions of appreciation for service on behalf of the President of the United States, Secretary of Defense (SECDEF), Secretary of the Navy (SECNAV), and Chief of Naval Operations (CNO). If undue delay/inconvenience to the separating member would be caused by CO/XO absence, another officer should render this honor.

b. Prior to detachment, commands are encouraged to present a personalized letter, summarizing the member's naval duties and expressing the Navy's appreciation for honorable and faithful service.

c. Accord members transferring to the Fleet Reserve or Retired List special recognition for their long and faithful service in a preseparation ceremony with an appropriate letter and certificate described in MILPERSMAN 1800-010. A formal letter of appreciation citing member's duty stations, assignments and awards will be delivered to those transferring to the Fleet Reserve or Retired List.

d. Formal ceremonies are encouraged, but the decision rests with the separating member.

2. Exceptions. Discretion shall be exercised in determining to whom letters shall be delivered. Members who are being separated for reasons of poor performance shall not be given letters of appreciation; under no circumstances shall members being separated Under Other Than Honorable conditions or as a result of the execution of a punitive discharge awarded by court-martial, be given a letter of appreciation under this article for their service.

1. Policy

a. Certificates of discharge, Honorable discharge buttons and pins, Navy Reserve membership buttons and pins, and appropriate identification cards (as applicable) will be delivered upon separation to all personnel entitled thereto, by the commanding officer (CO) or designated representative.

b. All certificates, buttons, and pins shall be safeguarded against access by unauthorized persons and against loss or misuse.

c. If a unit is placed out of commission, excess certificates, buttons, and pins will be transferred to the command's Immediate Superior in Command (ISIC) or returned to the place of issuance.

2. Require Explanations. Reference (a) shall be complied with for each enlistment, extension of enlistment (voluntary or involuntary), reenlistment, and entrance on active duty or within 6 days thereafter, and upon completion of 6 months of active duty. Personnel shall be advised of the various types of discharges (and certificates) and the basis for issuance and the possible effects of such discharge relative to reenlistment, civilian employment, veteran's benefits and related matters. Failure on the part of the member to receive or to understand such explanation is not considered a defense in an administrative discharge proceeding or a bar.

3. **Honorable Discharge Buttons.** The Honorable discharge button or pin (pin for women) (regular Navy or Navy Reserve design) is awarded to enlisted personnel who are entitled to a DD 256N (5-50), Honorable Discharge Certificate. Personnel who completed an enlistment in the regular Navy as part of their obligations under reference (b) and who were transferred to the Navy Reserve to fulfill the terms of their obligation, shall receive (if otherwise qualified) the Honorable discharge button or pin. It may be worn on civilian clothes only by eligible personnel, active or separated. Any entry will be made noting the award on NAVPERS 1070/613 (10/81), Administrative Remarks.

4. **Naval Reserve Membership Buttons or Pins.** Buttons (pins for women) indicating membership in the Navy Reserve may be issued by separating commands and enlisting activities, to members of the Navy Reserve on inactive duty. These buttons/pins will not be given to members of the Navy Reserve Officer Training Corps (NROTC) or to members already in possession of such button/pin. They may be worn with civilian clothing only.

5. **Discharge Certificates.** Entries on DD 256N will be in ink or typewritten, with the rate, full name, and branch of service entered after the words "This is to certify that...". In the case of reserve personnel, type "U.S. Navy Reserve" following the member's name. Duplicate certificates are not to be issued. Upon request to Navy Personnel Command (NAVPERSCOM), Records Support Branch (PERS-312D1), a certificate in lieu of a lost or destroyed certificate may be issued.

1. Policy

a. **Inside continental United States (CONUS):** Members eligible for separation while serving in the 48 contiguous United States (U.S.) will normally be separated on board their current command.

b. **Outside continental United States (OCONUS):** Members eligible for separation while serving on a permanent station OCONUS, except Hawaii, unless immediately reenlisted on board, shall be transferred to the appropriate separation activity listed in this article, nearest to the port of debarkation in CONUS. Members should have their separation physical completed prior to transfer.

c. **Hawaii:** Members eligible for separation while serving in Hawaii shall be separated at their duty station; otherwise, such members shall be transferred to Naval Station, Pearl Harbor for separation. Members being transferred to the Fleet Reserve or Retired List shall be transferred to the appropriate separation activity listed in this article nearest to the port of debarkation in CONUS, unless they desire separation in Hawaii.

NOTE: Prior to effecting transfer to a separation activity, ensure members have their complete service record, a completed separation physical, and all separation processing documents.

2. Exceptions to the Policy

a. Under special circumstances, type commanders may exempt ships or other mobile units from separating members on board.

b. Members eligible for separation may be transferred to a separation activity not listed in this article, provided the gaining activity has no objections to receiving personnel for separation processing, and the gaining command's Personnel Support Activity Detachment (PERSUPP DET) has separation capability.

c. Members eligible to be separated or discharged while deployed from their homeport or permanent duty station (PDS), may be authorized travel via their homeport or PDS when it is determined that it is necessary for the member to travel via homeport or PDS to arrange shipment of household goods (HHG), pick-up personal possessions, or to arrange for movement of dependent(s) (hereafter referred to as family member(s)) and/or settle personal affairs.

d. At the member's request and with the approval of their commanding officer (CO), members eligible to be separated or discharged under honorable conditions, while serving at an overseas shore station, including Alaska, ships homeported overseas, or on board a ship with separation capabilities while in port OCONUS in other than belligerent countries, may be separated at their duty station subject to the following conditions:

(1) Member's record does not reflect performance of duty which would bring discredit upon the U.S.;

(2) Member has made application for a passport and visa for the area in which member will reside or travel at a time substantially prior to the normal date of separation, which will be accompanied by a statement from the CO relative to the date the member will be eligible for separation (under honorable conditions);

(3) Member's request to the CO contains a statement that application has been made for a passport, that such passport will be granted upon separation, and that permission to remain in the foreign area has been, or will be, obtained; and

(4) Enlisted members will have an entry to this effect made on a NAVPERS 1070/613 (7/06), Administrative Remarks, of the service record; or

(5) Officers will have their orders modified as follows:

"Your separation at (duty station) is as per your request. Active duty pay and allowances are authorized until actual separation; however, any travel necessary for physical examination or other procedures incident to your separation processing will be at your expense and you will not be entitled to per diem while on temporary duty in connection with separation processing. Your attention is directed to NAVSO P-6034, chapter 5, section U5125 for time limitations on entitlements for transoceanic travel."

3. **CONUS Rules Associated with Policy.** Members may request separation at an activity other than those listed in this article provided the request appears to be reasonably justified, is approved by the CO, transfer is authorized at no additional expense to the government than would be incurred if the member were separated at the separation activity nearest member's duty station, transfer is not effected earlier than 7 working days plus travel time prior to the date directed in an officer's basic orders or the date an enlisted member is eligible for separation, if member is authorized separation or retirement leave an appropriate NAVPERS 1070/613 entry is made, and the following statement is signed by the member and included in the endorsement on officers orders or under supplemental instructions on enlisted orders:

"(date): At your request you have been authorized to report to (activity and location) instead of (activity and location), your normal separation activity, for temporary duty in connection with separation processing, with the understanding that you are not entitled to reimbursement for additional mileage or expenses in connection with such transfer. Your entitlement to mileage allowance upon separation will be computed not to exceed that allowed for travel from your old duty station (to which you would have normally been transferred for separation) to your home of record, place from which ordered to active duty, or home of selection (if applicable). If you do not desire to bear this expense, this authorization is canceled and you will carry out your basic orders."

WITNESSED: _____

4. OCONUS/Hawaii Rules, Associated with Policy

a. Naval aviators should be separated, when feasible, at the nearest naval aeronautical activity, provided no additional expense is involved.

b. Government transportation shall be directed when available.

c. Members separated in Hawaii may not receive a cash advance instead of government transportation or government procured transportation for the transoceanic travel to CONUS.

d. Transoceanic travel from Hawaii must be performed using government transportation within 180 days of separation or the member loses entitlement to transportation or reimbursement.

e. Members may request separation at one of the other separation activities listed in this article, instead of the separation activity nearest the port of debarkation or the permanent station of members required to be separated in Hawaii. Such authorization will be indicated by supplemental instructions and enlisted orders, or be an endorsement to modify officer separation orders. Entry must contain one of the following statements (whichever is applicable):

(1) "At your request, you are authorized to report to (activity and location) instead of the separation activity nearest the port of debarkation, for temporary duty in connection with separation processing, with the understanding that you are not entitled to reimbursement for mileage or expenses in excess of that allowed for travel to the separation activity nearest the port of debarkation to your home of record, place from which ordered to active duty, or home of selection (when applicable). In case you do not desire to bear this expense, you will regard this authorization canceled and carry out your basic orders."

(2) "At your request you are authorized to report to (activity and location) instead of being separated at your duty station in Hawaii, for temporary duty in connection with separation processing, with the understanding that you are not entitled to reimbursement for mileage or expenses, nor to proceed or travel time in connection therewith. Your entitlement to mileage allowance upon separation shall be computed not to exceed that allowed for travel from your old duty station to your home of record, place from which ordered to active duty, or home of selection (when applicable). In case you do not desire to bear this expense, you will regard this authorization canceled and carry out your basic orders."

f. One copy of an officer's orders bearing either of the above endorsements shall be promptly forwarded to Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4).

g. Members who desire to be separated at a naval activity in CONUS other than one of the major naval activities listed in this article shall submit a request, with reason, to that activity for consideration. Commands are encouraged to accommodate such requests when separation facilities are available. When the activity has no objection, the member shall be authorized by endorsement on officer orders or under supplemental instructions on enlisted orders to report to that activity for separation processing using the applicable authorization statement above.

h. Members authorized travel via their homeport or PDS shall have supplemental instructions, or an endorsement to orders in case of officers, with one of the following statements signed by the CO (or by direction):

(1) "Travel authorized from (location from which member is to commence travel) to (ultimate activity transferred for separation processing nearest to member's homeport or permanent duty station) via (location of homeport or permanent duty station to which travel is authorized as outlined above) per NAVSO P-6034, chapter 5, section U5120."; or

(2) "Travel authorized from (location from which member is to commence travel) to (member's homeport or permanent duty station) from separation processing. Member's homeport or permanent duty station is the appropriate activity for separation processing per NAVSO P-6034, chapter 5, section U5120."

i. An enlisted member being separated by reason of pregnancy may be separated under the foregoing conditions provided the member, or the member's spouse, has an established residence in the area of the duty station.

j. Members on temporary additional duty (TAD), deployed OCONUS, with a PDS inside CONUS, must return to their PDS in CONUS, on the return portion of member's TAD orders.

NOTE: Additional travel time is computed by subtracting allowed travel time from actual travel time used. Additional travel time will be charged as leave. If leave charged to cover additional travel time will result in excess leave, normal checkage procedures will be followed. If otherwise entitled, travel time from the place of separation of a member's choice in CONUS, to his or her home of record, will be determined based on such travel time authorized by common carrier or privately owned vehicle (whichever member certifies intention to use), and computed from the place of separation nearest the port of debarkation in CONUS to the home of record.

5. **CONUS Separation Activities**. The following are naval activities in CONUS to which members may be transferred as provided above, for separation processing:

Separation Activity	Location
Transient Personnel Unit	San Diego, CA
Transient Personnel Unit	Puget Sound, Bangor, WA
Transient Personnel Unit	Norfolk, VA
Transient Personnel Unit	Great Lakes, IL
Naval Air Station	Pensacola, FL
Naval Air Station	Jacksonville, FL
Naval Air Station	Lemoore, CA
Naval Station	Anacostia, Washington, DC
Naval Base Ventura County	Port Hueneme, CA
Construction Battalion Center	Gulfport, MS

6. OCONUS Separation Activities

a. Members eligible for separation under honorable conditions, whose home of record or place from which ordered to active duty is one of the following may, at their request, elect transfer to the commands listed below for temporary duty pending separation.

Location	Separation Activity
Guam	Naval Station, Guam, MI
Hawaii	Naval Station, Pearl Harbor, HI

b. Such election will be executed on a NAVPERS 1070/613 of the enlisted service record, or for officers a letter approved by the CO and filed in the officer's service record. Members transferred to the Fleet Reserve who elected transfer to their home of record or place from which ordered to active duty per above, shall be advised that once a home is selected and travel or transportation to such home provided, such election is irrevocable and further entitlement to select a home for travel purposes after transfer to the Fleet Reserve does not exist.

c. Member eligible to be separated under honorable conditions whose home of record is located in Panama shall be separated under normal procedures prescribed above. Entry into Panama requires the consent and permission of the Government of Panama.

7. Citizens of the Republic of the Philippines

a. Enlisted personnel who are citizens of the Republic of the Philippines, whose home of record or place from which called

to active duty is in the Philippines, and whose separation is authorized or directed, will be separated under the provisions contained in this article. Transfer to the Philippines for separation processing is not authorized.

b. Filipinos who have become naturalized citizens of the U.S. and elect to return to the Philippines upon separation, transfer to the Fleet Reserve, or retirement will be advised that a U.S. passport and an entrance visa are required for both permanent and temporary admission into the Philippines.

c. Filipinos who are not naturalized citizens, but remain Philippines citizens, shall have in their possession a valid passport from the Republic of the Philippines. Passports must be obtained at personal expense. The separating command will notify, via letter, the Immigration and Naturalization Service (INS) serving the area where member is being separated of the pending separation action, with the following information:

(1) name and social security number (SSN) of the member being separated;

(2) name of member's family member(s) (if applicable);

(3) member's nationality;

(4) status in the U.S.: "Recruited in the Philippines pursuant to 1947 Military Bases Agreement, as amended;"

(5) date military status will terminate (date of actual discharge);

(6) Philippine passport number;

(7) address where presently located as well as located after separation; and

(8) travel information (if known).

8. Members Separated under Other Than Honorable Conditions

a. No member will be separated OCONUS (including Hawaii) with an Other Than Honorable (OTH) Discharge without the specific written approval of NAVPERSCOM, Enlisted Performance and Separations Section (PERS-832).

Exception: Members of the insular force who are governed by separate instructions to the commands concerned and members with a home of record in Hawaii, Guam, or the Philippines whose discharge may be effected as authorized in this manual.

b. Members discharged under OTH conditions, attached to ships or overseas commands, will be transferred to a CONUS separation activity listed in this article. Members in this category who are stationed in the central or western Pacific area and whose home of record is Hawaii or Guam should be discharged at Naval Station, Pearl Harbor, Hawaii, or Naval Station, Guam, MI as applicable. The member is entitled to transportation in kind and subsistence from the place of separation to the member's home of record and may elect such transportation to a place other than their home of record under certain conditions.

c. Members requesting transportation to Panama must be informed that the Government of Panama may exclude members who have committed a felony or other offenses involving moral turpitude, persons of notoriously bad character, and those likely to become public charges.

d. Enlisted members may be separated while in the custody of U.S. civil authorities when specifically authorized by the separation authority. Such members shall be paid monies due per pay directives. Such separation shall be effected in absentia. Discharge certificates and other separation forms shall be sent via registered mail to the civil place of confinement under a letter of transmittal explaining the fact of discharge and requesting the forms enclosed be delivered to the person concerned. Entries in the service record, and discharge papers, normally signed by the member, will be labeled "Discharged in Absentia."

9. Maximizing Efficiency and Economy

a. Personnel transferred to another activity for separation processing shall be transferred no earlier than 7 working days, plus travel time, prior to actual date of separation.

b. Separations should be expedited once commenced to minimize on per diem payments and to stay within the 7-day window where possible.

c. Personnel authorized retirement or separation leave are prohibited from reporting to any activity for the purpose of terminating the leave status and remaining on board until the date of retirement/Fleet Reserve.

-------------------	---

1. Policy

a. During war or national emergency enlisted Navy Reserve (including Fleet Reserve) and retired enlisted personnel serving on active duty will be released from active duty per instructions issued by Secretary of the Navy (SECNAV) or Navy Personnel Command (NAVPERSCOM).

b. During peacetime,

(1) enlisted personnel are released from active duty on the date of transfer to the Fleet Reserve.

(2) retired enlisted personnel are released on the date of retirement, unless otherwise directed by NAVPERSCOM.

(3) except as provided here, a member of the Navy Reserve may be released from active duty at any time by NAVPERSCOM.

(4) unless in a disciplinary status, members are not retained on active duty without their consent beyond the periods required or authorized by law, or by agreements executed by themselves and approved by competent authority.

(5) per reference (a), a member of the Navy Reserve who is on active duty and is within 2 years of becoming eligible for retired or retainer pay, under a purely military retirement

system, may not be involuntarily released from that duty until eligible for that pay, unless a release is approved by SECNAV.

2. Full Time Support (FTS) of the Navy Reserve Program Personnel

a. During peacetime, Navy Reservists on active duty in the FTS program, except as otherwise indicated here, may not be retained on active duty without the prior approval of NAVPERSCOM, Reserve Enlisted Personnel Section (PERS-4913) beyond the day they became eligible for immediate receipt of retired or retainer pay, whichever is earlier, under reference (b), or other provisions of the law.

b. Exceptions to this policy are

(1) those paygrade E-7 through E-9 personnel who elect retention on active duty for 26 years, and

(2) those paygrade E-6 personnel who elect retention on active duty for 20 years.

c. To preclude release to inactive duty without eligibility for retainer or retired pay benefits, members shall submit their requests for transfer to the Fleet Reserve or Retired List 12 months in advance of the desired dates.

d. FTS personnel who do not have an authorization for retention on active duty will be released from active duty or discharged on the day they become eligible for retainer or retired pay.

e. Navy Reserve personnel on active duty in the FTS program who accept advancement to paygrades E-7/8 will be required to complete active obligated service (OBLISERV) incurred through advancement without regard to the retention limitations noted above.

3. Retirement Provisions

a. Navy Reservists who qualify for retirement with pay under reference (c), and have reached age 60, normally do not receive retirement credit for active duty performed after attaining eligibility for retirement, unless retention in other than a retired status is specifically ordered by SECNAV as prescribed in reference (d).

b. NAVPERSCOM may supplement the Regular force with qualified reservists as needed to meet authorized strength in each grade and competitive category; however, no reservists, including active duty, active status, or retired reservists will be recalled to, or retained on, active duty solely for the purpose of increasing retired pay; or as a reward for long, distinguished service; or for a period extending beyond their 60th birthday.

c. A waiver of the age 60 restriction may be authorized by SECNAV, upon request by NAVPERSCOM,

(1) for a volunteer who is medically qualified for active duty,

(2) who has some special qualification or skill for which a military requirement exists, and

(3) which cannot be met by a Regular or Reserve member under age 60.

d. When service under these strict limitations is rendered after eligibility for retired pay has been achieved, such service will be credited to the member for retirement purposes.

1. Policy

a. The general provisions of MILPERSMAN 1611-010 are applicable to all officer cases involving performance or misconduct. Performance or misconduct issues may arise requiring transfer of an officer while awaiting administrative separation processing. Commanding officers, or commanders, shall promptly notify Navy Personnel Command (NAVPERSCOM), Officers Performance and Separations Branch (PERS-834), via fax or e-mail, of the circumstances and provide recommended course of action with justification regarding detachment.

b. If temporary additional duty (TAD) orders are not practical, the commanding officer or commander shall request NAVPERSCOM, Career Management Department(PERS-4) to issue temporary duty or permanent change of station orders as appropriate.

2. Exception. Officers who have already been disciplined (i.e., nonjudicial punishment) and for whom judicial or nonjudicial action is complete, are not considered to be in a disciplinary status when transferred awaiting separation processing. If TAD orders are issued, the activity issuing TAD orders will bear all costs associated with the officer's TAD assignment.

-------------------	---

1. **Introduction.** Per references (a) through (d) and MILPERSMAN 1160-030 and 1160-120, this article contains the definitions of the key terms/phrases and a broad statement of policy and its intent pertaining to involuntary, non-disability separation pay. The terms/phrases defined are as follows:

- a. Retention eligible.
- b. Involuntary separation.
- c. Not accepted for an additional tour for which one volunteered.
- d. Voluntary separation.
- e. Advancement eligible.

2. **Definition: Retention Eligible.** Meeting all the minimum standards for military service. For the purpose of entitlement to separation pay, servicemembers separated through no fault of their own because of specific limitations are considered to be retention eligible.

a. **Example 1:** Force reduction in end-strength requirements.

b. **Example 2:** Legal restrictions on the number of officers in a particular paygrade.

3. **Definition: Involuntary Separation**

a. Discharge or release from active duty at the initiation of the Government and through no fault of the servicemember: Includes all forms of separation from an active duty status under conditions wherein the individual is released from active duty at any time prior to the completion of a stipulated period of active service or tour of active duty. Separation from active duty is considered involuntary when the servicemember is denied any opportunity to remain on active duty.

b. The following circumstances could cause a retention eligible servicemember to be involuntarily separated from active duty:

(1) An advancement eligible enlisted servicemember separated for high year tenure (HYT).

(2) Separations under a force reduction program.

(3) Officers separated because of failure of selection (FOS) for promotion.

4. **Definition: Not Accepted for an Additional Tour of Active Duty for which One Volunteered.** Refers to a member of the Navy Reserve who, prior to completing a tour of active duty or a stipulated period of active service or upon notification of the Navy's intent to separate from active duty, volunteers to remain on active duty for an additional period but is not accepted. See MILPERSMAN 1920-050.

5. **Definition: Voluntary Separation**

a. Discharge or release from active duty initiated or caused by the servicemember. The following are examples of voluntary separations:

(1) **Example 1:** Servicemember declines training to qualify for a new skill or rating as a precondition of reenlistment.

(2) **Example 2:** Servicemember requests a "convenience of the government" separation.

(3) **Example 3:** Servicemember declines or does not request reenlistment or extension and is subsequently separated.

(4) **Example 4:** Servicemember declines orders and is subsequently separated.

b. Note that servicemembers who initiate or cause their own voluntary separation are not entitled to any separation pay. If the separation was initiated by the member, commanding officers (COs) shall ensure that the DD Form 214 (Rev. 2/00), Certificate of Release or Discharge from Active Duty, separation code reflects a "voluntary" separation, per reference (a).

c. Servicemembers who have been reduced in rate (RIR) are entitled to remain on active duty until their normal expiration of active obligated service (EAOS). If they submit a request to Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Section (PERS-4832) via their CO to separate prior to their EAOS and subsequently receive approval, they still retain entitlement to involuntary separation pay, providing they exceed HYT limits for the new paygrade.

6. Definition: Advancement Eligible

a. Meeting the minimum qualifications for assuming the duties and responsibilities of the next higher paygrade, although neither advanced nor frocked. For the purpose of entitlement to full separation pay, an enlisted servicemember is advancement eligible if they meet the following criteria as of the separation date:

(1) **Criterion 1:** Must have CO's recommendation for advancement and retention.

(2) **Criterion 2:** Must have taken and passed the most recent advancement examination before separation (see (a) and (b) below for exceptions):

(a) For example, if HYT is in August, servicemember must have taken and passed the March examination. Servicemember's CO may waive this requirement if circumstances beyond the servicemember's control prevented participation in the "most recent" examination. In this case, the prior advancement examination must have been taken and passed.

(b) If a servicemember's separation date will be prior to the publication of advancement examination results, the CO may use the immediate previous examination result for the purpose of determining entitlement to separation pay.

b. Note that servicemembers are no longer required to submit a request for waiver of HYT policy as a precondition to entitlement to full separation pay. A CO's recommendation for advancement and retention, and passing the most recent advancement examination before discharge, are sufficient indications of the servicemember's resolve to remain on active duty.

7. Separation Pay Policy

a. Separation pay is intended to assist members, who are involuntarily separated, in returning to civilian life. It was designed to encourage the pursuit of a military career through the assurance that those unable to remain on active duty until eligible for retired or retainer pay can count on compensation to ease their reentry into civilian life.

b. Separation pay will be paid to members "involuntarily separated" from active service and to those "not accepted for an additional tour of active duty for which they volunteered," as provided in this article. Although it is important to ensure that eligible members are paid, it is equally important to ensure that ineligible personnel are not paid in error: Erroneous payments result in debt and subsequent mandatory recoupment, and compound the trauma associated with separation from active duty. Therefore, personnel who are responsible for processing involuntary separations must be very familiar with this policy and apply it properly in each case.

-------------------	--

1. **Introduction.** Per references (a), (b), and (c) this article addresses three major aspects of the involuntary separation pay policy and process:

- a. Eligibility criteria for full separation pay.
- b. Eligibility criteria for half separation pay.
- c. Restrictions on eligibility for separation pay.

2. **Full-Pay Policy**

a. **"Retention eligible"** Service members are entitled to full separation pay if they

(1) meet each of the full-pay criteria listed below.

(2) are not limited to half separation pay by half-pay criteria.

(3) are not precluded from entitlement by a restriction circumstance.

b. "**Advancement eligible**" Service members separated for high-year-tenure (HYT) are entitled to full separation pay, provided they meet the full-pay criteria listed below.

3. **Full-Pay Criteria**. Eligibility criteria for full separation pay is as follows:

a. Separation must be characterized as involuntary.

b. Separation must be characterized as honorable.

c. Service member is on active duty and has completed at least 6, but less than 20, years of active service immediately before separation.

(1) The qualifying years of active service do not have to be continuous, but the last phase of the qualifying term must end immediately before separation.

(2) Reserve Service members not on the active duty list when separated must have 6 years of continuous active duty immediately preceding separation.

(3) For the purpose of entitlement to separation pay, a period of active duty is continuous if it is not interrupted by a break in service of more than 30 days.

d. Service member has completed an initial term of enlistment or period of obligated active service. A Service member

(1) who reaches the end of their initial term of active obligated service (OBLISERV), and extends or reenlists, **has** fulfilled this requirement.

(2) who is not allowed to reenlist or extend beyond their initial term of active OBLISERV **has not** fulfilled this requirement.

(3) whose initial active OBLISERV consists of an enlistment and an extension required to qualify the Service member for training or assignment must complete the full period

of both the initial enlistment and extension, and subsequently reenlist or extend, to fulfill this requirement.

e. As a condition of eligibility for separation pay, Service members must enter into a written agreement to serve 3 years in the Ready Reserve.

(1) Failure to be accepted in the Ready Reserve does not affect a Service member's entitlement to separation pay.

(2) If the Service member has a service obligation remaining at the time of separation from active duty, the 3-year obligation will begin on the day after the date on which the Service member completes this obligation. See MILPERSMAN 1920-050.

4. Half-Pay Policy and Policy Exception

a. Service members "not retention eligible" are entitled to half separation pay, providing they otherwise meet the eligibility requirements of full-pay criteria above and are separated under one of the criteria below.

b. **Policy Exception:** The Secretary of the Navy (SECNAV) may award full separation pay to a Service member who would otherwise be eligible for half pay. Such payments will only be granted in extraordinary instances when the specific circumstances of the separation and overall quality of the Service member's service have been such that denial of full pay would be clearly unjust.

Example: A Service member with a congenital or hereditary disease who is involuntarily separated for convenience of the Government, but who is not eligible for disability severance pay, may be considered for full separation pay.

c. **Requests:** All requests for full separation pay in lieu of half pay will be initiated by the Service member's command and be forwarded to SECNAV (M&RA) via the chain of command and Navy Personnel Command (NAVPERSCOM), Officer Performance and Separations Section (PERS-834) for endorsement.

d. Requests referencing a specific medical condition must contain a local medical endorsement signed by the appropriate

medical field expert, or they will be returned to the command without action.

5. **Half-Pay Criteria.** The following are the criteria for half pay eligibility:

a. **Expiration of Service Obligation:** This category includes Service members "not retention eligible" separated at their expiration of active obligated service (EAOS) or HYT. Service members separated for HYT need not be "advancement eligible" for entitlement to half pay.

b. **Convenience of the Government:** This category encompasses involuntary separations for parenthood and for other designated physical and mental conditions, including somnambulism, enuresis, personality disorder, motion/air sickness, allergies, and excessive height.

c. **Physical Fitness Assessment Failure.**

d. **Alcohol Abuse Rehabilitation Failure.**

6. **Separation Pay Eligibility Restriction Policy**

a. Service members separated under any of the restrictions or circumstances listed below are not eligible for separation pay.

b. **Ineligibility Counseling:** Service members should be counseled as to the reason for their ineligibility, per this article. This action will help minimize the number of separation pay requests sent to the Board for Correction of Naval Records (BCNR) by ineligible personnel.

7. **Restrictions Leading to No-Pay.** The restrictions leading to no-separation-pay are grouped on the basis of whether the separation is due to normal Navy personnel force management, Navy quality force management, or member's career management decisions:

a. **Normal Navy Personnel Force Management Decisions:**

(1) Members of the Navy Reserve discharged while on inactive duty.

(2) Service member released from active duty for training.

(3) Upon separation, Service member is immediately eligible for retired or retainer pay.

(4) Upon separation, Service member is retained on active duty in either an officer or enlisted status.

(5) Service members separated during an initial enlistment or period of OBLISERV.

b. Navy Personnel Force Quality Management Decisions:

(1) Separation is directed as part of the execution of a court-martial sentence, which includes discharge or dismissal.

(2) Separation is characterized as other than honorable.

(3) Enlisted Service members separated because of misconduct or unsatisfactory performance.

(4) Officers separated for cause by reason of substandard performance of duty, misconduct, or moral or professional dereliction.

(5) Officers who have been notified in writing to show cause for retention and subsequently request separation for such reasons, except when half-pay is allowed under the half-pay criteria above.

(6) Service members "not retention eligible," except when half-pay is authorized under the half-pay criteria above.

c. Service member's Career Management Decisions:

(1) Separation initiated by the Service member (voluntary separation).

(2) Service member refuses to enter into a written agreement to serve 3 years in the Ready Reserve as a precondition to entitlement to separation pay.

(3) Service member declines training to qualify for a new skill or rating as a precondition to reenlistment or continuation on active duty.

(4) A member of the Navy Reserve who did not "volunteer for an additional tour of active duty" under MILPERSMAN 1920-050.

NOTE: In extraordinary cases, SECNAV may determine that an otherwise eligible Service member does not warrant separation pay, based on consideration of recommendations and supporting documentation. This discretionary authority to deny payment is used sparingly.

-------------------	--

1. **Policy**

a. As a condition of eligibility for involuntary separation pay (ISP), officers must agree to serve for 3 years in the Ready Reserve in addition to any other remaining obligated service.

b. The Ready Reserve consists of both the Selected Reserve (SELRES) and the Individual Ready Reserve (IRR). The SELRES is composed of drilling reservists in a pay status and the IRR is composed of reservists in a non-drill and non-pay status. Officers desiring a direct affiliation with the Navy Ready Reserve must apply for affiliation at Navy Personnel Command (NAVPERSCOM), Career Transition Office (PERS-9X).

c. Affiliation with the SELRES or the IRR is at the choice of the member and either obligation will satisfy the reserve obligation required for ISP.

d. If an involuntarily separated officer is not offered a Reserve Oath of Office, then he or she may still be eligible for ISP as long as he or she signs an agreement to serve, on NAVPERS 1070/613 Administrative Remarks, on or before his or her separation date.

e. For a complete listing of eligibility criteria and restrictions for involuntary separation pay (non-disability), see MILPERSMAN 1920-040.

2. **Agreement to Serve**. Officers eligible for involuntary separation pay are required to sign a NAVPERS 1070/613 Administrative Remarks service record entry prior to separation from active duty as a condition of eligibility for involuntary separation pay. The below is an example entry for the NAVPERS 1070/613:

"Date": As a condition of eligibility for involuntary separation pay (ISP), I agree to serve in the Ready Reserve, Selected Reserve (SELRES), or Individual Ready Reserve (IRR) for a period of 3 years, in addition to any remaining military service obligation I have incurred under law, if I am offered a Reserve Oath of Office. I understand this agreement is made without regard to the reason for my separation or my eligibility for affiliation with the Ready Reserve. Furthermore, should I be accepted in the Ready Reserve, I must sign a Reserve Oath of Office as a condition of qualifying for involuntary separation pay.

In addition to any remaining service condition that I have incurred under law, I fully understand that if I do not agree to incur a 3 year obligation in the Ready Reserve, if approved, then I will become ineligible for any involuntary separation pay.

I understand that I may serve in the Navy SELRES or IRR by applying for affiliation at Navy Personnel Command (NAVPERSCOM), Career Transition Office (PERS-9X).

I further understand that if I am in the Individual Ready Reserve, I may request to become an officer of the SELRES any time afterwards by applying for affiliation at a Navy Reserve recruiting office or Navy operational support center (NOSC), if O-4 and below or via the Apply Board if O-5 and above.

If I am not offered a Reserve Oath of Office, I understand that I may still be eligible for involuntary separation pay.

I also agree that if accepted in the Navy Ready Reserve, I will keep Navy Personnel Command, IRR Mobilization and Force Management Division (PERS-93) informed of any changes in my address, physical status, or dependency status, per Title 10 U.S.C., 1174, DoDI 1332.29, DoD 7000.14-R, DoD Financial Management Regulation, Volume 7A, and BUPERSINST 1001.39F.

3. Ready Reserve Processes

a. Regular officers will be tendered a Navy Reserve appointment.

b. Prior to an officer's discharge or release from active duty and prior to a payment of involuntary separation pay, the officer's command will forward signed original of the above agreement to serve on NAVPERS 1070/613 to the supporting personnel office/PERSUPPDET for completion of DD 214 worksheet, Certificate of Release or Discharge of Active Duty, and inclusion of NAVPERS 1070/613 into the member's Official Military Personnel File (OMPF). The separating officer will forward a signed copy of the agreement to serve on NAVPERS 1070/613 to NAVPERSCOM (PERS-9X).

c. The supporting personnel office/PERSUPPDET will forward the completed DD 214 worksheet to the officer's command for verification and accuracy by the member.

d. NAVPERSCOM (PERS-9X) will forward Reserve Oath of Office request to PERS-8 for further disposition.

e. If the Reserve Oath of Office is not approved by Secretary of Defense (O-5 and below) or President of the United States (O-6 and above):

(1) PERS-8 will notify NAVPERSCOM (PERS-9X).

(2) NAVPERSCOM (PERS-9X) will notify the officer and the supporting personnel office/PERSUPPDET that the member is not eligible for Navy Reserve Oath of Office, but may be eligible for involuntary separation pay by virtue of agreeing to serve if qualified.

(3) For a complete listing of eligibility criteria and restrictions for involuntary separation pay (non-disability), see MILPERSMAN 1920-040.

f. If the Reserve Oath of Office is approved by Secretary of Defense (O-5 and below) or President of the United States (O-6 and above):

(1) NAVPERSCOM (PERS-8) will prepare the Reserve Oath of Office and forward to NAVPERSCOM (PERS-9X).

(2) NAVPERSCOM (PERS-9X) will forward the Reserve Oath of Office to the separating officer.

(3) Once the Reserve Oath of Office has been signed by the separating officer and officer administering the oath, the separating officer shall immediately forward a signed copy of the Reserve Oath of Office to the supporting personnel office/PERSUPPDET and to NAVPERSCOM (PERS-9X).

(4) NAVPERSCOM (PERS-9X) will forward a copy of the Reserve Oath of Office to NAVPERSCOM (PERS-911) for recording into IMAPMIS and inclusion of the document into the officer's OMPF.

g. If the Reserve Oath of Office has not yet been approved by Secretary of Defense (O-5 and below) or President of the United States (O-6 and above) before an officer separates from active duty:

(1) If approved after officer separation:

a. NAVPERSCOM (PERS-8) will prepare the Reserve Oath of Office and forward to NAVPERSCOM (PERS-9X).

b. NAVPERSCOM (PERS-9X) will forward Reserve Oath of Office to the separating officer.

c. Once the Reserve Oath of Office has been signed by the separating officer, and officer administering the oath, the separating officer shall immediately forward a signed copy of the Reserve Oath of Office to the supporting personnel office/PERSUPPDET and to NAVPERSCOM (PERS-9X).

d. NAVPERSCOM (PERS-9X) will forward a copy of the reserve Oath of Office to NAVPERSCOM (PERS-911) for recording into IMAPMIS and inclusion of the document into the officer's OMPF.

(2) If not approved after officer separation:

a. If the reserve Oath of Office is not approved, NAVPERSCOM (PERS-8) will notify NAVPERSCOM (PERS-9X).

b. NAVPERSCOM (PERS-9X) will notify the officer and the supporting personnel office/PERSUPPDET that the member is

not eligible for Navy Reserve Oath of Office, but may be eligible for involuntary separation pay by virtue of agreeing to serve if qualified. For a complete listing of eligibility criteria and restrictions for involuntary separation pay (non-disability), see MILPERSMAN 1920-040.

h. The supporting personnel office/PERSUPPDET will make the following DD 214 entry (if Reserve Oath of Office approval/disapproval is received prior to an officer's separation from active duty) or DD 215 entry (if Reserve Oath of Office approval/disapproval is received after an officer's separation from active duty):

(1) For personnel eligible to serve in the Ready Reserves:

"Member must accept oath in the Ready Reserve to qualify for involuntary separation pay."

(2) For personnel ineligible to be accepted in the Reserves, but agreed to serve, on NAVPERS 1070/613, if qualified:

"Although not accepted in the Ready Reserve, member has met a condition of eligibility for involuntary separation pay."

i. The supporting personnel office/PERSUPPDET will make the appropriate involuntary separation payment and DD 214 payment entry or DD 215 payment entry, block 18 (Remarks) separation payment section per reference (e).

(1) Payment of involuntary separation pay shall not be authorized until the Reserve Oath of Office, if approved, has been signed by the separating officer and officer administering the oath.

(2) Payment of involuntary separation pay shall not be authorized until such an agreement, NAVPERS 1070/613, has been signed by the separating officer

(3) The supporting personnel office/PERSUPPDET shall ensure eligibility criteria and restrictions for involuntary separation pay (non-disability), see MILPERSMAN 1920-040, are satisfied prior to making an involuntary separation payment.

j. Once the DD 214 is completed, the supporting personnel office/PERSUPPDET will coordinate arrangement for the Sailor's signature. If Sailor is unavailable to sign, the supporting personnel office/PERSUPPDET will annotate "member not available for signature" and forward respective copies per reference (e).

-------------------	---

1. **Calculation of Full Pay.** References (a) through (d) refer. Full pay is defined as 10 percent (0.10) of the product of a servicemember's years of active military service, and 12 times the monthly basic pay to which the servicemember was entitled at the time of discharge or release from active duty (0.10 x years of active service x 12 months x monthly basic pay).

2. **Calculation of Half Pay.** Half pay is defined as one-half the rate in the calculation of full pay above (0.05 x years of active service x 12 months x monthly basic pay).

3. **Determining Years of Active Military Service.** To determine years of active military service for use in computing separation pay, count each full month of active service that is in addition to the number of full years of creditable active service as 1/12 of a year. Disregard any fraction of a month.

4. **Example**

a. An E-6 with 11 years and 5 months of active service is involuntarily separated for alcohol abuse rehabilitation failure.

b. For "years of active service," whole months are counted as fractions of a year. Thus, in this case, 11 years and 5 months is 11 and 5/12 years or 11.42 years.

c. "Monthly basic pay" is basic pay at the time of separation. In this case, \$1742.70.

d. Per half-pay criteria, see MILPERSMAN 1920-040, servicemember is entitled to half pay for alcohol abuse rehabilitation failure. Thus, $0.05 \times 11.42 \text{ years} \times 12 \text{ months} \times \$1742.70 = \$11,940.98$.

5. **Payment Documentation.** Per reference (a), when completing the separation documents, commanding officers shall ensure the DD 214 (Rev. 2/00), Certificate of Release or Discharge from Active Duty reflects

a. the amount of separation pay received by the servicemember.

b. accurate characterization of the separation through the use of separation and reentry codes.

1. Policy

a. An officer shall be processed for separation following any disciplinary or administrative action if based upon any substantiated incident of serious misconduct resulting from the officer's participation in extremist or supremacist activities. The proscribed misconduct must relate to

(1) illegal discrimination based on race, creed, color, sex, religion, or national origin; or

(2) advocating the use of force or violence against any federal, state, or local government or agency thereof, in violation of federal, state, or local laws.

b. Most cases will involve one or more violations of reference (a), including but not limited to

(1) disobedience and orders violations (Articles 90 and 92), including violations of lawful general regulations as set forth in reference (b) and punitive instructions;

(2) cruelty and maltreatment of subordinates (Article 93);

(3) riot or breach of peace (Article 116);

(4) provoking speech or gestures (Article 117);

(5) conduct unbecoming an officer and gentleman (Article 133);

(6) disloyal statements; drunkenness and/or disorderly conduct; communicating a threat; carrying a concealed weapon; soliciting another to commit an offense; requesting commission of an offense; and wearing unauthorized insignia, decoration, badge, ribbon, device, or lapel button on one's uniform or civilian clothing (Article 134).

c. An incident of misconduct is substantiated if it results in one or more of the following:

(1) A conviction by a court-martial or civil criminal court system.

(2) Imposition of non-judicial punishment under Article 15.

(3) A determination by the convening authority, using the preponderance of evidence standard that the member has engaged in supremacist or extremist conduct.

2. **Characterization of Service.** Characterization of service will be determined using the guidelines set forth in reference (c), enclosure (5).

3. **Separation Procedures.** As circumstances warrant, use either Notification Procedures or Board of Inquiry Procedures. Processing requirements are provided in reference (c), enclosures (7) and (8).

1. Policy

a. The Navy Personnel Command cannot always predict the exact day an officer will be detached by their commanding officer for release from active duty. Since the time required for separation processing may vary, release from active duty orders will provide the year and month for detachment sufficiently early to ensure necessary travel, processing time, and to ensure that officers are separated prior to the terminal date of minimum required service so that provisions of contracts and Public Law are met.

b. Frequently, this procedure may result in release from active duty several days or weeks prior to the expiration of minimum required service.

c. In cases where tuition assistance or a community managed bonus (aviation career continuation pay, surface warfare officer continuation pay, etc.) service obligation exists, the required specific completion date of service will be provided in the detaching orders.

d. Eligibility for recall to active duty is not affected by such actions.

-------------------	--------------------

1. **Procedures**. A Navy Reserve officer on active duty as a Full Time Support (FTS) with a designator of (XXX7) who desires release from active duty (RAD) and placement in the Ready Reserve shall notify Navy Personnel Command (NAVPERSCOM), Officer Performance and Separations Branch (PERS-8331) by letter at least 9 months but not more than 12 months prior to the month RAD is desired. A RAD request will be returned without action if the officer does not comply within the 9 to 12 month submission time requirement. An officer desiring to resign from the Navy Reserve should consult with SECNAVINST 1920.6C and MILPERSMAN articles 1920-190 and 1920-200.

2. **Requests for RAD**. If the RAD request is delayed in reaching NAVPERSCOM (PERS-8331) through no fault of the officer concerned, **the assigned date of receipt will be 21 days following the date of the officer's request**. The RAD month must be carefully selected and consideration should be given to any separation leave desired by the officer. Approval of a RAD request does not constitute approval of separation leave, which remains a command-level decision. Extensions of the RAD month will not be approved to accommodate separation leave. Should the officer require separation orders more than 3 months in advance of the desired detachment month, it should be annotated on the original request with the reason why.

3. **Contents of Letter Request**. The proper letter format for a RAD request is the same as an unqualified resignation request, see MILPERSMAN 1920-190. Change subject to "Request for Release from Active Duty (ACDU)."

4. **Commanding Officer's (CO's) Endorsement**: Submit per MILPERSMAN 1920-200, para. 13.

5. Approval Requirements. Approval requirements are contained in MILPERSMAN 1920-200, para. 11.

4. **Commanding Officer's (CO's) Endorsement**

a. The following outlines minimum and mandatory inclusions required for a properly drafted command endorsement letter:

(1) COs must forward the RAD request by endorsement within 10 days and must certify information provided in the officer's RAD letter is correct.

(2) The CO's endorsement shall comment on circumstances of all RAD requests submitted by officers within his/her command.

(3) The CO's endorsement must contain an assessment of the need for a qualified relief, whether the billet can be gapped, and if so, the maximum acceptable duration.

(4) The CO's endorsement shall address any requirement for the officer to receive separation orders more than 3 months in advance of the desired detachment date (household goods (HHG) shipment, separation leave, deployment, etc.).

b. All information concerning an officer's RAD request must be provided to Chief of Naval Personnel (CHNAVPERS) and Secretary of the Navy (SECNAV) so appropriate recommendations and final action may be taken. This information is very useful to each level of the chain of command in formulating officer retention initiatives. The CO should summarize the officer's professional performance, perceptions of the reasons the officer cites for leaving the Navy, and a recommended disposition of the request.

5. **Approval Requirements**. Approval of RAD will normally be withheld until an officer has completed

a. two years upon arriving at a new duty station, except as set forth below:

(1) DOD area tour if assigned overseas (for this purpose, Alaska and Hawaii are considered to be outside the continental United States (OCONUS)).

(2) One year if reassigned to CONUS from overseas.

(3) One year for members assigned to CONUS sea duty who will not commit to extend or incur an active duty service obligation.

b. the applicable tour, as prescribed in para. 5a, at ultimate duty station in cases when a RAD request is received by NAVPERSCOM (PERS-4834) after the date of issuance or notification of permanent change of station (PCS) orders. Such issuance or notification must be within 6 months of the first day of the month of an officer's projected rotation date (PRD) and may be accomplished by official letter, postcard, message, E-Mail, or telephone; or

c. obligated service (OBLISERV) incurred as a result of lateral transfer between competitive categories or designators; entering an education or training program (i.e., postgraduate, tuition assistance, law, medical, flight); or receiving an incentive pay, continuation pay, or bonus.

1. Policy

a. Officers completing their minimum required service (or extension) may submit a resignation request for release from active duty in accordance with SECNAVINST 1920.6C.

b. Members on active duty who are precluded by reason of age from attaining eligibility for retirement with pay will, upon application, be given special consideration for early release from active naval service. Although approval of applications must take cognizance of the needs of the naval service, favorable action normally can be expected, with due regard being given to member's ineligibility for retirement benefits, age, and the possibility that continued retention on active duty would be to the detriment of the officer's standing in civilian pursuit or profession.

c. Commissioned officers of the Medical and Dental Corps shall be excluded from consideration for early release from active service under this policy until they have completed the full term of service required under applicable law or that they agreed to serve, whichever is longer.

2. Procedures. Officers desiring release from active duty shall submit their resignation request to PERS-8331, via their commanding officer/officer in charge, and a copy to their detailee. Deadlines or requirements for submission are established in MILPERSMAN 1920-200.

-----------------------------	---

1. **Criteria for Release.** Naval Reserve officers shall be involuntarily released from active duty as follows:

a. **Failure to select.** Naval Reserve officers on the active duty list in the grades of O-5 and below, whose names are not on a promotion list and twice fail of selection for promotion to the next higher grade, shall be involuntarily released from active duty no later than the 1st day of the 7th calendar month beginning the month after the report of the selection board, which considered the officer for the second time, is approved. However, officers subject to separation under this paragraph may be selectively retained on active duty through the administrative Retention Board based on a need for that officer's specific skills and unique qualifications. Naval Reserve officers on the active duty list in the grade of O-6 whose names are not on a promotion list to the next higher grade shall

(1) request transfer to the Retired Reserve if qualified;
or

(2) be released from active duty at the end of their current obligation/PRD unless retained through the administrative Retention Board; or

(3) be discharged on the 1st day of the month following in which the officer completed 30 years total commissioned service per 10 U.S.C. 6389 and 14706.

b. **Demobilization.** Reserve officers may be released from active duty as a part of general demobilization or reduction in authorized strength.

c. **Best Interest of the Naval Service.** When determined to be in the best interest of the naval service, Navy Personnel Command (NAVPERSCOM) may, in those cases where no other reason is set forth in SECNAVINST 1920.6 (series), release a Naval Reserve officer from active duty, without the requirement for the officer to be heard by a Board of Inquiry or any other formal board before release.

2. **Statutory Limitations.** The following statutory limitations exist regarding the release of Reserve officers from active duty:

a. **Sanctuary.** Under 10 U.S.C. 12683, 12684, 12685, and 12686, a Reserve officer who is on active duty and is within 2 years of becoming eligible for retired pay under a purely military retirement system will not be involuntarily released from that duty before they become eligible for that pay, unless their release is approved by the Secretary of the Navy upon recommendation, by a Board of Inquiry. Retirement under 10 U.S.C. 12731 has been held by the Comptroller General of the United States to be under a "purely military system." SECNAVINST 1920.6A, or as amended in the future, addresses this issue further.

b. **Active Duty Agreement.** A Reserve officer serving pursuant to an active duty agreement executed per 10 U.S.C. 12311 may not be involuntarily released from active duty during the period of the agreement because of a reduction in authorized personnel strength or for any other reason unless such release is recommended by a Board of Inquiry, except when he or she is

(1) dismissed or discharged under the sentence of court-martial; or

(2) released because of a conviction and sentence to confinement in a Federal or State penitentiary or correctional institution and the sentence has become final; or

(3) released under "Criteria for Release," above, for having twice failed of selection for promotion.

c. **Time of War.** A Reserve officer may be released from active duty (other than for training) in time of war or national

emergency declared by Congress or the President after **January 1, 1953**, only upon the recommendation of a Board of Inquiry approved by NAVPERSCOM, unless the officer waives the board or his or her release is otherwise authorized by law.

1. **Policy Regarding Regular Navy Officers.** The commissions of Regular Navy officers holding permanent appointments above chief warrant officer (W-4), with less than 5 years continuous commissioned service, are subject to revocation by the Secretary of the Navy.

2. **Policy Regarding Naval Reserve Officers.** The commissions of the Naval Reserve officers on active or inactive duty and the warrants or the commissions of all Regular Navy or Naval Reserve warrant or chief warrant officers are subject to revocation at any time, regardless of length of service.

3. **Policy Regarding Temporary Officers.** The appointment of temporary officers may be terminated at any time, regardless of length of service.

4. **Termination for Unauthorized Absence or After Sentencing.** Any officer may be dropped from the rolls for unauthorized absence of at least 3 months, or who has been sentenced to confinement in a Federal or state penitentiary or correctional institution after having been found guilty of an offense by a court other than a court-martial or military court and whose sentence has become final.

5. **Termination for Dependency or Pregnancy Status**. In addition to the foregoing, the commission or warrant of a woman officer is subject to termination by reason of dependency or pregnancy status as prescribed in this Manual.

6. **Separation Process**. Utilizing fitness reports, recommendations from commanding officers, or other sources of information, the NAVPERSCOM will determine whether an officer will be processed for possible dropping from the rolls, revocation of commission, termination of appointment, or such separation from the naval service as may be appropriate. Detailed information and guidance for processing officers for separation because of misconduct, unsatisfactory or poor performance of duty, unsuitability, or other conditions which render the continuation of officers in their present status undesirable are contained in SECNAVINST 1920.6A.

7. **Procedure**. A commanding officer who has an officer attached to his command who he believes should not retain his status as an officer or who should be released from active duty should follow the steps listed below:

Step	Action	
1	Forward an appropriate recommendation with substantiating information to NAVPERSCOM (PERS-82) via the chain of command. (Do not submit a special fitness report solely to support the recommendation.)	
2	Thoroughly document the officer's performance in the recommendation itself.	
3	Prior to forwarding the recommendation that the officer be released from active duty or separated from the service for cause, determine whether the officer desires to submit an involuntary resignation, for an appropriate type of discharge, in lieu of administrative board proceedings.	
	IF...	THEN...
	the officer submits a resignation (whether or not it is considered an appropriate type),	forward the resignation for consideration, together with your recommendation concerning acceptance.
the officer does not submit a resignation,	state the fact that the officer was afforded the opportunity and declined to do so.

Governing Directive	SECNAVINST 1920.6B
----------------------------	--------------------

1. Background

a. Once members have legally accepted a commission or warrant and have executed the oath of office, they have acquired a legal status. Termination of this status may be effected only through a specific legal process. The forms of termination presently authorized for officers include dismissal, revocation of commission, acceptance of resignation, dropping from rolls, termination of commission, and separation for cause.

b. Neither retirement nor release from active duty affects the status of commissioned or warrant officers of Naval Service if their commission or warrant has not been terminated in one of the forms listed above. Upon retirement or release from active duty an officer continues to be fully subject to naval jurisdiction and orders, except only to the extent that jurisdiction is specifically limited by statute.

c. Separations of officers from Naval Service must be approved by Secretary of the Navy.

2. Special Fitness Report. Recommendation for termination of commission and separation, which are initiated under SECNAVINST 1920.6B as a result of poor performance or unsatisfactory conduct, need not be accompanied by a special fitness report.

3. **Change of Address**. Commanding officers shall advise each member upon release to inactive duty in the Naval Reserve to submit their change of address to Naval Reserve Personnel Center. Members who will be affiliated with a Naval Reserve unit after release from active duty shall be advised to report their change of address directly to the unit.

4. **Official Records Envelope**

a. DD 473, Official Records Envelope shall be issued to all personnel at the time of their separation. The purpose of this envelope is to provide personnel with a container for their separation papers, certificates, buttons, etc. Under no circumstances shall it be used for mailing purposes.

b. Prior to delivery, the name and address of the separatee should be typed on the envelope in the space provided. The title and address of the activity effecting separation should be typed in the upper left-hand corner.

-------------------	---

1. **Policy**. Separation orders for officers will be final orders and will be approved only by the Chief of Naval Personnel (CHNAVPERS) or the Secretary of the Navy (SECNAV), and issued by Navy Personnel Command (NAVPERSCOM) with certain exceptions and under certain conditions, whereby a command may be specifically delegated such authority by CHNAVPERS or SECNAV per reference (a).

2. **Procedures**. Special instructions on officer separation orders and their execution are as follows:

a. Officers in receipt of separation orders who have disciplinary action pending or contemplated, or who are subject to the unexecuted sentence of courts-martial will not be separated nor transferred for separation without specific direction of CHNAVPERS per reference (b).

b. Per MILPERSMAN 1900-808, officers pending a mandatory separation or retirement will not be delayed unless the member is either hospitalized or a medical board report has been accepted by the physical evaluation board (PEB) for disability evaluation processing prior to the mandatory release/retirement date. If a medical board is referred to the PEB for review as a result of the member's retirement or separation physical, the medical board summary should include a statement that the medical board is the result of the member's separation or retirement physical. Commanding officers will comply with MILPERSMAN 1301-010. NAVPERSCOM, Officer Performance and Separations Branch (PERS-834) will be an information addressee

on all messages concerning hospitalization, medical re-evaluations, and follow-up progress reports.

c. Officers in receipt of separation orders authorized by SECNAV by reason of misconduct or disciplinary proceedings which resulted in involuntary separation will not be afforded medical board action, as the former reasons for discharge take precedence over medical disability separations and limited duty considerations. In such instances, DD 2808 Report of Medical Examinations or DD 2807-1 Report of Medical History will be completed with physical defects noted and made a part of the member's health treatment record. The officer may then be separated.

d. Officers in receipt of separation orders who are accountable for public funds or public property will not be separated nor transferred for separation until proper accounting and disposition of such funds or property has been made under Navy regulations and pay directives.

e. In the absence of information to the contrary, the character of an officer's service and separation therefrom may be considered to be honorable. In any case where doubts exist, information concerning the characterization of service will be requested from NAVPERSCOM (PERS-834).

3. Delay En Route

a. Delay en route in execution of separation orders may be authorized for officers, irrespective of their locations, provided no excess leave is involved.

(1) Leave in foreign countries is covered in MILPERSMAN 1050-250.

(2) The month of detachment contained in the line of accounting is the month the member will be physically separated from active duty, regardless of leave.

b. Commanding officers are authorized to detach officers early and to grant requests for delay to count as leave, with the understanding that a relief will not be given any earlier than would otherwise occur had the leave not been granted.

c. A modification of orders must be requested and approved by CHNAVPERS prior to the member's detachment in cases where the month in the accounting data would be changed by an early release from active duty, if requested by the member.

d. Authority may be granted to officers to report at the expiration of leave to a separation activity of their choice per MILPERSMAN 1910-812. Members will be told that reporting at the separation activity more than 7 days prior to the effective date of separation is not authorized. The endorsement on the orders will contain the following statement:

"Not authorized to report to (separation activity) prior to (enter date 7 days prior to effective separation date), unless specifically approved by CHNAVPERS. The payment of per diem at a separation activity in excess of 7 days in advance of effective date of separation is prohibited."

4. **Excess Baggage**. Excess baggage is not authorized in orders for an officer's release from active duty, **except for an officer returning from outside of the continental United States/remote duty location.**

-------------------	---

1. Introduction

a. The President may, within authorized strengths, permit officers of the Regular Navy and Navy Reserve on active duty to resign their commissions contingent upon acceptance into medical training programs as Navy Reserve officers with reappointment, at the completion of the required medical training, into a specific Navy Staff Corps in a health profession (under reference (a)). Secretary of the Navy (SECNAV), by virtue of his authority to act for the President, prescribed criteria for the voluntary termination of an officer's status.

b. The policy of SECNAV regarding the resignation of an officer of the Regular Navy or the Navy Reserve on active duty is set forth in reference (b).

c. Policies regarding admissions and acceptance to the AFHPSP and USUHS medical training programs are set forth in reference (c) and MILPERSMAN 1500-030, respectively.

d. Before submitting a contingent resignation, an officer must meet the criteria in reference (c) and MILPERSMAN 1500-030. Additionally, MILPERSMAN 1920-200 clarifies the conditions under which a resignation may or may not be submitted. Approval or disapproval of the contingent resignation will be governed by

the needs of the service as provided in that article. Submission of a contingent resignation must follow the format provided in MILPERSMAN 1920-190.

e. Resignation requests shall be addressed to SECNAV via the commanding officer (CO) and Navy Personnel Command (NAVPERSCOM), Officer Performance and Separations Section (PERS-4834F), with copy to (**not via**) each level of the administrative chain of command through fleet commander (PAC or LANT) of the unit to which the officer is assigned.

f. To prevent a break in military service, resignation requests must be sent to reach NAVPERSCOM (PERS-4834F) **between 1 August and 20 November of each year**. This time frame is **9 to 12 months in advance** of the class convening in **August of the following year**.

2. Resignation Request

a. All resignation requests must provide the original and one copy of the following documents as enclosures:

(1) DD 2808 (10-05), Report of Medical Examination

(2) DD 2807-1 (10-03), Report of Medical History

(3) SF 86 (9-95), Questionnaire for National Security Positions from the Office of Personnel Management (OMB 3206) or superseding form

(4) OPNAV 5520/20 (10/79), Certificate of Personnel Security Investigation, Clearance and Access, or if a National Agency Check Request, or superseding SF 86C, Personnel Security Questionnaire (National Agency Checklist)

b. Any additional documents needed should be available in the officer's official military personnel file (OMPF). All officers desiring a contingent resignation for acceptance to either medical training program should make sure their official record is complete prior to sending the request. The completeness of an officer's OMPF is the responsibility of the officer. Upon request, NAVPERSCOM, Records Management/Policy Section (PERS-312E) will provide a copy of the officer's OMPF on

compact disk (CD) for review and correction purposes per MILPERSMAN 1070-150.

c. The CO must send the contingent resignation request by endorsement within 10 days of receipt and must certify that the required information is correct. The endorsement must be thorough, shall summarize the officer's professional performance, and will provide a recommendation regarding the disposition of the request.

d. Separation leave desired by the officer will be determined at the command level. Any desire to receive separation orders more than 3 months in advance of the detachment month may be accommodated when the resignation request is sent as early as possible within the 9 to 12 month submission time frame. Notification of separation leave and/or early separation orders should be directed to the officer's current detailee. Detailers will provide "resignation or reappointment" order for those officers accepted to AFHPSP and USUHS. NAVPERSCOM (PERS-4834F) will send the Reserve Appointment to the detaching Personnel Support Activity Detachment (PERSUPP DET)/Personnel Administrative Support System (PASS) prior to separation.

e. Officers with approved contingent resignation to attend AFHPSP or USUHS will relinquish their current commission and be recommissioned Ensign, USNR effective on the day prior to the beginning of university in-processing and indoctrination. Officers will accept a new designator to indicate they are under instruction in a medical training program. Upon completion of the required training, such officers will receive superseding appointments with the proper ranks and designators for specific health professions. All obligated service (OBLISERV) must be completed before being released from active duty (RAD), resignation, or interservice transfer eligible.

f. A contingent resignation request has no effect until approved by SECNAV. Should an officer desire to remain on active duty, a withdrawal request must be sent to NAVPERSCOM (PERS-4834F) under guidelines of MILPERSMAN 1920-200. Upon approval of the withdrawal request, all correspondence will be expunged from the officer's official record. Those officers not notified of final acceptance to AFHPSP or USUHS by **30 July of each year** will have their contingent resignations withdrawn by NAVPERSCOM (PERS-4834F). Such officers will continue on active

duty and be made available to their detailer for assignment, as necessary.

-------------------	-----------------------

1. Policy

a. An officer on active or inactive duty may be separated on the basis of pregnancy upon her request, unless retention is determined to be in the best interest of the Service. A separation request based on pregnancy may be denied when the officer

(1) has not completed all service prescribed in the officer program through which was accessed and which was incurred by the officer in consideration for being tendered an initial appointment;

(2) is serving in a competitive category, designator, occupational field, or other authorized officer classification in which significant personnel shortages result in compelling military necessity for retention;

(3) has not completed obligated service incurred for funded education programs including: Naval Academy, Naval Reserve Officers Training Corps, Armed Forces Health Professions Scholarships, Uniformed Services University of Health Sciences, or equivalent funded education programs;

(4) has not completed obligated service for advanced education or technical training requiring additional obligated service school or college, law school, medical residency, flight training, naval flight officer training, or equivalent programs;

(5) has been officially notified of orders or executed orders, and has not served the required period of time at the new duty station; or

(6) has not completed obligated service incurred as a result of transition to the Regular Navy, lateral transfer between categories or designators, entering a program, or receiving an incentive pay, continuation pay, or bonus.

b. A separation request by an officer in one of the categories listed above may be approved on a case-by-case basis when, in the judgment of Navy Personnel Command, the officer demonstrates overriding and compelling factors of personal need which justify separation for pregnancy.

2. **Separated Officers Who Have a Remaining Military Service Obligation.** Officers separated from the Active Component or the Reserve Component by reason of pregnancy who have a remaining military service obligation will be transferred to the Individual Ready Reserve (voluntary training unit or active status pool) until completion of such service, unless there are medical reasons why the officer would not be available to meet mobilization requirements.

3. **Regular Officers**

a. Regular officers desiring separation on the basis of pregnancy must submit a resignation request as prescribed in MILPERSMAN 1920-190 and 1920-200 at least 6 months in advance of the desired detachment month. The request must include medical certification of pregnancy status.

b. Regular officers who have not completed their total military service obligation will normally be approved for separation only upon acceptance of a Reserve commission to be held until completion of such service. Officers who have completed their total military service obligation may request concurrent appointment in the Navy Reserve (if so desired). The commanding officer's endorsement must include a recommendation concerning appointment in the Navy Reserve.

4. **Reserve Officers on Active Duty.** Reserve officers on active duty who have not completed their total military service obligation, or who desire to retain their commission on inactive duty should request release from active duty (RAD). Requests

for RAD must be submitted at least 6 months in advance of the desired detachment month and must include medical certification of pregnancy status. The format for RAD requests is contained in MILPERSMAN 1920-090.

5. **Reserve Officers on Inactive Duty.** Reserve officers on inactive duty who acquire dependency or pregnancy status, and who desire retention in the Navy Reserve must be afforded consideration in the same manner as prescribed above and as specified elsewhere in this manual.

6. **Separation Date.** A separation date for pregnancy should be selected with care, taking into consideration both the welfare of the officer and the time required (at least 6 months) to arrange for a relief. A separation date approximately 1 month prior to the estimated delivery date is encouraged, although the separation request may utilize any date up to the estimated delivery date. Should delivery occur prior to the approved separation date, an officer may still be separated for pregnancy. For the purpose of separation under this article, "childbirth" is defined as the event of delivery.

7. **Maternity Benefits**

a. Prior to separation, the officer must be counseled concerning the following requirements for maternity care benefits after separation, and she must acknowledge this counseling by signing a NAVPERS 1070/613 Administrative Remarks service record entry as required in MILPERSMAN 1740-030. Maternity care benefits include the following requirements:

(1) Care for the pregnancy can only be rendered at Uniformed Services facilities.

(2) The Navy cannot pay for any care rendered at civilian facilities to the separated officer or the newborn child, regardless of the circumstances necessitating the use of a civilian source of care.

(3) The Navy may provide care for the child in naval medical facilities, both inpatient and outpatient, only during the first 6 weeks (42 days) following delivery.

(4) The officer must contact the Uniformed Services facility expected to provide maternity benefits as soon as

possible following her release from active duty to verify that care will be available to the mother and newborn.

b. In making application for pregnancy care, the officer should present her DD 214 Certification of Release or Discharge from Active Duty or discharge certificate as proof of eligibility for requested care.

8. **If a Separation Date Was Not Previously Approved.** After childbirth, without a previously approved separation date, the officer must be considered as a Service member with a dependent child. If the officer cannot or chooses not to comply with a family care plan, as required by reference (a), then the officer should submit an unqualified resignation request due to dependency per MILPERSMAN 1920-200.

e. Projected Rotation Date (PRD): DD MMM YYYY

f. Date of completion of 1 year on station or Department of Defense (DoD) prescribed area tour: DD MMM YYYY (For DoD prescribed area tour, indicate accompanied tour length as appropriate.)

5. Personal Information:

a. Place of entry: (The city and state where the NAVPERS 1000/4 was signed. For USNA and NROTC graduates, the place of entry is the city and state of the college or university attended.) See NAVPERS 1070/74 (9/75), Officer's Report of Home of Record and Place from Which Ordered to a Tour of Active Duty.

b. Home of record: (The city and state recorded as the home of the officer when commissioned, reinstated, appointed, reappointed, inducted, or ordered to a relevant tour of ACDU.) See NAVPERS 1070/74.

c. Grade/date of rank: O-?/DD MMM YYYY. (Provide present grade and date of rank and frocked rank, if appropriate.) See NAVPERS 1421/7 (5/05), Delivery of Temporary/Permanent Appointment.

d. Personal mailing address (including zip code), telephone number after separation, and personal E-Mail address:

6. Navy Reserve Affiliation Statement:

(For regular officers who will have fulfilled the 8-year military service obligation (MSO) prescribed by reference (a) at the time of their requested detachment date, one of the following statements shall be included:)

I desire an appointment in the Navy Reserve. I have fulfilled the 8-year MSO as prescribed by reference (a). I understand appointment in the Navy Reserve offers me the opportunity for continued service in the future.

Or

I have fulfilled the 8-year MSO as prescribed by reference (a) and request resignation from ACDU and discharge from the Navy.

(For regular officers who have not fulfilled the 8-year MSO prescribed by reference (a), but have completed their initial ACDU service obligation as prescribed by their respective commissioning program, the following statement shall be included:)

I desire an appointment in the Navy Reserve. I have not fulfilled the 8-year MSO as prescribed by reference (a), and understand that any favorable action on my request for resignation from ACDU will be contingent upon my acceptance of an appointment in the Navy Reserve, if offered by the Navy. I understand appointment in the Navy Reserve offers me the opportunity for continued service in the future.

(For regular officers who have not fulfilled the 8-year MSO prescribed by reference (a) and have not completed their initial ACDU service obligation as prescribed by their respective commissioning program, the following statement shall be included:)

I desire an appointment in the Navy Reserve. I have not fulfilled the 8-year MSO as prescribed by reference (a), and have not completed the minimum ACDU service obligation as prescribed for my commissioning program. I understand that any favorable action on my request for resignation from ACDU will be contingent upon the Navy offering and my acceptance of an extended appointment in the Selected Reserve (SELRES).

(For Full Time Support (FTS) officers who will have fulfilled the 8-year MSO prescribed by reference (a) at the time of their requested detachment date, and do not desire to retain their appointment in the Ready Reserve (RR), the following statement shall be included:)

I have fulfilled the 8-year MSO as prescribed by reference (a) and request resignation from ACDU and discharge from the Navy.

NOTE (1): FTS Officers who desire release from ACDU, but want to retain their appointment in the RR should submit a Release from Active Duty (RAD) request as detailed in reference (b) to Navy Personnel Command (NAVPERSCOM), Officer Performance and Separations Branch (PERS-834).

NOTE (2): Resignations from FTS officers who have not fulfilled the 8-year MSO will normally not be accepted. Officers in this situation may submit a RAD request as detailed in reference (b).

7. I have/have not been given the opportunity to complete the Argus Career Survey. (Responses gathered by Argus Career Survey will be available to all Navy command leadership levels to assist in the development of Total Force personnel policies. Individual social security numbers (SSNs) will be used for authentication of the survey respondents to prevent unauthorized participation. SSNs will not be used to associate questionnaire responses with individual servicemembers. The results of the surveys will be used to support statistical analysis of career intentions by groups (zone, year groups, force/fleet, command, diversity, etc.) **The Argus questionnaire is located at the following website: <https://argus.bol.navy.mil/>.**

8. My reason(s) for resigning from ACDU (is/are) provided in enclosure (1). (In the enclosure to the basic letter, give precise reasons. Include preferences or considerations given to SELRES service or intentions/desire to return to full-time (ACDU) service in the future. While there is no desire to pry into the personal affairs of officers, the Navy is interested in learning, for its own information and for the Congress, why officers voluntarily leave the Navy. Although the requirement exists in reference(c) for a separation questionnaire, these automated results are no substitute for narrative comments such as can be written in a letter of resignation. When feasible, give specific examples to support each reason cited for resignation. Reasons should be temperate in tone, focusing on root causes, and not impugn the character or integrity of other persons. This information will assist the Navy by establishing a database upon which future decisions may be made on retention incentives.)

a. This resignation is submitted by a commissioned officer who is resigning to escape court-martial. Officers in this category will be notified by NAVPERSCOM (PERS-834) of the intent to initiate a Board of Inquiry. Officers who submit a resignation to escape court-martial in lieu of a Board of Inquiry will subsequently be awarded a certificate of discharge (under conditions other than honorable). The request shall be submitted in the letter format below: (Use proper letter format.)

Date
From: Rank Name, USN, SSN (XXX-XX-1234, last four digits)/Designator
To: Secretary of the Navy
Via: (1) Commanding Officer, [present duty station] (2) Convening Authority (if applicable) (3) Commander, Navy Personnel Command (PERS-834)
Subj: QUALIFIED RESIGNATION TO ESCAPE COURT-MARTIAL
Ref: (a) MILPERSMAN 1920-190
Encl: (1) Sample charges and specifications (2) Confession/statement to sample charges (3) Psychological assessment
1. Per reference (a), I hereby submit my resignation from the Naval Service of the United States (U.S.) to escape trial before a general court-martial (GCM). I have been informed and understand that if my resignation to escape trial before a GCM is accepted, which is herein submitted, I shall subsequently receive a certificate of discharge from the Naval Service which will state upon its face that it is under conditions other than honorable; that I may be deprived of substantial rights, benefits, and bounties which Federal or State legislation confers, or may thereafter confer, upon persons with honorable service in or honorably separated from the Armed Forces of the U.S.; and that I may expect to encounter substantial prejudice in civil life in situations wherein the nature of service rendered in, or the character of separation from, the Armed Forces may have a bearing. I understand detachment will be immediately after approval.
2. To my knowledge, I am (not) financially indebted to the Government of the U.S. I understand that if indebtedness exists, I may be required to repay the prorated amount and would be contacted by Defense Finance and Accounting Service (DFAS) following my separation to arrange payment. (Bonuses will be recouped prior to separation, if possible, by member's servicing Personnel Support Activity Detachment (PERSUPP DET).)
3. Current mailing address, telephone number, and personal E-Mail address:

4. Completion date of any service obligations incurred as a result of contracts signed with the Navy:

5. Enclosures (1) through (3) are submitted per reference (a).

(Signature)

b. As this form of resignation indicates, it is submitted by the officer as an alternative to facing trial before a GCM and to eliminate the possibility that such a trial may result in conviction with possible dismissal from the Naval Service and imprisonment.

c. Whenever practical, an officer desiring to submit such resignation should include a set of sample charges and specifications alleging offenses for which the officer might be brought to trial.

d. It usually will be required, prior to permitting an officer to resign in this manner, that the member submit with the resignation a complete, detailed statement in the nature of a confession of the offenses concerned and matters pertaining thereto.

e. It is desirable that a statement be provided by a naval psychiatrist (or by a naval medical officer if a psychiatrist is not conveniently available), setting forth their professional opinion concerning the mental and physical condition of the officer submitting the resignation.

f. An officer, whose resignation for the good of the Naval Service and to escape trial by court-martial is accepted, will subsequently be awarded an OTH discharge.

-------------------	--

1. **Policy**. Officers of the Regular Navy and Navy Reserve retain their commissions at the pleasure of the President and no terminal dates are established for their commissions. The Secretary of the Navy (SECNAV), by virtue of authority to act for the President, prescribes criteria for the voluntary termination of an officer's status.

2. **Policy Guidance**. The policy of SECNAV concerning resignation of an officer of the Regular Navy or in the Navy Reserve on active duty (ACDU), including Full Time Support (FTS) personnel, is set forth in reference (a). Examples of resignation submission types can be found in MILPERSMAN 1920-190.

3. **Navy Reserve Officers on ACDU**. Navy Reserve officers on ACDU, including FTS personnel, who have not completed their total military service obligation (MSO) or who desire to retain their commission on inactive duty should request release from active duty (RAD) as detailed in MILPERSMAN 1920-090.

4. **Resignation of a Navy Reserve Officer not on Active Duty**. The resignation of a Navy Reserve officer not on active duty may be accepted by SECNAV under this manual. Such requests shall be addressed to Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Division (PERS-9).

5. **Officer Submitting a Resignation Request in Lieu of Administrative Separation (ADSEP)**. Per reference (a), an officer being allowed to submit a resignation request in lieu of

processing for ADSEP shall address the resignation to SECNAV **via**

- the commanding officer (CO),
- the convening authority when applicable, and
- NAVPERSCOM, Officer Performance and Separations Branch (PERS-834).

6. Requests for Unqualified Resignations from ACDU (Honorable (HON) Discharge).

a. Requests for unqualified resignation as detailed in MILPERSMAN 1920-190 shall be addressed

- to SECNAV,
- **via** the CO and NAVPERSCOM (PERS-834F),
- **with a copy to** (not via) each level of the administrative chain of command (COC) through the fleet commander (Pacific (PAC) or Atlantic (LANT)) of the unit to which the officer is assigned.

Letters of resignation shall be submitted to reach NAVPERSCOM at least 9 months but not more than 12 months in advance of the desired detachment month. A resignation request will be returned without action if the officer does not comply with the 9- to 12-months submission time frame specified above.

b. If the resignation is delayed in reaching NAVPERSCOM through no fault of the officer concerned, a constructive receipt date that is 21 days following the date of the officer's resignation request will be assigned. The resignation month must be carefully selected and consideration should be given to any separation leave desired by the officer. Approval of a resignation does not constitute approval of separation leave, which remains a command level decision. Extensions of the resignation month will not be approved to accommodate separation leave and are further discussed elsewhere in this article. Should the officer require separation orders more than 6 months in advance of the desired detachment month, it should be annotated on the original request with the justification stated.

7. Request for Unqualified Resignation from Inactive Duty (HON Discharge). Navy Reserve officers not on ACDU may submit resignation requests per MILPERSMAN 1920-190. Resignations will normally not be accepted if the member is currently on, or in receipt of, ACDU mobilization orders. If the member is assigned

to a Reserve Unit, the request should be submitted 6 months in advance of the requested discharge date

- via the unit, and
- Navy Operational Support Center (NOSC) COs.

Members of the Individual Ready Reserve (IRR) Active Status Pool should submit their request directly to NAVPERSCOM, Reserve Officer Status Branch (PERS-911) 2 months in advance of the requested discharge date.

8. **Requests for Qualified Resignation (General (Under Honorable Conditions) (GEN) Discharge) or Resignation for the Good of the Naval Service (Under Other than Honorable (OTH)) in Lieu of ADSEP.**

An officer being allowed to submit a resignation request in lieu of processing for ADSEP shall submit their request as detailed in MILPERSMAN 1920-190.

9. **Requests for Resignation for the Good of the Naval Service and to Escape Court-Martial (OTH).** An officer being allowed to submit a resignation request in lieu of court-martial shall submit their request as detailed in MILPERSMAN 1920-190.

10. **Resignation from ACDU Approval Considerations.** Action on any resignation submitted under the above provisions will be governed by the needs of the Service, including availability of a qualified relief. Favorable consideration normally will be given to an officer whose ACDU obligated service (OBLISERV) will not extend past the requested detachment date. Waivers of OBLISERV, tour lengths, incentive pay and bonus contracts, or other service obligations will not be approved unless a bona fide hardship exists or needs of the Navy dictate otherwise.

11. **Resignation from ACDU Approval Requirements.** Approval of resignation or RAD requests (if applicable) will normally be withheld until the officer has completed the following:

a. Two years upon arriving at a new duty station, with the following exceptions:

(1) Department of Defense (DoD) area tour if assigned overseas. (For this purpose, Alaska and Hawaii are considered to be outside the continental United States (OCONUS).)

(2) One year if reassigned to the continental United States (CONUS) from overseas.

(3) One year for members assigned to CONUS sea duty who will not commit to extend or incur an ACDU service obligation.

b. The applicable tour as prescribed above when a resignation is received by NAVPERSCOM following the date of issuance or notification of orders. Such issuance or notification of permanent change of station (PCS) orders must be within 6 months of the first day of the month of an officer's projected rotation date (PRD) and may be accomplished by official letter, message, or telephone.

c. OBLISERV incurred as a result of lateral transfer between competitive categories or designators; entering an education or training program (i.e., postgraduate, tuition assistance, law, medical, flight); or receiving an incentive pay, continuation pay, or bonus.

12. Officers Unable to Tender a Resignation Prior to Becoming Eligible for Reassignment

a. In some instances, due to the notification time limits described above, officers desiring to resign may be prohibited from tendering a resignation prior to becoming eligible for reassignment. This situation may apply to

(1) officers serving their period of minimum ACDU service requirement; or

(2) officers who are beyond their minimum service requirement (MSR) and have incurred an additional ACDU service obligation through programs such as incentive or special pay and bonuses, transfer to the Regular Navy, or advanced training and education.

b. To prevent this situation from occurring, officers may notify NAVPERSCOM (PERS-834F) and their respective detailer (PERS-4XX) by official letter of the intent to resign at the expiration of the service obligation. This letter of intent must reach NAVPERSCOM (PERS-834F) no less than 6 months prior to the first day of the month of an officer's PRD. The actual resignation request must then be submitted within the specified timeframes.

13. CO's Endorsement

a. COs must forward the resignation or RAD request and endorsement within 10 days of receipt. The CO's endorsement letter shall:

(1) Certify that the information provided in the officer's resignation letter is correct and includes all information as set forth in MILPERSMAN 1920-190.

(2) Address the need for a qualified relief, and whether the billet can be gapped, including the maximum acceptable duration. (ACDU separations/discharges only.)

(3) Note any requirement for the officer to receive separation orders more than 6 months in advance of the desired detachment date (household goods (HHG) shipment, separation leave, deployment, etc.). (ACDU separations/discharges only.)

(4) Comment on the circumstances of all resignations submitted by officers within their command.

(5) Summarize the officer's professional performance and perceptions of the reasons the officer cites for leaving the Navy.

(6) Certify that the officer was counseled on Navy Reserve opportunities and benefits, and provide assessment for future active and/or reserve potential. (ACDU separations only.)

(7) Comment regarding whether an appointment in the Navy Reserve is recommended. If not recommended, the reasons must be stated. If not recommended for a Navy Reserve commission, and the officer has a MSO remaining, the CO understands his/her recommendation may result in retaining the officer on ACDU (unless it is a resignation for the good of the Naval Service).

(8) Submit an overall recommendation on the request.

b. All information concerning an officer's resignation must be provided to NAVPERSCOM and SECNAV so that appropriate recommendations and final action may be taken. This information is very useful to each level of the COC in formulating officer retention initiatives.

c. Per reference (b), COs are the career counselors for the officer corps. Every effort should be made to retain the best

officers for continued service in the Navy, whether on ACDU or in the Navy Reserve. Separating officers must be properly informed on Navy Reserve affiliation benefits to allow them to make an educated decision.

14. **Request for withdrawal of Resignation.** A request for resignation has no effect until approved by SECNAV. Once approved, any subsequent withdrawal request may be denied. Any actions (leave taken, job offers accepted, etc.) taken by the requesting officer prior to SECNAV approval is at the officer's own risk. COs shall forward the request with endorsement within 10 working days. All withdrawal requests will be considered on a case-by-case basis with needs of the Service as the determining factor.

15. **Requests for Extension.** Extension requests to remain on ACDU and change the detachment month will be governed by the needs of the Service. Such requests will not normally be approved for less than 3 months nor greater than 6 months unless a bona fide, documented, hardship exists, or operational commitments necessitate an extension. Any combination of extension requests resulting in a detachment month greater than 6 months from the original resignation month will normally be denied. Any requests for detachment earlier than originally requested in the resignation letter or earlier than approved in the NAVPERSCOM (PERS-834F) notification letter will not normally be approved. COs shall forward the request with endorsement within 10 days.

16. **Resignation Requests for Humanitarian Reasons or for Hardship from Officers on ACDU.** Resignation requests submitted for humanitarian reasons or hardship must be in compliance with MILPERSMAN 1920-190 and 1920-200. Requests must contain certain criteria and provide specific documentation as enclosures under MILPERSMAN 1300-500. RAD requests must be in compliance with MILPERSMAN 1920-090 and 1300-500 and forwarded to NAVPERSCOM (PERS-834).

17. **Officers Who Resigned Their Commissions and Returned to Extended ACDU.** Those officers who have voluntarily resigned their commissions from the Naval Service and who return to extended (recall) ACDU may request expungement of resignation related material that contains reasons for resignation which might prejudice success after return to ACDU or consideration for promotion. Applicable portions of the resignation letter or letter of intent to resign may be expunged at any time after the officer has returned to ACDU. The resignation letter will not be

removed in its entirety, as the request for voluntary resignation is considered relevant to an officer's record. Separation orders and fitness reports (FITREPs) will not be expunged.

TYPES OF DISCHARGE FOR OFFICERS

Responsible Office	NAVPERSCOM (PERS-834D)	Phone:	DSN COM FAX	882-3242 (901) 874-3242 882-2622
---------------------------	---------------------------	--------	-------------------	--

1. **Types of Discharge Certificates.** Officers who have been separated from the naval service (as distinguished from those merely released from an active duty status), with certain infrequent exceptions, are entitled to one of the following types of discharge certificates:

a. An honorable discharge certificate will generally be granted to officers under circumstances that would warrant such a discharge in the case of an enlisted member of the naval service. The following will govern the issuance of honorable discharge certificates:

(1) Acceptance of unqualified resignations, as described in this manual;

(2) Discharge of reserve officers on inactive duty for age, failure to maintain physical qualifications or physical standards, or for reasons which, by administrative determination, entitle them to honorable discharges;

(3) Discharge by reason of no future need for the services that an officer is qualified to perform;

(4) Discharge because of failure to pass professional examination for promotion or failure of selection for promotion; or

(5) Administrative separation for cause in cases wherein the cause of separation is not deemed to be of such nature as to preclude honorable discharge, for example:

(a) Academic failures despite honest effort.

(b) Personality defects or physical deficiencies despite, which the member concerned, is believed to have performed service to the best of their ability.

(c) Other conditions generally resulting in an honorable discharge for enlisted personnel.

b. A general discharge certificate shall be granted to officers administratively separated for causes wherein the cause for separation or the previous record of the officer concerned is of such a nature as to preclude honorable discharge but is not of such a nature as to require discharge under conditions other than honorable, for example:

(1) Acceptance of qualified resignations,

(2) Academic failures due at least in part to lack of effort,

(3) Personality defects or physical deficiencies unaccompanied by a record of performance deemed to represent the best of which the member is capable, or

(4) Separation for any cause wherein review of the record of service of the member concerned indicates performance of duty of a consistently below average or unsatisfactory character.

c. No certificate shall be awarded an officer separated wherever the circumstances prompting separation are not deemed consonant with traditional naval concepts of 'honor". Examples of situations in which this type of discharge shall be awarded are:

(1) Acceptance of a resignation to escape dismissal. Such resignations are typified for the good of the service and are submitted in the form described in this Manual;

(2) Acceptance of a resignation for the good of the service and to escape trial by general court-martial. This type of resignation must be submitted in the form described in this Manual;

(3) Acceptance of a resignation for the good of the service and to escape trial by general court-martial. This type of resignation must be submitted in the form described in this Manual;

(4) Acceptance of a resignation for the good of the service. This type of resignation must be submitted in the form described in this Manual.

(5) Separation of an officer by reason of record of civilian criminal conviction. (Note: Exception is for an officer dropped from the rolls under statutory provisions to whom no certificate of discharge is awarded.);

(6) Separation for drug addiction, habitual drunkenness and chronic default in the fulfillment of legal obligations; or

(7) Separations for other reasons generally resulting in the award of an other than honorable discharge were the member concerned an enlisted member.

d. Officers separated from the service by dismissal pursuant to sentence of general court-martial shall not be awarded a certificate of discharge of any of the characters set forth above. Their only separation document shall be a letter signed by the Secretary of the Navy, or by an authority to whom he has lawfully delegated the function, informing the officer concerned of their trial, conviction, sentence, departmental action upon and approval of the sentence and fact of dismissal. This is the lowest type of separation from the naval service. It is now officially in all respects equivalent to a dishonorable discharge.

2. **Administrative Separation.** The authority recommending the administrative separation of an officer shall also recommend the type of discharge per the above paragraphs.

3. Determination of Name and Character of Total Separation.

Ultimate determination as to the type and character of separation of an officer shall be made by the Separation Authority. It is emphasized that

a. certificates of discharge shall be issued from the Navy Department alone (under no circumstances shall a ship or station issue any form of certificate of discharge to a member separated from the service as a warrant or commissioned officer).

b. certificates shall be issued only following separation from the service and not upon release to inactive duty.

-------------------	--

1. **Introduction.** Certain statutes make provisions for separation of officers under specific circumstances. Guidance concerning selected statutes and related general situations for reference are enumerated below.

2. **Limitations on Dismissal of Commissioned Officers.**

Reference (a) provides for dismissal of a commissioned officer of the Armed Forces in time of war by order of the President. It further provides that the President may at any time drop from the rolls of any Armed Forces a commissioned officer who meets one of the following criteria:

a. Has been absent without authority for at least 3 months;
or

b. Sentenced to confinement in a federal or state penitentiary or correctional institution after having been found guilty of an offense by a civil or military court, and whose sentence has become final.

3. **Reserves: Separation for Absence without Authority or Sentenced to Imprisonment.** Reference (b) provides that the President or the secretary of a military department may drop from the rolls of the Armed Force concerned any reservist who has been absent without authority for at least 3 months, or who is sentenced to confinement in a federal or state penitentiary or correctional institution after having been found guilty of an offense by a civil or military court, and whose sentence has become final.

4. **Dropping from the Rolls for Conviction by a Civil Court**

a. It is the policy of the Department of Defense that members of the Armed Forces entitled to receive retired pay may be dropped from the rolls of the Armed Force concerned only for conviction by a civil court of offenses depriving them of retired pay under reference (c) for offenses involving the national security, perjury, or subornation of perjury. Reference (c), section 8319 specifically provides that the President may drop from the rolls any member of the Armed Forces who is deprived of retired pay under the provisions of reference (c).

b. Those sections provide, in general, for loss of retired pay upon conviction of offenses involving the national security, perjury, or subornation of perjury upon refusal to testify, produce records, or absent oneself from the U.S. to avoid prosecution. Action to initiate dropping an officer from the rolls must be undertaken by Navy Personnel Command using guidelines contained in reference (d).

5. **Separation of a Member Who Incurs Disability through Misconduct or Neglect.** Reference (e), section 1207 provides that a member of the Armed Forces must be separated from the Armed Force without entitlement to any benefits under reference (e) if the member incurs disability as a result of his or her intentional misconduct, willful neglect, or during a period of unauthorized absence, and the Secretary of the military department concerned determines that the disability makes the member unfit to perform the duties of his or her office, grade, rank, or rating.

References	(a) 10 U.S.C. 6959 (b) 10 U.S.C. 2005 (c) SECNAV Policy Memorandum dated 14 July 2011
------------	---

1. Policy

a. Per references (a), (b), and (c), Navy officers may request early release from active duty (ACDU) prior to completion of minimum service requirement (MSR) to participate in activities with potential recruiting or public affairs benefit to the Navy. Given the Department of the Navy's (DONs) need to obtain the highest return on investment in recruiting, education, and training, there is a strong presumption that the vast majority of our military personnel will complete their MSR prior to release from ACDU; however, some exceptional personnel with unique talents may be released from ACDU when there is the strong expectation that they will provide the Navy with significant favorable media exposure likely to enhance national recruiting or public affairs efforts. Such personnel will be expected to use their talents in a manner that generates significant positive national media coverage within the United States.

b. Personnel who believe they may benefit the DON by using their unique talents outside the Navy, may submit a request for

release from ACDU to the Assistant Secretary of the Navy (Manpower and Reserve Affairs) (ASN(M&RA)), via the chain of command delineated in the procedures specified per MILPERSMAN 1920-240. The request must contain specific proposals describing how the individual's talents will be used to benefit the Navy's national recruiting or public affairs efforts. In evaluating such a request, the chain of command and ASN(M&RA) will consider the current needs of the Navy, the quality of the individual's professional performance to date, the strength of the individual's public affairs or recruiting proposal, and the likelihood that the individual's accomplishments will be sufficiently noteworthy to generate the desired benefit for the DON. Each decision will be made on a case-by-case basis.

c. Officers must have served on ACDU for at least 24 months of their current MSR before being eligible for release from ACDU. Personnel serving during a period of obligated service incurred for advanced education or technical training (including postgraduate education, law school, medical residency, flight training, and equivalent programs) may request early release; however, early release requests for personnel in advanced education or technical training programs will remain subject to the statutory MSRs of the applicable program. The presumption against approval of such requests will be particularly strong.

d. Officers may apply for early release from ACDU if they have secured a contract or similar binding commitment that guarantees an opportunity to pursue an activity providing potential public affairs or recruiting benefit. In all cases, the contract must reflect the intent of the parties to employ the individual in a way that brings credit to the DON and in a manner that would have potential positive recruiting or public affairs benefit to the DON. Early release from ACDU shall be conditioned on the execution of a written agreement as follows:

(1) To accept Selected Reserve status in the Navy serving in support of Navy public affairs or recruiting; and

(2) To serve in good standing in the Selected Reserve of the Navy for a period of not less than two times the length of the individual's remaining ACDU MSR.

2. **Procedures**. Pursuant to the policies contained per paragraph 1 of this article, a naval officer desiring release from ACDU United States Naval Reserve or discharge United States

Navy prior to completion of MSR to participate in activities with potential recruiting or public affairs benefit to the Navy, must request permission from ASN(M&RA) via the officer's:

- a. Commanding officer (CO);
- b. Commander, Navy Personnel Command (COMNAVPERSCOM);
- c. Chief of Naval Personnel (CHNAVPERS)
- d. Vice Chief of Naval Operations; and
- e. Chief of Naval Operations (CNO).

3. **Contents of Letter of Request.** The proper format for the letter of request for release from ACDU Release from active duty (RAD) prior to completion of MSR to participate in activities with potential recruiting or public affairs benefit to the Navy is as follows:

	Date
From:	[Rank, Name, USN/USNR, SSN/Designator]
To:	Assistant Secretary of the Navy (Manpower and Reserve Affairs)
Via:	(1) Commanding Officer, [present duty station] (2) Commander, Navy Personnel Command (PERS-4) (3) Chief of Naval Personnel (4) Vice Chief of Naval Operations (5) Chief of Naval Operations
Subj:	REQUEST FOR RELEASE FROM ACTIVE DUTY PRIOR TO COMPLETION OF MINIMUM SERVICE REQUIREMENT TO PARTICIPATE IN [activity with potential recruiting or public affairs benefit to the Navy]
Ref:	(a) MILPERSMAN 1920-240
Encl:	(1) Reason for submission of request. [Specific proposals describing how the requesting officer's talents will be used to benefit the Navy's national public relations and recruiting efforts] (2) Copy of applicable contract [or similar binding commitment that guarantees the requesting officer an opportunity to pursue an activity providing potential positive public affairs or recruiting benefit]
1. I hereby submit my request for a release from active duty (RAD) in the Naval Service of the United States and request it be accepted. My active	

duty service obligation will expire in [month/year]. I desire to be released from active duty in [month/year].

2. To my knowledge, I am not indebted to the Government of the United States.

3. My reason(s) for requesting RAD are provided in enclosures (1) and (2).

4. I fully understand that approval of my request is contingent upon my commitment to accept Selected Reserve status in the Navy serving in support of Navy public affairs or recruiting.

a. To serve in the Selected Reserve of the Navy for a period of not less than two times the length of my remaining active duty minimum service requirement.

b. Acknowledgement that if I am serving during a period of obligated service incurred advanced education or technical training, including postgraduate education, law school, medical residency, flight training, and equivalent programs I may request early release; however, my early release request will remain subject to the statutory minimum service requirements of the applicable program.

5. Home of record (city and state recorded as home of record of the officer when commissioned, reinstated, appointed, inducted, or ordered to relevant tour of active duty) is _____.

6. Place of entry (city and state where the officer appointment acceptance and oath of office was signed; for Naval Academy graduates, the place of entry is Annapolis, MD; for Naval Reserve Officer Training Corps (NROTC)/STA-21 graduates, the place of entry is the city and state of the college or university attended) is _____.

[Signature]

4. CO's Endorsement

a. The following outlines minimum mandatory inclusions required for a properly drafted command endorsement letter:

(1) COs must forward RAD request by endorsement within 30 days and must certify information provided in the officer's RAD letter is correct; and

(2) The CO's endorsement shall comment on the individual's professional performance to date, the strength of the individual's public affairs or recruiting proposal, and the likelihood that the individual's accomplishments will be sufficiently noteworthy to generate the desired positive benefit

for the DON. The CO should also provide a recommended disposition of the request.

b. All information concerning an officer's RAD request must be provided to:

- (1) NAVPERSCOM, Career Management Department (PERS-4);
- (2) CHNAVPERS;
- (3) Vice Chief of Naval Operations;
- (4) CNO; and
- (5) ASN (M&RA)

so that appropriate recommendations and final action may be taken. This information is very useful to each level in the chain of command in formulating a decision.

1. **Purpose.** To implement the provisions of references (a), (b), and (c) and establish policy and procedures for the administrative separation of a chaplain upon loss of professional qualifications.
2. **Policy.** A Chaplain Corps (CHC) officer whose ecclesiastical endorsement is withdrawn or expires, must reestablish professional qualification to serve as a chaplain, seek redesignation in another competitive category, or be separated from the Department of the Navy (DON).
3. **Responsibilities**
 - a. **Chief of Naval Personnel (CHNAVPERS)** shall process for administrative separation any CHC officer who loses ecclesiastical endorsement under the procedures set forth in this article.
 - b. **Chief of Navy Chaplains** shall
 - (1) notify CHNAVPERS when an ecclesiastical endorsing agent withdraws endorsement of a CHC officer, or a CHC officer otherwise loses endorsement.

(2) upon receipt of a new ecclesiastical endorsement, consider the chaplain's record and needs of the DON to determine whether or not to recertify a chaplain's professional qualification and recommend continuance.

c. **The chaplain** shall

(1) notify the Chief of Navy Chaplains, in writing, of any loss of endorsement.

(2) in any and every absence of a valid and current ecclesiastical endorsement, refrain from functioning as a chaplain (see reference (d)).

4. **Procedures**

a. **Initiation of Processing.** CHNAVPERS shall initiate administrative separation processing under this article when notified in writing by the Chief of Navy Chaplains that an ecclesiastical endorsing agency has withdrawn its endorsement, or a chaplain has otherwise lost ecclesiastical endorsement. Processing under this article is authorized only when loss of ecclesiastical endorsement is the sole cause for consideration for separation. When separation is appropriate for reasons other than the loss of ecclesiastical endorsement, processing under this article is not authorized except under unusual circumstances when recommended by CHNAVPERS and authorized by the Secretary of the Navy (SECNAV). Separation for reasons other than removal of ecclesiastical endorsement will be processed under reference (e).

b. **Notification.** When administrative separation processing under this instruction is initiated, CHNAVPERS shall notify the individual chaplain in writing that

(1) the chaplain's ecclesiastical endorsement has been withdrawn.

(2) the chaplain has a right to consult with military counsel or with civilian counsel (obtained at no expense to the government), and authorization to submit statements in response to the notice.

(3) The chaplain may exercise one of the following options:

(a) Obtain another valid ecclesiastical endorsement within 60 days of notification of withdrawal per references (f) and (g). CHNAVPERS may grant an extension upon reasonable justification.

(b) Apply for reappointment in a competitive category other than the CHC under references (a), (b), (f), and (g) with the understanding that the officer shall be discharged voluntarily as a chaplain on one day and appointed in a non-chaplain capacity on the next day.

(c) Apply for voluntary retirement, if eligible, under references (h), (i), or (j).

(d) Tender a voluntary resignation under reference (c).

(4) If the chaplain takes no action or fails to obtain either a new ecclesiastical endorsement or reappointment as a non-chaplain officer, the chaplain shall be separated with an appropriate discharge per instructions issued by CHNAVPERS.

c. **Response.** The chaplain shall have 10 working days if on the Active Duty List, or 30 calendar days if in the Reserve Component, to respond, in writing, to the notification of the withdrawal of ecclesiastical endorsement. CHNAVPERS may grant an extension to the officer if a request is submitted in a timely manner and demonstrates reasonable justification. If the chaplain states intent to consult with military or civilian counsel, CHNAVPERS shall notify the chaplain promptly, in writing, of the date and manner by which such request must be submitted. Failure by the chaplain to respond to this notification is sufficient reason to complete processing for separation under the provisions of para. 4d, below.

d. **Action by SECNAV.** SECNAV may take action as provided in reference (b):

(1) Continue the CHC officer's service upon receipt of a new ecclesiastical endorsement, certification of professional qualifications by the Chief of Navy Chaplains, and recommendation by CHNAVPERS.

(2) Approve the voluntary retirement of an eligible applicant.

(3) Accept a voluntary resignation, if tendered, and separate the officer.

(4) Reappoint an officer in a competitive category other than the CHC upon recommendation by CHNAVPERS.

(5) Involuntarily separate the officer with an appropriate discharge by reason of loss of professional qualifications if the actions in paras. 4d(1)-4d(4) are not requested or approved.

PRIVATELY OWNED VEHICLE (POV) SHIPMENT ENTITLEMENT POLICY

Responsible Office	CNO (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

Governing Directive	Joint Federal Travel Regulations (JFTR), Volume 1, Chapter 5, Part E
--------------------------------	---

1. **Using Designated Ports.**

a. Shipment of the POV is between the ports serving the old and new permanent duty stations (PDSs)/home ports when the servicemember is ordered PCS to, from, or between overseas PDSs.

b. Shipment is also authorized between home ports/PDS locations, both of which may be in CONUS, in connection with an official change in home port/PDS location of the unit to which assigned.

2. **Using Alternate Ports.**

a. Shipment may be made between ports other than the designated ports, alternate ports, provided the servicemember reimburses the Government for any excess cost involved.

b. POVs may be shipped from alternate ports located in the same country as the port serving the servicemember's PDS.

3. **Alternate Ports Authorized for Navy Use.** The following alternate ports are authorized for Navy use:

a. **For personnel stationed in the European/Mediterranean area:**

City	Country
Felixstowe, Liverpool, and Grangemount	UK
Bremerhaven	Germany
Rotterdam	Netherlands
Livorno, Naples, and Sigonella	Italy
Rota/Cadiz and Barcelona	Spain
Piraeus	Greece
Lisbon	Portugal
Istanbul, Izmir, and Iskenderun	Turkey

b. **For personnel stationed in Japan (including Okinawa) and Singapore:**

City	Country
	Guam

NOTE: This alternate port is designated to mitigate the inability to ship POVs configured for U.S. use to/from Japan or Singapore.

c. Personnel, who are authorized transportation of family members to a designated place overseas according to JFTR, para. U5222-D, may use the alternate port(s) serving the designated place.

4. **Requesting Use of Alternate Ports.** Use of an alternate port in another country is only permitted when the alternate port has been authorized or approved by Secretary of the Navy. Requests for an alternate port in another country or use of alternate ports not listed above will be forwarded via the servicemember's commanding officer to Chief of Naval Operations (N1) with complete justification. These requests will be forwarded for secretarial decision if approval appears warranted.

5. Policy for Shipping Foreign-Made Privately Owned Vehicle (FPOV). Transportation at government expense of a FPOV is regulated in JFTR, para. U5415-B1.

a. In general, the FPOV must have been purchased more than 1 year before the date it was delivered for transportation from the overseas area.

b. If at the time a FPOV is purchased, delivery is scheduled in time for the servicemember to have 1 year remaining on station between delivery and the then scheduled prospective rotation date (PRD), PRD adjustment decreasing the period to less than 1 year will have no effect on the shipping entitlement.

-------------------	---

1. Household Goods (HHG) Shipment Policy

a. **Incident to a Permanent Change of Station (PCS).** Per reference (a), chapter 5, part D, a member is authorized transportation of or non-temporary storage (NTS) when ordered to perform a PCS (see MILPERSMAN 1300-100).

b. Incident to **Temporary Duty (TEM DU)/Temporary Additional Duty (TEMADD).** A member on TEMDU/TEMADD (see MILPERSMAN 1320-200) may be authorized shipment of HHG within their TEMDU weight allowance, per reference (a), chapter 4, part H.

2. Nontemporary Storage (NTS) Policy

a. Per reference (a), chapter 5, part D, NTS may be authorized by the official designated by the Service concerned in facilities determined to provide best value to the Government. NTS, as an alternative to transportation of any or all of the member's HHG, may be approved when such storage is in the Government's best interest.

b. NTS must be in a storage facility near to the place where the HHG are located on the date the member's PCS order is issued. The location of HHG in NTS is an authorized origin point from which transportation may be made when a member is later authorized HHG transportation.

3. Temporary Storage Policy in Connection with PCS

a. Temporary storage (i.e., storage in transit (SIT)), is part of transportation of HHG. SIT may be authorized in connection with TEMDU/deployment per reference (a), chapter 4, para. U4770) and or PCS per reference (a), chapter 5, section D10). SIT is:

(1) Cumulative; (i.e., items may be stored at origin, in transit, at destination, or any combination thereof);

(2) Normally for a period not to exceed 90 days. A member is authorized 90 days' SIT for any authorized transportation. NOTE: SIT in connection with shipment of HHG released from NTS is generally not authorized.

b. If a longer storage period is required, the member must request authorization or approval as follows:

When storage time required is:	And:	Then submit request to:	And...
Ninety-one to 180 days		personal property shipping office (PPSO). Note: The request shall be in writing and state the reason (s) why an additional 90 day period is requested (e.g., serious illness of member, serious illness or death of dependent, impending assignment to Government/Government-controlled quarters or privatized housing, directed TEMDU after arrival at permanent duty station, non-availability of suitable civilian housing, awaiting	

		completion of residence under construction, acts of nature.

Additional SIT beyond 180 days may not be authorized or approved when a member elects to have a residence built while other housing is available.	
	*Or member is deployed or on TEMDU for more than 90 days or for an indefinite period (and is authorized special storage per reference (a), par. U4770-B)	the commanding officer.	The commanding officer notifies the PPSO of such extensions beyond 180 days.
more than 270 days		Commander Fleet and Industrial Supply Centers (COMFISC). Note: this request is due to circumstances beyond member's control such as pending assignment to Government quarters (reference (a), par. U5375-B).	

4. **Special Storage Policy Not in Connection with PCS.** Special storage of HHG not in connection with PCS is authorized when a member is ordered to TEMDU or deployment for more than 90 days. Reference (a), chapter 4, para. U4770-B and reference (b) P490, para. N4770-B apply.

a. Special storage is available for members who must vacate Government quarters ashore due to orders to TEMDU or deployment for 90 or more days or an indefinite period.

b. Members living off-base, i.e.:

(1) Members without dependents, assigned ashore, for whom Government quarters are not available or;

(2) Members without dependents, in pay grades above E6, assigned afloat, who are authorized to reside ashore;

may also receive this storage during deployment.

c. Special storage is generally limited to members who do not receive a housing allowance or who will lose entitlement to a housing allowance during TEMDU or deployment in excess of 90 days.

d. Members who reside separately from dependents and receive basic allowance for housing (BAH)-DIFF or single-member parents whose dependents were placed with friends or relatives, may be authorized special storage due to TEMDU or deployment.

5. **Policy for Single Members Pay Grade E-7 or Above.** Single members in pay grade E-7 or above who elect not to occupy Government quarters (including shipboard quarters) and who retain authorization to receive BAH without regard to length of TEMDU or deployment, may be authorized special storage. Members who move onboard ship prior to deployment and are not receiving BAH may be authorized special storage.

6. **Storage after TEMDU/Deployment Completion.** HHG storage is authorized for up to 90 days after TEMDU or deployment completion. Extensions to this 90-day period may be granted per reference (a), para. U5375-B.

7. **Loss or Damage to HHG not Covered by Carrier Liability.** Claims arising from loss or damage to HHG goods stored or transported at the expense of the Department of Defense (DoD)

may be paid on the basis of full replacement value in any of the following cases in which reimbursement for the full replacement value for the loss or damage is not available directly from a carrier.

a. A case in which:

(1) The lost or damaged goods were stored or transported under a contract, tender, or solicitation, per reference (c), Section 2636a, that requires the transportation service provider to settle claims on the basis of full replacement value; and

(2) The loss or damage occurred under circumstances that exclude the transportation service provider from liability.

b. A case in which:

(1) The loss or damage occurred while the lost or damaged goods were in the possession of an ocean carrier that was transporting, loading, or unloading the goods under a DoD contract for ocean carriage; and

(2) The land-based portions of the transportation were under contracts that require the land carriers to settle claims on the basis of full replacement value.

c. A case in which:

(1) The lost or damaged goods were transported or stored under a contract or solicitation that requires at least one of the transportation service providers or carriers that handled the shipment to settle claims on the basis of full replacement value pursuant to reference (c), Section 2636a;

(2) The lost or damaged goods have been in the custody of more than one independent contractor or transportation service provider; and

(3) A claim submitted to the delivering transportation service provider or carrier is denied in whole or in part because the loss or damage occurred while the lost or damaged goods were in the custody of a prior transportation service provider or carrier or Government entity.

ENTRY INTO AND DEPARTURE FROM THE UNITED STATES BY ALIEN MEMBERS OF THE NAVY AND THEIR FAMILIES

-------------------	--

1. Policy

a. Alien members of the United States (U.S.) Armed Forces are permitted entry to and departure from the U.S. while in uniform, or bearing documents identifying them as a member of the Armed Forces and who are coming to or departing from the U.S. under official orders or permit of the Armed Forces under reference (a).

b. Reference (a) does not permit the alien family member(s) of the servicemember to accompany the servicemember without obtaining a designated immigration status first.

NOTE: The immigration status of the servicemember affects the eligibility of the family member(s) for either an immigrant or non-immigrant visa.

2. Immigrant Visas. There are two types of immigrant visas issued to aliens who desire to immigrate to the U.S.:

a. **Immediate Relative** - the spouse, child (under the age of 21), or parent of a **U.S. citizen** servicemember may be eligible under reference (b). There is no numerical limit on the number of visas available to immediate relatives.

b. **Second Preference** - the spouse and/or unmarried child of an alien servicemember who has been lawfully admitted for permanent residence may be eligible under reference (c). Family

preference categories are subject to yearly numerical limitations. Depending on the demand for a given preference category, the wait for an approved immigrant visa may be lengthy.

3. Non-Immigrant Visas

a. Under reference (d) non-immigrant visas are issued to aliens who intend to enter the U.S. for a temporary stay for pleasure or business and have permanent residence in a foreign country which they have no intention of abandoning.

b. Temporary visitor visas are available to alien family members seeking to visit the U.S. temporarily for pleasure. Possession of a valid unexpired passport is required under reference (e).

c. Family members of a servicemember who has acquired permanent resident alien status or applied for naturalization may be denied **non-immigrant visas** to enter the U.S. and its territories. The intent of the servicemember to become a U.S. citizen is attributed to the family members, and their names will be removed from the list of those permitted entry under this category.

4. Where to Obtain Additional Assistance. Advice and assistance concerning entry and visa requirements can be obtained from the local office of the

- **Immigration and Naturalization Service**, or the
- **Legal Assistance Law Division, Office of the Navy Judge Advocate General** at (202) 685-4643, DSN 325-4643.

COUNTRY CLEARANCE AND NO-FEE PASSPORT REQUIREMENTS

Responsible Office	OPNAV (N413B)	Phone:	DSN COM	664-9955 (703)604-9955
---------------------------	---------------	--------	------------	---------------------------

References	(a) DoD Foreign Clearance Guide (b) DoD 1000.21-R, Passport and Passport Agent Services Regulation
------------	---

1. Purpose. To prescribe procedures for Service members to request a passport (diplomatic, official or blue no-fee) during permanent change of station (PCS)/temporary additional duty (TEMADD) transfer process and identify responsibility for country clearance entry requirements.

2. Background. The State Department is responsible for the issuance of passports. The entry requirements for each country is listed in reference (a), this is available at <https://www.fcg.pentagon.mil/fcg.cfm>. Passports and other entry requirements can take several months and should be completed as early as possible during the transfer process. The Chief DoD Foreign Clearance Program Office requires the following procedures.

3. Action

a. To fulfill PCS orders/letter of intent (LOI), the servicing personnel support activity detachment (PERSUPPDET)/customer service desk (CSD) will:

(1) Identify the country clearance and passport requirements utilizing reference (a).

(2) Furnish the proper forms.

(3) Coordinate the route of travel required for the Service member and dependents.

b. In cases where there is no local PERSUPPDET/CSD, the member must comply with paragraphs C2.1.3.2, C2.3.3.1, and subparagraphs of reference (b). You can access this information at <http://www.dtic.mil/whs/directives/corres/pdf/100021r.pdf>.

c. DD 1056 (May 96), Authorization to Apply for a "No-Fee" Passport and or Request for Visa is primarily used to request a no-fee passport and or Visa, you can access this form at <http://www.dtic.mil/whs/directives/infomgt/forms/efoms/dd1056.pdf>.

d. Application for an initial passport (i.e., not a renewal) must be made in person to one of the authorized acceptance agents listed in reference (b). There are no exceptions.

e. DD 1056 must be typed, except for the signature and date in block 16. The original signed form must accompany the member when appearing before the acceptance agent. Block 16 may not be signed by the member applying for the passport.

f. Special attention is required in cases where a non-U.S. citizen travels through a country other than the permanent duty station (PDS) en route to the PDS.

g. All Other Cases: The following procedures apply to cases in which the gaining command determines a passport is needed upon the Service member's arrival to conduct business in countries other than the route of travel that do not accept other forms of identification (i.e., military ID and or TEMADD orders) in lieu of a passport. The gaining command will:

(1) Identify inbound personnel requiring a passport for official business.

(2) Complete DD 1056 per reference (b), paragraphs C2.3.3.1.3-19, indicating which countries require a passport that the member will travel to while overseas. A signed original and three copies will be provided to the member for processing before an acceptance agent, or

(3) E-mail the losing command's PERSUPPDET/CSD transfer clerk indicating the countries the member will be required to travel to during their tour. The PERSUPPDET/CSD transfer clerk will prepare DD 1056 as required. Official no-fee passports are not authorized for countries that accept military orders and or ID.

Allow sufficient time for the passport to be processed (a minimum of 90 days). PCS orders are not required to accompany the request. The commanding officer's (COs) signature will be sufficient justification that a passport is required for official business. This authority shall not be delegated except to the

acting CO or to the officer in charge (OIC) of isolated detachments. In cases of an email, the command's administrative staff will scan and email DD 1056 to the transfer clerk who will re-type the form and sign it. The scanned form has the same justification as PCS orders/LOI does in paragraph 3.a.

4. Tourist (regular-fee) passports. Tourist passports are recommended for all Service members and dependents. Service members and dependents will follow the directions found at http://travel.state.gov/passport/passport_1738.html and <http://www.usps.com/passport/> as PERSUPPDET/CSDs no longer provide assistance for tourist passports.

-------------------	--

1. **Purpose**. This article provides basic editorial policies and procedures to be used in preparation and submission of changes to the MILPERSMAN.

2. **Background**

a. The MILPERSMAN is the principal publication issued for military personnel administration in the Navy. It contains essential policy, procedures, and other material necessary for effective management of Navy military personnel. It contains almost 900 articles as of September 2007. The first four digits of article numbers are assigned per reference (a) guidance.

b. The MILPERSMAN is maintained by Navy Personnel Command (NAVPERSCOM), Directives, Printing, and Publications Branch (PERS-532). It is distributed quarterly on the BUPERS directives/publications/forms CD-ROM, and is available on the Bureau of Naval Personnel (BUPERS) CD Web Connection at <http://www.npc.navy.mil/channels>. MILPERSMAN updates are posted to the Web site shortly after they are approved, and will appear on the next CD issued.

3. MILPERSMAN Article Ownership, Review, and Update Responsibilities

a. **Ownership.** The owner of an article is termed the **responsible office (or owner)**, and is responsible for reviews and updates. Assignments of responsibility/ownership are listed at the top of each MILPERSMAN article and on the MILPERSMAN Table of Contents.

b. **Review.** Responsible offices should review MILPERSMAN articles under their cognizance **annually** for the following:

(1) Accuracy of policy and/or procedures;

(2) Currency of forms, publications, and directives referenced within articles;

(3) Consolidation of articles whenever possible;

(4) Deletion of articles, or portions thereof, that are no longer applicable and have served their purpose; and

(5) Writing all articles in direct, simple language so that personnel at all levels of personnel administration can understand them.

c. **Update.** Responsible offices are responsible for the following:

(1) **Change Packages.** Preparing change packages per procedures in para. 4, editorial guidelines in para 8, and Exhibits 1 and 2.

(2) **Authorizations. Obtaining Departmental Authorizations and Interested Party Clearances (see para 5).**

(a) **Joint Ownership.** On jointly owned articles, both offices/chain(s) of authority should coordinate/chop on reviews/updates.

(b) **Interested Parties.** Chops should be obtained from all interested parties/offices/organizations having a valid interest, as their operation may be impacted by a change to the article, or they may need to provide input concerning a change. Generally, **any other office code or outside agency** mentioned in

an article is considered an interested party and should chop all changes to the article.

4. **Procedures for MILPERSMAN Changes:**

a. **Complete NAVPERS 5602/7 MILPERSMAN Review and Change Request:** Complete a form for each article to include a general statement or reference explaining what brought about the required change in block 4. List specific changes that were made to the article in block 5 (e.g., para 5a removed, para 7e(2) inserted new policy for screening procedures etc). If many changes were made throughout the article, please state "Changes made throughout, please review in its entirety." In block 5. NAVPERS 5602/7 is available on the NPC Web site and the BUPERS CD under the forms menu. NPC Web site is located at <http://www.npc.navy.mil/channels>.

b. **Prepare Article**

(1) **Major/Minor Article Changes:**

(a) Request Word document of the article by sending a request to [MIL MILPERSMANMGR@navy.mil](mailto:MIL_MILPERSMANMGR@navy.mil).

(b) Make the necessary changes using Track Changes in Microsoft Word.

(2) **New Articles:** Set up new articles using **Word, Courier New, 12-pitch, and 1-inch margins all around.**

c. **Assemble Change Package:**

(1) NAVPERS 5602/7;

(2) Electronic copy of article with **edits** showing (Track Changes), the new article, or **enclose the** article to be **deleted** (do not send numerous marked-up drafts); and

(3) Copies of pertinent documents pertaining to the change request.

d. **Route Package for Approval(s).** Route per para 5. Activities located away from NAVPERSCOM may submit NAVPERS 5602/7 via:

(1) E-Mail: [MIL MILPERSMANMGR@navy.mil](mailto:MIL_MILPERSMANMGR@navy.mil); or

(2) Taskers.

NOTE: If office initiating the change request is other than the responsible office, send the request to the responsible office.

5. MILPERSMAN Changes and Routing/Chops Required:

a. **Type of Change and Definition:**

(1) **Policy and/or procedure(s) Change** - Amends portion(s) of an article that effects a change to policy or procedures.

(2) **New Article** - New material added to MILPERSMAN.

(3) **Deleted Article** - Article removed from MILPERSMAN.

(4) **Responsible Office Change** - Changes ownership and functional responsibility from one organization code to another.

(a) **Approvals Required:** Responsible office obtains chops prior to submitting article to BUPERS 01:

1 Interested parties;

2 Unit/Section/Branch Head (e.g., PERS-4013);

3 Division Head (e.g., PERS-40); and

4 Department Head (e.g., NAVPERSCOM (PERS-4), BUPERS (BUPERS-3), OPNAV (N13)); or

5 Commander/Commanding Officer -- if article is owned by an activity other than CNO, BUPERS, or NAVPERSCOM.

NOTE: Change of ownership and functional responsibility requires chops from **both current and proposed responsible offices and their chain(s) of authority**. Articles with joint responsible offices should be coordinated and chopped by **both, and their chain(s) of authority**.

(b) **Approvals coordinated by BUPERS 01:**

1 NAVPERSCOM, Office of Legal Counsel (PERS-00J);

2 NAVPERSCOM, Secretariat Office (PERS-00S); and

3 Flag Secretary to DCNP (BUPERS-00FS) Assistant
Deputy Chief of Naval Personnel (BUPERS-00BB)

(5) **Administrative Change** - Amends non-substantive portions of an article; e.g., update of references and forms, grammatical corrections, minor wording changes for clarity, **correction** of telephone numbers and organization codes.

(a) **Approvals Required:** Responsible office obtains chops prior to submitting article to BUPERS-01:

1 Unit/Section/Branch Head as applicable;

2 Division Director; and

3 Department Head

(b) **Approvals coordinated by BUPERS-01:** None required after BUPERS-01 review/approval.

6. **MILPERSMAN Maintenance Responsibilities BUPERS-01**

a. **Receive MILPERSMAN change request package and prepare for final approval as follows:**

(1) Review article change package for compliance with established procedures and editorial practices.

(2) Coordinate/resolve any deficiencies or questions with responsible office.

(3) Prepare smooth article, change summary paragraph, and routing package including NAVPERS 5602/7 and change documentation.

(4) Route package for final approval per para 5 table.

b. **Process Change Package After Final Approval as Follows:**

(1) Enter approval date on article and change summary paragraph electronic documents.

(2) Publish article and change summary paragraph to the Navy Personnel Command Web site and distribution via next quarterly CD release.

(3) Compile a quarterly change summary listing for inclusion on the next CD release.

c. Records

(1) Maintain permanent hard-copy and electronic documentation for MILPERSMAN changes.

(2) Periodically ship hard-copy MILPERSMAN change documentation to National Archives.

(3) Maintain MILPERSMAN historical library and provide research services.

7. Schedule for Issuing Changes

a. MILPERSMAN changes will be issued shortly after approval via the BUPERS CD Web Connection, and on the next quarterly BUPERS CD release (January, April, July, or October).

b. If information needs to be issued prior to its incorporation into the MILPERSMAN, the responsible office to disseminate the information may initiate and forward a Notice or NAVADMIN through proper channels for concurrence and signature. To ensure timely inclusion in the MILPERSMAN via Web and CD, and to avoid duplication of effort, the Notice or NAVADMIN should be accompanied by the proposed MILPERSMAN change.

8. Basic Editorial Policies

a. Expressions of policy regarding personnel administration will not be included in other manuals or directives unless specifically authorized or directed by Chief of Naval Personnel (CHNAVPERS). Established policy may be quoted, interpreted, and implemented provided there are no conflicts with the MILPERSMAN or other regulations taking precedence.

b. References (b) and (c) provide writing standards and guidance, though MILPERSMAN formatting differs from instructions and other manuals per studies/decisions in the 1990s. Exhibits 1 and 2 provide some editorial guidelines specifically for MILPERSMAN articles. Writers should **strive for consistency** with current MILPERSMAN style, use of terms, etc.

LIST -- COMPLETE INTRODUCTORY SENTENCE
LIST ITEMS ARE NOT COMPLETE SENTENCES

1. When a displayed list is introduced by a **complete sentence**, that sentence may end with a period or a colon. When the introductory sentence contains such anticipatory words or phrases as **these, as follows, and the following**, a colon may be more appropriate.

2. When the **list items** that follow a **complete introductory sentence** are **not complete sentences**, the items may begin with either uppercase or lowercase letters and end with either periods or no punctuation. Whatever style is chosen, it should be followed throughout the publication for the same type list. (**NOTE: For consistency, styles in the following examples are preferred for use in the MILPERSMAN.**)

Example: (List items are long phrases with a period at the end.)

1. The following personnel are not eligible
 - a. members whose services are essential to the mission of the command.
 - b. members who are ordered to active duty due to unsatisfactory participation in a Selected Reserve unit.
 - c. aliens seeking to qualify for citizenship by completion of 3 years of active duty military service.

Example: (List items are words, titles, or short phrases with no period at end.)

1. The following designators comprise the FTS officer program:
 - a. Human Resources (1207);
 - b. Surface Warfare (1117); and
 - c. Submarine Warfare (1127).

EXHIBIT 2
(Page 2 of 3)

LIST -- COMPLETE INTRODUCTORY SENTENCE
LIST ITEMS ARE COMPLETE SENTENCES

1. When the list items that follow a **complete introductory sentence** are **complete sentences**, each item should begin with an uppercase letter and end with a period.
2. The introductory sentence ends with a colon or a period, whichever is appropriate.

Example:

1. The following outlines the minimum and mandatory inclusions required for a properly drafted Command Endorsement Letter:
 - a. Commanding officers must forward the resignation request by endorsement within 10 days and must certify the information provided in the officer's resignation letter is correct.
 - b. The commanding officer's endorsement shall comment on the circumstances of all resignations submitted by officers within the command.
 - c. The commanding officer's endorsement must contain an assessment of the need for a qualified relief.

Example:

1. The following are guidelines for submission of a member's request for transfer to the Fleet Reserve:
 - a. Member should submit the request 6 to 18 months prior to the requested transfer date.
 - b. Member submits a NAVPERS 1336/3, Special Request/Authorization, via the chain of command.
 - c. Upon the commanding officer's approval, forward the member's request to the command career counselor.

EXHIBIT 2
(Page 3 of 3)

LIST -- INCOMPLETE INTRODUCTORY SENTENCE

1. When a displayed list is introduced by an **incomplete sentence**, the sentence fragment **should not end with a colon** because the colon interrupts the grammatical continuity of the sentence. In fact, when combined with the introductory phrase, each list item must form a grammatically correct sentence. Watch for problems in subject-verb agreement and tense.

2. If none of the items in the list has an internal comma, each item ends with a comma instead of a semicolon. Use care with the words "or" and "and" in the second-to-last sentence, as the way they are used can change the meaning of the sentence. When each item of the list completes the introductory sentence,

- the introductory sentence may end with a comma, semicolon, dash, or no punctuation at all, whichever is appropriate;
- the list items can begin with lowercase letters;
- all but the last item end with a comma or semicolon;
- the second-to-last item ends with "and" or "or"; and
- the last item ends with a period.

Example:

1. Required enclosures when processing for personality disorder include a
 - a. copy of the mental health evaluation by the MHP.
 - b. copy of the Notification Letter (MILPERSMAN 1910-401).
 - c. completed, legible, and signed copy of the MHE referral letter (if applicable).
 - d. copy of the NAVPERS 1070/613 counseling/warning, if applicable.

3. Use of **bullets** is acceptable in the MILPERSMAN to enhance the reading of long sentences and avoid spreading out the information in numbered paragraphs and subparagraphs. Para 2 above provides an example of a **bulleted list**.

1. Obtaining NAVPERS Forms

a. NAVPERS forms are used Navy-wide and are available in multiple formats (e.g., paper, electronic, and or automated within various Navy systems). The official library for NAVPERS forms is located on the Navy Personnel Command Web site at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. For controlled forms, system automated forms, or forms guidance please contact the Bureau of Naval Personnel Forms Manager at (901) 874-4248 for further assistance.

2. Obtaining NAVPERS Publications (hard copy)

a. Publications used Navy-wide are stocked in the Navy supply system. They are assigned to inventory management cognizance symbol "I" material and may be requisitioned from the Naval Logistics Library homepage: <https://nll.ahf.nmci.navy.mil>.

b. All "I" cognizance material is listed in reference (a), where information for requisitioning, stocking, revising, and excessing out dated publications and directives is provided.

c. Newly commissioned ships and shore activities may request initial outfitting allowance of publications through normal supply channels to NAVSUP WSS, Philadelphia.

3. Obtaining the BUPERS CD-ROM

a. The BUPERS CD-ROM containing NAVPERS publications is released periodically throughout the year. The BUPERS CD-ROM is distributed by:

UTILIZATION OF CIVILIAN AND MILITARY PERSONNEL IN NAVY MORALE, WELFARE, OR RECREATIONAL FUNCTIONS (MWR)

-------------------	---

1. **Definition.** MWR programs (exclusive of private organizations as defined in reference (a)) located on Department of Defense (DOD) installations or on property controlled (by lease or other means) by DOD or furnished by a DOD contractor, provide for the mission sustainment, community support, and other revenue generating programs for authorized DOD personnel.

2. **Civilian Personnel.** DOD components shall staff MWR programs primarily with civilians. Non-appropriated Fund (NAF) civilian personnel policies shall be per references (b) and (c). Although NAF employees provide the primary source of staffing, MWR programs are authorized Appropriated Fund (APF) staffing for Executive Control and Essential Command Supervision (ECECS).

3. **MWR Activities.** DOD components shall follow established categories of MWR programs for uniformity of funding and reporting per reference (d). MWR activities may be funded wholly, in part or in combination, by appropriated or nonappropriated funds. The following are included in MWR:

a. **Category A: Mission Sustaining Programs.** These programs are considered most essential in meeting the organizational objectives of the military services. The programs shall be supported almost entirely with APF, limiting the use of NAF to specific instances where APF are prohibited by law or where the use of NAF is essential for the operation of a facility or program. Programs in this category have virtually no capacity for the generation of non-appropriated revenues.

Programs within this category promote the physical and mental well-being of the military member, a requirement that supports accomplishment of the basic military mission. Some examples are physical fitness facilities, libraries, and unit level sports.

b. **Category B: Community Support Programs.** These programs are closely related, in terms of supporting the military mission, to those grouped in Category A. They satisfy the basic physiological and psychological needs of servicemembers and families, providing, to the extent possible, the community support systems that make DOD installations temporary hometowns for a mobile military population. These support programs should receive substantial amounts of APF support, but differ from those in Category A, in part, because of their ability to generate NAF revenues. That ability to generate revenues is limited and in no case could they be sustained without substantial AFP support. Some examples are automotive skill development, youth activities, child development programs, arts and crafts skill development, and outdoor recreation.

c. **Category C: Revenue Generating Programs.** Activities in this group have the business capability of generating enough income to cover most of their operating expenses, but they lack the ability to sustain themselves based purely on their business activity; consequently, they receive limited APF support. Some examples are as follows:

- (1) Golf courses
- (2) Clubs
- (3) Bowling
- (4) Boating activities

Revenue generating programs at remote and isolated locations may receive the same amount of APF support as Category B programs.

4. Military Personnel

a. **Permanent military personnel** may be assigned when filling

- (1) a position in a Category A or B program, when the military service determines assignment of military personnel is

required to support wartime or contingency operations, is based on past practice, or is required for overseas rotation.

(2) an ECECS position based on the criteria above, or when the position cannot be filled effectively with civilians.

(3) a lifeguard position at Category A swimming pool.

b. **Temporary military personnel** may be placed on temporary assignment to MWR programs, to include detail and temporary duty, for a period not to exceed 90 days, unless a longer period is approved by the head of the DOD component concerned. Temporary assignments may be made only under the following conditions:

(1) Fleet Marine Force Personnel Assistance Program (FAP) personnel are not occupying table of organization billets and are required to carry out the provisions of the FAP. (No personnel shall be used to fill Category C program positions.)

(2) Mobility or deployment requirements occur.

(3) Training to upgrade or maintain essential military skills cannot be provided through other means.

(4) Military personnel volunteer.

NOTE: This article is not intended to discourage officer and enlisted volunteers or NAF part-time or off-duty employment of enlisted personnel.

-------------------	---

1. **Definitions.** U.S. Citizenship and Immigration Services (USCIS) oversees two paths to documented citizenship for military personnel:

a. "Naturalization" is the process by which a non-U.S. citizen becomes a U.S. citizen. Both foreign nationals and U.S. nationals (individuals who are born in a U.S. territory, but do not have full citizenship status) may be eligible to apply for naturalization.

b. "Derived citizenship" is an automatic grant of citizenship subject to the requirements of reference (a). An individual who is eligible for derived citizenship is already a U.S. citizen; and therefore, cannot apply for naturalization. Individuals with derived citizenship are often unaware or unable to prove their citizenship status and should apply for N-560 Certificate of Citizenship (using Form N-600 Application for Certificate of Citizenship) or a U.S. Passport to document their U.S. citizen status. Form N-600 and application instructions may be accessed by using the following Web address:
<http://www.uscis.gov/n-600>.

2. Background

a. Reference (a) establishes the conditions required for children born abroad to derive U.S. citizenship. Reference (b) establishes military naturalization policy for all DoD components. References (c) and (d) establish peacetime and wartime eligibility requirements for non-U.S. citizen members of the military to apply for naturalization.

b. Thousands of active-duty and reserve Sailors are classified as non-U.S. citizens. This number includes:

(1) foreign nationals, U.S. nationals, and U.S. citizens (under reference (a)) who are unaware of, or cannot prove their citizenship status;

(2) members who have been naturalized, granted Form N-560, or a U.S. Passport, but have failed to update their personnel records; and

(3) Service members who have applied for naturalization, Form N-560, or a U.S. Passport (via Department of State) using Form DS-11 Application for a U.S. Passport to document their U.S. citizen status while attending their initial recruit training, but have not provided USCIS with updated contact information.

In addition, Sailors with derived citizenship are often unaware of their citizenship status and are not familiar with the process through which they can document their citizenship.

c. Non-U.S. citizen Sailors who become U.S. citizens can benefit by receiving increased opportunities for assignments. Many programs, including officer commissioning programs, the right to vote, and issuance of a security clearance depend upon citizenship. Naturalization benefits military families by opening immigration opportunities for non-U.S. citizen family members. Naturalization also has a positive effect on operational readiness, diversity within the ranks, morale, and retention.

d. The naturalization process historically required a waiting period, application fee, and lengthy application processing times. Through an agreement between DoD and USCIS, naturalization applications from military personnel receive expedited processing. Currently, USCIS will waive any applicable application fees and the residency requirement for military

personnel honorably serving after 11 September 2001. Sailors should be encouraged to promptly take advantage of these waivers because this agreement could expire at any time.

e. Per reference (e), USCIS field office directors are required to make and maintain contacts at military installations, bring immigration services to Service members and their families at military installations on a regular basis, and naturalize qualified Service members domestically as soon after enlistment as possible and before deployment overseas.

3. Naturalization

a. **Naturalization of Members Lawfully Admitted to the U.S. (under reference (d), §1439 (peacetime)).** Per references (b) and (d), members who have been lawfully admitted to the U.S. for permanent residency and who are lawful permanent residents may meet residence requirements for naturalization by serving honorably in the Armed Forces of the U.S. for a total of 1 year. Application for naturalization must be filed while the Service member is still in military service, or within 6 months after separation date, provided separation was under honorable conditions.

b. **Naturalization of Members (under reference (c), §1440 (wartime)).**

(1) Per references (b) and (c), Service members may qualify for naturalization, regardless of whether they have been lawfully admitted to the U.S. for permanent residence, provided one of the following conditions is met, and they have served honorably as a member of the Selected Reserve, of the Ready Reserve, or in an active-duty status in the military, air, or naval forces of the U.S. during any of the following periods:

(a) between 1 September 1939 and 31 December 1946;

(b) between 25 June 1950 and 1 July 1955;

(c) between 28 February 1961 and 15 October 1978;

(d) between 2 August 1990 and 11 April 1991;

(e) between 11 September 2001 and a date to be designated by future executive order (EO) of the President; or

(f) any future period of armed conflict with a hostile foreign force, as designated by EO.

(2) Residence in the U.S. or a specified period of physical presence in the U.S. is not required.

(3) Only 1 day of honorable service is required during periods designated by EO.

(4) At time of enlistment, reenlistment, extension of enlistment, or induction, such person must have been in the U.S., Canal Zone, American Samoa, Swains Island, or onboard a public vessel owned or operated by the U.S. for noncommercial service, regardless of whether the Service member has been lawfully admitted to the U.S. for permanent residence.

4. Responsibilities

a. Navy Recruiting Command (NAVCRUITCOM) must ensure that all non-U.S. citizen enlistees are advised of their eligibility for expedited naturalization processing.

b. Recruit Training Command (NAVCRUITRACOM) must

(1) ensure that all non-U.S. citizen incoming recruits are briefed on the application procedures for naturalization (Form N-560 (if applicable) or a U.S. Passport, via Department of State, using Form DS-11; and

(2) make recruits available to USCIS while at NAVCRUITRACOM on a "not to interfere with their training pipeline" basis to commence, and (if possible) complete their naturalization processing.

c. Commanding officers (COs) of region legal service offices must

(1) designate a region citizenship program manager (RCPM) in writing to oversee the Naturalization Program within their Navy region area of responsibility. For purposes of continuity, and when practical, the RCPM should be a civilian employee;

(2) designate in writing sufficient naturalization area coordinators (NACs) to service the region of responsibility;

(3) notify the Office of the Judge Advocate General (OJAG), Legal Assistance Division (Code 16) whenever an RCPM or NAC is appointed, removed, or replaced;

(4) include naturalization and citizenship training in command outreach briefs; and

(5) ensure compliance of RCPMs and NACs with their duties.

d. Commanders, COs, and officers in charge must

(1) designate a command citizenship representative (CCR) in writing;

(2) notify the NAC of the designation and contact information whenever a CCR is appointed, removed, or replaced;

(3) ensure continuing compliance of CCRs with the qualifications criteria, functions, and training for CCRs; and

(4) ensure all non-U.S. citizen members in their command are briefed on the application procedures for naturalization (Form N-560 (if applicable) or a U.S. Passport, via Department of State, using Form DS-11.

e. OJAG (Code 16) must

(1) provide training materials to RCPMs, NACs, and CCRs;

(2) ensure electronic reference materials on naturalization are available to RCPMs, NACs, and CCRs;

(3) publish immigration advisories;

(4) maintain an online forum for use by RCPMs to exchange information between subject matter experts;

(5) maintain a distribution list of RCPMs and NACs; and

(6) serve as the primary Navy liaison with USCIS headquarters.

f. RCPMs must

(1) supervise, train, and assist NACs and CCRs within their respective regions;

(2) maintain a database of NACs and CCRs in their respective regions; and

(3) coordinate with NACs to ensure that regional public affairs officers (PAOs) are informed of naturalization outreaches and ceremonies.

g. NACs must

(1) supervise and assist CCRs in NAC's area;

(2) coordinate with local commands to ensure that CCRs are assigned;

(3) maintain a database of CCRs in their respective region, as well as report names, and contact information of CCRs to RCPM;

(4) conduct quality control checks of applications;

(5) provide naturalization and citizenship outreach briefings;

(6) serve as the Navy liaison in their area with USCIS district offices and the local field office directors; and

(7) ensure that regional PAOs are informed of naturalization outreaches and ceremonies.

h. CCRs must

(1) coordinate with NACs to provide naturalization and citizenship command outreach briefs;

(2) consult with NACs to determine whether a Service member has derived U.S. citizenship per reference (a);

(3) conduct non-substantive quality control checks on USCIS Form N-400 Application for Naturalization (i.e., ensure that all required blocks are filled in and inform the applicant that erroneous information must be corrected by the applicant).

(4) if additional guidance is required, refer Service member to the NAC for substantive review of application;

(5) arrange for fingerprinting at authorized USCIS application support centers;

(6) coordinate with personnel support detachment (PSD) or personnel office to complete Form N-426 Request for Certification of Military or Naval Service.;

(7) forward completed application packages to the Central Military Processing Unit, Lincoln, NE;

(8) instruct Service members who apply for naturalization, Form N-560, or a U.S. Passport (via Department of State) using Form DS-11 to provide the U.S. Department of State and USCIS with updated contact and residential information within 10 days of a move; and

(9) assist Service members with documenting their U.S. citizen status in their personnel records per MILPERSMAN 1070-220 and confirm the record has been updated by verification using information contained in Fleet Management and Planning System or Enlisted Distribution Verification Report.

5. Application for Naturalization

a. For recruits, USCIS conducts an on-site application process at NAVCRUITRACOM to include initial forms completion, supporting documents review and submission, fingerprinting, photos, interview, and oath ceremony.

b. Outside of NAVCRUITRACOM, Service members meeting the above criteria who desire to obtain U.S. citizenship should contact their CCR for assistance.

c. With the aid of a CCR, NAC, RCPM, PSD, or personnel office, and or command or staff judge advocates; applicants will complete applications, and their commands will forward the completed applications to the following address:

U.S. Department of Homeland Security Citizenship and Immigration Services Nebraska Service Office P.O. Box 87426 Lincoln, NE 68501-7426

d. Once processing is completed, every applicant must appear before USCIS on scheduled dates for interview and oath ceremony. Processing applications of non-citizen Service members of the Armed Forces requires a minimum of 90 days, but may take longer, depending upon the caseload of offices where the application is filed, the security background clearance, the location of the interview and oath ceremony, and circumstances of the individual case.

6. **Application for Certificate of Citizenship**

a. Since the passage of reference (a), increasing numbers of Service members have derived citizenship through a parent and do not require naturalization. CCRs must thoroughly screen members to determine their citizenship status before assisting them with applying for naturalization.

b. When a Service member derives U.S. citizenship from a U.S. citizen parent, the NAC and RCPM may assist the Service member with applying for a Form N-560 using Form N-600. The application fee is waived for active duty Service members, reservists, retirees, and veterans.

c. Once processing is completed by USCIS, the applicant must appear before USCIS on a scheduled date to take the Oath of Allegiance. Processing applications generally takes 6 months or longer, but a request to expedite an application may be granted for good cause. If approved by USCIS, Form N-560 is issued to the applicant. Form N-560 is conclusive proof of U.S. citizenship, just as is Form N-550 Certificate of Naturalization, Form N-570 Replacement Certificate of Naturalization, or a U.S. Passport.

d. Both a naturalized U.S. citizen and a U.S. citizen through derivation may apply for a U.S. Passport.

7. **Overseas Assignment**. Naturalization proceedings are available through U.S. embassies, consulates, and (as practicable) U.S. military installations overseas.

8. **Expedited Application Finalization**

a. Per reference (f), the Secretary of Defense has prescribed a policy that facilitates the opportunity for a

member of the Armed Forces to finalize naturalization for which the member has applied. The policy includes

(1) a high priority for granting emergency leave; and

(2) a high priority for transportation on aircraft of, or chartered by the Armed Forces.

b. R & R leave may be granted when members receive written notification from USCIS stating that their application has been processed and that they are requested to appear with U.S. citizen witnesses before a representative of USCIS at a designated location for purpose of completing the naturalization process.

c. Members granted leave for such purposes should advise USCIS (if possible) when they expect to arrive in leave area and contact that office immediately upon arrival. Every effort will be made by USCIS to complete naturalization within the leave period.

9. **Security Clearance**. Per reference (g), security clearance and access to classified information for an immigrant alien or foreign national is limited. U.S. citizenship is normally a basic condition for access to classified information and assignment to sensitive positions. Many positions in the military require U.S. citizenship; therefore, expeditious attainment of U.S. citizenship by non-citizen Service members is highly encouraged because it enhances operational readiness. As some countries allow dual-citizenship, which may affect a Service member's ability to have a security clearance, newly naturalized Service members should be counseled regarding the benefits of renunciation of their former citizenship.

10. **Required Forms**. The following forms required for naturalization or citizenship purposes may be obtained at the following Web address: <http://www.uscis.gov/forms>.

Form	How to Submit
N-400 Application for Naturalization	Submit original to U.S. Citizenship and Immigration Services (USCIS).
N-600 Application for Certificate of Citizenship	Submit original to USCIS.

Form	How to Submit
FD-258 Fingerprint Card <u>Overseas</u> <u>Recruit Training Command (NAVCRUITRACOM)</u> <u>U.S. (but not at Recruit Training Command)</u>	<p>Submit two cards to USCIS. Military police may take applicant's fingerprints or applicant may go to nearest U.S. consulate.</p> <p>For applicants still at NAVCRUITRACOM, USCIS will take the fingerprints to NAVCRUITRACOM.</p> <p>Applicants in the U.S. may not submit FD-258 as part of the application. Applicants must have fingerprints taken at the local USCIS application support center (ASC), which will process the fingerprints separately. The ASC may require a DoD Fingerprint Authorization letter completed by the CCR who assigns an appointment date and time (without prior approval from USCIS ASC). Contact OJAG (Code 16) for a copy of the most recent template for the DoD Fingerprint Authorization Letter.</p>
N-426 Request for Certification of Military or Naval Service	<p>Military members will fill out the form and submit to their local personnel support detachment or personnel office. Upon certification, CCR submits to USCIS.</p>

-------------------	---

1. **Background**. This article provides uniform procedures acceptable to United States Citizenship and Immigration Service (USCIS) for military certification of alien family members seeking naturalization under references (a) and (b), and is per reference (c).

2. **Eligible Spouses and Children**. Lawful permanent resident alien spouses and adopted children of United States (U.S.) citizen members may be naturalized without regard to prior residence or a specified period of physical presence within U.S., or within jurisdiction of a naturalization court, when member has been assigned to duty in a foreign country and alien spouse or adopted child has been authorized to accompany or join member. In addition, the alien spouse and children may be naturalized overseas per references (a) and (b).

3. **Installation Commanders**. Military installation commanders shall give maximum assistance to alien family members of personnel ordered overseas, to expedite naturalization of family members in order to permit them to accompany or join their sponsors, when such travel has been authorized by regulation and is approved by overseas commander.

4. **Naturalization Procedure**. The following procedure has been developed with USCIS to effect timely and orderly processing of alien family members eligible for naturalization under above cited statutes. Deviation from prescribed procedure, use of

nonstandard forms of certification, or failure to submit required documentation may result in delay in attainment of citizenship.

Step	Action
1	Application shall be made by alien member on N-400, Application for Naturalization . This form may be obtained from any USCIS office or any court having naturalization jurisdiction.
2	Application may be filed when it is established that sponsor is being assigned overseas, or may be deferred until appropriate military commander has certified scheduled date of family member's departure.
3	Submit application to nearest USCIS office with following documents: <ul style="list-style-type: none"> • Three identical photographs • Certification of family member's scheduled departure for overseas made by appropriate military commander
4	DD 1278, Certificate of Overseas Assignment to Support Application to File Petition for Naturalization , will be issued to alien family members by Navy Passenger Transportation Office at times indicated so that they may file the certificate with nearest USCIS office to initiate naturalization proceedings. Only DD 1278 will be accepted by USCIS office; memorandums or letters issued by military commanders will not be accepted.
5	When family members are authorized automatic concurrent travel, DD 1278 shall not be issued earlier than 180 days prior to family members' scheduled date of travel.
6	When advance application for concurrent travel is required, DD 1278 shall be issued after approval is received, and not earlier than 180 days prior to family members' scheduled date of departure.
7	When concurrent travel is not authorized, DD 1278 shall be issued after authorization for family members' movement is received, but not earlier than 90 days prior to scheduled date of family members' travel.
8	Aliens will file DD 1278, and N-400 if not previously filed, with nearest USCIS office. Further processing of application for citizenship will be as prescribed by USCIS. Upon completion of naturalization process, application for a passport should be submitted immediately so that it can be issued prior to departure of family members for overseas.
9	If the alien spouse is already overseas then the family members may be naturalized overseas per references (a) and (b).
10	This provision may not be used if the individual will have less than 1 (one) year left on the orders when the spouse becomes a U.S. citizen. In addition this provision is not available once the military member has returned to the U.S. on permanent change of station (PCS) orders.

MARRIAGE OF NAVAL PERSONNEL TO FOREIGN NATIONALS

Responsible Office	CNIC (N911A)	Phone:	DSN	882-4387
			COM	(901) 874-4387
			FAX	(901) 874-2690

1. **Authority**. Marriages outside the United States (U.S.) to foreign nationals shall be governed by the instructions of the local area commander.

2. **Local Regulations**

a. The senior naval commander in the area concerned will implement the regulations through local policies and procedures. The policies should include

(1) requirements for medical examinations of the member and the prospective spouse;

(2) marriage counseling;

(3) evidence of financial ability to prevent the spouse from becoming a public charge; and

(4) notarized written consent from parent(s) or legal guardian(s) of either party if under the legal age for marriage in the state, territory, or country in which the marriage is to take place.

b. See the area commander's instruction, 1752 series, for required forms and further requirements.

3. **Application**. All members contemplating marriage outside the U.S. to a foreign national will submit an application for permission to the area commander in the area where the alien lives.

4. **Background Investigation**. The most time-consuming element in premarital processing is the background investigation of the prospective spouse. Members are encouraged to contact the local U.S. Embassy or consulate to request a background investigation, including a criminal and subversive record check, be initiated

to determine the eligibility of their prospective spouses' entry into the U.S.

5. **Screening Process**. The screening of prospective spouses is substantially similar to the processing of requests for entry of alien spouses into the U.S. Inadmissibility to the U.S., or inability to complete the background investigation, of a prospective alien spouse does not necessarily require disapproval of a marriage request. Authorization to marry is not given in such cases until both parties to the proposed marriage signify, in writing, they have been counseled and advised the prospective alien spouse may be ineligible for admission to the U.S., but they desire the marriage take place.

6. **Application Approval**

a. Applications should be sent for approval to area commanders, or their designee, as indicated below:

Area Commanders	Countries
COMNAVREGEUR	Europe, Africa (except the Horn of Africa Region), Israel, Iceland
COMNAVAIRLANT	Bermuda, Azores
COMUSNAVSO	Caribbean, Central/South America
COMNAVFORJAPAN	Japan

-------------------	--

1. **Purpose**. To provide authorization and procedures for Reserve component chaplains to receive service credit, pay, allowances, and reimbursement for travel when conducting military funerals.

2. **Background**

a. Reference (a) establishes policy and responsibilities for members of the Ready Reserve including Reserve component chaplains who volunteer to participate in military funeral honors. Reference (b) specifies that members of the armed forces in military funeral honor details shall wear the uniform of the member's military service while serving in the detail.

3. **Policy**

a. The services of a Navy chaplain should be provided, per request of the next of kin, at the funeral of Department of the Navy personnel whose death occurs while on active duty, who have been awarded the Medal of Honor, or who were military retirees. The services of a Navy chaplain may be provided, per request of the next of kin, at the funeral of veterans who were discharged under conditions other than dishonorable per reference (a).

b. Under references (a), (c), and (d), a Reserve component chaplain who is in the Selected Reserves (SELRES) or a member of a Voluntary Training Unit (VTU) is authorized one drill point,

pay, allowances, and travel for performing military funeral honors. The performance of funeral honors does not count towards the annual training requirement under reference (c).

4. Responsibilities

a. The Regional Funeral Honors Program Coordinator may authorize payment and reimbursement for travel.

b. In order to receive pay and service credit chaplains are responsible for reporting the performance of funeral honors to the Naval Reserve activity that holds their record.

5. Action

a. Next of kin, or their authorized representative, desiring chaplain support for military funeral honors should submit requests to the Regional Funeral Honors Program Coordinator. The request should specify the religion of the decedent.

b. The Regional Funeral Honors Program Coordinator will coordinate chaplain support through the Regional Chaplain.

c. Payment of travel, pay, and allowances will be made per references (b), (d), and (e). Reference (d) specifies that members of the Reserve component who perform funeral honors in a funeral honors duty status 50 or more miles from the member's residence are entitled to travel and transportation allowances.

d. Participation by Reserve component chaplains in the military funeral support program is not mandatory, but is strongly encouraged.

-------------------	---

1. Policy

a. Reference (a), chapter 3, section 3, provides information regarding personal participation in non-Federal entities and in seeking outside employment. Chapter 8 provides information regarding seeking other post-government employment.

b. Members should be aware that commanding officers or other senior authorities may impose additional restrictions.

2. Areas of Concern. Areas of particular concern are employment

- a. by a prohibited source (i.e., defense contractor).
- b. that may detract from readiness or pose a security risk.
- c. that prejudices good order and discipline or is service discrediting.
- d. that has potential for regional, national, or international press or public relations coverage with regard to the member's outside employment and any potentially positive or negative impact that employment may have on the member's military position.

3. Guidance

a. Questionable situations should be discussed with supervisors and/or ethics counselors. In special cases where a member's outside employment activity has potential for regional, national, or international press or public relations coverage

and has potential recruiting or public affairs benefit to the Navy, members shall seek approval prior to participating in such activity as delineated below.

b. Personnel who believe they may benefit the Department of the Navy by using their unique talents in employment outside the Navy may submit a letter of request to Chief of Naval Operations (CNO) via the officer's

- Commanding Officer (CO);
- Commander, Navy Personnel Command (COMNAVPERSCOM);
- Commander, Navy Recruiting Command (COMNAVCRUITCOM);
- Chief of Naval Personnel (CHNAVPERS);
- Chief Information Officer; and
- Vice Chief of Naval Operations

requesting permission to participate in activities with potential recruiting or public affairs benefit to the Navy. The request must contain specific proposals describing how the individual's talents will be used to benefit the Navy's national recruiting or public affairs efforts. In evaluating such a request, the chain of command and ultimately CNO will consider the current needs of the Navy, the quality of the individual's professional performance to date, the strength of the individual's public affairs or recruiting proposal, and the likelihood that the individual's accomplishments will be sufficiently noteworthy to generate the desired benefit for the Department of the Navy. Each decision will be made on a case-by-case basis.

4. Procedures

a. Per reference (b) and pursuant to the policies contained in paras. 1-3 of this article, a naval officer desiring to participate in activities with potential recruiting or public affairs benefit to the Navy must request permission from CNO via the officer's CO, COMNAVPERSCOM, COMNAVCRUITCOM, CHNAVPERS, and Vice Chief of Naval Operations.

b. **Contents of Letter of Request.** The proper format for the letter of request to participate in activities with potential recruiting or public affairs benefit to the Navy is as follows:

Date

From: [Rank, Name, USN/USNR, SSN/Designator]

To: Chief of Naval Operations

Via: (1) Commanding Officer, [present duty station]
(2) Commander, Navy Personnel Command (PERS-4)
(3) Commander, Navy Recruiting Command
(4) Chief of Naval Personnel
(5) Vice Chief of Naval Operations

Subj: REQUEST TO PARTICIPATE IN [activity with potential
recruiting or public affairs benefit to the Navy]
WHILE SERVING ON ACTIVE DUTY IN THE UNITED STATES
NAVY

Ref: (a) MILPERSMAN 5370-010

Encl: (1) Reason for submission of request. [Specific proposals
describing how the requesting officer's talents will
be used to benefit the Navy's national public
relations and recruiting efforts]
(2) Copy of applicable contract [or similar binding
commitment that guarantees the requesting officer an
opportunity to pursue an activity providing potential
positive public affairs or recruiting benefit]

1. I hereby submit my request to participate in activities with potential recruiting or public affairs benefit to the Navy while on active duty. My active duty service obligation will expire in [month/year].

2. My reason(s) for requesting to participate in activities with potential recruiting or public affairs benefit to the Navy are provided in enclosures (1) and (2).

3. I fully understand that approval of my request is contingent upon the credibility of my proposal to utilize my talents to benefit the Navy's national recruiting or public affairs efforts. I also realize that in evaluating such a request, the chain of command and ultimately Chief of Naval Operations consider the current needs of the Navy, the quality of my professional performance to date, the strength of my public affairs or recruiting proposal, and the likelihood that my

accomplishments will be sufficiently noteworthy to generate the desired benefit for the Department of the Navy. Furthermore, I acknowledge that the decision to approve or disapprove my request will be made on a case-by-case basis and that the United States Navy is under no legal or implied obligation to honor my request.

a. To serve in a capacity the Navy deems fit to utilize my service in order to support of Navy public affairs or recruiting.

b. Home of record (city and state recorded as home of record of the officer when commissioned, reinstated, appointed, inducted, or ordered to relevant tour of active duty) is _____.

4. Place of entry (city and state where the officer appointment acceptance and oath of office was signed; for Naval Academy graduates, the place of entry is Annapolis, MD; for Naval Reserve Officer Training Corps (NROTC)/STA-21 graduates, the place of entry is the city and state of the college or university attended) is _____.

[Signature]

5. **CO's Endorsement.** The following outlines minimum mandatory inclusions required for a properly drafted Command Endorsement Letter:

(1) COs must forward requests to participate in activities with potential recruiting or public affairs benefit to the Navy while on active duty by endorsement within 30 days and must certify information provided in the officer's letter is correct.

(2) The CO's endorsement shall comment on the individual's professional performance to date, the strength of the individual's public affairs or recruiting proposal, and the likelihood that the individual's accomplishments will be sufficiently noteworthy to generate the desired positive benefit for the Department of the Navy. The CO should also provide a recommended disposition of the request.

1. Guidance

a. Various laws restrict the activities of retired Navy and Navy Reserve officers in accepting federal civilian employment, private employment, and employment by foreign governments or foreign businesses. Some of these restrictions also operate to limit the post-retirement activities of retired enlisted personnel.

b. Retired members have the responsibility to determine those activities that they may legally pursue without jeopardizing the rights and benefits of their retired status.

c. Before accepting employment, retiring personnel should review reference (a)

1. Policy

a. It is a command responsibility to ensure that appropriate security clearances are obtained from Department of the Navy Central Adjudication Facility (DON CAF) for members prior to their transfer to attend courses of instruction requiring access to classified information. Students normally must be cleared for such access at the beginning of their training period. It is administratively inappropriate to place the responsibility for initiating personnel security investigations and obtaining personnel security clearances upon the command conducting the instruction.

b. Failure to issue appropriate clearances prior to the transfer of members to a school places an unacceptable and unnecessary workload on the training commanders and necessitates long, unproductive delays until the prospective students are properly cleared for the courses of instruction to which ordered. Provisions shall be made for the advance accomplishment of required investigations and issuance of clearances.

2. Applicability of this Article. This article is applicable for any member ordered to a course of instruction conducted by the Navy, other armed services, defense agencies, or a school or course conducted under an armed forces contract at the contractor's facilities.

3. **Responsibilities of the Commanding Officer (CO) who is Transferring the Student.** The CO transferring the prospective student shall determine the degree of clearance required well in advance of the convening date of the course and examine the service record of the prospective student to determine whether any required investigation has been conducted, the clearance issued, and that such matters have been properly documented in the member's service record.

IF ...	THEN ...
<p>the required investigation has not been conducted,</p>	<p>the CO shall immediately initiate the following procedure:</p> <p>For each member requiring an investigation, prepare and forward the appropriate forms per reference (a). Where members are eligible and accepted for assignment to CT training at the Center for Information Dominance Corry Station, Pensacola, FL, the required forms shall be forwarded to Commander, Naval Security Group Command (COMNAVSECGRU).</p> <p>When there is insufficient time remaining prior to the transfer of the member to effect a required final Secret or Top Secret clearance but an interim clearance will be sufficient for initial enrollment, an interim clearance may be granted provided the member is eligible per reference (a) and a request is immediately submitted for the investigation necessary to issue a final clearance.</p>

4. **Service Record Requirements**

a. The service record should accompany enlisted members being transferred to a service school as otherwise provided in this manual. The standard transfer orders for enlisted members shall include a statement certifying the member's security clearance.

b. When officers or enlisted members are transferred for temporary additional duty under instruction (TEM DUINS), a statement concerning their security clearance shall be placed in

the orders per MILPERSMAN 1320-314 for officer personnel and reference (b) for enlisted personnel.

c. A certified copy of the orders shall be forwarded to reach the recipient command prior to the course convening date. Message certification of the security clearance shall be forwarded to the recipient command if a copy of the orders will not reach the command prior to the course convening date. Additionally, when preparing orders for members to report to a training command for instruction, the command will refer to reference (b) to ascertain and comply with any additional security requirements listed there for the training command concerned.

5. **Members Whose Schools Involve Preparation for Nuclear Weapons Billets.** Requests for background investigations shall be submitted as required by reference (c) for members being assigned to schools involving preparation for assignment to or critical nuclear weapons billets.

6. **Clearances for Reservists on Inactive Duty.** The appropriate security clearance authority shall take the following actions for reservists on inactive duty:

a. Comply with the above procedures when members are ordered to report for active duty directly to a school requiring access to classified material prior to proceeding to their permanent duty station.

b. When members are ordered to active duty for training to attend courses of instruction requiring access to classified information, the orders shall contain the following statement, as appropriate:

"(Final Secret/Top Secret or Interim Top Secret) clearance based on an (ENT-NAC/NAC/SSBI) completed (date) by (agency which conducted investigation)" or "Confidential clearance based on a check of records immediately available."

c. An advance copy of the orders shall be forwarded to the recipient command. (Inactive duty reservists are not eligible for Interim Secret clearances. Assignment to Navy Reserve category USNR-S2 for a period in excess of 1 year automatically invalidates any previous security investigation and any clearance based on that investigation.)

7. **Responsibilities of the CO to Whom Members Report for Instruction.** COs of activities to which members report for courses of instruction shall take the following action. The provisions of this paragraph shall be completed by the Navy administrative unit in the case of students attending schools and courses of other services.

a. If a student reports for instruction without proper security clearance, communicate immediately with the command from which the student was received and request information on clearance eligibility. If contact with the member's parent command is impractical, submit a research/recertify/upgrade eligibility request via the Joint Personnel Adjudication System to DON CAF for adjudication. The following additional action shall be initiated as appropriate:

(1) Initiate procedures per reference (a) to establish eligibility for an interim clearance, if issuance of such clearance is permissible, in the case of students reporting with their service records but without initiation of the required investigation.

(2) In the case of members in the CT rating, forward the required forms to COMNAVSECGRU.

(3) A name check may be requested per reference (a).

b. When a crucial delay in training or assignment will result while awaiting completion of investigative requirements, access may be authorized as provided for under "Emergency Access" in reference (a).

c. When information is received which would preclude continuance or issuance of a security clearance for a student who is onboard for instruction, the CO of the school shall disenroll the student immediately and take the following action: (Disenrollment constitutes a denial or revocation of clearance and a report of revocation or denial per reference (a) is mandatory.)

(1) Students in TEMDUINS status shall be returned to the parent command.

(2) Students in temporary duty (TEM DU) or TEMDUINS status shall be made available to Chief of Naval Personnel (CHNAVPERS) for further assignment.

(3) Students shall not normally be returned to their parent commands solely because they arrived without proper security clearances.

8. **Acceptance of Clearance from Command to Command.** Personnel security clearances are normally issued by DON CAF to COs having jurisdiction over the member at the time investigations are completed. Once issued, the clearance may be accepted on a mutual and reciprocal basis from command to command unless, for cause or administrative reasons, it is necessary to cancel or change the clearance.

LIAISON WITH CIVIL AGENCIES

Responsible Office	CNI (N214)	Phone:	DSN	882-4325
			COM	(901) 874-4325
			FAX	882-2785

1. **Liaison Activity**. Commander Navy Installations (CNI) is responsible for the maintenance of a liaison relationship with civil agencies both government and private, whose functions relate to services, other than medical, for or on behalf of personnel as a result of their Naval Service and to their family members.

2. **Navy-Marine Corps Relief Society**

a. The Navy-Marine Corps Relief Society, although closely affiliated with Navy and Marine Corps and working exclusively with Naval Service personnel and their families, is a private charitable organization. Commanding officers (COs) are requested to take such interest and provide such assistance to the society as may be feasible and to ensure members under their command are familiar with the nature and extent of the society's assistance. Members should be urged to inform their families of availability of these services. The society can assist when there is need by:

A gratuity
An interest-free loan or a combination gratuity/loan
Counseling and advice
Layettes
Thrift shops
Visiting nurse service

b. All society services are available in times of need to officer and enlisted personnel of Naval Service, active and retired, their family members, and the families of deceased personnel. An Educational Fund has been established to assist the eligible children of Navy and Marine Corps personnel who have a proven need for assistance with the costs of higher education. Society services are available through Navy-Marine Corps Relief Offices at Navy or Marine Corps installations, or

through the cooperative services of the **American Red Cross (AMCROSS)** if the member or his or her families do not reside in the vicinity of a Naval Relief Auxiliary or Branch.

3. **AMCROSS**

a. The AMCROSS is authorized by Navy regulations to be an authorized medium of communication between naval personnel and their families. In addition, AMCROSS provides a program of social services to Navy members which includes financial assistance for emergency travel and other specified emergency situations. These services are provided by the AMCROSS Manager or designated AMCROSS unit. The handling of AMCROSS messages is specifically addressed in the following paragraphs.

b. The AMCROSS is authorized to use Navy communications facilities to transmit emergency messages to personnel afloat and stations outside the 48 contiguous United States and District of Columbia.

c. "**AMCROSS, Washington, DC**" is the designation of the Emergency Communications (EMER COMM) division message switch AMCROSS headquarters.

d. Request for services and/or replies to AMCROSS inquiries should be addressed to "**AMCROSS, Washington DC.**"

e. All messages received at AMCROSS with afloat or other mobile unit addresses will be routed directly to the unit involved.

f. Route the following messages to the AMCROSS Station Manager at the member's or family member's home port:

(1) Messages for naval families known to be residing overseas or on continental United States (CONUS) naval installations.

(2) Messages in which the service requested is of such a sensitive nature or requires special handling that, when possible, it be provided by an AMCROSS representative.

g. Commands of afloat and other mobile units shall include "**AMCROSS, Washington, DC**" as an information addressee on all replies to messages received from AMCROSS.

h. For preservation of the privacy of the member, commanders at all levels will respect the confidential nature of AMCROSS reports and will ensure that they do not fall into the hands of unauthorized persons. American Red Cross reports are provided as factual information to assist, without recommendation, and to permit the member concerned and their CO to make their own determination about any decision that may be indicated. American Red Cross communications are privileged, should be protected, and are the property of AMCROSS. American Red Cross reports shall not be filed with or become a part of an individual's service record.

4. **Emergency Leave.** It should be noted that AMCROSS verification is not mandated in cases of emergency leave. COs may, at their discretion, utilize any means available to verify an emergency situation which might require the presence of next of kin. For emergency leave or leave extension in emergency situations, where leave or leave extensions are required, COs, with the consent of the servicemember, may request AMCROSS Station Managers, if available, otherwise National Headquarters, AMCROSS, Washington, D.C. to obtain facts about the emergency situation. Such action should be taken only as a matter of expediency after carefully considering the member's availability and deployment of ship or unit, and amount of leave potential.

5. **American Red Cross Station Managers**

a. Every CONUS installation has either a resident AMCROSS Station Manager or a jurisdictional AMCROSS unit which provides social services to military personnel and their families.

b. Messages for members known to be aboard ships in port are sent from the originating AMCROSS unit direct to the responsible AMCROSS unit at the port of handling. The AMCROSS will coordinate handling with appropriate command.

c. If afloat and pulling into port, and member has been granted emergency leave and requires funds for emergency travel, contact should be made with the AMCROSS office responsible for the port. Members should have emergency travel authorization and a copy of AMCROSS message concerning the emergency when they request assistance.

6. **Family Welfare Reports.** Family welfare reports can be requested on behalf of naval personnel. Requests made of the

AMCROSS should include the member's full name, rate, and social security number, address of family members, and names and addresses of persons to be contacted for supporting information.

1. Background

a. The sacrifices required of Navy families are substantial. In order to maintain readiness, the Navy must have high standards and retain well-trained people. In order to retain experienced and productive servicemembers, the family life associated with the service must be supported and enhanced as much as possible.

b. Navy spouses have made unselfish contributions to the spirit and well-being of their Sailors. They promote the general welfare of all persons within the Navy community. Many times they subordinate personal and professional plans to the greater benefit of our nation's defense. All feasible support will be rendered to assist in the establishment and maintenance of strong and effective Spouse Clubs and support groups, and other organizations and activities dedicated to the enhancement of morale and improvement in the quality of life (QOL) for Navy members and their families. The Navy Family Ombudsman Program, Family Support Groups, Spouse Clubs, and other organizations work together to meet the needs of Navy families.

2. Navy Family Ombudsman Program

a. In 1970, Chief of Naval Operations, Admiral E. Zumwalt recognized the issues and concerns that are unique to Navy families. In response to those issues, he established the Navy Family Ombudsman Program. The Navy Family Ombudsman Program, staffed entirely by volunteers, is governed by reference (a).

b. The ombudsman is a vital resource to assist the command in discharging the commanding officer's (CO's) responsibilities for the morale and welfare of the families of the command.

c. The Command Family Ombudsman Program belongs to the command and is shaped to a great extent by the CO's perceptions of the needs of the command. The ombudsman is appointed by and works under the guidance of the CO, who determines the priorities of the program, the roles and relationships of those involved in it, and the type and level of support it will receive. The effectiveness of the Command Ombudsman Program in serving the needs of the command and its family is greatly influenced by these decisions.

d. The ombudsman is the link between the command and Navy families. This is especially true in deploying commands where the ombudsman is the primary point of contact between the families at home and the command during deployment.

3. Family Support Groups

a. Family Support Groups are vital in meeting the needs of the command families. Support groups range from informal to more formal organizations of spouses within the command. All command support groups, informal or formal, **must** be endorsed by the CO.

b. These groups can meet social needs for camaraderie, companionship, up-to-date information, and serve as a forum to relieve loneliness and stress during unit separations within an undemanding setting. Support groups are usually more active when the command deploys. Once the unit returns, the support group may diminish the number of get-togethers or activities.

4. Spouse Clubs

a. A Spouse Club is similar to a support group but functions under more structured guidelines.

b. A formal club must have the CO's approval for formation, membership requirements, election of officers, and a definite structure as specified in a constitution and bylaws. The constitution, bylaws, and membership requirements should have the CO's approval after scrutiny by the command legal officer.

5. Naval Services FamilyLine (NSFL)

a. The NSFL is an all-volunteer, non-profit, tax-exempt organization dedicated to improving the QOL for every sea service family. Established in 1965 by and for Navy spouses,

the NSFL has now expanded to include Marine Corps and Coast Guard families.

b. NSFL volunteers provide assistance, information, and referral in all matters pertaining to the military or its lifestyle. NSFL developed the Navy-wide Ombudsman Support Network and the *Ombudsman Journal*. Its Chairman serves as the Chief of Naval Operations' Navy-wide Family Ombudsman-at-Large. NSFL volunteers research, compile, write, and edit all NSFL publications; coordinate educational seminars; and maintain a supplemental *Lifeline* mailing list to ensure that all sea service families in isolated locations can receive the newspaper. NSFL has established field representatives at bases around the world to serve as a local point of contact.

c. The policies and programs of NSFL are guided by a board of advisors which includes spouses of both senior officers and enlisted personnel, active duty personnel, and representatives of other service oriented organizations. Every Navy, Marine Corps, and Coast Guard spouse, family member, or active duty and reserve servicemember is automatically a member of the NSFL with no membership fee or registration requirement.

d. The NFSL writes, publishes, and provides free of charge, a variety of informational literature on topics from social customs and traditions to planning and managing financial and personal affairs.

6. Navy Wives Club of America

a. The Navy Wives Club of America was chartered in 1936 with a Federal charter being granted in 1984. Chapters worldwide are open to spouses of enlisted personnel serving in the Navy, Marine Corps, Coast Guard, and the active reserve units of these services; spouses of enlisted personnel who have been honorably discharged, retired, or have been transferred to

the Fleet Reserve on completion of duty; and widows/widowers of enlisted personnel in these services.

PATERNITY COMPLAINTS

Responsible Office	NAVPERSCOM (PERS-660)	Phone:	DSN	882-4387
			COM	(901) 874-4387
			FAX	882-2630

1. **Introduction.** With respect to determination of paternity and support of illegitimate children, no complaint requires greater exercise of judgment and tact than the charge that a member serving under one's command is the father of a child born out of wedlock. While the member should not be left with the impression that either civil law or Navy Regulations require that he marry the mother of the child, if the member desires marriage, leave for this purpose is recommended whenever the absence of the member concerned will not be detrimental to the needs of the service. When the blood parents of an illegitimate child marry, and the member acknowledges paternity of the child, the child is considered to be legitimized by the marriage unless a court finds the child to be illegitimate. While legitimized, the child is eligible for all allowances and benefits the same as any other legitimate child of the member.

2. **Foreign Complaints.** Complaints from various sources in foreign countries regarding alleged paternity, marriage, or related matters involving Navy personnel during their service at a foreign station can be detrimental to the prestige of the United States Navy and adversely affect international relationships if not promptly resolved. Commanding officers (COs) are expected to expeditiously dispose of such complaints. Commanding officers should feel free to seek advice of local United States consular officials. If, in the judgment of the CO, the situation cannot be disposed of satisfactorily or permanently before departure from the foreign area in question, a report setting forth all pertinent facts should be made to appropriate higher authority.

3. **Legal Obligations.** Normally any order or decree which specifies the obligation to render support of illegitimate children will include within it a determination of paternity of such children. Some jurisdictions provide for determinations of the legal obligation to support illegitimate children without determination of paternity. Either type of order or decree

falls within the scope of this paragraph. If a judicial order or decree of paternity or support is rendered by a United States or foreign court of competent jurisdiction against a member of the Navy on active duty, the member concerned shall be informed of his moral and legal obligations as well as his legal rights in the matter.

4. **Financial Obligation.** The member shall be advised that he is expected to render financial assistance to the child regardless of any doubt of paternity that the member may have. If the court order or decree specifies an amount of support to be provided, the member shall be expected to comply with the terms of such decree or court order. If no amount is specified, support should be rendered following such reasonable agreement as may be made with the mother or legal guardian of the child or in the absence of such an agreement under the support guide in this article. Basic allowance for quarters may be payable on behalf of the illegitimate children. Basic allowance for quarters will be included in determining the member's gross pay. If the member refuses to comply with the terms of the court order, administrative action will be taken as appropriate.

5. **Court Competency.** A court of competent jurisdiction is generally a court that has jurisdiction over the subject matter and the parties involved as well as being the proper judicial forum. As a general rule, the competency of the court to render the judicial order or decree may be tested by the enforceability of the order or decree. Normally, personal service of the court's process on the member is considered essential. With respect to a foreign judicial order or decree, the general rule is that where the defendant was a citizen or subject of the foreign country in which the order or decree was issued, the court may have acquired jurisdiction over him by any mode of service or notice recognized as sufficient by the laws of that country. An order or decree against a citizen or permanent resident of another country, without personal service on him or personal notice of the action to him, is null and void unless he has voluntarily submitted himself to the jurisdiction by appearing and contesting the action. If there is no doubt as to the competency of the court to enter the order or decree, the question shall be referred to the judge advocate general.

6. **Moral Obligation.** In the absence of an adjudication of paternity or of a legal obligation to furnish support by a court of competent jurisdiction, the member shall be privately consulted, advised of the legal or moral obligations of support

of any illegitimate children as well as the rights in the matter, and asked whether he admits either paternity of, or the legal obligation to support, the child or expected child. If the answer is affirmative, the member shall be informed that he is expected to furnish support as set forth above. Where paternity or legal obligation to support is admitted, members should be informed of their moral obligation to assist in the payment of parental expenses.

7. **Sample Reply**. Replies to individuals concerning paternity cases should be as kind and sympathetic as the circumstances permit. The following example may be appropriate in certain cases: (Use proper letter format.)

Dear Ms. Smith:

This letter is in response to your letter of 25 February in which you claim Seaman John P. Jones to be the father of your minor child.

Seaman Jones has been consulted regarding your claim, and he denies that he is the father of your child. Given this denial, the Navy can do nothing further to assist you without a court order finding Seaman Jones to be the father.

While I understand the difficulty of your situation, please understand that the Department of the Navy has neither the authority nor the facilities to adjudicate your paternity claim. If, however, Seaman Jones is adjudged by a civil court of competent jurisdiction to be the father of your child, he will be expected to contribute to the support of the child and to comply with the terms of the judicial decree. If he then refuses to take satisfactory action, he will be subject to administrative or disciplinary action which may jeopardize his Navy career. Such actions by the Navy are designed to encourage its members to voluntarily comply with court orders of support, but do not guarantee compliance. Any claim that you would have against Seaman Jones' military pay for the child support has to be pursued through a civilian court of competent jurisdiction.

If you have any questions regarding this, you should consult a private attorney.

8. **Court Summons**. Communications from a judge of a civilian court, including a court summons or a judicial order, concerning the availability of personnel to appear at an adoption hearing, where it is alleged that an active duty member is the father of the illegitimate child, shall receive a reply that indicates

a. due to military requirements, the member cannot be granted leave to attend court hearing until (date); or

b. a request by the member for leave to attend an adoption court hearing on (date), if made would be approved; or

c. the member has stated in a sworn written statement (forward a copy with response) that he is not the natural parent of the child; or

d. due to the member's unavailability caused by a specific reason, a completely responsive answer cannot be made.

9. **Inform the Member**. The member should be informed of the inquiry and the response and urged to obtain legal assistance for guidance (including an explanation of sections of the Soldier's and Sailor's Civil Relief Act), if appropriate.

10. **Members not on Active Duty**. Allegations of paternity against members of the Armed Forces who are not on active duty will be sent to the member concerned in such a manner as to ensure that the charges are delivered to the addressee only. Military channels will be used when practical. When requested by the complainant, the last known address of inactive duty members may be furnished under the same conditions as set forth below for former members.

11. **Former Members**

a. In all cases of allegations of paternity against former members of the Armed Forces who have been completely separated from the service and who hold no military status whatsoever, the claimant will be informed of the date of discharge, that the individual concerned is no longer a member of the Armed Forces in any capacity and that the Navy Department assumes no responsibility for the whereabouts of individuals no longer under its jurisdiction. The correspondence and all accompanying documentation will be returned to the claimant.

b. The last known address of the former member shall be furnished to the claimant if the complaint against the former member is supported by a certified copy of either a judicial order or decree of paternity or support duly rendered against the former member by a United States or foreign court of competent jurisdiction, or a document which establishes that the former member has made an official admission or statement acknowledging paternity or responsibility for support of a child before a court of competent jurisdiction, administrative or executive agency, or official authorized to receive it, and/or in cases where the complainant, with the corroboration of a physician's affidavit, alleges and explains an unusual medical situation which makes it essential to obtain information from the alleged father to protect the physical health of either the prospective mother or the unborn child.

12. **Legal Assistance Officer**. Members should be encouraged to discuss any personal problems within the scope of this article with their legal assistance officer. This is not intended to delay the measures indicated once a case has reached an aggravated stage.

-------------------	--

1. **Policy.** This article applies to both officer and enlisted personnel. Per references (a) through(c), the nonjudicial punishment (NJP) authority who imposed punishment, the commander who imposed NJP, a successor in command, or the next superior authority may set aside punishment in whole or in part. This action should ordinarily be exercised only when the authority believes that, under all circumstances, the punishment resulted in a clear injustice. The power to set aside an executed punishment should ordinarily be exercised only within a reasonable time after the punishment has been executed, which in the absence of unusual circumstances, 4 months is a reasonable time.

2. **Effects of Improper Set Asides.** Commanders should be cognizant of the effects of improperly setting aside an NJP. Such effects can include:

- a. Disadvantaging Sailors who have not committed misconduct, especially in the area of advancement;
- b. Denying detailers and gaining commands relevant information concerning the reliability of the affected Sailors;
- c. Subjecting the Navy to financial reimbursement in the cases of restored reduction of rate; and

d. Denying a board relevant information regarding the Sailor's fitness for promotion, continuation, a special program, or senior leadership position.

3. Action

a. To set aside NJP punishment (in whole or in part), the NJP set aside authority shall prepare and personally sign (not "by direction") a letter of notification (LON) in the format shown in paragraph 4 below. If a set aside is directed by a command other than the command that imposed the NJP, the submitting NJP set aside authority shall send an information copy to the command that initially imposed punishment.

b. The LON shall explain why the punishment is being set aside, including why the punishment has resulted in a clear injustice.

c. LONs directing a set aside outside the 4-month window shall justify the unusual circumstances for the delay.

d. The LON must be sent via mail or e-mail to Bureau of Naval Personnel (BUPERS), Office of Legal Counsel (BUPERS-00J), copying the first flag officer in the NJP set aside authority's chain of command. If the NJP set aside authority is a flag officer, this requirement is waived.

e. After confirming an appropriate authority set aside the punishment, if the entire NJP punishment was set aside, BUPERS-00J will direct NAVPERSCOM (PERS-832) for enlisted and NAVPERSCOM (PERS-834) for officers to expunge all references to the NJP contained within internal databases. NAVPERSCOM (PERS-832) and NAVPERSCOM (PERS-834) will subsequently direct NAVPERSCOM, Records Management Policy Section (PERS-313) to expunge all documents pertaining to the NJP that have been set aside from the Sailor's official military personnel file. In addition, NAVPERSCOM (PERS-832) and NAVPERSCOM (PERS-834) will direct the Navy Standard Integrated Personnel System (NSIPS) help desk to expunge the NSIPS transactions associated with NJP that is set aside. If a reduction in rate is set aside, the date of restoration must revert to original date of advancement and time in rate, thereby entitling member to full reimbursement of back pay. BUPERS-00J will notify the NJP set aside authority and member when NAVPERSCOM review has been completed and local action is appropriate.

f. The NJP set aside authority will ensure all local records are purged of any notations of NJP hearing and or punishments awarded which have been set aside, and their residual effects.

g. NAVPERSCOM does not act as approval authority or have capability to correct or adjust pay and allowances. Correction of pay and allowances is to be accomplished by the command personnel office or servicing personnel support detachment (PERSUPP DET).

h. Performance evaluation documents and related correspondence may only be removed from the member's record if a special evaluation was issued as a result of NJP. For periodic or transfer reports, specific references to NJP, trait marks, and promotion recommendations may not be changed by NAVPERSCOM as a result of the set aside action. For records or documents which may not be corrected by set aside action, Service member should be advised to petition the Board for Correction of Naval Records (BCNR) for additional corrective action.

Note 1: Mitigation of punishment is a reduction in either the quantity or quality of a punishment, its general nature remaining the same. To mitigate punishment, per reference (b) (paragraph 6b), use:

- NAVPERS 1070/607 Court Memorandum (**if pay is involved**)
or;
- NAVPERS 1070/613 Administrative Remarks (**if no pay is involved**);

to correct the original document. Reduction in pay grade may be mitigated to forfeiture of pay **only** within 4 months after date of execution, and forfeitures may not exceed the total amount of forfeitures that could have been awarded at NJP. Both original and corrected NAVPERS 1070/607 Court Memorandums will be filed as part of member's official record. Do not issue an LON in a modified format to NAVPERSCOM (PERS-832) for mitigation.

Note 2: See MILPERSMAN 1430-020 for procedures regarding advancement after reduction in rate.

4. **Sample LON.** Use this LON for setting aside an NJP (use the proper letter format below):

From: [position, command setting aside punishment]
To: Bureau of Naval Personnel, Millington (BUPERS-00J)
Subj: [partial] SET ASIDE OF NJP ICO [grade/rate, name, last 4 SSN]

1. As the [nonjudicial punishment (NJP) authority who imposed punishment, the commander who imposed NJP, the imposing NJP authority's successor in command, or the next superior authority of the imposing NJP authority], I hereby set aside [(state punishment being set aside) or (the NJP proceeding) in case of [grade/rate, name]. All rights, privileges, and property affected by virtue of execution of this [or if partial, this part of the punishment] punishment shall be restored. Per reference (a), request you remove from [grade/rate, name's] official record all reference to [this punishment or NJP hearing] which has been set aside. Request copy-to addressees take appropriate restorative action in case of [grade/rate, name] and notify me and member concerned when completed.

1. Policy

a. Punitive discharges from a court-martial will be effected only upon orders from

(1) Navy - Marine Corps Appellate Review Activity, per reference (a); and

(2) Naval Clemency and Parole Board, where applicable, per reference (b).

NOTE: A supplemental court-martial order (SCMO) is required in all cases prior to executing Dishonorable Discharge (DD) or Bad Conduct Discharge (BCD), even if the member has waived or withdrawn from appellate review.

b. In any action on the record to suspend a court-martial sentence (or any part thereof), which includes a punitive discharge, the convening authority (CA) will be guided by reference (a), Rule 1108.

c. A member sentenced to an unsuspended punitive discharge shall, at the convenience of the CA, be transferred to a separation activity (per MILPERSMAN 1050-310 through 1050-380) for confinement and/or retention, and/or appellate leave, pending completion of CA's action.

2. Vacating Suspended Discharges

a. Where execution of a portion of a sentence which includes a punitive discharge is suspended subject to a probationary period, the suspension may be vacated under the procedure in reference (a), Rule 1109; and reference (c), section 0160. A CA may initiate proceedings to vacate suspension of a sentence where it is clearly established by the record that such action is appropriate and in the best interest of Navy.

b. For a new offense, imposition of nonjudicial punishment (NJP) or referral to a court-martial, along with vacation of suspension, may be appropriate.

c. Upon receipt of an order to vacate the suspension of a sentence which includes a punitive discharge, the member may be transferred for discharge, as appropriate.

3. **Procedures.** Follow the below procedures when executing a DD or BCD.

WHEN a DD/ BCD is affirmed...	AND...	THEN...	THEN...
execute the DD/BCD per the SCMO,	if the member is not in confinement,	discharge member and issue DD 214,	forward service record to Navy Personnel Command, PERS-312C, 5720 Integrity Drive, Millington, TN 38055-3120.
	if the member is in confinement, retain service, medical/dental, and pay records; DD 214, and other documents in the prisoner's personnel file,	retain until confinement is completed,	forward medical/dental records to Department of Veteran's Affairs (DVA). forward pay record to Defense Finance and Accounting Center (DFAS), Cleveland, OH.
		if member is released to Parole or to Mandatory Supervised Release,	forward service, medical/dental records to Navy and Marine Corps Appellate Leave Activity 1325 10 th Street SE Suite 303 Washington Navy Yard, DC 20374-5070 for retention until maximum release date.
		if member was transferred to the Federal Bureau of Prisons (FBOP) , the commander of the losing facility (United States Disciplinary Barracks (USDB)/Navy Liaison Detachment or Naval Consolidated Brig (NAVCONBRIG)) will act as the custodian of all records of the prisoner confined in the FBOP. The FBOP will be provided copies of any records they need,	upon completion of confinement, the original records shall be forwarded per the block above.

-------------------	---

1. Policy

a. Per references (a), (b), and (c), Navy Personnel Command (NAVPERSCOM), Line Of Duty/Medical Hold/Medical Retention Review Division (PERS-95) assigns physical risk classifications (PRCs) to officer and enlisted personnel based on the professional recommendation of Chief, Navy Bureau of Medicine and Surgery (BUMED). The PRC is recorded in the Inactive Manpower and Personnel Management Information System and the Medical Readiness Reporting System databases. When a member is not assigned a PRC, the individual is normally considered to be physically qualified for orders to active duty without restrictions.

b. NAVPERSCOM (PERS-95) will notify the member's chain of command via official message of the assigned PRC. The member will be notified by his or her chain of command. Once assigned, PRCs will remain in effect unless changed by NAVPERSCOM (PERS-95). A member may request reconsideration of a PRC by submitting additional medical information to NAVPERSCOM (PERS-95) via member's chain of command and BUMED.

2. **Classification Categories** NAVPERSCOM (PERS-95) assigns the following PRCs below:

a. **PRC A.** Assigned to a member who is generally considered physically qualified for assignment to all duties consistent with grade, designator, and rating; and for retention in the Navy Reserve. The member has a minor physical defect or condition that must be monitored, but a member classified as PRC A is generally considered to be physically qualified for orders to active duty.

b. **PRC B.** Assigned to a member who is generally considered physically qualified for assignment to all duties consistent with grade, designator, and rating; and for retention in the Navy Reserve; however, the member has a physical defect or condition that could restrict the member's active duty assignment. Personnel with this classification require an annual medical retention review (MRR) submission. Per MILPERSMAN 1910-158, members who have not complied with the annual update requirement will be subject to administrative separation from the Navy Reserve. A member assigned a PRC B has substantive restrictions placed on active duty eligibility. A member assigned a PRC B may complete required annual training and is eligible for active duty orders. However, a waiver is required for any active duty period greater than 30 days or duty outside the continental United States (OCONUS). The member's Reserve medical department representative is responsible for forwarding the waiver request to NAVPERSCOM (PERS-95) no later than 30 days prior to the requested order start date.

c. **PRC C.** Assigned to an Individual Ready Reserve member who has reported a physical defect or condition during annual screenings. This classification serves as an indicator for conditions that require further evaluation if active duty is considered. A waiver is required for any active duty period greater than 30 days or duty OCONUS. NAVPERSCOM, Individual Ready Reserve Mobilization and Force Management Division (PERS-93) will forward the waiver request to NAVPERSCOM (PERS-95) no later than 30 days prior to the requested order start date.

d. **PRC 4.** Assigned to a member who is not physically qualified at the current time for active duty or retention in the Ready Reserve. Members assigned a PRC 4 have evidence of physical defects or conditions which may or may not be physically disqualifying. NAVPERSCOM (PERS-95) will withhold its final determination of the physical qualification for a

maximum period of 1 year pending submission of additional medical information required by BUMED. Per MILPERSMAN 1910-158, members who have not complied with the requirement to submit additional information after 1 year may be subject to administrative separation from the Navy Reserve. While assigned as a PRC 4, the member is considered not physically qualified for mobilization, annual training, active duty for training, active duty for special work, funeral honors detail, overseas orders, or attendance at service schools.

e. **PRC 5.** Assigned to a member who is not physically qualified for retention in the Navy Reserve and not considered physically fit for active duty. NAVPERSCOM (PERS-95) will notify the member's command of the disqualification. The command will notify the member of the finding of physical disqualification by utilizing the letter format contained MILPERSMAN 1910-168. NAVPERSCOM (PERS-95) will direct involuntary discharge or retirement for eligible members who fail to elect one of the options contained within the physical disqualification notification letter.

3. Waiver Request

a. NAVPERSCOM (PERS-95) only grants waivers for existing PRC conditions. All waivers must be sent from the member's medical department representative via encrypted e-mail no later than 30 days prior to the requested order start date and must include the following information:

- (1) Name and rank;
- (2) Last 4 of social security number;
- (3) Date of birth;
- (4) Ultimate duty station location;
- (5) Number of days;
- (6) Type of order;
- (7) Start date of order;
- (8) Type of work (i.e. administrative, shipboard);
- (9) Condition(s), medication(s), prognosis;

- (10) Physical readiness test results; and
- (11) MRR resubmission date.

b. For mobilization to theater, combatant command requirements include:

(1) All personnel deploying to theater must be medically and psychologically fit for deployment. Fitness specifically includes the ability to accomplish the tasks and duties unique to a particular operation and ability to tolerate the environmental and operational conditions of the deployed location.

(2) Personnel who have existing medical conditions may deploy if all the following conditions are met:

(a) The conditions are not of such a nature that an unexpected worsening is likely to have a medically grave outcome.

(b) The conditions are stable (i.e., currently under medical care and reasonably anticipated by the predeployment medical evaluator not to worsen during the deployment under available care in theater, in light of the physical, physiological, psychological, and nutritional impacts and effects of the duties and location).

(c) Any required ongoing health care or medications must be immediately available in-theater within the military health system, and have no special handling, storage or other requirements (e.g., cold chain, electrical power required).

4. **Assignment in a MRR status.** Per references (a) and (c), members in a MRR status will be assigned per current Reserve force assignment policy.

-------------------	--

1. **Policy**. Medical screening is required by references (a) and (b) for military personnel prior to transfer or assignment to certain duty.

2. **Examples of Screening Requirements**

- a. Mandatory urinalysis for "A" School attendees.
- b. Overseas screening requirements.
- c. Human Immunodeficiency Virus (HIV) testing for overseas assignment.

Upon completion of the appropriate screening, health and dental records will be updated, certifying completion of the required screening. Additionally, personnel transferred for separation shall be physically examined as required in MILPERSMAN 1900-808. Personnel transferred for overseas assignment shall be physically examined as required in MILPERSMAN 1300-304.

3. Special Requirements for Certain Duty Assignment

a. In addition to the physical qualification requirements for enlistment and separations, there are special requirements for certain types of duty such as the following:

Aviation training and duty.
Submarine training and duty.
Nuclear power training and duty.
Diving training and duty.
Antarctic Expedition Program.
State Department duty.
Personnel applying for service schools.
Detachments to sea duty or duty outside the 48 contiguous United States and District of Columbia.
Applicants for food handler ratings.
All rates or specified duty in which special physical requirements apply.

b. Prior to forwarding requests, when applicable, to Navy Personnel Command (NAVPERSCOM) concerning duties listed above, applicants shall be examined physically per reference (c) and suitable notation shall be made of the results of the examination, giving the nature of defects, if any, in sufficient detail to permit proper departmental review.

c. Personnel suffering from active venereal disease, or other diseases requiring periodic treatment under supervision of a medical officer, shall not be assigned to a ship or station where there is no medical officer attached.

1. **Purpose.** To publish policy and procedures for transfer of NAVMED 6150/21 U.S. Navy Medical Outpatient and Dental Treatment Record through NAVMED 6150/30 U.S. Navy Medical Outpatient and Dental Treatment Record hereafter referred to as service treatment records (STRs).

2. **Policy.** DD 877 Request for Medical/Dental Records or Information, Request For will be used to order records from the local military treatment facility (MTF) and may be accessed by using the following Web address:
<http://www.dtic.mil/whs/directives/forms/dd/ddforms0500-0999.htm>. NAVPERS 5000/64 Records Transmittal will be used when transferring records (previous editions are obsolete and shall not be used) and may be accessed by using the following Web address: <http://www.npc.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

3. Where and When to Transfer STRs

Transfer to:	When:
Next duty station	<ul style="list-style-type: none"> • a member detaches on permanent change of station (PCS) or temporary duty (TEMDU) orders; • a member is released from active duty, active duty for training (ADT), active duty for special work (ADSW), presidential reserve call-up (PRC), or mobilization (partial or full), and is affiliated or re-affiliated with a drilling reserve unit; • a member on inactive duty is recalled to active duty status over 29 consecutive days (i.e., ADT, ADSW, PRC, mobilization). <p>NOTE: See paragraph 4a below.</p>
Commander, Navy Personnel Command, Casualty Assistance Branch (PERS-13) 5720 Integrity Drive Millington, TN 38055-6200	<ul style="list-style-type: none"> • a member dies; • a member enters a missing status (including missing in action, interned or detained, and captured). <p>NOTE: See paragraph 4b below.</p>

Navy Medicine Records Activity (NMRA) BUMED Detachment St. Louis 4300 Goodfellow Blvd, Bldg. 103 St. Louis, MO 63120	<ul style="list-style-type: none"> • a member is discharged, released from active duty and not affiliating or re-affiliating with a drilling reserve unit, transferred from inactive duty training status (Selected Reserve and volunteer training unit) to the Individual Ready Reserve or Standby Reserve (S1/S2), or retiring from active or reserve service. <p>NOTE: See paragraph 4d below</p>

4. **STR and Non-Service Treatment Record (NSTR) Transfer.** Upon PCS of the active duty member, the STR and NSTR of family members (if accompanying and as applicable) shall be forwarded to the MTF at the gaining installation within the continental United States and outside the continental United States locations.

a. Permanent transfers to operational duty stations (PCS) for active duty.

(1) Upon notification, a member is to be transferred. Pull the STR from file and determine whether there are any secondary records.

(2) Print copies from the electronic records. MTFs shall print copies of all documentation in Composite Health Care System (CHCS) I, Armed Forces Health Longitudinal Technology Application (AHLTA) to include any ancillary service results (e.g., laboratory and radiological results), along with documentation in any other electronic health record. File the documentation in the STR prior to the member's transfer.

(3) Verify the STR and certify the member has been processed for transfer. Include the dental record before transfer, if it was not maintained with the STR.

(4) Complete medical record transfer-out in the CHCS tracking system. Assure secondary records are transferred with the primary record.

(5) The STR will be forwarded via certified mail or other Navy-approved trackable services to the member's new duty station.

b. Exception to hand-carrying the paper record is granted for the following:

(1) Service members traveling overseas on PCS orders or returning from overseas on PCS orders, assignment to an operational, or transfer to a remote duty station.

(2) An MTF commander determines it is in the best interest of patient care to allow for hand-carrying of paper medical records.

(3) Service members performing temporary duty where the full medical record is required.

c. With the above exceptions, the Service member may hand-carry his or her paper STR to the new duty station after fulfilling the following requirements:

(1) Service members must present orders to the record custodian prior to receiving the STR.

(2) The Service member must complete and sign NAVMED 6150/8 Outpatient Record Release Request and Transfer Receipt.

(3) The Service member will be instructed to turn in his or her STR upon reporting to the new duty station.

(4) The MTF will complete medical record transfer-out module in the CHCS tracking system.

d. PCS to TRICARE Prime remote locations.

(1) Service members must present valid PCS orders indicating a duty location more than 100 miles from an MTF (TRICARE remote standard) that makes it impractical for the patient to travel to the MTF.

(2) The losing facility will maintain custody of the original medical record, but will provide the patient a copy. When the Service member transfers to his or her next duty station, he or she will have the gaining MTF request the medical record from the losing MTF.

(3) The MTF will follow standard charge-out and record tracking procedures if a record transfer occurs.

(4) In cases where the original medical record is released to the Service member at the time of PCS transfer to Tricare remote location, the MTF must scan into AHLTA any documentation that could result in future medical disability claims.

e. Transferring STRs to NAVPERSCOM (PERS-13) for deceased or missing cases.

(1) Prisoner of War/Missing in Action (POW/MIA). Mail records to:

Navy Personnel Command (PERS-13) ATTN: POW/MIA Branch 5720 Integrity Drive Millington, TN 38055-6210

(2) Deceased Sailors. Print in large letters, diagonally across the record's cover "DECEASED". Mail record to:

Navy Personnel Command (PERS-13) 5720 Integrity Drive Millington, TN 38055-6210

f. When transferring STRs to Officer in Charge, Navy Absentee Collection and Information Center comply with MILPERSMAN 1600-060.

(1) For Officers. Complete NAVPERS 5000/64 and seal the below records in an envelope and mail via first class mail:

(a) NAVPERS 5000/64;

(b) DD 553 Deserter/Absentee Wanted by the Armed Services;

(c) STR;

(2) For Enlisted. Combine in an envelope and mail via first class mail.

g. Transferring STRs to NMRA central cell.

(1) BUMED has established the NMRA STR central cell to perform all Department of the Navy scanning into Health Artifact and Imaging Management Solution (HAIMS) and quality assurance review of STRs. Effective immediately, all medical and dental departments are required to send the STR as soon as possible (and no later than 2 weeks after a Service member's release date for separating active/reserve Service members) to the NMRA STR central cell at the following address:

Navy Medicine Records Activity (NMRA) BUMED Detachment St. Louis 4300 Goodfellow Blvd, Bldg. 103 St. Louis, MO 63120

(2) Remote Locations. Commanders of remote units are responsible for mailing STRs to the BUMED STR central cell when the active duty Service member is enrolled with a civilian primary care manager and must maintain the STR themselves or at their unit. Commanding officers of medical and dental departments will utilize the BUMED STR automated tracking system where the command has information technology capability.

(3) Outpatient treatment records accumulated after a member's health record shall be transferred to the NMRA STR central cell for scanning into HAIMS at the above address.

(4) All commands shall comply with STR processing timelines in order to enable transfer of STRs to veterans affairs (VA) no later than 45 business days from either the date a Service member is separated from the Navy, or from the date a Reserve Component member, who is not separating, files a claim with the VA.

1. **Policy**. Exemptions of immunization requirements are granted for administrative reasons and will ordinarily be granted only in the case of legitimate religious objection to immunization, as addressed in references (a) and (b).

2. **Authority**. Authority to grant permanent waiver of immunization requirements is vested in the Chief, Bureau of Medicine and Surgery (BUMED), Washington, DC.

3. **Application Procedure**. Members requesting a permanent exemption of immunization requirements will forward a request to BUMED, Public Health/Preventive Medicine (M3B25) via the member's commanding officer (CO) and Deputy Chief of Naval Operations, Manpower Training and Education (N1), or Commandant of the Marine Corps, Deputy Chief of Staff (DCS) for Manpower and Reserve Affairs (M&RA), as appropriate.

4. **Contents of Request**. The request will include the following:

- a. Full name and grade;
- b. Description of the religious tenet or belief contrary to immunization;

c. Recommendation from a military chaplain who has counseled the applicant regarding the depth and sincerity of religious belief; and

d. The following acknowledgements. Enlisted members will use NAVPERS 1070/613 Administrative Remarks in the following format:

"I request a permanent waiver of immunization requirements. I hereby state that my request is based upon (religious objection to immunization, or other reasons specifically described). I acknowledge having received the following counseling:

1. Failure to obtain immunization poses additional risk to my health upon exposure to disease.
2. If I contract a disease for which an immunization is available and prescribed, any hospitalization resulting there from could constitute time lost from Active Duty which must be made up.
3. Any disability resulting from the aforementioned disease could deny me entitlement to any disability benefits that otherwise might accrue as a result of naval service.
4. In the event of foreign travel, I may be detained during travel across foreign borders due to international health regulations.
5. If granted, a waiver may be revoked by my commanding officer, if I am subsequently considered by competent authority to have imminent risk of disease.

MEMBER'S SIGNATURE

Witnessed:

5. **Applicant Counseling.** COs will ensure that applicants are counseled concerning the following:

a. The additional risk to health on exposure to disease against which the applicant will not be protected by a military physician who informs member of diseases concerned, and benefits and risks of vaccine;

b. The possibility that the applicant may be detained during travel across international borders due to international health regulations; and

c. The possibility that individuals granted such exemptions may have their waiver revoked if they are at imminent risk of disease (i.e., exposure to anthrax, measles, cholera, etc.) and or due to international health regulations.

6. **Revocation of Waiver by CO.** COs may, without prior approval by BUMED, revoke a member's authorized immunization waiver in the event of imminent risk of disease due to exposure or as a result of international health regulations incident to foreign travel. If a member's immunization waiver is revoked, such action is to be reported to BUMED (M3B25) by message as soon as possible.

7. **Administrative Actions**

a. Service members who have not requested a waiver or whose waiver has been disapproved, and who refuse to take immunizations may be subject to administrative and disciplinary actions as deemed appropriate by COs, for violation of a lawful order.

b. Actions include:

(1) Formal counseling and warning, recorded on NAVPERS 1070/613 Administrative Remarks;

(2) Nonjudicial Punishment;

(3) Courts-martial; and or

(4) Processing for administrative separation by reason of misconduct due to commission of a serious offense.

c. See MILPERSMAN 1910-142 and 1910-402 for guidance on enlisted separation. See reference (c) for officer separations.

1. **Policy.** The issuance of worthless checks by members of the Navy and/or their family is totally unacceptable. It is the responsibility of every member of the Navy to promptly pay one's debts. Upon receipt of a returned check, the activity providing the check cashing privilege shall inform the commanding officer (CO) of the drawer, or in the case of a family member, the CO of the sponsor. If the drawer is retired, on inactive duty as a member of the Naval Reserve, or in the Fleet Reserve, the member will be advised in writing, and if necessary, the area coordinator in which the drawer resides. Suspension of drawer check cashing privileges pending resolution of the worthless check is at the discretion of the check cashing facility.

2. **CO's Responsibility**

a. Upon notification of a returned check, the CO shall

(1) notify the member and, if appropriate, investigate the matter;

(2) inform the member of the need to resolve and report to the command when the worthless check issue has been resolved, and/or take action commensurate with the offense (nonjudicial punishment (NJP), counseling, etc.).

b. Administrative separation (ADSEP) may also be considered for enlisted personnel who demonstrate financial irresponsibility or a pattern of dishonorable failure to pay just debts. For officers, reports of NJP, and/or action in connection with a Detachment for Cause may apply.

-------------------	--

1. **Policy.** Members of the Naval Service are expected to pay their just debts and financial obligations in a proper and timely manner. The Navy is without legal authority to require a member to pay a private debt, or to deduct any part of their pay to reimburse the creditor even if the indebtedness has been reduced to judgment by a civil court, unless the member's pay is to be garnished to provide child support or alimony under reference (a).

2. **Enforcement of Private Obligations**

a. The enforcement of private obligations is a matter for civil authorities. A commanding officer (CO) is without authority to adjudicate claims or to arbitrate controversies concerning debts or private obligations of naval members, or to act as an agent or collector. Members of the Naval Service are not, by virtue of their military status, relieved from continuing obligations to obey pertinent civil laws or to comply with the terms of applicable civil court orders, decrees, or judgments; however, the ***Servicemembers Civil Relief Act***, as amended, provides for certain privileges and benefits for members of the Naval Service.

b. The extent to which COs may cooperate with creditors is limited to administrative referral of correspondence to the member. The CO shall ensure the member communicates their intentions regarding the creditor. Under the ***Fair Debt***

Collection Practices Act (reference (b)), contact by a debt collector with third parties, such as COs, for the purpose of aiding debt collection is prohibited without prior concurrence of the debtor, or without a court order. Claims for support of family members or claims by the Federal, State, or Municipal Governments are not limited by this section.

3. Creditor's Obligations

a. The following requirements should be met by creditors prior to assistance in collecting debts:

(1) Creditors subject to reference (c), and assignees claiming thereunder, shall submit, with their request for debt processing assistance, an executed copy of the Certificate of Compliance and a true copy of the general and specific disclosures provided the member as required by the **Truth-in-Lending Act**. Reference (b) pertains.

(2) A creditor not subject to reference (c), such as a public utility company, shall submit a certification that no interest, finance charge, or other fee is in excess of that permitted by the law of the State from which the obligation was incurred under reference (c), section 226.3 of Regulation Z.

(3) A foreign-owned company having debt complaints shall submit with its request a true copy in English of the terms of the debt and shall certify that it has subscribed to the Standards of Fairness.

(4) Credit unions chartered to serve DOD personnel, but operating off military installations, banks and credit unions operating on military installations, and bank branches operating on military installations shall conform to the Standards of Fairness. Relative to this requirement, the **Truth-in-Lending Act** prescribes the general disclosure requirements which must be met by those offering or extending consumer credit, and reference (c) prescribes the specific disclosure requirements for open-end and installment credit transactions. In lieu of Federal requirements, State regulations apply to credit transactions when the Federal Reserve Board has determined that State regulations impose substantially similar requirements and provide adequate enforcement measures. Regulations of the Federal Reserve Board should be checked to determine whether Federal or State laws and regulations govern.

b. These requirements of certification do not extend to

(1) claims of companies furnishing services such as newspapers and similar services where credit is extended solely to facilitate the service, as distinguished from inducing the purchase of the product or service; or

(2) claims by accommodation endorsers, co-makers, or lenders against the party primarily liable on obligations not intended to benefit the accommodating party, through payment of interest or otherwise; contracts for the purchase, sale, or rental of real estate; claims in which the total unpaid amount does not exceed \$50.00; claims for support of family members (guidance found in reference (d), chapter 50 (FMR)); claims based on a revolving or open-end credit account if the account shows the periodic rate and its annual rate equivalent and the balance to which it is applied to compute the charge; or purchase money liens on real property (does not include liens on real property and related obligations such as those which represent obligations for improvement or repair).

4. Commanding Officer's (CO's) Obligations. The CO shall ensure members of their command are instructed in financial responsibility, suggested via the command's General Military Training (GMT) program. Disinterested third party counseling (financial counselor) should be made available by each command to assist members with their financial concerns or problems. Training should help to emphasize the following:

a. Thrift is not only a virtue, but for most people, a necessity.

b. The way in which one handles their private financial affairs provides a reliable indication of their general character and truthworthiness.

c. Prior to acceptance of any credit plan, members should evaluate their financial capabilities and set up a budget, which will preclude hopeless entrapment in overburdening and ever increasing debts.

d. Consultation with a legal assistance officer, or command financial assistant, when contemplating large purchases on credit may assist members to avoid commitments which may be difficult or impossible to carry out.

e. Be wary of the "high pressure" salesperson. Think carefully and seek advice before signing an agreement or contract. Never sign a blank contract and always multiply the number of payments by the amount to determine the total payment. Note particularly the penalty clauses.

f. Failure to pay just debts or repeatedly incurring debts beyond one's ability to pay is evidence of irresponsibility and may jeopardize their security clearance status, advancement status, duty assignment, qualification for reenlistment or extension of enlistment, retention, and in aggravated circumstances may become grounds for disciplinary and/or administrative separation action.

g. A savings may be realized by setting funds aside to provide for cash purchases.

h. Take advantage of the saving, counseling, and lending services provided by credit unions organized by and for Department of the Navy (DON) civilian and military personnel.

i. The use of the statement of Full Disclosure forms as set forth herein will be included in indoctrination and each member desiring to obtain or execute a loan will be encouraged and advised to require the creditor or lender to complete the Full Disclosure form to be signed by both parties to the transaction.

j. Members who did not seek or heed advice beforehand or who otherwise encounter difficulties in paying their debts should be encouraged to consult with a legal assistance officer per reference (e).

k. Bankruptcy is not an easy way out of indebtedness. The Navy neither encourages nor discourages the filing of a petition in bankruptcy. The circumstances prompting bankruptcy proceeding are considered carefully since they may reflect adversely on the military character of the petitioner. A discharge in bankruptcy does not give a member immunity from appropriate disciplinary or administrative action for failure to pay just debts committed prior to a petition of bankruptcy.

5. **Notice of Indebtedness**. Upon receipt of a notice of indebtedness, determine if the creditor is

a. a **debt collector** who is in violation of the ***Fair Debt Collection Practices Act*** or a State statute regulating debt collection practices;

b. a **nonjudgement creditor** who has complied with the Standards of Fairness, made a full disclosure of the terms of the obligation, and executed the Certificate of Compliance before consummating the loan or credit contract, and has submitted a copy of the statement of Full Disclosure and the Certificate of Compliance with the signatures of both parties and the date of its execution;

c. a **nonjudgement creditor** who has certified that the Standards of Fairness are complied with and that the unpaid balance is adjusted accordingly or needs no adjustment, including a statement of Full Disclosure reflecting compliance. This provision applies only to those cases in which the creditor has not executed a Certificate of Compliance prior to the consummation of the contract or is unable to produce it.

d. a **creditor** who has procured a judgment in a civil court of competent jurisdiction.

6. **Letters to Creditors.** In the event that a notice of indebtedness is received by a member's command, the appropriate form letter should be used.

7. Indebtedness to the Navy and Marine Corps Relief

a. The Navy and Marine Corps Relief Society (NMCRS) maintains a close affiliation with the Navy and Marine Corps. Communications from the NMCRS to the CO concerning funds advanced to a member are made only after repeated unsuccessful attempts have been made to communicate with the member. The NMCRS requests COs to have the member interviewed, to ask the member to reply to the NMCRS correspondence, and to submit a recommendation regarding member's ability to repay the funds. Answers to these letters shall be answered in terms of action and information requested, not in terms of typical indebtedness letters. These letters are not appropriate when responding to NMCRS, or letters to other COs, which are neither indebtedness complaints, nor collection letters.

b. Claims in which compliance with these requirements is questionable, or in which the total cost of the loan or credit including all finance charges, although stated, appear excessive shall be referred to the officer designated by the command as responsible for such consideration and disposition as may be appropriate; however, before deciding on the proper course of action, the command shall give the creditor an opportunity to demonstrate that the finance charges conform to law and the extent to which the finance charge and rates conform to prevailing rates and charges for similar consumer credit transactions.

c. Expeditious action is encouraged in the best interest of the Navy, and to assist member where feasible in obtaining needed credit, or preventing adverse credit information from being entered on their account(s).

8. Request for Information on Member's Pay. Requests to furnish information concerning the personal credit rating of a member of the Naval Service should be courteously refused. Inquiries will be limited to a verification that the member is in the Naval Service, and a statement of the member's duty station, duty address, and basic pay information. The command may provide the member a **Statement of Service** (see **Letter L-7**), which includes a statement of pay and allowances that has been signed and released by the command.

9. Actions in Aggravated Situations of Nonpayment

a. Should an aggravated situation due to nonpayment occur, the member should be immediately counseled on the adverse effects of such notification of nonpayment of legal debts, and the need to take prompt action to resolve the nonpayment issue.

b. If considered necessary to assist the member in managing their financial affairs, require the member to submit a **Statement of Monthly Finance (Income and Output)** (see **Letter L-8**). Submit to DON, Central Adjudication Facility (DON CAF), if appropriate, a full report of the circumstances in connection with any petition in bankruptcy, discharge in bankruptcy, or approved **Wage Earner's Plan**.

LETTER L-1
(Use proper letter format.)

Dear Sir/Madam:

This is in reply to your letter of (date) concerning the alleged indebtedness of (grade/rate/name).

The policy of the Department of the Navy is that members of the Naval Service shall honorably discharge their just and fair debts. We have, however, no authority to enforce settlement of any private claims made against members of the Naval Service, nor is adjudication of disputed claims a matter under the cognizance of the Department of the Navy.

The Navy will forward complaints of indebtedness to members advising them to communicate directly with the creditors regarding their intention in the matter, provided the letter of indebtedness complies with statutory and regulatory requirements.

A careful review of the contents of your correspondence suggest that it is in violation of (statute (Federal or State, or both)), in that (briefly describe the apparent violation, i.e., correspondent is a member of the class of persons prohibited from contacting third parties). Therefore, the correspondence is returned to you without action.

You are advised to communicate directly with (grade/rate/name) about this matter.

Sincerely,

(Attached enclosures.)

LETTER L-2

Dear Mr./Miss/Mrs./Ms/(surname)

This is in reply to your letter of (date) concerning the alleged indebtedness of (grade/rate/name).

The policy of the Department of the Navy is that members of the Naval Service shall honorably discharge their just and fair debts. The Department of the Navy has no authority to enforce settlement of any private claims made against members in the Naval Service, nor is adjudication of disputed claims a matter under the cognizance of the Department of the Navy.

Department of Defense directives require that as a condition precedent to forwarding complaints of indebtedness to a member, the enclosed forms must be completed and the Standards of Fairness complied with. If, after review, it appears that provisions of the Department of Defense directives have been fully satisfied, the matter will be referred to the member for reply directly to you.

Sincerely,

Dear Mr./Miss/Mrs./Ms. (surname):

This is in reply to your letter of (date) concerning the alleged indebtedness of (grade/rate/name).

After a careful review of the contents of your correspondence, it does not appear that the Full Disclosure test and the Standards of Fairness requirement have as yet been met. (Specify particulars to the extent appropriate). This command is not permitted to assist you until the Standards of Fairness have been complied with, or until such time as you have obtained a civil judgment in a court of competent jurisdiction which complies with the provisions of the ***Servicemembers Civil Relief Act***.

Sincerely,

Encl: (correspondence in this case.)

LETTER L-5
(Use proper letter format.)

My Dear Mr. (Congressman/Congresswoman):

This is in reply to your letter of (date) concerning the alleged indebtedness of (grade/rate/name), United States Navy.

Navy personnel are well indoctrinated in the Department of the Navy's policy of expecting all members to discharge their acknowledged debts and just obligations. We desire to cooperate and be of assistance to persons who are experiencing difficulty in collecting from naval personnel. There is no legal authority to exercise control or direction over federal pay in matters of personal indebtedness. Cooperation is restricted to bringing the matter to the attention of the member concerned, and requesting they communicate directly with the creditor regarding their intentions in the matter.

Department of Defense directives require that as a condition precedent to forwarding complaints, the enclosed form must be completed and the Standards of Fairness complied with. Your constituent should be advised to send the forms to: Commanding Officer, (fill-in). I have ensured the member is advised of our learning of this issue, and have recommended member take action to resolve the issue immediately.

Sincerely,

Encl: (Standards of Fairness forms for Full Disclosure/Certificate of Compliance.)

Dear Sir/Madam:

This is in reply to your letter of (date) requesting certain information relative to the credit rating of (grade/rate/name), United States Navy.

(Grade/rate/name) is currently a member of the Naval Service on active duty. His/her official address is: (fill-in). Current policy of the Department of the Navy precludes furnishing further information in this regard. If more detailed data is required, we suggest it be requested directly from the member or from credit bureaus or other commercial rating agencies.

We hope that the foregoing information satisfactorily answers your inquiry.

Sincerely,

NOTE: When in receipt of letters from creditors desiring to contact a member about their indebtedness and the member has transferred, the command should advise the creditor of the member's new duty station address or that the member has been discharged from the Navy and the Navy is not authorized to provide creditors with member's forwarding civilian address. Home addresses are never to be released.

INDEBTEDNESS

1. PRIVACY ACT STATEMENT: Under the authority of 5 U.S.C. 301 and department regulations, information concerning my financial status and current indebtedness has been requested so my command may evaluate my financial status and current indebtedness, and counsel me in regard to them. I also understand that such information may be used in administrative discharge proceedings. The information provided by me may become a permanent part of my personal record and will not be divulged without my written authorization to anyone other than officials and employees of the Department of the Navy, and other governmental departments or agencies engaged in their official duties. I understand that disclosure of this information may hamper effective counseling by my command. Further, I understand that if I fail to disclose the requested information, any administrative determination upon which my financial status and current indebtedness may have a bearing will be made on the basis of other available information, which may support a determination adverse to me. Lastly, I understand that disclosure of my social security number is also voluntary and that there is no adverse effect on me for not disclosing it; however, I understand that disclosure of my social security number will reduce the possibility of mistaken identity.

2. My current financial status is as follows:

Current monthly income:	Average monthly expenditures:
Pay:	Shelter:
Allowances:	Food:
Bonus:	Utilities:
Other:	Clothing:

1. **Policy.** The monthly longevity basic pay for naval personnel is determined by a member's pay entry base date (PEBD). The PEBD is a calculated date based on creditable service as defined in reference (a), chapter 1.

2. **Computation of Service for Personnel on the Active Duty List (ADL) and Full Time Support (FTS).** The supporting Personnel Support Activity Detachment (PERSUPP DET) or Personnel Office will calculate and enter the PEBD when a member is gained to active duty. Within 6 months upon reporting to active duty Navy Personnel Command (NAVPERSCOM), Officer Retirements Section (PERS-4822) will complete a Statement of Service (SOS) for officer personnel to calculate service dates, to include verification or updating the existing PEBD. The SOS is forwarded to the officer's electronic service record maintained at NAVPERSCOM. The service dates are entered into the Officer Personnel Information System (OPINS) and downloaded in the Master Military Pay Account. Once OPINS is updated, the PEBD will reflect on the officer's Leave and Earnings Statement (LES) within two cycles. The SOS will not be issued solely for record purposes. If the officer has been on active duty for 6 months and the correct PEBD does not reflect on the LES, a request for correction of PEBD should be sent to NAVPERSCOM (PERS-4822).

3. **Computation of Service for Reserve Officers (not on the ADL).** Computation of, or correction to, an reserve officer's PEBD is calculated by NAVPERSCOM, Reserve Officer Status Section (PERS-4911). Inquiries regarding establishment of, or correction to, a reserve officer's PEBD should be addressed to NAVPERSCOM (PERS-4911). Cumulative credit for qualifying years of reserve service is under the purview of Commanding Officer,

Naval Reserve Personnel Center (NAVRESPERSCEN) (N21). A SOS to show a reserve officer's anniversary date is provided by NAVPERSCOM (PERS-4911) when required.

4. **Broken Service for Active Duty Enlisted Personnel**. In case of broken service, the individual should provide the DD 214, Certificate of Release or Discharge from Active Duty, issued at the time of discharge so that cumulative service may be computed. If the DD 214 is not in the member's possession, send a request for a SOS to NAVPERSCOM, Records Analysis Section (PERS-312D). Specify the SOS is required in the computation of service for base pay purposes. Retain a copy of DD 214, or NAVPERS 1070/878 (Rev. 3-99), Forwarding of Statement of Service in the Case of, for PEBD and active duty service date, in the new service record to substantiate cumulative service.

1. **Policy.** Members who are retired for physical reasons, either temporarily or permanently, under authority contained in reference (a), are entitled to retired pay computed at their election by one of the following methods:

a. Monthly basic pay of the grade in which retired, multiplied by the assigned percentage of disability, or

b. Two and one-half percent of the monthly basic pay of the grade in which retired, multiplied by total years of service computed as prescribed in reference (b). In arriving at total years of service, a part of a year that is 6 months or more counts as a whole year and a part of a year that is less than 6 months is disregarded.

2. **If Eligible for Greater Retired Pay.** Regardless of the method elected, if an officer at the time of retirement for physical reasons has completed the service or requirements for retirement under any other law that would provide greater retired pay, such pay will automatically be adjusted to the greater pay by Commanding Officer, Defense Finance and Accounting Service Cleveland Center (DFAS-CL), Cleveland, OH. Such action does not alter the fact that the officer concerned was retired for physical reasons. Retired pay shall not be less than 50 percent for as long (not to exceed 5 years) as the member's name is carried on the Temporary Disability Retired List (TDRL).

1. **General Provisions**. The Secretary of Defense (SECDEF) has established that hardship duty pay (HDP) will be paid to members

- a. for performing specific missions (HDP-M), or
- b. when assigned to designated locations (HDP-L).

2. **Hardship Mission Entitlement**. The SECDEF has established that members assigned to, on temporary duty with, or otherwise under the operational control of the

- Joint Task Force-Full Accounting (JTF-FA), or
- Central Identification Lab-Hawaii (CIL-HI)

may qualify for HDP-M based on performance of a hardship mission. Members so assigned are entitled for each month in which they perform investigative or remains recovery duty in a remote, isolated area (including, but not limited to, areas in Laos, Cambodia, Vietnam, and North Korea) for recovery of United States (U.S.) servicemember remains.

3. **Hardship Location Entitlement**. An area outside the 48 contiguous U.S. and the District of Columbia (DC) may, upon specific approval of the SECDEF, qualify for designation as a hardship duty location.

4. **Restriction on Concurrent Receipt of Pays**. If a servicemember qualifies for both HDP-M and HDP-L, payment may not exceed the maximum total for HDP set by the SECDEF in reference (a), chapter 17.

5. Criteria for Submitting Requests for Addition or Deletion of Hardship Location. Office of Chief of Naval Operations (OPNAV), Military Compensation Branch (N130) will consolidate requests for additions or deletions to the list or areas authorized to receive HDP-L. Requests should

- a. be endorsed by the major area commanders,
- b. include number of personnel assigned, and
- c. include the concurrence of other services having personnel assigned to the area.

-------------------	--

1. **Policy.** Payment of Hardship Duty Pay - Tempo (HDP-T) is governed by section 305 of reference (a) and references (b) through (e), and is used to compensate enlisted Sailors and officers, both Active Component (AC) and Reserve Component (RC), for extended operational deployments.

2. **Eligibility**

a. Personnel who are deployed beyond 220 consecutive days on an operational deployment, as defined in reference (f), become eligible for HDP-T on the 221st day of consecutive deployment.

b. Days deployed inside the continental United States (CONUS) or non-foreign outside the continental United States (OCONUS) areas do not count towards determining HDP-T eligibility, except as noted in paragraph 5 of this article. Non-foreign OCONUS areas include the states of Hawaii and Alaska, the Commonwealths of Puerto Rico and Northern Marianas Islands, Guam, the U.S. Virgin Islands, and U.S. territories and

possessions (excluding the former Trust Territories of the Pacific Islands).

c. RC personnel will generally not accrue consecutive deployment days beyond 220 and will not be eligible for this pay, with one notable exception in the current operating environment: Those serving as individual augmentees (IA) in support of contingency operations on non-permanent change of station (non-PCS) active duty orders. This can occur in one of two ways, under the authority of reference (g): section 12302 (partial mobilization) or section 12301(d) (voluntary contingency recall). In the future, other types of support under the same or other reference (g) authorities may potentially cause the accrual of more than 220 consecutive deployment days in non-PCS status. Guidance for IAs, both AC and RC, is provided in paragraph 7 of this article.

3. **Payment Amount and Frequency.** HDP-T will be paid on a prorated daily basis not to exceed a monthly rate of \$495. The proration does not apply to the 31st day of a month. The following examples for payment on the 31st are provided:

Example 1: A member eligible for HDP-T for the period March 31 through April 29 will receive HDP-T only for the period April 1-29.

Example 2: A member eligible for HDP-T for the period March 31 through May 15 will receive the full monthly amount of HDP-T of \$495 for the month of April, and daily HDP-T for the period May 1-15.

Example 3: A member eligible for HDP-T for the period March 10 through May 10 will receive daily HDP-T for the period March 10-30, the full monthly amount of HDP-T of \$495 for the month of April, and daily HDP-T for the period May 1-10.

Example 4: A member eligible for HDP-T for the period January 31 through March 10 will receive the full monthly amount of HDP-T of \$495 for the month of February, and daily HDP-T for the period March 1-10.

4. **Operational Deployment Defined**

a. Operational deployment is defined in reference (f) as an event recorded in the Joint Capabilities Requirement Manager (JCRM) or Fourth Estate Manpower Tracking system (FMTS), and is

contained in the annual Global Force Management Data Initiative (GFM DI) compliant tool under the GFM DI reporting structure in reference (h). Forces deployed in support of executive orders, operational plans, or concept plans approved by the Secretary of Defense are also considered operationally deployed.

b. Operational deployments generally include:

(1) Scheduled deployments of carrier strike groups, amphibious readiness groups, independently deploying ships, submarines, expeditionary units, squadrons and detachments; both units and individuals.

(2) Units or individuals deployed in support of contingency operations, counterdrug operations, law enforcement operations, humanitarian operations, peacekeeping operations, surveillance operations, and forward presence.

c. Consecutive operational deployment days will be calculated using the Personnel Tempo (PERSTEMPO) system, except as outlined in paragraphs 5a(2)(b), 6e through 6h, and 7 below.

5. Clarifications Regarding Operational Deployment

a. Leave while deployed shall not count as deployed time. The following exceptions apply:

(1) Chargeable leave that is taken in order to be exempted from duty requirements or watch standing requirements while deployed will be counted as deployed time for the first 9 consecutive days. Chargeable leave in excess of 9 consecutive days, whether in a deployed area or not, shall not count as deployed time and shall stop the operational deployment event in the PERSTEMPO system effective the 10th day of leave.

(2) Emergency leave. For the purposes of this article, emergency leave is defined as chargeable leave that was not planned and for which the member was notified via an official American Red Cross (ARC) message indicating that a family emergency or crisis has occurred, and that the member shall be afforded the opportunity to return from deployment immediately.

(a) Emergency leave periods not exceeding 9 consecutive days will be treated the same as regular chargeable leave periods of 9 consecutive days or less (i.e., all leave

days will be considered deployed days for the purposes of HDP-T).

(b) Emergency leave periods exceeding 9 consecutive days will be treated the same as regular chargeable leave for the first 9 days of the emergency leave period. Effective the 10th day of emergency leave away from an operational deployment status, continued accrual of consecutively deployed days (i.e., "deployment counter"), and (if applicable) HDP-T payments will cease for the duration of the emergency leave period. HDP-T payments and continued accrual of consecutively deployed days will resume, from where it stopped on the 10th day of the leave period, upon return to the operational deployment.

(c) In the PERSTEMPO system, the operational deployment event shall be stopped on the 10th day of leave. A new operational deployment event shall be started effective the date of return to the operational deployment. This will automatically break the consecutive nature of the deployment days in the PERSTEMPO system.

(d) Units shall manually calculate (outside of the PERSTEMPO system) a member's consecutive deployment days to reflect the pause in the operational deployment (i.e., deployment counter is "frozen") beginning on the 10th day of emergency leave and ending the day member returns to an operational deployment status. If the member is eligible for HDP-T using this manual calculation, the commander, commanding officer (CO), or officer in charge (OIC) may authorize payment of HDP-T by attaching a signed letter (format provided in paragraph 6d of this article) to the monthly HDP-T list submitted to the supporting Personnel Support Detachment (PERSUPP DET)/personnel office.

b. When a member is deployed and requires hospitalization away from the permanent duty station/homeport, the member is still considered deployed. If a line of duty investigation determines injuries are due to member's misconduct, then deployment days do not accrue even when the hospitalization is away from the member's permanent duty station/homeport. Thus, in misconduct cases, HDP-T eligibility ends effective the first day of hospitalization and does not restart until the member returns to the operational deployment and resumes normal duties.

c. If a member is deployed and requires hospitalization at the permanent duty station/homeport, then the member is no

longer considered deployed. The operational deployment PERSTEMPO event is stopped effective the first day of hospitalization, ending HDP-T eligibility for the duration of the hospitalization.

d. Under the Pay and Allowances Continuation (PAC) Program, pay and allowances shall continue to be paid to a member (AC or RC), who, in the line of duty incurs a wound, injury, or illness while serving in a combat operation or combat zone, while serving in a hostile fire area, or while exposed to a hostile fire event, and is hospitalized for treatment of the wound, injury, or illness. If, while eligible for HDP-T, a member becomes eligible for the PAC Program, per reference (a), section 372 and reference (i), the member will continue to be paid HDP-T, per PAC guidelines, regardless of location of hospitalization (i.e., hospitalization either in area or away from area of permanent duty station or homeport).

e. Temporary Duty (TDY)

(1) Operationally deployed members who perform TDY in a foreign OCONUS location, away from their deployed unit, remain eligible for HDP-T for the duration of the TDY period.

(2) Operationally deployed members who perform TDY in CONUS or non-foreign OCONUS areas, or are otherwise directed back to their permanent duty station in support of the operationally deployed unit, are considered operationally deployed and the days spent TDY count towards HDP-T eligibility regardless of the TDY location, for a TDY period not to exceed 9 consecutive days. For example, a member who is on an operational deployment to Afghanistan travels to Tampa, Florida for a security assistance working group meeting lasting 10 days. Only the first nine days spent TDY in Tampa, Florida count toward HDP-T eligibility, even if Tampa, Florida is the member's permanent duty station. The member's operational deployment counter (in the PERSTEMPO system) will be reset to zero on the 10th day.

(3) HDP-T eligibility for members that do not resume their operational deployment following TDY terminates and resets on the date the member originally departed the deployed unit. For example, members who are part of the homecoming party that return to homeport ahead of the ship will no longer be considered deployed and HDP-T eligibility will terminate on the day the member departed the ship.

f. If a member is operationally deployed and conducts a port visit to a CONUS or non-foreign OCONUS location away from the member's homeport, the member is still considered operationally deployed (e.g., a member is deployed on a ship with a homeport in San Diego). If the ship is on an operational deployment and conducts a port visit to Hawaii, the days spent in Hawaii count toward HDP-T eligibility.

g. If a member is confined to a ship during an operational deployment, such that the member is restricted from performing normal duties, the member is not considered deployed during the confinement, and the operational deployment event in the PERSTEMPO system is stopped effective the first day of confinement. This does not include members who are restricted to the ship but still performing normal duties.

h. Any member who permanently resides on the ship to which he or she is assigned is considered deployed if engaged in an operational deployment, as defined in reference (f) and paragraph 4 of this article, making it impossible or infeasible for the member to spend off-duty time in the homeport of their ship.

i. For other scenarios not specifically described in paragraph 5 above, if a member is in an operational deployment status, and actions occur that qualify that time as a non-operational deployment, the operational deployment event in the PERSTEMPO system shall be stopped on the date the non-operational deployment event commences. A new operational deployment event may be started effective the date of return from the non-deployment event. This will break the consecutive deployment days in the PERSTEMPO system.

6. **HDP-T Eligibility Determination.** The PERSTEMPO system will be used to report deployment events and determine eligibility for HDP-T, exceptions are described in paragraphs 5a(2)(b), 6e through 6h, and 7.

a. Per reference (j), commanders, COs, and OICs of all Navy activities, including Navy elements of other services, joint, or jointly manned activities to which Navy personnel are assigned, are responsible for reporting PERSTEMPO events, including operational deployment, in the PERSTEMPO system.

b. Each month, units shall generate an "over 220-days" report out of the PERSTEMPO system for each of their unit identification codes (UICs). This roster will reflect personnel who are potentially eligible for HDP-T.

c. Commanders, COs, and OICs are responsible for verifying the monthly HDP-T eligibility certification report worksheet. Commands will then reconcile any inaccuracies within the PERSTEMPO system. Following verification of the worksheet and corrections to the PERSTEMPO system (as appropriate) commanders, COs, and OICs will run the HDP-T certification report for the month, digitally sign the report, and submit to the supporting PERSUPP DET/personnel office for processing and payment.

(1) For pay auditability, commanders, COs, and OICs are not permitted to verify and digitally sign their own HDP-T eligibility. Therefore, the unit shall first run an individual PERSTEMPO report on the commander, CO, or OIC, with verification and digital signature completed by a member designated in writing (such as executive officer, administrative officer, etc.).

(2) Subsequently, the command will then run a unit PERSTEMPO report for the command which the commander, CO, or OIC may verify and digitally sign. The unit report will be submitted to the supporting PERSUPP DET/personnel office with the individual report for the commander, CO, or OIC.

d. Eligibility determination for emergency leave. If a member is deemed eligible for HDP-T using the manual calculation described in paragraph 5a(2)(b) of this article, the command must submit a letter signed by the commander, CO, or OIC to the supporting PERSUPP DET/personnel office with the monthly list. The "Emergency Leave Start Date" should reflect the 10th day of the emergency leave period, to account for the 9 days of leave that can still be considered for HDP-T eligibility. The format for the letter will be:

From: Commanding Officer, Unit
To: Supporting PERSUPP DET

- (3) Emergency leave chit and travel claim ICO SVM B

1. Per reference (a), the following members are eligible for payment of Hardship Duty Pay - Tempo (HDP-T) for the month of (Month, Year). They are not listed on the 220-days report from the PERSTEMPO system because their consecutive operational deployment days were broken by emergency leave. This memo corresponds with the HDP-T Certification Report in enclosure (1).

e. Personnel listed on 220-days report who are ineligible for HDP-T. Units may occasionally find that a member has been deployed for over 220-days and is listed on the 220-days report, but is ineligible for HDP-T due to portions of the deployment taking place in a CONUS or non-foreign OCONUS location. To ensure such members are not erroneously paid HDP-T, the command must submit a letter signed by the commander, CO, or OIC to the supporting PERSUPP DET/personnel office with the monthly HDP-T list, indicating which members are ineligible for HDP-T due to deployment location. The format for the letter will be:

From: Commanding Officer, Unit

This memo corresponds with the HDP-T Certification Report in enclosure (1).

f. Per reference (k), United States Fleet Forces, as Executive Agent for IAs, will standardize application and oversee execution of HDP-T implementation for IAs Navy-wide; including appropriate vertical (i.e. echelon I to unit level) and horizontal (i.e., across echelon II commands) alignment of HDP-T processes and procedures for IAs. Guidance for IAs, both AC and RC, is provided in paragraph 7 of this article.

g. Navy special warfare (NSW) activities will enter PERSTEMPO data in Navy Standard Integrated Personnel System (NSIPS). Each month, each NSW UIC will utilize NSIPS to access a roster of their personnel who are eligible for HDP-T. Commanders, COs, and OICs will verify the monthly HDP-T eligibility list (over 220-days report). Commands will then reconcile any inaccuracies of the PERSTEMPO data in NSIPS. Following verification of the report and corrections to PERSTEMPO data in NSIPS, (as appropriate) commanders, COs, and OICs will sign the report and submit to the servicing PERSUPPP DET for processing and payment.

h. Sailors assigned to, and operationally deployed with Marine units will have PERSTEMPO events entered into an official PERSTEMPO tracking system, such as Marine Corps Total Force System (MCTFS) or the PERSTEMPO system. Per local command standard operating procedures, a validated and signed PERSTEMPO list of personnel eligible for HDP-T will be provided to the servicing PERSUPP DET for monthly HDP-T processing and payment. Validation must include a review of the Sailors leave and TDY to ensure there is no break in eligibility.

i. The process for correcting PERSTEMPO data discrepancies discovered **after** certification and payment of members on the original HDP-T list is as follows: Commands are responsible for correcting PERSTEMPO data in their respective systems (PERSTEMPO, NSIPS, and MCTFS), running the "HDP-T Corrections Report" (in the PERSTEMPO system) for the effected UIC, and submitting the appropriate transmittal official correspondence with the corrections report attached. Commands will submit their certified correction information to the servicing PERSUPP DET/personnel office for members to be paid or for recoupment of payment.

7. **Guidance for Individual Augmentees (IAs).** Due to the unique nature of individual augmentation requirements, special considerations and guidance are provided:

a. IAs with an ultimate duty station in a CONUS or non-foreign OCONUS area (as defined in paragraph 2b), although on an operational deployment event, are wholly ineligible for HDP-T per references (d) and (e), unless further deployed to a foreign OCONUS location for a period of 221 or more days and they meet the eligibility requirements in paragraph 2.

b. Even when the ultimate duty station is in a foreign OCONUS location, days deployed in the following locations (e.g., to complete training or in- or out-processing) will not count towards HDP-T eligibility:

(1) CONUS.

(2) Non-foreign OCONUS areas, including the states of Hawaii and Alaska, the Commonwealths of Puerto Rico and Northern Marianas Islands, Guam, the U.S. Virgin Islands, and U.S. territories and possessions (excluding the former Trust Territories of the Pacific Islands).

Note: The day of travel from CONUS or non-foreign OCONUS area to foreign OCONUS location shall count as an operationally deployed day; the day of return to CONUS or non-foreign OCONUS area does not.

c. Guidelines for TDY are outlined in paragraph 5e of this article.

d. Depending on the location of the foreign OCONUS operational deployment, IAs may be eligible to take various forms of leave or administrative absence. Like unit deployments, some forms pause or stop the operational deployment event, and some do not. If the operational deployment event is stopped, this break in consecutive deployment days will likely impact eligibility for HDP-T. The below clarifications are in addition to those in paragraph 5 of this article:

(1) The following events are not counted as deployed time and will stop an operational deployment event:

(a) Chargeable leave for any period greater than 9 days will reset the member's operational deployment counter to zero on the 10th day.

(b) Chargeable R&R leave for any period greater than 9 days will reset the member's operational deployment counter to zero on the 10th day.

(c) Post deployment/mobilization respite absence of any length.

(2) Non-Chargeable R&R is counted as deployed time and does **not** stop the operational deployment event.

e. Procedures for paying HDP-T to IAs. Eligible IAs will be paid HDP-T post-deployment vice monthly. This is not a lump-sum type payment. As such, payments will be posted/processed as delayed monthly payments by PERSUPP DETs and Defense Finance and Accounting Services (DFAS) to ensure appropriate taxation, including the application of any combat zone tax exclusion benefit. PERSUPP DETs may accept HDP-T verification for IAs from a Navy mobilization processing site (NMPS) OIC/CO or a parent command OIC/CO of an active duty IA.

(1) CO Verification Process: The PERSTEMPO system shall not be utilized as the authoritative source for consecutive deployment days of IAs. Instead, as part of the verification process, the OIC/CO shall compute overall HDP-T eligibility and number of days eligible by referencing official documents and sources. The screening and eligibility/non-eligibility of an IA who was on orders for over 220 days in a foreign OCONUS location shall be documented on NAVPERS 1070/613 Administrative Remarks (page 13). NAVPERS 1070/613 shall be retained by commands (with any supporting documentation) and are auditable documents. To complete HDP-T verification, COs shall reference:

(a) Endorsed orders (vice the PERSTEMPO system) for dates member was operationally deployed in eligible geographic location;

(b) Master military pay account for any leave taken and how long;

(c) Defense Travel System for any disqualifying TDY performed and duration/location;

and shall address these items in detail on the NAVPERS 1070/613. Paragraph 5 of this article includes other circumstances that need to be screened for and potentially addressed on NAVPERS 1070/613. NAVPERS 1070/613 may be accessed by using the following Web address: [http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201070-613%20\(Rav.%2008-2012\) RE.pdf](http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201070-613%20(Rav.%2008-2012) RE.pdf). f. For a reservist who is no longer on active duty, the CO of the reservist's Navy operational support center (NOSC) shall provide verification as described above by completing the following steps:

(1) If the reservist was in a foreign OCONUS location for over 220 days, screen for eligibility/non-eligibility and document on NAVPERS 1070/613 as described in paragraph 7.e.(1) of this article.

(2) If eligible, complete a certification report memo as described in paragraph 7e(2) of this article, but addressed to DFAS vice the supporting PERSUPP DET or personnel office.

(3) Assist the reservist in completing DD Form 827 Application for Arrears in Pay and submit this form, along with the certification report memo, to DFAS at the following address:

g. IAs That Comprise or Are Attached to Commissioned Navy Units. CO/OIC of commissioned units shall submit eligible personnel for HDP-T IAW paragraph 7e through servicing PERSUPP DET as part of member's transfer or demobilization. NMPS CO/OIC (for those processed through NMPS for demobilization) or commissioned unit ISIC shall validate complete.

h. IAs Transferring Between HDP-T Qualifying Deployments. In the event that an IA remains operationally deployed between HDP-T qualifying deployments without an HDP-T reset event as defined in para 5 and paragraph 7c or 7d, the HDP-T counter and eligibility continues. In these rare cases, either the gaining or losing CO/OIC may submit via supporting PERSUPP DET for the completed orders set per paragraph 7e above.

-----------------------------	--

1. **Hazardous Duty Incentive Pay Policy.** Naval personnel entitled to receive basic pay are also entitled to receive incentive pay per DOD 7000.14-R, volume 7A, part 2, chapter 24, for the performance of hazardous duty:

a. The hazardous duty required must be specifically authorized by written orders issued or approved by Chief of Naval Personnel or by commands authorized by Chief of Naval Personnel to issue such orders in accordance with MILPERSMAN 1320-030.

b. The commanding officer is responsible for members within the command and ensuring the disbursing officer is informed when a member fails to meet performance requirements to qualify for Hazardous Duty Incentive Pay (HDIP).

2. **Hazardous Duty List**. The following shall constitute hazardous duty for the purpose of determining entitlement to HDIP, in accordance with DOD 7000.14-R, volume 7A, part 2, chapter 24:

Parachute Duty
Flight Deck Duty
Demolition Duty
Experimental Stress Duty <ul style="list-style-type: none">• Duty inside a high or low-pressure chamber• Duty as a human acceleration or deceleration experimental subject• Duty as a test subject in thermal stress experiments
Toxic Fuels (or Propellants) Duty
Toxic Pesticide Duty
Dangerous Viruses (or Bacteria) Lab Duty
Chemical Munitions

3. **Flight Deck Pay**. Quotas for Flight Deck Hazardous Duty Incentive Pay are authorized per OPNAVINST 7220.4H.

4. **Low Pressure Chamber Operations**. Quotas for hazardous duty incentive pay for inside instructor/observers in support of low pressure chamber operations for Bureau of Medicine and Surgery (BUMED) activities conducting training under the Naval Aviation Physiology Training Program are authorized by BUMED. Requests for changes in the authorized quotas should be forwarded with justification to BUMED (MED-231).

5. **Thermal Stress**. Thermal stress definition and policy:

a. **Definition:** The term "**duty as human test subject in thermal stress experiments**" means duty performed by members exposed as human thermal experimental subjects in thermal stress experiments conducted under the supervision of any laboratory designated by Secretary of the Navy.

b. **Policy:** In order to be entitled to receive thermal stress incentive pay, personnel shall be required to act as a test subject in one or more thermal stress experiments during the month, or in the case of a fractional month, during the period involved. The experiment must be one which competent medical authority has determined involves the risk of thermal hazard.

6. **Hazardous Duty Incentive Pay Manpower Policy.** Except as discussed in the preceding paragraphs, requests for initial/additional HDIP billets/quotas require changing the command's Activity Manpower Document (AMD).

a. Specific officer/enlisted billets have to be identified so that orders authorizing the required hazardous duty can be issued by a "competent authority" in accordance with MILPERSMAN 1320-030.

b. Navy Officer Billet Classification (NOBC) codes and Navy Enlisted Classification (NEC) codes for the applicable billets have to be identified and incorporated in the command AMD.

c. The source instructions to be used in affecting changes to a command's AMD are

(1) OPNAVINST 1000.16J, Manual of Navy Total Force Manpower Policies and Procedures, for NOBC changes; and

(2) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classification and Occupational Standards, volume 2, for NEC changes.

Governing Directives	DOD 7000.14-R, DOD Financial Management Regulation, Volume 7A
-----------------------------	---

1. **Diving Pay Entitlement Criteria.** Navy personnel entitled to receive basic pay are entitled to receive special pay for diving under pay directives when the following criteria are met:

- a. Member is a designated diver or under training for a specific diver designation;
- b. Member's diving qualifications are current; and
- c. Member is under competent orders to diving duty, issued by an order writing authority defined below.

2. **Situations or Conditions of Entitlement.** When a member is entitled to diving duty pay the following conditions apply:

a.	Entitlement to special pay for diving duty shall continue during periods of <ul style="list-style-type: none"> • authorized leave, • temporary additional duty, and • hospitalization as set forth in pay directives.
b.	Entitlements to special pay for diving duty will accrue during periods as outlined in DOD 7000.14-R, volume 7A.
c.	Upon requalification, payments may not be made for the period of lapsed qualification.
d.	Officer and enlisted divers under competent orders to diving duty and in excess of total diving billets at a given command may be utilized and paid by pay directives.

3. **Definition: Competent Authority.** Orders to diving duty shall be under the following:

a. Competent authority for issuing orders to diving duty for officers and enlisted personnel is defined as

(1)	Commandant of the Marine Corps, and/or
(2)	Chief of Naval Personnel.

b. In addition, activities with authorized **SCUBA diver billets**, competent authority includes

(1)	commanding officers, and
(2)	officers in charge.

4. **Definition: Competent Orders**

a. Competent orders to duty involving diving in the case of officers and enlisted personnel are those orders issued by competent authority which specify that "**performance of diving duty**" is authorized.

b. In addition, commanding officers and officers in charge of **SCUBA diving** activities are authorized to issue "**additional duty involving diving**" orders to any combination of officer and/or enlisted qualified SCUBA divers assigned to that activity.

RULE: The number of SCUBA divers under "additional duty involving diving" orders will not exceed the number of authorized SCUBA diver billets at the activity.

5. **Minimum Performance Requirement.** Members entitled to receive special pay for diving duty must perform, as a minimum, the qualification dives required for their class.

6. **Condition for Canceling Orders.** Orders to diving duty shall be canceled under any of the following conditions:

a.	In the opinion of the issuing authority or the cognizant commanding officer, the diver is no longer considered professionally qualified. In this instance, the revocation of diving designation is mandatory and shall be effected per the procedures contained in this manual.
b.	Diver qualifications have lapsed. <ul style="list-style-type: none">• Upon requalification, payments may not be made for the period of lapsed qualification.• Commanding officers are responsible for ensuring that divers are afforded an opportunity to maintain their qualifications without lapse.
c.	The assigned diver designation had been removed.
d.	The member has been assigned permanent duty other than that involving the performance of diving duty.

7. **Restriction on Receipt of More than One HDIP.** A member may receive special pay for the performance of diving duty and no more than one incentive pay for the performance of hazardous duty listed in MILPERSMAN 7220-080 "Incentive Pay for Hazardous Duty."

EXAMPLE: A member may receive Pay for Diving Duty, Submarine Duty Incentive Pay and no more than one Hazardous Duty Incentive Pay if qualified separately for each pay.

-------------------	--

1. **Background.** Per guidance established in reference (a), volume 7A, chapter 3, command responsibility pay (CRP) was established to provide tangible recognition to enhance the status of the operational commander (OPCDR) by providing additional pay for positions of unusual responsibility. This special pay is only authorized for officers in pay grades **O-3 through O-6.**

2. **Qualifications.** The primary consideration for the pay is "**command at sea.**"

a. Although many naval officers hold difficult and challenging positions of unique responsibility, entitlement to CRP is limited to commanding officers (COs) in direct control of deploying units.

b. Generally, only officers commanding activities which entitle them to wear the command at sea insignia are entitled to the pay. Exceptions to this general rule are identified in paragraph 3. Paragraph 5 includes procedures for requesting exceptions to CRP policy.

c. Entitlement to the pay begins when the member assumes command, and ceases when the member leaves that command position.

d. Entitlement will be based on the nature of the assignment rather than the personal qualifications of the CO.

e. Provided the mission of the command remains unchanged, succeeding COs of authorized commands need not seek approval at each change of command.

3. **Command Responsibility Qualifying Units.** COs and OPCDRs in pay grades O-3 through O-6 of the following type units are entitled to CRP:

a. Command at sea insignia qualifying units listed in MILPERSMAN 1210-170 or as identified as sea commands in reference (b) (COs of pre-commissioning units (PCUs) are not authorized CRP).

b. Other type or specific named units:

Underwater Construction Teams
Naval Mobile Construction Battalions
Navy Flight Demonstration Squadron
Naval Construction Force Support Units
Naval Construction Regiments, except 20 th , 21 st , and 31 st
Provisional Reconstruction Teams
Joint Crew Composite Squadrons
Naval Airborne Weapons Maintenance Units
Navy Cargo Handling Battalions

4. **Officers Not Authorized CRP.** CRP is not authorized for the following:

a. Officers temporarily succeeding to command, without Chief of Naval Personnel orders directing relief, during temporary absence of the CO.

b. Officers assigned in a billet designated "officer in charge," other than those specifically listed above.

c. Inactive duty OPCDRs or COs, except during periods of special active duty for training (ADT) and annual ADT.

d. Officers assigned as COs of PCUs. Surface ships or submarines must be commissioned (including commission special status) for the CO to draw CRP.

5. Requests for Additions to Eligible Commands and Exceptions to Policy

a. COs of newly established operational commands may request eligibility for CRP by submitting a written request to Office of Chief of Naval Operations (OPNAV), Military Compensation Branch (N130).

b. Any previous letters granting exceptions to policy expire upon the next issuance of reference (b) following the date of this article.

PAY AND ALLOWANCE CONTINUATION (PAC) PROGRAM

Responsible Office	OPNAV (N130)	Phone:	DSN	225-3005
			COM	(703) 695-3005
			FAX	225-3311

References	(a) 37 U.S.C. 372 (b) USD(P&R) memo of 15 May 2008 (c) 26 U.S.C. 112 (d) 37 U.S.C., Chapter 5 (e) 10 U.S.C. (f) 37 U.S.C, Chapter 7
-------------------	--

1. **Purpose.** Pay and Allowance Continuation (PAC) Program is effective as of 15 May 2008 per references (a) and (b) and terminates the Combat-Related Injury Rehabilitation Pay (CIP) established in 2006. PAC mandates that pay and allowances shall continue to be paid to a member of a regular or reserve component who, in the line of duty, incurs a wound, injury, or illness

- while serving in a combat operation or a combat zone,
- while serving in a hostile fire area, or
- while exposed to a hostile fire event (regardless of location);

and is hospitalized for treatment of the wound, injury, or illness. This entitlement is payable for up to 12 months if a member remains eligible.

2. **Definitions**

a. **Hostile Fire.** An event including hostile fire, an explosion of a hostile explosive device, or any other hostile action that involves an attack or other use of force perpetrated by a foreign individual(s) or entity against the United States (U.S.) or a member of its uniformed services, or other designated persons or property. It also includes force used directly to impede the mission and/or duties of the uniformed services, such as the recovery of U.S. personnel or vital U.S. Government property.

b. **Combat Operation.** A military action that may involve carrying out a strategic, operational, or tactical mission against a hostile or unfriendly force, to include carrying on combat and any related movement, supply, attack, defense, and maneuvers needed to gain the objectives of a battle or campaign. Operation Enduring Freedom (OEF) and Operation Iraqi Freedom (OIF) are examples of combat operations.

c. **Combat Zone.** An area designated by Executive Order under reference (c) as an area in which U.S. Armed Forces are or have engaged in combat. Combat zone also includes direct-support areas certified by the Secretary of Defense (SECDEF).

d. **Line of Duty.** A member will be considered as serving in the line of duty unless the wound, injury, or illness is the result of the member's intentional misconduct or willful negligence, or is incurred during a period of unauthorized absence.

e. **Hospitalized.** A member who is admitted as an inpatient to a qualifying Medical Treatment Facility (MTF). Additionally, a member who may be initially admitted as an inpatient and later receives outpatient rehabilitation meets the definition of "hospitalized." In cases where adequate medical treatment (e.g., field medical unit or fleet hospital) is not available in a theater for injuries, illnesses, or wounds incurred in a combat operation, combat zone, hostile fire area, or hostile fire event, the member would be considered "hospitalized" if evacuated. The hospitalization related to a wound, injury, or illness that is the result of service in a combat operation or combat zone, service in a hostile fire area, or exposure to a hostile fire event, may occur immediately following such wound, injury or illness, or at a later time if the need for hospitalization is not initially evident.

f. **Medical or Patient Unit.** An organizational entity or functional division or facility associated with providing medical care to qualifying wounded, injured, or ill members. A member assigned in an "other" category to a command or installation in a limited duty (LIMDU) status may be eligible for the PAC entitlement if determined by Office of Chief of Naval Operations, Navy Casualty (OPNAV (N135C)).

3. **Entitlement**

a. Members of the Regular or Reserve Components who, in the line of duty, incurred a wound, injury, or illness while serving in a combat operation or a combat zone; while serving in a hostile fire area, or while exposed to a hostile fire event (regardless of location); and are hospitalized for treatment of the wound, injury, or illness shall continue to receive the pay and allowances the member received at the time of hospitalization. These pay and allowances include those authorized in references (d) and (e) and the incidental expense (IE) portion of per diem for members deployed in a combat operation or combat zone. These pay and allowances include, but are not limited to:

(1)	Hardship Duty Pay-Location
(2)	Hostile Fire/Imminent Danger Pay
(3)	Per Diem (Incidental Expense Portion Only)
(4)	Hazardous Duty Incentive Pay (e.g., Demolition, Jump, Flight Deck)
(5)	Diving Duty Pay
(6)	Special Duty Assignment Pay
(7)	Assignment Incentive Pay
(8)	Sea Pay
(9)	Selective Reenlistment Bonus

Basic Pay, Basic Allowance for Subsistence (BAS) , Cost of Living Allowance (COLA), Family Separation Allowance (FSA), and Basic Allowance for Housing (BAH); or any other allowance (except as indicated above) found in reference (f) are not included in the calculation of PAC.

b. Members meeting the qualification for this entitlement in paragraph 3(a) above and serving on temporary, deployed, or attached duty for over 30 days duration in a designated hardship duty location for purposes of Hardship Duty Pay (HDP-L); and who are wounded, injured, or become ill within the first 30 days of serving in the designated area; will be considered eligible for HDP-L at the time the wound, injury or illness is incurred.

4. **Termination of Entitlement**

a. Members meeting the qualifications for PAC will have the pay and allowances continued until the end of the first month beginning after the earliest of the following dates:

(1) **The date on which the member is returned for assignment to other than a medical or patient unit for duty as determined by OPNAV (N135C).**

(2) **The date on which the member is discharged, separated, or retired (including temporary disability retirement) from the Uniformed Services; or**

(3) **One year after the date on which the member is first hospitalized for the treatment of the wound, injury, or illness.** The Principal Deputy Under Secretary of Defense for Personnel and Readiness (PDUSD(P&R)) may extend the termination date in 6-month increments, but only under extraordinary circumstances (e.g., member remains in a comatose state for the duration of the 12-month eligibility period). Requests for this extension should be sent through the member's chain of command and endorsed by competent medical authority before being forwarded first through OPNAV (N135C); and then Pay and Compensation Branch (OPNAV (N130)). When possible, the request for extension should be sent to OPNAV (N135C) 60 days prior to entitlement expiration.

b. In order to ease the transition from CIP to PAC, an automatic 6-month extension was granted **until 31 October 2008**, for members who were eligible in all other respects for the PAC entitlement. A second extension was granted for all members receiving PAC whose eligibility would have expired due to length of hospitalization **before 31 October 2008**. This second extension allows members to continue to receive PAC, if eligible in all other respects, **until 30 April 2009**. Additionally, any member whose PAC entitlement would have expired or will expire due to length of hospitalization at any point from November 2008 until October 2009 shall have a 6-month extension authorized from the date after the entitlement would expire.

5. **Examples:**

(See next page.)

a. **Servicemember injured in Iraq on 1 June 2008.**

- Member is seen in field hospital on 1 June 2008 and flown to Landstuhl, Germany on 3 June 2008.
- Member is inpatient in Germany from 3 June 2008 until 6 June 2008 and then flown to Bethesda on 7 June 2008.
- Member is inpatient in Bethesda from 7 June 7 2008 until 29 June 2008.
- Member is then released to a medical/patient unit for outpatient care from 29 June 2008 until 20 August 2008.
- On 20 August 2008, member is returned to member's unit in a LIMDU status.
- On 20 June 2008 member received payment under the Traumatic Injury Servicemembers' Group Life Insurance (TSGLI).

Member would be qualified for PAC payments for June, July, and August 2008. PAC eligibility is not stopped when a member receives a payment under TSGLI.

b. **Servicemember is injured in Afghanistan on 21 April 2008.**

- Member is seen in field hospital on 21 April 2008 and flown to Landstuhl, Germany on 25 April 2008.
- Member is inpatient in Germany from 25 April 2008 until 3 May 2008 and then flown to Brook Army Medical Center (BMAC) on 3 May 2008.
- Member is inpatient in Brooke Army Medical Center from 3 May 2008 until 30 May 2008.
- On 30 May 2008, member is returned to member's unit in a LIMDU status.
- On 15 August 2008, member is admitted back to BAMC for surgery to correct the above mentioned injury and is inpatient from 15 August 2008 until 18 August 2008.
- On 18 August 2008, member is returned to member's unit.

Member would be qualified for PAC payments for May and August 2008.

c. **Servicemember is injured in Iraq on 7 June 2007.**

- Member is seen in field hospital on 7 June 2007 and flown to Landstuhl, Germany on 9 June 2007.
- Member is inpatient in Germany from 9 June 2007 until 17 June 2007 and then flown to Walter Reed Medical Center on 18 June 2007.
- Member is inpatient at Walter Reed Medical Center from 18 June 2007 until 28 September 2007.
- On 28 September 2008, member is released from the hospital and is assigned to a medical/patient unit and is being seen on a regular outpatient basis from 28 September 2007 through 20 January 2008.
- On 20 January 2008, member is returned to member's unit.
- On 2 May 2008, member is admitted back to Walter Reed for surgery to correct the above mentioned injury and is inpatient from 2 May 2008 until 20 May 2008.
- On 20 May 2008, member assigned to a medical/patient unit on 10 November 2008.
- On 10 November 2008 member is returned to member's unit.

Member would be qualified for PAC payments for June, July, August, September, and October 2008 (due to extended PAC eligibility through 31 October 2008).

6. **Tracking, Reporting, and Payment**

a. **Tracking and Reporting Requirements**

(1) Bureau of Medicine and Surgery (BUMED) will ensure each MTF transmits **via encrypted E-Mail** the NAVPERS 7220/11 Pay and Continuation Program Report which can be accessed by the following link <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx> to OPNAV (N135C), via the appropriate cognizant Navy Medical Region, utilizing a format provided by OPNAV (N135C). The report will contain information on all Navy personnel undergoing treatment, whether inpatient or outpatient, for a wound, illness, or injury incurred in theater. Injured, ill, or wounded Sailors will remain on the report until one week after they are no longer hospitalized as defined in this MILPERSMAN article. Information provided to OPNAV (N135C) will include the

- Cognizant Medical Region;
- Medical Treatment Facility;
- Sailor's name;
- Last Four of Sailor's Social Security Number (SSN);
- Theater of Operations (OEF/OIF);
- Date of Evacuation/Initial Hospitalization;
- Battle Injury (BI) or Non-Battle Injury/Illness (NBI);
- Current Status (Inpatient, Outpatient, Care/Rehab);
- Inpatient Admission Date;
- Inpatient Discharge Date;
- Inpatient Facility Name, Location, and Type (MTF/VA/Civilian); and
- Date of Completion for Outpatient Care or Separation/Retirement from Service.

This report will be transmitted to OPNAV (N135C) on a weekly basis.

(2) OPNAV (N135C) will determine PAC eligibility utilizing data submitted by BUMED for evacuated Sailors and maintain data on those Sailors who have been notified of eligibility to receive the PAC benefit. OPNAV (N135C) will transmit the completed PAC Program Report to Defense Finance and Accounting Center, Cleveland Center (DFAS-CL) weekly. Additionally, OPNAV (N135C) will generate a quarterly report that includes the Sailors who are currently receiving PAC and

will forward to Principal Deputy Undersecretary of Defense (USD(P&R)).

(3) OPNAV (N135C) will track each Sailor's PAC eligibility and ensure that the Sailor is aware and counseled regarding expiration date of the entitlement.

b. Payment Procedures

(1) Continuation of pay and allowances under the PAC program shall occur from 15 May 2008, or the member's eligibility, whichever occurs later.

(2) Members who were already authorized payment of CIP and were determined to be eligible for PAC had their CIP payment terminated on 31 May 2008 with the PAC authorization effective 1 June 2008.

(3) OPNAV (N135C) will provide Defense Finance and Accounting Service-Cleveland Center (DFAS-CL) with a monthly list of members who are eligible for PAC, and the date members previously eligible for PAC become ineligible so that the pay may be terminated.

-------------------	--

1. **Purpose.** Reference (a) implements the statutory authority provided by reference (b) for payment of special compensation for assistance with activities of daily living (SCAADL) to eligible members of the Active component (AC) or Reserve component (RC) of the military services. SCAADL is a special monthly compensation for Service members who incur a permanent catastrophic injury or illness. SCAADL helps offset the economic burden borne by requiring a caregiver to provide nonmedical care, support, and assistance for eligible military members. In order to qualify for SCAADL, a Service member must have a catastrophic injury or illness incurred or aggravated in the line of duty and need assistance from another person to perform the personal functions required in everyday living or require constant supervision.
2. **Definitions.** See reference (a).
3. **Eligibility.** Service members are eligible for SCAADL per reference (a).

4. Application Process

a. Requests for SCAADL and questions regarding eligibility should be directed to the non-medical care manager (NMCM) at the nearest military treatment facility (MTF) or a veterans administration (VA) polytrauma center. If all criteria are met, Navy Safe Harbor will work with the Service member's medical care case manager, MTF staff, and Department of Defense (DoD) VA physician to ensure DD 2948 Special Compensation for Assistance with Activities of Daily Living (SCAAL) Eligibility (application) is properly completed. DD 2948 is the official application that must be submitted and can be found at the following location:

<http://www.dtic.mil/whs/directives/infomgt/forms/dd/ddforms2500-2999.htm>.

b. Requests for SCAADL must include the completed DD 2948 with the "Activities of Daily Living (ADL)" and "Supervision" sections signed and certified by a DoD VA physician. Once DD 2948 is signed and certified by a DoD VA physician, reviewed and signed by the Service member, and the Service member has been properly counseled on SCAADL, per reference (a), the completed application can be hand-delivered, faxed, or e-mailed by the Service member or family member to Navy Safe Harbor NMCMs for processing. Failure to include all required information and supporting documentation may delay processing or result in the inability to process an application. Applicants will be notified if additional documentation is required, and the application will be held pending submission of supporting information.

c. Service members or family members of eligible service members may call Navy Safe Harbor at (703) 604-5440 or e-mail to www.safeharbor.navy.mil for assistance regarding SCAADL and the application process.

d. The monthly compensation amount will be calculated by Navy Safe Harbor using the United States Department of Labor's Bureau of Labor Statistics wage rate for a home health aide.

e. Per reference (a), the amount of compensation will be based on a three-tier system recognizing the variation in complexity of care required and provided by the caregiver. The compensation matrix consists of three tiers based upon a clinical determination of the number of ADL needs of the Service member and the hours required by a caregiver to perform each ADL

or significant mental health or behavior impairment requiring continuous supervision. The Service member's DoD VA physician will utilize DD 2948 to determine the level of dependency based on the degree to which the member is unable to perform one or more ADL, or the degree to which the member is in need of supervision or protection based on the symptoms or residuals of neurological or other impairment or injury. Per reference (a), the member will be rated as follows:

(1) **High Tier:** Member who scores 21 or higher will be presumed to need a full-time caregiver, one who provides 40-hours of personal care services per week.

(2) **Medium Tier:** Member who scores 13-20 will be presumed to require 25-hours per week of caregiver assistance.

(3) **Low Tier:** Member who scores 1-12 will be presumed to require 10-hours per week of caregiver assistance.

5. **Appeals and Reconsideration.** If the Service member is not satisfied with the initial scoring made by the DoD VA physician, he or she must acknowledge this decision on DD 2948 and appeal at the MTF level. During the appeals process, the original score will remain in effect until a new DD 2948 is signed and certified with a new score and effective date. Bureau of Medicine and Surgery (BUMED) and Navy Safe Harbor will ensure that the appeal is handled at the MTF level according to their process based on the guidelines below. However, the basic parameters below are to be followed to ensure members have an opportunity to have their initial score re-evaluated. Members who petition the initial DoD VA physician to reconsider their score and succeed in obtaining an adjustment do not need to follow the formal appeals process. They simply can have the DoD VA physician fill out a new DD 2948 and submit it to a Navy Safe Harbor NMCM for payment processing. For appeal process purposes, the DoD VA physician may only leave the score(s) the same or increase it.

a. The appeals process consists of two opportunities - informal and formal:

b. **Informal Appeal.** This is an informal reconsideration of DD 2948 by the same DoD VA physician who completed it previously.

(1) **Timeline.** Member must indicate on the original DD 2948 his or her intent to appeal score(s). The DD 2948 and appeals package must be provided to a Navy Safe Harbor NMCM **within 5 business days** from the date the member acknowledges desire to appeal original decision. Navy Safe Harbor and BUMED MTF leadership will make every effort to ensure medical appointments for appeals processing are made to conform to timeline requirements.

(2) The original DoD VA physician may be asked by the member to review his or her initial scoring and modify it. This informal process may only maintain or increase the overall score. If asked to informally reconsider the initial scoring, the DoD VA physician has two options:

(a) **No Change in Score.** Initial score stands unless formal appeal is submitted which changes it.

(b) **Modified Score.** Modified score will be indicated on new DD 2948 with a new date.

(3) Upon completion of the informal appeal, the member will review the new DD 2948. If he or she agrees with the new score, he or she will sign and date the revised form and submit it to a Navy Safe Harbor NMCM for processing. If he or she does not agree with the revised DD 2948, he or she will request a final formal appeal.

(4) Informal Appeal must be initiated within 5 **business days** of original SCAADL evaluation and completed within 10 calendar days.

c. **Formal Appeal.** This is a formal reconsideration of the original DoD VA physician evaluation by a new and independent DoD VA physician. SCAADL is only meant as a temporary stop-gap prior to being enrolled in and becoming eligible for the VA system, with its version of entitlement to assist with the costs of ADL. Therefore, to streamline acquisition into the VA system, there will only be one formal appeal of the original DoD VA physician's decision.

(1) The formal appeal process occurs:

(a) When a Service member acknowledges desire to appeal original decision and does not wish to request an informal appeal by the original DoD VA physician; or

(b) When a Service member acknowledges desire to appeal original decision and after an attempt to obtain an informal appeal change by the original DoD VA physician.

(2) In both cases, Navy Safe Harbor and BUMED MTF leadership will make every effort to ensure medical appointments for appeals processing are made to conform to timeline requirements.

(3) A new DD 2948 will be completed and signed and certified by the new and independent DoD VA physician.

(4) Upon completion of the formal appeal, the Service member will review, sign, date, and submit the new DD 2948 to a Navy Safe Harbor NMCM for processing. For the formal appeal, the new score may remain the same. However, since this appeal is conducted by a different physician, it may also either increase or **decrease** from the original score.

(5) **Timeline.** Appeal package with all supporting documentation and evaluations must be received by a Navy Safe Harbor NMCM **no later than 25 days** from the date of the last SCAADL rating. Packages received after that date, without prior approval by Navy Safe Harbor, will not be processed.

(6) **Appeal Package.** An appeal package must contain the following:

(a) Copy of original DD 2948;

(b) **Service Member's Personal Statement.** This statement must specify each area score contested and provide an explanation why the element score should be different. Statement must be signed and dated.

(c) **Supporting Medical Documentation.** Package must include medical documentation that addresses the area(s) contested. Any documentation provided must be dated within 35 days of the date the DoD VA physician signed and certified the DD 2948. Evaluations older than 35 days may be used if documentation (e.g., letter or memorandum) is provided from the evaluating physician citing which area(s) in the prior evaluation are unchanged. The Service member's medical or nurse case manager and NMCM should assist the Service member in obtaining requisite documentation.

6. **Tracking, Reporting, and Payment**

a. In all cases, the following reporting requirements involving personally identifiable information will be properly protected and encrypted for transmission per reference (c).

b. BUMED will ensure MTFs collaborate with Navy Safe Harbor and a VA Federal recovery coordinator to identify Service members qualified for SCAADL.

c. Navy Safe Harbor will review SCAADL eligibility and maintain data on those Sailors who have been notified of eligibility to receive SCAADL.

d. Navy Safe Harbor will determine the monthly SCAADL stipend from the DoD provided calculator and will provide calculation information to include effective start and stop dates to Defense Finance and Accounting Service, Cleveland (DFAS-CL). In addition to notifying members of their approval, Navy Safe Harbor will transmit the list of those qualified for payment to DFAS-CL (as they are eligible) in order to ensure proper stipend payments.

e. DFAS-CL will pay stipend via electronic funds transfer into the member's Active or Reserve component military master pay account on scheduled paydays.

f. Continuation of SCAADL stipend shall occur from 15 September 2011, or the member's eligibility effective date (whichever occurs later) until they meet one of the conditions for termination of such payment listed in paragraph 7 of this article.

g. Even though the compensation is for payment to a caregiver, SCAADL will be considered taxable income for the member.

h. Re-evaluation will occur in the following circumstances:

(1) 180 days from the effective date of eligibility.

(2) If the Service member's condition changes, the member is required to undergo a re-evaluation to determine the level of dependency and the degree to which the member is in need of supervision or protection. Compensation may increase or decrease based on the re-evaluation.

7. **Termination of Payment.** Members who qualify for SCAADL shall have the qualifying payments continue until the earliest date of one of the following conditions:

(1) The last day of the month, during which a 90-day period ends, that begins on the date of separation or retirement of the member (e.g., 1 June 2011 (separation date) + 90 days = 1 September 2011). Last day of entitlement is 30 September 2011.

(2) The last day of the month during which a member dies.

(3) The last day of the month during which the member is determined to be no longer afflicted with the catastrophic injury or illness. A member is not entitled to SCAADL if the member is no longer afflicted with a catastrophic illness or injury, but has not met with a DOD VA physician.

(4) The last day of the month preceding the month during which the member begins receiving compensation per reference (d).

8. **Board for Correction of Naval Records (BCNR).** Members who dispute administrative issues on their DD 2948 may petition the BCNR to seek correction of his or her naval record per reference (e). All BCNR applications must clearly identify the error or injustice and the remedial action the petitioner desires BCNR to take. Examples of administrative issues include, but are not limited to the following:

- a. Request to apply different zip code to stipend amount.
- b. Start or stop date of stipend, due to no fault of member.

9. **Cancellation.** Payment authorization of SCAADL will terminate upon cancellation of reference (a).

-------------------	---

1. **Conditions of Entitlement.** The conditions, types, and purpose of entitlement to Family Separation Allowance (FSA) are contained in reference (a), chapter 27; however, this article addresses guidance specific to the Navy concerning entitlement to FSA incident to overhaul and/or unaccompanied tours. Additionally, specific guidance on dual payment for dual military couples, per reference (b), is offered. Finally, information regarding waiver submission for unusual family or operational circumstances is provided.

2. **Authorization of FSA Incident to Overhaul.** Members serving in any paygrade as a member with dependents are authorized payment of FSA-R (Restricted) in situations where the home port of a vessel has changed incident to overhaul and member elects to leave dependents at the present location when member's separation exceeds 30 days beyond the effective date of home port change.

3. **Definition of "Present Location".** The "actual location" of dependents, which may be a previously elected "designated location," other than ship's home port as authorized for personnel assigned to units designated "unusually arduous" sea duty.

4. **Policy Intent for FSA Incident to Overhaul.** The intent of this policy is to provide an equitable allowance to members when

overriding circumstances cause members to leave their dependents at present location.

5. **Denial of Change of Home Port Certificate.** A member who has dependents, and is otherwise eligible for a change of home port certificate, will not be issued a change of home port certificate if the member elects to maintain his/her household at the present location rather than relocate it to the new home port.

6. **Counseling by Commanding Officer (CO).** Before this action is taken, the CO will counsel the member to explain the impact of the member's decision.

7. **Recording Member's Decision.** If the member elects to maintain the member's household at the present location, it will be entered in the member's service record, NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, for enlisted personnel; and by memorandum for officers. The entry used for the service record is as follows:

"In consideration of all factors involved, I hereby elect to maintain my household at its present location and decline a change of home port certificate which would allow me to relocate my household incident to home port change for overhaul of (enter name of ship) from (enter previous home port) to (enter new home port) announced by Chief of Naval Operations (CNO) (enter date-time-group of CNO message which issued home port change). I understand that this election is irrevocable and that I will not be entitled to relocate my household at Government expense until my next permanent change of station (PCS) or until post-overhaul home port of (USS) is issued by CNO."

8. **FSA-R Accrual Effective Date.** FSA-R will accrue from the date members elect not to move their dependents at Government expense or begin a separation from their family (whichever is later) and cannot be authorized retroactively.

9. **Authorization of FSA Incident to Members Assigned to Unaccompanied Tours**

a. Members who elect to serve unaccompanied tours in areas to which the movement of their dependents is authorized at

government expense, are not entitled to FSA-R. Entitlement to

- Family Separation Housing (FSH-O) (Overseas Housing Allowance), **or**
- Family Separation Housing (FSH-B) (Basic Allowance for Housing),

remains unaffected, per reference (c), para. U10408.

b. Secretary of the Navy (SECNAV) has authorized continuing entitlement to FSA-R for members with dependents who are serving unaccompanied tours and

(1) are permanently assigned to designated hostile fire or imminent danger areas;

(2) are permanently assigned to forward deployed prepositioning unit;

(3) whose dependent(s) have documented medical conditions preventing their assignment overseas with the member;

(4) who are permanently assigned to overseas locations, and are required to accept an unaccompanied tour based on number of dependents; or

(5) who are married to other servicemembers and who are separated by military orders either in continental United States (CONUS) or outside continental United States (OCONUS).

10. Allowance for Married Couples with Dependents

a. Per reference (b), effective 1 October 08, a married couple, both of whom are members of the uniformed services with dependents, may each receive a full FSA monthly allowance if the following conditions are met:

(1) They are simultaneously assigned to duties that would warrant the payment of FSA-R, FSA-S (Ship), or FSA-T (Temporary), per reference (a), chapter 27.

(2) The members resided together with their dependents immediately before their assignments.

b. Both shall continue to receive FSA until one of the members is no longer assigned to duties described in

paragraph 10a(1). Upon expiration of the additional allowance, the remaining member will continue to receive FSA while assigned to qualifying duty.

11. **Waivers in Unusual Family or Operational Circumstances.**

Requests for waivers due to unusual family or operational circumstances not covered above may be forwarded to Chief of Naval Operations (OPNAV (N130)) for consideration. Waivers will not be authorized for essentially personal reasons (spousal employment, school, stability, etc.).

METHODS OF COMPUTING RETAINER PAY FOR A MEMBER OF THE FLEET RESERVE

Responsible Office	NAVPERSCOM (PERS-823)	Phone:	DSN	882-3246
			COM (901)	874-3246
			FAX	882-2622

Governing Directive	DODD 1340.12-M
--------------------------------	----------------

1. Rate for Retainer Pay

a. Enlisted personnel transferred to the Fleet Reserve are entitled to receive retainer pay computed at the rate of 2-1/2 percent of the basic pay being received at the time of transfer, multiplied by the total number of years of active service (including constructive service earned prior to 31 December 1977).

b. Effective 1 October 1983, a part of a year of the member's total service for transfer to the Fleet Reserve will be prorated for multiplier purposes as 1/12 of 2-1/2 percent for each full month served. Any fractional part of a month will be disregarded.

2. Creditable Service for Percentage Multiplier. The following service is creditable as constructive service for percentage multiplier but not for basic pay purposes:

a. Any enlistment, or enlistment as extended, terminated within 3 months of the normal expiration date prior to 31 December 1977 is considered a completed enlistment and the full term is counted.

b. A completed minority enlistment (served to within 3 months of the expiration of enlistment) is computed as a completed 4-year enlistment. Minority enlistments were terminated in March 1969.

3. **Creditable Service for Basic Pay.** All periods of active duty and inactive duty service as specified in pay directives are creditable for computing basic pay at time of transfer to the Fleet Reserve.
4. **Retainer Pay.** Retainer pay may be increased by 10 percent if member has been credited with extraordinary heroism as determined by Secretary of the Navy. Retainer pay shall not exceed 75 percent of active duty basic pay being received at time of transfer to the Fleet Reserve.
5. **Date of Transfer.** Enlisted personnel applying for transfer to the Fleet Reserve should be advised to take into consideration the date which would provide the greater percentage multiple and/or additional increment for basic pay after all other requirements have been met under DODD 1340.12-M.
6. **Retired Pay.** Upon transfer to the Retired List from the Fleet Reserve, the retired pay of all members will be the same as the retainer pay they were receiving, except that members who held a temporary officer grade or who transferred to the Fleet Reserve subsequent to 4 December 1987 and held a higher grade are entitled to advancement on the Retired List and to receive retired pay based on the highest grade in which they served satisfactorily as determined by Secretary of the Navy.
7. **Recomputing Retainer Pay.** Members of the Fleet Reserve entitled to receive retainer pay who serve on active duty may upon release from such duty have their retainer pay recomputed so as to obtain credit for such additional service. The new rate of retainer pay shall be computed by adding the number of years of service creditable to the member at the time of transfer and the number of years of subsequent active duty and multiplying the sum by 2-1/2 percent of the basic pay of the pay grade in which they would be eligible at the time of release from active duty. Members of the Fleet Reserve so recalled must serve, day for day, a minimum of 24 months continuous active duty subsequent to the last pay raise in order to have their retainer pay recomputed at a higher rate of base pay than that used at the time of recall to active duty.

-------------------	--

1. **Entitlement**. Naval personnel entitled to receive basic pay are either
 - a. furnished meals in a government mess (subsisted in kind), and are entitled to partial basic allowance for subsistence (BAS); or
 - b. are entitled to a BAS if not subsisted in kind.
2. **Enlisted Full BAS Types**. Enlisted members may be authorized one of the following types of full BAS on a daily basis:
 - a. When subsistence in kind is not available, or utilization of a government mess is determined to be impracticable.
 - b. When permission to mess separately is granted.
 - c. When assigned to duty under emergency conditions where no messing facilities of the United States (U.S.) are available.
3. **Officer BAS**. Officers entitled to basic pay are entitled to BAS at all times on a monthly basis.
4. **Prorated Subsistence Allowances**. Military members may not be provided meals or rations at no charge by or on behalf of the government while entitled to BAS for the same period of service, except when a patient is in the hospital.

5. **Basic Allowance for Subsistence Rates, Procedures, and Criteria**. Applicable payment rates, procedures, and detailed entitlement criteria are contained in reference (a).

6. **Scope of this Article**. This article addresses specific Navy procedures and policies within the constraints of references (a) and (b).

-----------------------------	---

1. **Definition: Impracticable.** The term is defined in two ways:

a. **Definition 1:** Not practical or reasonable due to time, distance, or other external circumstances.

b. **Definition 2:** Not practical or reasonable due to adverse impact on member's mission:

(1) Applies only to those personnel whose duties are of a unique nature, which makes use of a government mess unreasonable or undesirable; e.g., investigative personnel, certain EOD personnel, etc.

(2) It does not mean adverse impact on a command's mission due to lost work hours, etc.

2. **Definition: Responsible Commanding Officer (RCO).** The commanding officer of a shore activity operating one general mess or more.

a. The RCO is the sole authority for granting authorizations to mess separately for members of his or her command as well as members of commands serviced by that mess.

b. This authority cannot be delegated to other tenant commands.

3. **Definition: Sea Duty.** Service performed by a permanent party crewmember in a self-propelled vessel that is in an active status, in commission or in service, and is equipped with berthing and messing facilities.

-------------------	--

1. **Basic Policy**. Normally, enlisted members are subsisted-in-kind. For uniformity in making determinations, government messes available in the geographical area must be used to the fullest extent compatible with economy and efficiency, per references (a) and (b).

2. **Responsible Commanding Officer (RCO) Responsibilities**

a. **Authorizing basic allowance for subsistence (BAS):**

(1) The RCO is charged with ensuring that commands serviced by his or her mess(es) are authorized BAS per consistently applied policies as set forth in this article, commensurate with efficient operation of mess(es) involved.

(2) When more than one installation having a government mess is located within the same geographical area, the RCOs shall confer to ensure uniform determinations on the authorization of BAS.

b. **Determining Availability of Government Mess:** The commanding officer (CO) of the installation at which the member is performing duty shall make the determination of when a government mess is in fact not available per guidance contained in this article and reference (b).

c. **Auditing and Reverifying BAS Authorizations:** Annual audits and reverification of all BAS authorizations are

required. COs and RCOs shall incorporate BAS audits into local management control programs.

3. **Basic Allowance for Subsistence Continuation Policy.** Basic allowance for subsistence authorizations continue in effect so long as circumstances leading to the approval of BAS remain unchanged, and the member is still assigned to the command which approved or endorsed the request. If the member is transferred to another command, even when the new command is under the cognizance of the same RCO, the request must be resubmitted.

4. **Unit CO/Officer in Charge (OIC) Responsibilities**

a. **Determining when use of government mess is impracticable due to location:** The unit CO or OIC, with the concurrence of the RCO, shall make the determination of when the use of an available government mess is impracticable due to location of the mess in relation to the member's place of duty per guidance contained in this article and reference (b).

b. **Determining when use of government mess is impracticable due to duties or unusual work hours:** The unit CO or OIC, with the concurrence of the RCO, shall determine if the member's duties or unusual work hours prevent the member from eating all or certain meals in a government mess.

5. **Office of Chief of Naval Operations (OPNAV), Military Personnel Plans and Policy Division (N13) Responsibility.**

OPNAV (N13) has been designated by Secretary of the Navy (SECNAV) as the only authority that may make a determination of impracticability due to adverse effects on a member's assigned mission.

a. Requests for BAS in these cases shall be forwarded to OPNAV (N13) via the member's CO and the RCO.

b. The entitlement shall be at the "government messing not available" rate.

6. **Limitation on Authority of Naval Vessel COs to Grant BAS.**

COs of naval vessels, normally equipped with messing facilities which become inoperable due to decommissioning, overhaul, or other maintenance availability, are not authorized to automatically grant BAS. Refer to MILPERSMAN 7220-180 for specific procedures.

7. **Prorated Subsistence Allowances**. Military members may not be provided meals or rations at no charge by or on behalf of the government while entitled to BAS for the same period of service, except when a patient is in the hospital.

8. **BAS During Contingency Operations**. Refer to reference (b) for procedures for BAS during contingency operations.

1. **Definition of Emergency Conditions.** Enlisted members may be paid a cash allowance at the emergency rations rate specified in DOD 7000.14-R, volume 7A and duty is as follows:

In the 48 contiguous United States.
Under unusual or emergency conditions.
Of limited duration (not to exceed 180 days).
In an out-of-the-way place.
Where government messing facilities are not available.
Where conditions require extraordinary expense in obtaining meals.

2. **Requests for Authority to Approve Emergency Rations.**
Requests for authority to approve emergency rations must be forwarded with a full statement of facts to Chief of Naval Operations (N13).

3. **Requesting Authority Responsibilities.** The requesting authority must review, audit, and certify all emergency basic allowance for subsistence twice a year.

Governing Directives	NAVSO P-3050.2-M, DFAS Pay/Personnel Procedures Manual, Volume 2 NAVSO P-3069, Department of the Navy Source Data System Procedures Manual
-----------------------------	---

1. **Subsistence of Enlisted Members in Sea Duty Status.** Members assigned to sea duty, as defined in MILPERSMAN 7220-150, are not normally eligible to receive a subsistence allowance. Refer to MILPERSMAN 1746-020 for procedures when members are performing temporary duty ashore.

2. **Mess Membership of Chief Petty Officers.** Every chief petty officer (CPO), which includes members in pay grades E-7 through E-9, attached to or embarked in a ship having a separate CPO mess established, must belong to that mess unless the CPO is assigned duty in another mess and subsists there.

3. **Messing for Ships in Overhaul**

a. Commanding officers (COs) of ships undergoing overhaul or other maintenance should use decision criteria in the table below to help in selecting appropriate messing option:

IF the ship galley or messing facility is...	AND the ship is located...	THEN COs may...
inoperable due to repair work,	where no government mess is available,	grant BAS at the "messing not available" rate.
	where government mess is available,	request to mess separately (RATSSEP).

b. **Submitting Requests for RATSSEP:** Requests must be submitted to the responsible commanding officer (RCO) via the immediate superior in command (ISIC).

c. **Criteria for granting RATSSEP:** The criteria for granting RATSSEP in these instances are the same as listed in MILPERSMAN 1746-020.

d. **Analysis of factors prior to authorizing RATSSEP:** Due to the potential impact on Military Personnel, Navy (MPN) budgeting caused by large unprogrammed expenditures, the CO, RCO, and ISIC should make every attempt to ensure available government messing is utilized, and resort to RATSSEP only after other alternatives have been thoroughly investigated. The following factors should be considered prior to authorizing RATSSEP:

(1)	Availability and location of any general mess in the vicinity;
(2)	Impact use of that mess would have on the ship's work;
(3)	Number of personnel to be authorized to mess separately;
(4)	Availability and cost of government transportation which could be used to transport member to a government mess ashore; and
(5)	Anticipated duration of ship's galley closure.

4. **Messing for Ships Being Decommissioned.** Enlisted crewmembers of ships being decommissioned may request RATSSEP upon the permanent closure of that ship's general mess:

a. Requests must be submitted via the chain of command to the RCO.

b. Commanding officers of ships being decommissioned are encouraged to coordinate these requests with the RCO prior to closure of the ship's general mess.

5. **Subsistence in Private Messes Afloat**

a. Enlisted members subsisting in private messes afloat, e.g., cabin and wardroom messes, are authorized to subsist in the mess to which assigned without charge, or subsist in the general mess at the discretion of the CO.

b. When subsisting in the private mess, since food is purchased by these messes, daily rations, that would have been credited to the activities general mess to feed these members,

are "commuted" to the private mess in an amount equal to the daily RATSSEP rate.

c. **Crediting Rations:** Rations are credited by submitting appropriate pay documents prepared according to the DJMS PTG and the SDSPROMAN, stating that rations of the members listed are to be commuted to a specific mess, and that the value of the rations will be paid to the treasurer of that mess.

d. **Mess Treasurer Action:** The mess treasurer submits to the disbursing officer a locally prepared form with the following information:

(1)	Members names,
(2)	Social security numbers,
(3)	Number of rations,
(4)	Applicable dates for each member whose rations are commuted, and
(5)	Total number of rations being commuted.

e. **Disbursing Officer Action:** The disbursing officer prepares NAVCOMPT 2277, Voucher for Disbursement and/or Collection, to reimburse the mess treasurer.

BASIC ALLOWANCE FOR SUBSISTENCE (BAS) II

Responsible Office	CNO (N130)	Phone:	DSN	225-3005
			COM	(703) 695-3005
			FAX	225-3311

-------------------	--

1. **Purpose.** Basic Allowance for Subsistence (BAS) II is designed to provide a special rate of subsistence for enlisted members permanently assigned to single (unaccompanied) government quarters without adequate facilities for food storage or food preparation, and where a government mess is not available and the government cannot otherwise make meals available per references (a) through (c).

2. Definitions

a. **Adequate Food Storage and Preparation Facilities:** Generally, suggested guidelines for adequate food storage and preparation facilities are those facilities

(1) that are near, but separate from the bedroom and bathroom; and

(2) comprised of a refrigerator with freezer, a conventional oven or microwave, a kitchen sink, and a dry food pantry or storage cabinets.

b. **Government Mess:** A dining facility supported with appropriated funds that provides meals or rations to military members subsisted in kind or sold at food cost. The term includes the following activities: general mess, wardroom mess, officer's mess, chief petty officer's mess, field mess, dining hall, dining activity, dining facility, mess hall, galley, field kitchen, flight kitchen, or similar terms used to describe dining facilities funded totally by appropriated funds. It does not include activities operated with non-appropriated funds such

as officers' club, enlisted club, squadron mess, organized mess, or similar terms, except when those activities provide meals or rations under contract or agreement with the applicable operating and food costs borne by appropriated funds.

3. **General Eligibility Criteria.** BAS II may be paid to enlisted members assigned to vessels in a pre-commissioning status, and enlisted members approved due to unique or unusual circumstances. To be eligible for BAS II, a servicemember must meet all of the following criteria:

- a. Enlisted servicemember entitled to BAS.
- b. Permanently assigned to single (unaccompanied) government quarters without adequate food storage or preparation facilities.
- c. There is no available government messing facility.
- d. Government cannot otherwise make meals available.

4. **Requests.** Requests for BAS II shall be forwarded to Chief of Naval Operations (CNO), Military Compensation Policy Branch (CNO (N130)) for approval/disapproval. Requests should include at a minimum:

- a. Number of Sailors impacted.
- b. Characteristics of quarters - available food storage or preparation facility.
- c. Statement that a government messing facility is not available. (The installation commander will determine availability of government messing facility for enlisted members performing duty at that installation.) Government messing includes facilities ashore and those located on a vessel.
- d. Estimated duration of the requirement for BAS II.

NOTE: Commander, Navy Installations (CNI) Command is the designated authority responsible for determining whether the facilities are sufficient to allow for sanitary food storage and preparation of nutritious meals.

5. **Rate.** The rate for BAS II is fixed at twice the rate of standard enlisted BAS.

6. Restrictions. The following restrictions apply to BAS II entitlement:

a. Enlisted BAS II is not authorized when a government mess is temporarily closed for less than 14 days.

b. Enlisted members receiving BAS II at their permanent station who are hospitalized or performing regular permissive temporary additional duty (TAD) (including field duty, sea duty, essential unit messing, or group travel) under orders away from the permanent station will revert to standard enlisted BAS for the period of absence from the permanent station.

c. Payment of BAS II shall be applied uniformly for all enlisted members permanently assigned to single government quarters under similar circumstances at the same installation.

-----------------------------	--

1. **Who is Authorized to Approve Payments.** Commanders, commanding officers, and officers in charge are authorized to approve payment of prorated or supplemental subsistence allowances only for the exact number of meals members miss when duty prevents them from obtaining those meals at a government mess, or when a government mess is not available for certain meals. Use the table below to determine which subsistence allowance applies:

IF members are...	AND whose duties...	THEN...
not receiving any subsistence allowance,	prevent them from obtaining certain meals in a government mess,	prorated subsistence allowance applies.
receiving mess separately allowance (RATSSEP),	preclude them from utilizing a government mess for certain meals,	supplemental subsistence allowance applies.

2. **How is Payment Authorized**

a. Payment must be

(1) authorized by the commanding officer's certification of the dates and specific meals missed, and

(2) verified by the officer exercising close daily supervision of the member.

b. This certification must be made on the appropriate pay document prepared according to NAVSO P-3050.2-M, volume 2 or NAVSO P-3069. Refer to the DOD 7000.14-R, volume 7A for applicable rates and requirements.

1. **Dislocation Allowance Policy**. A dislocation allowance is payable

a. to members when their dependents perform an authorized move in connection with permanent change of station (PCS), or

b. to a member without dependents that occupies private quarters when not assigned adequate government quarters upon reporting at a new permanent duty station.

Details governing the conditions of entitlement and amounts payable are contained in reference (a).

2. **SECNAVFIND Policy**

a. A member is not entitled to more than one dislocation allowance during any fiscal year unless Secretary of the Navy (SECNAV) finds that the exigencies of the service require more than one PCS during the same fiscal year. As used in this article, **this finding is referred to as SECNAVFIND.**

b. Exceptions to the requirement for a SECNAVFIND are as follows:

(1)	Change in home port, including the initial home port assignment;
(2)	Change of a ship or afloat staff;
(3)	Deactivation of a ship or activity;
(4)	Transfer of a member from outside the United States (U.S.) to a hospital in the U.S. for observation and treatment, provided the commanding officer (CO) of the receiving hospital issues a statement the treatment will be of a prolonged duration and/or the member's CO requests a permanent replacement for the hospitalized member as an operational necessity;
(5)	Member is assigned on PCS duty under instruction to, from, or between courses conducted at a U.S. installation, or conducted, controlled, and managed by one or more of the services at a civilian educational institution, or elsewhere;
(6)	When the PCS transfer order states "SECNAVFIND NOT REQUIRED" as determined by the order issuing command; or
(7)	Emergency evacuation of dependents as provided in reference (a).

c. Constant effort will be exerted by all order issuing authorities to reduce the frequency of PCS.

d. If required, a request for a SECNAVFIND must be initiated when entitlement to a second or subsequent dislocation allowance in the same fiscal year exists. Requests for a SECNAVFIND for officer and enlisted personnel are completed by the member's detailer at the time PCS orders are being initiated.

See MILPERSMAN 1300-090 through 1300-140.

5. **Dislocation Allowance Policy if Dependent Travel is Denied.** Servicemembers who are denied concurrent travel with dependents, or dependent travel for 20 weeks or more, and elect a continental United States (CONUS) designated place move; and subsequently relocate their dependents to their overseas PDS, may receive only one DLA entitlement to cover both moves.

6. **Advance Payment of DLA.** Dislocation allowance may be paid in advance.

-------------------	---

1. **General Description:**

a. Navy Service members, required to wear civilian clothing in the actual performance of their official military duties, may be eligible for a **Civilian Clothing Allowance (CCA)** to defray the cost of purchasing of such clothing.

b. **Officers** are precluded by law from receiving a CCA while assigned to a permanent duty station within the United States (including Hawaii and Alaska).

c. **Enlisted** personnel may be eligible to receive a CCA while permanently assigned to a duty station within, or outside, the United States; however, there are very few duties within the United States that would require enlisted Service members to wear civilian clothing in the actual performance of their official military duties, thereby justifying the payment of CCA.

d. **There are two types of CCA as follows:**

(1) **Permanent Duty Civilian Clothing Allowances**

(a) Initial Civilian Clothing Allowance

(b) Replacement Civilian Clothing Allowance

(2) **Temporary Duty Civilian Clothing Allowances**

(a) Temporary Duty of at least 15 days

(b) Temporary Duty of At least 30 days

e. **Deputy Chief of Naval Operations (DCNO) (N131U) is the final approving authority** for these allowances, when area commanders have required personnel under their jurisdiction to wear civilian clothing in the performance of their official duties. The determination will be based on detailed information or justification submitted by the command requesting the authorization.

f. **Requests for CCA** that are not submitted per this article will be returned to the originating command without DCNO (N131U) approval.

g. **Payment of CCA** shall not exceed the rates in DOD 7000.14-R; these are the maximum authorized:

(1) A command may request a lesser amount than that which is stated in DOD 7000.14-R.

(2) DCNO (N131U) may authorize all or part of the amount requested on the basis of the circumstances surrounding the request.

(3) Concurrent payment of different types of CCA is not authorized.

2. **Specifying the Requirement:**

a. All Navy personnel on duty in the United States and overseas are required to wear the prescribed uniform; however, when the wearing of a Navy uniform would preclude members from effectively performing duties in support of their command's assigned mission, civilian clothing may be authorized.

b. Examples of a mandatory requirement to wear civilian clothing include the following:

(1) Certain overseas locations where the political climate precludes the wearing of uniforms.

(2) Assignment to duties where the wearing of uniforms would compromise lives or security.

(3) Duties where the military identity of the Service member must be protected.

(4) The physical safety of others in close contact with such members might or would be compromised; e.g., Secret Service.

c. The Service member must be required to wear civilian clothing a substantial portion of the time (in excess of 50 percent of their time on duty), not merely during isolated instances. The necessity to wear civilian clothing while commuting to and from work, command desirability, or personal preference do not constitute eligibility for entitlement to CCA.

d. CCA will not be authorized for casual clothing; the circumstances must require the Service member to wear civilian "coat and tie" (or female equivalent) apparel, or the accepted cultural equivalent, in the actual performance of their official military duties.

e. CCA is not intended to defray the cost of purchasing organizational or unique non-military clothing.

(1) Special-purpose individual clothing required for support of personnel to accomplish their assigned duties shall be carried as organizational issue by the cognizant command, and be issued to Service members on an "as needed" basis.

(2) Organizational clothing includes special/distinctive non-military apparel such as that required to be worn by Navy band members, flag mess members, and aircraft maintenance crews performing duties at foreign airports.

(3) No monetary credits or payments are provided to Service members for obtaining or replacing organizational clothing.

Governing Directive	NAVSO P-6034, Joint Federal Travel Regulations, Volume 1, Chapter 9. OPNAVINST 3111.14V
----------------------------	--

1. **Definition: Overseas Station Allowances.** Servicemembers, with or without dependents (as defined in NAVSO P-6034, para. U9000), are entitled to overseas station allowances including Cost-of-Living Allowance, Overseas Housing Allowance, and Temporary Lodging Allowance under NAVSO P-6034, volume. 1, chapter 9.

2. **Reporting to Overseas Duty Station.** A servicemember, assigned to a unit with an overseas home port (as opposed to an overseas permanent duty station location - see OPNAVINST 3111.14V), who reports to the unit while away from the home port has reported to the overseas duty station for the purpose of overseas station allowance payment under NAVSO P-6034, para. U9300-A.

3. **Dependent Status Policies**

a. **Dependents in Vicinity:** For the purpose of payment of overseas station allowances, dependents are in the vicinity of the overseas duty station if the conditions in NAVSO P-6034, para. U9000-E have been met.

b. **Non-BAQ Dependency:** Dependent (as defined in NAVSO P-6034, para. U9000) is not based on basic allowance for quarters (BAQ) dependency.

c. **Authority for PCS Travel of Children of a Military Couple:** In servicemember married to another servicemember situations, children of that marriage may travel under either but not both parent's permanent change of station (PCS) orders.

d. **Station Allowances Rate for Travel of Children:** The parent claiming dependent travel of the children would be entitled to overseas station allowances at the with-dependent rate.

e. Also see MILPERSMAN 1300-xxx, 7220-220, and 1300-150 through 1300-210.

4. **Overseas Station Allowances Continuation Policy.** When dependents depart an overseas station after the servicemember sponsor has departed, station allowances may continue for as long as 60 days following the servicemember's effective date (as defined in NAVSO P-6034, volume 1, appendix A) of PCS orders.

a. Continuation may be granted only if delayed departure resulted from circumstances in NAVSO P-6034, para. U9101-B. Personal convenience of servicemember or dependents shall not be considered.

b. Requests for extensions beyond 60 days after effective date of orders should be forwarded to Chief of Naval Personnel (PERS-454C), citing NAVSO P-6034, para. U9101-C:

(1) Providing appropriate justification based on NAVSO P-6034, para. U9101-B.

(2) The estimated effective date of orders should be noted on the request.

(3) Requests should be submitted to enable determinations to be made before the date required.

NOTE: VHA cannot be continued after a servicemember departs Hawaii or Alaska.

Governing Directive	NAVSO P-6034, Joint Federal Travel Regulations, Volume 1, Chapter 9
----------------------------	---

1. **Purpose.** The overseas COLA is prescribed to maintain the purchasing power of basic military compensation in an overseas area.

2. **Description.** Cost-of-Living Allowance is based on comparison of costs between an overseas area and the continental United States (CONUS). COLA computation compares the cost of over 100 different goods and services between CONUS and an overseas area. Cost changes at the overseas location do not necessarily cause COLA changes. The overseas change must be compared to the CONUS change.

a. **Example 1:** If an overseas cost increase is greater than a corresponding CONUS increase for the same time, a COLA increase could occur depending on how large of a difference.

b. **Example 2:** If the overseas item cost increase is the same as the CONUS item increase, no COLA change should occur.

c. **Example 3:** If an overseas item cost increase is less than a corresponding CONUS item increase, a COLA decrease could occur despite the increase in item cost at the overseas site.

3. **Computation of Overseas COLA.** See NAVSO P-6034, volume 1, appendix L for the computation of COLA.

4. **Entitlement Policy**. Entitlement to COLA generally begins on the day a member reports to a new permanent duty station and terminates the day before the day the member departs permanent change of station (PCS):

a. When dependents depart an overseas station after the servicemember sponsor has departed, COLA may continue for as long as 60 days following the servicemember's effective date (see NAVSO P-6034, volume 1, appendix A) of PCS orders.

b. Continuation may be granted only if delayed departure resulted from circumstances in NAVSO P-6034, para. U9101-B. See MILPERSMAN 7220-240.

5. **Advance COLA**. There is no legal authority to pay advance COLA.

1. **Description.** The overseas housing allowance (OHA) system provides a housing allowance to uniformed members assigned to overseas locations. OHA is described in detail per reference (a), Chapter 10. This allowance is intended to defray a significant amount of housing costs. Overseas housing allowance is based on the difference between basic allowance for housing (BAH), or family separation housing allowance (FSH) and total housing costs not to exceed a maximum amount set for a Service member's pay grade, see reference (a), Appendix K. Effective 1 October 2005 command sponsorship of dependents present outside of the continental United States at their permanent duty station is not required in order to be paid a housing allowance (OHA or BAH) at the with dependent rate.

2. **Type BAQ to Use in OHA Computation.** Service members who have dependents and:

- a. Are serving unaccompanied tours; and
- b. Are drawing BAQ at the with dependents rate; and
- c. Have no dependents residing in the vicinity of the overseas permanent duty station, will have FSH at the **without dependents** rate used for any housing allowance computation, see reference (a), Chapter 10.

3. **Criteria for Residing in Vicinity of Duty Station.** For the purpose of OHA, dependents are residing in the vicinity of the duty station if they meet the criteria set forth in reference (a), Chapter 10.

4. **Overseas Housing Allowance/BAQ Advance Payment Policy.**

Instructions for advance payment of OHA/BAH are in reference (a), Chapter 10. No cost associated with purchase of a residence will be considered when determining whether an advance payment of OHA/BAH should be made, or the amount of the advance.

5. **Overseas Housing Allowance Continuation Policy.** When dependents depart an overseas station after the Service member sponsor has departed:

a. OHA may continue for the period specified by Navy Personnel Command, Distribution Management and Procedures Branch (PERS-451H) when approving delayed dependent departure.

b. Continuation may be granted only if delayed departure resulted from circumstances in reference (a), Chapter 10. See MILPERSMAN 7220-240, Overseas Station Allowances Policy.

OVERSEAS TEMPORARY LODGING ALLOWANCE (TLA) POLICY

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members, Chapter 9 (b) DoD Directive 5154.29 of 9 Mar 93
-------------------	--

1. Definition

a. Temporary lodging allowance (TLA) is a permanent change of station (PCS) allowance payable incident to

(1) initially reporting to an overseas permanent duty station (PDS),

(2) detaching from an overseas PDS, or

(3) certain other circumstances.

b. It is authorized to partially reimburse a servicemember for more than normal expenses incident to use of temporary lodgings outside the contiguous 48 states and the District of Columbia (DC).

2. Restrictions on Payment of TLA. TLA cannot be paid

a. at the same time as overseas housing allowance (OHA) or overseas cost-of-living allowance (COLA) except under conditions in reference (a).

b. for a member or on behalf of a dependent acquired subsequent to the effective date of PCS orders while they are initially seeking a residence.

3. TLA Entitlement Period. The period of entitlement to TLA upon departure will not normally exceed the last 10 days preceding the day of departure:

a. Exceptions to the 10-day rule are listed in reference (a).

b. The overseas commander must determine that a servicemember meets one of the listed exceptions for TLA to be approved for a longer period.

c. Shorter periods may be prescribed as long as procedures enable additional TLA payments if conditions warrant.

4. **Vacating Quarters as Condition for TLA Payment.** TLA is payable under reference (a), after the servicemember has vacated quarters.

a. **Vacate**, for the purposes of this article, is defined as

when the personal property of the occupant has been either moved or prepared to be moved so that normal use of the quarters is prevented. As a result, dependents cannot occupy quarters. The mere departure from quarters does not constitute a basis for payment of TLA.

b. When computing TLA under reference (a), basic allowance for housing (BAH) and basic allowance for subsistence (BAS) will only be deducted when being paid to the servicemember.

5. **Usability of Facilities for Preparing and Eating Meals.**
When temporary lodgings have

a. facilities and space for preparing and eating meals, as determined by the overseas commander or designated representative, the daily rate of TLA is modified under reference (a).

b. meal preparation and eating facilities, but which are not usable, the servicemember must notify the overseas commander or designated representative as soon as the condition is known.

6. **Usability Determination.** The determination as to whether or not the meal preparation/eating facilities are usable rests with the overseas commander or designated representative. The determination must be submitted when making a claim for TLA in order for the proper deduction to be made.

7. **TLA Impact of Staying with Friends or Relatives.** When the servicemember and/or dependents stay with friends or relatives,
- a. no lodging portion of TLA is payable, and
 - b. computation of meal portion of TLA shall be based on the applicable per diem rate. See reference (a).
8. **Declaring Apartments or Houses as Temporary Lodging.** Overseas commanders may declare furnished or unfurnished apartments or houses to be temporary lodgings for TLA purposes.
9. **Conversion from Temporary to Permanent Lodging.** Acceptance of household goods (HHG) by the servicemember and/or dependents converts temporary lodgings to permanent lodgings.
10. **Issuing Supplemental Administrative Instructions.** Overseas commanders are to issue supplemental administrative instructions to provide local guidance under reference (a). A copy of the instruction will be sent to both the Chairman, Per Diem, Travel and Transportation Allowance Committee; and Navy addressee in this office per reference (b).
11. **Advanced Payment.** See reference (a).

1. **Purpose.** Temporary lodging expense (TLE) is intended to partially offset the cost of occupying temporary lodgings incident to a permanent change of station (PCS) move.

2. **Lodging Types Eligible for TLE.** Both temporary lodging facilities (defined per reference (a), appendix A) and private or commercial lodgings, in the vicinity of either the old or new permanent duty station (PDS) within the continental United States (CONUS), may be occupied by the Service member or dependents in order to be eligible for TLE.

3. **Maximum TLE Entitlement Authorized**
 - a. Maximum TLE entitlement is determined as a function of the CONUS or outside the continental United States (OCONUS) locations of the two PCS PDSs involved using the table below:

IF a PCS is...	THEN maximum TLE entitlement authorized in CONUS incident to a PCS is...
between two PDSs in CONUS or to a PDS within CONUS,	10 days.
from a PDS within CONUS to a PDS OCONUS,	5 days.
to a secretarial designated major disaster area, or PDS experiencing a sudden increase in number of members assigned.	60 days.

b. The total TLE reimbursement to the Service member together with documentation required is outlined per reference (a), Chapter 5, Part H.

4. **Temporary Lodging Expense Policy Relating to Permanent Type Lodging**. Temporary lodging expense must be paid for only temporary lodgings. Lodgings occupied after reporting to a new PDS which are permanent-type resident quarters into which a Service member or dependents move household goods and occupy indefinitely, do not qualify for TLE reimbursement.

5. **Permanent Change of Station Order Types for Which TLE cannot be Paid**. The types of PCS orders for which TLE cannot be paid are described per reference (a), Chapter 5, Part H.

6. **Temporary Lodging Expense not Payable if Per Diem is Payable**. Temporary lodging expense is not payable to the Service member when per diem is payable.

7. **Temporary Lodging Expense Policy Relating to Reporting for Duty at New PDS Activity**. Temporary lodging expense is payable to cover designated place expense of dependents per reference (a), Chapter 5, Part H., even though member has not reported.

8. **Temporary Lodging Expense Policy Relating to Advanced and Delayed Travel of Dependents**. Temporary lodging expense is payable to cover temporary lodgings associated with approved, advanced, or delayed permanent change of station dependent travel.

Governing Directive	NAVSO P-6034, Joint Federal Travel Regulations, Volume 1, Chapter 5 DOD 7000.14-R, DOD Financial Management Regulation, Volume 7A
----------------------------	--

1. **Purpose**. Advance pay is intended to enable a member to have sufficient money in hand to execute a move without visiting disbursing officers en route or submitting claims at the member's new duty station until the member has settled in the new residence and reported for duty.

2. **Basic Policy**. A member may be paid an advance in pay upon permanent change of station (PCS), **except** PCS incident to

- a. separation from the service, or
- b. trial by court-martial.

3. **Other Types of PCS**. The following are also considered PCS for purposes of this article:

- a. A call to extended active duty of a
 - (1) reservist,
 - (2) retired member, or
 - (3) member of the Fleet Reserve.
- b. A duly authorized change of home yard or home port.
- c. Orders to a duty station upon reenlistment of a member with a break in service.

4. **Advance Pay within Same Geographic Area**

a. Advance payments on PCS within the same geographical area are only authorized when the member is entitled to ship household goods (personal property) at Government expense under NAVSO P-6034, volume 1, chapter 5.

b. Generally such shipments are prohibited under NAVSO P-6034, volume 1, paragraph U5317 for PCS in the same geographical area.

c. **Definition: the same geographical area** - as being within the corporate limits, such as the member's prior duty station, home port, or place from which ordered to active duty.

d. The restriction does not apply to no-cost PCS orders outside the geographical area.

5. **Advance Pay Request Windows**. The table below specifies the conditions for and the width of windows in days for submitting advance pay requests during PCS:

WHEN member requires advanced pay under circumstances that are...	THEN submittal of advance pay request is limited up to...	AND not to exceed...
normal,	30 days prior to scheduled date of departure,	60 days after reporting to the new permanent duty station.
special, i.e., <ul style="list-style-type: none"> • extenuating, • causing severe hardship, or • having unusually large expenses, when clearly justified, 	90 days prior to scheduled date of departure,	180 days after reporting to the new permanent duty station.

6. **Limitations and Requirements for Requesting Advanced Pay**

a. **Advance Pay Amount and Liquidation Period Limits:** The member may request advance pay up to 3 months and liquidation up to 24 months.

b. **Advance Pay Certificate/Authorization:** All members requesting advance pay must sign an Advance Pay Certificate/Authorization.

c. **Conditions Requiring Commanding Officer (or Representative) Written Approval and/or Member Justification:** See table below.

WHEN...	THEN....
<ul style="list-style-type: none"> • member is E-3 or below, or • advance pay request is for more than 1 month, or • repayment schedule is greater than 12 months, or • request for advance pay is prior to 30 days before departure or 60 days after arrival, 	<p>commanding officer or representative must provide written approval.</p>
<ul style="list-style-type: none"> • request is for more than 1 month of advance pay, less deductions; or • request shows more than a 12-month repayment schedule; or • advance request is outside the window of 30 days before departure or 60 days after arrival to the new PCS station; 	<p>justification by the member is required.</p>

7. **Financial Status Review.** Prior to approval of a request for advance pay, commanding officers will make sure the financial status of the member is thoroughly reviewed to determine that the member has not shown a pattern of financial irresponsibility. Commanding officers should use their discretion in limiting advances of pay in those cases of demonstrated fiscal immaturity.

8. **Advance Pay Liquidation.** A member requesting advance pay under this article will be advised

a. the advance may be liquidated in one lump sum at any time within the authorized repayment period; and

b. the total pay due after a move, including

(1)	dislocation allowances,
(2)	travel allowances,
(3)	rations,
(4)	basic allowances for quarters (BAQ),
(5)	and basic pay,

may be used provided it equals or exceeds the advance pay;

c. the repayment period will be scheduled to liquidate the advance before the member's expected date of separation; or

d. liquidation will be scheduled for completion before the start of a subsequent PCS move.

9. **Advance Pay of BAQ and Variable Housing Allowance (VHA).**

NAVSO P-6034, para. U8014, provides guidance for advance payment of BAQ and VHA.

1. Checkage of Pay Rules for Excess Leave. Use the table below to identify excess leave conditions and actions required to effect checkage of pay:

WHEN...	THEN...	AND...
member returns from excess leave,	make checkage of pay immediately.	
member takes additional excess leave prior to completion of obligated active service,	checkage of pay shall be made for the total excess leave, including the one-half day.	
excess leave is taken as a result of an administrative error,	checkage shall be made immediately upon discovery that such leave has been taken,	shall be based on the pay and allowances received by the member at the time the excess leave was taken.
it is discovered that a member was granted excess leave,	the disbursing officer shall be notified,	the disbursing officer shall effect checkage of pay and allowances. NOTE: See pay directives for required support documents.
in the checkage of pay and allowances for excess leave upon separation, release, or retirement, a fractional part of a day of excess leave is found,	the fractional part of a day shall be checked as a whole day.	NOTE: Members shall not be retained in service, since the checkage of pay for excess leave produces an overpayment at the time of separation from active duty.

2. Rules for Minus Leave Balance. Use the table below to deal with minus leave balances:

WHEN...	AND...	THEN...	AND...
the leave record accounting at the time a first extension of enlistment, regardless of duration, becomes operative,	separation from active service, desertion, or death produces a minus leave balance,	such minus leave balance shall be considered excess leave,	proper checkage for such excess leave shall be made at the time of closing the pay record, except in the situations listed below. Caution: This policy is based on public law and cannot be waived.

WHEN...	AND...	THEN...	AND...

1. Policy

a. Each member of the Navy on active duty (ACDU), except as listed below, is entitled to a lump-sum payment of accrued leave standing to the member's credit on the date of

- (1) death,
- (2) discharge,
- (3) release from ACDU, or

(4) on the date preceding the effective date of a first extension of enlistment.

b. **The 60-Day Limit:** No member may sell back more than 60 days of accrued leave during a military career.

c. **Modification for Enlisted Members:** Enlisted members may sell a portion of accrued leave and carry forward the remainder to a new enlistment or first extension. The combination of elections may exceed 60 days. Additionally, an enlisted member of the Armed Forces who would lose accumulated leave in excess of 120 days earned per MILPERSMAN 1050-070, may elect to be paid in cash or check on the Treasurer of the United States for any leave in excess of up to 30 days of such leave. This election may be made at any time during the year when the member's leave accrued is in excess of 120 days. A member may elect to execute this addition only once.

d. Detailed instructions concerning the lump-sum payment for accrued leave are contained in reference (a).

2. **Payment to Survivors.** Payment may be made to survivors of deceased members in the order of precedence of designated or non-designated beneficiaries per reference (a), with one exception identified in the list below.

3. **Exceptions to Accrued Leave Entitlement.** There is no entitlement to payment for accrued leave under the following situations, involving:

OFFICERS OR ENLISTED MEMBERS	
(1)	Members of the Navy Reserve released to inactive duty for the purpose of reporting for ACDU the following day in the same or in another status.
(2)	Members discharged Under Other Than Honorable conditions.
(3)	Members on training duty with pay for periods of less than 30 consecutive days.
(4)	Members on training duty without pay.
OFFICERS ONLY	
(1)	An officer retires, immediately reenters on ACDU or separated, on a day other than the end of the specified period of ACDU, for the purpose of reentering on ACDU in any status within any Uniformed Service.
(2)	Officers of the Regular Navy or Navy Reserve transferring to another branch of service, or the Reserve components thereof.
ENLISTED MEMBERS ONLY	
(1)	When discharged for fraudulent enlistment.
(2)	When released from duty because of void enlistment or void induction.
(3)	When discharged before completing 6 months ACDU and separation is for unsatisfactory performance or misconduct.
(4)	Members discharged for the purpose of accepting a commission or warrant.
(5)	Members discharged more than 3 months prior to the normal date of expiration of their enlistment, for the purpose of enlistment or reenlistment.
(6)	Enlisted member retired and continued on ACDU after retirement, or is recalled to ACDU service.
(7)	Enlisted members transferred to the Fleet Reserve and continued on ACDU after transfer without a break in ACDU service.
MIDSHIPMEN/STUDENTS

-----------------------------	---

1. Dual Compensation Constraint and Options.

a. A member of the Naval Reserve component who, because of earlier military service, is entitled to

a pension,
retired or retainer pay, or
disability compensation from the United States Government by virtue of prior military service; and

who performs active duty for which he/she is entitled to compensation for that active duty may elect to receive either

the payments for the prior military service, or
pay and allowances authorized for present duty performed.

b. If the Naval Reserve component member is ordered to active duty for 30 days or more in time of war or national emergency, he/she may not receive any of the above payments based on earlier military service unless those payment(s) are greater than the compensation prescribed for the present duty performed

2. Using Affidavit or Waiver to Elect. The election is made by an affidavit or a waiver for pension or active duty pay. The format for the affidavit or waiver is located in the DFAS PTG.

------------	--

1. **Purpose.** Retroactive stop loss special pay (SLSP) compensates members, who, at any time during the period beginning on 11 September 2001 and ending on 30 September 2009, served on ACDU while the member's enlistment or period of obligated service was involuntarily extended due to the provision of law commonly referred to as "stop loss authority," or similarly, whose eligibility for retirement and or transfer to the Fleet Reserve was suspended due to application of "stop loss authority." Consistent with references (a) through (c), this MILPERSMAN article restates policy, defines eligibility

criteria, and sets forth the application process for retroactive SLSP. The amount of compensation shall be \$500 per month for each month or any portion of a month during a period that the member was retained on ACDU as a result of application of stop loss authority. Members will not receive a payment for the same month or portion of a month during which the member was retained on ACDU under stop loss authority.

2. **Eligibility**. Eligible members include members of the Active and Reserve components, officer or enlisted, former members, and retired and or Fleet Reserve members, who, at any time during the period on or after 11 September 2001 and ending before or on 30 September 2009, served on ACDU and had their enlistments or periods of obligated service involuntarily extended due to the provision of law commonly referred to as "stop loss authority." In the event that an eligible member is deceased, payment shall be made as **unpaid pay and allowances** per reference (b).

a. The Secretary of the Navy (SECNAV) exercised the stop loss authority during two separate periods between 11 September 2001 and 30 September 2009. During each period, only specific personnel with specific critical skills were identified as required to remain on ACDU (i.e., involuntarily extended) beyond the expiration of their enlistment and or obligated service, or eligibility for retirement and or transfer to the Fleet Reserve. Personnel with those skills may have been notified that their critical skill may lead to stop loss action. That notification does not, in and of itself, mean that an individual was involuntarily retained on ACDU.

b. Only an individual with a critical skill, Navy enlisted classification (NEC), designator, or additional qualification designator (AQD) identified in paragraphs 2c(1) or 2c(2) below, is eligible to apply, if the individual:

(1) Had an approved separation or retirement and or Fleet Reserve date that was suspended or cancelled during the periods identified due to application of stop loss authority;

(2) Requested separation or retirement and or transfer to the Fleet Reserve for a date within the stop loss periods identified, and was denied separation or retirement and or transfer to the Fleet Reserve due to stop loss authority; or

(3) Served on ACDU and a period of obligated service was otherwise involuntarily extended due to stop loss authority during the periods identified.

c. Periods in which SECNAV exercised stop loss authority and the critical skills associated with each period are as follows:

(1) **10 October 2001 to 31 December 2002**, as outlined in reference (d) through reference (g).

(a)	<p>Enlisted:</p> <ul style="list-style-type: none"> • All personnel in the master at arms (MA) rating, excluding non-MA personnel who held the 9545 NEC. • All enlisted sea, air, and land personnel (NEC 532X, 8491, or 8492). • All enlisted special warfare combatant-craft crewmen (NEC 5351 or 5352). • All enlisted explosive ordnance disposal personnel (NEC 533X). • Cryptologic technicians (interpretive) CTI (NEC 9193, 9208, 9215, 9216).
(b)	<p>Officer:</p> <ul style="list-style-type: none"> • All O3 and O4 special operations officers (114X). • All security limited duty officers (LDOs) (6490). • All security technician warrant officers (7491). • All cryptologic officers (161X, 644X, 744X). • All physicians (210X) with subspecialty codes 15C0 and or 15C1 (All AQDs), 15H0 and or 15H1 (All AQDs), 16R1 (AQD 6RR, 62C), 15B0 and or 15B1 (All AQDs), 16P0 and or 16P1 (All AQDs), and 16X0. • All Nurse Corps officers (290X) with subspecialty codes 1930, 1945, 1950, 1960, 1972, or 1976.
(c)	<p>Any member who possesses one or more of the following Department of Defense (DoD) language codes or NECs:</p> <ul style="list-style-type: none"> • AB, AD, AE, AK, AL, AM, AN, AP, AQ, AU, AV, AX, AZ, BT, DG, HE, HJ, JN, JV, PF, PG, PJ, PV, PW, RU (officer only), SC (officer only), TB, TC, UB, UK, UR, UX, 9208, 9209, 9215, or 9216.

(2) 3 April 2003 to 15 September 2003, as outlined in reference (h) through reference (j).

(a) Enlisted:	<ul style="list-style-type: none">• All personnel in the MA rating.• E-3 through E-6 Navy law enforcement specialists (NEC 9545)• Enlisted afloat planning system maintenance technicians (NEC 1676).• Enlisted mission distribution system operators (NEC 2778).• Cryptologic technicians (interpretive) CTI (NEC 8295 or 8296).• Hospital corpsmen (HM) (NEC 84038125, 8427, or 8541).• E-1 through E-6 field medical service technicians (HM NEC 8404).
(b) Officer:	<ul style="list-style-type: none">• All security LDOs (649X).• Security technician warrant officers (749X).

NOTE: Personnel not possessing one of the specific critical skills, NECs, designators, or AQDs identified above do not meet eligibility requirements for retroactive SLSP and should not submit an application. Further, individuals possessing one of the specific skills listed, but who were not actually involuntarily extended beyond the expiration of their obligated service, period of enlistment, or date of retirement and or Fleet Reserve eligibility, are not eligible for this special pay and should not apply.

d. Members who were discharged or released from the Armed Forces under **other than honorable** conditions are not eligible to receive retroactive SLSP and should not submit an application.

e. Members who reenlisted following a cancellation, denial of separation, or retirement and or transfer to the Fleet Reserve would be eligible for retroactive SLSP within the stop loss periods identified above only up to the day before the date of reenlistment, due to the fact that the reenlistment was a voluntary election to remain on ACDU. Similarly, members who entered into an agreement to receive a bonus, special and or incentive pay, or other benefit in exchange for an obligation of

additional service while under stop loss would only be eligible for retroactive SLSP within the stop loss periods identified above up to the day before the date of the agreement, regardless of the date of payment and or receipt of the benefit.

f. By law, Reserve component members retained under stop loss authority will receive retroactive SLSP only for service on ACDU. As such, Reserve component members may have periods before and after mobilization while under stop loss authority during which no retroactive SLSP can be paid.

(1) An enlisted member of the Reserve component is eligible for SLSP if the member is serving on ACDU and the period of ACDU involuntarily extends the member beyond their Reserve end of current contract (RECC).

(2) The member's RECC is the termination of the member's obligation to the Ready Reserve. For example, a Sailor assigned to a Ready Reserve and or Selected Reserve unit is obligated to perform with that duty, including involuntary orders to ACDU, provided the period of duty is not beyond the member's RECC.

(3) An officer is eligible for SLSP if the officer is serving on ACDU and the period of ACDU involuntarily extends the officer beyond an approved date of resignation or retirement, or for an officer fulfilling an initial contractual period of ACDU if involuntarily extended on beyond the officer's end of active service.

g. Per reference (c), Service members who were retained on ACDU under the stop loss provision and who subsequently voluntarily reenlisted or extended their service or suspended their retirement and received a bonus for such reenlistment or extension of service, are not eligible to receive retroactive SLSP.

3. Application Process

a. Individuals who meet the criteria above may submit an application between 21 October 2009 and 21 October 2012. By law, there is no authorization to make payments on claims that are submitted after 21 October 2012. **DD 2944 Claim for Retroactive Stop Loss Payment** is the official application form that must be submitted and can be found by using the following link:

<http://www.dtic.mil/whs/directives/infomgt/forms/dd/ddforms2500->

[2999.htm](#). Failure to include all required information and supporting documentation may delay processing or result in the inability to process an application. Claimants will be notified that additional documentation is required and the application will be held pending submission of supporting information.

b. Completed applications may be forwarded to Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) by using one of the following methods:

(1) Via standard mail service:

Commander Navy Personnel Command
PERS 832
5720 Integrity Drive
Millington, TN 38055-8320

(2) Via e-mail: MILL_NAVYSTOPLLOSS@NAVY.MIL

c. Applicants or family members of eligible deceased Service members may call NAVPERSCOM (PERS-832) at (901) 874-4433 for assistance in completing the application, if required.

d. Applications that are approved will be forwarded to Defense Finance and Accounting Service (DFAS) for payment via electronic funds transfer into the bank account provided in the application and applicants will be notified of approval.

e. Applications that are disapproved will be returned to the claimant with an explanation for the disapproval. Claimants who believe the determination to be in error may appeal to the Board for Correction of Naval Records (BCNR). Additional details related to the BCNR process may be found at: <http://www.donhq.navy.mil/bcncr/bcncr.htm>

4. **Authorized Supporting Documents**. Source documents that substantiate claims must be submitted with all applications. **No applications will be considered without supporting documentation.** Examples of source documentation include, but are not limited to:

a. DD 214 Certificate of Release or Discharge from Active Duty and or DD 215 Correction to DD 214, Certificate of Release or Discharge from ACDU;

- b. Personnel record, enlistment document, or reenlistment document recording original expiration of service date;
- c. Approved retirement and or transfer to the Fleet Reserve memorandum or orders establishing retirement prior to actual date of retirement as stipulated in DD 214 or DD 215;
- d. Approved resignation memorandum or transition orders establishing a separation date prior to actual date of separation as stipulated on DD 214 or DD 215;
- e. Revocation of orders;
- f. Letter or naval message that denies a request for retirement and or transfer to the Fleet Reserve or separation;
- g. Copy of initial retirement and or transfer to the Fleet Reserve or separation order with subsequent final order enacting final retirement and or transfer to the Fleet Reserve or separation (demonstrates change in orders);
- h. Copy of request to reestablish retirement and or transfer to the Fleet Reserve date;
- i. Signed documentation or affidavit from knowledgeable officials from the individual's chain of command; and or
- j. Other documentation that the claimant feels may support their claim.

If source documents cannot be located, individuals must obtain copies from the National Archives at: <http://www.public.navy.mil/bupers-npc/career/recordsmanagement/Pages/default.aspx>

5. Reporting Requirements

- a. In all cases, the following reporting requirements involving personally identifiable information will be properly protected and encrypted for transmission per reference (k).
- b. NAVPERSCOM (PERS-832) will submit a spreadsheet of approved submissions for payment to DFAS on a weekly basis containing the following information: last name, first name, middle initial, grade, social security account number, service, component, date stop loss pay entitlement began, date stop loss pay entitlement ended, street and or apartment #, city, state,

zip code, beneficiary last name (if applicable), beneficiary first name (if applicable), bank account routing number, bank account type, claimant e-mail, claimant phone number, and location and or country.

c. NAVPERSCOM (PERS-832) will maintain a spreadsheet that includes the following information:

(1) Number of claims filed;

(2) Number of claims approved;

(3) Number of claims denied and reasons why, including those claims denied because the claimant was discharged or released under other than honorable conditions;

(4) Number claims pending and why;

(5) Amount of the payment approved for each claim, to include mean and median payments provided per claimant;

(6) Number of claims and payments made per reference (b) for deceased claimants;

(7) Date of receipt of claim; and

(8) Date of claim approval.

d. Office of Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130) in conjunction with NAVPERSCOM (PERS-832), DFAS, BCNR, and OPNAV, Manpower, Personnel, Training, and Education Resource Management Division (N10) will submit a quarterly report (submission date to be determined) to the DoD that includes the following information:

(1) Number of claims filed;

(2) Number of claims approved;

(3) Number of claims denied and reasons why (including those claims denied because the claimant was discharged or released under other than honorable conditions);

(4) Number of claims pending and why;

(5) Total amount of funding that has been obligated, to include mean and median payments provided per claimant;

(6) Number of claims and payments made, per reference (b), for deceased claimants; and

(7) Mean and median processing times from receipt of claim to payment.

6. **Cancellation.** Unless extended under separate correspondence, the retroactive SLSP Compensation Program ends on 21 October 2012. No applications postmarked after this date will be accepted and this article will be cancelled.
